GOALS & OBJECTIVES	PROGRESS REPORT FOR 2009
1. Expand the supply of assisted housing to the fullest extent needed by: <ul style="list-style-type: none"> a. Applying for additional rental vouchers b. Reducing public housing vacancies c. Leveraging private & public funds to create additional housing opportunities d. Acquiring or build units or developments 	We continue efforts to expand the supply of assisted housing. This includes applying for new vouchers, reducing vacancies and unit turnaround time and exploring opportunities to acquire or build new units with private and public funds. Through THDC this has included new homeownership opportunities.
2. Improve the quality of assisted housing by: <ul style="list-style-type: none"> a. Improving public housing management by attaining/maintaining PHAS High Performer status b. Improving voucher management by SEMAP attaining/maintaining High Performer status c. Increasing customer satisfaction as indicated on RASS surveys. d. Improve specific management functions through centralization of operations and technological interfacing of all departments and services while retaining site based support to assure that we effectively manage and account for our assets at the property (site and AMP) level. e. Renovating, modernize or replacing public housing units: Taylor Apts. Buildings 1&2 & others as needed f. Demolishing or disposing of obsolete public housing. g. Providing replacement public housing: for units taken out of service. h. Providing replacement vouchers when this is the most suitable option. 	Our most recent PHAS score, for 2007 (last updated 10/23/08), was 88 (2 points below High Performer status. Our SEMAP score for 2008 of 100 has enabled us to maintain High Performer status. Our Resident Satisfaction score remained 9 out of 10. We continue to improve specific management functions through centralization of operations and we are working on getting HUD to acknowledge our successes in this area. We are initiating an upgrade of our technological resources (EmPHASys Flex to Elite) and have recently made numerous corrections to data that was inputted incorrectly. Our application to demolish the units in Taylor 1&2 was approved and we are exploring replacement options. We are hoping to replace the 140 units at Taylor 1 & 2 with senior housing and we are exploring funding options.
3. Increase assisted housing choices by: <ul style="list-style-type: none"> a. Providing voucher mobility counseling. b. Conducting outreach efforts to potential voucher landlords c. Evaluating and setting appropriate voucher payment standards d. Expanding homeownership opportunities e. Converting public housing to vouchers if assessment determines need or desire to convert. f. Continue to offer prospective tenants 3 apartment choices which do not include sites they have already declined based on site location. This approach offers the most flexibility while retaining an ability to address concentration and income mixing concerns 	Voucher Mobility Counseling and Landlord Outreach continue. Our Voucher Homeownership Program has had several participants. We use a centralized waiting list and offer prospective tenants 3 apartment choices. We work with the City of Troy and the Troy Housing Development Corporation on Homeownership Programs that utilize HOME funds to provide homeownership opportunities to members of low income communities. Promotion of homeownership continues with assistance offered through a part time Program Coordinator.
4. Provide an improved living environment by: <ul style="list-style-type: none"> a. Deconcentrating poverty by bringing higher income households into lower income developments: b. Promoting income mixing by assuring access for lower income families in higher income sites c. Continuing public housing security improvements. d. Assuring that tenants understand the expectations of living in a community environment. 	For 2010 most AMPs saw a slight drop in income, with the exception of Phelan-Sweeney (previously our AMP with the lowest income) which saw an increase. No AMPs are below the proscribed band of 85% to 115% of the average. One AMP over the band, Kane-Conway-Grand, which is predominantly occupied by seniors who have been less impacted by the economy. Public Safety and Lease Enforcement efforts continue with improvements.
5. Promote self-sufficiency and asset development of assisted households by: <ul style="list-style-type: none"> a. Increasing the number/percentage of employed persons in assisted families by maintaining an average better than New York State. b. Providing access to supportive services to improve employability: transportation, day care, education, job training, etc. c. Providing supportive services to increase independence for the elderly or families with disabilities. 	The number of residents reporting income from wages dropped from 50% to 45% (NYS average is 41%). Our PHFSS Program continues. Our ROSS Family Program and our ROSS Neighborhood Network Program have concluded. We continue to work with Social Work Interns to bring services to our residents (especially the elderly and families).

