

U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT
WASHINGTON, DC 20410-5000

PRINCIPAL DEPUTY ASSISTANT SECRETARY
FOR PUBLIC AND INDIAN HOUSING

Special Attention of:
Directors of HUD Regional and Field
Offices of Public Housing;
Agencies that Administer the
Housing Choice Voucher Program

Notice PIH 2024-18 (HA)

Issued: June 3, 2024

Expires: This notice remains in effect until
amended, superseded, rescinded.

Cross References: *Section 8 Housing
Choice Vouchers: Revised Implementation
of the HUD Veterans Affairs Supportive
Housing Program* published in the *Federal
Register* on September 27, 2021.

Subject: 2024 Registration of Interest for HUD-VASH Vouchers

1. Purpose. This notice announces the availability of approximately \$78 million in HUD-Veterans Affairs Supportive Housing (HUD-VASH). HUD anticipates that this funding will support approximately 7,800 new HUD-VASH vouchers. These vouchers are administered in partnership with the U.S. Department of Veterans Affairs (VA) and enable homeless veterans and their families to access affordable housing with an array of supportive services.

HUD-VASH vouchers are authorized under section 8(o)(19) of the United States Housing Act of 1937, as modified by the requirements in the Consolidated Appropriations Act, 2024 (Public Law 118-42, approved March 9, 2024) (Act). The Act provides a total of \$15 million in funding for HUD-VASH, with \$5 million of this funding being made available for vouchers under this notice. The additional \$73 million in funding is available from prior year appropriations. In accordance with the 2024 Act, up to \$10 million of the appropriated funds may be utilized for additional fees established by and allocated pursuant to a method determined by the Secretary for administrative and other expenses of PHAs in administering HUD-VASH vouchers. HUD has made all \$10 million for additional fees available to PHAs administering a HUD-VASH program under PIH Notice 2024-10.

2. Background. The HUD-VASH program combines HUD Housing Choice Voucher (HCV) rental assistance for homeless veterans and their families with case management and clinical services provided by the VA at its medical centers (VAMC) and community-based outpatient clinics (CBOCs) or by VA contractors or VA designated entities. The VA facility refers all eligible HUD-VASH families to the PHA.

Generally, the HUD-VASH program is administered in accordance with the HCV regulations in 24 CFR part 982 and the project-based voucher (PBV) regulations in 24 CFR part 983 (in cases where VASH vouchers are project-based). However, the Act allows HUD (in consultation with the VA) to waive or specify alternative requirements for any provision of any statute or regulation that HUD administers in connection with this program in order to effectively deliver

and administer HUD-VASH assistance (except for requirements related to fair housing, nondiscrimination, labor standards, and the environment), upon a finding by the Secretary that any such waivers or alternative requirements are necessary for the effective delivery and administration of such voucher assistance.

Waivers and alternative requirements for HUD-VASH are detailed in the Revised Operating Requirements published in the *Federal Register* at 86 FR 53207 on September 27, 2021. This and other documents pertinent to the program can be found on the HUD-VASH website at: https://www.hud.gov/program_offices/public_indian_housing/programs/hcv/vash

3. Summary of Allocation Process. Under the Act, HUD-VASH funding must be awarded based on geographic need, PHA administrative performance, and other factors specified by HUD. Consistent with the requirements of the Act, HUD will award tenant-based HUD-VASH vouchers based on geographic need to eligible PHAs who self-identify to HUD their interest in receiving an allocation. The awards will follow a two-step process:

- (1) Eligible PHAs will respond to this notice via the Registration of Interest link located on the HUD-VASH webpage. The link is provided here for reference:
https://www.hud.gov/program_offices/public_indian_housing/programs/hcv/vash.

Please note that signed Letters of Support from the partnering VAMC's Medical Center Director are required and should be uploaded at the time of PHA submission. See Section 7 of this notice for detailed instructions.

- (2) Based on a relative need formula, using VA Gap Analysis data, registered PHAs will receive an invitation to apply for a specific number of HUD-VASH vouchers.

