Renewal Project Application

Introduction

Welcome to the Renewal Project Application Navigational Guide. This navigational guide covers important information about accessing and completing the Project Application for renewal projects.

The organization submitting the Project Application for funding is the Project Applicant. Project Applications are submitted to the Continuum of Care (CoC) Collaborative Applicant, which submits the entire funding application to the United States Department of Housing and Urban Development (HUD) on or before the CoC Program Competition deadline.

Prior to using this navigational guide, Project Applicants **must** have completed the Project Applicant Profile. In order to meet that requirement, the Project Applicant Profile's "Complete" button must be selected during the competition period. A separate Project Applicant Profile Navigational Guide is available at:

- <https://files.hudexchange.info/resources/documents/Project-Applicant-Profile-Navigational-Guide.pdf>

All Project Applicants are strongly encouraged to read the FY 2024 CoC Program Competition Notice of Funding Opportunity (NOFO) at:

- https://www.hud.gov/program_offices/comm_planning/coc/competition

This navigational guide supplements the Renewal Project Application Detailed Instructions found at:

- https://www.hud.gov/program_offices/comm_planning/coc/competition

Renewal Project Application

Objectives

By the end of this navigational guide, you will be able to do the following:

- Access *e-snaps*.
- Register for the FY 2024 Renewal Project Application funding opportunity.
- Create the Project Application under the funding opportunity.
- Enter the Project Application from the “Submissions” screen.
- Complete and submit the Renewal Project Application to the Collaborative Applicant.
 - Only submit an *additional* Renewal Project Application if applying to consolidate two or more projects. This application is referred to as a fully consolidated Renewal Project Application. Refer to the [Renewal Project Consolidation screen section](#) of this guide for more information.
- *Only if needed*, coordinate with the Collaborative Applicant prior to the submission deadline to make changes to the Project Application in *e-snaps*.

Posted Resources

HUD has determined that some CoC- and *e-snaps*-related resources need to be posted to HUD.gov, HUD’s official website, rather than to the HUD Exchange, which focuses on technical resources for communities and grant recipients. FY 2024 NOFO information (e.g., detailed instructions), including the FY 2024 *e-snaps* navigational guides, will be published and updated on HUD.gov. Many of the other CoC- and *e-snaps*-related technical resources will remain on the HUD Exchange.

Have a question?

The *e-snaps* Ask A Question desk on HUD Exchange is no longer active. Questions about *e-snaps* and the CoC Program NOFO must be submitted to the appropriate HUD.gov email address, as follows:

- CoCNOFO@hud.gov for questions about the NOFO, competition, and applications.
- e-snaps@hud.gov for questions about *e-snaps* technical issues such as creating an individual user profile, lockouts/password resets, requesting access to a CoC’s or Project Applicant’s *e-snaps* account, navigating *e-snaps*, updating the Applicant Profile, identifying the funding opportunity, creating a project, and accessing the application on the “Submissions” screen.

In your email, please provide:

- The specific details regarding the issue you are encountering.
- The steps you have taken up to the point the issue occurs.
- Any error messages.

You may also want to provide a screenshot.

Renewal Project Application

Overview of the Project Application Process

FY 2024 Project Applicants must complete the Project Applicant Profile and Project Application using *e-snaps*, a web-based portal accessible at:

- <https://esnaps.hud.gov/>

Each Project Applicant must complete a Project Applicant Profile and submit its Project Application(s) to the applicable CoC in *e-snaps* by the local submission deadline established by the CoC.

The CoCs will:

1. Review and either approve and rank or reject properly submitted Project Applications.
2. Submit the CoC Application and CoC Priority Listing with all approved and ranked or rejected Project Applications as part of the CoC Consolidated Application to HUD.

2-Year NOFO

The Consolidated Appropriations Act, 2024 authorizes HUD to issue a single 2-year NOFO for fiscal years 2024 and 2025.

The application and selection process for the FY 2024 funds awarded through this NOFO (the FY 2024 CoC Program and Youth Homelessness Demonstration Program [YHDP] funds) will proceed much like it has in prior-year competitions. However, CoCs are only required to submit one CoC application that will be applicable to FY 2024 and FY 2025 funds. HUD reserves the right to award available FY 2025 funds (the FY 2025 CoC Program and YHDP funds) based on this NOFO competition.

Impact of 2-Year NOFO on CoC Renewal and YHDP Renewal Projects

CoC renewal and YHDP renewal projects expiring in CY 2025 (January 1, 2025, and ending December 31, 2025) are eligible to be renewed with FY 2024 CoC and YHDP funds.

Projects that are awarded FY 2024 funds may be eligible for an award of FY 2025 funds using their FY 2024 application submission and are not required to apply for renewal for FY 2025 funds.

Renewal Project Application

Overview of this Navigational Guide

The organization of material in this navigational guide corresponds with the different parts of the Project Application process, and the instructional steps follow the progression of screens in *e-snaps*.

- **Accessing e-snaps.** All *e-snaps* users need usernames and passwords to log in to *e-snaps*. In order to see an organization's Project Applicant Profile and Project Applications, the *e-snaps* user needs to be associated as a "registrant" with the organization's *e-snaps* account. This section identifies the steps to create user profiles and add/delete registrants.
- **Project Applicant Profile.** Project Applicants must review the Project Applicant Profile, update the information as needed, and select the "Complete" button in order to continue with the Project Application process.
 - The Project Applicant Profile section of this navigational guide briefly highlights key information for Project Applicants who are getting ready to complete their Project Applications.
 - For instructions on completing the Project Applicant Profile, go to the Project Applicant Profile navigational guide on the CoC Program Competition Resources page at:
 - <https://files.hudexchange.info/resources/documents/Project-Applicant-Profile-Navigational-Guide.pdf>
- **Establishing and accessing the Project Application.** After the Project Applicant Profile is complete, Project Applicants need to follow a series of steps in order to access the Project Application screens. The steps discussed in this section include registering the Project Applicant for the FY 2024 Renewal Project Application funding opportunity, creating an FY 2024 project, and accessing the Project Application screens from the Project Applicant's Submissions screen.
- **Project Application.** After accessing the FY 2024 Renewal Project Application, Project Applicants will complete a series of screens asking for information about the project for which they are requesting renewal funding. This section provides instructions for each screen. After providing all of the required information, the Project Applicant will submit the Project Application to the Collaborative Applicant via *e-snaps*.
- **Submitting the Project Application.** This section provides instructions on submitting the Project Application and includes troubleshooting tips and instructions for updating the Project Applicant Profile if information pre-populating in the Project Application is incorrect. In addition, this section discusses what occurs after the Project Applicant submits the Renewal Project Application in *e-snaps* to the Collaborative Applicant. The Collaborative Applicant will review and either approve and rank or reject Project Applications.
- **Amending the Project Application.** If changes need to be made to the Project Application, the Collaborative Applicant will send the project back to the Project Applicant. Notification for sending a project back to the Project Applicant occurs outside of *e-snaps*. Once the Collaborative Applicant has finalized the CoC Project Priority Listing, it will submit the CoC Consolidated Application to HUD.

Amending an Application

If the CoC amends the Project Application back to the Project Applicant for revision or correction, both of them must ensure the Project Application is resubmitted in e-snaps to the CoC and either approved and ranked (or re-ranked) or rejected before the CoC Priority Listing is submitted to HUD. If a Project Application does not appear on the CoC Priority Listing, it will not be reviewed or considered for conditional award.

Renewal Project Application

Highlights in e-snaps and Changes from the Previous NOFO

This section highlights changes in *e-snaps* and certain changes from the previous NOFO.

