To Whom It May Concern:

Please accept this letter as certification of Nevada's compliance with Section 1616(e) of the Social Security Act (the Keys Amendment) for federal fiscal year 2027. Nevada is in full compliance with section 1616(e) of the Social Security Act.

The Nevada Health Authority, Division of Health Care Purchasing and Compliance and Division of Nevada Medicaid, and the Nevada Department of Human Services, Aging and Disability Services Division and Division of Child and Family Services, are the designated authorities to establish, maintain, and ensure the enforcement of standards and regulations for facilities where a significant number of SSI recipients reside. Nevada, through these entities has developed statutes and regulations for facilities where a significant number of SSI recipients reside.

Nevada Administrative Code (NAC) is available online at: <https://www.leg.state.nv.us/>. At this website, you will also find Nevada Revised Statutes (NRS), containing the authority and requirements for licensure of several different types of residential facilities providing services to persons receiving SSI. For additional information about standards, enforcement procedures, waivers of standards, and violations (See Attachment A).

Enforcement regulations and administrative sanctions can also be found at the website indicated above. Health Facilities violation reports can be accessed online at:

<https://nvdpbh.aithent.com/Protected/LIC/LicenseeSearch.aspx?Program=HFF&PubliSearch=Y&returnURL=~&Login.aspx?TI=2#noback>.

In order to comply, each authority listed above has established standards appropriate to the needs of their respective SSI recipients residing in facilities and has established procedures for enforcing the standards.

The latest changes are identified by date, for changes that have been codified in NAC, for of the chapters listed in attachment "A", since the last certification.

If you have any questions regarding this letter, please contact me at (702)486-6515.
