Dear Mr. Logan:

I have received your request for Iowa's federal fiscal year (FFY) 2026 certification of compliance with Section 1616(e) of the Social Security Act (the Keys Amendment).

Iowa Department of Health and Human Services (HHS) has been designated as the state agency responsible for overseeing compliance with Section 1616(e) of the Social Security Act, the Keys Amendment. This letter is for the federal fiscal year (FFY) 2026. It certifies that the State of Iowa has established, maintains, and ensures the enforcement of standards for categories of living arrangements in which significant numbers of Supplementary Security Income (SSI) recipients reside or are likely to reside.

The Department of Health and Human Services has the responsibility to oversee standards for the following living arrangements:

- Children's foster family homes
- Community supervised apartment living arrangements
- Adult family life homes
- Supported community living arrangements under the Medicaid Home and Community-Based Services (HCBS) programs, including:
  - Intellectual Disability (ID) waiver
  - Brain Injury (BI) Waiver

- Home-based Habilitation Arrangements under the Medicaid State Plan HCBS

The Department of Inspections, Appeals, and Licensing (DIAL) has the responsibility to oversee standards for the following living arrangements:

- Nursing facilities
- Residential Care Facilities (RCF)
- Elderly family homes
- Elder group home programs

Complete copies of the applicable rules or standards for each department were submitted to you in 1995, and changes have been submitted annually since then. We believe we are in full compliance with Section 1616(e).