PHA administrative performance will be determined as detailed in Section 6 of this notice and based on their demonstrated HUD-VASH leasing capacity. The leasing capacity criteria ensures that PHAs in communities where there is the greatest likelihood that homeless veterans and their families will be housed promptly receive HUD-VASH vouchers. The leasing capacity, or utilization threshold, criteria is explained in detail in Section 6.a. of this notice.

4. Registration of Interest Due Date. The FY24 HUD-VASH Registration of Interest form, located on the HUD-VASH webpage (https://www.hud.gov/program_offices/public_indian_housing/programs/hcv/vash), must be submitted no later than midnight in the time zone of the PHA on Friday, August 30, 2024. See Section 7 for all Registration of Interest Requirements.

5. Eligible Applicants. PHAs currently administering the HCV program that also meet the threshold criteria detailed in Section 6 below are eligible to submit a Registration of Interest under this notice.

PHAs without a current HUD-VASH program are not subject to the utilization threshold requirements outlined in Section 6.a of this notice and are eligible to submit a Registration of Interest if the other threshold requirements in Section 6.c. are met.

NOTE: Non-profit agencies that only administer HCV Mainstream vouchers are not eligible to submit a Registration of Interest under this Notice.

6. Threshold Criteria. The following threshold factors must be met in order for a PHA to be eligible to receive an award of HUD-VASH vouchers under this notice.

- a. The threshold criteria described in this section apply only to PHAs with an existing HUD-VASH Program of greater than 15 existing HUD-VASH vouchers.
 - (1) PHAs must have a current HUD-VASH voucher unit utilization rate of 70 percent or higher as of February 2024, or as of the most recent comprehensive set of validated data available to HUD at the time of award, whichever is higher.
NOTE: *Unit utilization rate is defined as Voucher Management System (VMS) reported HUD-VASH February 2024 Unit Months Leased (UML) divided by total HUD-VASH vouchers awarded to date. (Please note that this is total awards, not effective awards).*

PHAs can review the VMS data HUD uses to establish the utilization threshold criteria by accessing the public data dashboard located at the following link: https://www.hud.gov/program_offices/public_indian_housing/programs/hcv/dashboard.

The following is only for PHAs with greater than 15 HUD-VASH vouchers that do not meet the general utilization threshold requirement outlined above. These PHAs may be eligible for an exception to the utilization criteria due to an intent to PBV.

- (2) PHAs that have initiated the solicitation process to project-base HUD-VASH vouchers in accordance with 24 CFR part 983 that do not meet the 70 percent utilization threshold criteria above may be eligible under the Project Basing Exception. If the required criteria are met, the PHA's HUD-VASH units "formally identified" for project-based vouchers (PBV) will be removed from the PHA's "total HUD-VASH vouchers awarded to date" denominator when calculating HUD-VASH utilization rate. The resulting utilization rate must still be above 70 percent. All types of PBV units are eligible to be included: existing housing units, newly constructed units, and rehabilitated units. Both units owned by the PHA and units that are not PHA-owned qualify under this exemption.

Per Notice PIH 2017-21, Attachment C, PHAs must submit to HUD to (pbvsubmission@hud.gov) PBV information (outlined in Attachment C, 2, a) no later than 14 calendar days prior to undertaking of actions outlined in Attachment C, 2, b).

To be eligible for this exception, PHAs must upload a copy of their confirmation email received from pbvsubmission@hud.gov in response to the PHA's notification of intent to project base HUD-VASH vouchers documenting review

and approval of required information with their Registration of Interest. All confirmation emails must be dated on or before Friday, August 30, 2024.

Further, if a PHA is uncertain about whether or not it meets any of the above threshold criteria, the PHA may send an inquiry to VASH@hud.gov.

