HOME-ARP Allocation Plan

Participating Jurisdiction: Lake County, Ohio

Date: 02/20/2023

Introduction:

In September 2021, the U.S. Department of Housing and Urban Development announced an allocation of a funding under the American Rescue Plan Act linked to the Home Investment Partnerships Program. The new fund was to be known as HOME-ARP. The purpose of HOME-ARP funds is to provide assistance and supportive services through several eligible activities. Eligible activities include acquisition and development of non-congregate shelter, tenant based rental assistance, supportive services, rental housing, administration and planning, and nonprofit operating and capacity building assistance.

HOME-ARP funds must assist people in HOME-ARP "qualifying populations", which include:

- Persons that are currently homeless (sheltered and unsheltered populations)
- Persons at risk of homelessness
- Persons that are fleeing or attempting to flee domestic violence or human trafficking
- Persons or households requiring services or housing assistance or to prevent homelessness
- Those at greatest risk of housing instability or in unstable housing situations

To receive funding, the County has developed a HOME-ARP Allocation Plan, which describes the distribution of HOME-ARP funds and identifies any preferences for eligible activities. The development of the HOME-ARP Allocation Plan has been informed through stakeholder consultation and community

engagement. The following is the HOME-ARP Allocation Plan.

Consultation

Summarize the consultation process:

Lake County recognizes the importance of an effective citizen participation and stakeholder consultation process. Information gained is critical in understanding the County's priority needs and setting appropriate goals to make a meaningful difference with the resources available. Lake County Planning and Community Development (LCPCD) staff provides ongoing assistance to the Lake County Board of Commissioners in the administration of funding from US Department of Housing and Urban Development (HUD). LCPCD staff consulted with a wide range of public and private agencies throughout the development of the HOME ARP Allocation Plan in order to determine priority needs, develop goals and formulate objectives to address identified needs.

LCPCD provides assistance in the administration of federal Housing and Urban Development Programs for the Board of Lake County Commissioners. Staff participated in the administration of additional funding and provision of resources to residents that were made available due to COVID, namely State and Local Government Fund, Emergency Rental Assistance 1& 2, American Rescue Plan Act, CDBG-CV. The primary annual programs are Community Development Block Grant and Home Investment Partnership Program (CDBG and HOME). Staff of this office led the effort to meet the requirements of preparing an acceptable HOME ARP Allocation Plan. Lake County ADAMHS Board administers funding through US Dept of Housing and Urban Development and multiple other Ohio and local sources. The HUD funding includes Permanent Supportive Housing and Shelter Plus Care.

LCPCD released two surveys to gather input from the community about demonstrated and perceived affordable housing and homelessness needs in Lake County. Summarized responses of activity types supported or prioritized by the various respondents as a part of the consultation process are also included in Table 1. Due to an issue with the vendor full access to the most current data is not available. An updated summary analysis will be performed once the issue is resolved to capture any additional respondents.

- The Stakeholder Survey was directed to numerous local nonprofits, housing agencies, the Lake Metropolitan Housing Authority, other County departments, and local government officials. The stakeholder survey asked for identifying information to ensure that all the required consultations were met. Background information about HOME ARP was provided to The Coalition for Housing and Support Services of Lake County, Inc and one of its committees Lake County Continuum of Care in meetings throughout 2022. Respondents numbered 58. Summary results are included as Attachment A.
- The General Public Survey was a separate shorter survey that did not require the respondent to identify themselves. Summary results are included as Attachment B.
- Additional insight was gained from elements of a FY22-26 Consolidated Plan Survey that included questions that focused on homelessness. Survey was performed in spring and summer of 2022. Full summary results are attached as Attachment C but Q12-18 have a homeless/housing focus.

In Table 1. That follows the Type of Agency/Organization column and cells also details the Qualifying Population served by number and text – 1 Homeless, 2 At risk of homelessness, 3 Fleeing Domestic Violence ++ and 4 Other. Attachment H has been added to clarify required consultation agencies and more detailed definitions of the Qualifying Populations. In Feedback, the phrases following **Supports:** indicates the summary of questionnaire response.

List the organizations consulted, and summarize the feedback received from these entities.

Table 1: Agencies/Organizations Consulted

Agency / Org Consulted	Type of Agency/Org	Method of Consultation	Feedback
	Qualifying Population Served		
Lake County Board of Developmental Disabilities	Public agency Public organization that addresses the needs of persons with disabilities Supportive Services Provider	Survey questionnaire	Supports: Development of affordable Rental (PSH & New) TBRA. Development of Non- congregate shelter (existing buildings and scattered) Supportive Services (Life & job skills) Possible applicant Developmental Disability emergency housing options
	Qualifying Populations Primarily 4		
Lake County Sherriff's Office	Public agency County government Law enforcement	Survey questionnaire	Supports: Support services (Prevention & life/Job skills) Development of Non-Congregate shelter (conversion & use existing) Transportation Drop off point for Homeless shelter Assists with PIT Representative attends Continuum of Care meetings
	Qualifying Populations 1 /2 /3/4	Answered as Interested Community member	
Lake County Job and Family Services	Public agency County government	Survey questionnaire	Follow up for response Administers TANF, Housing Services-Prevention Retention Contingency Funding Children Services Elderly Persons Services
	Qualifying Populations 1 /2 /3/4		
Lake County ADAMHS Board (Alcohol, Drug Addiction and Mental Health Services)	Public agency Public organization that addresses the needs of persons with disabilities Other government – Funder -	Survey questionnaire	Supports: Development of Affordable rental housing Scattered sites & rehab/new Development of NCS/ Operating funding /Prevention “Established by statute and responsible for evaluating, planning, funding, and monitoring services to help Lake County residents who are dealing with a mental illness and/or addiction.”
	Qualifying Populations 1 /2 /3/4	Regular attendee of Coalition and Continuum	
Forbes House Contact with Director who shared with board and other staff (varied responses).	Domestic violence service provider& Homeless service provider Domestic Violence Shelter	Survey questionnaire Several respondents	Supports: Acquisition & Development of NCs and rental housing (conversion/rehab existing/ tiny homes) TBRA, Operating funds, Support Services (case mgt, housing Counseling Life skills) Recently began using HOME TBRA
	Qualifying Populations 1 /2 /3/4		

WomenSafe	Domestic violence service provider Homeless service provider Domestic Violence Shelter in neighboring county	Survey questionnaire Director responded	Supports: Development of affordable rental housing (New & rehab) Acquisition & Development of NCS Operating funds Case management & Prevention Residents served on exit by HOME TBRA through Extended Housing
	Qualifying Populations 1 / 2 / 3/4		
Harriet Tubman Movement	Domestic violence service provider Supportive Services Provider NE OH Region	Survey questionnaire	Supports: Development of affordable rental housing (Permanent Supportive Housing) Development of Non-congregate shelter (Acquire. Rehab of existing) Support services (Case management & prevention) Funding for Emergency shelter for trafficking victims
	Qualifying Populations 3 Fleeing,		
Lake County Government Officials	Public agency Public organization that addresses civil rights and fair housing Other government - County Other government City /Village/Township City of Eastlake City of Painesville City of Wickliffe	Survey questionnaire Announced at Commissioner meeting 01.26.23 Presentation at Mayors & Managers Assn. 01.24.23	Supports: Effort to demonstrate that homelessness and affordable housing is an issue that has a wider impact than just county seat of Painesville City. Support Services (life skills and job training) (Prevention & Case Mgt. Counseling) Operating funds & Capacity building TBRA Develop affordable rental (PSH & scattered)
	Qualifying Populations 1 / 2 / 3/4 – County level primarily serves QP by funding agencies		
Lake Metropolitan Housing Authority	Public Housing Authority Public Agency Services - Housing Other government - Local	Survey questionnaire Director responded	Supports: Supportive of development of affordable rental housing, non-congregate shelter (new and rehab) and support services (Large impact of Housing Counseling, Prevention and Life skills Q16,17,18.)
	Qualifying Populations 4		
Fair Housing Resource Center, Inc. Contact with Director who shared with board and other staff	Private organization that address civil rights and fair housing & Private organization that addresses the needs of persons with disabilities	Requested participation in survey questionnaire	Supports: Development of affordable rental (new, PSH) TBRA, Support Services (Counseling, Prevention, Case management) Likely applicant Housing Services - HUD Certified Housing Counseling Agency, Fair Housing Initiative Program recipient, Emergency Rental Assistance partner agency Coalition Chair
	Qualifying Populations 2 / 3/4		

Lifeline, Inc Contact with Director who shared with board and other staff	Homeless service providers Coordinated Entry Private organization that address civil rights and fair housing Private organization that addresses the needs of persons with disabilities	Survey questionnaire	Supports: Supportive Services (Prevention, Job Ready, Case mgt.) Coordinated entry needs to be funded Development of Non-Congregate (scattered, Conversion) Development of affordable rental (New & rehab) Likely applicant Community Action Agency: (partial listing) Housing Services / HOME TBRA /Emergency Rental Assistance partner agency 211 Information & referral / Homeless Services- Coord Entry Coalition Vice Chair
	Qualifying Populations 1/2 /3/4		
Lake County Council on Aging	Public agency Public organization that addresses the needs of persons with disabilities Supportive Services Provider	Survey questionnaire	Supports: Supportive Services (Life skills) TBRA Rental Housing Development (new and rehab) Homeless Prevention
	Qualifying Populations 2 / 4		
Project Hope for the Homeless	Homeless service providers Homeless Shelter	Survey questionnaire	Supports: Development of affordable rental (new & rehab) Development of Non-Congregate (motel, scattered) Operating /Capacity building Case Management & Life skills Tiny home village
	Qualifying Populations 1 /2		
Extended Housing, Inc Contact with Director who shared with board and other staff	Private organization that addresses the needs of persons with disabilities Homeless service providers	Survey questionnaire 7 respondents	Supports: Dev. of affordable rental (PSH & new) TBRA Support Services (Job ready, Counseling & Case Mgt) Large impact noted of Support services It is very challenging to develop permanent supportive housing and one of the challenges is securing funding. Having HOME-ARP funding dedicated to a new PSH project can then leverage the additional funding needed for a successful project.
	Qualifying Populations 1/2 /3/4		
Salvation Army – Painesville citadel	Homeless service providers Supportive Services Provider	Survey Questionnaire	Supports: Development of affordable rental (rehab &new) TBRA / Operating /Support services (counseling, Case Management,Life skills) Possible applicant
	Qualifying Populations 1/2 /4 Code Blue participant, open most mornings and lunch for homeless		

North Coast Community Homes	Private organization that addresses the needs of persons with disabilities	Survey questionnaire	Supports: Development of Affordable rental housing Support Services (prevention, counseling and life skills) Development of Non congregate Shelter Regional NE OH Housing provider, property manager CHDO that has used HOME \$ to acquire and rehab homes for developmentally disabled persons
	Qualifying Populations 4		
One Step at a Time Lake County	Private organization that meets the needs of persons with disabilities Housing Services-Youth Aged out of Foster Care	Survey questionnaire	Supports: Development of Affordable rental housing Support Services (prevention, counseling and life skills) Development of Non-congregate Shelter New organization with one house for 3-4 youth. Responded to survey and spoke at Public Hearing.
	Qualifying Populations 2 /4		
Begin the Conversation	Private organization that address civil rights and fair housing Interested Community member	Stakeholder Survey	Supports: Supporti Services (Counseling &Prevention) Development Non-Congregate Shelter (scattered & motel) TBRA
	Qualifying Populations 4		
Lake County NAACP	Private organization that address civil rights and fair housing Interested Community Member	Stakeholder Survey	Supports: Support services (Life/Job skills, housing counseling) Development affordable rental (PSH, Landlord assistance TBRA
	Qualifying Populations 4		
Coalition on Homelessness & Housing in Ohio (BOSCOC-OH) COHHIO Erica Mulryan	CoC – State Homeless service providers Public agency Private agency Housing & Homeless Advocacy	Stakeholder Survey questionnaire requested	Schedule follow up
	Qualifying Populations 1/2 /3/4	Schedule follow up to offer of meeting	
Region 5 BOSCOC - OH Continuum Lead Coleman Health Tammy Weaver	CoC Region 5 lead agency Provider of health, mental health, and housing services in nearby county	Stakeholder Survey questionnaire	Supports: Development of affordable rental (PSH, rehab) Capacity /Operating Prevention Risk Mitigation Fund for landlords Mental Health Board, Foundations, Medicaid Billing
	Qualifying Populations 1/2 /3/4		

Lake County Continuum of Care	CoC – Local Lake County Due to BOSCO centralization power structure this group is now a local means of meeting planning and implementation tasks set to it by BOSCO. Members work to provide services in a coordinated manner.	Survey questionnaire. Presentation of basic info in early 2022 meetings followed by focused presentation in Dec 2022.	Lake County has a deficiency in affordable housing opportunities. Landlord outreach and recruitment is needed to educate landlords on available subsidies and voucher programs. Membership includes homeless shelter and DV shelter, ADAMHS Bd rep. County government rep, LC Sheriff's Office, Community Action Agency, Faith based representatives, and more. The authority lies with the State of Ohio – COHHIO. This group is best described as local agencies working to accomplish BOSCO policy
	Qualifying Populations 1/2 /3/4		
McKinley Outreach Center	Private organization that addresses the needs of persons with disabilities Continuum of Care member Food and other goods distribution	Requested participation in survey	Converted school that provides array of services to Willoughby
	Qualifying Populations 2/4		
Legal Aid Society of Cleveland	Private organization that addresses the needs of persons with disabilities Private organization that address civil rights and fair housing	Requested participation in survey	No Response detected in Stakeholder survey but aware of ongoing conversations with other consulted organizations listed to reinforce physical presence in Lake County Longtime participants in Coalition
	Qualifying Populations 2/4		
The SubZero Mission	Homeless service providers Private organization that addresses the needs of persons with disabilities Veteran's Group Independent non profit that gathers and distributes goods to unsheltered homeless in NE OH region and beyond Veteran focus and led but serves all	Survey questionnaire	Supports: TBRA Supportive Services (Prevention, Case Mgt. Development of affordable rental (PSH & conversion) Likely applicant
	Qualifying Populations 1/2		
Veterans Administration	Veteran's Group Public agency	Survey Questionnaire No response noted	Had attended CoC regularly before Covid Appropriate agencies coordinate with them to connect veterans to benefits available
	Qualifying Populations 1/2/4		
Lake County Veteran Services Commission	Veteran's Group Public agency Active with Emergency rental assistance program and other shelter provider	Survey questionnaire Director responded	Supports: Tenant Based Rental assistance Supportive Services Development/rehab of units Assistance to landlords
	Qualifying Populations 1/ 2/4		

