7.0	<p>Hope VI, Mixed Finance Modernization or Development, Demolition and/or Disposition, Conversion of Public Housing, Homeownership Programs, and Project-based Vouchers. <i>Include statements related to these programs as applicable.</i></p> <p>The Homeownership Program that the Ithaca Housing Authority administers has not conceptually changed since its implementation on March 27, 2007. The Ithaca Housing Authority has demonstrated its capacity to administer the program by requiring that financing for purchase of a home under its Section 8 Homeownership Program will be provided, insured or guaranteed by the State or Federal government; comply with secondary mortgage market underwriting requirements; or comply with generally accepted private sector underwriting standards. Two homeowners closed on their homes in 2011.</p>
8.0	<p>Capital Improvements. Please complete Parts 8.1 through 8.3, as applicable.</p>
8.1	<p>Capital Fund Program Annual Statement/Performance and Evaluation Report. As part of the PHA 5-Year and Annual Plan, annually complete and submit the <i>Capital Fund Program Annual Statement/Performance and Evaluation Report</i>, form HUD-50075.1, for each current and open CFP grant and CFFP financing.</p> <p>See attached form HUD 50075.1 for the 2012 Annual Plan and one for each of the following Capital Fund Programs:</p> <ul style="list-style-type: none"> • 2011 CFP • 2010 CFP

Large capital items must be included in the Five-Year Action Plan.</p>
8.3	<p>Capital Fund Financing Program (CFFP).</p> <p><input type="checkbox"/> Check if the PHA proposes to use any portion of its Capital Fund Program (CFP)/Replacement Housing Factor (RHF) to repay debt incurred to finance capital improvements.</p>
9.0	<p>Housing Needs. Based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data, make a reasonable effort to identify the housing needs of the low-income, very low-income, and extremely low-income families who reside in the jurisdiction served by the PHA, including elderly families, families with disabilities, and households of various races and ethnic groups, and other families who are on the public housing and Section 8 tenant-based assistance waiting lists. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location.</p> <p>A limited supply of housing stock has resulted in hot competition among buyers, which has pushed home prices up. New housing construction is generally not affordable to the average household, and there is little economic incentive for contractors to develop affordable housing. Therefore, many people in Tompkins County rent their living space, but this also comes at a premium. College students make up a significant number of renters in the community; this student population has a direct and negative impact on housing affordability. Tompkins County's low vacancy rates for rental units create competition for available units and help inflate prices. At least one in three households in Tompkins County has housing affordability problems. Over 10,000 households pay more than 30 percent of their income on housing; over 5,000 spend more than half their income on housing. In Ithaca alone, 57% of renters spend more than 30% of their household income on rent, compared to the 18% of homeowners spending at that rate. This cost burden is most acute for low-income renters, many of whom are not students. Among non-student renters, nearly 40 percent – close to 4,000 households – pay more than the affordable level for housing. The number and percentage of low- and moderate-income renters and homeowners is increasing. Seventy-seven percent of renters were considered to be low- or moderate-income (LMI) people. Of this number 43% were very low income, earning just 30% or less of the area's median income. The City of Ithaca, as well as IHA, recognizes the importance of fair housing for all residents; therefore, City and IHA policies are in place to prevent discrimination on the basis of race, creed, color, national origin, sex, disability, marital status or sexual preference. Because of better health care and increasing longevity rates, seniors will continue to age and add to housing needs. In just a few years, the baby boom generation will start turning 65. In the years that follow, there will be increasing pressure on housing for seniors age 75 and over that will reach its peak by the 2020s. The number of lower-income seniors will continue to rise. Ithaca saw a 22% increase in households headed by someone 65 and older. Considering that nearly 12% of seniors live in poverty and 79% of seniors are LMI persons, housing costs for this population will remain a serious issue. Housing quality remains a concern. To compound the issue, Ithaca has a very low homeownership rate. The U.S. homeownership rate is just over 66%; Tompkins County homeownership rate is nearly 54%. The need for emergency shelter, transitional housing and services for homeless and near homeless is at a critical level. There are a large number of homeless "unattended youth" in our area. These are independent young people, ages 16-25 that typically do not use the homeless shelter and do not participate in homeless assistance and prevention programs geared toward adults and families. Because of their age and developmental needs, these homeless youth straddle both the youth and adult social service systems with their needs never being fully met in either system. Currently, there are approximately 766 families on IHA's Section 8 waiting list. The Public Housing waiting list consists of approximately 159 families, and currently there are only no vacancies. In conclusion, there is a serious need for affordable and safe housing in Tompkins Co.</p>

9.1	<p>Strategy for Addressing Housing Needs. Provide a brief description of the PHA’s strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. Note: Small, Section 8 only, and High Performing PHAs complete only for Annual Plan submission with the 5-Year Plan.</p> <p>Strategies Include:</p> <ul style="list-style-type: none"> • Reduce turnover time for vacated public housing units • Reduce time to renovate public housing units • Continue placing families in their own home under IHA’s Homeownership Program. • Work with Dept. of Social Services to receive referrals for Family Unification Program. • Maintain or increase Section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction. • Undertake measures to ensure access to affordable housing among families assisted, regardless of unit size required. • Maintain or increase Section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration. • Maintain or increase Section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program • IHA will apply for additional Section 8 or FUP vouchers should they become available. • Adopt rent policies to support and encourage work. • Apply for special-purpose vouchers targeted to the elderly and families with disabilities, should they become available. • Affirmatively market to local non-profit agencies that assist families with disabilities. • Affirmatively market to races/ethnicities shown to have disproportionate housing needs.