- b. PHAs, as required by the Act, must demonstrate the capacity to successfully administer the HUD-VASH program. In addition to the utilization threshold, PHAs must not have any major unresolved program management findings from an Inspector General audit, HUD management review, or Independent Public Accountant (IPA) audit for the PHA's HCV program, or other significant program compliance issues that were not resolved, or in the process of being resolved, as determined by HUD, prior to this notice's application deadline. Additionally, outstanding civil rights matters must be resolved to HUD's satisfaction before the application deadline. Applicants, who after review are confirmed to have civil rights matters unresolved at the application deadline, will be deemed ineligible. Their applications will receive no further review and they will not receive funding.

If a PHA is unsure whether these criteria are met, it should contact the PHA's HUD Office of Public and Indian Housing (PIH) Field Office point of contact.

- c. All Registrations of Interest must include a signed Letter of Support from the partnering VA facility's Medical Center Director.

7. Registration of Interest Requirements. PHAs must consult with their partnering VA facility to discuss their intentions of submitting a Registration of Interest and request a Letter of Support for HUD-VASH vouchers under this notice. Letters of support from the VA do not need to include a specific number of vouchers requested because the number of vouchers offered to a PHA will be determined by a formula.

PHAs are encouraged to consult with the Continuum of Care (CoC) lead agency to discuss their intention of submitting a Registration of Interest. CoC planning is a critical tool in identifying resources, assessing a community's capacity, and developing solutions to challenges those homeless veterans and their families face. PHAs are not required to provide a letter of support from the lead CoC or CoC partnering agencies.

- a. PHAs must complete the FY24 HUD-VASH Electronic Registration of Interest form located on the HUD-VASH webpage (https://www.hud.gov/program_offices/public_indian_housing/programs/hcv/vash), identifying that they are interested in receiving HUD-VASH vouchers. If a PHA partners with more than one VA facility, the PHA must complete a separate Registration of Interest form with the signed letter of support for each partnering VA facility. Please note that at the time of completion, the PHA Point of Contact will need the signed Letter of Support from the PHA's partnering VAMC/CBOC).

- (1) PHAs will be asked to enter information on the PHA (PHA name and code, the PHA Executive Director's Name and email, the name of your partnering VAMC (or CBOC)), information from the partnering VA (the Veterans Integrated Services (VISN) number, and the facility's Station ID (For example: Birmingham VA Medical Center, VISN 7, Station 521).
 - (2) Electronic Registration of Interest Form submissions must include an upload of a signed Letter of Support from your partnering VA facility Medical Center Director. Registration of Interest submissions without a valid, corresponding letter of support uploaded will not be curable and will not be considered for an award.
- b. PHAs that would like HUD to consider the intent to project base HUD-VASH vouchers in the Registration of Interest allocation process must provide the following information.
- (1) **Utilization Threshold** – PHAs seeking consideration under the PBV utilization threshold exception described in Section 6 of this notice must upload a copy of the correspondence received from pbvsubmission@hud.gov in accordance with Attachment C, 2c and 2d of [Notice PIH 2017-21](#), in response to the PHA's notification of intent to project-base HUD-VASH vouchers, documenting review and approval of required information and notice of its intent to project-base HUD-VASH vouchers.
 - (2) **Allocation Cap** – PHAs seeking consideration of intent to PBV in HUD's allocation methodology described in Section 8 of this notice must upload a copy of the correspondence received from pbvsubmission@hud.gov in response to the PHA's notification of intent to project base HUD-VASH vouchers documenting review and approval of required information and notice of its intent to project-base HUD-VASH vouchers. The number of vouchers requested to complete a PBV project(s) must also be included.
- c. All Registrations of Interest must be transmitted no later than midnight in the time zone of the PHA on Friday, August 30, 2024.
- (1) After successful completion of the FY2024 HUD-VASH Registration of Interest form, the sender will receive a "submission confirmation" email, confirming receipt. *If you do not receive an email confirming receipt, your submission was not received, and the PHA will not be considered for an award.*
 - (2) Emails, faxes and hard copy submissions will not be accepted. Note: receipt of a "submission confirmation" message does not validate whether or not the Registration of Interest is complete. Please review the notice in its entirety to ensure all requirements are met.

