The Lender must obtain a copy of the Borrower's final divorce decree, legal separation agreement, court order, or voluntary payment agreement with documented receipt.

When using a final divorce decree, legal separation agreement or court order, the Lender must obtain evidence of receipt using deposits on bank statements, canceled checks, or documentation from the child support agency for the most recent three months that supports the amount used in qualifying.

The Lender must document the voluntary payment agreement with 12 months of canceled checks, deposit slips, or Tax Returns.

The Lender must provide evidence that the claimed income will continue for at least three years. Use the front and pertinent pages of the divorce decree/settlement agreement and/or court order showing the financial details.

(c) Calculation of Effective Income

When using a final divorce decree, legal separation agreement or court order, if the Borrower has received consistent Alimony, Child Support, and/or Maintenance Income for the most recent three months, the Lender may use the current payment to calculate Effective Income.

When using evidence of voluntary payments, if the Borrower has received consistent Alimony, Child Support, and/or Maintenance Income for the most

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

recent six months, the Lender may use the current payment to calculate Effective Income.

If the alimony, child support or other maintenance payments have not been consistently received for the most recent six months, the Lender must use the average of the income received over the previous two years to calculate Effective Income. If Alimony, Child Support, and/or Maintenance Income has been received for less than two years, the Lender must use the average over the time of receipt.

(3) Military Income

(a) Definition

Military Income refers to income received by military personnel during their period of active, Reserve, or National Guard service, including:

- base pay
- Basic Allowance for Housing
- clothing allowances
- flight or hazard pay
- Basic Allowance for Subsistence
- proficiency pay

The Lender may not use education benefits as Effective Income.

(b) Required Documentation

The Lender must obtain a copy of the Borrower's military Leave and Earnings Statement (LES). The Lender must verify the Expiration Term of Service date on the LES. If the Expiration Term of Service date is within the first 12 months of the Loan, Military Income may only be considered Effective Income if the Borrower represents their intent to continue military service.

(c) Calculation of Effective Income

The Lender must use the current amount of Military Income received to calculate Effective Income.

(4) Mortgage Credit Certificates

(a) Definition

Mortgage Credit Certificates refer to government loan payment subsidies other than Section 8 Housing Choice Vouchers.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(b) Required Documentation

The Lender must verify and document that the Governmental Entity subsidizes the Borrower's Loan Payments either through direct payments or tax rebates.

(c) Calculation of Effective Income

Mortgage credit certificate income that is not used to directly offset the Loan Payment before calculating the qualifying ratio may be included as Effective Income. The Lender must use the current subsidy rate to calculate the Effective Income.

The mortgage credit certificate must not be used to offset the Title I Property Improvement Loan Payment.

(5) Section 8 Housing Choice Vouchers

(a) Definition

Section 8 Housing Choice Vouchers refer to housing subsidies received under the Housing Choice Voucher homeownership option from a Public Housing Agency (PHA).

(b) Required Documentation

The Lender must verify and document the Borrower's receipt of the Housing Choice Voucher homeownership subsidies. The Lender may consider that this income is reasonably likely to continue for three years.

(c) Calculation of Effective Income

The Lender may only use Section 8 Housing Choice Voucher subsidies as Effective Income if it is not used as an offset to the monthly Loan Payment. The Lender must use the current subsidy rate to calculate the Effective Income.

The Section 8 Housing Choice Voucher must not be used to offset the Title I Property Improvement Loan Payment.

(6) Other Public Assistance

(a) Definition

Public Assistance refers to income received from government assistance programs.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(b) Required Documentation

Lenders must verify and document the income received from the government agency.

If any Public Assistance income is due to expire within three years from the date of loan application, that income cannot be used as Effective Income. If the documentation does not have a defined expiration date, the Lender may consider the income effective and reasonably likely to continue.

(c) Calculation of Effective Income

The Lender must use the current rate of Public Assistance received to calculate Effective Income.

(7) Automobile Allowance

(a) Definition

Automobile Allowance refers to the funds provided by the Borrower's employer for automobile related expenses.

(b) Required Documentation

The Lender must verify and document the Automobile Allowance received from the employer for the previous two years.

The Lender must also obtain [IRS Form 2106](#), *Employee Business Expenses*, for the previous two years.

(c) Calculation of Effective Income

The Lender must determine the portion of the allowance that can be considered Effective Income.

The Lender must subtract automobile expenses as shown on IRS Form 2106 from the Automobile Allowance before calculating Effective Income based on the current amount of the allowance received.

If the Borrower uses the standard per-mile rate in calculating automobile expenses, as opposed to the actual cost method, the portion that the IRS considers depreciation may be added back to income. Expenses that must be treated as recurring debt include:

- the Borrower's monthly car payment; and
- any loss resulting from the calculation of the difference between the actual expenditures and the expense account allowance.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(8) Retirement Income

Retirement Income refers to income received from Pensions, 401(k) distributions, and Social Security.

(a) Social Security Income

(i) Definition

Social Security Income or Supplemental Security Income (SSI) refers to income received from the SSA other than disability income.

(ii) Required Documentation

The Lender must verify and document the Borrower's receipt of income from the SSA and that it is likely to continue for at least a three-year period from the date of form ~~HUD-56001~~ HUD-92900-TI.

For SSI, the Lender must obtain any one of the following documents:

- Tax Returns (minimum one year);
- the most recent bank statement evidencing receipt of income from the SSA;
- a Proof of Income Letter, also known as a "Budget Letter" or "Benefits Letter" that evidences income from the SSA; or
- a copy of the Borrower's form [SSA-1099/1042S](#).

In addition to verification of income, the Lender must document the continuance of this income by obtaining from the Borrower (1) a copy of the last Notice of Award letter which states the SSA's determination on the Borrower's eligibility for SSA income, or (2) equivalent document that establishes award benefits to the Borrower (equivalent document). If any income from the SSA is due to expire within three years from the date of form ~~HUD-56001~~ HUD-92900-TI that income may not be used for qualifying.

If the Notice of Award or equivalent document does not have a defined expiration date, the Lender must consider the income effective and reasonably likely to continue. The Lender should not request additional documentation from the Borrower to demonstrate continuance of SSA income.

If the Notice of Award letter or equivalent document specifies a future start date for receipt of income, this income may only be considered effective on the specified start date.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

***(iii)*Calculation of Effective Income**

The Lender must use the current amount of Social Security Income received to calculate Effective Income.

(b) Pension

***(i)* Definition**

Pension refers to income received from the Borrower's former employer(s).

***(ii)* Required Documentation**

The Lender must verify and document the Borrower's receipt of periodic payments from the Borrower's Pension and that the payments are likely to continue for at least three years.

The Lender must obtain any one of the following documents:

- Tax Returns;
- the most recent bank statement evidencing receipt of income from the former employer; or
- a copy of the Borrower's pension/retirement letter from the former employer.

***(iii)*Calculation of Effective Income**

The Lender must use the current amount of Pension income received to calculate Effective Income.

(c) Individual Retirement Account and 401(k)

***(i)* Definition**

Individual Retirement Account (IRA)/401(k) Income refers to income received from an IRA.

***(ii)* Required Documentation**

The Lender must verify and document the Borrower's receipt of recurring IRA/401(k) distribution Income and that it is reasonably likely to continue for three years.

The Lender must obtain the most recent IRA/401(k) statement and any one of the following documents:

- Tax Returns; or
- the most recent bank statement evidencing receipt of income.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

***(iii)* Calculation of Effective Income**

For Borrowers with IRA/401(k) Income that has been and will be consistently received, the Lender must use the current amount of IRA Income received to calculate Effective Income. For Borrowers with fluctuating IRA/401(k) Income, the Lender must use the average of the IRA/401(k) Income received over the previous two years to calculate Effective Income. If IRA/401(k) Income has been received for less than two years, the Lender must use the average over the time of receipt.

(9) Rental Income

(a) Definition

Rental Income refers to income received or to be received from the subject Property or other real estate holdings.

(b) Rental Income Received from the Subject Property

***(i)* Standard**

The Lender may consider Rental Income from existing and prospective tenants if documented in accordance with the following requirements.

Net Rental Income may be included in the calculation of the Borrower's DTI ratio if it is stable, properly documented, and expected to continue for at least two years.

Rental Income may be considered if it is shown on an executed lease or the Borrower's Tax Return.

***(ii)* Required Documentation**

Lenders must obtain Tax Returns and all schedules, including Schedule E to IRS Form 1040.

The Lender must also obtain a current lease or other documentation to verify with reasonable assurance that the Rental Income shown on the Tax Return is still being received and can be expected to continue.

***(iii)* Calculation of Effective Income**

The Lender must add the net Rental Income to the Borrower's gross income. The Lender must calculate the Rental Income by averaging the net amount shown on the Schedule E of federal tax returns.

Depreciation, mortgage interest, taxes, insurance, and any HOA dues shown on Schedule E may be added back to the net income or loss.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

Positive net Rental Income must be added to the Borrower's Effective Income. Negative net Rental Income must be included as a debt/liability.

The Lender may not reduce the Borrower's total Title I Loan Payment by the net subject property Rental Income.

(c) Rental Income from Owner-Occupied Properties

If a Borrower resides in one unit of a two- to four-unit Property, Rental Income from the additional units may be added to the gross income. The Rental Income must not be used to offset the Loan, taxes, insurance, or other shared expense for the Property; these items must be considered in the DTI ratio.

The net Rental Income may be verified with an executed one-year lease or the Borrower's Schedule E. The net Rental Income from Schedule E may be increased by the amount of the loan interest, taxes, insurance, and depreciation for the rental unit(s).

(d) Boards of the Subject Property

***(i)* Definition**

Boarder refers to an individual renting space inside the Borrower's Dwelling Unit.

***(ii)* Standard**

Rental Income from Boarders is only acceptable if the Borrower has a two-year history of receiving income from Boarders that is shown on the Tax Return and the Borrower is currently receiving boarder income.

***(iii)* Required Documentation**

The Lender must obtain two years of the Borrower's Tax Returns evidencing income from Boarders and the current lease.

***(iv)* Calculation of Effective Income**

The Lender must calculate the Effective Income by using the lesser of the two-year average or the current lease.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(10) Investment Income

(a) Definition

Investment Income refers to interest and dividend income received from assets such as certificates of deposits, mutual funds, stocks, bonds, money markets, and savings and checking accounts.

(b) Required Documentation

The Lender must verify and document the Borrower's Investment Income by obtaining Tax Returns for the previous two years and the most recent account statement.

(c) Calculation of Effective Income

The Lender must calculate Investment Income by using the lesser of:

- the average Investment Income earned over the previous two years; or
- the average Investment Income earned over the previous one year.

The Lender must subtract any of the assets needed to fund the property improvement project prior to calculating any interest or dividend income.

(11) Capital Gains and Losses

(a) Definitions

Capital Gains refer to a profit that results from a disposition of a capital asset, such as a stock, bond or real estate, where the amount realized on the disposition exceeds the purchase price.

Capital Losses refer to a loss that results from a disposition of a capital asset, such as a stock, bond or real estate, where the amount realized on the disposition is less than the purchase price.

(b) Standard

Capital gains or losses must be considered when determining Effective Income, when the individual has a constant turnover of assets resulting in gains or losses.

(c) Required Documentation

Three years' Tax Returns are required to evaluate an earnings trend. If the trend:

- results in a gain, it may be added as Effective Income; or
- consistently shows a loss, it must be deducted from the total income.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(12) Expected Income

(a) Definition

Expected Income refers to income from cost-of-living adjustments, performance raises, a new job, or retirement that has not been, but will be received within 60 Days of loan closing.

(b) Standard

The Lender may consider Expected Income as Effective Income except when Expected Income is to be derived from a family-owned business.

(c) Required Documentation

The Lender must verify and document the existence and amount of Expected Income with the employer in writing and that it is guaranteed to begin within 60 Days of loan closing. For expected Retirement Income, the Lender must verify the amount and that it is guaranteed to begin within 60 Days of the loan closing.

(d) Calculation of Effective Income

Income is calculated in accordance with the standards for the type of income being received. The Lender must also verify that the Borrower will have sufficient income or Cash Reserves to support the Loan Payment and any other obligations between loan closing and the beginning of the receipt of the income.

(13) Trust Accounts

(a) Definition

Trust Income refers to income that is regularly distributed to a Borrower from a trust.

(b) Required Documentation

The Lender must verify and document the existence of the Trust Agreement or other trustee statement. The Lender must also verify and document the frequency, duration, and amount of the distribution by obtaining a bank statement or transaction history from the bank.

The Lender must verify that regular payments will continue for at least the first three years of the loan term.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(c) Calculation of Effective Income

The Lender must use the income based on the terms and conditions in the Trust Agreement or other trustee statement to calculate Effective Income.

(14) Annuities or Similar

(a) Definition

Annuity Income refers to a fixed sum of money periodically paid to the Borrower from a source other than employment.

(b) Required Documentation

The Lender must verify and document the legal agreement establishing the annuity and guaranteeing the continuation of the annuity for the first three years of the Loan. The Lender must also obtain a bank statement or a transaction history from a bank evidencing receipt of the annuity.

(c) Calculation of Effective Income

The Lender must use the current rate of the annuity to calculate Effective Income.

The Lender must subtract any of the assets used for the MCI to purchase the subject Property from the Borrower's liquid assets prior to calculating any Annuity Income.

(15) Notes Receivable Income

(a) Definition

Notes Receivable Income refers to income received by the Borrower as payee or holder in due course of a promissory Note or other similar credit instrument.

(b) Required Documentation

The Lender must verify and document the existence of the Note. The Lender must also verify and document that payments have been consistently received for the previous 12 months by obtaining Tax Returns, deposit slips, or canceled checks and that such payments are guaranteed to continue for the first three years of the Loan.

(c) Calculation of Effective Income

For Borrowers who have been and will be receiving a consistent amount of Notes Receivable Income, the Lender must use the current rate of income to

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

calculate Effective Income. For Borrowers whose Notes Receivable Income fluctuates, the Lender must use the average of the Notes Receivable Income received over the previous year to calculate Effective Income.

(16) Nontaxable Income (Grossing Up)

(a) Definition

Nontaxable Income refers to types of income not subject to federal taxes, which includes, but is not limited to:

- some portion of Social Security Income;
- some federal government employee Retirement Income;
- Railroad Retirement benefits;
- some state government Retirement Income;
- certain types of disability and public assistance payments;
- Child Support;
- Section 8 Housing Choice Vouchers
- military allowances; and
- other income that is documented as being exempt from federal income taxes.

(b) Required Documentation

The Lender must document and support the amount of income to be Grossed Up for any Nontaxable Income source and the current tax rate applicable to the Borrower's income that is being Grossed Up.

(c) Calculation of Effective Income

The amount of continuing tax savings attributed to Nontaxable Income may be added to the Borrower's gross income.

The percentage of Nontaxable Income that may be added cannot exceed 15 percent. Higher tax rates may be used based on the Borrower's tax rate for the previous year. If the Borrower was not required to file a Tax Return for the previous tax reporting period, the Lender may Gross Up the Nontaxable Income by 15 percent.

The Lender may not make any additional adjustments or allowances based on the number of the Borrower's dependents.

iii. Asset Requirements

(A) General Asset Requirements

If a contract or work estimate exceeds the amount of the Title I Loan by the lesser of \$1,000 or 5 percent of the loan amount, the Lender must verify the source of the

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

additional funds needed to complete the work and for fees and charges that may not be financed in the Title I Loan.

(1) No Minimum Downpayment Required

A Title I Property Improvement Loan does not require a minimum borrower payment toward eligible improvements and/or loan fees.

(2) Cash to Close and Reserves

The Lender must document funds in excess of the lesser of \$1,000 or 5 percent of the loan amount that are used for the purpose of qualifying for or closing the Loan, including those to satisfy debt or pay costs outside of closing.

(a) Determining the Amount Needed for Closing (Initial Payment)

For a Title I Property Improvement Loan, the amount of cash needed by the Borrower to close is the difference between the total cost of the property improvements plus non-financed fees and charges, and the Total Loan Amount.

For a refinance transaction, the amount of cash needed by the Borrower to close a Property Improvement Loan is the difference between the total Payoff plus non-financed fees and charges associated with the new Loan, and the total new Title I loan amount.

(b) Initial Payment

(i) Definition

Initial Payment refers to the amount of money that a Borrower must pay for [Non-financeable Fees and Charges](#) and to fund any portion of the improvement work not covered by the loan amount.

(ii) Standard

The Lender must verify and document the source of the Initial Payment if it exceeds 5 percent of the loan amount. This requirement applies to money from all sources including funds from a Borrower's savings, a Gift, or a secured loan.

However, if the case binder includes asset verification that reveals large deposits, the Lender must obtain a credible explanation and document that the funds came from an acceptable source.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

In addition to the Initial Payment, additional Borrower expenses not financed into the Loan must be included in the total amount of cash that the Borrower must provide at loan settlement.

(c) Fees and Charges

The Lender or sponsored TPO may charge and collect from Borrowers those customary and reasonable closing costs necessary to close the Loan, in compliance with permissible fees and charges described in this section. Fees and charges must not exceed the actual costs.

(3) Financeable Fees and Charges

The following fees and charges incurred in connection with a Property Improvement Loan may be included in the loan amount provided their inclusion does not increase the total principal balance beyond the maximum loan amount permitted:

- the origination fee, not to exceed amount allowed for points and fees in HUD's regulations at § 203.19(b)(1) (see 12 CFR § 1026.43(e)(3)) as of January 10, 2014, indexed for inflation: currently 8 percent of the total loan amount for a loan amount less than \$12,862; \$1,029 for a total loan amount greater than or equal to \$12,862 but less than \$20,578.99; and 5 percent of the total loan amount for a loan amount greater than or equal to \$20,579. The origination fee includes Lender-related costs of doing business. Origination expenses for document preparation, copying, processing, underwriting, and courier fees and similar origination expenses are part the origination fee and must not be charged separately;
- fees for architectural and engineering services;
- building permits;
- the credit report;
- a fee for the services of a qualified third-party closing agent to act on behalf of a Lender in closing a Direct Loan transaction;
- title examination;
- fees for determining whether the Property is in an SFHA;
- recording fees, recording taxes, filing fees, and documentary stamp taxes; and
- a fee for inspection of the Property by a Lender or its agent, not to exceed \$250.

(4) Non-financeable Fees and Charges

The following are fees and charges in connection with the Title I Loan that must **not** be financed into the Title I Loan or advanced by the Dealer, contractor or any party to the loan transaction.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

When applicable, these costs must be included in the total amount of cash that the Borrower must provide at loan settlement:

- Discount Points to be paid by a Borrower to a Lender;
- Title I Loan annual insurance premiums;
- premiums for Flood Insurance, if Flood Insurance is required;
- optional insurance premiums including for credit life and disability;
- title insurance;
- monthly escrow payment amounts for property tax and hazard insurance, and Flood Insurance;
- other fees necessary to establish the validity of a lien;
- survey costs;
- a handling charge to refinance an existing Title I Loan, not to exceed 1 percent of the new loan amount;
- an assumption fee not to exceed 1 percent of the unpaid principal balance on the Loan;
- a fee for recording a release of the Lender's security in the Property, if permitted under state law; and
- other customary and reasonable closing costs necessary to close the loan.

(5) Fees and Charges that May Not be Paid

(a) Referral Fees

A Referral Fee is a payment for recommending the services of a Lender or contractor/Dealer.

Neither the Lender nor the Borrower may pay a referral fee to any Dealer, home manufacturer, contractor, supplier, real estate broker, loan broker, or any other party in connection with the origination of a Loan insured under Title I.

(b) Third Party Origination Fees

Lenders may negotiate payment with sponsored Third-Party Originators (TPO) for their origination of Title I Loans, but the fee must not be charged to the Borrower.

The insuring Lender may pass on the origination fee to its TPO.

Title I Lenders engaged with sponsored TPOs must comply with the standards for [Sponsor/Sponsored Third-Party Originator Relationship](#).

(6) Premium Pricing on FHA-Insured Loans

Premium Pricing refers to a credit from a Lender for the interest rate chosen.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

Premium Pricing may be used to pay a Borrower's actual closing costs and/or prepaid items. Closing costs paid in this manner do not need to be included as part of the Interested Party limitation.

The funds derived from a premium priced Loan:

- must be disclosed in accordance with RESPA;
- must be used to reduce the principal balance if the credit amount exceeds the actual dollar amount for closing costs and prepaid expenses; and
- may not be used for payment of debts, collection accounts, escrow shortages or missed Loan Payments, or Judgments.

(7) Interested Party Contributions on the Settlement Statement

The Lender may apply Interested Party credits to the closing costs and prepaid items, including any items Paid Outside Closing (POC).

The Lender must identify the total Interested Party credits on the Settlement Statement or other similar legal document. The Lender must identify each item paid by Interested Party Contributions.

(8) Minimum Verified and Documented Cash Reserves

(a) Definition

Cash Reserves include all non-retirement liquid assets available for withdrawal or liquidation from all financial institutions.

(b) Standard

A minimum amount of Cash Reserves is not required for the Title I Property Improvement Loan program.

Lenders must document Cash Reserves as required for [Acceptable Compensating Factors](#).

(B) Sources of Funds

(1) Checking and Savings Accounts

(a) Definition

Checking and Savings Accounts refer to funds from Borrower-held accounts in a financial institution that allow for withdrawals and deposits.

(b) Standard

The Lender must verify and document the existence of and amounts in the Borrower's checking and savings accounts.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

For recently opened accounts and recent individual deposits of more than 1 percent of the loan amount, the Lender must obtain documentation of the deposits.

(c) Required Documentation

Documentation must show that at least one Borrower is an owner of the account.

(i) Traditional Documentation

The Lender must obtain a written Verification of Deposit (VOD) and the Borrower's most recent statement for each account.

(ii) Alternative Documentation

If a VOD is not obtained, a statement provided by the financial institution showing the previous month's ending balance for the most recent month is required. If the previous month's balance is not shown, the Lender must obtain statement(s) for the most recent two months.

(iii) Source of Large Deposit

If the Lender finds a large, unexplained increase in a Borrower's account balance, the Lender must request an explanation from the Borrower and verify the source of the funds. The Lender must evaluate the Borrower's explanation as part of the underwriting process.

(2) Cash on Hand

(a) Definition

Cash on Hand refers to cash held by the Borrower outside of a financial institution.

(b) Standard

The Lender must verify that the Borrower's Cash on Hand is deposited in a financial institution or held by the Lender or retailer.

(c) Required Documentation

The Lender must verify and document the Borrower's Cash on Hand by obtaining an explanation from the Borrower describing how the funds were accumulated and the amount of time it took to accumulate the funds.

The Lender must also determine the reasonableness of the accumulation based on the time period during which the funds were saved and the Borrower's:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

- income stream;
- spending habits;
- documented expenses; and
- history of using financial institutions.

(3) Retirement Accounts

(a) Definition

Retirement Accounts refer to assets accumulated by the Borrower for the purpose of retirement.

(b) Standard

The Lender may include up to 60 percent of the value of assets, less any existing Loans, from the Borrower's retirement accounts, such as IRAs, thrift savings plans, 401(k) plans, and Keogh accounts, unless the Borrower provides conclusive evidence that a higher percentage may be withdrawn after subtracting any federal income tax and withdrawal penalties.

The portion of the assets not used to meet closing requirements, after adjusting for taxes and penalties, may be counted as Reserves.

(c) Required Documentation

The Lender must obtain the most recent monthly or quarterly statement to verify and document the existence and amounts in the Borrower's retirement accounts, the Borrower's eligibility for withdrawals, and the terms and conditions for withdrawal from any retirement account.

If any portion of the asset is required for funds to close, evidence of liquidation is required.

(4) Stocks and Bonds

(a) Definition

Stocks and Bonds are investment assets accumulated by the Borrower.

(b) Standard

The Lender must determine the value of the stocks and bonds from the most recent monthly or quarterly statement.

If the stocks and bonds are not held in a brokerage account, the Lender must determine the current value of the stocks and bonds through third-party verification. Government-issued savings bonds are valued at the original

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

purchase price, unless the Lender verifies and documents that the bonds are eligible for redemption when cash to close is calculated.

(c) Required Documentation

The Lender must verify and document the existence of the Borrower's stocks and bonds by obtaining brokerage statement(s) for each account for the most recent two months. Evidence of liquidation is not required.

For stocks and bonds not held in a brokerage account, the Lender must obtain a copy of each stock or bond certificate.

(5) Private Savings Clubs

(a) Definition

Private Savings Club refers to a non-traditional method of saving by making deposits into a member-managed resource pool.

(b) Standard

The Lender may consider Private Savings Club funds that are distributed to and received by the Borrower as an acceptable source of funds.

The Lender must verify and document the establishment and duration of the club, and the Borrower's receipt of funds from the club. The Lender must also determine that the received funds were reasonably accumulated, and not borrowed.

(c) Required Documentation

The Lender must obtain the club's account ledgers and receipts, and verification from the club treasurer that the club is still active.

(6) Gifts (Personal and Equity)

(a) Definition

Gifts refer to contributions of cash or equity with no expectation of repayment.

(b) Standard for Gifts

(i) Acceptable Sources of Gifts Funds

Gifts may be provided by:

- the Borrower's Family Member;
- the Borrower's employer or labor union;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

- a close friend with a clearly defined and documented interest in the Borrower;
- a charitable organization; or
- a governmental agency or public entity that has a program providing homeownership assistance to:
 - Low- to Moderate-Income families; or
 - first-time homebuyers.

The gift donor may not be a person or entity with an interest in the transaction, such as the contractor, Dealer, or any person or any other affiliated entity. Gifts from these sources are not permitted on Title I Property Improvement Loans.

***(ii)* Reserves**

Gift funds in excess of funds needed for Initial Payment must not be considered as Reserves.

***(iii)* Donor's Source of Funds**

Cash on Hand is not an acceptable source of donor gift funds.

(c) Required Documentation

The Lender must obtain a gift letter signed and dated by the donor and Borrower that includes the following:

- the donor's name, address, and telephone number;
- the donor's relationship to the Borrower;
- the dollar amount of the Gift; and
- a statement that no repayment is required.

Documenting the Transfer of Gifts

The Lender must verify and document the transfer of Gifts from the donor to the Borrower in accordance with the requirements below.

- For Gifts that will be verified prior to settlement, the Lender must obtain one of the following:
 - the donor's bank statement showing the withdrawal and evidence of the deposit into the Borrower's account;
 - a copy of the donor's canceled check and evidence of deposit into the Borrower's deposit slip;
 - a copy of the donor's withdrawal receipt and evidence of deposit into the Borrower's account; or
 - evidence of the electronic transfer of funds from the donor's account to the Borrower's account.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

- For Gifts that will be verified at settlement, the Lender must obtain one of the following evidencing payment to the settlement agent:
 - evidence of electronic transfer of funds from the donor's account;
 - bank certified check;
 - cashier's check; or
 - other official bank check.

Regardless of when gift funds are made available to a Borrower or settlement agent, the Lender must be able to make a reasonable determination that the gift funds were not provided by an unacceptable source.

(7) Interested Party Contributions

(a) Definitions

Interested Parties refer to sellers, real estate agents, builders, developers, lenders, Third-Party Originators (TPO), or other parties with an interest in the transaction.

Interested Party Contribution refers to a payment by an Interested Party, or combination of parties, toward the Borrower's origination fees, other closing costs, and Discount Points.

Discount Points refer to a charge from the Lender for the interest rate chosen. They can be paid by the Borrower and become part of the total cash required to close.

(b) Standard

Interested Party Contributions must not exceed actual loan costs or result in cash to the Borrower.

Interested Parties may contribute up to 6 percent of the loan amount toward the Borrower's loan fees, including the origination fee and [Fees and Charges](#).

(c) Required Documentation

The Lender must identify the total Interested Party credits on the Settlement Statement or similar legal document, and the sales contract. The Lender must identify each item paid by Interested Party Contributions.

(d) Exceptions to Interested Party Contributions to Address Premium Pricing

Premium Pricing credits from the Lender or TPO are excluded from the 6 percent limit provided the Lender or TPO is not the seller, real estate agent, builder, or developer.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(8) Split Financing

(a) Definition

Split Financing refers to a loan used in conjunction with the Title I Property Improvement Loan to finance the improvement project.

(b) Standard

If a contract or work estimate exceeds the amount of the Title I Loan, the Lender must verify the source of the additional funds needed to complete the work.

If the additional funds are borrowed or will be borrowed, the monthly repayment amount must be included in the Borrower's qualifying ratio.

When the proceeds of other financing secure the subject Property, Lenders must ensure that Title I [Lien Priority](#) requirements are met.

(c) Required Documentation

The Lender must obtain from the provider of any other financing:

- documentation showing the amount of funds provided to the Borrower for each transaction, and
- copies of the loan instruments evidencing the monthly payment and loan term.

If the term of the loan is six months or more, the Lender must include the monthly payment in the qualifying ratio.

iv. Final Underwriting Decision

The underwriter is ultimately responsible for making an underwriting decision on behalf of their Lender in compliance with HUD requirements.

Before making a final determination on the creditworthiness of the Borrower, the Lender must conduct a face-to-face or telephone interview with the Borrower and any co-maker or Co-signer to resolve any discrepancies in the information on the credit application and to ensure that the information is accurate and complete.

(A) Specific Underwriter Responsibilities

The underwriter must review each Loan as a separate and unique transaction, recognizing that there may be multiple factors that demonstrate a Borrower's ability and willingness to make timely Loan Payments in order to make an underwriting decision. The underwriter must evaluate the totality of the Borrower's circumstances

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

and the impact of layering risks on the probability that a Borrower will be able to repay the loan obligation according to the terms of the Loan.

As the responsible party, the underwriter must:

- perform credit analyses to ensure reasonable conclusions, sound reports, and compliance with HUD requirements regardless of who prepared the documentation;
- determine the [acceptability of the property improvements](#), the Borrower's capacity to repay the Loan, and the overall acceptability of the Loan for FHA insurance;
- identify any inconsistencies in information obtained by the Lender in the course of reviewing the Borrower's application regardless of the materiality of such information to the origination and underwriting of a Loan;
- resolve all inconsistencies identified before approving the Borrower's application; and
- document the inconsistencies and the resolutions of the inconsistencies in the file.

The underwriter must identify and report any misrepresentations, violations of HUD requirements, and fraud to the appropriate party within their organization.

(B) Underwriting of Credit and Debt

The underwriter must determine the creditworthiness of the Borrower, which includes analyzing the Borrower's [overall pattern of credit behavior](#).

(C) Underwriting of Income

The underwriter must review the income of a Borrower and verify that it has been supported with the proper documentation. See [Income Requirements](#).

(D) Underwriting of Assets

The underwriter must review the assets of a Borrower required to close the Loan and verify that they have been supported with the proper documentation. See [Asset Requirements](#).

(E) Verifying Loan Amount and Annual Insurance Premium

The underwriter must review the loan amount and annual insurance premium. The underwriter must ensure that the loan amount does not exceed [Title I Property Improvement Nationwide Loan Limits](#), or the total improvement cost, as reflected in the work contract and supporting documentation. See [Improvement Contract and Required Documentation](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(F) Calculating Qualifying Ratio

For all transactions, except Streamline Refinances, the underwriter must calculate the Borrower's DTI, and verify compliance with the maximum ratio requirements.

(1) Calculating the Total Debt

The Borrower's total property payment expense includes:

- the monthly payment on the Property Improvement Loan;
- all other Mortgage Payments on the Property, including:
 - real estate taxes;
 - hazard insurance;
 - Flood Insurance, as applicable;
 - annual insurance premium;
 - Homeowners' Association (HOA) or manufactured home community or park association fees or expenses;
 - lot rent; and
 - special assessments.

(2) Calculating Total Debt Payment

The total fixed payment includes:

- the total monthly property payment; and
- monthly obligations on all other debts and liabilities.

(3) Approvable Qualifying Ratio

The maximum Total Debt Payment to Effective Income Ratio, or DTI, for a Title I Property Improvement Loan is 45 percent, unless Acceptable Compensating Factors are met.

(4) Acceptable Compensating Factors

The maximum DTI may exceed 45 percent up to a maximum of 47 percent provided the Borrower has at least one compensating factor.

The following describes the compensating factors and required documentation that may be used to justify approval of Loans with the credit sufficiency and qualifying ratio described above.

(a) Verified and Documented Cash Reserves

Verified and documented Cash Reserves may be cited as a compensating factor when the Cash Reserves are equal to or exceed three total monthly Loan Payments.

Cash Reserves are calculated as the Borrower's total [assets](#) less:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

- the [Initial Payment](#);
- Gifts; and
- borrowed funds.

(b) Significant Additional Income Not Reflected in Effective Income

Additional income or benefits not included in effective gross income that directly impacts the applicant's ability to meet financial obligations include:

- bonuses, part-time or Seasonal Employment that is not reflected in Effective Income;
- employee benefits (company car, clothing allowance); and
- public benefits (nutritional assistance/food stamps/seasonal unemployment).

Significant additional income can be cited as a compensating factor subject to the following requirements:

- the Lender must verify and document that the Borrower has received this income, and it will likely continue; and
- the income, if it were included in gross Effective Income, is sufficient to reduce the qualifying ratio to not more than 47.

(c) Potential for Increased Future Earnings

A Borrower that has potential for increased future earnings may be cited as a compensating factor with documented justification, such as job training or education in the applicant's profession.

(d) Secondary Wage Earner Potential (Employment Relocation)

Potential income for a secondary wage earner may be cited as a compensating factor under the following condition: the secondary wage earner has accompanied a primary wage earner, who is purchasing a property as a result of a recent employment relocation.

The case binder must document all of the following:

- evidence that the primary wage earner relocated for a new job;
- at least a 12 month work history for the secondary wage earner, prior to relocation; and
- the prospects of available employment.

(e) Residual Income

Residual income may be cited as a compensating factor for owner-occupied Properties, provided it can be documented and it is at least equal to the applicable amounts for household size and geographic region found in the

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

Table of Residual Incomes By Region in the Department of Veterans Affairs (VA) [Lenders Handbook - VA Pamphlet 26-7](#), Chapter 4.9 b and e.

(i) Calculating Residual Income

Residual income is calculated as total Effective Income of all occupying Borrowers less:

- state income taxes;
- federal income taxes;
- municipal or other income taxes;
- retirement or Social Security;
- proposed total Loan Payment;
- estimated maintenance and utilities;
- job related expenses (e.g., child care); and
- the amount of the Gross Up of any Nontaxable Income.

If available, Lenders must use Tax Returns and where applicable, state tax returns, from the most recent tax year to document state and local taxes, retirement, Social Security and Medicare. If tax returns are not available, Lenders may rely upon current pay stubs.

For estimated maintenance and utilities, Lenders must multiply the Gross Living Area (GLA) of the Property by the maintenance and utility factor found in the [Lenders Handbook - VA Pamphlet 26-7](#).

(ii) Using Residual Income as a Compensating Factor

To use residual income as a compensating factor, the Lender must count all members of the household of the occupying Borrower without regard to the nature of their relationship and without regard to whether they are joining on title or the Note to determine “family size.”

Exception

The Lender may omit any individuals from “family size” who are fully supported by a source of verified income that is not included in the Effective Income in the loan analysis. These individuals must voluntarily provide sufficient documentation to verify their income to qualify for this exception.

From the table provided in [Lenders Handbook - VA Pamphlet 26-7](#), select the applicable loan amount, region and household size. If residual income equals or exceeds the corresponding amount on the table, it may be cited as a compensating factor.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(f) Energy Efficient Homes

Energy Efficient Homes (EEH) may be cited as a compensating factor when the Property meets one of the following conditions:

- the home *currently* scores a “6” or higher on the Home Energy Score scale;
- homes where documented cost-effective energy improvements, as identified in the Home Energy Score Report, would increase a home’s score to a “6” or higher will be completed in connection with the subject loan; or
- Manufactured Home that is certified as ENERGY STAR to the [Quality Assurance Provider](#) and is evidenced by a photo of the ENERGY STAR label that is affixed inside the home, commonly near the HUD Data Plate or inside the home’s electric panel cover.

Required Documentation

A copy of the Home Energy Score Report must be included in the case binder.

(G) Borrower Approval or Denial

(1) Re-underwriting

Before closing a Title I Property Improvement Loan, the Lender must re-underwrite a Loan when any data element of the Loan changes and/or new Borrower information becomes available.

(2) Required Documentation of Final Underwriting Review Decision

The underwriter must complete the underwriter report or worksheet to evidence their final underwriting decision. For cases involving Loans to HUD employees, the Lender submits the complete underwriting package to FHA prior to closing.

(3) HUD Employee Loans

If the Loan involves a HUD employee, the Lender must condition the Loan on the approval of the Loan by HUD. The Lender must submit the underwritten loan application package to the Director of the [FOC](#) for final underwriting approval.

(4) Responsibilities upon Denial

When a Loan is denied, the Lender must comply with all requirements of the FCRA, and the ECOA, as implemented by Regulation B (12 CFR Part 1002).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

e. Closing and Disbursement **(05/08/2025)**~~(05/09/2022)~~

i. Borrower Identification

The Lender must include a statement that it has verified the Borrower's identity using valid government-issued photo identification at or prior to closing the Loan, or the Lender may choose to include a copy of such photo identification as documentation.

ii. Lender Closing Requirements

Before disbursing the proceeds of a Title I Property Improvement Loan, the Lender must ensure, at a minimum, that the following conditions have been met:

- the Borrower is [eligible](#) for a Title I Property Improvement Loan;
- the interest of the Borrower in the Property is valid, through such title or other evidence as are generally acceptable to prudent lending institutions and leading attorneys in the community where the Property is located;
- the proposed use of the loan proceeds is [eligible](#) and adequately documented;
- the case binder contains a valid Note and security instrument (if required); and
- all other required documents relating to the loan transaction.

(A) Required Documents for Case Binder

The Lender must confirm that the case binder is complete and that the following documents, if applicable to the Loan, have been obtained for retention in the case binder. The required documents are:

- ~~form HUD-56001~~ **URLA (Fannie Mae Form 1003/Freddie Mac Form 65) and form HUD-92900-TI;**
- proof of identity and SSN verification;
- [Notice to Borrower of HUD's Role in Title I Loans](#);
- work contracts, estimates, and/or invoices describing the improvements;
- evidence of the Borrower's interest in the Property;
- Settlement Statement, or similar legal document, reflecting Disbursement(s), itemized loan fees and charges;
- Title I Loan summary/underwriter's worksheet detailing the amount financed, calculation of qualifying ratio, and any compensating factors used;
- Note or assigned retail installment contract;
- security instrument (if applicable);
- Truth-in-Lending Disclosure (if applicable);
- credit report(s);
- loan verification if not reflected on credit report;
- non-traditional references, if applicable;
- explanation for any adverse credit information and inquiries within recent 90 Days;
- asset verification including a worksheet or other document with Initial Payment itemization;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

- gift letter (if applicable);
- verification of employment;
- income verification;
- clearance in HUD's LDP List, and HUD's CAIVRS;
- form [HUD-56002](#), *Completion Certificate for Property Improvements*;
- inspection report for improvements (required for loan amounts greater than \$7500);
- IRS Form 4506 or 4506-C executed by the Borrower;
- Life of Loan Flood Certification;
- payment history on subject Loan if Loan Payments have begun; and
- Lender processing and servicing notes.

(B) Title Insurance

At its option, the Lender may obtain title insurance for Property treated as real estate.

(C) Disbursement Date

Disbursement Date refers to the date proceeds of the Loan are made available to the Borrower.

(D) Signatures

The Lender must ensure that the loan Note, and all closing documents are signed by all required parties in accordance with the [Borrower Eligibility](#).

(E) Use of Power of Attorney at Closing

A Borrower may designate an attorney-in-fact to use a POA to sign documents on their behalf at closing, including the Disclosure Notice to Borrower.

Unless required by applicable state law, as stated below, or they are the Borrower's Family Member, none of the following persons connected to the transaction may sign the security instrument or Note as the attorney-in-fact under a POA:

- the Lender, or any employee or Affiliate;
- the loan originator, or employer or employee;
- the title insurance company providing the title insurance policy, the title agent closing the Loan, or any of their Affiliates; or
- any real estate agent or any person affiliated with such real estate agent.

Exception

Closing documents may be signed by an attorney-in-fact who is connected to the transaction if the POA expressly authorizes the attorney-in-fact to execute the required documents on behalf of a Borrower, only if the Borrower, to the satisfaction

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

of the attorney-in-fact in a recorded interactive session conducted via the Internet, has:

- confirmed their identity; and
- reaffirmed, after an opportunity to review the required loan documents, their agreement to the terms and conditions of the required loan documents evidencing such transaction and to the execution of such required Loan by such attorney-in-fact.

The Lender must obtain a copy of ~~form HUD-56001~~ the [URLA \(Fannie Mae Form 1003/Freddie Mac Form 65\)](#) and [form HUD-92900-TI](#) signed by the Borrower or POA in accordance with [Signature Requirements for all Application Forms](#).

(F) Electronic Signatures

See [Policy on Use of Electronic Signatures](#).

(G) Disbursement of Loan Proceeds

(1) Standard

The Lender must verify that loan proceeds are disbursed in the proper amount.

The Lender must disburse the loan proceeds:

- solely to the Borrower;
- jointly to the Borrower and the Dealer; or
- jointly to the Borrower and other parties to the transaction.

When the Property Improvement Loan is made by or on behalf of a state or local government agency or a nonprofit organization:

- form [HUD-56002](#) is not required;
- the loan proceeds are held in an escrow account pending completion of the improvements; and
- the loan proceeds may be disbursed to the contractor from the escrow account in stages with the written approval of the Borrower and based upon the percentage of work completed.

(2) Required Documentation

The Lender must obtain and include in the case binder the final disbursement document or other legal documentation detailing fees, charges, and Disbursement and to whom funds were disbursed.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

iii. Closing Documents

(A) Note

(1) Definition

Note refers to any form of credit instrument commonly used in a jurisdiction to evidence the secured Loan.

(2) Standard

(a) Form

The Lender must ensure that the Note complies with all applicable state and local requirements for creating a recordable and enforceable Loan, and an enforceable Note. HUD does not provide Note forms or prescribe a particular Note format. The Lender must ensure that the Note and all other documents evidencing the loan transaction are in compliance with applicable federal, state, and local laws.

The Note must:

- state the principal amount of the Loan and the annual rate of interest;
- bear the signature of each Borrower and of any co-maker or Co-signer; and
- be valid and enforceable against the Borrower and any co-maker or Co-signer.

(b) Interest Rate

The interest rate is negotiated between the Lender and the Borrower. The interest rate must be fixed for the full term of the Loan and must be stated in the Note or retail sales installment contract. Interest on the Loan must accrue from the date of the Loan, and be calculated on a simple interest basis.

Adjustable Rate Mortgage products are not permitted for FHA Title I Property Improvement Loans.

(c) Temporary Interest Rate Buydown Requirements

Temporary interest rate buydowns are not permitted.

(d) Signature

The Borrower and any co-maker or Co-signer must execute the Note for the full amount of the loan obligation. Although the Borrower may sign the Note on an earlier date, the date of the Loan must be the date that the loan proceeds

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

are disbursed by the Loan. Such date must be entered on the Note when Disbursement occurs.

(e) Payments on the Loan

The Note must provide for equal installment payments due monthly. The Note may provide for the first and/or final payments to vary in amount but not to exceed 1.5 times the regular installment.

Where the Borrower has an irregular flow of income the Note may be payable at quarterly or semi-annual intervals corresponding with the Borrower's flow of income.

The first scheduled Loan Payment must be due no later than two months from the date of the Loan.

(f) Default Provision

The Note must contain a provision for acceleration of maturity, at the option of the holder, upon a monetary Default by the Borrower.

(g) Late Charges

The Note may provide for a Late Charge unless specifically precluded by state law. The Late Charge may be imposed only for a payment which is in arrears for the greater of 15 Days or the number of Days required by applicable state law. Late Charges must be billed to the Borrower or reflected in the payment coupon. Evidence of Late Charges paid by the Borrower must be in the case binder if an insurance claim is made.

(i) Amount of Late Charge

The Late Charge must not exceed the lesser of 5 percent for each installment of P&I, up to a maximum of \$10 per installment, or the maximum amount permitted by applicable state law.

(ii) Method of Payment

Payment of any Late Charge cannot be deducted from the monthly payment of P&I. Late payment fees must be calculated and shown as an additional charge to the Borrower.

(iii) Daily Interest in Lieu of Late Charges

In lieu of Late Charges, the Note may provide for interest to accrue on installments in arrears, continuing daily, based on the interest rate in the Note.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(h) Prepayment Provision

Borrowers cannot be charged a prepayment penalty on any FHA Title I Property Improvement Loan.

Lenders may charge reasonable and customary charges for recording a release of a security interest in the Property if permitted by state law.

(B) Security Instrument

(1) Definition

Security Instrument refers to any legal instrument that is commonly used in a jurisdiction in connection with a Loan secured by a Title I Property Improvement Loan.

(2) Standard

Title I Property Improvement Loans must be secured against the subject Property if required by [Valid Lien Requirements](#).

When lien security is required, the Loan must be secured by a recorded lien on the improved subject Property and evidenced by a Mortgage or deed of trust, as governed by state laws. A chattel mortgage, financing statement, Uniform Commercial Code (UCC)-1 filing, or similar lien against the property improvements only is not acceptable.

(3) Required Documentation

The lien must be evidenced by a Loan or Mortgage, executed by the Borrower and all other owners in Fee Simple.

(4) Executing the Security Instrument

The individual borrower name(s) must appear on the security instrument, property deed, and title.

While an eligible Borrower need only have a “one-half” interest in the Property the Borrower plus all other owners or parties who have a legal Fee Simple interest in the Property must execute the security instrument in order to establish a valid and enforceable lien.

If a Borrower is a lessee, the Borrower and all deeded owners of the Property must execute the Loan.

If a Borrower is a land installment contract purchaser, the Borrower, all deeded owners, and all intervening contract sellers must execute the security instrument.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(5) Recording and Perfecting the Security

The Lender must ensure that the legal description of the Property as recited in the Loan (or deed of trust) is accurate and that the Loan creates a valid and enforceable lien on the Real Property in the jurisdiction in which the Property is located. The Loan must be recorded and perfected in the manner specified by applicable state law in the state where the Property is located.

f. Post-closing and Insurance (05/09/2022)

i. Disbursement Requirements

(A) Direct Loans

For Direct Loans, the Lender disburses the funds before the work is started.

(B) Dealer Loans

For a Dealer Loan, the Lender disburses the loan funds only after the work is completed.

(1) Standard

Before Disbursement, the Lender must obtain form [HUD-56002](#) executed by each Borrower, and the Dealer/contractor.

The Lender must conduct a telephone interview with the Borrower after the Borrower(s) and the Dealer/contractor sign the form [HUD-56002](#). The telephone interview must confirm that:

- the Dealer has completed the work;
- the work is satisfactory; and
- the form HUD-56002 was signed by the Borrower and the Dealer.

The pre-Disbursement telephone interview with the Borrower(s) is in addition to a Lender's credit underwriting telephone interview.

The Lender must document any disagreements between the Borrower and the Dealer brought to their attention that may assist in proper [supervision and monitoring](#) of the Dealer.

(2) Required Documentation

The Lender must document the pre-Disbursement interview.

ii. HUD Pre-insurance Loan Reviews

The Lender is not required to submit the loan case file to HUD prior to insurance.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

For Property Improvement Loans, HUD reviews Loans only as part of a Loan's Post-Endorsement Technical Review (PETR) or a claim process.

iii. Lender's Pre-insurance Loan Review

The Lender must complete a pre-insurance review of the case binder to ensure all required loan documents are retained in the case binder. The Lender must exercise due diligence in performing its pre-insurance responsibilities.

The Lender must evaluate all information and documentation regarding the Borrower(s) and the proposed Loan in order to confirm that the Loan is eligible for the Title I program and meets its underwriting requirements. Once the Lender determines that the Loan complies with Title I program requirements, it may proceed with the insurance application process.

(A) Reporting Loan for Insurance

Lenders must apply for Title I loan insurance using FHAC within 31 Days from the later of the following dates:

- loan Note;
- Disbursement of proceeds, or final Disbursement for stage Disbursements; or
- purchase from a Dealer or another Lender.

To initiate the insurance process, the Lender must complete the Title I Insurance Application function in FHAC.

FHAC is used for the following steps in the insurance process:

- case number assignment;
- completing the insurance application;
- reporting transfers prior to insuring;
- reporting case updates; and
- checking the case status.

Instructions for specific requirements for data format and delivery to FHAC are found in the [FHA Connection Guide](#).

The Application for Insurance screen requires the Lender to enter additional data about the Lender. The system will either confirm that the data entered was accepted, or will provide information regarding corrections the Lender must make to successfully complete this step. Data fields that must be completed are grouped by the following subject areas:

- general Lender information
- Lender information
- credit/underwriting information
- Borrower information
- address Information

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(B) Confirmation of Insurance

After new loan information is entered into FHAC, users view a message indicating that the Title I Property Improvement Loan was successfully completed. The new FHA case number is displayed, along with a summary of the loan information submitted.

(C) Loan Insurance Certificate

A Loan Insurance Certificate (LIC) is *not* produced in FHAC for Title I Property Improvement Loans.

(D) Late Reporting

The Lender may report the Loan for insurance after 30 Days provided that the Loan is not in Default.

Lenders must certify, via FHAC, that all Loans reported for insurance after 30 Days from the Disbursement are not currently in Default. A certification window automatically appears when a Loan is reported past the deadline and must be checked in order to continue the insurance submission process.

At the time of the certification the Lender is confirming that:

- no Loan Payment was currently past due more than 30 Days; and
- the Lender or its agents did not provide the funds to bring and/or keep the Loan current or to bring about the appearance of an acceptable payment history.

(E) Upfront Insurance Premium Not Required

The Title I Property Improvement Loan program does *not* require a UFIP.

(F) Annual Premium Charges

HUD requires that payment be made within 25 Days from the date of each billing statement. The billing statement will specify the payment due date.

Lenders must follow procedures for [Annual Insurance Premium and Billing and Remittance](#).

iv. Inspection Requirements for Loans Pending Closing or Insurance in Presidentially-Declared Major Disaster Areas

All Properties with pending Loan closing or insurance in Presidentially-Declared Major Disaster Areas (PDMDA) must have a damage inspection report that identifies and quantifies any dwelling damage. The report must be dated after the Incident Period (as defined by [FEMA](#)). FHA does not require a specific form for a damage inspection report.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

Streamline Refinances are allowed to proceed to closing and/or insurance without any additional requirements. Lenders must ensure that any damage identified on the report is repaired and that the Property is restored to pre-disaster condition prior to submitting for insurance endorsement.

FHA does not require that utilities are on at the time of this inspection if they have not yet been restored for an area.

v. Property Improvement Period

The property improvement period starts after the Loan closes. For Direct Loans the improvement period begins when the loan proceeds are disbursed. For Dealer Loans, the improvement period begins before the loan proceeds are disbursed.

Property improvements must be completed within six months of loan closing.

vi. Completion Certificate

Form [HUD-56002](#) is required for all Title I Property Improvement Loans, with exceptions as described below.

(A) Standard

The Lender must obtain form HUD-56002 for all Property Improvement Loans.

The *Completion Certificate* must be signed only after the improvement work is completed.

For Direct Loans, only the Borrower is required to sign. The Dealer/contractor may sign the *Completion Certificate*, but this is not required.

For Dealer Loans, the Borrower and Dealer must sign prior to Disbursement of loan funds.

(B) Lender Responsibility

The Lender must provide the Borrower(s) with a *Completion Certificate* and instructions regarding when and how it should be returned to the Lender. The Lender must track the status of the *Completion Certificates* and follow up with the Borrowers as necessary to ensure that it has a properly completed *Completion Certificate*.

The Borrower must submit the *Completion Certificate* to the Lender not later than 6 months after disbursement of the loan proceeds, with one six-month extension if necessary.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(1) Extension of Improvement Period

The Lender may grant an extension of this deadline for up to an additional six months.

The Lender must document any time extensions that it grants in the case binder. If the Borrower does not submit the *Completion Certificate* within these time limits, the Lender should conduct an onsite [inspection](#).

If the Borrower will not cooperate in permitting an onsite inspection or if the inspection determines that the improvements were not completed, the Lender must send a report of noncompliance to HUD.

(2) Exception for Government Agencies and Nonprofits

The Borrower is not required to submit a *Completion Certificate* for a Direct Property Improvement Loan made by or on behalf of a:

- state or local government agency; or
- nonprofit organization if the loan proceeds are held in an escrow account pending completion of the improvements, and if the loan proceeds are disbursed from the escrow account in stages, with the written approval of the Borrower and based on the percentage of work completed.

(C) Borrower's Certification of Completion of Work

The Borrower must sign a form [HUD-56002](#) to certify that:

1. *The loan proceeds have been spent on property improvements that are eligible under the Title I regulations and in accordance with the contract or cost estimate furnished to the lender with my (our) credit application.*
2. *The property improvements have been completed in general accordance with the contract or cost estimate to my (our) satisfaction.*
3. *I/We have not obtained and will not receive any cash payment, rebate, cash bonus, sales commission, or anything of value in excess of \$25 from the dealer or contractor as an inducement to enter into the loan transaction.*
4. *I/We understand that the selection of the dealer or contractor and the acceptance of the materials used and the work performed is my (our) responsibility; and HUD does not guarantee the quality or workmanship of the property improvements.*

(D) Dealer's Certification of Completion of Work

By signing, the Dealer/contractor certifies that:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

- 1. The property improvements are eligible under the Title I regulations and in accordance with the contract or cost estimate furnished to the borrowers.*
- 2. The property improvements have been completed in general accordance with the contract or cost estimate and to the satisfaction of the borrowers.*
- 3. The borrowers have not been given or promised any cash payment, rebate, cash bonus, sales commission, or anything of value in excess of \$25 as an inducement to enter into this loan transaction (except for any discount points paid by the undersigned to the lender).*
- 4. Any discount points paid by the undersigned dealer are from the dealer's own resources and will not be reimbursed by the borrowers or any other party.*
- 5. The borrowers signed this certificate after completion of the property improvements, and all signatures on this certificate are genuine.*

(E) Failure to Sign Completion Certificate or Improvements Not Completed

The Borrower must submit the signed form [HUD-56002](#) to the Lender promptly upon the completion of the improvements.

If the Borrower does not submit the *Completion Certificate* upon completion of the improvements or within minimum time limits for completing the improvements, the Lender must conduct an onsite property inspection.

If the Borrower will not cooperate in permitting an onsite inspection or if the inspection determines that the improvements were not completed, the Lender must make a Report of Non-compliant Activities to report Title I Loan Findings to [FHA](#).

The report must detail the problem, and must contain the following information to assist in any investigation: borrower name, borrower address, borrower telephone number, loan amount, loan date, inspection date, lender loan number, loan officer name, dealer name, dealer address, dealer telephone number, and dealer Taxpayer Identification Number (TIN).

The Lender must send the report to:

Housing Office of Lender Activities and Program Compliance
Attn: Director, Quality Assurance Division
Department of Housing and Urban Development
451 7th Street, S.W.
Washington, DC 20410

Insurance on the Loan will stay in effect unless the non-compliant activity was caused or sanctioned by an employee of the Lender, and provided that the promissory Note

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

or any required lien on the Property was not invalidated or made legally unenforceable by the noncompliance.

vii. Post-Disbursement Onsite Property Inspection Requirement

The purpose of the inspection is to verify the eligibility of the improvements and whether the work has been completed.

The Lender or its agent must conduct an inspection of improvements for:

- Title I Loans where the principal obligation is \$7,500 or more; and
- any unsecured Direct Loan if the Borrower fails to submit a form [HUD-56002](#).

The Lender's fee for inspection of the Property must be an amount that is reasonable and customary for the area, not to exceed the [maximum financeable limit for inspections](#).

(A) Inspector Qualifications

The inspection may be conducted by an employee of the Lender or by the Lender's agent. The Lender may also accept an inspection conducted by local authority.

Through education or work experience, the inspector must be qualified to evaluate contracts or work estimates and to perform property inspections.

There must be an "arm's length" relationship between any inspector and the contractor.

(B) Deadline for Property Inspection

For a Dealer Loan, the inspection must be completed within 60 Days after the date of Disbursement.

For a Direct Loan, the inspection must be completed within 60 Days after the Lender receives the form [HUD-56002](#), or as soon as the Lender determines that the Borrower is unwilling to cooperate in submitting a form HUD-56002.

(C) Documenting the Inspection

The Lender must document the inspection. This documentation must include the following information:

- date of the inspection;
- name of the inspector;
- name of the Borrower;
- property address;
- date of the Note;
- loan amount;
- name of the Dealer/contractor (if a Dealer Loan);
- a description of the improvements;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

- photographs of the improvements, if submitted by the inspector; and
- the inspector's opinion as to whether cost of improvements are commensurate with improvements inspected.

The inspection report must either identify improvements that were completed and/or incomplete.

Incomplete work may be described in terms of specific items in the work plan, percentage of completion, or an estimate regarding the dollar value of the completed improvements.

The Lender is responsible for reviewing the inspection report and ensuring that there is no evidence of inconsistency between the photographs and the narratives.

(D) Incomplete Improvements

If the inspection determines that the contracted improvements were not completed, the Lender should seek an explanation from the Borrower (and Dealer if applicable).

If the Lender is able to confirm that the proceeds of the Loan were used exclusively for eligible improvements and eligible fees or charges, the Lender should document in the case binder regarding this determination. This Lender's documentation should identify items from the work proposal that were not completed.

viii. Reporting Misuse of Proceeds

If the Lender determines that any portion of the loan proceeds was used for ineligible improvements or for ineligible purposes, they must make a Report of Non-compliant Activities to report Title I Loan Findings to [FHA](#).

If Findings of noncompliance relate to an approved Dealer used in the Dealer Loan process, the Lender must determine whether it should terminate the Dealer from participation in the Title I program.

The report must detail the problem, and must contain the following information to assist in any investigation: borrower name, borrower address, borrower telephone number, loan amount, loan date, inspection date, lender loan number, loan officer name, dealer name, dealer address, dealer telephone number, and dealer TIN.

The Lender must send the report to:

U.S. Department of Housing and Urban Development
Quality Assurance Division
451 Seventh St., SW
Washington, DC 20410

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

Insurance on the Loan will stay in effect unless the non-compliant activity was caused or sanctioned by an employee of the Lender, and provided that the promissory Note or any required lien on the Property was not invalidated or made legally unenforceable by the noncompliance.

g. Programs and Products – Refinance (05/09/2022)

i. Overview

(A) Definition

A Refinance transaction establishes a new Loan to pay off the existing debt for a Borrower with legal title to the subject Property. The existing debt to be paid off must be a Title I Property Improvement Loan. The refinance Loan may also advance funds for additional improvements.

(B) Types of Refinances

(1) Cash-Out or Cash Back (Not Permitted)

A Cash-Out Refinance refers to a refinance of any loan that advances additional credit or provides cash back to the Borrower, or for which the loan proceeds are used for ineligible purposes.

A Cash-Out Refinance transaction is not permitted for the Title I Property Improvement Loan program.

(2) No Cash-Out Refinance

Title I No Cash-Out Refinances are categorized into three possible refinance types.

(a) Simple Title I Property Improvement Refinance

A Simple Title I Refinance refers to a no cash-out refinance of an existing Title I insured Property Improvement Loan in which all proceeds are used to pay off the existing Title I Loan on the subject Property, and [Financeable Fees and Charges](#).

(b) Streamline Title I Property Improvement Refinance (Non-credit Qualifying)

A Streamline Title I Property Improvement Refinance refers to the refinance of an existing Title I Property Improvement Loan for which the Lender is not required to perform credit or capacity analysis.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(c) Title I Property Improvement Refinance with Advance of Funds

A Title I Property Improvement Refinance with Advance of Funds refers to the refinance of an existing Title I Property Improvement Loan, and advances of funds for additional improvements and financeable fees.

ii. FHA-Insured to FHA-Insured Refinances

FHA-Insured to FHA-Insured refinances may be used with any refinance type.

iii. Conditions for Refinance

An existing Title I insured Property Improvement Loan may be refinanced only under the following conditions.

(A) Lender of Record Only

An existing Title I Loan may not be refinanced by a Lender different from the originating Lender of record, unless the Loan has been sold, assigned, or transferred to the new Lender and HUD has transferred insurance coverage for the Loan.

(B) Loan in Default

A Loan that is in Default must not be refinanced for an amount greater than the lesser of:

- the original principal balance of the Loan; or
- the current principal balance plus reasonable closing costs and Upfront Mortgage Insurance Premium (UFMIP).

(C) Title I Note and Security

Refinancing is subject to the Title I [Note](#) and [Security Instrument](#) requirements. Refinancing requires the Borrower(s) to execute a new Note as well as cancel the old Note. The Lender must obtain and record a new security instrument and should release the original lien unless state law permits a renewal and extension of the original lien.

(D) Co-maker or Co-signer on Loan

If there are any co-makers or Co-signers on the original Note, a Lender must require that the same co-makers or Co-signers be obligated on the refinanced Note, except in cases of divorce or death, unless the Lender obtains HUD's approval to release the co-maker or Co-signer from liability on the Note.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(E) Previous Assumption

A Loan that was assumed may be refinanced as long as the original Borrower and any intervening assumptors were [released from liability](#) either at the time the Loan was assumed or later through permission from HUD.

(F) Additional Improvements

A Loan may be refinanced with funds for additional improvements if the additional [improvements are eligible](#) and the Loan is not in Default.

iv. Nationwide Loan Limits

The total principal obligation for a refinance must not exceed the [Title I Property Improvement Nationwide Loan Limits](#) for the property type/loan purpose.

v. Maximum Loan Term

The term of a refinance must not exceed the maximum [Loan Term](#) for the type of Loan. In addition, the total time period from the Disbursement Date of the original Loan to the final maturity of the refinance must not exceed the maximum term for the type of Loan plus 9 years and 11 months.

vi. Other Documents

A new [Notice to Borrower of HUD's Role in Title I Loans](#) must be issued and signed by each Borrower.

