

Submission of FY2020 Consolidated Plan/Action Plan to HUD

HUD will review a Consolidated Plan/Action Plan in accordance with 24 CFR 91.500(b). Beginning with FY2020, grantees must submit SF-424s and SF-424Ds electronically in the eCon Planning Suite with the Consolidated/Annual Action Plan submission.

The 45-day review period will begin when the field office receives the electronic eCon Planning Suite submission from the grantee. The eCon Planning Suite submission must include the Consolidated Plan/Action Plan and electronic submissions of one originally signed SF-424 along with originally signed certifications and assurances (SF 424D) for each Community Planning and Development Program (CPD) identified under the Plan. Grantees are required to maintain the originally executed SF-424 and originally executed SF-424D.

HUD will disapprove as substantially incomplete, any Consolidated Plan or Action Plan covering FY 2020 funding that does not reflect actual CDBG, HOME, ESG, HOPWA and HTF allocation amounts on form SF-424(s), in the description of resources and objectives, and in the description of activities to be undertaken (or, for states, the method of distribution).
