Introduction

Welcome to the Continuum of Care (CoC) Planning Project Application navigational guide. This guide covers important information about accessing and submitting the project application for CoC Planning funds.

The CoC's designated Collaborative Applicant is the only entity that can apply for the CoC Planning funds. This organization must be the same Collaborative Applicant identified during the CoC Program Registration process.

To submit a project application in *e-snaps*, the Collaborative Applicant must submit the CoC Planning Project Application as a Project Applicant. It is the only way that HUD will be able to process the application in *e-snaps* and award conditional funds. The first section of this guide elaborates on what this means.

Unlike other types of funding, CoC Planning funds are awarded as new funding each year and they are not renewable. If a Collaborative Applicant wants to apply for CoC Planning funds in FY 2022, it must submit a new CoC Planning Project Application not to exceed the CoC Planning amount provided by HUD, per the Notice of Funding Opportunity (NOFO).

Important!

The annual CoC Program NOFO competition and the Special NOFO to Address Unsheltered and Rural Homelessness are open at the same time. <u>BOTH</u> of these NOFOs are visible in *e-snaps*.

This Navigational Guide is for those who are registering for the following Funding Opportunity:

CoC Planning Project Application FY2022.

You must ensure you register for the correct Funding Opportunity. If you have not, you must abandon this project application and begin again by registering for the correct Funding Opportunity you are choosing for this Project Application.

Objectives

By the end of this module, you will be able to:

- Identify the correct e-snaps account to use to submit the Project Application.
- Access e-snaps.
- Register for the CoC Planning Project Application funding opportunity.
- Create the Project on the "Projects" screen.
- Access the Project Application on the "Submissions" screen.
- Complete and submit the Project Application to the Collaborative Applicant (it will appear in the Priority Listing when you update the list).
- Only if needed, amend the Project Application from the CoC Priority Listing for revision in your Project Applicant e-snaps account.

Posted Resources

HUD has determined that some CoC- and *e-snaps*-related resources need to be posted to HUD.gov as HUD's official website, rather than to the HUD Exchange, which focuses on technical resources for communities and grant recipients. FY2022 NOFO information (e.g., detailed instructions), including the FY2022 *e-snaps* Navigational Guides, will be published and updated on HUD.gov. Many of the other CoC- and *e-snaps*-related technical resources will remain on the HUD Exchange.

Have a question?

The *e-snaps* AAQ on HUD Exchange is no longer active. Send questions related to the CoC Program NOFO or navigating *e-snaps* to the appropriate HUD.gov email address:

- CoCNOFO@hud.gov for questions about the NOFO, competition, and applications.
- e-snaps@hud.gov for questions about e-snaps technical issues such as creating
 an individual user profile, lockouts/password resets, requesting access to a CoC's
 or Project Applicant's e-snaps account, navigating e-snaps, updating the Applicant
 Profile, identifying the funding opportunity, creating a project, and accessing the
 application on the "Submissions" screen.

In your email, please provide:

- The specific details regarding the issue you are encountering:
- The steps you have taken up to the point the issue occurs; and
- Any error messages.

You may also want to provide a screenshot.

Overview of this Instructional Guide

The organization of material in this instructional guide corresponds with the different parts of the Project Application process, and the instructional steps follow the progression of screens in *e-snaps*.

- Using the correct e-snaps account. You must understand which e-snaps account to use to submit the CoC Planning Project Application. This section discusses the need for each Collaborative Applicant organization to have access to two separate e-snaps accounts.
- Accessing e-snaps. Each e-snaps user needs his or her individual username and password to
 log in to the online e-snaps system. In order to view an organization's Project Applicant Profile,
 Project Applications, etc., the e-snaps user needs to be associated as a "registrant" with the
 organization's e-snaps account. This section identifies the steps to create user profiles and add or
 delete registrants.
- Project Applicant Profile. Project Applicants must review the Project Applicant Profile, update
 the information as needed, and select the "Complete" button to proceed to the Project Application
 process.
- Accessing the CoC Planning Project Application. After the Project Applicant Profile is
 complete, Applicants need to follow a series of steps to access the Project Application forms. The
 steps discussed in this section include registering the Applicant for the FY2022 CoC Planning
 Project Application funding opportunity, creating an FY2022 CoC Planning project, and accessing
 the project application forms.
- CoC Planning Project Application. After accessing the FY2022 CoC Planning Project
 Application, Applicants will complete a series of screens asking for information about the project
 for which they are applying for funding. This section provides instructions for each screen. After
 all required information is provided, the Applicant will submit the CoC Planning Project Application
 via e-snaps.
- Submitting the Project Application. This section provides instructions on submitting the Project Application and includes trouble-shooting tips and instructions for updating the Project Applicant Profile if the information pre-populating in the Project Application is incorrect.
- Amending the Project Application. The section on Submitting the Project Application includes
 instructions for amending the Project Application. If changes need to be made to the CoC
 Planning Project Application after it has been submitted and it appears in the Priority Listing, the
 Collaborative Applicant will send the project back to the Project Applicant; it will essentially send
 the project back to itself.