Copies of all documents pertaining to the original Loan must be retained in the case binder of the refinanced Loan.

Payoff statement(s) for the existing Property Improvement Loan must be retained in order to be satisfied with the proceeds of the new refinance Loan.

vii. Reporting the Loan in FHA Connection

Refinanced Loans must be reported in FHAC within 31 Days from the date of loan Disbursement.

When reporting a refinance, Lenders will supply information on the original Loan so that HUD may terminate the Title I insurance on the original Loan and make appropriate adjustments to the Lender's insurance coverage reserve account. HUD will also prorate any unpaid installments on the insurance charge between the old Loan and the new Loan. Lenders are cautioned not to erroneously report a refinanced Loan as a new Loan.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

viii. Specific Eligibility Criteria

(A) Simple Title I Property Improvement Refinance

(1) Maximum Loan Amount

The maximum loan amount of a Simple Title I Property Improvement Refinance is limited to the cost of prepaying the existing Loan, plus financeable fees and charges, not to exceed the [Title I Property Improvement Nationwide Loan Limits](#).

Cash back to the Borrower is not permitted.

(2) Credit Qualification

Lenders must underwrite the Simple Title I Refinance Loan to ensure compliance with Title I credit and capacity requirements.

(B) Streamline Title I Property Improvement Refinance

(1) Maximum Loan Amount

The maximum loan amount of a Streamline Refinance is limited to the cost of prepaying the existing Loan, plus eligible fees and charges, not to exceed the original Title I loan amount.

(2) Credit Qualification

Lenders are not required to conduct credit or capacity analysis.

(C) Title I Property Improvement Refinance with Advance of Funds

(1) Maximum Loan Amount

The maximum loan amount is the sum of the cost of prepaying the existing Title I Property Improvement Loan, plus the cost of additional improvements, and financeable fees and charges, not to exceed the [Title I Property Improvement Nationwide Loan Limits](#).

(2) Use of New Loan Proceeds

(a) Eligible Use

New funds must be used to finance:

- eligible improvements for a new work project; or
- additional work on an existing uncompleted project that was not financed by the prior Title I Loan.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

Funds that finance additional work on an existing project may be for an upgrade, or for new work that was unexpected and necessary to further an existing project toward completion.

(b) Ineligible Use

New funds must not be advanced for completion of an existing project when the original loan funds were used for purposes different from the work scope on which the prior Title I loan amount was based.

New funds must not be advanced when the Lender has discovered [misuse of loan proceeds](#), or other irregularities.

(3) Credit Qualification

Lenders must underwrite the Title I Refinance with an advance of funds to ensure compliance with Title I credit and capacity requirements.

ix. Required Documentation

(A) Disclosure To Borrower: “Notice to Borrower of HUD’s Role”

For each new Title I insured Loan, a [Notice to Borrower of HUD’s Role in Title I Loans](#) must be issued and acknowledged by all Borrowers.

(B) Existing Loan Payoff Amount

A loan payoff statement is required on all Title I Loans secured by the Property that will be paid off with the new Title I Loan.

The Lender must obtain the payoff statement for all existing Loans.

(C) Note and Security Requirements

Refinancing requires the Borrower(s) to execute a new Note. The new Note must comply with the same requirements as an original [Title I Property Improvement Loan](#).

When the loan amount exceeds \$7,500, the Lender must obtain and record a new security instrument and ensure a release of any existing Title I lien unless state law permits a renewal and extension of the original lien. Refinance Loans must comply with Title I Property Improvement [Lien Priority](#) requirements.

(D) Original Title I Case Binder

For a Title I Refinance, copies of all documents pertaining to the original Title I Loan must be retained in the refinance case binder.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

3. Direct and Dealer Loan Process for Manufactured Home Loan Program

x. Insurance Processing

Refinanced Loans must be reported to HUD for insurance within 30 Days after loan Disbursement as outlined in [Closing and Disbursement](#). When reporting a refinance of a prior Title I Loan, Lenders must supply information on the original Loan so that HUD may terminate the Title I insurance on the original Loan. HUD will also prorate any unpaid installments on the insurance charge between the old Loan and the new Loan. Lenders are cautioned not to erroneously submit a refinanced Loan as a new Loan.

3. Direct and Dealer Loan Process for Manufactured Home Loan Program

Loans insured under FHA's Manufactured Home Loan program are categorized by either of two origination processes: Direct Loans or Dealer Loans.

A Dealer for a Manufactured Home Loan refers to a person or business that is engaged in the business of manufactured home retail sales. Dealers of manufactured home sales have a financial interest (either direct or indirect) in the transaction.

a. Direct Loans (09/26/2022)

i. Definition

A Direct Loan process refers to where the Borrower applies directly to the Lender or its sponsored TPO for the Loan without assistance from a Dealer, contractor, or third party that has a financial interest in the loan transaction.

ii. Standard

The credit application, signed by the Borrower, may be filled out by the Borrower or by a person acting at the direction of the Borrower who does not have a financial interest in the loan transaction.

For a Direct Loan purchase transaction, loan proceeds are disbursed to the Borrower and seller jointly. However, the Borrower may provide the Lender with an executed assignment of Borrower's interest in the loan proceeds to the seller on or before the date of disbursement to properly complete payment.

For a Direct Loan refinance transaction, proceeds are disbursed to the Note holder of the Loan being paid off.

b. Dealer Loan (05/09/2022)

i. Definition

A Dealer Loan refers to a Loan where a Dealer assists the Borrower in preparing the credit application or otherwise assists the Borrower in obtaining the Loan from the Lender. This may include completing the loan application for the Borrower, and

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT
E. Title I Insured Programs
3. Direct and Dealer Loan Process for Manufactured Home Loan Program

collecting any other documentation or information as required by the Lender that is necessary to support the lending decision.

When a Dealer does not assist the Borrower in obtaining the Loan from the Lender, then the transaction is not considered a Dealer Loan.

ii. Standard

The Dealer may assist the Borrower in obtaining the Loan from the Lender. This may include completing the loan application for the Borrower, and collecting any other documentation or information as required by the Lender that is necessary to support the lending decision.

To facilitate the sale of Manufactured Homes, the Dealer may enter into a Business Relationship with an FHA Title I approved Lender that will provide financing to the home purchaser.

The Dealer and Title I Lender may agree to require partial or full recourse in a provision in the loan documents against the Dealer to reduce or eliminate the Lender's loss in the event of foreclosure or repossession. Recourse provisions are subject to the requirements described in [Recourse from Dealer](#).

The loan documents may provide for partial or full recourse against the Dealer, and must comply with requirements described in [Recourse from Dealer](#).

iii. Dealer Approval and Monitoring

The Lender is responsible for approving Dealers prior to the Dealer's participation in the Dealer Loan process. The Lender must complete an investigation of the Dealer and document the findings for approval before the Dealer may begin originating Title I Loans through the Lender.

(A) General Criteria

Each Dealer must demonstrate previous business experience in manufactured home retail sales. The Lender must evaluate the Dealer on the basis of experience and approve only those Dealers that the Lender considers to be reliable, financially responsible, and qualified to satisfactorily perform their contractual obligations. At a minimum, each Dealer must comply with the following requirements for Dealer approval.

(1) Dealer Eligibility for Participation in HUD Programs

The Lender must verify that the Dealer and the Principal Owners of the dealership are not excluded from participation in federal government programs and document the results of their review.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

3. Direct and Dealer Loan Process for Manufactured Home Loan Program

The Lender may not contract with entities or persons that are suspended, debarred, or otherwise excluded from participation in HUD programs, or under a [Limited Denial of Participation \(LDP\)](#) that excludes their participation in FHA programs. The Lender must ensure that no TPO or contractor engages such an entity or person to perform any function relating to the origination of an FHA-insured Loan. The Lender must check the [System for Award Management \(SAM\)](#) and the [Credit Alert Verification Reporting System \(CAIVRS\)](#) and must follow appropriate procedures defined by that system to confirm eligibility for participation.

The Dealer, if the Dealer is acting as a Lender, must comply with all laws, rules, and requirements applicable to the loan transaction, including full compliance with the Consumer Financial Protection Bureau (CFPB).

(2) Net Worth Requirement

A Dealer must have and maintain a net worth of not less than \$63,000 in assets acceptable to HUD.

The following asset types and sources are not eligible for inclusion toward the minimum net worth:

- any assets of the Dealer that are pledged to secure obligations of another person or entity;
- any asset due from either officers or stockholders of the Dealer or related entities, in which the Dealer's officers and stockholders have a personal interest (unrelated to their position as an officer or stockholder). "Personal interest" refers to a relationship between the Dealer and a person or entity in which that specified person (e.g., spouse, parent, grandparent, child, brother, sister, aunt, uncle, or in-law) has a financial interest in or is employed in a management position by the Dealer;
- any investment in related entities in which the Dealer's officers or stockholders have a personal interest unrelated to their position as an officer or stockholder for the Dealer;
- that portion of an investment in joint ventures, subsidiaries, Affiliates and/or other related entities which is carried at a value greater than equity, as adjusted. "Equity as adjusted" means the book value on the books of the related entity reduced by the amount of unacceptable assets carried by the related entity;
- all intangibles, such as goodwill, covenants not to compete, franchisee fees, organization costs, etc., except unamortized servicing costs carried at a value established by an Arm's Length Transaction and presented in accordance with Generally Accepted Accounting Principles (GAAP);
- that portion of an asset not readily marketable, and for which appraised values are very subjective, carried at a value in excess of a substantially discounted appraised value; and

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

3. Direct and Dealer Loan Process for Manufactured Home Loan Program

- any asset which is principally used for the personal enjoyment of an officer or stockholder and not for normal business purposes.

(3) Resale Agreements

As a condition of approval, a Lender may require a Dealer to execute a written resale agreement. If a Loan originated by the Dealer results in the repossession of the Manufactured Home, the agreement would require the Dealer to assist the Lender in reselling the Manufactured Home, if requested by the Lender.

(B) Approval Procedure for the Dealer

Lenders must follow the procedures listed below to approve a Dealer to participate in the Title I Manufactured Home Loan program.

(1) Application Form

A prospective Dealer must complete form [HUD-55013](#), *Dealer/Contractor Application: Title I Property Improvement and Manufactured Home Loans*. The Lender must retain form HUD-55013 and all supporting documentation in its dealer file for each Dealer.

(2) Financial Statement

The Lender must obtain and review the Dealer's most recent annual financial statement(s) to confirm that the Dealer meets HUD's net worth requirement. The financial statement must have been prepared by a Certified Public Accountant (CPA) or a licensed public accountant. If the annual financial statement provided at application is more than six months old, the Lender must also obtain and review the Dealer's current Profit and Loss (P&L) statement and balance sheet to verify that the Dealer's net worth is sufficient.

(3) Dealer Credit Report

The Lender must obtain and evaluate a commercial credit report on the dealership. The Lender must also obtain and evaluate an individual credit report on the Principal Owner(s) of the dealership to ensure that the owner(s) does not exhibit a disregard for credit.

(4) Documentation of Approval

Upon completion of the Lender's thorough review and investigation of a Dealer, an authorized official of the Lender must sign the bottom of form [HUD-55013](#) to document the Lender's decision to approve the Dealer. The Lender must retain the approved application and all supporting documentation obtained during the application review.

(5) Annual Renewal

A Dealer is approved for a period of one year. To be re-approved, a Dealer must provide the Lender with a new form [HUD-55013](#) and its most recent financial statement.

In addition to the steps outlined above for the initial approval, the Lender must also evaluate its experience with the Dealer during the prior year. This evaluation must address performance factors such as:

- the Dealer's approval and rejection rates;
- the collection history for Loans purchased from the Dealer; and
- the Dealer's complaint resolution practices.

(C) Monitoring the Dealer

In addition to the initial and annual dealer approval reviews, a Lender must monitor each approved Dealer's activities with respect to Loans insured by HUD on an ongoing basis. The Lender must take prompt action to resolve any dealer deficiencies discovered. A Lender's monitoring of Dealers must include the following.

(1) Quality of Borrower Applicants

The Lender must monitor the quality of applicants submitted by the Dealer. If a Dealer's rejection rate is too high, the Lender should meet with the Dealer to review the Dealer's marketing and borrower qualification practices.

(2) Loan Documentation Quality

The Lender must monitor the quality and completeness of the loan documentation submitted by the Dealer.

(3) Dealer Advertising

The Lender must monitor dealer advertising and other marketing material to ensure against misleading or false claims. Of particular concern is advertising that uses "Federal Housing Administration," "Department of Housing and Urban Development," "FHA," or "HUD" to convey the impression that the Dealer has a special relationship with the federal government. Other prohibited marketing practices include material that states or implies that it is an official government notice, Title I is a grant program, Title I provides Special Benefits for a particular area or group, government funding for the program is limited in amount or for a limited time period, the Borrowers are pre-approved, poor credit is acceptable, HUD approved the Dealer, or the loan funds can be used for debt consolidation. Copies of dealer advertisements and other marketing materials issued by the Dealer must be maintained in the Dealer's file with the other required documents.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

3. Direct and Dealer Loan Process for Manufactured Home Loan Program

Special Benefits refer to benefits other than volume incentives for Dealers which a home manufacturer funds from general corporate revenues by charging them against corporate overhead and profit without changing the wholesale (base) price of a Manufactured Home (or series of homes), as reflected in the manufacturer's published wholesale (base) price list, and which are limited to payments by the manufacturer directly to:

- a financial institution to buy down or reduce the interest rate, Discount Points, or other fees or charges related to a lending agreement for a Dealer's manufactured home inventory or floor plan financing needs; or
- one or more advertising media for all or part of the costs of advertising the manufacturer's homes, one or more Dealer's services, and related manufactured home materials and products in such media.

(4) Monitor Complaints

The Lender must monitor complaints received on Loans originated by the Dealer. Documentation for all complaints and their resolution must be maintained in the Dealer's file. Particular attention should be focused on the quality of service offered, whether warranties are honored in a timely manner, and the general manner in which the Dealer resolves complaints and conducts their business.

(5) Prohibition of Kickbacks and other Irregularities

All credible allegations of irregularities (kickbacks, false statements, etc.) must be promptly reported to either HUD's [QAD](#) or to HUD's [Office of the Inspector General \(OIG\)](#). All referrals to the OIG should be made to the OIG Hotline's call center at 1-800-347-3735 or via the OIG Hotline's website at www.hudoig.gov/hotline.

(6) Material Changes of Dealer

A Lender is responsible for monitoring each Dealer, including any material change in their trade name, places of business, type of ownership, type of business, or principal individuals who control or manage the business.

Upon discovery of any material change, the Lender must determine that the eligibility of the Dealer has not changed.

(7) Maintain Dealer Files

The Lender is to maintain a separate file for each approved Dealer. The file is to include the initial application and documentation used for approval and any information regarding the Lender's experience with Title I Loans involving the Dealer. Each file must consist of information regarding borrower Default rates, records of inspections of homes delivered and installed by the Dealer, copies of letters concerning borrower complaints and their resolution, material changes,

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

copies of dealer advertisements and other marketing materials, and records of the Lender's visits to the Dealer's premises.

(8) Termination of the Dealer

A Dealer's approval will be terminated if a Dealer does not satisfactorily perform its contractual obligations to Borrowers, does not comply with Title I program requirements, or is unresponsive to inquiries pertaining to lender supervision and monitoring requirements. The Lender is required to notify HUD immediately with written documentation of the reason(s) for termination. A Dealer whose approval is terminated as a result of these circumstances may not be re-approved by a Lender without prior written approval from HUD.

Notices of termination for cause and requests for permission to re-approve a terminated Dealer must be in writing and sent to:

U.S. Department of Housing and Urban Development
Quality Assurance Division
451 Seventh St., SW
Washington, DC 20410

A Lender may, at its discretion, terminate the approval of a Dealer for other reasons at any time.

4. Manufactured Home Loan Program

The Title I Manufactured Home Loan Program, Origination/Processing through Post-closing/Endorsement sections in this *FHA Single Family Housing Policy Handbook* (Handbook 4000.1) is applicable to all Manufactured Home Loans insured under Title I of the National Housing Act. The Lender must fully comply with all of the following standards and procedures for obtaining Federal Housing Administration (FHA) insurance on a Loan. If there are any exceptions or program-specific standards or procedures that differ from those set forth below, the exceptions or alternative [program or product](#) specific standards and procedures are explicitly stated. Terms and acronyms used in this Handbook 4000.1 have their meanings defined in the [Glossary and Acronyms](#) and in the specific section of Handbook 4000.1 in which the definitions are located.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

a. Origination/Processing (05/25/2025)

i. Application Packages and Disclosures

(A) Borrower Eligibility

(1) Definition

Borrower refers to one who applies for and receives a Loan insured under this part. The term may also include any co-maker or Co-signer or any assumptor who is obligated for the repayment of a loan obligation insured under this part.

(2) Contents of the Loan Application Package

The Lender must maintain all information and documentation that is relevant to its approval decision in the case binder. All information and documentation that is required in this Handbook 4000.1, and any incidental information or documentation related to these requirements, is relevant to the Lender's approval decision.

If, after obtaining all documentation required below, the Lender has reason to believe it needs additional support for the approval decision, the Lender must obtain additional explanation and documentation, consistent with information in the case binder, to clarify or supplement the information and documentation submitted by the Borrower.

(a) Maximum Age of Loan Application Documents

Documents used in the origination and underwriting of a Loan may not be more than 120 Days old at the Disbursement Date. Only documents whose validity for underwriting purposes is not affected by the passage of time, such as divorce decrees or Tax Returns, may be more than 120 Days old at the Disbursement Date.

For counting purposes, Day one is the Day after the effective or issue date of the document, whichever is later.

Appraisal Validity

The 120-Day age limit applies to a property appraisal conducted in connection with loan origination. See [Appraisals](#). The 120-Day validity period may be extended for 30 Days at the option of the Lender if needed during loan origination, pre-closing review, or claim processes.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(b) Handling of Documents

Lenders, including sponsored TPOs, must not accept or use documents relating to the employment, income, assets, or credit of Borrowers that have been handled by, or transmitted from or through, the equipment of unknown or Interested Parties, including the Borrower, the Dealer or its agent, or sponsored TPOs.

The documents referred to in this section are Lender-generated direct verification documents, which are used to verify and supplement documentation submitted by the Borrower at application. These verifications are to be sent directly from the Lender to the requested responder to obtain independent, written verification of employment, income, rent, or financial accounts.

(i) Information Sent to the Lender Electronically

The Lender must authenticate all documents received electronically by examining the source identifiers (e.g., fax banner header or the sender's email address) and contacting the source by telephone to verify the document's validity. The Lender must document the name and telephone number of the individual with whom the Lender verified the validity of the document.

(ii) Information Obtained via Internet

The Lender must authenticate documents obtained from an Internet website and examine portions of printouts downloaded from the Internet including the Uniform Resource Locator (URL) address, as well as the date and time the documents were printed. The Lender must verify that the website exists.

Documentation obtained through the Internet must contain the same information as would be found in an original hard copy of the document.

(iii) Confidentiality Policy for Credit Information

Lenders must not divulge sources of credit information, except as required by a contract or by law. All personnel with access to credit information must ensure that the use and disclosure of information from a credit report complies with:

- Fair Housing Act, 42 U.S.C. §§ 3601–3619;
- the Fair Credit Reporting Act (FCRA), Public Law 91-508;
- the Privacy Act, Public Law 93-579;
- the Financial Privacy Act, Public Law 95-630; and

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

- the Equal Credit Opportunity Act (ECOA), Public Law 94-239 and 12 CFR Part 202.

(c) Signature Requirements for All Application Forms

All Borrowers must sign and date ~~form HUD-56001-MH, Credit Application for Manufactured (Mobile) Home~~ Fannie Mae Form 1003/Freddie Mac Form 65, Uniform Residential Loan Application (URLA), and form HUD-92900-TI, HUD Addendum to the Uniform Residential Loan Application for Title I Loans.

- (i) The application may not be signed by any party who will not be on the Note.
- (ii) A Power of Attorney (POA) may not be used unless the Lender verifies and documents that all of the following requirements have been satisfied:
 - For military personnel, a POA may only be used when all of the following apply:
 - when the service member is on overseas duty or on an unaccompanied tour;
 - when the Lender is unable to obtain the absent Borrower's signature on the application by mail or fax; and
 - where the attorney-in-fact has specific authority to encumber the Property and to obligate the Borrower.
 - For incapacitated Borrowers, a POA may only be used:
 - where a Borrower is incapacitated and unable to sign the loan application; and
 - where the attorney-in-fact has specific authority to encumber the Property and to obligate the Borrower.

(d) Prohibition on Documents Signed in Blank

Lenders are *not* permitted to have Borrowers sign documents in blank, incomplete documents, or blank sheets of paper.

(e) Policy on Use of Electronic Signatures

(i) Definition

An Electronic Signature refers to any electronic sound, symbol, or process attached to or logically associated with a contract or record and executed or adopted by a person with the intent to sign the record. FHA does not accept an electronic signature that is solely voice or audio. Digital signatures are a subset of electronic signatures.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(ii) Use of Electronic Signatures

An electronic signature conducted in accordance with the Electronic Signature Performance Standards (Performance Standards) is accepted on FHA documents requiring signatures to be included in the case binder for loan insurance, unless otherwise prohibited by law.

Electronic signatures meeting the Performance Standards are treated as equivalent to handwritten signatures.

(iii) Electronic Signature Performance Standards

The Performance Standards are the set of guidelines that govern FHA acceptance of an electronic signature. The use of electronic signatures is voluntary. However, Lenders choosing to use electronic signatures must fully comply with the Performance Standards.

The Electronic Signatures in Global and National Commerce Act (ESIGN Act) Compliance and Technology

A Lender's electronic signature technology must comply with all requirements of the ESIGN Act, including those relating to disclosures, consent, signature, presentation, delivery, retention and any state law applicable to the transaction.

Third Party Documents

Third Party Documents refer to those documents that are originated and signed outside of the control of the Lender, such as the sales contract.

FHA will accept electronic signatures on Third Party Documents included in the case binder for loan insurance endorsement in accordance with the ESIGN Act and the Uniform Electronic Transactions Act (UETA). An indication of the electronic signature and date should be clearly visible when viewed electronically and in a paper copy of the electronically signed document.

Authorized Documents

Authorized Documents refer to the documents on which FHA accepts electronic signatures provided that the Lender complies with the Performance Standards.

- **Loan Insurance Endorsement Documents:** Electronic signatures will be accepted on all documents requiring signatures included in the case binder for loan insurance.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

- **Servicing and Loss Mitigation Documentation:** Electronic signatures will be accepted on any documents associated with servicing or loss mitigation services for FHA-insured Loans.
- **FHA Insurance Claim Documentation:** Electronic signatures will be accepted on any documents associated with the filing of a claim for FHA insurance benefits, including form [HUD-637](#), *Title I Claim for Loss*.

Associating an Electronic Signature with the Authorized Document

The Lender must ensure that the process for electronically signing authorized documents provide for the document to be presented to the signatory before an electronic signature is obtained. The Lender must ensure that the electronic signature is attached to, or logically associated with, the document that has been electronically signed.

Intent to Sign

The Lender must be able to prove that the signer certified that the document is true, accurate, and correct at the time signed. Electronic signatures are only valid under the E-SIGN Act if they are “executed or adopted by a person with the intent to sign the record.” Establishing intent includes:

- identifying the purpose for the Borrower signing the electronic record;
- being reasonably certain that the Borrower knows which electronic record is being signed; and
- providing notice to the Borrower that their electronic signature is about to be applied to, or associated with, the electronic record.

Intent to use an electronic signature may be established by, but is not limited to:

- an online dialog box or alert advising the Borrower that continuing the process will result in an electronic signature;
- an online dialog box or alert indicating that an electronic signature has just been created and giving the Borrower an opportunity to confirm or cancel the signature; or
- a click-through agreement advising the Borrower that continuing the process will result in an electronic signature.

Single Use of Signature

Lenders must require a separate action by the signer, evidencing intent to sign, in each location where a signature or initials are to be applied.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

This provision does not apply to documents signed by Lender employees or Lender contractors provided the Lender obtains the consent of the individual for the use of their electronic signature. The Lender must document the Borrower's consent.

Authentication - Definition

Authentication refers to the process used to confirm a signer's identity as a party in a transaction.

Authentication - Standard

Before a Lender reports the Loan for insurance, the Lender must confirm the identity of the signer by authenticating data provided by the signer with information maintained by an independent source. Independent sources include, but are not limited to:

- national commercial credit bureaus;
- commercially available data sources or services;
- state motor vehicle agencies; or
- government databases.

The Lender must verify a signer's name and date of birth, and either their Social Security Number (SSN) or driver's license number.

Attribution - Definition

Attribution is the process of associating the identity of a signer with their signature.

Attribution - Standard

The Lender must maintain evidence sufficient to establish that the electronic signature may be attributed to the individual purported to have signed.

The Lender must use one of the following methods, or combinations of methods, to establish attribution:

- selection by or assignment to the individual of a Personal Identification Number (PIN), password, or other shared secret, that the individual uses as part of the signature process;
- delivery of a credential to the individual by a trusted third party, used either to sign electronically or to prevent undetected alteration after the electronic signature using another method;
- knowledge base authentication using "out of band/wallet" information;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

- measurement of some unique biometric attribute of the individual and creation of a computer file that represents the measurement, together with procedures to protect against disclosure of the associated computer file to unauthorized parties; or
- public key cryptography.

Credential Loss Management

Lenders must have a system in place to ensure the security of all issued credentials. One or a combination of the following loss management controls is acceptable:

- maintaining the uniqueness of each combined identification code and password, such that no two individuals have the same combination of identification code and password;
- ensuring that identification code and password issuances are periodically checked, recalled, or revised;
- following loss management procedures to electronically deauthorize lost, stolen, missing, or otherwise compromised identification code or password information, and to issue temporary or permanent replacements using suitable, rigorous controls;
- using transaction safeguards to prevent unauthorized use of passwords or identification codes; or
- detecting and reporting any attempts at unauthorized use of the password or identification code to the system security unit.

(f) Required Documentation and Integrity of Records

Lenders must ensure that they employ industry-standard encryption to protect the signer's signature and the integrity of the documents to which it is affixed. Lenders must ensure that their systems will detect and record any tampering with the electronically signed documents. FHA will not accept documents that show evidence of tampering.

If changes to the document are made, the electronic process must be designed to provide an "audit trail" showing all alterations, the date and time they were made, and identify who made them.

The Lender's system must be designed so that the signed document is designated as the Authoritative Copy. The Authoritative Copy of an electronically signed document refers to the electronic record that is designated by the Lender or holder as the controlling reference copy.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(3) Credit Application and Initial Supporting Documentation

The Lender must obtain a completed ~~form HUD-56001-MH-URLA~~ (Fannie Mac Form 1003/Freddie Mac Form 65), form HUD-92900-TI, and a [Notice to Borrower of HUD's Role in Title I Loans](#) from the Borrower prior to completion of the underwriting process.

(a) Interview with Borrower

The Lender must conduct a telephone or face-to-face interview with the Borrower and any co-maker or Co-signer to resolve any material discrepancies, and ensure that the information, including listed debts and obligations, is accurate and complete.

(b) Dealer Certification

Dealers who participate in the Borrower's purchase of a Manufactured Home must sign the certification on the last page of form ~~HUD-56001-MH-URLA~~ HUD-92900-TI.

(c) Credit Application Name Requirements

(i) Standard

All credit applications *must* be executed in the legal names of one or more individuals on the application.

Credit applications from a corporation, partnership, sole proprietorship, nonprofit or trust (including living or non-revocable trusts) are not permitted under Title I.

(ii) Required Documentation

The Lender must include a statement that it has verified the Borrower's identity using a valid government-issued photo identification at or prior to closing the Loan, or the Lender may choose to include a copy of such photo identification as documentation.

(4) Borrower's Authorization

The Lender must obtain the Borrower's authorization to verify the information needed to process the loan application.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(5) Borrower's Authorization for Use of Information Protected under the Privacy Act

(a) Standard

The Lender must obtain the Borrower's consent for use of the Borrower's information for any purpose relating to the origination, servicing, loss mitigation, and disposition of the Loan or, if applicable, the Property securing the Loan, and relating to any insurance claim and ultimate resolution of such claims by the Lender and FHA.

(b) Required Documentation

The Lender must obtain a signed statement from the Borrower that clearly expresses the Borrower's consent for the use of the Borrower's information as required above.

(6) Sales Contract and Required Documentation

(a) Standard

The Lender must not originate an insured Loan for the purchase of a Property if any provision of the sales contract violates FHA requirements. An addendum or modification may be used to remove or correct nonconforming provisions.

The Lender must ensure (1) all purchasers listed on the sales contract are Borrowers, and (2) all Borrowers sign the sales contract.

(b) Required Documentation

The Lender must obtain a complete copy of the sales contract including any modifications or revisions agreed upon by buyer and seller.

(c) Property Appraisal

The Borrower must receive a copy of the property appraisal when an appraisal is required for FHA insurance endorsement.

When an appraisal report is required, the Lender must give the Borrower a copy of the property appraisal report at least three Days prior to loan closing.

A property appraisal is not required in connection with:

- purchase of a New Manufactured Home; or
- refinance of an FHA-insured Loan that secures a Manufactured Home.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(B) Disclosures and Legal Compliance

The Lender must provide or ensure the Borrower is provided with the following disclosure.

(1) Notice to Borrower of HUD's Role in Title I Loans

(a) Standard

The Lender must provide a written notice to clearly inform each Borrower that the Loan will be insured against Default by HUD and about the actions that HUD will take to collect the Loan if the Borrower defaults. This notice also serves to document the Borrower's agreement to pay any penalties and administrative costs that may be assessed by HUD.

(b) Required Documentation – Borrower Acknowledgment

The Lender must have each Borrower sign a copy of the notice at loan application. The copy signed by the Borrower(s) must be retained in the case binder.

(c) Required Documentation – Wording of the Notice

The Lender must prepare the notice on the Lender's letterhead. The notice must read as follows:

You have applied for a manufactured home loan that is to be insured by the Department of Housing and Urban Development. If you fail to repay this lender as agreed, we may foreclose or repossess the home or other property securing this loan and sell it. It is important for you to understand that the value of the property at the time of repossession/foreclosure may be less than the unpaid balance on your loan, leaving you liable for the difference.

After your property is sold, we may assign the remaining debt to HUD for collection.

Failure to pay this debt to HUD may result in offset of Federal payments due you (including Federal income tax refunds, Social Security benefit payments, and Federal employee wages or retirement) or may result in the administrative garnishment of your wages. In addition, failure to pay may result in the referral of the debt for collection to the Department of Justice, to the Department of Treasury, or to private collection agencies. In addition to principal and interest on the debt, you will be liable for the payment of any penalties or administrative costs that may be imposed by HUD as authorized by Section 3717 to Title 31 of the United States Code.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

Your signature below indicates that you have read and understand this notice, and that you consent to pay any penalties, administrative costs, and interest that may be assessed by HUD.

(2) Compliance with All Applicable Laws, Rules, and Requirements

The Lender must comply with all laws, rules, and requirements applicable to the loan transaction, including full compliance with the requirements applicable to the following under the purview of the Consumer Financial Protection Bureau (CFPB):

- Truth in Lending Act (TILA)
- Real Estate Settlement Procedures Act (RESPA)
- the FCRA and the ECOA, as implemented by Regulation B (12 CFR Part 1002)

(3) Nondiscrimination Policy

The Lender must fully comply with all applicable provisions of nondiscrimination and equal opportunity laws, regulations, and contract provisions including, but not limited to:

- Fair Housing Act, 42 U.S.C. §§ 3601–3619;
- the FCRA, 15 U.S.C. §§ 1681a–1681x; and
- the ECOA, 15 U.S.C. §§ 1691a–1691f.

The Lender must make all determinations with respect to the adequacy of the Borrower's income in a uniform manner without regard to race, color, religion, sex, age, national origin, familial status, disability, marital status, receipt of public assistance, because an applicant has in good faith exercised any right under the Consumer Credit Protection Act, or location of the Property.

(C) Application Document Processing

The Lender must order the FHA case number and perform any associated tasks performed directly in FHA Connection (FHAC). The Lender may use nonemployees in connection with its origination of FHA-insured Loans only as described below.

The Lender ultimately remains responsible for the quality of the Loan and strict compliance with all applicable FHA requirements, regardless of the Lender's relationship to the person or entity performing any particular service or task.

(1) Sponsored Third-Party Originator

The Title I Lender is responsible for dictating the specific application and processing tasks to be performed by the sponsored TPO. Only HUD-approved Lenders/Mortgagees acting in the capacity of a sponsored TPO may have direct access to FHAC.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(2) Dealer

The Lender is responsible for approving and monitoring a Dealer and dictating the specific application and processing tasks that the Dealer performs.

(3) Contract Service Providers

A Lender may use qualified contractors to perform the administrative and clerical loan processing functions, provided the contractors do not have an interest in the transaction. These contractors perform the following functions: typing loan documents, mailing out and collecting verification forms, ordering credit reports, and/or preparing for endorsement and shipping Loans to Investors.

(4) Excluded Parties

The Lender may not contract with entities or persons that are suspended, debarred, or otherwise excluded from participation in HUD programs, or under a Limited Denial of Participation (LDP) that excludes their participation in FHA programs. The Mortgagee must ensure that no sponsored TPO or contractor engages such an entity or person to perform any function relating to the origination of an FHA-insured Mortgage.

The Lender must check the System for Award Management (SAM) and must follow appropriate procedures defined by that system to confirm eligibility for participation.

(5) Underwriter Qualifications

HUD does not approve nor require Direct Endorsement certification for Title I underwriters. Title I Lenders approve the underwriter based on demonstrated capabilities and knowledge in loan underwriting.

The Lender must register each underwriter in FHAC. By registering the underwriter in FHAC, the Lender certifies that the underwriter meets the necessary qualifications to underwrite Title I Manufactured Home Loans. The underwriter must be a full-time employee of the Lender.

(D) Initial Document Processing

The Lender begins processing the Loan by obtaining ~~form HUD-56001-MH~~ the **URLA (Fannie Mae Form 1003/Freddie Mac Form 65)** and **form HUD-92900-TI**.

(E) Case Number Assignment

A Lender reports all prospective Title I Manufactured Home Loans to HUD via the “Case Number Assignment” screen on the [FHAC](#) portal web site. The information required on this screen includes general loan information, and information about the

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

Borrower, the home unit and the home site. Once the Lender's submission passes all data entry validations, it is accepted for overnight processing.

This process verifies the submitted data against a series of system validations. Once completed, the system will issue a Title I case number that will be specific to the loan transaction. The system will advise the Lender if additional information is required or if corrections are needed.

(1) Case Numbers on Sponsored Originations

The Lender will not be able to order case numbers for sponsored originations unless their sponsored TPO has been registered in FHAC.

(2) Canceling a Case Number

The Lender may cancel FHA case numbers in FHAC under the following circumstances:

- an appraisal has not been completed and the Borrower will not close the loan as an FHA-insured Loan;
- the FHA insurance will not be sought; or
- the appraisal has already expired.

ii. Manufactured Home Loan Eligibility and Purpose

(A) Definition

Manufactured Home Loan refers to a Loan for the purchase or refinancing of a Manufactured Home and/or the lot on which to place such home. Unless otherwise indicated, the term includes Manufactured Home Purchase Loans, Manufactured Home Lot Loans, and Combination Loans.

Manufactured Home Purchase Loan refers to a Loan for the purchase or refinancing of a Manufactured Home exclusive of any lot or site, and may also include a garage, patio, carport, or other comparable appurtenance.

A Combination Loan refers to a Loan made for the purchase or refinancing in a single transaction of a Manufactured Home and a manufactured home lot, and may also include a garage, patio, carport, or other comparable appurtenance.

(B) Standard

The loan proceeds may be used for the following loan types and purposes.

(1) Manufactured Home Loan

A Manufactured Home Loan is used to purchase or refinance a Manufactured Home unit.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(2) Manufactured Home Lot Loan

A Manufactured Home Lot Loan is used to purchase a parcel of real estate to be used as the site for the placement of a Manufactured Home unit.

(3) Combination Loan (Manufactured Home and Lot)

A Combination Loan is used to purchase or refinance a Manufactured Home unit and a parcel of real estate to be used as the site for the placement of a Manufactured Home unit.

(C) Refinance

A [refinance transaction](#) establishes a new Loan to pay off the existing debt for a Borrower with legal title to the subject Property.

The refinance Loan may also advance additional funds for the purchase of a home or lot, which is also referred to as a [Combination Loan](#).

(D) General Borrower Eligibility Requirements

In order to obtain FHA-insured financing, all Borrowers must meet the eligibility criteria in this section.

A party who has a financial interest in the loan transaction, such as the seller, builder or real estate agent, may not be a co-Borrower or a Co-signer. Exceptions may be granted when the party with the financial interest is a Family Member.

(1) Social Security Number

(a) Standard

Each Borrower must provide evidence of their valid Social Security Number (SSN) to the Lender. Individuals employed by the World Bank, a foreign embassy, or equivalent employer identified by HUD are not required to provide an SSN.

(b) Required Documentation

The Lender must:

- validate and document an SSN for each Borrower, co-Borrower, or Co-signer on the Loan by:
 - entering the Borrower's name, date of birth, and SSN in the Borrower/address validation screen through [FHAC](#);
 - examining the Borrower's original pay stubs; IRS Form W-2s, *Wage and Tax Statement*; valid Tax Returns obtained directly from

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

the Internal Revenue Service (IRS); or other document relied upon to underwrite the Loan; and

- resolve any inconsistencies or multiple SSNs for individual Borrowers that are revealed during loan processing and underwriting using a service provider to verify the SSN with the Social Security Administration (SSA).

(2) Borrower Age Limits

The Borrower must be old enough to enter into a loan Note that can be legally enforced in the state, or other jurisdiction, where the Property is located. There is no maximum age limit for a Borrower.

(3) Occupancy

The Borrower must own and occupy the Manufactured Home as a Principal Residence. Non-Occupant Borrowers are not permitted unless there is proof that they are exempted due to military service with overseas assignments.

(4) Borrower and Co-Borrower Ownership and Obligation Requirements

To be eligible, all Borrowers and co-Borrowers must take title to the Property at settlement, be obligated on the Note or credit instrument, and sign all security instruments.

Not all individuals with an interest in the Property are required to be Borrowers. However, the Loan must be executed by all parties necessary to make the lien valid and enforceable under state law.

(5) Military Personnel Eligibility

(a) Standard

Borrowers who are military personnel, who cannot physically reside in a Property because they are on Active Duty, are still considered Owner-Occupant Borrowers and are eligible for maximum financing if a Family Member of the Borrower will occupy the subject Property as their Principal Residence, or the Borrower intends to occupy the subject Property upon discharge from military service.

(b) Required Documentation

The Lender must obtain a copy of the Borrower's military orders evidencing the Borrower's Active Duty status and that the duty station is more than 100 miles from the subject Property.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

The Lender must obtain the Borrower's intent to occupy the subject Property upon discharge from military service.

(6) Citizenship and Immigration Status

U.S. citizenship is not required for loan eligibility.

(7) Residency Requirements

The Lender must determine the residency status of the Borrower based on information provided on the loan application and other applicable documentation. In no case is a Social Security card sufficient to prove immigration or work status.

(a) Permanent Residents

(i) Standard

A Borrower with lawful permanent resident ~~alien~~ status may be eligible for FHA-insured financing provided the Borrower satisfies the same requirements, terms, and conditions as those for U.S. citizens.

(ii) Required Documentation

The case binder must include evidence of the permanent residency and indicate that the Borrower is a lawful permanent resident ~~alien on the~~ URLA (Fannie Mae Form 1003/Freddie Mac Form 65), ~~Uniform Residential Loan Application (URLA)~~.

The U.S. Citizenship and Immigration Services (USCIS) within the Department of Homeland Security provides evidence of lawful, permanent residency status.

(b) Citizens of the Federated States of Micronesia, the Republic of the Marshall Islands, or the Republic of Palau

(i) Standard

A Borrower with citizenship in the Federated States of Micronesia, the Republic of the Marshall Islands, or the Republic of Palau may be eligible for FHA-insured financing provided the Borrower satisfies the same requirements, terms, and conditions as those for U.S. citizens.

(ii) Required Documentation

For Borrowers who are citizens of the Federated States of Micronesia, the Republic of the Marshall Islands, or the Republic of Palau, the case binder must include evidence of such citizenship.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(c) Non-U.S. Citizens without Lawful Residency

Non-U.S. citizens without lawful residency in the U.S. are not eligible for FHA-insured Loans.

(8) Borrower Ineligibility due to Delinquent Federal Non-tax Debt

(a) Standard

Lenders are prohibited from processing an application for an FHA-insured Loan for Borrowers with delinquent federal non-tax debt, including deficiencies and other debt associated with past FHA-insured Mortgages or Loans. Lenders are required to determine if the Borrowers have delinquent federal non-tax debt. Lenders may obtain information on delinquent Federal Debts from public records, credit reports or equivalent, and must check all Borrowers against the [Credit Alert Verification Reporting System \(CAIVRS\)](#).

(b) Verification

If a delinquent Federal Debt is reflected in a public record, credit report or equivalent, or CAIVRS or an Equivalent System, the Lender must verify the validity and delinquency status of the debt by contacting the creditor agency to whom the debt is owed. If the debt was identified through CAIVRS, the Lender must contact the creditor agency using the contact phone number and debt reference number reflected in the Borrower's CAIVRS report.

If the creditor agency confirms that the debt is valid and in delinquent status as defined by the [Debt Collection Improvement Act of 1996](#), then the Borrower is ineligible for an FHA-insured Loan until the Borrower resolves the debt with the creditor agency.

The Lender may not deny a Loan solely on the basis of CAIVRS information that has not been verified by the Lender. If resolved either by determining that the information in CAIVRS is no longer valid or by resolving the delinquent status as stated above, the Lender may continue to process the loan application.

(c) Resolution

In order for a Borrower with verified delinquent Federal Debt to become eligible, the Borrower must resolve their federal non-tax debt in accordance with the [Debt Collection Improvement Act of 1996](#).

The creditor agency that is owed the debt can verify that the debt has been resolved in accordance with the Debt Collection Improvement Act.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(d) Required Documentation

The Lender must include documentation from the creditor agency to support the verification and resolution of the debt. For debt reported through CAIVRS, the Lender may obtain evidence of resolution by obtaining a clear CAIVRS report.

(9) Eligibility Period for Borrowers Delinquent on FHA-insured Loans

If a Borrower is currently Delinquent on an FHA-insured Loan, they are ineligible for insurance on a new FHA Loan unless the delinquency is resolved.

(10) Delinquent Federal Tax Debt

(a) Standard

Borrowers with delinquent Federal Tax Debt are ineligible.

Tax liens may remain unpaid if the Borrower has entered a valid repayment agreement with the federal agency owed to make regular payments on the debt, and the Borrower has made timely payments for at least three months of scheduled payments prior to the date of application. The Borrower cannot prepay scheduled payments in order to meet the required minimum of three months of payments.

The Lender must include the payment amount in the agreement in the calculation of the Borrower's Debt-to-Income (DTI) ratio.

(b) Verification

Lenders must check public records and credit information to verify that the Borrower is not presently delinquent on any Federal Debt and does not have a tax lien placed against their Property for a debt owed to the federal government.

(c) Required Documentation

The Lender must include documentation from the IRS evidencing the repayment agreement and verification of payments made, if applicable.

(11) Valid First Liens

(a) Standard

The Borrower must be able to provide a valid first lien on the Property securing the debt. The Lender must ensure that the Property will be free and clear of all liens other than for the FHA-insured Manufactured Home Loan.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(b) Consent of Non-purchasing Spouses

If it is necessary to perfect a valid first lien under state law, the Lender must require a non-purchasing spouse to execute either the security instrument or documentation indicating that they are relinquishing all rights to the Property.

(c) Required Documentation

The lien must be documented in the case binder by a Lender or deed of trust, executed by the Borrower and in Fee Simple.

(12) Eligibility Requirements for Living Trusts

(a) Property Held in Living Trusts

The Lender must not originate a Title I Manufactured Home Loan for a Property held by the Living Trust.

(b) Living Trusts and Security Instruments

The security instrument, such as a Loan or deed of trust, must not name a Living Trust as property owner.

The individual borrower name(s) must appear on the security instrument, property deed, and title.

(E) Excluded Parties

(1) Borrower

(a) Standard

Borrowers with a new Loan or assumption are not eligible to participate in FHA-insured loan transactions if they are suspended, debarred, or otherwise excluded from participating in HUD programs.

Exception

Establishing Excluded Parties is not required for an existing Borrower being evaluated under [Loss Mitigation Tools](#).

(b) Required Documentation

The Lender must check the HUD [LDP List](#) to confirm the Borrower's eligibility to participate in an FHA-insured loan transaction.

The Lender must check [SAM](#) and must follow appropriate procedures defined by that system to confirm eligibility for participation.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(2) Other Parties to the Transaction

(a) Standard

A Loan is not eligible for FHA insurance if anyone participating in the loan transaction is found on HUD's LDP List or in SAM. This may include but is not limited to:

- Borrower
- seller (except where selling the Principal Residence)
- Dealer or retailer
- listing or selling real estate agent
- loan officer
- loan processor
- underwriter
- Appraiser
- broker

(b) Required Documentation

The Lender must check the HUD LDP List and SAM, and must follow appropriate procedures defined by that system to confirm eligibility for participation.

(3) FHA Policy Limiting the Number of Title I Manufactured Home Loans per Borrower

(a) Standard

A Borrower with an existing FHA-insured Manufactured Home Loan may not obtain an additional FHA-insured Manufactured Home Loan with Title I insurance.

A Borrower with an existing FHA-insured Manufactured Home Loan may obtain a [Title I FHA-insured Property Improvement Loan](#).

(b) Required Documentation

Each Borrower purchasing a Manufactured Home must sign form [HUD-56002-MH](#), *Placement Certificate for Manufactured Home*, to certify that the Property will be the Borrower's Principal Residence.

The Lender must review ~~form HUD-56001-MH~~ [the URLA \(Fannie Mae Form 1003/Freddie Mac Form 65\)](#), [form HUD-92900-TI](#), and other loan documents to assess if the Borrower owns property other than Property associated with the transaction. If the Borrower owns other property, ~~an attachment to form HUD-56001-MH~~ [the URLA](#) must identify the property address, expenses for

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

debt, taxes and insurance, and its use as either a Secondary Residence or for investment.

(F) Occupancy Types

(1) Principal Residence

(a) Definition

A Principal Residence refers to a dwelling where the Borrower maintains or will maintain their permanent place of abode, and which the Borrower typically occupies or will occupy for the majority of the calendar year. A person may have only one Principal Residence at any one time.

(b) Standard

(i) FHA Requirement for Establishing Owner Occupancy

All Borrowers must occupy the Property within 60 Days of signing the security instrument.

(ii) FHA Insurance on a Principal Residence

FHA will *not* insure a Manufactured Home Loan if it is determined that the transaction was designed to use FHA loan insurance as a vehicle for obtaining Investment Properties, even if the Property to be insured will be the *only* one owned using FHA loan insurance.

(2) Secondary Residence

(a) Definition

A Secondary Residence refers to a Structure that a Borrower occupies in addition to their Principal Residence, but less than a majority of the calendar year. A Secondary Residence does not include a Vacation Home.

(b) Standard

Secondary Residences are not permitted under the Title I Manufactured Home Loan program.

(3) Investment

(a) Definition

An Investment Property refers to a Property that is *not* occupied by the Borrower as a Principal or Secondary Residence.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(b) Standard

Investment Properties are not permitted under the Title I Manufactured Home Loan program.

(G) General Property Eligibility

(1) Eligible Geographic Locations

The Property must be located within the U.S., Puerto Rico, Guam, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, or American Samoa.

(2) Restrictions on Property Locations within Coastal Barrier Resources System

In accordance with the Coastal Barrier Resources Act, a Property is not eligible for FHA loan insurance if the improvements are in or are proposed to be located within the Coastal Barrier Resources System (CBRS).

(3) Hazard Insurance

(a) Standard

Hazard insurance is required for all Manufactured Homes and must be maintained for the life of the insured Loan. Hazard insurance is not required for FHA-insured Loans that secure a lot.

The minimum amount of insurance must be the greater of the unpaid balance due on the Title I Loan or the actual value of the home where state law precludes a higher amount.

The Lender must be named as the loss payee.

(b) Lender Responsibilities

If during the lender term the Borrower does not maintain the required hazard insurance, the Lender must obtain the insurance and may pass on the expense to the Borrower. The Lender assumes the risk and potential costs on a Property that is not insured in compliance with the above requirements.

(c) Required Documentation

The Lender must maintain a copy of the Declarations page throughout the life of the Loan.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(4) Special Flood Hazard Areas

The Lender must determine if a Property is located in a Special Flood Hazard Area (SFHA) as designated by the Federal Emergency Management Agency (FEMA).

The Lender must obtain flood zone determination services, independent of any assessment made by the Appraiser, to cover the Life of the Loan Flood Certification.

Flood Insurance is required when any portion of the home site or residential improvement including Structures or equipment essential to the value is located in an SFHA identified by FEMA using the Life of the Loan Flood Certification and must be maintained for the life of the insured Loan.

A Property is not eligible for FHA insurance if a home site on which a Manufactured Home is placed is:

- located within SFHA Zone V, a Coastal High Hazard Area; or
- located within SFHA Zone A and insurance under the National Flood Insurance Program (NFIP) is not available in the community; or
- proposed to be located within a CBRs.

A Property may be eligible for FHA insurance if a home site on which the Manufactured Home is placed is located in an SFHA if:

- a FEMA issued Letter of Map Amendment (LOMA) or Letter of Map Revision (LOMR) removes the Property from the SFHA; or
- a FEMA NFIP Elevation Certificate ([FEMA Form FF-206-FY-22-152](#)) shows the finished grade beneath the Manufactured Home is at or above the 100-year return frequency flood elevation.

To be eligible for FHA insurance, a Property located in an SFHA must be in a community that participates in the NFIP and has NFIP available, regardless of whether the Borrower obtains NFIP coverage.

(5) Flood Insurance

(a) Standard

Flood Insurance is required if the Property to be improved is secured and is located in a FEMA designated flood hazard area.

The amount of insurance must be no less than the unpaid balance due on the Title I Loan, and the Lender must be named as the loss payee.

Prior to closing, Lenders must inform Borrowers of the requirement to have or obtain adequate Flood Insurance as a condition of closing for Properties where

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

any portion of the dwelling and related Structures or equipment essential to the Property Value is located in an SFHA.

Flood Insurance must be maintained for the life of the insured Loan.

(b) Required Documentation

The Lender must obtain the Life of the Loan Flood Certification indicating whether or not the home site is located within an SFHA.

When the home site is located in an SFHA, the Lender must provide HUD a copy of the pages from the Flood Insurance policy showing the coverage amount required and reflecting the Lender as the loss payee.

(i) Requirements for Private Flood Insurance

If the Borrower purchases a Private Flood Insurance (PFI) policy in lieu of an NFIP policy, the Mortgagee must ensure the PFI policy meets the following requirements:

- is issued by an insurance company that is licensed, admitted, or otherwise approved to engage in the business of insurance in the state or jurisdiction in which the Property to be insured is located, by the insurance regulator of the state or jurisdiction; or, in the case of a policy of difference in conditions, multiple peril, all risk, or other blanket coverage insuring nonresidential commercial property, is recognized, or not disapproved, as a surplus lines insurer by the insurance regulator of the state or jurisdiction where the Property to be insured is located;
- provides Flood Insurance coverage that is at least as broad as the coverage provided under a standard Flood Insurance policy under the NFIP for the particular type of Property, including when considering exclusions and conditions offered by the insurer;
- includes deductibles that are no higher than the specified maximum, and includes similar nonapplicability provisions, as under a standard Flood Insurance policy under the NFIP;
- includes a requirement for the insurer to provide written notice 45 Days before cancellation or nonrenewal of Flood Insurance coverage to the Borrower and the Mortgagee. In cases where the Mortgagee has assigned the loan to HUD, the insurer must provide notice to HUD and, where applicable, to the Borrower;
- includes information about the availability of Flood Insurance coverage under the NFIP;
- includes a mortgage interest clause similar to the clause contained in a standard Flood Insurance policy under the NFIP;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

- includes a provision requiring the Borrower to file suit no later than one year after the date of a written denial for all or part of a claim under the policy; and
- contains cancellation provisions that are as restrictive as the provisions contained in a standard Flood Insurance policy under the NFIP.

(iii) Private Flood Insurance Policy Compliance Aid

Definition

The Private Flood Insurance (PFI) Policy Compliance Aid is the statement: “This policy meets the definition of private flood insurance contained in 24 CFR 203.16a(e) for FHA-insured mortgages.”

Standard

The PFI Policy Compliance Aid may be made by the insurance provider, attesting that a PFI policy meets the [requirements of Flood Insurance](#). The Mortgagee may rely on the PFI Policy Compliance Aid to determine whether a PFI policy meets the Flood Insurance requirements. A Mortgagee may not reject a policy solely because it is not accompanied by a PFI Policy Compliance Aid.

b. Allowable Loan Parameters (03/29/2024)

i. Maximum Loan Amounts

All Loans are subject to loan amount limits based on all of the following:

- Nationwide Loan Limits;
- Minimum Cash Investment (MCI);
- Minimum Decision Credit Score limitations;
- maximum Loan-to-Value (LTV); and
- LTV calculation applicable to the transaction type.

Unless explicitly stated for a transaction type, the loan limits apply to all property types and loan purposes.

(A) Nationwide Loan Limits

The final Loan amount must not exceed the loan limit set by HUD, which includes any portion of the Upfront Insurance Premium (UFIP) and [Financeable Fees and Charges](#) that are to be financed. The loan limits are available at [Financing Manufactured \(Mobile\) Homes](#).

Title I Manufactured Housing Nationwide Loan Limits are established in accordance with Title I Section 2(b) of the National Housing Act based upon loan type:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

- Manufactured Home Loan (Single-section), \$105,532
- Manufactured Home Loan (Multi-section), \$193,719
- Combination Loan (Single-section), \$148,909
- Combination Loan (Multi-section), \$237,096
- Manufactured Home Lot Loan, \$43,377

The Nationwide Loan Limits will be reviewed annually and adjusted accordingly.

(B) Required Investment

(1) Total Required Investment

Total Required Investment refers to the amount the Borrower must contribute to the transaction including the Borrower's downpayment and the Borrower-paid transaction costs. The Total Required Investment includes the MCI.

(2) Minimum Cash Investment

Minimum Cash Investment (MCI) refers to the Borrower's contribution in cash or its equivalent required, which represents at least 5 percent of the total purchase price for a maximum LTV of 95 percent. The MCI for a Borrower with a credit score of 500 and below will be 10 percent of the total purchase price.

When the credit report reflects that a score is not available from any of the three credit reporting agencies, and non-traditional underwriting demonstrates that the Borrower has satisfactory credit, then an MCI of at least 5 percent of the total purchase price is required. See [Credit Requirements](#) for credit report requirements.

Credit Score	Minimum Downpayment	Maximum LTV
Above 500	5%	95%
500 and Below	10%	90%

(C) LTV Limitations Based on Borrower's Credit Score

The Lender must review the credit report to determine the Borrower's [Minimum Decision Credit Score \(MDCS\)](#).

The MDCS will be used to determine the maximum insured financing available to a Borrower with traditional credit.

The table below describes the relationship between the Borrower's MDCS and the LTV ratio for which they are eligible.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

If the Borrower's Minimum Decision Credit Score is...	Then the maximum Loan-to-Value is...
Above 500	95%
500 and below	90%

(D) Calculating the Loan-to-Value

The Lender must calculate the LTV to determine the maximum Base Loan Amount, which is the amount prior to adding in the Upfront Insurance Premium (UFIP). The Base Loan Amount may be increased by the financed UFIP amount, but must not exceed the [Nationwide Loan Limits](#).

The LTV is calculated according to the specific loan purpose.

(E) Calculating the Maximum Loan Amount Purchase Transactions

(1) Maximum Base Loan Amount for New Manufactured Home

The maximum Base Loan Amount is determined by applying the LTV (95 percent or 90 percent) to the sum of the following amounts:

- 130 percent of the sum of the wholesale (base) price of the home plus eligible itemized options, including the charge for freight, as detailed on the Manufacturer's Invoice;
- sales tax to be paid by the Borrower, as detailed in the retail sales contract;
- Dealer's actual cost of transportation to the home site, set-up and anchoring, including the rental of wheels and axles (if not included in the freight charges);
- Dealer's actual cost for skirting, garage, carport, patio, or other appurtenance, and for purchase and installation of a central air conditioning system or heat pump (if not installed by the manufacturer); and
- [Financeable Fees and Charges](#).

(2) Maximum Base Loan Amount for Existing Manufactured Home

The maximum Base Loan Amount is determined by multiplying the appropriate LTV factor (95 percent or 90 percent) to the lesser of:

- the appraised value of the home as described in the sales contract, including any [Eligible Options and Accessories](#) itemized in the sales contract or documented in the file; or
- the purchase price of the home, including costs to the Borrower for all items described in the sales contract and any [Eligible Options and Accessories](#) as documented in the file.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(3) Eligible Options or Costs

Eligible options or costs include:

- sales tax to be paid by the Borrower, as described in the sales contract;
- actual costs of transportation to the home site, setup and anchoring, including the rental of wheels and axles (if home is being relocated);
- actual cost for new skirting, garage, carport, patio, or other appurtenance, and for purchase and installation of a central air conditioning system or heat pump;
- actual cost of running and connecting electric power lines to the home, but only for borrower-owned land; and
- [Financeable Fees and Charges](#) in the Loan.

(4) Ineligible Costs

Ineligible costs cannot be financed into the loan amount. Ineligible costs include furniture, personal items (rugs, draperies, lamps, etc.), small appliances that are not part of the Property (toasters, TVs, etc.), and the purchase of wheels and axles.

(F) Required Documentation for LTV Calculation

The case binder must contain:

- a summary page that itemizes the expenses and reflects calculations used to determine the LTV ratio; and
- the supporting documents for itemized costs, as applicable:
 - sales contract; and
 - receipts or invoices to evidence actual cost of allowable items, when not reflected in the sales contract.

ii. Loan Term

(A) Minimum Loan Term

The minimum loan term for all property types and purposes is six months.

(B) Maximum Loan Term

The maximum term is limited according to the type of Property secured.

The maximum loan term for a single-unit Combination Loan may not exceed 20 years and 32 Days from the date of the Loan. The maximum loan term for a multi-unit Combination Loan may not exceed 25 years and 32 Days from the date of the Loan.

Property Type	Maximum Loan Term
Manufactured Home	20 years, plus 32 Days

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

Property Type	Maximum Loan Term
Manufactured Home Lot	15 years, plus 32 Days
Single Unit Manufactured Home and Lot	20 years, plus 32 Days
Multi-Unit Manufactured Home and Lot	25 years, plus 32 Days

iii. Loan Insurance Premiums

FHA collects a UFIP and an annual insurance premium charge for eligible Loans originated under the FHA Title I Manufactured Home Loan program.

(A) Upfront Insurance Premium

(1) Upfront Insurance Premium Amount

FHA's Manufactured Home insurance program requires the payment of UFIP, which may be financed into the Loan. The UFIP is 2.25 percent of the Base Loan Amount.

The UFIP charge may be financed into the Loan in full or in part, provided that the Total Loan Amount does not exceed the [Nationwide Loan Limits](#). If all or part of the UFIP exceeds the Nationwide Loan Limits, the Borrower must pay the excess in cash.

Unless otherwise stated in this section (Underwriting the Transaction), restrictions to loan amounts and LTVs are based upon the amount prior to the financing of the UFIP (Base Loan Amount). The Total Loan Amount may be increased by the financed UFIP amount.

(2) Refund and Credit of Upfront Insurance Premium

FHA will only refund the UFIP if a Loan is not endorsed for insurance. The refund will be returned to the Lender who must apply the refund to the principal balance of the subject Loan.

(B) Annual Loan Insurance Premium

The periodic loan insurance premium is an annual loan insurance premium that is payable monthly. The loan insurance premium charge is 1 percent of the remaining principal balance, based upon the Loan's scheduled amortization.

The loan insurance premium must be paid for the full term of the Loan unless the Loan is prepaid in full or the Lender files a claim with FHA.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(C) Lender Responsibilities

(1) Insuring an Advance of Credit

Manufactured Home Loans may be evidenced by advances of credit, such as retail sales installment contracts, in which the Borrower(s) agrees to pay the Dealer over a period of time. To insure an advance of credit as a Title I Loan, an FHA-approved Lender purchases the advance of credit. Because the Dealer is not eligible to insure such a Loan, Title I insurance charges cannot be included in the retail sales installment contract.

(2) Passing Insurance Premiums to Borrower

The UFIP and annual insurance premiums are obligations of the Lender. The Lender may pass the premium charges on to the Borrower, provided that such charges are fully disclosed.

To pass the obligation to pay UFIP and annual insurance premiums to the Borrower, the Lender must obtain a signed agreement from the Borrower in which the Borrower agrees to:

- an increase in the principal amount of the Loan from what is shown on the retail sales installment contract to an amount that includes both the principal amount on the retail sales installment contract and the amount of the financeable upfront insurance charge;
- pay the Lender for any portion of the upfront insurance charge that cannot be financed; and
- pay the Lender for the monthly insurance charge ($1/12^{\text{th}}$ of the annual premium) in addition to the monthly Loan Payment set in the retail sales installment contract.

Lenders are free to adopt any method that does not violate applicable law, but FHA suggests that the agreement be effectuated by a rider to the retail installment sales contract, if applicable. The rider must be executed by all Borrowers on the Loan at the same time that the retail installment sales contract is executed.

(D) Required Documentation

(1) Borrower's Agreement to Pay Loan Insurance Premiums

The Lender's file must contain the Borrower's agreement to pay loan insurance premiums. The agreement may be effectuated through the form of a rider to the retail installment contract or other method, and must be signed by all Borrowers.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(2) Rider for Insurance Premiums

Loans originated by Dealers must have the Borrower execute a rider for loan insurance premiums, which authorizes the Lender to charge the Borrower for the charges.

