Executive Summary

The City of Montebello has been allocated \$1,088,774 of HOME-American Rescue Plan Act (HOME-ARP funding from the US Department of Housing and Urban Development (HUD). To receive the HOME-ARP allocation, the City must develop a HOME-ARP Allocation Plan to identify the City's need assessments and service gaps as it relates to HOME-ARP qualifying populations (QPs); it also outlines the City's consultation process with public agencies. The HOME-ARP Plan that will become part of the City's PY2021 HUD Annual Action Plan by substantial amendment.

HUD encourages participation in the HOME-ARP Allocation Plan by stakeholders and the general public therefore, the City engaged in consultation with stakeholders, the general public, and public agencies working with QPs, which included, virtual consultation sessions, surveys of stakeholders and the public, a 30-day public comment period, and a public hearing.

The needs assessment and gap analysis identified the following needs and gaps within the City:

- In 2022, the Greater Los Angeles Homeless count for the city of Montebello revealed that 227 people were unsheltered on the streets, in tents or makeshift shelters, or in cars, vans, or RVs.
- 2014-2018 CHAS Data from HUD reported 3,770 households with incomes at or below 30% AMI are at risk of homelessness in the City.
- The 2015-2019 HUD CHAS data indicates there are 4,580 renter households with an annual income at or below 30% AMI with a cost burden making them at greatest risk of facing housing instability.
- The 2015-2019 CHAS data reports that there are 3,925 households with incomes more than 30% AMI and but equal to or less than 50% AMI that are at risk of homelessness in the City because of at least one of the housing problems as defined by HUD.
- The greatest needs are in the areas of Development of Rental Housing and Supportive Services such as: housing search/counseling services, mental health, landlord/tenant support, job placement, food, transportation and rental assistance.

To address these needs within the community, the City will utilize HOME-ARP funds for the Development of Rental Housing and administration and planning for the HOME-ARP program.

The City solicited applications from developers, service providers, and/or nonprofits to administer eligible activities and/or develop housing.

A Notice of Funds Available (NOFA) was issued. The NOFA specified eligible activities, eligible applicants, minimum and maximum funding amounts, application thresholds, and will provide instructions on how to submit a proposal.

Introduction

The City of Montebello has been awarded \$1,088,774 of HOME-American Rescue Plan Act (HOME-ARP) funding by the US Department of Housing and Urban Development (HUD). The City of Montebello must develop a HOME-ARP Allocation Plan that will be incorporated into its PY2021 HUD Annual Action Plan by substantial amendment to receive the HOME-ARP allocation. There are several elements that must be included in the HOME-ARP Allocation Plan:

1. A summary of the consultation process and the results of consultation;
2. A summary of comments received through the public participation process and a summary of any comments or recommendations not accepted and the reason why;
3. A description of HOME-ARP qualifying populations within the jurisdiction;
4. An assessment of unmet needs of each qualifying population;
5. An assessment of gaps in housing and shelter inventory, homeless assistance and services, and homelessness prevention service delivery system;
6. A summary of planned use of HOME-ARP funds for eligible activities based on the unmet needs of the qualifying populations;
7. A proposed estimate of the number of housing units for qualifying populations the City will produce or preserve with its HOME-ARP allocation;
8. An estimate of the number of housing units for qualifying populations the PJ will produce or preserve with its HOME-ARP allocation; and
9. A description of any preferences for individuals and families in a particular qualifying population or a segment of a qualifying population; and
10. Certifications and SF-424, SF-424B, and SF-424D Forms.

The HOME-ARP grant is administered by the following entities responsible for developing the Allocation Plan.

HOME-ARP Eligible Qualifying Populations and Activities

The Department of Housing and Urban Development's CPD Notice 21-10 *Requirements for the Use of Funds in the HOME-ARP Program* outlines the requirements for funds appropriated under section 3205 of the American Rescue Plan Act of 2021 for the HOME Investment Partnerships Program (HOME) to help address homelessness.

