Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. **Note: Small, Section 8 only, and High Performing PHAs complete only for Annual Plan submission with the 5-Year Plan.**

9.1 Strategy for Addressing Housing Needs

In order to meet the housing needs of our population, the MHA will conduct affirmative marketing as needed so the waiting list includes a mix of applicants with races, ethnic backgrounds, ages and disabilities proportionate to the mix of those groups in eligible population area. The marketing plan will take into consideration the number and distribution of vacant units, units that can be expected to become vacant because of move-outs, and characteristics of families on the waiting list. MHA will review these factors regularly to determine the need for and scope of marketing efforts. All marketing efforts will include outreach to those least likely to apply.

The Millville Housing Authority will not discriminate because of race, color, national origin, sex, religion, familial status or disability in the leasing, rental, occupancy, use, or other disposition of housing or related facilities, including land that is part of a development under the Housing Authority's jurisdiction covered by a public housing Annual Contribution Contract (ACC) with HUD.

The Millville Housing Authority does advertise in all local area newspapers and makes contact with agencies that serve potentially qualified applicants least likely to apply (e.g. the disabled) to ensure that accessible/adaptable units are offered to applicants who need these features.

The MHA will correct situations or procedures that create barriers to equal housing opportunities for all. To permit people with disabilities to take full advantage of the MHA's housing programs the non-housing programs in accordance with Section 504 and the Fair Housing Amendment Act of 1988, there are requirements. MHA must, upon request by an applicant or resident with a disability, make structural modifications to its housing and non-housing facilities and make reasonable accommodations in its procedures or practices, unless such structural modifications or reasonable accommodations would result in an undue financial and administrative burden on the MHA, or would result in a fundamental alteration to the nature of the program.