(3) Suggested Language for Rider for Insurance Premiums

FHA does not supply a form for the rider. Lenders may use the suggested language as follows on their letterhead. The form must be signed by all Borrowers obligated on the Loan.

RIDER – UPFRONT INSURANCE PREMIUM

This rider is made this ____ day of _____, and is incorporated into and shall be deemed to amend and supplement the retail installment sales contract of the same date given by the undersigned borrower(s) to (insert name of dealer) to finance the purchase of (insert description of the manufactured home).

The loan to whom this retail installment sales contract (the loan) has been assigned will be insured against loss in the event of a borrower default by the Federal Housing Administration (FHA) of the U.S. Department of Housing and Urban Development (HUD). FHA charges the lender an upfront insurance premium at the time the loan is insured and annual premiums during the term of the loan. The lender is authorized by FHA to collect such premiums from the borrower(s), and this rider constitutes the consent of the borrower(s) to reimburse the lender for such premiums, as follows:

CHECK APPLICABLE BOXES

Upfront Insurance Premium Fully Financed.

The upfront premium is (insert number) percent of \$ _____, the amount financed shown on the face of the retail sale installment contract, which equals \$(insert number). The upfront premium, when added to the amount financed, results in a new amount financed that is equal to or less than FHA's maximum loan amount, and therefore the upfront premium is financed in its entirety with this lender. The new amount financed is \$(insert original amount financed + upfront premium). This results in an increased monthly payment. The revised monthly payment is \$(insert new amount).

Upfront Insurance is Partially Financed.

The upfront premium is (insert number) percent of \$ _____, the amount financed shown on the face of the retail sale installment contract, which equals \$(insert number). The upfront premium, when added to the amount financed, results in a new amount financed that exceeds FHA's maximum loan amount, and

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

therefore the upfront premium is partially financed with this lender, to the extent that it results in a new amount financed equal to the FHA maximum loan amount. Borrower(s) will pay the lender the balance of the upfront premium... The new amount financed is \$(insert original amount financed + financeable amount of upfront premium). As a result of the increase in the amount financed, the monthly payment is \$(insert new amount).

Upfront Insurance Cannot be Financed.

The upfront premium is (insert number) percent of \$_____, the amount financed shown on the face of the retail sale installment contract, which equals \$(insert number). The upfront premium cannot be financed because the amount financed is equal to FHA's maximum loan amount. Borrower(s) will pay the lender the upfront premium.

Annual Premium Cannot be Financed

The annual premiums are based upon the declining balance of the original amount financed, and thus will change every year. Borrower(s) will pay 1/12 of each annual premium each month in addition to the monthly loan payment set forth in paragraph (a). The initial monthly premium payment is \$(insert number). The lender will advise the borrower(s) of each annual change in the monthly premium payment.

c. Property Requirements (05/09/2022)

i. Definitions

(A) Manufactured Home

A Manufactured Home refers to a transportable Structure, comprised of one or more modules, each built on a permanent chassis, with or without a permanent foundation, designed for occupancy as a Principal Residence by a single family.

(B) New Manufactured Home

A New Manufactured Home refers to a home, which has not been previously occupied, purchased by a Borrower within 18 months after the date of manufacture.

(C) Existing Manufactured Home

An Existing Manufactured Home refers to a home purchased later than 18 months after the date of manufacture; it must be appraised to determine the maximum loan amount.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(D) Manufactured Home Lot

Manufactured Home Lot refers to a portion of land owned or to be owned by the Borrower as realty, and is suitable for placement of a Manufactured Home. The manufactured home lot may consist of:

- platted or unplatted land, a lot in a recorded or unrecorded subdivision or in an improved area of such subdivision, or a lot in a Planned Unit Development (PUD); or
- an interest in a manufactured home Condominium Project (including any interest in the common areas) or a share in a cooperative association that owns and operates a manufactured home park.

(E) Manufactured Home

A Manufactured Home is constructed in compliance with the [Manufactured Home Construction and Safety Standards Act of 1974](#) (42 U.S.C. §§ 5401–5426) at 24 CFR Part 3280, and is exclusive of the land on which the home is set. The Property may include the garage, patio, carport, or other comparable appurtenance. The Manufactured Home:

- may be treated as Personal Property or Chattel when it retains its vehicle title (or certificate of title); or
- may be treated as realty by the state or locality in which the Property is located, and for which the vehicle title is surrendered and canceled.

When the Manufactured Home is treated as Personal Property, Lenders may take a security interest in the Manufactured Home as Personal Property and concurrently place a real property lien on the land. FHA permits Manufactured Homes to be split from the land and secured separately.

(F) Manufactured Home and Lot Combination

Manufactured Home and Lot Combination refers to an eligible Manufactured Home and manufactured home lot on which the Manufactured Home is placed.

(G) Manufacturer's Invoice

Manufacturer's Invoice refers to a document issued by a manufacturer and provided with a Manufactured Home to a retail dealer that separately details the wholesale (base) prices at the factory for specific models or series of Manufactured Homes and itemized options (large appliances, built-in items and equipment), plus actual itemized charges for freight from the factory to the Dealer's lot or the home site (including any rental of wheels and axles) and for any sales taxes to be paid by the Dealer. The invoice may recite such prices and charges on an itemized basis or by stating an aggregate price or charge, as appropriate, for each category. The manufacturer shall certify on the invoice, or on a supplement which is attached to and made a part of the invoice, as follows:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

The undersigned certifies under applicable criminal and civil penalties for fraud and misrepresentation that: (1) The wholesale (base) prices for the manufactured home and itemized options, the charges for freight and dealer-paid sales taxes, and all other statements in this invoice are true and accurate; (2) all such prices reflect the actual dealer costs at the factory, as quoted in the applicable current manufacturer's wholesale (base) price list; (3) except for any payments of volume incentives or special benefits related to this transaction, all such prices and charges exclude any costs of trade association fees or charges, discounts, bonuses, refunds, rebates, prizes, loan discount points or other financing charges, or anything else of more than nominal value which will inure to the benefit of the dealer and/or home purchaser at any date; and (4) the manufacturer has not made and will not make any payments to or for the benefit of the dealer and/or home purchaser that are not disclosed on this invoice or invoice supplement.

ii. Standard

(A) HUD Certification Label

(1) Definition

HUD Certification Label, also known as a HUD seal or HUD tag, refers to a two inch by four inch aluminum plate permanently attached to Manufactured Housing.

(2) Standard

The HUD tag should be located at one end of each section of the house, approximately one foot up from the floor and one foot in from the road side, or as near that location on a permanent part of the exterior of the house as practicable.

The Manufactured Home must comply with standards for livability and durability as specified in HUD Code, formally known as the National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C. §§ 5401–5426) at 24 CFR Part 3280. All Manufactured Homes built since June 15, 1976 must comply with these standards.

The manufacturer must certify that a Manufactured Home is constructed in compliance with HUD Code by affixing a red HUD Certification Label to the home. Etched on the certification label is the certification label number, also referred to as the HUD label number. Label numbers are not required to be sequential on a multi-section house.

When the HUD seal is missing or not found, Lenders must obtain label verification from the [Institute for Building Technology and Safety \(IBTS\)](#).

A manufactured home appraisal must reflect the serial number from the HUD Seal. A manufactured home appraisal is required for:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

- a purchase of an Existing Manufactured Home (older than 18 months from date of manufacture);
- a non-streamline refinance of a Manufactured Home Loan; or
- each Loan for which the Lender files a claim.

(B) Data Plate

Manufactured Homes have a Data Plate affixed in a permanent manner, typically adjacent to the electric service panel, the utility room or within a cabinet in the kitchen. The Data Plate provides information, such as the manufacturer name, serial number, model and date of manufacture, as well as wind, roof load and thermal zone maps. If the Data Plate is missing or the Appraiser is unable to locate it, the Lender is not required to obtain the Data Plate information from another source.

The Lender, or an agent of the Lender that is not a Dealer, must conduct an [inspection](#) of the Manufactured Home after it has been delivered and installed at the home site.

iii. Required Documentation

(A) Invoice or Appraisal

The case binder must contain the invoice showing the date of manufacture, or the home appraisal showing the age of the home.

(B) Certification of Compliance with HUD Code

For New Manufactured Homes, a certification that the home was constructed in compliance with [HUD Code](#) must be reflected by a certification on the Manufacturer's Invoice or invoice supplement, which is signed by the manufacturer's authorized representative.

(C) Manufacturer's Warranty

On New Manufactured Home purchases, the home manufacturer must furnish the Borrower with a one year written warranty. The warranty must be provided at no cost to the Borrower.

An authorized representative of the manufacturer must execute the warranty on form [HUD-55014](#), *Warranty for New Manufactured Home*. The warranty must be effective as of the actual date that the Borrower takes possession of the home. A copy of the warranty must be contained in the Borrower's case binder.

iv. Options and Accessories

Transactions for New and Existing Manufactured Homes may include eligible options and accessories, provided that these options are itemized on the Manufacturer's Invoice,

II. ORIENTATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

sales contract, and/or a separate bill of sale. Only the actual cost of such items may be considered when calculating the maximum loan amount.

(A) Eligible Options and Accessories

The following items may be considered when calculating the maximum loan amount, not to exceed actual costs:

- skirting;
- garage, carport, patio or other comparable appurtenance to the home; and
- purchase and installation of a central air conditioning system or heat pump (if not already installed by the manufacturer).

(B) Ineligible Options and Accessories

The following items may not be considered when calculating the maximum loan amount:

- furniture and other articles of Personal Property (lamps, rugs, draperies, etc.);
- small appliances that are not part of the Property (toasters, TVs, etc.); and
- purchase of wheels and axles.

Furniture refers to movable articles of Personal Property relating to a home or dwelling, such as beds, chairs, sofas, lamps, tables, rugs, etc.; however, furniture does not include:

- items built into the home or dwelling such as wall-to-wall carpeting or heating or cooling equipment; or
- large appliances such as refrigerators, ovens, ranges, dishwashers, clothes washers or clothes dryers.

v. Manufactured Home Site Eligibility

(A) Standard

The site must comply with standards, ordinances, and regulations, if any, issued by state or local government and must:

- be served by adequate utility connections;
- provide Adequate Vehicular Access from a public right-of-way;
- have an adequate water supply and adequate sewerage disposal system. The site must use public or Community Water Systems and sewerage systems, unless such systems are unavailable to provide an adequate level of service to the manufactured home site;
- comply with local or state minimum lot area requirements for water or sewage systems, if the site is served by such systems; and
- meet the water quality standards set by the [U.S. Environmental Protection Agency \(EPA\)](#), as presented in the National Primary Drinking Water regulations in [40 CFR Parts 141–142](#), if there are no local or state water quality standards.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(B) Required Documentation

The Lender must document that the home site complies with the standards outlined above and provides a suitable site for a Manufactured Home.

The Lender must obtain one of the following:

- a certification signed by a local government representative or registered civil engineer certifying that the private site meets the above site standards;
- a certification signed by a local government representative or a jurisdiction of licensing authority responsible for approval of manufactured housing community development;
- a building permit for the site from the local government and a water and sewer permit from the water authority; or
- a Certificate of Occupancy (CO) for the site signed by a local government representative.

A site inspector who is a registered civil engineer may be an employee of the Lender, but may not be employed by the seller or have a financial interest in the subject transaction. The written certification must be retained in the case binder.

vi. Site Lease

(A) Standard

For a leased site in a community of three or more Manufactured Homes on adjacent lots which are all owned by the same entity, the Lender must verify that the lease includes the following provisions:

- the lease term must be for a term of three years or longer;
- the lease term must be renewable upon the expiration of the original term by successive terms of one year or more; and
- the lease must require the lessor to provide the lessee written notice of termination of the lease not less than 180 Days prior to the expiration of the current lease term in the event the lessee is required to move due to the closing of the manufactured home community. The lease must further provide that the lessor's failure to give such notice to the lessee in a timely manner will cause the lease term, at its expiration, to automatically renew for an additional one-year term.

All leases must:

- state the property address, term of the lease, amount of monthly rent and be signed by the land owner and the Borrower; and
- disclose any potential increase to lot rent as needed or required by the park owner.

A lease may require Borrower-lessees to comply with park rules and regulations and be subject to termination for violations.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(B) Required Documentation

The lender file must contain a copy of the land lease that reflects provisions listed in the standard above for lease term, renewals, and minimum advance notice to the Borrower for lease termination.

vii. Native American Reservations and Other Restricted Lands

(A) Standard

A Manufactured Home may be placed on an owned or leased site within Native American trust or otherwise restricted lands.

(B) Required Documentation

The trustee or the tribal authority that controls the use of the site provides written permission for the Borrower to install a Manufactured Home on the site and written permission for the Lender to repossess the home in the event of Default by the Borrower and acceleration of the Loan.

viii. Manufactured Home Installation Requirements

(A) Standard

(1) New Manufactured Home or Relocated Existing Manufactured Home

The installation or erection of a Manufactured Home on the home site must meet or exceed the requirements set forth in:

- 24 CFR Part 3285, Model Manufactured Home Installation Standards;
- 24 CFR Part 3286, Manufactured Home Installation Program; and
- any state or local requirements governing the installation and construction of the manufactured home foundation system that exceed the Model Manufactured Home Installation Standards.

Installation of a relocated existing home must be performed by a licensed installer.

(2) Existing Manufactured Home – Not Relocated

An Existing Manufactured Home that has not been relocated from the home site upon which it was originally erected must have been installed in compliance with the manufacturer's requirements for anchoring, support, stability, and maintenance.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(B) Required Documentation

For all Manufactured Home Loans, the Lender must obtain an executed form [HUD-56002-MH](#).

Each Borrower must sign the section entitled Notice to Borrowers. The Dealer and/or retailer must sign the Notice to Dealers whenever the home is purchased through a Dealer/retailer.

Form [HUD-56002-MH](#) must be retained in the case binder.

ix. Appraisals

When an appraisal is required, the Lender must engage a [Chattel Appraiser](#) who is not engaged in the business of manufactured home retail sales.

(A) Appraisal Requirement for Manufactured Home Lot

The Lender must obtain an appraisal for the financing of a manufactured home lot by itself, or in combination with a manufactured home chattel unit.

Exception

An appraisal is not required for lots that are leased, and not secured by a lien.

(B) Appraisal Requirements for Manufactured Home

Appraisals are required on the secured Property, for the following transactions or events:

- purchase of an Existing Manufactured Home (older than 18 months from date of manufacture);
- refinance of an existing Title I Manufactured Home Loan with an advance to purchase a lot;
- Conventional to Title I Refinance;
- Conventional to Title I Refinance with an advance of funds; or
- Short Sales and claims.

When the Manufactured Home is classified as Real Property, Lenders must use an FHA Roster Appraiser who can certify to prior experience appraising Manufactured Homes as Real Property.

(C) Appraisal Requirements for Manufactured Home and Lot Combination

Appraisals are required on the secured Property, for the following transactions or events:

- purchase of an Existing Manufactured Home (older than 18 months from date of manufacture);

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

- refinance of an existing Title I Manufactured Home Loan with an advance to purchase a lot;
- Conventional to Title I Refinance;
- Conventional to Title I Refinance with an advance of funds; or
- Short Sales and claims.

When the Manufactured Home and lot are classified as Real Property, Lenders must use an FHA Roster Appraiser who can certify to prior experience appraising Manufactured Homes as Real Property.

Appraisals are *not* required for the following transaction types:

- Title I purchase of a New Manufactured Home;
- [Streamline Title I Refinance transactions](#);
- [Simple Title I Refinance](#);
- [Title I Refinance with advance of funds to purchase a New Manufactured Home](#); or
- lots that are leased, and not secured by a lien.

(D) Lender Requirements

(1) Prior to Commencement of the Appraisal

The Lender must determine that the Appraiser is competent to provide an appraisal for the interest(s) to be appraised and has access to appropriate third-party data sources in order to render a credible opinion of value for the Property.

Lenders may obtain separate appraisals on a Manufactured Home classified as Chattel (or Personal Property), and the borrower-owned land lot on which the home is set, and may use different Appraisers for the different interests if necessary.

(2) Information Provided to the Appraiser

The Lender must provide the Appraiser with a complete copy of the executed contract for sale of the Manufactured Home and land, or, if the Manufactured Home and land are being purchased separately, the executed contract for each.

The Lender must also provide the Appraiser with a copy of the manufactured home invoice when one exists.

(3) Valuation Development – Borrower-Owned Land and Manufactured Home – Real Estate

When the secured Property consists of a borrower-owned lot and a Manufactured Home that are, in combination, treated as real estate by the local government, the Lender must obtain a single appraisal from an FHA Roster Appraiser, use [Fannie](#)

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

[Mae Form 1004C/Freddie Mac Form 70B](#), *Manufactured Home Appraisal Report*, and follow the guidance noted in ~~the~~ [Appraiser and Property Requirements for Title II Forward and Reverse Mortgages](#) ~~section of the Handbook 4000.1~~.

(4) Valuation Development – Borrower-Owned Lot

When the secured Property consists of a borrower-owned lot, the Lender must obtain an appraisal from an FHA Roster Appraiser. The appraisal of the land must comply with Required Analysis and Reporting for Unimproved Property Appraisal.

(5) Lender Review of Appraisal

The Lender must review the appraisal and other documentation provided by the Appraiser for errors. If the Lender discovers any errors on the appraisal, the report must be returned to the Appraiser for correction.

For an appraisal that was prepared using the National Appraisal System (NAS), the Lender must verify that the Appraisal reflects the correct Property and features.

The Lender must ensure that the Appraiser used the NAS-generated forms, did not omit figures or features that would increase the value, and that the information is legible.

x. Property Assessed Clean Energy

Properties which will remain encumbered with a Property Assessed Clean Energy (PACE) obligation are not eligible for Title I Manufactured Home loans.

d. Underwriting the Borrower **(05/08/2025)**~~(04/10/2025)~~

The Lender must evaluate the Borrower's ability and willingness to repay a Loan for the purchase or refinance of a Title I Manufactured Home Loan product. The Lender must exercise prudent underwriting practices when evaluating the creditworthiness of the Borrower and the value of the Property being offered as collateral, in order to limit the risk of Default.

Title I Loans are not eligible for automated underwriting through the Technology Open To Approved Lenders (TOTAL) Scorecard.

Once it is determined that the Borrower and the Property are eligible, analysis of the Borrower's credit must be performed for final loan approval, including review and documentation of the following:

- downpayment and other required funds
- credit history

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

- employment history
- income
- assets
- liabilities
- debt ratios
- compensating factors

If the Loan involves a HUD employee, the Lender must underwrite the transaction in accordance with the guidance in this section. The Lender must submit the underwritten loan application package to the Director of the [Financial Operations Center \(FOC\)](#) for final underwriting approval.

i. Credit Requirements

(A) General Credit Requirements

FHA's general credit policy requires Lenders to analyze the Borrower's credit history, liabilities, and debts to determine creditworthiness.

The Lender must obtain a merged credit report from an independent consumer reporting agency.

The Lender must obtain a credit report for each Borrower who will be obligated on the loan Note. The Lender may obtain a joint report for individuals with joint accounts.

Before making a determination on the creditworthiness of an applicant, a Lender must conduct an interview to resolve any material discrepancies between the information on the loan application and information on the credit report to determine accurate and complete information.

The Lender is not required to obtain a credit report for non-credit qualifying [Streamline Refinance transactions](#).

(B) Types of Credit History

(1) Traditional Credit

Lenders must pull a credit report that draws and merges information from three national credit bureaus. Lenders are prohibited from developing non-traditional credit history to use in place of a traditional credit report.

If the credit report generates a credit score, the Lender must utilize traditional credit history.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(a) Requirements for the Credit Report

Credit reports must obtain all information from three credit repositories pertaining to credit, residence history, and public records information; be in an easy to read and understandable format; and not require code translations. The credit report may not contain whiteouts, erasures, or alterations. The Lender must retain copies of all credit reports.

The credit report must include:

- the name of the Lender ordering the report;
- the name, address, and telephone number of the consumer reporting agency;
- the name and SSN of each Borrower; and
- the primary repository from which any particular information was pulled, for each account listed.

A truncated SSN is acceptable for FHA loan insurance purposes provided that the loan application captures the full nine-digit SSN.

The credit report must also include:

- all inquiries made within the last 90 Days;
- all credit and legal information not considered obsolete under the FCRA, including information for the last seven years regarding:
 - bankruptcies;
 - Judgments;
 - lawsuits;
 - foreclosures; and
 - tax liens; and
- for each Borrower debt listed:
 - the date the account was opened;
 - high credit amount;
 - required monthly payment amount;
 - unpaid balance; and
 - payment history.

(b) Updated Credit Report or Supplement to the Credit Report

The Lender must obtain an updated credit report or supplement if the underwriter identifies material inconsistencies between any information in the case binder and the original credit report.

(2) Non-traditional Credit

For Borrowers without a credit score, the Lender must independently develop the Borrower's credit history using the requirements outlined below.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(a) Independent Verification of Non-traditional Credit Providers

The Lender may independently verify the Borrower's credit references by documenting the existence of the credit provider and that the provider extended credit to the Borrower.

To verify the existence of each credit provider, the Lender must review public records from the state, county, or city or other documents providing a similar level of objective information.

To verify credit information, the Lender must:

- use a published address or telephone number for the credit provider and not rely solely on information provided by the applicant; and
- obtain the most recent 12 months of canceled checks, or equivalent proof of payment, demonstrating the timing of payment to the credit provider.

To verify the Borrower's rental payment history, the Lender must obtain a rental reference from the appropriate rental management company or landlord, demonstrating the timing of payment for the most recent 12 months in lieu of 12 months of canceled checks or equivalent proof of payment.

(b) Sufficiency of Non-traditional Credit References

To be sufficient to establish the Borrower's credit, the non-traditional credit history must include three credit references, including at least one of the following:

- rental housing payments (subject to independent verification if the Borrower is a renter);
- telephone service; or
- utility company reference (if not included in the rental housing payment), including:
 - gas;
 - electricity;
 - water;
 - television service; or
 - Internet service.

If the Lender cannot obtain all three credit references from the list above, the Lender may use the following sources of unreported recurring debt:

- insurance premiums not payroll deducted (e.g., medical, auto, life, renter's insurance);
- payment to child care providers made to businesses that provide such services;
- school tuition;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

- retail store credit cards (e.g., from department, furniture, or appliance stores, or specialty stores);
- rent-to-own (e.g., furniture, appliances);
- payment of that part of medical bills not covered by insurance;
- a documented 12-month history of savings evidenced by regular deposits resulting in an increased balance to the account that:
 - were made at least quarterly;
 - were not payroll deducted; and
 - caused no Insufficient Funds (NSF) checks;
- an automobile lease;
- a personal loan from an individual with repayment terms in writing and supported by canceled checks to document the payments; or
- a documented 12-month history of payment by the Borrower on an account for which the Borrower is an authorized user.

(3) Minimum Decision Credit Score

(a) Definition

The Minimum Decision Credit Score (MDCS) refers to the credit score reported on the Borrower's credit report when all reported scores are the same. Where three differing scores are reported, the middle score is the MDCS. Where two differing scores are reported, the MDCS is the lowest score. Where only one score is reported, that score is the MDCS.

An MDCS is determined for each Borrower.

(b) Standard

The Lender must determine the MDCS.

An MDCS has not been established for Title I Manufactured Home Loans that would replace the credit underwriting requirements for this program.

The credit score will only affect the amount of [downpayment](#) required.

(c) Required Documentation/Data Entry

When credit scores are available, the Lender must report all scores in FHAC for each Borrower.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(C) Evaluating Credit History

(1) General Credit

The underwriter must examine the Borrower's overall pattern of credit behavior, not just isolated unsatisfactory or slow payments, to determine the Borrower's creditworthiness.

(2) Types of Payment Histories

The underwriter must evaluate the Borrower's payment histories in the following order: (1) previous housing expenses and related expenses, including utilities; (2) installment debts; and (3) revolving accounts.

(a) Satisfactory Credit

The underwriter may consider a Borrower to have an acceptable payment history if the Borrower has made all housing and installment debt payments on time for the previous 12 months and has no more than two 30-Day late Loan Payments or installment payments in the previous 24 months.

The underwriter may approve the Borrower with an acceptable payment history if the Borrower has no major derogatory credit on revolving accounts in the previous 12 months.

Major derogatory credit excludes medical collections. On revolving accounts, major derogatory credit must include any payments made more than 90 Days after the due date, or three or more payments more than 60 Days after the due date.

(b) Payment History Requiring Additional Analysis

If a Borrower's credit history does not reflect satisfactory credit as stated above, the Borrower's payment history requires additional analysis.

The Lender must analyze the Borrower's delinquent accounts to determine whether late payments were based on a disregard for financial obligations, an inability to manage debt, or extenuating circumstances. The Lender must document this analysis in the case binder. Any explanation or documentation of delinquent accounts must be consistent with other information in the file.

The underwriter may only approve a Borrower with a credit history not meeting the satisfactory credit history above if the underwriter has documented the delinquency was related to extenuating circumstances.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(3) Payment History on Housing Obligations

The Lender must determine the Borrower's housing obligation payment history through:

- the credit report;
- verification of rent received directly from the landlord (for landlords with no Identity of Interest with the Borrower);
- verification of Loan Payments received directly from the loan Servicer; or
- a review of canceled checks that cover the most recent 12-month period.

The Lender must verify and document the previous 12 months of housing history. For Borrowers who indicate they are living rent-free, the Lender must obtain verification from the property owner where they are residing that the Borrower has been living rent-free and the amount of time the Borrower has been living rent-free.

A Loan that has been modified must utilize the payment history in accordance with the modification agreement for the time period of modification in determining late housing payments.

(4) Collection Accounts

(a) Definition

A Collection Account is a Borrower's loan or debt that has been submitted to a collection agency through a creditor.

(b) Standard

The Lender must determine if collection accounts were a result of:

- the Borrower's disregard for financial obligations;
- the Borrower's inability to manage debt; or
- extenuating circumstances.

The Lender may disregard collections occurring more than two years prior to the date of loan application.

(c) Required Documentation

The Lender must document reasons for approving a Loan when the Borrower has any collection accounts.

The Borrower must provide a letter of explanation, which is supported by documentation, for each outstanding collection account. The explanation and supporting documentation must be consistent with other credit information in the file. Collections occurring more than two years ago do not require explanation.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(5) Charge Off Accounts

(a) Definition

Charge Off Account refers to a Borrower's loan or debt that has been written off by the creditor.

(b) Standard

The Lender must determine if Charge Off Accounts in the past 24 months were a result of:

- the Borrower's disregard for financial obligations;
- the Borrower's inability to manage debt; or
- extenuating circumstances.

(c) Required Documentation

The Lender must document reasons for approving a Loan when the Borrower has any Charge Off Accounts in the past 24 months.

The Borrower must provide a letter of explanation, which is supported by documentation, for each outstanding Charge Off Account. The explanation and supporting documentation must be consistent with other credit information in the file.

(6) Disputed Derogatory Credit Accounts

(a) Definition

Disputed Derogatory Credit Account refers to disputed Charge Off Accounts, disputed collection accounts, and disputed accounts with late payments in the last 24 months.

(b) Standard

The Lender must analyze the documentation provided for consistency with other credit information to determine if the derogatory credit account should be considered in the underwriting analysis.

The following items may be excluded from consideration in the underwriting analysis:

- disputed medical accounts; and
- disputed derogatory credit resulting from identity theft, credit card theft or unauthorized use provided the Lender includes a copy of the police report or other documentation from the creditor to support the status of the account in the case binder.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(c) Required Documentation

If the credit report indicates that the Borrower is disputing derogatory credit accounts, the Borrower must provide a letter of explanation and documentation supporting the basis of the dispute.

If the disputed derogatory credit resulted from identity theft, credit card theft or unauthorized use balances, the Lender must obtain a copy of the police report or other documentation from the creditor to support the status of the accounts.

(7) Judgments

(a) Definition

Judgment refers to any debt or monetary liability of the Borrower, and the Borrower's spouse in a community property state unless excluded by state law, created by a court, or other adjudicating body.

(b) Standard

The Lender must verify that court-ordered Judgments are resolved or paid off prior to or at closing.

Regardless of the amount of outstanding Judgments, the Lender must determine if the Judgment was a result of:

- the Borrower's disregard for financial obligations;
- the Borrower's inability to manage debt; or
- extenuating circumstances.

Exception

A Judgment is considered resolved if the Borrower has entered into a valid agreement with the creditor to make regular payments on the debt, the Borrower has made timely payments for at least three months of scheduled payments and the Judgment will not supersede the FHA-insured Loan lien. The Borrower cannot prepay scheduled payments in order to meet the required minimum of three months of payments.

The Lender must include the payment amount in the agreement in the calculation of the Borrower's DTI ratio.

The Lender must obtain a copy of the agreement and evidence that payments were made on time in accordance with the agreement.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(c) Required Documentation

The Lender must provide the following documentation:

- evidence of payment in full, if paid prior to settlement;
- the payoff statement, if paid at settlement; or
- the payment arrangement with the creditor, if not paid prior to or at settlement, and a subordination agreement for any liens existing on title.

(8) Bankruptcy

(a) Standard: Chapter 7

A Chapter 7 bankruptcy (liquidation) does not disqualify a Borrower from obtaining an FHA-insured Loan if, at the time of case number assignment, at least two years have elapsed since the date of the bankruptcy discharge.

During the most recent two years, the Borrower must have:

- re-established good credit; or
- chosen not to incur new credit obligations.

An elapsed period of less than two years, but not less than 12 months, may be acceptable, if the Borrower:

- can show that the bankruptcy was caused by extenuating circumstances beyond the Borrower's control; and
- has since exhibited a documented ability to manage their financial affairs in a responsible manner.

(b) Standard: Chapter 13

A Chapter 13 bankruptcy does not disqualify a Borrower from obtaining an FHA-insured Loan, if at the time of case number assignment at least 12 months of the payout period under the bankruptcy has elapsed.

The Lender must determine that during the most recent 12 months, the Borrower's payment performance has been satisfactory and all required payments have been made on time, and the Borrower has received written permission from bankruptcy court to enter into the loan transaction.

(c) Required Documentation

If the credit report does not verify the discharge date or additional documentation is necessary to determine if any liabilities were discharged in the bankruptcy, the Lender must obtain the bankruptcy and discharge documents.

The Lender must also document that the Borrower's current situation indicates that the events which led to the bankruptcy are not likely to recur.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(9) Foreclosure and Deed-in-Lieu of Foreclosure

(a) Standard

A Borrower is generally not eligible for a new FHA-insured Loan if the Borrower had a foreclosure or a Deed-in-Lieu (DIL) of Foreclosure in the three-year period prior to the date of case number assignment.

This three-year period begins on the date of the DIL or the date that the Borrower transferred ownership of the Property to the foreclosing entity/designee.

Exception

The Lender may grant an exception to the three-year requirement if the foreclosure was the result of documented extenuating circumstances that were beyond the control of the Borrower, such as a serious illness or death of a wage earner, and the Borrower has re-established good credit since the foreclosure.

Divorce is not considered an extenuating circumstance. An exception may, however, be granted where a Borrower's Mortgage was current at the time of the Borrower's divorce, the ex-spouse received the Property, and the Mortgage was later foreclosed.

The inability to sell the Property due to a job transfer or relocation to another area does not qualify as an extenuating circumstance.

(b) Required Documentation

If the credit report does not indicate the date of the foreclosure or DIL of Foreclosure, the Lender must obtain the Settlement Statement, deed or other legal documents evidencing the date of property transfer.

If the foreclosure or DIL of Foreclosure was the result of a circumstance beyond the Borrower's control, the Lender must obtain an explanation of the circumstance and document that the circumstance was beyond the Borrower's control.

(10) Pre-Foreclosure Sales (Short Sales)

(a) Definition

Pre-Foreclosure Sales, also known as Short Sales, refer to the sales of real estate that generate proceeds that are less than the amount owed on the Property and the lien holders agree to release their liens and forgive the deficiency balance on the real estate.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(b) Standard

A Borrower is generally not eligible for a new FHA-insured Loan if they relinquished a Property through a Short Sale within three years from the date of case number assignment.

This three-year period begins on the date of transfer of title by Short Sale.

(i) Exception for Borrower Current at the Time of Short Sale

A Borrower is considered eligible for a new FHA-insured Loan if, from the date of case number assignment for the new Loan:

- all Mortgage Payments on the prior Mortgage were made within the month due for the 12-month period preceding the Short Sale; and
- installment debt payments for the same time period were also made within the month due.

(ii) Exception for Extenuating Circumstances

The Lender may grant an exception to the three-year requirement if the Short Sale was the result of documented extenuating circumstances that were beyond the control of the Borrower, such as a serious illness or death of a wage earner, and the Borrower has re-established good credit since the Short Sale.

Divorce is not considered an extenuating circumstance. An exception may, however, be granted where a Borrower's Mortgage was current at the time the Borrower's divorce, the ex-spouse received the Property, and there was a subsequent Short Sale.

The inability to sell the Property due to a job transfer or relocation to another area does not qualify as an extenuating circumstance.

(c) Required Documentation

If the credit report does not indicate the date of the Short Sale, the Lender must obtain the Settlement Statement, deed or other legal documents evidencing the date of property transfer.

If the Short Sale was the result of a circumstance beyond the Borrower's control, the Lender must obtain an explanation of the circumstance and document that the circumstance was beyond the Borrower's control.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(11) Credit Counseling/Payment Plan

Participating in a consumer credit counseling program does not disqualify a Borrower from obtaining an FHA-insured Loan, provided the Lender documents that:

- one year of the payout period has elapsed under the plan;
- the Borrower's payment performance has been satisfactory and all required payments have been made on time; and
- the Borrower has received written permission from the counseling agency to enter into the loan transaction.

(D) Evaluating Liabilities and Debt

(1) General Liabilities and Debt

(a) Standard

The Lender must determine the Borrower's monthly liabilities by reviewing all debts listed on the credit report, ~~form HUD-56001-MH~~ the *URLA (Fannie Mae Form 1003/Freddie Mac Form 65)*, and required documentation.

All applicable monthly liabilities must be included in the qualifying ratio. Closed-end debts do not have to be included if they will be paid off within six months and the cumulative payments of all such debts are less than or equal to 5 percent of the Borrower's gross monthly income. The Borrower may not pay down the balance in order to meet the six-month requirement.

Accounts for which the Borrower is an authorized user must be included in a Borrower's DTI ratio unless the Borrower provides written certification that they do not make payments, and are not expected by the account owner to make any payments.

Negative income must be subtracted from the Borrower's gross monthly income, and not treated as a recurring monthly liability unless otherwise noted.

Loans secured against deposited funds, where repayment may be obtained through extinguishing the asset and these funds are not included in calculating the Borrower's assets, do not require consideration of repayment for qualifying purposes.

(b) Required Documentation

The Lender must document that the funds used to pay off debts prior to closing came from an acceptable source, and the Borrower did not incur new debts that were not included in the DTI ratio.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(2) Undisclosed Debt and Inquiries

(a) Standard

When a debt or obligation is revealed during the application process or the interview with the Borrower that was not listed on the loan application and/or credit report, the Lender must:

- verify the actual monthly payment amount;
- include the monthly payment amount in the Borrower's DTI;
- ensure that the Borrower did not incur the indebtedness in connection with the FHA-insured transaction; and
- determine that any unsecured funds borrowed will not be used for the Borrower's MCL.

The Lender must obtain a written explanation from the Borrower for all material inquiries shown on the credit report that were made in the last 90 Days.

Material Inquiries refer to inquiries which may potentially result in obligations incurred by the Borrowers for other Mortgages, auto loans, leases, or other Installment Loans. Inquiries from department stores, credit bureaus, and insurance companies are not considered material inquiries.

(b) Required Documentation

The Lender must document all undisclosed debt and support for its analysis of the Borrower's debt.

(3) Federal Debt

(a) Definition

Federal Debt refers to debt owed to the federal government for which regular payments are being made.

(b) Standard

The Lender must include the debt. The amount of the required payment must be included in the calculation of the Borrower's total DTI.

(c) Required Documentation

The Lender must include documentation from the federal agency evidencing the repayment agreement and verification of payments made, if applicable.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(4) Alimony, Child Support, and Other Maintenance

(a) Definition

Alimony, Child Support, and Other Maintenance are court-ordered or otherwise agreed upon payments.

(b) Standard

For alimony, if the Borrower's income was not reduced by the amount of the monthly alimony obligation in the Lender's calculation of the Borrower's gross income, the Lender must verify and include the monthly obligation in its calculation of the Borrower's debt.

Child support and other maintenance are to be treated as a recurring liability and the Lender must include the monthly obligation in the Borrower's liabilities and debt.

(c) Required Documentation

The Lender must obtain the official signed divorce decree, separation agreement, maintenance agreement, or other legal order.

The Lender must also obtain the Borrower's pay stubs covering no less than 28 Days to verify whether the Borrower is subject to any order of garnishment relating to the alimony, child support, or other maintenance.

(d) Calculation of Monthly Obligation

The Lender must calculate the Borrower's monthly obligation from the greater of:

- the amount shown on the most recent decree or agreement establishing the Borrower's payment obligation; or
- the monthly amount of the garnishment.

(5) Deferred Obligations

(a) Definition

Deferred Obligations (excluding Student Loans) refer to liabilities that have been incurred but where payment is deferred or has not yet commenced, including accounts in forbearance.

(b) Standard

The Lender must include deferred obligations in the calculation of the Borrower's liabilities.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(c) Required Documentation

The Lender must obtain written documentation of the deferral of the liability from the creditor and evidence of the outstanding balance and terms of the deferred liability. The Lender must obtain evidence of the actual monthly payment obligation, if available.

(d) Calculation of Monthly Obligation

The Lender must use the actual monthly payment to be paid on a deferred liability, whenever available.

If the actual monthly payment is not available for installment debt, the Lender must utilize the terms of the debt or 5 percent of the outstanding balance to establish the monthly payment.

(6) Student Loans

(a) Definition

Student Loan refers to liabilities incurred for educational purposes.

(b) Standard

The Lender must include all Student Loans in the Borrower's liabilities, regardless of the payment type or status of payments.

(c) Required Documentation

If the payment used for the monthly obligation is less than the monthly payment reported on the Borrower's credit report, the Mortgagee must obtain written documentation of the actual monthly payment, the payment status, and evidence of the outstanding balance and terms from the creditor or student loan servicer.

The Mortgagee may exclude the payment from the Borrower's monthly debt calculation where written documentation from the student loan program, creditor, or student loan servicer indicates that the loan balance has been forgiven, canceled, discharged, or otherwise paid in full.

(d) Calculation of Monthly Obligation

For outstanding Student Loans, regardless of the payment status, the Mortgagee must use:

- the payment amount reported on the credit report or the actual documented payment, when the payment amount is above zero; or

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

- 0.5 percent of the outstanding loan balance, when the monthly payment reported on the Borrower's credit report is zero.

Exception

Where a student loan payment has been suspended in accordance with COVID-19 emergency relief, the Mortgagee may use the payment amount reported on the credit report or the actual documented payment prior to suspension, when that payment amount is above \$0.

(7) Installment Loans

(a) Definition

Installment Loans (excluding Student Loans) refer to Loans, not secured by real estate, that require the periodic payment of Principal and Interest (P&I). A Loan secured by an interest in a timeshare must be considered an Installment Loan.

(b) Standard

The Lender must include the monthly payment shown on the credit report to calculate the Borrower's liabilities.

If the credit report does not include a monthly payment for the Installment Loan, the Lender must use the amount of the monthly payment shown in the loan agreement or payment statement to calculate the monthly payment to be included in the Borrower's debt.

(c) Required Documentation

If the monthly payment shown on the credit report is utilized to calculate the monthly debts, no further documentation is required.

If the credit report does not include a monthly payment for the Installment Loan, or the payment reported on the credit report is greater than the payment on the loan agreement or payment statement, the Lender must use the loan agreement or payment statement to document the amount of the monthly payment. If the credit report, loan agreement or payment statement shows a deferred payment arrangement for an Installment Loan, refer to the [Deferred Obligations](#) section.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(8) Revolving Charge Accounts

(a) Definition

Revolving Charge Accounts refer to a credit arrangement that requires the Borrower to make periodic payments but does not require full repayment by a specified point of time.

(b) Standard

The Lender must verify and include payments on Revolving Charge Accounts in the Borrower's debts.

(c) Required Documentation

The Lender must use the credit report to document the terms, balance and payment amount on the account, if available.

Where the credit report does not reflect the necessary information on the charge account, the Lender must obtain a copy of the most recent charge account statement or use 5 percent of the outstanding balance to document the monthly payment.

(d) Calculation of Monthly Obligation

The Lender must include the monthly payment shown on the credit report for the Revolving Charge Account. Where the credit report does not include a monthly payment for the account, the Lender must use 5 percent of the outstanding balance shown on the current account statement.

(9) 30-Day Accounts

(a) Definition

30-Day Accounts refer to a credit arrangement that requires the Borrower to pay off the outstanding balance on the account every month.

(b) Standard

The Lender must verify the Borrower paid the outstanding balance in full on every 30-Day Account each month for the past 12 months. 30-Day Accounts that are paid monthly are not included in the Borrower's debt ratio. If the credit report reflects any late payments in the last 12 months, the Lender must utilize 5 percent of the outstanding balance as the Borrower's monthly debt to be included in the debt ratio.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(c) Required Documentation

The Lender must use the credit report to document that the Borrower has paid the balance on the account monthly for the previous 12 months. The Lender must use the credit report to document the balance, and must document sufficient funds are available to pay off the balance after loan closing.

(10) Business Debt in Borrower's Name

(a) Definition

Business debt in the Borrower's name refers to liabilities reported on the Borrower's personal credit report, but payment for the debt is attributed to the Borrower's business.

(b) Standard

When business debt is reported on the Borrower's personal credit report, the debt must be included in the DTI calculation, unless the Lender can document that the debt is being paid by the Borrower's business.

(c) Required Documentation

When a self-employed Borrower states debt appearing on their personal credit report is being paid by their business, the Lender must obtain documentation that the debt is paid out of company funds, and the debt was considered in the cash-flow analysis of the Borrower's business.

(11) Non-derogatory Disputed Accounts and Disputed Accounts Not Indicated on the Credit Report

(a) Definition

Non-Derogatory Disputed Accounts include the following types of accounts:

- disputed accounts with zero balance;
- disputed accounts with late payments aged 24 months or greater; or
- disputed accounts that are current and paid as agreed.

(b) Standard

If a Borrower is disputing non-derogatory accounts, or is disputing accounts which are not indicated on the credit report as being disputed, the Lender must analyze the effect of the disputed accounts on the Borrower's ability to repay the Loan. If the dispute results in the Borrower's monthly debt payments utilized in computing the DTI ratio being less than the amount indicated on the credit report, the Borrower must provide documentation of the lower payments.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(12) Contingent Liabilities

(a) Definition

A Contingent Liability is a liability that may result in the obligation to repay only where a specific event occurs. For example, a contingent liability exists when an individual can be held responsible for the repayment of a debt if another party defaults on the payment. Contingent liabilities may include Co-signer liabilities and liabilities resulting from a loan assumption without release of liability.

(b) Standard

The Lender must include monthly payments on contingent liabilities in the calculation of the Borrower's monthly obligations unless the Lender verifies that there is no possibility that the debt holder will pursue debt collection against the Borrower, should the other party default, or the other party has made 12 months of timely payments.

(c) Required Documentation

***(i)* Loan Assumptions**

The Lender must obtain the agreement creating the contingent liability or assumption agreement, and the deed showing transfer of title out of the Borrower's name.

***(ii)* Cosigned Liabilities**

The Lender does not need to include cosigned liabilities if the other party to the debt has been making regular on-time payments during the previous 12 months.

***(iii)* Court-Ordered Divorce Decree**

The Lender must obtain a copy of the divorce decree ordering the spouse to make payments.

(d) Calculation of Monthly Obligation

The Lender must calculate the monthly payment on the contingent liability based on the terms of the agreement creating the contingent liability.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(13) Collection Accounts

(a) Definition

A Collection Account is a Borrower's Loan or debt that has been submitted to a collection agency through a creditor.

(b) Standard

If the credit reports used in the analysis show any outstanding collection accounts, the Lender must:

- verify that the debt is paid in full at the time of or prior to settlement using an acceptable source of funds; or
- verify that the Borrower has made payment arrangements with the creditor and has successfully made at least one payment under that arrangement. If the monthly payment is unknown, the Lender must use 5 percent of the outstanding balance.

Medical collections may be excluded from the payoff or payment requirement above if the Borrower meets the satisfactory credit history requirements for a traditional credit report, and combination references.

Accounts are designated as medical when clearly shown on the credit report as related to a medical service provider (e.g., Dr., MD, Hospital) or when the Borrower can provide documentation that the collection is related to a medical expense.

(c) Required Documentation

The Borrower must provide a letter of explanation, which is supported by documentation, for each outstanding collection account. The explanation and supporting documentation must be consistent with other credit information in the file.

The Lender must provide the following documentation:

- evidence of payment in full, if paid prior to settlement;
- the payoff statement, if paid at settlement; or
- the payment arrangement with the creditor, if not paid prior to or at settlement.

(14) Private Savings Clubs

(a) Definition

Private Savings Clubs refer to non-traditional methods of saving by making deposits into a member-managed resource pool.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(b) Standard

If the Borrower is obligated to continue making ongoing contributions under the pooled savings agreement, this obligation must be counted in the Borrowers' total debt.

(c) Required Documentation

The Lender must verify and document the establishment and duration of the Borrower's membership in the club and the amount of the Borrower's required contribution to the club.

The Lender must also obtain the club's account ledgers and receipts, and verification from the club treasurer that the club is still active.

(15) Obligations Not Considered Debt

Obligations not considered debt include:

- medical collections;
- federal, state, and local taxes, if not delinquent and no payments required;
- automatic deductions from savings, when not associated with another type of obligation;
- Federal Insurance Contributions Act (FICA) and other retirement contributions, such as 401(k) accounts;
- a collateralized loan that secures cash, stock, or bond assets;
- utilities;
- child care;
- commuting costs;
- union dues;
- insurance, other than property insurance;
- open accounts with zero balances; and
- voluntary deductions, when not associated with another type of obligation.

ii. Income Requirements

(A) Definition of Effective Income

Effective Income refers to income that may be used to qualify a Borrower for a Loan.

(B) General Income Requirements

The Lender must document the Borrower's income and employment history, verify the accuracy of the amounts of income being reported, and determine if the income can be considered as Effective Income in accordance with the requirements listed below.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

The Lender may only consider income if it is legally derived *and*, when required, properly reported as income on the Borrower's Tax Returns.

Effective Income must be stable, have been received for the previous two years, be reasonably likely to continue through at least the first three years of the Loan, and meet the specific requirements described below.

Negative income must be subtracted from the Borrower's gross monthly income, and not treated as a recurring monthly liability unless otherwise noted.

If FHA requires Tax Returns as required documentation for any type of Effective Income, the Lender must also analyze the Tax Returns in accordance with Appendix 2.0 – Analyzing IRS Forms.

If the income documents are not received in English, the Lender must provide a complete and accurate translation for each document.

(C) Employment Related Income

(1) Definition

Employment Income refers to income received as an employee of a business that is reported on IRS Form W-2.

(2) Standard

The Lender may use employment related income as Effective Income in accordance with the standards provided for each type of employment related income.

(3) Required Documentation

For all employment related income, the Lender must verify the Borrower's most recent two years of employment and income, and document it using one of the following methods.

(a) Traditional Current Employment Documentation

The Lender must obtain the most recent pay stubs covering a minimum of 30 Days (if paid weekly or biweekly, pay stubs must cover a minimum of 28 Days) that show the Borrower's year-to-date earnings, *and* one of the following to verify current employment:

- a written Verification of Employment (VOE) covering two years;
- direct verification by a TPV vendor covering two years, subject to the following requirements:
 - the Borrower has authorized the Lender to verify income and employment; and

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

- the date of the data contained in the completed verification conforms with FHA requirements in Maximum Age of Mortgage Documents; or
- an electronic verification acceptable to FHA.

Reverification of employment must be completed within 10 Days prior to loan Disbursement. Verbal reverification of employment is acceptable.

(b) Alternative Current Employment Documentation

If using alternative documentation, the Lender must:

- obtain copies of the pay stub(s) covering the most recent 30-Day period (if paid weekly or biweekly, pay stubs must cover a minimum of 28 Days);
- obtain copies of the original IRS Form W-2 from the previous two years; and
- document current employment by telephone, sign and date the verification documentation, and note the name, title, and telephone number of the person with whom employment was verified.

Reverification of employment must be completed within 10 Days prior to loan Disbursement. Verbal reverification of employment is acceptable.

(c) Past Employment Documentation

Direct verification of the Borrower's employment history for the previous two years is not required if *all* of the following conditions are met:

- the current employer confirms a two-year employment history, or a paystub reflects a hiring date;
- only base pay is used to qualify (no overtime or bonuses); and
- the Borrower executes [IRS Form 4506](#), *Request for Copy of Tax Return*, or [IRS Form 8821](#), *Tax Information Authorization*, for the previous two tax years.

If the applicant has not been employed with the same employer for the previous two years and/or not all conditions immediately above can be met, then the Lender must obtain one or a combination of the following for the most recent two years to verify the applicant's employment history:

- IRS Form W-2(s);
- verbal or written VOE(s);
- electronic verification acceptable to FHA; or
- evidence supporting enrollment in school or the military during the most recent two full years.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(D) Primary Employment

(1) Definition

Primary Employment is the Borrower's principal employment, unless the income falls within a specific category identified below. Primary employment is generally full-time employment and may be either salaried or hourly.

(2) Standard

The Lender may use primary income as Effective Income.

(3) Calculation of Effective Income

(a) Salary

For employees who are salaried and whose income has been and will likely be consistently earned, the Lender must use the current salary to calculate Effective Income.

(b) Hourly

For employees who are paid hourly and whose hours do not vary, the Lender must consider the Borrower's current hourly rate to calculate Effective Income.

For employees who are paid hourly and whose hours vary, the Lender must average the income over the previous two years. If the Lender can document an increase in pay rate the Lender may use the most recent 12-month average of hours at the current pay rate.

(E) Part-Time/Secondary Employment

(1) Definition

Part-Time Employment refers to employment that is not the Borrower's primary employment and is generally performed for less than 40 hours per week.

(2) Standard

The Lender may use part-time income as Effective Income if the Borrower has worked a part-time job uninterrupted for the past two years and the current position is reasonably likely to continue.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(3) Calculation of Effective Income

The Lender must average the income over the previous two years. If the Lender can document an increase in pay rate the Lender may use a 12-month average of hours at the current pay rate.

(F) Overtime, Bonus, or Tip Income

(1) Definition

Overtime, Bonus, or Tip Income refers to income that the Borrower receives in addition to the Borrower's normal salary.

(2) Standard

The Lender may use Overtime, Bonus, or Tip Income as Effective Income if the Borrower has received this income for the past two years and it is reasonably likely to continue.

Periods of Overtime, Bonus, or Tip Income less than two years may be considered Effective Income if the Lender documents that the Overtime, Bonus, or Tip Income has been consistently earned over a period of not less than one year and is reasonably likely to continue.

(3) Calculation of Effective Income

For employees with Overtime, Bonus, and Tip Income, the Lender must average the income earned over the previous two years to calculate Effective Income. However, if the Overtime, Bonus, or Tip Income from the current year decreases by 20 percent or more from the previous year, the Lender must use the current year's income.

(G) Seasonal Employment

(1) Definition

Seasonal Employment refers to employment that is not year round, regardless of the number of hours per week the Borrower works on the job.

(2) Standard

The Lender may consider Seasonal Employment as Effective Income if the Borrower has worked the same line of work for the past two years and is reasonably likely to be rehired for the next season. The Lender may consider unemployment income as Effective Income for those with effective seasonal employment income.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(3) Calculation of Effective Income

For employees with seasonal income, the Lender must average the income earned over the previous two full years to calculate Effective Income. For seasonal employees with unemployment income, the Lender must document the unemployment income for two full years and there must be reasonable assurance that this income will continue.

(H) Employer Housing Subsidy

(1) Definition

Employer Housing Subsidy refers to employer-provided loan assistance.

(2) Standard

The Loan may utilize the Employer Housing Subsidy as Effective Income.

(3) Required Documentation

The Lender must verify and document the existence and the amount of the housing subsidy.

(4) Calculation of Effective Income

For employees receiving an Employer Housing Subsidy, the Lender may add the Employer Housing Subsidy to the total Effective Income, but may not use it to offset the Loan Payment.

(I) Employed by Family-Owned Business

(1) Definition

Family-Owned Business Income refers to income earned from a business owned by the Borrower's family, but in which the Borrower is not an owner.

(2) Standard

The Lender may consider Family-Owned Business Income as Effective Income if the Borrower is not an owner in the family-owned business.

(3) Required Documentation

The Lender must verify and document that the Borrower is not an owner in the family-owned business by using official business documents showing the ownership percentage.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

Official business documents include corporate resolutions or other business organizational documents, business Tax Returns or [Schedule K-1 \(IRS Form 1065\)](#), *U.S. Return of Partnership Income*, or an official letter from a certified public accountant on their business letterhead.

In addition to traditional or alternative documentation requirements, the Lender must obtain copies of signed personal Tax Returns or tax transcripts.

(4) Calculation of Effective Income

(a) Salary

For employees who are salaried and whose income has been and will likely continue to be consistently earned, the Lender must use the current salary to calculate Effective Income.

(b) Hourly

For employees who are paid hourly and whose hours do not vary, the Lender must consider the Borrower's current hourly rate to calculate Effective Income.

For employees who are paid hourly and whose hours vary, the Lender must average the income over the previous two years. If the Lender can document an increase in pay rate the Lender may use the most recent 12-month average of hours at the current pay rate.

(J) Commission Income

(1) Definition

Commission Income refers to income that is paid contingent upon the conducting of a business transaction or the performance of a service.

(2) Standard

The Lender may use Commission Income as Effective Income if the Borrower earned the income for at least one year in the same or similar line of work and it is reasonably likely to continue.

(3) Required Documentation

For Commission Income, the Lender must obtain signed Tax Returns, including all applicable schedules, for the last two years. In lieu of signed Tax Returns from the Borrower, the Lender may obtain a signed [IRS Form 4506](#), [IRS Form 4506-C](#), *IVES Request for Transcript of Tax Return*, or [IRS Form 8821](#) and tax transcripts directly from the IRS.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(4) Calculation of Effective Income

The Lender must calculate Effective Income for commission by using the lesser of (a) the average net Commission Income earned over the previous two years, or the length of time Commission Income has been earned if less than two years; or (b) the average net Commission Income earned over the previous one year. The Lender must calculate net Commission Income by subtracting the unreimbursed business expenses from the gross Commission Income.

(K) Self-Employment Income

(1) Definition

Self-Employment Income refers to income generated by a business in which the Borrower has a 25 percent or greater ownership interest.

There are four basic types of business structures. They include:

- sole proprietorships;
- corporations;
- limited liability or “S” corporations; and
- partnerships.

(2) Standard

(a) Minimum Length of Self-Employment

The Lender may consider self-employed borrower income if the Borrower has been self-employed for at least two years.

If the Borrower has been self-employed between one and two years, the Lender may *only* consider the income as Effective Income if the Borrower was previously employed in the same line of work in which the Borrower is self-employed or in a related occupation for at least two years.

(b) Stability of Self-Employment Income

Income obtained from businesses with annual earnings that are stable or increasing is acceptable. If the income from businesses shows a greater than 20 percent decline in Effective Income over the analysis period, the Lender must document that the business income is now stable.

A Lender may consider income as stable after a 20 percent reduction if the Lender can document the reduction in income was the result of an extenuating circumstance, the Borrower can demonstrate the income has been stable or increasing for a minimum of 12 months, and the Borrower qualifies for the Loan utilizing the reduced income.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(3) Required Documentation

(a) Individual and Business Tax Returns

The Lender must obtain complete individual and business Tax Returns for the most recent two years, including all schedules.

In lieu of signed individual or business Tax Returns from the Borrower, the Lender may obtain a signed [IRS Form 4506](#), [IRS Form 4506-C](#), or [IRS Form 8821](#) and tax transcripts directly from the IRS.

(b) Profit and Loss Statements and Balance Sheets

The Lender must obtain a year-to-date Profit and Loss (P&L) statement and balance sheet if more than a calendar quarter has elapsed since the date of the most recent calendar or fiscal year-end Tax Return was filed by the Borrower. A balance sheet is not required for self-employed Borrowers filing Schedule C income.

If income used to qualify the Borrower exceeds the two-year average of Tax Returns, an audited P&L or signed quarterly Tax Return must be obtained from the IRS.

(c) Business Credit Reports

The Lender must obtain a business credit report for all corporations and “S” corporations.

(4) Calculation of Effective Income

The Lender must analyze the Borrower’s Tax Returns to determine gross Self-Employment Income. Requirements for analyzing self-employment documentation are found in [Appendix 2.0 — Analyzing IRS Forms](#).

The Lender must calculate gross Self-Employment Income by using the lesser of:

- the average gross Self-Employment Income earned over the previous two years; or
- the average gross Self-Employment Income earned over the previous one year.

(L) Additional Required Analysis of Stability of Employment Income

(1) Frequent Changes in Employment

If the Borrower has frequently changed jobs more than three times in the prior 12-month period, or has changed lines of work, the Lender must take additional steps

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

to verify and document the stability of the Borrower's Employment Income. The Lender must obtain:

- transcripts of training and education demonstrating qualification for a new position; or
- employment documentation evidencing continual increases in income and/or benefits.

(2) Addressing Gaps in Employment

For Borrowers with gaps in employment of six months or more (an extended absence), the Lender may consider the Borrower's current income as Effective Income if they can verify and document that:

- the Borrower has been employed in the current job for at least six months at the time of case number assignment; and
- the Borrower has a two-year work history prior to the absence from employment using standard or alternative employment verification.

(3) Addressing Temporary Reduction in Income

(a) Standard

For Borrowers with a temporary reduction of income due to a short-term disability or similar temporary leave, the Lender may consider the Borrower's current income as Effective Income, if it can verify and document that:

- the Borrower intends to return to work;
- the Borrower has the right to return to work; and
- the Borrower qualifies for the Loan, taking into account any reduction of income due to the circumstance.

For Borrowers returning to work before or at the time of the first Loan Payment due date, the Lender may use the Borrower's pre-leave income.

For Borrowers returning to work after the first Loan Payment due date, the Lender may use the Borrower's current income plus available surplus liquid asset Reserves, above and beyond any required Reserves, as an income supplement, up to the amount of the Borrower's pre-leave income. The amount of the monthly income supplement is the total amount of surplus Reserves divided by the number of months between the first payment due date and the Borrower's intended date of return to work.

(b) Required Documentation

The Lender must provide the following documentation for Borrowers on temporary leave:

- a written statement from the Borrower confirming the Borrower's intent to return to work, and the intended date of return;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

- documentation generated by current employer confirming the Borrower's eligibility to return to current employer after temporary leave; and
- documentation of sufficient liquid assets, in accordance with [Sources of Funds](#), used to supplement the Borrower's income through the intended date of return to work with the current employer.

(M) Other Sources of Effective Income

(1) Disability Benefits

(a) Definition

Disability Benefits are benefits received from the Social Security Administration (SSA), Department of Veterans Affairs (VA), or a private disability insurance provider.

(b) Required Documentation

The Lender must verify and document the Borrower's receipt of benefits from the SSA, VA, or private disability insurance provider. The Lender must obtain:

- a copy of the last Notice of Award letter which states the SSA's or private disability insurer's determination on the Borrower's eligibility for disability benefits; or
- equivalent documentation that establishes the award of benefits to the Borrower.

If any disability income is due to expire within three years from the date of loan application, the Lender should treat that income as a [temporary reduction in income](#).

If the Notice of Award or equivalent document does not have a defined expiration date, the Lender may consider the income effective and reasonably likely to continue. The Lender may not rely upon a pending or current re-evaluation of medical eligibility for benefit payments as evidence that the benefit payment is not reasonably likely to continue.

Under no circumstance may the Lender inquire into or request documentation concerning the nature of the disability or the medical condition of the Borrower.

(i) Social Security Disability

For Social Security disability income, including Supplemental Security Income (SSI), the Lender must obtain one of the following documents:

- Tax Returns;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

- the most recent bank statement evidencing receipt of income from the SSA;
- a Proof of Income Letter, also known as a “Budget Letter” or “Benefits Letter” that evidences income from the SSA; or
- a copy of the Borrower’s form [SSA-1099/1042S](#), *Social Security Benefit Statement*.

(ii) Department of Veterans Affairs Disability

For VA disability benefits, the Lender must obtain from the Borrower a copy of the veteran’s last Benefits Letter showing the amount of the assistance, and one of the following documents:

- Tax Returns; or
- the most recent bank statement evidencing receipt of income from the VA.

If the Benefits Letter does not have a defined expiration date, the Lender may consider the income effective and reasonably likely to continue for at least three years.

(iii) Private Disability

For private disability benefits, the Lender must obtain documentation from the private disability insurance provider showing the amount of the assistance and the expiration date of the benefits, if any.

(c) Calculation of Effective Income

The Lender must use the most recent amount of benefits received to calculate Effective Income.

(2) Alimony, Child Support, and/or Maintenance Income

(a) Definition

Alimony, Child Support, and/or Maintenance Income refers to income received from a former spouse or partner or from a noncustodial parent of the Borrower’s minor dependent.

(b) Required Documentation

The Lender must obtain a copy of the Borrower’s final divorce decree, legal separation agreement, court order, or voluntary payment agreement with documented receipt.

When using a final divorce decree, legal separation agreement or court order, the Lender must obtain evidence of receipt using deposits on bank statements,

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

canceled checks, or documentation from the child support agency for the most recent three months that supports the amount used in qualifying.

