Purpose
The CoC Consolidated Application includes the CoC Application, CoC Priority Listing, and the project application(s). This document provides detailed instructions for completing the CoC Priority Listing for the FY 2022 CoC Program Competition which includes the project applications submitted in the local CoC competition that have been reviewed, assessed, and rank, or approved according to the local CoC competition process. For the CoC Consolidated Application to be considered a complete submission, you must ensure both the CoC Application and CoC Priority Listing are fully completed and submitted prior to the HUD established submission deadline. As stated in Section VI.G.3 of the FY 2022 CoC Program Competition NOFO:

“The CoC Application and the CoC Priority Listing are separate submissions in e-snaps; therefore, Collaborative Applicants must ensure that both the CoC Application and the CoC Priority Listing, that includes all project applications either approved and ranked or rejected, are submitted in e-snaps prior to the application submission deadline.”

The FY 2022 CoC Priority Listing includes:

- Reallocation forms;
  - Grants Eliminated; and
  - Grants Reduced.
- Project Listings - capture CoC decisions for project applications submitted in the local competition:
  - New;
  - Renewal;
  - Unified Funding Agency (UFA) Costs, if applicable;
  - CoC Planning;
  - Youth Homelessness Demonstration Program (YHDP) Renewal; and
  - YHDP Replacement.
- Required Attachment
  - HUD-2991, Certification of Consistency with the Consolidated Plan.
    - Every project included on one or more of the Project Listing(s) must be included using the following process:
      - a single signed and dated HUD-2991 that includes an attachment listing all project applications that were sent to the local jurisdiction; or
      - a single signed and dated HUD-2991 completed for each project

You should use these CoC Priority Listing Detailed Instructions in conjunction with:

- Notice of Funding Opportunity (NOFO) for the Fiscal Year (FY) 2022 Continuum of Care Program Competition (NOFO); and
- CoC Priority Listing Navigational Guide.

CoC Priority Listing Overview
The CoC Priority Listing can be accessed via “Submissions” located on the left-menu in e-snaps. All project applications submitted in e-snaps to the CoC will appear on one of the six Project Listings that make up the CoC Priority Listing. Projects are uploaded to the applicable Project Listing after the project applicant submits the project application in e-snaps and the Collaborative Applicant updates the applicable list for each Project Listing. The six types of Project Listings include:
1. **CoC New Project Listing (Competitive and Ranked):** Lists new project applications that must be reviewed, assessed, and ranked with a unique number or rejected according to the CoC’s local competition process that are created through:

   a. Reallocation and CoC Bonus:
      - Permanent Housing (PH) (including Permanent Supportive Housing (PSH) and Rapid Re-housing (RRH)),
      - Joint Transitional Housing and Permanent Housing-Rapid Rehousing component (Joint TH and PH-RRH component),
      - Supportive Services Only for Coordinated Entry (SSO–CE), and
      - Dedicated Homelessness Management Information System (HMIS); and

   b. Domestic Violence (DV) Bonus:
      - PH-RRH,
      - Joint TH and PH-RRH component, and
      - SSO-CE.

2. **CoC Renewal Project Listing (Competitive and Ranked).** Lists eligible renewal project applications that have an expiration date in Calendar Year (CY) 2023 (between January 1, 2023 and December 31, 2023). All project applications on this listing must be reviewed, assessed, approved, and ranked with a unique number or rejected according to the CoC’s local competition process.

3. **CoC UFA Costs Project Listing (Not Ranked).** Will only be visible if the Collaborative Application was designated by HUD as a UFA in the FY 2022 CoC Program Registration process and lists the single UFA Costs project. The UFA designated Collaborative Applicant must review and accept or reject the UFA Costs project application. A UFA Costs project application should only be rejected if it was submitted by an organization other than the Collaborative Applicant with UFA designation.

4. **CoC Planning Project Listing (Not Ranked).** Lists the single CoC planning project application submitted by the CoC’s designated the Collaborative Applicant. The Collaborative Applicant must review and accept or reject the CoC planning project application. A CoC planning project application should only be rejected if it was submitted by an organization other than the Collaborative Applicant.

5. **YHDP Renewal Project Listing (Non-competitive and Not Ranked).** Lists eligible YHDP renewal project applications that have an expiration date in Calendar Year (CY) 2023 (between January 1, 2023 and December 31, 2023). The Collaborative Applicant must review and accept or reject YHDP renewal projects. YHDP renewal project applications are not to be rejected unless the project was submitted by an applicant that is not a current YHDP recipient.