United Way Lake County	Private organization Funder of numerous social service programs in county	Survey questionnaire Director responded	Supports: Development of affordable Rental (New & rehab) Supportive Services (Case Mgt, Life skills) Operating funds (Impact)
	Qualifying Populations 1/2/3/4 through funding initiatives		
Lake Geauga Habitat for Humanity	Private organization Nonprofit organization Director attended public hearing	Survey questionnaire & attended public hearing	Supports: efforts to expand and advocate for affordable housing. While mission is homeowner based collaborates with partners providing assistance in rental market.
	Qualifying Populations 4		
Morley Library in Painesville Ohio	Public agency Library located in the county seat, Painesville Ohio	Survey questionnaire	Supports: Dev Affordable rental (new & PSH) Support Services TBRA Develop Non Congregate Shelter
	Qualifying Populations 1/2/4		
LifeSpring Ministry Code Blue	Homeless Service Provider Private organization that addresses the needs of persons with disabilities Faith based response to serve unsheltered homeless specifically those that are have not been successful in existing shelter Severe winter weather warming center	Survey Questionnaire and additional data	Supports: Development of Affordable Rental & Non-congregate shelter (convert existing structure & motel) TBRA & Case mgt.& Prevention Possible applicant
	Qualifying Populations 1/2/4		
Crossroads Health	Private organization that addresses the needs of persons with disabilities Supportive Services Provider	Survey questionnaire	Supports: Dev Affordable rental (new & PSH) TBRA Develop Non-Congregate Shelter Support Services (Prevention & counseling) Large impact & Possible applicant
	Qualifying Populations 1/2/3/4		
Sunny Window Films and Positive Xscape	Unknown affiliation		Responded to Stakeholder Survey
General Public		Responded to General Public Survey	See write up

<p>ASSORTED COMMENTS</p> <p>Increase supports and long-term residential beds for those transitioning from incarceration, and those with serious and persistent mental illness, back into the community.</p> <p>The lack of affordable housing results in longer stays at shelters and at domestic violence shelter providing limited options for survivors. An increase of affordable housing units in general is needed.</p>	<p>Create additional shelter opportunity in Lake County and increase subsidized housing, including single room occupancy units and/or housing vouchers with supports. Need for affordable units, including single room occupancy along with supportive services and to prioritize length of stay in temporary housing situations.</p> <p>Staffing issues for case management is a challenge due to high caseloads and staff turnover. Shelter support in a non-congregate setting would limit triggering events and increase the feeling of safety, benefitting homeless and those fleeing from domestic violence.</p>
---	--

Public Participation

In accordance with Section V.B of the Notice (page 13), PJs must provide for and encourage citizen participation in the development of the HOME-ARP allocation plan. Before submission of the plan, PJs must provide residents with reasonable notice and an opportunity to comment on the proposed HOME-ARP allocation plan of **no less than 15 calendar days**. The PJ must follow its adopted requirements for “reasonable notice and an opportunity to comment” for plan amendments in its current citizen participation plan. In addition, PJs must hold **at least one public hearing** during the development of the HOME-ARP allocation plan and prior to submission.

PJs are required to make the following information available to the public:

- The amount of HOME-ARP the PJ will receive, and
- The range of activities the PJ may undertake.

Throughout the HOME-ARP allocation plan public participation process, the PJ must follow its applicable fair housing and civil rights requirements and procedures for effective communication, accessibility, and reasonable accommodation for persons with disabilities and providing meaningful access to participation by limited English proficient (LEP) residents that are in its current citizen participation plan as required by 24 CFR 91.105 and 91.115.

Template:

Describe the public participation process, including information about and the dates of the public comment period and public hearing(s) held during the development of the plan:

Public input was solicited from local government officials, county agencies, housing agencies, social service providers and other local authorities and representatives. Public notices were placed in a local newspaper and posted on the County’s website. Required 424s and Certifications are Appendix 1.

The 2021 Action Plan Amendment- HOME ARP Allocation Plan public meeting was held on February 23, 2023 in the Commissioners Chambers, 5th Floor, Building A, 105 Main Street, Painesville, Ohio. Detailed information about the program, eligible and ineligible activities, summary results of both surveys, Draft Allocation Plan template were available for review. Interested parties and residents were encouraged to attend through a public notice in local newspapers published on February 9, 2023. Attendance was also encouraged at the February 13, 2023 meeting of the Coalition for Housing and Support Services of Lake, County Inc. and at the Lake County Continuum of Care meeting on February 7, 2023. Evidence of publication of Notice and public hearing minutes will be included as Appendix 2 to the Plan. General Public and Stakeholder input was sought through surveys, telephone calls and meetings to discuss community resources, needs and priorities for the use of the funding

- ***Public comment period: start date 2.20.23 - end date 3.9.23***
- ***Public hearing: February 23, 2023 at 1:00 PM, on the 5th Floor of Bldg. A, 105 Main Street, Painesville, OH 44077***

Describe any efforts to broaden public participation:

The Coalition for Housing and Support Services of Lake County, Inc. and one of its committees, the Lake County Continuum of Care were notified of the existence of the HOME ARP allocation at multiple meetings in 2022 and were provided with an overview of the fund, it's possible uses and links to HOME ARP on the www.hudexchange.info . The membership of these two entities covers nearly all of the required consultations. Additional successful outreach was made to nonmember organizations that serve populations that have endured human trafficking (Harriet Tubman Movement) and organizations promoting civil rights. The Lake County Chapter of NAACP and Begin the Conversation Lake County were consulted. This group blends members of NAACP, faith-based community and local government. Both groups were contacted by telephone and email and answered the Stakeholder survey. HOLA has been in regular contact with county staff as Hispanic and Latin residents faced challenges accessing Emergency Rental Assistance Program 1 & 2. HOLA opened a dedicated headquarters at 265 N. State St., Painesville Ohio on May 5, 2022. www.holatoday.org HOLA provided a version of the General Public Survey translated into Spanish.

Three outreach efforts to secure an American Sign Language interpreter for the Public Hearing were not successful.

Through the stakeholder and the general public surveys there were open ended questions that allowed for the respondent to provide their input and ideas as to how and what the funds could and should be used for and where they could be used. The summary results for both surveys are attached and integrated into the Needs analysis write up. Efforts to distribute information about these funds and to solicit survey responses also included:

Presentation by Lake County Administrator, Jason Boyd, to the Lake County Mayors and Managers Association with two follow up emails .

Email blast to Coalition and Continuum of Care (local) noted above with additional follow up at Coalition meeting on 2.13.23 and Continuum meeting on 2.7.23.

Phone call and repeated email follow up to have Region 5 lead of BOSCO- OH respond to Stakeholder Survey. Survey response did not seem to be representative of Region 5 rather of the county where that agency provides service and manages housing.

Phone call and email to COHHIO BOSCO lead Erica Mulryan who indicated a willingness to discuss. Planned phone/zoom meeting in the works.

Email blast from the Lake County Senior Services Coordinator, Alyea Barajas to each of the Senior Center Directors soliciting survey input.

Email and response from Deepwood Center (Lake County Developmental Disabilities) Director and designee.

Outreach to the African American community included email and in person contact with Lake County Chapter NAACP, Begin the Conversation and members of clergy.

Lake County routinely considers all comments whether received in writing, or orally in a public meeting or other settings.

The focus of the HOME-ARP Plan is to continue to create affordable housing county-wide and to ensure the availability of supportive services and housing for those that are homeless, at risk of homeless and those with special needs.

Coordinated Entry at the state and local level has been evolving. Locally it has evolved from a system in which the local Community Action Agency – Lifeline, Inc. who also operates the 211 Information and Referral line simply made reservations for the local homeless shelter based on availability and other client-based criteria to a system that uses a VISPDAT evaluation, handles some HMIS entry and manages the Homeless Crisis Response Program (HCRP) funding allotted to the county. The mental health providers operated a separate system to move and house clientele into Permanent Supportive Housing and other resource-based housing. The two systems are now working in a more coordinated fashion but additional work and funding is needed to improve and expand the functions of the system. An expanded Coordinated Entry system is being considered.

Summarize the comments and recommendations received through the public participation process:

Stakeholder Survey results indicate support for show that the prioritization of HOME-ARP funds should be development of affordable housing, please see attachment “Q7- Please rank the following needs in Lake County from highest priority to lowest priority.”

- Development of Affordable Rental Housing (including rehab of existing units 55%;
- Supportive Services 19%

From the break, out of each of the types of eligible activities to be supported a more detailed picture emerges that shows the interrelatedness of the existing systems. Subsidized properties operate at full occupancy with waiting lists having a duration of years. New construction is often cost prohibitive even presuming the ability to locate a properly zoned parcel of land. Existing structures are largely in use. Assistance available through the Emergency Rental Assistance Programs is drawing to a close.

- Affordable rental housing
 - Permanent Supportive housing 37%
 - Creating New Affordable Units 31%
 - Rehab of Existing Units 29%
 - Assistance for Landlords 4%

Within Supportive Services, prevention, case management and counseling are related by function and by the agencies performing these services.

- Supportive Services
 - Homeless Prevention 30%
 - Case management 27%,
 - Life Skills 19%
 - Housing Counseling 17%
 - Job Readiness 7%

General Public Survey results similarly indicate support for affordable housing in their responses to Q1 an open-ended question and in Q2 a ranking question.

“Q1. In your opinion, what are the homeless / housing needs in the county and or your community?”

“Q2. Please rank the programs or services for noted below that are eligible uses for the use of these funds.”

- Building affordable rental housing with 55% listing it as most important & 73% choosing it as #1 or #2.
- Non-Congregate shelter follows with 28% and with 45% selecting it as #1 or #2.
- Services, such as case management, counseling, help finding housing follows 14%

In Q 3 the General Public Survey reveals support of assisting those that are already homeless 41% followed by those that are at risk and those that are fleeing trafficking and or Domestic violence at 24% each. In Q4 an open-ended question the focus of support is for the specific population groups of those living in homeless shelter 39% and elderly 37%. An additional open-ended question Q5 solicited further comments on how the funds should be invested. Of the responses 70% noted affordable housing in some manner. Other recurring terms and themes included: Case management, veteran, disabled, elderly, security deposit help, families, addiction, redevelop/reuse, build new, assistance finding housing.

To the question of residency half of the respondents noted Painesville City/Township. Question 7 asked source of information about housing and homelessness. It revealed that most respondents have obtained their insights through personal and or work experience. The final question allowed the respondent to provide an email to allow for further communication without divulging identity. Twelve respondents did so. “Q 8. If you want to receive a copy of the allocation plan submitted to HUD for the generalized use of these funds, please enter your name and email below. Your information won’t be shared with others.”

Summarize any comments or recommendations not accepted and state the reasons why:

All comments received at public hearing and through surveys have been accepted and will be considered.

Needs Assessment and Gaps Analysis

In accordance with Section V.C.1 of the Notice (page 14), a PJ must evaluate the size and demographic composition of **all four** of the qualifying populations within its boundaries and assess the unmet needs of each of those populations. If the PJ does not evaluate the needs of one of the qualifying populations, then the PJ has not completed their Needs Assessment and Gaps Analysis. In addition, a PJ must identify any gaps within its current shelter and housing inventory as well as the service delivery system. A PJ should use current data, including point in time count, housing inventory count, or other data available through CoCs, and consultations with service providers to quantify the individuals and families in the qualifying populations and their need for additional housing, shelter, or services.

Housing Needs Inventory and Gap Analysis Table

Non-Homeless			
	Current Inventory	Level of Need	Gap Analysis
	# of Units	# of Households	# of Households
Total Rental Units	24,142		
Rental Units Affordable to HH at 30% AMI (At-Risk of Homelessness)	767		
Rental Units Affordable to HH at 50% AMI (Other Populations)	3,980		
0%-30% AMI Renter HH w/ 1 or more severe housing problems (At-Risk of Homelessness)		2,777	
30%-50% AMI Renter HH w/ 1 or more severe housing problems (Other Populations)		4025	
Current Gaps			1,855

Suggested Data Sources: 1. American Community Survey (ACS); 2. Comprehensive Housing Affordability Strategy (CHAS)

Homeless Needs Inventory and Gap Analysis Table

Homeless											
	Current Inventory					Homeless Population		Gap Analysis			
	Family		Adults Only		Vets	Family HH (at least 1 child) Adult HH (w/o child) Vets Victims of DV		Family		Adults Only	
	# of Beds	# of Units	# of Beds	# of Units	# of Beds			# of Beds	# of Units	# of Beds	# of Units
Emergency Shelter	22	6	42	0	0

Sheltered Homeless						33					
Unsheltered Homeless						19					
Current Gap									#	#	#

Suggested Data Sources: 1. Point in Time Count (PIT); 2. Continuum of Care Housing Inventory Count (HIC); 3. Consultation

Describe the size and demographic composition of qualifying populations within the PJ's boundaries:

Homeless as defined in 24 CFR 91.5

In accordance with HUD's definition of homeless under the HOME-ARP grant, Lake County will consider a homeless family or individual to generally include:

- An individual or family who lacks a permanent and adequate permanent home
- A person or family who will imminently lose their permanent home due to a lack of resources or support
- A youth under the age of 25, even if accompanied by an adult, that does not have a permanent home

The 2022 Point in Time count data and the HMIS Utilization data are shown in Appendix D1 and D2. Further Project Hope reports assisting 230 persons in 2022 including 45 children.

Additional narratives and content have been added as a result of the need to resubmit the Lake County HOME ARP Allocation Plan. All such additions are shown in black italicized Calibri font and enclosed in a text box.

Additional 2023 PIT report was provided by Project Hope for the Homeless and is included as Attachment L. A narrative of that data follows.

Through the Annual Point in Time Count and Housing Inventory Chart (PIT/HIC) exercise there is data generated that helps the community evaluate the size and demographic composition of the various homeless populations. While the PIT/HIC does not provide a complete picture it is all that is readily available to the jurisdiction since the jurisdiction does not have an HMIS license. The HIC portion of the exercise identifies the number of units/beds available for various categories of homeless populations by the provider of those beds/services.

QP 1 "Homeless"

The Point in Time Count was held from 8:00 PM January 24 through 06:00 AM on January 25, 2023.

For the sheltered homeless the number of persons and households at Project Hope for the Homeless was as follows: 11 people in 8 households. Six of those households were adult only, single person households and two were households with children.

In the adult only households there were 3 men and 3 women. Racial composition was 4 White and 2 Black. All persons were non-Hispanic. Ages ranged from 2 in the 25 to 34 category and 3 in the 35 to 44 and one in the 45 to 54. The dorm sections of the shelter provide a total of 38 beds with approximate equal distribution between women and men. Throughout COVID time frame shelters were encouraged to maintain less than 50% capacity. On the night of the count Project Hope for the Homeless was operating at 16% capacity.

Project Hope for the Homeless also operates a senior focused Hope House that recently reported having three males all over the age of 65 residing there. The number of units associated with that location is 3, so it is full.

During the 2023 Point in Time Count the two households having at least one Adult and one child there were a total of 5 people. Two of those people were adults aged 35 to 44 and 3 were children under age 18. All persons were non-Hispanic. One person was White and 4 were Black. The HIC indicates that the number of family beds is 12 and number of units is 6.