The Lender must document the voluntary payment agreement with 12 months of canceled checks, deposit slips, or Tax Returns.

The Lender must provide evidence that the claimed income will continue for at least three years. Use the front and pertinent pages of the divorce decree/settlement agreement and/or court order showing the financial details.

(c) Calculation of Effective Income

When using a final divorce decree, legal separation agreement or court order, if the Borrower has received consistent Alimony, Child Support, and/or Maintenance Income for the most recent three months, the Lender may use the current payment to calculate Effective Income.

When using evidence of voluntary payments, if the Borrower has received consistent Alimony, Child Support, and/or Maintenance Income for the most recent six months, the Lender may use the current payment to calculate Effective Income. If Alimony, Child Support, and/or Maintenance Income has been received for less than two years, the Lender must use the average over the time of receipt.

If the alimony, child support, or other maintenance payments have not been consistently received for the most recent six months, the Lender must use the average of the income received over the previous two years to calculate Effective Income.

(3) Military Income

(a) Definition

Military Income refers to income received by military personnel during their period of active, Reserve, or National Guard service, including:

- base pay
- Basic Allowance for Housing
- clothing allowances
- flight or hazard pay
- Basic Allowance for Subsistence
- proficiency pay

The Lender may not use education benefits as Effective Income.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(b) Required Documentation

The Lender must obtain a copy of the Borrower's military Leave and Earnings Statement (LES). The Lender must verify the Expiration Term of Service date on the LES. If the Expiration Term of Service date is within the first 12 months of the Loan, Military Income may only be considered Effective Income if the Borrower represents their intent to continue military service.

(c) Calculation of Effective Income

The Lender must use the current amount of Military Income received to calculate Effective Income.

(4) Loan Credit Certificates

(a) Definition

Loan Credit Certificates refer to government loan payment subsidies other than Section 8 Housing Choice Vouchers.

(b) Required Documentation

The Lender must verify and document that the Governmental Entity subsidizes the Borrower's Loan Payments either through direct payments or tax rebates.

(c) Calculating Effective Income

Loan Credit Certificate income that is not used to directly offset the Loan Payment before calculating the qualifying ratios may be included as Effective Income. The Lender must use the current subsidy rate to calculate the Effective Income.

(5) Section 8 Housing Choice Vouchers

(a) Definition

Section 8 Housing Choice Vouchers refer to housing subsidies received under the Housing Choice Voucher homeownership option from a Public Housing Agency (PHA).

(b) Required Documentation

The Lender must verify and document the Borrower's receipt of the Housing Choice Voucher homeownership subsidies. The Lender may consider that this income is reasonably likely to continue for three years.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(c) Calculation of Effective Income

The Lender may only use Section 8 Housing Choice Voucher subsidies as Effective Income if it is not used as an offset to the monthly Loan Payment. The Lender must use the current subsidy rate to calculate the Effective Income.

(6) Other Public Assistance

(a) Definition

Public Assistance refers to income received from government assistance programs.

(b) Required Documentation

Lenders must verify and document the income received from the government agency and that the income is reasonably likely to continue for three years.

(c) Calculation of Effective Income

The Lender must use the current rate of Public Assistance received to calculate Effective Income.

(7) Automobile Allowance

(a) Definition

Automobile Allowance refers to the funds provided by the Borrower's employer for automobile related expenses.

(b) Required Documentation

The Lender must verify and document the Automobile Allowance received from the employer for the previous two years.

The Lender must also obtain [IRS Form 2106](#), *Employee Business Expenses*, for the previous two years.

(c) Calculation of Effective Income

The Lender must determine the portion of the allowance that can be considered Effective Income.

The Lender must subtract automobile expenses as shown on IRS Form 2106 from the Automobile Allowance before calculating Effective Income based on the current amount of the allowance received.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

If the Borrower uses the standard per-mile rate in calculating automobile expenses, as opposed to the actual cost method, the portion that the IRS considers depreciation may be added back to income. Expenses that must be treated as recurring debt include:

- the Borrower's monthly car payment; and
- any loss resulting from the calculation of the difference between the actual expenditures and the expense account allowance.

Automobile Allowance refers to the amount of the Automobile Allowance that exceeds the Borrower's actual automobile expenditures.

(8) Retirement Income

Retirement Income refers to income received from Pensions, 401(k) distributions, and Social Security.

(a) Social Security Income

(i) Definition

Social Security Income or Supplemental Security Income (SSI) refers to income received from the SSA other than disability income.

(ii) Required Documentation

The Lender must verify and document the Borrower's receipt of income from the SSA and that it is likely to continue for at least a three-year period from the date of case number assignment.

For SSI, the Lender must obtain any one of the following documents:

- Tax Returns (minimum one year);
- the most recent bank statement evidencing receipt of income from the SSA;
- a Proof of Income Letter, also known as a "Budget Letter" or "Benefits Letter" that evidences income from the SSA; or
- a copy of the Borrower's form [SSA-1099/1042S](#).

In addition to verification of income, the Lender must document the continuance of this income by obtaining from the Borrower (1) a copy of the last Notice of Award letter which states the SSA's determination on the Borrower's eligibility for SSA income, or (2) an equivalent document that establishes award benefits to the Borrower (equivalent document). If any income from the SSA is due to expire within three years from the date of case number assignment, that income may not be used for qualifying.

If the Notice of Award or equivalent document does not have a defined expiration date, the Lender must consider the income effective and

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

reasonably likely to continue. The Lender should not request additional documentation from the Borrower to demonstrate continuance of SSA income.

If the Notice of Award letter or equivalent document specifies a future start date for receipt of income, this income may only be considered effective on the specified start date.

***(iii)*Calculation of Effective Income**

The Lender must use the current amount of Social Security Income received to calculate Effective Income.

(b) Pension

***(i)* Definition**

Pension refers to income received from the Borrower's former employer(s).

***(ii)* Required Documentation**

The Lender must verify and document the Borrower's receipt of periodic payments from the Borrower's Pension and that the payments are likely to continue for at least three years.

The Lender must obtain any one of the following documents:

- Tax Returns (minimum one year);
- the most recent bank statement evidencing receipt of income from the former employer; or
- a copy of the Borrower's pension/retirement letter from the former employer.

***(iii)*Calculation of Effective Income**

The Lender must use the current amount of Pension income received to calculate Effective Income.

(c) Individual Retirement Account and 401(k)

***(i)* Definition**

Individual Retirement Account (IRA)/401(k) Income refers to income received from an IRA.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(ii) Required Documentation

The Lender must verify and document the Borrower's receipt of recurring IRA/401(k) Income and that it is reasonably likely to continue for three years.

The Lender must obtain the most recent IRA/401(k) statement and any one of the following documents:

- Tax Returns; or
- the most recent bank statement evidencing receipt of income.

(iii) Calculation of Effective Income

For Borrowers with IRA/401(k) Income that has been and will be consistently received, the Lender must use the current amount of IRA Income received to calculate Effective Income. For Borrowers with fluctuating IRA/401(k) Income, the Lender must use the average of the IRA/401(k) Income received over the previous two years to calculate Effective Income. If IRA/401(k) Income has been received for less than two years, the Lender must use the average over the time of receipt.

(9) Rental Income

(a) Definition

Rental Income refers to income received or to be received from the subject Property or other real estate holdings.

(b) Rental Income from Other Real Estate Holdings

(i) Standard

Rental Income from other real estate holdings may be considered Effective Income if the documentation requirements listed below are met. If Rental Income is being derived from the Property being vacated by the Borrower, the Borrower must be relocating to an area more than 100 miles from the Borrower's current Principal Residence.

(ii) Required Documentation

The Lender must obtain the Borrower's last two years' Tax Returns with Schedule E.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

***(iii)* Calculation of Effective Net Rental Income**

The Lender must calculate the net Rental Income by averaging the amount shown on Schedule E, provided the Borrower continues to own all Properties included on Schedule E.

Depreciation, mortgage interest, taxes, insurance, and any HOA dues shown on Schedule E may be added back to the net income or loss.

If the Property has been owned for less than two years, the Lender must annualize the Rental Income for the length of time the Property has been owned.

For Properties with less than two years of Rental Income history, the Lender must document the date of acquisition by providing the deed, Settlement Statement or similar legal document.

Positive net Rental Income must be added to the Borrower's Effective Income. Negative net Rental Income must be included as a debt/liability.

(c) Boards of the Subject Property

***(i)* Definition**

Boarder refers to an individual renting space inside the Borrower's Dwelling Unit.

***(ii)* Standard**

Rental Income from Boarders is only acceptable if the Borrower has a two-year history of receiving income from Boarders that is shown on the Tax Return and the Borrower is currently receiving boarder income.

***(iii)* Required Documentation**

The Lender must obtain two years of the Borrower's Tax Returns evidencing income from Boarders and the current lease.

For purchase transactions, the Lender must obtain a copy of the executed written agreement documenting their intent to continue boarding with the Borrower.

***(iv)* Calculation of Effective Income**

The Lender must calculate the Effective Income by using the lesser of the two-year average or the current lease.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(10) Investment Income

(a) Definition

Investment Income refers to interest and dividend income received from assets such as certificates of deposits, mutual funds, stocks, bonds, money markets, and savings and checking accounts.

(b) Required Documentation

The Lender must verify and document the Borrower's Investment Income by obtaining Tax Returns for the previous two years and the most recent account statement.

(c) Calculation of Effective Income

The Lender must calculate Investment Income by using the lesser of:

- the average Investment Income earned over the previous two years; or
- the average Investment Income earned over the previous one year.

The Lender must subtract any of the assets used for the MCI to purchase the subject Property from the Borrower's liquid assets prior to calculating any interest or dividend income.

(11) Expected Income

(a) Definition

Expected Income refers to income from cost-of-living adjustments, performance raises, a new job, or retirement that has not been, but will be received within 60 Days of loan closing.

(b) Required Documentation

The Lender must verify and document the existence and amount of Expected Income with the employer in writing and that it is guaranteed to begin within 60 Days of loan closing. For expected Retirement Income, the Lender must verify the amount and that it is guaranteed to begin within 60 Days of the loan closing.

(c) Calculation of Effective Income

Income is calculated in accordance with the standards for the type of income being received. The Lender must also verify that the Borrower will have sufficient income or Cash Reserves to support the Loan Payment and any other obligations between loan closing and the beginning of the receipt of the income.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(12) Trust Accounts

(a) Definition

Trust Income refers to income that is regularly distributed to a Borrower from a trust.

(b) Required Documentation

The Lender must verify and document the existence of the Trust Agreement or other trustee statement. The Lender must also verify and document the frequency, duration, and amount of the distribution by obtaining a bank statement or transaction history from the bank.

The Lender must verify that regular payments will continue for at least the first three years of the loan term.

(c) Calculation of Effective Income

The Lender must use the income based on the terms and conditions in the Trust Agreement or other trustee statement to calculate Effective Income.

(13) Annuities or Similar

(a) Definition

Annuity Income refers to a fixed sum of money periodically paid to the Borrower from a source other than employment.

(b) Required Documentation

The Lender must verify and document the legal agreement establishing the annuity and guaranteeing the continuation of the annuity for the first three years of the Loan. The Lender must also obtain a bank statement or a transaction history from a bank evidencing receipt of the annuity.

(c) Calculation of Effective Income

The Lender must use the current rate of the annuity to calculate Effective Income.

The Lender must subtract any of the assets used for the MCI to purchase the subject Property from the Borrower's liquid assets prior to calculating any Annuity Income.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(14) Notes Receivable Income

(a) Definition

Notes Receivable Income refers to income received by the Borrower as payee or holder in due course of a promissory Note or other similar credit instrument.

(b) Required Documentation

The Lender must verify and document the existence of the Note. The Lender must also verify and document that payments have been consistently received for the previous 12 months by obtaining Tax Returns, deposit slips or canceled checks and that such payments are guaranteed to continue for the first three years of the Loan.

(c) Calculation of Effective Income

For Borrowers who have been and will be receiving a consistent amount of Notes Receivable Income, the Lender must use the current rate of income to calculate Effective Income. For Borrowers whose Notes Receivable Income fluctuates, the Lender must use the average of the Notes Receivable Income received over the previous year to calculate Effective Income.

(15) Nontaxable Income (Grossing Up)

(a) Definition

Nontaxable Income refers to types of income not subject to federal taxes, which includes, but is not limited to:

- some portion of Social Security Income;
- some federal government employee Retirement Income;
- Railroad Retirement benefits;
- some state government Retirement Income;
- certain types of disability and public assistance payments;
- child support;
- Section 8 Housing Choice Vouchers
- military allowances; and
- other income that is documented as being exempt from federal income taxes.

(b) Required Documentation

The Lender must document and support the amount of income to be Grossed Up for any Nontaxable Income source and the current tax rate applicable to the Borrower's income that is being Grossed Up.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(c) Calculation of Effective Income

The amount of continuing tax savings attributed to Nontaxable Income may be added to the Borrower's gross income.

The percentage of Nontaxable Income that may be added cannot exceed the greater of 15 percent or the appropriate tax rate for the income amount, based on the Borrower's tax rate for the previous year. If the Borrower was not required to file a Tax Return for the previous tax reporting period, the Lender may Gross Up the Nontaxable Income by 15 percent.

The Lender may not make any additional adjustments or allowances based on the number of the Borrower's dependents.

iii. Asset Requirements

(A) General Asset Requirements

The Lender must verify that the Borrower has sufficient funds to cover the required downpayment and other costs to be paid in cash at closing. The Lender may only consider assets derived from acceptable sources in accordance with the requirements outlined below.

Closing costs, prepaid items, and other [fees may not be applied](#) toward the Borrower's minimum downpayment requirement.

(B) Earnest Money Deposit

The Lender must verify and document the deposit amount and source of funds if the amount of the earnest money deposit exceeds 1 percent of the sales price or is excessive based on the Borrower's history of accumulating savings, by obtaining:

- a copy of the Borrower's canceled check;
- certification from the deposit-holder acknowledging receipt of funds;
- a Verification of Deposit (VOD) or bank statement showing that the average balance was sufficient to cover the amount of the earnest money deposit at the time of the deposit; or
- direct electronic verification by a TPV vendor, subject to the following requirements:
 - the Borrower has authorized the Mortgagee to verify assets;
 - the date of the completed verification conforms with FHA requirements in Maximum Age of Mortgage Documents; and
 - the information shows that the average balance was sufficient to cover the amount of the earnest money deposit at the time of the deposit.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(C) Cash to Close and Reserves

The Lender must document all funds that are used for the purpose of qualifying for or closing the Loan, including those to satisfy debt or pay costs outside of closing.

(1) Cash to Close

The Lender must verify and document that the Borrower has sufficient funds from an acceptable source to facilitate the closing.

(a) Determining the Amount Needed for Closing

For a purchase transaction, the amount of cash needed by the Borrower to close an FHA-insured Loan is the difference between the total cost to acquire the Property and the Total Loan Amount.

For a refinance transaction, the amount of cash needed by the Borrower to close an FHA-insured Loan is the difference between the total payoff requirements of the Loan being refinanced and the Total Loan Amount.

(b) Lender Responsibility for Estimating Settlement Requirements

In addition to the minimum downpayment, additional Borrower expenses must be included in the total amount of cash that the Borrower must provide at loan settlement.

Refer to Fees and Charges below for details on which fees are allowed to be financed and which fees must be collected in cash from the Borrower.

(2) Fees and Charges

The Lender or sponsored TPO may charge and collect from Borrowers those customary and reasonable closing costs necessary to close the Loan, in compliance with permissible fees and charges described in this section. Fees and charges must not exceed the actual costs.

In addition to the minimum downpayment, additional Borrower expenses must be included in the total amount of cash that the Borrower must provide at loan settlement. Fees and charges may be levied to the Borrower in amounts that are reasonable and customary for the area, and where permissible as described below.

(a) Financeable Fees and Charges

(i) General

The fees and charges listed below incurred in connection with a Manufactured Home Loan may be included in the loan amount:

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

- origination fees (payable to the Lender or sponsored TPO), not to exceed the greater of 2 percent of the Base Loan Amount or \$2000, before adding the UFIP. The origination fee includes other Lender costs of doing business. Related expenses are not permitted in addition to the origination fee, such as document preparation, copying, processing, underwriting, and courier fees;
- state and local sales taxes;
- premiums paid for hazard insurance for the first year of the loan term, including premiums for Flood Insurance where applicable;
- credit report costs;
- a fee for the services of a qualified third-party closing agent to act on behalf of a Lender in closing a Direct Loan transaction;
- appraisal fees in connection with the purchase or refinancing of an Existing Manufactured Home;
- fees for determining whether the Property is in an SFHA;
- recording fees, recording taxes, filing fees, and documentary stamp taxes;
- a fee for inspection of the Property by the Lender or its agent, not to exceed a [maximum set by HUD](#); and
- such other items as may be specified by HUD.

Their inclusion must not increase the total principal loan balance beyond the [Nationwide Loan Limits](#) permitted.

The Dealer may advance the funds for the fees and charges and be reimbursed by the Lender from the loan proceeds. Alternatively, a Lender may pay these fees and charges and deduct them from the loan proceeds paid to the Dealer. In either case, there must be full disclosure to the Borrower.

(ii) Upfront Insurance Premium

Any portion of this UFIP may be financed into the Loan provided that the final loan amount does not exceed the Nationwide Loan Limits. For Loans originated by a Dealer, the [Upfront Insurance Premium Rider](#) must be included in the case binder.

Any UFIP amounts paid in cash are added to the total cash settlement requirements.

(b) Allowable Fees and Charges That May Not be Financed

The following fees and charges incurred by a Lender in connection with a Manufactured Home Loan may be collected from a Borrower, but may not be included in the loan amount or otherwise financed or advanced by a Dealer, a manufacturer, or any other party to the loan transaction:

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

- Discount Points to be paid by the Borrower to the Lender, in compliance with [Fees and Charges that May be Collected, but May Not be Financed](#);
- a fee for the services of a qualified Closing Agent to act on behalf of the Lender in closing a Direct Loan transaction. The fee for a Closing Agent includes, and is not in addition to, the document signing fee;
- premiums for credit life insurance or credit disability insurance;
- payments into an insurance escrow account;
- other fees necessary to establish the validity of a lien. This fee category includes preparation of the lien instrument by a third party that is unaffiliated with the Lender. Preparation of the lien instrument by the Lender or its Affiliate is represented by the allowed origination fee;
- title insurance costs (applicable only for lot/real estate);
- survey costs (applicable only for lot/real estate);
- payments into a tax escrow account for the current year (applicable only for lot/real estate); and
- such other items as may be specified by HUD.

(c) Fee for Third-Party Originator

The Lender may pay a reasonable fee to the sponsored TPO, but the fee must not be charged to the Borrower.

(3) Seller Payments

When described in a standard real estate contract for a Manufactured Home Lot or Combination Loan, the seller may pay costs that are normally paid by a real estate seller, such as preparing and recording the deed that transfers title to the buyer.

(4) Other Costs

In addition to the minimum downpayment, the following are additional borrower expenses that must not be financed, and must be included in the total amount of cash that the Borrower must provide at loan settlement.

(a) Prepaid Items (Including Per Diem Interest)

Prepaid items may include annual insurance premiums, property taxes, and per diem interest.

(b) Ineligible Contract Options and Accessories

Items listed in the sales contract that may not be financed into the Loan must be included in the total cash requirements for the Loan. These items include furniture and small appliances.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(c) Repairs and Improvements

The cost of repairs and improvements may not be financed into the Loan.

(d) Premium Pricing on FHA-Insured Loans

Premium Pricing refers to a credit from a Lender for the interest rate chosen.

Premium Pricing may be used to pay a Borrower's actual closing costs and/or prepaid items. Closing costs paid in this manner do not need to be included as part of the interested party limitation.

The funds derived from a premium priced Loan:

- must be disclosed as required, and in accordance with RESPA where applicable;
- must be used to reduce the principal balance if the credit amount exceeds the actual dollar amount for closing costs and prepaid expenses; and
- may not be used for payment of debts, collection accounts, escrow shortages or missed Loan Payments, or Judgments.

(e) Referral Fees

Neither the Lender nor the Borrower may pay a referral fee to any Dealer, home manufacturer, contractor, supplier, real estate broker, loan broker, or any other party in connection with the origination of a Loan insured under Title I.

(f) Third Party Origination Fees

Lenders may negotiate payment with third parties for their origination of Title I Loans. Lenders engaged with sponsored TPOs must comply with the [Sponsor/Sponsored Third-Party Originator Relationship](#) requirements.

(g) Interested Party Contributions on the Settlement Statement

The Lender may apply interested party credits to the closing costs and prepaid items, including any items Paid Outside Closing (POC).

The refund of the Borrower's POC may be used toward the Borrower's downpayment, if the Lender documents that the POC was paid with the Borrower's own funds.

The Lender must identify the total interested party credits on the Settlement Statement or similar legal document or in an addendum. The Lender must identify each item paid by Interested Party Contributions.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(5) Minimum Verified and Documented Cash Reserves

(a) Definition

Reserves refer to the sum of the Borrower's verified and documented liquid assets minus the total funds the Borrower is required to pay at closing.

(b) Standard

Borrowers must have a minimum of two months of Cash Reserves following loan settlement from their own funds when the Borrower's credit does not meet [Sufficiency of Non-traditional Credit References](#).

(6) Sources of Funds

The Lender must verify liquid assets for cash to close and Reserves as indicated.

(a) Checking and Savings Accounts

(i) Definition

Checking and Savings Accounts refer to funds from Borrower-held accounts in a financial institution that allows for withdrawals and deposits.

(ii) Standard

The Lender must verify and document the existence of and amounts in the Borrower's checking and savings accounts.

For recently opened accounts and recent individual deposits of more than 1 percent of the loan amount, the Lender must obtain documentation of the deposits. The Lender must also verify that no debts were incurred to obtain part, or all, of the downpayment.

(iii) Required Documentation

Documentation must show that at least one Borrower is an owner of the account.

Traditional Documentation

The Lender must obtain a written VOD and the Borrower's most recent statement for each account.

Alternative Documentation

If a VOD is not obtained, a statement provided by the financial institution showing the previous month's ending balance for the most recent month is

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

required. If the previous month's balance is not shown, the Lender must obtain statement(s) for the most recent two months.

(b) Cash on Hand

(i) Definition

Cash on Hand refers to cash held by the Borrower outside of a financial institution.

(ii) Standard

The Lender must verify that the Borrower's Cash on Hand is deposited in a financial institution or held by the Lender or retailer.

(iii) Required Documentation

The Lender must verify and document the Borrower's Cash on Hand by obtaining an explanation from the Borrower describing how the funds were accumulated and the amount of time it took to accumulate the funds.

The Lender must also determine the reasonableness of the accumulation based on the time period during which the funds were saved and the Borrower's:

- income stream;
- spending habits;
- documented expenses; and
- history of using financial institutions.

(c) Retirement Accounts

(i) Definition

Retirement Accounts refer to assets accumulated by the Borrower for the purpose of retirement.

(ii) Standard

The Lender may include up to 60 percent of the value of assets, less any existing Loans, from the Borrower's retirement accounts, such as IRAs, thrift savings plans, 401(k) plans, and Keogh accounts, unless the Borrower provides conclusive evidence that a higher percentage may be withdrawn after subtracting any federal income tax and withdrawal penalties.

The portion of the assets not used to meet closing requirements, after adjusting for taxes and penalties, may be counted as Reserves.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(iii) Required Documentation

The Lender must obtain the most recent monthly or quarterly statement to verify and document the existence and amounts in the Borrower's retirement accounts, the Borrower's eligibility for withdrawals, and the terms and conditions for withdrawal from any retirement account.

If any portion of the asset is required for funds to close, evidence of liquidation is required.

(d) Stocks and Bonds

(i) Definition

Stocks and Bonds are investment assets accumulated by the Borrower.

(ii) Standard

The Lender must determine the value of the stocks and bonds from the most recent monthly or quarterly statement.

If the stocks and bonds are not held in a brokerage account, the Lender must determine the current value of the stocks and bonds through third-party verification. Government-issued savings bonds are valued at the original purchase price, unless the Lender verifies and documents that the bonds are eligible for redemption when cash to close is calculated.

(iii) Required Documentation

The Lender must verify and document the existence of the Borrower's stocks and bonds by obtaining brokerage statement(s) for each account for the most recent two months. Evidence of liquidation is not required.

For stocks and bonds not held in a brokerage account the Lender must obtain a copy of each stock or bond certificate.

(e) Private Savings Clubs

(i) Definition

Private Savings Club refers to a non-traditional method of saving by making deposits into a member-managed resource pool.

(ii) Standard

The Lender may consider Private Savings Club funds that are distributed to and received by the Borrower as an acceptable source of funds.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

The Lender must verify and document the establishment and duration of the club, and the Borrower's receipt of funds from the club. The Lender must also determine that the received funds were reasonably accumulated, and not borrowed.

***(iii)* Required Documentation**

The Lender must obtain the club's account ledgers and receipts, and verification from the club treasurer that the club is still active.

(f) Gifts (Personal and Equity)

***(i)* Definition**

Gifts refer to contributions of cash or equity with no expectation of repayment.

***(ii)* Standards for Gifts**

Acceptable Sources of Gifts Funds

Gifts may be provided by:

- the Borrower's Family Member;
- the Borrower's employer or labor union;
- a close friend with a clearly defined and documented interest in the Borrower;
- a charitable organization; or
- a governmental agency or public entity that has a program providing homeownership assistance to:
 - low- or moderate-income families; or
 - first-time homebuyers.

Any Gift of the Borrower's downpayment must also comply with the additional requirements set forth in [Sources of Funds](#) for the Borrower's downpayment.

The gift donor may not be a person or entity with an interest in the sale of the Property, such as the seller, Dealer, manufacturer, real estate broker, or any person or any other affiliated entity. Gifts from these sources are not permitted on Title I Manufactured Home Loans.

Reserves

Gift funds in excess of funds needed to close may not be considered as Cash Reserves.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

Donor's Source of Funds

Cash on Hand is not an acceptable source of donor gift funds.

Required Documentation

The Lender must obtain a gift letter signed and dated by the donor and Borrower that includes the following:

- the donor's name, address, and telephone number;
- the donor's relationship to the Borrower;
- the dollar amount of the Gift; and
- a statement that no repayment is required.

Documenting the Transfer of Gifts

The Lender must verify and document the transfer of Gifts from the donor to the Borrower in accordance with the requirements below:

- For Gifts that will be verified prior to settlement, the Lender must obtain one of the following:
 - the donor's bank statement showing the withdrawal and evidence of the deposit into the Borrower's account;
 - a copy of the donor's canceled check and evidence of deposit into the Borrower's account;
 - a copy of the donor's withdrawal receipt and evidence of deposit into the Borrower's account; or
 - evidence of the electronic transfer of funds from the donor's account to the Borrower's account.
- For Gifts that will be verified at settlement, the Lender must obtain one of the following evidencing payment to the settlement agent:
 - evidence of electronic transfer of funds from the donor's account;
 - bank certified check;
 - cashier's check; or
 - other official bank check.

Who May Provide Gifts of Land

Only Family Members may provide equity credit as a Gift on Property being sold to other Family Members.

For Gifts of land, the Lender must obtain:

- proof of ownership by the donor; and
- evidence of the transfer of title to the Borrower.

Regardless of when gift funds are made available to a Borrower or settlement agent, the Lender must be able to make a reasonable

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

determination that the gift funds were not provided by an unacceptable source.

***(iii)* Standards for Gifts of Equity**

Who May Provide Gifts of Equity

Only Family Members may provide equity credit as a Gift on Property being sold to other Family Members.

Required Documentation

The Lender must obtain a gift letter signed and dated by the donor and Borrower that includes the following:

- the donor's name, address, and telephone number;
- the donor's relationship to the Borrower;
- the dollar amount of the Gift; and
- a statement that no repayment is required.

(g) Interested Party Contributions

***(i)* Definitions**

Interested Parties refer to sellers, real estate agents, builders, developers, lenders, Third-Party Originators (TPO), or other parties with an interest in the transaction.

***(ii)* Standard**

Interested Parties are not permitted to contribute toward the Borrower's origination fees, other closing costs and Discount Points. Interested Parties are also not permitted to contribute toward:

- payment for permanent and temporary interest rate buydowns, and other payment supplements;
- payments of loan interest for fixed rate Loans;
- Loan Payment protection insurance; and
- payment of the UFMIP.

Payment of real estate agent commissions or fees, typically paid by the seller under local or state law, or local custom, is not considered an Interested Party Contribution.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(h) Inducements to Purchase

(i) Definition

Inducements to Purchase refer to certain expenses paid by the seller and/or another Interested Party on behalf of the Borrower and result in a dollar-for-dollar reduction to the Adjusted Value of the Property before applying the appropriate LTV percentage.

These inducements include, but are not limited to:

- decorating allowances;
- repair allowances;
- excess rent credit;
- moving costs;
- paying off consumer debt;
- Personal Property;
- sales commission on the Borrower's present residence; and
- below market rent, except for Borrowers who meet the Identity-of-Interest exception for Family Members.

(ii) Personal Property

Replacement of existing Personal Property items listed below are not considered an inducement to purchase, provided the replacement is made prior to settlement and no cash allowance is given to the Borrower. The inclusion of the items below in the sales agreement is also not considered an inducement to purchase if inclusion of the item is customary for the area:

- range
- refrigerator
- dishwasher
- washer
- dryer
- carpeting

(iii) Sales Commission

An inducement to purchase exists when the seller and/or Interested Party agrees to pay any portion of the Borrower's sales commission on the sale of the Borrower's present residence.

An inducement to purchase also exists when a Borrower is not paying a Real Estate Commission on the Sale of their present residence, the same real estate broker or agent is involved in both transactions, and the seller is paying a Real Estate Commission on the Sale of the Property being purchased by the Borrower that exceeds what is typical for the area.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

***(iv)* Rent Below Fair Market**

Rent may be an inducement to purchase when the sales agreement reveals that the Borrower has been living in the Property rent-free or has an agreement to occupy the Property at a rental amount greater than 10 percent below fair market rent.

When such an inducement exists, the amount of inducement is the difference between the rent charged and the fair market rent pro-rated over the period between execution of the sales contract and execution of the Title I Loan.

Rent below FMV is not considered an inducement to purchase when a builder fails to deliver a Property at an agreed-upon time, and permits the Borrower to occupy an existing or other unit for less than market rent until construction is complete.

(i) Downpayment Assistance Programs

FHA does not “approve” downpayment assistance programs administered by charitable organizations, such as nonprofits. FHA also does not allow nonprofit entities to provide Gifts to pay off:

- Installment Loans
- credit cards
- collections
- Judgments
- liens
- similar debts

The Lender must ensure that a Gift provided by a charitable organization meets the appropriate FHA requirements, and that the transfer of funds is properly documented.

***(i)* Gifts from Charitable Organizations that Lose or Give Up Their Federal Tax-Exempt Status**

If a charitable organization makes a Gift that is to be used for all, or part, of a Borrower’s downpayment, and the organization providing the Gift loses or gives up its federal tax-exempt status, FHA will recognize the Gift as an acceptable source of the downpayment, provided that:

- the Gift is made to the Borrower;
- the Gift is properly documented; and
- the Borrower has entered into a contract of sale (including any amendments to purchase price) on or before the date the IRS officially announces that the charitable organization’s tax-exempt status is terminated.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(ii) Lender Responsibility for Ensuring that Downpayment Assistance Provider is a Charitable Organization

The Lender is responsible for ensuring that an entity providing downpayment assistance is a charitable organization as defined by Section 501(a) of the Internal Revenue Code (IRC) of 1986 pursuant to Section 501(c) (3) of the IRC.

One resource for this information is the [IRS Exempt Organization Select Check](#), which contains a list of organizations eligible to receive tax-deductible charitable contributions.

(j) Secondary Financing

Secondary Financing is any financing other than the first Loan that creates a lien against the Property. Any such financing that does create a lien against the Property is not considered a Gift or a grant even if it does not require regular payments or has other features forgiving the debt.

Secondary Financing is not permitted under the Manufactured Home Loan program.

(k) Loans

Loan means a Disbursement of proceeds (funds) or an advance of credit to or for the benefit of a Borrower who promises to repay the principal amount of such Disbursement or advance, plus interest, if any, at a stated annual rate over time, with the Borrower's obligation evidenced by the Borrower's execution of a Note.

Loan also means a purchase by a Lender of a Note evidencing such obligation, or a refinancing of an existing obligation with or without an additional Disbursement of proceeds or advance of credit.

(i) Collateralized Loans

Definition

A Collateralized Loan is a loan that is fully secured by a financial asset of the Borrower, such as deposit accounts, certificates of deposit, investment accounts, or Real Property. These assets may include stocks, bonds, and real estate other than the Property being purchased.

Standard

The minimum investment and funds to close may be derived from a collateralized loan, provided that the funds are secured by other property

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

that the applicant owns. The security must not be against the home being purchased.

Loans secured against deposited funds, where repayment may be obtained through extinguishing the asset, do not require consideration of repayment for qualifying purposes. The Lender must reduce the amount of the corresponding asset by the amount of the collateralized loan.

Who May Provide Collateralized Loans

Only an independent third party may provide the borrowed funds for collateralized loans.

The seller, Lender, or other Interested Party may not provide such funds. Unacceptable borrowed funds include:

- unsecured signature loans;
- cash advances on credit cards;
- borrowing against household goods and furniture; and
- other similar unsecured financing.

Any loan of the Borrower's MCI must also comply with the additional requirements set forth in [Sources of Funds](#) for the Borrower's downpayment.

Required Documentation

The Lender must verify and document the existence of the Borrower's assets used to collateralize the Loan, the promissory Note securing the asset, and the loan proceeds.

(ii) Retirement Account Loans

Definition

A Retirement Account Loan is a loan that is secured by the Borrower's retirement assets.

Standard

The Lender must reduce the amount of the retirement account asset by the amount of the outstanding balance of the retirement account loan.

Required Documentation

The Lender must verify and document the existence and amounts in the Borrower's retirement accounts and the outstanding loan balance.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

***(iii)* Disaster Relief Loans**

Definition

Disaster Relief Loans refer to loans from a Governmental Entity that provide immediate housing assistance to individuals displaced due to a natural disaster.

Standard

Secured or unsecured disaster relief loans administered by the Small Business Administration (SBA) may be used. If the SBA loan will be secured by the Property being purchased, it must be clearly subordinate to the FHA-insured Loan, and meet the requirements for [Secondary Financing](#).

Any loan of the Borrower's MCI must also comply with the additional requirements set forth in [Sources of Funds](#) for the Borrower's MCI.

Any monthly payment arising from this type of loan must be included in the qualifying ratios.

Required Documentation

The Lender must verify and document the promissory Note.

(l) Grants

***(i)* Disaster Relief Grants**

Definition

Disaster Relief Grants refer to grants from a Governmental Entity that provide immediate housing assistance to individuals displaced due to a natural disaster. Disaster relief grants may be used for the Borrower's downpayment.

Required Documentation

The Lender must verify and document the Borrower's receipt of the grant and terms of use.

Any grant of the Borrower's MCI must also comply with the additional requirements set forth in [Sources of Funds](#) for the Borrower's downpayment.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(ii) Federal Home Loan Bank Homeownership Set-Aside Grant Program

Standard

The Federal Home Loan Bank's (FHLB) Affordable Housing Program (AHP) Homeownership Set-Aside Grant Program is an acceptable source of downpayment assistance and may be used in conjunction with FHA-insured financing. Secondary financing that creates a lien against the Property is not considered a Gift or grant even if it does not require regular payments or has other features forgiving the debt.

Any AHP Set-Aside funds used for the Borrower's MCI must also comply with the additional requirements set forth in [Sources of Funds](#) for the Borrower's MCI.

Required Documentation

The Lender must verify and document the Borrower's receipt of the grant and terms of use.

The Lender must also verify and document that the Retention Agreement required by the FHLB is recorded against the Property and results in a Deed Restriction, and not a second lien. The Retention Agreement must:

- provide that the FHLB will have ultimate control over the AHP grant funds if the funds are repaid by the Borrower;
- include language terminating the legal restrictions on conveyance if title to the Property is transferred by foreclosure or DIL, or assigned to the Secretary of HUD; and
- comply with all other FHA regulations.

(m)Employer Assistance

(i) Definition

Employer Assistance refers to benefits provided by an employer to relocate the Borrower or assist in the Borrower's housing purchase, including closing costs, prepaid items, insurance premiums, or any portion of the minimum cash investment.

Employer Assistance does not include benefits provided by an employer through secondary financing.

A salary advance cannot be considered as assets to close.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

***(ii)* Standard**

Relocation Guaranteed Purchase

The Lender may allow the net proceeds (relocation guaranteed purchase price minus the outstanding liens and expenses) to be used as cash to close.

Employer Assistance Plans

The amount received under Employer Assistance Plans may be used as cash to close.

***(iii)* Required Documentation**

Relocation Guaranteed Purchase

If the Borrower is being transferred by their company under a guaranteed sales plan, the Lender must obtain an executed buyout agreement signed by all parties, and a receipt of funds indicating that the employer or relocation service takes responsibility for the outstanding loan debt.

The Lender must verify and document the agreement guaranteeing employer purchase of the Borrower's previous residence and the net proceeds from sale.

Employer Assistance Plans

The Lender must verify and document the Borrower's receipt of assistance. If the employer provides this benefit after settlement, the Lender must verify and document that the Borrower has sufficient cash for closing.

(n) Sale of Personal Property

***(i)* Definition**

Personal Property refers to tangible property, other than Real Property, such as cars, recreational vehicles, stamps, coins, or other collectibles.

***(ii)* Standard**

The Lender must use the lesser of the estimated value or actual sales price when determining the sufficiency of assets to close.

***(iii)* Required Documentation**

Borrowers may sell Personal Property to obtain cash for closing.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

The Lender must obtain a satisfactory estimate of the value of the item, a copy of the bill of sale, evidence of receipt, and deposit of proceeds. A value estimate may take the form of a published value estimate issued by organizations such as automobile dealers, philatelic or numismatic associations, or a separate written appraisal by a qualified Appraiser with no financial interest in the loan transaction.

(o) Trade-In of Manufactured Home

(i) Definition

Trade-In of Manufactured Home refers to the Borrower's sale or trade-in of one Manufactured Home that is not considered real estate to a Dealer or an independent third party.

(ii) Standard

The net proceeds from the Trade-In of a Manufactured Home may be used as the Borrower's source of funds for the purchase of another Manufactured Home.

Trade-ins cannot result in cash back to the Borrower from the Dealer or independent third party.

(iii) Required Documentation

The Lender must verify and document the sales contract or other agreement evidencing a transaction and the value of the trade-in or sale. The Lender must obtain documentation to support the Trade Equity.

(p) Sale of Real Property

(i) Definition

The Sale of Real Property refers to the sale of Property currently owned by the Borrower.

(ii) Standard

Net proceeds from the Sale of Real Property may be used as an acceptable source of funds.

(iii) Required Documentation

The Lender must verify and document the actual sale and the Net Sale Proceeds by obtaining a fully executed Settlement Statement or similar legal document.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

The Lender must also verify and document that it was an Arm's Length Transaction, and that the Borrower is entitled to the Net Sale Proceeds.

(q) Real Estate Commission from Sale of a Subject Property

(i) Definition

Real Estate Commission from Sale of Subject Property refers to the Borrower's portion of a real estate commission earned from the sale of the Property being purchased.

(ii) Standard

Lenders may consider Real Estate Commissions from the Sale of the Subject Property as part of the Borrower's acceptable source of funds if the Borrower is a licensed real estate agent.

A Family Member entitled to the commission may also provide it as a Gift, in compliance with standard gift requirements.

(iii) Required Documentation

The Lender must verify and document that the Borrower, or Family Member giving the commission as a Gift, is a licensed real estate agent, and is entitled to a Real Estate Commission from the Sale of the Property being purchased.

(r) Rent Credits

(i) Definition

Rent Credits refer to the amount of the rental payment that exceeds the Appraiser's estimate of fair market rent.

(ii) Standard

The Lender may use the cumulative amount of rental payments that exceeds the Appraiser's estimate of fair market rent toward the MCI.

(iii) Required Documentation

The Lender must obtain the rent with option to purchase agreement, the Appraiser's estimate of market rent, and evidence of receipt of payments.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

iv. Final Underwriting Decision

The Lender is ultimately responsible for making an underwriting decision on behalf of their Lender in compliance with HUD requirements. The Lender must complete the interview with the Borrower before making a final underwriting decision on the Loan.

(A) Duty of Care/Due Diligence

The underwriter must exercise the same level of care that would be used in underwriting a Loan entirely dependent on the Property as security. Compliance with FHA requirements is deemed to be the minimum standard of due diligence required in originating and underwriting an FHA-insured Loan.

(B) Specific Underwriter Responsibilities

The underwriter must review each Loan as a separate and unique transaction, recognizing that there may be multiple factors that demonstrate a Borrower's ability and willingness to make timely Loan Payments, in order to make an underwriting decision on behalf of their Direct Endorsement (DE) Lender in compliance with HUD requirements. The underwriter must evaluate the totality of the Borrower's circumstances and the impact of layering risks on the probability that a Borrower will be able to repay the loan obligation according to the terms of the Loan.

As the responsible party, the underwriter must:

- review appraisal reports, compliance inspections, and credit analyses to ensure reasonable conclusions, sound reports, and compliance with HUD requirements regardless of who prepared the documentation;
- determine the acceptability of the appraisal, the inspections, the Borrower's capacity to repay the Loan, and the overall acceptability of the Loan for FHA insurance;
- identify any inconsistencies in information obtained by the Lender in the course of reviewing the Borrower's application regardless of the materiality of such information to the origination and underwriting of a Loan; and
- resolve all inconsistencies identified before approving the Borrower's application, and document the inconsistencies and the resolutions of the inconsistencies in the file.

The underwriter must identify and report any misrepresentations, violations of HUD requirements, and fraud to the appropriate party within their organization.

(C) Underwriting of Credit and Debt

The underwriter must determine the creditworthiness of the Borrower, which includes analyzing the Borrower's overall pattern of credit behavior and the credit report. See [Credit Requirements](#) above.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

The underwriter must ensure that there are no other unpaid obligations incurred in connection with the loan transaction or the purchase of the Property.

(D) Underwriting of Income

The underwriter must review the income of a Borrower and verify that it has been supported with the proper documentation. See [Income Requirements](#) above.

(E) Underwriting of Assets

The underwriter must review the assets of a Borrower required to close the Loan and verify that they have been supported with the proper documentation. See [Asset Requirements](#) above.

(F) Verifying Insurance Premium and Loan Amount

The underwriter must review the insurance premium and loan amount and verify that they have been supported with the proper documentation. See [Underwriting the Borrower](#).

(G) Calculating Qualifying Ratios

For all transactions, except non-credit qualifying Streamline Refinances, the underwriter must calculate the Borrower's Total Housing Payment to Effective Income Ratio and the Total Fixed Payment to Effective Income ratio, or DTI, and verify compliance with the ratio requirements listed in the [Approvable Qualifying Ratios chart](#).

The Lender must exclude any obligation that is wholly secured by existing assets of the Borrower from the calculation of the Borrower's debts, provided the assets securing the debt are also not considered in qualifying the Borrower.

(H) Calculating Maximum Monthly Housing Expenses

The total Loan Payment includes:

- P&I;
- real estate taxes;
- hazard insurance;
- Flood Insurance, as applicable;
- insurance premium;
- Homeowners' Association (HOA) Fees or manufactured home community or park association fees or expenses;
- lot rent;
- special assessments;
- payments for any acceptable secondary financing; and
- any other escrow payments.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(I) Estimating Real Estate Taxes

The Lender must use accurate estimates of monthly tax escrows (as applicable) when calculating the total Loan Payment.

Tax estimates must be based on lots that will be owned by the Borrower.

(J) Temporary Interest Rate Buydowns

Temporary interest rate buydowns are not permitted.

Interest rate buydowns must be permanent for the duration of the loan term.

(K) Calculating Total Fixed Payment

The total fixed payment includes:

- the total Loan Payment; and
- monthly obligations on all debts and liabilities.

The maximum Total Housing Payment to Effective Income Ratio and Total Fixed Payments to Effective Income (DTI) ratios applicable to manually underwritten Loans are summarized in the matrix below.

The qualifying ratios for Borrowers with no credit score are computed using income only from Borrowers occupying the Property and obligated on the Loan. Non-occupant co-Borrower income may not be included.

Approvable Qualifying Ratios		
Credit Sufficiency Requirements	Maximum Qualifying Ratios (%)	Acceptable Compensating Factors
Credit Sufficiency Requirements Not Met	31/43	Borrowers that do not meet credit sufficiency requirements: • must not exceed 31/43 ratios; and • must have documented verification of two months Cash Reserves. Exception: Loan financing an Energy Efficient Home (EEH): • may have stretch ratios of 33/45; and • must have documented verification of two months Cash Reserves. Other compensating factors are permitted in addition to these requirements.
Requirements for Sufficient Credit is Met	31/43	No compensating factors are required.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

Approvable Qualifying Ratios		
Credit Sufficiency Requirements	Maximum Qualifying Ratios (%)	Acceptable Compensating Factors
Requirements for Sufficient Credit is Met	33/45	At least one compensating factor is required.

(L) Required Documentation for Acceptable Compensating Factors

If a DTI ratio exceeds HUD's maximum allowable amount by 2 percent or less, a compensating factor may be considered when determining eligibility.

The following describes the compensating factors and required documentation that may be used to justify approval of Loans with the credit sufficiency and qualifying ratios described above.

(1) Energy Efficient Homes

(a) Definition

A Manufactured Home is classified as an EEH when certified as ENERGY STAR to the [Quality Assurance Provider](#) and an ENERGY STAR label is affixed inside the home, commonly near the HUD Data Plate or inside the electric panel cover of the home.

(b) Standard

When the Loan finances a Manufactured Home that is ENERGY STAR qualified, the Borrower's qualifying ratios may be "stretched" two percentage points higher than the standard limits. The qualifying ratio limit for a Manufactured Home that complies with EEH standards is 33 percent for the housing-to-income ratio and 45 percent for the Debt-to-Income ratio.

(c) Required Documentation

The case binder must contain evidence that the home was manufactured to ENERGY STAR standards, such as:

- For new homes, the Manufacturer's Invoice must indicate that the unit is ENERGY STAR qualified.
- For existing homes, the case binder must contain a photo of the ENERGY STAR label.

(2) Verified and Documented Cash Reserves

Verified and documented Cash Reserves may be cited as a compensating factor when the Reserves are equal to or exceed three total monthly Loan Payments.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

Reserves are calculated as the Borrower's total [assets](#) less:

- the total funds required to close the Loan;
- Gifts; and
- borrowed funds.

(3) Equivalent or Reduced Housing Payment

If the proposed monthly Loan Payment is less than or equal to the current total monthly housing payment for the previous 12 months, then that may be used as a compensating factor.

The file must document a 12 month housing payment history with no late payments.

The Current Total Monthly Housing Payment refers to the Borrower's current total Loan Payment or current total monthly rent obligation.

(4) Significant Additional Income Not Reflected in Effective Income

Additional income or benefits not included in effective gross income that directly impacts the applicant's ability to meet financial obligations include:

- bonuses, part-time or Seasonal Employment that is not reflected in Effective Income;
- employee benefits (company car, clothing allowance); and
- public benefits (nutritional assistance/food stamps/seasonal unemployment).

The following can also be cited as a compensating factor subject to the following requirements:

- the Lender must verify and document that the Borrower has received this income, and it will likely continue; and
- the income, if it were included in gross Effective Income, is sufficient to reduce the qualifying ratios to not more than 35/47.

(5) Potential for Increased Future Earnings

A Borrower that has potential for increased future earnings may be cited as a compensating factor with documented justification, such as job training or education in the applicant's profession.

(6) Secondary Wage Earner Potential (Employment Relocation)

Potential income for a secondary wage earner may be cited as a compensating factor under the following condition: the secondary wage earner has relocated with a primary wage earner, who is purchasing a home as a result of a recent employment relocation.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

The case binder must document all of the following:

- evidence that the primary wage earner relocated for a new job;
- at least a 12 month work history for the secondary wage earner, prior to relocation; and
- the prospects of available employment.

(7) Residual Income

Residual income may be cited as a compensating factor provided it can be documented and it is at least equal to the applicable amounts for household size and geographic region found in the Table of Residual Incomes By Region in the Department of Veterans Affairs (VA) [Lenders Handbook - VA Pamphlet 26-7](#), Chapter 4.9 b and e.

(a) Calculating Residual Income

Residual income is calculated as total Effective Income of all occupying Borrowers less:

- state income taxes;
- federal income taxes;
- municipal or other income taxes;
- retirement or Social Security;
- proposed total Loan Payment;
- estimated maintenance and utilities;
- job related expenses (e.g., child care); and
- the amount of the Gross Up of any Nontaxable Income.

If available, Lenders must use Tax Returns and where applicable, state tax returns, from the most recent tax year to document state and local taxes, retirement, Social Security and Medicare. If tax returns are not available, Lenders may rely upon current pay stubs.

For estimated maintenance and utilities, Lenders must multiply the Gross Living Area (GLA) of the Property by the maintenance and utility factor found in the [Lenders Handbook - VA Pamphlet 26-7](#).

(b) Using Residual Income as a Compensating Factor

To use residual income as a compensating factor, the Lender must count all members of the household of the occupying Borrower without regard to the nature of their relationship and without regard to whether they are joining on title or the Note to determine “family size.”

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(c) Exception

The Lender may omit any individuals from “family size” who are fully supported by a source of verified income that is not included in the Effective Income in the loan analysis. These individuals must voluntarily provide sufficient documentation to verify their income to qualify for this exception.

From the table provided in [Lenders Handbook - VA Pamphlet 26-7](#), select the applicable loan amount, region and household size. If residual income equals or exceeds the corresponding amount on the table, it may be cited as a compensating factor.

v. Borrower Approval or Denial

(A) Re-underwriting

Before closing a Title I Manufactured Home Loan, the Lender must re-underwrite a Loan when any data element of the Loan changes and/or new Borrower information becomes available.

(B) Required Documentation of Final Underwriting Review Decision

The underwriter must provide an underwriting worksheet to document their final underwriting decision.

(C) HUD Employee Loans

If the Loan involves a HUD employee, the Lender must condition the Loan on the approval of the Loan by HUD. The Lender must submit the underwritten loan application package to the Director of the [FOC](#) for final underwriting approval.

(D) Responsibilities upon Denial

When a Loan is denied, the Lender must comply with all requirements of the FCRA, and the ECOA, as implemented by Regulation B (12 CFR Part 1002).

If the Loan has been reported in FHAC, Lenders must cancel any assigned case numbers that will not be closed as an FHA Loan.

e. Pre-Closing Reviews by HUD **(05/08/2025)**~~(05/09/2022)~~

i. Standard

All Loans are subject to a pre-closing review period in accordance with the [Direct Endorsement Authority for Manufactured Home Loan](#) process. HUD will examine each Loan prior to closing to ensure that the Lender is consistently submitting Loans that satisfactorily meet Title I program requirements. Once a Lender has completed the initial pre-closing review period, which includes the submission of a minimum of 10 Loans that

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

are approved to close, HUD may approve the Lender for the Title I Direct Endorsement Program that will allow the Lender to underwrite and close Title I Manufactured Home Loans without prior review by HUD.

Lenders that are approved for the [Direct Endorsement process](#) are not required to submit loan origination documents for pre-closing.

ii. Pre-Closing Case Binder Submission

The Lender must first underwrite the Loan, then include the following documents in the case binder and submit to the FOC before closing the Loan.

Left Side
Sales contract(s) or sales agreement(s) for unit and/or lot
Appraisal – not applicable for newly constructed Manufactured Homes; applicable to: • purchase of an existing home; or • refinance of a non FHA-insured Loan.
Invoices: • Manufacturer’s Invoice; and • skirting, air conditioning, other appurtenances, etc.
Itemized statement of costs, fees and charges
Evidence of lot ownership or Leasehold for individual lot
Certification of home site suitability
Form HUD-55014 , <i>Warranty for New Manufactured Home</i>
Verification(s) of identity and SSNs
Documentation of CAIVRS and LDP/ General Services Administration’s (GSA) SAM clearance
Truth-in-Lending Disclosure

Right Side
Underwriter’s report/worksheet showing calculations for maximum loan amount, LTV and debt-to-income ratios, and listing any compensating factors
~~Form HUD-56001-MH, Credit Application for Manufactured (Mobile) Home~~ Uniform Residential Loan Application (URLA) and form HUD-92900-TI
Explanation and supporting documentation for adverse credit information and/or inquiries
Verification of rent payment history
Verification(s) of payment history for other accounts not on credit report, if any
Verification(s) of employment, income, and gaps (including explanations)
Verification of assets, including: • downpayment (deposit);

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

Right Side
• other assets, if needed to complete the transaction or for compensating factor; or • concurrent financing, if any.
Source of funds for downpayment and other assets
Appraisal for Trade-In of Manufactured Home (if any for source of funds)
Loan processing file notes, if any

iii. Lender Options for Notice of Return Issued Pre-Closing

In the event of a Notice of Return (NOR) on a pre-closing case binder review, Lenders may exercise any of the following options:

- take corrective actions (e.g., submit additional or revised documentation) to resolve reasons for the NOR determination; and/or
- close the Loan without FHA insurance; or
- cancel/reject the Loan.

iv. Loan Approved

Once a DE-approved Lender has approved a Loan, the Lender may then close the Loan and proceed with the insurance application process. Lenders that do not have DE approval must underwrite the case binder and submit to HUD for final approval prior to closing the Loan.

f. Closing **(05/08/2025)**~~(05/09/2022)~~

Before disbursing the proceeds of a Manufactured Home Loan, the Lender must confirm that the case binder is complete and that the following documents, if applicable to the Loan, have been obtained for retention in the case binder.

i. Lender Closing Requirements

The [case binder](#) must contain all documentation that has been relied upon in support of the Lender's decision to approve the Loan.

ii. Title Insurance

At its option, the Lender may obtain title insurance for Property treated as real estate.

iii. Closing in the Lender's Name

A Loan may close in the name of the Lender or the sponsoring Lender, the principal or the authorized agent. TPOs that are not FHA-approved Lenders may not close in their own names or perform any functions in [FHA Connection \(FHAC\)](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

iv. Required Forms

The Lender must use forms and/or language in compliance with federal and state laws. HUD does not provide forms for Title I Notes or security instruments.

v. Certifications

The individual selling the Manufactured Home must sign the certification on form ~~HUD-56001-MH~~ **HUD-92900-TI**.

The Borrower and the Dealer must sign the certification on form [HUD-56002-MH](#).

vi. Monthly Escrow Obligations

The Lender may collect a monthly amount from the Borrower that will enable them to pay their escrow obligations, as permitted by law. Payments into an escrow account may be collected only for the current year. The escrow account may be used to meet the following obligations when they become due:

- hazard insurance premiums;
- real estate taxes;
- loan insurance premiums;
- flood insurance premiums if applicable;
- Ground Rents if applicable;
- any item that would create liens on the Property positioned ahead of the FHA-insured Loan; and
- any other assessments as permitted by local law.

vii. Eligible Fees and Charges

The Lender must ensure that all fees charged to the Borrower comply with all applicable federal, state, and local laws and disclosure requirements.

Funds for closing costs may not be applied toward the minimum downpayment requirement.

The Dealer may advance the funds for the fees and charges and be reimbursed by the Lender from the loan proceeds. Alternatively, a Lender may pay these fees and charges and deduct them from the loan proceeds paid to the Dealer. In either case, there must be full disclosure to the Borrower.

The Lender may charge the Borrower reasonable and customary fees that do not exceed the actual cost of the service provided.

The origination fee may be paid to the Lender or a sponsored TPO.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

Referral fees or similar charges are not allowed to be paid or collected by any party involved in the transaction, to include the manufacturer, Dealer, contractor, supplier, real estate broker, loan broker or any other party involved in the transaction.

A Lender may not allow the Dealer, or any party, other than the Borrower, to pay any Discount Points or other financing charges in connection with the loan transaction.

viii. Fees and Charges that May be Collected and Financed

(A) Standard

The fees and charges listed below that are incurred in connection with a Manufactured Home Loan may be included in the loan amount. Their inclusion must not increase the total principal loan balance beyond the maximum loan limit permitted.

The fees and charges that may be collected are limited to the following and amounts where indicated:

- UFIP;
- origination fees, not to exceed 2 percent of the Base Loan Amount, before adding UFIP;
- a fee for the services of a qualified third-party closing agent to act on behalf of a Lender in closing a Direct Loan transaction;
- state and local sales taxes paid by the Borrower;
- premiums paid by the Borrower for hazard insurance for the first year of the loan term, including premiums for Flood Insurance where applicable;
- credit report costs;
- the appraisal fee if required by FHA;
- fees for determining whether the Property is in an SFHA;
- a lender inspection fee up to \$125;
- reasonable and customary state or local government-imposed inspection fees, as required during the site placement of a Manufactured Home, but no more than \$500 may be financed into the Loan;
- recording fees, recording taxes, filing fees, and documentary stamp taxes; and
- such other items as may be specified by HUD.

The collection of Discount Points may not be financed and is not permitted unless the loan documents that the Discount Point(s) resulted in is a decrease to the interest rate.

(B) Required Documentation

The case binder must identify the fees and charges collected and financed into the Loan. The Lender must include the invoice(s) for the inspection fee, together with documentation supporting the government requirement for the inspection in the loan package for both any pre-endorsement review that may be required and any insurance claim submission.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

ix. Fees and Charges that May be Collected, but May Not be Financed

(A) Standard

The following fees and charges, incurred by a Lender in connection with a Manufactured Home Loan, may be collected from a Borrower, but may not be included in the loan amount or otherwise financed or advanced by a Dealer, a manufacturer, or any other party to the loan transaction.

Discount Points may be paid by the Borrower, but only if the Lender can demonstrate a clear relationship between the Discount Points being charged and a compensating decrease in the interest rate on the Loan.

The fees and charges that may be collected and not financed are limited to the following and amounts where indicated:

- a fee for the services of a qualified Closing Agent to act on behalf of the Lender in closing a Dealer Loan transaction;
- premiums for credit life insurance or credit disability insurance;
- other fees necessary to establish the validity of a lien;
- title insurance costs for Manufactured Home Lot Loans or Combination Loans;
- survey costs for Manufactured Home Lot Loans or Combination Loans;
- escrows:
- payments into an insurance escrow account for the current year for all Title I Manufactured Homes; and
- tax escrows for the current year, only for Manufactured Home Lot Loans and Combination Loans;
- a lender inspection fee greater than \$125 may be charged but not financed so long as the Lender can document that the fee is reasonable and customary;
- a site placement inspection fee conducted by a state or local government that is reasonable or customary, but no more than \$500 may be financed into the Loan;
- costs for the following are permitted to be charged only for Manufactured Home Lot Loans, and Combination Loans, where applicable:
 - title insurance;
 - survey; and
 - payments into a tax escrow account for the current year; and
- such other items as may be specified by HUD.

(B) Required Documentation

The case binder must identify the fees and charges collected and not financed into the Loan. The Lender must include the invoice(s) for the inspection fee, together with documentation supporting the government requirement for the inspection in the loan package for both any pre-endorsement review that may be required and any insurance claim submission.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

x. Disbursement Date

Disbursement Date refers to the date the proceeds of the Loan are made available to the Borrower.

The Disbursement Date must occur before the expiration of the credit documents.

xi. Disbursement of Loan Proceeds

(A) Standard

(1) Dealer Loan

The Lender must disburse the loan proceeds:

- solely to the Dealer or to the Borrower; or
- jointly to the Borrower and the Dealer or other parties to the transaction, including the property seller(s) or the financial institution that holds an existing loan that will be paid off with the new Loan.

The Lender must verify that loan proceeds are disbursed in the proper amount.

(2) Direct Loan

The Lender must disburse the loan proceeds solely to the Borrower or jointly to the Borrower and other parties to the transaction. The Lender must verify that loan proceeds are disbursed in the proper amount.

(B) Required Documentation

The Lender must obtain and include in the case binder the final Settlement Statement or other legal documentation detailing the transaction including fees, charges, and Disbursement.

xii. Per Diem Interest and Interest Credit

The Lender may collect per diem interest from the Disbursement Date to the date amortization begins.

Per diem interest must be computed using a factor of 1/365th of the annual rate.

xiii. Signatures

The Lender must ensure that the Loan, Note, and all closing documents are signed by all required parties in accordance with the [Borrower Eligibility](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(A) Use of Power of Attorney at Closing

A Borrower may designate an attorney-in-fact to use a POA to sign documents on their behalf at closing, including the Disclosure Notice to Borrower.

Unless required by applicable state law, as stated below, or they are the Borrower's Family Member, none of the following persons connected to the transaction may sign the security instrument or Note as the attorney-in-fact under a POA:

- the Lender, or any employee or Affiliate;
- the loan originator, or employer or employee;
- the title insurance company providing the title insurance policy, the title agent closing the Loan, or any of their Affiliates; or
- any real estate agent or any person affiliated with such real estate agent.

Exception

Closing documents may be signed by an attorney-in-fact who is connected to the transaction if the POA expressly authorizes the attorney-in-fact to execute the required documents on behalf of a Borrower, only if the Borrower, to the satisfaction of the attorney-in-fact in a recorded interactive session conducted via the Internet has:

- confirmed their identity; and
- reaffirmed, after an opportunity to review the required loan documents, their agreement to the terms and conditions of the required loan documents evidencing such transaction and to the execution of such required Loan by such attorney-in-fact.

The Lender must obtain a copy of ~~form HUD-56001-MH~~ the *URLA (Fannie Mae Form 1003/Freddie Mac Form 65)* and ~~form HUD-92900-TI~~ signed by the Borrower or POA in accordance with [Signature Requirements for All Application Forms](#).

(B) Electronic Signatures

See [Policy on Use of Electronic Signatures](#).

xiv. Note

(A) Definition

Note refers to any form of credit instrument commonly used in a jurisdiction to evidence a Loan.

