7. Community Service and Self-Sufficiency

The CHA coordinates efforts between with the TANF agency through:

- X Client referrals
- X Information sharing regarding mutual clients (for rent determinations and otherwise)

Services and programs offered to residents and participants:

The CHA administers an FSS program and has implemented policies to enhance the economic and social self-sufficiency of assisted families in the following areas:

- * Public housing admissions policies
- * Section 8 admissions policies
- * The FSS action plan

A. Family Self Sufficiency program

Family Self Sufficiency (FSS) Participation		
Program	Required Number of Participants (start of FY 2011 Estimate)	Actual Number of Participants (As of: 12/1/10)
Public Housing	25	19
Section 8	25	26

the most recent FSS Action Plan addresses the steps the CHA plans to take to achieve at least the minimum program size.

The CHA is complying with the statutory requirements of section 12(d) of the U.S. Housing Act of 1937 (relating to the treatment of income changes resulting from welfare program requirements) by:

- * Adopting appropriate changes to the PHA's public housing rent determination policies and train staff to carry out those policies
- * Informing residents of new policy on admission and reexamination
- * Actively notifying residents of new policy at times in addition to admission and reexamination.
- * Establishing or pursuing a cooperative agreement with all appropriate TANF agencies regarding the exchange of information and coordination of services
- * Establishing a protocol for exchange of information with all appropriate TANF agencies

B. Community Service Requirement

The CHA has implemented the Community Service Requirement in accordance with regulations.

8. Safety and Crime Prevention

A. Need for measures to ensure the safety of public housing residents

The CHA has primarily based the need for measures to ensure the safety of public housing residents on resident comments that refer to safety as a general concern. The CHA relied primarily on safety and security survey of the residents to determine the need for PHA actions to improve safety of residents. Elderly/Disabled residents tend to provide these comments and respond to the survey in a greater frequency than the residents in family units.

B. Crime and Drug Prevention activities the PHA has undertaken or plans to undertake in the next PHA fiscal year

The CHA has undertaken Volunteer Resident Patrols/Block Watch programs to deter and prevent crime. Elderly/Disabled properties are most conducive to Neighborhood Watch type programs. The CHA Family portfolio is comprised of scattered site single family homes that are not concentrated in a specific neighborhood and are therefore less conducive to this effort.

C. Coordination between PHA and the police

The Cheyenne Police Department provides crime data to housing authority staff for analysis and action. This effort affects all CHA properties.

9. Pets

The CHA has amended the Public Housing Admissions and Continued Occupancy Policy to incorporate the Pets in Public Housing Requirements, in accordance with HUD guidance. The Pet Policy is only applicable to Family Households and permits those households to have a pet within adopted restrictions.

10. Civil Rights Certification

The CHA can document that it examines its programs and proposed programs to identify any impediments to fair housing choice

within those programs; addresses those impediments in a reasonable fashion in view of the resources available; works with the local jurisdiction to implement any of the jurisdiction's initiatives to affirmatively further fair housing; and assures that the annual plan is consistent with any applicable Consolidated Plan for its jurisdiction.

11. Fiscal Year Audit

The results of the most recent fiscal year audit are that the CHA is in very good financial position, with substantial reserves and effective controls over expenditures. The CHA ended the most recent fiscal year with a positive net cash flow in virtually all programs. There was one finding noted in the audit report related to the timing of quality control inspections of the HQS inspections for the Voucher program. The CHA has addressed this finding and implemented necessary controls to ensure that quality control inspections of the HQS inspections for the Voucher program are performed timely and in sufficient numbers to effectively manage the HQS inspection process.

12. Asset Management

The CHA has elected to take advantage of the waiver of the requirement for conversion to the HUD project-based asset management model and has not converted to the HUD model. The CHA believes that the HUD mandated model is financially infeasible for agencies managing less than 500 units of public housing.

13. Violence Against Women Act (VAWA)

The CHA has adopted a local preference for victims of violence against women which grants them the highest preference points. The CHA requires that the violence be documented, in accordance with federal regulations. The CHA has worked with the local shelter and has entered into a cooperation agreement with Safehouse Services to support, accept referrals from and make referrals to the Safehouse shelter for victims of domestic violence.

Strategy for Addressing Needs

Need: Shortage of affordable housing for all eligible populations

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

- X Employ effective maintenance and management policies to minimize the number of public housing units off-line
- X Reduce turnover time for vacated public housing units
- X Reduce time to renovate public housing units
- X Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- X Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- X Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- X Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- X Participate in the Consolidated Plan development process to ensure coordination with broader community strategies

Strategy 2: Increase the number of affordable housing units by:

- X Apply for additional section 8 units should they become available
- X Leverage affordable housing resources in the community through the creation of mixed - finance housing
- X Pursue housing resources other than public housing or Section 8 tenant-based assistance.

