1.0 PIH Information

1 PIH INFORMATION

The **PIH Information** module allows the user to access the **SEMAP** sub module and the **Risk Assessment** sub module. These sub modules provide the functionality to rate PHA performance from different aspects. These two ratings affect the type and amount of funding that a PHA gets based on its performance, so it is important for PHAs to receive good scores on their performance.

The **DIS** and **KDHAP** sub modules allow the users to access information about disaster affected areas. They monitor household information for households affected by natural disaster.

1.0 PIH Information

1.1 SEMAP

The **SEMAP** sub module allows the PHAs to submit data for SEMAP scoring and certification. The SEMAP certification takes place every year for PHAs based on their FYE (fiscal year end). To pass the SEMAP certification, PHAs must submit the SEMAP profile within 60 days from their fiscal year end.

The SEMAP certification determines the overall rating of a PHA. Every PHA that participates in the Section 8 or Combined program types has to submit the SEMAP certification profile every year. If a PHA fails to submit for SEMAP certification or gets a very low score, then this PHA is considered to be troubled and has to work with the TARC office to ensure their recovery.

1.1.1 Assessment Profile

To submit a profile for certification, the user has to select the PHA to submit the SEMAP profile in the List sub tab of the Assessment Profile tab (see Figure 1).

Figure 1: The List sub tab of the Assessment Profile tab

To select the desired PHA, the user must select the appropriate **Field Office** in the Field Office list. After the user clicks **Select**, the program refreshes the page. Now, the user can either select the desired PHA in the list of PHAs displayed, or search for a specific PHA using the controls in the **Housing Agencies Search Filters** section. The default selections of the controls are **All**, so the program displays the list of all PHAs for the Field Office selected. The user can search by the FYE (fiscal year end), overall rating, certification status, or size of PHAs. After selecting the desired search criteria, the user must click **Retrieve** for the program to display the search results.

The program displays the list of PHAs that match the search criteria in form of a table. The user can sort the list of PHAs by the PHA code, name and current SEMAP application status by clicking the appropriate column headings. The table provides the following information:

1.0 PIH Information

- HA Code and Name.
- FYE (fiscal year end)
- Current Status (the most current status of the SEMAP certification for the PHA)
- Combined Size (the total number of units that the PHA is responsible for)
- Current Due Date (the date when the PHA must submit the SEMAP profile)

1.1.1.1 Summary

The PHA code in the **HA Code** column is a link. If the user clicks the link the program will display the **Summary** sub tab with the summarized SEMAP data for the selected PHA (see Figure 2).

Figure 2: The Summary sub tab of the Assessment Profile tab

This data displayed on the **Summary** sub tab consists of 2 sections: the **Housing Agency Details** section and the **SEMAP Certification Details** section.

The **Housing Agency Details** section contains the applicable SEMAP certification summary. The **PHA Fiscal Year** list allows the user to select the appropriate fiscal year to view the data for. When the user selects another year in the **PHA Fiscal Year** list, the program updates the page to display the new details.

The **SEMAP Certification Details** section displays the steps of the SEMAP certification process. It displays the fiscal year end date, the certification submitted or profile created for the PHA by the system, and the status of each certification and profile. It also includes the PHA's overall rating (once the PHA's certification has been processed), the reasons that provide brief explanation of each step in the profile, and the date of completion for every step.

When PHAs want to view the SEMAP information, they can access the **Summary** sub tab and select the desired fiscal year in the **PHA Fiscal Year** list.

1.1.1.2 Certification

The Certification sub tab of the SEMAP sub module allows HUD users to view the certification details and the **Performance Indicators** details for a particular PHA. The SEMAP program contains fifteen (15) key indicators that allow the Field Office staff to rate PHAs' performance.

SEMAP CERTIFICATION (Page 1)			
Public reporting burden for this collection of information is estimated to average 12 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a currently valid OMB control number.			
This collection of information is required by 24 CFR sec 985.101 which requires a Public Housing Agency (PHA) administering a Section 8 tenant-based assistance program to submit an annual SEMAP Certification within 60 days after the end of its fiscal year. The information from the PHA concerns the performance of the PHA and provides assurance that there is no evidence of seriously deficient performance. HUD uses the information and other data to assess PHA management capabilities and deficiencies, and to assign an overall performance rating to the PHA. Responses are mandatory and the information collected does not lend itself to confidentiality.			
Check here if the PHA expends less than \$300,000 a year in federal awards <input type="checkbox"/>			
Indicators 1 - 7 will not be rated if the PHA expends less than \$300,000 a year in Federal awards and its Section 8 programs are not audited for compliance with regulations by an independent auditor. A PHA that expends less than \$300,000 in Federal awards in a year must still complete the certification for these indicators.

Figure 3: The Certification sub tab of the Assessment Profile tab

The SEMAP profile consists of two pages. Page 1 contains indicators 1-7. Page 2 contains indicators 8-15. The SEMAP profile of a PHA has to be verified by the PHA’s Executive Director before submission.

1.1.1.3 Profile

User can see the profile and the current status of the submission of a certification on the **Summary** sub tab. If a user clicks the **Profile** link in the **Certification/Profile** column of the **SEMAP Certification Details** section of the report, the program will display the profile details on the **Profile** sub tab.

The SEMAP score can be seen on the **Profile** sub tab only after it has been approved by the Field Office director. To view scores for previous years, the user must select the desired year in the **PHA Fiscal Year** list on the **Summary** sub tab.

