SUBSTANTIAL AMENDMENT

**Fiscal Year 2021-2022 Annual Action Plan
HOME Investment Partnerships Program
American Rescue Plan**

March 14, 2023

PURPOSE

The City of El Cajon's Housing Division prepared a substantial amendment to the Fiscal Year 2021-2022 Annual Action Plan (AAP), HUD Program Year (PY) 2021, which describes the proposed projects and programs to be supported with HOME Investment Partnership Act (HOME)-American Rescue Plan (ARP) allocation of \$2,189,272. The AAP and other documents are available for review at Community Development Housing Division's website at www.elcajon.gov/housing.

BACKGROUND/DISCUSSION

The American Rescue Plan Act of 2022 appropriated \$5 billion to help communities provide housing, shelter, and services for people experiencing homelessness, and other qualifying populations. Under the U.S. Department of Housing and Urban Development's HOME-ARP program, the City of El Cajon anticipates receiving \$2,189,272 in HOME-ARP funds. HOME-ARP funding will assist individuals or households who are homeless, at risk of homelessness, and other vulnerable populations to reduce homelessness and increase housing stability. HOME-ARP funds can only be used for the production and preservation of affordable rental housing, tenant-based rental assistance, supportive services, acquisition and development of non-congregate shelter and nonprofit operating and capacity building.

This one-time funding creates significant opportunity to meet the housing and service needs of our community's most vulnerable populations. To receive the HOME-ARP funds, City of El Cajon must engage in the consultation and public participation process to develop a HOME-ARP Allocation Plan (HOME-ARP Plan). The HOME-ARP Plan must be submitted to HUD for review, as a Substantial Amendment to the AAP. The plan must also describe the distribution of HOME-ARP funds and how it will be used to address the needs of HOME-ARP qualifying populations.

CITIZEN PARTICIPATION

To ensure broad input into the HOME-ARP Plan from stakeholders and the public, the City of El Cajon engaged in consultation with stakeholders and the public, which included distribution of a needs assessment survey (released December 20, 2022 and closed March 6, 2023), 15-day public comment period and scheduled two public hearings held on February 28 and March 14, 2023. Outreach was accomplished through utilization of multiple existing stakeholder contact/distribution listings (e.g., CDBG and Housing; San Diego Continuum of Care; San Diego Housing Federation), various social media platforms (e.g., Twitter, Facebook) and posted on the City's website.

The City received twenty-one (21) responses to the survey, ten (10) of which represented organizations that address the needs of the qualifying populations, and public or private organizations that address fair housing, civil rights, and the needs of persons with disabilities.

As of March 4, 2023, feedback received from consultation revealed strong support for the following eligibility activities in descending order:

1. Development of Affordable Housing for Persons Experiencing or At Risk of Homelessness
2. Tenant-Based Rental Assistance
3. Supportive Services to Individuals or Families Not Already Receiving Support
4. Acquisition and Development of Non-Congregate Shelter
5. Capacity Building

Based on feedback received to date, many organizations noted the need to expand affordable housing supply as a long-term solution. Many respondents also described the need for supportive services linked to housing, particularly permanent supportive housing. This is also consistent with the City's 2019-2024 Consolidated Plan and 2021-2029 Housing Element.

Moreover, in accordance with the City's Citizen Participation Plan, the City coordinated a community engagement efforts to facilitate and encourage the involvement of low and moderate income populations. The public participation process is intended to solicit feedback on the draft plan and included:

- Publication of public notices;
- 15-day public comment period;
- Availability of the documents; and
- Public hearings

On February 9, 2023, the City published a citywide Notice of Public Comment (Notice) seeking input on the Draft Substantial Amendment to the AAP from February 16, 2023 through March 6, 2023, which is in the City's HOME-ARP allocation plan and describes the distribution of HOME-ARP funds.

The Notice and the Draft Substantial Amendment, which included the draft allocation plan, were available for review on the City of El Cajon's Housing Division website at www.elcajon.gov/housing. The draft was available for a 15-day comment period (February 16-March 6, 2023). Although the deadline for written comments on the draft Substantial Amendment to the AAP was March 6, 2023, the City held a second public hearing on March 14, 2023 to solicit additional comments. At the same meeting, the City Council adopted the HOME-ARP Plan on March 14, 2023.