(B) Standard

(1) Form

The Lender must ensure that the Note complies with all applicable state and local requirements for creating a recordable and enforceable Loan, and an enforceable

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

Note. HUD does not provide Note forms or prescribe a particular Note format. The Lender must ensure that the Note and all other documents evidencing the loan transaction are in compliance with applicable federal, state, and local laws.

The Note must:

- state the principal amount of the Loan and the annual rate of interest;
- bear the signature of each Borrower and of any co-maker or Co-signer; and
- be valid and enforceable against the Borrower and any co-maker or Co-signer.

(2) Interest Rate

The interest rate is negotiated between the Lender and the Borrower. The interest rate must be fixed for the full term of the Loan and must be stated in the Note or retail sales installment contract. Interest on the Loan must accrue from the date of the Loan, and be calculated on a simple interest basis.

Adjustable Rate Mortgage products are not permitted for FHA Title I Manufactured Home Loans.

(3) Temporary Interest Rate Buydown Requirements

Temporary interest rate buydowns are not permitted.

(4) Signature

The Borrower and any co-maker or Co-signer must execute the Note for the full amount of the loan obligation. Although the Borrower(s) may sign the Note on an earlier date, the date of the Loan must be the date that the loan proceeds are disbursed by the Loan. Such date should be entered on the Note when Disbursement occurs.

(5) Payments on the Loan

The Note must provide for equal installment payments that are due monthly. The first scheduled Loan Payment must be due no later than two months from the date of the Loan. The Note may provide for the first and/or final payments to vary in amount but not to exceed 1.5 times the regular installment.

(6) Default Provision

The Note must contain a provision for acceleration of maturity, at the option of the holder, upon a monetary Default by the Borrower.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(7) Late Charges

The Note may provide for a Late Charge unless specifically precluded by state law. The Late Charge may be imposed only for a payment which is in arrears for the greater of 15 Days or the number of Days required by applicable state law. Late Charges must be billed to the Borrower or reflected in the payment coupon. Evidence of Late Charges paid by the Borrower must be in the case binder if an insurance claim is made.

(a) Amount of Late Charge

The Late Charge must not exceed the lesser of 4 percent for each installment of P&I, or the maximum amount permitted by applicable state law.

(b) Method of Payment

Payment of any Late Charge cannot be deducted from the monthly payment of P&I. Late payment fees must be calculated and shown as an additional charge to the Borrower.

(c) Daily Interest in Lieu of Late Charges

In lieu of Late Charges, the Note may provide for interest to accrue on installments in arrears, continuing daily, based on the interest rate in the Note.

(8) Prepayment Provision

Borrowers cannot be charged a prepayment penalty on any FHA Title I Manufactured Home Loan product.

(9) Recourse from Dealer

The Dealer and Title I Lender may agree to require partial or full recourse of a provision in the loan documents against the Dealer, to reduce or eliminate the Lender's loss in the event of foreclosure or repossession. Recourse provisions in the loan documents may provide for:

- a Default occurring within a period of not more than three years from the date of the Loan;
- reimbursement from the Dealer for:
 - a fixed percentage of the unpaid amount of the loan obligation, after deducting the proceeds from the sale of the Property; and
 - any amounts received or retained by the Lender after the date of Default; or
- a maximum liability to the Dealer of 100 percent of the unpaid amount of the loan obligation prior to such deductions.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

xv. Security Instrument

(A) Definition

Security Instrument refers to any legal instrument that is commonly used in a jurisdiction in connection with a Loan secured by a Manufactured Home and/or Real Property.

(B) Standard

A Manufactured Home Loan must be secured by a recorded lien on the home (or lot or home and lot, as appropriate), its furnishings, equipment, accessories, and appurtenances.

The lien must be a first lien, superior to any other lien on that Property, and evidenced by a properly recorded financing statement, a properly recorded security instrument executed by the Borrower and any other owner of the Property, or another acceptable instrument, such as a certificate of title issued by the state and containing a recitation of the Lender's lien interest in the Manufactured Home.

The Lender must ensure that the description of the Manufactured Home as cited in the security instrument is accurate and that the security instrument creates a valid and enforceable lien on the Manufactured Home in the jurisdiction in which the Property is located. The security instrument must be recorded and perfected in the manner specified by applicable state law in the state where the Property is located.

For a [Combination Loan](#), the Lender may take a security interest in the Manufactured Home as Personal Property and concurrently place a real property lien on the land. FHA permits Manufactured Homes to be split from the land and secured separately.

xvi. Post-Disbursement Unit Inspection

(A) Inspection Requirements for Dealer-Originated Sales

Dealer-originated sales of Manufactured Homes require the Lender, or an agent of the Lender who is not a Dealer, to conduct an inspection of the Manufactured Home after it has been delivered and installed at the home site. This inspection must be completed within 60 Days after the Disbursement Date. The inspection is to verify and document the following:

- The terms and conditions of the sales contract have been met.
- The Manufactured Home and any itemized options and appurtenances included in the purchase price of the home or financed with the loan proceeds have been delivered and installed.
- The Manufactured Home has been properly installed on the home site without any apparent structural damage or other serious defects resulting from the transportation or installation of the unit, and all plumbing, mechanical and electrical systems are fully operational.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(B) Inspection Requirements for Direct Loans and Non-Dealer-Originated Sales

Direct Loans and non-dealer-originated sales of Manufactured Homes require the Lender, or an agent of the Lender who is not a Manufactured Home Dealer, to conduct an inspection of the Manufactured Home after it has been delivered and installed at the home site. This inspection must be completed within 60 Days after the Disbursement Date. The inspection is to verify and document the following:

- The terms and conditions of the sales contract have been met.
- The Manufactured Home and any itemized options and appurtenances included in the purchase price of the home or financed with the loan proceeds have been delivered and installed.
- Form HUD-56002-MH executed by the Borrower(s) and the Dealer is signed by the Borrower.
- The Manufactured Home has been properly installed on the home site without any apparent structural damage or other serious defects resulting from the transportation or installation of the unit, and all plumbing, mechanical and electrical systems are fully operational.

g. Post-closing and Endorsement ~~(05/08/2025)~~(05/09/2022)

i. Lender Pre-endorsement Review

The Lender must evaluate all submitted information and documentation regarding the Borrower(s) and the proposed Loan in order to confirm that the Loan is eligible for the Title I program and meets HUD's underwriting requirements. This determination must include resolution of any problems identified during the case number assignment process.

ii. Procedures for Endorsement

(A) Standard

Immediately after closing and the Disbursement of loan funds, Lenders must submit each Loan to HUD for a post-closing, pre-endorsement approval.

HUD will examine each Loan after closing and prior to endorsement to ensure that the necessary documents have been provided and system data fields are completed.

The post-closing, pre-endorsement review is required for both DE Lenders and non-DE Lenders.

Non-DE Lenders must submit Loans for the post-closing, pre-endorsement review in addition to the required pre-closing review.

To initiate the insurance endorsement process, the Lender must complete the Title I Loan Insurance Application in [FHAC](#) and compile the case binder, with all of the necessary documents.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

The Loan must be current to be eligible for endorsement.

(B) Submitting the Loan for Endorsement

Instructions for specific requirements for data format and delivery to FHAC are found in the [FHA Connection Title I User Guide](#).

The Lender must:

- complete the Insurance Application screen in FHAC;
- remit the UFIP to FHA in a lump sum within 10 Days after the date of loan settlement or the Disbursement Date, whichever is later;
- submit evidence of assignment of the case for endorsement in the name of the originating Lender, if applicable;
- submit evidence of case number transfer, if applicable, to another Lender prior to closing; and
- submit case binder to HUD for post-closing endorsement review.

(C) Complete Insurance Application in FHAC

Once the Loan is closed, the Lender must access FHAC to complete the Insurance Application screen and pay the UFIP.

The Insurance Application screen requires the Lender to enter additional data about the Loan. The system will either confirm that the data entered was accepted, or will provide information regarding corrections the Lender must make to successfully complete this step. Data fields that must be completed are grouped by the following subject areas:

- general loan information
- Lender information
- credit/underwriting information
- Borrower information
- address information

(D) Upfront Insurance Premium Remittance

Lenders must remit the upfront insurance premium electronically through [Pay.gov](#). Instructions for accessing Pay.gov can be found in the Title I User Guide, which can be accessed from [FHAC](#) under Property Improvement/Manufactured Home.

HUD requires the [UFIP](#) to be paid within 10 Days of the Loan Disbursement.

(E) Late UFIP Payments

HUD views the owner of the Loan legally responsible for the payment of all valid premium charges. If the Lender uses a servicing agent to handle this function, HUD

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

can establish billing for the agent, but the Lender remains the owner of the lender portfolio.

The Lender is assessed a penalty charge of 4 percent of the amount of any premium payment not received by HUD by the due date. Premium payments received from a Lender more than 30 Days after the due date are also assessed daily interest at the [Treasury Current Value of Funds Rate](#). However, a Lender is not required to pay a penalty charge or daily interest if HUD fails to issue a billing statement for annual premium charges in a timely manner.

(1) 10-30 Days Late

A one-time late charge of 4 percent is assessed on a UFIP payment received more than 10 Days after the Disbursement Date. The Lender must pay the late fee before FHA will endorse the Loan for insurance.

(2) More than 30 Days Late

If the UFIP is paid more than 30 Days after the Disbursement Date, the Lender will be assessed the late fee plus interest. The interest rate is the [Treasury Current Value of Funds Rate](#) in effect when the UFIP payment is received. The Lender must pay both charges before FHA will endorse the Loan for insurance.

(F) Printout of Case Number Assignment Screen

The Lender must include a printed copy of the case number assignment screen showing originating Lender if applicable.

(G) Submitting Loans for Post-closing/Endorsement Review

Lenders must submit loan documents to the attention of MH Post-closing Endorsement Review at the [FOC](#).

During the post-closing endorsement review, HUD determines if the Loan meets all program requirements. HUD will review the documentation to ascertain if there is any indication that any certification or required document is false, misleading, or constitutes fraud or misrepresentation.

(H) Timely Endorsement

The Lender must report each Loan for insurance in FHAC within 30 Days from the date of the Loan's Disbursement or purchase from a Dealer or another Lender. Any Loan refinanced under this part must similarly be reported on the prescribed form within 30 Days from the date of refinancing.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(I) Initial Request for Endorsement

The insurance application request is considered complete once HUD has received the case binder, the UFIP has been paid, and the insurance application in FHAC has been completed and has passed all system validations.

The date a case binder is received is based on the date the FOC receives the required lender documentation. The Lender is responsible for having the case binder delivered to the FOC within the allotted time period. Lenders may confirm the date that the lender documentation was received by accessing the Case Status screen in FHAC.

(J) Late Request for Endorsement

A late endorsement certification must be submitted to HUD with the insurance package for review and consideration if the Loan is not submitted for endorsement within the required 30 Day period after closing.

(K) Late Endorsement Certification

Lenders must certify, via FHAC, that all Loans reported for insurance after 30 Days from the Disbursement are not currently in Default. A certification window automatically appears when a Loan is reported past the deadline and must be checked in order to continue the insurance submission process.

At the time of the certification the Lender is confirming that:

- no Loan Payment was currently past due more than 30 Days; and
- the Lender or its agents did not provide the funds to bring and/or keep the Lender current or to bring about the appearance of an acceptable payment history.

(L) HUD Determination of Endorsement

HUD will review the Lender's certification and make a determination to accept or reject the request. HUD will endorse the Loan provided the final review indicates that the degree of risk to HUD has not increased since the time of closing. A Loan that is in Default when submitted for endorsement will not be insured, except in those instances where it can be demonstrated that HUD was responsible for a delayed request for endorsement.

(M) Loan Insurance Certificate

Once determined as acceptable, HUD will endorse the Loan via FHAC and issue a Loan Insurance Certificate (LIC). The LIC will be made available to the Lender through FHAC. The LIC must be printed and retained by the Lender in the case binder.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

A Loan is not insured until HUD issues an LIC for the Loan. The LIC is an electronic document generated by HUD via FHAC and is documentary evidence of the insurance.

(N) Assembly of Case Binder

The Lender must prepare and submit a uniform case binder to the FOC.

(1) Uniform Case Binder Requirements

The Lender must ensure that all case binders are complete, meet FHA specifications, and contain all required documents arranged in the correct stacking order.

Lenders must submit loan documents to the attention of MH Pre-Closing Review at the [FOC](#).

HUD requires the following documentation to be included in the case binder. These documents may be sent in either hard copy or electronic format. HUD does not require a specific electronic format but reserves the right to reject electronic documents if the format is not compatible with HUD systems or if otherwise not readable by HUD.

(2) Case Binder Stacking Order ~~{Text was deleted in this section.}~~

The Lender must ensure that all required documents, as applicable, are arranged in the stacking order chart below.

Left Side
Purchase Transactions
Retail Purchase/Installment Contract
Manufacturer's Invoice (newly constructed)
Invoices for options/installation costs
Manufacturer's warranty
Rental lease for the lot, if applicable
Appraisal and Related Documents
Manufactured home appraisal (existing unit)
Form HUD-56002-MH , <i>Placement Certificate for Manufactured Home</i>
Site Suitability Documentation
Life of Loan Flood Certification
Evidence of Flood Insurance (required if Property is in flood zone A or V.)
LOMR, LOMA, Elevation Certificate
Evidence of hazard insurance (showing amount of coverage and the amount of the annual premium if the premium was financed)

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

Right Side
Underwriting Documentation
Form HUD-27030 , <i>Title I Transfer of Note Report</i>
Underwriter's worksheet with debt ratio calculations, and any notes, explanations, clarifications, or attachments
Note or assigned Retail Installment Contract
Security Instrument for new first lien
Secondary Lien Exhibits
Settlement Statement or similar legal document
Lender's worksheet or other documents with a calculation/itemization of the amount charged and financed
FHA/RESPA/TILA Required Disclosures
Power of Attorney
~~Form HUD-56001-MH, <i>Credit Application for Manufactured (Mobile) Home</i>~~ Uniform Residential Loan Application (URLA) and form HUD-92900-TI
Notice to Borrower of HUD's Role in Title I Loans
Refinance Documentation
Payoff Statement(s) for all liens to be satisfied with Loan proceeds
Borrower Identification Documentation
Proof of identity verification
Proof of SSN verification
Legal residency status documents for non-U.S. citizens
Credit Alert Verification Reporting System (CAIVRS) clearance
Credit and Capacity Documentation
Traditional credit report, and non-traditional references, if applicable
Verification of Mortgage or rent
Explanation for material credit inquiries within 90 Days and any existing credit problems
Housing Counseling Certificate(s)
Source of Funds Verification
Verification of non-gift source of funds
Verification of gift source of funds
Income and Employment Documentation
Verification of employment and income grouped by Borrower
Lender's contact information (Name, email, phone number)

(O) Ineligible for Insurance

(1) Non-Endorsement Notice/Notice of Return

If HUD determines the Loan to be ineligible for endorsement, the FOC will generate a Non-Endorsement Notice/Notice of Return (NOR). The NOR will include the reason(s) for non-endorsement and detail any corrective action that must be taken by the Lender.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

Corrective action may include providing the FOC with additional or revised documentation for the case binder or providing additional or revised data on the Insurance Application screen. After taking corrective action, the Lender can access the Insurance Application screen and resubmit the insurance request for review. If HUD issues an NOR and the Lender chooses not to resubmit the case for review, the Lender must report this to HUD via FHAC. The Lender must also obtain a refund of the UFIP paid to HUD and apply the refund to the principal balance of the Lender.

(2) Final Rejection of Endorsement

If HUD determines that the case is ineligible for endorsement based on a defect that cannot be corrected, the NOR will indicate that it is a permanent rejection. In such case, the NOR will instruct the Lender to notify the Borrower that the Loan will not be insured by HUD/FHA and to inform the Borrower regarding the circumstances that make the Loan ineligible for FHA insurance. The Lender must also obtain a refund of the UFIP paid to HUD and apply the refund to the principal balance of the Loan.

(3) Denied or Canceled Loans

Lenders must report to HUD, through FHAC, the denial or cancellation of all Loans for which a Title I case number has been issued.

iii. Post-Endorsement Technical Reviews

HUD will perform Post-Endorsement Technical Reviews (PETR) on a sample of insured Loans from the Lender. This review includes a detailed analysis of the origination, credit underwriting and post-closing documentation provided by the Lender with the request for endorsement submission. HUD may request servicing documents or other additional documentation from the Lender to complete this review.

HUD will provide the Lender with a rating for each Loan reviewed and, if applicable, specific feedback pertaining to the rating. The ratings are described below.

(A) Conforming

A Loan receives a rating of conforming when the lender review finds no documentation errors, omissions or violations of Title I regulations. This rating is also dependent on HUD's determination that the Lender's decision to approve the Loan was sound and the level of risk was acceptable.

(B) Deficient

A Loan receives a rating of deficient when the lender review identifies documentation errors or omissions that HUD expects can be corrected by the Lender in future submissions for insurance endorsement. This rating is also dependent on HUD's

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

determination that the Lender's decision to approve the Loan was sound and the level of risk was acceptable.

Lenders who consistently submit deficient files may be subject to increased PETR sampling and may risk the loss of their Title I Direct Endorsement privileges.

(C) Unacceptable

A Loan receives a rating of unacceptable when serious violations of FHA requirements were found or if documentation was missing that would be necessary to determine if underwriting guidelines were followed. HUD will issue a letter to the Lender identifying the reason for the unacceptable rating. The Lender is required to respond within 30 Days from the date of the letter, with a satisfactory explanation as to why the Loan was approved. Failure to respond, or the receipt of an unsatisfactory response, may result in HUD requesting the Lender to indemnify HUD against any loss associated with the Loan. Demands for indemnification may be made by the Director of the Quality Assurance Division (QAD), by the Office of Lender Activities and Program Compliance or by the Mortgagee Review Board (MRB).

If indemnified, the Loan will be flagged within the Title I insurance system to prevent claim payment to the offending Lender. Serious Findings may also result in the loss of Title I Direct Endorsement privileges.

(D) Mitigated

Loans that were initially rated as unacceptable may subsequently be given a rating of mitigated. To receive a mitigated rating, the Lender must provide documentation in response to the initial unacceptable rating and HUD must determine that this documentation mitigates all risks to HUD.

iv. Inspection Requirements for Loans Pending in Presidentially-Declared Major Disaster Areas

All Properties with Loans in process or pending endorsement in Presidentially-Declared Major Disaster Areas (PDMDA) must have a damage inspection report that identifies and quantifies any dwelling damage. The report must be dated after the Incident Period (as defined by [FEMA](#)). FHA does not require a specific form for a damage inspection report.

Streamline Refinances are allowed to proceed to closing and/or endorsement without any additional requirements. Lenders must insure that any damage identified on the report is repaired and that the home is restored to pre-disaster condition prior to submitting for insurance endorsement.

FHA does not require that utilities are on at the time of this inspection if they have not yet been restored for an area.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

h. Programs and Products (05/09/2022)

i. Manufactured Home Lot Loans and Combination Loans

The FHA Title I Manufactured Home Loan program also insures Manufactured Home Lot Loans and Combination Loans. Manufactured Home Lot Loans and Combination Loans are subject to the same policies and guidelines as [Manufactured Home Loans](#). Policies and guidelines that apply specifically to Manufactured Home Lot Loans or Combination Loans are detailed throughout this section.

ii. Manufactured Home Lot

A manufactured home lot may consist of a deeded parcel of real estate, a lot in a subdivision or a lot in a PUD. A manufactured home lot may also consist of an interest in a manufactured home Condominium Project, including any interest in the common areas, or a share in a cooperative association which owns and operates a manufactured home community.

The lot must comply with HUD's requirements for a suitable [manufactured home site](#).

Manufactured Home Lot Loans

A Manufactured Home Lot Loan is used to purchase a parcel of real estate to be used as a site for placement of a Manufactured Home. A Manufactured Home Lot Loan may include the cost to develop the lot to make it a suitable site for a Manufactured Home, including onsite water and utility connections, sanitary facilities, site improvements and landscaping.

(A) Definition

Manufactured Home Lot Loan refers to a Loan for the purchase or refinancing of a portion of land acceptable to HUD as a manufactured home lot. The manufactured home lot may consist of platted or unplatted land, a lot in a recorded or unrecorded subdivision or in an improved area of such subdivision, or a lot in a PUD. A manufactured home lot may also consist of an interest in a manufactured home Condominium Project (including any interest in the common areas) or a share in a cooperative association which owns and operates a manufactured home park.

(B) Eligibility Requirements

The following eligibility requirements apply to Manufactured Home Lot Loans:

- ownership of the lot must be held in Fee Simple, except when the lot consists of a share in a cooperative association which owns and operates the manufactured home community; and
- the Manufactured Home must be placed on the lot and occupied as the Borrower's Principal Residence within six months after the date of the Loan.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(C) Maximum Loan Amounts

The loan amount must not exceed the [Maximum Loan Amount](#) restrictions for:

- [Nationwide Loan Limits](#);
- minimum downpayment requirements;
- Minimum Decision Credit Score limitations;
- maximum LTV; and
- LTV calculations applicable to the loan transaction type for the manufactured home lot.

The UFIP may be added to the Base Loan Amount, not to exceed the Nationwide Loan Limit.

The maximum Base Loan Amount is determined by applying the appropriate LTV factor (95 percent or 90 percent) to the lesser of:

- the appraised value of an already developed lot plus financeable fees and charges; or
- the purchase price of the lot plus development costs plus financeable fees and charges.

(D) Loan Term

The maximum term for a Manufactured Home Lot Loan must not exceed 15 years and 32 Days from the date of the Loan.

iii. Combination Loan

A Combination Loan is used to purchase a Manufactured Home and a parcel of real estate on which the unit will be placed in a single loan transaction.

The lot must comply with HUD's requirements for a suitable [manufactured home site](#).

A Combination Loan may also be used to combine the refinancing of an existing Manufactured Home Loan with the acquisition of a lot, or the refinancing of a Manufactured Home Lot Loan with the acquisition of a Manufactured Home.

(A) Eligibility Requirements

In addition to the guidelines specified in [Manufactured Home Lot](#), the following requirements apply to Combination Loans.

(1) Lot Ownership

Title for the lot must be owned by the Borrower and held in Fee Simple, except when the lot consists of a share in a cooperative association which owns and operates the manufactured home community.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(2) Home Ownership

The Manufactured Home must be treated as Personal Property or Chattel when it retains its vehicle title (or certificate of title).

Title to the Manufactured Home must be held in Fee Simple if the Manufactured Home is classified as realty by the state or locality in which the Property is located, and the vehicle title is surrendered and canceled.

(3) Principal Residence Only

The Manufactured Home must be placed on the lot and occupied as the Borrower's Principal Residence within six months of the date of the Loan.

(4) Maximum Loan Limit

The loan amount must not exceed the [Maximum Loan Amount](#) restrictions for:

- [Nationwide Loan Limits](#);
- minimum downpayment requirements;
- Minimum Decision Credit Score limitations;
- maximum LTV; and
- LTV calculations applicable to combination Manufactured Home and lot property types, which is described below.

The maximum loan amount for a Combination Loan is further limited by the cost or value of the lot and home as follows:

- (1) The [minimum downpayment](#) and maximum LTV requirements must be calculated using the total purchase price of the Manufactured Home and lot.
- (2) The total purchase price of a Manufactured Home and lot may include [Eligible Options and Accessories](#).
- (3) If the Borrower already owns a Manufactured Home or a lot on which a Manufactured Home is to be placed, the Borrower's equity in such a home or lot may be accepted in lieu of full or partial cash downpayment.
- (4) When equity in a home or lot is used to meet any portion of the downpayment requirement, the Loan may not allow any cash back to the Borrower.
- (5) The UFIP may then be added to be Base Loan Amount, provided that the Total Loan Amount does not exceed the Nationwide Loan Limit.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(B) Loan Term

The maximum loan term for a single unit Combination Loan may not exceed 20 years and 32 Days from the date of the Loan.

The maximum loan term for a multi-unit Combination Loan may not exceed 25 years and 32 Days from the date of the Loan.

(C) Interim Interest on Lot

The Lender may not charge the Borrower interim interest on the money advanced to pay for the lot.

(D) Security Instrument

In addition to compliance with the [security instrument standards](#), the security instrument must attach to the Real Property as well as to the Manufactured Home. The security instrument must be in proper form and properly recorded to create a valid and enforceable lien against the Property.

iv. Title I Refinance Transactions

(A) Definition

A Refinance Transaction establishes a new Loan to pay off the existing debt for a Borrower with legal title to the subject Property. The refinance Loan may also advance additional funds for the purchase of a home or lot, which is also referred to as a Combination Loan.

(B) Types of Title I Refinances

(1) Cash-Out or Cash Back (Not Permitted)

A Cash-Out Refinance is a refinance of any Loan that advances additional credit to the Borrower, or for which the loan proceeds are used for ineligible purposes.

A Cash Back Refinance or a transaction that provides cash back to the Borrower is not permitted for the Manufactured Home Loan program.

(2) No Cash-Out

(a) Title I to Title I Refinance

An existing Title I insured Manufactured Home Loan may be refinanced with or without an advance of additional funds that is used to add an eligible property type.

Title I Refinances are categorized into three possible refinance types.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(i) Simple Title I Refinance

A Simple Title I Refinance refers to a no cash-out refinance of an existing Title I insured Manufactured Home Loan, Manufactured Home Lot Loan, or Combination Loan. The proceeds of a Simple Refinance are exclusively used to pay off the existing debt plus eligible fees and charges.

(ii) Streamline Refinance (Non-credit Qualifying)

A Streamline Title I Refinance refers to the refinance of an existing Title I insured Loan for which the Lender is not required to perform credit or capacity analysis or obtain an appraisal.

(iii) Title I Refinance with Advance of Funds

An existing Title I insured Manufactured Home Lot Loan or Manufactured Home Loan may be refinanced with an advance of additional funds to purchase a manufactured home unit or lot.

This type of refinance will result in a new [Combination Loan](#).

(b) Conventional to Title I Refinance

Proceeds from a new Title I insured Loan may be used to pay off an existing Manufactured Home Loan, Manufactured Home Lot Loan, or Combination Loan that is not insured by HUD.

Conventional to Title I Refinances are categorized into two possible refinance types.

(i) Regular Conventional to Title I Refinance

An existing conventional Manufactured Home Loan, Manufactured Home Lot Loan, or Combination Loan that was not insured by HUD may be refinanced with a new Title I insured Loan. The proceeds of a regular refinance are exclusively used to pay off the existing debt plus eligible fees and charges.

(ii) Conventional Refinance with Advance of Funds

An existing conventional Manufactured Home Loan may be refinanced with an advance of additional funds to purchase a lot on which to place the home. Similarly, an existing conventional Manufactured Home Lot Loan may be refinanced with an advance of additional funds to purchase a manufactured home unit.

This type of refinance will result in a new [Combination Loan](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(C) FHA-Insured to FHA-Insured Refinances

FHA-Insured to FHA-Insured refinances may be used with any refinance type.

(D) Borrower Occupancy Requirements

(1) Standard

Refinances may be used only for Principal Residences.

(2) Required Documentation

The Lender must review the Borrower's employment documentation or obtain utility bills to evidence that the Borrower currently occupies the Property with a manufactured unit as their Principal Residence.

(E) Disclosure to Borrower: "Notice to Borrower of HUD's Role"

For each new Title I insured Loan, a [Notice to Borrower of HUD's Role in Title I Loans](#) must be issued and acknowledged by all Borrowers.

(F) Premium Charges

Every new Title I Loan requires payment of a UFIP charge, and annual premium.

(G) Loan Maturities

The maximum term for the new refinance must not exceed:

Loan Type	Maximum Loan Term
Manufactured Home Loan	20 years and 32 Days
Manufactured Home Lot Loan	15 years and 32 Days
Combination Lot and Single Unit Manufactured Home	20 years and 32 Days
Combination Lot and Multi-unit Manufactured Home	25 years and 32 Days

(H) Limit on Total Time Period

In the case of a refinance of a previous Title I Loan, the total time period from the date of the original Loan to the final maturity of the refinanced Loan must not exceed the maximum term permitted for a new Loan of the same type.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(I) Existing Loan Payoff Amount

(1) Standard

A loan payoff statement is required on all Title I Loans secured by the Property that will be paid off with the new Title I Loan.

(2) Required Documentation

The Lender must obtain the payoff statement for all existing Loans.

(J) Note and Security Requirements

(1) Standard

Refinancing requires the Borrower(s) to execute a new Note. The new Note must comply with the same requirements as an original Title I Loan and must be properly secured.

(2) Required Documentation

The Borrower(s) must execute a new Note.

The Lender must obtain and record a new security instrument and ensure a release of the original lien unless state law permits a renewal and extension of the original lien.

(K)Original Title I Case Binder

For a Title I to Title I Refinance, copies of all documents pertaining to the original Title I Loan must be retained in the refinance case binder.

(L) Conditions for Refinance by Loan Type

(1) Streamline Refinance (Non-credit Qualifying)

Streamline Refinance may be used when the proceeds of the Loan are used to extinguish an existing Title I insured Loan with first place lien.

An existing Manufactured Home Loan and/or Manufactured Home Lot Loan that is not Title I insured is not eligible for a non-credit qualifying Streamline Refinance transaction.

(a) Lender of Record Only

Only the Lender that owns the Title I Loan according to HUD's records may Streamline Refinance an existing Title I Loan. Another Lender would need to obtain the Loan from the current Lender of record through sale, assignment or

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

transfer in order for the Loan to be eligible for a Streamline Refinance transaction. The sale, assignment or transfer of the Loan must be reported to HUD as required in the Servicing [Title I Manufactured Home Loan Program](#) section.

(b) Co-maker or Co-signer on Existing Loan

The Lender must require any co-makers or Co-signers on the original Note to be obligated on the refinance Note.

To release a co-maker or Co-signer from liability on an existing Note, the Lender must obtain pre-approval from HUD.

(c) Previous Assumption

A Loan that was assumed may be refinanced only if the original Borrower and any intervening assumptors were released from liability, either at the time the Loan was assumed or through permission from HUD.

(d) Maximum Loan Amount

The maximum loan amount of a Streamline Refinance is limited to the cost of prepaying the existing Loan, plus [Financeable Fees and Charges](#), and the new UFIP.

An existing Title I Loan that is in Default may be refinanced, but not for an amount greater than the original principal balance of the Loan. The UFIP may be added, not to exceed the [Nationwide Loan Limits](#).

(e) Credit Analysis

Lenders are not required to conduct credit or capacity analysis or obtain an appraisal.

(2) Simple Title I Refinance

An existing Title I insured Manufactured Home, Lot or Combination Loan may be refinanced to pay off an existing Title I Loan, without an advance of additional funds or cash back to the Borrower.

(a) Lender of Record Only

Only the Lender that owns the Title I Loan according to HUD's records may refinance an existing Title I Loan. Another Lender would need to obtain the Loan from the current Lender of record through sale, assignment or transfer in order for the Loan to be eligible for a Simple Refinance transaction. The sale,

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

assignment or transfer of the Loan must be reported to HUD in compliance with form [HUD-27030](#), *Title I Transfer of Note Report*, requirements.

(b) Previous Assumption

A Loan that was assumed may be refinanced only if the original Borrower and any intervening assumptors were released from liability, either at the time the Loan was assumed or through permission from HUD.

(c) Maximum Loan Amount

The maximum loan amount of a Simple Title I Refinance is limited to the cost of prepaying the existing Loan, plus [Financeable Fees and Charges](#), and the new UFIP.

Cash back to the Borrower is not permitted.

(d) Loan in Default

The existing Title I Loan must not be in Default.

(e) Credit Qualification

Lenders must underwrite the Simple Title I Refinance Loan to ensure compliance with Title I credit and capacity requirements. An appraisal is not required.

(f) Original Case Binder

Copies of all documents pertaining to the original Title I Loan must be retained in the case binder of the refinanced Loan.

(3) Title I Refinance with Advance of Funds

An existing Title I insured Manufactured Home Loan or Manufactured Home Lot Loan may be refinanced with an advance of additional funds to purchase a manufactured home unit or lot.

This type of refinance will result in a new [Combination Loan](#).

(a) Lender of Record Only

Only the Lender that owns the Title I Loan according to HUD's records may refinance an existing Title I Loan. Another Lender would need to obtain the Loan from the current Lender of record through sale, assignment or transfer in order for the Loan to be eligible for a Title I refinance with advance of funds transaction. The sale, assignment or transfer of the Loan must be reported to HUD in compliance with form [HUD-27030](#) requirements.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(b) Loan in Default

The existing Title I Loan must not be in Default.

(c) Previous Assumption

A Loan that was assumed may be refinanced only if the original Borrower and any intervening assumptors were released from liability, either at the time the Loan was assumed or through permission from HUD.

(d) Maximum Loan Amount

(i) Base Loan Amount

The cost of the UFIP charge may be added to the Base Loan Amount, not to exceed the [Nationwide Loan Limits](#) for the transaction.

An advance of loan proceeds or cash back to the Borrower is not permitted.

(ii) Refinance of a Home Loan with Advance to Purchase a Lot

The maximum base Combination Loan amount is limited to:

- the existing debt on the Manufactured Home Loan; plus
- [Eligible Fees and Charges](#) associated with the new Loan; plus
- the lesser of:
 - the purchase price of the lot and any development costs; or
 - the appraised value of the lot.

(iii) Refinance of a Manufactured Home Lot Loan with Advance of Funds to Purchase New Home

The maximum base Combination Loan amount is limited to the existing debt on the Title I Manufactured Home Lot Loan, plus the sum of the following items eligible to be financed for the purchase of a [New Manufactured Home](#) multiplied by the appropriate LTV factor (95 percent or 90 percent):

- 130 percent of the sum of the wholesale (base) price of the home plus eligible itemized options, including the charge for freight, as detailed on the Manufacturer's Invoice or found on the Wholesale (Base) Price List;
- sales tax to be paid by the Borrower, as detailed in the retail sales contract;
- Dealer's actual cost of transportation to the home site, set-up and anchoring, including the rental of wheels and axles (if not included in the freight charges);

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

- Dealer's actual cost for skirting, garage, carport, patio, or other appurtenance, and for the purchase and installation of a central air conditioning system or heat pump (if not installed by the manufacturer); and
- [fees and charges that may be financed](#).

(iv) Refinance of a Title I Manufactured Home Lot Loan with Advance of Funds to Purchase Existing Home

The maximum Base Loan Amount is limited to:

- the existing Title I debt on the Manufactured Home Lot Loan; plus
- [Eligible Fees and Charges](#) associated with the new Loan; plus
- the appropriate LTV Factor (95 or 90 percent) applied to the lesser of:
 - the purchase price of the home, including costs to the Borrower for all items described in the sales contract and any [eligible options](#) as documented in the file; or
 - the appraised value of the home as described in the sales contract, including any [eligible options](#) itemized in the sales contract or documented in the file.

(e) Underwriting and Documentation Requirements

The refinance of a Manufactured Home Loan or Manufactured Home Lot Loan to a new Combination Loan will increase the loan amount and be subject to all other underwriting and processing requirements for the Manufactured Home Loan program.

(f) Appraisal Requirements

For refinances with advance of funds to purchase a lot, the Lender must obtain a HUD-approved appraisal of the lot.

(g) Original Case Binder

Copies of all documents pertaining to the original Title I Loan must be retained in the case binder of the refinanced Loan.

(h) Placement Certificate

A new form [HUD-56002-MH](#) is required for the addition of the manufactured home unit to the lot.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

(4) Conventional to Title I Refinance

An existing conventional Manufactured Home Loan, Manufactured Home Lot Loan, or Combination Loan that was not insured by HUD may be refinanced with a new Title I insured Loan under the following conditions.

(a) Loan Default

The original Loan must not be in Default.

(b) Existing Borrowers Must Be Retained

The Lender must require all Borrowers, including co-makers or Co-signers, on the original Note to be obligated on the refinance Note.

(c) Maximum Loan Amount

(i) Conventional to Title I Refinance with no Advance of Funds

The maximum Base Loan Amount for a Conventional to Title I Refinance with no advance of funds is the lesser of the cost of prepaying the existing Loan or the appraised value of the Property.

The cost of the UFIP charge may be added to the Base Loan Amount, not to exceed the Nationwide Loan Limits.

An advance of loan proceeds or cash back to the Borrower is not permitted.

(ii) Refinance with Advance of Funds to Purchase a Lot

The maximum base Combination Loan amount is limited to:

- the existing debt on the Manufactured Home Loan; plus
- [Financeable Fees and Charges](#) associated with the new Loan; plus
- the lesser of:
 - the purchase price of the lot and any development costs; or
 - the appraised value of the home and lot as determined by a HUD-approved appraisal.

(iii) Refinance with Advance of Funds to Purchase a Home

To determine the maximum Base Loan Amount for a refinance of a conventional Loan and purchase of a New Manufactured Home, the Lender must follow the same calculation requirements as described for a [Refinance of a Title I Manufactured Home Lot Loan with Advance of Funds to Purchase New Home](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

To determine the maximum Base Loan Amount for a refinance of a conventional Loan and purchase of an Existing Manufactured Home, the Lender must follow the same calculation requirements as described for a [Refinance of a Title I Manufactured Home Lot Loan with Advance of Funds to Purchase Existing Home](#).

(d) Placement Certificate

A new form [HUD-56002-MH](#) is required for the addition of the manufactured home unit to the lot.

(e) Underwriting and Documentation Requirements

All Conventional to Title I Refinance Loans are subject to all other underwriting and processing requirements for the Manufactured Home Loan program. Borrowers on the refinanced Loan must demonstrate acceptable credit and meet qualifying ratios.

(f) Appraisal Requirements

For a Conventional to Title I Refinance, the Lender must obtain an appraisal on the secured Property that complies with appraisal requirements.

For a Conventional Refinance with Advance of Funds to purchase a lot, the Lender must obtain a [HUD-approved appraisal](#) of the home and lot.

An appraisal is not required for refinance with advance of funds to purchase a new home. However, an appraisal must be obtained when the advance of funds purchases an existing home.

(g) Co-maker or Co-signer on Existing Conventional Loan

The Lender must require the co-makers or Co-signers on the original Note to be obligated on the refinance Note.

To release a co-maker or Co-signer from liability on the Note, the Lender must obtain pre-approval from HUD.

(h) Previous Assumption

A Loan that was assumed may be refinanced only if the original Borrower and any intervening assumptors were released from liability.

(M) Refinancing Title I Loans that Were Originated on or Prior to June 1, 2009

The 10 percent portfolio reserves limitation applies only to Loans originated prior to June 1, 2009 (implementation date of the FHA Manufactured Housing Loan Modernization Act of 2008) and does not apply to refinanced Loans.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

4. Manufactured Home Loan Program

Loans originated prior to June 1, 2009 and refinanced on or after June 2009 will be removed from the Lender's portfolio insurance reserve account and will be individually insured based on the credit policies and insurance premiums (upfront and annual) in effect at the time of refinance.

(N) Insurance Processing

Refinanced Loans must be submitted to HUD for insurance endorsement within 30 Days after loan Disbursement as outlined in [Procedures for Endorsement](#). When reporting a refinance of a prior Title I Loan, Lenders must supply information on the original Loan so that HUD may terminate the Title I insurance on the original Loan. HUD will also prorate any unpaid installments on the insurance charge between the old Loan and the new Loan. Lenders are cautioned not to erroneously submit a refinanced Loan as a new Loan.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

F. Appraiser and Property Requirements for Title I Loans

1. Appraiser Qualifications (05/09/2022)

F. APPRAISER AND PROPERTY REQUIREMENTS FOR TITLE I LOANS

1. Appraiser Qualifications (05/09/2022)

When an appraisal is required, the Lender must engage a [Chattel Appraiser](#) who is not engaged in the business of manufactured home retail sales.

2. Appraiser Requirements (05/09/2022)

All Appraisers must comply with the [Uniform Standards of Professional Appraisal Practice \(USPAP\)](#), including the Competency Rule, when conducting appraisals of Properties classified as Personal Property or Real Property. Certified real estate Appraisers providing appraisal services for land parcels and/or a real property interest in the Manufactured Home will follow USPAP Standards 1 and 2 when developing and reporting the results of the appraisal. All Appraisers providing services involving Manufactured Homes where the property interest is Chattel (or Personal Property) will follow USPAP Standards 7 and 8 when developing and reporting the results of the appraisal.

The Appraiser must include evidence that the Appraiser meets one of the qualification standards, such as a copy of a current certification, a printed web page or other documentation showing that the Appraiser is:

- MHV certified on the [MHV registry](#); or
- a certified real estate Appraiser who is active on the [FHA Appraiser Roster](#).

Requirements for Appraisers of real estate interests and Chattel (or personal property interests) are found in the Other Participants - Appraisers section of [Doing Business with FHA](#) in Handbook 4000.1.

3. Commencement of the Appraisal (05/09/2022)

The Appraiser must obtain all of the following from the Lender before beginning an appraisal:

- a complete copy of the executed sales contract for the sale of the Manufactured Home and land, or, if the Manufactured Home and land are being purchased separately, the executed contract for each;
- the land lease, if applicable;
- surveys or legal descriptions, if available;
- any other legal documents contained in the case binder; and
- a point of contact and contact information for the Lender so that the Appraiser can communicate any noncompliance issues.

4. Analysis and Reporting Requirements (05/09/2022)

The Appraiser must observe and analyze the entire Property that is the subject of the appraisal and report all characteristics of the Property that are relevant to value conclusion. The Appraiser must report the condition of the Property.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

F. Appraiser and Property Requirements for Title I Loans

5. Valuation Development – Chattel

Inspection Requirements

The Appraiser or a field inspector contracted by the Appraiser must inspect chattel property. The Appraiser must review and evaluate the work of any inspector and, in accordance with appraisal standards, incorporate those findings into the valuation opinion. The certified Appraiser must attest to the competency of the inspector and take full responsibility for the chattel interest conclusions when completing and finalizing the appraisal.

If the Appraiser is appraising a real estate interest, the Appraiser must inspect the subject site. The Appraiser or the field inspector must inspect the Chattel.

The conclusions about the observed conditions of the Property contribute to the rationale for the opinion of value.

5. Valuation Development – Chattel

a. Standard (05/09/2022)

There are three valuation approaches as applied to one-to four-residential unit Properties and Manufactured Homes:

- sales comparison approach;
- cost approach; and
- income approach to value.

The Appraiser must consider and attempt all approaches to value and must develop and reconcile each approach that is relevant. If the Appraiser cannot find sufficient data to complete one or more of the approaches to provide a credible valuation, the Appraiser must explain the lack of inclusion of that approach and the effect on the valuation and credibility of the appraisal analysis.

b. Required Analysis (05/09/2022)

The Appraiser must obtain credible and verifiable data to support the application of the three approaches to value.

The Appraiser must perform a thorough analysis of the characteristics of the market, including the supply of properties that would compete with the subject and the corresponding demand.

If a real property interest is being appraised, the Appraiser must perform a highest and best use analysis of the Property using all valuation approaches and report the results of that analysis.

The application of the approaches to value requires that the Appraiser obtain credible and verifiable data to support each approach. Data must be drawn from a collection and storage database that is wholly independent from any individual or organization that has an interest in the Property being appraised.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

F. Appraiser and Property Requirements for Title I Loans

6. Valuation Development – Borrower-Owned Land

6. Valuation Development – Borrower-Owned Land

a. Definition (05/09/2022)

A Borrower-Owned Land Appraisal refers to the valuation of an interest in land without man-made Structures.

b. Standard (05/09/2022)

A Borrower-owned land appraisal is required under Title I when a real estate interest in land is acquired to support the Manufactured Home.

When the secured Property consists of a borrower-owned lot and a Manufactured Home that are, in combination, treated as real estate by the local government, the Lender must obtain a single appraisal from an FHA Roster Appraiser.

c. Required Analysis and Reporting (05/09/2022)

The Appraiser must provide a written narrative format or a commercially available reporting form. The appraisal report must include, at minimum, the following:

- property address;
- legal description;
- owner of record;
- occupancy;
- assessment and tax information;
- property rights appraised;
- site size;
- zoning;
- highest and best use;
- shape;
- topography;
- drainage;
- availability of utilities;
- site amenities;
- drainage;
- if it is located within a FEMA-designated SFHA; and
- a sales grid, including:
 - detailed information on at least three comparable sales;
 - a quantitative comparison of those property attributes to the subject;
 - a comparison of the number of comparable unimproved properties sold to the number of offered and listed for sale to determine supply and demand, absorption rate, and other market data required so that the report is not misleading; and
 - certification and limiting conditions as included in [Fannie Mae Form 1004/Freddie Mac Form 70](#), *Uniform Residential Appraisal Report (URAR)*, [Fannie Mae Form 1004C/Freddie Mac Form 70B](#), *Manufactured Home Appraisal*

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

F. Appraiser and Property Requirements for Title I Loans

7. Reporting Requirements

Report, and any other forms and documentation necessary to comply with USPAP Standard 2.

When completing the sales grid, the Appraiser must compare and appropriately adjust the sales of comparable unimproved building lots or sites for differences in location, size, zoning, utility connection or availability of utility connection, site improvement and any other pertinent factors. The Appraiser must then reconcile the adjusted sales into a value conclusion.

The Appraiser must calculate and extract any costs to be incurred from razing the existing improvements and cleaning up the site from the value of the supporting land to arrive at a final conclusion of value of the site as if vacant and ready to be put to its highest and best use.

7. Reporting Requirements

a. Standard (05/09/2022)

HUD does not provide a specific appraisal form to be used for valuation of a borrower-owned lot, or a Manufactured Home classified as Personal Property.

b. Certification (05/09/2022)

Regardless of the form used, the appraisal report must contain a signed certification that is similar in content to the following certification statement:

I certify that, to the best of my knowledge and belief:

— The statements of fact contained in this report are true and correct.

— The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.

— I have no (or the specified) present or prospective interest in the property that is the subject of this report and no (or the specified) personal interest with respect to the parties involved.

— I have performed no (or the specified) services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.

— I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.

— My engagement in this assignment was not contingent upon developing or reporting predetermined results.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

F. Appraiser and Property Requirements for Title I Loans

8. Appraisal Exhibits and Photos (04/10/2025)

— *My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.*

— *My analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice.*

— *I have (or have not) made a personal inspection of the property that is the subject of this report. (If more than one person signs this certification, the certification must clearly specify which individuals did and which individuals did not make a personal inspection of the appraised property.)*

— *No one provided significant personal property appraisal assistance to the person signing this certification. (If there are exceptions, the name of each individual providing significant personal property appraisal assistance must be stated.)*

— *A field inspector was (or was not) used. I have reviewed and evaluated the work of the inspector and, in accordance with appraisal standards, incorporated those findings into the valuation opinion. I attest to the competency of the inspector and take full responsibility for the value determination of chattel interest.*

8. Appraisal Exhibits and Photos (04/10/2025)

If the Manufactured Home is already set on the lot, the Appraiser must include a legible street map showing the location of the subject, and, when used, each of the comparable properties, including sales, rentals, listings, etc., utilized. If substantial distance exists between the subject and comparable properties, additional legible maps must be included.

The Appraiser must include a building sketch showing the GLA, all exterior dimensions of the house, patios, porches, decks, garages, breezeways, and any other attachments or out buildings contributing value. The Appraiser must show the calculations used to arrive at the estimated GLA. The Appraiser must provide an interior sketch or floor plan for Properties exhibiting functional obsolescence attributable to the floor plan design.

The Appraiser must provide photographs as required in the table below and any additional exterior and interior photographs, reports, studies, analysis, or copies of prior listings in support of the Appraiser's observation and analysis.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

F. Appraiser and Property Requirements for Title I Loans

9. HUD Certification Label

FHA Minimum Photograph Requirements	
Photograph Exhibit	Minimum Photograph Requirements
Subject Property Exterior	• Front and rear at opposite angles to show all sides of the dwelling • Improvements with Contributory Value not captured in the front or rear photographs • Street scene photograph to include a portion of the subject site • For New Construction, include photographs that depict the subject's grade and drainage • For Proposed Construction, a photograph that shows the grade of the vacant lot • For a Manufactured Home Lot Loan, a photograph that shows the above grade of the vacant lot
Subject Property Interior	• Kitchen, main living areas, bathrooms, and bedrooms • Any other room representing overall condition • Basement, attic, and crawl space • Recent updates, such as restoration, remodeling, and renovation • For two- to four-unit Properties, also include photographs of hallways, foyers, laundry rooms, and other common areas
Comparable Sales, Listings, Pending Sales, Rentals, etc. (applicable to appraisals that use comparable approach)	• Front view of each comparable utilized • Photographs must be taken at an angle to depict both the front and the side during the required exterior viewing of the comparable from the street when possible • Multiple Listing Service (MLS) photographs are acceptable to exhibit comparable condition at the time of sale. However, Appraisers must include their own photographs as well, to document compliance
View	• Photographs of any negative or positive view influences that substantially affect value or marketability
Subject Property Deficiencies	• Photographs of the deficiency or condition requiring inspection or repair
Condominium or Leased Projects	• Additional photographs of the common areas and shared amenities of the Condominium Leased Project

9. HUD Certification Label

a. Definition (05/09/2022)

HUD Certification Label, also known as a HUD seal or HUD tag, refers to a two inch by four inch aluminum plate permanently attached to Manufactured Homes.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

F. Appraiser and Property Requirements for Title I Loans

10. Data Plate

b. Standard (05/09/2022)

Manufactured Homes must have an affixed HUD Certification Label located at one end of each section of the house, approximately one foot up from the floor and one foot in from the road side, or as near that location on a permanent part of the exterior of the house as practicable. Etched on the HUD Certification Label is the certification label number, also referred to as the HUD label number. Label numbers are not required to be sequential on a multi-section house.

c. Required Analysis and Reporting (05/09/2022)

The Appraiser must report the HUD label number for all sections, or report that the HUD Certification Label is missing or that the Appraiser was unable to locate it.

10. Data Plate

a. Definition (05/09/2022)

Data Plate refers to a paper document located on the interior of the Property that contains specific information about the unit and its manufacturer.

b. Standard (05/09/2022)

Manufactured Homes have a Data Plate affixed in a permanent manner, typically adjacent to the electric service panel, the utility room or within a cabinet in the kitchen.

c. Required Analysis and Reporting (05/09/2022)

The Appraiser must report the information on the Data Plate within the appraisal, including the manufacturer name, serial number, model and date of manufacture, as well as wind, roof load and thermal zone maps.

If the Data Plate is missing or the Appraiser is unable to locate it, the Appraiser must report this in the appraisal and is not required to obtain the Data Plate information from another source.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

III. SERVICING AND LOSS MITIGATION

A. TITLE II INSURED HOUSING PROGRAMS FORWARD MORTGAGES

This section provides the standards and procedures applicable to the servicing of all Single Family (one- to four-units) Mortgages insured under Title II of the National Housing Act, except for Home Equity Conversion Mortgages (HECM). The Mortgagee must fully comply with all of the following standards and procedures when servicing a Mortgage insured by the Federal Housing Administration (FHA).

1. Servicing of FHA-Insured Mortgages

Only FHA-approved Mortgagees may service FHA-insured Mortgages. Mortgagees may service Mortgages they hold or that are held by other FHA-approved Mortgagees.

a. Servicing Roles and Responsibilities **(10/01/2025)(01/01/2025)**

i. Definitions

The Mortgage Holder is the entity who holds title to the FHA-insured Mortgage and has the right to enforce the mortgage agreement.

The Mortgage Servicer (Servicer) is the entity responsible for performing servicing actions on FHA-insured Mortgages on its behalf or on behalf of or at the direction of another FHA-approved Mortgagee.

ii. Standard

Mortgage Holders must ensure all FHA-insured Mortgages are serviced by a Servicer in accordance with FHA requirements and all applicable laws.

Servicers must service all FHA-insured Mortgages in accordance with FHA requirements and all applicable laws.

(A) Laws and Requirements Applicable to Mortgage Servicing **[Text was deleted in this section.]**

Mortgagees must comply with all laws, rules, and requirements applicable to mortgage servicing, including full compliance with the applicable requirements under the purview of the Consumer Financial Protection Bureau (CFPB), including the Real Estate Settlement Procedures Act (RESPA) and the Truth in Lending Act (TILA), and, if applicable, Ginnie Mae's mortgage-backed securities requirements.

~~FHA requirements that are more stringent or restrictive than those provided for in applicable law are set forth in this Handbook 4000.1 and the Mortgagee must comply with these requirements.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

~~(E)~~(B) Contract Terms

Where mortgage contract terms are more stringent or restrictive than those provided for in applicable law, the Mortgagee must comply with the mortgage contract terms.

~~(D)~~(C) Nondiscrimination Policy

Mortgagees must comply with all antidiscrimination laws, rules, and requirements applicable to servicing performing FHA-insured Mortgages and FHA-insured Mortgages in Default, including full compliance with the applicable requirements of:

- the Fair Housing Act, 42 U.S.C. §§ 3601–3619;
- the Fair Credit Reporting Act (FCRA), 15 U.S.C. §§ 1681a–1681x; and
- the Equal Credit Opportunity Act (ECOA), 15 U.S.C. §§ 1691a–1691f.

The Mortgagee must make all determinations with respect to the adequacy of the Borrower's income in a uniform manner that does not discriminate because of the race, color, religion, sex, age, national origin, familial status, disability, marital status, receipt of public assistance, because an applicant has in good faith exercised any right under the Consumer Credit Protection Act, or location of the Property.

b. Responsibility for Servicing Actions ~~(01/01/2025)~~ (10/01/2025)

Mortgage Holders are responsible for all servicing actions, including the acts of its Servicers.

Servicers are responsible for their actions in servicing FHA-insured Mortgages, **Partial Claim Subordinate Mortgages, and Payment Supplement Subordinate Mortgages. The Servicer is also responsible for** ~~including~~ actions taken **at the direction, or** on behalf, ~~or at the direction,~~ of the Mortgage Holder.

The costs associated with subservicing may not be imposed on the Borrower or passed along to HUD in a claim for mortgage insurance benefits.

i. Responsibility during Transfers of Servicing Rights

(A) Definitions

The Transferor Servicing Mortgagee is the Mortgage Servicer that transfers servicing responsibilities.

The Transferee Servicing Mortgagee is the Mortgage Servicer to which the servicing responsibilities have been transferred.

The Transfer Date is the date on which the Borrower's Mortgage Payment is first due to the Transferee Servicing Mortgagee.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

(B) Standard

The Transferor Servicing Mortgagee remains responsible for the servicing of an FHA-insured Mortgage, any Payment Supplement(s), and any Partial Claim(s) before the Partial Claim documents have been recorded and delivered to HUD until the Transfer Date. The Transferor Servicing Mortgagee ~~must~~:

- must verify that the change of legal rights to service has been reported accurately; and
- may transfer the Borrower's language preference to the Transferee Servicing Mortgagee. ~~{effective 09/17/2024}~~

On the Transfer Date, the Transferee Servicing Mortgagee assumes responsibility for:

- all servicing actions, including:
 - ensuring resolution of any servicing errors that were, and remain, the responsibility of the Transferor Servicing Mortgagee;
 - where applicable, reporting the Delinquency/Default Status (DDS) Codes in HUD's Single Family Default Monitoring System (SFDMS);
- obtaining the complete mortgage file, including origination and servicing records;
- all servicing actions associated with any Partial Claim(s) and Payment Supplement(s), as required; and
- ensuring that the original Mortgages, mortgage Notes, or deeds of trust are preserved.

The Transferee Servicing Mortgagee must also ensure transfer of any outstanding Payment Supplement Account and associated servicing records. Where applicable, on the Transfer Date, the Transferee Servicing Mortgagee assumes responsibility for:

- all servicing actions associated with the Payment Supplement, including but not limited to:
 - accounting of funds held in the Payment Supplement Account related to a Borrower's Payment Supplement; and
 - administration of the Borrower's Payment Supplement;
- obtaining the complete files relating to the Payment Supplement; and
- obtaining any outstanding funds in the Payment Supplement Account.

(C) Required Documentation

The Transferor Servicing Mortgagee must report the Transfer Date and update the mortgage record in FHA Connection (FHAC) or by Electronic Data Interchange (EDI) or Business to Government (B2G) within 15 Days of the Transfer Date.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

ii. Responsibility for Servicing when the Mortgage is Sold

(A) Definition

A Mortgage Sale is a transaction in which a Mortgage Holder sells the Mortgage to another FHA-approved Mortgagee.

The Selling Mortgage Holder or Selling Mortgagee is the Mortgagee that sells the Mortgage and thereby relinquishes all rights and obligations under the contract for mortgage insurance.

The Purchasing Mortgage Holder or Purchasing Mortgagee is the Mortgagee that purchases the Mortgage and thereby succeeds to all rights and obligations of the Selling Mortgage Holder under the contract for mortgage insurance.

(B) Standard

The Selling Mortgage Holder relinquishes all rights and obligations under the contract for mortgage insurance on the effective date of the sale. The Selling Mortgage Holder remains responsible for Mortgage Insurance Premiums (MIP) until notice of the sale is received by HUD via FHAC, EDI, or B2G.

As of the effective date of the sale, the Purchasing Mortgage Holder becomes responsible for outstanding MIP obligations, regardless of the date of accrual, and must confirm that the details of the ~~M~~mortgage ~~S~~sale have been reported accurately.

(C) Required Documentation

The Selling Mortgage Holder must report the effective date of the ~~Mortgage Sale~~sale ~~of the Mortgage~~ as the Transfer Date and update the mortgage record in FHAC or by EDI or B2G within 15 Days of the date of the ~~Mortgage Sale~~sale.

iii. Registration with Mortgage Electronic Registration System, Inc.

(A) Definition

The Mortgage Electronic Registration System (MERS) is an electronic tracking system identified as nominee for a holder of a Mortgage.

(B) Standard

Mortgagees may voluntarily register FHA-insured Mortgages with MERS. The holder remains responsible for all servicing actions.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

c. Providing Information to HUD **and HUD-Approved Counseling Agencies** **(10/01/2025)(03/31/2022)**

The Mortgagee must respond to verbal or written requests for individual account information, including all servicing information and related data and the ~~entire~~ mortgage origination file, from HUD staff or from a HUD-approved counseling agency acting with the consent of the Borrower.

When HUD staff request information, the Mortgagee must make available legible documents and in the format (electronic or hard copy) requested within 24 hours of the request, or as otherwise permitted by HUD.

When a HUD-approved counseling agency acting with the consent of the Borrower requests information, the Mortgagee must make available legible documents in the format (electronic or hard copy) requested within three business days of the request.

d. Communication with Borrowers and Authorized Third Parties (03/31/2022)

i. Definition

Authorized Third Parties are parties who are not Borrowers on the Mortgage but who are authorized to communicate with Mortgagees regarding a Mortgage.

ii. Standard

The Mortgagee must provide mortgage information and arrange for individual consultation with the Borrower and/or the Authorized Third Party, upon request by the Borrowers.

The Mortgagee must comply with all laws, rules, and requirements applicable to third-party access to mortgage information.

iii. Required Documentation

If communicating with an Authorized Third Party, the Mortgagee must include documentation of the authorization in the servicing binder:

- a copy of a signed authorization from the Borrower;
- a copy of a Power of Attorney (POA), order of guardianship, or other documentation authorizing that third party to act on behalf of the Borrower; or
- other documentation showing legal authorization to access the Borrower's records.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

e. Payment Administration **(10/01/2025)**~~(03/31/2022)~~

i. Receipt of Payments

(A) Definition **[Text was deleted in this section.]**

A Trust Clearing Account refers to a fiduciary account ~~(usually a temporary one)~~ containing Borrower funds that will be transferred by the Mortgagee to another account before the end of an accounting period.

(B) Standard

The Mortgagee must either use a Trust Clearing Account or special custodial account to hold all payments on the insured Mortgage.

The Mortgagee's Trust Clearing Account may be used for collections received on all types of Mortgages. If a Trust Clearing Account is not used, the Mortgagee must immediately transfer payments into a special custodial account.

ii. Application of Payments

Mortgagees using special custodial accounts must withdraw an amount equal to the principal, interest, and service charges within 30 Days after deposit and post to the Borrower's records accordingly.

The Mortgagee must apply Borrower payments in the following order:

- to MIPs due, if any;
- to charges for Ground Rents, taxes, special assessments, including any assessments related to a Property Assessed Clean Energy (PACE) obligation, flood insurance premiums, if required, and fire and other hazard insurance premiums;
- to interest on the Mortgage;
- to amortization of the principal of the Mortgage; and
- to Late Charges, provided, however, that any amounts owed for Late Charges must be handled consistent with **applicable laws** ~~TILA regulations~~.

The Mortgagee may only apply funds for payments of optional insurance coverage premiums after the application of funds to ~~all other elements of the monthly Mortgage Payment, which consists of the~~ Principal, Interest, Taxes, and Insurance (PITI) **of the monthly Mortgage Payment**.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

iii. Return of Partial Payments for Less than the Amount Due

(A) Definition

A Partial Payment is a payment of any amount less than the full amount due under the Mortgage at the time the payment is tendered, including Late Charges and amounts advanced by the Mortgagee on behalf of the Borrower.

(B) Standard

For performing Mortgages, the Mortgagee may return any Partial Payment to the Borrower with a letter of explanation.

(C) Required Documentation

The Mortgagee must note in its Servicing File any Partial Payments received and, if applicable, documentation on the date the payment was returned with a letter of explanation.

iv. Application of Partial Prepayments

(A) Definition

A Partial Prepayment is a payment of part of the principal amount before the date on which the principal is due.

An Advance Full Monthly Payment is the payment of an amount larger than the full monthly payment, equaling an additional full monthly payment.

(B) Standard

The Mortgagee must apply Partial Prepayments as requested by the Borrower as either:

- advance full monthly payments; or
- additional payments toward reducing principal and future monthly payments.

In the event that the Borrower does not specify how the Partial Prepayment should be applied, the Mortgagee must communicate with the Borrower to determine the method of application or apply the payment in a manner previously communicated to the Borrower.