Amending Project Application

If you amend the project application back to yourself for revision or correction, you are responsible for ensuring the project application is resubmitted in e-snaps to the CoC Priority Listing before the CoC Priority Listing is submitted to HUD.

If a project application does not appear on the CoC Priority Listing, it will not be reviewed or considered for conditional award.

Collaborative Applicants Applying as Project Applicants

The Collaborative Applicant has two roles during the Competition—one as the Collaborative Applicant submitting the entire Consolidated Application and one as a Project Applicant applying for grant funds.

For each role, the organization MUST have two separate *e-snaps* accounts and needs to complete two separate Applicant Profiles.

Defining e-snaps accounts

Individuals have their own user accounts (user profiles) with a username and password. Individuals have access to different Collaborative Applicant and Project Applicant e-snaps accounts.

The Collaborative and Project Applicant e-snaps accounts represent organizations, not people. They contain an Applicant Profile and its associated applications.

As a Collaborative Applicant

The Collaborative Applicant submits the CoC Application and CoC Priority Listing on behalf of the CoC. For this task, you need to be able to log in and see an Applicant Profile that represents the CoC and you as the Collaborative Applicant.

- The Applicant Number should be the CoC Number.
- Every CoC has a CoC Applicant Profile in e-snaps. Collaborative Applicant organization staff need to gain access to the existing CoC e-snaps account.
- The ONLY time a person would create a new CoC Applicant Profile is if a new CoC receives a CoC Number that has never been used before.

As a Project Applicant

The organization submits a CoC Planning Project Application **as a Project Applicant** using a separate *e-snaps* account. This *e-snaps* account is the one that HUD will use to process the grant agreement, not the account where the CoC Application and CoC Priority Listing reside.

- The Applicant Number should be the organization's Unique Entity Identifier (UEI). Note: The
 DUNS number has been replaced by the UEI. For more information on the UEI, please go to
 https://www.gsa.gov/about-us/organization/federal-acquisition-service/office-of-systems-management/integrated-award-environment-iae/iae-systems-information-kit/unique-entity-identifier-update.
- If a Collaborative Applicant is completely new to *e-snaps* (i.e., if the organization is submitting a Project Application for the first time), the organization must create a Project Applicant in *e-snaps*.
- Collaborative Applicants that submitted Project Applications in the past should NOT create a new Project Applicant Profile; they should use the Project Applicant Profile that they used previously to submit this year's application for CoC Planning funds.

Project Applicant Profile Navigational Guide:

 <u>https://files.hudexchange.info/resources/documents/Project-Applicant-Profile-</u> Navigational-Guide.pdf

Alternating Roles

Collaborative Applicant organizations must NOT use the CoC's Collaborative Applicant *e-snaps* account to create and submit a project application of any kind, including a New, Renewal, YHDP, or UFA Costs (if applicable) Project Application.

The Collaborative Applicant will need to switch between the two different *e-snaps* accounts, depending on whether staff are working on a Project Application or the CoC Application and Priority Listing.

When *e-snaps* users log into the system, they need to select "Applicants" in the left menu bar, and then they will see an "Applicant" field at the top of the screen, as shown in the screenshot below. This field identifies the organization's account in which the user is working.

e-snaps Help Desk

If you have issues with identifying the correct Applicant, contact the HUD e-snaps Help Desk at:

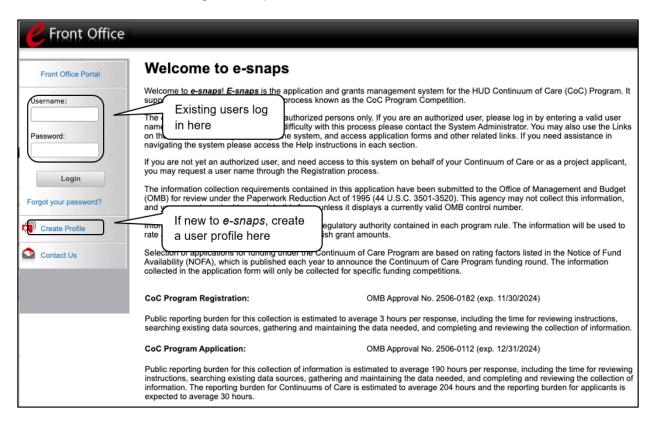

e-snaps@hud.gov

Please provide specific details regarding the issue you are encountering, the steps you have taken up to the point the issue occurs, and any error messages.

You may also want to provide a screenshot.

Accessing e-snaps

The Project Application is submitted electronically in *e-snaps* during the annual competition under the NOFO for the FY2022 CoC Program Competition.

For assistance in navigating e-snaps, please refer to:

https://www.hudexchange.info/programs/e-snaps/

NOTE:

Each e-snaps user must have his or her own login credentials.

Preferably, each organization will have two people with access to e-snaps: the Authorized Representative and one or more additional staff.

Existing Users

- 1. Direct your Internet browser to https://esnaps.hud.gov/.
- 2. On the left menu bar, enter the username and password. You will then enter the *e-snaps* system and arrive at the "Welcome" screen.
- 3. If you forgot your password, select "Forgot your password?" under the "Login" button.