Project Hope for the Homeless reports in their newsletter that "Our guest count has continued to rise. Our stats as of April 31, 2023: 3,671 shelter nights provided 80% of guests have positively transitioned 10 families served including 20 children who were provided 788-day units for families 61 households participate in aftercare (67 adults and 29 children). "

The number of unsheltered homeless is challenging to ascertain especially at a county level.

Countywide data was sought as a part of the PIT. Due to the sampling method accepted by HUD and used by BOSCO there were known areas identified and persons counted but they were excluded from the final tally. While 27 persons were identified in the initially eligible areas only 11 ended up being included in the final count. Additional persons are known to stay in cars at locations in Mentor and Willoughby and service providers have been notified of their presence by local safety forces.

At the Painesville level one measure of the unsheltered persons that is not just a snapshot is found in the statistics provided by the Code Blue Ministry volunteer. This individual provides services twice a week from a central Painesville location in a church. During severe winter weather a temporary overnight location is opened to provide protection from the elements. While her tabular data is shown in Attachment G, a narrative summary of her findings follows. As of November 2022, street homeless numbered 38. Men are far more numerous than women. She has noted an increased number of younger adult males experiencing homelessness for the first time. Specific age ranges of those persons using CODE BLUE support services are not available at this time.

It is noted that some other people that are potentially homeless include those that are “couch surfing” 6, Group Homes 3, Recovery Centers 2, Hotel 1, and jail/prison 14. Additional demographic information is not available.

During the 2022-2023 Code Blue season there were 17 different individuals served by the one location.

At Risk of Homelessness as defined in 24 CFR 91.5

Individuals and Families at Risk of Homelessness

HUD defines those at risk of homelessness as individuals and families who have an income below 30% of the area median income (AMI), do not have sufficient resources or support networks to prevent them from becoming homeless, or live with instability, like living in the home of another because of economic hardship or having been notified that their current living situation will be terminated within 21 days after the date of the application.

The Lake County Emergency Rental Assistance Program (ERAP 1) launched in July 2021 and ERAP 2 launched in April 2022. Agencies implementing the bulk of the programs were also implementing State of Ohio funding for the same grant and others. The Lake County Veteran Services Commission also managed part of the funds allocated under these programs.

Data since the launch of the ERAP 1 through September 30, 2022 show that over 600 applications had been submitted to receive assistance either with rent or housing stability services. Of those, 533 received rent and/or utility assistance because they were financially impacted during the COVID-19 pandemic, experienced housing instability, and whose

household income was at or below 80% AMI. Of those receiving financial assistance of some sort 70% of those who received assistance were below 30% AMI, and another 10% were below 50% AMI. Black or African American applicants made up a higher % than of the 12 % of Lake County residents who identify as Black or African American. A lesser percentage of Hispanic or Latino households sought assistance through the ERAP programs than are present as a percentage of Lake County residents who identify as Hispanic or Latino.

Q2 “At-Risk” of Homelessness and Q 4 “Other”

Data and demographics about the Q2 and Q4 populations are closely interrelated as various low-income levels, poverty, racial/ethnic minority status and evictions combine to form a perfect storm of housing instability.

*The Q2 at risk of homelessness population identified in the **Housing Needs Inventory and Gap Analysis Table** includes the 2,777 households that are at 0 to 30 % AMI with a severe housing problem. The data available indicates that there are only 767 units affordable to that population.*

*Use of the **HUD CPD MAPS reporting tool** revealed the following data from 2011-2015 CHAS and ACS. Figures have been bolded in the tables below to draw attention to areas of need.*

Of the 7,640 total (owner and renter) households in the 0-30% AMI category, the senior households (62 years and older) comprise 40% of the whole and small family households 26%. The portion of the households with very young children is a concern as well.

Income	0-30% HAMFI	>30-50% HAMFI	>50-80% HAMFI
Total Households	7,640	9,680	17,180
Small Family Households	1,995	2,230	4,660
Large Family Households	295	330	995
Household w/ person 62-74 years of age	1,575	2,055	4,700
Household w/ person age 75 or older	1,460	3,180	3,380
Households with one or more children 6 years old or younger*	875	760	1,980

2011-15 CHAS

Of the 24,156 households in unaffordable housing, ie. paying more than 30% of income, the renter households earning less than \$35,000 and paying > than 30% numbered 8,693 or 36% of all such burdened households, despite all renter households comprising roughly 25% of the whole.

Costs	Target	
	Number	Percentage
Paying > 30%	24,156	25.36%
Earning Less than \$34,999 paying > 30%	17,114	17.97%
Earning More Than \$35,000 paying > 30%	7,042	7.39%
Owner Occupied Earning Less than \$35,000 paying > 30%	8,421	11.84%
Owner Occupied Earning More than \$35,000 paying > 30%	5,818	8.18%
Renter Occupied Earning Less than \$35,000 paying > 30%	8,693	36.01%

2011-15 ACS

The most prevalent housing problem is regular and severe cost burden. The severe cost burden affects 2,835 renter households that are extremely (0-30%AMI) low income. Those with increased incomes in the 30 to 80% AMI range are burdened as well but not as severely. They comprise 42% of all those with housing problems.

The number of renter households with overcrowding or substandard conditions totals only 1,215.

Housing Problems	0-30% AMI	30-50% AMI	50-80% AMI	80-100% AMI	All Households
Households with one of the listed needs (renter)					
Substandard Housing -	155	100	160	90	660
Severely Overcrowded - With >1.51 ppl/room	20	45	100	45	295
Overcrowded - With 1.01-1.5 ppl per room)	85	30	70	30	260
Severe cost burden > than 50% of income	2,835	900	180	50	3,985
Regular Housing cost burden > 30% of income	285	2,155	2,360	180	5,070
Zero/negative Income	300	-	-	-	300

2011-15 CHAS

Racial and Ethnic data for housing problems is shown in Attachment I. This is from the AFFH Tool Table 9 titled Demographics of Households with Disproportionate Housing Needs. The table shows the prevalence of White households (68,483) in comparison with Black (3,302) and Hispanic (2,266) households while the difference in the percentage of those with housing problems and severe housing problems by racial and ethnic groups is notable. With severe problems only 12% of White households have that experience while the percentages for Black and Hispanic households is 22% and 17%. For regular problems the percentages are White 26%, Black 45% and Hispanic 35%.

Fleeing, or Attempting to Flee, Domestic Violence, Dating Violence, Sexual Assault, Stalking, or Human Trafficking, as defined by HUD in the Notice

Forbes House serves the domestic violence population in various ways. Housing is only one of them. Their census figures that they share at the time of the PIT have generally been 25-50 % of their bed count. Some persons seeking shelter may go outside of county to a nearby jurisdiction for emergency shelter and then work to return to Lake County. To assist with this effort regular HOME funds are used for TBRA.

QP3 “Fleeing, or Attempting to Flee, Domestic Violence, Dating Violence, Sexual Assault, Stalking, or Human Trafficking”

*The agency involved at a regional level with serving victims of Human Trafficking is the **Harriet Tubman Movement**. The lead staff there responded to the stakeholder survey but did not provide further information as to the number of persons served or the related demographic information. She did indicate a need for a safe residence to house the victims of trafficking. Staff included as **Attachment J** some recent local news coverage on this issue and a web posting of the Lake County Sheriff’s Office’s involvement with the regional taskforce. Staff will make additional outreach to obtain data and needs.*

*For **Forbes House**, Lake County’s DV shelter, the early results from the Point in Time Count on January 2023 revealed that 7 persons were at Forbes House on the night of the count. Additional data was not made available at that time to be included in the initial submission of the HOME ARP Allocation Plan. In response to further inquiries made by County staff, additional demographic information was provided that is attached as Attachment K. It is titled “Stays Flex Report” and covers the period January 1 through December 31 2022.*

The current location of Forbes House provides a total of 26 beds in six rooms. This is shown in 2021 and 2022 HIC. Forbes House will also house people in a community setting as needed for safety but detailed data on that population is not available at this time. Plans for development at an alternate location have not moved forward and the focus is now on the rehabilitation of that current location keeping essentially the same dorm layout.

In 2022, the Stays Flex Report revealed that the total number of persons staying at Forbes House was 105. Of these persons 59 were adults and 46 were children. The vast majority of the children housed 35 were under age 6. The remaining 7 were aged 13 to 17. The 59 adults fell in to age groups as follows: 18 to 24 (13) and 25-49 (43) and over 60 (3). Age was not reported for 4 persons.

*Of the 105 persons only 25 were identified as **homeless**. Completing this category of information was: no data (43), No (27) and Unknown (10). The total bed nights of 4,650 were broken down by adult at 1,936 and for children 2,714. **Gender** information included 73 female, 27 Male and 1 Trans Male. **Racial/Ethnic** data in the report is as follows: Black or African American (47), White (34), Multiple Races (16) and Hispanic (2). Primary language spoken was English (68), Arabic (1) and Spanish (1). In a separate category of limited English proficiency there were 10 that answered yes. **Educational** level data was not collected for 75 persons but for those that data was collected 11 were high school graduates and another 11 had education beyond high school while 8 had not graduated high school.*

Location of residence varied from 31 living in Lake County, 48 from other Northeast Ohio communities, 3 out of state and 23 where no data was collected.

This report was useful but could have been more so if there were not so many instances where data was not collected. The lack of data collection is likely due to the crisis situation of the domestic violence survivors and policies and practices to minimize trauma. Additional data fields in this report included: Disposition/relocation, Primary abuser relationship, Veteran, Marital Status, referral source, income and employment status

Other than persons residing at Forbes House, the agency also reports working with an active caseload of 260 in support group, 335 with court advocacy. Forbes House staff has made staff available at 80 prevention and awareness events. Additional data at the state level can be found at the Ohio Domestic Violence Network website. <https://www.odvn.org/reports/>

Other populations requiring services or housing assistance to prevent homelessness and other populations at greatest risk of housing instability, as defined by HUD in the Notice

As shown in the Table above there are 2,777 households of 0 to 30% AMI with a severe housing problem and 4,025 households in the 30 to 50% AMI category that have a severe housing problem.

The reader should note that in this jurisdiction the QP2 and QP 4 populations are very closely linked by nature, number, needs, service providers and service/housing needs and solutions. They are addressed together whenever possible to avoid redundancy.

Identify and consider the current resources available to assist qualifying populations, including congregate and non-congregate shelter units, supportive services, TBRA, and affordable and permanent supportive rental housing (Optional):

Congregate shelter

Project Hope for the Homeless serves both men and women and families with children. Total beds available 50 divided male and female dorm settings with additional separate 3 family units. The Hope House is operated by the same organization and offers 3-4 seniors a room in a single-family home. In 2022, a total of 329 guests were served including 43 children.

Forbes House is a domestic violence shelter located in Lake County that is currently capable of housing up to 24 persons.

CODE BLUE – severe winter weather shelter may handle up to 25 at one time

Permanent Supportive Housing data is shown within the PIT/HIC

Rapid Re-Housing provides for approximately 5 households

Veteran Supportive Housing is up to 10-15 units

Regular HOME Program funds provide subsidy funds for approximately 10 households exiting domestic violence shelters, 25 senior / disabled households and approximately 100 households annually with placement assistance (security deposits and first month rent).

Describe the unmet housing and service needs of qualifying populations:

The affordable housing gap exists and is pertinent to all of the QPs. When there are 2,777 households that are at 0 to 30 % AMI with a severe housing problem and only 767 units affordable to that population; that creates a gap of 2,010 units. That income level is the QP 2 At-risk of homelessness. Similarly, when there are 4,025 households at 30-50% AMI with severe housing problems but only 3,980 units affordable at that level that is a gap of just 45 units.

While this data is compelling on its own, it is dated, and likely an underestimate of unmet need. It also does not consider the impact that COVID has had on a low-income person's physical health, mental health, and employability. Nor does it capture the COVID related impact on the housing market. Prices for a one or two-bedroom unit that used to be \$600 - \$800 are now \$900 to \$1,200. That cost is well beyond what a single person on disability receives on a monthly basis.

Some of this affordable housing gap will attempt to be met through landlord recruitment and through development of additional small rental units.

A main service gap affecting all QPs is a fully functional coordinated entry system. There have been improvements in the CE system for QP 1 and QP 3 in the past year but the lack of funding has limited its effectiveness. With full and collaborative participation in an expanded coordinated entry system the housing and service needs of the QP 2 and QP 4 populations can be documented. Through documentation of the need additional funding may be sought and secured. The existing diffuse regional organizational/power structure of the OH-BOSCO compels the local agencies to report to multiple funding sources causing competition where there should be collaboration.

Homeless as defined in 24 CFR 91.5

Project Hope for the Homeless serves this population. There are families that must wait for one of the few “family units” at the shelter and the requirements for limited time stays puts additional pressure on the households that are trying to heal and work the program.

Some other that meet the homeless definition are not able to comply with policies in place at the shelter that help to ensure the safety of all. Thus this population remains homeless. Workers in the PATH Program work to connect these individuals with health care and other services.

QP 1, The Unsheltered Homeless have the following unmet housing and service needs

For many of this population there is a need to connect to general health and mental health services. The PATH outreach workers continue their efforts but many of this group have alcohol/substance abuse and behavioral issues which make placement in units and continued stable residency difficult especially as they are competing in a market with other renters that are more attractive to landlords.

Their behavioral health and substance abuse issues also results in some of them not wanting to and some being unable to (ban – temporary or permanent) access the one homeless shelter in the county due to inability to follow rules and progress with a plan.

The unsheltered also need encouragement and case management to make connections to employment and to nourishing food. Maintaining regular contact is needed to have them progress to housing placement. The lack of funding to provide for that skilled staff time to maintain effective contact also contributes to the service gap. There are various volunteer efforts but coordination of all efforts is lacking and thus also a gap.

QP 1 The sheltered homeless at Project Hope & Hope House have the following unmet housing needs. *As individuals and families prepare to leave the shelter they need an affordable decent place to go. Rentals that are affordable to persons at and below 30% income are not available as stated previously. The funding of HCRP that comes through OHBOSCOC to the region and then to Lake County is on a two-year cycle and is not sufficient to assist all of those people preparing to leave the shelter. When funds run out there is a gap.*

Another gap that has become increasingly evident is poor conditions of some of the units that have historically participated in the various rental assistance programs. While units are becoming available they have such structural repair or safety issues that it results in the use of federal funds being inappropriate. It is just the lack of units over all and the dependence on a few landlords that will accept a less than perfect tenant that is the cause of the backlog and extended stays at shelter. No unmet service needs have been identified for the sheltered homeless at Project Hope & Hope House. That agency has a variety of services that come to the shelter on a periodic basis, an aftercare program, and a variety of links to other necessary resources to establish new residences.

Fleeing, or Attempting to Flee, Domestic Violence, Dating Violence, Sexual Assault, Stalking, or Human Trafficking, as defined by HUD in the Notice

The existing domestic violence shelter in Lake County, Forbes House, has six separate rooms and common area kitchen and bathroom area. Each room accommodates four beds, thus a total bed count of 24. Resident population is configured to best use the space available and provide privacy but also to provide space for family units to remain intact. The PIT Counts for the past several years have shown a less than 50% occupancy.

