**Instructions:**

**P.L. 114-113 Certifications:** Each grantee must submit Risk Analysis Documentation to demonstrate in advance of signing a grant agreement that it has in place proficient controls, procedures, and management capacity. This includes demonstrating financial controls, procurement processes, and adequate procedures to prevent any duplication of benefits as defined by section 312 of the Stafford Act. The grantee must also demonstrate that it can effectively manage the funds, ensure timely expenditure of funds, maintain a comprehensive website regarding all disaster recovery activities assisted with these funds, and ensure timely communication of application status to applicants for disaster recovery assistance. Further, the Grantee has established adequate procedures to detect and prevent fraud, waste, and abuse of funds.

In order for Grantees to demonstrate that proficient financial controls are in place, each Grantee must complete this Public Law 114-113 Guide for Review of Financial Management (the Financial Management Guide) as part of completing Part B. Financial Controls of the P.L. 114-113 Risk Analysis documentation and submit the required information to the Grantee’s designated HUD representative. A designated HUD representative from Headquarters or the Field Office (FO) must review the Grantee’s submission and complete this Financial Management Guide. When HUD CPD Specialists or Financial Analysts are not available, the CPD FO Director will designate an alternate HUD representative for the FO representative. The Headquarter representative will be assigned by the Director of the Disaster Recovery and Special Issues Division.

The Grantee’s documentation must be submitted within 30 days of the effective date of the *Federal Register* Notice 5938-N-01 which publishes the Appropriations Act awardees and the grant requirements (the Notice). Failure to submit documentation within 30 days of the effective date of the Notice may result in the cancellation of the award selection. Grantees must submit Risk Analysis documentation in advance of signing a grant agreement in order to demonstrate that grantees can adequately manage and oversee the CDBG-DR award.

This Financial Management Guide is designed to assess the proficiency of a CDBG-DR Grantee’s financial controls based on the financial requirements in Subparts D and F of 2 CFR part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Where the question pertains to a CDBG-DR Grantee, the term Grantee is used.

This Financial Management Guide is a modified exhibit typically used to monitor Grantees following grant execution. To satisfy the requirements for review of financial processes pertaining to the HUD-award, Grantees should consider the processes of existing HUD or other Federal funding awards and refer to documentation of those awards, where applicable. This Financial Management Guide is divided into sections A through J: Financial Management; Internal Controls; Bonds; Payment and Financial Reporting; Cost Sharing or Matching; Program Income; Revision of Budget and Program Plans; Period of Performance; Record Retention and Access; and Audit Requirements. Additionally, in

completing the Financial Management Guide, Grantees must demonstrate that its financial standards are complete and conform to these requirements. The Grantee must identify which sections of its financial standards address each of the questions in the Financial Management Guide and which personnel or unit are responsible for each Financial Management Guide item. As used in this Exhibit, the term “standards” is synonymous with “procedures.”

For convenience, certain questions that address financial requirements contain citations to sources that served as the basis for the development of these questions (statute, regulation, NOFA, or grant agreement).

Grantees must identify the type of recipient receiving CDBG-DR grant funds:

**PART B. INTERNAL CONTROLS:**

The Grantee must establish and maintain effective internal controls over the Federal award that provides reasonable assurance that the Grantee is able to manage the Federal award in compliance with this part. These internal controls should be in compliance with guidance in “Standards for Internal Control in the Federal Government” issued by the Comptroller General of the United States (known as the "Green Book") or the “Internal Control Integrated Framework”, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

The definitions of internal control in these documents are intentionally broad. The evaluation of the effectiveness of the Grantee's internal control system likewise must cover a broad range of considerations (e.g., procurement, cost principles,). Further, the audit requirements in 2 CFR part 200, Subpart F include procedures to evaluate the auditee's internal control system. Therefore, the questions below are limited in scope. However, the HUD reviewer should take these considerations into account, together with the questions below, in making an overall assessment of the adequacy of the Grantee’s internal controls.
