Any interested individual may submit a GRAMA request to obtain a copy of any violations that have been noted at a licensed program. Variances of rules are available as public record and can be obtained through the Office of Licensing. Rules and statutes that include the standards that licensing requires and the enforcement procedures are available at www.hslic.utah.gov. This letter is our annual certification that the State of Utah is in compliance with Section 1616(e) of the Social Security Act.

The Office of Licensing and the Division of Services for People with Disabilities will continue to monitor all areas for improvement of these residential programs. Providers are to be in compliance with all applicable rules, statutes and contract terms. All providers are currently in compliance with these rules, statutes and contract terms.