Forbes House has acquired another building at a different location with plans to renovate it and use it as a primary DV Shelter and convert the existing shelter to an alternate form of housing. Plans have evolved and experienced setbacks. The final result has not yet been determined.

QP 3. Those persons being housed at or served through Forbes House face the same tight housing market conditions as other low-income households. That gap can be alleviated by additional affordable rental units in the community, and or attraction of additional participating landlords. The need for safety away from the abuser can be a challenge to provide in a relatively small community. Recognizing the need for a fluid border of a service area may be beneficial for the DV providers in the region whether their physical location is in Lake, Geauga (Womensafe) , Ashtabula or Cuyahoga county. The service needs of this population (legal advocacy, counseling, education) are essentially being met but there are challenges due to increased numbers of persons seeking assistance and limitations of staff. Provision of services is limited by available funding and available staff. The limitation of resources makes it even more necessary for all of the parts of the homeless system to work together to create economies. The separation of the DV system from the rest of the homeless system puts them somewhat put at a disadvantage in benefitting from existing landlord relationships.

The housing and service needs of those persons that have been a victim of Human Trafficking need to be more fully described by those persons and agencies providing housing and services to them. Similar to the DV providers the creation of a separate system, while it has safety benefits for the clientele, may put the population at a disadvantage.

Other populations requiring services or housing assistance to prevent homelessness and other populations at greatest risk of housing instability as defined by HUD in the Notice

Experience noted with the Emergency Rental Assistance Program showed great and continued need for rental assistance among those that are at and below 30% AMI and 50% AMI.

*Both the **Q2 and Q4** share unmet housing needs related to the number of available affordable housing units as discussed previously. The unmet service needs that both of the populations (**Q2 and Q4**) share is advocacy, increased level of knowledge of their housing rights and legal support to retain housing once they have secured it. Securing and maintaining funding and staff to provide for these services is an ongoing need and when it is not available, it becomes a gap in service. The pending cessation of the US Treasury Emergency Rental Assistance Program (ERAP) due to the depletion of funds will reveal the ongoing housing needs that that programming has temporarily and partially alleviated. Evictions continued throughout the CDC Moratorium at some local courts despite the availability of funds. All three municipal courts have resumed eviction hearings. Funding for all ERAP elements (Housing Stability, Administration and Financial Assistance) is dwindling and will be fully expended before end of 2023*

Identify any gaps within the current shelter and housing inventory as well as the service delivery system:

Recent discussions at Lake County Continuum of Care meeting have included concern about the increasing numbers of “never before homeless” elderly persons and families with young children. There are reports of these households living in cars. The homeless outreach teams are working to engage with them and get them temporarily housed in hotel settings while a more permanent rental is located and secured.

Changes to the local housing market were brought about by the Pandemic. Rents have escalated. Many smaller landlords of single-family homes sold off their assets, frequently to out of state entities.

The gap of more than 2,000 units that was noted in the Housing Needs Inventory and Gap Analysis Table while it is tied to QP 2 and QP4 is one of the underlying housing gaps also impacting QP 1 and QP3.

QP 1 for the Sheltered Homeless - The number of shelter beds is adequate to meet current needs for single person households but there remains a need for additional family friendly units at the shelter. While the shelter is a faith based organization the imposition of a limitation on unmarried couples with children is likely a deterrent to that population seeking or accepting assistance.

The housing inventory gap of available and affordable rental units impacts the length of stay at the shelter.

QP 1 for the Unsheltered Homeless - A housing inventory gap of at least 50 units in the Painesville area exists due to a combination of behavioral issues of some of the unsheltered combined with the restrictions and safety policies at the one local shelter. The service gap that exists is primarily the lack of a stand-alone day shelter for all populations. The Salvation Army located in Painesville provides food and other helps on most Mondays through Saturdays but it is not open on Sunday and holidays. Other school aged programming throughout the day and night conflicts with an unsheltered homeless use. The public library and certain churches in Painesville also function as a gathering spot to varying levels of acceptance. A service/ facility need that has been identified is the need for basic sanitary facilities available in the late night and early morning hours in a centrally located area of Painesville. An additional gap of an unknown number exists for unsheltered homeless persons outside of the Painesville area.

*Various types or entities provide cooked meals and food supplies as well as clothing, transportation vouchers, gas cards and other survival supplies to the unsheltered in the eastern and western ends of the County. **The** sheltered QP1, QP2, QP3 and QP4 populations also benefit from these efforts to provide for basic human needs as well. A gap exists due to the limited financial resources available to these entities and a coordinated means of delivering such services to those that are hesitant to ask.*

QP2 and 4 housing gaps have been previously addressed noting the lack of affordable available units. QP 2 and 4 service gaps have been previously addressed, most notably advocacy, coordination of services, knowledge of rental rights and responsibilities of both tenants and landlords.

QP 3_ For the Trafficking population there is a communication gap that contributed to the housing and the service gap. The County staff will work to alleviate that communication gap.

For the DV population the Housing gap includes the availability of independent housing units and reportedly the conditions at the shelter prompting the need for rehabilitation/renovation. Supply chain, housing materials costs and contractor availability combine to make renovation more challenging but solving that is beyond the scope of this allocation plan to currently handle.

The Service gap relates to the availability of qualified staff to hire and retain. The application of the requirement for funding that staff at DV shelter have certain certifications related to mental health has been an obstacle to funding when not all residents of the DV shelter can be presumed to have an ongoing and underlying mental health diagnosis. Policies that interfere with funding and staffing create gaps in service delivery.

The lack of a unified identity for QP 4 “other populations” is a type of service gap in its own. Efforts are underway to capture sufficient data to ensure that these households are not just numbers but people that are on the brink and that with some assistance and service will not fall into homelessness. Many households in this QP have received assistance through ERAP. They are those that “are currently housed due to temporary or emergency assistance, including financial assistance, services, temporary rental assistance or some type of other assistance to allow the household to be housed, and • who need additional housing assistance or supportive services to avoid a return to homelessness.” Providing follow up to track placement and retention results under the auspices of ERAP Housing Stability and then HOME ARP would be worthwhile outcome on which to report.

Under Section IV.4.2.ii.G of the HOME-ARP Notice, a PJ may provide additional characteristics associated with instability and increased risk of homelessness in their HOME-ARP allocation plan. These characteristics will further refine the definition of “other populations” that are “At Greatest Risk of Housing Instability,” as established in the HOME-ARP Notice. If including these characteristics, identify them here:

The needs of persons re-entering their community from an incarcerated state have not previously been addressed and may be addressed with these or other HOME funding. Other groups with instability challenges have been addressed.

Through the use of the regular allocation of HOME funds Lake County has used TBRA for many years noting in the Consolidated Plan that this activity is necessary to meet the needs of those that live in housing that has characteristics associated with instability and an increased risk of homelessness. It was the county’s intention to add this criterion to the QP4 definition of “other populations” that are “At Greatest Risk of Housing Instability.”

Identify priority needs for qualifying populations:

There is a need for additional units of affordable rental housing of all types both new construction and rehabilitated. There is a need for TBRA to house those that are at 30 and or 50% AMI since there is such a mismatch between the supply of units and the number of households in those categories.

Affordable housing and TBRA are priority needs that apply to all QPs in that it is the intent of housing and homeless planning and program implementation to allow all household types and all QPs to have a decent, safe and secure place to live.

Supportive Services is similarly a priority need in that it provides the opportunities for connections to those persons experiencing homelessness with the community as a whole and those agencies providing services. Supportive Services also encourages the agencies to have functional collaborative relationships with each other and other entities at the local state and federal level. These entities include but are not limited to funders, businesses, educational facilities and safety forces.

The strict division of the QPs tends to foster competition rather than collaboration among those that are trying to provide service. Some QPs particularly QP 1 sheltered and QP 3 have been more successful at capturing a public and private sector support while others QP 2, QP 4 and QP 1 unsheltered struggle to have a voice and thus their needs addressed.

Explain how the PJ determined the level of need and gaps in the PJ's shelter and housing inventory and service delivery systems based on the data presented in the plan:

Considerable data and insights were added to the earlier sections of the allocation plan regarding what are the needs, the gaps, how and what is done and the degree to which it is done well.

This may be a good place to note that homeless data and low-income housing data is imperfect and as a whole the topic of homelessness and lack of affordable rental housing – causes and solutions is not a topic that many enjoy discussing.

Affordability mismatch is not a new circumstance. As soon as funding is allotted to develop new affordable rental units and the units are built they are fully occupied within months. Waiting lists at subsidized complexes are lengthy and have been for years. The Housing Authority opens HCV application period every few years and then works off that list of applicants. Even with a voucher in hand people are frequently unable to secure a unit and require extension on the time period to use the voucher.

Additional Point in Time and Housing Inventory Chart Data is shown in Appendices. The most recent PIT was performed January 24, 2023. The prior year count was completed on February 22, 2022. There was a delay throughout Ohio BOSCOC due to COVID in 2022.

Unsheltered homeless counts officially reported have been lower than actual due to the sampling methodology adopted by the Balance of State Continuum of Care. Staff of LCPCD and members of

the local continuum are seeking guidance as to how a more accurate unsheltered count can be achieved in 2024. The cell phone app that is used captures location of the unsheltered homeless person upon entering a record. The sampling of the selected Census Tracts was changed between the time of planning for PIT and the actual event resulting in fewer than the actual being accepted as the count. This and other issues will be addressed in the first Region 5 BOSCO meeting since the pandemic began. In a prior year using the same app the state selected census tracts without input from local personnel which resulted in expenditure of time and resources where all knew there were no unsheltered homeless.

The PIT sheltered count and Housing Inventory Chart are generated through the Homeless Management Information System supplemented with data from the local domestic violence shelter. Current and historic data of this type is reflected in Attachment E, a presentation prepared for Lake County Administrator to make to Lake County Mayors and Managers Association Speaker notes from the PIT part of this presentation are shown indented below.

Local and state data come in a variety of forms. HUD, STATE and purely local (CODE BLUE) - HUD requires a Point in Time Count (a census of the homeless) to be performed across the country during the last week of January. A one a year count in the coldest time of the year does not get the most accurate picture of the need. Coinciding with the PIT is a count of units of various types – Housing Inventory Chart. The methods used for conducting the PIT has changed – not always comparable or accurate – **especially the unsheltered data.**

The January 2020 and 2021 Homeless Point in Time counts did not accurately reflect the number of persons who were chronically homeless in Lake County. PATH identified 33 chronically homeless individuals in 2020 which were not reflected in the 2020 PIT count due to the specific geographic locations used. The 2021 count was exempted by HUD due to the pandemic; however, Lake County conducted their own count and identified eight (8) chronically homeless individuals. In FY 2021, EHI's PATH Homeless Outreach identified at least twenty-four (24) households who were enrolled (folks who are enrolled are homeless, have a severe mental health disability and are not linked to mental health services) and were chronically homeless; this does not include other folks who were living outside that were already linked with mental health services). Only 11 counted as unsheltered due to the process required by the state.

Additional data is maintained by most government funded projects in HMIS – Homeless Management Information System. It tracks individuals and agencies' bed use, length of stay, age, gender, children, health metrics as well as the success in connecting clients to other mainstream services and jobs and housing

Attachment F shows the preliminary data made available at the county level from the PIT/HIC from 2023 as a part of the local CoC minutes 02.09.23. Additional data is kept by a local ministry known as LifeSpring Ministry. This group operates CODE BLUE. CODE BLUE is a severe winter weather response to provide a safe warm place to be when certain conditions are met. See **Attachment G** for the detailed stats kept by the volunteer that manages the overnight warming center and maintains office hours twice a week at a downtown Painesville City church location.

In summary, in just the Painesville area, she has identified 64 potential unsheltered people. During

the CODE Blue season (November through March) 2022-2023 there were 17 individuals were served overnight. In the prior year there were 35 and 17 the season before. As of November 2022, there were 35 individuals that this volunteer sees regularly at office hours that had used the CODE BLUE Warming Center at least one in the past four years.

CODE BLUE when it is activated uses a former county administrative building. During CODE BLUE events the unsheltered homeless are provided a warm place to rest overnight during the weekdays and as needed on weekends and Holidays during the day. Cots, snacks, meals and beverages are made available. Transportation is in place through Laketrans for all but Sundays and Holidays when a local church uses their bus to transport those in need. Salvation Army opens early with coffee and serves a lunch most weekdays. The daytime shelter during Code Blue is the Salvation Army. Morley Library in Painesville City participates in the CODE BLUE effort and is open to the public on certain Monday holidays when Salvation Army is closed. Information about the activation of this life saving effort is performed through the 211 information and referral line, Facebook posts and precise notification list.

HOME-ARP Activities

Template: HOME-ARP Activities

Describe the method for soliciting applications for funding and/or selecting developers, service providers, subrecipients and/or contractors and whether the PJ will administer eligible activities directly:

The County will distribute a HOME-ARP Application to developers and agencies in the region as well as posting a notice on the County website that applications are being accepted under the HOME- ARP Program for the development of affordable rental housing, Tenant Based Rental Assistance, Supportive Services, Administration funds, Non-Profit Capacity Building and Non-Profit Operating fund.

*The County will solicit and accept applications in a manner similar to that of regular CDBG/HOME application cycle for the following activity types: development of affordable rental housing, the **Acquisition and Development of Non-congregate Shelter**, Tenant Based Rental Assistance, Supportive Services, Administration funds, Non-Profit Capacity Building and Non-Profit Operating funds.*

The Acquisition and Development of Non-congregate Shelter was inadvertently left off initial submission

The County will accept applications for acquisition, rehabilitation and/or the construction of affordable housing that will serve the qualifying populations outlined in the HOME-ARP guidelines. When selecting partners for the implementation of any eligible activity the County will take into consideration the experience and financial capacity of the entity.

Lake County will consider other entities ability to administer eligible activities.

If any portion of the PJ's HOME-ARP administrative funds were provided to a subrecipient or contractor prior to HUD's acceptance of the HOME-ARP allocation plan because the subrecipient or contractor is responsible for the administration of the PJ's entire HOME-ARP grant, identify the subrecipient or contractor and describe its role and responsibilities in administering all of the PJ's HOME-ARP program:

N/A

Use of HOME-ARP Funding

	Funding Amount	Percent of the Grant	Statutory Limit
Supportive Services	\$412,000		
Acquisition and Development of NonCongregate Shelters	\$200,100		
Tenant Based Rental Assistance (TBRA)	\$400,000		
Development of Affordable Rental Housing	\$300,000		
Non-Profit Operating	\$45000	2.75%	5%
Non-Profit Capacity Building	\$30000	1.84%	5%
Administration and Planning	\$244,760	14.99%	15%
Total HOME ARP Allocation	\$1,631,860		

Describe how the characteristics of the shelter and housing inventory, service delivery system, and the needs identified in the gap analysis provided a rationale for the plan to fund eligible activities:

Lake County has identified activities that will assist households of the most vulnerable qualified populations.

