The 2026 President's Budget eliminates funding for Self-Sufficiency Programs (SSP), reducing spending by \$195.5 million compared to the 2025 Enacted level.

The Family Self-Sufficiency (FSS), Jobs Plus, and Resident Opportunity and Self-Sufficiency (ROSS) programs provide funding for case management and service coordination, while also focusing on building employment skills, connecting residents to educational resources, health care, and other services.

The 2026 Budget recognizes a greater role for State and local governments, the private sector, and non-profits to address community and economic development needs in localities across the Nation. Thus, HUD will continue to seek ways to partner with these governmental and private entities to adopt policies and reduce regulatory barriers that would allow communities to transform neighborhoods and unleash the potential of their residents.