8. Formula Used for Allocating HUD-VASH Vouchers. The allocation of HUD-VASH vouchers will be awarded based on a relative need formula using the VA Gap Analysis. The VA Gap Analysis integrates data from both VA and HUD, as well as feedback from community partners. Specifically, it incorporates annual Point-in-Time count and Housing Inventory Count (HIC) data using a crosswalk of VAMC and Continuum of Care jurisdictions. It takes into consideration utilization of existing resources to estimate current and future need at each VAMC.

NOTE: PHAs registering interest with an intent to project base HUD-VASH vouchers will be given an opportunity to specify the number of vouchers needed for their PBV project and the maximum number of vouchers they are willing to accept following submission of their registration of interest.

PHAs will be eligible to receive vouchers based on the imputed need (total calculated need of their geographic location) and confirmation of VAMC support and PBV notification to HUD. The allocation offered will be capped at the total estimated need of the community registering interest and based on the availability of funding. If the number of vouchers requested by a PHA for PBV exceeds the total estimated need based on the formula, PHAs will be capped at their total estimated need. Partnering VAMCs will be given an opportunity to confirm support of the allocation offered to the PHA.

Example 1: A PHA registers interest for an allocation of HUD-VASH vouchers using the PBV exception and informs HUD that a total of 50 vouchers are needed to complete their PBV project, as indicated in their email correspondence to pbvsubmission@hud.gov and in their Letter of Support from their partnering VAMC's Medical Center Director. After running the HUD-VASH formula, it is determined that the imputed need for the PHA's jurisdiction is 70 vouchers (greater than the number of vouchers requested by the PHA). In this scenario, based on funding availability, HUD would award the 50 vouchers needed to complete the PHA's PBV project.

Example 2: A PHA registers interest for an allocation of HUD-VASH vouchers using the PBV exception and informs HUD that 50 vouchers are needed to complete their PBV project as indicated in their email correspondence to pbvsubmission@hud.gov and in their Letter of Support from their partnering VAMC's Medical Center Director. After running the HUD-VASH formula, it is determined that the imputed need for the PHAs jurisdiction is 30. In this scenario HUD would cap the PHA at their total estimated need and award the PHA 30 vouchers.

9. Minimum/Maximum Number of Vouchers. HUD is establishing a minimum and maximum number of vouchers offered under this notice. Any single PHA may be invited to apply for a minimum of five (5) vouchers and a maximum of five hundred (500) vouchers under this notice; this is applicable to both new and existing administrators of the HUD-VASH program. Additionally, each VAMC will be capped at one thousand (1,000) vouchers.

10. Invitation of PHAs. Selected eligible PHAs will receive an invitation via email to apply for

a specific number of HUD-VASH vouchers. This number is the maximum number of vouchers being offered. PHAs may choose to apply for fewer vouchers. Additional instructions will be included in the invitation letter. HUD may award any remaining HUD-VASH funds via invitation to additional eligible PHAs at any time based on availability of funding and geographic need as required by the 2024 Act.

11. Use of HUD-VASH Assistance Project-Based Vouchers. PHAs may use HUD-VASH assistance for PBVs at any time after award, provided all the established PBV regulations and requirements are followed. No additional HUD Headquarters approvals are required for project basing HUD-VASH vouchers beyond the normal process. For additional guidance, PHAs should review PIH Notice 2017-21, Implementation Guidance: Housing Opportunity Through Modernization Act of 2016 (HOTMA) — Housing Choice Voucher (HCV) and Project-Based Voucher (PBV) Provisions.

12. Information Contact. All inquiries about this notice should be directed to VASH_ROI@hud.gov.

13. Paperwork Reduction Act. The information collection requirements contained in this notice have been approved by the Office of Management and Budget (OMB) under the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C 3520). In accordance with the PRA, HUD may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection displays a currently valid OMB control number. The active information collections contained in this notice have been approved under the PRA OMB Control Number 2577-0169.

Richard J. Monocchio
Principal Deputy Assistant Secretary
Office of Public and Indian Housing