6. **YHDP Replacement Project Listing (Non-competitive and Not Ranked).** Lists YHDP replacement project applications where an eligible YHDP renewal project applicant invoked the replacement process as outlined in the NOFO. YHDP replacement project applications are not to be rejected unless the project was submitted by an applicant that is not a current YHDP recipient.
Ranking Overview

Ranking Project Applications

At least 15 days before the application submission deadline, Collaborative Applicants are required to notify project applicants outside of e-snaps in writing of:

- **Reallocation or Rejections:**
  - An eligible renewal project application was eliminated or reduced (reallocated) to create a new project.
  - An eligible renewal project application was rejected in the local CoC competition and provide the reason for rejection. An ‘X’ will be visible in the New and Renewal Project Listings for any project application rejected by the CoC.

- **Ranking:** the ranked position of the project application(s). The rank number assigned by the CoC will be visible in the New and Renewal Project Listings for all projects accepted and ranked according to the local CoC’s competition process.

- **Acceptance:** affirmation the non-ranked or non-ranked/non-competitive project application(s) was accepted. ‘Yes’ or ‘No’ will be visible for all projects accepted or rejected according to the NOFO requirements related to UFA Costs, CoC planning, YHDP renewal, and YHDP replacement project applications.

Amending Project Applications

You can amend a project application submission back to the project applicant when necessary for changes or corrections (e.g., to have a project applicant correct a requested budget amount). If you need to amend a project after ranking has been completed, the ranking of other projects will not be affected; however, you must update the applicable Project Listing and re-rank the project application after it has been resubmitted e-snaps.

Special Instructions and Requirements for Amending Project Applications

1. Click the icon to send the project application back to the project applicant for correction.
2. **Notify the project applicant in writing outside of e-snaps** the project application has been returned to the project applicant and include the reason(s). After clicking the icon, the project is no longer included in the Project Listing—the project application will not be submitted to HUD. **If you submit the CoC Priority Listing before the amended project application is resubmitted by the project applicant, updated to appear on the Project Listing, and approved and ranked, the amended project application is not reviewed by HUD and will not be eligible for funding consideration.**
3. The project applicant must make the necessary changes, submit the project application in e-snaps, and notify you in writing the project application has been resubmitted.
4. You must return to the appropriate Project Listing and click . The project application will appear in the list where you must either rank, re-ranked, or reject by prior to submission of the CoC Priority Listing to HUD.

Use the following Amendment Checklist to ensure you complete all necessary steps required to ensure an amended project application is included on the appropriation Project Listing **before you submit the CoC Priority Listing.**
Amendment Checklist:

☐ Amend the project application via e-snaps, notify the project applicant in writing, preferably via email, the project application has been amended and include:

☐ the reason for the amendment; and
☐ the date by which the project application must be resubmitted to the CoC.

☐ Project applicant returns to e-snaps to make the change(s) required and resubmits the project application in e-snaps.

☐ Project applicant notifies you in writing the required change(s) was made and the project application was resubmitted to the CoC.

☐ Collaborative Applicant updates the appropriate Project Listing(s) in e-snaps to review and:

☐ accept and rank;
☐ re-rank; or
☐ reject the project application.

1A. Continuum of Care (CoC) Identification
The field on this form lists the Collaborative Applicant Name. This field is read-only and references the Collaborative Application name entered on the CoC Applicant Profile.

2. Reallocation
Reallocation allows CoCs to reallocate funds in whole (eliminated) or in part (reduced) from eligible renewal projects to create one or more new projects. CoCs may reallocate funds from any eligible renewal component (e.g., TH, PH-PSH). CoCs may only reallocate eligible renewal projects as defined in III.C.2.i of the NOFO.

You must indicate whether the CoC will use the reallocation process in the FY 2022 CoC Program Competition. If the CoC is not reallocating any projects in the FY 2022 CoC Program Competition, you will complete question 2-1 and then move to Continuum of Care (CoC) New Project Listing.

2-1 Is the CoC reallocation funds from one or more eligible renewal grant(s) that will expire in calendar year 2023 into one or more new projects?

If the CoC is reallocating funds from one or more eligible renewal grant(s) to create a new project application(s), select:

Yes, to indicate eligible renewal projects are being reallocated; or

No, there are no eligible renewal projects being reallocated.

If a project applicant is using the transition grant process, you must select “Yes” and complete the information on the “Reallocation-Grant(s) Eliminated” form.
3. Reallocation-Grant(s) Eliminated

You must identify the eligible renewal project(s) being eliminated on this screen. To begin, click the + icon to enter the eligible renewal project information being eliminated. Each project being eliminated must be entered individually.