New e-snaps Users

- 1. Create an *e-snaps* username and password by selecting the "Create Profile" link.
- 2. Log in as instructed under Existing Users above.

Give Staff Access to Your Organization's e-snaps Account

Having a user profile enables a person to access *e-snaps*; however, only individuals who have been associated with the organization as a registrant (also referred to as registered users) can enter information in the Applicant Profile and Project Applications associated with the organization.

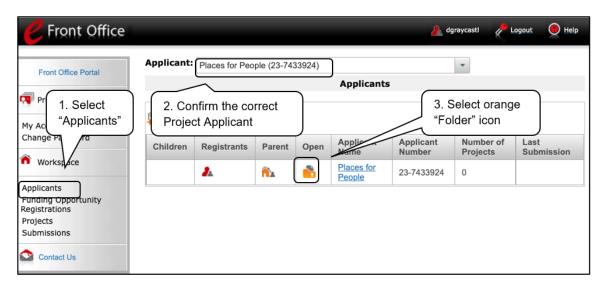

For information on how to add and delete users, refer to the "Give Staff Access to Your Organization's e-snaps Account" resource at:

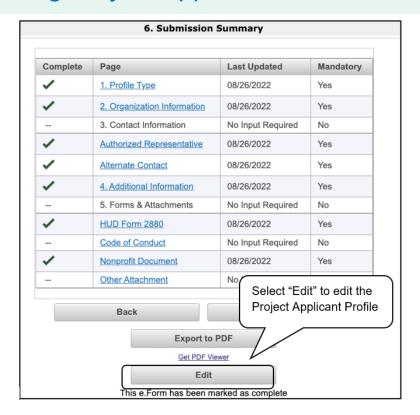

• <u>https://files.hudexchange.info/resources/documents/Give-Staff-Access-to-Your-Organizations-e-snaps-Account.pdf</u>

Project Applicant Profile

Collaborative Applicants applying for CoC Planning costs must complete the Project Applicant Profile before moving forward in the CoC Planning Project Application process. To complete Project Applicant Profile, the Collaborative Applicant must ensure the data entered in the Project Applicant Profile is accurate and select the "Complete" button on the "Submission Summary" screen.

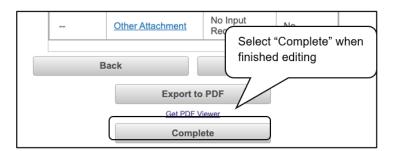

- 1. Select "Applicants" on the left menu bar.
- 2. Ensure that the correct Applicant is selected in the "Applicants" field at the top-left side of the screen.
 - Remember that you should see both the Collaborative Applicant and Project Applicant in the dropdown menu. Select the correct Project Applicant.
- 3. Select the orange "folder" icon 📫 to the left of the Applicant name on the screen.

Steps (continued)

- 4. Go to the "Submission Summary" screen and select the "Edit" button.
 - If you do not see an "Edit" button, but instead a "Complete" button, then you are already in edit mode.
- 5. Update and save all changes.

6. Go to the "Submission Summary" screen and select the "Complete" button.

For step-by-step instructions, see the Project Applicant Profile Navigational Guide at:

 https://files.hudexchange.info/resources/documents/Project-Applicant-Profile-Navigational-Guide.pdf

Accessing the CoC Planning Application

After the Project Applicant Profile is completed, Project Applicants can move to the next steps required to access the CoC Planning Application screens. This section covers the following:

- Funding Opportunity Registration
- Projects
- Accessing the Project Application from the "Submissions" screen

Funding Opportunity Registration

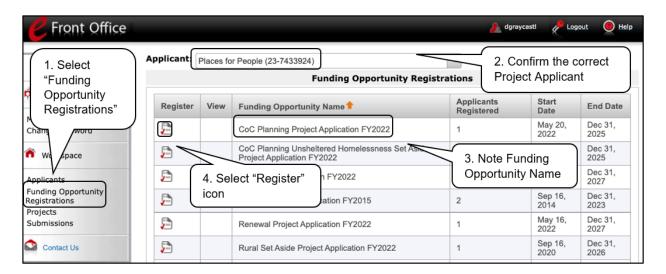

All Collaborative Applicants applying for CoC Planning funds must register the organization for the CoC Planning Project Application funding opportunity. Registering for the funding opportunity enables Applicants to apply for CoC Planning costs during the FY 2022 CoC Program Competition.

Terminology:

"Registering" in this context means "indicating your intent to apply."

"Funding Opportunity" refers to "the type of grant." There are options when you select this screen. They include CoC Planning, New, Renewal, and UFA Costs.

On this screen, you are indicating your intent to apply for a specific type of grant.

- 1. Select "Funding Opportunity Registrations" on the left menu bar.
- 2. The "Funding Opportunity Registrations" screen appears.
- Note the funding opportunity name. Ensure you are choosing the correct funding opportunity for this project application: "CoC Planning Project Application FY2022." You must choose this funding opportunity.
- 4. Select the "Register" icon next to "CoC Planning Project Application FY2022."
- 5. The "Funding Opportunity Details" screen will appear.