The program displays the SEMAP score in form of a table. The PHA users can view the score awarded to the PHAs by the SEMAP scoring process for every indicator in the **Current Rating** column (see Figure 4). Field Office staff can use the controls on the **Profile** sub tab to override the score awarded for PHAs by the program. The score awarded to PHAs by the HUD officials will display in the **HUD/FO Rating** column.

When Field Office reviewer or Field Office director view the profile for a PHA, the **HUD/FO Rating** column displays the each score as a list allowing the user to select the appropriate score for any indicator. When a Field Office staff member overrides the score awarded to a PHA by the program, they must provide a reason for the override in the SEMAP Change Rating Comment window. The program displays the SEMAP Change Rating Comment window for the user to enter any applicable comments instead of the default comment (see Figure 5).

If the user clicks the **MTCS Extract Details** link, then the program displays the SEMAP indicators (indicators 9-15) details for the selected PHA (see Figure 6). These details are also considered when the program runs the SEMAP scoring batch along with the PHA’s responses to the indicators. This data is obtained through the monthly summarization batch and is updated every month.

If the user clicks **Create New Profile** button (see Figure 4), then the program creates a new profile for the PHA. The user can see the profile on the **Summary** sub tab of the **Assessment Profile** tab. To create a new profile, the user must select the profile type in the **Profile Type** list. The options available are **Field Office Adjustment** and **Audit Adjustment**. The new profile can only be created by a HUD user and a Super User. If the new profile is created by the Field Office staff member (e.g. a PHA can request a new profile to be created without filing an appeal), then the Field Office user must select the **Field Office Adjustment** option. If the profile is created by a user from HUD Headquarters, then the user must select the **Audit Adjustment** option.

(ADDRESS)

Dear (First Name Last Name):

Thank you for completing your Section 8 Management Assessment Program (SEMAP) certification for the Test. We appreciate your time and attention to the SEMAP assessment process. SEMAP enables HUD to better manage the Section 8 tenant-based program by identifying PHA capabilities and deficiencies related to the administration of the Section 8 program. As a result, HUD will be able to provide more effective program assistance to PHAs.

The Test final SEMAP score for the fiscal year ended 12/31/2009 is 0. The following are your scores on each indicator:

Indicator	1	Selection from Waiting List (24 CFR 982.54(d)(1) and 982.204(a))	0
Indicator	2	Reasonable Rent (24 CFR 982.4, 982.54(d)(15), 982.158(f)(7) and 982.507)	0
Indicator	3	Determination of Adjusted Income (24 CFR part 5, subpart F and 24 CFR 982.516)	0
Indicator	4	Utility Allowance Schedule (24 CFR 982.517)	0
Indicator	5	HQS Quality Control (24 CFR 982.405(b))	0
Indicator	6	HQS Enforcement (24 CFR 982.404)	0
Indicator	7	Expanding Housing Opportunities	0
Indicator	8	Payment Standards(24 CFR 982.503)	0

Figure 17: The Summary page of the Assessment Profile tab displaying an appeal status.

After the user files an appeal, the program updates the **SEMAP Certification Details** section of the **Summary** sub tab of the **Assessment Profile** tab. The program creates another profile to reflect the PHA's appeal (see **Error! Reference source not found.**Figure 19). If the user clicks the **Profile** link, the program displays the **Profile** sub tab with the detailed information for every indicator. When the PHA files and appeal, the Field Office personnel reviews the new profile to determine the validity of PHA's appeal.

1.1.4 Reports

The **Reports** tab allows users to run five reports to view a PHA's SEMAP data. First, the user must search for the desired PHA, to run the report (see Figure 18). The **Housing Authorities Search Filters** section of the page includes four search filters. The default selections of the controls are **All**, so the program displays the list of all PHAs for the Field Office selected. The user may search for a PHA based on the fiscal year end, the overall rating of the latest SEMAP score, the status of the certification, and the size of the PHA itself.

A 'Retrieve' button is located at the bottom right.

Figure 18: The Reports List sub tab of the Reports tab

To retrieve a list of PHAs based on the search filters, the user must select the desired options and click **Retrieve** (see Figure 19).

The screenshot shows a table with the following columns: PHA Code, PHA Name, FYE, Year, Status, and Due Date. The table contains six rows of data:

PHA Code	PHA Name	FYE	Year	Status	Due Date

Figure 19: The list of PHAs

Then, the user can select the desired PHA from the list and select the desired report option in the **Available Reports** section (see Figure 20). The Available Reports section contains the report names and a brief description of the data that this report provides. To run a report, the user must select the PHA, select the report, and then click the **Generate Report** button.

The screenshot shows the 'Available Reports' section with the following table:

1.1.4.3 HA Submission Details Report

The HA Submission Details report can only be run for PHAs that have not submitted their SEMAP certification within the 60-day period. PHAs are allowed to submit their SEMAP certification within 60 days following the FYE (fiscal year end) date. Then, users can request the IMS team to run the SEMAP overdue batch that creates a profile for a PHA with a zero number. The user can see that profile in the **Profile** sub tab of the **Assessment Profile** tab. Then, the user can run the HA Submission Details report and view overdue SEMAP certifications.

1.1.4.4 SEMAP Individual Indicator Score Report

The SEMAP Individual Indicator Score report allows the user to view the SEMAP score for each indicator for the most recent submission (see Figure 23). It displays the number of points that this PHA has received for each indicator, the maximum number of points that can be received for each indicator
