1. Program Purpose and Budget Overview

The 2020 President’s Budget requests no funding for the Choice Neighborhoods program. The 2020 Budget recognizes a greater role for state and local governments, the private sector, and non-profits to address community and economic development needs in localities across the nation. Thus, HUD will continue to seek ways to partner with these governmental and private entities to adopt policies and reduce regulatory barriers that would allow communities to transform neighborhoods and unleash the potential of their residents.

Choice Neighborhoods provided two types of federal grants: 1) planning and action grants which supported the development of comprehensive transformation strategies along with critical community improvement projects, and 2) implementation grants, which allowed communities to put plans for neighborhood revitalization into effect. As of December 2018, there were 16 active Planning Grants and 23 active Implementation Grants. HUD will continue to monitor current grantees and provide existing projects with assistance as needed.
