Goals and Objectives. Identify the PHA’s quantifiable goals and objectives that will enable the PHA to serve the needs of low-income and very low-income, and extremely low-income families for the next five years. Include a report on the progress the PHA has made in meeting the goals and objectives described in the previous 5-Year Plan.

A. GOALS & OBJECTIVES FOR FISCAL YEARS 2010 – 2014:

GOAL: EXPAND THE SUPPLY OF ASSISTED HOUSING

Objectives:

Apply for additional Rental Vouchers for displaced residents due to demolition of Jessup housing development

GOAL: IMPROVE THE QUALITY OF ASSISTED HOUSING

Objectives:

Renovate or modernize public housing units – The Housing Authority will continue to modernize its developments using available CFP funds.

In an effort to expand the Housing Authority’s income base, pursue management opportunities with other apartment complexes constructed and operated in Lackawanna County for use by low and moderate income elderly and families under programs using tax credit programs

Continue landscaping program to include tree plantings, shrubs, and flowers

Continue staff participation in available training related to various management/financial functions

GOAL: INCREASE ASSISTED HOUSING CHOICES

Objectives:

Continue to provide voucher mobility counseling

Increase voucher payment standards if we are getting more and more applicants/participants unable to find apartments under the current payment standards

GOAL: CONTINUE COMPLIANCE WITH PROVISIONS OF THE VIOLENCE AGAINST WOMEN ACT (VAWA)

Objectives:

A goal of the Housing Authority of Lackawanna County is to fully comply with the Violence Against Women Act (VAWA). **It is our objective to work with others to prevent offenses covered by VAWA to the degree we can. Details are in Attachment A.**

B. PROGRESS ON GOALS & OBJECTIVES FOR FISCAL YEARS 2005 – 2009:

The following table reflects the progress we have made in achieving our goals and objectives:

GOAL ONE: EXPAND THE SUPPLY OF ASSISTED HOUSING	
Objective	Progress
1. Reduce public housing vacancies by 10%	The Housing Authority utilized the total number of vacancies of 263 in fiscal year 2004 as their baseline number. FY 2005 – 245 vacancies = reduction of 7% since 2004 May 2006 – 187 vacancies = reduction of 29% since 2004 March 2007 – 96 vacancies = reduction of 63% since 2004 March 2008 – 44 vacancies = reduction of 83% since 2004 March 2009 – 14 vacancies = reduction of 95% since 2004 March 2010 – 27 vacancies = reduction of 90 % since 2004

GOAL TWO: IMPROVE THE QUALITY OF ASSISTED HOUSING	
Objective	Progress
1. Increase customer satisfaction: By being responsive to the needs identified in the Resident Assessment Survey System.	The Housing Authority’s most recent RASS score exceeded the threshold in all five components, and in fact exceeded the national average scores. RASS survey is no longer being conducted
2. Renovate or modernize public housing units, as outlined in our Capital Fund Plan	The Housing Authority continues to use available Capital Funds for modernization of the public housing inventory, and has met all obligation and expenditure deadlines.

PROGRESS ON GOALS & OBJECTIVES FOR FISCAL YEARS 2005 – 2009 – Continued from previous page

GOAL THREE: INCREASE ASSISTED HOUSING CHOICES	
Objective	Progress
1. Provide voucher mobility counseling	The Housing Authority provides brochures and program information to potential new landlords describing how the program works and potential benefits to the landlord with participation. In addition, we have developed "The Apartment Locator" as a tool to link families to affordable housing options throughout Lackawanna County. It is a valuable aid for families who are searching for affordable apartments and for owners who wish to market their affordable vacant apartments. The locator offers information about apartment locations, rental prices, accessibility features and amenities.
2. Conduct outreach efforts to potential voucher landlords	The Housing Authority briefs potential landlords on the benefits of the program

GOAL FOUR: PROVIDE AN IMPROVED LIVING ENVIRONMENT	
Objective	Progress
1. Implement public housing security improvements: install security cameras at the Agency's elderly high-rise sites as we modernize	The Housing Authority has installed a security system at the Dunmore high-rise. As other high-rises are modernized, additional security cameras will be installed using available CFP funds.