7.0	<p>Hope VI, Mixed Finance Modernization or Development, Demolition and/or Disposition, Conversion of Public Housing, Homeownership Programs, and Project-based Vouchers. <i>Include statements related to these programs as applicable.</i></p> <p>A demolition application for the units of John P. Taylor Apartment Buildings 1 and 2 (NY012200007P) was approved by the HUD Special Applications Center on December 18, 2009 and is awaiting final approval. John P. Taylor Apartments Building 1 and 2 was a family high-rise buildings consisting of 143 units (17 One-Bedroom units, 75 Two-Bedroom units, 46 Three-Bedroom Units, 1 Four-Bedroom Unit and 4 Units taken off line) within two nine story buildings. The units will be demolished soon. We are exploring financing and development options to replace these units with senior apartments. This could occur on site within the shell of a portion of one or both buildings or off site.</p> <p>The Troy Housing Authority administers a Section 8 Homeownership Program and, in affiliation with the Troy Housing Development Corporation and the City of Troy, we administer a Community Housing Development Organization Homeownership Program.</p> <p>The Troy Housing Authority plans to pursue the project-basing of Section 8 Vouchers, up to the maximum allowable, in accordance with the Initial Guidance on Revisions to PHA Project Based Assistance Program published in the Federal Register on January 16, 2001 (66 FR 3605). Based on the number of Section 8 Vouchers we administer, the housing authority could project-base up to 185 vouchers. Presently 134 units have been project based at Kennedy Towers so we have the capacity to Project Base 51 more. Within the City of Troy, participants within the Section 8 Program are finding it increasingly more difficult to locate apartments that meet their needs and measure up to Housing Quality Standards. This is especially true for our frail elderly population and for families with young children. For the frail elderly there are a limited number of apartments that are handicapped adaptable and offer the array of services they need to remain in the community. Additionally, due to the age of the housing stock within the city, many families with young children are finding it difficult to locate apartments that are free of the hazards associated with lead-based paint. We hope to address these issues with additional Project Based vouchers.</p>
8.0	<p>Capital Improvements. Please complete Parts 8.1 through 8.3, as applicable.</p>
8.1	<p>Capital Fund Program Annual Statement/Performance and Evaluation Report. As part of the PHA 5-Year and Annual Plan, annually complete and submit the <i>Capital Fund Program Annual Statement/Performance and Evaluation Report</i>, form HUD-50075.1, for each current and open CFP grant and CFFP financing.</p>
8.2	<p>Capital Fund Program Five-Year Action Plan. As part of the submission of the Annual Plan, PHAs must complete and submit the <i>Capital Fund Program Five-Year Action Plan</i>, form HUD-50075.2, and subsequent annual updates (on a rolling basis, e.g., drop current year, and add latest year for a five year period). Large capital items must be included in the Five-Year Action Plan.</p>
8.3	<p>Capital Fund Financing Program (CFFP). <input type="checkbox"/> Check if the PHA proposes to use any portion of its Capital Fund Program (CFP)/Replacement Housing Factor (RHF) to repay debt incurred to finance capital improvements.</p>