Two-Year NOFO. The Consolidated Appropriations Act, 2024 authorizes HUD to issue a single 2-year NOFO for fiscal years 2024 and 2025. CoC renewal and YHDP renewal projects expiring in CY 2025 (January 1, 2025, and ending December 31, 2025) are eligible to be renewed with FY 2024 CoC and YHDP funds. Projects that are awarded FY 2024 funds may be eligible for an award of FY 2025 funds using their FY 2024 application submission and are not required to apply for renewal for FY 2025 funds.

New Eligible Continuum of Care Activities. Beginning in the FY 2023 CoC Program Competition, the following new budget line items (BLIs) will be built into the CoC Program Competition Application process. Project Applicants wishing to utilize these new BLIs can request a budget modification during the competition to add funds to these line items from an existing line item. Project Applicants may also request to expand existing renewal grants to add new funding to these BLIs.

- **Violence Against Women Act Costs BLI.** With consideration of the Violence Against Women Reauthorization Act of 2022 (VAWA 2022), the VAWA Costs activity category is not subject to the CoC program's spending caps on administrative costs under section 423(a)(10), (11), and (12) of the McKinney-Vento Homeless Assistance Act. This activity may be included in new project applications. It may also be **added to eligible renewal projects through expansion or added to eligible renewal projects by shifting funds from one or more eligible BLIs to the VAWA costs line item.** Requests to shift funds during the CoC Program Competition may not exceed 10 percent of each BLI the funds are shifted from. See section III.B.4.a(3) of the FY 2024 – FY 2025 CoC Program NOFO for more information on eligible VAWA costs.
- **Rural Costs BLI.** In the FY 2024 – FY 2025 CoC Program NOFO, renewal projects can shift up to 10 percent of an existing BLI into the Rural Cost BLI for the following activities (only in eligible rural geocodes):
 - **Short-term emergency lodging** to include housing in motels or shelters, either by providing direct funding or through vouchers.
 - **Repairs to housing units** in where individuals and families experiencing homelessness will be housed, including housing units currently not fit for human habitation.
 - **Staff training** to include professional development, skill development, and staff retention activities.

The Rural Cost activity category may be included in new project applications or **added to eligible renewal projects through expansion.** See section III.B.4.b.(3) of the FY 2024 – FY 2025 CoC Program NOFO for more information on eligible Rural costs and section I.B.2.b.(26) of the FY 2024 CoC Program NOFO for more information on defined rural areas. HUD will publish a list of CoCs located in rural areas.

Funding for specific subpopulations. For the FY 2024 funds, HUD requires funding reallocated from projects previously funded with **YHDP or DV Bonus** funding to be used for projects serving the same subpopulation.

Cost of Living Adjustments for Conditionally Selected Grants. The Consolidated Appropriations Act, 2024 authorizes HUD to make reasonable cost of living adjustments to renewal amounts to help afford the increasing cost of operations due to inflation.

Renewal Project Application

Amendment to criteria for qualifying as “homeless.” For purposes of the CoC Program and other HUD programs authorized by the McKinney-Vento Homeless Assistance Act, section 605 of VAWA 2022 amended section 103(b) of the McKinney-Vento Homeless Assistance Act to require HUD to consider as homeless any individual or family who:

- (1) is experiencing trauma or a lack of safety related to, or fleeing or attempting to flee, domestic violence, dating violence, sexual assault, stalking, or other dangerous, traumatic, or life-threatening conditions related to the violence against the individual or a family member in the individual's or family's current housing situation, including where the health and safety of children are jeopardized;
- (2) has no other safe residence; and
- (3) lacks the resources to obtain other safe permanent housing.

Renewal Grant Consolidation or Renewal Grant Expansion Screen. The FY 2024 CoC Competition will continue offering opportunities to expand or consolidate CoC projects. A few changes have occurred that differentiate the process from prior years.

For the FY 2024 CoC Program funding process:

1. Expansions and Consolidations will submit individual applications.
 - Expansions will ONLY submit a Stand-Alone Renewal application and a Stand-Alone New application.
 - Consolidations will ONLY submit individual renewal project applications, identifying the renewal application that will survive and the renewal applications that will terminate. Up to 10 grants may be included in a consolidation.
2. HUD HQ will combine the data (e.g., units, budgets) for Expansion or Consolidation requests from the individual Project Applications selected for conditional award and provide a data report with further instructions for the field office and conditional recipient.

All renewal projects that are part of an expansion or consolidation must expire in Calendar Year (CY) 2025 as confirmed on the FY 2024 Grant Inventory Worksheet (GIW) or electronic Line of Credit Control System (eLOCCS), must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

Please review the FY 2024 – FY 2025 CoC Program Competition NOFO, the FY 2024 CoC Application Detailed Instructions, and the FY 2024 Renewal Project Application Detailed Instructions for a full description of the changes and information on accurately responding to the application questions. Renewal Project Application

Helpful Reminders from Prior Years

This section highlights several items that are not new but are included as useful reminders.

- **Importing Data.** Project Applicants can import data from prior Project Applications. If you import data, carefully review the information for accuracy. If the FY 2022 Project Application was tagged with an issue or condition by HUD that you had to resolve before the issuance of the grant agreement, you should ensure the FY 2024 Project Application is corrected accordingly. Similarly, you should also ensure that all responses are compliant with the FY 2024 – FY 2025 CoC Program Competition NOFO.
- **HUD 2880 (Applicant/Recipient Disclosure/Initial Report).** As with last year, the HUD Form 2880 is no longer uploaded as an attachment. This form is related to the Project Applicant Profile, and the fields are not editable in the forms in the Project Applications. For instructions on completing the HUD Form 2880 in both the Project Applicant Profile and the Project Applications (new, renewal, CoC planning, and UFA costs), refer to the following resource:
 - <https://files.hudexchange.info/resources/documents/How-to-Complete-the-HUD-Form-2880-in-e-snaps.pdf>.
- **Removal of Budget Detail Screens for Renewal Project Applications.** As with last year, Project Applicants submitting a Renewal Project Application will not be required to submit detailed information for the leased structures, supportive services, operating, or HMIS budgets. There are no separate screens for these budgets. The requested funding amount for each of these budget activities is located on the “6E. Summary Budget” screen.
- **Prepopulating Data from the Project Applicant Profile.** Some data from the Project Applicant Profile will automatically populate fields on several screens. If this information is incorrect, changes can be made by exiting the application and returning to the Project Applicant Profile.
- **The "Project Application" and "CoC Priority Listing."**
 - The Project Application includes the information submitted by renewal and new Project Applicants for funding consideration.
 - The CoC Priority Listing includes the New Project Listing, Renewal Project Listing, CoC Planning Project Listing, and—if designated by HUD as a Unified Funding Agency (UFA)—a UFA Project Listing.
- **Applicant Field and Dropdown Menu.** When *e-snaps* users log in to the system, they will see an "Applicant" field at the top of the screen. This field identifies the organization's account in which the user is working.

Users with *e-snaps* access to more than one organization's account will see a dropdown menu listing two or more organizations. This group of *e-snaps* users includes staff persons who work on multiple applications (e.g., a staff person at an agency that serves as the Collaborative Applicant as well as a Project Applicant submitting one or more Project Applications).

This feature appears when working on the “Applicants,” “Funding Opportunity,” “Projects,” and “Submissions” screens. Only the items (e.g., Projects) pertaining to the Applicant listed in the field appear on the screen. Users must ensure they are working in the correct Applicant account.
- **Collaborative Applicant.** During the CoC Program Competition, Project Applicants will see references to the "Collaborative Applicant." The Collaborative Applicant is the entity designated by the CoC to submit the CoC Program Registration and CoC Consolidated Application in the CoC Program Competition on behalf of the CoC.