Steps

1. When the question appears asking if you want to register the Project Applicant for the funding opportunity, select "Yes" to confirm that you want to register your organization.

- 2. The screen will then indicate that the Applicant has been registered.
- 3. Select the "Back" button to return to the "Funding Opportunity Registrations" screen.

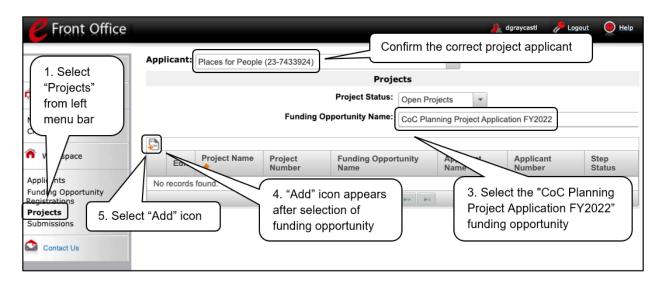

Creating the CoC Planning Application Project

Collaborative Applicants must create a project for the CoC Planning Project Application in *e-snaps* on the "Projects" screen. Creating a project is an intermediate step; Collaborative Applicants do NOT enter the project on the "Projects" screen to complete the application; instead, they access the application from the "Submissions" screen.

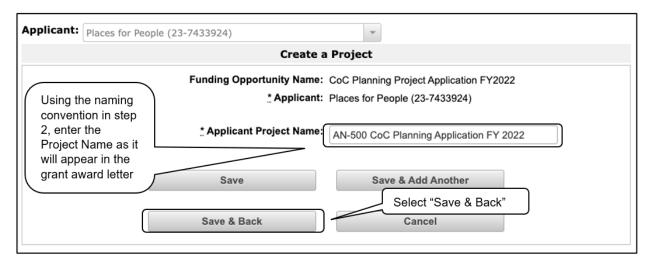

After the Collaborative Applicant "creates" the project, it will appear on this screen and "CoC Planning Project Application FY2022" will appear under the "Funding Opportunity Name" column.

Terminology:

"Creating a Project" means "giving the project application a name."

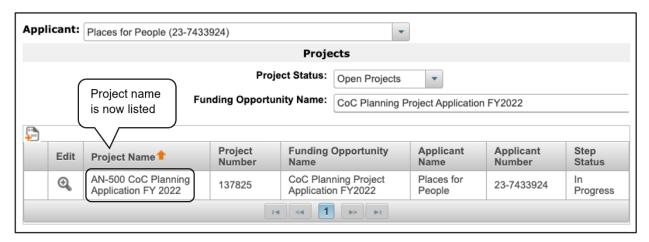

- 1. Select "Projects" on the left menu bar. The "Projects" screen appears.
- 2. Confirm the correct Project Applicant.
- 3. Select "CoC Planning Project Application FY2022" from the "Funding Opportunity Name" dropdown.
- 4. The screen refreshes and an "Add" icon appears on the left side of the screen above the column headings.
- 5. Select the "Add" icon.
- 6. The "Create a Project" screen appears.

Steps

- 1. On the "Create a Project" screen, the Applicant Name will be pre-populated.
- In the "Applicant Project Name" field, enter the CoC Number followed by the words "CoC Planning Application FY 2022."
 - For example, a Collaborative Applicant that is applying for CoC Planning funds for the AN-500 CoC should enter: "AN-500 CoC Planning Application FY 2022."
- 3. Select "Save & Back" to return to the "Projects" screen.

- 4. The project name is now listed in the menu.
- 5. Select the "View" icon ¹ to view project details; however, it is not necessary to enter any notes on that page.

Remember, the "Applicant" field with the dropdown menu located at the top of the screen identifies the Project Applicant Profile in which you are working.

Please ensure you are working in the correct one. Do not use your Collaborative Applicant Profile. You must use your agency's Project Applicant Profile to complete the CoC Planning Project Application.

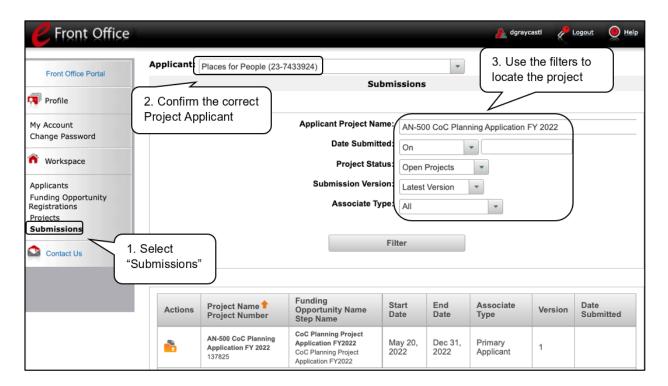

Submissions

After completing the Project Applicant Profile, registering for the Funding Opportunity, and creating the Project Application project, Collaborative Applicants may now enter the CoC Planning Project Application and complete the screens. You must access the CoC Planning Project Application through the "Submissions" screen.

Terminology:

"Submissions" refers to both submitted project applications and project applications that are in progress to be submitted.

