Based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data, make a reasonable effort to identify the housing needs of the low-income, very low-income, and extremely low-income families who reside in the jurisdiction served by the PHA, including elderly families, families with disabilities, and households of various races and ethnic groups, and other families who are on the public housing and Section 8 tenant-based assistance waiting lists. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location. There is a real housing need in Meade County. Finding affordable housing is an issue because of the demand for housing, our payment standards are too low for landlords to accept Section 8 rents verses non-assisted rents. The supply is low. The quality of homes is satisfactory and many pass HQS Standards. There is plenty of housing that provides accessibility mostly in one bedroom areas. The real need is in two and three bedrooms.</p>
