New RAD Case Studies

This month's case studies highlight projects in Southern Nevada and Franklin, Virginia. The Southern Nevada case study focuses on how the housing authority navigated the RAD process and the Franklin, VA case study highlights the PHA's choice to convert their entire small portfolio. Previous case studies feature projects in Montgomery County, MD, Haverhill, MA and other locations around the country. New case studies are accessible on the RAD website, with all case studies to date also available [here](#).
