Navigating Post-Conversion RAD Requirements & Processing

HUD's Multifamily Office of Recapitalization will host a webinar providing an overview of the new "[Post-Conversion Approval Processing Guide](#)." The guide provides information to Owners and PHAs on how to process issues that may arise after RAD conversion, and where to direct requests and inquiries. We look forward to your participation!

Date: Thursday September 10, 2020 from 2:00-3:00PM/EST

Guidance on Successful Implementation of the Choice-Mobility Option

The Poverty & Race Research Action Council has published a [Guide for Successful Implementation of Rental Assistance Demonstration \(RAD\) Choice-Mobility](#). This new publication highlights recommended practices for public housing agencies (PHAs) and project owners of converted public housing properties on the effective implementation of the "Choice-Mobility" option. Choice mobility rights provide residents with the option to obtain a Housing Choice Voucher (HCV) from their PHA after a defined period of occupancy, empowering them to move to affordable rental properties of their own selection. The Choice-Mobility provision is a central feature of the RAD program, and one with significant potential to expand a family's residential choices and life opportunities.

Thanks!