3-1 Complete each of the fields below for each grant that is being eliminated during the FY 2022 reallocation process. CoCs should refer to the FY 2022 Grant Inventory Worksheet to ensure all information entered is accurate.

The Collaborative Applicant must enter the following details for each eliminated project:

1. Eliminated Project name;
2. Grant Number of Eliminated Project;
3. Eliminated Project Component Type, and
4. Eliminated Project Annual Renewal Amount.

The information entered here must exactly match a project identified on the FY 2022 GIW.

Any project that is listed on this form will be ineligible to apply for renewal funding in this or future CoC Program Competitions.

3-2 Describe how the CoC determined that this project should be eliminated and include the date the project applicant was notified.

You must include the factors the CoC considered to determine an eligible project is being eliminated (e.g., project was underperforming, no longer filled a gap in the community). Additionally, you should include information if the CoC Board, a committee, or subcommittee established by the CoC reviewed and approved the decision to eliminate the project and include the date the CoC notified the project applicant of the decision to eliminate the eligible renewal project.

For transition grants, the Collaborative Applicant must state the project(s) is transitioning from the old component (e.g., TH) to a new eligible component (e.g., PH-RRH) and include the following information:

1. the Collaborative Applicant reviewed and affirms that no more than 50 percent of the funds in the new component project will be for costs of eligible activities under the old component; and
2. the CoC consented to the transition of component and the new component project meets the standards outlined in Section III.B.2.cc of the NOFO.

4. Reallocation-Grant(s) Reduced

CoCs that choose to reallocate funds to create new eligible project application(s) may do so by reducing the ARA for one or more of its eligible expiring renewal grants.

When a CoC chooses to reduce one or more renewal projects, you must identify the project(s) in this section. To begin, click the + icon to enter information on project(s) that will be reduced. Each project being reduced must be entered individually.
4-1 Complete each of the fields below for each eligible renewal grant that is being reduced during the FY 2022 reallocation process. CoCs should refer to the FY 2022 Grant Inventory Worksheet to ensure all information entered is accurate.

You must enter the following details for each reduced project:

1. Reduced Project Name;
2. Grant Number of Reduced Project;
3. Reduced Project Current Annual Renewal Amount; and
4. Amount Retained for Project.

5. Amount available for New Project(s) will automatically calculate after you click “Save” and will reflect the difference between the eligible renewal projects current ARA and the amount that will be retained for the renewal project.

The information entered in 1-3 above must exactly match a project identified on the FY 2022 GIW.

Reducing an eligible renewal projects is permanent. The CoC must ensure the renewal project’s funding request on the CoC Renewal Project Listing is consistent with the information entered in questions 1 and 4 on this screen.

4-2 Describe how the CoC determined that this project should be reduced and the date the project applicant was notified of the reduction.

You must include the factors the CoC considered in its decision to reduce this project (e.g., rental assistance project requested less than 100 percent of FMR, resulting in an excess of eligible and available funds). Additionally, you should include information if the CoC Board, a committee, or subcommittee established by the CoC reviewed and approved the decision to reduce the project and include the date the CoC notified the project applicant of the decision to reduce the eligible renewal project.

Continuum of Care (CoC) Project Listings
Six CoC Project Listings make up the CoC Priority Listing: New, Renewal, UFA Costs, CoC Planning, YHDP Renewal, and YHDP Replacement. Initially, all the lists will be empty. To import the project applications submitted to the Collaborative Applicant, click on each of the forms, e-snaps will search for all of the project applications submitted to date under each of the four categories. This process might take a several minutes depending on the number of project applications for each category that e-snaps must locate to populate the list.

Review Project Applications. HUD strongly encourages Collaborative Applicants to thoroughly review each project application submitted by project applicants to the CoC Project Listings to ensure accuracy of the information and completeness of the forms. You must:

- review and either accept and rank or reject each project application on the New and Renewal Project listings; and
- approve or reject each project application on the followong project listings: UFA Costs (if applicable), CoC planning, YHDP Renewal, and YHDP Replacement.
To review a project application submission, click the icon next to the project. This allows Collaborative Applicants to review the entire project application that was submitted to the applicable CoC Project Listing.

**Amend Project Applications.** To amend a project application submission, click the amend icon to send the project application back to the project applicant for correction.

**Approve, Rank, or Reject Project Applications.** To approve, rank (if applicable), or reject a project application, click the icon next to each project to view the basic project details.

After the you approve, rank (if applicable), or reject each project application an entry will be visible beside each project application. You can continuously update by clicking for each of the project listings to periodically view project applications that have been submitted until the CoC’s local competition deadline to ensure you have considered all submitted project applications.
