State the PHA's Mission for serving the needs of low-income, very low-income, and extremely low income families in the PHA's jurisdiction for the next five years: <i>The Housing Authority's mission is to promote adequate and affordable housing, economic opportunity, and a suitable living environment free from discrimination.</i>				
5.2	Goals and Objectives. Identify the PHA's quantifiable goals and objectives that will enable the PHA to serve the needs of low-income and very low-income, and extremely low-income families for the next five years. Include a report on the progress the PHA has made in meeting the goals and objectives described in the previous 5-Year Plan. <ul style="list-style-type: none"> • <i>Expand the supply of assisted housing: Assist and/or partner with other housing providers in the area that are acquiring or building additional units. PHA is dedicated to maintaining its present stock in a quality and efficient manner. HA continues to efficiently and effectively use its Capital Fund monies to modernize its public housing program. HA has had limited success partnering with other housing providers in the area due to lack of PHA resources. Also, developer activity has greatly diminished in the last few years due to the downshift in the economy.</i> • <i>Improve the quality of assisted housing: Continue to improve PHAS score – FYE 2005 score was 90, no score given since, improve SEMAP scores (HA has been at 100% for the last several years). HA continues to resourcefully use modernization, including ARRA CFP funds, to renovate and modernize public housing units</i> • <i>Continues to conduct landlord outreach which mainly consists of retaining existing landlords due to limited supply. HA is maintaining existing stock and managing its Section 8 vouchers programs to maximize community impact with available resources. All programs are stable and mature. Section 8 and other subsidy reductions have reduced HAs ability to participate in this goal greatly.</i> • <i>Continue to provide a safe and secure environment while improving the physical attributes of the property; HA uses CFP funds to improve livability and curb-appeal with exterior storage, hardi-board exterior siding, exterior painting, replacement of roofing, and etc.</i> • <i>Continue to promote self-sufficiency and asset development of assisted households: HA has accessed all available services in the community. Services among these service providers are well known and established. HA continues to network with available supportive service providers and to hold discussions with residents and other supportive service recipients.</i> • <i>Continue to ensure equal opportunity and affirmatively further fair housing and provide a suitable living environment while ensuring accessible housing to persons with all varieties of disabilities regardless of the unit size requirement by providing equal access to assisted housing regardless of race, color, religion, national origin, sex, familial status, or disability</i>

Housing Needs. Based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data, make a reasonable effort to identify the housing needs of the low-income, very low-income, and extremely low-income families who reside in the jurisdiction served by the PHA, including elderly families, families with disabilities, and households of various races and ethnic groups, and other families who are on the public housing and Section 8 tenant-based assistance waiting lists. Strategy for Addressing Housing Needs. Provide a brief description of the PHA’s strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. **Note: Small, Section 8 only, and High Performing PHAs complete only for Annual Plan submission with the 5-Year Plan.**

1. Employ effective maintenance and management policies to minimize the number of public housing units off-line
2. Reduce turnover time for vacated public housing units
3. HA is very stable due in part to the size of its housing stock (21 dwelling units) and vouchers (10 units) and market location. Turnover of our Low Rent and Section 8 stock is low. Many residents have lived at the HA for years. Kyle is located along the IH35 Corridor between San Marcos and Austin providing availability to significant supportive services while providing lower cost housing. The City has boomed in single family dwellings recently. HA will focus on maintaining existing stock and programs.
4. HA has applied to several Federal, State, and private funding agencies to increase affordable housing stock without success. Future applications will be evaluated for possibilities.
5. Undertake measures to ensure access to affordable housing among families assisted by HA, regardless of unit size requirement
6. Modernize units to improve marketability and to improve client satisfaction
7. Affirmatively market to local support services agencies assisting families with disabilities

Additional Information. Describe the following, as well as any additional information HUD has requested.

- (a) Progress in Meeting Mission and Goals. Provide a brief statement of the PHA's progress in meeting the mission and goals described in the 5-Year Plan. **See also Section 5.2 above and the following**

The Housing Authority of the City of Kyle has attempted to address the missions and goals as stated in the 5 year plan however, limited resources, including the size of the agency, size of the community served, and available funding sources and other revenue streams have hampered its efforts to expand affordable housing in the area. The Housing Authority has attempted on several occasions to apply for grants and loans from several governmental and quasi-governmental agencies without any success. The City of Kyle is squeezed in between San Marcos and Austin where funds have been committed by the available funding sources. These funding sources include LIHTC, TDHCA loans and grants for rehab, acquisition, homeownership, etc. Several developers have contacted the HA for partnering opportunities but none of the proposed activities have been in the best interests of the HA and so were not pursued. In addition, the HA has limited available discretionary funds for predevelopment activities.

Accordingly, the HA has decided that it is in the best interests of the HA residents, served community, City, and other stakeholders to focus its efforts on maintaining its properties and managing its programs to maximize available dollars and increasing livability. CFP monies will continue to be used in improving the lifestyle of residents and future residents. The HA will continue to manage the programs in such a way as to take advantage of all incentives for the betterment of the HA and stakeholders.

- (b) Significant Amendment and Substantial Deviation/Modification. Provide the PHA's definition of "significant amendment" and "substantial deviation/modification"

Substantial Deviation from the 5-Year Plan – The HA will consider significant shifts from the current 5 Year Plan as "substantial deviation from the 5 Year Plan" and a fundamental shift in the agency's long term goals & objectives. Furthermore, any change to the Mission Statement, 50% deletion from or addition to the goals and objectives as a whole; and 50% or more decrease in the quantifiable measurement of any individual goal or objective.

Significant Amendment or Modification to the Annual Plan – The HA will consider significant amendments or modifications to the Annual Plan as follows:

- a) Any increase or decrease over 50% in the funds projected in the Financial Resource Statement and/or the Capital Fund Program Annual Statement;
- b) Any change in a policy or procedure that requires a regulatory 30-day posting;
- c) Any submission to HUD that requires a separate notification to residents, such as Hope VI, Public Housing Conversion, Demolition/Disposition, Designated Housing or Homeownership programs; and
- d) Any change inconsistent with the local, approved Consolidated Plan, at the discretion of the Executive Director.
- e) In addition, an exception to this definition will be made for any of the above that are adopted to reflect changes in HUD regulatory requirements; such changes will not be considered significant amendments by HUD.
- f) Changes due to HUD regulatory requirements will not be considered under this definition