In accordance with the American Rescue Plan Act (ARP), qualifying populations, are defined as:

1. Homeless, as defined in section 103(a) of the McKinney-Vento Homeless Assistance Act;
2. At risk of homelessness, as defined in section 401 of the McKinney-Vento Homeless Assistance Act;
3. Fleeing or attempting to flee domestic violence, dating violence, sexual assault, or stalking (as defined by HUD in 24 CFR 5.2003) or human trafficking (as outlined in the Trafficking Victims Protection Act of 2000 as amended [22 USC 7102]); and
4. Part of other populations, where providing supportive services or assistance under section 212(a) of the National Affordable Housing Act 42 USC 12472(a) would:
 - a. Prevent a family's homelessness;
 - b. Serve those with the greatest risk of housing instability.
5. Veterans and families that include a veteran family member that meet one of the preceding criteria.

HOME-ARP funds may be used to benefit qualifying populations through any of the following eligible activities:

1. Tenant-based Rental Assistance (TBRA);

2. Development and support of affordable housing;
3. Provision of supportive services;
4. Acquisition and development of non-congregate shelter;
5. Nonprofit capacity building and operating assistance; and
6. Program planning and administration.

Stakeholder Consultation and Public Participation

A HOME-ARP Participating Jurisdiction, such as the City of Montebello, must consult with agencies and service providers who serve HOME-ARP qualifying populations. Agencies that must, at a minimum, be consulted include the Continuum of Care serving the jurisdiction's geographic area, homeless and domestic violence service providers, veterans' groups, public housing agencies (PHAs), public agencies that address fair housing, civil rights, and the needs of persons with disabilities.

Each Participating Jurisdiction is also required to provide the public with the opportunity to comment on the proposed Allocation Plan, including the amount of HOME-ARP funds to be received and the range of activities that may be undertaken.

Several methods were employed by City staff to ensure broader input into the HOME-ARP Allocation Plan from stakeholders and the public, including a virtual consultation session, a stakeholder survey, a 30-day public comment period, and a public hearing.

Stakeholder Consultation

The City of Montebello consulted with representatives from multiple agencies, groups, and organizations involved in the development of affordable housing, addressing homelessness, and the provision of services to qualifying populations in preparing this HOME-ARP Allocation Plan.

A virtual session was held February 9, 2022. Representatives from multiple agencies, groups, and organizations were invited via email to attend. Those unable to attend were invited to submit written comments via emails or schedule a phone call to share their views.

The virtual consultation session included an overview of the HOME-ARP notice to inform attendees of the qualifying populations and eligible activities, an opportunity to ask clarifying questions, a request for input into needs and gaps, and priority populations and activities, and an overview of the Allocation Plan timeline and process.

The Los Angeles Homeless Services Authority (LAHSA), the lead agency for the Los Angeles Continuum of Care (CoC), held a virtual session to provide their recommendations to jurisdictions being allocated funds. That session was held February 9, 2022, and attended by staff and representatives of the City. LAHSA also provided a written memorandum outlining their HOME-ARP funding recommendations

There were two more virtual consultations held by City staff on December 15, 2022 and January 5, 2023. One in-person meeting was held on January 26, 2023. Stakeholders and the public were invited to attend. A notice was published in the local newspaper with details of the first virtual consultation. The City's website and social media accounts also provided information regarding the virtual consultations.

The virtual consultation sessions encompassed a summary of the HOME-ARP notice to inform attendees of the qualifying populations and eligible activities, an opportunity to ask clarifying questions, a request for input into needs and gaps by inviting them to take a survey, and priority populations and activities, and an overview of the Allocation Plan timeline and process.

Two survey instruments were designed and available online for agencies/organizations and the general public. The surveys allowed the organizations and the public to provide their feedback regarding the qualifying populations and eligible activities and services to identify the perceived needs and the best approach to carry out those activities for the community. For the organizations or general public that were not able to attend the virtual consultations on December 15, 2022, January 5, 2023 and January 26, 2023, they were able to participate through the survey.

The City received surveys that were completed by 9 representatives out of 11 agencies.

All HUD-required agency types were represented in either the virtual session or the survey or by email.

