Baltimore, Maryland 21235

Dear Scott Logan:

The Department of Children and Family Services, Licensing Section and the Louisiana Department of Health are the regulating authorities in the State of Louisiana which establish, maintain, and ensure the enforcement of standards in institutions relative to the Keys Amendment. These standards include all facilities, homes, or other living arrangements in which significant numbers of recipients who receive Supplemental Security Income (SSI) are likely to reside.

Copies of the licensing regulations, enforcement procedures, waivers to regulations, and violations of regulations are available for public view.

In accordance with Section 1616(e) of the Social Security Act, this is to certify that Louisiana is in full compliance with this law.

Sincerely,

Angie Badeaux, LCSW
Director
Department of Children and Family Services
Licensing Section

Ruth Johnson
Undersecretary
Louisiana Department of Health