Renewal Project Application

"Submission Without Changes" Screen and How it Affects e-snaps Functionality

As with last year, FY 2024 Project Applicants who import data into the Renewal Project Application will be unable to edit most of the application screens until they navigate to the "Submission Without Changes" screen and select "Make Changes."

The "Submission Without Changes" screen is listed in the left menu bar of the Renewal Project Application in Part 8, directly above the "Submission Summary" screen.

Submission without Changes

For more guidance, refer to the following resource:

- *Renewal Project Application Resources for the CoC Program:*
<https://www.hudexchange.info/resource/2910/coc-project-application-instructions-for-renewal-projects/>

All Project Applicants must first complete Part 1: SF-424 as well as the Recipient Performance screen and the Renewal Grant Consolidation screen. Much of the data for Part 1 is pre-populated from the Project Applicant Profile; if the pre-populated information is incorrect, navigate back to the Applicant Profile and update the information—the corrections should carry through to the application.

Once Part 1 is completed, Parts 2–8 will appear.

If data was imported:

- Most of the screens are in "Read Only" mode.
- After reviewing the data on the Read Only screens and completing the editable screens, Project Applicants will navigate to Part 8: "Submission Without Changes" and indicate whether they want to 1) submit the application without additional changes or 2) make any changes prior to submitting the application to the screens that they were not able to edit.
 - If Project Applicants do not want to edit any screens, they will continue to the "Submission Summary" screen.
 - If Project Applicants want to edit any screens, they can select "Make Changes" and then select the specific screens they want to open for editing. Once a Project Applicant selects a check box for a screen and then selects the "Save" button, the check box cannot be unselected. If a Project Applicant selects a screen to edit accidentally and then selects "Save," this will not cause any issues. They will simply have to navigate to that screen to re-save the data.
 - After the Project Applicant selects specific screens to open for editing, they should navigate to those screens to update/change the data on those screens. On each screen, the Project Applicant should remember to select "Save" before navigating to another screen. When all updates have been completed, the Project Applicant should navigate back to the "Submission Summary" screen to review the status of all screens in the application.

Renewal Project Application

If data was NOT imported (e.g., organization staff forget to import when creating the project on the Projects screen):

- Project Applicants must complete every screen.
- The Part 8: “Submission Without Changes” screen will automatically be set to “Make Changes” and Project Applicants must enter data on each screen.

The following depicts the options for importing data, updating information, and submitting the application for a renewal project.

Renewal Project Imports Data from Prior Year	Renewal Project Does Not Import Data
<ol style="list-style-type: none">1. Complete Part 1.2. Review Parts 2–7. <i>All but a handful of screens are read-only.</i>3. Complete Parts 2–7. <i>All screens are editable.</i>3. Navigate to Part 8: Submission Without Changes screen. <i>Screen defaults to “Make Changes” and a check box is next to all screens.</i>

Renewal Project Application

Accessing e-snaps

The Project Application is submitted electronically in *e-snaps* during the the FY 2024 CoC Program funding process.

The screenshot shows the 'Front Office Portal' for 'e-snaps'. On the left is a sidebar with a 'Front Office Portal' header, a login section with 'Username:' (containing 'dgraycastl') and 'Password:' (masked with dots), a 'Login' button, and links for 'Create Profile' and 'Contact Us'. The main content area is titled 'Welcome to e-snaps' and contains several paragraphs of text. Two callout boxes are overlaid: one pointing to the login section with the text 'Existing users login here', and another pointing to the 'Create Profile' link with the text 'If new to e-snaps, create a user profile here'. The main text includes a welcome message, instructions for authorized users, a registration process for new users, and information about the CoC Program Registration and Application, including OMB Approval numbers and public reporting burdens.

NOTE:

Each e-snaps user must have his or her unique login credentials.

Preferably, each organization will have at least two people with access to e-snaps—the Authorized Representative and one or more additional staff.

Existing Users

1. Go to <https://esnaps.hud.gov/>.
2. On the left menu bar, enter your username and password. You will then enter the *e-snaps* system and arrive at the "Welcome" screen.
3. If you forgot your password, send a password reset request to e-snaps@hud.gov.

New e-snaps Users

1. Create an *e-snaps* username and password by selecting the "Create Profile" link.
2. Log in as instructed under Existing Users above.

Renewal Project Application

Give Staff Access to Your Organization's e-snaps Account

Having a user profile enables a person to access *e-snaps*; however, only individuals who have been associated with the organization as a registrant (also referred to as registered users) can enter information in the Project Applicant Profile and Project Applications associated with the organization.

For information on how to add and delete users, refer to the “Give Staff Access to Your Organization's e-snaps Account” resource at:

- <https://www.hudexchange.info/programs/e-snaps/>.

Renewal Project Application

Project Applicant Profile

Project Applicants must complete the Project Applicant Profile before moving forward in the Project Application process. To complete the Project Applicant Profile, the Project Applicant needs to ensure the data entered in the profile screens are accurate and must select the “Complete” button on the “Submission Summary” screen.

This section in the Renewal Project Application navigational guide highlights key information needed to successfully complete this step. It does NOT provide step-by-step instructions.

For step-by-step instructions, see the Project Applicant Profile Navigational Guide at:

- <https://files.hudexchange.info/resources/documents/Project-Applicant-Profile-Navigational-Guide.pdf>.

- **Access the Project Applicant Profile.** To access the Project Applicant Profile, log in to *e-snaps*, select "Applicants" on the left menu bar, ensure that the correct Applicant name in the "Applicants" field at the top left side of the screen is selected, and select the orange folder to the left of the Project Applicant name on the screen.
- **Organizations That Are Collaborative Applicants and Project Applicants.** If the organization applying for funding as a Project Applicant is also serving as the Collaborative Applicant, the organization will have two Applicant Profiles: one for the Project Applicant and one for the Collaborative Applicant.

The "Applicant" field dropdown menu at the top left side of the screen contains the list of applicants that a user can access. If you have issues with finding the correct Project Applicant, please contact the HUD *e-snaps* Help Desk at e-snaps@hud.gov. The HUD Exchange Ask A Question desk is no longer active.

- **First-Time Applicant.** If an organization is new to *e-snaps* (i.e., submitting a Project Application for the first time), the organization must establish itself as an Applicant in *e-snaps*. Review the Project Applicant Profile Navigational Guide on the CoC Program Competition Resources page at:
 - <https://files.hudexchange.info/resources/documents/Project-Applicant-Profile-Navigational-Guide.pdf>.

An organization will establish itself as a Project Applicant in *e-snaps* **one time only**.

*If you are a Collaborative Applicant and a Project Applicant applying for renewal project funds, you must have **two separate Applicant Profiles**: a Collaborative Applicant Profile and a Project Applicant Profile.*

Contact the HUD e-snaps Help Desk if you need assistance at:

- e-snaps@hud.gov.

Renewal Project Application

Establish the Project Application

After the Project Applicant Profile is completed, Project Applicants can move to the next steps required to establish and access the Project Application screens. This section covers the following:

- Funding opportunity registration
- Creating projects
- Accessing Project Applications from the “Submissions” screen

Renewal Project Application

Funding Opportunity Registration

All Project Applicants must register the organization for the FY 2024 Renewal Project Application funding opportunity. Registering for the funding opportunity enables Project Applicants to apply for funds during the FY 2024 CoC Program funding process.

Terminology

"Registering" in this context means indicating your intent to apply.