SUBSTANTIAL AMENDMENT

The AAP will be amended to include \$2,189,272 in HOME-ARP funds and to incorporate the City's HOME-ARP Plan, which describes the distribution of funds and the process for

soliciting applications. The HOME-ARP Plan is attached as Appendix A using HUD prescribed template.

SECTION 1: EXECUTIVE SUMMARY

The City of El Cajon (“City”) has been allocated \$2,189,272 of HOME American Rescue Plan (HOME-ARP) funding from the U.S. Department of Housing and Urban Development (HUD). To receive the HOME-ARP allocation, the City must engage in consultation and public participation processes and develop a HOME-ARP Allocation Plan (HOME-ARP Plan).

To ensure broad input into the HOME-ARP Plan from stakeholders and the public, the City engaged in consultation with stakeholders and the public, including emails, a survey, 15-day public comment period and two in person public hearings.

The needs assessment and gap analysis identified the following needs and gaps that may be addressed using HOME-ARP funds:

- The 2022WeAllCount Point-in-Time Count identified a total of 8,427 individuals experiencing sheltered homelessness in the San Diego Region with 185 individuals experiencing unsheltered homelessness in the City of El Cajon.
- In January 2022, there were 683 emergency shelter beds, 0 safe haven beds, 440 transitional housing beds, 0 permanent supportive housing beds, 0 rapid re-housing beds, and 2,482 other permanent housing.

To address these needs and gaps, the City will utilize HOME-ARP funds for affordable housing through competitive Notice of Funding Availability (NOFA) processes.

Based on survey results to date, the preliminary use to HOME-ARP funding are for the following eligible activities:

1. Development and support of affordable housing: Production of permanent affordable rental housing, with the focus of leveraging other funding sources including but not limited to the following:
 - State of California’s Housing and Community Development Department’s (HCD) various funding sources including but not limited to the Homekey program, which may categorically target homeless and those at risk of homelessness, Low Income Housing Tax Credits, and the use of Multi-Family Revenue Bonds.

(HCV) Program is shown in the Table below.

Waiting List	Elderly	Disabled	Family	Single	Total
Total HCV Waiting List Applicants (as of Jan. 2023)	8,592	16,238	37,188	18,642	80,661
Waiting List Applicants from El Cajon	978	1,664	4,392	1,325	8,359

Another factor identified is the escalating housing costs in the region that also causes influences rents in the City of El Cajon. This creates a harmful instability for the qualified populations. It is difficult for members of qualified populations to find affordable housing of any kind in El Cajon. Whatever personal needs or challenges they were facing become exponentially worse on the streets, adding trauma and stress to individuals surviving outside, and further overwhelming the system of programs and providers.

Based on the data presented above, the priority housing needs for qualifying populations is the development of affordable rental housing. Specifically, there is an urgent need for the development of both permanent supportive housing with wraparound services dedicated to persons experiencing homelessness and subsidized rentals dedicated to households earning less than 30% AMI.

Priority needs for qualifying populations are:

- Affordable rental housing, including permanent supportive housing;
- Supportive services including:
 - Housing Navigation;
 - Case management;
 - Child care;
 - Education services;
 - Employment assistance and job training;
 - Meal or grocery assistance;
 - Housing search and counseling assistance;
 - Coordinated service linkage;
 - Legal services;

continued in-migration and investor interest, implementing a new tenant-based rental assistance program is unlikely to meet the needs of El Cajon's most vulnerable renters. Considering the recent infusion of long-term emergency housing vouchers (EHV) directly from HUD and Project Based Vouchers (PBV) available to affordable housing developers by the Housing Authority of the County of San Diego (local public housing authority), adding HOME-ARP funded short-term Tenant Based Rental Assistance vouchers would only provide a short term solution in addressing homelessness versus the longer term provided by PBV and EHV. Also, TBRA voucher holders have a difficult time finding units that are within the limits of the Payment Standard for the Program.

The addition of HOME-ARP rental units, coupled with services, will help to ease the burden of housing costs for the City of El Cajon's lowest-income renters who are at high risk of housing instability and homelessness or are currently experiencing homelessness and seeking opportunities for housing stability. Permanent supportive rental housing will help to address the needs of El Cajon's growing population of people experiencing chronic homelessness, seniors, persons with disabilities who need supportive services coupled with affordable housing and those lowest income households from falling into homelessness. Ensuring that rental housing offers appropriate services will support long-term housing stability and decrease the likelihood of a return to homelessness.

Accordingly, the plan to fund eligible activities focuses on the acquisition, construction, preservation, and/or rehabilitation of housing serving the Qualified Populations.

