CONSULTATION

Before developing its HOME ARP Allocation Plan, a Participating Jurisdiction (PJ) must consult with the Continuum of Care (CoC) serving the jurisdiction's geographic area, homeless and domestic violence service providers, veterans' groups, public housing agencies (PHAs), public agencies that address the needs of the qualifying populations, and public or private organizations that address fair housing, civil rights, and the needs of persons with disabilities, at a minimum. State PJs are not required to consult with every PHA or CoC within the state's boundaries; however, local PJs must consult with all PHAs (including statewide or regional PHAs) and CoCs serving the jurisdiction.

Summarize the consultation process:

The City of Garden Grove (City) selected relevant service providers in the area that are best suited to provide detailed information on the service provision landscape for each qualifying population throughout the city. Each group was consulted using a uniform set of interview questions, discussing needs for all qualifying populations. The wide range of groups included fair housing groups, public housing agencies, veterans' groups, domestic violence groups, public organizations addressing the needs of qualifying populations, and organizations addressing fair housing, civil rights, and the needs of persons with disabilities.

List the organizations consulted, and summarize the feedback received from these entities.

Summary of Stakeholder Consultation and Public Participation

HUD requires each HOME-ARP PJ to consult with agencies and service providers whose clientele include the HOME-ARP qualifying populations. Agencies that must, at a minimum, be consulted include the Continuum of Care serving the jurisdiction's geographic area, homeless and domestic violence service providers, veterans' groups, PHAs, public agencies that address the needs of the qualifying populations, and public or private organizations that address fair housing, civil rights, and the needs of persons with disabilities. HUD also requires that each PJ provide opportunities for the public to comment on the proposed Allocation Plan, including the amount of HOME-ARP funds that will be received and the activities that the City may undertake.

To ensure broad input into the HOME-ARP Allocation Plan, the City engaged in consultation with the Continuum of Care, which included virtual consultation sessions over Zoom that took place on February 21, 2023. The consultation session was in front of the CoC general membership of public and assisted housing providers and private and governmental health, mental health, and service agencies from across Orange County. During the presentations, the City presented the draft HOME-ARP Allocation Plan and received feedback and consultation from all attendees. All comments received were in favor of the City's allocation plan. Please review the minutes that are included in Exhibit A.

Interviews were conducted with service providers throughout the city using a uniform question set. The goal was to establish characteristics, needs, and gaps for the city's current qualifying populations. When asked to rank the needs of qualifying populations, the top choice across all interviews was a tie between supportive services and non-profit operating funding. This was closely followed by development of affordable Rental Housing. These needs helped to guide this allocation. The most commonly cited gap within service provision or housing inventory was found to be lack of affordable housing/homeless prevention programs.

The top three priority needs for supportive services, according to respondents, were mental health services, homeless prevention services, and drug abuse/addiction services. Organizations that were consulted indicated a rate of 60% likelihood to apply for homeless prevention services funding, and a 67% likelihood to apply for housing counseling funding. All organizations except for two (2) said housing counseling services, such as housing search, landlord/tenant rights, budgeting, and credit education/repair programs have a significant impact on the community. One organization indicated "no", and another indicated that it was "not sure". Organizations stated that help is needed from foundations and individual donors to help fill fundraising gaps that grants may not cover, and they stated a need for transitional housing.

When asked about what sorts of projects would benefit the City, respondents most commonly said that more permanent affordable housing is needed for all populations.

For consultation results on each Qualifying Population, see the summaries below:

Homeless as defined in 24 CFR 91.5

Nearly half of all consultations (40%) dealt directly with self-identified homeless service providers, but the needs of this population were present in all consultations. Specifically, consultations pointed towards an additional need of support across shelter and housing programs, including emergency and temporary shelters, supportive service providers, transitional housing, bridge housing, permanent supportive housing, and rapid rehousing. Supportive services was tied as the most common priority need across all consultations. Lack of low-barrier shelters, and lack of shelter beds were two of the top three identified largest gaps for all consultations, trailing lack of affordable housing/homeless prevention programs, which was the top gap.

At Risk of Homelessness as defined in 24 CFR 91.5

Homeless prevention services were the second most identified priority need for qualifying populations across all consultations, trailing behind supportive services, and 60% indicated they would be looking to apply for additional homeless prevention services funding to fill existing gaps in capacity. Additionally, 90% of consultations saw organizations state that housing counseling services have a significant impact on our community. This specifically includes services such as housing search, landlord/tenant rights, budgeting, and credit education/repair programs.

Fleeing, or Attempting to Flee, Domestic Violence, Dating Violence, Sexual Assault, Stalking, or Human Trafficking

When consultations shifted to identifying needs for specific supportive services, mental health services was the most commonly cited response, which can be crucial for victims of domestic violence. Additionally, domestic violence services was cited as a top five need for supportive services. Consultations also asked organizations about a need for female head of household programs, but this was not cited as being as large of a need. Finally, childcare and family resources were less cited, but still recognized as a need in the City.

Other populations requiring services or housing assistance to prevent homelessness and other populations at greatest risk of housing instability

Drug abuse/addiction services were the third most commonly cited need for supportive services while persons with disabilities was the fourth most commonly cited need for supportive services across all consultations. For all consultations, there was no stated need for additional medical or behavioral services.

PUBLIC PARTICIPATION

PJs must provide for and encourage citizen participation in the development of the HOME-ARP Allocation Plan. Before submission of the plan, the City consulted with the Continuum of Care on February 21, 2023.

PJs must provide residents with reasonable notice and an opportunity to comment on the proposed HOME-ARP Allocation Plan for no less than 15 calendar days. In addition, PJs must hold at least one public hearing during the development of the HOME-ARP Allocation Plan and prior to submission.

For the purposes of HOME-ARP, PJs are required to make the following information available to the public:

- I. The amount of the PJs HOME-ARP allocation, which is **\$3,037,211**.
- II. The range of activities the City may undertake:
 - i. **Development of Affordable Rental Housing;**
 - ii. **Tenant-Based Rental Assistance;**
 - iii. **Supportive Services;**
 - iv. **Acquisition and Development of Non-Congregate Shelters;**
 - v. **Non-Profit Operating and Capacity Building; and**
 - vi. **Planning and Administration.**

Describe the public participation process, including information about and the dates of the public comment period and public hearing(s) held during the development of the plan:

Garden Grove conducted stakeholder interviews and a survey process with the primary consultation groups, as well as other social service and interested organizations. Eleven stakeholders participated in a survey process. Public review and comment period are as follows:

- Public comment period: February 24th through March 14th, 2023
- Public hearing: March 14, 2023 at 6:30 p.m.

Describe any efforts to broaden public participation:

A PJ must consider any comments or views of residents received in writing, or orally at a public hearing, when preparing the HOME-ARP Allocation Plan. Public meetings were held with stakeholders, online survey was distributed, and the public review and comment period was announced via press release in local newspapers, which closed with the public hearing at the Garden Grove City Council. The press releases announcing the public review period and public hearing for the HOME-ARP Allocation Plan was published in the Orange County News (English), Viet Bao (Vietnamese) and La Opinion (Spanish) on Friday, February 24, 2022.

Summarize the comments and recommendations received through the public participation process:

The City received three public comments during the public hearing that was held on March 14, 2023 at the Garden Grove City Council Meeting. All three public comments expressed support for the HOME-ARP Allocation Plan and the proposed activities that the City is planning with the HOME-ARP allocation. One of the commenters also mentioned the Willowick property and suggested City Staff contemplate that location as an option to develop affordable housing. The minutes from the March 14, 2023 City Council Meeting are included in Exhibit A.

Summarize any comments or recommendations not accepted and state the reasons why:

All comments were accepted.

NEEDS ASSESSMENT AND GAPS ANALYSIS

PJs must evaluate the size and demographic composition of qualifying populations within its boundaries and assess the unmet needs of those populations. In addition, a PJ must identify any gaps within its current shelter and housing inventory as well as the service delivery system. A PJ should use current data, including the Point-In-Time (PIT) count, housing inventory count, Homeless Management Information System data, other relevant data available through CoCs, and consultations with service providers to quantify the individuals and families in the qualifying populations and their need for additional housing, shelter, or services. The PJ may use the optional tables provided below and/or attach additional data tables to this template.

Describe the size and demographic composition of qualifying populations within the PJ's boundaries:

Homeless as defined in 24 CFR 91.5

- I. An individual or family who lacks a fixed, regular, and adequate nighttime residence, meaning:
 - i. An individual or family with a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings, including a car, park, abandoned building; or
 - ii. An individual or family living in a supervised publicly or privately operated shelter designated to provide temporary living arrangements (including congregate shelters, transitional housing, and hotels and motels paid for by charitable organizations or by federal, state, or local government programs for low-income individuals); or (iii) An individual who is exiting an institution where he or she resided for 90 days or less and who resided in an emergency shelter or place not meant for human habitation immediately before entering that institution;
- II. An individual or family who will imminently lose their primary nighttime residence, provided that:
 - i. The primary nighttime residence will be lost within 14 days of the date of application for homeless assistance;

- ii. No subsequent residence has been identified; and
 - iii. The individual or family lacks the resources or support networks, e.g., family, friends, faith-based or other social networks needed to obtain other permanent housing;
- III. Unaccompanied youth under 25 years of age, or families with children and youth, who do not otherwise qualify as homeless under this definition.

As identified in the Everyone Counts 2022 PIT Report prepared by Orange County and its partners, a total of 391 unhoused individuals lived in Garden Grove, which is 3.3 percent of the total number in Orange County. Of the 391 unhoused, 278 were unsheltered (70.6 percent) and 113 sheltered (28.9 percent). Unsheltered homeless are individuals or families not housed in a shelter and whose primary nighttime residence is public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings. These are people living on the street or in makeshift shelters (tents, boxes), motorhomes (RV), vans, or cars. Sheltered homeless are individuals or families living in a supervised operated shelter to provide temporary living arrangement. When compared with 2019, both unsheltered and sheltered homeless count saw an increase in numbers for Garden Grove, with 70.6 percent (unsheltered) and 82.3 percent (sheltered), respectively.

Based on the City's HMIS Data, 139 adults and children make up the household composition and 99 are only adults. Approximately 276 are females, 213 are male and 2 declare other gender. Under the youth age group, 228 youth are under the age of 18. In the age group of 18 to 24, 33 young adults fall within this group, and the senior population (62 and over) has approximately 28. The Hispanic/Latino population make up 64% of those assisted and 36% are Non-Hispanic/Non-Latino. Of clients served, 72% are White, 15% are Black/African American, 5% are Multi-Racial and 4% are Asian.

At Risk of Homelessness as defined in 24 CFR 91.5

- I. An individual or family who:
 - i. Has an annual income below 30 percent of median family income for the area, as determined by HUD; (ii) Does not have sufficient resources or support networks, e.g., family, friends, faith-based or other social networks, immediately available to prevent them from moving to an emergency shelter or another place; and
 - ii. Meets one of the following conditions:
 - a) Has moved because of economic reasons two or more times

during the 60 days immediately preceding the application for homelessness prevention assistance;

- b) Is living in the home of another because of economic hardship;
- c) Has been notified in writing that their right to occupy their current housing or living situation will be terminated within 21 days after the date of application for assistance;
- d) Lives in a hotel or motel and the cost of the hotel or motel stay is not paid by charitable organizations or by federal, State, or local government programs for low- 3 income individuals;
- e) Lives in a single-room occupancy or efficiency apartment unit in which there reside more than two persons or lives in a larger housing unit in which there reside more than 1.5 people per room, as defined by the U.S. Census Bureau;
- f) Is exiting a publicly funded institution, or system of care (such as a health-care facility, a mental health facility, foster care or other youth facility, or correction program or institution); or
- g) Otherwise lives in housing that has characteristics associated with instability and an increased risk of homelessness, as identified in the recipient's approved consolidated plan.

As shown above in the Housing Needs Inventory and Gap Analysis Non-Homeless Table, there are a significant number of individuals who are at-risk of homelessness within Garden Grove. First, there are a total of 2,875 occupied or for-sale rental units within the City that are affordable for households making 0-30% AMI. However, there are 7,840 renters in the City in this income bracket. That creates a gap of 4,965 households that will struggle to find housing that is affordable within this income group, which is defined as at-risk of homelessness. Additionally, of these 7,840 renters, a total of 5,785 (73.8 percent) already experience a severe housing problem, such as severe housing cost burden. For Garden Grove, households in this income group (0-30% AMI) are more likely to be minority households.

Fleeing, or Attempting to Flee, Domestic Violence, Dating Violence, Sexual Assault, Stalking, or Human Trafficking

Any individual or family who is fleeing, or is attempting to flee, domestic

violence, dating violence, sexual assault, stalking, or human trafficking. This population includes cases where an individual or family reasonably believes that there is a threat of imminent harm from further violence due to dangerous or life-threatening conditions that relate to violence against the individual or a family member, including a child, that has either taken place within the individual's or family's primary nighttime residence or has made the individual or family afraid to return or remain within the same dwelling unit. In the case of sexual assault, this also includes cases where an individual reasonably believes there is a threat of imminent harm from further violence if the individual remains within the same dwelling unit that the individual is currently occupying, or the sexual assault occurred on the premises during the 90-day period preceding the date of the request for transfer.

Domestic Violence victims in Garden Grove were assisted by Interval House. The agency served a total of 171 victims in FY 2021-22. Additionally, they responded to 135 domestic violence crisis hotline calls. As of FY 2022-23, 42 individuals are in shelter, 62 at community service centers and 69 have been assisted with rental assistance. In FY 2021, the Garden Grove Police Department received a total of 265 domestic violence related calls for assistance.