Summary of Feedback Received from Consulted Organizations

The table below identifies that the Consultations revealed strong support for the following:

Table 3 – Rating Current Need for Eligible Activities by Organizations

Eligible Activities	High Need	Mid/High Need	Mid/Low Need	Lowest Need
Development of Affordable Rental Housing	X			
Tenant Based Rental Assistance	X			

Services (e.g., case management, legal services, moving costs assistance, etc.)	X			
Acquisition/Development of Non-Congregate Shelter Units (i.e., emergency shelter provided in individual rooms rather than a traditional homeless shelter)		X		

Development of affordable housing. Participants in the virtual session agreed in the need for additional affordable housing, specifically permanent supportive housing. Those replying to the survey also all agreed there was “mid/high need” for this type of housing. There was discussion of various populations, represented by the agencies assembled, for need of both stable housing and services including case management.

Tenant-based rental assistance (TBRA). Regarding affordable housing, many attendees mentioned the need to increase availability of a TBRA program and as a bridge to the development of affordable housing. The survey identified that this was a “high need”.

Provision of supportive services. Many examples of supportive services were mentioned in the virtual session. Among the services mentioned as being in high demand for HOME-ARP activities were the following:

1. Mental Health
2. Permanent Housing
3. Food and Clothing
4. Rental Assistance
5. Case Management
6. Financial Education
7. Legal Aid
8. Transportation Assistance
9. Workforce Development
10. Housing Counseling
11. Navigation
12. Job placement
13. Landlord/Tenant Support
14. Social Services

The surveys identified that the provision of Services is considered a “high need.”

Acquisition and development of non-congregate shelter. Many participants mentioned the need for shelter in general and for specific populations including families, those fleeing domestic violence and other situations, the elderly and single people. Although there are currently no emergency shelter beds in the City of Montebello, the City does operate a program called Operation Stay Safe which is a 30-unit tiny home community that houses homeless individuals in the City. With the amount of available funds, most thought a shelter could not be acquired or developed due to the high costs.

In their memorandum and their agency sponsored virtual session, the Los Angeles Homeless Services Authority (LAHSA) provided recommendations for the use of HOME-ARP funds within Los Angeles County. They advocated that a “balance of resources within the homeless services system is critical to ensure effective operations” and recommended a ration of five permanent housing resources for every interim housing bed. That balance informs their recommendations:

1. Acquisition of permanent housing resources if other funds are available to leverage for the purchase of multi-unit buildings, scattered sites properties, or individual units.
2. Master leasing, which is not outlined in the HOME-ARP guidance but is being explored through conversations between LAHSA and HUD.
3. Supportive services that support emergency housing vouchers and services based in problem solving, prevention and diversion to prevent the need for interim housing or accessing the homeless services system.

Public Participation

To provide opportunities for public participation, the City of Montebello published a notice of funding availability in the Montebello News newspaper on December 1, 2022 which announced the availability of the HOME ARP funds and it invited the public and agencies to attend a virtual consultation to discuss eligible uses of the HOME ARP Funds. A notice of Public Hearing was also published on January 19, 2023. These notices were also published on the City’s website in the Public Notice and Housing Division section. City staff also promoted the consultation on the social media platforms for the public and agencies which service the qualifying populations notifying them of the opportunity to participate in the virtual consultation sessions that were held on December 15, 2022. In an effort to broaden public participation, a third and fourth virtual consultation were organized by City staff on January 5, 2023 and January 26, 2023.

In addition to an invitation to the virtual consultation session, the public was asked to complete an online survey regarding their views of the level of need for the eligible activities and qualifying populations as described by the CPD Notice 21-10. Those unable to attend, or who had further comments after the virtual session were invited to email them directly to City staff. If any comments are received, the HOME-ARP Plan will be updated to reflect this information.

There were 69 participants who participated in the online survey that was made available to the public. As a result of the surveys, it has been identified that Affordable Housing Development and Supportive Services are the highest needs in the City of Montebello. Additionally, surveys identified a medium to high need for non-congregate shelters and rental assistance.