"Funding Opportunity" refers to the type of grant. There are options when you select this screen. They include CoC Planning, New, Renewal, and UFA Costs.

On this screen, you are indicating your intent to apply for a specific type of grant.

FY 2024 Project Application

This section identifies the steps for completing the Renewal Project Application screens in e-snaps.

General Guidelines for Navigating Through the Upcoming Screens

Some data may pre-populate from the Project Applicant Profile (i.e., e-snaps will bring it forward). Review the pre-populated data. If any information is incorrect, you must go back and correct it in the Project Applicant Profile.

If you are in the Project Application and you need to update the Project Applicant Profile, do not use the "View Applicant Profile" link on the left menu bar. Instead:

- *Select "Back to Submissions List."*
- *Select "Applicants" on the left menu bar and select the orange folder next to the Applicant name.*
- *Ensure that the Applicant Profile is in "edit" mode.*
- *Make the appropriate corrections as needed and select "Save" at the bottom of the screen after you make each revision.*
- *Once you have made all of the necessary corrections to your Project Applicant Profile, continue to the "Submission Summary" screen and select "Complete."*
- *When you return to the Project Application, the screen will show the corrected information.*

If the corrected information does not populate the Project Application, do the following:

- *Log out of e-snaps.*
- *Log back in and navigate to the screen in the Applicant Profile where information needs to be corrected. If the information is incorrect, correct it and select "Save." If the information is correct, then edit it to something incorrect and save it, then change it back and save it again.*
- *Navigate to the "Submission Summary" and select "Complete."*
- *Log out of e-snaps.*
- *Log in again. Navigate to your Project Application. The information should be updated.*

Importing: If you chose to import, information in the Project Application from which you imported will pre-populate in e-snaps. You should review and update each screen to ensure that the imported information is current and all fields have been completed.

Saving: Select "Save" at the bottom of the screen after you make each revision. Once you have made all of the necessary corrections to your Project Applicant Profile, proceed to the "Submission Summary" screen and select "Complete." When you return to the Project Application, the screen will show the corrected information.

Review the instructions in the [Submitting the Project Application](#) section in this guide.

Renewal Project Application

Before Starting the Renewal Project Application

Before you begin the FY 2024 Renewal Project Application, review the following information on this "Before Starting the Project Application" screen.

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD.gov at https://www.hud.gov/program_offices/comm_planning/coc
- Questions regarding the FY 2024 CoC Program Competition process must be submitted to CoCNOFO@hud.gov
- Questions related to e-snaps functionality (e.g., password lockout, access to user's application account, updating Applicant Profile) must be submitted to e-snaps@hud.gov
- Project applicants are required to have a Unique Entity Identifier (UEI) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2024 Continuum of Care (CoC) Program Competition. For more information see FY 2024 CoC Program Competition NOFO.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2024 CoC Program NOFO.
- Detailed instructions and e-snaps navigation guides can be found on the [hud.gov](https://www.hud.gov/program_offices/comm_planning/coc/competition) website https://www.hud.gov/program_offices/comm_planning/coc/competition. The Detailed Instructions contain more comprehensive instructions and so should be used in tandem with the navigational guides.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2023 Project Application will be imported into the FY 2024 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- YHDP projects that are eligible for renewal under the CoC program may only use the YHDP Renewal or YHDP Replacement and Reallocation funding opportunities. Please review the NOFO for eligibility standards.
- Rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. **If the ARA is reduced through the CoC's reallocation process, the final project must reflect the reduced amount listed on the CoC's reallocation process.**
- HUD reserves the right to reduce or reject any renewal project that does not meet part 578 and the application requirements set forth in the FY 2024 CoC Program Competition NOFO.

Information About Submission Without Changes

Review instructions

Information About Submission without Changes

Review the instructions below making note of the exceptions and limitations to the "Submit Without Changes" process.

In general, HUD expects a project's proposed project application information will remain the same from year-to-year unless changes are directed by HUD or approved through the grant agreement amendment process. However, HUD expects applicants to carefully review their information to determine if submitting without changes accurately reflects the expiring grant requesting renewal.

The data from previously submitted new and renewal project applications can be imported into a FY 2024 renewal project application. The "Submit without Changes" process is not applicable for first time renewing project applications or for a project application that did not import FY 2023 information and e-snaps will automatically be set to "Make Changes" and all questions on each screen must be updated.

Renewal projects that select "Yes - Individual Application in a Renewal Grant Consolidation" on the Renewal Grant Consolidation or Renewal Grant Expansion Screen may not use the "Submit Without Changes" process and esnaps will automatically be set to "Make Changes". In addition, esnaps will automatically be set to "Make Changes" if the project applicant indicates on the Renewal Grant Consolidation or Renewal Grant Expansion Screen, this project application is for a "Yes - Stand-Alone Renewal Application in a New Grant Expansion" project application.

The e-snaps screens that remain "open" for required annual updates and do not affect applicants' ability to select "Submit without Changes" are:

- **Recipient Performance Screen**
- **Consolidation and Expansion**
- **Screen 3A. Project Detail**
- **Screen 6A. Funding Request**
- **Screen 6D. Sources of Match**
- **Screen 6E. Summary Budget**
- **All of Part 7: Attachments and Certification; and**
- **All of Part 8: Submission Summary.**

All other screens in Part 2 through Part 6 begin in "Read-Only" format and should be reviewed for accuracy; including any updates that were made to the 2023 project during the CoC Post Award Issues and Conditions process or as amended. If all the imported data is accurate and no edits or updates are needed to any screens other than the mandatory screens and questions noted above, project applicants should select "Submit Without Changes" in Part 8. If project applicants imported data and do need to make updates to the information on one or more screens, they must navigate to Part 8: "Submission Without Changes" Screen, select "Make Changes", and check the box next to each relevant screen title to unlock screens for editing. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be unlocked. Once a project applicant selects a checkbox and clicks "Save", the project applicant will be able to edit the information on the selected screens.

Please refer to the Detailed Instructions and e-snaps navigation guide for more in depth information about applying under the FY 2024 CoC Competition.

The information provided on this screen will be verified by HUD.

Renewal Project Application

Renewal Grant Consolidation or Renewal Grant Expansion Screen

The FY 2024 CoC Competition will continue offering opportunities to expand or consolidate CoC projects.

A few changes have occurred that differentiate the process.

1. Expansions and Consolidations will submit individual applications.
 - a. Expansions will ONLY submit a Stand-Alone Renewal application and a Stand-Alone New application.
 - b. Consolidations will ONLY submit individual renewal Project Applications, identifying the renewal application that will survive and the renewal applications that will terminate. Up to 10 grants may be included in a consolidation.
2. HUD HQ will combine the data (e.g., units, budgets) for Expansion or Consolidation requests from the individual project applications selected for conditional award and provide a data report with further instructions for the field office and conditional recipient.

All renewal projects that are part of an expansion or consolidation must expire in Calendar Year (CY) 2024, as confirmed on the FY 2024 GIW or eLOCCS, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS) as the expansion. For more information about the consolidation or expansion process, refer to the FY 2024 CoC Program NOFO at:

- https://www.hud.gov/program_offices/comm_planning/coc/competition.

Renewal Grant Consolidation or Renewal Grant Expansion

The CoC Competition will continue offering opportunities to expand or consolidate CoC projects.