The Point in Time count report did not specify numbers for these populations, and there is no information on housing options for these populations within the County Housing Inventory Count. However, there are State databases for supportive services in place for individuals in these circumstances. For example, The National Network for Ending Domestic Violence publishes annual reports by State for counts of domestic violence victims and cases. The 2021 Annual report found that across the State, 4,533 victims are served across the state each day. However, there were still 1,071 unmet requests for services across the State in 2021. Consultation backed up the need for additional services for these populations.

Other populations requiring services or housing assistance to prevent homelessness and other populations at greatest risk of housing instability

Other Populations where providing supportive services or assistance under section 5 212(a) of NAHA (42 U.S.C. 12742(a)) would prevent the family's homelessness or would serve those with the greatest risk of housing instability.

- I. HUD defines these populations as individuals and households who do not qualify under any of the populations above but meet one of the following criteria:
 - i. Other Families Requiring Services or Housing Assistance to Prevent

Homelessness is defined as households (i.e., individuals and families) who have previously been qualified as "homeless" as defined in 24 CFR 91.5, are currently housed due to temporary or emergency assistance, including financial assistance, services, temporary rental assistance or some type of other assistance to allow the household to be housed, and who need additional housing assistance or supportive services to avoid a return to homelessness.

- ii. At Greatest Risk of Housing Instability is defined as household who meets one of the characteristics below:
 - a) Has annual income that is less than or equal to 30% of the area median income, as determined by HUD and is experiencing severe cost burden (i.e., is paying more than 50% of monthly household income toward housing costs);
 - b) Has annual income that is less than or equal to 50% of the area median income, as determined by HUD, AND meets one of the following conditions from paragraph (iii) of the "At risk of homelessness" definition established at 24 CFR 91.5:
 - c) Has moved because of economic reasons two or more times during the 60 days immediately preceding the application for homelessness prevention assistance;
 - d) Is living in the home of another because of economic hardship;
 - e) Has been notified in writing that their right to occupy their current housing or living situation will be terminated within 21 days after the date of application for assistance;
 - f) Lives in a hotel or motel and the cost of the hotel or motel stay is not paid by charitable organizations or by Federal, State, or local government programs for low-income individuals;
 - g) Lives in a single-room occupancy or efficiency apartment unit in which there reside more than two persons or lives in a larger housing unit in which there reside more than 1.5 persons reside per room, as defined by the U.S. Census Bureau;
 - h) Is exiting a publicly funded institution, or system of care (such

as a health-care facility, a mental health facility, foster care or other youth facility, or correction program or institution); or

- i) Otherwise lives in housing that has characteristics associated with instability and an increased risk of homelessness, as identified in the recipient's approved consolidated plan

Veterans and Families that include a Veteran Family Member that meet the criteria for one of the qualifying populations described above are eligible to receive HOME-ARP assistance.

As described in Garden Grove's Consolidated Plan, supportive housing services are needed for the City's elderly (29,940 individuals, 17.3% of the City population), persons with disabilities (18,579 individuals, 10.8% of the City population), developmentally disabled persons, veterans (4,935 individuals, 3.6% of the City population), persons with addictions, and those living with HIV/AIDS. Elderly persons may require long-term supportive housing that includes long-term assisted living, transportation, and nursing care. While many disabled persons can live and work independently within a conventional housing environment, more severely disabled individuals require a group living environment where supervision is provided. The most severely disabled individuals may require an institutional environment where medical attention and physical therapy are provided.

Those suffering from substance abuse might require counseling or case management and a short-term housing solution while undergoing rehabilitation. Other more challenging or on-going conditions might require supportive services that include long-term assisted living, as well as transportation and nursing care. Persons with HIV are often able to live independently as advances in medical treatment enable persons with HIV to lead normal lives. However, persons living with AIDS may require long-term supportive housing as their health conditions deteriorate and impact their ability to work.

Describe the unmet housing and service needs of qualifying populations, including but not limited to:

Sheltered and unsheltered homeless populations;

To measure the number of homeless persons in Garden Grove, the City relies on Point-In-Time surveys prepared by the County of Orange and participating partners. Population estimates for people experiencing homelessness are difficult to quantify. Census information is often unreliable due to the difficulty of efficiently counting a population without

permanent residences. Given this impediment, local estimates of the homeless and anecdotal information are often the source of population numbers. As stated earlier however, there is a population of 391 homeless individuals in Garden Grove as of the 2022 Point in Time Count. There is a need for more homeless services and homeless prevention services for this population. These individuals face tough obstacles for securing housing, and support is needed for rental assistance, and affordable rental housing supply.

Those currently housed populations at risk of homelessness;

While homelessness is a complex problem with many causes, the high cost of housing is a significant contributor. Rising housing costs that have exceeded growth in wages, particularly for low-income households, put Garden Grove residents at risk of housing instability and homelessness. As shown above there exists a potential gap of affordability for 4,965 at-risk households. There is also an extremely high proportion of at-risk families (73.8%) that already experience severe housing problems. These populations are in the most unstable housing situations. Consultation also supported the notion towards additional services being needed. Rental assistance is needed and a lack of affordable units makes attaining housing difficult for those in low income brackets.

Other families requiring services or housing assistance or to prevent homelessness; and

The City of Garden Grove has identified a lack of local data for these populations, and more awareness needs to be elevated for this group. Additionally, more services and supportive housing are needed to accommodate any families or individuals that need assistance.

Those at greatest risk of housing instability or in unstable housing situations:

Accessible housing is a need for most population groups in the City. Housing needs to be accessible from an affordability standpoint, but also in terms of physical access. Individuals with disabilities require accessible units that may drive up housing costs. This may include elderly households, and those with developmental disability. Additionally, the City has a need for more housing and services for veterans.

Identify and consider the current resources available to assist qualifying populations, including congregate and non-congregate shelter units, supportive services, TBRA, and affordable and

permanent supportive rental housing:

Currently, 211 OC is one of the main resources offering assistance to persons experiencing homelessness in Orange County and Garden Grove. The platform offers links and contacts to health and human services. Services offered include the following:

Homeless as defined in 24 CFR 91.5

Special Resource Team - The City of Garden Grove's Police Department's Special Resource Team is responsible for providing response and outreach to homeless individuals. The main goal for the Special Resource Team is to get the homeless residents the services they need to get off of the streets. Funding this organization through the Community Development Block Grant (CDBG) will enhance safety in lower-income areas.

CalOptima Street Medicine Pilot Program – The Street Medicine Pilot Program is a new program that is operated by CalOptima that provides in-community health and medical treatments to the literally homeless population in Garden Grove. The Street Medicine Pilot Program aims to connect unhoused individuals with medical treatment and insurance. Stabilization services are provided to homeless residents that are in need or crisis.

Be-Well Mobile Response Unit – The Be-Well Mobile Response Unit is mobile program that is deployed to any Garden Grove resident experiencing mental health issues or crisis. The Be-Well Mobile Response Unit has been an active partner in the community and has provided street outreach to the homeless population and has connected this population to various Crisis Stabilization Units and emergency shelters throughout the County.

Moving Forward Psychological Institute (MFPI) - the City addresses the emergency and transitional housing needs of homeless persons through allocation of its ESG funds. MFPI are the City's street outreach service provider and connect homeless individuals and families to local shelters and service providers.

Interval House HEART Program - The City plans to address the needs of homeless individuals and those at risk of homelessness through allocation of ESG funds to support local efforts that prevent and address homelessness. The City of Garden Grove also administers the Homeless Emergency Assistance Rental Transition (HEART) Program, which forms part of the Comprehensive Four-Point Approach to End Homelessness. Through HEART, a portion of a household's rent (including security and utility deposits) is paid

while offering services to achieve self-sufficiency. The program aims to assist 40 households over a 12-month period. Currently, the program is being administered by Interval House, which provides domestic violence shelter and support services to victims of domestic violence.

Stand Up For Kids Orange County (ESG CARES Act Funding) - The City allocated Emergency Solutions Grant CARES Act (ESG-CV) funds to Stand Up for Kids of Orange County (SUFK) to provide street outreach and essential services to literally homeless individuals in Garden Grove. SUFK has a direct referral network in the Garden Grove Unified School District (GGUSD) through their McKinney Vento Program, and works with GGUSD to house families experiencing homelessness.

Additionally, SUFK administers a rapid rehousing programs that provides short to medium term rental assistance for up to 12 months, to individuals who are homeless. A portion of a household's rent (including security and utility deposits) is paid while offering services to achieve self-sufficiency. Additionally, Mercy House provides emergency shelter and essential services to the literally homeless population at the Family Care Center Navigation Center.

Mercy House (ESG CARES Act Funding) – The City allocated Emergency Solutions Grant CARES Act (ESG-CV) funds to Mercy House to provide rapid rehousing services in the form of short to medium term rental assistance for up to 12 months, to individuals who are homeless. A portion of a household's rent (including security and utility deposits) is paid while offering services to achieve self-sufficiency. Additionally, Mercy House provides emergency shelter and essential services to the literally homeless population at the Family Care Center Navigation Center.

Illumination Foundation (ESG CARES Act Funding) – The City allocated ESG and ESG-CV funds to Illumination Foundation to provide rapid rehousing services in the form of short to medium term rental assistance for up to 12 months, to individuals who are homeless. A portion of a household's rent (including security and utility deposits) is paid while offering services to achieve self-sufficiency.

Additionally, Illumination provides emergency shelter and essential services to the literally homeless population at their various navigations centers throughout the county. Lastly, Illumination Foundation implemented a Temporary Shelter Program that provides hotel/motel vouchers to individuals experiencing homelessness that are unable to secure a bed in a navigation center. Once a bed is available, the individuals transition to the navigation center and eventually into permanent housing.

Families Forward (ESG CARES Act Funding) – The City allocated ESG-CV funds to Families Forward to provide rapid rehousing services in the form of short to medium term rental assistance for up to 12 months, to individuals who are homeless. A portion of a household's rent (including security and utility deposits) is paid while offering services to achieve self-sufficiency.

Colette's Children's Home (ESG CARES Act Funding) – The City allocated ESG-CV funds to Colette's Children's Home to provide emergency shelter and essential services to the literally homeless population at their transitional shelters throughout the county.

Orange County Asian and Pacific Islander Community Alliance (ESG CARES Act Funding) – The City allocated ESG-CV funds to the Orange County Asian and Pacific Islander Community Alliance (OCAPICA) to provide rapid rehousing services in the form of short to medium term rental assistance for up to 12 months, to individuals who are homeless. A portion of a household's rent (including security and utility deposits) is paid while offering services to achieve self-sufficiency.

At Risk of Homelessness as defined in 24 CFR 91.5

Interval House HEART Program - The City plans to address the needs of homeless individuals and those at risk of homelessness through allocation of ESG funds to support local efforts that prevent and address homelessness. The City of Garden Grove also administers the Homeless Emergency Assistance Rental Transition (HEART) Program, which forms part of the Comprehensive Four-Point Approach to End Homelessness. Through HEART, a portion of a household's rent (including security and utility deposits) is paid while offering services to achieve self-sufficiency. The program aims to assist 40 households over a 12-month period. Currently, the program is being administered by Interval House, which provides domestic violence shelter and support services to victims of domestic violence.

Mercy House – The City allocated Emergency Solutions Grant (ESG) funds to Mercy House to provide homeless prevention services in the form of short to medium term rental assistance for up to 24 months, including up to 6 months of arrears, to individuals and families at imminent risk of homelessness. The housing assistance provided will be located in permanent housing. In addition, funds for homeless prevention will also provide financial assistance such as rental application fees, security deposits and/or services such as case management, housing search and placement, and legal services.

Orange County Asian and Pacific Islander Community Alliance (ESG CARES Act Funding) – The City allocated ESG-CV funds to OCAPICA to provide homeless prevention services in the form of short to medium term rental assistance for up to 24 months, including up to 6 months of arrears, to individuals and families at imminent risk of homelessness. The housing assistance provided will be located in permanent housing. In addition, funds for homeless prevention will also provide financial assistance such as rental application fees, security deposits and/or services such as case management, housing search and placement, and legal services.

Be-Well Mobile Response Unit – The Be-Well Mobile Response Unit is mobile program that is deployed to any Garden Grove resident experiencing mental health issues or crisis. The Be-Well Mobile Response Unit has been an active partner in the community and has provided services to the at-risk population in Garden Grove.

Fleeing, or Attempting to Flee, Domestic Violence, Dating Violence, Sexual Assault, Stalking, or Human Trafficking

Magnolia Park Family Resource Center (Garden Grove) - This center provides health services that include health education classes and insurance enrollment assistance. The Center also provides Women, Infants, and Children (WIC) Program information, free immunization clinics, free home health visits for new moms, medical screenings, and doctor referrals.

Interval House HEART Program - The City plans to address the needs of homeless individuals and those at risk of homelessness through allocation of ESG funds to support local efforts that prevent and address homelessness. The City of Garden Grove also administers the Homeless Emergency Assistance Rental Transition (HEART) Program, which forms part of the Comprehensive Four-Point Approach to End Homelessness. Through HEART, a portion of a household's rent (including security and utility deposits) is paid while offering services to achieve self-sufficiency. Currently, the program is being administered by Interval House, which provides domestic violence shelter and support services to victims of domestic violence.

Be-Well Mobile Response Unit – The Be-Well Mobile Response Unit is mobile program that is deployed to any Garden Grove resident experiencing mental health issues or crisis. The Be-Well Mobile Response Unit has been an active partner in the community and has provided services to individuals who are fleeing or attempted to flee in Garden Grove.

Other populations requiring services or housing assistance to prevent homelessness and other populations at greatest risk of housing instability

Children's Hospital of Orange County (Garden Grove) - This is a community health center provided by Children's Hospital of Orange County (CHOC) in collaboration with the Boys and Girls Club of Garden Grove, the Children and Families Commission of Orange County, and Healthy Smiles for Kids of Orange County. The 14,000 square-foot center provides pediatric medical- related services to children in Garden Grove. Services include childcare, immunizations, sick care, specialty care referral, education on childhood safety, and Healthy Families application assistance.

