Required Program Implementation Elements Check list

The following list of items are required to successfully complete and clear each unit. Along with staff there are services and expected costs that we want to be sure you plan to cover with grant resources or match resources in you budget preparation. Be thorough in your noted as you complete this worksheet as you can use this to develop your work plan document and policy and procedures as well. Please contact your GTR if you have some items your local agency requires you to do to complete a unit that is not on the list.