The acquisition and development of non-congregate shelter would have a lasting long-term impact on the homeless service system if they can be developed.

The gap analysis also identified the need for increased numbers of permanent supportive housing beds dedicated to chronically homeless.

The Point in Time Counts and other measures identified at least 35 chronically homeless persons in need of permanent supportive housing. HMIS data show the PSH and SPC units are always at full occupancy. Waiting lists are maintained that have consistently numbered over 100. Additional permanent supportive housing beds are needed to sufficiently meet the housing needs of the chronically homeless population in Lake County.

One of the other major gaps in Lake County's homeless inventory is access to affordable housing. People experiencing housing crisis or fleeing an unsafe situation need to find a place to stay quickly. Access to this type of housing is a current gap in the system that development of rental housing can address.

Among the most vulnerable qualified populations in jeopardy of housing instability are households who have challenges with housing affordability. To help maintain housing stability and address affordability challenges within the housing inventory, Lake County plans to fund

activities that provide rental assistance to qualifying populations.

Tenant-based rental assistance has long been administered by local nonprofits that support households who are at-risk of homelessness. Many of the families or individuals who receive assistance to mitigate homelessness or to flee violent circumstances require wrap-around services with their housing because of the compounding challenges they face. Where needed, Lake County will support organizations that provide supportive services to help program participants achieve self-sufficiency. If Capacity Building is needed to assist organizations in better serving qualified populations, LCPCD can provide this support through HOME-ARP funding as well.

HOME-ARP Production Housing Goals

Estimate the number of affordable rental housing units for qualifying populations that the PJ will produce or support with its HOME-ARP allocation:

The County estimates the development of **up to 17 affordable** rental housing units for the qualifying populations outlined in our plan. The HOME-ARP investment is estimated to be approximately \$ 17,500 per unit with other funding coming from other Ohio, federal and local sources.

Up to 17 units of affordable housing may be produced. All QPs would be eligible for these units.

Describe the specific affordable rental housing production goal that the PJ hopes to achieve and describe how it will address the PJ's priority needs:

The County estimates the development of up **to 17 affordable** rental housing units for the qualifying populations outlined in our plan. The County will work with developers and local non-profit entities to acquire, rehabilitate and/or newly construct affordable rental units for qualifying populations and low-income residents in Lake County. In addition to developing additional affordable rental units, the County will work with the Lake County Housing Authority to secure vouchers in addition to utilizing HOME TBRA and HOME-ARP TBRA to ensure units are sustainable throughout the minimum compliance period. The County will also consider substantial capital investment to eliminate debt service for units where vouchers or TBRA assistance is not feasible.

Housing: Priority housing needs to be addressed through the HOME ARP Plan include rental assistance, rental rehab, and the production of new affordable rental housing units. The high cost of housing in many areas throughout Lake County makes obtaining and sustaining safe, affordable housing a challenge for many residents and in particular low-income residents. By far, the most common housing problem experienced by low-income renters and owners is "housing cost burden" or housing costs that exceed 30% of the household income. Additionally, many housing units affordable to low-income residents are aging and require rehabilitation to bring the units up to code and to ensure the continued availability of housing that is safe and financially sustainable.

Preferences

Identify whether the PJ intends to give preference to one or more qualifying populations or a subpopulation within one or more qualifying populations for any eligible activity or project:

Lake County intends to explore the use of an Expanded Coordinated Entry System to allow all eligible qualifying populations to have access to the eligible activities selected.

The establishment and implementation of preferences/prioritization is still a relatively new concept for both Lake County PCD, other related administration offices and for the local, regional and OH BOS Continuum of Care.

As a result it is subject to change and may in the final view not be implemented.

If any preference system is adopted the jurisdiction will seek review from HUD and from local fair housing experts so as not to establish or implement any preferences that would pose any semblance of illegal discrimination.

At the conceptual stage the jurisdiction hopes to:

- *For the activities of development of non-congregate shelter and for development of affordable rental housing preference will be given to QP1 populations. Prioritization will include weighted factors such as length of time homeless, other chronic homeless measures, and disability.*
- *For the activity of TBRA all QPs are eligible. At this point, but subject to further evaluation, the current intended will be ongoing and the applicant is willing to be linked to other services.*
- *For Support Services all QPs are eligible and no preference will be applied.*

The responses in the initial submission remain below in the alternate format but may not be implemented as originally drafted. The jurisdiction recognizes that there is additional work that needs to be done in this area once the Allocation Plan is resubmitted and approved. As local, regional and state Continuum of Care continue to work on this area additional insight will be gained.

The County will not limit any projects or activities to exclude any of the QPs and the application of preferences as described herein does not limit participation.

Preference may be given to the following:

- Sheltered and unsheltered homeless population:
 - HUD Category 1 Individuals and Families – Experiencing Literal Homelessness
 - HUD Category 4 Individuals and Families – Fleeing, or attempting to flee, domestic violence, dating violence, sexual assault, stalking, or human trafficking
- Those at greatest risk of housing instability or in unstable housing situations:
 - homeless and at risk for whom providing rental assistance will

prevent homelessness/housing instability

In addition, priority will be given to the above preferences for households that meet one or more of the following prioritization factors:

- Disability and or serious medical condition that will be exacerbated through their housing instability.
- Insufficient income AND on fixed income/barriers to increasing income
- Long-term (6+ months) street or sheltered homelessness

If a preference was identified, explain how the use of a preference or method of prioritization will address the unmet need or gap in benefits and services received by individuals and families in the qualifying population or category of qualifying population, consistent with the PJ's needs assessment and gap analysis:

The application of preferences noted will not prevent any household's participation in eligible activities. To improve the quality of life for program participants, Lake County will support activities that give preference to and prioritize households who are the most vulnerable within the qualified populations. These Lake County residents are likely to have great compounded challenges that require more intensive supportive services to achieve and maintain housing stability. These qualifying populations require assistance transitioning to housing, including permanent supportive housing, along with short- term or long-term supportive services like case management, healthcare, legal services, and other supportive services. With better housing options and wrap-around services, these residents will have a higher likelihood of becoming self-sustaining over time.

If a preference was identified, describe how the PJ will use HOME-ARP funds to address the unmet needs or gaps in benefits and services of the other qualifying populations that are not included in the preference:

Other qualified populations like veteran households or households who are at or below 50% AMI and experiencing housing problems will be eligible to receive rental assistance or supportive services. As stated in prior sections, these families and individuals have difficulty affording a rental home and have a great risk of having housing instability.

Lake County will fund eligible activities that also support the stabilizations of these households, which will alleviate affordability challenges, overcrowding, and unsafe living conditions. The use of HOME ARP funding in a coordinated fashion will allow all to access other services and programs in place.

HOME-ARP Refinancing Guidelines

Lake County does not intend to use HOME-ARP funds to refinance existing debt secured by multifamily rental housing that may be rehabilitated with HOME-ARP funds.

ASSURANCES - NON-CONSTRUCTION PROGRAMS

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0040), Washington, DC 20503.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

NOTE: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the awarding agency. Further, certain Federal awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project cost) to ensure proper planning, management and completion of the project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee-3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and, (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.
7. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
8. Will comply, as applicable, with provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

9. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333), regarding labor standards for federally-assisted construction subagreements.
10. Will comply, if applicable, with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
11. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) Implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).
12. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
13. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).
14. Will comply with P.L. 93-348 regarding the protection of human subjects involved in research, development, and related activities supported by this award of assistance.
15. Will comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. §§2131 et seq.) pertaining to the care, handling, and treatment of warm blooded animals held for research, teaching, or other activities supported by this award of assistance.
16. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
17. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
18. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.
19. Will comply with the requirements of Section 106(g) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. 7104) which prohibits grant award recipients or a sub-recipient from (1) Engaging in severe forms of trafficking in persons during the period of time that the award is in effect (2) Procuring a commercial sex act during the period of time that the award is in effect or (3) Using forced labor in the performance of the award or subawards under the award.

APPLICANT ORGANIZATION L.C. Bd of Commissioners	DATE SUBMITTED 3-7-2023

HOME-ARP CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the participating jurisdiction certifies that:

Affirmatively Further Fair Housing --The jurisdiction will affirmatively further fair housing pursuant to 24 CFR 5.151 and 5.152.

Uniform Relocation Act and Anti-displacement and Relocation Plan --It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR Part 24. It will comply with the acquisition and relocation requirements contained in the HOME-ARP Notice, including the revised one-for-one replacement requirements. It has in effect and is following a residential anti-displacement and relocation assistance plan required under 24 CFR Part 42, which incorporates the requirements of the HOME-ARP Notice. It will follow its residential anti-displacement and relocation assistance plan in connection with any activity assisted with funding under the HOME-ARP program.

Anti-Lobbying --To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction --The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations and program requirements.

Section 3 --It will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) and implementing regulations at 24 CFR Part 75.

HOME-ARP Certification --It will use HOME-ARP funds consistent with Section 3205 of the American Rescue Plan Act of 2021 (P.L. 117-2) and the CPD Notice: *Requirements for the Use of Funds in the HOME-American Rescue Plan Program*, as may be amended by HUD, for eligible activities and costs, including the HOME-ARP Notice requirements that activities are consistent with its accepted HOME-ARP allocation plan and that HOME-ARP funds will not be used for prohibited activities or costs, as described in the HOME-ARP Notice.

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0042), Washington, DC 20503.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

NOTE: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the Awarding Agency. Further, certain Federal assistance awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project costs) to ensure proper planning, management and completion of project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, the right to examine all records, books, papers, or documents related to the assistance; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will not dispose of, modify the use of, or change the terms of the real property title or other interest in the site and facilities without permission and instructions from the awarding agency. Will record the Federal awarding agency directives and will include a covenant in the title of real property acquired in whole or in part with Federal assistance funds to assure non-discrimination during the useful life of the project.
4. Will comply with the requirements of the assistance awarding agency with regard to the drafting, review and approval of construction plans and specifications.
5. Will provide and maintain competent and adequate engineering supervision at the construction site to ensure that the complete work conforms with the approved plans and specifications and will furnish progressive reports and such other information as may be required by the assistance awarding agency or State.
6. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
7. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
8. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards of merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
9. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
10. Will comply with all Federal statutes relating to non-discrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681 1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.

11. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal and federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
12. Will comply with the provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.
13. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333) regarding labor standards for federally-assisted construction subagreements.
14. Will comply with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
15. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).
16. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
17. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).
18. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
19. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.
20. Will comply with the requirements of Section 106(g) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. 7104) which prohibits grant award recipients or a sub-recipient from (1) Engaging in severe forms of trafficking in persons during the period of time that the award is in effect (2) Procuring a commercial sex act during the period of time that the award is in effect or (3) Using forced labor in the performance of the award or subawards under the award.

HOME-ARP PUBLIC HEARING

THURSDAY, FEBRUARY 23, 2023 AT 1:00 P.M.

This is a public hearing called to order by John R. Hamercheck, President of the Lake County Board of Commissioners. This Hearing is being held in accordance with HUD guidance on the development and submission of the HOME ARP Allocation Plan as a Substantial Amendment to Fiscal Year 2020 Annual Plan. The public hearing is being held for the primary purpose of informing the public about funding levels and eligible activities for the HOME ARP fund, about pertinent regulations and planning processes and to obtain public input. This public hearing will be recorded. This Hearing was publicized through public advertisement on February 9, 2023 and by email through a broad distribution list.

John Hamercheck: Staff at the Lake County Planning & Community Development Office will present information and is available to field questions on the HUD HOME-ARP planning process. Staff can be reached by email and through phone and other means during the planning period. Marian Norman, Program Manager, Marian.Norman@lakecountyohio.gov. Participants wishing to comment or ask questions in this meeting may do so now in person or by email to these addresses, David.Radachy@lakecountyohio.gov or Marian.Norman@lakecountyohio.gov

Donna Rudnay: Donna Rudnay, Extended Housing. We see the need every day for more affordable housing particularly for the clientele that we serve which is people experiencing homelessness and people who have a severe persistent mental illness. There is a strong need in Lake County for affordable housing. We see it in our office everyday and do what we can to help.

Michael Barb: Michael Barb, Lake Geauga Habitat for Humanity. We traditionally are recipients of HOME funds and although this round of the HOME ARP is not applied directly to home ownership opportunity, which is the Habitat model. Advocacy is a big part of what we do in terms of advocating for affordable housing. In fact, we just hosted a lunch in where we were connecting the dots between housing affordability and food insecurity. It is unfortunate that community people will have to make that difficult choice between paying for housing and paying for food. The statistics that apply to Ohio and specifically to Lake and Geauga County which is our footprint, continue to demonstrate the need for affordable housing so it would certainly be beneficial to join

our efforts with other organizations in the County who provide housing for rental opportunities through rental assistance and so forth.

Kathleen Bates: Kathleen Bates, Executive Director of One Step At A Time Lake County. We are a new organization and we provide a safe house for young adults at risk, we have kids aging out of the foster care system and young adults who have been impacted by the child welfare system. It is a private home that was donated and we have room for four people, but if we keep one person out of jail, off the streets, we help them find a job, they become gainfully employed, that is a huge bonus for the individual and for everyone in the County because this person is becoming independent, a self-supporting young adult, as opposed to being dependent and on the welfare system for the rest of their lives. It costs more money to house one person in prison than it costs to send a young adult to Ohio State for 4 years. We have room for four people. We would like to see an apartment for this population. Right now, they will have to find housing with other individuals who have other issues. For this population, if we can get them the support they need early on they have a better chance of succeeding. There is a big need for that in Lake County. We are filling a void, there is no other organization in Lake County that provides this service and right now it is all volunteer, right now we need all the help we can get. Thank you.

John Hamercheck: Thank you. Any additional comments?

Marian Norman: I did hand out these information sheets to all of you. The first sheet is on our County website. It has links to the survey instruments and to links with a description of what HOME ARP funds can be used for, the targeted populations, the qualifying activities, the template, format of the allocation plan. Then similarly the two slides on the other sheet were presented to the Lake County Continuum of Care in their December meeting and it provided similar information and encouraged contact, response and discussion. Outreach was performed to all of the required contacts, required consultations and invited them to participate. Thank you for coming today and please don't hesitate to contact me for further information.

John Hamercheck: Additional comments and questions may be addressed to Marian Norman, Program Manager or Mr. David Radachy, Director of Lake County Planning and Community Development Office, 105 Main Street Painesville, Ohio 44077. Or by emails previously noted.

Hearing adjourned.