GOAL FIVE: PROMOTE SELF-SUFFICIENCY AND ASSET DEVELOPMENT OF ASSISTED HOUSEHOLDS	
Objective	Progress
1. Increase the number and percentage of employed persons in assisted families: by offering flat rents and encouraging participation in our self-sufficiency program.	Lackawanna Housing offers flat rents at each development. For purposes of determining an increase in the percentage of employed persons Lackawanna Housing will use the increase in the number of households on a flat rent from 2/17/06. 2/17/2006 – 244 families on a flat rent (baseline) 2/1/2007 – 268 families on a flat rent = 10% increase 2/1/2009 – 375 families on a flat rent = 54% increase 2/1/2010 – 395 families on a flat rent = 61% increase

GOAL SIX: ENSURE EQUAL OPPORTUNITY AND AFFIRMATIVELY FURTHER FAIR HOUSING	
Objective	Progress
1. Undertake affirmative measures to ensure access to assisted housing regardless of race, color, religion national origin, sex, familial status, and disability	It is the policy of the Housing Authority to fully comply with all Federal, State and local nondiscrimination laws; the Americans with Disabilities Act; and the HUD regulations governing Fair Housing and Equal Opportunity. The Housing Authority affirmatively furthers fair housing in the administration of its public housing program.

6.0 PHA Plan Update

(a) Identify all PHA Plan elements that have been revised by the PHA since its last Annual Plan submission:

1. Eligibility, Selection, Admissions Policies –

a. When the proposal for the demolition of Jessup is approved, existing residents will need to be relocated. At that time the existing Jessup residents will be given a priority on both the public housing and Housing Choice Voucher waiting lists. (with the exception of units that may be needed for documented emergencies).

b. Per various PIH Notices issued recently, the ACOP and Section 8 Administrative Plan have been updated to include the following provisions:

- Applicants will be provided the opportunity to complete the information on form HUD-92006, Supplement to Application for Federally Assisted Housing. The form gives applicants the option to identify an individual or organization that the Housing Authority may contact and the reason(s) the individual or organization may be contacted.
- The Housing Authority will utilize the US Department of Justice's Dru Sjodin National Sex Offender website as an additional resource. The Dru Sjodin National Sex Offender Database is an online, searchable database, hosted by the Department of Justice, which combines the data from individual state sex offender registries. This will be done at the time of application and at recertification.
- One-time recovery payments generated by the American Recovery and Reinvestment Act (ARRA) are exempt from income.
- Housing Authorities must retain at a minimum the last three years of the form 50058, and supporting documentation, during the term of each assisted lease, and for a period of at least three years from the end of participation date. Electronic retention of form HUD 50058 and HUD 50058-FSS and supporting documentation fulfills the record retention requirement.

c. HACL will add an additional Preference for admission to public housing. Families displaced due to fire or government action (both reasons for displacement must be through no fault of their own)

d. HACL will implement a No-Smoking Policy for all sites.

2. Financial Resources –

a. Continuously changing. A listing of Financial resources is a Supporting Document to the Annual Plan

3. Rent Determinations –

b. **Voucher Payment Standards:** HACL will consider an increase in the voucher payment standards if they are getting more and more Section 8 applicants/participants are unable to find apartments under the current payment standards (Current payment standard is 100% of Fair Market Rent).

4. Operations and Management – No changes

5. Grievance Procedures – No changes

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. **Note: Small, Section 8 only, and High Performing PHAs complete only for Annual Plan submission with the 5-Year Plan.**

To address the housing needs of families in the jurisdiction and on the waiting lists, some of the strategies Lackawanna County Housing Authority will strive for include the following:

- **Maintain Section 8 lease-up rates**
- **Apply for additional section 8 units should they become available**
- **Affirmatively market to local non-profit agencies that assist families and individuals with disabilities, elderly families and individuals, and families with children**
- **Continue to renovate the public housing units with available Capital Funds**
- **Counsel section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units**
- **Leverage affordable housing resources in the community through the creation of mixed - finance housing**
- **Pursue housing resources other than public housing or Section 8 tenant-based assistance.**

Funding and staffing constraints as well as consultation with the Consolidated Plan Agency and the RAB will impact some of the above activities.