This screen also includes applications that are created by mistake and are not intended to be submitted. Once you have created a project on the Projects screen and it appears here, you cannot delete it. You can only rename it.

- 1. Select "Submissions" on the left menu bar. The "Submissions" screen will appear.
- 2. Confirm the correct Project Applicant.
- 3. Locate the Project Application you established.
 - Option: Use the "Submissions Filters." Select your Project's name in the "Applicant Project Name" field. Then select the "Filter" button to single out your project(s).
 - Option: Select "Clear Filters" on the top left of the "Submissions Filters" box. Then, review the "Funding Opportunity Name / Step Name" column for "CoC Planning Project Application FY2022."
- 4. Continue with the instructions in the next section for completing the Project Application.

CoC Planning Project Application

Completing the project application forms in *e-snaps* is a fairly straightforward process. This section identifies the steps for completing the forms.

NOTE:

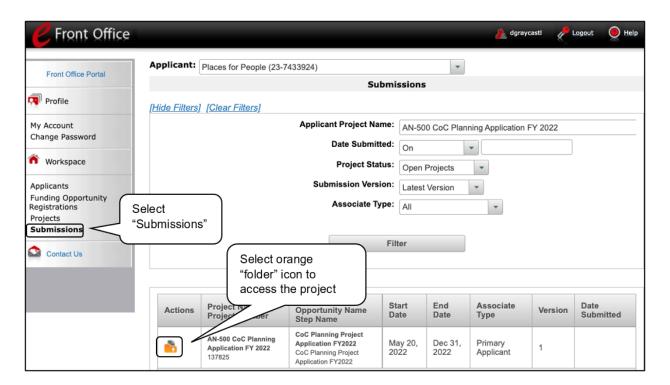

Some data may pre-populate from the Project Applicant Profile (i.e., e-snaps will bring it forward).

Review the pre-populated data. If it is not correct, you will need to edit the Project Applicant Profile, making sure to select the "Complete" button after editing so that the data can be pulled forward again.

To revise the Project Applicant Profile, see the instructions under the <u>Updating</u> the Applicant Profile section of this guide

Accessing the Project Application

Access the Project Application through the "Submissions" screen.

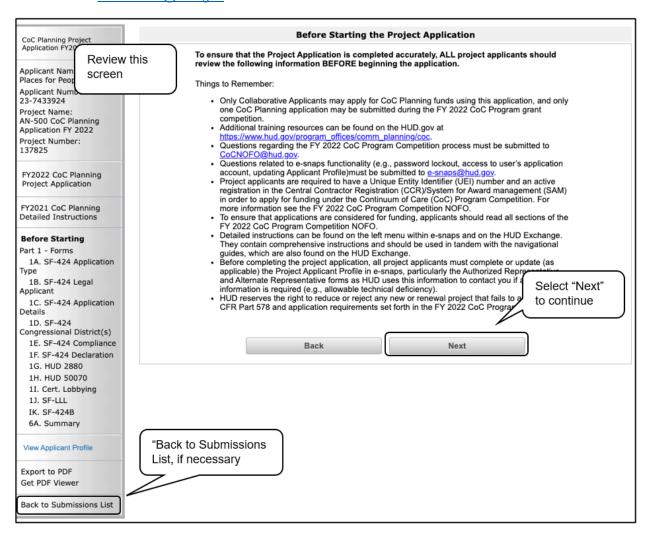

- 1. Select "Submissions" on the left menu bar.
- 2. The "Submissions" screen appears.
- 3. Select the "Folder" icon to the left of the Project Application Name you established with the Funding Opportunity Name "CoC Planning Project Application FY2022."
- 4. The "Before Starting" screen appears.

4B. Funding Request

The following steps provide instructions on completing the "Funding Request" screen for Part 4B: Funding Request of the FY 2022 CoC Planning Project Application.

The purpose of the "Funding Request" screen is to describe the quantity and dollar amount of each type of eligible planning cost you are requesting and to determine the total budget of your CoC Planning Project Application.

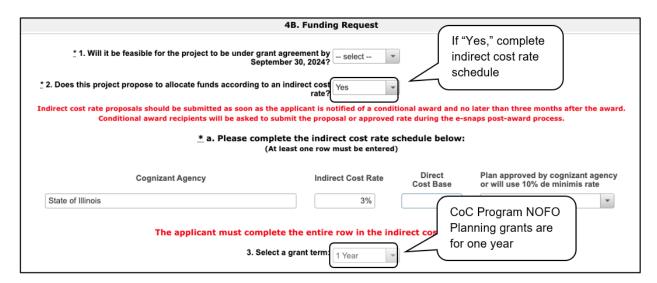

Important!

The CoC Program NOFO and the Special NOFO to Address Unsheltered and Rural Homelessness are both open in *e-snaps*. Unlike the annual CoC Program NOFO funding, Special NOFO funds for CoC Planning have a grant term of three years.