1. Expansions and Consolidations will no longer be required to submit a combined version of the application.

a. Expansions will be required to ONLY submit a Stand-Alone Renewal and a Stand-Alone New application.

b. Consolidations will be required to ONLY submit a Survivor grant and a terminating grant. Up to 10 grants may be involved in a consolidation (Survivor + 9 Terminating grants)

2. Since no combined version will be submitted for either the Expansion or Consolidation, the combining of data will occur at Post-Award. HUD HQ will combine all units, beds and budgets prior to the Post-Award process. The field office and applicant will then be required to combine remaining project data at C1.9a (recipient step). HUD HQ will provide a data report with the data all combined. All that will be required for applicants to do is a simple copy and paste.

We hope this process will simplify and reduce any confusion when submitting expansions or consolidations. If you have any questions, please contact the AAO.

Renewal Project Application

The Project Application Is a Stand-Alone Renewal Application in a New Grant Expansion

Renewal Grant Consolidation or Renewal Grant Expansion

The CoC Competition will continue offering opportunities to expand or consolidate CoC projects.

1. Expansions and Consolidations will no longer be required to submit a combined version of the application.

a. Expansions will be required to ONLY submit a Stand-Alone Renewal and a Stand-Alone New application.

b. Consolidations will be required to ONLY submit a Survivor grant and a Stand-Alone New application (Survivor + 9 Terminating grants)

2. Since no combined version will be submitted for either the Expansion or Consolidation, HUD HQ will combine all units, beds and budgets prior to the Post-Award. HUD HQ will combine remaining project data at C1.9a (recipient step).

We hope this process will simplify and reduce any confusion when submitting expansion or consolidations. If you have any questions, please contact the AAQ.

1. Is this renewal project application requesting to consolidate or expand?

Yes - Stand-Alone Renewal Application in a New Grant Expansion

If "No" click on "Next" or "Save & Next" below to move to the next screen.

As part of the FY 2024 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Expansion. This process can combine up to 1 renewal project application and 2 new expansion project applications. Renewal projects that are part of an expansion must expire in Calendar Year (CY) 2025, as confirmed by the recipient. All that will be required for applicants to do is a simple copy and paste of the project information into the table below. The project information must be to the same recipient, and must be for the same component and project type (i.e., SSO, SSO-CE or HMIS).

The name, PIN and Total Amount Requested of the Stand-Alone Renewal project application requested for the Stand-Alone New project application as entered in e-snaps for the FY 2024 CoC Competition, which is why the field will automatically fill as "NA". The Total Amount Requested will automatically pull from the summary budget.

Enter project information for the Stand-Alone Renewal and Stand-Alone New Project

Renewal Project Application

"No CoC"

"No CoC" can only be selected if your CoC did not register for the FY 2024 CoC Competition or your project is located in a geographic area that is unclaimed.

If you are unsure, you can look up your geographic area on the HUD Exchange and contact the CoC that claims your area or one that is close to your area. See the About Grantees page at:

- <https://www.hudexchange.info/grantees/>.

4. In field 4, verify the "Project Name" populated with the project name listed on your "Projects" screen.

If the project name is incorrect, follow the instructions in the note below.

Incorrect Project Name

If the project name is incorrect:

- Select the "Save" button to save responses on this screen.
- Select "Back to Submissions List" on the left menu bar.
- Select "Projects" on the left menu bar.
- Select the "View" icon  to the left of your project to open the "Project Details" screen.

5. In field 5, select your "Project Status" from the dropdown menu.

- Project Applicants typically select "Standard."
- See the note below for more information about the "Appeal" option.

Standard v. Appeal

If you select "Appeal," this note will appear on the screen:

- *You have selected "Appeal" and, therefore, are designating this application as an appeal due to the CoC's decision to not approve and rank this project on the CoC Priority Listing (the Project Application was rejected by the CoC in the local competition). To proceed, you must fill out an additional form, Part 8A—Notice of Intent to Appeal, and submit the details of your appeal to be considered as a Solo Applicant as outlined in Section X.C. of the FY 2024 CoC Program Competition NOFO. If you are filling out this application for the first time, or are otherwise not intending to appeal a rejection, please select "Standard."*

The selection of "Appeal" should only be used by the Project Applicant if it attempted to participate in the CoC planning process in the geographic area in which it operates and believes it was denied the right to participate in a reasonable manner. In this case, the Project Applicant may appeal the rejection directly to HUD by selecting "Appeal" and submitting a Solo Application prior to the application deadline.

- (3) residing in a place not meant for human habitation, emergency shelter, or safe haven; but the individuals or families experiencing chronic homelessness as defined at 24 CFR 578.3 had been admitted and enrolled in a permanent housing project within the last year and were unable to maintain a housing placement;
- (4) residing in transitional housing funded by a joint TH and PH-RRH component project and who were experiencing chronic homelessness as defined at 24 CFR 578.3 prior to entering the project;

- (6) receiving assistance through a Department of Veterans Affairs(VA)-funded homeless assistance program and met one of the above criteria at initial intake to the VA's homeless assistance system.

A renewal project where 100 percent of the beds are dedicated in their current grant as described in NOFA Section III.A.3.b. must either become DedicatedPLUS or remain 100% Dedicated. If a renewal project currently has 100 percent of its beds dedicated to chronically homeless individuals and families and elects to become a DedicatedPLUS project, the project will be required to adhere to all fair housing requirements at 24 CFR 578.3. If a renewal project identifies in this application as being dedicated to chronically homeless individuals and families, the project must continue to operate in accordance with Section III.A.3.b. If a renewal project is currently a DedicatedPLUS project, it must continue to operate in accordance with Section III.A.3.b. If a renewal project is currently a 100% Dedicated project, it must continue to operate in accordance with Section III.A.3.b.

* 1. Is this project “100% Dedicated,” “DedicatedPLUS,” or “N/A”?
(Only select “N/A” if this project was originally awarded as a grant that did not have requirements to only serve persons experiencing chronic homelessness and meets the definition of “non-dedicated permanent supportive housing beds” in the NOFO Section III.C.2.p).

Preface to Part 5: Participant Screens

The upcoming pages contain instructions for the two “Project Participants” screens—one for “Households” and the other for “Subpopulations.”

NOTE:

The questions related to project participants apply to all projects except HMIS-dedicated projects.

If you selected "HMIS" as the component on screen 3A, you will not see the Part 5 screens, as these screens do not apply to HMIS projects.

Before continuing to the instructions, please review the following notes, which provide information regarding gathering and entering data for these two populations.

NOTE:

- 1. The data gathered on these “Project Participants” screens consists of the number of participants in the program when the program is at full capacity (at a single point in time, not over the course of a year or the term of the grant).*
- 2. Dark grey cells are not applicable and light grey cells will be totaled by e-snaps automatically.*
- 3. For homeless assistance programs, chronic substance abuse, by itself, may constitute a disability.*

NOTE:

See also the Additional Guidelines for 5A. Project Participants—Households and 5B. Project Participants—Subpopulations subsection on the next page.

Additional Guidelines for 5A. Project Participants—Households and 5B. Project Participants—Subpopulations

This section provides some guidelines to clarify how the fields on 5A. Project Participants—Households and 5B. Project Participants—Subpopulations work together. The example applies to the Household Type: Households with at least one adult and one child, which is the first fillable column on screen 5A and the first chart at the top of screen 5B.

These guidelines also apply to the other two household types: Adult Households Without Children and Households with Only Children.

Example:

Household type: Households with at least 1 adult and 1 child

Households = 10

Adults over age 24 = 16

Accompanied Children under age 18 = 12

	Households with <u>at Least</u> One Adult and One Child	Adult Households <u>without</u> Children	Households with <u>Only</u> Children	Total
Number of Households	10			10
Persons over age 24	16	0		16

Accompanied Children under age 18	12			12
Unaccompanied Children under age 18				0

The "Total Persons" field on screen 5A will not necessarily be the sum of the ten-column totals for the corresponding household type on screen 5B.