Proposed Development of Demolished Jessup Site (AMP 33 – Project Number PA38-09)

It is the intent of the Lackawanna County Housing Authority (LCHA) to develop new housing on Jessup site, for which demolition has been proposed. The LCHA is in the process of performing a feasibility study to determine the best and most cost effective methodology for the redevelopment of this site. The total number of units (no less than 76 family & senior units) and the specific site plan will evolve based on the feasibility study.

The LCHA intends to submit to HUD a proposal for the physical development of the project, as well as an application for approval of a financial plan pursuant to the Capital Fund Financing Program (CFFP). The CFFP will allow LCHA to borrow money from a local lending institution to finance a portion of the development cost. LCHA will use proceeds from the disposition of the University development, capital funds and replacement housing factor (RHF) funds to finance the project. RHF will be used to repay the loan.

- The conversions of the 8 units to 4 fully handicap accessible units at the Blakely High Rise.
- To dispose of 8 units in Archbald site PA-24 that has become a burden to maintain. If this property is sold we will receive additional vouchers for Section 8.

Executive Director Dartt continued with the summary of any changes to our policies/programs listed for the upcoming year.

Executive Director Dartt asked if any of the residents had any questions or comments.

Question:

Sister Gertrude asked what the American Recovery Act (ARRA) was.

Response:

Executive Director Dartt stated that it was created under President Obama's administration to create jobs. We received 2.1 million dollars to be used in the modernization of our developments.

Question:

Sister Gertrude Grimes asked if we check for sex offenders on re-certifications.

Response:

Executive Director Dartt stated we check this at the time of application and re-certification.

Question:

Irma Sleboda asked when we implement the Non-Smoking Policy will we be instituting how far from the door you can smoke.

Response:

Executive Director Dartt stated that you will not be required to be a certain distance from the building. This will be implemented July 1, 2010. Everyone will receive the policy with an addendum to their lease.

Question:

Irma Sleboda asked what does mean that the HACL may become involved in mixed-finance development.

Response:

Executive Director Dartt stated that if we do construction and have other sources of income besides HUD money such as private investors. Example: Jessup site; that the option would be available if we did decide to do something like this with the reconstruction and the possibility of have stores in the development.

Question:

Irma Sleboda asked about the forming of non-profit corporations.

Response:

We would need a Board of Commissioners, separate financials and prefer to have this run out of another building. Non-Profit corporation becomes very involved; however we would like to explore the regulations in doing so.

Question:

Irma Sleboda asked what the acronym for NOFAs mean.

Response:

Executive Director Dartt stated that is stands for Notice of Funds Available. This grant program is available through HUD. If we were looking for particular funding this is where we could apply.

Question: Sister Gertrude asked will be getting the special rate from Comcast.

Response:

Executive Director Dartt stated that he has been in touch with a representative from Comcast and we will begin the Cole Village site and Blakely who seemed to have the most interest in the new rates. We will continue to monitor the other sites and make the change when we finish with the responses from the individual residents.

Question:

Sister Gertrude Grimes asked about the preference change for families displaced due to fire and government actions.

Response:

Executive Director Dartt stated these people would be put on the top of our list. This of course is based that everything is in order on their application. We could not do this in the past and felt there was a need for the change due to this type of displacement.

Question:

Catherine Gosnell asked if we have an emergency fund.

Response:

Executive Director stated that we do not have any emergency fund, but anything of that nature would be taken out of our Capital Fund.

Question:

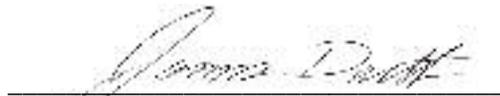

Sister Gertrude Grimes asked if they would be doing the kitchens at the Kimberly Circle.

Response:

Executive Director Dartt stated they are not scheduled to be replaced at this time but we would be looking at that in the future. Deputy Director Padula added that as we have turnovers in the apartments they are replaced if needed at that time.

The question and answer segment of the meeting ended with a general discussion about any other issues the residents wanted to discuss and about the spring clean up.

Executive Director Dartt adjourned the meeting with a reminder to the Resident Board about the Public Hearing for the Agency Plan being held on Thursday, April 8, 2010 at 5:00 PM with the Board of Commissioners meeting to follow immediately after.