Respectfully submitted by: Beth Young, Planning and Community Development

HOME ARP Public Hearing

February 23, 2023 @ 1:00 PM – Location: 105 Main Street 5th Floor Painesville, OH 44077

[illegible]

DATE: February 23, 2023

TIME: 1:00 PM

PLACE: OFFICE OF THE BOARD OF COUNTY COMMISSIONERS, 105 MAIN STREET, PAINESVILLE, OHIO

RE: HUD PUBLIC HEARING FOR HOME AMERICAN RESCUE PLAN (HOME ARP) ALLOCATION PLAN AND
SUBSTANTIAL AMENDMENT TO FY21 ANNUAL ACTION PLAN

PROCEDURE FOR PUBLIC HEARING

GEAUGA COUNTY

Space available in astronomy program

By Editorial staff

editor@news-herald.com

Geauga Park District announced that space is still available, but limited, for adults in the developmental disability community who might like to visit Observatory Park for an amazing look at the night sky during the day.

The Park District will host "Inclusive Exploring: Planetarium Show & Planetary Trail Walk" on Feb. 16, from 10 to 11:30 a.m. and from 1 to 2:30 p.m. An indoor planetarium presentation by Astronomy Naturalist "Astro-Nat" Chris Mentrek will be followed by a short walk to look at the Planetary Trail, weather permitting, touring a scaled-down version of the solar system, according to a news release.

Registration is required

for all participants at geaugaparkdistrict.org under Programs & Events or by calling 440-286-9516.

"Exploring the night sky in a planetarium is a lot of fun, but for some visitors it can be a little intimidating," Mentrek stated in the release.

"Between the dark, unfamiliar room and the other visitors, a planetarium can be overwhelming. That's why (naturalist Nora Sindelar) and I started an inclusive planetarium program, which provides a quiet, calm environment to help groups join in the planetarium fun.

"In the past, we've offered these kinds of shows to particular school trips and other groups, but this is our first time presenting an inclusive show to the general public. It should be a lot of fun."

GEAUGA COUNTY

District offers turkey hunting opportunity

By Editorial staff

editor@news-herald.com

Geauga Park District announced it will offer a turkey hunting opportunity again this spring on park property.

For the option to participate, applicants must complete the form located at www.geaugaparkdistrict.org and email it to permits@geaugaparkdistrict.org or drop it in the mail.

Applications are due March 27 for the youth hunt taking place April 15 and 16, and are due April 3 for the regular hunt taking place April 29 through May 28, according to a news release.

Hunters will be selected

by random drawing and notified via email of their acceptance and hunt location, the release stated. Permits will be sent electronically and include hunt and location information.

Details about submitting an application can be found on the form as well. ODNR rules and regulations apply to all hunting conducted on park property.

"Spring turkey hunting season is approaching soon," Ranger Mike Benesh said in the release. "This is a great opportunity for hunters of all ages to be able to get outside, enjoy the outdoors, and explore some of our undeveloped properties."

NOTICE OF PUBLIC HEARING

2021 Annual Action Plan

HOME American Rescue Plan (HOME-ARP)

LAKE COUNTY, OHIO

COMBINED NOTICE

NOTICE OF PROPOSED ACTION TO BE TAKEN RESPECTING PROPOSED SUBSTANTIAL AMENDMENT TO THE FY- 2021 ANNUAL ACTION PLAN

NOTICE OF FUNDING AVAILABILITY

The Lake County Board of Commissioners announces that a proposed substantial amendment to the FY-2021 Annual Action Plan for the following special allocation of funding under the Home Investment Partnership Program – American Rescue Plan from the U.S. Department of Housing and Urban Development (HUD).

Per HUD regulation and the Lake County Citizen Participation Plan a public hearing has been scheduled for Thursday, February 23, 2023 at 1:00 p.m. at: 105 Main Street, Building A, 5th floor, Painesville, OH 44077. This public hearing will be for informational purposes, to accept public comments on eligible HOME-ARP activities, to discuss the substantial amendment, the draft Allocation Plan and to solicit public input. Stakeholder and general public input surveys are active at the following links: <https://www.surveymonkey.com/r/FVDNBZR> and <https://www.surveymonkey.com/r/J397Q7B>

Lake County's proposed Allocation Plan for the HOME-ARP substantial amendment will be available for public review and comment for a 15-day period commencing on February 20, 2023 through March 9, 2023 to allow for public review. Finalization of the draft Allocation Plan will occur by March 13, 2023 to allow for input and submission to HUD. The draft Allocation Plan will be available at the following locations:

- Lake County Planning and Community Development website
- Lake County Planning and Community Development office
 - 105 Main Street, Building B, 4th Floor, Painesville, OH 44077.
- Board of Lake County Commissioners Office
 - 105 Main Street, Building A, 5th floor, Painesville, Ohio 44077.

Written comments relative to the Allocation Plan can be mailed to these addresses above or emailed to David.Radachy@lakecountyohio.gov or Marian.Norman@lakecountyohio.gov.

The Allocation Plan is required by HUD for Lake County to receive federal HOME-ARP grant funds. The Allocation Plan is a strategic plan detailing the allocation of funding to assist individuals or households who are: experiencing homelessness, at risk of homelessness, and/or other vulnerable populations, by providing affordable housing, rental assistance, supportive services, and/or non-congregate shelter, to reduce homelessness and to increase housing stability. The Allocation Plan provides an overview of Lake County's proposed use of federal HOME-ARP grant funds to address these needs through the broad categories of eligible activities.

In addition, Lake County will make adequate provisions to assist non-English speaking residents in interpreting program opportunities and provisions on a case-by-case basis, as well as provide auxiliary aides and services for individuals with disabilities. For requests for special accommodations please email David.Radachy@lakecountyohio.gov or Marian.Norman@lakecountyohio.gov or call (440) 350-2740. Requests for special accommodations must be made with reasonable advance notice.

5	affordable housing for elderly homeless	2/7/2023 7:39 PM
6	affordable housing	2/7/2023 7:29 PM
7	There is a lack of affordable housing for our clients. The rent is way to high for our clients to afford.	2/6/2023 2:06 PM
8	Initial fees for renting	2/4/2023 5:33 PM
9	affordable housing, 24 hr shelter, more overnight facilities	2/4/2023 9:20 AM
10	Cheaper rent/mortgage's	2/3/2023 9:12 AM
11	Lack of suitable, affordable housing	2/2/2023 9:34 PM
12	Ohio	1/31/2023 2:43 PM
13	Affordable housing	1/27/2023 4:49 PM
14	Mental health support	1/26/2023 4:45 PM
15	Shelter, healthcare	1/25/2023 9:38 AM
16	Affordable, Adequate Housing	1/24/2023 2:55 PM
17	Subsidy Housing	1/24/2023 2:22 PM
18	Affordable housing	1/24/2023 1:08 PM
19	Single story modest housing options for seniors aging in place.	1/24/2023 12:56 PM
20	People whose only income is SSI/SSD cannot get housing approval even if they have a voucher. Landlords believe that the govt contribution is not guaranteed so they still require at least \$26,000 of income.	1/23/2023 4:44 PM
21	Affordable senior housing options	1/23/2023 4:27 PM
22	Finding available housing, and not being able to afford the increases in rent	1/20/2023 1:23 PM
23	Definitely more affordable rental housing, especially for senior citizens	1/18/2023 9:48 AM
24	construction of affordable housing	1/17/2023 9:50 AM
25	The cost of rent has skyrocketed. It is horrific to look at the cost of rent. The landlords are raising rent by up to 50% and some even 100%. We see a lot of people moving into places they can't afford. The landlords know there are grants that will help with rent so they don't worry about if a tenant can afford the place or not.	1/17/2023 9:30 AM
26	elack of available, affordable housing; increased rents with no oversight/ceiling limits; end of the eviction moratorium	1/14/2023 11:49 AM
27	Affordable Housing	1/11/2023 4:58 PM

HOME-ARP Survey Public

28	Another facility or one that doesn't kick them out so quickly. Run with PAID staff who care and also have mental health/drug abuse counseling as a prevalent part of the process. We rely to heavily on volunteers to handle code blue scenarios where there could be any caliber of person and then expect that they're going to know how to deal with an overdose situation. The elderly folks that have time to do said volunteering don't have the training or wherewithall - and even if they want to help knowing that they may be facing THAT is a deterrent. You need to pay some folks and make it secure if you want to establish a facility to get them off the streets and that people feel comfortable volunteering at/with.	1/11/2023 1:42 PM
29	Since the pandemic, we have seen a significant increase in risk of homelessness for the population aged 50-65. This age group does not have access to senior services or social security. Additionally, Lake County has virtually no Section 8 housing or low income housing available.	1/11/2023 8:15 AM

Q2 Please rank the programs or services for noted below that are eligible uses for the use of these funds. Rank the most important as 1 to least important as 4.

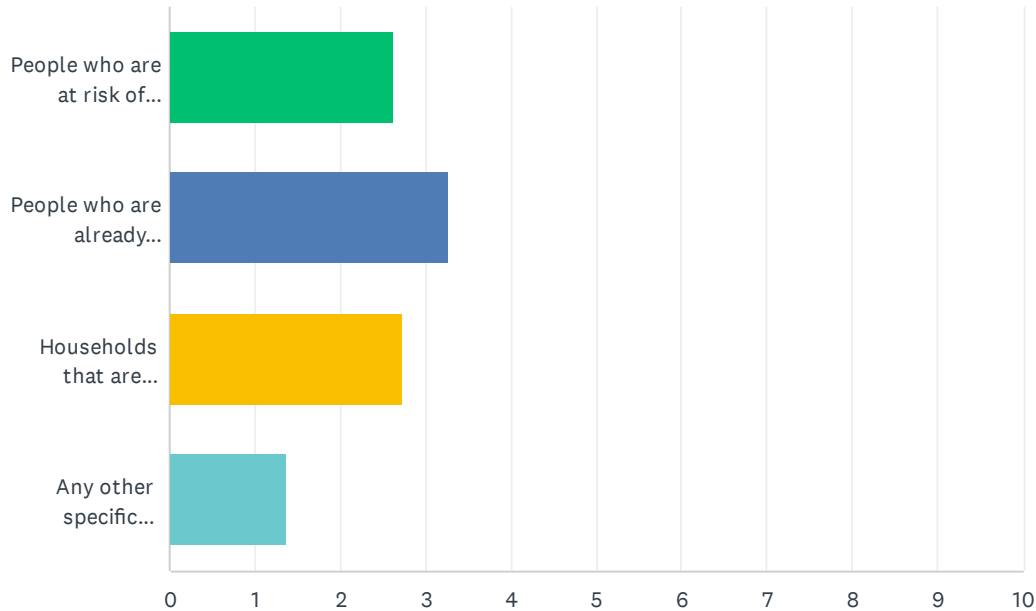

Answered: 30 Skipped: 0

	1	2	3	4	TOTAL	SCORE
Emergency shelter (non-congregate)	30.00% 9	16.67% 5	26.67% 8	26.67% 8	30	2.50
Building affordable rental housing	53.33% 16	16.67% 5	10.00% 3	20.00% 6	30	3.03
Rental Assistance	3.33% 1	40.00% 12	20.00% 6	36.67% 11	30	2.10
Services, such as case management, counseling, help finding housing	13.33% 4	26.67% 8	43.33% 13	16.67% 5	30	2.37

Q3 Which populations have the greatest needs? Please list the populations in order of most important as 1 to least important as 4.

Answered: 30 Skipped: 0

	1	2	3	4	TOTAL	SCORE
People who are at risk of homelessness (e.g. facing eviction)	23.33% 7	20.00% 6	53.33% 16	3.33% 1	30	2.63
People who are already experiencing homelessness (for example, sleeping in a shelter or outdoors)	43.33% 13	43.33% 13	10.00% 3	3.33% 1	30	3.27
Households that are homeless because they are fleeing or trying to flee domestic violence, intimate partner violence, sexual assault, stalking, or human trafficking	23.33% 7	36.67% 11	30.00% 9	10.00% 3	30	2.73
Any other specific population noted in guidance HUD CPD Notice 21-10	10.00% 3	0.00% 0	6.67% 2	83.33% 25	30	1.37

Q4 Please indicate the specific population groups that you believe should be prioritized in funding, if any.

Sent: Wednesday, June 8, 2022 1:12 PM
To: Judy Burr <director@projecthopeforthehomeless.org>
Subject: Re: PIT count for OH

Hey Judy,

Amanda forwarded me your email about 2022 PIT data. We typically wait for HUD to verify the data before we post to the website. But here is the preliminary data we submitted to HUD for the sheltered and unsheltered counts for Lake county:

- Project Hope ES – 23
- Forbes House ES DV - 8
- Senior Hope House TH – 2
 - Total Sheltered = 33
- Unsheltered = 19

And as for data for the entire BoS the totals were as follows:

- 2,769 total people in shelter
- 1,306 total people experiencing unsheltered homelessness
- 4,075 total persons experiencing homelessness

2022 Point-in-Time Count

- HIC Data:
 - 3334 ES beds reported (59% increase from 2021)
 - 857 TH beds reported
 - 1237 RRH beds reported (34% decrease from 2021)
 - 3575 PSH beds reported (8% decrease from 2021)
- PIT Data:
 - 2769 total people in shelter (18% increase from 2021 & highest number reported since 2015)
 - 1306 total people unsheltered (32% increase from 2020 & highest unsheltered number since 2009)
 - 4075 total persons experiencing homelessness (highest number reported since 2012)

Thanks!

OHIO

Balance of State Continuum of Care

The Ohio Department of Development works contracts with COHHIO Coalition on Homeless & Housing in Ohio to manage programming

Lake County is in Region 5 along with Geauga, Portage, Trumbull and Ashtabula

HUD funds various programs under the ***Continuum of Care (CoC)*** umbrella.

CoC

- promotes community-wide commitment to the goal of ending homelessness.
- provides funding for efforts by nonprofit providers and state and local governments to quickly rehouse homeless individuals and families while minimizing the trauma and dislocation caused to homeless individuals, families, and communities by homelessness.

In Ohio – HUD directly funds eight large counties/cities.
The other 80 counties are part of the Balance of State CoC

Lake County Homeless Continuum of Care Minutes
2/7/23 1:00 – 2:00 p.m.

Attendees:

Judy Burr, Project Hope for the Homeless	Vishaka Giri, Forbes House
Dave Hanlon, Lake Geauga Recovery Center, Inc.	Leah Houser, Extended Housing, Inc.
Denise Jones, Project Hope for the Homeless	Josephine LaRiche, WomenSafe
Marian Norman, Lake County Planning & Community Development	
Major Alma Riley, Salvation Army Painesville	Joe Zarlenga, St. Gabriel's
	St. Vincent de Paul Society

Our meeting was hosted at McKinley Grove Apartments by Extended Housing. Judy welcomed everyone and we had introductions. We reviewed the meeting minutes from the 12/13/22 meeting. All agreed they reflected the business. The current COC roster is being updated and Judy will share with Leah and Marian to see who may be missing from our e-mail invites.

Judy began by sharing that our Point-in-Time results reflected that 27 people were found on the streets 1/24/23. However, only 11 of them were included/counted by COHHIO because 16 of them were just outside the census tract identified by them. Judy e-mailed our contact, Hannah Basting to inquire why our census tracts were changed after we identified the high probability areas. We are awaiting a reply. Marian offered to follow up with Hannah. We want to be sure the numbers are accurately reflected since this helps us secure state/federal dollars locally.