Horizon Cross-Cultural Community Center (Garden Grove) - This center provides health and wellness programs and services community-wide. Their community health fair provides medical screening for disease and illnesses; immunizations and consultation with medical staff; application and eligibility assistance for programs including Medi-Cal, Healthy Families, Medical Services Initiative (MSI), and Access for Infants and Mothers (AIM); as well as providing educational materials on various diseases. The center also provides child seat safety classes and fish contamination education.

County of Orange Health Care Agency - This is a regional provider that promotes individual, family, and community health through coordination of public and private sector resources. Services sponsored by the Health Care Agency include food protection, hazardous waste regulation, protection from animal-related diseases, water quality monitoring and pollution prevention, mental health services, alcohol and drug abuse services, preventive health services for the aging, healthcare for incarcerated individuals, communicable disease control, child health, and a disability program. All Health Care Agency services are available to the Garden Grove community.

Nhan Hoa Comprehensive Health Care Clinic - This is a non-profit organization founded in 1992 by a group of Vietnamese professionals who responded to the needs of the underserved Vietnamese population. This facility provides cost-effective, family-based health services to people who may not otherwise have access to these services due to financial, language, cultural, lifestyle, or psychological barriers. Services offered include general medicine, health education, and application assistance for MSI and Healthy Families programs, pediatric care, women's healthcare, vision and dental care.

Casa de la Familia - The Organization is sponsored by the California Hispanic Commission on Alcohol and Drug Abuse. La Familia's services are

designed to promote a better understanding of alcohol and drug abuse and related effects on families and communities. The programs are administered and funded through the State Victim Assistance Program, Board of Control. Programs offer psychological counseling and psychiatric treatment to victims and their families to help them cope with the trauma of being either a victim or a witness of a crime.

Mental Health Services - The Orange County Health Care Agency, Behavioral Health Services coordinates resources, treatment programs, support services, and educational outreach for Orange County residents of all ages, backgrounds, and income status. Behavioral Health Services consists of three divisions: Adult Mental Health Services, Children and Youth Mental Health Services and Alcohol and Drug Abuse Services. Additionally, the Orange County Health Care Agency manages the Mental Health Services Act (MHSA) program, which consist of six components: Community Services and Supports (CSS), Workforce, Education and Training (WET), Prevention and Early Intervention (PEI), Capital Facilities and Technological Needs, MHSA Housing, and Innovative Programs.

Be-Well Mobile Response Unit – The Be-Well Mobile Response Unit is mobile program that is deployed to any Garden Grove resident experiencing mental health issues or crisis. The Be-Well Mobile Response Unit has been an active partner in the community and has provided services to individuals who are housing insecure.

Employment Services - Several programs and services are available to help homeless and non- homeless persons in the city of Garden Grove and the region gain employment. A few of these programs are listed below.

Orange County One-Stop Center - This resource is funded by the Workforce Investment Act (WIA) and provides coordinated, customer-friendly, locally driven workforce development services and programs. Through the collaborative efforts of federal, state, county, local agencies, and businesses, the Orange County One-Stop Centers are designed to meet the needs of the employer and job seeker. One-Stop Centers are located in the cities of Westminster, Irvine, and Buena Park.

Self-Sufficient Family Program - This program is provided through the Garden Grove Housing Authority and is designed to encourage participants in the Section 8 Housing Choice Voucher Program to move towards career development and economic self-sufficiency. The program helps households find full-time and better paying jobs. Many participants achieve significant educational milestones, including bachelor's degrees, associate degrees, and/or education certificates.

Project Independence - has offices in three locations throughout Orange County. Project Independence provides supportive services for adults with developmental disabilities, including: independent living, behavioral support, employment development, placement and training services, and recreational programs.

Youth Employment Opportunity Program (YEOP) - is provided by the California Employment Development Department for youths between the ages of 15 to 21 who are at risk of not achieving their educational goals. The program is designed to assist youth in achieving their educational and vocational goals with an emphasis on education, assessment, and peer advising.

Orange County Workforce Investment Board - WIA youth services emphasize long-term educational and career development for youth ages 16 to 21 that are foster youth or emancipated foster youth, pregnant or parenting, ex-offenders, disabled, deficient in basic skills, school dropouts, homeless, runaway, and have other barriers to employment. The WIA youth services help youth achieve placement in employment or education, attainment of a degree or certificate, and literacy and numeracy gains.

County of Orange Continuum of Care – Since 1998, the County of Orange has coordinated a comprehensive regional Continuum of Care (CoC) to develop and implement a strategy to address homelessness in Orange County. The Orange County CoC covers the Orange County jurisdiction, including 34 cities and Unincorporated Areas. As noted in CFR 24 Part 578.1, the Continuum of Care program is designed to:

- Promote a community-wide commitment to the goal of ending homelessness through Regional Coordination and collaboration.
- Advocate for funding and resources to end homelessness and provide funding for proven efforts by nonprofit providers, States, and local governments to quickly rehouse people experiencing homelessness while minimizing the trauma and dislocation caused to homeless individuals, families, and communities by homelessness.
- Advocate for funding and resources to end homelessness and provide funding for proven efforts by nonprofit providers, States, and local governments to quickly rehouse people experiencing homelessness while minimizing the trauma and dislocation caused to homeless individuals, families, and communities by homelessness.

- Advocate for funding and resources to end homelessness and provide funding for proven efforts by nonprofit providers, States, and local governments to quickly rehouse people experiencing homelessness while minimizing the trauma and dislocation caused to homeless individuals, families, and communities by homelessness.

In addition, the city and region are home to the following services:

Emergency Shelters - HUD defines emergency shelter as any facility with overnight sleeping accommodations. The primary purpose is to provide temporary shelter for the homeless in general or specific populations of homeless persons. The length of stay can range from one night up to as much as three months or more. Local emergency shelters include:

- A total of 1,318 emergency shelter beds that serve the central SPA, where the city of Garden Grove is located.

Transitional Housing - HUD defines transitional housing as a program that is designed to provide housing and appropriate support services to homeless persons to facilitate movement to independent living within 24 months. Local transitional housing facilities include:

- Grandma's House of Hope (Men's Bridge) - 10 beds
- Thomas House - 64 beds
- There is a total of 578 transitional housing beds that serve the Central SPA where the city of Garden Grove is located.

Permanent Supportive Housing (PSH) - HUD defines PSH as long-term, community-based housing and supportive services for homeless persons. PSH intends to enable special needs populations to live as independently as possible in a permanent setting. The supportive services may be provided by the organization managing the housing or provided by other public or private service agencies. PSH programs in Orange County include:

Completion of the Stuart Drive project, which provides permanent supportive housing with wrap-around services to chronically homeless individuals.

Shelter Plus Care (S+C) - is provided through the Orange County Housing Authority (OCHA) and is designed to assist homeless disabled individuals and families by providing safe permanent housing. In addition, PSH assists the homeless individual maintain residential stability, increase their life skills, obtain greater self-sufficiency and advance the goals of ending chronic

homelessness. In 1997, OCHA received the first grant award to serve 35 homeless, disabled households. OCHA currently administers 13 tenant-based and two project-based S+C grant projects, which provide rental assistance and supportive services for over 600 formerly homeless and disabled households through a collaborative effort between OCHA and various care providers throughout Orange County.

Identify any gaps within the current shelter and housing inventory as well as the service delivery system:

Homeless as defined in 24 CFR 91.5

As shown in the Housing Needs Inventory and Gap Analysis Homeless Table, there is a lack of Emergency Shelter, Transitional Housing, and Permanent Supportive Housing in the County. The gap is even stronger within Garden Grove. The City sits in the Central Planning Area, as defined in the County's Housing Element. Within this area, there are only 1,318 emergency shelter beds, and 578 transitional housing beds. There is no data on Permanent Supportive Housing within this area. However, The City is currently in the process of developing an 85-bed navigation center to address this gap. The City plans to assist individuals exiting their navigation center with the HOME-ARP TBRA assistance so individuals can be connected to permanent housing options.

At Risk of Homelessness as defined in 24 CFR 91.5

As stated in the other Non-Homeless Table, there is a gap of affordable housing options for 4,965 households. With only 1,896 beds in the planning area, this leaves a potential gap of 2,864 beds for the at-risk population. The gap is strongest for those in lower income households, including those that make 30% or less of the area median income.

Fleeing, or Attempting to Flee, Domestic Violence, Dating Violence, Sexual Assault, Stalking, or Human Trafficking

As of FY 2022-23, 42 individuals within this population are in shelter, 62 at community service centers and 69 have been assisted with rental assistance. In FY 2021, the Garden Grove Police Department received a total of 265 domestic violence related calls for assistance. Overall, there is a lack of shelter beds in the City for this population and a lack of dedicated housing for women with children that are victims of domestic violence.

Other populations requiring services or housing assistance to prevent homelessness and other populations at greatest risk of

housing instability

Mental Health Services, Drug Abuse/Addiction Services, and Services for those with Disabilities were three of the top four identified needs for supportive services from consultations for this plan. Individuals with disabilities require accessible units that may drive up housing costs. This may include elderly households, and those with developmental disability. Additionally, the City has a need for more housing and services for veterans.

Identify the characteristics of housing associated with instability and an increased risk of homelessness if the PJ will include such conditions in its definition of "other populations" as established in the HOME-ARP Notice:

These populations would include seniors, large families, persons with disabilities, veterans, victims of domestic violence, persons with HIV/AIDS, and single parents. These populations align with characteristics of housing need, as identified by the Consolidated Plan, including but not limited to:

Seniors – Due to their fixed incomes, increasing medical needs and mobility challenges, seniors require accessible housing in close proximity to healthcare facilities and ease of transit. Seniors also need rehabilitation services to maintain and improve the condition of their housing. Additionally, seniors often need rental assistance through housing vouchers due to their fixed incomes.

Disabled - Disabled individuals would require not only housing assistance in the form of rental and mortgage subsidies, but also group housing with accessibility features that would be ideal for people with mobility issues and sensory limitations. Their housing needs will also require ease of access to transit, shopping and healthcare facilities. They may also require specialized medical care and education, especially for the developmentally disabled. Additionally, disabled individuals who have been discharged from medical/healthcare facilities might also need transitional housing.

Large Families and Families with Female Heads of Households - Large families need low-cost housing that require a minimum of 3 bedrooms to accommodate all members in the home sufficiently. This housing would need to cost lower than the Fair market rent for 3- and 4- bedroom households at \$2,626 and \$3,045 respectively. Families with Female Heads of Households may not only require affordable housing assistance, but those with children also need accessibility to healthcare facilities and educational institutions. Child Care assistance for those who are not of school-going age may also be

required. These same needs may also apply to large families.

Identify priority needs for qualifying populations:

The culmination of the consultation, needs assessment and gap analysis highlights the current needs for qualifying populations. This priority needs that were identified are as follows:

- Increasing, Improving, and Preserving Affordable Housing (Homeless and At-Risk of Homelessness)
- Providing Rental Assistance to Alleviate Cost Burden (Homeless and At-Risk of Homelessness)
- Promoting Programs to Meet Homeless Needs (Homeless)
- Preserving and Improving Existing Supportive Services (Other Populations, Victims or Those Fleeing From Domestic Violence or Human Trafficking and Homeless)

Explain how the level of need and gaps in its shelter and housing inventory and service delivery systems based on the data presented in the plan were determined:

These gaps were determined from data provided by Point in Time Counts, Housing Inventory Counts, American Community Survey (ACS) Data, and Comprehensive Housing Affordability Strategy (CHAS) Data. The first two sources showed the existing homeless populations, and the existing housing they may access. The next two data sources identified additional populations based on income and housing problems. These populations are at high risk of becoming homeless. There is a need for housing inventory and service systems to account for these at-risk populations as well, to avoid becoming overrun.

HOME-ARP ACTIVITIES

Describe the method for soliciting applications for funding and/or selecting developers, service providers, subrecipients and/or contractors and whether the PJ will administer eligible activities directly:

The City of Garden Grove is committed to providing high-quality, affordable housing for its residents. The City is in constant contact with developers to produce affordable housing projects and, as funds become available, these

projects will be developed. The City is planning to release a competitive Request for Proposals (RFP) in summer 2023 for the production of affordable and supportive housing that will be open to all HOME-ARP Qualifying Populations. Additionally, the City will release a competitive RFP in summer 2023 for the selection of the operator of the TBRA program identified through this HOME-ARP Allocation Plan. The TBRA program will have a preference for homeless individuals and families exiting the City's navigation center, which is consistent with the HOME-ARP Qualifying Population No. 1.

If any portion of the PJ's HOME-ARP administrative funds were provided to a subrecipient or contractor prior to HUD's acceptance of the HOME-ARP allocation plan because the subrecipient or contractor is responsible for the administration of the PJ's entire HOME-ARP grant, identify the subrecipient or contractor and describe its role and responsibilities in administering all of the PJ's HOME-ARP program:

Not applicable.

PJs must indicate the amount of HOME-ARP funding that is planned for each eligible HOME- ARP activity type and demonstrate that any planned funding for nonprofit organization operating assistance, nonprofit capacity building, and administrative costs is within HOME-ARP limits. The following table may be used to meet this requirement.

Use of HOME-ARP Funding

	Funding Amount	Percent of the Grant	Statutory Limit
Supportive Services	\$		
Acquisition and Development of Non- Congregate Shelters	\$		
Tenant Based Rental Assistance (TBRA)	\$1,290,815		
Development of Affordable Rental Housing	\$1,290,815		
Non-Profit Operating	\$	%	5%
Non-Profit Capacity Building	\$	%	5%
Administration and Planning	\$455,581	%	15%
Total HOME	\$3,037,211		

ARP Allocation			
----------------	--	--	--

Describe how the characteristics of the shelter and housing inventory, service delivery system, and the needs identified in the gap analysis provided a rationale for the plan to fund eligible activities:

The City of Garden Grove intends to allocate its HOME-ARP funds evenly to two activities:

- I. TBRA program (\$1,290,815); and
- II. Permanent Affordable Housing project (\$1,290,815).