If the Borrower elects to have Partial Prepayments equal to a full monthly payment applied as an advance full monthly payment, the Mortgagee must allow the Borrower to skip an equal number of installments in the future without creating a mortgage Default or incurring a Late Charge.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

v. Prepayment

(A) Definitions

A Partial Prepayment is a payment of part of the principal amount before the date on which the principal is due.

A Prepayment in Full, or Payoff, is the payment in whole of the principal amount of the mortgage Note in advance of expiration of the term of the mortgage Note.

The Installment Due Date is the first Day of the month, as provided for in the security instrument.

(B) Standard

The Mortgagee must accept a prepayment of a Mortgage in whole or in part on any Installment Due Date without penalty to the Borrower.

(C) Prepayment Procedures

(1) Mortgages Closed on or after January 21, 2015

The Mortgagee must accept a prepayment on a Mortgage closed on or after January 21, 2015, at any time and in any amount. The Mortgagee must calculate the interest as of the date the prepayment is received, not as of the next Installment Due Date.

(2) Mortgages Closed before January 21, 2015

(a) Mortgages Insured on or after August 2, 1985

The Mortgagee must accept a prepayment on a Mortgage insured on or after August 2, 1985 and closed before January 21, 2015, if the Borrower prepays the Mortgage in full on the first Day of any month in the term of the Mortgage.

If prepayment is offered on a Day other than the Installment Due Date, the Mortgagee may:

- refuse to accept the prepayment until the first Day of the next month; or
- accept the prepayment and require the payment of interest to the first Day of the next month. For Prepayment in Full, this option may only be used if the Mortgagee has provided the [Payoff Procedure Disclosure](#) to the Borrower.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

(b) Mortgages Insured Prior to August 2, 1985

(i) Definitions

Notice of Intent to Prepay refers to the advance notice that Borrowers on Mortgages insured before August 2, 1985, must provide in order to prepay their FHA-insured Mortgages in full without penalty.

The 30-Day Advance Prepayment Notice Period refers to the time requirement for the Borrower to provide advance notice to the Mortgagee for prepayment of an FHA-insured Mortgage insured prior to August 2, 1985.

(ii) Standard

The Mortgagee must accept prepayment on a Mortgage insured prior to August 2, 1985, if the Borrower:

- submits to the Mortgagee a Notice of Intent to Prepay at least 30 Days prior to the prepayment; and
- prepays the Mortgage in full on the first Day of any month in the term of the Mortgage.

If a prepayment is offered on a day other than the Installment Due Date, the Mortgagee may:

- refuse to accept the prepayment until the first Day of the month following the expiration of the 30-Day Advance Prepayment Notice Period; or
- accept prepayment and require the payment of interest to the first Day of the month following the expiration of the 30-Day Advance Prepayment Notice Period. For Prepayment in Full, this option may only be used if the Mortgagee has provided the Payoff Disclosure to the Borrower.

(iii) Borrower's Notice of Intent to Prepay

For Mortgages insured prior to August 2, 1985, the Borrower must send, and the Mortgagee must receive, the Borrower's Notice of Intent to Prepay at least 30 Days prior to prepayment.

If the Borrower submits a prepayment without previously sending a Borrower's Notice of Intent to Prepay, the Mortgagee may consider receipt of the prepayment as the Borrower's Notice of Intent to Prepay.

The Mortgagee may choose to:

- provide a Payoff Disclosure, enabling the Mortgagee to:
 - defer acceptance of prepayment until the first Day of the month following the date prepayment is tendered; or

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

- accept the prepayment and require the payment of interest to the first Day of the month following the date prepayment is tendered; or
- accept the prepayment on the date tendered, which limits the Mortgagee's collection of interest to that prepayment date.

(iv) Effective Dates for Notice of Intent to Prepay

The effective date of the Notice of Intent to Prepay is the date that the Notice was received by the Mortgagee, unless the Borrower can produce documentation showing that the Notice was received earlier. The 30-Day Advance Prepayment Notice Period required for Mortgages insured prior to August 2, 1985, begins on this date of receipt.

(c) Installment Due Date Falls on a Non-business Day

When the Installment Due Date falls on a non-business day, the Mortgagee must consider a Borrower's Notice of Intent to Prepay or the receipt of the prepayment amount for a Mortgage closed before January 21, 2015 timely if received on the next business day.

(3) Payoff Disclosure Requirements

When notified of the Borrower's intent to prepay, the Mortgagee must send the [Payoff Procedure Disclosure](#) and copy of the payoff statement directly to the Borrower, even if the Mortgagee is dealing with an Authorized Third Party.

The Mortgagee will forfeit any interest collected after the date of prepayment if these disclosure requirements are not met.

(D) Trustee's Fee for Satisfactions

If specifically provided for in the security instrument, the Mortgagee may charge the Borrower the amount of the trustee's fee, plus any reasonable and customary fee for payment, or for the execution of a satisfaction, release or trustee's deed when the debt is paid in full.

(E) Recording Fees for Satisfactions

The Mortgagee may charge the Borrower a reasonable and customary fee for recording satisfactions in states where recordation is not the responsibility of the Mortgagee.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

f. Servicing Fees and Charges (07/01/2025)

i. Definition

Allowable Fees and Charges are those costs associated with the servicing of the Mortgage that are permitted to be charged to the Borrower.

Prohibited Fees and Charges are those costs associated with the servicing of the Mortgage that may not be charged to the Borrower.

ii. Standard

(A) Reasonable and Customary Fees and Charges

The Mortgagee may collect certain fees and charges from the Borrower after the Mortgage is insured and as authorized by HUD below. All fees must be:

- reasonable and customary for the local jurisdiction;
- based on actual cost of the work performed or actual out-of-pocket expenses and not a percentage of either the face amount or the unpaid principal balance of the Mortgage; and
- within the [maximum amount allowed by HUD](#), up to the amount listed in Appendix 3.0.

(B) Prohibited Fees and Charges

The Mortgagee must not charge the Borrower for the following services:

- costs of telephone calls, certified mail, arranging and conducting the interview, or other activities that are normally considered a part of a prudent Mortgagee's servicing activity;
- preparing and providing evidence of Payoff, Reconveyance, or termination of the Mortgage;
- providing information essential to the Payoff;
- recording the Payoff of the Mortgage in states where recordation is the responsibility of the Mortgagee;
- fees for services performed by attorneys or trustees who are salaried members of the Mortgagee's staff; or
- Mortgagee's use of an independent contractor, such as services related to the interview or a tax service, to furnish tax data and information necessary to pay property taxes or make the payments on behalf of the Mortgagee.

iii. Required Documentation

The Mortgagee must include in the Servicing File:

- documentation of the amount of any fees and charges paid or payable by the Borrower; and

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

- documentation supporting the actual cost of any work performed or out-of-pocket expenses.

g. Escrow **(10/01/2025)**~~(03/31/2022)~~

i. Definition

An Escrow Account is a set of funds collected by the Mortgagee for payment of taxes, insurance, and other items required by the mortgage Note.

ii. Escrowing of Funds

(A) Standard

The Mortgagee must segregate escrow funds, including those funds escrowed at closing, and deposit the funds in a special custodial account characterized by the following:

- with a financial institution whose accounts are insured by the Federal Deposit Insurance Corporation (FDIC) or the National Credit Union Administration (NCUA);
- that does not limit the Mortgagee's access to funds, require an advance notice of withdrawal, or require the payment of a withdrawal penalty;
- that clearly identifies the type of funds being held in that account; and
- the Mortgagee may maintain a "cushion" that may not be increased beyond what is acceptable under RESPA regulations.

Mortgagees utilizing a Trust Clearing Account must withdraw the portion that is to be applied to escrows within 48 hours of the deposit and must transfer the portion to the escrow account for the Borrower's Mortgage.

Mortgagees are not prohibited from holding escrow funds for all types of Mortgages in a single bank account; however, the Mortgagee must not commingle escrow funds, even temporarily, with funds used for the Mortgagee's general operating purposes.

(B) Interest on Escrows

HUD regulations neither forbid nor require that escrow accounts earn interest.

However, if escrow funds are invested, the Mortgagee must pass on to the Borrower the net income derived from the investment in accordance with the following:

- The Mortgagee must make investments and payments in compliance with state and federal agency requirements governing the handling and payment of interest earned on a Borrower's escrow account.
- The Mortgagee may only deduct the actual cost of administering the interest-bearing account before passing on to the Borrower the net earnings from the investment of their funds.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

- The Mortgagee may not charge the Borrower expenses for maintaining the interest-bearing escrow account in an amount exceeding the gross interest earned from investing the funds in that account.

(C) Items to be Escrowed **[Text was deleted in this section.]**

The Mortgagee must require that the Borrower's total Mortgage Payment includes escrow funds to provide for payment of property charges ~~in accordance with 24 CFR § 203.23~~, the security instrument, and applicable law. Items to be escrowed include:

- real estate taxes;
- special assessments, including any assessments related to a PACE obligation;
- Hazard Insurance required by the Mortgagee;
- Flood Insurance as applicable;
- FHA MIP;
- Ground Rent, if any; and
- other items which can attain priority over the security instrument as a lien or encumbrance on the Property, other than Condominium or Homeowners' Association (HOA) Fees.

(D) Required Documentation

The Mortgagee must retain documentation of its holding of all escrow funds on deposit.

iii. Escrow Analysis

The Mortgagee must perform analysis, at least annually, of the escrow account to provide for adequate collections to pay escrow bills when due without creating excessive surpluses. The Mortgagee must begin these analyses no later than the end of the second year of the life of the Mortgage.

The Mortgagee must retain any escrow surplus discovered when performing the annual escrow account analysis for a Delinquent Mortgage pursuant to the terms of the mortgage documents and federal law and regulation, including RESPA.

iv. Processing Payments from Escrow Accounts

When making payments from escrow accounts, Mortgagees must:

- request a bill from the billing agency or a tax monitoring service indicating the property tax amount owed, if a bill has not been received within a reasonable amount of time before the payment due date;
- contact the Borrower, if necessary, to obtain the bill or the information needed to pay such bills if a bill is not received within a reasonable amount of time before the known payment due date;
- send payment directly to the billing agency or the taxing authority, as bills become payable, or as otherwise directed by state or local law; and

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

- make timely payments, even if making the payment requires advancing corporate funds when the escrow deposits are inadequate to meet these obligations.

The Mortgagee may contract with a tax service organization to manage the payment of taxes.

(A) Timeliness of Payments from Escrow Accounts

(1) Standard

The Mortgagee must ensure that all ~~disbursements~~ **made on behalf of the Borrower** are made as bills become payable.

If the Mortgagee fails to timely disburse escrow proceeds, the Mortgagee is prohibited from passing on to the Borrower any penalties resulting from the late payments unless:

- the late payment was the result of the Borrower's error or omission; and
- the Mortgagee attempted to obtain the billing information from the Borrower, billing agency, or the taxing authority in sufficient time to enable it to timely make the Disbursement.

(2) Required Documentation

The Mortgagee must document in its Servicing File its efforts to obtain the billing information from the Borrower, billing agency, the taxing authority, or a tax monitoring service indicating the property taxes status.

(B) Payment of Insurance Premiums

(1) Long-Term Policies

(a) Definition

Long-~~t~~**T**erm Policies refer to those insurance policies with terms of greater than one year.

(b) Standard

The Mortgagee may not reject a ~~Long-t~~**Long-T**erm ~~p~~**P**olicies if the carrier and amount are otherwise acceptable to the Mortgagee.

(c) Collecting Funds for Renewal Premiums

The Mortgagee may collect funds for renewal premiums on ~~L~~**L**ong-~~t~~**T**erm ~~p~~**P**olicies in the following ways:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

- For renewal with the same policy term: the Mortgagee may immediately begin collecting a monthly amount calculated to make funds available 30 Days before the policy expires; or
- For renewal with a one-year term: the Mortgagee may defer collection of monthly escrows until 13 months before the expiration date of the policy then begin monthly collection of 1/12th of the renewal premium for a policy providing similar coverage.

The Mortgagee may require a Borrower ~~wishing~~ **requesting** to renew for a longer term to make a lump sum deposit to escrow for the additional amount required to pay the renewal premium with the Mortgagee 30 Days before the expiration date of the present policy. If the additional deposit is not made, the Mortgagee may renew the policy for one year and continue to escrow as for a one-year policy.

(2) Optional Policies

(a) Standard

The Mortgagee may advance corporate funds when the escrow deposits are inadequate to meet obligations for payment of premiums for optional insurance coverage, but the Mortgagee must not charge against the escrow account any funds for these advances.

(i) Personal Property and Personal Liability Insurance

The Mortgagee must only escrow for the payment of Personal Property and personal liability insurance coverage premiums if:

- the Borrower has obtained Personal Property and personal liability insurance coverage not directly related to the mortgaged Property; and
- the premiums are combined with Hazard Insurance in one insurance premium payment.

(ii) Life Insurance and Disability Insurance

Mortgagees may not deposit premiums for life or disability insurance coverage in the same bank accounts as other escrow payments.

The Mortgagee must maintain separate records for these life or disability insurance coverage payments.

HUD does not require Mortgagees to itemize the Borrower's monthly contribution for life or disability coverage on payment coupons.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

(b) Required Documentation

The Mortgagee must note on the initial and annual escrow statements any Borrower's discretionary payment made as part of a monthly Mortgage Payment for optional policies.

(3) Insurance Protecting Only the Mortgagee

The Mortgagee must not charge the Borrower any part of the cost of insurance coverage that does not benefit the Borrower.

v. Use of Escrow Funds

The Mortgagee must only use escrow funds for the purpose for which they were collected.

The Mortgagee must never deduct amounts from a Borrower's escrow account to pay the following:

- penalties for late payments not directly resulting from the Borrower's error or omission;
- attorney's fees incurred in foreclosure actions that are not completed;
- inspection fees; and
- Delinquent mortgages or refunds of overpaid subsidy.

h. Insurance Coverage Administration **(10/01/2025)**~~(12/21/2022)~~

i. Hazard Insurance

If the Mortgagee requires the Borrower to purchase Hazard Insurance, the Mortgagee must:

- allow Borrowers to choose their own hazard insurance company;
- be named as a "Loss Payee" on the hazard insurance policy; and
- escrow sufficient funds for the payment of **a** renewal premium.

(A) Payment of Renewal Premium

When the Mortgagee has required the Borrower to purchase Hazard Insurance, the Mortgagee must escrow for premium payments and pay renewal premiums by:

- remitting the renewal premium from available escrow funds; or
- where insufficient escrow funds exist, advancing corporate funds for the payment of the renewal premium.

The Mortgagee must not **require**~~insist on~~ more coverage than is necessary to protect its investment. The Mortgagee must escrow renewal premiums for the entire amount if the Borrower chooses to insure the Property for more than the minimum amount.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

(B) Fee for Change in Hazard Insurance Policy

The Mortgagee may assess a reasonable and customary fee, up to the amount listed in [Appendix 3.0](#), for processing the Borrower's request to change hazard insurance coverage when the existing policy has not yet expired.

ii. Flood Insurance

(A) Standard

The Mortgagee must review all Properties annually to determine if the Property is located within a Special Flood Hazard Area (SFHA).

For Properties located within an SFHA that are required to carry Flood Insurance, the Mortgagee must:

- ensure that Flood Insurance is in force for the life of the Mortgage; and
- review annually that the Property carries sufficient Flood Insurance.

(B) Required Documentation

The Mortgagee must include updated Flood Insurance information for Properties where Flood Insurance is required in the Servicing and Claims File.

iii. Hazard or Flood Insurance Proceeds

(A) Insurance Claims

The Mortgagee must take necessary steps to ensure that hazard or flood insurance claims are filed and settled as expeditiously as possible.

(B) Loss Settlement Amounts for Borrower Expenses and Personal Property

The Mortgagee must promptly release to the Borrower all insurance settlement proceeds received for coverage of a Borrower's Personal Property, temporary housing, and other transition expenses. The Mortgagee may not withhold Disbursement of such proceeds to cover an existing arrearage without the written consent of the Borrower.

(C) Insurance Proceeds for Home Damage

(1) Definition

A Viable Repair Plan is a plan for repairs of a mortgaged Property within the amounts available through insurance proceeds and borrower funds.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

(2) Standard

The Mortgagee must expedite the release of insurance proceeds for needed home repairs after approving a Viable Repair Plan.

(D) Application of Insurance Proceeds to Unpaid Principal Balance

The Mortgagee may only apply insurance proceeds payable for home damages to arrearages and/or reduction of the unpaid principal balance if:

- the amount of the proceeds exceeds the costs to repair the damages to the home; or
- the insurance proceeds are insufficient to repair the home damages based on a certified repair estimate, and the Borrower is unable to demonstrate that they have additional funds from other sources to complete the repairs.

iv. Optional Policies

(A) Personal Property and Personal Liability Insurance

The Mortgagee may allow the Borrower to add Personal Property and personal liability insurance premiums to their monthly payments.

(B) Life or Disability or Optional Coverage Income Policies

The Mortgagee must clearly separate the collection of unpaid optional coverage premiums from the collection of any unpaid Mortgage Payment. If the payment does not include all or a part of an optional coverage premium, the Mortgagee may not treat the failure to pay as a failure to pay a part of the Mortgage Payment.

i. Mortgage Insurance Premium Remittance (03/31/2022)

i. Definition

Annual or Periodic MIPs are those MIPs that are remitted to HUD each month.

ii. Standard

The Mortgagee must remit one-twelfth of the annual MIPs each month to HUD, regardless of whether it was received from the Borrower. The Mortgagee can access the Advance Premium Notice and case-level billing information in FHAC to determine monthly collections of MIPs.

The Mortgagee must remit MIPs in accordance with the original amortization schedule. MIPs accrue from the beginning of amortization, without regard to what time frame exists between endorsement and the beginning of amortization and without regard to any Partial Prepayments, Delinquent payments, agreements to postpone payments, or agreements to recast the Mortgage.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

For refinances, the Mortgagee must remit MIPs on the Mortgage being paid off through the month in which that Mortgage is paid in full.

iii. Mortgage Insurance Premium Reports

(A) Use of FHA Connection or Alternate Report Retrieval Process

The Mortgagee can access the Advance Premium Notice and case-level billing information in FHAC or through the Alternate Report Retrieval process to determine monthly collections of MIPs after endorsement.

(B) Reports after Transfer or Sale

If, 90 Days after acquisition, a transferred or sold Mortgage has not appeared on HUD's monthly MIP report to the Transferee Servicing Mortgagee or Purchasing Mortgage Holder, that Mortgagee must ensure that the Servicer/Holder Transfer is completed in [FHAC](#) or through EDI or B2G.

j. Post-endorsement Mortgage Amendments **(12/30/2025)(03/31/2022)**

i. Definition

A Post-endorsement Mortgage Amendment is a change to the mortgage instruments, the nature of the obligation, or the security after the Mortgage has been insured.

ii. Modifying a Performing Mortgage

(A) Modification without HUD Approval

The Mortgagee may modify a performing Mortgage without HUD approval when:

- the modification is only for a reduction of the interest rate;
- the mortgage term is decreased and the Principal and Interest (P&I) will be increased \$100 or less per month; or
- the mortgage term is decreased and the Mortgage is more than three years old.

(B) Modification Requiring HUD Approval

The Mortgagee must request and receive approval from **HUD** ~~the NSC~~ prior to modifying a performing Mortgage when the mortgage term is decreased and:

- the P&I will increase over \$100 per month; or
- the Mortgage is three years old or less.

The Mortgagee may modify the Mortgage to decrease the mortgage term by increasing the Mortgage Payment so long as all of the following conditions are met:

- The Mortgagee has received HUD approval.
- The Mortgage is current and the Borrower's payment history is satisfactory to the Mortgagee.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

- The Mortgagee has determined that the higher Mortgage Payment is within the Borrowers' ability to pay under the [underwriting standards in Origination through Post-closing/Endorsement](#).
- The modification agreement contains a clause permitting reversion to original mortgage terms if reversion can salvage a Delinquent account and prevent foreclosure.
- The modification agreement contains a certification by the Borrowers stating that they are aware of the positive and negative aspects of the modification and that they have voluntarily agreed to the increased payments.

(C) Principal Amount of Modified Performing Mortgage

The new principal amount of the modified Mortgage is the total unpaid amount due and payable under the original Mortgage. The Mortgagee may not include the following in the new principal amount:

- any revision of periodic MIP payments; and
- any legal or administrative costs attributable to the modification (these costs may be collected separately from the Borrower).

(D) Recordation of Lien

The Mortgagee must perform the legal steps required to accomplish the modification and must ensure that the Mortgage remains a valid first lien against the Property.

(E) Fee for Modification of Performing Mortgage

The Mortgagee may charge the Borrower a [reasonable and customary fee](#) for processing and recording a modification of a performing Mortgage when not modified under [HUD's Loss Mitigation Program](#).

The Mortgagee may not file an incentive claim for modifying a performing Mortgage.

(F) Reporting to HUD

The Mortgagee must report mortgage characteristics for all modifications through [FHAC](#) or FHA Catalyst.

(G) Required Documentation

When modifying a performing Mortgage, the Mortgagee must retain the following in their Servicing Files:

- a mortgage modification document, in the form of:
 - an amended original Note, with all changes initialed by all parties; or
 - a modification agreement executed by all parties;
- documentation evidencing that criteria for modifying the Mortgage with or without HUD approval, as appropriate, were met;

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

- documentation showing calculations of the modified principal amount and the new monthly payment amount; and
- proof that any unpaid escrow added to the new principal amount was credited to the Borrower's escrow account.

iii. Partial Releases, Easements, or Modification of Security

(A) Partial Releases from Condemnation Not Requiring HUD Approval

(1) Standard

The Mortgagee may execute a partial release of security without HUD approval if the partial release results from condemnation and all of the following conditions are met:

- the portion of the Property being conveyed does not exceed 10 percent of the area of the mortgaged Property;
- there is no damage to existing Structures or other improvements;
- there is no unrepaired damage to sewer, water, or paving;
- the Mortgagee has applied all of the payment received as compensation for the taking of the Property to reduce the unpaid principal balance of the Mortgage; and
- the government action requiring conveyance occurs after insurance of the Mortgage.

(2) Required Documentation

(a) Claim ~~Review~~ File

If the Mortgagee files a claim for mortgage insurance benefits, the Mortgagee must submit a certification that the requirements for partial releases of security as a result of condemnation have been met and retain a copy of the certification in the Claim ~~Review~~ File.

(b) Reporting to HUD

The Mortgagee must notify the [Appropriate Homeownership Center \(HOC\)](#) of the release by letter within 30 Days of the Mortgagee's signing of the release.

(B) Partial Releases, Easements, or Modification of Security Requiring HUD Approval

(1) Definition

Partial Release or Modification of Security is the conveyance, assignment, transfer, pledge, or encumbrance of any part of the mortgaged Property or any interest in the mortgaged Property other than a [Partial Release from](#)

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

[Condemnation Not Requiring HUD Approval](#) or other title exceptions covered under the general waiver. The partial release or modification of security may be a:

- partial release;
- condemnation;
- order of taking;
- subordination or consent to Easement;
- lot line dispute/adjustment/land exchange;
- subdivision consent;
- aviation easement; or
- consent to change in covenants and restrictions.

(2) Request Process

The Mortgagee must obtain HUD approval for any partial release or modification of security. The Mortgagee must send the following to ~~HUD~~ [the Jurisdictional HOC](#) for the Property:

- a request containing the following information:
 - whether or not the Mortgage is in good standing;
 - the amount of the outstanding principal balance;
 - the due date of the last unpaid installment;
 - if the Mortgage is Delinquent, the number of Delinquent payments;
 - a list of unpaid special assessments, if any, and the total amount payable;
 - a complete legal description of the Property to be released or modified;
 - the Borrower's reasons for requesting that the Mortgagee make the partial release or modification of security, including how the land to be released or modified will be used;
 - the monetary consideration, if any, to be received by the Borrower;
 - the amount of a prepayment, if any, to the mortgage principal;
 - any restrictions to be imposed on the land to be released or modified; and
 - the case number of the mortgaged Property;
- a survey or sketch of the Property showing:
 - the dimensions of the portion to be released or modified;
 - the location of existing and proposed improvements; and
 - the relation of the Property to surrounding properties;
- plans and specifications, including Cost Estimates of any alterations proposed for the remaining Property after the release or modification; and
- a valid [FHA appraisal](#) that reflects:
 - the value before the partial release or modification of security; and
 - the value of the remaining Property after the partial release or modification of security.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

(3) HUD Review

HUD will process the request for the partial release or modification of security and notify the Mortgagee of the approval or denial in writing.

(4) Required Documentation

The Mortgagee must retain a copy of HUD's approval or denial in the Servicing File.

(C) Fees

The Mortgagee may charge the Borrower reasonable and customary fees, up to the amounts listed in [Appendix 3.0](#), involved in processing [Partial Releases from Condemnation Not Requiring HUD Approval](#) or a [Partial Release, Easements, or Modification of Security Requiring HUD Approval](#).

iv. Change of Location of Dwelling or Improvements

(A) Relocation Requiring HUD Approval

(1) Request to HUD

Except in the emergency situations described in [Emergency Relocation Not Requiring HUD Approval](#), the Mortgagee must obtain HUD approval prior to relocation. The Mortgagee must submit the following to the FHA Resource Center at answers@hud.gov:

- the Mortgagee's request for a change in improvement location; and
- supporting documentation, including architectural exhibits, a copy of the permit, and a description of materials.

HUD will analyze the request and notify the Mortgagee of the approval or denial of the request.

(2) Relocation Requirements

The Mortgagee must ensure that relocations are performed as follows:

- the Mortgagee obtains a valid first lien on the new lot;
- the lien of the insured Mortgage has been extended to cover the new lot and the old lot has or has not been released from the lien, as appropriate;
- all damages to the Structure before, during, or after the relocation are repaired without cost to HUD; and
- the new lot is in an area known to be reasonably free from natural hazards or, if in an SFHA, the community participates in the National Flood Insurance Program (NFIP) and the Property will be insured against floods.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

(3) Required Documentation

The Mortgagee must retain a copy of HUD's approval or denial in the Servicing File.

After the move has been completed and the appropriate substitute documents have been recorded, the Mortgagee must forward to HUD any documentation regarding the changes in the nature of the lien and retain copies in the Servicing File.

(B) Emergency Relocation Not Requiring HUD Approval

(1) Permanent Relocation

(a) Standard

The Mortgagee may consent to the relocation of existing improvements in emergency situations, where immediate action must be taken to preserve the safety of the occupants and/or the undamaged condition of the existing improvements, without HUD approval.

(b) Notification to HUD of Completed Permanent Relocation

The Mortgagee must notify ~~the NSC~~ HUD within 30 Days of the completed permanent relocation and submit a supplementary case binder containing supporting documentation for the change in improvement location.

The Mortgagee must include the following in its notification of the completion of the permanent relocation:

- the FHA case number of the mortgaged Property;
- the address and legal description of the lot of the improvement's previous location and the address and legal description of the new permanent location;
- a statement that HUD regulatory requirements have been met;
- a statement that the original Note is in full force and effect; and
- the outstanding balance of the insured Mortgage, and, if Delinquent, the number of payments, the dollar amount of the delinquency, and an explanation of how the delinquency is expected to be cured.

(c) Required Documentation

The Mortgagee must retain in the Servicing File a copy of its notification of the completion of the permanent relocation.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

(2) Temporary Relocation

(a) Standard

When a temporary move becomes necessary, the Mortgagee may consult **HUD** ~~the NSC~~ before the move, for written assurance that the mortgage insurance will not be affected adversely during the move.

All damages to the Structure before, during, or after the relocation have been or will be repaired without cost to HUD.

(b) Notification to HUD of Completed Temporary Relocation

Within 30 Days of the completion of the temporary relocation, the Mortgagee must submit written notification to **HUD** ~~the NSC~~, advising that the temporary relocation has been completed. This notification must include the following:

- the FHA case number of the mortgaged Property;
- the address and legal description of the lot of the improvement's previous location and the address and legal description of the new temporary lot; and
- a statement that:
 - the move to the temporary lot has been accomplished; and
 - any damage caused by the temporary move has been or will be repaired at no cost to HUD.

(c) Required Documentation

The Mortgagee must retain in the Servicing File a copy of the notification to HUD of completed temporary relocation.

v. Adding Borrowers to a Mortgage

Any Borrower added to a Mortgage must have a valid SSN or EIN or meet the eligibility requirement exception regarding social security numbers.

k. Mortgage Insurance Premium Cancellation (09/26/2022)

i. Definition

MIP Cancellation is the end of the obligation to remit the FHA MIPs to HUD on an FHA-insured Mortgage closed on or after January 1, 2001 and assigned a case number before June 3, 2013.

ii. Standard

The policies in this section apply only to FHA-insured Mortgages that:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

- closed on or after January 1, 2001; and
- have a case number assignment before June 3, 2013.

HUD automatically cancels FHA MIPs under the conditions set forth below. The Loan-to-Value (LTV) ratio is based on the principal balance excluding Upfront MIP (UFMIP). The FHA contract of insurance remains in force for the Mortgage's full term, unless otherwise terminated.

HUD will not consider new appraised values in calculating if the Borrower has reached the required LTV ratio necessary for annual MIP cancellation.

HUD bases the cancellation of the annual MIP on the initial amortization schedule. In cases where Mortgage Payments have been accelerated or modified, HUD may base cancellation on the actual amortization of the Mortgage as provided to HUD by the servicing Mortgagee.

(A) Mortgage Term of More Than 15 Years

For Mortgages with terms more than 15 years, HUD automatically cancels the annual MIP when the LTV ratio reaches 78 percent of the lesser of the initial sales price or appraised value at origination, provided the Borrower has paid the annual MIP for at least five years.

(B) Mortgage Term 15 Years or Less and LTV Ratio of Greater than 90 Percent with Case Numbers Assigned on and after July 14, 2008, and before June 3, 2013

HUD automatically cancels the annual MIP when the LTV ratio reaches 78 percent of the lesser of the initial sales price or appraised value at origination regardless of the length of time the Borrower has paid the annual MIP for Mortgages that:

- have terms 15 years or less;
- have a case number assigned on and after July 14, 2008, and before June 3, 2013; and
- have LTV ratios greater than 90 percent.

(C) Mortgage Term 15 Years or Less and LTV Ratio of 90 Percent and Greater, Closed on or after January 1, 2001, and with Case Numbers Assigned before July 14, 2008

HUD automatically cancels the annual MIP when the LTV ratio reaches 78 percent of the lesser of the initial sales price or appraised value regardless of the length of time the Borrower has paid the annual MIP for Mortgages that:

- have terms 15 years or less;
- closed on or after January 1, 2001, but have their case number assigned before July 14, 2008; and
- have LTV ratios 90 percent or greater.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

(D) Mortgage Term 15 Years or Less and LTV Ratio Greater than 78 percent but Equal to or Less Than 90 Percent

HUD automatically cancels the annual MIP when the LTV ratio reaches 78 percent of the lesser of the initial sales price or appraised value at origination regardless of the length of time the Borrower has paid the annual MIP for Mortgages that:

- have terms 15 years or less;
- have case numbers assigned on or after April 18, 2011; and
- have LTV ratios of greater than 78 percent but equal to or less than 90 percent.

HUD does not charge annual MIP for Mortgages that:

- have terms 15 years or less; have a case assigned on or after April 18, 2011, but before June 3, 2013; and have LTV ratios of 78 percent or less;
- have terms 15 years or less; have a case number assigned on or after July 14, 2008 but before April 18, 2011; and have LTV ratios of 90 percent or less; or
- have terms 15 years or less; closed on or after January 1, 2001 and have a case number assigned before July 14, 2008; and have LTV ratios of less than 90 percent.

(E) Borrower-Initiated Cancellation of MIP

A Borrower who meets the following requirements may request cancellation of the collection of annual MIPs through their Mortgagee when:

- the Borrower has reached the 78 percent threshold in advance of the scheduled amortization due to Borrower prepayments to the principal, but not sooner than five years from the date of origination, except for 15-year term Mortgages; and
- the Borrower has not been more than 30 Days Delinquent on the Mortgage during the previous 12 months.

As part of the Mortgagee's annual disclosures to Borrowers, Mortgagees must notify Borrowers of their option to cancel the annual MIP in advance of the projected amortization date by making additional payments of mortgage principal.

(F) Processing MIP Cancellation

The Mortgagee must process the MIP cancellation using the Monthly MIP cancellation function in [FHAC](#).

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

iii. Cancellation of MIP on Mortgages with Case Numbers Assigned on or after June 3, 2013

For Mortgages with FHA case numbers assigned on or after June 3, 2013, HUD automatically cancels FHA MIP as stated in [Appendix 1.0 — Mortgage Insurance Premiums](#).

iv. Distributive Shares

(A) Definition

A Distributive Share is a share of any excess earnings from the Mutual Mortgage Insurance Fund (MMIF) that may be distributed to a Borrower after mortgage insurance termination.

(B) Payment of Distributive Shares

At HUD's discretion, HUD may pay Distributive Shares when mortgage insurance is terminated. Upon termination of the FHA mortgage insurance of a Mortgage, HUD will determine if Distributive Shares are available.

HUD is not liable for unpaid Distributive Shares that remain unclaimed six years from the date notification was first sent to the Borrower's last known address.

I. Mortgage Insurance Termination (03/31/2022)

i. Definition

A Mortgage Insurance Termination is the ending of FHA Single Family mortgage insurance at which time the Mortgagee's obligation to remit MIP to HUD ends. Upon termination, the Borrower and Mortgagee will enjoy only those rights, if any, to which they would be entitled under the National Housing Act if the insurance contract terminated as a result of the insured Mortgage being paid in full.

ii. Standard

(A) Termination of Mortgage Insurance

HUD terminates the FHA insurance contract as follows:

- automatically when the Mortgage reaches maturity; or
- when the Mortgagee reports a termination code, such as:
 - prepayment (Borrower paid the Mortgage in full before the maturity date);
 - use of Home Disposition Option or non-conveyance foreclosure (the Property was acquired by a Mortgagee or third party at a foreclosure sale or was redeemed after foreclosure and no insurance claim or Claims Without Conveyance of Title (CWCOT) will be submitted to HUD);
 - conveyance for insurance benefits; or

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

- voluntary termination (both the Mortgagee and Borrower agreed to voluntarily terminate FHA insurance).

The Mortgagee must report termination of a case to HUD via FHAC, B2G, or EDI within 15 Days of the actual event.

(B) Voluntary Termination of Mortgage Insurance

(1) Definition

A Voluntary Termination of Mortgage Insurance is when the Secretary, upon the mutual request of the Borrower and Mortgagee, terminates the FHA insurance contract associated with the Mortgage.

(2) Standard

The Borrower and the Mortgagee may agree to voluntarily terminate FHA mortgage insurance in accordance with Section 229 of the National Housing Act (12 U.S.C. § 1715(t)). A voluntary termination has the same effect on the Borrower and Mortgagee as a termination for payment in full.

(a) Borrower's Consent to Voluntary Termination

The Mortgagee must obtain a signed Borrower's Consent to Voluntary Termination of FHA Mortgage Insurance from each Borrower on the Mortgage.

(b) Effect of Voluntary Termination on Outstanding Partial Claims

Upon receipt of a Borrower's request for a voluntary termination, the Mortgagee must advise the Borrower that the Partial Claim promissory Note and Subordinate Mortgage amounts owed by the Borrower will become immediately due and payable upon termination if provided for under the terms of the Borrower's Partial Claim promissory Note.

(c) Request for Voluntary Termination

To request voluntary termination, the Mortgagee must:

- submit the request for voluntary termination of mortgage insurance in FHAC within 15 Days of receiving the executed Borrower's Consent form. On the Mortgage Record Changes menu, select Insurance Termination ([form HUD-Form 27050-A, Insurance Termination](#)) and select Voluntary Termination (Term Type 21); and
- certify in [FHAC](#) that all Borrowers on the Mortgage have signed the consent form.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

(C) Effective Date of Termination

(1) Standard

The effective date of termination of the contract of insurance is the last Day of the month in which one of the following occur:

- the date a voluntary termination request is received by the Commissioner;
- the date the Mortgage was prepaid; or
- where the Mortgagee notifies the Commissioner that a claim will not be filed, the date foreclosure proceedings were initiated or the Property was acquired by another party, including the Mortgagee.

(2) Required Documentation

The Mortgagee must note in the Servicing File and report in FHAC, B2G, or EDI:

- the date on which the voluntary termination request is received by the Commissioner;
- the date notice is received by the Commissioner that the Mortgage was prepaid; or
- the date notice is received by the Commissioner that a claim will not be filed, or that the Property will not be conveyed.

For FHA-to-FHA refinances, the Mortgagee processing the new refinance must report the projected and actual Closing Date.

(D) MIP Due until Effective Date of Termination

The Mortgagee is obligated to pay the MIP due until the effective date of termination.

(E) Escrow Balance Returned to Borrower

If no claim for insurance benefits will be filed, the Mortgagee must timely release the funds held in escrow in accordance with federal regulations, including RESPA, after the termination of the FHA-insured Mortgage.

m. Disclosures (03/31/2022)

i. Statement of Escrow Account

At the Borrower's request, the Mortgagee must promptly furnish a statement of the escrow account in a clear and understandable form, with sufficient information to permit the Borrower to reconcile the account.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

ii. Payoff Disclosure

(A) Definition

A Payoff Disclosure is a disclosure accompanying the payoff statement.

For Mortgages closed before January 21, 2015, Mortgagees must include a description of the procedures for prepayment of a Mortgage with the payoff statement.

(B) Standard

When notified of the Borrower's intent to prepay a Mortgage, the Mortgagee must send to the Borrower directly the Payoff Disclosure and copy of the payoff statement.

(C) Required Documentation

The Mortgagee must retain a copy of the Payoff Disclosure in the Servicing File.

iii. Annual Prepayment Disclosure Statements

(A) Definition

An Annual Prepayment Disclosure Statement is a statement of the amount outstanding on the Mortgage and, for Mortgages closed before January 21, 2015, the requirements that the Borrower must fulfill upon prepayment to prevent accrual of interest after the date of prepayment.

(B) Standard

The Mortgagee must send the Borrower a written [Annual Prepayment Disclosure Statement](#) on an annual basis.

(C) Required Documentation

The Mortgagee must retain a copy of the Annual Prepayment Disclosure Statement in the Servicing File.

iv. Statement for Income Tax Purposes

(A) Definition

The Statement for Income Tax Purposes is an Internal Revenue Service (IRS) Form 1098, *Mortgage Interest Statement*, or equivalent that provides documentation of taxes and interest paid by the Borrower during the preceding calendar year.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

1. Servicing of FHA-Insured Mortgages

(B) Standard

The Mortgagee must provide the Borrower with a Statement for Income Tax Purposes by January 30 of each year.

(C) Required Documentation

The Mortgagee must retain a copy of each annual Statement for Income Tax Purposes in the Servicing File.

n. Record Retention – Servicing File (03/31/2022)

i. Definition

The Servicing File refers to the Mortgagee's record of all servicing activity on an FHA-insured Mortgage.

ii. Standard

Mortgagees must retain all Servicing Files for a minimum of seven years after the transfer or sale of the Mortgage or termination of mortgage insurance. The Mortgagee must maintain accurate records for each Mortgage serviced. In addition to the specific documentation requirements stated in this Handbook 4000.1, these records must include the following information:

- Mortgage origination and endorsement documentation, including copies of the following documents, if applicable:
 - the Conditional Commitment for insurance;
 - the *Firm Commitment*;
 - form [HUD-92900-LT](#), *FHA Loan Underwriting and Transmittal Summary*; and
 - the Mortgage Insurance Certificate (MIC);
- MIP payments made;
- all servicing actions, including resolution of any servicing errors;
- documentation related to any recovery of hazard insurance proceeds; and
- the FHA-insured Mortgages in the Mortgagee's portfolio and information on which Mortgages have been acquired, sold, paid in full, and voluntarily terminated.

The Mortgagee must also retain, in electronic and hard copy, the Mortgage, mortgage Note, deed of trust, or a lost note affidavit acceptable under state law, with the electronic copy marked "copy."

For cases for which a claim is filed, the Mortgagee must retain documentation in compliance with the [Claim Review File](#) section for at least seven years after the final claim or latest supplemental claim settlement date.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

iii. Record Reconciliations

HUD may require Mortgagees to provide information evidencing reconciliation of Mortgagee records with HUD. This information may include identification, by Mortgage, of the following:

- amount of MIP due and paid to HUD by time period for each insured Mortgage;
- date insurance was terminated or servicing transferred, if applicable; and
- date servicing was acquired, for Mortgages acquired after September 1, 1982.

All Mortgagees must ensure that HUD's records accurately reflect the status of the Mortgage and both the correct Mortgage Holder and Servicer of record.

iv. Electronic Storage

Where retention of a hard copy or original document is not required, Mortgagees may use electronic storage methods for all servicing-related documents required in accordance with HUD regulations, handbooks, Mortgagee Letters, and notices.

Regardless, the Mortgagee must be able to make available to HUD in the format (electronic or hard copy) requested legible documents within 24 hours of a request or as otherwise prescribed by HUD.

2. Default Servicing

a. Mortgages in Delinquency or Default (03/31/2022)

i. Definitions

A Mortgage is Delinquent any time a Mortgage Payment is due and not paid.

A Mortgage is in Default when the Borrower fails to make any payment or perform any other obligation under the Mortgage, and such failure continues for a period of 30 Days.

The date of Default is 30 Days after:

- the first uncorrected failure to perform any obligation under the Mortgage; or
- the first failure to make a monthly payment which subsequent payments by the Borrower are insufficient to cover when applied to the overdue monthly payment in the order in which they become due.

ii. Standard

The Mortgagee must ensure FHA-insured Mortgages in Delinquency or Default are serviced in accordance with FHA requirements and applicable laws.

For the purpose of determining the date of Default and timelines related to Default, HUD considers all months to have 30 Days.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~b. HUD Default Servicing Contact (03/31/2022)~~

~~The National Servicing Center (NSC) in Oklahoma City, Oklahoma, manages HUD's Loss Mitigation Program. HUD NSC staff is available to provide customer service to Mortgagees, Servicers, counselors, other authorized representatives, and Borrowers on loss mitigation issues.~~

~~d.b.~~ Reporting to Consumer Reporting Agencies and the IRS (03/31/2022)

The Mortgagee is responsible for:

- complying with applicable law and federal regulations relating to reporting to consumer reporting agencies; and
- ensuring that all reported information is accurate.

The Mortgagee is also responsible for any required IRS reporting regarding acquisition of secured Property or cancellation of mortgage debt, in accordance with the Internal Revenue Code (IRC).

~~e.c.~~ Late Charges **(10/01/2025)** ~~(03/31/2022)~~

i. Definition

Late Charges are charges assessed if a Mortgage Payment is received more than 15 Days after the due date.

ii. Standard

The Mortgagee may consider a Borrower's **Mortgage P**ayment late if the payment is received by the Mortgagee more than 15 Days after the due date, **except for payments received from Borrowers in accordance with a Trial Payment Plan Agreement**. The Mortgagee may assess a late charge on the 17th Day of the month.

For Mortgages assigned a case number on or after March 14, 2016, the Mortgagee may assess a Late Charge, not to exceed 4 percent of the overdue payment of P&I and in accordance with applicable state and federal laws.

For Mortgages assigned a case number before March 14, 2016, the Mortgagee may assess a Late Charge calculated based on overdue PITI if permitted under the terms of the mortgage Note and under applicable state and federal laws.

(A) Notifying the Borrower of the Late Charge

Before collecting the Late Charge or returning a Mortgage Payment to the Borrower for failing to pay the Late Charge, the Mortgagee must provide the Borrower with an advance written notice of the charge.

The Mortgagee must include in the advance notice the following information:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- the due date of the **monthly Mortgage Payment**;
- the amount of the regular monthly **Mortgage Payment**;
- the date on which the Late Charge will be imposed; and
- the amount of the Late Charge (or the full amount now due which consists of the regular monthly **Mortgage Payment** plus the Late Charge amount).

(B) Application of Subsequent Payment to Unpaid Late Charges

After advance notice has been sent to the Borrower, the Mortgagee may:

- treat any subsequent payment that does not include the Late Charge in accordance with HUD's **Partial Payments for Mortgages in Default** section; and
- deduct amounts due for Late Charges owed for a previous installment.

(C) Default/Foreclosure Due to Unpaid Late Charges

A Mortgage may be technically in Default by its terms if a Late Charge is not paid within 30 Days after it becomes due. However, the Mortgagee may not initiate foreclosure action when the only delinquency is due to:

- unpaid Late Charges that are due on the account; and/or
- unpaid monthly payments that remain unpaid because the Mortgagee did not comply with HUD's [Partial Payments for Mortgages in Default](#) section.

iii. Required Documentation

The Mortgagee must ensure that ~~the~~^{its} Servicing File reflects any Late Charges assessed and includes any advance written notice of such charges sent to the Borrower.

~~f.d.~~ **Partial Payments for Mortgages in Default** **(10/01/2025)**~~(03/31/2022)~~

i. Acceptance of Partial Payments

Unless subject to the exceptions in the [Return of Partial Payments for Mortgage in Default](#) section, the Mortgagee must accept any Partial Payment and either:

- apply the payment to the Borrower's account; or
- identify the payment with the Borrower's account and hold the payment in a suspense account. When a full monthly installment due under the Mortgage is accumulated, the Mortgagee must apply that amount to the Borrower's account.

ii. Application of Partial Payments Totaling a Full Monthly Payment

(A) Standard

When Partial Payments held for disposition total a full monthly **Mortgage Payment**, the Mortgagee must apply Borrower payments, in the following order, to:

- MIPs due, if any;

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- charges for Ground Rents, taxes, special assessments, including any assessments related to a PACE obligation, flood insurance premiums, if required, and fire and other hazard insurance premiums;
- interest on the Mortgage;
- amortization of the principal of the Mortgage; and
- Late Charges, provided that any amounts owed for Late Charges must be handled consistent with Truth in Lending Act (TILA) regulations.

This application of Partial Payments as a full monthly installment advances the date of the oldest unpaid installment, but not the **initial date of Default** ~~date on which the account first became Delinquent~~.

(B) Required Documentation

When applying ~~the~~ Partial Payments totaling a full monthly **Mortgage Payment**, the Mortgagee must:

- report the appropriate [Status Code](#) in the Single Family Default Monitoring System (SFDMS); and
- advance the Oldest Unpaid Installment (OUI) date one month.

iii. Return of Partial Payments for Mortgages in Default

(A) Standard

If the Mortgage is in Default, the Mortgagee may return the Partial Payment to the Borrower with a letter of explanation only under the following circumstances:

- when the payment represents less than half of the full amount ~~then due~~ **under the terms of the Mortgage, including Late Charges, at the time the payment is tendered**;
- when the payment is less than the amount agreed to in ~~an oral or written~~ Forbearance **or Repayment** Plan;
- when the payment is less than the amount stated in an approved Trial Payment Plan (TPP) Agreement;
- when the Property is occupied by a rent-paying tenant and the rents are not being applied to the Mortgage Payments;
- when **the first legal action to initiate** foreclosure has been ~~started~~ **completed**; or
- when it is 14 Days or more after the Mortgagee has mailed the Borrower a statement of the full amount due, including Late Charges, which advises that it intends to refuse to accept future Partial Payments (see [Application of Subsequent Payment to Unpaid Late Charges](#)), and either of the following conditions have occurred:
 - four or more full monthly installments are due but unpaid; or
 - a delinquency of any amount, including Late Charges, has continued for at least six months since the account first became Delinquent.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(B) Required Documentation

The Mortgagee must ensure that its Servicing File reflects any Partial Payments returned to the Borrower and includes any letters of explanation for the returned payments.

~~g.e.~~ Lien Status **(10/01/2025)(03/31/2022)**

The Mortgagee must preserve the first lien status of the FHA-insured Mortgage. HUD will not pay a claim on a Mortgage that ~~lacks~~ **is not in** first priority position.

~~h.f.~~ Imminent Default **(10/01/2025)(03/31/2022)**

i. Definition

A Borrower facing Imminent Default is defined as a Borrower who is current or less than 30 Days past due on their Mortgage Payment and is experiencing a significant, documented reduction in income or some other hardship that will prevent them from making the next required Mortgage Payment during the month that it is due.

ii. Standard

The Mortgagee must obtain documentation necessary to verify that the Borrower is experiencing a significant reduction in income or some other hardship that will prevent them from making the next required Mortgage Payment during the month that it is due.

The Mortgagee must obtain, electronically or in hard copy, the following certification from the Borrower:

I am/We are experiencing a reduction in income or the following hardship(s) that will prevent me/us from making the next required Mortgage Payment due on _____ during the month that it is due:

I/We, the undersigned, certify under penalty of perjury that the information provided above is true and correct. WARNING: Anyone who knowingly submits a false claim or makes a false statement is subject to criminal and/or civil penalties, including confinement for up to five years, fines, and civil and administrative penalties. (18 U.S.C. §§ 287, 1001, 1010, 1012, 1014; 31 U.S.C. §§ 3729, 3802).

iii. Required Documentation

~~The Mortgagee must include in its Servicing File documentation of the basis for the determination that the Borrower's financial condition will result in a Default.~~ **The Mortgagee must document the basis for the determination that the Borrower's financial condition will result in a Default and the Borrower's certification in its Servicing File.**

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~— Loss Mitigation Options that are Applicable for Borrowers Facing Imminent Default~~

~~Upon determining that the Borrower is facing Imminent Default, the following Loss Mitigation Options are to be applied through the normal waterfall process to determine eligibility:~~

- ~~— Informal or Formal Forbearance Agreements;~~
- ~~— FHA Home Affordable Modification Program (FHA HAMP);~~
- ~~— Pre Foreclosure Sale (PFS) Program; and~~
- ~~— Deed in Lieu (DIL) of Foreclosure.~~

~~o.g.~~ Early Default Intervention **(10/01/2025)(07/01/2025)**

The Mortgagee must determine the Borrower's ability to make monthly Mortgage Payments and take loss mitigation action or commence foreclosure, if loss mitigation is not feasible, within six months of the date of Default, or within such additional time approved by ~~the~~ **NSC HUD** via Extensions and Variances Automated Requests System (EVARS).

The Mortgagee must notify each Borrower, co-signer, and any other party requiring notice by state law that the Mortgage is in Default.

i. Delinquent Mortgage Identification

The Mortgagee must identify Delinquent Mortgages and their payment status ~~and provide such information to~~ **ensure** appropriate servicing and collection ~~staff actions are completed~~ on a daily basis.

The Mortgagee must report the Delinquency/Default Status Codes that accurately reflect the severity of Default and Mortgagee action taken in SFDMS.

~~ii. Single Family Default Monitoring System Default Reporting~~

~~(-) Definition~~

~~Single Family Default Monitoring System (SFDMS) is HUD's system for tracking Mortgagee data on Defaulted Mortgages until a Default is resolved through reinstatement or termination.~~

~~(-) Standard~~

~~The Mortgagee must report the Delinquency/Default Status Codes that accurately reflect the severity of Default and Mortgagee action taken in SFDMS.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(0) Types of Mortgages to Report (01/01/2025)~~

~~Each month, the Mortgagee must report Default servicing activities for all Mortgages that are 30, 60, and 90 Days or more in Default and all Mortgages in a Payment Supplement Period, as of the last Day of the month.~~

~~The Mortgagee must report the status of four classes of Mortgages each month:~~

- ~~• New Delinquencies: The Mortgagee must report Defaulted accounts when one full installment is due and unpaid (30 Days Delinquent—Status Code 42) and must continue reporting the applicable Status Code until the Default is resolved.~~
- ~~• Open Delinquencies: The Mortgagee must continue to report a Status Code 42 until a servicing action has been initiated/approved and/or completed, which would warrant a Status Code change.~~
- ~~• Delinquencies Resolved During the Cycle Month: The Mortgagee must report the appropriate Status Code to reflect that the delinquency has been addressed.~~
- ~~• Mortgages Receiving a Payment Supplement: The Mortgagee must report Status Code 51 with the applicable oldest unpaid installment date and additional Status Codes as applicable.~~

~~(0) Property Occupancy Reporting~~

~~The Mortgagee must report to HUD the occupancy status of the mortgaged Property by reporting in SFDMS:~~

- ~~• the Occupancy Status Code; and~~
- ~~• if vacant, the date when the Mortgagee determined that the mortgaged Property became vacant.~~
 - ~~○ If the mortgaged Property becomes reoccupied, remove the date.~~
 - ~~○ If the mortgaged Property becomes re-vacated, input new date.~~

~~(0) Time Frame for Reporting~~

~~For every case for which reporting is required, the Mortgagee must submit delinquency data documenting the status as of the end of the month. While Mortgagees may submit delinquency data throughout the month, the Mortgagee must also submit the delinquency data as of the end of month by the fifth business day of the following month.~~

~~(-) Reporting Accuracy~~

~~A Mortgagee must submit an accurate SFDMS report. All the information is important; some is so critical that if data is inaccurate or missing, the report on that Mortgage or even the entire monthly report is automatically rejected by SFDMS.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(-) Quality Control~~

~~A Mortgagee's Quality Control Plan must ensure that:~~

- ~~• the reporting staff is properly trained;~~
- ~~• servicing and foreclosure staff are aware of reporting requirements and of cases reported; and~~
- ~~• report format and content are checked for errors by trained staff, whether it is prepared manually or by an automated system.~~

~~(-) SFDMS Codes~~

~~(0) Delinquency/Default Status Codes~~

~~The Mortgagee must report the correct Delinquency/Default Status (DDS) Code reflecting the status of the Mortgage.~~

~~The Mortgagee must include applicable status dates when reporting DDS Codes. SFDMS permits the submission of delinquency data throughout the month.~~

~~(0) Delinquency/Default Reason Codes~~

~~The Mortgagee must report the reason for the Delinquency/Default using the Delinquency/Default Reason (DDR) Codes. Changes for the reason for Default may occur during the Default episode, and must be reported accordingly.~~

~~(-) Error Reports and Correction (03/01/2022)~~

~~The Mortgagee may receive Error Reports from two systems:~~

- ~~• EDI, which provides the All Transaction Sets 824 (TS 824) Report (see the Electronic Data Interchange Implementation Guide for additional information); or~~
- ~~• SFDMS.~~

~~The Mortgagee is responsible for retrieving Error Reports from these systems and submitting necessary corrections by the fifth business day. HUD will not provide additional time to enter corrections.~~

~~(-) Correction of a Previously Reported Status Code~~

~~If a Mortgagee reports a Borrower in Default in error (Status Code 42) for the first time in a Default episode, the Mortgagee must contact the NSC at answers@hud.gov for assistance.~~

~~When a Mortgagee discovers that the previous Status Code was reported in error, for any other reason, the Mortgagee must:~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- ~~• report a Status Code 25, Cancel, to advise HUD that the last Status Code reported was in error and should be preserved as a historical record without affecting the default sequence; and~~
- ~~• report the correct Status Code.~~

~~xiv.~~ ii. Collection Communication Timeline

(A) Definition

The Collection Communication Timeline sets forth the servicing actions that Mortgagees must take when contacting a Borrower with a Delinquent Mortgage.

(B) Standard

The Mortgagee must perform in a timely manner the servicing actions set forth in the following Collection Communication Timeline.

Day	Mortgage Action
1	Payment due date; no action required until the Mortgage becomes Delinquent.
10	The Mortgagee must begin attempts to contact Borrowers with a Delinquent Mortgage at risk of Early Payment Default or Re-Default in accordance with Specialized Collection Techniques for Early Payment Defaults and Re-Defaults .
25	The Mortgagee must begin attempts to contact Borrowers with a Delinquent Mortgage in accordance with Contact Efforts for Delinquent Borrowers .
~~31~~ 10	The Mortgagee must report the delinquency to HUD via SFDMS.
~~32-45~~	The Mortgagee must send the following: • Notice of Homeownership Counseling Availability; and ~~• Servicemembers Civil Relief Act (SCRA) Notice Disclosure (form HUD-92070);~~ ~~• Delinquency Notice Cover Letter; and~~ ~~• Save Your Home: Tips to Avoid Foreclosure (form HUD-2008-5-FHA).~~
~~32-60~~	The Mortgagee must send the following: ~~• Delinquency Notice Cover Letter; and~~ ~~• Save Your Home: Tips to Avoid Foreclosure (form HUD-2008-5-FHA).~~
45	The Mortgagee should begin analysis to identify appropriate loss mitigation options, if any. If unable to reach the Borrower(s), the Mortgagee must perform an Occupancy Inspection .
61	The Mortgagee must conduct or make a reasonable effort to arrange the Interview with the Borrower no later than this date.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

Day	Mortgagee Action
90	The Mortgagee must report the appropriate Default Reason Code for the Default in SFDMS. The Mortgagee must have evaluated all loss mitigation options to determine whether any are appropriate. The Mortgagee must reevaluate the Borrower for loss mitigation each month thereafter.

(C) Required Documentation

The Mortgagee must document in their Servicing File all communication efforts to reach the Borrower early in their delinquency.

~~xiv.iii.~~ Communication Methods

(A) Selecting Best Method of Communication **[Text was deleted in this section.]**

The Mortgagee must use the method or methods of communication most likely to receive a response from each Borrower and consider the Borrower's expressed preference for using certain methods of communication.

The Mortgagee must effectively communicate with persons with hearing, visual, and other communications-related disabilities, including the use of auxiliary aids and services in accessible formats, ~~and must take reasonable steps to provide meaningful access to persons with Limited English Proficiency (LEP), such as providing oral interpretation and/or written translation of vital documents.~~

(B) Methods of Communication

The Mortgagee may use mail, certified mail, in person, any acceptable method of electronic communication, or telephone contact attempts to establish contact with the Borrower.

Acceptable methods of electronic communication that Mortgagees may use to contact the Borrower include:

- Voice over Internet Protocol (VoIP) or other technology that allows voice calls;
- interactive virtual communication methods;
- email;
- text messages;
- secure web portals (such as online account management tools accessible by Borrowers); and
- other reliable communication methods through which the Mortgagee has been able to effectively communicate with Borrowers in the past.

The Mortgagee must ensure that their electronic signature technology complies with all requirements of the Electronic Signatures in Global and National Commerce

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(ESIGN) Act, 15 U.S.C. § 7001 et seq. The Mortgagee must include within the electronic communication the Mortgagee's email address, telephone number, and/or website address.

~~xlviii~~.iv. Specialized Collection Techniques for Early Payment Defaults and Re-Defaults

(A) Definitions

Early Payment Defaults refer to all Mortgages that become 60 Days Delinquent within the first six payments.

A Re-Default is a mortgage Default occurring within six months after reinstatement or the successful use of a ~~P~~ermanent Home Retention Option.

(B) Standard

For Borrowers at risk of Early Payment Default or Re-Default, the Mortgagee must:

- commence contact by the 10th Day of delinquency to remind Borrowers of Mortgage Payment time frames;
- make a minimum of two attempts per week to contact the Borrower after the 10th Day of delinquency and must vary the times and days of the week of contact attempts to maximize the likelihood of contacting the Borrower, until:
 - contact is established; or
 - the Mortgagee determines that the contact information is inaccurate or no longer in service; and
- make reasonable efforts to obtain an alternate contact method and/or follow up with the Borrower using other methods of communication until contact is established.

If the Mortgagee is unable to establish contact, the Mortgagee must determine through an Occupancy Inspection if the Property is vacant or abandoned by the 45th Day of delinquency.

(C) Required Documentation

The Mortgagee must document in their Servicing File all specialized collection efforts to reach the Borrowers at risk of Early Payment Default or Re-Default.

~~xlviii~~.v. Contact Efforts for Delinquent Borrowers

(A) Standard

For Borrowers with a Delinquent Mortgage, the Mortgagee must:

- commence contact by the 25th Day of delinquency;

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- make a minimum of two attempts per week and must vary the times and days of the week of contact attempts to maximize the likelihood of contacting the Borrower until:
 - contact is established; or
 - the Mortgagee determines that the contact information is inaccurate or no longer in service; and
- make reasonable efforts to obtain an alternate contact method and/or follow up with the Borrower using other methods of communication until contact is established.

Promptly after establishing contact, the Mortgagee must determine whether the Borrower is occupying the Property, ascertain the reason for the delinquency, and inform the Borrower about the availability of Loss Mitigation Options.

If the Mortgagee is unable to establish contact, the Mortgagee must determine through an Occupancy Inspection if the Property is vacant or abandoned by the 45th Day of delinquency.

(B) Required Documentation

The Mortgagee must document in their Servicing File all communication efforts to reach a Borrower with a Delinquent Mortgage.

~~xlix. Reporting the Delinquency to HUD (03/01/2022)~~

~~The Mortgagee must report accounts in Default in HUD's SFDMS using the appropriate Default Status Code and Default Reason Code, and must continue reporting the applicable Status Code and Default Reason Code until the Default is resolved.~~

~~ii.vi.~~ Assigned Loss Mitigation Personnel

The Mortgagee must designate personnel to respond to the Borrower's inquiries and to assist them with Loss Mitigation Options no later than the 45th Day of delinquency.

The Mortgagee must provide the contact information of their loss mitigation or customer assistance hotline, offering direct phone access to assigned loss mitigation personnel, in the [Delinquency Notice Cover Letter](#).

~~ii.vii.~~ Required Notices to Borrower by 45th Day of Delinquency

(A) Standard

Beginning on the 32nd Day, but no later than the 45th Day from the date payment was due, the Mortgagee must send a:

- [Notice of Homeownership Counseling Availability](#); and
- [Servicemembers Civil Relief Act \(SCRA\) Notice Disclosure](#) (form [HUD-92070](#)).

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(1) Notice of Homeownership Counseling Availability ~~[Text was deleted in this section.]~~

The Mortgagee must provide a Borrower with a Delinquent Mortgage with a notice describing the availability of housing counseling offered by HUD-approved housing counseling agencies. The notification must:

- inform the Borrower with a Delinquent Mortgage of the availability of housing counseling services provided by HUD-approved housing counseling agencies;
- ~~• be provided in accessible formats or languages when such Borrower communications have been requested by persons with disabilities and persons with LEP;~~
- provide instructions for locating a HUD-approved housing counseling agency in the Borrower's area and includes the HUD Housing Counseling Agency Locator toll-free telephone number (800) 569-4287, through which Borrowers can obtain a list of housing counseling agencies;
- provide instructions that HUD is prepared to accept calls from persons who are deaf or hard of hearing, as well as individuals with speech and communication disabilities. The Federal Communications Commission (FCC) has information on how to make an [accessible phone call](#); and
- describe housing counseling and the potential benefits of engaging in housing counseling.

