Affected Programs
This guidance applies to FHA Title II forward mortgages secured by properties in Affected Counties due to Puerto Rico’s Hurricane Maria DR-4339 and U.S. Virgin Islands’ Hurricane Maria DR-4340.
Background

HUD Handbook 4000.1, Section III.A.3.c.ii requires an initial moratorium on foreclosures of insured mortgages secured by properties within a Presidentially-Declared Major Disaster Area (PDMDA) for a ninety (90) day period from the date of each PDMDA declaration. The initial moratorium applies to the initiation of foreclosures and foreclosures already in process. Pursuant to Section III.A.3.c.ii.(A), HUD may communicate further specific guidance for extension of moratorium periods for individual disasters.

Information on the above-referenced Hurricane Affected Counties can be found on FEMA’s website at www.fema.gov or by calling a regional FEMA office. The FEMA Regional Contacts’ page www.fema.gov/fema-regional-contacts, has links to phone numbers for their regional offices.

Summary of Changes

HUD is extending its current Foreclosure Moratorium, expiring on May 18, 2018, for a maximum additional 90-day period for certain properties impacted by Hurricane Maria in Puerto Rico and the U.S. Virgin Islands. This extension is only applicable for FHA-insured mortgaged properties in Affected Counties in Puerto Rico and the U.S. Virgin Islands if the Conditional Extension of the Foreclosure Moratorium requirements specified in the section below have been satisfied.

Conditional Extension of the Foreclosure Moratorium in Puerto Rico and the U.S. Virgin Islands

Due to the extensive damage in FEMA-designated Individual Assistance Areas within the PDMDA for Hurricane Maria, HUD is exercising its authority to provide a 90-day extension of the current Foreclosure Moratorium in Affected Counties if the mortgage was no more than 60-days past due as of the date of the Presidentially-declared Major Disaster Declaration and the Borrowers have not already been approved for Forbearances or other Loss Mitigation options. The requirements for the Foreclosure Moratorium extension are as follows:

- On or before July 18, 2018, the Mortgagee must:
  - Assess the status, condition, and habitability of the mortgaged property (e.g., by using a property inspection report, repair estimate, etc.);
  - Determine the Borrower has not previously been approved for Forbearances or Loss Mitigation Options and communicate with the Borrower(s) to obtain information needed for the evaluation in
accordance with FHA’s Single-Family Policy Handbook 4000.1, Section III.A.3.c.iv and Mortgagee Letter 2018-01;
  o Determine if the Borrower has unrepaired home damage and, if so, obtain the Borrower’s commitment to work with the Mortgagee to develop and implement a viable plan to repair or rebuild the damaged mortgaged property, resolve the mortgage delinquency, and occupy the mortgaged property. (See Model Document, Exhibit A, for use.); and
  o Have the Borrower(s) complete and execute all required documents for approved loss mitigation options.

If the above criteria have been met, the Foreclosure Moratorium may be extended for the Borrower through August 16, 2018.

For details on why HUD selected these specific criteria, please refer to the justifications set forth at: https://www.hud.gov/program_offices/housing/sfh/lender/lossmitig

Borrowers already approved for Forbearances or other Loss Mitigation options

Mortgagees must not initiate or continue a foreclosure proceeding on an FHA-insured mortgage while the Borrower is performing under an approved Forbearance or other Loss Mitigation Agreement. Upon expiration of an approved Forbearance period, the Mortgagee must evaluate the Borrower for possible additional Forbearance and other Loss Mitigation options in accordance with FHA Single Family Policy Handbook 4000.1, Section III.A.3.c.iv and Mortgagee Letter 2018-01.

Mortgagee Action Before Initiation of Foreclosure

Mortgagees are reminded that in accordance with FHA’s Single-Family Policy Handbook 4000.1, Section III.A.2.r.i.(C), a Mortgagee may initiate a foreclosure for monetary default only after at least three consecutive full monthly Mortgage Payments are due but unpaid and one of the following conditions has been met:

- The Mortgagee has completed its review of the Borrower’s loss mitigation request, determined that the Borrower does not qualify for a Loss Mitigation Option, properly notified the Borrower of this decision, and rejected any available appeal by the Borrower.
- The Borrower has failed to perform under an agreement on a Loss Mitigation Option, and the Mortgagee has determined that the Borrower is ineligible for other Loss Mitigation Options.
- The Mortgagee has been unable to make a determination of the Borrower’s eligibility for any Loss Mitigation Option due to the Borrower not responding to the Mortgagee’s efforts to contact the Borrower.