Both Leah and Denise mentioned that having smaller teams seem to go much better. It was noted that 2-1-1 did not know to collect information for that week although Lifeline was informed about the count. Denise mentioned that she prefers observations versus performing interviews due to an unsafe encounter PIT night.

Leah shared the final updates to HMIS are 2/7/23.

Major Alma shared that Founders Court in Painesville (on Jackson St) has 170+ units that will be available soon. PYA is the management company.

Judy shared that no agency has submitted changes in their bed count for 2023. The Housing Inventory Count will remain the same.

Marian reminded everyone to both complete the surveys and share them with staff and clients for the HOME ARP Allocation Plan. This will help identify and prioritize needs. Denise will have shelter guests complete tonight. There is 1.7 million dollars that should be awarded by 2025. The draft plan has to be submitted to HUD by March 2023. Some eligible uses include support services, tenant-based rental assistance, new affordable housing, non-congregate shelter. Focus is on literal and at/risk homeless population, domestic violence survivors, human trafficking survivors, 50% of the median income or below. This information is also being used to educate the mayors and managers.

Judy mentioned to save-the-date(s) for April 11-13 for the upcoming COHHIO Housing Conference which will be hybrid. Registration has not been available yet.

A brief open forum was held. Marian reported that Val Carr sent her information on Code Blue. There have been 26 unduplicated people utilizing the Code Blue shelter. At the last Code Blue there were 9 Friday, 12 Saturday. Leah shared that the Willoughby location for their Supportive Housing project did not work out. WomenSafe shared they have 8 adults and 12 children. Joe asked for speakers for St. Vincent de Paul meetings. Judy asked if he would share his annual report at our next meeting. He gave quick summary of their one time service when other resources are not available and how a client is assigned to same volunteer each time to maintain consistency. Major Alma shared how well the collaboration between SA and Lifeline are going with implementing the New Beginnings Initiative (NBI) for employment needs – ie: childcare or transportation.

Randy Carver has been soliciting private donations and creating a database where employers can connect with those seeking work. Dave shared that Lake Geauga Recovery has 4 residential homes and 7 recovery homes. Their women's census has been slightly lower. Judy mentioned that the shelter is celebrating their 30th year! They are building a Welcome Home Center on their property where shelter guests can shop to equip their new homes upon transition. There have been 329 people in 2022 with 86% positive transitions in 30 days and 8,500+ served in 30 years.

The COC has decided to meet every other month going forward. ***The next meeting will be April 4, 1:00 p.m. and hosted by the Salvation Army, 69 Pearl St.***

Respectfully Submitted By, Judy Burr, Co-Chair

DRAFT

Possible Homeless Count Outside of those at Project Hope

[illegible]

Required Consultations

- **CoC(s)** serving the jurisdiction's geographic area
- **Homeless service providers**
- **Domestic violence service provider**
- **Public housing agency** that addresses the needs of qualifying populations
- **Public agency** that addresses the needs of qualifying populations
- **Public organization** that addresses civil rights and fair housing
- **Private organization that address civil rights and fair housing**
- **Public organization** that addresses the needs of persons with **disabilities**
- **Private organization** that addresses the needs of persons with **disabilities**

Qualifying Populations

1. **Homeless as defined in 24 CFR 91.5**
2. **At risk of Homelessness as defined in 24 CFR 91.5**
3. **Fleeing, or Attempting to Flee, Domestic Violence, Dating Violence, Sexual Assault, Stalking, or Human Trafficking, as defined by HUD**
4. **Other Populations where providing supportive services or assistance under section 212(a) of NAHA (42 U.S.C. 12742(a)) would prevent the family's homelessness or would serve those at greatest risk of housing instability. HUD defines these populations as individuals and households who do not qualify under any of the populations above.**

Additional detailed definitions of the qualifying populations with citations are on the following pages.

Qualifying Populations – Additional detailed definitions with citations.

Homeless as defined in 24 CFR 91.5

(1) An individual or family who lacks a fixed, regular, and adequate nighttime residence, meaning:

(i) An individual or family with a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings, including a car, park, abandoned building, bus or train station, airport, or camping ground;

(ii) An individual or family living in a supervised publicly or privately operated shelter designated to provide temporary living arrangements (including congregate shelters, transitional housing, and hotels and motels paid for by charitable organizations or by federal, state, or local government programs for low-income individuals); or

(iii) An individual who is exiting an institution where he or she resided for 90 days or less and who resided in an emergency shelter or place not meant for human habitation immediately before entering that institution;

(2) An individual or family who will imminently lose their primary nighttime residence, provided that:

(i) The primary nighttime residence will be lost within 14 days of the date of application for homeless assistance;

(ii) No subsequent residence has been identified; and

(iii) The individual or family lacks the resources or support networks, e.g., family, friends, faith-based or other social networks needed to obtain other permanent housing;

(3) Unaccompanied youth under 25 years of age, or families with children and youth, who do not otherwise qualify as homeless under this definition, but who:

(i) Are defined as homeless under section 387 of the Runaway and Homeless Youth Act ([42 U.S.C. 5732a](#)), section 637 of the Head Start Act ([42 U.S.C. 9832](#)), section 41403 of the Violence Against Women Act of 1994 ([42 U.S.C. 14043e-2](#)), section 330(h) of the Public Health Service Act ([42 U.S.C. 254b\(h\)](#)), section 3 of the Food and Nutrition Act of 2008 ([7 U.S.C. 2012](#)), section 17(b) of the Child Nutrition Act of 1966 ([42 U.S.C. 1786\(b\)](#)), or section 725 of the McKinney-Vento Homeless Assistance Act ([42 U.S.C. 11434a](#));

(ii) Have not had a lease, ownership interest, or occupancy agreement in permanent housing at any time during the 60 days immediately preceding the date of application for homeless assistance;

(iii) Have experienced persistent instability as measured by two moves or more during the 60-day period immediately preceding the date of applying for homeless assistance; and

(iv) Can be expected to continue in such status for an extended period of time because of chronic disabilities, chronic physical health or mental health conditions, substance addiction, histories of

domestic violence or childhood abuse (including neglect), the presence of a child or youth with a disability, or two or more barriers to employment, which include the lack of a high school degree or General Education Development (GED), illiteracy, low English proficiency, a history of incarceration or detention for criminal activity, and a history of unstable employment; or

(4) Any individual or family who:

(i) Is fleeing, or is attempting to flee, domestic violence, dating violence, sexual assault, stalking, or other dangerous or life-threatening conditions that relate to violence against the individual or a family member, including a child, that has either taken place within the individual's or family's primary nighttime residence or has made the individual or family afraid to return to their primary nighttime residence;

(ii) Has no other residence; and

(iii) Lacks the resources or support networks, e.g., family, friends, faith-based or other social networks, to obtain other permanent housing.

2. At risk of Homelessness as defined in 24 CFR 91.5

(1) An individual or family who:

(i) Has an annual income below 30 percent of median family income for the area, as determined by HUD;

(ii) Does not have sufficient resources or support networks, *e.g.*, family, friends, faith-based or other social networks, immediately available to prevent them from moving to an emergency shelter or another place described in paragraph (1) of the "Homeless" definition in this section; and

(iii) Meets one of the following conditions:

(A) Has moved because of economic reasons two or more times during the 60 days immediately preceding the application for homelessness prevention assistance;

(B) Is living in the home of another because of economic hardship;

(C) Has been notified in writing that their right to occupy their current housing or living situation will be terminated within 21 days after the date of application for assistance;

(D) Lives in a hotel or motel and the cost of the hotel or motel stay is not paid by charitable organizations or by federal, State, or local government programs for low-income individuals;

(E) Lives in a single-room occupancy or efficiency apartment unit in which there reside more than two persons or lives in a larger housing unit in which there reside more than 1.5 people per room, as defined by the U.S. Census Bureau;

(F) Is exiting a publicly funded institution, or system of care (such as a health-care facility, a mental health facility, foster care or other youth facility, or correction program or institution); or

(G) Otherwise lives in housing that has characteristics associated with instability and an increased risk of homelessness, as identified in the recipient's approved consolidated plan;

(2) A child or youth who does not qualify as “homeless” under this section, but qualifies as “homeless” under section 387(3) of the Runaway and Homeless Youth Act ([42 U.S.C. 5732a\(3\)](#)), section 637(11) of the Head Start Act ([42 U.S.C. 9832\(11\)](#)), section 41403(6) of the Violence Against Women Act of 1994 ([42 U.S.C. 14043e-2\(6\)](#)), section 330(h)(5)(A) of the Public Health Service Act ([42 U.S.C. 254b\(h\)\(5\)\(A\)](#)), section 3(m) of the Food and Nutrition Act of 2008 ([7 U.S.C. 2012\(m\)](#)), or section 17(b)(15) of the Child Nutrition Act of 1966 ([42 U.S.C. 1786\(b\)\(15\)](#)); or

(3) A child or youth who does not qualify as “homeless” under this section, but qualifies as “homeless” under section 725(2) of the McKinney-Vento Homeless Assistance Act ([42 U.S.C. 11434a\(2\)](#)), and the parent(s) or guardian(s) of that child or youth if living with her or him.

3. Fleeing, or Attempting to Flee, Domestic Violence, Dating Violence, Sexual Assault, Stalking, or Human Trafficking, as defined by HUD

Fleeing, or attempting to flee, domestic violence, dating violence, sexual assault, stalking, or human trafficking, as defined by HUD in 24 CFR 5.2003 and Trafficking Victims Protection Act of 2000 (TVPA), as amended (22 U.S.C. 7102).

HUD in 24 CFR 5.2003

The definitions of *PHA*, *HUD*, *household*, and *other person under the tenant's control* are defined in [subpart A of this part](#). As used in this subpart L:

Actual and imminent threat refers to a physical danger that is real, would occur within an immediate time frame, and could result in death or serious bodily harm. In determining whether an individual would pose an actual and imminent threat, the factors to be considered include: The duration of the risk, the nature and severity of the potential harm, the likelihood that the potential harm will occur, and the length of time before the potential harm would occur.

Affiliated individual, with respect to an individual, means:

(1) A spouse, parent, brother, sister, or child of that individual, or a person to whom that individual stands in the place of a parent or guardian (for example, the affiliated individual is a person in the care, custody, or control of that individual); or

(2) Any individual, tenant, or lawful occupant living in the household of that individual.

Bifurcate means to divide a lease as a matter of law, subject to the permissibility of such process under the requirements of the applicable HUD-covered program and State or local law, such that certain tenants or lawful occupants can be evicted or removed and the remaining tenants or lawful occupants

can continue to reside in the unit under the same lease requirements or as may be revised depending upon the eligibility for continued occupancy of the remaining tenants and lawful occupants.

Covered housing program consists of the following HUD programs:

- (1) Section 202 Supportive Housing for the Elderly ([12 U.S.C. 1701q](#)), with implementing regulations at [24 CFR part 891](#).
- (2) Section 811 Supportive Housing for Persons with Disabilities ([42 U.S.C. 8013](#)), with implementing regulations at [24 CFR part 891](#).
- (3) Housing Opportunities for Persons With AIDS (HOPWA) program ([42 U.S.C. 12901 et seq.](#)), with implementing regulations at [24 CFR part 574](#).
- (4) HOME Investment Partnerships (HOME) program ([42 U.S.C. 12741 et seq.](#)), with implementing regulations at [24 CFR part 92](#).
- (5) Homeless programs under title IV of the McKinney-Vento Homeless Assistance Act ([42 U.S.C. 11360 et seq.](#)), including the Emergency Solutions Grants program (with implementing regulations at [24 CFR part 576](#)), the Continuum of Care program (with implementing regulations at [24 CFR part 578](#)), and the Rural Housing Stability Assistance program (with regulations forthcoming).
- (6) Multifamily rental housing under section 221(d)(3) of the National Housing Act ([12 U.S.C. 17151\(d\)](#)) with a below-market interest rate (BMIR) pursuant to section 221(d)(5), with implementing regulations at [24 CFR part 221](#).
- (7) Multifamily rental housing under section 236 of the National Housing Act ([12 U.S.C. 1715z-1](#)), with implementing regulations at [24 CFR part 236](#).
- (8) HUD programs assisted under the United States Housing Act of 1937 ([42 U.S.C. 1437 et seq.](#)); specifically, public housing under section 6 of the 1937 Act ([42 U.S.C. 1437d](#)) (with regulations at [24 CFR Chapter IX](#)), tenant-based and project-based rental assistance under section 8 of the 1937 Act ([42 U.S.C. 1437f](#)) (with regulations at 24 CFR chapters VIII and IX), and the Section 8 Moderate Rehabilitation Single Room Occupancy (with implementing regulations at [24 CFR part 882, subpart H](#)).
- (9) The Housing Trust Fund ([12 U.S.C. 4568](#)) (with implementing regulations at [24 CFR part 93](#)).

Covered housing provider refers to the individual or entity under a covered housing program that has responsibility for the administration and/or oversight of VAWA protections and includes PHAs, sponsors, owners, mortgagors, managers, State and local governments or agencies thereof, nonprofit or for-profit organizations or entities. The program-specific regulations for the covered housing programs identify the individual or entity that carries out the duties and responsibilities of the covered housing provider as set forth in part 5, subpart L. For any of the covered housing programs, it is possible that there may be more than one covered housing provider; that is, depending upon the VAWA duty or responsibility to be performed by a covered housing provider, the covered housing provider may not always be the same individual or entity.

Dating violence means violence committed by a person:

- (1) Who is or has been in a social relationship of a romantic or intimate nature with the victim; and

(2) Where the existence of such a relationship shall be determined based on a consideration of the following factors:

- (i) The length of the relationship;
- (ii) The type of relationship; and
- (iii) The frequency of interaction between the persons involved in the relationship.

Domestic violence includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction. The term "spouse or intimate partner of the victim" includes a person who is or has been in a social relationship of a romantic or intimate nature with the victim, as determined by the length of the relationship, the type of the relationship, and the frequency of interaction between the persons involved in the relationship.

Sexual assault means any nonconsensual sexual act proscribed by Federal, tribal, or State law, including when the victim lacks capacity to consent.

Stalking means engaging in a course of conduct directed at a specific person that would cause a reasonable person to:

- (1) Fear for the person's individual safety or the safety of others; or
- (2) Suffer substantial emotional distress.

VAWA means the Violence Against Women Act of 1994, as amended ([42 U.S.C. 13925](#) and [42 U.S.C. 14043e](#) *et seq.*).

(22 U.S.C. 7102)

1) Abuse or threatened abuse of law or legal process

The term "[abuse or threatened abuse of the legal process](#)" means the use or threatened use of a law or legal process, whether administrative, civil, or criminal, in any manner or for any purpose for which the law was not designed, in order to exert pressure on another person to cause that person to take some action or refrain from taking some action.

