RAD Form Documents Available for Public Comment, COVID-19 FAQs, and Repositioning Wednesday Webinar Series

RAD Form Documents Available for Public Comment

On May 18th, HUD published a [Federal Register](#) notice announcing the use of [form documents](#). The forms, which can be used in RAD conversions, include new and revised documents, and forms for the conversion of Section 202 PRACs. The documents for which HUD is seeking comments are located [here](#). Comments are due by July 17, 2020.

COVID-19 FAQs

We have posted FAQs for stakeholders related to managing RAD conversions during the current COVID-19 pandemic. The most recent [update](#) includes further guidance on completing environmental reports when professionals may not be able to access the interior or exterior of the site. This guidance provides an option that would give PHAs more time to execute new Section 8 leases at the point of conversion.

Repositioning Wednesday Webinar Series

HUD has begun hosting a new “**Wednesday Webinar**” series intended to explain and discuss common issues related to [public housing repositioning](#) through RAD, Section 18, and Streamlined Voluntary Conversion. The webinars will be held on **Wednesdays from 1:00 – 3:00 PM ET**. We encourage PHA directors, staff, residents, board members, and others working with PHAs to develop and execute a repositioning strategy to participate.

For more information and to **register** please [click here](#). All webinars will be recorded and posted to [HUD Exchange](#).

Webinar Topics

Developing a Repositioning Strategy
Options for Scattered-Site Units
Options for 50-and-Under PHAs
RAD and Section 18 Blends
Resident Considerations
Streamlined Voluntary Conversion
Options for Obsolete Units
Common PHA Board Questions
PHA Closeout