Table 5 – Rating Current Need for Eligible Activities by General Public

Eligible Activities	High Need	Mid/High Need	Mid/Low Need	Lowest Need
Development of Affordable Housing	X			
Tenant Based Rental Assistance		X		
Services (e.g., case management, legal services, moving costs assistance, etc.)	X			
Acquisition/Development of Non-Congregate Shelter Units (i.e., emergency shelter provided in individual rooms rather than a traditional homeless shelter)		X		

A combined notice of public comment period and public hearing was published in the Montebello News newspaper on January 19, 2023. The Montebello News is a newspaper of general circulation. The notice was also published on the City's Website in the Public Notice and Housing Division section and on the City's social media platforms. The notice included the public comment period of January 19, 2023 to February 22, 2023 and identified the public hearing date as February 22, 2023. The City of Montebello follows the applicable fair housing and civil rights requirements and procedures for effective communication, accessibility and reasonable accommodations for person with disabilities.

Efforts to Broaden Public Participation

To broaden public participation, a third virtual consultation was held on January 5, 2023. Finally, a fourth in-person consultation was organized by staff on January 26, 2023. Members of the public were invited via social media to attend the virtual consultation session held in the formulation of the Allocation Plan.

Public Comments and Recommendations Received

There were three public comments that were received during the public hearing on February 22, 2023. The three comments were in favor of the Draft HOME-ARP Allocation Plan.

Public Comments and Recommendations Not Accepted and Reasons Why

All three public comments made during the public hearing on February 22, 2023 have been accepted.

Needs Assessment and Gap Analysis

As part of the needs assessment and gap analysis for the City of Montebello, it is necessary to examine the size and demographic composition of HOME-ARP qualifying populations, as well as their unmet needs. In addition, the needs assessment and gap analysis must identify any gaps within its current shelter and housing inventory, and service delivery system. This needs assessment and gap analysis focuses on the following:

1. Sheltered and unsheltered homeless populations in the city;
2. Currently housed populations at risk of homelessness in the city;
3. Other families requiring services or housing to prevent homelessness in the city; and
4. Those at greatest risk of housing instability or unstable housing situations in the city.

Housing Inventory Count

A Housing Inventory County (HIC) provides helpful context for identifying the number and type of beds and units available on any given night for individuals and families.

There are a few housing types such as emergency housing, rapid rehousing and permanent supportive housing.

Emergency housing beds include emergency shelter and transitional housing; emergency shelter generally allows for short-term or nightly stays, while transitional housing generally allows for a stay up to 24 months. Both types of emergency housing may include supportive services designed to facilitate movement to independent living.

Rapid rehousing provides security and utility deposits and/or monthly rental and utility assistance for rental units that rent for less than the fair market rent. Assistance is generally provided for the shortest period of time necessary for a household to gain stable housing and can range from 3 to 24 months. Permanent supportive housing provides for an unlimited lease term; residents receive services necessary to promote continued housing stability.

Although the housing types mentioned above are not offered directly through the City of Montebello, the City continues to work with partners in Service Planning Area (SPA) 7 to provide housing types such as the ones mentioned above to the community. The City of Montebello is also a part of the Local Coordinating Alliance 2 through the Gateway Cities Council of Governments Regional Resources which assist the Homeless Community or person/s At Risk of Homelessness.

The Fire Department of the City of Montebello has developed a tiny home program called Operation Stay Safe to help meet the immediate needs of individuals experiencing homelessness in the City and it will be a bridge to permanent housing. Operation Stay Safe hosts 30 tiny home units. Participants are selected through local street outreach and are assigned a unit for the duration of their stay, avoiding the daily lines associated with traditional emergency shelter. The site provides bridge housing, a temporary placement, while connecting clients to permanent housing. The target length of stay will be 90 days, allowing the site to serve up to 100 individuals in a year. The site provides privacy fencing and secured entry for the benefit of participants and neighbors. Each unit provides a bed, shelves, overhead light, AC/heat, an outlet, and a door that locks. The site also provides shared restroom, shower, and laundry facilities as well as a communal meal space offering participants increased access to hygiene and a sense of community.

Size and Demographic Composition of Qualifying Populations

The City of Montebello staff participates in the annual homeless count to identify unsheltered homeless populations in the City of Montebello. The February 2022 point-

in-time (PIT) count of both sheltered and unsheltered homelessness published by Los Angeles Homeless Services Authority (LAHSA), the lead Continuum of Care agency, is used for this analysis.