<p>9.0</p>	<p>Housing Needs. Based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data, make a reasonable effort to identify the housing needs of the low-income, very low-income, and extremely low-income families who reside in the jurisdiction served by the PHA, including elderly families, families with disabilities, and households of various races and ethnic groups, and other families who are on the public housing and Section 8 tenant-based assistance waiting lists. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location.</p> <p>The need for affordable housing in the City of Troy is ever-present and very real across all family types and racial and ethnic groups. Through our Public Housing and Housing Choice Voucher Program we provide rental assistance to 2,055 households. However, according to the Community Fact Sheet for the City of Troy prepared by the Capital District Regional Planning Commission (last revised September 2003) there are 3,791 households in the City of Troy Below the Poverty Level (19% of all Households in the City). This means that 1,736 households below the poverty level a not receiving assistance from the Troy Housing Authority. Not surprisingly our Public Housing Waiting list has 1,219 applicants (on September 3, 2010) waiting an average of 309 days. Racially, this group is comprised of 647 White Households, 550 Black Households, 14 Indian/Alaskan Households and 8 Asian Households. Ethnically, this group is comprised of 995 Non-Hispanic Households and 224 Hispanic Households. 767 of the applicants are seeking a One Bedroom Apartment (predominantly senior citizens living alone). Our Section 8 Waiting list is presently closed (on July 20, 2009) with 161 waiting an average of 1,210 days. Racially, this group is comprised of 62 White Households, 98 Black Households, and 1 Indian/Alaskan Households. Ethnically, this group is comprised of 132 Non-Hispanic Households and 29 Hispanic Households. 82 of the applicants are seeking a Four+ Bedroom Apartment (large families).</p>
<p>9.1</p>	<p>Strategy for Addressing Housing Needs. Provide a brief description of the PHA’s strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. Note: Small, Section 8 only, and High Performing PHAs complete only for Annual Plan submission with the 5-Year Plan.</p> <p>The Troy Housing Authority will continue to address the housing needs of low-, very low- and extremely low- income households in the City of Troy by continuing to run our assets (agency, sites, departments, programs and services) in an effective and efficient manner. In order to maximize our resources in the most cost-effective manner this at times involves the centralization of certain departments, programs and services (e.g. intake, waiting list, recertification, rent collection, maintenance dispatch, maintenance receiving and inventory handling, etc.) and de-centralization of other departments, programs and services (e.g. maintenance, public safety and resident programs, etc.) Presently we are striving to demonstrate to HUD, and garner their approval, of our method of managing our assets (which has been endorsed by three independent entities the United Group (a local real estate development and property management company); the Troy Rehabilitation and Improvement Program, Inc. (TRIP, Inc. is a Charter Member of Neighbor Works and manages a significant amount of affordable housing in Troy); and Omni Housing Development, L.L.C. (another local real estate development and property management company); and, most importantly, by the Resident Empowered Action Council of Troy, Inc. (REACT, Inc. is the City-wide Resident Organization for all Troy Housing Authority residents). We have also found some issues with our bookkeeping methodologies and data collection software that we are addressing.</p> <p>We realize that our existing inventory of Public Housing and Housing Choice Vouchers do not fully meet the need of all persons living at or below poverty in our jurisdiction (as evidenced by our Housing Needs statement in response to number 9). Therefore, we commit to maintaining our existing inventory, expanding the supply of affordable housing options whenever possible, significantly reducing or eliminating our vacancies and reducing our unit turnaround time as much as possible (presently we are turning over units in much less than the HUD standard - 20 days). We are also carefully screening all applicants, verifying family income and family size information for all of our existing program participants, helping our tenants improve their living situation through various economic independence and self sufficiency programs, and setting our Flat rents at 75% of the FMR to assure that our affordable housing resources are provided to the families that need it the most in our community. We also partner with various community agencies to provide Shelter Plus Care and Section 8 Mod Rehab Housing. Finally, we are implementing conservation and other cost saving measures so that the Troy Housing Authority continues as a viable public housing agency meeting the needs of low-, very low- and extremely low- income households in the City of Troy well into the future. Presently, a few tenants are having slight difficulty adjusting to some of these conservation and other cost saving measures (including better controls on heating and ventilation, more efficient lighting, reduction of water consumption efforts, etc.) but in the long run we feel it is better to run an efficient housing authority well into the future than it is to let a few tenants let our precious resources go out the window or down the drain.</p>

- (e) **Project-based Vouchers.** If the PHA wishes to use the project-based voucher program, a statement of the projected number of project-based units and general locations and how project basing would be consistent with its PHA Plan.

8.0 Capital Improvements. This section provides information on a PHA's Capital Fund Program. With respect to public housing projects owned, assisted, or operated by the public housing agency, a plan describing the capital improvements necessary to ensure long-term physical and social viability of the projects must be completed along with the required forms. Items identified in 8.1 through 8.3, must be signed where directed and transmitted electronically along with the PHA's Annual Plan submission.

8.1 Capital Fund Program Annual Statement/Performance and Evaluation Report. PHAs must complete the *Capital Fund Program Annual Statement/Performance and Evaluation Report* (form HUD-50075.1), for each Capital Fund Program (CFP) to be undertaken with the current year's CFP funds or with CFFP proceeds. Additionally, the form shall be used for the following purposes:

- (a) To submit the initial budget for a new grant or CFFP;
- (b) To report on the Performance and Evaluation Report progress on any open grants previously funded or CFFP; and
- (c) To record a budget revision on a previously approved open grant or CFFP, e.g., additions or deletions of work items, modification of budgeted amounts that have been undertaken since the submission of the last Annual Plan. The Capital Fund Program Annual Statement/Performance and Evaluation Report must be submitted annually.