Available Resources:

Available resources to address the unsheltered and those at risk of homelessness are limited due to the amount of funding that the City has available. Current resources include the following: Community Development Block Grant, Home Investment Partnership Act, and Low and Moderate Income Housing Asset Fund. Each of these funding sources has a cap on the amount of funds that can be spent on eligible services to address homelessness. The City also leverages its general fund dollars to assist with homeless service.

2-1-1 San Diego and the Community Information Exchange utilize Social Determinant of Health (SDOH) and Wellness assessments that evaluate a person's situation within three major constructs: immediacy of need, barriers and supports, and knowledge and utilization of community resources. These assessments plot vulnerability on a Crisis to Thriving scale across 14 SDOH Domains. Assessments and needs are similar concepts, but capture different types of information. Whereas needs capture the type of services that clients receive or seek, assessments capture a more in-depth understanding of vulnerability and risk. The information on this page highlights the most commonly completed assessment domains for this client population. The graphs display percentages of total assessments completed.

Q9

What unmet housing and service needs do you see among "Qualifying Populations" (people experiencing homelessness, at risk of homelessness, fleeing domestic violence, or otherwise at high risk of housing instability) in the City of El Cajon?

I have lived and worked in the city of El Cajon almost ten years. I had been on the section 8 list for 13 years. I have a 13 yr old daughter and a 3 year old son. In December 2021 My name finally came up on the list and I qualified (per the county's paperwork) and then the County followed up that letter stating I did not (even though again per their numbers I did)

I requested an informal hearing (February 2022) and it took them 9 months to respond to that. They told me that they made a mistake or error and that I didn't qualify. I requested they show me proof-they told me that wasn't possible. They encouraged at that point to contact the City of El Cajon's Housing department because they have resources available to me. They noted that my name would be removed altogether and I would need to reapply!

Within that year I was involved in many of years domestic violence and that section 8 was my key to freedom. Finally in July of 2022 I had to have my sons father removed from my apartment and when I called the Crisis House from the Courthouse for help I was told to call back and leave a message. I tried to get in touch with them for days because of my situation and THEY DID NOT HELP ME! I contacted Legal Aid for assistance in my situation in dealing with the County and the literally told me that my situation was far to complicated but if I were need their assistance in answering to an eviction being served-they could handle that.

Q10

What gaps do you see within the current shelter and housing inventory, as well as the service delivery system in the City of El Cajon?

Please get a better organization for helping those fleeing from Domestic Violence and are one income earning households because the crisis house DOES NOT CARE! Race and social backgrounds shouldn't be the basis of resource availability. Domestic violence doesn't choose its victims based on such and nor should the organizations that the City has partnered with to help those that need it in the midst of critical situations.

WHY DOES THE CITY OF EL CAJON NOT HAVE ITS OWN SECTION 8 PROGRAM?

BECAUSE OF THE INDIFFERENCES BETWEEN THE COUNTY AND CITY THE MOST VULNERABLE RESIDENTS IN THIS CITY ARE BEING DENIED HOUSING BENEFITS BY THE COUNTY OF SAN DIEGO! AND ARE BEING TOLD AND REDIRECTED TO CONTACT THE CITY CAN BECAUSE THEY CAN AND HAVE PARTNERED PROGRAMS THAT WILL HELP.

HOME-ARP funding is a one-time opportunity to create programs/services that would have a significant impact on reducing/ending homelessness in this community. Is there anything else you would like to add that was not specifically asked about in this survey?

Move forward with empathy. Not all homelessness is due to addiction and mental illness. Older citizens are affected because of age, divorce, job loss and gender. I grew up upper middle class, educated and never have had an alcohol or drug addiction. After a dual income, 20 year marriage ended in 2018 I returned to El Cajon from Texas. I worked full time providing housing for my 82 yo mother & daughter. Then September 2020, I was a Covid layoff. Unemployment ran out in September 2021. Covid Rent Relief from February 2022-May 2022. Over 300 resumes submitted for qualifying roles. NO offers to date. At 57 years old, I've been told my age is now a factor. My self and small family are At Risk of Homelessness due to lack of income to pay rent. We have a Pending Unlawful Detainer. I am that person who drive by homeless and said "but for the Grace of god." Now I am one day away from being in "there"shoes. I can't afford to stay and I can't afford to leave. I want to stay because this is my home town. Thank you for reading this far.