TBRA - HOME-ARP funds are intended to be the vehicle that navigates the City's homeless population to permanent housing options after they have graduated from the navigation center program. The intention of the use of funds is to assist the ***Qualifying Population No. 1 (QP1)***, serving the literally homeless. Since the QP1 will be the preference for the TBRA program, the at-risk of homeless population will not be eligible for this program. The City will not exclude the other populations allowed under HOME-ARP. Additionally, the City is not able to provide an accurate projection of the number of households that will be assisted through the TBRA Program until the Request for Proposals process for the service provider has been completed, which is anticipated to be in summer 2023.

Based on the City's current TBRA program (HEART Program) performance and funding levels, the City anticipates assisting approximately 160-170 persons exiting the City's navigation center. The City will use HOME-ARP funds to address the unmet rental subsidy needs by opening its TBRA program up for anyone that falls into the literally homeless Qualifying Populations. Additionally, Rapid Rehousing funding will be needed when the City opens their navigation center to ensure there are permanent housing options for individuals exiting the center. The City will want to use these funds to help support their literally homeless residents who are utilizing the center and exiting into permanent housing.

Permanent Supportive Housing - Finding affordable housing for city residents is a daunting task. There are 391 unhoused individuals plus 278 persons found to be unsheltered people, plus 11,180 people at or below 30% AMI, of which 7,840 are renters who are at risk of being homeless in the city. Increasing home production whether it be new built units or rehabbing nearly

1,000 vacant homes (vacancy rate 2.7%) or a combination of both, there is a housing gap of close to 5,000 units.

The City intends to use the remainder of their HOME-ARP funding (\$1,290,815) for affordable supportive housing. The City will work with a housing developer to design, construct and operate a rental housing development containing affordable housing units. The affordable rental housing units shall support low- and or moderate-income residents having an affordability covenant of at least 20 years. ***The City intends for all categories of the HOME-ARP Qualifying Populations to be eligible when tenant selection occurs and no specific preferences are placed on this activity.*** The City intends to support the housing developer with their future funding needs that may include state affordable housing tax credits, capital funding grants and City HOME-ARP funds. The City will partner with local service providers for needed wrap-around social services. Not including administrative funds, the City intends to dedicate 50% of their remaining HOME-ARP funds to a permanent affordable project.

HOME-ARP PRODUCTION HOUSING GOALS

Estimate the number of affordable rental housing units for qualifying populations that the PJ will produce or support with its HOME-ARP allocation:

At this time, the City is not able to project the number of affordable units that will be developed through the HOME-ARP allocation until the RFP process is completed, which is anticipated to be in summer 2023. The City anticipates supporting the production of approximately 5-10 affordable units.

Additionally, the City is anticipated to assist 160-170 households. The City will release an RFP in summer 2023 to select the operator of this TBRA program.

Describe the specific affordable rental housing production goal that the PJ hopes to achieve and describe how it will address the PJ's priority needs:

The City's Consolidated Plan highlights priority needs, including two goals that this plan will help support. This includes:

- Increasing, Improving, and Preserving Affordable Housing
- Promoting New Construction of Affordable Housing

- Providing Rental Assistance to Alleviate Cost Burden

PREFERENCES

Identify whether the PJ intends to give preference to one or more qualifying populations or a subpopulation within one or more qualifying populations for any eligible activity or project:

The City intends for all categories of the HOME-ARP Qualifying Populations to be eligible when tenant selection occurs for the affordable housing development and no specific preferences are placed on this activity.

HOME-ARP funds are intended to be the vehicle that navigates the City's homeless population to permanent housing options after they have graduated from the navigation center program. The intention of the use of funds is to assist the ***Qualifying Population No. 1***, serving the literally homeless. For TBRA, existing CES preferences will be used, pursuant to the operator's current waiting list. Since the QP1 will be the preference for the TBRA program, the at-risk of homeless population will not be eligible for this program. The City will not exclude the other populations allowed under HOME-ARP.

If a preference was identified, explain how the use of a preference or method of prioritization will address the unmet need or gap in benefits and services received by individuals and families in the qualifying population or category of qualifying population, consistent with the PJ's needs assessment and gap analysis:

Consistent with the Needs Assessment and Gap Analysis, the TBRA and development of affordable housing activities will help fill the gap of nearly 5,000 affordable rental units. The TBRA program is anticipated to assist 160-170 households and will provide literally homeless individuals with permanent housing options that are not currently provided. The affordable housing development would increase the stock of affordable housing units in the City and would decrease the gap identified in the Needs Assessment.

If a preference was identified, describe how the PJ will use HOME-ARP funds to address the unmet needs or gaps in benefits and services of the other qualifying populations that are not included in the preference:

The Plan is also supporting TBRA services that will be open to all qualifying

populations to help fill gaps and unmet needs. The property operations shall work in tandem with the Continuum of Care and the Coordinated Entry System to with regards to tenant selection.

HOME-ARP REFINANCING GUIDELINES

If the PJ intends to use HOME-ARP funds to refinance existing debt secured by multifamily rental housing that is being rehabilitated with HOME-ARP funds, the PJ must state its HOME- ARP refinancing guidelines in accordance with. The guidelines must describe the conditions under with the PJ will refinance existing debt for a HOME-ARP rental project, including:

- Establish a minimum level of rehabilitation per unit or a required ratio between rehabilitation and refinancing to demonstrate that rehabilitation of HOME-ARP rental housing is the primary eligible activity

Not Applicable

- Require a review of management practices to demonstrate that disinvestment in the property has not occurred; that the long-term needs of the project can be met; and that the feasibility of serving qualified populations for the minimum compliance period can be demonstrated.

Not Applicable

- State whether the new investment is being made to maintain current affordable units, create additional affordable units, or both.

Not Applicable

- Specify the required compliance period, whether it is the minimum 15 years or longer.

Not Applicable

- State that HOME-ARP funds cannot be used to refinance multifamily loans made or insured by any federal program, including CDBG.

Not Applicable

- Other requirements in the PJ's guidelines, if applicable:

**AVISO DE AUDIENCIA PÚBLICA
REFERENTE AL PLAN RESCATE AMERICANO (HOME-ARP)
PLAN DE ASIGNACIÓN DE PROGRAMAS
CONSEJO MUNICIPAL DE GARDEN GROVE**

La Ciudad de Garden Grove ha recibido una asignación suplementaria de \$3,037,211 del Departamento de Vivienda y Desarrollo Urbano de los Estados Unidos (HUD) a través de la Ley del Plan de Rescate Estadounidense de 2021. Los fondos del Plan de Rescate HOME-American (HOME-ARP) se puede utilizar para ayudar a las personas o hogares que carecen de hogar, corren el riesgo de quedarse sin hogar y otras poblaciones vulnerables, fondos proporcionando para viviendas de alquiler, asistencia de alquiler, servicios de apoyo y refugios no congregados.

Antes de gastar los fondos de HOME-ARP, la Ciudad de Garden Grove debe consultar con las agencias y los proveedores de servicios cuya clientela sería asistida a través de la asignación de HOME-ARP y el Continuum of Care del Condado de Orange. Además, se requiere que la Ciudad desarrolle el Plan de Asignación HOME-ARP que analice las necesidades actuales y las brechas en la comunidad; identifica las actividades que realizará la Ciudad; establece los presupuestos de los programas; y describe los resultados proyectados.

El 14 de marzo de 2023, a las 6:30 p.m., el Concejo Municipal llevará a cabo una audiencia pública en la Cámara del Consejo, 11300 Stanford Avenue, Garden Grove, para considerar el Plan de Asignación HOME-ARP del Programa del Plan de Rescate Americano.

COVID-19: No se requieren máscaras faciales, sin embargo, se alienta al público a usar máscaras faciales en las instalaciones de la ciudad. No asista a esta reunión si ha tenido contacto directo con alguien que dio positivo por COVID-19, o si tiene síntomas como tos, estornudos, fiebre, dificultad para respirar u otros síntomas similares a los de la gripe.

AVISO DE AUDIENCIA PÚBLICA REFERENTE AL PLAN RESCATE AMERICANO (HOME-ARP) PLAN DE ASIGNACIÓN DE PROGRAMAS CONSEJO MUNICIPAL DE GARDEN GROVE

La Ciudad de Garden Grove ha recibido una asignación suplementaria de \$3,037,211 del Departamento de Vivienda y Desarrollo Urbano de los Estados Unidos (HUD) a través de la Ley del Plan de Rescate Estadounidense de 2021. Los fondos del Plan de Rescate HOME-American (HOME-ARP) se puede utilizar para ayudar a las personas o hogares que carecen de hogar, corren el riesgo de quedarse sin hogar y otras poblaciones vulnerables, fondos proporcionando para viviendas de alquiler, asistencia de alquiler, servicios de apoyo y refugios no congregados.

Antes de gastar los fondos de HOME-ARP, la Ciudad de Garden Grove debe consultar con las agencias y los proveedores de servicios cuya clientela sería asistida a través de la asignación de HOME-ARP y el Continuum of Care del Condado de Orange. Además, se requiere que la Ciudad desarrolle el Plan de Asignación HOME-ARP que analice las necesidades actuales y las brechas en la comunidad; identifica las actividades que realizará la Ciudad; establece los presupuestos de los programas; y describe los resultados proyectados.

El 14 de marzo de 2023, a las 6:30 p.m., el Consejo Municipal llevará a cabo una audiencia pública en la Cámara del Consejo, 11300 Stanford Avenue, Garden Grove, para considerar el Plan de Asignación HOME-ARP del Programa del Plan de Rescate Americano.

COVID-19: No se requieren máscaras faciales, sin embargo, se alienta al público a usar máscaras faciales en las instalaciones de la ciudad. No asista a esta reunión si ha tenido contacto directo con alguien que dio positivo por COVID-19, o si tiene síntomas como tos, estornudos, fiebre, dificultad para respirar u otros síntomas similares a los de la gripe.

Oportunidad de revisión y comentarios públicos

HỘI ĐỒNG THÀNH PHỐ GARDEN GROVE**

Thành phố Garden Grove đã nhận được khoản phân phối ngân khoản trị giá \$3,037,211 từ Bộ Gia cư và Phát triển Đô thị Hoa Kỳ (HUD) thông qua đạo luật Cứu Trợ Gia Cư Hoa Kỳ 2021 (American Rescue Plan Act 2021.) Kế Hoạch Cứu Trợ Gia Cư Hoa Kỳ (HOME-American Rescue Plan-HOME-ARP) đã được tài trợ vào tháng Năm được sử dụng để hỗ trợ các cá nhân hoặc hộ gia đình đang trải qua tình trạng vô gia cư, có nguy cơ rơi vào tình trạng vô gia cư và các nhóm dân số dễ bị tổn thương khác, bằng cách cung cấp tài trợ cho mượn nhà, hỗ trợ thuê nhà, các dịch vụ hỗ trợ nơi tạm trú.

Trước khi sử dụng quỹ HOME-ARP, Thành phố Garden Grove cần tham khảo ý kiến của các cơ quan và nhà cung cấp thành phần đối tượng được hỗ trợ thông qua đạo luật HOME-ARP và Chương trình 'Orange County Continuum of Care'. Ngoài ra, Thành phố được yêu cầu xây dựng Kế hoạch phân phối HOME-ARP để phân tích các nhu cầu và sự chênh lệch trong cộng đồng; xác định các hoạt động Thành phố sẽ thực hiện; thiết lập ngân sách chương trình; và phác thảo các kết quả dự kiến.

Vào ngày 14 tháng Ba, 2023, lúc 6:30 chiều, Hội đồng Thành phố sẽ tổ chức Phiên điều trần Công khai tại Phòng Hội đồng, địa chỉ 11300 Stanford Avenue, Garden Grove, để xem xét Kế hoạch Phân phối HOME-ARP.

COVID-19: Không bắt buộc phải đeo khẩu trang, tuy nhiên, công chúng được khuyến khích đeo khẩu trang tại các cơ sở của Thành phố. Vui lòng không tham dự cuộc họp này nếu bạn đã tiếp xúc trực tiếp với người có kết quả xét nghiệm dương tính với Covid 19 hoặc nếu bạn đang có các triệu chứng như ho, hắt hơi, sốt, khó thở hoặc các triệu chứng cảm cúm khác.

Cơ Hội Để Công Chúng Xem Duyệt Và Phát Biểu

Từ ngày 24 tháng Hai, 2023 đến ngày 14 tháng Ba, 2023, Kế hoạch Phân phối HOME-ARP sẽ có sẵn để công chúng xem xét tại các địa điểm sau:

Vui lòng truy cập <https://ggcity.org/neighborhood-improvement/reports> để xem Kế hoạch Phân phối HOME-ARP, gửi ý kiến trực tiếp bằng cách email cho ông Timothy Throne tại timothy@ggcity.org.

thông minh vô hạn. Sau đó, tâm trí sẽ được quyết định khi đạt được kết luận rõ ràng đó trong tâm trí có ý thức của mình, và mọi thứ sau đó được thực hiện phù hợp với niềm tin của mỗi người.

Hiệu quả tưởng tượng trên vô thức.

Những ai thích sống với sáng kiến, làm việc với phát minh, sáng tác với sáng tạo, sẽ phải chú trọng đến khía niệm này.

Thông qua trí tưởng tượng tập trung hoặc theo đường lối khoa học, chúng ta có thể sử dụng vô thức để phản hồi theo những cách tuyệt diệu. Vô thức trở thành kiến trúc sư của cơ thể và chi phối tất cả các quá trình sinh hoạt thiết yếu.