Additionally, PHAs shall complete the Performance and Evaluation Report section (see footnote 2) of the *Capital Fund Program Annual Statement/Performance and Evaluation* (form HUD-50075.1), at the following times:

1. At the end of the program year; until the program is completed or all funds are expended;
2. When revisions to the Annual Statement are made, which do not require prior HUD approval, (e.g., expenditures for emergency work, revisions resulting from the PHAs application of fungibility); and
3. Upon completion or termination of the activities funded in a specific capital fund program year.

8.2 Capital Fund Program Five-Year Action Plan

PHAs must submit the *Capital Fund Program Five-Year Action Plan* (form HUD-50075.2) for the entire PHA portfolio for the first year of participation in the CFP and annual update thereafter to eliminate the previous year and to add a new fifth year (rolling basis) so that the form always covers the present five-year period beginning with the current year.

8.3 Capital Fund Financing Program (CFFP). Separate, written HUD approval is required if the PHA proposes to pledge any

portion of its CFP/RHF funds to repay debt incurred to finance capital improvements. The PHA must identify in its Annual and 5-year capital plans the amount of the annual payments required to service the debt. The PHA must also submit an annual statement detailing the use of the CFFP proceeds. See guidance on HUD's website at:

<http://www.hud.gov/offices/pih/programs/ph/capfund/cffp.cfm>

9.0 Housing Needs. Provide a statement of the housing needs of families residing in the jurisdiction served by the PHA and the means by which the PHA intends, to the maximum extent practicable, to address those needs. **(Note: Standard and Troubled PHAs complete annually; Small and High Performers complete only for Annual Plan submitted with the 5-Year Plan).**

9.1 Strategy for Addressing Housing Needs. Provide a description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. **(Note: Standard and Troubled PHAs complete annually; Small and High Performers complete only for Annual Plan submitted with the 5-Year Plan).**

10.0 Additional Information. Describe the following, as well as any additional information requested by HUD:

- (a) **Progress in Meeting Mission and Goals.** PHAs must include (i) a statement of the PHAs progress in meeting the mission and goals described in the 5-Year Plan; (ii) the basic criteria the PHA will use for determining a significant amendment from its 5-year Plan; and a significant amendment or modification to its 5-Year Plan and Annual Plan. **(Note: Standard and Troubled PHAs complete annually; Small and High Performers complete only for Annual Plan submitted with the 5-Year Plan).**
- (b) **Significant Amendment and Substantial Deviation/Modification.** PHA must provide the definition of "significant amendment" and "substantial deviation/modification". **(Note: Standard and Troubled PHAs complete annually; Small and High Performers complete only for Annual Plan submitted with the 5-Year Plan.)**

- (c) PHAs must include or reference any applicable memorandum of agreement with HUD or any plan to improve performance. **(Note: Standard and Troubled PHAs complete annually).**

11.0 Required Submission for HUD Field Office Review. In order to be a complete package, PHAs must submit items (a) through (g), with signature by mail or electronically with scanned signatures. Items (h) and (i) shall be submitted electronically as an attachment to the PHA Plan.

**PHA Certifications of Compliance with the PHA Plans and Related Regulations:
Board Resolution to Accompany the PHA 5-Year and Annual PHA Plan**

Acting on behalf of the Board of Commissioners of the Public Housing Agency (PHA) listed below, as its Chairman or other authorized PHA official if there is no Board of Commissioners, I approve the submission of the ___ 5-Year and/or X Annual PHA Plan for the PHA fiscal year beginning 1/1/11, hereinafter referred to as "the Plan", of which this document is a part and make the following certifications and agreements with the Department of Housing and Urban Development (HUD) in connection with the submission of the Plan and implementation thereof:

1. The Plan is consistent with the applicable comprehensive housing affordability strategy (or any plan incorporating such strategy) for the jurisdiction in which the PHA is located.
2. The Plan contains a certification by the appropriate State or local officials that the Plan is consistent with the applicable Consolidated Plan, which includes a certification that requires the preparation of an Analysis of Impediments to Fair Housing Choice, for the PHA's jurisdiction and a description of the manner in which the PHA Plan is consistent with the applicable Consolidated Plan.
3. The PHA certifies that there has been no change, significant or otherwise, to the Capital Fund Program (and Capital Fund Program/Replacement Housing Factor) Annual Statement(s), since submission of its last approved Annual Plan. The Capital Fund Program Annual Statement/Annual Statement/Performance and Evaluation Report must be submitted annually even if there is no change.
4. The PHA has established a Resident Advisory Board or Boards, the membership of which represents the residents assisted by the PHA, consulted with this Board or Boards in developing the Plan, and considered the recommendations of the Board or Boards (24 CFR 903.13). The PHA has included in the Plan submission a copy of the recommendations made by the Resident Advisory Board or Boards and a description of the manner in which the Plan addresses these recommendations.
5. The PHA made the proposed Plan and all information relevant to the public hearing available for public inspection at least 45 days before the hearing, published a notice that a hearing would be held and conducted a hearing to discuss the Plan and invited public comment.
6. The PHA certifies that it will carry out the Plan in conformity with Title VI of the Civil Rights Act of 1964, the Fair Housing Act, section 504 of the Rehabilitation Act of 1973, and title II of the Americans with Disabilities Act of 1990.
7. The PHA will affirmatively further fair housing by examining their programs or proposed programs, identify any impediments to fair housing choice within those programs, address those impediments in a reasonable fashion in view of the resources available and work with local jurisdictions to implement any of the jurisdiction's initiatives to affirmatively further fair housing that require the PHA's involvement and maintain records reflecting these analyses and actions.
8. For PHA Plan that includes a policy for site based waiting lists:
 - The PHA regularly submits required data to HUD's 50058 PIC/IMS Module in an accurate, complete and timely manner (as specified in PIH Notice 2006-24);
 - The system of site-based waiting lists provides for full disclosure to each applicant in the selection of the development in which to reside, including basic information about available sites; and an estimate of the period of time the applicant would likely have to wait to be admitted to units of different sizes and types at each site;
 - Adoption of site-based waiting list would not violate any court order or settlement agreement or be inconsistent with a pending complaint brought by HUD;
 - The PHA shall take reasonable measures to assure that such waiting list is consistent with affirmatively furthering fair housing;
 - The PHA provides for review of its site-based waiting list policy to determine if it is consistent with civil rights laws and certifications, as specified in 24 CFR part 903.7(c)(1).
9. The PHA will comply with the prohibitions against discrimination on the basis of age pursuant to the Age Discrimination Act of 1975.
10. The PHA will comply with the Architectural Barriers Act of 1968 and 24 CFR Part 41, Policies and Procedures for the Enforcement of Standards and Requirements for Accessibility by the Physically Handicapped.
11. The PHA will comply with the requirements of section 3 of the Housing and Urban Development Act of 1968, Employment Opportunities for Low-or Very-Low Income Persons, and with its implementing regulation at 24 CFR Part 135.