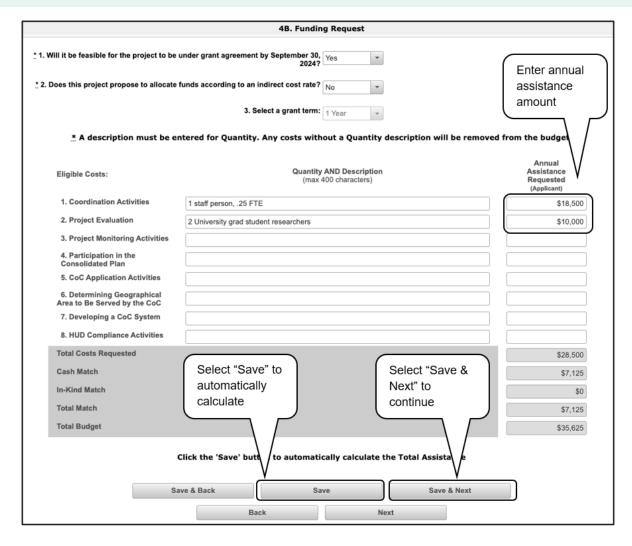

This navigational guide is for the FY 2022 CoC Program NOFO, which has grant term of one year.

If the "Select a grant term" field is pre-populated with "3 Years," then you are working in the wrong application, i.e., you are working in the Special NOFO. If that is the case, you must abandon this project application and begin again by registering for the correct Funding Opportunity you are choosing for this project application.

For the FY 2022 CoC Program NOFO Planning Project Application, in the "Annual Assistance Request (Applicant)" column, you will enter the annual amount for each applicable budget line item.

- 1. In field 1, select "Yes" or "No" from the dropdown menu to indicate whether it is feasible for the project to be under grant agreement by September 30, 2024.
- 2. In field 2, select "Yes" or "No" from the dropdown menu to indicate whether the project is proposing to allocate funds according to an indirect cost rate.
 - If "Yes," complete the indirect cost rate schedule under field 2; list the cognizant agency, record the indirect cost rate and the direct cost rate, and select whether you plan to use the approved rate or the 10 percent de minimis rate.
- 3. In field 3, e-snaps will pre-populate the grant term as "1 Year." You cannot edit it.

Steps (continued)

- 4. Under field 3, for each of the eight eligible cost categories, enter the following:
 - Under the "Quantity AND Description" column, enter a quantity and a narrative description of up to 400 characters. Be brief and use abbreviations as much as possible.
 - Under the "Annual Assistance Requested (Applicant)" column, enter the dollar request for each year of the grant term.
 - The eight eligible costs categories include the following:
 - i. Coordination Activities
 - ii. Project Evaluation
 - iii. Project Monitoring Activities
 - iv. Participation in the Consolidated Plan
 - v. CoC Application Activities
 - vi. Determining Geographic Area Served by the CoC
 - vii. Developing a CoC System
 - viii. HUD Compliance Activities

- 5. Select "Save" to automatically calculate the "Total Costs Requested" and "Total Budget."
- 6. Select "Save & Next" to continue.

NOTE: Cash match and in-kind match fields are automatically populated. If they need to

be changed, return to Screen "4A. Sources of Match" to make changes to these

fields.

NOTE: A minimum of a 25 percent total match is required for ALL requested CoC

Planning costs. The system will notify project applicants if an ineligible amount is

displayed with a warning message and will prevent the submission of the

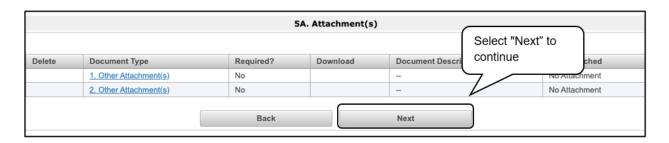

application.

See 24 CFR 578.73 regarding match requirements to ensure the in-kind match

reported is documented appropriately if this method of match is selected.

5A. Attachments

There are no attachments required for the CoC Planning Project Application unless the project will be using in-kind match.

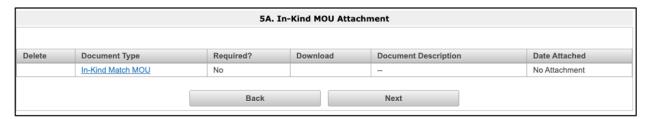

Step

1. Select "Next" to continue.

Note: Projects using in-kind match will proceed to a screen where they will attach a memorandum of understanding.

5A. In-Kind MOU Attachment

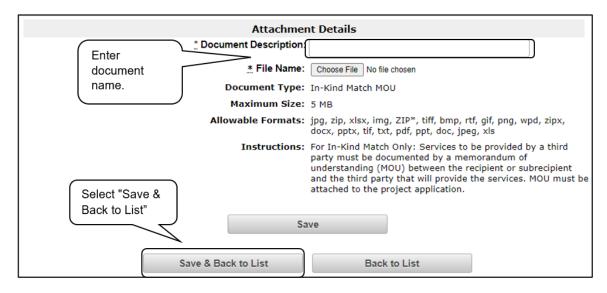

If a Project Applicant is using in-kind match for their project, the services to be provided by a third party must be documented by a memorandum of understanding (MOU) between the recipient or subrecipient and the third party that will provide the services. The MOU must be attached to the project application or submitted prior to grant agreement.