While the first three columns on screen 5B are mutually exclusive, people may be listed in more than one subpopulation category in the final seven columns of the chart. For example, a participant can only be either a non-CH veteran, a CH veteran, or a CH non-veteran, but a participant may be any one of these three and dually diagnosed, fitting into more than one subpopulation. Therefore, an HIV-positive and chronic substance-abusing CH non-veteran could be included in one subpopulation from the first three columns and in both subpopulations in the final seven columns.

The total number of persons in a particular subpopulation column (e.g., non-CH veterans, chronic substance abuse, etc.) on screen 5B cannot exceed the total number entered in the "Total Persons" column on screen 5A.

Annotations:

- These three columns are mutually exclusive
- Total of these three columns cannot exceed the "Total Persons" field on 5A for the corresponding Household Type
- Columns 4-9 are not mutually exclusive—people can be in more than one subpopulation
- People counted in column 10 cannot be counted in columns 1-9 (see Note: Field Calculations below)

Field Calculations

Refer to the following guidance about the calculations in the rows and columns:

- While individuals may be shown under more than one sub-population—in addition to being either a chronically homeless non-veteran, a chronically homeless veteran, or a non-chronically homeless veteran—column 10, "Persons not represented by listed sub-populations," is mutually exclusive. If someone is listed in column 10, the person cannot be listed in any of columns 1 through 9.

For example, in a project with 15 adults, if one adult is listed under column 10, the column total for each individual column (for columns 1 through 9) cannot exceed 14 individuals.

The following steps provide instructions on completing the “Project Participants—Households” screen for **Part 5: Participants and Outreach Information** to indicate the total number of households and number of persons by demographic served at maximum program capacity at a single point in time by household type.

The screenshot shows the '5A. Program Participants - Households' form. It is divided into two main sections: 'Households' and 'Characteristics'. The 'Households' section has three columns: 'Households with at Least One Adult and One Child', 'Adult Households without Children', and 'Households with Only Children'. The 'Characteristics' section has four rows: 'Persons over age 24', 'Persons ages 18-24', 'Accompanied Children under age 18', and 'Unaccompanied Children under age 18'. Each row has a 'Total' column. The 'Total Persons' row is at the bottom of the 'Characteristics' section. Callouts provide instructions: 'Enter the number of households per household type' points to the 'Number of Households' field; 'Enter number of persons in households per characteristic' points to the 'Persons in Households with at Least One Adult and One Child' field; 'Select "Save" to auto-calculate' points to the 'Save' button; 'Select "Save & Next" to continue' points to the 'Save & Next' button. The 'Total persons per household type' callout points to the 'Total Persons' row. The 'Click Save to automatically calculate totals' callout points to the 'Save' button.

5B. Project Participants—Subpopulations

The following steps provide instructions on completing the “Project Participants—Subpopulations” screen for **Part 5: Participants and Outreach Information** to indicate the number of persons served at maximum program capacity at a single point in time, as well as the characteristics/status, according to their respective household types.

When filling out this table, applicants should think of it as follows:

- The first three columns that are in dark gray, along with column 10, "Persons not represented by listed subpopulations," are mutually exclusive (i.e., for each row, you cannot count the same person in more than one of these columns).
- Columns 4 through 9 are not mutually exclusive (i.e., in each row, you may include the same person in multiple columns if they have multiple characteristics). However, for each row, if you list a person in column 10, you cannot include the person in columns 4 through 9.

For each household type included on the previous screen, 5A, applicants must fill in at least one cell on the corresponding chart on screen 5B. On the previous screen, the household types were displayed as columns; on 5B, the household types are shown in individual tables.

Preface to Part 6: Budget Information

The upcoming pages contain instructions for completing budgets for the Renewal project component types and activities. Before continuing to the instructions, please review the following information:

- **Removal of Budget Detail Screens for Renewal Project Applications.** Project Applicants will not be required to submit detailed information for the leased structures, supportive services, operating, or HMIS budgets. There are no separate screens for these budgets. The requested funding amount for each of these budget activities is located on the Summary Budget screen.
- **Rental Assistance.** There is only one rental assistance screen to use for short-/medium-term or long-term. The user will select which type of rental assistance is applicable to the project from the dropdown provided.
- **Reallocation.** For renewal project budgets that are being reduced through the CoC's Reallocation process, please ensure that the total amount requested for the project does not exceed the reduced amount approved by the CoC.
- **Fair Market Rents (FMRs).** Project Applicants will apply for projects in the FY 2024 CoC Program funding process using the FY 2023 FMRs. To ensure consistency between the Grant Inventory Worksheet (GIW) and the FY 2024 application process, GIWs will also use FY 2023 FMRs. Project applications that are selected for a conditional award will be adjusted and awarded based on the FMRs that are in effect at the time of the FY 2024 application submission deadline.

24 CFR 578.51(f) provides the following information regarding when updates to the FMR will be made for rental assistance projects: "The amount of rental assistance in each project will be calculated by multiplying the number and size of units proposed by the FMR of each unit on the date the application is submitted to HUD, by the term of the grant."

Project Applicants will need to complete the budget screens that appear on the left menu bar after completing the following:

- "Part 1—SF-424"
- "Part 3—Project Information, 3A. Project Detail" screen
- "Part 6—Budget Information, 6A. Funding Request" screen

Throughout the *e-snaps* budget screens, there are gray-shaded cells in which you will not be able to enter or revise data. These cells are typically "Totals" with amounts that are automatically calculated within *e-snaps* when you select the "Save" button. There are a handful of places where the gray-shaded cells contain other information (e.g., "Numbers of Months"), but the information is always populated by *e-snaps*. You must fill in or revise the data in the white cells, except in certain situations (e.g., you would fill in a white cell for "Other" only if it is applicable).

Renewal Project Application

Part 6: Budget Information

In *e-snaps*, the budget screens that appear for **Part 6: Budget Information** in the left menu bar of the Project Application are determined by all of the following:

- Whether your project is a new or renewal project, as reflected on screen **1A. Application Type**.
- The component type selected on screen **3A. Project Detail**.
 - If you have a Permanent Housing (PH) project, the budget screens you will be eligible to complete are also dependent upon how you respond to questions on screen 3B. Project Description. Specifically, Project Applicants must indicate whether they are a PSH or RRH project.
- Your selections on the **6A. Funding Request** screen. Project Applicants must carefully choose the correct funding request, as you will only see the budget screen(s) chosen.

For Renewal Project Applications, you will need to complete the relevant budget screens, making sure the amounts match the most recent Grant Agreement or Grant Agreement Amendment or the reduced amount identified by the CoC through the Reallocation process. For renewal projects, if you are missing a budget, please refer back to the "6A. Funding Request" screen and ensure that you have selected all applicable budget activities.