(2) Appropriate congressional committees

The term "[appropriate congressional committees](#)" means the Committee on Foreign Relations and the Committee on the Judiciary of the Senate and the Committee on Foreign Affairs and the Committee on the Judiciary of the House of Representatives.

(3) Coercion The term "[coercion](#)" means—

- (A) threats of serious harm to or physical restraint against any person;
- (B) any scheme, plan, or pattern intended to cause a person to believe that failure to perform an act would result in serious harm to or physical restraint against any person; or
- (C) the [abuse or threatened abuse of the legal process](#).

(4) Commercial sex act

The term “[commercial sex act](#)” means any sex act on account of which anything of value is given to or received by any person.

(5) Concrete actionsThe term “[concrete actions](#)” means actions that demonstrate increased efforts by the government of a country to meet the [minimum standards for the elimination of trafficking](#), including any of the following:

- (A) Enforcement actions taken.
- (B) Investigations actively underway.
- (C) Prosecutions conducted.
- (D) Convictions attained.
- (E) Training provided.
- (F) Programs and partnerships actively underway.
- (G) Efforts to prevent severe forms of trafficking, including programs to reduce the vulnerability of particularly vulnerable populations, involving survivors of trafficking in community engagement and policy making, engagement with foreign migrants, ending recruitment fees, and other such measures.
- (H) Victim services offered, including immigration services and restitution.
- (I) The amount of money the government has committed to the actions described in subparagraphs (A) through (H).

(6) Credible informationThe term “[credible information](#)” includes all of the following:

- (A) Reports by the Department of State.
- (B) Reports of other Federal agencies, including the Department of Labor’s List of Goods Produced by Child Labor or Forced Labor and List of Products Produced by Forced Labor or Indentured Child Labor.
- (C) Documentation provided by a foreign country, including—
 - (i) copies of relevant laws, regulations, and policies adopted or modified; and
 - (ii) an official record of enforcement actions taken, judicial proceedings, training conducted, consultations conducted, programs and partnerships launched, and services provided.
- (D) Materials developed by civil society organizations.

(E) Information from survivors of human trafficking, vulnerable persons, and whistleblowers.

(F) All relevant media and academic reports that, in light of reason and common sense, are worthy of belief.

(G) Information developed by multilateral institutions.

(H) An assessment of the impact of the actions described in subparagraphs (A) through (I) of paragraph (5) on the prevalence of human trafficking in the country.

(7) Debt bondage - The term “[debt bondage](#)” means the status or condition of a debtor arising from a pledge by the debtor of his or her personal services or of those of a person under his or her control as a security for debt, if the value of those services as reasonably assessed is not applied toward the liquidation of the debt or the length and nature of those services are not respectively limited and defined.

(8) Involuntary servitudeThe term “[involuntary servitude](#)” includes a condition of servitude induced by means of—

(A) any scheme, plan, or pattern intended to cause a person to believe that, if the person did not enter into or continue in such condition, that person or another person would suffer serious harm or physical restraint; or

(B) the [abuse or threatened abuse of the legal process](#).

(9) Minimum standards for the elimination of trafficking

The term “[minimum standards for the elimination of trafficking](#)” means the standards set forth in [section 7106 of this title](#).

(10) Nonhumanitarian, nontrade-related foreign assistanceThe term “[nonhumanitarian, nontrade-related foreign assistance](#)” means—

(A) any assistance under the [Foreign Assistance Act of 1961](#) [[22 U.S.C. 2151](#) et seq.], other than—

(i) assistance under chapter 4 of part II of that Act [[22 U.S.C. 2346](#) et seq.] in support of programs of nongovernmental organizations that is made available for any program, project, or activity eligible for assistance under chapter 1 of part I of that Act [[22 U.S.C. 2151](#) et seq.];

(ii) assistance under chapter 8 of part I of that Act [[22 U.S.C. 2291](#) et seq.];

(iii) any other narcotics-related assistance under part I of that Act [[22 U.S.C. 2151](#) et seq.] or under chapter 4 or 5 [[1](#)] part II of that Act [[22 U.S.C. 2346](#) et seq., 2347 et seq.], but any such assistance provided under this clause shall be subject to the prior notification procedures applicable to reprogrammings pursuant to section 634A of that Act [[22 U.S.C. 2394–1](#)];

(iv) disaster relief assistance, including any assistance under chapter 9 of part I of that Act [[22 U.S.C. 2292](#) et seq.];

(v) antiterrorism assistance under chapter 8 of part II of that Act [[22 U.S.C. 2349aa](#) et seq.];

(vi) assistance for refugees;

(vii) humanitarian and other development assistance in support of programs of nongovernmental organizations under chapters [1](#) and [10 \[2\]](#) of that Act;

(viii) any support under subchapter II of [chapter 103 of this title](#) relating to the [United States](#) International Development Finance Corporation;

(ix) other programs involving trade-related or humanitarian assistance; and

(B) sales, or financing on any terms, under the [Arms Export Control Act \[22 U.S.C. 2751 et seq.\]](#), other than sales or financing provided for narcotics-related purposes following notification in accordance with the prior notification procedures applicable to reprogrammings pursuant to section 634A of the [Foreign Assistance Act of 1961 \[22 U.S.C. 2394–1\]](#).

(11) Severe forms of trafficking in persons The term “[severe forms of trafficking in persons](#)” means—

(A) [sex trafficking](#) in which a [commercial sex act](#) is induced by force, fraud, or [coercion](#), or in which the person induced to perform such act has not attained 18 years of age; or

(B) the recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or [coercion](#) for the purpose of subjection to [involuntary servitude](#), peonage, [debt bondage](#), or slavery.

(12) [Sex trafficking](#) The term “[sex trafficking](#)” means the recruitment, harboring, transportation, provision, obtaining, patronizing, or soliciting of a person for the purpose of a [commercial sex act](#).

(13) [State](#) The term “[State](#)” means each of the several [States](#) of the [United States](#), the District of Columbia, the Commonwealth of Puerto Rico, the [United States](#) Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and territories and possessions of the [United States](#).

(14) [Task Force](#) The term “[Task Force](#)” means the Interagency [Task Force](#) to Monitor and Combat Trafficking established under [section 7103 of this title](#).

(15) [United States](#) The term “[United States](#)” means the fifty [States](#) of the [United States](#), the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, and the territories and possessions of the [United States](#).

(16) [Victim of a severe form of trafficking](#) The term “[victim of a severe form of trafficking](#)” means a person subject to an act or practice described in paragraph (9) ².

(17) [Victim of trafficking](#) The term “[victim of trafficking](#)” means a person subjected to an act or practice described in paragraph (9) or (10) ².

(18) [Grounds related to human trafficking](#) The term “[grounds related to human trafficking](#)” means grounds related to the criteria for inadmissibility to the [United States](#) described in subsection (a)(2)(H) of [section 1182 of title 8](#).

([Pub. L. 106–386, div. A, § 103](#), Oct. 28, 2000, [114 Stat. 1469](#); [Pub. L. 108–193, § 8\(b\)\(1\)](#), Dec. 19, 2003, [117 Stat. 2887](#); [Pub. L. 110–457, title III, § 304\(a\)](#), Dec. 23, 2008, [122 Stat. 5087](#); [Pub. L. 113–4, title XII, § 1212\(b\)\(1\)](#), Mar. 7, 2013, [127 Stat. 143](#); [Pub. L. 114–22, title I, § 108\(b\)](#), May 29, 2015, [129 Stat. 239](#); [Pub. L. 115–254, div. F, title VI, § 1470\(p\)](#), Oct. 5, 2018, [132 Stat. 3518](#); [Pub. L. 115–427, § 2](#), Jan. 9, 2019, [132 Stat. 5503](#); [Pub. L. 116–283, div. A, title XII, § 1299R\(d\)\(2\)](#), Jan. 1, 2021, [134 Stat. 4028](#).)

4. **Other Populations** where providing supportive services or assistance under section 212(a) of NAHA (42 U.S.C. 12742(a)) would prevent the family’s homelessness or would serve those at greatest risk of housing instability. HUD defines these populations as individuals and households who do not qualify under any of the populations above.

Other Populations: Other families, defined as households who have previously been qualified as “homeless” under 24 CFR 91.5, are currently housed due to temporary or emergency assistance, and who need additional housing assistance or supportive services to avoid a return to homelessness. Other Populations: At greatest risk of housing instability, defined as households who meet either (i) or (ii) below: i. have annual incomes less than or equal to 30% Annual Median Income (AMI) and experience severe housing cost burden (pay more than 50% of monthly income toward housing); or ii. have annual incomes less than or equal to 50% AMI and meet one of seven housing instability conditions from the QP definition established at 24 CFR 91.5: At risk of homelessness, paragraph (iii), and outlined in the HOME ARP Notice.

Table 9 - Demographics of Households with Disproportionate Housing Needs

Disproportionate Housing Needs		(Lake County, OH CDBG) Jurisdiction				(Cleveland-Elyria, OH) Region

[Detective Bureau - Sheriff \(lakecountyohio.gov\)](http://lakecountyohio.gov) The Lake County Sheriff's Office is a member of the Northeast Ohio Human Trafficking Task Force.

In Response to the crime of human trafficking, the Ohio Attorney General's Office, Organized Crime Investigation Commission, has established several human trafficking focused task forces throughout Ohio. The NEOHTTF is comprised of federal, state and local agencies investigating both sex and labor trafficking cases. In addition to law enforcement partners, the task force works closely with multiple non-governmental agencies that provide services to those impacted by human trafficking. The task force provides training for industry, community, and other law enforcement partners related to the prevention, identification and investigation of human trafficking cases.

The task force maintains a 24-hour response to reported human trafficking crimes. If you or someone you know is a victim of human trafficking please call (216)443-6085 and request a human trafficking investigator contact you, or a tip can be submitted to Crime Stoppers

The News Herald

Lake County group strives to prevent human trafficking 5.19.2022

Made up of a group of volunteers, the Lake County Collaborative to End Human Trafficking had its eighth multidisciplinary team meeting this week. To collaborate and coordinate efforts to combat human trafficking among local, county, state and federal agencies, as well as non-government partners, the group gathered on May 19 in Kirtland Hills.

"Sometimes we go with a theme and today it was shelter and services, but we've had a variety of speakers over the past year," said Carolyn Kinkoph, co-founder and volunteer for the Lake County Collaborative to End Human Trafficking, and a survivor mother of a human trafficking victim. "Sister Anne (Sister Anne Victory, director of education for the Collaborative to End Human Trafficking) spoke at our first meeting, we've had support of the Ohio Attorney General's Office, we've had the U.S. Marshal's Office talk about missing children and we've had survivors speak. We believe that survivors should not be exploited," she added. "They should not speak for free. Unfortunately, we are not a nonprofit yet, so we do what we can to help them along their journey to not further exploit them because we really do think their voice matters." At the meeting, people from several Ohio counties, as well as people outside the state, attended in-person and virtually, Kinkoph said.

Jennifer Taber, director of programming, and Hannah Swift, supervising case manager, of [Gracehaven](#), provided information regarding their Cleveland team's case management resources for children and youth human trafficking survivors in Northeast Ohio.

Gracehaven is a Columbus-based nonprofit that serves youth and families through a team of workers, and like-minded partners by providing sex trafficking prevention services. According to Gracehaven, more than 1,100 Ohio children and teens are coerced into the world of child sex trafficking every year.

In addition, Laura Bartchak, co-founder and director of the [Harriet Tubman Movement](#), presented the impact of the advocacy group. In collaboration with agency partners to provide emergency services, the group has explored long-term restoration needs of people who have been subjected to sex trafficking, prostitution or other forms of exploitation, regardless of location. Kinkoph, alongside Jenna Bing and Kathy Goellnitz, started the Lake County collaborative in 2020. The group had its first meeting in March 2021 and has had bi-monthly meetings since.

"Our hope is to connect services," Kinkoph said. "We don't provide services, but simply raise education and network to connect law enforcement, fire, EMS, educators, healthcare workers, mental health care workers and policy makers in Lake County, Northeast Ohio and beyond to help combat human trafficking." There is an intersection between mental illness, substance abuse and human trafficking, Kinkoph said. Her 29-year-old daughter, Courtney, was a victim of all three, she said.

"She first started going missing around 2016 and had gone missing several times over the past few years," Kinkoph said. "She had several encounters with law enforcement, but she could never break the cycle. Unfortunately, she went missing in November of 2021 from a group home run by a state mental hospital staff and was found deceased in an abandoned apartment in Cleveland in February of this year."

In joining the fight for advocacy and learning as much as she can about human trafficking because she couldn't understand what was happening to her daughter, Kinkoph said that one of the quotes she's learned is, "Your eyes can't see what your brain doesn't know."

"That's anonymous, but if you see something, say something," she said. "Reach out to law enforcement, call 911, call the Cuyahoga Regional Human Trafficking task force, call the National Human Trafficking hotline because it really could save a life."

Kinkoph was recently accepted into Cleveland State University's Urban Studies Policy program to pursue her doctorate. My hope is to continue to educate, raise awareness and teach at a college level to continue to raise awareness," Kinkoph said. "One life lost is one too many."

[6 Arrested in Lake County Human Trafficking Sting, Including City Council President - Ohio Attorney General Dave Yost](#)

6 Arrested in Lake County Human Trafficking Sting, Including City Council President 2/21/2023

(PAINESVILLE, Ohio) — The Northeast Ohio Human Trafficking Task Force in conjunction with Wickliffe Police Department and the Lake County Sheriff's Office recently arrested six men for attempting to buy sex, among them the president of Eastlake City Council, Ohio Attorney General Dave Yost and Lake County Sheriff Frank Leonbruno announced today.

Eastlake City Council President John Meyers, 47, was among six men charged with solicitation.

"The point of our task forces is to send a message to those who buy and sell human beings: We're coming for you, we're going to bust you and make sure everybody knows what you did. Don't buy sex in Ohio!" Yost said. "Special thanks for Sheriff Leonbruno, whose office recently joined this task force and has hit the ground running."

"The Lake County Sheriff's Office is proud to be part of the Northeast Ohio Human Trafficking Task Force and proud of the collaborative effort of all the involved agencies," said Chief Deputy Robert Izzo of the Lake County Sheriff's Office. "If even one victim of human trafficking can be identified and helped, then the operation is a success and worth the effort. We will continue to work to help identify those who are taking advantage of these victims and bring them to justice."

The task force additionally identified four potential victims of human trafficking, who were offered social services.

The task force is one of six law enforcement collaboratives formed under AG Yost's Ohio Organized Crime Investigations Commission directed at combatting human trafficking.

The Northeast Ohio Human Trafficking Task Force is led by the Cuyahoga County Sheriff's Department and includes the Cuyahoga County Prosecutor's Office, U.S. Department of Homeland Security Investigations, Cleveland Police Department, MetroHealth Police Department, East Cleveland Police Department, Ohio Investigative Unit, Ashtabula County Sheriff's Office and the Lake County Sheriff's Office.