Sheltered Homeless Populations

The 2022 sheltered point-in-time count identified 0 people experiencing sheltered homelessness in the City of Montebello on February 2020. People are considered sheltered when they are residing in emergency shelter or transitional housing, but not when they are receiving rapid rehousing assistance or residing in permanent supportive housing.

LAHSA leads the “official” PIT count in Los Angeles County and does not report demographics or family status.

Unmet Need for Unsheltered Homeless Populations

Based on the Annual Homeless Count for the City of Montebello, there is an unmet need of approximately 227 in need of housing within the homeless population. Based on the information provided from the CHAS data and the consultations provided by the various Organizations, the Service delivery gap for this population are supportive services such as Mental Health, Housing search, financial assistance, and non-congregate shelters.

The 2022 unsheltered point-in-time count identified 227 people experiencing unsheltered homelessness on February 2022. Among individuals experiencing unsheltered homelessness:

- 97 (42.8%) were on the street
- 6 (2.7%) were in makeshift shelters
- 35 (15.3%) were in cars
- 13 (5.6%) were in vans
- 39 (17.2%) were in tents
- 37 (16.4%) were in RVs/campers

Unmet Need for At-risk of Homelessness

Based on the 2015-2019 data from the HUD CHAS program for the City of Montebello, there is an unmet housing need of 6,675 units for the qualifying population that is at-risk

of homelessness. Based on the information provided from the CHAS data and the consultations provided by the various Organizations, the Service delivery gap for this population are supportive services such as Landlord/tenant Liaison, Housing search, transportation, financial assistance, and childcare assistance.

Households with incomes at or below 30% AMI are considered at risk of homelessness and lack sufficient resources or support networks to prevent homelessness. These households have also:

1. Have moved more than two times due to economic reasons in the past 60 days, or
2. Are doubled up with another household due to economic hardship, or
3. Will be evicted within 21 days, or
4. Live in a hotel or motel without financial assistance from a nonprofit or government entity, or
5. Live in an efficiency apartment and are overcrowded, or
6. Are exiting a publicly funded institution or system of care

The HUD Comprehensive Housing Affordability Strategy (CHAS) 2015-2019 data provides information on severe housing problems and housing cost burden to household income among households that include more than one family, by household income level. This CHAS data indicates that there are approximately 3,380 households with incomes at or below 30% AMI that are at-risk of homelessness population in the City.

Regarding unmet needs, the HUD CHAS data for 2015-2019 identifies that the greatest unmet housing need of qualifying populations is the availability of affordable rental housing. As the table below shows that 6,675 is the level of unmet Need. The chart also identifies that the level of need for affordable rental units for households with incomes at or below 50% AMI is about 62% of the available units, according to HUD CHAS data for 2015-2019.

Table 4 – Non-homeless Housing Needs Inventory and Gap Analysis

Unmet Need for Fleeing or Attempting to Flee Domestic Violence, Dating Violence, Sexual Assault, Stalking or Human Trafficking

It is estimated that there are up to 295 households in 2021 in the City of Montebello that have a housing assistance need due to their fleeing or attempting to flee domestic violence, dating violence, sexual assault, stalking, or human trafficking experience because of their current housing situation. Based on the information provided from the consultations provided by the various Organizations, the Service delivery gap for this population are supportive services such as Landlord/tenant Liaison, Housing search, Housing Counseling, transportation, financial assistance, mental health services and childcare assistance.

The State of California Department of Justice maintains statistics on domestic violence statewide by jurisdiction in the Open Justice portal. In 2021, the local law enforcement agencies responded to a total of 295 calls related to domestic violence. Of these calls:

- 148 calls involved a weapon
- 1 domestic incidents involved a firearm
- 2 domestic incidents involved a knife or cutting instruments
- 9 domestic incidents involved other dangerous weapon
- 135 domestic incidents involved personal weapons (i.e. feet or hands, etc.)
- 0 calls involved strangulation and suffocation
- 0 domestic incidents involved strangulation
- 0 domestic incidents involved suffocation