- 1. Select the document name under Document Type.
- 2. The "Attachment Details" screen will appear.

5A. Uploading an Attachment

The following instructions explain how to upload an attachment in e-snaps.

Steps

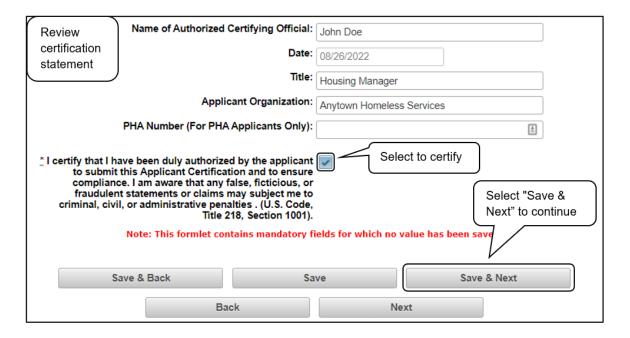

- 1. Enter the name of the document in the "Document Description" field.
- 2. Select "Browse" to the right of the "File Name" field to upload the file from your computer.
 - The allowable formats are: zip, xls, xlsx, wpd, pdf, zipx, doc, ZIP, docx, rtf, txt.
- 3. Select "Save & Back to List" to return to the "Attachments" screen.
- 4. On the "Attachments" screen, select "Next."

NOTE: To delete an uploaded attachment:

- Confirm the deletion in the pop-up window.

5B. Certification

Project Applicants must certify that their programs will be in compliance with all applicable Fair Housing and Equal Opportunity laws. The following steps provide instructions on completing the "Certification" screen of the application.

- 1. Review part A of the Certification statement.
- 2. If the Applicant is unable to certify to any of the statements in parts A of the Certification, attach an explanation on the "Attachments" screen using one of the available links.
- Verify the name of the Project Applicant organization's Authorized Certifying Official.
- 4. Verify the current date auto-populates in the Date field.
- 5. Verify the title of the Project Applicant organization's Authorized Certifying Official.
- 6. Verify the name of the Project Applicant Organization.
- 7. If the organization is a Public Housing Authority (PHA), enter the PHA Number. Otherwise, leave it blank.
- 8. Select the box next to the certification statement.
- 9. Select "Save & Next" to continue.

6A. Submission Summary

Once the required information has been entered, the Applicant needs to select the "Submit" button on the "Submission Summary" screen.

The "Submission Summary" screen shows the Project Application screens. In the "Last Updated" column, the system will identify the following:

- A date if the screen is complete.
- "No Input Required" if there is no input required.
- "Please Complete" if more information is needed.

Users can go back to any screen by selecting the screen name on the left menu or on the screen name in the Submissions list itself. Remember to select "Save" after any changes.

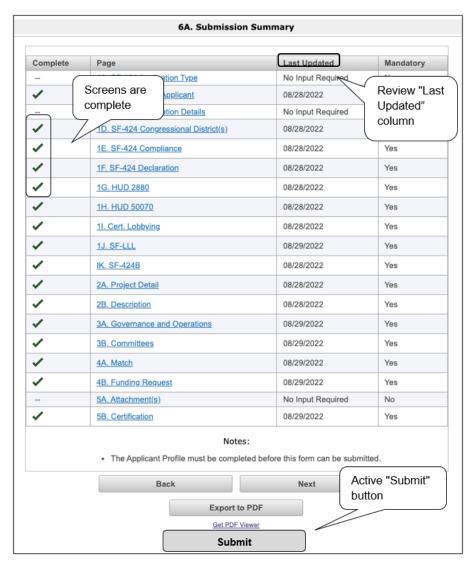

NOTE:

The "No Input Required" status on the Submission Summary indicates that additional information for that screen is not required for the applicant to proceed to the next step in the e-snaps system. In the context of this training module, the Applicant may proceed to the next steps in the Project Application process. HUD, however, may require the item prior to the awarding of program funds.

The "Submit" button is located at the bottom of the screen under the navigation buttons. The "Submit" button will be active if all parts of the Project Application are complete (and have a date) or state "No Input Required."

Submitting the Project Application

The following image shows the Project Application "Submission Summary" screen with all items completed. Note that the "Submit" button is active and can be selected.

- 1. If you are not already on the "Submission Summary" screen, select it on the left menu bar.
- 2. Review the "Last Updated" column to confirm all screens are complete.
 - For any item(s) that state "Please Complete," either select the link under the "Page" column or select the item on the left menu bar. Complete the screen, save the information on the screen, then return to the Submission Summary screen.
- 3. Select the "Submit" button.
 - The "Submit" button will be grayed out. Below it there will be text stating, "This e.Form has been submitted."

After Selecting the "Submit" Button

The following image shows the completed CoC Planning Project Application "Submission Summary" screen. Note that the "Submit" button is no longer active, but instead appears gray-shaded. The form is marked "This e.Form has been submitted."

Exporting to PDF

Applicants can obtain a hard copy of the CoC Planning Project Application using the "Export to PDF" button located at the bottom of the Submission Summary screen under the navigation buttons.