Quy luật nỗ lực đảo ngược được Coué, một nhà tâm lý học nổi tiếng người Pháp, người đã thực hiện một chuyến đi đến Hoa Kỳ cách đây khoảng 40 năm, phát biểu như sau: "Khi mong muốn và trí tưởng tượng của bạn trái ngược nhau, trí tưởng tượng của bạn luôn chiến thắng."

Sau đây là một kinh nghiệm khá phổ biến. Học sinh, khi làm bài thi, đọc qua các câu hỏi, bỗng cảm thấy, tất cả kiến thức của họ đột nhiên biến mất. Tâm trí trở nên trống rỗng kinh khủng, và không thể nhớ lại một ý nghĩ nào liên quan. Họ càng nghiêng răng và triệu tập sức mạnh của ý chí, câu trả lời dường như càng xa vời. Nhưng, khi họ đã rời khỏi phòng thi và áp lực tinh thần giảm bớt, câu trả lời mà họ đang tìm kiếm sẽ quay trở lại tâm trí họ một cách trên người. Cô ép bản thân nhớ lại là nguyên nhân khiến họ thất bại. Đây là một ví dụ về quy luật nỗ lực đảo ngược, theo đó, sẽ nhận được điều ngược lại với những gì đã yêu cầu hoặc mong muốn.

Để tránh mọi xung đột giữa mong muốn và trí tưởng tượng, nên sử dụng cách bước vào trạng thái buồn ngủ, (lơ mơ, mơ màng) khiến mọi nỗ lực nội tâm lắng xuống mức tối thiểu. Tâm trí có ý thức bị nhấn chìm trong trạng thái này. Thời điểm tốt nhất để thâm nhập vô thức là trước khi đi ngủ. Lý do là vì mức độ bộc lộ vô thức cao nhất xảy ra trước khi ngủ và ngay sau khi chúng ta thức dậy. Trong trạng thái này, những suy nghĩ và hình ảnh tiêu cực có xu hướng trở nên vô hiệu hóa mong muốn. Do đó, vô thức không còn bị ngăn cản. Khi tưởng tượng về thực tế của mong muốn đã được thỏa mãn và cảm thấy hồi hộp khi đạt được thành tựu, vô thức của bạn sẽ giúp bạn hiện thực điều mong muốn đó.

Điểm nhấn:

Nhiều người sử dụng trí tưởng tượng được đào tạo và rèn luyện để giải quyết một cách tinh nghịch tất cả những khó khăn và câu hỏi hóc búa bởi vì họ nhận thức được bất cứ điều gì họ nghĩ và cảm nhận đều là thực tế và phải xảy ra.

Sử Dụng Uy Lực Vô Thức Trong Việc Làm Tiền.

Nếu bạn đang gặp khó khăn về tài chính, nếu bạn đang cố gắng kiếm đủ sống, điều đó có nghĩa là bạn chưa thuyết phục được vô thức của mình, rằng bạn sẽ luôn dư dả và dư tiền. Bạn biết những người đàn ông và phụ nữ làm việc vài giờ một tuần và kiếm được những khoản tiền kékch xù. Họ không phấn đấu hay nô lệ. Đừng tin vào câu chuyện nói

rằng cách duy nhất có thể trở nên giàu có là đổ mồ hôi và lao động chăm chỉ. Không phải như thế; cách sống không nỗ lực là tốt nhất. Làm điều bạn thích làm, và làm điều đó vì niềm vui và sự hồi hộp của nó.

Tôi biết một giám đốc điều hành ở Los Angeles nhận lương 275.000 đô la hàng năm. Năm ngoái, anh ấy đã thực hiện một chuyến du ngoạn kéo dài 9 tháng để ngắm nhìn thế giới và những danh lam thắng cảnh của nó. Anh nói với tôi, anh đã thành công trong việc thuyết phục vô thức rằng mình xứng đáng với số tiền đó. Anh nói, nhiều người trong tổ chức của anh, kiếm được khoảng 1.000 đô la mỗi tuần biết nhiều về công việc kinh doanh hơn anh ấy và có thể quản lý tốt hơn, nhưng họ không có tham vọng, không có ý tưởng sáng tạo và không quan tâm đến những điều kỳ diệu của vô thức.

Cửa cái là của tâm trí:

Nói một cách đơn giản, niềm tin của một người về sự giàu có nằm trong vô thức. Nói rằng, "Tôi là triệu phú, tôi là triệu phú," sẽ không biến bạn thành triệu phú. Bằng cách ăn sâu khải niệm giàu có và dư dả vào tâm trí, bạn sẽ phát triển ý thức về sự giàu có.

Phương tiện hỗ trợ bí ẩn:

Vấn đề phần lớn đối với mọi người là họ thiếu sự hỗ trợ vô hình. Họ tỏ ra bất lực khi công ty của họ gặp khó khăn, thị trường chứng khoán sụt giảm hoặc họ mất tiền. Họ thiếu kỹ năng tiếp cận vô thức, đó là nguyên nhân khiến họ bất an. Họ không biết về nguồn cung cấp vô tận được chứa ở đó.

Nhiều người phàn nàn, “Tôi đã nói hàng tuần hàng tháng rằng: 'Tôi giàu có, tôi thịnh vượng' và chẳng có gì xảy ra cả.” Tôi phát hiện, khi họ nói: “Tôi thịnh vượng, tôi giàu có,” thì bên trong họ cảm thấy đang lừa dối chính mình.

Luôn có những suy nghĩ trong vô thức. Nó chứa vô số ý kiến sẵn sàng đi vào tâm trí có ý thức và thể hiện dưới dạng tiền trong túi của bạn theo nhiều cách khác nhau. Bất kể thị trường chứng khoán tăng hay giảm, giá trị của đồng bảng Anh hay đồng đô la dao động, quá trình này sẽ diễn ra trong suy nghĩ âm thầm.

Ông Murphy kết luận: “*Điểm tôi muốn nhấn mạnh là nếu bạn thuyết phục được vô thức rằng của cái là của bạn, và nó luôn luân chuyển trong cuộc sống, bạn sẽ luôn luôn và chắc chắn có được nó, bất kể nó tồn tại dưới hình thức nào.*”/

chen vào, trao tặng tôi một gói quà.

Tôi cảm động vì biết bà đang sống trong điều kiện ngặt nghèo. Phải là người đặc biệt lắm mới được bà chiều cồ.

Cô thù quỹ ngoài quây chạy tới, hớt ha hớt hải, nói không kịp thở, yêu cầu bà trả tiền cho gói quà bà vừa lấy trên kệ hàng.

Mọi người tò mò ném cho bà những ánh mắt khó chịu. Bà cúi mặt, che dấu sự xấu hổ trước đám đông.

Thấy thế, tôi kín đáo móc túi, lấy tờ 20 đô la đặt dưới gói quà, nói chỗ tôi không có bàn máy tính tiền, bà phải ra phía trước trả.

Gỡ được thể diện, bà nhảy mắt cảm ơn. Đáp lại, tôi cho bà biết, vì nghỉ cuối tuần nên 2 ngày nữa mới thật sự là sinh nhật. Nhấn mạnh, quà không quý bằng một lời chúc mừng.

Buổi tối sinh nhật của tôi, các thân hữu thuộc thành phố lớn kể bên tổ chức đãi tiệc ở một nhà hàng Việt Nam.

Mưa tuyết dày đặc, rất khó khăn lái xe trên xa lộ, nhưng không lẽ không đi. Vợ tôi dùng dằng, nửa muốn cáo lỗi nửa muốn đi.

Sau cùng, chúng tôi quyết định liều. Lái rất chậm, giữ bốn con mắt mở to, tỉnh táo, luôn luôn đề phòng bất trắc.

Đang bò lết trên xa lộ, bỗng vợ tôi kêu tay, kêu tôi chậm chậm dừng lại vì thấy phía xa xa có người vẫy tay, có lẽ xin quá giang. Tôi cố nheo mắt nhìn nhưng không thấy gì cả. Chắc vợ tôi hoa mắt. Và lại, giờ này, giữa thời tiết này ở trên xa lộ làm sao có người.

Tôi vẫn tiếp tục lái thêm một đoạn nữa thì không hiểu sao tay lái nặng nặng, bị bẻ quặt qua một bên, không chỉnh thẳng được. Xe bỗng khựng lại, đỗ nghiêng, suýt rơi xuống rãnh hố bên

lề. Chúng tôi xuống xe, dùng hết sức đẩy lên nhưng không nhúc nhích.

Đành cô thù trong xe, nghĩ cách giải quyết.

Khoảng ít lâu sau, nghe có tiếng còi hụ và đèn chớp xanh đỏ của xe đang đi tới. Tôi biết sẽ được giúp đỡ nên chờ đợi.

Hai xe tuần cảnh với 4 nhân viên sắc phục rọi đèn pin, kiểm tra.

Họ nói, chúng tôi rất may mắn, vụ lạc tay lái đã cứu sinh mạng chúng tôi. Nếu chạy thêm khoảng hơn hai cây số nữa, không biết chúng tôi có cơ hội được nhìn thấy mặt trời sáng ngày mai hay không.

Một cảnh sát cho biết, có vài chục xe chồng chất lên nhau trong tai nạn kinh hoàng ở phía trước. Số thương vong không đếm xuể. Tất cả các xe cứu thương của thành phố đều được điều động, đang trên đường tiếp cứu khẩn cấp.

Những viên cảnh sát này có nhiệm vụ đóng đường ngay chỗ xe tôi gặp nạn. Họ đặt bảng hướng dẫn, đổi luồng lưu thông qua các con đường nhỏ song song với xa lộ.

Họ giúp tôi đẩy xe lên mặt lộ. Tôi cho xe lách vào đường chỉ dẫn, tiếp tục hành trình. Đến nơi trễ.

Mọi người thông cảm và mừng cho chúng tôi vừa thoát nạn như một phép lạ.

Truyền thông liên tục cập nhật tin tức về tai nạn khủng khiếp đang diễn ra.

Có rất nhiều câu hỏi, cho đến lúc đó, tôi không thể giải thích. Sự việc xảy ra quá đột ngột. Chuyện không tưởng. Tại sao tôi đã không điều khiển được tay lái? Tại sao xe không lết hẳn xuống rãnh hố mà chỉ lơ lửng? Vợ tôi hoa mắt hay không hoa mắt?

Mỗi khi nhắc lại chuyện

Minutes

1. Welcome and Introductions

- Staff from the Office of Care Coordination, City of Garden Grove, and City of Fullerton introduced themselves.

2. HOME-ARP Overview

- Purpose
 - Zulima Lundy of the Office of Care Coordination provided an overview of HOME-ARP.
 - ARP funds to be administered through HOME to perform four activities that must primarily benefit qualifying individuals and families who are experiencing homeless, at risk of homelessness, or in other vulnerable populations.
 - These activities include: (1) development and support of affordable housing, (2) tenant-based rental assistance (TBRA), (3) provision of supportive services; and (4) acquisition and development of non-congregate shelter units.
- Consultation Process
 - The HOME-ARP Allocation Plan (Plan) requires applicants to consult with and gather data from the Continuum of Care (CoC).
 - The consultation process allows applicants to gather information from a diverse group of community stakeholders about the needs, challenges, and gaps in resources for the qualifying populations.
 - Applicants must engage in the consultation and public participation processes and develop a Plan. The Plan must describe how the applicant intends to distribute HOME-ARP funds, including how it will use these funds to address the needs of HOME-ARP qualifying populations.

3. HOME-ARP Allocation Plans

- City of Garden Grove

- Timothy Throne of the City of Garden Grove provided an overview of the Garden Grove's Plan.
- The City of Garden Grove was allocated \$3,037,211 in HOME-ARP Funds. The City of Garden Grove plans to use HOME-ARP funds for the following eligible uses: TBRA, Development of Affordable and Supportive Housing, and Administration. Regarding the Affordable Housing Developer and the TBRA Service Provider, the City of Garden Grove has proposed to release a Request for Proposals (RFP) in the coming months during Summer 2023.
- Using surveys and nonprofit interviews, the City of Garden Grove was able to identify TBRA and Development of Affordable and Supportive Housing as the highest needs in their community.
- The public review period of City of Garden Grove's Plan will be available from February 24, 2023, to March 14, 2023. The public hearing of the Plan will be on March 14, 2023, at 6:30 p.m., in the City of Garden Grove City Council Chambers. The Plan is due to HUD on March 31, 2023.
- City of Fullerton
 - Linda Cordova of the City of Fullerton provided an overview of Fullerton's HOME-ARP plan.
 - The City of Fullerton was allocated \$1,954,345 in HOME-ARP Funds. The City of Fullerton has not identified HOME-ARP activities at this time. The City of Fullerton will likely not acquisition/development or operating/capacity building.
 - The City of Fullerton's HOME-ARP survey is available to agencies, service providers, and interested individuals and can be completed at <https://www.cityoffullerton.com/government/departments/community-and-economic-development/housing-neighborhood-services/home-american-rescue-plan>. Survey deadline is February 28, 2023.
 - The public review period of the City of Fullerton's Plan will be available from March 7, 2023, to March 22, 2023. The final public hearing of the Plan will be on February 28, 2023, at 6:30 p.m. in the City of Fullerton City Hall Council Chamber. The Plan is due to HUD on March 31, 2023.

4. Feedback and Q & A

- Neeta Patel asked a question for the City of Garden Grove - The funds for development of Affordable Housing units - is the \$1.29M intended to be awarded for a single project or will the funds be spread across multiple projects?
 - i. The City of Garden Grove stated the funds will likely be allocated to a single project.
- Stephani Ehrig of the City of Costa Mesa asked a question for the City of Garden Grove - Will the Affordable Housing units be prioritized for the City of Garden Grove residents through Coordinated Entry System (CES) or will the units be available for residents of other regions?