12. The PHA will comply with acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and implementing regulations at 49 CFR Part 24 as applicable.
13. The PHA will take appropriate affirmative action to award contracts to minority and women's business enterprises under 24 CFR 5.105(a).
14. The PHA will provide the responsible entity or HUD any documentation that the responsible entity or HUD needs to carry out its review under the National Environmental Policy Act and other related authorities in accordance with 24 CFR Part 58 or Part 50, respectively.
15. With respect to public housing the PHA will comply with Davis-Bacon or HUD determined wage rate requirements under Section 12 of the United States Housing Act of 1937 and the Contract Work Hours and Safety Standards Act.
16. The PHA will keep records in accordance with 24 CFR 85.20 and facilitate an effective audit to determine compliance with program requirements.
17. The PHA will comply with the Lead-Based Paint Poisoning Prevention Act, the Residential Lead-Based Paint Hazard Reduction Act of 1992, and 24 CFR Part 35.
18. The PHA will comply with the policies, guidelines, and requirements of OMB Circular No. A-87 (Cost Principles for State, Local and Indian Tribal Governments), 2 CFR Part 225, and 24 CFR Part 85 (Administrative Requirements for Grants and Cooperative Agreements to State, Local and Federally Recognized Indian Tribal Governments).
19. The PHA will undertake only activities and programs covered by the Plan in a manner consistent with its Plan and will utilize covered grant funds only for activities that are approvable under the regulations and included in its Plan.
20. All attachments to the Plan have been and will continue to be available at all times and all locations that the PHA Plan is available for public inspection. All required supporting documents have been made available for public inspection along with the Plan and additional requirements at the primary business office of the PHA and at all other times and locations identified by the PHA in its PHA Plan and will continue to be made available at least at the primary business office of the PHA.
21. The PHA provides assurance as part of this certification that:
 - (i) The Resident Advisory Board had an opportunity to review and comment on the changes to the policies and programs before implementation by the PHA;
 - (ii) The changes were duly approved by the PHA Board of Directors (or similar governing body); and
 - (iii) The revised policies and programs are available for review and inspection, at the principal office of the PHA during normal business hours.
22. The PHA certifies that it is in compliance with all applicable Federal statutory and regulatory requirements.

2011 AGENCY PLAN - RESIDENT ADVISORY COUNCIL

COMMENTS FROM MEETING ON SEPTEMBER 23, 2010

Meeting Participants

PRESENT	REPRESENTING
Nancy Edwards	REACT, Inc.
Mary Munhall	Corliss Park
Virginia Clark	Taylor Apartments
Darlene Robert	Griswold Heights
Yvonne Curry	Taylor Apartments
Tom Hulihan	Troy Housing Authority

Meeting participants acknowledged the need to get more residents on the Resident Advisory Board (REACT, Inc. Board of Directors). They expressed an interest in reaching out to existing Tenant Associations as well as figuring out ways to get active Tenant Associations at sites where none exist.

The 2011 Troy Housing Authority Agency Plan was then reviewed with the Resident Advisory Board along with the Proposed Revisions to the Troy Housing Authority Admissions and Continued Occupancy Plan, the Dwelling Lease and the Section 8 Administrative Plan. The Resident Advisory Board offered the following comments, questions and observations:

Agency Plan Goals and Objectives

Resident Advisory Board was in agreement with Goals and Objectives. They especially liked the homeownership initiatives being implemented in conjunction with the Troy Housing Development Corporation and the City of Troy. They also supported the notion of exploring replacement options for Taylor 1 and 2 (including senior units at the site or within part of the present structures). They noted a need for computers in the Phelan Court Community Room.

PHA Plan Updates

Resident Advisory Board supported the notion of a review of the implementation of Community Service requirements to make sure we are fully complying with HUD guidelines regarding compliance and enforcement. They also noted that the Pet Policy and enforcement seems to be working as the issue of large and dangerous dogs (pit bulls and rottweilers) seems to have subsided.

Capital Fund Program Plans for Future and Performance and Evaluation Reports for Open Grants

Resident Advisory Board expressed satisfaction regarding the installation of new double hung windows. They were especially pleased that the plan called for these to be installed next at Griswold Heights (on upper floors by summer 2011 and on lower floors by the end of 2012). This will eliminate the issue of air conditioners in upstairs bedrooms. They were also pleased with the new Splash Pads but suggested that Griswold Heights needs another one to accommodate all the children. They also suggested that the stoves at Griswold Heights and Martin Luther King be replaced as they feel they are outdated; they suggested that the entry doors at Taylor be evaluated as the metal keys frequently break in the cylinder; and they questioned why the Troy Housing Authority designated so many parking spots for employees at Martin Luther King. They were pleased to hear that we are looking at alternative parking plans for this site.

Proposed Revisions to the Troy Housing Authority Admissions and Continued Occupancy Plan, the Dwelling Lease and the Section 8 Administrative Plan

1. Commitment to Privacy Protection

Resident Advisory Board was in agreement that the Troy Housing Authority should protect the privacy rights of tenants and Section 8 participants and appreciated that everyone would receive the Privacy Act Notice at application and recertification.

