TRACS Forum Implementation - May 24, 2021

The Office of Multifamily Housing Programs (MFH) is re-establishing the TRACS Forum to encourage information exchange between property owners and agents, contract administrators, state housing finance agencies, housing and community development researchers, academics, policymakers, and affordable housing practitioners.

The TRACS Forum invites stakeholders to share their expertise, experiences, and knowledge to identify best practices, promote better decision-making, spark innovation, and improve the administration of MFH rental assistance programs, community development, urban planning, and other housing-related issues.

MFH is deploying the TRACS Forum on Monday, May 24, 2021.