- i. The City of Garden Grove responded by stating the prioritization of the affordable housing units has not yet been finalized but are looking to considering CES prioritization.
- Alejandra Guerrero asked a question for Garden Grove - What is the proposed grant term for the HOME-ARP funds?
 - i. The City of Garden Grove noted that projects funded through HOME-ARP will likely have a one-year grant contract term and will utilize a contract evaluation process for renewal each year.

5. Conclusion

- Felicia Boehringer of the Office of Care Coordination thanked participants and noted that presentation materials would be shared for reference with meeting registrants and attendees.

SUBSTANTIAL AMENDMENT #1 TO FY 2021-2022 ANNUAL ACTION PLAN

The City of Garden Grove has substantially amended its FY 2021-2022 Annual Action Plan (AAP) to include \$3,037,211 in HOME American Rescue Plan (HOME-ARP) Program funding that was awarded to the City in September 2021 to respond to the Coronavirus pandemic. The following amendments were made to the AAP:

1. **Page 1** – Annual entitlement fund amount was changed to reflect updated allocations:
 - a. **\$838,015 (EN) + \$3,037,211 (HOME-ARP) = \$3,875,226 Total HOME Allocation**
2. **Page 14 & 16** – “Expected Resources”, “Annual Allocation \$”, “Total \$”, and “Narrative Description” were updated to reflect updated allocations
3. **Page 20** – Funding for item #1 updated amount to “HOME: \$5,100,844”
4. **Page 20** – Goal Outcome Indicator for item #1 added breakdown of funding amounts for each source:
 - a. **\$2,519,214 (EN) + \$2,581,630 (HOME-ARP) = \$5,100,844**
5. **Page 22** – Funding for item #6 updated amount to “HOME: \$704,030”
 - a. **\$248,449 (EN) + \$455,581 (HOME-ARP)=\$704,030**
6. **Page 27** – Funding amount for Project #1 was updated to “HOME: \$704,030”
7. **Page 27** – Updated Project #1 Description to add the breakdown of funding amounts for each source:
 - a. **HOME: \$248,449 (EN) + \$455,581 (HOME-ARP)=\$704,030**
8. **Page 29** – Funding amount for Project #4 was updated to “HOME: \$5,100,844”
9. **Page 30** – Updated Project #4 Description to add the breakdown of funding amounts for each source:
 - a. **HOME: \$2,519,214 (EN) + \$2,581,630 (HOME-ARP) = \$5,100,844**
10. **Page 30 & 31** – Updated Project #4 Description to add information about the City’s HOME-ARP Activities and Request for Proposals schedule:
 - a. **New Construction or Acquisition/Rehabilitation of Affordable Housing (\$1,290,815)** - Dedication of affordable rental housing units in exchange for financial assistance for developers to acquire and/or rehabilitate properties. At this time, the City will not be able to project the number of affordable units that will be developed through the HOME-ARP allocation until the Request for Proposals process is completed, which is anticipated to be in Summer 2023.

- b. Tenant Based Rental Assistance (\$1,290,815)** - TBRA for extremely low-income individuals and families exiting the City's navigation center. The City will not be able to project the number of households that will be assisted through the TBRA Program until the Request for Proposals process for the service provider has been completed, which is anticipated to be in Summer 2023.

1. Introduction

The Consolidated Plan/Annual Action Plan

The City of Garden Grove 2020-2025 Consolidated Plan is a planning document that identifies and develops a strategy to address critical housing and community development needs that can be addressed through federal funding sources including Community Development Block Grants, HOME Investment Partnership Act funds, and Emergency Solutions Grants.

To implement the Consolidated Plan and address the adopted priorities, the City annually prepares an Action Plan to more specifically identify financial resources, priority programs and goals, as well as objectives for the fiscal year.

The Consolidated Plan and Action Plan were prepared using the eCon Planning Suite system developed by the U.S. Department of Housing and Urban Development (HUD). The system prescribes the structure and contents of this document, following HUD's Consolidated Planning regulations

This Action Plan covers the period beginning July 1, 2021 through June 30, 2022 and focuses on the use of the three federal funding resources (CDBG, HOME, and ESG) as described below.

Community Development Block Grants (CDBG): The primary objective of this program is to develop viable urban communities by providing decent housing, a suitable living environment, and economic opportunities, principally for persons of lower income. CDBG funds are relatively flexible and can be used for a wide range of activities, including housing rehabilitation, homeownership assistance, lead-based paint detection and removal, acquisition of land and buildings, construction or rehabilitation of public facilities (including infrastructure), removal of architectural barriers to housing needs, public services, rehabilitation of commercial or industrial buildings, and loans or grants to businesses. The City of Garden Grove's estimated annual entitlement of CDBG funds is **\$2,030,654**.

HOME Investment Partnership Act (HOME): The HOME program provides federal funds for the development and rehabilitation of affordable rental and ownership housing for low- and moderate-income households. The program gives local governments the flexibility to fund a wide range of affordable housing activities through housing partnerships with private industry and non-profit organizations. HOME funds can be used for activities that promote affordable rental housing and homeownership by low- and moderate-income households, including building acquisition, new construction and reconstruction, moderate or substantial rehabilitation, homebuyer assistance, and tenant-based rental assistance. The City of Garden Grove's estimated annual entitlement of HOME funds is **\$3,875,226**.

Emergency Solutions Grant (ESG): The ESG program provides homeless persons with basic shelter and essential supportive services, including rehabilitating or remodeling a building producing new shelter beds, operations and maintenance of a homeless facility, essential supportive services, and homeless prevention. The City of Garden Grove's estimated annual allocation of ESG funds is **\$173,143**.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

This Consolidated Plan has established the following objectives over the life of the Plan (Program Years 2020-2025):

- Expand the City's affordable housing inventory by 5 units through new construction of affordable units for lower income households and 10 units through acquisition/rehabilitation of affordable units for lower income households.
- Provide rehabilitation assistance to 200 single-family homes.
- Provide rental assistance to 134 very low- and extremely low-income households through the TBRA program.
- Assist 1,580 persons/households with homelessness-related issues.
- Assist 3,500 persons through the provision of community services.
- Create or retain approximately 20 jobs.
- Improve low-income neighborhoods through infrastructure and public improvement projects.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The City of Garden Grove continually strives to improve its performance, as well as the performance of its funded agencies.

During FY 2020-21, the City estimates expending a total of **\$2,545,000** in HUD grant funds to meet the goals and objectives outlined in the 2020-2025 Consolidated Plan. The approximate expended amounts by grant are as follows:

- **\$2,000,000** in CDBG funds on administration, public services, capital projects, homeowner rehabilitation, and business assistance activities.
- **\$375,000** in HOME funds on administration and the development of affordable housing.

- **\$170,000** in ESG funds on administration and homeless service activities.

CDBG, HOME and ESG funds were targeted in four primary areas:

1. Development of decent and affordable housing;
2. Provision of community and supportive services;
3. Improvement of public facilities and infrastructure; and
4. Expansion of economic opportunities and anti-poverty activities.

The performance of programs and systems are evaluated on a regular basis through Consolidated Annual Performance and Evaluation Reports (CAPERs). A more detailed summary of the City's evaluation of past performance in previous Consolidated Annual Performance and Evaluation Reports (CAPERs) can be viewed on the City's website at <https://ggcity.org/neighborhood-improvement/reports>

4. Summary of Citizen Participation Process and consultation process

During its development, the Action Plan will be discussed in a publicly noticed NICC meeting where opportunity for public comment is provided. The draft plan will be made available for public review between **March 26, 2021 and April 27, 2021** on the City's website. Public hearings were held before the NICC on **April 26, 2021** and the City Council on **April 27, 2021** to solicit public comments on the Draft 2021-22 Action Plan. All meeting locations were accessible to persons with disabilities. The public review period and public meetings/hearings for the Draft 2021-22 Action Plan were published in the Orange County News (English), Viet Bao (Vietnamese) and Excelsior (Spanish) on **Friday, March 26, 2021**.

Program Descriptions

The Community Development Block Grant (CDBG) program was initiated by the Housing and Community Development Act (HCDA) of 1974. The primary objective of the program is to develop viable urban communities by providing decent housing, a suitable living environment, and economic opportunities, principally for persons of low and moderate income. Regulations governing the CDBG program also require that each activity undertaken with CDBG funds meet one of the following three broad national objectives:

- Benefit low- and moderate-income persons
- Aid in the prevention or elimination of slums and blight
- Meet other community development needs having a particular urgency

The HOME Investment Partnership (HOME) program was created by the 1990 National Affordable Housing Act. The HOME program provides federal funds for the development and rehabilitation of affordable rental and ownership housing for low- and moderate-income households, replacing a series of programs previously funded by HUD. The program gives the grantee flexibility to fund a wide range of affordable housing activities through housing partnerships with private industry and non-profit organizations.

The Emergency Solutions Grant (ESG) program provides homeless persons with basic shelter and essential supportive services. ESG funds can be used for a variety of activities, including rehabilitation or remodeling

of a building to add new shelter beds, operations and maintenance of a homeless facility, essential supportive services, and homeless prevention.

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

As part of the Consolidated Plan development, the City undertook a comprehensive outreach program to solicit input from residents and beneficiaries of entitlement programs, and to consult with elected officials, City departments, and various organizations, agencies, and service providers to inform and develop the priorities and strategies contained in the Garden Grove 2020-2025 Consolidated Plan. The City has continued to keep these lines of communications open during the preparation of the FY 2021-22 Action Plan.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

There has been input by residents, service providers, non-profit organizations, religious institutions, other city departments, and other agencies through a community survey and public hearings. These views are incorporated into the Garden Grove 2020-2025 Consolidated Plan and its programs. A total of 159 stakeholders, including: public and assisted housing providers and developers; private and governmental agencies; and health, mental health and service agencies were directly contacted and invited to participate in the planning process for Garden Grove.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The County of Orange Department of Housing and Community Services (HCS) coordinates the County Continuum of Care in response to the ongoing homeless needs in the region. A collaborative approach to addressing homelessness in Garden Grove dubbed United to End Homelessness was established in May 2019 uniting the five major sectors of the population: residents, businesses, non-profit organizations, faith-based groups and philanthropic organizations. The City of Garden Grove also participates in the Point in Time Survey that assesses the level of homelessness and an inventory of available local community resources to address homelessness in the county. The Neighborhood Improvement and Conservation Commission is an advisory body to the City Council that promotes citizen awareness, involvement, and support for neighborhood improvement and preservation for the community.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City of Garden Grove is one of five jurisdictions that receive ESG funds directly within the County of Orange. To this end, the city contributes to the countywide CoC providing funding to:

1. Engage homeless individuals and families living on the street;
2. Improve the number and quality of emergency shelters for homeless individuals and families;
3. Help operate these shelters;
4. Provide essential services to shelter residents;
5. Rapidly re-house homeless individuals and families; and
6. Prevent families/individuals from becoming homeless.

The City allocates the resources to sub-recipients to rehabilitate and operate emergency and transitional shelters, provide essential social services, and prevent homelessness.

The City actively participates in the Orange County CoC by attending meetings to discuss how to establish performance measures that benefit the broader goals of the region. Garden Grove provides data for CoC surveys and relies heavily upon the CoC's research and discussions to identify and address critical gaps in local care for the homeless. In doing so, the City is able to meet homeless needs in the community through assistance to providers and programs that offer emergency/transitional housing or homeless prevention services.

The Orange County CoC is the Homeless Management and Information System (HMIS) lead agency, also referred to as Orange County HMIS. This organization administers the HMIS for the region and sets a uniform standard for all homeless and at-risk service providers and agencies to submit client-level and demographic data for HUD reporting and local homeless strategies. All ESG-funded organizations enter information to the Orange County HMIS system.

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

Citizen participation is a core part of the Consolidated Plan process. This plan is developed through a collaborative process that involves City Staff, service providers, residents, and non-profit agencies. This section gives insight into the collaborative process that took place in the development of this plan. Public input was used to prioritize community needs in the Consolidated Plan. The following avenues were used to obtain public comments:

Consolidated Plan Survey - The City of Garden Grove gave public notice on Friday, August 23, 2019, through a press release inviting residents of Garden Grove to add their input towards the consolidated planning process. The Survey was made available through the City of Garden Grove's website in English, Spanish, and Vietnamese. It was also made available during community workshops.

Community Workshops - In August 2019, the Housing and Community Needs Public Workshops were announced through a press release for the public to give their views on housing and community issues related to the Consolidated Plan. The workshops were held on Wednesday, September 18, 2019, at 6:30 p.m., at Bolsa Grande High School's cafeteria, 9401 Westminster Avenue, and on Thursday, October 17, 2019, at 6:30 p.m., at the Garden Grove Community Meeting Center 'A' Room, 11300 Stanford Avenue.

The Draft Action Plan was available for public review beginning **March 26, 2021 and ending April 27, 2021**. The Draft Plan is available on the City's website for review.

On **April 26, 2021**, the draft Action Plan was reviewed as part of a special NICC meeting.

On **April 27, 2021**, the City Council conducted a public hearing to consider the Action Plan.

A public notice regarding the NICC and Council meetings were advertised in the local newspapers on **March 26, 2021**. Public meetings and hearings were publicized adequately and held at times and locations convenient to the community. The location of hearings at the Garden Grove Community Meeting Center is accessible to persons with physical disabilities.

Summaries of the public comments, meeting minutes and copies of public notices are included in Appendix A.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

For the one-year period covering July 1, 2021 through June 30, 2022, the City has planned for the following allocations:

- \$2,030,654 in CDBG funds
- \$3,875,226 in HOME funds
- \$173,143 in ESG funds

Garden Grove does not receive funding under the Housing Opportunities for Persons with AIDS (HOPWA) programs. In recent years, the levels of CDBG, HOME and ESG funds have been consistent.