(2) Servicemembers Civil Relief Act Notice Disclosure

The Mortgagee must send form [HUD-92070](#) for the required notice of servicemember rights to all Borrowers in Default on a residential Mortgage and must include the toll-free [Military OneSource](#) number to call if servicemembers or their dependents require further assistance.

(B) Required Documentation

The Mortgagee must document in their Servicing File the dates on which it sent the Notice of Homeownership Counseling Availability and the *SCRA Disclosure*. The Mortgagee must be able to provide to HUD, upon request, the language in its Notice of Homeownership Counseling Availability.

~~III.viii.~~ Required Notices to Borrower by 60th Day of Delinquency

(A) Standard

Beginning on the 32nd Day but no later than the 60th Day from the date the Mortgage Payment was due, the Mortgagee must send the:

- [Delinquency Notice Cover Letter](#); and
- *Save Your Home: Tips to Avoid Foreclosure* (form [HUD-2008-5-FHA](#)).

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(1) Delinquency Notice Cover Letter

The Mortgagee must send the *Save Your Home: Tips to Avoid Foreclosure* with a **Delinquency Notice** cover letter that includes:

- ~~• highly visible information about any availability of language access services offered by the Mortgagee for Borrowers with LEP (this information must be provided, at a minimum, in Spanish and must include an advisement to seek translation or other language assistance);~~
- the following information related to the Mortgage:
 - number of late payments;
 - total amount of any Late Charges incurred;
 - the month of each late payment; and
 - the original due date of each late payment;
- **if applicable, a list of information or documentation the Mortgagee needs to complete the loss mitigation analysis; and**
- ~~• the Mortgagee's mailing address and toll-free telephone numbers for Borrowers needing to contact~~ **information for** ~~the Mortgagee's assigned loss mitigation and/or customer assistance personnel~~ **to include, at a minimum, a;**
- ~~• a request for the Borrower's current information necessary for Loss Mitigation analysis;~~
- ~~• toll-free telephone numbers for Borrowers needing to contact the Mortgagee's loss mitigation and/or customer assistance personnel; and~~
- **the toll-free telephone number and information on how to locate a HUD-approved counseling agency online or by calling HUD's interactive voice system at** ~~for Borrowers seeking information on HUD-approved housing counseling agencies,~~ (800) 569-4287, and that HUD is prepared to accept calls from persons who are deaf or hard of hearing, as well as individuals with speech and communication disabilities. The Federal Communications Commission (FCC) has information on how to make an [accessible phone call](#).

(2) *Save Your Home: Tips to Avoid Foreclosure*

Save Your Home: Tips to Avoid Foreclosure (form [HUD-2008-5-FHA](#)) is available in English, Spanish, Chinese, and Vietnamese. Mortgagees may reproduce electronic versions of the form at their own expense.

The Mortgagee may not change the contents of the form in any way.

(3) Resending Notices

The Mortgagee must resend the cover letter and accompanying *Save Your Home: Tips to Avoid Foreclosure* (form [HUD-2008-5-FHA](#)) at 45 Days Delinquent unless a new delinquency occurs less than six months after a prior notice and brochure was mailed.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(4) Exception for Borrowers in Bankruptcy

The Mortgagee is not required to send the cover letter and *Save Your Home: Tips to Avoid Foreclosure* if the Borrower has filed bankruptcy before becoming 45 Days Delinquent, and, in the opinion of the Mortgagee's legal counsel, providing the cover letter and brochure would be a violation of the automatic stay.

The Mortgagee must send the cover letter and *Save Your Home: Tips to Avoid Foreclosure* once the Mortgagee has received notification that the automatic stay is lifted.

(B) Required Documentation

The Mortgagee must document in their Servicing File the dates on which it sent the Delinquency Notice Cover Letter and *Save Your Home: Tips to Avoid Foreclosure*.

The Mortgagee must document a bankruptcy-related exception in the Servicing File.

liv-ix. Occupancy Inspections

(A) Definitions

An Occupancy Inspection is a visual inspection of a mortgaged Property by the Mortgagee to determine if the mortgaged Property has become vacant or abandoned and to confirm the identity of any occupants.

An Occupancy Follow-Up is an attempt to communicate with the Borrower via letter, telephone, or other method of communication, other than on-site inspection, to determine occupancy when the Mortgage remains in Default after the initial inspection and the Mortgagee has not determined the Borrower's occupancy status.

(B) Standard

If the Mortgagee is unable to reach the Borrower(s) by the 45th Day of delinquency, the Mortgagee must perform a visual inspection of the mortgaged Property to determine occupancy status.

(1) Initial Occupancy Inspection

The Mortgagee must perform the initial Occupancy Inspection no later than the 60th Day of delinquency when:

- the Mortgage is in Default;
- a payment has not been received within 45 Days of the due date; and
- efforts to reach the Borrower or occupant have been unsuccessful.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(2) Follow-Up Inspections

If the Mortgagee is unable to determine the Borrower's occupancy status through the initial Occupancy Inspection, the Mortgagee must perform an Occupancy Follow-Up.

If necessary, the Mortgagee must continue Occupancy Inspections every 25-35 Days from the last inspection until the occupancy status is determined.

(3) Occupancy Inspections during Bankruptcy

When payments are not submitted as scheduled by a Borrower in bankruptcy, the Mortgagee must contact either the bankruptcy trustee or the Borrower's bankruptcy attorney for information concerning the status of the Borrower, to determine if an Occupancy Inspection is needed.

The Mortgagee must continue to perform exterior-only visual inspections until the Default is cured, the Property is disposed of, or the bankruptcy court has granted approval for the Mortgagee to contact the Borrower or to take any required Property Preservation and Protection (P&P) actions.

If the Mortgagee determines that the Property is vacant or abandoned during the period in which the Mortgagee is prohibited from contacting the Borrower, the Mortgagee must note the following in the Servicing File:

- the date it made its determination; and
- that contact with the attorney or trustee has been made.

(4) Determination that the Property is Vacant or Abandoned

If the Mortgagee determines through an Occupancy Inspection that the Property is vacant or abandoned, the Mortgagee must:

- send a letter, via a method providing delivery confirmation, to Borrowers at the property address informing them of the Mortgagee's determination that the Property is vacant or abandoned. This letter must include the Mortgagee's contact information;
- commence [Vacant Property Inspections](#); and
- take appropriate [Property P&P](#) actions to secure and maintain the Property.

If the Mortgagee fails to inspect the Property within the required time period, or fails to discover the vacancy, the vacancy date will be the last date on which the Mortgagee should have performed the inspection. If the Property becomes vacant prior to an inspection and the Mortgagee has knowledge of such vacancy, then the date the Property became vacant is the vacancy date.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(C) Required Documentation

The Mortgagee must retain in the Servicing File:

- the dates and methods of Occupancy Follow-Up and vacancy letters;
- evidence of payment to the inspector;
- copies of all completed inspection reports; and
- any accompanying follow-up documentation for Occupancy Inspections.

For all Occupancy Inspections, the Mortgagee must retain in the inspection report:

- date of the inspection;
- identity of the individual inspector and the inspection company;
- the general condition of the Property;
- any actions taken to preserve and protect the Property;
- photographs with a date and time stamp printed on each and labeled accordingly with a description of the contents of each photograph;
- occupancy status of the Property; and
- answers to the following questions, where applicable:
 - Is the house locked?
 - Is the grass mowed and/or are shrubs trimmed?
 - Is there any apparent damage?
 - Is any exterior glass broken?
 - Are there any apparent roof leaks?
 - Does the house contain Personal Property and/or debris?
 - Are any doors or windows boarded?
 - Is the house winterized?
 - Are there any repairs necessary to adequately preserve and protect the Property?

~~IV.X.~~ Interview

(A) Standard

The Mortgagee must have an interview with the Borrower or make a reasonable effort to arrange an interview no later than the 61st Day of delinquency, or no later than 30 days after default on a ~~R~~Repayment ~~p~~Plan, unless exempt.

The interview should provide a delinquent Borrower the opportunity to meet with the Mortgagee to discuss available loss mitigation options, and, when possible, to be evaluated for these options. The Mortgagee may conduct the interview face-to-face or using alternative communication methods, such as phone interviews, video calling services, or other conferencing technology.

(1) Meeting Not Required

The Mortgagee is not required to conduct an interview if:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- the Borrower has clearly indicated that they will not cooperate with an interview;
- the Borrower's payment is current due to an agreed-upon ~~R~~Repayment ~~P~~Plan, Forbearance Plan, or Trial Payment Plan (TPP);
- a reasonable effort to arrange a meeting with the Borrower is unsuccessful; or
- in the opinion of the Mortgagee's legal counsel, it would be a violation of bankruptcy law.

(2) Reasonable Effort in Arranging an Interview

The Mortgagee must make two attempts to contact the Borrower to arrange the interview and include the following information:

- the availability of interviews; and
- how to schedule the interview.

The Mortgagee may use mailings, telephone calls, in-person outreach, or any electronic or other communication method through which the Mortgagee is able to communicate with Borrowers. The Mortgagee may use a third-party vendor to establish this contact with the Borrower and to schedule the Borrower's interview with a Mortgagee representative.

The Mortgagee may count compliance with any of the following as one or more of the required attempts to arrange the interview when information about the interview is also provided:

- [Contact Efforts for Delinquent Borrowers](#);
- [Delinquency Notice Cover Letter](#);
- the Consumer Financial Protection Bureau's (CFPB) early intervention requirements for Live contact in [12 CFR § 1024.39\(a\)](#); or
- the CFPB's early intervention requirements for Written notice in [12 CFR § 1024.39\(b\)](#).

A second attempt is not required if the Mortgagee has established contact with the Borrower on the first attempt.

(3) Mortgagee Representative Authority

The Mortgagee must ensure that the employee representing the Mortgagee at interviews has the authority to propose and accept reasonable ~~R~~Repayment ~~P~~Plans. Where a Mortgagee's representative exceeds their authority by agreeing to a ~~R~~Repayment ~~P~~Plan at the time of the interview, the Mortgagee must still accept the ~~R~~Repayment ~~P~~Plan agreed to by its representative, regardless of whether the representative overstepped their authority.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(B) Required Documentation

The Mortgagee must document in the Servicing File:

- the reason the interview is not required, if exempt;
- the dates and methods of its attempts to arrange an interview; and
- the date of its interview with the Borrower.

~~iv.~~ **Reporting the Reason for Default to HUD**

~~(A) Standard~~

~~The Mortgagee must ensure that HUD's SFDMS reflects the appropriate Default Reason Code for the Default by the 90th Day of delinquency.~~

~~(B) Unable to Contact Borrower~~

~~The Mortgagee must report Delinquency/Default Reason (DDR) Code 31, Unable to Contact Borrower, when the reason for delinquency cannot be ascertained because the Borrower cannot be located or has not responded to the Mortgagee's communication attempts.~~

~~If the Mortgagee reports DDR Code 31 in SFDMS, the Mortgagee must document its efforts to contact the Borrower in the Servicing File and must continue to try to determine the reason for Default.~~

~~A Mortgagee that establishes contact with the Borrower must report the appropriate reason for Default. If the Mortgagee later loses contact with the Borrower during the Default episode, the Mortgagee must not report DDR Code 31, Unable to Contact Borrower. Mortgagees must instead report the accurate DDR Code, and then may later report DDS Code AP to reflect no further loss mitigation action can be reported due to loss of contact.~~

~~If the Mortgagee reports DDR Code 31 in error, the Mortgage must:~~

- ~~• report a Status Code 25, Cancel, to advise HUD that the last Status Code reported was in error and should be preserved as a historical record without having an effect on affecting the default sequence; and~~
- ~~• report the correct Status Code.~~

~~vi.~~ **xi. Vacant Property Inspections**

(A) Definitions

A First-Time Vacant (FTV) Property Inspection is the first inspection performed by the Mortgagee to ascertain the condition of a vacant or abandoned Property.

A Follow-up Vacant Property Inspection is an inspection by the Mortgagee of a vacant or abandoned Property that occurs every 25-35 Days after the FTV Property

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

Inspection until the mortgage Default is cured or until conveyance of the Property to HUD.

(B) Standard

The Mortgagee must take reasonable actions to protect the value of the security, including performing the following required inspections for vacant or abandoned Properties.

The Mortgagee is liable for any damage resulting from the Mortgagee's failure to preserve and protect the Property unless the Mortgagee can prove that the damage occurred prior to the date the Property became vacant.

(1) First-Time Vacant Property Inspection

The Mortgagee must perform the FTV Property Inspection as soon as reasonably practicable, but no more than 15 business days following the determination that the Property is vacant and/or abandoned.

The Mortgagee must:

- [secure the Property](#), if possible;
- upload documentation and photographs showing any damage resulting from the Borrower that is identified using the FTV Property Inspection into P260;
- pressure-test all water supply and upload photographs of the results of the test into P260;
- address all imminent and urgent safety hazards and determine what repairs are required to prevent damage to the Property; and
- photograph the primary exterior facades and interior areas of the primary and secondary Structures, including any damage found.

(2) Follow-up Vacant Property Inspections

The Mortgagee must perform Follow-up Vacant Property Inspections every 25-35 Days after the FTV Property Inspection until the mortgage Default is cured or until conveyance of the Property to HUD. In areas of high vandalism or where local ordinances require more frequent Follow-up Vacant Property Inspections, Mortgagees may perform Follow-up Vacant Property Inspections more frequently than HUD's 25-35 Day requirement and request reimbursement for these inspection costs.

At each inspection, the Mortgagee must:

- photograph the overall condition of the interior and exterior of the primary and all secondary Structures;
- monitor the security and maintenance of the Property;

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- assess and manage damage that requires repair, replacement, or removal; and
- address and resolve all emergency repairs.

(C) Required Documentation

For all Vacancy Inspections, the Mortgagee must retain in the Servicing File:

- evidence of payment to the inspector;
- any police reports and/or letters from a local law enforcement agency evidencing the need for additional protective measures; and
- copies of all completed inspection reports that must include:
 - date of the inspection;
 - identity of the individual inspector and the inspection company;
 - the general condition of the Property;
 - any actions taken to protect and preserve the Property;
 - photographs with a date and time stamp printed on each and labeled accordingly with a description of the contents of each photograph;
 - occupancy status of the Property; and
 - answers to the following questions, where applicable:
 - Is the house locked?
 - Is the grass mowed and/or are shrubs trimmed?
 - Is there any apparent damage?
 - Is any exterior glass broken?
 - Are there any apparent roof leaks?
 - Does the house contain Personal Property and/or debris?
 - Are any doors or windows boarded?
 - Is the house winterized?
 - Are there any repairs necessary to adequately preserve and protect the Property?

The Mortgagee must document all Property P&P activities performed on vacant Properties.

xiii. Use of Early Default Intervention Tools

As part of early default intervention, the Mortgagee must review the Borrower for the Early Default Intervention Tools.

p.h. _____ Loss Mitigation Program Review Process (12/30/2025)(09/26/2022)

HUD's Loss Mitigation Options are intended to minimize economic impact to the MMIF and to avoid foreclosure, when possible. The Loss Mitigation Options are:

- **Repayment Plan;**
- **Forbearance;**
- **Partial Claim;**
- **Loan Modification;**

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- Combination Loan Modification and Partial Claim;
- Payment Supplement;
- Outside of the Waterfall Loan Modification (OWL);
- Pre-Foreclosure Sale (PFS); and
- Deed-in-Lieu (DIL) of Foreclosure.

In implementing HUD's Loss Mitigation Program, the Mortgagee must:

- consider all reasonable means to address delinquency at the earliest possible time;
- adhere to the requirements for communication with Borrowers in Default as set out in the Collection Communication Timeline;
- utilize HUD's Loss Mitigation Options to avoid foreclosure, when feasible; and
- re-evaluate each Delinquent Mortgage for Loss Mitigation Options, as required.

When reviewing Borrowers for Loss Mitigation Options, a streamlined or refinanced Mortgage on the same Property and by the same Borrowers is not considered a new Mortgage for seasoning requirements.

The Mortgagee may offer eligible Borrowers Loss Mitigation Options in accordance with program-specific procedures for:

- Section 203(q) Mortgages, Mortgages on Property in Allegany Reservation of Seneca Indians;
- Section 248 Mortgages on Indian Land insured pursuant to Section 248 of the National Housing Act; and
- Section 247 Mortgages, Mortgages on Hawaiian Home Lands insured pursuant to Section 247 of the National Housing Act.

i. Definitions

For the purposes of loss mitigation, the following definitions apply:

Borrower refers to the original Borrower who signs the Note and their heirs, executors, administrators, assigns, and approved substitute Borrowers. This includes any Borrower who is occupying or not occupying the Property.

Financial Hardship refers to an increase in living expenses or a loss of income affecting the Borrower's ability to continue their Mortgage Payments as attested by the Borrower.

i.ii. Servicemember Status

The Mortgagee must offer eligible servicemember Borrowers mortgage protections under the SCRA and [Servicing FHA-Insured Mortgages for Servicemember-Borrowers](#).

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

iii. Standard

(A) Eligibility to Participate in HUD Programs

The Mortgagee must verify that the Borrowers are eligible to participate in HUD's Loss Mitigation Program.

To be eligible to participate in HUD's Loss Mitigation Program, the Borrower:

- may not own other real estate subject to FHA insurance, except within the stated exceptions;
- has not been the Borrower, except through inheritance or as a co-signer only, on prior loans on which an FHA claim has been paid within the past three years;
- for purposes of a Loan Modification, Partial Claim, Combination Loan Modification and Partial Claim, or Payment Supplement, must not be debarred, suspended or subject to a HUD Limited Denial of Participation (LDP) as determined in accordance with Excluded Parties requirements; and
- for purposes of a Partial Claim, Combination Loan Modification and Partial Claim, or Payment Supplement, may not have unresolved delinquent Federal Debt as determined in accordance with Borrower Ineligibility Due to Delinquent Federal Non-Tax Debt requirements. The Delinquent FHA-insured Mortgage associated with the Loss Mitigation does not constitute a disqualifying delinquent Federal Debt.

(1) Occupancy

(a) Definitions

An Owner-Occupant Borrower refers to a Borrower residing in the Property secured by the FHA-insured Mortgage as a Principal Residence.

A Non-Occupant Borrower refers to a Borrower on a Mortgage securing a Property that is not occupied by any Borrower or is not the Principal Residence.

(b) Standard

The Mortgagee must consider Owner-Occupant Borrowers and Non-Occupant Borrowers for all Loss Mitigation Options.

(2) Non-Borrowers Who Acquired Title through an Exempted Transfer

The Mortgagee may consider Repayment Plans, Forbearances, Permanent Home Retention Options, and Home Disposition Options for a non-borrower who acquires title to a Property securing an FHA-insured Mortgage if the Mortgage is not due and payable pursuant to the Garn-St. Germain Depository Institutions Act, (i.e., an Exempted Transfer), and that the non-borrower:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- is willing to assume personal liability for repayment of the Mortgage in accordance with the agreed loss mitigation terms;
- will occupy the home as a Principal Residence;
- meets the criteria for loss mitigation assistance;
- for a Permanent Home Retention Option, successfully completes a six-month TPP; and
- for a Permanent Home Retention Option, has a valid SSN or EIN or meets the eligibility requirement exception regarding social security numbers.

~~ii. Review Requirements~~

~~(A)(B) 90-Day Review~~

A Mortgagee is required to complete an evaluation of a Defaulted Mortgage for appropriate Loss Mitigation Options before four monthly installments are due and unpaid. ~~The Mortgagee must:~~

- ~~contact the Borrower to gather information about their circumstances, intentions, and financial condition;~~
- ~~determine if the Borrower's circumstances may require exclusion of certain co-Borrowers due to divorce, legal separation, domestic violence, mental incapacity, military deployment, or abandonment to comply with state, local and federal servicing laws, and the Mortgagee meets the requirements in Loss Mitigation Agreements; and~~
- ~~complete the evaluation of the Mortgage for all appropriate Loss Mitigation Options.~~

~~After review of a Borrower's loss mitigation request, the Mortgagee must~~ and ~~send a written~~ Notice to Borrower with the determination of eligibility.

~~(B) Monthly Review~~

~~The Mortgagee must evaluate monthly all Loss Mitigation Options available for Borrowers in Default, while the Mortgage remains Delinquent.~~

~~(C) Required Documentation~~

The Mortgagee must ~~document-retain~~ in the Servicing File and the Claim ~~Review~~ File, if applicable, documentation evidencing that the Borrower is eligible to participate in an FHA transaction, and a copy of the Notice to Borrower, and document efforts to reach each Borrower in Default in advance of the 90-Day Review deadline.

The Mortgagee may obtain confirmation from the Borrower, verbally or in writing, that the Borrower does not own any other FHA-insured Property or meets one of the stated exceptions.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~The Mortgagee must include monthly notations in the servicing record, documenting the Mortgagee's analysis of each Loss Mitigation Option. If the Borrower indicates there has been no change in their circumstances, the Mortgagee must note this in the servicing record.~~

~~If the Borrower is performing on an approved Loss Mitigation Option, including Trial Payment Plans (TPP), the Mortgagee must note this in the Servicing File and the Claim Review File, if applicable.~~

iii.iv. Complete Evaluation of Borrower for Loss Mitigation Assistance Requests

(A) Definition

A Complete Loss Mitigation Request is a request for loss mitigation assistance that contains all information ~~the Mortgagee requires~~ from the Borrower **required** in order to evaluate all Loss Mitigation ~~Options including~~ Home Retention Options and Home Disposition Options.

(B) Standard

~~The Mortgagee must timely evaluate and respond to Complete Loss Mitigation Requests. For loss mitigation requests received after the initiation of foreclosure, the Mortgagee must evaluate and respond to Complete Loss Mitigation Requests according to the time frame requirements in Loss Mitigation during the Foreclosure Process.~~

~~When a Mortgagee receives incomplete loss mitigation requests, the Mortgagee must notify the Borrower in writing:~~

- ~~• which documents are needed for review; and~~
- ~~• the date the documents should be sent back to the Mortgagee. The amount of time that is sufficient for this purpose will depend on the facts and circumstances.~~

~~This notice must include the required statement that the Borrower should consider contacting Mortgagees of any other Mortgages secured by the same Property to discuss available Loss Mitigation Options.~~

The Mortgagee must ensure that the Complete Loss Mitigation Request includes:

- the reason for Financial Hardship;**
- Borrower occupancy status; and**
- documentation that may impact a Mortgagee's ability to provide a Loss Mitigation Option for Servicemembers, or Non-Borrowers Who Acquired Title through an Exempted Transfer.**

The Borrower is not required to provide financial documentation to be evaluated for a Loss Mitigation Option. The Mortgagee must not use any financial documentation

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

about the Borrower to disqualify the Borrower from a Loss Mitigation Option other than the required Financial Hardship documentation.

The Mortgagee must not condition the use of a Loss Mitigation Option on the receipt of a Borrower's cash contribution or a Borrower's payment of fees or charges.

For loss mitigation requests received after the initiation of foreclosure, the Mortgagee must evaluate and respond to Complete Loss Mitigation Requests according to the time frame requirements in Loss Mitigation during the Foreclosure Process.

(C) Financial Hardship Documentation

Mortgagees must obtain the Borrower's reason for Financial Hardship and documentation, as required in the table below. The Mortgagee may obtain the reason for Financial Hardship verbally, electronically, or in writing.

Type of Hardship	Required Hardship Documentation
Unemployment	Not required
Reduction in income: a hardship that has caused a decrease in your income due to circumstances outside your control (e.g., elimination of overtime, reduction in regular working hours, a reduction in base pay)	Not required
Increase in housing-related expenses: a hardship that has caused an increase in your housing expenses due to circumstances outside your control (e.g., uninsured losses, increased property taxes, HOA special assessment)	Not required
Disaster (natural or man-made) impacting the Property or Borrower's place of employment	Not required
Long-term or permanent disability, or serious illness of a Borrower/co-Borrower or dependent Family Member	Not required
Divorce or legal separation	Final divorce decree or final separation agreement OR Recorded quitclaim deed

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

<u>Separation of Borrowers unrelated by marriage, civil union, or similar domestic partnership under applicable law</u>	<u>Recorded quitclaim deed OR</u> <u>Legally binding agreement evidencing that the non-occupying Borrower or co-Borrower has relinquished all rights to the Property</u>
<u>Death of Borrower or death of either the primary or secondary wage earner</u>	<u>Death certificate OR</u> <u>Obituary or newspaper article reporting the death</u>
<u>Active duty servicemember employment transfer/relocation</u>	<u>For active duty servicemembers:</u> <u>Permanent Change of Station (PCS) orders or letter showing transfer</u>
<u>Other hardship not listed above</u>	<u>Not required unless needed to evidence legal ownership due to the hardship</u>

The Mortgagee must review the required documents to identify if the documents indicate that Borrowers or non-borrowers:

- have or will have legal ownership of the Property; and
- will be included on Loss Mitigation documents for the Permanent Home Retention Option.

~~(C)~~(D) Required Documentation

The Mortgagee must document in the Servicing File and the Claim File, if applicable, the Complete Loss Mitigation Request and the date of receipt.

~~The Mortgagee must report the appropriate Delinquency/Default Status Code in SFDMS and note in the Servicing File:~~

- ~~• the date a Complete Loss Mitigation Request was received;~~
- ~~• the date any notices were sent to the Borrower requesting additional documentation, if applicable; and~~
- ~~• a list of additional documentation that was requested, if applicable.~~

v. HUD's Loss Mitigation Option Waterfall

The Mortgagee must evaluate Borrowers using the Loss Mitigation Option Waterfall below and the requirements for the specific Loss Mitigation Options.

<u>Loss Mitigation Waterfall Options</u>			
<u>Question</u>	<u>Decision Point</u>	<u>Yes</u>	<u>No</u>

III. SERVICING AND LOSS MITIGATION

8	Does the Borrower meet the requirements to participate in a Home Disposition Option?	Review for a PFS If an approved PFS marketing period is unsuccessful, review for a DIL of Foreclosure	Foreclosure

~~iv. Evaluation of the Borrower's Financial Condition~~

~~(A) Definitions~~

~~For the purposes of loss mitigation, the following definitions apply:~~

~~Borrower refers to the original Borrower who signs the Note and their heirs, executors, administrators, assigns, and approved Substitute Borrowers. This includes any Borrower who is occupying or not occupying the Property.~~

~~Continuous Income is income received by the Borrower that is reasonably likely to continue from the date of the Mortgagee's loss mitigation evaluation through at least the next 12 months.~~

~~Hardship for purposes of FHA's Loss Mitigation Options is demonstrated by a verified increase in living expenses or a loss of income. FHA-approved Mortgagees have the delegated authority to request the documentation they deem necessary from Borrowers to substantiate a hardship.~~

~~(B) Standard~~

~~The Mortgagee must ensure that the Loss Mitigation Option reflects the Borrower's ability to pay. The Mortgagee must obtain detailed financial information from the Borrower in order to evaluate them for Loss Mitigation Options. The Mortgagee must:~~

- ~~• validate any financial information received during a telephone interview with appropriate supporting documentation; and~~
- ~~• determine there is no deliberate manufacturing or misrepresentation of the Borrower's financial information or other qualifying status. Deliberate manufacturing or misrepresentation of financial information or qualifying status by the Borrower will disqualify the Borrower from participation.~~

~~For purposes of calculating Continuous Income in a loss mitigation analysis, the Mortgagee must document each Borrower's income and verify the accuracy of the amount of income being reported.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~The Mortgagee must include income from any Borrower who is occupying or not occupying the Property and the income of each occupying non-Borrower who will be added as a Borrower and assume personal liability for repayment of the Mortgage in accordance with the agreed upon loss mitigation terms.~~

~~(C) Required Documentation~~

~~(1) Documentation for Hardship~~

~~The Mortgagee may use Fannie Mae Form 710/Freddie Mac Form 710, *Mortgage Assistance Application*, or similar document, to collect information related to the Borrower's hardship.~~

~~The Mortgagee must retain documentation in the Servicing File that verifies the hardship and must report the appropriate Delinquency/Default Status Code in SFDMS.~~

~~(2) Borrower Income and Assets~~

~~Prior to approving a Borrower for a Loss Mitigation Option, the Mortgagee must obtain the following documentation for all Borrowers:~~

- ~~• a credit report; and~~
- ~~• income and asset documentation, as required on Fannie Mae Form 710/Freddie Mac Form 710, *Mortgage Assistance Application*.~~

~~The Mortgagee must retain the documentation in the Servicing File and the Claim Review File, if applicable, to support the hardship, income, and assets.~~

~~v. Loss Mitigation Reporting~~

~~The Mortgagee must report the Delinquency Workouts Status Codes that accurately reflect the stage of loss mitigation review in SFDMS.~~

~~If the Mortgagee has determined that the Borrower is ineligible for Loss Mitigation and the Mortgagee will be initiating foreclosure, the Mortgagee must report the appropriate Ineligible for Loss Mitigation Code in SFDMS.~~

vi. Notice to Borrower after Loss Mitigation Review

The Mortgagee must send a written notice to the Borrower after an evaluation of the Borrower for Loss Mitigation Option eligibility, which indicates:

- the Mortgagee's determination of the Borrower's eligibility for a Loss Mitigation Option and which Loss Mitigation Option, if any, the Mortgagee will offer to the Borrower;
- the amount of time in which the Borrower must accept or reject an offer of a Loss Mitigation Option;

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- the actual reason or reasons they have been denied for any HUD Loss Mitigation Option;
- the process for appeals or escalation of cases;
- the process and time frame for submission of additional information that may impact the Mortgagee's evaluation;
- the Mortgagee's points of contact; and
- if loss mitigation is denied ~~after submission of a Complete Loss Mitigation Request and expiration of any applicable appeal period~~, rejected by the Borrower, unsuccessful, or unable to be considered due to the Borrower's failure to execute the documents to complete the submit a Complete Loss Mitigation Option Request or to provide ~~after the Mortgagee's request for~~ additional information requested by the Mortgagee, and any applicable appeal period has expired:
 - the Borrower's Mortgage may be included in a Single Family Loan Sale (SFLS); or
 - the Borrower's Mortgage may be foreclosed upon.

vii. Loss Mitigation Agreements

(A) Definition

A Loss Mitigation Agreement refers to all Permanent Home Retention or Home Disposition Options documents that require execution by the Borrower.

(A)(B) Standard

The Mortgagee must ensure that Loss Mitigation-Option aAgreements are executed by all parties necessary to ensure:

- that HUD's first lien position is preserved; and
- that the Agreement is enforceable under state and local law.

The Mortgagee may exclude certain signatories to the Agreement or waive the need for a quit claim deed because of divorce, legal separation, domestic violence, mental incapacity, military deployment, or abandonment if the Mortgagee can ensure HUD's first lien position and the Agreement is enforceable under state and local law.

(B)(C) Mortgagee Signature

Where a Mortgagee signature is required on a Loss Mitigation-Option aAgreement, the servicing Mortgagee with this delegated authority may provide this signature.

(C)(D) Authorized Third Parties

When a Loss Mitigation-Option aAgreement is to be signed by an Authorized Third Party with authority to act on behalf of the Borrower, the Mortgagee must ~~ensure that the Claim Review File includes~~ a copy of that party's authorization in the Servicing File and Claim File, if applicable.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(D)~~(E) Electronic Signatures

The use of electronic signatures is voluntary. HUD will accept an electronic signature conducted in accordance with the [Policy on Use of Electronic Signatures](#) on HUD Loss Mitigation documents requiring signatures, unless otherwise prohibited by law.

~~(E)~~(F) No Waiver of Rights

The Mortgagee must not include any language in any loss mitigation documents that requires Borrowers to waive their rights under state or federal law or under the mortgage contract as a condition for consideration, approval, or implementation of a Loss Mitigation Option.

viii. Loss Mitigation during Bankruptcy Proceedings

(A) Standard

The Mortgagee must comply with and seek relief, if appropriate, from the automatic stay. The Mortgagee may review Borrowers with active Chapter 7 or Chapter 13 bankruptcy cases for Loss Mitigation Options to the extent that such loss mitigation does not violate federal bankruptcy laws or orders of the bankruptcy court or bankruptcy trustee.

(1) Eligibility for Loss Mitigation

The Mortgagee may consider Loss Mitigation Options for those Borrowers who have received a Chapter 7 bankruptcy discharge and did not reaffirm the FHA-insured mortgage debt under applicable law.

(2) Bankruptcy Proceedings for which Borrower Has an Attorney

The Mortgagee must, upon receipt of notice of a bankruptcy filing, send information to the Borrower's attorney indicating that Loss Mitigation Options may be available, and provide:

- requirements for additional financial information documentation;
- applicable time frames;
- Mortgagee contact information; and
- additional instructions to facilitate workout discussions, as appropriate.

The Mortgagee must ensure that this communication does not infer that it is in any way an attempt to collect a debt.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(3) Bankruptcy Proceedings for which Borrower does Not Have an Attorney (Bankruptcy Pro Se)

Where the Borrower filed the bankruptcy pro se, the Mortgagee must send information indicating that Loss Mitigation Options may be available to the Borrower, with a copy to the bankruptcy trustee.

The Mortgagee must ensure that this communication does not infer that it is in any way an attempt to collect a debt.

(B) Required Documentation

The Mortgagee must retain documentation supporting efforts to comply with or seek relief from automatic stays and documentation supporting any delays in meeting required HUD timelines in the Servicing File and the Claim ~~Review~~ File.

~~**(C) Reporting Bankruptcy**~~

~~The Mortgagee must report in SFDMS the Account in Bankruptcy Codes reflecting the status of the bankruptcy proceedings.~~

ix. Escalated Cases

(A) Definition

Escalated Cases are Borrower inquiries and complaints requiring additional Mortgagee review because they include allegations of:

- improper analysis of Borrower information or denials of Loss Mitigation Options;
- foreclosures initiated or continued in violation of HUD's policy; or
- other violations of HUD ~~Collections and Loss Mitigation~~ policies.

(B) Standard

The Mortgagee must escalate cases to its designated escalation team at the request of:

- HUD staff; or
- the Borrower or Borrower's Authorized Third Party representative.

(C) Escalation Processes

The Mortgagee must escalate and respond to cases in accordance with their written internal policies.

The Mortgagee must ensure that, at a minimum, the policies include the following:

- which staff members will be responsible for resolving escalated cases. These staff members must:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- not be the same staff members responsible for the first evaluation of the loss mitigation application; and
 - have access to the Borrowers' Servicing Files;
- provide for timely responses to escalated cases as follows:
 - within seven Days of categorizing a Borrower's inquiry or complaint as an escalated case, the Mortgagee should notify the Borrower in writing that their inquiry and/or complaint has been escalated and that a resolution to their case will be provided no later than 30 Days from the date of escalation; and
 - if the Mortgagee is unable to resolve an escalated case within 30 Days, the Mortgagee must send the Borrower written updates on the status of their case every 15 Days until the case is resolved;
- provide Borrowers with the direct contact information of the department and/or staff member responsible for resolving its escalated cases;
- include methodologies for assessing a Servicer's compliance with its escalation policies. These methodologies must be included in a Mortgagee's Quality Control (QC) Plan; and
- detail the Mortgagee's process for resolving escalated cases and managing foreclosure activity when a foreclosure sale has been scheduled.

x. Required Documentation

The Mortgagee must document their compliance with HUD's Loss Mitigation Program in the Servicing File and the Claim File, if applicable, including:

- all loss mitigation actions, including all efforts to contact the Borrowers; and
- all documentation used to analyze and make loss mitigation decisions and to confirm compliance with loss mitigation requirements.

q.i. HUD's Loss Mitigation Home Retention Options Program (12/30/2025)(05/01/2024)

If the Mortgagee has sent out the final documents to the Borrower to complete a COVID-19 Advance Loan Modification (COVID-19 ALM), COVID-19 Recovery Loss Mitigation Option (COVID-19 Recovery Option), or FHA-Home Affordable Modification Program (FHA-HAMP) Option (for Non-Borrowers Who Acquired Title through an Exempted Transfer), as of September 30, 2025, the Mortgagee must complete the COVID-19 ALM, COVID-19 Recovery Option, or FHA-HAMP Option.

The COVID-19 ALM, COVID-19 Recovery Options, and FHA-HAMP expire on September 30, 2025, and final documents may not be sent after this date. For Borrowers in Imminent Default or non-borrowers who acquired title through an exempted transfer, the Mortgagee may send final documents after September 30, 2025, where the home retention option was approved no later than September 30, 2025.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

i.—Definitions

HUD's Loss Mitigation Options are intended to minimize economic impact to the MMIF and to avoid foreclosure, when possible. The Loss Mitigation Options are:

- ~~Informal or Formal Forbearance~~
- ~~Special Forbearance (SFB) Unemployment~~
- ~~FHA Home Affordable Modification Program (FHA HAMP) Loan Modification, FHA HAMP Standalone Partial Claim, and FHA HAMP Combination Loan Modification/Partial Claim~~
 - ~~All FHA HAMP Options are temporarily suspended and must not be offered through April 30, 2025, except for Non-Borrowers Who Acquired Title through an Exempted Transfer. Mortgagees must evaluate all other Borrowers for the COVID-19 Recovery Home Retention Options.~~
- ~~Pre-Foreclosure Sale (PFS)~~
 - ~~Standard PFS is temporarily suspended and must not be offered through April 30, 2025, except for Non-Borrowers Who Acquired Title through an Exempted Transfer. Mortgagees must evaluate all other eligible Borrowers for the COVID-19 PFS.~~
- ~~Deed-in-Lieu (DIL) of Foreclosure~~
 - ~~Standard DIL is temporarily suspended and must not be offered through April 30, 2025, except for Non-Borrowers Who Acquired Title through an Exempted Transfer. Mortgagees must evaluate all other eligible Borrowers for the COVID-19 DIL.~~

For Borrowers affected by a non-COVID-19 Presidentially Declared Major Disaster Area (PDMDA) or a COVID-19 PDMDA and National Emergency, the Mortgagee must comply with the Loss Mitigation requirements in Loss Mitigation for Borrowers in PDMDAs.

ii.—Standard

Mortgagees are required to evaluate those Borrowers whose Mortgages are in Default or in Imminent Default for Loss Mitigation Options.

In implementing HUD's Loss Mitigation Program, the Mortgagee must:

- ~~consider all reasonable means to address delinquency at the earliest possible time;~~
- ~~adhere to the requirements for communication with Borrowers in Default as set out in the Collection Communication Timeline;~~
- ~~utilize HUD's Loss Mitigation Options to avoid foreclosure, when feasible;~~
- ~~initiate foreclosure within six months of the date of Default; and~~
- ~~re-evaluate each Delinquent Mortgage monthly for loss mitigation eligibility until reinstatement or completion of a Home Disposition Option, foreclosure, or Single Family Loan Sale (SFLS).~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~When reviewing Borrowers for Loss Mitigation Options, a streamlined or refinanced Mortgage on the same Property and by the same Borrowers is not considered a new Mortgage for seasoning requirements.~~

~~The Mortgagee may offer eligible Borrowers Loss Mitigation Options in accordance with program-specific procedures for:~~

- ~~• Section 203(q) Mortgages, Mortgages on Property in Allegany Reservation of Seneca Indians;~~
- ~~• Section 248 Mortgages on Indian Land insured pursuant to Section 248 of the National Housing Act; and~~
- ~~• Section 247 Mortgages, Mortgages on Hawaiian Home Lands insured pursuant to Section 247 of the National Housing Act.~~

~~(A) Owner Occupancy~~

~~(1) Definitions~~

~~An Owner-Occupant Borrower refers to a Borrower residing in the Property secured by the FHA-insured Mortgage as a Principal Residence.~~

~~A Non-Occupant Borrower refers to a Borrower on a Mortgage securing a Property that is not occupied by any Borrower.~~

~~(2) Standard for Non-Occupant Borrowers~~

~~The Mortgagee must consider Non-Occupant Borrowers for:~~

- ~~• Informal or Formal Forbearances; or~~
- ~~• Home Disposition Options.~~

~~(3) Required Documentation~~

~~The Mortgagee must document in the Servicing File and the Claim Review File, if applicable, the justification for approval of any Non-Occupant Borrowers for Loss Mitigation Options and, if applicable, retain a copy of the Request for Variance received from the NSC via EVARS. Mortgagees must also report the appropriate Delinquency/Default Status Code in SFDMS.~~

~~(4) Exceptions to Owner Occupancy Requirements~~

~~(a) Borrowers with Multiple FHA-Insured Mortgages~~

~~(i) Standard~~

~~The Mortgagee may consider Loss Mitigation Options other than the Deed-in-Lieu (DIL) Option for those Borrowers who meet the eligibility requirements for policy exceptions listed in the Exceptions to the FHA Policy Limiting the Number of Mortgages per Borrower section.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(ii) Required Documentation~~

~~The Mortgagee must document in the Servicing File and the Claim Review File, if applicable, the justification for any exceptions for Borrowers with multiple FHA-insured Mortgages.~~

~~(b) Non-Borrowers Who Acquired Title through an Exempted Transfer~~

~~The Mortgagee may consider Home Retention Options for a non-borrower who acquires title to a Property securing an FHA-insured Mortgage if the Mortgage is not due and payable pursuant to the Garn-St. Germain Depository Institutions Act, and that the non-borrower:~~

- ~~• will occupy the home as a Principal Residence;~~
- ~~• submits to a credit review;~~
- ~~• meets financial criteria for loss mitigation assistance; and~~
- ~~• is willing to assume personal liability for repayment of the Mortgage in accordance with the agreed loss mitigation terms.~~

~~(c) Non-Borrowers Who Acquired Title Not through an Exempted Transfer~~

~~The Mortgagee may consider loss mitigation for a non-borrower who is not covered by an exempted transfer under the Garn-St. Germain Depository Institutions Act and who acquired title but does not hold sole title to the Property as follows:~~

- ~~• the non-borrower will be added as a Borrower; and~~
- ~~• the non-borrower will be considered for loss mitigation with the cooperation and approval of the existing Borrowers.~~

~~(d) Co-insured Mortgages~~

~~The Mortgagee must not offer any Loss Mitigation Options other than the Informal or Formal Forbearance or SFB-Unemployment Options on co-insured Mortgages until the 60th payment has been received.~~

~~(B) Eligibility to Participate in HUD Programs~~

~~(1) Standard~~

~~The Mortgagee must verify that the Borrowers are eligible to participate in HUD's Loss Mitigation Program. As a part of determining eligibility, the Mortgagee must utilize the appropriate system to determine if the Borrower is excluded from HUD's Loss Mitigation Program.~~

~~To be eligible to participate in HUD's Loss Mitigation Program, the Borrower:~~

- ~~• may not own other real estate subject to FHA insurance, except within the stated exceptions;~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- ~~• has not been the Borrower, except through inheritance or as a co-signer only, on prior loans on which an FHA claim has been paid within the past three years; and~~
- ~~• for purposes of FHA HAMP:~~
 - ~~○ may not be debarred, suspended or subject to a HUD Limited Denial of Participation (LDP) as determined in accordance with Excluded Parties requirements; and~~
 - ~~○ may not have unresolved delinquent Federal Debt as determined in accordance with Borrower Ineligibility Due to Delinquent Federal Non-Tax Debt requirements. The Delinquent FHA-insured Mortgage associated with the Loss Mitigation does not constitute a disqualifying delinquent Federal Debt.~~

~~The Credit Alert Verification Reporting System (CAIVRS) must be used when determining the Borrower's eligibility for the following Loss Mitigation Options:~~

- ~~• SFB~~
- ~~• FHA HAMP~~
- ~~• PFS Program~~
- ~~• DIL of Foreclosure~~

(2) Required Documentation

~~The Mortgagee must retain in the Servicing File and the Claim Review File, if applicable, documentation evidencing that the Borrower is eligible to participate in an FHA transaction.~~

iii. HUD's Loss Mitigation Option Priority Waterfall

~~The Mortgagee must evaluate Borrowers using the Loss Mitigation Option Priority Waterfall below to determine which, if any, Loss Mitigation Options are appropriate in accordance with HUD guidance.~~

~~The Mortgagee must not condition the use of a Loss Mitigation Option on the receipt of a Borrower's cash contribution or Borrower's payment of fees or charges.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

iv. Required Documentation

~~The Mortgagee must document the implementation of HUD's Loss Mitigation Program in the Servicing File and the Claim Review File, if applicable, including:~~

- ~~• loss mitigation actions reported through SFDMS;~~
- ~~• all loss mitigation actions, including all efforts to contact the Borrowers; and~~
- ~~• all documentation used to analyze and make loss mitigation decisions and to confirm compliance with loss mitigation requirements.~~

i. Definitions

The Loss Mitigation Home Retention Options are:

- Repayment Plans;
- Forbearances;
- Standalone Partial Claims;
- Standalone Loan Modifications;
- Combination Loan Modifications and Partial Claims;
- Payment Supplements; and
- Outside of the Waterfall Loan Modifications (OWL).

Early Default Intervention Tools refer to Repayment Plans and Forbearances.

Permanent Home Retention Options refer to Standalone Partial Claims, Standalone Loan Modifications, Combination Loan Modifications and Partial Claims, and Payment Supplements.

Arrearages refer to amounts needed to bring the Mortgage current and must only include:

- for Repayment Plans, Standalone Partial Claims, and Payment Supplements,
principal amounts that are past due;
- unpaid accrued interest;
- past due escrow amounts and/or Mortgage advances for escrow items;
- projected escrow shortage amount, except for Repayment Plans; and
- allowable legal fees and foreclosure and bankruptcy costs for work performed for
the current Default episode as of the date of the foreclosure cancellation and not
higher than the fees and costs HUD has identified as customary and reasonable.

ii. Early Default Intervention Tools

(A) Repayment Plans

(1) Definitions

A Repayment Plan allows a Borrower to resume their Mortgage Payment after a Delinquency and includes an additional amount required to repay the arrearages, as calculated in Appendix 4.0 – FHA Home Retention Options Calculations, Part A: Arrearages, Step 2, over a specific period to reinstate the Mortgage.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

A Repayment Plan Agreement is a written document that provides the Borrower with the terms of the plan to reinstate the Delinquent Mortgage.

(2) Standard

The Mortgagee must review the Borrower for a Repayment Plan if the Borrower affirms the monthly installment amount required under the terms of the Repayment Plan Agreement is affordable.

Prior to providing the Repayment Plan Agreement, the Mortgagee must inform the Borrower that they may be eligible for a Permanent Home Retention Option that may reduce the Mortgage Payment.

The Mortgagee must:

- ensure the term of the Repayment Plan does not exceed 24 months; and
- require the delinquency to be repaid in equal monthly installments, in addition to the Mortgage Payments, over the term of the Repayment Plan.

The Mortgagee must suspend or terminate any foreclosure action upon approval of a Repayment Plan in accordance with the requirements for Terminating Foreclosure Proceedings for Loss Mitigation.

Repayment Plans are not eligible for Mortgage incentive payments.

(3) Borrower Qualifications

The Mortgagee must ensure the Borrower attests they can make the Mortgage Payment under the Repayment Plan.

The Mortgagee must ensure that the Borrower's arrearages do not exceed:

- four months Delinquent PITI; or
- 12 months Delinquent PITI for:
 - o Mortgages funded in connection with mortgage revenue bonds that are restricted by the IRC and cannot extend the term of a Mortgage, or the interest rate cannot be modified; or
 - o Borrowers who have less than \$1,000 in Partial Claim funds available; or
 - o Borrowers who received a Permanent Home Retention Option in the past 24 months, where the first legal action to initiate foreclosure has not been completed.

Borrowers who failed a TPP for a Permanent Home Retention Option during the current Default episode are not eligible for a Repayment Plan.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(4) Repayment Plan Agreement

The Mortgagee must provide the Borrower with the Repayment Plan Agreement at least 15 Days before the date the first installment is due. The Borrower is not required to sign and return the Repayment Plan Agreement.

The Mortgagee must ensure the Repayment Plan Agreement provides the following information:

- the specific months for which the account is Delinquent and the total arrearage that accrued prior to the beginning of the Repayment Plan;
- the term of the plan in months;
- the monthly installment amount required, which must include:
 - o the current monthly installment; and
 - o the additional amount required to cover arrearages;
- late fees will not be assessed while the Borrower is performing under the terms of the Repayment Plan;
- if the escrow amount changes, the monthly installment may also change during the Repayment Plan;
- the Borrower may contact the Mortgagee to determine if other Loss Mitigation Options or an adjustment to the Repayment Plan is available if their financial circumstances change;
- the Borrower may pre-pay at any time; and
- remittance of the initial monthly installment in an amount equal to or greater than the amount required under the plan is considered the Borrower's acceptance of the Repayment Plan Agreement.

(5) Repayment Plan Failure

The Borrower has failed a Repayment Plan if:

- the Mortgagee becomes aware the Property has been condemned or abandoned;
- the Borrower does not make a scheduled monthly installment by the last Day of the month the installment was due; or
- the Borrower informs the Mortgagee that the terms of the Repayment Plan Agreement will not be fulfilled.

The Mortgagee must apply remaining funds in suspense, if any, to the Borrower's account in accordance with Application of Payments.

If the Repayment Plan fails, the Mortgagee must evaluate the Borrower for the other Loss Mitigation Options. If the Borrower is not approved for a different Loss Mitigation Option, the Mortgagee must initiate foreclosure. HUD provides an automatic 90-Day extension during which the Mortgagee must take one of these actions.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(6) Required Documentation

The Mortgagee must retain the Repayment Plan Agreement in the Servicing File and the Claim File.

(B) Forbearance

(1) Definition

A Forbearance allows for reduced or suspended monthly Mortgage Payments for a specified period.

(2) Eligibility

The Mortgagee may offer an initial Forbearance to a Borrower when:

- the Borrower attests they have an unresolved Financial Hardship;
- the first legal action to initiate foreclosure has not been completed; and
- the Forbearance period(s) will not result in an accrued arrearage exceeding 12 months of Delinquent PITI.

(3) Standard

The Mortgagee may provide an initial Forbearance for a period of one to three months. After the initial Forbearance period, the Mortgagee must contact the Borrower monthly to verify occupancy and continued eligibility and to adjust the terms of the agreement if there is a change in financial circumstances.

For Borrowers impacted by a Presidentially-Declared Major Disaster Area (PDMDA) the Mortgagee must review the Borrower for a Disaster Forbearances for Borrowers in PDMDAs.

The maximum Forbearance per Default episode is 12 months, provided the accrued arrearage does not exceed the equivalent of 12 months Delinquent PITI for the duration of the plan. For Graduated Payment Mortgages (GPM) and Growing Equity Mortgages (GEM), this will be calculated by multiplying 12 times the monthly payments due on the date of Default.

Accrued arrearages during a PDMDA Forbearance within the same Default episode do not count against the 12-month Delinquent PITI maximum.

The Mortgagee may reduce, suspend, or both, the required monthly Mortgage Payment for the Forbearance period.

The Mortgagee may offer additional Forbearance periods for one to three months, where:

- the eligibility for a Forbearance continues to be met; and

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- the Servicing File reflects the Borrower affirms the continued need for a Forbearance prior to each subsequent period.

Forbearances are not eligible for loss mitigation incentive payments.

(4) Forbearance Agreement

The Mortgagee must provide the Forbearance Agreement to the Borrower within 15 Days from the date of approval of the initial Forbearance period and must provide an updated Forbearance Agreement for each subsequent Forbearance period. The Borrower is not required to sign and return the Forbearance Agreement.

The Mortgagee must ensure the Forbearance Agreement provides the following information:

- the term of the plan in months;
- the monthly installment amount required, if any;
- late fees will not be assessed during the Forbearance;
- the Borrower should contact the Mortgagee to determine if other Loss Mitigation Options are available if their financial circumstances change; and
- the Borrower may pre-pay at any time.

(5) Payment Application

The Mortgagee must place payments submitted by the Borrower during the Forbearance period in a suspense account which is to be identified as belonging to the Borrower. When the suspense funds total a full monthly payment, the Mortgagee must apply the payment to the Borrower's account in accordance with HUD's Partial Payments for Mortgages in Default guidance and any other applicable requirements.

If the Borrower does not complete the terms of the Forbearance, any funds held in suspense must be applied to the Borrower's account.

(6) Expiration of Forbearance Agreement

During the month in which the Forbearance Agreement is to expire, the Mortgagee must contact the Borrower to determine if the Borrower qualifies for:

- an additional period of Forbearance, provided that the Forbearance will not allow for more than 12 months of Delinquent PITI;
- a Repayment Plan; or
- a permanent Loss Mitigation Option.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(7) Forbearance Failure

A Forbearance is considered failed if:

- the Property is condemned or abandoned; or
- the Borrower:
 - o informs the Mortgagee that the terms of the Forbearance Agreement will not be fulfilled; or o
 - o fails to perform under the terms of the Forbearance Agreement for 60 Days without any advisement to the Mortgagee of any problems that prevented the Borrower from complying with the terms of the agreement.

If the Forbearance fails, the Mortgagee must evaluate the Borrower for another Loss Mitigation Option. If the Borrower is not approved for a Loss Mitigation Option, the Mortgagee must commence or recommence foreclosure. HUD provides an automatic 90-Day extension during which the Mortgagee must take one of these actions:

(8) Required Documentation

The Mortgagee must retain in the Servicing File and the Claim File, if applicable, a copy of the Forbearance Agreement and each subsequent Forbearance Agreement.

iii. Permanent Home Retention Options

Prior to providing a Borrower with a Permanent Home Retention Option, the Mortgagee must explain to the Borrower, verbally or in writing:

- the different Early Default Intervention Tools, Permanent Home Retention Options, and Home Disposition Options, including:
 - o the Borrower's responsibilities under each; and
 - o the repercussions if the Borrower does not meet their responsibilities;
- the Borrower will not be eligible to receive more than one Permanent Home Retention Option in a 24-month period except in cases of natural disasters;
- if the Borrower qualifies for the Standalone Partial Claim, they may also be eligible for a Permanent Home Retention Option that may reduce the Mortgage Payment; and
- that a TPP will be required and the documents for the Permanent Home Retention Option will be required to be executed after the TPP to finalize the option.

(A) Standard Eligibility

The Mortgagee must ensure the following requirements are met in addition to all requirements for the appropriate Permanent Home Retention Option.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(1) Mortgage Status

The Mortgagee must ensure that:

- a minimum of four Mortgage Payments have been paid by the Borrower on the Mortgage, except for Disaster Home Retention Options;
- the Mortgage is in Default or Imminent Default;
- any foreclosure action is suspended or terminated in accordance with the requirements for Terminating Foreclosure Proceedings for Loss Mitigation; and
- three or more full monthly payments are due and unpaid (i.e., 61 Days or more past due) prior to sending the TPP Agreement for the approved Permanent Home Retention Option.

The Mortgagee may send the TPP Agreement to Borrowers in Imminent Default prior to three or more full monthly payments becoming due and unpaid. The Mortgagee may consider a Borrower in Imminent Default who has completed a TPP and remains in Default as meeting the delinquency requirement.

(2) Borrower Qualifications

The Mortgagee must ensure that the Borrower:

- attests that the Default or Imminent Default is due to a Financial Hardship;
- attests that they can resume making their current Mortgage Payment or indicates they require payment reduction;
- has not executed an agreement for a Permanent Home Retention Option or OWL, where the date of execution on a previous Permanent Home Retention Option occurred in the past 24 months, at the time the Permanent Home Retention Option is executed, except:
 - o a Borrower who received a PDMDA Home Retention Option or a COVID-19 Home Retention Option in the past 24 months remains eligible for a Permanent Home Retention Option or OWL; and
 - o a Borrower who received a Permanent Home Retention Option, OWL, or PDMDA Home Retention Option within the past 24 months remains eligible for a PDMDA Home Retention Option if impacted by a disaster associated with a PDMDA;
- completes the Borrower Affordability Attestation for the Permanent Home Retention Option; and
- has successfully completed a TPP.

(3) Property Condition

The Mortgagee must conduct any review it deems necessary, including a property inspection, when:

- the Mortgagee receives notice from the Borrower, local government, or other third parties regarding adverse property condition; or
- the Property may be affected by a disaster event.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

If the Mortgagee determines the property condition will adversely impact the long-term use of the Property or ability to support the debt, the Mortgagee is not required to review the Borrower for the Permanent Home Retention Options.

(B) Borrower Affordability Attestation

(1) Definition

Borrower Affordability Attestation refers to the Borrowers' affirmation that the Borrower can make the offered monthly Mortgage Payment under the Permanent Home Retention Option and they will not be eligible for another Permanent Home Retention Option, which may provide additional payment reduction, in the 24 months following the execution of the offered Permanent Home Retention Option, except for a PDMDA.

(2) Standard

The Mortgagee must obtain the Borrower Affordability Attestation either electronically, by hard copy, or verbally for all Permanent Home Retention Options prior to issuing the final documents for the Permanent Home Retention Option.

The Mortgagee must ensure:

- the Borrower affirms the monthly Mortgage Payment amount offered is affordable; and
- the Borrower acknowledges they will not be eligible for another Permanent Home Retention Option, which may provide additional payment reduction, in the 24 months following the execution of the offered Permanent Home Retention Option, except for a PDMDA.

If the Mortgagee receives the Borrower Affordability Attestation verbally, the Mortgagee must certify that they have verbally received the Borrower's attestation and note the name and the phone number of the Borrower that provided the attestation.

If the Mortgagee requires an electronic or hard copy of the Borrower Affordability Attestation, the Mortgagee must provide the Borrower 30 Days to return it. If it has not been returned, the Mortgagee must contact the Borrower, at a minimum, twice within the 30-Day period to notify the Borrower that the Borrower Affordability Attestation must be returned within 30 Days.

The Mortgagee must receive the Borrower Affordability Attestation from at least one Borrower.

If the Borrower Affordability Attestation is not obtained, the Mortgagee must consider the Borrower to be unresponsive, evaluate the Borrower for an OWL,

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

and commence, recommence, or resume foreclosure within 90 Days if the Borrower is ineligible for the OWL.

(3) Required Documentation

The Mortgagee must include the Borrower Affordability Attestation in the Servicing File and Claim File.

(C) Trial Payment Plans

(1) Definitions

A Trial Payment Plan (TPP) is a payment plan for a period of three months, four months for a Borrower in Imminent Default, or six months for Non-Borrowers Who Acquired Title through an Exempted Transfer, during which the Borrower must make the agreed-upon consecutive monthly payments beginning after the Mortgagee has approved the Borrower for a Permanent Home Retention Option or OWL, and prior to executing the permanent Loss Mitigation documents.

A Trial Payment Plan (TPP) Agreement is a written document that establishes the TPP terms, which must be provided to the Borrower prior to the first payment due under the TPP payment due date.

(2) Standard

(a) Trial Payment Plan Required

The Mortgagee must ensure the Borrower successfully completes a TPP for a period of three months before executing Permanent Home Retention Option or OWL documents.

The Mortgagee must ensure Borrowers in Imminent Default successfully complete a TPP for a period of four months before executing Permanent Home Retention Option documents.

The Mortgagee must ensure Non-Borrowers Who Acquired Title through an Exempted Transfer successfully complete a TPP for a period of six months before executing Permanent Home Retention Option documents.

(b) Trial Payment Terms

The Mortgagee must ensure the following terms of the TPP are met:

- the TPP does not exceed a period of three consecutive months, four consecutive months for Borrowers in Imminent Default, or six consecutive months for Non-Borrowers Who Acquired Title through an Exempted Transfer;

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- the payments must be made in, or no more than 15 Days before, the month they are due;
- for any Loss Mitigation Option that includes a Loan Modification, the interest rate for the TPP and the permanent Loan Modification is not greater than the Market Rate;
 - o the Market Rate must be established when the TPP is offered;
- the monthly payment under the TPP must be the projected monthly Mortgage Payment, after an escrow analysis, for the Permanent Home Retention Option or OWL; and
- Late Charges must be waived during the trial payment period if the Borrower is paying as agreed on the TPP.

For Borrowers completing a TPP after a default during a Payment Supplement Period, the Mortgagee must:

- ensure the amount of the monthly payment during the TPP is the projected monthly Mortgage Payment for the Permanent Home Retention Option or OWL;
- for Standalone Partial Claims, continue to apply the Monthly Principal Reduction (MoPR) during the TPP when the Mortgagee has received and accepted, at a minimum, the Borrower's portion of the Mortgage Payment under the Payment Supplement; and
- for Loan Modifications or Combination Loan Modifications and Partial Claims:
 - o not reduce the TPP payment amount by the MoPR; and
 - o apply the MoPR when the Borrower's portion of the Mortgage Payment due under the Payment Supplement has been received and accepted, including partial payments accumulated during the TPP.

(c) Trial Payment Plan Agreement

The Mortgagee must provide the TPP Agreement to all parties that will be required to execute the Loss Mitigation Agreement for the Permanent Home Retention Option at least 15 Days before the date the first trial payment is due. The Borrower is not required to sign and return the TPP Agreement.

The TPP Agreement must include:

- the duration of the TPP period;
- the amount of the monthly payments, which are the projected monthly Mortgage Payments for the Permanent Home Retention Option or OWL;
- the months the payments are due during the TPP period;
- the Market Rate for the modified Mortgage, if applicable;
- the payments must be made in, or no more than 15 Days before, the month they are due;

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- remittance of the initial monthly installment in an amount equal to or greater than the amount required under the TPP is considered the Borrower's acceptance of the TPP Agreement; and
- a notice that indicates:
 - o after successfully completing the TPP, the Borrower must continue making payments in accordance with the terms of the TPP Agreement until the Permanent Home Retention Option or OWL documents have been ratified by all parties; and
 - o the reasons a TPP would fail.

