a. Purpose

Local government grantees should use this checklist to rely on a prior financial certification submission. Do not use this checklist when completing a new financial certification – instead, refer to the checklist for new financial certification.

Local government grantees should use this certification checklist to rely on a prior certification submission. This certification checklist includes all required elements for local government grantees to *rely on a prior certification submission* (see ii.c. *How to Use This Checklist*).

b. Overview of Requirements for Relying on Prior Submissions of Financial Certification

The Universal Notice describes the grant award process for CDBG-DR grantees, including the process for relying on a prior certification (see Section II.B of the Universal Notice for requirements to rely on a prior certification). CDBG-DR grantees that are eligible to rely on prior certification and wish to do so must complete this checklist to enable certification by the Secretary.

For five years after the execution of a grant agreement for an initial allocation of funds subject to the Consolidated Notice (Public Laws 117-43, 117-180, and 117-328) or Universal Notice, HUD will rely on the grantee's prior submissions provided in response to the Financial Management and Grant Compliance Certification Requirements for any subsequent allocation of funds that is subject to the Universal Notice. HUD will continue to monitor the grantee's submissions and updates made to policies and procedures during the normal course of business (i.e., CPD's Monitoring Handbook and applicable CPD Notice Implementing Risk Analyses for CPD programs). The grantee must notify HUD of any substantial changes made to these submissions.

If it has been more than five years since the executed grant agreement for the original CDBG-DR grant, grantees must update and resubmit the documentation required by section II.A.1. of the Universal Notice (Documentation requirements) with the completed Certification Checklist to enable the Secretary to certify that the grantee has in place proficient financial controls and procurement processes, and adequate procedures for proper grant management. However, the Secretary may require any CDBG-DR grantee to update and resubmit the documentation required by section II.A.1. (Documentation requirements), if there is good cause to require it.

Additionally, to rely on prior submissions for Consolidated Notice grants, grantees must have submitted their Capacity Assessment with their Implementation Plan, as required in section III.A.2. of the Consolidated Notice. If the grantee did not submit that documentation, they should include it now. If grantees already submitted their Capacity Assessment with their Implementation Plan, they must document any substantial changes in the box provided on page 6 of this checklist and submit the revised documentation with this checklist.