Though the FY 2024 CoC Competition NOFO covers two years (FY 2024 and FY 2025), the funding will be disbursed as two one-year budget periods. **Your application in e-snaps must reflect only one year of funding.**

6A. Funding Request

VAWA Budget
In FY2024, the Violence Against Women Act (VAWA) has clarified the use of CoC Program funds for VAWA eligible cost categories. These VAWA cost categories can be added to a new project application to create a CoC VAWA Budget Line Item (BLI) in e-snaps and eLOCCS. The BLI will be added to grant agreements and utilized the same as other CoC Program BLIs in e-snaps and eLOCCS. Eligible CoC VAWA costs can be identified in one or both of the following CoC VAWA categories. Examples of eligible costs in these cost categories are identified as follows:

A. VAWA Emergency Transfer Facilitation Examples of eligible costs include the costs of assessing, coordinating, approving, denying, and implementing a survivor's emergency transfer(s). Additional details of eligible costs include:

- Moving Costs.** Assistance with reasonable moving costs to move survivors for an emergency transfer(s).
- Travel Costs.** Assistance with reasonable travel costs for survivors and their families to travel for an emergency transfer(s). This may include travel costs to locations outside of your CoC's geography.
- Security Deposits.** Grant funds can be used to pay for security deposits of the safe unit the survivor is transferring to via an emergency transfer(s).
- Utilities.** Grant funds can be used to pay for costs of establishing utility assistance in the safe unit the survivor is transferring to.
- Housing Fees.** Grant funds can be used to pay fees associated with getting survivors into a safe unit via emergency transfer(s), including but not limited to application fees, broker fees, holding fees, trash fees, pet fees where the person believes they need their pet to be safe, etc.
- Case Management.** Grant funds can be used to pay staff time necessary to assess, coordinate, and implement emergency transfer(s).
- Housing Navigation.** Grant funds can be used to pay staff time necessary to identify safe units and facilitate moves into housing for survivors through emergency transfer(s).
- Technology to make an available unit safe.** Grant funds can be used to pay for technology that the individual believes is needed to make the unit safe, including but not limited to doorbell cameras, security systems, phone, and internet service when necessary to support security systems for the unit, etc.

B. VAWA Confidentiality Requirements Examples of eligible costs for ensuring compliance with VAWA confidentiality requirements include:

- Monitoring and evaluating compliance.
- Developing and implementing strategies for corrective actions and remedies to ensure compliance.
- Program evaluation of confidentiality policies, practices, and procedures.
- Training on compliance with VAWA confidentiality requirements.
- Reporting to CoC Collaborative Applicant, HUD, and other interested parties on compliance with VAWA confidentiality requirements.
- Costs for establishing methodology to protect survivor information.
- Staff time associated with maintaining adherence to VAWA confidentiality requirements.

Enter the estimated amount(s) you are requesting for this project's Emergency Transfer Facilitation costs and VAWA Confidentiality Requirements costs for one or both of these eligible CoC VAWA cost categories. The CoC VAWA BLI Total amount can be expended for any eligible CoC VAWA cost identified above.

2. In field 1, select "Yes" or "No" to indicate if the project will use funds from this grant to provide for emergency transfer facilitation, which includes the costs of assessing, coordinating, approving, denying, and implementing a survivor's emergency transfer per Section III.B.4.b.(2)(a) of the NOFO.
3. In field 2, select "Yes" or "No" to indicate if the project will use funds from this grant to provide for VAWA confidentiality requirements, which includes the costs of ensuring compliance with the VAWA confidentiality requirements per Section III.B.4.a.(2)(b) of the NOFO.

Rural Cost Budget
In FY2024, the CoC Program has added eligible rural cost budget categories to be added in a new CoC Rural Cost Budget Line Item (BLI). The BLI will be added to grant agreements and utilized the same as other CoC Program BLIs in *e-snaps* and eLOCCS. There are three CoC Program rural cost categories that can be requested for your CoC Rural Cost BLI.

- **Short-term emergency lodging** to include housing in motels or shelters, either by providing direct funding or through vouchers.
- **Repairs to housing units** in where individuals and families experiencing homelessness will be housed, including housing units.
- **Staff Training** to include professional development, skill development, and staff retention activities.

* 3. Will this project use funds from this grant to provide for short-term emergency lodging, repairs to housing units and staff training per Section III.B.4.b.(3) (a) of the NOFO?

* 4. Does this project propose to allocate funds according to an indirect cost rate?

If "Yes," field "a" will appear

Indirect cost rate proposals should be submitted as soon as the applicant is notified of a cognizant agency award recipients will be asked to submit the proposal rate during the e-snaps process.

Applicants with an approved indirect cost rate must submit a copy of the approval with this application.

The applicant must complete the row in the indirect cost rate schedule.

Steps (continued)

4. In FY2024, the CoC Program has added eligible rural cost budget categories in a new CoC Rural Cost BLI. The BLI will be added to grant agreements and utilized the same as other CoC Program BLIs in *e-snaps* and eLOCCS. In field 3, select "Yes" or "No" to indicate if the project will use funds from this grant to provide for short-term emergency lodging, repairs to housing, and staff training per Section III.B.4.b(3)(a) of the NOFO.
5. In field 4, select "Yes" or "No" to indicate if the project proposes to use an indirect cost rate.
 - If "Yes," field "a" will appear.

6B. Leased Units Budget

The "Leased Units Budget" screen is applicable when **the recipient has entered or is entering into leases directly with the property owner** for units to house program participants. If the lease will be between the landowner and the participant, the Project Applicant must complete the rental assistance budget, not the leased units budget.

For renewal Project Applications with imported data, verify that the budget information is correct (as approved in the most recent Grant Agreement or Grant Agreement as amended or with a reduction if the CoC reduced your renewal project budget in the local reallocation process). If it is not correct, you must edit the screen.

If data is not imported, complete the budget information.

Though the FY 2024 CoC Competition NOFO covers two years (FY 2024 and FY 2025), the funding will be disbursed as two one-year budget periods. **Your application in e-snaps must reflect only one year of funding.**

Renewal Project Application

6C. Rental Assistance Budget

Project Applicants who plan to provide rental assistance to participants (short-/medium- or long-term) must complete the "Rental Assistance Budget" screen. If you are applying for rental assistance units, the lease agreement will be between the landowner and the participant. If the leases are between the Project Applicant and the landowner, then the Project Applicant must complete the leased units budget, not the rental assistance budget.

- For renewal Project Applications with imported data, verify that the budget information is correct (as approved in the most recent Grant Agreement or Grant Agreement as amended or with a reduction if the CoC reduced your renewal project budget in the local reallocation process). If it is not correct, you must edit the screen.
- If data is not imported, complete the budget information.

Though the FY 2024 CoC Competition NOFO covers two years (FY 2024 and FY 2025), the funding will be disbursed as two one-year budget periods. **Your application in e-snaps must reflect only one year of funding.**

The following steps provide instructions on completing the "Rental Assistance Budget" screen of the Renewal Project Application.

6C. Rental Assistance Budget

The following list summarizes the rental assistance funding request for the total term of the project. To add information to the list, select the icon. To view or update information already listed, select the icon.

Steps

1. Select the "Add" icon to open the "Rental Assistance Budget Detail" screen and add information to this list.

Note: The Renewal Project Application screen 6C will only have two auto-fill rows since renewals by definition are only one year.

2. The "Rental Assistance Budget Detail" screen will appear.

Renewal Project Application

5. After you enter figures in the "# of Units" column for the relevant fields, select the "Save" button at the bottom. The 12-month column is fixed. For renewal projects, the total number and size of units must match the number and size of units on the final FY 2024 GIW.
 - If you selected "No" at the top of the screen to indicate that you are not requesting less than the FMR, then the "HUD Paid Rent" column will not be fillable. The amount of the "FMR Area" multiplied by the number of units per unit type and multiplied by 12 automatically populates in the "Total Request (Applicant)" column per unit type. The sum of each column will be auto-calculated.
 - If you selected "Yes" at the top of the screen to indicate that you are requesting less than the FMR, then the "HUD Paid Rent" column will be fillable. The amount of "HUD Paid Rent" multiplied by the number of units per unit type and multiplied by 12 automatically populates in the "Total Request (Applicant)" column per unit type. The sum of each column will be auto-calculated.
6. The "Grant Term" field is populated based on the grant term selected on the "Funding Request" screen and will be read-only.