In terms of program income, the City anticipates an unsteady stream of program income over the course of this Action Plan. During the past five years, the level of program income received varied from \$30,000 in one year to over \$90,000 in another. Program income received from of will re-programmed for similar loan activities in the same or similar programs from which the funds were originally provided.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

As is the case for many communities across the nation, the housing and community development needs in Garden Grove surpass the funding available to meet those needs. Therefore, effective and efficient use of funds is crucial, and the leveraging of multiple funding sources is often necessary to achieve housing and community development objectives. Most activities to be pursued by the City with CDBG, HOME, and ESG funds will be leveraged with a variety of funding sources, including grants from state, federal, and local governments, private foundations, capital development funds, general funds, private donations of funds or services, and various other funding sources. For new construction, substantial rehabilitation, and acquisition of affordable housing, the City encourages the use of Low-Income Housing Tax Credits.

Federal match requirements apply to the City's HOME and ESG funds. The HOME program requires that for every HOME dollar spent, the City must provide a 25% match with non-federal dollars. HUD allows the City to use various resources to meet this match requirement. According to

HOME program guidelines, no more than 25% of the City's match liability for any one year can be met through loans to housing projects, but amounts in excess of that may be banked as match credit for future years. The City has an excess of match funds from previous years.

The ESG program requires a 100% match with non-federal dollars. Garden Grove will continue to require its ESG partners to leverage non-federal funds and report their successes with each quarterly performance report.

The Garden Grove Housing Authority provides rental subsidies for eligible low-income (50% MFI) families. The Section 8 Rental Assistance Program is funded by federal grants through the Department of Housing and Urban Development. The Housing Authority provides assistance to over 2,200 low-income families. The funding level for this program is determined annually by Congress. Currently funding is approximately \$25.5 million per year.

The Garden Grove Housing Authority also administers a Family Self-Sufficiency Program, which assists housing participants in achieving economic self-sufficiency through education, training, and employment. Approximately 368 very low-income families are involved in the program, which currently is funded at approximately \$69,000 per year.

Workforce Initiative Subsidy for Homeownership Grant

Under the Workforce Initiative Subsidy for Homeownership (WISH) Program, the Federal Home Loan Bank in San Francisco sets aside a portion of its annual Affordable Housing Program contribution to provide matching grants through bank members for down payment and closing cost assistance to eligible first-time homebuyers. Through the continued partnership with Pacific Mercantile Bank, who is a member bank of Federal Home Loan Bank in San Francisco, the City will continue to leverage WISH funds for homebuyers.

Permanent Local Housing Allocation Program

In 2019, the City was awarded an annual allocation of Permanent Local Housing Allocation Program funds. The Permanent Local Housing Allocation Program is part of a 15-bill housing package aimed at addressing California's housing shortage and high housing costs. The first year of the grant is designed to assist jurisdictions with planning and administration activities, including: updating the Housing Element, creating objective development standards, creating objective development standards for supportive housing, updating the City's density bonus ordinance, creating development standards for hotel and motel conversions, updating the multi-family residential ordinance to allow by-right permanent supportive

housing, and providing funding for the University of California, Irvine Housing Study.

Eligible program activities after the first year include predevelopment, development, acquisition, rehabilitation, and preservation of multifamily, residential live-work, and rental housing that is affordable to extremely low-, very low-, low-, or moderate-income households; affordable rental and ownership housing that assists households earning up to 120% AMI, or 150% AMI in high-cost areas; matching portions of funds placed into local or regional housing trust funds; matching portions of funds available through the Low- and Moderate-Income Housing Asset Fund; capitalized reserves for services connected to the preservation and creation of new permanent supportive housing; assisting persons who are experiencing or at risk of homelessness; accessibility modifications; efforts to acquire and rehabilitate foreclosed or vacant homes and apartments; homeownership opportunities; and matching funds invested by a county in an affordable housing development project.

Low-Moderate Income Housing Trust Fund

The City anticipates receiving approximately \$13M into the LMIHAF over the 5-year Consolidated Plan period. Per State regulations, up to \$250,000 per year may be expended to provide programs and services to homeless Garden Grove households. During FY 2020-2021, the City utilized \$100,000 in LMIHAF monies to subsidize the services portion of a rental assistance program for homeless households as a part of the Homeless Emergency Assistance Rental Transition (HEART) Program. The City expects to extend this program throughout the 5-year Consolidated Planning period to reduce homelessness within the jurisdiction. Remaining LMIHAF monies will be expended to produce affordable housing for low-income residents throughout the City.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The Successor Agency owns an 8-unit apartment complex located at 12602 Keel Street in Garden Grove. This location is currently being leased to the Orange County Community Housing Corporation (OCCHC) who offers the units to very-low-income families at an affordable rent. During FY 2021-22, the City will continue to monitor this project for compliance with rent/income limits to ensure Garden Grove residents have access to quality affordable housing.

AP-35 Projects – 91.220(d)

Introduction

The Fiscal Year (FY) 2021-22 Action Plan implements the second year of the 2020–2025 Consolidated Plan and addresses HUD consolidated planning requirements for the Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and Emergency Solutions Grant (ESG) programs for the City of Garden Grove. This plan outlines the action steps that Garden Grove will use to address housing and community development needs in the City. The plan also includes a listing of activities that the City will undertake during FY 2021-22 (July 1, 2021 through June 30, 2022) that utilize CDBG, HOME and ESG funds.

The City makes its funding allocation decisions in part based on proposals received as part of the annual RFP process. Through this process, funds are awarded to eligible activities that support the goals and address the priority needs described in the Strategic Plan. While CDBG, HOME, and ESG funding allocations for FY 2021-22 will not address all of the community's priority needs, allocations are focused toward specific projects addressing high community priorities and producing tangible community benefits.

Prior Year Funds Description

Tenant Based Rental Assistance – During FY 2020-21, the City continued administering the Homeless Emergency Assistance Rental Transition (HEART) Program, which provides rental assistance with wrap-around services to literally homeless households. Mercy House has approximately \$125,000 of unexpended HOME funding that will be carried over into FY 2021-22. Additionally, the City is offering rental assistance to 17 senior citizens at-risk of becoming homeless due to the expiring affordability covenants of the Valley View Senior Villas affordable housing project. Rental assistance for these vulnerable populations will be subsidized with \$140,000 in prior year, totaling \$265,000 in unexpended HOME funds.

Emergency Solutions Grant – During FY 2019-20, \$6,995 of unexpended Emergency Solutions Grant funds were left over from Emergency Shelter. In order to spend these unexpended funds, Illumination Foundation will be allocated \$6,995 of funds for Emergency Shelter services for Garden Grove homeless individuals and families.

Garden Grove Park Rehab - During FY 2020-21, the City of Garden Grove began work on Garden Grove Park Rehabilitation project and it is anticipated to be complete by September 2021. The City will carry

over approximately \$524,005 in unexpended prior year CDBG funds to complete this project.

JOBS 1st Program - During FY 2020-21, the City funded the JOBS 1st (formerly Small Business Assistance Program) with \$175,000 in CDBG funds to provide financial assistance to four (4) businesses in exchange for creating four (4) new jobs for low-income individuals; however, the program was not successful. Businesses were negatively impacted by COVID-19 and are having to lay off employees and/or close their business. The City will be revising the Jobs 1st Program Guidelines to provide \$25,000 grants to eligible businesses who have been negatively impacted by COVID-19 and will retain approximately 120 jobs.

JOBS 1st To-Go Program - During FY 2020-21, the City implemented the Jobs 1st To-Go Program to assist businesses who are transitioning to takeout due to COVID-19. The Jobs 1st To-Go Grant provides up to \$1,500 to eligible businesses who retain 1 employee and who were negatively impacted by COVID-19. Approximately \$50,000 of unexpended program funds will be carried over to retain 33 jobs.

Home Improvement Grant - During FY 2020-21, the City funded the Home Repair Program with \$240,000 in CDBG funds to assist 40 low-income residents with home repairs. Approximately, \$120,000 of unexpended program funds will be carried over to assist additional low-income residents.

Permanent Supportive Housing – The City currently has approximately \$1.643M in unallocated HOME funds dating back to FY 2018-19. During FY 2021-22, the City anticipates funding the development of a Permanent Supportive Housing project utilizing approximately \$1.5M in prior year resources.

Unexpended/Unallocated Funds - Approximately **\$396,920** in unexpended prior year **CDBG** resources will remain unallocated for future use. Approximately **\$898,211** in unexpended prior year **HOME** resources will be left unallocated for future use.

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The major obstacle to addressing the underserved needs in the community is the lack of adequate funding,

especially for affordable housing activities. With the dissolution of redevelopment in California and reduced state and federal funding levels, the City's ability to address the extensive needs in the community is seriously compromised.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The City has not established specific target areas to focus the investment of CDBG funds. Appendix B contains a map of block groups illustrating the lower-income areas in the City (defined as a block group where at least 51% of the population have incomes not exceeding 80% of the AMI). Investments in housing and community development services serving special needs populations and primarily lower-income persons will be made throughout the City. Housing assistance will be available to income-qualified households citywide.

Geographic Distribution

Target Area	Percentage of Funds

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The majority of the city of Garden Grove qualifies as a low- and moderate-income area. Therefore, given the extensive needs in the community, the City has not targeted any specific neighborhood for investment of CDBG and HOME funds. Instead, projects are evaluated on a case-by-case basis, while considering emergency needs, cost effectiveness, feasibility, and availability of other funding to address the specific needs.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Homeless prevention services are identified as a high priority need in the 2020-2025 Consolidated Plan. The City plans to address the needs of homeless individuals and those at risk of homelessness through allocation of ESG funds to support local efforts that prevent and address homelessness. The City of Garden Grove also administers the Homeless Emergency Assistance Rental Transition (HEART) Program, which forms part of the Comprehensive Four-Point Approach to End Homelessness. Through HEART, a portion of a household's rent (including security and utility deposits) is paid while offering services to achieve self-sufficiency. The program aims to assist 20 households over a 12-month period. The City will also continue to participate in the Orange County Continuum of Care System for the Homeless.

During Fiscal Year 2021-22, the City of Garden Grove will provide Tenant Based Rental Assistance to 17 seniors at-risk of becoming homeless due to the expiration of affordability covenants at the Valley View Senior Villas affordable housing project. The rental assistance will be used to keep the residents in their housing units until permanent, affordable housing accommodations can be secured.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Garden Grove participates in the Orange County Continuum of Care (CoC) system. For the past several years, leadership and coordination of Orange County's Continuum of Care planning process have been the shared responsibility of OC Partnership, 211 Orange County, and the OC Community Services. This public/nonprofit partnership helps ensure comprehensive and regional coordination of efforts and resources to reduce the number of homeless individuals and persons at risk of homelessness throughout Orange County. This group serves as the regional convener of the year-round CoC planning process and works as a catalyst for the involvement of the public and private agencies that make up the regional homeless system of care. The Orange County Continuum of Care system consists of 6 basic components:

1. Advocacy on behalf of those who are homeless or at-risk of becoming homeless;
2. A system of outreach, assessment, and prevention for determining the needs and conditions of an individual or family who is homeless;
3. Emergency shelters with appropriate supportive services to help ensure that homeless individuals and families receive adequate shelter and referrals;
4. Transitional housing to assist homeless individuals and families who are not prepared to make the transition to permanent housing and independent living;

5. Permanent housing or permanent supportive housing to help meet the long-term needs of homeless individuals and families; and
6. Reducing chronic homelessness in Orange County and addressing the needs of homeless families and individuals using motels to meet their housing needs.

During FY 2021-22, the City plans to fund street outreach services to reach out to unsheltered homeless people; connect them with emergency shelter, housing or critical services; and provide urgent non-facility-based care to unsheltered homeless people who are unwilling or unable to access emergency shelter, housing or an appropriate health facility.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City actively participates in the Orange County CoC by attending meetings to discuss how to establish performance measures that benefit the broader goals of the region. Consistent with the objectives of the countywide CoC, the City's Neighborhood Improvement Division has developed several strategies to address homelessness. Some of the tasks recently undertaken by the City include:

1. Point in Time Survey conducted by the County of Orange and City Net;
2. Development of a brochure for homeless persons that includes an inventory of local community resources; and
3. Collaborating with ESG entitlement jurisdictions within the County of Orange to discuss issues, concerns, and best practices for meeting the needs of the homeless population.

In addition, the City addresses the emergency and transitional housing needs of homeless persons through allocation of its ESG funds. Garden Grove will provide funding to Interval House, which provides domestic violence shelter and support services to victims of domestic violence. In addition, City Net, the City's street outreach service provider will connect homeless individuals and families to local shelters and service providers.

The City mobilizes its Section 8 Housing Choice Voucher Program, to the extent possible, to address the needs of homeless individuals and families. The Housing Authority gives homeless families referred by social service and emergency/transitional shelter programs preference for Section 8 vouchers to assist in transitioning to stable and permanent housing.

The City plans to fund Interval House to provide short to medium term rental assistance for up to 24 months, including up to six months of rental arrears, to homeless individuals and families. Homeless individuals and families will be located in permanent housing while they are given services to increase their income. In addition, Interval House will provide housing relocation, stabilization, case management, legal services for housing needs, and credit repair assistance. All services are designed to seamlessly

transition clients into suitable and stable permanent housing.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Interval House advocates are specialized in assisting clients with housing search and placement through established operational agreements with over 40 landlords. Clients may be immediately housed in local CoC shelters or access emergency homeless assistance through social services during housing search. All ineligible applicants are offered resources through 2-1-1 County.