Unmet Need for Other Populations

The HOME-ARP notice defines “Other Populations at Greatest Risk of Housing Instability” in two ways. The first is “has annual income that is less than or equal to 30% of the area median income, as determined by HUD and is experiencing severe cost burden. The 2015-2019 HUD CHAS data for the city indicates there are 4,580 renter households with an annual income at or below 30% AMI that are at greatest risk of housing needs for the qualifying population of other populations at greatest risk. Secondly, the household must have an income that is less than or equal to 50% of the area median income as determined by HUD, as well as meet one of the conditions of being at the greatest risk of homelessness. Data from the CHAS does not contain the same conditions as HOME-ARP on “at risk of homelessness.” However, 2,305 of the 2,745 households with 50% HAMFI or below, in the city, had one or more of the four housing problems: incomplete kitchen facilities, incomplete plumbing facilities, more than one person per room. Housing Problems prevent households from having a habitable unit. Based on the information provided from the CHAS data and the consultations provided by the various Organizations, the Service delivery gap for this population are supportive services such as Landlord/tenant Liaison, Mental Health, Housing search, transportation, financial assistance, and childcare assistance.

Other Populations: Currently housed and at greatest risk of repeat homelessness

The LAHSA PIT does not indicate the approximate number of individuals exiting emergency shelter, or transitional or permanent housing in any given year will return to homelessness within 12 months.

Other Populations: At greatest risk of housing instability – Households with incomes <30% AMI and experiencing severe housing cost burden

The 2015-2019 HUD CHAS data indicates there are 4,580 renter households with an annual income at or below 30% AMI that are at greatest risk of housing needs for the category of other populations at greatest risk.

Other Populations: At greatest risk of housing instability – Households with incomes 30-50% AMI that meet HUD’s §91.5 definition of at risk of homelessness

Households in this category are those with incomes more than 30% and at or below 50% AMI that lack sufficient resources or support networks to prevent homelessness, and

- Have moved more than two times due to economic reasons in the past 60 days, or
- Are doubled up with another household due to economic hardship, or
- Will be evicted within 21 days, or
- Live in a hotel or motel without financial assistance from a nonprofit or government entity, or
- Live in an efficiency apartment and are overcrowded, or
- Are exiting a publicly funded institution or system of care

The U.S. Department of Housing and Urban Development's (HUD) Comprehensive Housing Affordability Strategy (CHAS) 2015-2019 data provides information on households that include more than one family, household income level and overcrowding. The CHAS data indicates that there are approximately 4,580 renter households with incomes between 30 and 50 % AMI that are at risk of homelessness in the City because of at least one of the housing problems as defined by HUD. 3,380 are living in renter households with more than one family.

Unmet Service Needs of Qualifying Populations

Based on consultation with service providers in the City, the greatest unmet service needs of qualifying populations, including sheltered and unsheltered homeless populations, currently housed populations at risk of homelessness, other families requiring services or assistance to prevent homelessness, and those at greatest risk of housing instability or in unstable housing situations are:

- landlord/tenant liaison services
- housing search/counseling services
- financial assistance

Additional unmet service needs of qualifying populations, including sheltered and unsheltered homeless populations, currently housed populations at risk of homelessness, other families requiring services or assistance to prevent homelessness, and those at greatest risk of housing instability or in unstable housing situations include the following as described in HUD CPD Notice 2021-10:

Current Resources: Supportive Services

The City is served by many local and regional organizations offering supportive services to the residents. The 2022-23 CDBG allocation will fund public service activities serving teens, domestic violence victims, and families experiencing homelessness.

Current Resources: Tenant-based Rental Assistance

Currently the City does not fund Tenant-based Rental Assistance programs. There are housing vouchers available through the Housing Choice Voucher Program of the Los Angeles County Development Authority and other programs offered in the region.

Current Resources: Affordable and Permanent Supportive Rental Housing

The City does not own or manage affordable housing units. Currently there is no permanent supportive housing in the City.

Shelter, Housing and Service Delivery System Gaps

Shelter Gap

Based on the 2022 Point in Time (PIT) count, there is a gap for shelter beds in the City. Currently, the city of Montebello does not have any shelters. The PIT count found that there were 227 unsheltered persons in a variety of situations, including on the street, in makeshift shelters, or in cars, vans or RVs/campers. The 2022 PIT count does not define how many were individuals, in family units, or children. This means that there is a need for at least 227 unsheltered persons.