For renewal projects, the grant term may only be one year.
7. The "Total Request for Grant Term" field is calculated based on the per month rent entered in the first field multiplied by 12 months and multiplied by the grant term.
8. If the project is requesting rental assistance for one location, select "Save & Back to List" to go back to the "Rental Assistance Budget" screen.
 - If the project is requesting rental assistance for units in another location, select "Save & Add Another" and repeat steps 1 through 5 for each structure in the project for which you are requesting rental assistance funds.
9. Once you have completed all of the "Rental Assistance Budget Detail" screens that your project requires, select "Save & Back to List."

Leased Structures, Supportive Services, Operating, and HMIS Budgets for Renewal Projects—Screen 6E

As mentioned previously, Project Applicants submitting a Renewal Project Application will not be required to submit detailed information for the leased structures, supportive services, operating, or HMIS budgets. There are no separate detail screens for these budgets. The requested funding amount for each of these budget activities is located on the Summary Budget screen—screen 6E.

Though the FY 2024 CoC Competition NOFO covers two years (FY 2024 and FY 2025), the funding will be disbursed as two one-year budget periods. **Your application in e-snaps must reflect only one year of funding.**

The process for reviewing and completing the funding request for these budget activities is the same.

The screenshot displays the '6E. Summary Budget' screen. At the top, a text block explains that budget amounts are imported from previous screens and cannot be edited, except for Leased Structures, Supportive Services, Operating, HMIS, and Admin. Below this, a table lists budget categories and their requested amounts for a 1-year term. A callout box points to the '7. Rural' line item, noting it is new for FY 2018 and only for HUD CoC Program approved rural areas. Another callout points to the 'Save & Next' button, instructing the user to select it to continue. The table data is as follows:

6E. Summary Budget

The "Summary Budget" screen summarizes the funding requested for each year of the grant term. The grant term for Renewal Project Applications is limited to one year.

You will not enter any information in the gray-shaded fields, as these fields will be automatically populated from the information you entered into the individual budget screens; however, the appropriate amount of administrative costs must be entered in the applicable fields.

The following screenshot is for the Renewal Project Application "Summary Budget" screen.

6E. Summary Budget

The following information summarizes the funding request for the total term of the project. Budget amounts from the Leased Units, Rental Assistance, and Match screens have been automatically imported and cannot be edited. However, applicants must confirm and correct, if necessary, the total budget amounts for Leased Structures, Supportive Services, Operating, HMIS, and Admin. Budget amounts must reflect the most accurate project information according to the most recent project grant agreement or project grant agreement amendment, the CoC's final HUD-approved FY 2018 GIW or the project budget as reduced due to CoC reallocation. Please note that, new for FY 2018, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.

7A. Attachments

The "Attachment" screen has three attachment placeholders:

- **Subrecipient Nonprofit Documentation.** On the "Project Subrecipients" screen, if the subrecipient is a nonprofit (i.e., either "M" or "N" was selected from the "Organization Type" dropdown menu), then proof of the subrecipient's nonprofit status is required.
- **Other Attachment(s).** In the other two placeholders, attach any additional information supporting the project funding request. Use a zip file to attach multiple documents.
 - **Approved Indirect Cost Rate documentation.** If the Project Applicant indicated on 6A. Funding Request that it has an indirect cost rate approved by the cognizant agency, the documentation should be uploaded using one of the "Other Attachment" options.

If a Project Applicant is a "Solo Applicant" or if it has "No CoC," there are additional attachment requirements.

- **CoC Rejection Letter.** A project identified as an "Appeal" project on screen 3A. Project Details under "Project Status" is required to upload documentation to one of the "Other Attachment" screens. Projects that have been rejected in the local CoC competition by the Collaborative Applicant and intend to apply as a Solo Project must attach documentation from the Collaborative Applicant that confirms the project has been rejected along with the reason for the rejection.

NOTE:

- *If your project has not been rejected, the CoC Reject Letter does not pertain to you.*
- *If your project has been rejected and you have chosen to appeal to HUD by submitting a Solo Application prior to the HUD submission deadline, you must upload this attachment. For more information, refer to the Project Application Appeal Process navigational guide at: https://www.hud.gov/program_offices/comm_planning/coc/competition.*

- **Consolidated Plan Certification.** Projects that are applying for CoC funds from a geographic area that is not claimed by a CoC and that has selected "No CoC" on Form 3A must upload the HUD-2991, Certification of Consistency with the Consolidated Plan signed by the authorized official from the local or regional government.

8B. Submission Summary

Once the required information has been entered and the required attachments have been uploaded, the Project Applicant needs to select the "Submit" button on the "Submission Summary" screen.

The "Submission Summary" screen shows the Project Application screens. In the "Last Updated" column, the system will identify the following:

- A date if the screen is complete.
- "No Input Required" if there is no input required.
- "Please Complete" if more information is needed.

Users can go back to any screen by selecting the screen name on the left menu or on the screen name in the Submissions list itself. Remember to select "Save" after any changes.

NOTE:

The "No Input Required" status on the Submission Summary indicates that additional information for that screen is not required for the applicant to continue to the next step in the e-snaps system.

In the context of this navigational guide, the Project Applicant may continue to the next steps in the Project Application process.

HUD, however, may require that you submit the item prior to entering into a grant agreement if conditionally awarded.

The "Submit" button is located at the bottom of the screen under the navigation buttons. The "Submit" button will be active if all parts of the Project Application are complete (and have a date) or state "No Input Required."

After submitting the Project Application, Project Applicants should notify the Collaborative Applicant. Notification is recommended to alert the Collaborative Applicant that the application is ready for their review and ranking.

Troubleshooting When You Cannot Submit the Project Application

Project Applicants may encounter issues when trying to submit the Project Application. If the “Submit” button is gray (i.e., “grayed-out”), it is not active and you cannot select it. You will not be permitted to complete your screen at this time. The “Submit” button will appear gray if the information is missing on any of the required Project Application screens or in the Applicant Profile.

The following image shows the Renewal Project Application "Submission Summary" screen with items that still need to be completed. Note that the "Submit" button is gray-shaded, and you cannot select it.

Renewal Project Application

Steps

1. Review your Submission Summary screen to determine which Project Application screen needs to be completed.
2. Go back to the Project Application or Applicant Profile to update incomplete items. Remember to save your changes.
3. Return to the Submission Summary screen to select the "Submit" button.

What the “Last Updated” column tells you. A date identifies a screen with complete information for all required fields. It is the most recent date on which the completed screen was saved.

- "Please Complete" identifies the screens with information missing in one or more required fields.
- "No Input Required" identifies the screens that are not required for completion by all projects. You are strongly encouraged to double-check these screens to ensure that all appropriate project information is completed.

What the “Notes” section at the bottom of the screen tells you. Notes are not a standard section on the “Submission Summary” screen, so you will not see this section all the time.

- If notes appear on the screen, they are located under the two-column list and above the navigational buttons.
- The notes provide information on the errors in the Project Application. Some notes include a link to the applicable screen and error(s).

NOTE:

If you are still unable to submit the Renewal Project Application after following these instructions, please contact the HUD e-snaps Help Desk at e-snaps@hud.gov.

In your email, please provide specific details regarding the issue you are encountering while trying to submit and provide a screen image whenever possible.

Project Application Changes

If changes need to be made to the Project Applications, the Collaborative Applicant will send the project back to the Project Applicant. This process is similar to last year's competition. Project Applicants may need to change the Project Application if they find an error or if the Collaborative Applicant requests that a change be made to one or more of the forms. The following action steps must be taken by the Collaborative Applicant and Project Applicant.
