Dear Mr. Logan:

As Directors of the Michigan Department of Licensing and Regulatory Affairs (LARA) and the Michigan Department of Health and Human Services (MDHHS), and in accordance with Section 1616(e) of the Social Security Act (the Keys Amendment), we hereby certify full compliance to the Commissioner of the Social Security Administration for Fiscal Years 2021 and 2022 that:

- The State of Michigan has designated LARA and MDHHS to establish and enforce standards for residential facilities where significant numbers of Supplemental Security Income (SSI) recipients reside or are likely to reside.
- These standards for residential facilities are developed and available for public review, including copies of these standards along with enforcement procedures, a list of waivers of such standards, and any violations.

Standards for the licensure of non-medical residential facilities in which a significant number of SSI recipients reside, or are likely to reside, have been established and are currently enforced by these departments under the authority conferred by Section 10 of Act 218, Public Acts of 1979, as amended; Section 2 of Act 116, Public Acts of 1973, as amended; and Section 20115 of Act 368, Public Acts of 1978, as amended. Non-medical residential facilities are identified as state licensed adult foster care homes/facilities, homes for the aged, child caring institutions, and foster family/foster family group homes for children.

In accordance with the requirements of 42 USC 1382e(e), information is available to the public upon request from:
