#### PROGRAM PURPOSE

The Native Hawaiian Housing Block Grant (NHHBG) program funds a wide range of affordable housing activities on Native Hawaiian home lands. Eligible activities include new construction, rehabilitation, acquisition, infrastructure, and various support services. In addition, funds can be used to provide rental assistance to eligible Native Hawaiians residing on or off Hawaiian home lands. The sole recipient is the State of Hawaii's Department of Hawaiian Home Lands (DHHL).

#### BUDGET OVERVIEW

The 2023 President's Budget requests \$10 million for the NHHBG program, which is \$8 million more than the 2022 annualized CR level. This investment will help increase the production of and access to affordable housing for Native Hawaiian families, as well as address the needs identified in the 2017 *Housing Needs of Native Hawaiians* Report.<sup>1</sup>

#### JUSTIFICATION

In May 2017, HUD published *Housing Needs of Native Hawaiians*. According to the report, Native Hawaiians, and other Pacific Islanders account for 39 percent of the State's overall homeless population despite only representing 10 percent of the State's population. In addition, Native Hawaiians have lower incomes, higher poverty rates, and lower educational attainment rates than other residents of Hawaii.

Since the inception of the program, funds have been primarily for housing development activities (e.g., infrastructure to support new homeownership units). Now, DHHL is using more of their funds on individual homeowner financing (e.g., for new home construction and homeowner rehabilitation), rental housing assistance, and housing counseling. The development activities support HUD priorities of assisting underserved communities and increasing the production of affordable housing.

In 2019, the Governor of Hawaii approved new administrative rules for DHHL that allow multifamily complexes and rental housing units to be built on the Hawaiian home lands. In response, DHHL has also shifted its focus to increasing future rental housing opportunities for Native Hawaiian families.

Between 2002 and 2021, DHHL used NHHBG funds to help build, acquire, and rehabilitate 748 affordable homes and develop infrastructure improvements to approximately 693 lots to construct affordable homes. Funds have also been used to rehabilitate community centers, provide housing counseling, financial literacy training, and self-help home repair training to over 2,900 families.
