9.0	<p>Housing Needs. Based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data, make a reasonable effort to identify the housing needs of the low-income, very low-income, and extremely low-income families who reside in the jurisdiction served by the PHA, including elderly families, families with disabilities, and households of various races and ethnic groups, and other families who are on the public housing and Section 8 tenant-based assistance waiting lists. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location. : 78% of our needs are with the extremely low income , less than 10 AMI :19% of our families are very low income. More that 83% are non-Hispanic . Less that 11% are Hispanic with less than 1% black. Families with disabilities are in need with 26% on our waiting list wanting accessible housing .</p> <p>With this in mind our waiting list has 289 families waiting for more than a year to be housed..</p> <p>Our needs would be to build/buy 100 accessible 2 and 3 bedroom units. With an additional 5 million dollars applied for in funding to build and manage said units. We actually feel this is an unattainable goal for a housing authority our size. We will share this goal with the community consolidated planners.</p>

Update and train on effective maintenance and management policies to minimize the number of public housing units off-line and turn round time. 2. Maintain and increase section 8 lease up 3. Reduce renovation time with preventative maintenance of units and adequate recertification methods. 4. Apply for any additional section 8 vouchers should they become available. 5.