Shelter Gap Methodology

Based on the 2022 PIT count, there is a need to provide shelter for 227 persons who are currently living out of cars, vans, RV's, tents, makeshift shelters, and on the Street in the City of Montebello.

Tenant-based Rental Assistance Gap

There is an estimated gap of 2,240 Tenant based Rental Assistance vouchers for households with income less than or equal to 30% AMI and paying more than 50% of household income for rent, including utilities.

Tenant-based Rental Assistance Gap Methodology

The number of tenant- based rental assistance vouchers was calculated using HUD CHAS Data and equal to the number of renter households with income less than or equal to 30% of AMI and paying more than 50% of household income for rent, including utilities.

Table 6 – Tenant-based rental assistance Gap

Affordable and Permanent Supportive Rental Housing Gap

There is an estimated gap of 3,380 rental units affordable to renter households with income at or below 30% AMI and an estimated gap of 2,745 rental units affordable to renter households with income more than 30% and at or below 50% AMI.

Affordable and Permanent Supportive Rental Housing Gap Methodology

The number of Affordable Rental Units was calculated using HUD CHAS Data for the City of Montebello and is equal to the number of renter households paying more than 50% of household income for rent, including utilities.

Table 7 – Affordable Rental Unit Gap

Affordable Rental Unit Gap	
Renter Households with Income at or below 30% AMI paying more than 50% of income for rent, including utilities	3,380
Renter Households with Income 30% to 50% AMI paying more than 50% of income for rent, including utilities	2,745
Total Affordable Rental Unit Need	6,125

Permanent supportive rental housing is part of the affordable rental housing gap, primarily for households with income at or below 30% AMI. In addition to affordable rent,

permanent supportive housing provides an array of services necessary to help people with disabilities and/or experiencing chronic homelessness to retain housing stability.

There is an estimated gap of 195 permanent supportive housing units in the City. The number of Permanent Supportive Rental Housing Units needed was calculated by multiplying the current population of the City, according to the California Census 2021, by the per capita need (0.003183) as calculated by the Corporation for Supportive Housing.

Service Delivery System Gaps and Methodology

To identify gaps in the service delivery system, the City relied on its consultation with stakeholders and experience working with the organizations working in the City. The stakeholders believe that the most critical service gaps are in the areas landlord/tenant liaison services, mental health services, financial assistance, transportation assistance, housing search/counseling services, food distribution and childcare assistance. The stakeholders also believed there was a need for assistance with general administrative costs and capacity building among the service providers serving the City's qualifying populations.

Characteristics of Housing Associated with Increased Risk of Homelessness for Other Populations

Another characteristic of housing in the City that is associated with homelessness is severe housing cost burden, or paying more than 50% of household income on rent and utilities. The 2015- 2019 HUD CHAS Data indicates there are 2,820 households at or below 50% AMI who are spending more than 50% of their household income on rent and utilities.

Priority Needs for Qualifying Populations

Priority needs for qualifying populations are:

- Affordable rental housing
- Supportive services including:
 - Landlord/tenant liaison services
 - Mental health services
 - Financial assistance services
 - Transportation services
 - Housing search and housing counseling services
 - Childcare assistance
- Tenant-based rental assistance
- Non-congregate shelter

HOME-ARP Activities

The City solicited applications from developers, service providers, and/or nonprofits to administer eligible activities and/or develop shelter and housing. A Notice of Funds Available (NOFA) was published on December 1, 2022. The NOFA specified eligible activities, eligible applicants, available funding amounts, application thresholds, and provided instructions on how to submit an application.

Uses of HOME-ARP Funding

Activity	Funding Amount	Percent of Allocation	Statutory Limit
Non-congregate Shelter	0	0	
Affordable Rental Housing	\$1,000,000	92%	
Tenant-based Rental Assistance	0	0	
Supportive Services	0	0	
Administration and Planning	\$88,774	8%	15%
Total HOME-ARP Allocation	\$1,088,774	100%	

Rationale for Uses of HOME-ARP Funding

Affordable Rental Housing. The City of Montebello estimates that the HOME-ARP funding will support the development of 81 new affordable housing units. In accordance with the priority needs identified in the needs assessment and gap analysis, the City anticipates in helping to reduce the gap in housing needs by providing 81 new affordable housing units. Based on the needs assessment and gap analysis, it was determined that there is a housing inventory gap; therefore, HOME ARP funds will be used to develop affordable rental housing.

