HUD TRAINING: KEYS TO A SUCCESSFUL RAD CONVERSION MAY 17 & 18

The Office of Multifamily Housing's Recapitalization division invites you to join us for a RAD conference on May 17-18. While the conference is open to all, the content will be particularly geared towards preparing PHAs who are new participants in RAD to execute on well-planned and efficient conversions that best address local needs and priorities. The conference will cover critical topics for any PHA initiating a RAD conversion, including strategic portfolio planning, resident rights, creative RAD tools, and the latest updates on policy and practice. It will also include opportunities for one-on-one discussions with HUD staff and networking with industry experts.

When: Thursday-Friday, May 17-18

Where: HUD's Washington, D.C. Headquarters, 451 7th St. SW

[Click here to register.](#)

As we design the conference, we invite you to send us information about topics you would like addressed at the event. We will incorporate your recommendations as best we can.

We will be following up with more details as the event date approaches, including the detailed agenda and logistics. We look forward to seeing you in mid-May.
