5.1	Mission. State the PHA's Mission for serving the needs of low-income, very low-income, and extremely low income families in the PHA's jurisdiction for the next five years: Our mission is to ensure drug free, safe, decent, and affordable housing, create opportunities for resident's self-sufficiency and economic independence, and assure fiscal integrity by all program participants.					
5.2	Goals and Objectives. Identify the PHA's quantifiable goals and objectives that will enable the PHA to serve the needs of low-income and very low-income, and extremely low-income families for the next five years. Include a report on the progress the PHA has made in meeting the goals and objectives described in the previous 5-Year Plan. 1) Our goals and objectives for the next 5 years are to install AC units in 21 of the units. These will replace any window units that are being used now. This should save on the cost of utilities that the authority pays. 2) We have been approved for weatherization funding; which is taking place at the time of this writing. There will be approximately \$87,000 of improvements made at no cost to the housing authority. The savings in utility cost is estimated to be approximately 20%. This frees the housing authority dollars; allowing the housing authority to spend monies on other energy efficient projects. 3) For site improvements we plan on replacing hand rails on each of the units that currently have them. 4) We plan to be replacing roofs sometime within the next 5 years. This work will be done in phases.
