Explanation of Calendar Year (CY) 2025 Public Housing Operating Subsidy Obligations for September, October and November**Interim Project Eligibility Levels for CY 2025**

The Department is in the process of obligating Operating Subsidy grants for the months of September, October, and November 2025, in accordance with the information below. September, October, and November 2025 obligations are based on the interim eligibility determined after processing the 2025 Operating Subsidy forms. This obligation will cover eleven twelfths of prorated eligibility in eLOCCS.

All Operating Subsidy obligations are cumulative. As such, to the extent that excess amounts were cumulatively obligated to a project previously, its next obligation (and possibly future obligations depending upon the amount of the overfunding) will reflect a relative decrease. To the extent that insufficient amounts were cumulatively obligated to a project previously, its next obligation will reflect a relative increase. This round of funding is expected to be available in eLOCCS no later than September 2, 2025. The next round of funding is expected to be made available in eLOCCS no later than December 1, 2025. Obligation Letters and project level Detailed Calculation Reports will be available on the FMD website for 2025:
