Schultz, Brooke	10/02/2023	Request coming from Brooke Schultz Are there any records associated with subject property: [REDACTED] pursuant to 42 U.S.C. 1437d(k), a housing authority is generally required to provide a public housing tenant with the opportunity for an administrative hearing before commencement of eviction proceedings in court. The statute and HUD's implementing regulations at 24 CFR part .966 state that for certain criminal-related evictions the housing authority may bypass the administrative hearing. However, HUD must first make a determination that local law requires a pre-eviction court hearing that provides the basic elements of due process (a "due process determination"). This notice lists the judicial eviction procedures for which HUD has issued a due process determination. These records would evidence that minimum requirements to ra dispossessionary proceeding have been completed. Or any records associated with the requester. Thanks in advance, Brooke Schultz (Date Range for Record Search: From 01/01/2023 To 09/26/2023)	23-FI-RO4-02106	11/09/2023	Denied in Full

Holcomb, Glynda Bamberg, Jennifer	10/23/2023	1. want full release of electronic applications and scanned paper applications for equal and affordable housing opportunities for the state of Hawaii—including all counties, meaning islands. These applications were filed as far back as 2016, 2020, and this year via poor instructions creating duplicate submissions. 2. am seeking records related to HUD's Office of Public and Indian Housing programs, specifically associated with the CHA. Please provide the following regarding all closed and open RAD translations (please specify whether it is closed or open) between June 1, 2015 to Oct 20, 2022: 1. All open status (please omit closed transactions) notices of Anticipated RAD Rents Letters sent from the Urban Revitalization Division Office of Public Housing Investments to the Chicago Housing Authority, including exhibit A (see page 14 in the attachment). 2. The following sections from HUD form 50157 (please see attachments): Section 1: Project Information, Section 4: Key Development Partners and Participating Parties (the cover sheet only, please do not include descriptions provided by applicants about the development team), and Section 5: Project Schedule. 3. If not already included in the above documents, please also include documents sufficient to show for each individual transaction the number of units being converted under RAD if those units are from multiple addresses, and please list those unit's addresses. For instance, 24 CFR § 983.202 provides, in part, "With the exception of single family scattered site projects, a HAP contract shall cover a single project [for RAD conversions]." 4. All inventory removals via the PIC (please see an example here, where it says, "HUD does the work of the HA in the removals."). Please also show all applications submitted to the PIC for projects to be "Removed from Inventory/RAD" in Chicago, along with any associated land and other non-dwelling buildings to be converted. Please note that this photo essay/case study published 11/20/2019 says there have been 28 transactions converting 5,000 residential units to RAD in Chicago since 2015. Please also note that the RAD Resource Desk website is down and I have not been able to access it since finding it. Please notify me at your earliest convenience if this request is going to be denied as being unduly burdensome or if this department retains no such records. I would prefer the documents to be emailed to (b)(6) preferably in PDF, Excel, or csv file list format, or shared through a file-sharing service. If possible, please provide the documents on a rolling basis as they are processed. (Date Range for Record Search: From 1/1/2015 To 10/20/2022)	23-FI-HQ-00172	06/28/2024	Granted/Denied In Part

Sirota, Eric	11/02/2023	Dear Mr. Cunningham: This is a request for public records pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552. The "building" refers to the Abbey Apartments at Four Lakes in Lisle, Illinois, i.e., the property referred to here: https://www.abbey4lakes.com/ . The owner of the building, the owners' agents, contractors and anyone else that may receive payments from HUD on behalf of the owner or engaging with HUD on behalf of the owner is referred to as "owner." Please provide any document: 1. That extends HUD's subsidy, or HAP, contract regarding the building or delays the owner's opt-out of the HUD subsidy, or HAP, contract regarding the building past October 2023. 2. That serves as a basis for, or describes any arrangement for, HUD to make payments to the owner after October 2023 in order to pay a portion of the rent for building residents who are, or were within the last six months, tenants under the Project Based Section 8 subsidy program or other program involving subsidy payments paid from HUD to owner for the building. Numbers 1 and 2 will be referred to as the "main documents." 3. Any correspondence, other documents, or the like which alters, clarifies, confirms, supplements, or informs the meaning and terms of the main documents. Please provide documents as you receive them. We know that there was an opt-out extension lasting until the end of October 2023, but HUD has paid subsidies for November 2023 and has a mechanism to pay subsidies for the coming months. We are looking for the document(s) reflecting and describing that arrangement, be it an opt-out extension or some other arrangement. Please provide the records in electronic format. If any of the requested materials are available at no cost online, provision of the exact web address may be substituted.	24-FI-R05-00254	11/14/2023	Granted in Full

Becker, Scott	11/06/2023	I would like to make a FOIA request to HUD Headquarters related to the owner/borrower contact information on FHA-insured multifamily loans in the United States. This request has likely already been made by others in the past, so may I suggest that instead of taking up resources to process a new request for the same information, to simply provide data that was already compiled for any recent previous request. This is the information from HUD's Integrated Real Estate Management System that I am seeking on each active FHA-insured mortgage in the United States from 2012 to present time: - FHA Number - Property Name - Property City - Property State - Property No. Units - SOA Name/Category - Borrower Org Name - Borrower Org Address - Borrower Org City - Borrower Org State - Borrower Org Zip Code - Borrower Contact Full Name - Borrower Contact Phone Number - Borrower Contact Email Address If the data can't be replicated for separate requests, then consider this my formal FOIA request and please provide the timeframe and estimated fees required for completion. Completed information in excel or comma delimited format can be sent to: Scott Becker Scott@b6.com Thank you! -Scott Becker	24-FI-HQ-00308	-	-

Pardo, Michelle	11/06/2023	Subject: Request for Full Investigation Report - Case Number (b)(6). I am writing to bring your attention to an urgent matter regarding the ownership status of my property, as well as the improper recording of documents at the county level. I in the past received information from a thorough investigation conducted by the Department of Housing and Urban Development (HUD) and the Federal Housing Administration (FHA) regarding the aforementioned case number, (b)(6). The investigation revealed significant discrepancies in the deed ownership and recorded documents. According to the investigation report, it was discovered that the property deed for (b)(6) Loveland CO 80537] was foreclosed inaccurately due to the so called recorded deed under the name of US Bank for SASCO Trust 2006 RP4, whereas the true owner of the property is Michelle Andrews Pardo. Furthermore, Larimer County, CO, foreclosed on Mrs. Pardo and provided her with two Cavers reports in 2015, which were subsequently dismissed. Unfortunately, these documents were not properly updated at the county level, and the incorrect owner information still persists on public records. Mrs. Pardo is still the property owner of the deed as it should be recorded. It is essential that the HUD investigation report, which outlines the findings and discrepancies in detail, be provided in its entirety to Mrs. Pardo. She intends to sell the property and is currently facing challenges due to the incorrect deed ownership listed by the county. As the rightful owner, Mrs. Pardo has never signed the deed over to anyone, and no Cavers have been paid to date in her name for a rightful foreclosure to the bank that was given a non judicial foreclosure by the county that had improper filings and was notified but still gave evicted Mrs. Pardo and her family twice from her home and still felt it necessary to not allow her to show the importance to her due process of the full investigation HUD and the FHA Resource Center. Upon calling to get the full investigation paperwork again after almost being evicted again she was told to get the full investigation from the FOAI hud.gov department offices. This is the second formal request as this is necessary for her to get this as soon as possible or there could be another possibility of losing her home again. This has become a very complicated topic and the County is not allowing for the paperwork to be properly documented and this title. The assignments have all been cleared on this deed after Universal Lending Corporation and Wells Fargo Lending Corporation. Yes it has been a bit on this deed but the investigation information that was done had the 100% correct information and was accurate and was completed after the County had done the second eviction. I will attach the original email that was sent that allowed me prove that the eviction was illegal and the home on Harding was my property and again I was the owner of the deed. Given the urgency and importance of this matter, I kindly request that you expedite the process of providing the full investigation report. The report will serve as crucial evidence to rectify the inaccurate county records and enable Mrs. Pardo to proceed with the sale of her property smoothly. I understand that you may require additional information or have questions regarding this request.			24-FI-HQ-00295	12/10/2024	Other Reasons - No Records

Boris, Robert	11/20/2023	Citizen Looking for After awarding the Housing Assistance Payments (HAP) contract, what process does HUD have in place to oversee, inspect, and verify that the scope of work items approved in the application and identified in the CNA are completed by the HAP contract recipient? Were they followed in this case? The Local Tax Incentive agreement stipulated specific timeframes for the capital investments to be made by the developer. Are these timeframes reflected in HUD's approval of the HAP contract? Was HUD aware these improvements were being funded by the Town and City of Grotton, and if so, how would this fact impact the favorability of the application? What percentage of applications for HAP contracts from operators/developers received by your office do you see using local tax incentive agreements or similar mechanisms funded by municipalities versus funding the Capital Needs Assessment (CAN) investments themselves?	24-FI-RO1-00394	12/28/2023	Other Reasons - No Records

Schultze, M.L.	11/27/2023	Dear Mr. Cunningham: I am filing this FOI request for information regarding HUD-action tied to the high-rise formerly known as McKinley Park apartments at 510 High Avenue SW, Canton, OH. The complex is a Stark Metropolitan Housing Authority property that was shuttered before 2020, remains boarded up, and continues to deteriorate and contribute to blight in the neighborhood. Plans to renovate it have been shelved. SMHA says, because they proved to be too expensive. As members of St. Paul's Episcopal Church, which serves the neighborhood around McKinley Park, we have been told by SMHA that it hopes to either sell or demolish the property and is awaiting HUD's guidance/orders to determine what to do next. So this request is for: • Any communications regarding the property between SMHA and HUD, including communications regarding the structural integrity and costs of renovation. • Any timeline that has been tentatively or definitively settled on between the local and federal agencies to determine the use of the property. • Any additional information HUD needs to make a decision. • Any other information you think would be useful in helping us understand what is involved in resolving the situation.	24-FI-RO5-00414	12/29/2023	Granted in Full

Richmond, Glenda	12/07/2023	Ultimately, the Apartment has been wholly inadequate in renovating the building to a clean safe and healthy living space. Considering that the Apartment continues to have constant pest infestations and there have been inadequate upgrades made to the units, the tenants believe that there has been a lack of sufficient oversight over the Apartment's use of its renovation financing. The Apartment is not in a better condition than it was in 2011; there have been little to no capital improvements. It is not clear how increasing the rent will improve the operation and maintenance of the Apartment when many of the repairs and renovations planned over a decade ago have not been completed. The requested documents are sought to determine which party (is) submitted "A Request for Approval of an Increase in Maximum Permissible Rents", and what commitments those parties have made to capital improvements, ADA compliance to seniors with disabilities and maintenance of the Property (e.g., eradicate rodent infestation in ceiling and flooring) in accordance with District of Columbia and Federal housing laws and regulations. This information is essential to the public to understand the operations and management of a property receiving government subsidies. To the extent that waiver is not granted, Requester hereby agreed to pay fees not to exceed \$100.00 in connection with this FOIA request. To the extent possible, please disclose all information in connection with this FOIA request in electronic form and send them by email to [b](6) or on media such as a CD or DVD. If the file sizes of the records are too large to be emailed or provided on electronic media, please contact the Undersigned to arrange another method for the information.	24-FI-RO3-00495	-	-

I am a professor at Washington University in St. Louis, and I am interested in submitting a request for research purposes. That said, we would need information on all CNI applicants. If possible, we would also like to request applicant scores, so that we can compare somewhat similar awardees and non-awardees. My questions are: 1. Does HUD have this information? 2. Have FOIAs of this type been approved in the past? Please let me know at your earliest convenience. Smithers, Angela	12/14/2023	Re: 203k Renovation Loan Builder/Contractor Good morning, -HUD Offices. I hope this message finds you well. I am requesting a list of contractors within the state of Texas (specifically the Houston region/area) that were able to successfully complete the 203k FHA builder/contractor requirements between the years of 2020 to 2023. There seems to be enormous difficulty with 1. requiring builder references to disclose their personal information and how much they spent on renovations; 2. the breakdown of material cost to the very dollar when prices change from week to week, month to month, and year to year; 3. the stringent formatting of acceptable bids (see the one and only layout accepted by one lender attached). As a veteran, I would love to buy and own a home that is not necessarily new. As a federal employee, I am well aware of the lengths we are going through to provide a better user experience in all agencies across the board. Only by bringing issues to light can we make steps to better the process. And we don't know what we don't know. It's only by experiencing and observing issues first hand that I am able to request a review of the 203k builder/contractor procedures. Too few capable small businesses are being filtered out because of this. Personally, I am asking for a listing of 203k contractors/builders that have been successful in navigating and completing the process as a FOIA request to streamline the months-long process. Thank you for acknowledging my request and I hope to receive the data listing soon.	24-FI-RO8-00973	02/08/2024	Granted in Full

All agency memorandums, memorandums for record (MFR's), memorandums of understanding (MOU's), policies, directives, event flyers or descriptions, grants or contracts between the agency and the Partnership for Public Service, including all supporting or supplemental documents. Kikkert, Donna	12/20/2023	This is in regard to HUD case name Property West Residential, Inc., HUD PRNS (b)(6) wherein a complaint was filed on June 12, 2018. Said complaint alleged that the complainant had been subjected to duress because of chronic smokers who had moved in next to her apartment. Respondent agreed to forgive complainant's debt of (b)(6) Was this debt based upon complainant's stand to withhold rent because the landlord was forcing her to live next to chronic smokers? If so, precedent has been set, and would it be reasonable to believe that being in the same situation, I would be allowed to withhold rent until my landlord moves me to an apartment furthest away from chronic smokers who are in an apartment next to mine? Also, are you aware of any other HUD cases where a tenant withheld rent because the landlord refused the reasonable accommodation of moving a tenant away from chronic smokers?	24-FI-RO5-00610	12/20/2023	Other Reasons - Improper FOIA Request for Other Reasons

To further narrow down the scope of the request, requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread.