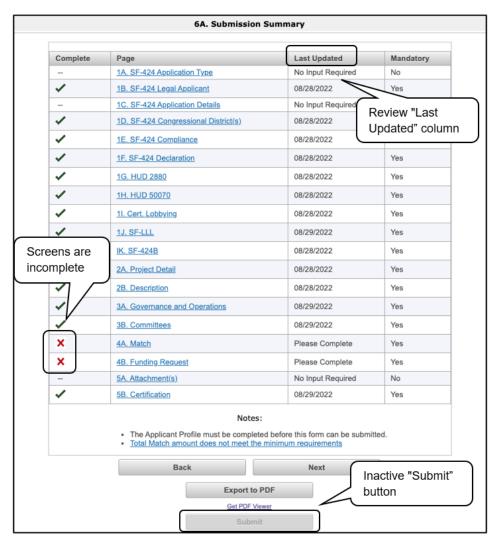

- 1. Select the "Export to PDF" button.
- 2. On the "Configure PDF Export" screen, select the screen(s) you would like included.
- 3. Select "Export to PDF."

Trouble-Shooting When You Cannot Submit the Project Application

Project Applicants may encounter issues when trying to submit the Project Application. If the "Submit" button is gray (i.e., "grayed-out"), it is not active and you cannot select it. You will not be permitted to complete your form at this time. The "Submit" button will appear gray if information is missing on any of the required Project Application forms or in the Applicant Profile.

The following image shows the CoC Planning Project Application "Submission Summary" screen with items that still need to be completed. Note that the "Submit" button is gray-shaded and you cannot select it.

- 1. Review your "Submission Summary" screen to determine which Project Application form needs to be completed. For the item(s) that state "Please Complete," either select the link under the "Page" column or select the item on the left menu bar to return to that screen.
- 2. Complete the screen, then save the information.
- 3. Return to the "Submission Summary" screen. If there are more items that state "Please Complete," repeat steps 1 and 2. When all screens are complete, select the "Submit" button.

What the "Last Updated" column tells you. A date identifies a form with complete information for all required fields. It is the most recent date on which the completed form was saved.

- "Please Complete" identifies a form with information missing in one or more required fields.
- "No Input Required" identifies a form that is not required for completion by all projects. You are strongly encouraged to double-check these forms to ensure that all appropriate project information is completed.

What the "Notes" section at the bottom of the screen tells you. Notes are not a standard section on the "Submission Summary" screen, so you will not see this section all the time.

- If Notes appear on the screen, they are located under the list of screens and above the navigational buttons.
- The Notes provide information on the errors in the Project Application. Some Notes include a link to the applicable form and error(s).

NOTE:

If you are still unable to submit the CoC Planning Project Application after following these instructions, please submit a question to the HUD e-snaps Help Desk at e-snaps@hud.gov.

Please provide specific details regarding the issue you are encountering, the steps you have taken up to the point the issue occurs, and any error messages.

Please also provide a screenshot whenever possible.

Project Application Changes

NOTE:

For the CoC Planning Project Application, the Collaborative Applicant and the Project Applicant are the same entity. Nevertheless, you have two roles and thus two Applicant Profiles.

You need to follow these steps as if you have two roles by switching the name of the Applicant in the "Applicant" field that appears at the top-left side of the "Applicants," "Projects," and "Submissions" screens.

If changes need to be made to the Project Applications, the Collaborative Applicant will send the project back to the Project Applicant. Project Applicants may need to change the Project Application if they find an error or if the Collaborative Applicant requests a change to one or more of the forms. The following action steps must be taken by the Collaborative Applicant and Project Applicant.

Steps-Who

1. Collaborative Applicant

The following actions are taken by the Collaborative Applicant so the Project Applicant can amend the Project Application:

- Select the "notepad" icon on the Project Listing screen to "release" the Project Application back to the Applicant.
- Update the project listing so the Project Application does not appear on the Project Listing.

NOTE: Specific instructions for Collaborative Applicants are available in the Project Priority Listings instructional guide on the CoC Program Competition Resources page at:

- https://www.hud.gov/program offices/comm planning/coc/competition.
- Project Applicant

After the Project Application has been amended back to the Project Applicant for changes, any registrant with access to the organization's *e-snaps* account should be able to access, edit, and resubmit the Project Application.

The following actions are taken by the Applicant once the Collaborative Applicant has released the Project Application:

- 1. Log in to e-snaps.
- 2. Select "Submissions" on the left menu bar.
- 3. Find the Project Application that was sent back to the Applicant. Review the list under the Project Name column or use the Project Name dropdown menu and "Filter" button. The Project Name for the Project Application will be listed, but it will no longer have a date under the "Date Submitted" column. Select the "Open Folder" icon to the left of the project with no submission date.
- 4. Make the required change(s), saving each form as it is revised.
- 5. Select the "Submit" button.
- 3. Collaborative Applicant

After the Project Applicant has re-submitted the Project Application, the Collaborative Applicant must update the project listing for the Project Application to reappear on the Project Listings screen.