As part of the efforts to provide housing for the homeless and those at risk of homelessness, the City of Garden Grove will award ESG funds to service providers who provide rental assistance through the HEART Program. Interval House administers the program and are aiming to assist 20 households over a 12-month period through providing a portion of a household's rent (including security and utility deposits) while offering services to achieve self-sufficiency.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The City works diligently to expand and conserve the affordable housing inventory, especially affordable rental housing that benefits the extremely low- and very low-income households who are most at risk of becoming homeless. Lower-income households referred to the Housing Authority by local transitional housing and emergency shelters are given priority for the Section 8 program. The City will allocate ESG funds to Mercy House to provide homeless prevention services in the form of short to medium term rental assistance for up to 24 months, including up to 6 months of arrears, to individuals and families at imminent risk of homelessness. The housing assistance provided will be located in permanent housing. In addition, funds for homeless prevention will also provide financial assistance such as rental application fees, security deposits and/or services such as case management, housing search and placement, and legal services.

During Fiscal Year 2021-22, the City of Garden Grove will provide Tenant Based Rental Assistance to 17

seniors at-risk of becoming homeless due to the expiration of affordability covenants at the Valley View Senior Villas affordable housing project. The rental assistance will be used to keep the residents in their housing units until permanent, affordable housing accommodations can be secured.

Mercy House will engage persons in need of homeless prevention through referrals from 2-1-1 Orange County and will participate in the Orange County Homeless Provider Forum. To ensure that the most vulnerable are served, eligible households will be those at imminent risk of homelessness, who fall at or below 30% AMI, and have been served a notice of eviction. Mercy House will work with households to increase income, find employment, and set a household budget that will prepare them for long-term stability and to prevent recidivism and homelessness.

There will also be continued rental assistance for persons experiencing homelessness and those at risk of being homeless through the Homeless Emergency Assistance Rental Transition (HEART) Program that Interval House administers. The HEART Program is part of Garden Grove's Comprehensive Four-Point Approach to End Homelessness, which provides rental assistance for persons who are homeless, and those at risk of homelessness. In addition, while receiving services, case managers from Interval House will meet with the household receiving assistance regularly to encourage accomplishments of goals, money savings, and debt payoffs.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Development Fees - The fees the City Charges to process and review plans for residential developments may increase the cost of building affordable housing in the jurisdiction. This may, in turn, affect rents, which may become fair market rents.

Development Review and Permit Processing - The review process for building permits can be a constraint to housing development if they place an undue burden on the developer. The longer housing projects take to be built or rehabilitated, the higher the development or rehabilitation cost may become. This could also affect the affordable housing stock due to conversion to market rents.

Environmental Review Process - Environmental factors such as the presence of sensitive biological resources and habitats or geological hazards can constrain residential development in a community by increasing costs and reducing the amount of land suitable for housing construction

Legislative Barriers - AB 1482 legislation was voted into law to prevent arbitrary rental increases on lower-income households. However, due to the 85-day waiting period before the law came into effect on the 1st of January 2020, many tenants were given eviction notices so that their homes could be converted to market rents.

Financing - Economic conditions and national policies determine interest rates for borrowing money for residential developments as well as mortgage rates. This affects the ability to purchase or rehabilitate housing due to increased costs.

Infrastructure Constraints - Public facilities, particularly drainage and sewage, need to be updated and expanded constantly to accommodate the growing number of housing units. Deficiency in sewer capacity, as well as land designations for this essential infrastructure, reduces land that is available for housing development.

Environmental Constraints - The city of Garden Grove is located in a region with a seismic activity that may hinder the development of housing within certain areas. However, it is not located within an Alquist-Priolo Special Study Zone that would affect housing production. The Alquist-Priolo Earthquake Fault Zoning Act of 1972 prevents the construction of buildings used for human occupancy on the surface trace of active faults. The Act prohibits new construction of houses in California within these zones unless a comprehensive geologic investigation shows that the fault does not pose a hazard to the proposed structure.

The city of Garden Grove is within a flood zone, according to The Federal Emergency Management Agency (FEMA) maps. According to FEMA, the term "100-year flood" refers to the flood elevation level that has

a 1% chance of being equaled or exceeded each year. There is a need for additional investment in flood prevention when developing residential units.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Market and governmental factors pose barriers to the provision of adequate and affordable housing. These factors tend to disproportionately impact lower- and moderate-income households due to their limited resources for absorbing the costs. Garden Grove works to remove barriers to affordable housing by implementing a Housing Element that is consistent with California law and taking actions to reduce costs or provide offsetting financial incentives to assist in the production of safe, high-quality, affordable housing. The City is committed to removing governmental constraints that hinder the production of housing and offers a “one-stop” streamlined permitting process to facilitate efficient entitlement and building permit processing.

The City of Garden Grove has instituted additional actions aimed at reducing the impact of the public sector role in housing costs. City efforts to remove barriers to affordable housing include:

1. Periodical analysis and revision of the zoning code aimed at developing flexible zoning provisions in support of providing an adequate supply of desirable housing, such as mixed-use zoning standards and updates to the Housing Element;
2. Provision of affordable housing projects through acquisition and rehabilitation activities, and new construction of affordable housing units;
3. Establishing a streamlined service counter to reduce the processing time;
4. Density bonuses for affordable projects; and
5. Continued assessment of existing policies, procedures, and fees to minimize unnecessary delays and expenses to housing projects.

Also, the City will use its Analysis of Impediments to Fair Housing Choice (AI) report in coordination with other local jurisdictions. The AI has identified any potential impediments to fair housing and has established a Fair Housing Action Plan to outline steps to overcome any identified impediments.

AP-85 Other Actions – 91.220(k)

Introduction:

This section discusses the City's efforts in addressing underserved needs, expanding and preserving affordable housing, reducing lead-based paint hazards, and developing institutional structure for delivering housing and community development activities.

Actions planned to address obstacles to meeting underserved needs

The major obstacle to addressing underserved needs is the lack of adequate funding, especially for affordable housing activities. With reduced state and federal funding levels, the City's ability to address the extensive needs in the community is seriously compromised. The City will strive to leverage available funds to overcome obstacles in meeting underserved needs. The City continues to use its 2014-2021 Housing Element, which includes a commitment to pursue state, federal, and other funding opportunities to increase the supply of safe, decent, affordable housing in Garden Grove for lower-income households (including extremely low-income households), which includes: senior citizens, disabled, homeless, and those at risk of homelessness.

Actions planned to foster and maintain affordable housing

Garden Grove has several programs in place to increase and preserve the supply of affordable housing for lower-income households. One of these programs produces affordable housing through the acquisition and rehabilitation of existing housing units, as well as the construction of new units. In the past, the City has partnered with nonprofit organizations and housing developers to accomplish this goal. Increased sustainability of existing single-family housing is accomplished through the provision of grants to low-income residents and senior repairs homes.

Actions planned to reduce lead-based paint hazards

The City has an aggressive policy to identify and address lead-based paint hazards in HUD-funded housing rehabilitation projects. A licensed professional for detecting the presence of lead-based paint first inspects all housing units rehabilitated with federal funds. The City ensures lead-safe work practices are used to perform all rehabilitation where lead-based paint is identified. All homes identified as containing lead paint are tested post-rehabilitation to ensure the hazard has been mitigated.

Actions planned to reduce the number of poverty-level families

Garden Grove continues to look for ways to expand economic activities to include all people, including those at or below the poverty line. In the past, the City has focused on the creation of jobs for low- and moderate-income persons through economic development in the Harbor Boulevard area. In recent years,

the Jobs 1st Program was implemented as a resource for businesses to create or retain jobs. The Jobs 1st Program offers financial assistance to for-profit businesses in exchange for them to hire or retain at least one low-income full-time employee.

In addition, other essential elements of the City's anti-poverty strategy include:

1. Section 8 Housing Choice Voucher Program;
2. Housing Choice Voucher Family Self Sufficiency Program;
3. Economic development programs;
4. Workforce Investment Board outreach and training programs;
5. Anti-crime programs;
6. Housing rehabilitation programs;
7. Creation of affordable housing; and
8. Homeless service programs.

Through these programs, the City is working to reduce the number of families living below the poverty line. The goals and strategies contained in this Consolidated Plan aim to fund housing, community development, and community services. In addition, the City will allocate up to 15% of its CDBG funds annually to public service agencies that offer supportive services in an effort to reduce poverty.

Actions planned to develop institutional structure

Successful program implementation requires coordination, both internally and with outside agencies. The City makes changes, as needed, to its staff assignments to address the administrative, planning, and reporting needs of CDBG, HOME, and ESG funds. Project management improvements have included strengthened project eligibility review and staff training of regulatory compliance and procedures. The City of Garden Grove Neighborhood Improvement Division of the Community and Economic Development Department serves as the lead agency in the administration and compliance of CDBG, HOME, and ESG programs and grant management. The Neighborhood Improvement Division coordinates activities related to CDBG, HOME, and ESG funds, including coordination of internal departments, outside agencies, and grant recipients.

The City's ongoing efforts in its institutional structure include strengthening project designs through negotiating stronger and more specific performance goals for project contracts. This includes ongoing education and technical assistance for program stakeholders including fellow City Departments implementing HUD-funded programs, outside contractors, Neighborhood Improvement and Conservation Commission, City Council, and the public. The City also amended the Citizen Participation Plan to make it more readable and to officially designate the City Council as the public hearing body.

Capacity building is another development component within the City's institutional structure. In addition to in-house training and development of improved management systems, the City will continue to

participate in all HUD training offered locally. To gather more information, build staff knowledge, and seek regional solutions to regional problems, the City participates in regional efforts such as the Orange County Continuum of Care for the Homeless.

Actions planned to enhance coordination between public and private housing and social service agencies

Housing, supportive services, and community development activities are delivered by a number of public agencies, nonprofit entities, and private organizations. The City of Garden Grove will continue to function in a coordinating role between local non-profit service providers and other county, state, and federal organizations. To enhance coordination, the City participates in regional planning groups and forums to foster collaboration with other agencies and organizations.

Through collaboration, the City identifies common goals and strategies to avoid overlaps in services and programs and identify potential for leveraging resources. The City also continues to work with a wide range of public and community social service agencies to address the various needs of the community. The City also utilizes the services of 211 Orange County, whose mission is to help people in the community find the help they need by eliminating the barriers to finding and accessing social services.

HOME Investment Partnership Program (HOME)

Reference 24 CFR 91.220(l)(2)

- 1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:**

The City of Garden Grove does not anticipate using forms of investment beyond what is listed in Section 92.205.

- 2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:**

The City of Garden grove does not anticipate using HOME funds for home-buyer activities during FY 21-22.

- 3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:**

The City of Garden grove does not anticipate using HOME funds for home-buyer activities during FY 21-22.

- 4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:**

The City of Garden grove does not anticipate using HOME funds to refinance existing debt.

**Emergency Solutions Grant (ESG)
Reference 91.220(l)(4)**

1. Include written standards for providing ESG assistance (may include as attachment)

Please see City of Garden Grove Protocols for Administering the Emergency Solutions Grant, included as Appendix C.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The City of Garden Grove participates in the Orange County Continuum of Care system (CoC). The Orange County CoC has established the Orange County Homeless Management Information System (HMIS), an online database used by homeless and at-risk service providers that records demographic and service usage data and produces an unduplicated count of the people using those services.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

The City, along with the cities of Anaheim, Irvine, Santa Ana and the County of Orange, has developed the Orange County ESG collaborative. During the 5-year Consolidated Plan cycle, the collaborative conducts an open and competitive Request for Proposal process for making sub-awards.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The City consults with the Continuum of Care, which has former homeless individuals as members. Subrecipients who run the shelters and the rapid re-housing programs in the community have former homeless individuals in their organizations who help shape policies and make decisions about services and programs that receive ESG funding.

5. Describe performance standards for evaluating ESG.

The performance standards for evaluating ESG are described in the Protocols for Administration of The Emergency Solutions Grant, included in Appendix C.

ASSURANCES - NON-CONSTRUCTION PROGRAMS

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0040), Washington, DC 20503.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

NOTE: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the awarding agency. Further, certain Federal awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project cost) to ensure proper planning, management and completion of the project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee- 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and, (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.
7. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
8. Will comply, as applicable, with provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

9. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333), regarding labor standards for federally-assisted construction subagreements.
10. Will comply, if applicable, with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
11. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) Implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).
12. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
13. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).
14. Will comply with P.L. 93-348 regarding the protection of human subjects involved in research, development, and related activities supported by this award of assistance.
15. Will comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. §§2131 et seq.) pertaining to the care, handling, and treatment of warm blooded animals held for research, teaching, or other activities supported by this award of assistance.
16. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
17. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
18. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.
19. Will comply with the requirements of Section 106(g) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. 7104) which prohibits grant award recipients or a sub-recipient from (1) Engaging in severe forms of trafficking in persons during the period of time that the award is in effect (2) Procuring a commercial sex act during the period of time that the award is in effect or (3) Using forced labor in the performance of the award or subawards under the award.

HOME-ARP CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the participating jurisdiction certifies that:

Affirmatively Further Fair Housing --The jurisdiction will affirmatively further fair housing pursuant to 24 CFR 5.151 and 5.152.

Uniform Relocation Act and Anti-displacement and Relocation Plan --It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR Part 24. It will comply with the acquisition and relocation requirements contained in the HOME-ARP Notice, including the revised one-for-one replacement requirements. It has in effect and is following a residential anti-displacement and relocation assistance plan required under 24 CFR Part 42, which incorporates the requirements of the HOME-ARP Notice. It will follow its residential anti-displacement and relocation assistance plan in connection with any activity assisted with funding under the HOME-ARP program.

Anti-Lobbying --To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction --The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations and program requirements.

Section 3 --It will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) and implementing regulations at 24 CFR Part 75.

HOME-ARP Certification --It will use HOME-ARP funds consistent with Section 3205 of the American Rescue Plan Act of 2021 (P.L. 117-2) and the CPD Notice: *Requirements for the Use of Funds in the HOME-American Rescue Plan Program*, as may be amended by HUD, for eligible activities and costs, including the HOME-ARP Notice requirements that activities are consistent with its accepted HOME-ARP allocation plan and that HOME-ARP funds will not be used for prohibited activities or costs, as described in the HOME-ARP Notice.
