NEWS AND UPDATES

In this Announcement:

- 2018 Nationwide Forward Mortgage Limits
- 2018 Nationwide Home Equity Conversion Mortgage (HECM) Limits
- Property Assessed Clean Energy (PACE) Policy Updates

See below for details.

2018 Nationwide Forward Mortgage Limits

Today, the Federal Housing Administration (FHA) published Mortgagee Letter 2017-16, 2018 Nationwide Forward Mortgage Limits, which provides the maximum mortgage limits for FHA-insured Title II forward mortgages. View the corresponding press release in the Press Room on hud.gov.

In accordance with the National Housing Act (NHA), FHA’s Forward Mortgage Limits are set at 115 percent of the area median home price, subject to a National minimum “floor” and maximum “ceiling” limit. The NHA sets the floor and ceiling at 65 percent and 150 percent of the conforming limit, respectively. The nationwide forward mortgage limit floor and ceiling for calendar year 2018 are $294,515 and $679,650¹, respectively, for a one-unit property.

Mortgagees may view this list, along with a list of areas at the ceiling and a list of areas between the floor and ceiling, on the Maximum Mortgage Limits web page. FHA forward mortgage limits are available by Metropolitan Statistical Area (MSA) and county, or by downloading a complete listing.

The new 2018 Title II forward mortgage loan limits are effective for case numbers assigned on or after January 1, 2018, and remain effective through December 31, 2018. The new loan limits will be incorporated into a forthcoming update of the Single Family Housing Policy Handbook 4000.1 (SF Handbook).

Alaska, Hawaii, Guam and the Virgin Islands are subject to a higher “ceiling.” See Mortgagee Letter 17-16 for details.

2018 Nationwide Home Equity Conversion Mortgage (HECM) Limits

Today, the Federal Housing Administration (FHA) published Mortgagee Letter 2017-17, 2018 Nationwide Home Equity Conversion Mortgage (HECM) Limits, which provides the 2018 maximum claim amount for FHA-insured traditional HECM, HECM for purchase, and HECM-to-HECM refinances. View the corresponding press release in the Press Room on hud.gov.

In accordance with the National Housing Act (NHA), the maximum claim amount for FHA-insured HECMs in 2018 will be $679,650 (150 percent of the conforming limit) for all areas.

These limits are applicable for case numbers assigned on or after January 1, 2018, through December 31, 2018.

Property Assessed Clean Energy (PACE) Policy Updates

Today, the Federal Housing Administration (FHA) published Mortgagee Letter 2017-18, Property Assessed Clean Energy (PACE), which communicates revised guidance for insuring single family mortgages secured by properties encumbered with PACE obligations. View the corresponding press release in the Press Room on hud.gov.

The previous policy in the FHA Single Family Housing Policy Handbook 4000.1 (SF Handbook) permitted FHA-insured mortgage financing for properties encumbered with a PACE obligation. However, due to the priority lien status given to PACE obligations, this policy posed unreasonable risks to the Mutual Mortgage Insurance Fund (MMIF).

To mitigate risks to the MMIF that PACE obligations pose, revised policies in Mortgagee Letter 2017-18, Property Assessed Clean Energy (PACE), require the satisfaction of the PACE obligation as a condition of eligibility for FHA insurance.

The guidance in this Mortgagee Letter is effective for all case numbers issued thirty days after the date of this Mortgagee Letter. All policy updates will be incorporated into a forthcoming update of the SF Handbook.