Need: Specific Family Types: Families at or below 30% of median

Strategy 1: Target available assistance to families at or below 30 % of AMI

- X Meet or exceed HUD federal targeting requirements for families at or below 30% of AMI in public housing
- X Meet or exceed HUD federal targeting requirements for families at or below 30% of AMI in tenant-based section 8 assistance
- X Adopt rent policies to support and encourage work

Need: Specific Family Types: Families at or below 50% of median

Strategy 1: Target available assistance to families at or below 50% of AMI

- X Employ admissions preferences aimed at families who are working
- X Adopt rent policies to support and encourage work

Need: Specific Family Types: The Elderly

Strategy 1: Target available assistance to the elderly:

- X Encourage the development of affordable elderly designated properties

Need: Specific Family Types: Families with Disabilities

Strategy 1: Target available assistance to Families with Disabilities:

- X Carry out the modifications needed in public housing based on the section 504 Needs Assessment for Public Housing
- X Affirmatively market to local non-profit agencies that assist families with disabilities
- X Other: (list below)
- X Encourage the development of affordable disabled designated/accessibile properties

Need: Specific Family Types: Races or ethnicities with disproportionate housing needs

Strategy 1: Increase awareness of PHA resources among families of races and ethnicities with disproportionate needs:

- X Affirmatively market to races/ethnicities shown to have disproportionate housing needs

Strategy 2: Conduct activities to affirmatively further fair housing

- X Counsel section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units

Other Housing Needs & Strategies

- X Results of consultation with local or state government
- X Results of consultation with residents and the Resident Advisory Board

10.0 Additional Information

a. Progress in Meeting Mission and Goals

The CHA provides the following progress report relative to the 5 Year Plan.

PHA Goal: Expand the supply of assisted housing

Objective: Apply for additional rental vouchers

Progress: The CHA has been unable to apply for additional rental vouchers because of a lack of funding for new Housing Choice Vouchers. Additionally, HUD recently notified the CHA of the funding for HCV program in 2005. This funding notification results in the CHA being able to support only 1401 vouchers as compared to the 1531 the CHA had under lease.

Objective: Maintain a public housing vacancy rate of less than 5%

Progress: The CHA has maintained a public housing vacancy rate of less than 5%

Objective: Continue efforts to address housing needs, by leveraging resources as needs are quantifiably determined.

Progress: The CHA absorbed the WCDA statewide Section 8 program into its voucher program inventory. This has resulted in an expansion of the CHA Section 8 program to 1531 vouchers.

Objective: Fully utilize the resources available to the CHA, specifically the voucher program resources.

Progress: The CHA has achieved full utilization of both units and dollars under the voucher program.

PHA Goal: Improve quality of assisted housing

Objective: Achieve and maintain High Performer status

Progress: The CHA has been recognized as a Standard Performer

Objective: Achieve and maintain High Performer status under SEMAP

Progress: The CHA has been recognized as a Standard Performer.

Objective: Continue to Resident Initiative efforts

Progress: The CHA continues to fund a Resident Services Coordinator position in an effort to enhance Resident Initiative efforts. This has been very successful, not only in encouraging more resident participation and enhancing the sense of community within our projects, but was also instrumental in improving the RASS score.

Objective: Continue to utilize Capital Funds to the maximum benefit

Progress: The CHA has developed and submitted, along with the Annual PHA Plan Update, the Capital Fund Annual Statement and 5-Year Plan which incorporates comments and suggestions submitted by the residents.

PHA Goal: Increase assisted housing choices

Objective: Continue mobility counseling

Progress: The CHA has continued to provide mobility counseling through the use of the Housing Assistance Guide and one-on-one counseling

Objective: Assist rural communities throughout the state with the administration of assisted housing programs, thereby increasing assisted housing choices

Progress: The CHA administers Section 8 voucher program in various communities throughout the state of Wyoming. Additionally, the CHA has absorbed the Laramie public housing program from WCDA (effective 4/1/02) which has increased the CHA involvement in assisting rural communities meet their affordable housing needs.

PHA Goal: Provide an improved living environment

Objective: Utilize Capital Funds to address security improvement concerns of the residents, as warranted.

Progress: The CHA has been determined to be an ineligible applicant for PHDEP funds, due to the fact that the CHA had not previously received PHDEP funding. The attached Capital Fund information includes proposed work items to address these concerns. Additionally, the CHA has expended Operating Funds to address security and safety concerns that have been raised by the residents and annually testing the fire alarm/fire sprinkler system among other items.

PHA Goal: Promote self-sufficiency and asset development of assisted households

Progress: The CHA has achieved tremendous success through the administration of the FSS program. The CHA has successfully graduated more than 15 FSS participants and has loaned escrow funds to a participant for the purchase of a vehicle in order to assist that participants self-sufficiency efforts. The CHA has initiated a communication with the local Welfare Agency in order to adopt a Memorandum of Agreement to enable the cooperation among our agencies and the sharing of participant information as appropriate. The CHA has achieved substantial success in the area of raising funds to support the FSS program.

PHA Goal: Ensure equal opportunity and affirmatively further fair housing

Progress: The CHA continues to ensure access and provide a suitable living environment regardless of race, color, religion, national origin, sex, familial status and disability.

b. Significant Amendment and Substantial Deviation/Modification

The CHA will apply the following definition of substantial deviation from the Agency Plan that will require formal action by the Board of Commissioners:

ATTACHMENT C - Deconcentration

The CHA has analyzed its covered developments to determine what, if any, measures need to be taken to alleviate potential concentrations of low income families in certain areas or projects. The CHA inventory of covered developments is comprised of single family homes scattered throughout Cheyenne and Laramie. Additionally, the distribution of incomes among those properties is varied. Therefore, there is no additional measure needed to correct concentrations of income brackets in certain areas.

ATTACHMENT D - Voluntary Conversion

The CHA has initially analyzed each of its development's operations as public housing, considered the implications of converting the public housing to tenant-based assistance. The CHA has concluded that conversion of the developments to tenant-based vouchers may not be feasible because the cost to operate these public housing units is less expensive than the section 8 voucher program, there is no foreseeable benefit to the families to convert and converting the units may in fact adversely affect the availability of affordable housing in the community. Since the CHA does not have applicable units concentrated in any one area, conversion could not result in a more uniform distribution of assisted units throughout the community. The CHA has performed an initial cost analysis relative to voluntarily converting its 97 family public housing units and determined that converting the units would not be consistent with the mission of the CHA to provide various affordable housing opportunities. The applicable low rent public housing units are in very good condition and will remain feasible for the foreseeable future. However, the CHA retains the option of reconsidering the possibility of voluntarily converting these public housing units in the future.

A. How many of the PHA's developments are subject to the Required Initial Assessment?

6 developments - 97 single family houses scattered throughout Cheyenne.

B. How many of the PHA's development are not subject to the Required Initial Assessments based upon exemptions?

3 developments - 167 elderly/disabled multi-family units

C. How many Assessments were conducted for the PHA's covered developments?

One general assessment was conducted encompassing all of the covered developments and units.

D. Identify PHA developments that may be appropriate for conversion based on the Required Initial Assessment:

None

E. If the PHA has not implemented the Required Initial Assessments, describe the status of these assessments:

The CHA has performed an initial assessment to determine the feasibility. The CHA has not performed a market analysis as a comparative tool.

Mr. McGowen called the public hearing to order at 5:00 PM, introduced staff and explained the purpose of the public hearing was to accept public comment regarding the 2011 Agency Plan and Five-year plan.

Mr. Stanfield distributed copies of the 2011 Agency Plan and Five-year Plan. He discussed the contents of those plans and reviewed some of the component parts in detail including the flat rent schedule and the CFP annual plan and five-year plan. He explained that there is a change this year to the flat rent schedule. He reviewed some of the capital improvements that the CHA has made in recent years with the CFP funding, as well as current CFP and ARRA CFP projects, and solicited suggestions from residents and those in attendance regarding additional capital improvement needs throughout the CHA's public housing portfolio. The following comments were received:

- The residents at Indian Hills Manor and Storey Blvd. Apts mentioned the need to improve the elevators at both buildings. Mr. Stanfield explained that the CHA is intending to contract for replacement of the operating mechanisms of the elevators at Indian Hills Manor this Spring and that the anticipated cost will approach \$ 250,000. Addressing the elevators at SBA are planned for future years, as funds are available, as they are not nearly as bad as the elevators at IHM. Mr. Stanfield also explained that the CHA has contracted for improvements to the door sensors at IHM. This work should commence this week or next, and hopefully it will resolve the majority of the complaints that tenants have expressed about the elevators at IHM.
- It was suggested that there might be a leak with the new roof at SBA. Mr. Allen explained that he doesn't believe that the problem is related to the roof, but that a pipe that is infrequently used might be leaking. CHA Maintenance is trying to identify the problem so that it can be resolved. The residents confirmed that they appreciate the effort from CHA Maintenance to investigate and resolve the problem. Mr. Allen explained that similar problems have occurred at SBA in prior years. In each previous instance the problem was eventually identified to be a problem with plumbing. Mr. Allen assured the residents that we are aware of the problem and we will stay on it until it is resolved.
- The residents at the Burke expressed that the domestic hot water is too hot. Mr. Allen indicated that he had not heard this complaint previously, but that he would take care of that issue.

- It was suggested that the CHA put up signs at Stanfield Manor explaining that skateboarding and rollerblading are not permitted on CHA premises, due to problems with kids from the adjacent roller rink skating on Stanfield property in the evenings.
- It was also suggested that the CHA enforce the parking rules at each of the buildings. Mr. Stanfield explained that it is difficult for the CHA to know which vehicles are inappropriately parked, but that the building managers and resident councils are in a better position to explain to people what the parking restrictions are at each building. Residents expressed frustration. Mr. Stanfield explained that the CHA is reluctant to immediately tow cars that might be visitors or care providers. He did explain that the CHA enforces the lease provisions regarding unlicensed and inoperable vehicles, but that we don't want to unintentionally impact a residents ability to obtain visitors or care providers. However the resident councils could reinforce, to all residents, the importance of everyone ensuring that their guests respect and abide by the parking rules.
- Mr. Stanfield reminded everyone about how important that we all continue to work together to keep the bedbugs under control. The residents expressed appreciation for the efforts of the CHA to control bedbugs and the success that has been achieved in controlling them.

Mr. McGowen requested further public comments. There being none, he adjourned the public hearing at 6:00 PM.
