

Deona Madden

Ms. Madden is a Financial Analyst in the Finance Division of REAC. Prior to joining HUD, Ms. Madden worked as a Financial Analyst in the Financial Management & Policy Division at the Department of State. At the Department of State, she reviewed and processed financial documents and performed account reconciliation. In addition, she worked as a Procurement Technician at the National Institutes of Health where she reviewed financial statements and proposed budgets submitted by contractors. She has fifteen years of extensive experience in Financial Management and Federal Government Contracts. Ms. Madden received her Bachelor's Degree in Business Management from the University of the District of Columbia in December 1997.