Admin and Planning. This plan allocates \$88,774 towards the administration and planning functions of the HOME-ARP funds at the statutory limit. Integrated planning and administration of the entire HOME ARP Program and its eligible activities will be performed by City staff and consultants.

Acquisition and development of non-congregate shelter. The need for emergency shelter beds is growing throughout the greater Los Angeles area. There are currently no emergency shelter beds available within the City. During consultation process, many participants believed that this was a high need but don't consider it as an option given the high cost of the development and then the operation of a shelter. The City believes the need is great and should be addressed in the future if any opportunity becomes available.

Tenant-based rental assistance (TBRA). The city will not use HOME ARP Funds towards tenant based rental assistance. However, TBRA will be leveraged with Emergency Housing Vouchers administered by the County of Los Angeles.

Provision of supportive services. Many examples of supportive services were called out and considered in the consultation process, both in the virtual session and in the survey. One applications was received for this category however, the plan will not allocate HOME ARP Funds towards supportive services since the funds will be used to meet a high priority of Housing needs. The City is a part of SPA 7 which will continue to provide supportive services through various organizations for the community.

HOME-ARP Housing Production Goals

HOME ARP Funds will contribute to the production of 81 rental housing units. The housing development will provide housing opportunities for qualifying populations as defined in the 24 CFR 91.5. These affordable rental housing units will contribute to

Montebello's housing production goals, and will help meet the City's most pressing housing needs.

Preferences

The City of Montebello will give preference to the At-risk of homelessness qualifying population, as defined in section 401(1) of the McKinney-Vento Homeless Assistance Act. The city will also give a preference to the Fleeing, or attempting to flee, domestic violence, dating violence, sexual assault, stalking, or human trafficking qualifying population, as defined by the Secretary.

In order for the city to address the housing needs of these two qualifying populations, it will be necessary for it to prioritize these two groups in order to ensure that any housing needs that remain unmet are addressed as soon as possible. According to HUD CHAS data for 2015-2019, there are currently 6,675 unmet housing needs among the at-risk of homelessness population in Montebello. A needs analysis report for the City of Montebello reveals that there is a need for 295 households to support those who are fleeing violence and abuse. This includes those fleeing from domestic violence, dating violence, sexual assault, stalking, and human trafficking. Providing priority to the at-risk of homelessness and the Fleeing, or attempting to flee, domestic violence, dating violence, sexual assault, stalking, or human trafficking qualifying populations will help prevent further homelessness in the city through the Development of Rental Housing by Vista Del Monte Affordable Housing Inc. affiliate of Cesar Chavez Foundation. It is important to note that this Development will be completed in two phases. Only Phase 2 will benefit from HOME-ARP funds.

The City plans to fund only two activities with the HOME-ARP funding. The first activity is the HOME-ARP Administration activity. The Second activity is the Development of Rental Housing activity. By using the majority of HOME-ARP funding for the Development of Rental Housing in the City of Montebello, the City will be able to provide housing opportunities to the at-risk of homelessness and the Fleeing, or attempting to flee, domestic violence, dating violence, sexual assault, stalking, or human trafficking qualifying populations since there is a need for affordable housing within these two qualifying populations.

Limitations and exclusions will not be applied by the City of Montebello to those non-preferred qualifying populations per the HOME-ARP regulations. The City of Montebello will continue to address the unmet needs or gaps in benefits and services of the other qualifying populations that are not included in the preference by providing access to the Rental housing applications and access to resources that would benefit these qualifying populations.

HOME-ARP Refinancing Guidelines

The City of Montebello does not plan to use HOME-ARP funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds. Therefore, refinancing guidelines pursuant to 24 CFR 92.206(b) are not applicable to this HOME-ARP Allocation Plan.
