*The Authority will continue to consult the Consolidated Plan in an effort to further address the needs of the low income, very low income and extremely low income populations. We will continue to modify our Section 8 program to reflect the needs addressed by the Consolidated Plan; this will be accomplished by careful review of payment standards within our five county jurisdiction, maximization of the number of affordable units available within its current resources, and applying for additional funding, when available. We will maintain or increase Section 8 lease-up rates by continuing to market the program to landlords, particularly those outside areas of high concentrations of poverty and minority populations and assuring timely turn-over of units by closely monitoring the actions of our Section 8 participants. It is important to continue the effective screening of applicants to increase owner acceptance of the program, and further develop mutually supportive relationships with managers in the area to expand our ability to provide affordable housing while enhancing the relationships with participating and non-participating landlords.*

*The Authority recognizes that communities and families can be strengthened through Homeownership and we will continue to provide the Section 8 Homeownership program and first-time homebuyer counseling and solicit continued support from Federal funding sources to answer the demand for affordable housing. We will continue to encourage participation in the Family Self-Sufficiency program to assist families in securing gainful employment and becoming economically self-sufficient. The Authority will continue to provide resources to Family Self-Sufficiency participants and will expand their network of community service organizations in the community in an effort to broaden the services available to such participants.*

*The Authority will continue to expand its stock of affordable housing units by collaborating with additional Federal and State funding sources to units for elderly and disabled as well as low-income families. - *CCHA will ensure that employee training content includes the protections provided by VAWA and CCHA's policies and definitions in regard to victims of domestic violence, dating violence, sexual assault and stalking.*
