CNA e-Tool P282 Release

U.S. Department of Housing and Urban Development

June 27, 2025

*Create A New Version of CNA Updates (*Release Date: 6/27/2025):

In this release, the "Create a New Version of CNA" functionality has been enhanced to improve flexibility and efficiency. Users can now generate a new version of an existing CNA and change it to a different HUD program type, streamlining the cloning process and enabling cross-program reuse of CNA data. Additionally, Needs Assessors now have the ability to change the Partner Organization during the cloning process. This allows CNAs to be reassigned to the appropriate partner organizations, minimizing manual rework and ensuring accurate organizational alignment.

Other Fixes for Admin Users (Release Date: 6/27/2025):
Improvements to ensure better accessibility for admin users.

- **Keyboard Accessibility:** Resolving a problem where keyboard-only users were unable to navigate out of text fields (508 Compliance fix).

- **Quarterly Report Updates:** The quarterly report generation process has been updated to accurately reflect the Total Unit Count, enhancing data integrity in administrative reporting.