2. Adding Compliance with Community Service/Self Sufficiency Work Requirements to the conditions that must be met before transfer requests can be considered

Resident Advisory Board was in agreement with this revision once it was made clear that it only applied to requested transfers. They also expressed concern about the manner in which some over-housed tenants were treated. One Resident Advisory Board member felt she was treated unfairly by the former administration when she was suddenly told she had to be transferred from the apartment where she raised her family. She pointed out that it takes time and costs money to have to move and she noted that many other over-housed tenants have not been forced to be transferred.

3. Changes to the Residential Dwelling Lease

- a. Some Resident Advisory Board members were not aware that carbon monoxide detectors were installed at Taylor but they agreed that tenants should not be tampering with such devices. Some members also asked if we still evict tenants for not having renter's insurance if they have a fire and were told that this was never the case as far as I know.
- b. Resident Advisory Board was in agreement that violations of the Pet Policy should be added to the punishable offenses in the lease.
- c. Resident Advisory Board was in agreement (somewhat reluctantly) that violations of the vehicle registration process should be added to the punishable offenses in the lease.

4. Closing windows and doors policy

There is not an official policy change being proposed but we are contemplating a change in enforcement practices. The present policy states that tenants can be progressively fined and ultimately evicted for leaving their windows open when the outside temperature is less than 55 degrees. Presently we are contemplating more focus on the word "leaving" and only enforcing this policy if windows are left open when the outside temperature is less than 55 degrees and no one is within the apartment. The Resident Advisory Board was supportive of this change and felt that people within their apartment should be allowed to have fresh air when desired. [This is presently under review].

2011 AGENCY PLAN PUBLIC HEARING, CHALLENGED ELEMENTS AND OTHER INPUT

September 21, 2010 5:00 PM at THA Administrative Offices

Participants – no one attended the public hearing.

Meeting was scheduled for this date and Publicly Noticed in The Troy Record on July 25, 2010.

Tom Hulihan, Director of Planning and Program Development was at the meeting location from 4:30Pm to 5:30PM. No members of the public came to discuss the plan. However, there were two occasions when “other input” was provided relative to the plans of the Troy Housing Authority.

On September 14, 2010 the Troy Housing Authority received a letter from Allan P. Brown, ARM, Senior Risk Control Associated for the Housing Authority Insurance Group. Mr. Brown was documenting his recommendations from a risk control site visit he conducted on August 21-23, 2010. Several of his recommendation are matters that we may want to incorporate into our Admissions and Continued Occupancy Plan and/or Lease. [These will be incorporated into the lease]. They are:

- 1. Establish a written policy (lease condition) regarding the use of outdoor barbeque grills, the disposal of hot charcoal and the storage of propane tanks, charcoal and lighter fluid. His recommendation is that lighter fluid be banned and that quick light briquettes be used instead. Such briquettes and propane tanks should be stored in a dry area away form heat producing appliances. (Mr. Brown saw instances of lighter fluid stored on outside window ledges).**
- 2. Establish a policy on extension cords. Generally, extension cords should not serve as a replacement for fixed wiring and properly installed outlets. (Mr. Brown saw instances of extension cords being run across sidewalks to provide power to outdoor lighting displays).**
- 3. Consider a lease provision regarding private use of common space in front of apartments for the erection of umbrellas and tents. The erection of resident owned seasonal tents on common areas can create a hazard for other residents, visitors and staff. (Mr. Brown saw instances of support cords and poles for tents obstructing the flow of pedestrian traffic and creating a tripping hazard on walkways).**

On September 20, 2010 Richard Herrick, representing the Troy Vacant Building Work Study Group, called Tom Hulihan to encourage the Troy Housing Development Corporation (THDC), a component of the Troy Housing Authority, to do all it can to address the issue of vacant buildings in Troy by renovating them and putting them back into productive use. He was assured that the THDC was working with the City of Troy on that very issue.

For 2010 most sites (AMPs) experienced a drop in income, with the exception of Phelan Sweeney. No sites (AMPs) are below the proscribed band of 85% to 115% of the overall average. There is one site (AMP) slightly over that band, Kane-Conway-Grand, which is predominantly occupied by seniors who seem to have been less impacted by the downturn in the economy.					
The final rule to deconcentrate poverty identifies covered developments as general occupancy developments with more than 100 units. Using these guidelines, all of our AMPs are now considered covered sites
