### Summary

*Ending the HIV Epidemic in the U.S.* (EHE), is a bold national plan that aims to reduce the number of new HIV transmissions in the United States.

### Audience

This public-facing webinar will deliver EHE information to:

- Federal staff whose agencies/programs/offices are engaged in implementing the *Ending the HIV Epidemic in the U.S.* initiative.
- Funded recipients, sub-recipients, and health care workers that qualify as EHE jurisdictions.

- Public health and health care service providers including but not limited to local health departments, community-based organizations, sexually transmitted infection clinics, community health centers, Title X clinics, and substance use disorder treatment providers who want to learn more about the EHE initiative.

**Objectives**

The United States Department of Health and Human Services, Office of the Assistant Secretary of Health will host a quarterly *Ending the HIV Epidemic* Initiative stakeholder webinar designed to:

- Highlight ways to reduce HIV stigma through evidence-based practices
- Highlight ways to improve HIV diagnosis, care, and prevention outcomes for individuals living with HIV
- Provide an opportunity for questions and answers from major community members and government officials