(d) Application of Trial Payments

When the trial payment is less than a full monthly payment the Mortgagee must apply them in accordance with Partial Payments for Mortgages in Default and any applicable federal regulations.

(3) Trial Payment Plans during Foreclosure

The Mortgagee must suspend or terminate the foreclosure action in accordance with Terminating Foreclosure Proceedings for Loss Mitigation.

(4) Successful Completion of Trial Payment Plan Period

Upon the Borrower's successful completion of a TPP, the Mortgagee must:

- prepare the Loss Mitigation documents to be effective no later than the first Day of the second month following the final TPP month;
- provide the Loss Mitigation Agreement documents to all required parties at least 15 Days before the effective date of the Permanent Home Retention Option or OWL with the deadline to return executed documents;
- apply funds remaining in the Borrower's suspense account that do not total a full PITI payment to any calculated escrow shortage or to reduce any amounts that would otherwise be capitalized in the principal balance; and
- provide an executed copy of the Loss Mitigation Agreement documents to the Borrower no later than 15 Days after receipt of the documents.

(5) Trial Payment Plan Failure

(a) Standard

The Borrower has failed a TPP when one of the following occurs:

- the Mortgagee becomes aware the Property has been condemned or abandoned;
- the Borrower does not make a scheduled TPP payment by the last Day of the month the payment was due; or

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- the Borrower informs the Mortgagee that the terms of the TPP Agreement will not be fulfilled.

The Mortgagee must report the TPP failure in SFDMS, even if a second TPP may be offered.

The Mortgagee must apply all funds remaining in suspense to the Borrower's account in accordance with Application of Payments.

If the Borrower fails a TPP and is not eligible for another Permanent Home Retention Option, the Mortgagee must evaluate the Borrower for Home Disposition Options.

HUD provides an automatic 90-Day extension for the Mortgagee to approve another Loss Mitigation Option, or to commence or recommence foreclosure, should a TPP fail.

(b) Reconsideration for Permanent Home Retention Options After TPP Failure

Borrowers who fail an initial TPP for the following Home Retention Options, due to not making a scheduled TPP payment by the last Day of the month the payment was due, are eligible for re-evaluation for a Permanent Home Retention Option:

- a Standalone Partial Claim;
- a Standalone Loan Modification in lieu of a Partial Claim (calculated using Appendix 4.0, Part C: Borrower Attests They Can Resume Mortgage Payments); or
- an OWL.

All other Borrowers are ineligible for re-evaluation for a second TPP, but remain eligible to be reviewed for Home Disposition Options.

For an eligible Borrower, the Mortgagee must:

- re-evaluate the Borrower for a Permanent Home Retention Option, in order, using Appendix 4.0, Part D through Part F; and
- if the Permanent Home Retention Option provides at least a \$1.00 reduction in the P&I payment from the initial TPP, offer the Borrower one additional TPP for the Permanent Home Retention Option.

If the Borrower receives a second TPP, the Mortgagee must report the use of a TPP in SFDMS after the TPP failure for the initial TPP is reported.

If a second Permanent Home Retention Option is unable to provide the required P&I reduction or if the Borrower fails a second TPP, the Mortgagee must evaluate the Borrower for Home Disposition Options.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(6) Required Documentation

The Mortgagee must retain a copy of any TPP Agreement in the Servicing File and the Claim File.

(D) Execution of Permanent Home Retention Option Documents

The Mortgagee must send the Permanent Home Retention documents to the Borrower within 15 Days from the successful completion of a TPP.

The Mortgagee must cease all foreclosure related activities upon acceptance of the executed Permanent Home Retention Option documents.

The Mortgagee must ensure that Permanent Home Retention Option documents are executed by all parties necessary to ensure:

- HUD's first lien position is preserved; and
- the Agreement is enforceable under state and local law.

The Mortgagee must accept the executed Permanent Home Retention Option documents returned within the month of the effective date of the Permanent Home Retention Option, provided the Borrower continues to make Mortgage Payments.

The Mortgagee must include a written notification with the Permanent Home Retention Option documents that advises the Borrower:

- the Permanent Home Retention Option will be denied if the documents are not returned within the month of the effective date of the Permanent Home Retention Option;
- the Permanent Home Retention Option will be denied if the Borrower does not continue to make Mortgage Payments; and
- the Permanent Home Retention Option must fully reinstate the Mortgage within the month of the effective date even if the Mortgagee accepts the executed documents after the effective date.

If the Borrower fails to return the executed Permanent Home Retention Option documents within the month of the effective date of the Permanent Home Retention Option, the Mortgagee must deny the option. If the Permanent Home Retention Option is denied, the Mortgagee must evaluate the Borrower for Home Disposition Options. If the Borrower is denied for a Home Disposition Option, the Mortgagee must commence, recommence, or resume foreclosure no later than 90 Days after denial of the Loss Mitigation Option.

The Mortgagee must provide a fully executed copy of the Loss Mitigation Agreement documents to the Borrower no later than 15 Days after the documents are accepted by the Mortgagee.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

iv. Partial Claims

(A) Definition

A Partial Claim is FHA's reimbursement of a Mortgagee advancement of funds on behalf of the Borrower in an amount necessary to assist in reinstating the Delinquent Mortgage and, where applicable, a principal deferment.

(B) Standard

The Partial Claim must be secured by a zero interest subordinate promissory Note and Mortgage executed by the Borrower in favor of HUD.

The Mortgagee must ensure that any Partial Claim, whether a Standalone Partial Claim or in combination with a Loan Modification, fully reinstates the Mortgage. A Partial Claim offered in combination with a Loan Modification may include an amount used for principal deferment, when required.

Mortgagees must perform an escrow analysis to ensure that the delinquent payments to be included in the Partial Claim reflect the actual escrow funds required for those months and adequate funds to pay escrow bills when due to avoid a future escrow shortage without creating a surplus.

The minimum Partial Claim amount must be no less than \$1,000, except for Partial Claims for Home Retention Options associated with a PDMDA.

The Mortgagee must advance funds for the Partial Claim prior to filing a claim for reimbursement.

Mortgagees may include an additional monthly payment to the arrearage amount to allow time for the Borrower to return the executed documents, and to ensure the Partial Claim includes all arrearages accrued prior to the Borrower resuming Mortgage Payments. No other fees or costs may be included in the Partial Claim.

(C) Statutory Maximum for Partial Claims (including Payment Supplement)

Statutory Maximum for Partial Claims refers to the total outstanding balance of all Partial Claims and Payment Supplements and must not exceed 30 percent of the Mortgage's unpaid principal balance, as of the date of Default at the time of payment of the initial Partial Claim and will remain constant for the life of the Mortgage.

The total funds available for a Partial Claim must be calculated per Determining the Maximum Funds Available for a Partial Claim.

When reviewing Borrowers for a Partial Claim, a Streamline Refinance on the same Property and by the same Borrower is not considered a new Mortgage for determining the statutory maximum value for all Partial Claims.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(D) Verification of Previous Partial Claim(s)

For purposes of verifying all previous Partial Claims, the Mortgagee must also verify all Payment Supplements in the total balance of all Partial Claims, if applicable.

The Mortgagee must verify if the Borrower previously received one or more Partial Claim(s) or Payment Supplements and, if applicable, the total balance of all Partial Claims. The Mortgagee must:

- verify through HUD's Single Family Mortgage Asset Recovery Technology (SMART) Integrated Portal (SIP) if the Borrower has previously received a Partial Claim, including reviewing prior case number loan information; and
- if the Borrower has previously received a Partial Claim, the Mortgagee must verify in SIP:
 - o the unpaid principal balance at the time of payment of the initial Partial Claim, as reported in the Unpaid Balance Claimed field; and
 - o the aggregate total of all Partial Claim(s) paid on the Mortgage.

The Mortgagee must review their records to ensure all previous Partial Claims and Payment Supplements have been submitted to HUD and are reported in SIP. If the Mortgagee is aware of other Partial Claims or Payment Supplements that are not reported in SIP, the Mortgagee must include those amounts in the calculation.

(E) Determining the Maximum Funds Available for a Partial Claim

The Mortgagee must use the calculations in Appendix 4.0 – FHA Home Retention Options Calculations, Part B: Partial Claim Availability, to determine the maximum funds available for a Partial Claim.

(F) Interest on Partial Claims

No interest will accrue on the Partial Claim.

(G) Standalone Partial Claim

(1) Notification to Borrower

When offering a Standalone Partial Claim, the Mortgagee must advise the Borrower that they may be eligible for a Permanent Home Retention Option that may be able to reduce the Mortgage Payment.

(2) Borrower Eligibility

The Mortgagee must ensure the Borrower:

- has sufficient Partial Claim funds to reinstate the Mortgage, as calculated in Appendix 4.0, Part C;
- the Borrower attests they can resume Mortgage Payments; and
- successfully completes a TPP.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(3) Compare Monthly P&I for Standalone Partial Claim and Standalone Loan Modification

Where the Borrower attests that they can resume their Mortgage Payment, the Mortgagee must compare the modified P&I for the Standalone Loan Modification amortized for a 30-year term at Market Rate, as calculated in Appendix 4.0, Part C, Step 2, to the P&I for the Standalone Partial Claim to preserve Partial Claim funds.

The Mortgagee must determine if the P&I for the Standalone Loan Modification provides a P&I payment that is at least \$1.00 less than the P&I for the Standalone Partial Claim.

- If yes, the Mortgagee must offer the Borrower a Standalone Loan Modification.
- If no, the Mortgagee must offer the Borrower a Standalone Partial Claim.

If the Borrower does not meet the requirements for a Standalone Partial Claim, the Mortgagee must evaluate the Borrower for a Permanent Home Retention Option that provides payment reduction, starting with the Standalone Loan Modification.

(H) Partial Claims as Part of Combination Loan Modification and Partial Claim

The Mortgagee must ensure:

- the Borrower meets the requirements for a Combination Loan Modification and Partial Claim; and
- the amount of the Partial Claim as part of the Combination Loan Modification and Partial Claim does not exceed the amount required to provide the target payment reduction.

(I) Payment of Partial Claim

HUD will not require payment on the Partial Claim until the first of the following events occurs:

- the maturity of the Mortgage;
- the sale or transfer of the Property, except for non-borrowers who acquired title through an exempted transfer;
- the assumption of the Mortgage, except for non-borrowers who acquired title through an exempted transfer;
- the Payoff of the Mortgage, except that HUD will agree to subordinate the Partial Claim Note to a Streamline Refinance; or
- if provided for under the Partial Claim Note, the termination of FHA insurance.

HUD does not prohibit partial or total payment on the Partial Claim at any time prior to the due date for the Partial Claim.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(J) Partial Claim Documents

(1) Definition

Partial Claim Documents refers to a Partial Claim promissory Note and Subordinate Mortgage, or, for a Payment Supplement, the Payment Supplement promissory Note, Payment Supplement Agreement, and Payment Supplement Subordinate Mortgage.

(2) Partial Claim or Payment Supplement Promissory Note and Subordinate Mortgage

The Mortgagee must prepare the promissory Note and subordinate Mortgage as follows:

- the promissory Note must be executed with the name of the Secretary;
- the subordinate Mortgage must be prepared and recorded; and
- the promissory Note and subordinate Mortgage must include:
 - o the full FHA Case Number;
 - o the provisions of HUD's model promissory Note and subordinate Mortgage or a substantially similar document; and
 - o any amendments as required by state or federal law or regulations.

The Mortgagee must provide the Borrower with a promissory Note and subordinate Mortgage to be signed by the Borrower and recorded by the Mortgagee.

(3) Execution of Partial Claim Documents after Trial Payment Plan

The Mortgagee must ensure that the Borrower has successfully completed a TPP before executing the promissory Note and subordinate Mortgage.

(4) Recordation of Partial Claim Documents

The Mortgagee must submit executed Partial Claim security instruments to the recording jurisdiction for recordation within 10 business days from the date the Mortgagee receives the executed documents from the Borrower or, where HUD execution is required, receipt from HUD.

The Mortgagee must submit the security instruments for recordation before filing the claim with HUD.

The Mortgagee must ensure that the recordation of the Partial Claim security instruments does not jeopardize the first lien status of the FHA-insured Mortgage. There is no lien priority requirement for the filing of a Partial Claim or Payment Supplement.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(5) Required Documentation

The Mortgagee must retain the following in the Servicing File and the Claim File:

- a copy of the executed promissory Note and subordinate Mortgage;
- evidence that the Mortgage was submitted timely for recording; and
- the date the Mortgagee received the executed Partial Claim Documents from the Borrower and the date the subordinate Mortgage was sent to be recorded.

(6) Delivery of Partial Claim Documents to HUD

The Mortgagee must deliver to HUD:

- no later than 60 Days from the execution date, the original promissory Note;
- no later than six months from the execution date, the recorded subordinate Mortgage; and
- with each delivery of Partial Claim Documents, the Mortgagee must include a cover letter with the FHA case number for the documents that are being delivered.

(7) Missing and Unacceptable Partial Claim Documents

The Mortgagee may use SIP to determine if Partial Claim Documents were received and accepted by HUD.

The Mortgagee must make corrections to satisfy the document delivery requirements for complete and accurate Partial Claim Documents if the Partial Claim Documents received from the Mortgagee contain deficiencies or discrepancies.

If HUD indicates that Partial Claim Documents are missing, but the Mortgagee's records confirm they were delivered to HUD, the Mortgagee must provide a signed affidavit that the Partial Claim Documents were delivered to HUD and include:

- proof of original delivery with a copy of the list of contents with the FHA case number(s) for the documents that were delivered; and
- copies of the missing Partial Claim Documents, with a list of documents included.

If the original Partial Claim promissory Note is lost prior to submission to HUD, the Mortgagee must deliver a lost note affidavit to HUD's Loan Servicing Contractor no later than 60 Days from the date the Borrower executed the Partial Claim security instruments.

The lost note affidavit must be acceptable under state law, and must include the following:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- the FHA case number;
- the Borrower(s)' name;
- the FHA-insured property address;
- the original Note amount;
- the date the Borrower executed the Partial Claim security instruments; and
- a statement that the Mortgagee has exhausted all efforts to locate the original Partial Claim promissory Note executed by the Borrower.

Required Documentation

The Mortgagee must retain in the Servicing File and Claim File a copy of the lost note affidavit and all related documentation provided to HUD.

(8) Requests for Extensions of Time for Delivery of Partial Claim Documents

(a) Standard

The Mortgagee may request an extension of time by submitting the request to HUD via EVARS when:

- the Mortgagee can demonstrate timely submission of Recordation of Partial Claim Documents; and
- Partial Claim Document delivery has been delayed due to events beyond the Mortgagee's control.

HUD will not approve an extension of time for submission of the promissory Note.

(b) Required Documentation

The Mortgagee must retain any approved extensions received from HUD in the Servicing File and the Claim File, if applicable.

(9) Failure to Provide Partial Claim Documents

When the Mortgagee fails to provide HUD with the promissory Note and recorded subordinate Mortgage within the required time frames and any approved extensions, HUD may require reimbursement of the full amount of the Partial Claim funds and any incentive fee.

Upon reimbursement of the full amount of the Partial Claim funds, the Mortgagee must:

- not reverse the application of the Partial Claim funds to the Borrower's Mortgage and must not submit a new claim;
- continue to service the Mortgage according to the terms of the Partial Claim or a Payment Supplement; and

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- only pursue repayment of the Partial Claim funds from the Borrower under the original terms of the promissory Note and subordinate Mortgage.

If the security instrument has been recorded, the Mortgagee must provide an assignment to HUD to execute the assignment and the Partial Claim Documents to the Mortgagee. Upon receipt of the executed assignment, the Mortgagee must submit the assignment to the jurisdiction for recordation within 30 business days from the date the Mortgagee receives the executed document from HUD.

(K) Reconciliation of Partial Claim Proceeds to Promissory Note Amounts

If the Mortgagee miscalculates the Partial Claim amount, resulting in an overpayment to the Mortgagee, the Mortgagee must remit the overpaid amount immediately to HUD via Pay.gov - Single Family Notes Lender Entry Form.

In the event the Mortgagee claimed less than the actual Partial Claim promissory Note amount, the Mortgagee must absorb the cost of the miscalculation.

The Mortgagee must include their review process for ensuring the accurate calculation of Partial Claims in their required QC Plan.

(L) Servicing of Partial Claims

The Mortgagee remains responsible for servicing the Partial Claim until the debt and security instruments are legally recorded in the appropriate jurisdiction and delivered to HUD.

(M) Notification to HUD

Mortgagees must notify HUD when the first Mortgage is being paid in full or refinanced. HUD's Loan Servicing Contractor must be contacted to request a payoff quote on the outstanding Partial Claim.

v. Loan Modifications

(A) Definitions

A Loan Modification refers to a Standalone Loan Modification or a Loan Modification provided as part of a Combination Loan Modification and Partial Claim, which provides a permanent change in one or more terms of a Borrower's Mortgage.

A Standalone Loan Modification refers to a permanent change in one or more terms of a Borrower's Mortgage to resolve the outstanding Arrearage by re-amortizing the total outstanding debt at the Market Rate and extending the term.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

A Combination Loan Modification and Partial Claim refers to a permanent change in one or more terms of a Borrower's Mortgage to resolve the outstanding Arrearage by re-amortizing the total outstanding debt at the Market Rate and extending the term and may include a principal deferment when required.

(B) Standard

The Mortgagee must ensure that the Loan Modification fully reinstates the Mortgage, complies with the interest rate and modified principal balance provisions below, and must only capitalize arrearages, as calculated in Appendix 4.0, Part A: Arrearages.

The Mortgagee must perform an escrow analysis to ensure that the amount to be capitalized includes the delinquent escrow payments and adequate funds to pay escrow bills when due to avoid a future escrow shortage without creating a surplus.

No other costs may be capitalized in the Loan Modification.

The Mortgagee must ensure that Hazard Insurance and Flood Insurance, where required, are updated for the modified mortgage amount.

(C) Exemption for Mortgages that Cannot be Modified

Mortgagees who service Mortgages funded in connection with mortgage revenue bonds that are restricted by the Internal Revenue Code (IRC) are exempt from providing a Loan Modification if the term cannot be extended or the interest rate cannot be modified.

(D) Interest Rate

The Mortgagee must ensure that any modified loan is a fixed rate Mortgage.

At the Mortgagee's discretion, the Mortgagee may reduce Note interest rates below Market Rate; however, Discount Points associated with rate reductions are not reimbursable. When increasing Note interest rates, the Mortgagee must calculate the maximum interest allowable as the Market Rate.

(1) Market Rate

Market Rate is a rate that is no more than 25 bps for a 30-year loan modification or 50 bps for a 40-year loan modification greater than the most recent Freddie Mac Weekly Primary Mortgage Market Survey (PMMS) Rate for 30-year fixed rate conforming Mortgages (U.S. average), rounded to the nearest one-eighth of 1 percentage point (0.125 percent), as of the date the Borrower is offered the TPP. The Mortgagee must first round the PMMS Rate to the nearest one-eighth of 1 percentage point (0.125 percent) before calculating the rate at 25 bps or 50 bps greater than the PMMS Rate.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(2) Market Rate Resources

The Weekly PMMS results are published on the Freddie Mac website.

(E) Modified Loan Term

The Mortgagee must re-amortize the total unpaid amount due over 360 months or 480 months from the due date of the first installment required under the modified FHA-insured Mortgage.

The term of a Standalone Loan Modification may be less than 360 months if:

- requested by the Borrower; and
- a term that is less than 360 months does not result in the modified PITI being greater than the target monthly payment.

(F) Standalone Loan Modifications

(1) 30-Year Standalone Loan Modification

(a) Borrower Attests They Can Resume Mortgage Payments

The Mortgagee is not required to meet the minimum 25 percent P&I reduction for Borrowers who attest that they can resume their current Mortgage Payment and the P&I portion of the modified Mortgage Payment for the 30-year Standalone Loan Modification is at least \$1 less than the P&I for the Standalone Partial Claim as calculated in Appendix 4.0, Part C.

If the Borrower affirms that they can make the modified Mortgage Payment, the Mortgagee must offer the 30-year Standalone Loan Modification.

(b) Borrower Attests They Require Payment Reduction

The Mortgagee must determine if a 30-year Standalone Loan Modification can achieve a minimum 25 percent reduction to the P&I portion of the Mortgage Payment using the calculations in Appendix 4.0 – FHA Home Retention Options Calculations, Part D.

If a 25 percent reduction can be achieved at the Market Rate, the Mortgagee must offer the Borrower a 30-year Standalone Loan Modification.

If a 25 percent reduction cannot be achieved, the Mortgagee must review the Borrower for a 40-year Standalone Loan Modification.

(2) 40-Year Standalone Loan Modification

The Mortgagee must determine if a 40-year Standalone Loan Modification can achieve a minimum 25 percent reduction to the P&I portion of the Mortgage

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

Payment using the calculations in Appendix 4.0 – FHA Home Retention Options Calculations, Part D.

If a 25 percent reduction can be achieved at the Market Rate, the Mortgagee must offer the Borrower a 40-year Standalone Loan Modification.

If a 25 percent reduction cannot be achieved and the Borrower has a minimum of \$1,000 in Partial Claim funds available, the Mortgagee must review the Borrower for a Combination Loan Modification and Partial Claim.

If the Borrower does not have a minimum of \$1,000 in Partial Claim funds available, the Mortgagee must offer the Borrower a 40-year Standalone Loan Modification, even if the payment increases.

(3) Outside of the Waterfall Loan Modification

The Mortgagee must ensure that all requirements are met for Outside of the Waterfall Loan Modifications (OWL).

(G) Combination Loan Modification and Partial Claim

The Mortgagee must use the calculations in Appendix 4.0 – FHA Home Retention Options Calculations, Part E, to determine the loan amount and Partial Claim funds required for a Combination Loan Modification and Partial Claim.

The P&I reduction for a Combination Loan Modification and Partial Claim may exceed 25 percent, if required to meet the minimum \$1,000 Partial Claim amount.

(1) 30-Year Combination Loan Modification and Partial Claim

The Mortgagee must determine if a 30-year Combination Loan Modification and Partial Claim can achieve a 25 percent reduction to the P&I portion of the Mortgage Payment. The Mortgagee must ensure the Partial Claim is no more than what is needed to achieve a 25 percent reduction to the P&I and may include principal deferment if required to achieve a 25 percent reduction.

If the 25 percent reduction is achieved, the Mortgagee must offer the Borrower a 30-year Combination Loan Modification and Partial Claim.

If the 25 percent reduction cannot be achieved, the Mortgagee must review the Borrower for a 40-year Combination Loan Modification and Partial Claim.

(2) 40-Year Combination Loan Modification and Partial Claim

The Mortgagee must determine if a 40-year Combination Loan Modification and Partial Claim can achieve a 25 percent reduction to the P&I portion of the Mortgage Payment. The Mortgagee must ensure the Partial Claim is no more than

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

what is needed to achieve a 25 percent reduction to the P&I and may include principal deferment if required to achieve a 25 percent reduction.

The Mortgagee must offer the 40-year Combination Loan Modification and Partial Claim with the maximum reduction to the P&I portion of the Mortgage Payment that can be achieved up to 25 percent and not less than 15 percent.

If a minimum 15 percent reduction to the P&I portion of the Mortgage Payment cannot be achieved, the Mortgagee must review the Borrower for the Payment Supplement.

(H)FHA Mortgage Insurance Coverage and Mortgage Insurance Premium

When the Loan Modification has been processed in accordance with HUD requirements, HUD will extend FHA mortgage insurance coverage to the new principal balance and modified maturity date. FHA insurance will remain in force until the Mortgage has been paid in full, canceled, or terminated. The amount of MIP will continue to be based on the scheduled unpaid principal balance of the original Mortgage, without taking into consideration delinquencies or prepayments.

vi. Payment Supplement

(A) Definitions

The Payment Supplement is a loss mitigation option that utilizes Partial Claim funds to bring the Mortgage current coupled with the subsequent provision of a Monthly Principal Reduction (MoPR) applied toward the Borrower's principal due each month for a period of 36 months to provide payment relief without modification of the Mortgage. The Payment Supplement is evidenced by a non-interest bearing Note, Subordinate Mortgage, and Payment Supplement Agreement, which is a rider to and is incorporated by reference into the Payment Supplement promissory Note, given in favor of the Secretary, representing the total of all funds paid from the Mutual Mortgage Insurance Fund (MMIF) to bring the Mortgage current and then temporarily pay a portion of principal owed by the Borrower each month to reduce the Borrower's monthly Mortgage Payment.

The Monthly Principal Reduction (MoPR) is the amount of principal reduction that the Mortgagee will disburse monthly from the Payment Supplement Account and apply to the payment of principal due on the Borrower's FHA-insured first Mortgage during the Payment Supplement Period.

The Minimum Monthly Principal Reduction (Minimum MoPR) must be equal to or greater than 5 percent of the P&I portion of the Borrower's monthly Mortgage Payment as of the date the Payment Supplement Period begins. The Minimum MoPR must also be no less than \$20.00 per month as of the date the Payment Supplement Period begins.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

Payment Supplement Documents refer to a non-interest bearing Note, Subordinate Mortgage, and a Payment Supplement Agreement, which is a rider to and is incorporated by reference into the Payment Supplement promissory Note, given in favor of the Secretary.

The Payment Supplement Period is a 36 month period during which the Mortgagee applies the MoPR to temporarily reduce the Borrower's monthly Mortgage Payment.

The Payment Supplement Account is a separate, non-interest bearing, insured custodial account that holds the balance of the funds paid by FHA for the purpose of implementing the Payment Supplement, clearly marked as holding funds for the Payment Supplement, and kept separate from funds associated with the FHA-insured Mortgage, including escrow funds.

(B) Eligibility

The Mortgagee must ensure that:

- the Mortgage is a fixed rate Mortgage;
- sufficient Partial Claim funds are available to bring the Mortgage current and to fund the MoPR using the calculations in Appendix 4.0 – FHA Home Retention Options Calculations, Part B and Part F;
- the Borrower meets the requirements for Loss Mitigation during Bankruptcy Proceedings;
- the principal portion of the Borrower's first monthly Mortgage Payment after the Mortgage is brought current will be greater than or equal to the Minimum MoPR;
- the Borrower completes the Borrower Affordability Attestation indicating they have the ability to make the Borrower's portion of the monthly Mortgage Payment; and
- the Borrower completes a TPP.

The Borrower is not eligible for a new Payment Supplement until 36 months after the date the Borrower previously executed Payment Supplement Documents.

(C) Standard

The Mortgagee must first advance funds for all amounts needed to bring the Mortgage current.

The maximum MoPR is the lesser of a 25 percent P&I reduction for 36 months, or the principal portion of the monthly Mortgage Payment as of the date the Payment Supplement Period begins.

The Mortgagee may only submit one claim for the Payment Supplement. The Mortgagee must submit the claim for the Payment Supplement no later than 60 Days

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

after the date of execution of the Payment Supplement Documents by the Borrower.

The claim must include:

- all amounts needed to bring the Mortgage current before the start of the Payment Supplement Period; and
- the total amount required for all estimated MoPR payments for the full Payment Supplement Period.

The Mortgagee must retain the balance of the MoPR funds in the Payment Supplement Account for the benefit of the Borrower until disbursement of the funds:

- for application of the MoPR; or
- for remittance to HUD.

The Payment Supplement Period is 36 months.

For each month of the Payment Supplement Period, the Mortgagee must only disburse funds from the Payment Supplement Account to apply the MoPR to the principal portion of the monthly Mortgage Payment after the Mortgagee has received and accepted, at a minimum, the Borrower's portion of the monthly Mortgage Payment. The Mortgagee must only apply the MoPR during the 36 months of the Payment Supplement Period.

Additional funds received from the Borrower that exceed the minimum portion of the Borrower's required payment do not impact the application of the MoPR. Any additional payment made by the Borrower must not be comingled with the MoPR or funds held in the Payment Supplement Account.

The Mortgagee must not recalculate the MoPR during the Payment Supplement Period.

The Mortgagee must not charge the Borrower any additional fees or interest for the Payment Supplement.

(D) Payment Supplement Calculations

To calculate the amount of the Partial Claim the Mortgagee submits to HUD for the Payment Supplement, the Mortgagee must use the calculations in Appendix 4.0 – FHA Home Retention Options Calculations, Part F: Payment Supplement Calculations.

(1) Step 1 – Calculate Partial Claim Availability

The Mortgagee must determine the maximum Partial Claim amount available for the Payment Supplement. The Payment Supplement, in addition to any other existing Partial Claim, must not exceed the Statutory Maximum for Partial Claims.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

The Mortgagee must use the calculations in Appendix 4.0 – FHA Home Retention Options Calculations, Part B: Partial Claim Availability, to determine the maximum funds available for a Partial Claim.

(2) Step 2 – Calculate Amount Required to Reinstate the Mortgage Using a Payment Supplement

The Mortgagee must calculate the amounts needed to bring the Mortgage current as calculated in Appendix 4.0 – FHA Home Retention Options Calculations, Part A: Arrearages.

Mortgagees may include an additional monthly payment in calculating the amount needed to bring the Mortgage current, as the payment will be past due before the Borrower returns the completed Payment Supplement Documents.

(3) Step 3 – Calculate Partial Claim Funds Available for MoPR

The Mortgagee must determine the amount of Partial Claim funds available for the MoPR.

The Mortgagee must subtract the amount needed to bring the Mortgage current (calculated in Step 2) from the Borrower's total Partial Claim funds available (calculated in Step 1).

If the amount needed to bring the Mortgage current (Step 2) is greater than the Borrower's total Partial Claim funds available (calculated in Step 1), the Borrower is not eligible for the Payment Supplement and the Mortgagee must offer the Borrower the lowest monthly P&I payment that can be achieved under the Combination Loan Modification and Partial Claim.

(4) Step 4 – Calculate Maximum MoPR

(a) Step 4.A

The Mortgagee must calculate the amount needed to reduce the P&I portion of the Borrower's monthly Mortgage Payment by 25 percent.

(b) Step 4.B

The Mortgagee must determine the maximum MoPR.

The maximum MoPR is the lesser of the amount calculated in Step 4.A or the principal portion only of the Borrower's monthly Mortgage Payment as of the date the Payment Supplement Period begins after the Mortgage is brought current.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(5) Step 5 – Calculate the MoPR

(a) Step 5.A

The Mortgagee must determine if the amount of Partial Claim funds available for the MoPR (calculated in Step 3) is greater than or equal to the maximum MoPR (calculated in Step 4.B) for 36 months.

- If the Borrower has sufficient Partial Claim funds, the amount of the MoPR is the MoPR (calculated in Step 4.B) for the 36 months of the Payment Supplement Period. Proceed to Step 6.
- If the Borrower does not have sufficient Partial Claim funds for the maximum MoPR for 36 months, the Mortgagee must proceed to Step 5.B.

(b) Step 5.B

If the Borrower does not have sufficient Partial Claim funds available for the maximum MoPR for 36 months (calculated in Step 5.A), the Mortgagee must divide the amount of Partial Claim funds available for the MoPR (calculated in Step 3) by 36 months and proceed to Step 6.

(6) Step 6 – Payment Reduction Test

The Mortgagee must determine if the MoPR will result in no less than the Minimum MoPR for a Payment Supplement Period of 36 months where the MoPR is only applied to the principal.

- If the MoPR (calculated in Step 5) reduces the P&I portion of the Borrower's monthly Mortgage Payment by no less than the Minimum MoPR, the Mortgagee must proceed to Step 7.
- If the MoPR (calculated in Step 5) fails to reduce the P&I portion of the Borrower's monthly Mortgage Payment by the Minimum MoPR, the Borrower is ineligible for the Payment Supplement. The Mortgagee must offer the Borrower the lowest monthly P&I payment that can be achieved under:
 - o a 40-year Combination Loan Modification and Partial Claim; or
 - o a Standalone Partial Claim.

(7) Step 7 – Compare Payment Reduction with Available Permanent Home Retention Options

If the MoPR (calculated in Step 5) achieves the Minimum MoPR, the Mortgagee must compare the proposed Borrower's portion of the P&I monthly payment under the Payment Supplement with the Borrower's proposed P&I monthly payment under the 40-year Combination Loan Modification and Partial Claim to determine the greater payment reduction.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

If the Borrower is able to achieve a lower P&I monthly payment with the 40-year Combination Loan Modification and Partial Claim, the Mortgagee must offer the Borrower the 40-year Combination Loan Modification and Partial Claim.

If the Borrower is not able to achieve a lower P&I monthly payment utilizing the 40-year Combination Loan Modification and Partial Claim, the Mortgagee must offer the Borrower the Payment Supplement.

If the Borrower affirms that they can make the offered payment, the Mortgagee must complete that option.

The Mortgagee must document the Servicing File with the option offered to the Borrower.

(E) Mortgages with an Interest Rate Buydown and Mortgages Affected by the Servicemember Civil Relief Act

For Mortgages with an interest rate buydown and Mortgages affected by the Servicemembers Civil Relief Act (SCRA), the Mortgagee must:

- calculate the MoPR based on the P&I portion of the monthly Mortgage Payment as of the date the Payment Supplement Period begins:
 - o based on the Note rate of the Mortgage without the temporary interest rate buydown, if applicable; and
 - o based on the Note rate of the Mortgage without the SCRA protection, if applicable;
- ensure the MoPR does not exceed the principal portion of the monthly Mortgage Payment;
- ensure the MoPR does not change during the Payment Supplement Period;
and
- ensure the Payment Supplement Period remains 36 months.

(F) Payment Supplement Documents

(1) Standard

The Mortgagee must prepare the Payment Supplement Documents using HUD's model Payment Supplement Documents or substantially similar documents. The Mortgagee must ensure that:

- the Payment Supplement promissory Note and Payment Supplement Agreement are executed in the name of the Secretary;
- all Payment Supplement Documents include the full FHA case number, are legally enforceable, and comply with all applicable laws;
- the Payment Supplement Documents comply with all requirements for Partial Claim Documents; and
- the Payment Supplement subordinate Mortgage is recorded.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

The Mortgagee must provide the Borrower with the Payment Supplement Documents to be signed. The Borrower is required to sign and return the Payment Supplement Documents before the Mortgagee brings the Mortgage current and applies the first MoPR.

(2) Document Delivery Requirements

The Mortgagee must deliver the Payment Supplement Documents to HUD's Loan Servicing Contractor in accordance with Partial Claim Documents.

(G) Payment Supplement Account

(1) Standard

The Mortgagee must segregate the funds paid by FHA for the MoPR in the Payment Supplement Account. The Payment Supplement Account must:

- be deposited with a financial institution whose accounts are insured by the Federal Deposit Insurance Corporation (FDIC) or the National Credit Union Administration (NCUA);
- not limit the Mortgagee's access to funds for the MoPR, require an advance notice of withdrawal, or require the payment of a withdrawal penalty;
- clearly identify the funds being held in that account as being derived from and held as part of the Payment Supplement Documents executed by the Borrower as part of the Payment Supplement loss mitigation action being undertaken by the Mortgagee; and
- ensure that the funds in the Payment Supplement Account are not comingled with any funds held in accounts restricted by agreements with Ginnie Mae.

Neither the Mortgagee nor the Borrower has any discretion in the use and application of the funds from the Payment Supplement.

Mortgagees utilizing a Trust Clearing Account must withdraw the portion that is to be deposited into the Payment Supplement Account within 48 hours of receiving the Payment Supplement funds from HUD.

Mortgagees are not prohibited from holding MoPR funds for multiple Mortgages in a single account for implementing the Payment Supplement; however, the Mortgagee must not commingle funds in the Payment Supplement Account, even temporarily, with any funds held in accounts restricted by agreements with Ginnie Mae, escrow funds, or funds used for the Mortgagee's general operating purposes or any other purpose.

If the Borrower enters into bankruptcy during the Payment Supplement Period, the Mortgagee must continue to apply the MoPR unless otherwise required or permitted by law. If so required, the Mortgagee must seek court approval for the

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

Payment Supplement and the Borrower's reaffirmation of the Partial Claim debt. Any additional loss mitigation offered during bankruptcy must be in accordance with Loss Mitigation during Bankruptcy Proceedings.

(2) Interest on Payment Supplement Account

Neither the Mortgagee nor the Borrower may earn interest on a Payment Supplement Account.

(H) Required Documentation

The Mortgagee must retain the following in the Servicing File and the Claim File:

- documentation of the amount used to bring the Mortgage current at the start of the Payment Supplement Period;
- documentation of the amount of each MoPR disbursed from the Payment Supplement Account applied to the principal due on the Borrower's monthly Mortgage Payment;
- a copy of the executed Payment Supplement Documents;
- the date the Mortgagee received the executed Payment Supplement Documents from the Borrower and the date the subordinate Mortgage was sent to be recorded; and
- evidence that the subordinate Mortgage was submitted timely for recording.

(I) Disclosures to Borrower

The Mortgagee must send the Borrower written disclosures annually and between 60 and 90 Days before the expiration of the Payment Supplement Period.

Mortgagees may develop specific disclosure documents or may use or modify FHA's model Annual Payment Supplement Disclosure and Final Payment Supplement Disclosure documents. Mortgagees must ensure that any disclosures comply with all applicable laws.

(1) Annual Payment Supplement Disclosure

The Mortgagee must send the Borrower a written disclosure annually, at minimum, during the Payment Supplement Period, including:

- information about the Payment Supplement, including:
 - o the amount used to bring the Mortgage current at the start of the Payment Supplement;
 - o the accounting of the MoPR funds disbursed from the Payment Supplement Account and applied each month during the Payment Supplement Period; and
 - o the funds remaining in the Payment Supplement Account;
- the date of expiration of the Payment Supplement Period;
- the total Payment Supplement Note amount;

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- the Borrower's current monthly Mortgage Payment without MoPR and an explanation that if escrow amounts change, future payments may increase; and
- a statement that the Borrower may voluntarily terminate the Payment Supplement and resume their full monthly Mortgage Payment without the MoPR and any remaining funds in the Payment Supplement Account will be returned to HUD to reduce the total outstanding Payment Supplement balance associated with the Borrower's Payment Supplement Documents.

The Mortgagee may include the disclosure as part of, or with, a monthly or annual billing statement. The disclosure may be sent electronically.

(2) Final Disclosure Prior to Expiration of the Payment Supplement

The Mortgagee must send the Borrower a written disclosure between 60 and 90 Days before the expiration of the Payment Supplement Period, including information about:

- the expiration of the Payment Supplement Period; and
- the accounting of the Payment Supplement, including:
 - o the total Payment Supplement Note amount;
 - o the amount used to bring the Mortgage current at the start of the Payment Supplement;
 - o the accounting of the MoPR funds disbursed from the Payment Supplement Account and applied each month for the Payment Supplement Period;
 - o if applicable, any funds remaining in the Payment Supplement Account and a statement that FHA will use these funds to reduce the balance on the amount owed by the Borrower under the Payment Supplement Documents; and
 - o the Borrower's estimated first monthly Mortgage Payment following the expiration of the Payment Supplement.

(J) Subsequent Default during Payment Supplement Period

If a Borrower is 30 Days or more past due or in Imminent Default during the Payment Supplement Period, the Mortgagee must review the Borrower in accordance with the Loss Mitigation Program. The permanent Loss Mitigation Option will determine if:

- the MoPR will continue to be applied for the remainder of the Payment Supplement Period without changes to the Payment Supplement Agreement;
- or
- the Payment Supplement will be terminated.

The Mortgagee may provide a Forbearance prior to evaluating the Borrower for Loss Mitigation Home Retention Options, and must not terminate the Payment Supplement Period during the Forbearance.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(1) Mortgage Reinstatement without a Permanent Loss Mitigation Option – MoPR Continues

If the Borrower, without the use of a permanent loss mitigation option, makes their portion of the missed monthly Mortgage Payments, the MoPR must be disbursed from the Payment Supplement Account and then applied to the missed payments as they are made. For these missed payments, the MoPR must be applied only to the principal portion of the missed Mortgage Payment and for the exact amount that would have been applied for an on-time payment, including when the Mortgage is brought current through payments made on a Repayment Plan or a Forbearance.

The MoPR must be applied for the remainder of the Payment Supplement Period as the Borrower makes each required payment.

(2) Mortgage Reinstatement with a Standalone Partial Claim – MoPR Continues

If the Borrower requires a new loss mitigation option to reinstate their Mortgage, the Mortgagee must first evaluate the Borrower for an additional Standalone Partial Claim to bring the Mortgage current.

A Borrower may receive no more than two Standalone Partial Claims to reinstate the Mortgage during the Payment Supplement Period.

The Mortgagee must determine the amount of funds needed for the Standalone Partial Claim by:

- calculating the amount needed to bring the Mortgage current, per the requirements for a Standalone Partial Claim; and
- reducing the amount needed to bring the Mortgage current by the MoPR for each month it was not applied due to missed payments by the Borrower.

If the Borrower has sufficient additional Partial Claim funds available, the Mortgagee must:

- ensure the Borrower attests they can resume their portion of the monthly Mortgage Payment;
- ensure all requirements in accordance with a Standalone Partial Claim are met; and
- prepare and send the Borrower the documents for a Standalone Partial Claim to reinstate the Mortgage.

Upon receipt of the executed Standalone Partial Claim documents from the Borrower, the Mortgagee must:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- disburse and then apply funds from the Payment Supplement Account to cover the MoPR for each month it was not applied due to missed payments by the Borrower; and
- advance the funds from the Standalone Partial Claim necessary to reinstate the Mortgage.

For missed payments, the MoPR must be applied only to the principal portion of the missed payment and for the exact amount that would have been applied for an on-time payment. After the Mortgage is reinstated, the Mortgagee must resume applying the MoPR.

The Payment Supplement Period will not be extended beyond the original term set in the Payment Supplement Agreement.

(3) Mortgage Reinstatement with Other Permanent Loss Mitigation Option – MoPR Terminates

If the Borrower cannot bring the Mortgage current through an additional Standalone Partial Claim, the Mortgagee must:

- evaluate the Borrower for the available **Permanent Home Retention Options or OWL**;
- terminate the Payment Supplement and application of the MoPR upon receipt of the new executed loss mitigation documents;
- send the Borrower documentation that the Payment Supplement has been terminated and a detailed account of how the Payment Supplement funds were applied;
- no later than 30 Days after the date the Payment Supplement was terminated, remit any remaining funds from the Payment Supplement Account to HUD via Pay.gov; and
- report the termination of the Payment Supplement through SFDMS.

(4) Mortgage Cannot Be Reinstated – MoPR Terminates

For Borrowers who have not completed the Payment Supplement Period and cannot reinstate their Mortgage, the Mortgagee must ensure the following requirements are met, as applicable.

(a) Pre-Foreclosure Sales

In addition to the requirements for a PFS, the Mortgagee must:

- proceed with the PFS requirements under Pre-Foreclosure Sale;
- prior to execution of the Approval to Participate (ATP) agreement (form HUD-90045, *Approval to Participate Pre-foreclosure Sale Procedure Property Sales Information Property Occupancy & Maintenance*), provide the Borrower with a disclosure statement including:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- o the Payment Supplement will be terminated upon receipt of the executed ATP and the Mortgagee will not advance funds to cover the MoPR during the PFS marketing period;
 - o the amount of the Partial Claim that was used to bring the Mortgage current at the start of the Payment Supplement Period;
 - o the total amount of funds that were disbursed from the Payment Supplement Account for MoPR payments; and
 - o the amount of individual MoPR payments and the months for which they were applied;
- terminate the Payment Supplement upon receipt of the executed ATP;
- ensure that no funds remaining in the Payment Supplement Account are returned to the Borrower;
- ensure that the funds remaining in the Payment Supplement Account are not used as a credit to the first Mortgage;
- no later than 30 Days after the date of execution of the ATP, remit all remaining funds in the Payment Supplement Account to HUD via Pay.gov;
- instruct the Closing Agent to pay off the outstanding amount due under the Payment Supplement Note and other Partial Claims, if any, at closing to HUD; and
- no later than 45 Days after the date of termination of the Payment Supplement, upload the final accounting of the Payment Supplement into SIP.

(b) Deed-in-Lieu of Foreclosure, Foreclosure Sales, and CWCOT

In addition to the requirements for DIL, Foreclosures, and CWCOT, the Mortgagee must:

- terminate the Payment Supplement when the sale is completed or the deed is transferred;
- ensure that no funds remaining in the Payment Supplement Account are returned to the Borrower;
- ensure that the funds remaining in the Payment Supplement Account are not used as a credit to the first Mortgage; and
- no later than 30 Days after the date the sale is completed or the deed is transferred, remit all remaining funds in the Payment Supplement Account to HUD via Pay.gov; and
- no later than 45 Days after the date the sale is completed or the deed is transferred, upload the final accounting of the Payment Supplement into SIP.

(K) Completion or Termination of the Payment Supplement

A Payment Supplement is completed or terminated upon the earlier of:

- the end date of the Payment Supplement Period;

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- the application of 36 MoPRs; or
- early termination of the Payment Supplement.

No later than 30 Days after the date of the completion or termination of the Payment Supplement, the Mortgagee must remit any funds remaining in the Payment Supplement Account to HUD via Pay.gov.

(1) Early Termination of the Payment Supplement

(a) Voluntary Termination Request

The Mortgagee must terminate the Payment Supplement upon Borrower request if the Borrower signs a document affirming they can resume their full monthly Mortgage Payment without the MoPR and that they no longer wish to receive the MoPR.

The Mortgagee must send the Borrower documentation that the Payment Supplement has been terminated and a detailed account of how the Payment Supplement funds were applied.

(b) Permanent Home Retention Action Completed

The Mortgagee must terminate the Payment Supplement when any subsequent Permanent Home Retention Option is executed by all required parties, except for a Standalone Partial Claim.

(c) PFS, DIL, Foreclosure, and CWCOT

The Mortgagee must terminate the Payment Supplement upon receipt of an executed ATP for PFS or when the foreclosure sale, CWCOT sale, or transfer of deed is completed.

(d) Transfers and Assumptions

The Payment Supplement is non-transferrable and not assignable to a new Borrower. Upon approval by the Mortgagee of the transfer or assumption, or when the Mortgagee receives actual or constructive knowledge of the transfer of ownership, the Mortgagee must terminate the Payment Supplement.

(e) Sale (non-PFS) or Refinance

If the Property is being sold or the Mortgage is being refinanced, the Mortgagee must:

- provide the Payment Supplement payoff statement upon request; and
- terminate the Payment Supplement upon completion of the sale or refinance.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(2) Final Accounting of Payment Supplement

No later than 45 Days after the date of completion or termination of the Payment Supplement, the Mortgagee must:

- upload a final accounting of the Payment Supplement in SIP; and
- input the amount of any funds remitted to HUD.

The Mortgagee is not permitted to submit the final accounting until after remitting to HUD all remaining funds from the Payment Supplement Account, if any.

The final accounting of the Payment Supplement is a document uploaded in SIP that must include:

- the amount that was used to bring the Mortgage current at the start of the Payment Supplement Period;
- the total amount applied to MoPR payments; and
- the amount of individual MoPR payments and the months for which they were applied.

The Mortgagee must also input in SIP the amount of funds, if any, that have been remitted to HUD via Pay.gov in SIP.

(3) Payment Supplement Payoff Statement

The Mortgagee must issue Payment Supplement payoff statements until the final accounting of the Payment Supplement has been submitted to HUD. The Mortgagee must issue Payment Supplement payoff statements upon request and when the Mortgagee receives a payoff request for the Borrower's first Mortgage.

The Mortgagee must include in a Payment Supplement payoff statement, at a minimum:

- the total amount due for the Payment Supplement, including itemizing:
 - o the amount that was used to bring the Mortgage current at the start of the Payment Supplement Period; and
 - o the total amount applied to MoPR payments;
- a statement that the Payment Supplement is a subordinate lien in the name of the Secretary of HUD;
- instructions that the payoff of funds owed under the Payment Supplement must be remitted to HUD via Pay.gov;
- a statement that the payoff amount will change if additional account activity occurs including:
 - o any payment made that triggers the application of a MoPR; and
 - o returned payments due to a stop payment or insufficient funds; and
- anything required by applicable laws.

The Payment Supplement payoff statement must not include or reflect as a credit any remaining funds in the Payment Supplement Account.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

The Payment Supplement payoff statement must not include the balance of any additional outstanding Partial Claims.

If HUD receives a request for a payoff statement of the Payment Supplement prior to receipt of the final accounting from the Mortgagee, HUD will provide the maximum amount available under the Payment Supplement and direct the requestor to contact the Mortgagee for the actual amount required to pay off the Payment Supplement.

After completion or termination of the Payment Supplement and submission of the final accounting from the Mortgagee, the Mortgagee must not issue any payoff statements for the Payment Supplement.

(4) Required Documentation

The Mortgagee must retain a copy of the final accounting and, if applicable, the Payment Supplement **payoff statement** in the Servicing File.

(L) Errors or Miscalculations of Funds Associated with Payment Supplement

If the Mortgagee makes an error or miscalculates the Payment Supplement that results in:

- a claim overpayment to the Mortgagee, the Mortgagee must remit the overpaid amount immediately to HUD via Pay.gov; or
- a claim underpayment to the Mortgagee, the Mortgagee must absorb the cost of the error or miscalculation.

If the Mortgagee makes an error or miscalculates the amount of funds remitted to HUD at the completion or termination of the Payment Supplement resulting in the Mortgagee remitting less than the total remaining funds in the Payment Supplement Account to HUD, the Mortgagee must remit any remaining outstanding funds in the Payment Supplement Account immediately to HUD via Pay.gov.

The Mortgagee must include its review process for ensuring the accurate calculation of Payment Supplement in its QC Plan.

vii. Outside of the Waterfall Loan Modification

(A) Definition

An Outside of the Waterfall Loan Modification (OWL) refers to a permanent change in one or more terms of a Borrower's Mortgage that achieves a minimum reduction to the Borrower's monthly Principal & Interest (P&I) payment where the Borrower has been unresponsive.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(B) Eligibility

The Mortgagee must ensure that:

- the Borrower has been unresponsive to outreach by the Mortgagee during the Default episode;
- final documents to complete a Loss Mitigation Option have not been sent to the Borrower during the Default episode;
- the Borrower has not executed an agreement for a Permanent Home Retention Option or OWL in the past 24 months at the time the Permanent Home Retention Option is executed, except:
 - o a Borrower who received a PDMDA Home Retention Option or a COVID-19 Home Retention Option in the past 24 months remains eligible for an OWL; and
- the OWL at the Market Rate will provide at least a \$1.00 reduction to the P&I portion of the Borrower's monthly Mortgage Payment as of the date the OWL begins; and
- the Borrower receives at least one offer for an OWL per Default episode, if eligible.

Non-Borrowers Who Acquired Title through an Exempted Transfer are not eligible for the OWL and must be evaluated for the other Permanent Home Retention Options.

(1) Mortgage Status

The Mortgagee must ensure that:

- the Mortgage is 90 or more Days Delinquent;
- a minimum of four Mortgage Payments have been paid by the Borrower on the Mortgage, except for Disaster Home Retention Options;
- the first legal action to initiate foreclosure has not been completed; and
- the arrearages do not exceed the equivalent of 12 months PITI.

(2) Property Condition

The Mortgagee must conduct any review it deems necessary, including a property inspection, when:

- the Mortgagee receives notice from the Borrower, local government, or other third parties regarding adverse property condition; or
- the Property may be affected by a disaster event.

If the Mortgagee determines the property condition will adversely impact the long-term use of the Property or ability to support the debt, the Mortgagee is not required to review the Borrower for the OWL.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(C) Standard

The Mortgagee must review eligible Borrowers for an OWL.

The Mortgagee must first review the Borrower for a 30-year Standalone Loan Modification at the Market Rate. If the minimum payment reduction is not met, the Mortgagee must review the Borrower for a 40-year Standalone Loan Modification at the Market Rate.

The Borrower must successfully complete a TPP prior to execution of the Loan Modification documents for the OWL. The Mortgagee must ensure that the requirements for Trial Payment Plans are met.

If the Borrower is eligible, the Mortgagee must prepare and provide a cover letter notifying the Borrower they are eligible for an OWL. The cover letter must explain the OWL and the TPP and include:

- an explanation of terms including the modified Mortgage Payment amount;
- that successful completion of a TPP is required as outlined in the TPP Agreement;
- a statement that no lump sum payment is required;
- a statement that the OWL is contingent on the Mortgagee's review of title to ensure the FHA-insured Mortgage remains in first lien position;
- a statement that the Borrower is encouraged to contact the Mortgagee to discuss other Loss Mitigation Options that may provide further payment reduction and to reinstate their Mortgage;
- information for the Borrower to contact the Mortgagee; and
- a statement that after successful completion of the TPP, the Borrower must sign and return the Loan Modification documents within 30 Days of receipt of the documents.

The Mortgagee does not have to contact the Borrower prior to reviewing the Borrower for the OWL or sending out the cover letter and TPP Agreement for the OWL.

The Borrower must sign and return the Loan Modification documents within 30 Days of receipt of the documents.

(D) Terms

The Mortgagee must ensure that:

- the OWL at the Market Rate will provide at least a \$1.00 reduction to the P&I portion of the Borrower's monthly Mortgage Payment as of the date the OWL begins;
- the modified Mortgage is a fixed rate Mortgage;
- the OWL fully reinstates the Mortgage; and

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- the OWL only capitalizes arrearages, as calculated in Appendix 4.0, Part A: Arrearages.

Mortgagees may include an additional month in the total outstanding debt to be resolved to allow time for the Borrower to return the executed Loan Modification documents before the modified Mortgage Payment begins.

HUD does not provide a model document for the OWL. The Mortgagee must ensure the FHA-insured Mortgage remains in first lien position and is legally enforceable.

(E) Required Documentation

For those Borrowers that were sent an offer for an OWL, copies of the cover letter, TPP Agreement, and Loan Modification documents must be retained in the Servicing File.

Mortgagees are required to note in each individual Borrower's file if the Borrower does not qualify for the OWL.

viii. Permanent Home Retention Option Failure Is New Default

If the Borrower is in Default following the use of a Permanent Home Retention Option, the Mortgagee must treat this as a new Default episode.

ix. Loss Mitigation Assumption

(A) Definition

Loss Mitigation Assumption refers to the assumption of personal liability for repayment of the Mortgage in accordance with agreed loss mitigation terms by an occupying non-borrower who will be added to the Mortgage or who has acquired a title interest in a Property securing an FHA-insured Mortgage.

(B) Standard

The Mortgagee must ensure that the assumptor meets the criteria for approval of a Loss Mitigation Home Retention Option.

All assumptors must have a valid SSN or EIN or meet the eligibility requirement exception regarding social security numbers.

The Mortgagee must obtain the signature of each non-borrower assumptor on:

- all associated written agreements for the approved Loss Mitigation Option; and
- an assumption agreement that conforms with applicable state law for assumption of personal liability for repayment of the Mortgage in accordance with agreed loss mitigation terms.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(C) Reporting a Loss Mitigation Assumption

The Mortgagee must report Reinstated by Assumptor, Code 21, in SFDMS.

~~r.—Loss Mitigation Home Retention Options (01/01/2025)~~

~~i.—Definition~~

~~The Loss Mitigation Home Retention Options are Informal and Formal Forbearances, SFB-Unemployment, and FHA-HAMP.~~

~~ii.—HUD Postponement of Principal Payments for Servicemembers~~

~~(A) Standard~~

~~The Mortgagee may, by written agreement with the Borrower, postpone for the period of military service and three months thereafter any part of the monthly Mortgage that represents amortization of principal.~~

~~The Mortgagee must include in the agreement a provision for the resumption of monthly payments after such period, in amounts which will completely amortize the mortgage debt within the maturity, as provided in the original Mortgage.~~

~~(B) Required Documentation~~

~~The Mortgagee must retain in the Servicing File a copy of the written agreement postponing principal payments.~~

~~iii.—Forbearance Plans~~

~~(A) Definitions~~

~~Forbearance Plans refer to arrangements between a Mortgagee and Borrower that provide specific terms for repayment and may allow for a period of reduced or suspended payments.~~

~~Informal Forbearance Plans refer to oral agreements allowing for reduced or suspended payments for a period of three months or less and may provide specific terms for repayment.~~

~~Formal Forbearance Plans are written agreements that include specific terms for repayment and may allow for reduced or suspended payments for a period greater than three months, but not more than six months, unless otherwise authorized by HUD.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(B) Standard

~~The Mortgagee may offer an Informal or Formal Forbearance Plan to a Borrower with a Delinquent Mortgage when the Borrower:~~

- ~~• is a Non-Occupant Borrower;~~
- ~~• does not have a loss of income or increase in living expenses that can be verified;~~
- ~~• is under review for permanent Loss Mitigation Options; or~~
- ~~• is ineligible for all Home Retention Options but has income or other assets to repay the indebtedness within six months.~~

~~A Formal Forbearance Plan agreement including the specific terms for repayment must be provided to the Borrower at least 15 Days before the date the Mortgagee proceeds with the Formal Forbearance Plan. The Borrower is not required to sign and return the Formal Forbearance Plan agreement. The Mortgagee must retain a copy in the Servicing File and the Claim Review File, if applicable.~~

~~Informal and Formal Forbearances are not eligible for loss mitigation incentive payments.~~

(C) Forbearance Reporting

~~The Mortgagee must report the appropriate Delinquency/Default Status (DDS) Code in SFDMS reflecting the use of Informal and Formal Forbearance.~~

~~For Formal Forbearance Plans that extend past the deadline to initiate foreclosure, the Mortgagee must submit a request for an extension of time in EVARS for approval prior to the deadline to take the first legal action. The request must include a statement that the Borrower qualified for the Formal Forbearance Plan under HUD's Loss Mitigation Home Retention Option Priority guidance.~~

iv. Special Forbearance Unemployment

(A) Definition

~~The Special Forbearance (SFB) Unemployment Option is a Home Retention Option available when one or more of the Borrowers have become unemployed and this loss of employment has negatively affected the Borrower's ability to continue to make their monthly Mortgage Payment.~~

(B) Eligibility

(1) Defaulted Mortgage Status

~~The Mortgage must meet the following conditions at the time the SFB Unemployment Option is approved by the Mortgagee:~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- ~~• be at least three months past due (61 Days Delinquent), but not more than 12 months due and unpaid; and~~
- ~~• not be in foreclosure, or foreclosure action has been suspended or canceled.~~

~~(2) Borrower Qualifications~~

~~(a) Standard~~

~~The Mortgagee must ensure that the Borrower meets the following eligibility requirements for an SFB Unemployment Option:~~

- ~~• has recently experienced a verified loss of income or increase in living expenses due to loss of employment.~~
- ~~• must be an Owner-Occupant Borrower and will occupy the Property as a Principal Residence during the term of the SFB Unemployment Agreement, unless an exception is granted.~~
- ~~• has a verified unemployment status and:~~
 - ~~○ no Borrower is currently receiving Continuous Income; or~~
 - ~~○ an analysis of Borrower financial information under the Home Retention Priority Waterfall indicates that the SFB Unemployment Option is the only option available for the Borrower.~~

~~(b) Exception to Owner-Occupant Requirement for Sale or Assumption~~

~~The Mortgagee may offer an SFB Unemployment Option to an unemployed Borrower when the Mortgagee has knowledge that the mortgaged Property is for sale or an assumption of the Property is in process.~~

~~(3) Property Condition~~

~~The Mortgagee must conduct any review it deems necessary, including a property inspection, when the Mortgagee has reason to believe that the physical conditions of the Property adversely impact the Borrower's use or ability to support the debt as follows:~~

- ~~• financial information provided by the Borrower shows large expenses for property maintenance;~~
- ~~• the Mortgagee receives notice from local government or other third parties regarding property condition; or~~
- ~~• the Property may be affected by a disaster event in the area.~~

~~If significant maintenance costs contributed to the Default or are affecting the Borrower's ability to make payments under the Mortgage or SFB Unemployment Agreement, the Mortgagee may provide in the SFB Unemployment Agreement a period of mortgage forbearance during which repairs specified in the agreement will be completed at the Borrower's expense.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(C) Special Forbearance-Unemployment Agreement~~

~~(1) Definition~~

~~The Special Forbearance (SFB) Unemployment Agreement is a written agreement between a Mortgagee and the Borrowers that defines the terms and conditions of the SFB Unemployment.~~

~~(2) Standard~~

~~An SFB Unemployment Agreement including the specific terms for repayment must be provided to the Borrower within 15 Days of the date of the Mortgagee's approval. The Borrower is not required to sign and return the SFB Unemployment Agreement. The Mortgagee must retain a copy in the Servicing File and the Claim Review File.~~

~~The Mortgagee must prepare a SFB Unemployment Agreement that provides for the following:~~

- ~~• identifies the specific months for which the account is Delinquent and notes the total arrearage that accrued prior to the beginning of the Agreement;~~
- ~~• suspends and/or reduces the current monthly Mortgage Payment;~~
- ~~• ensures that the forbearance payment installments required under the terms of the Agreement are based on the Borrower's ability to pay;~~
- ~~• disallows late fees to be assessed while the Borrower is performing under the terms of the SFB Unemployment Agreement;~~
- ~~• indicates that if the Borrower's financial circumstances change, the Mortgagee may adjust the monthly payment based on an evaluation of the Borrower's new financial information;~~
- ~~• disallows the accrued arrearage to exceed the equivalent of 12 months Delinquent PITI (the 12 months of PITI for Adjustable Rate Mortgages (ARM), Graduated Payment Mortgages (GPM), and Growing Equity Mortgages (GEM) will be calculated by multiplying 12 times the monthly payments due on the date of Default);~~
- ~~• specifies the date that the SFB Unemployment Agreement will expire if it is not earlier revised or terminated because of a change in the Borrower's financial circumstances; and~~
- ~~• permits the Borrower to pre-pay the mortgage delinquency at any time.~~

~~The SFB Unemployment Agreement will not include terms for reinstatement because the Mortgagee must re-evaluate the Borrower for more permanent Loss Mitigation Options to cure a Default once the Borrower is gainfully employed and/or the SFB Unemployment Agreement expires.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(3) Required Documentation~~

~~The Mortgagee must retain in the Servicing File and the Claim Review File, if applicable:~~

- ~~• evidence that the Mortgagee analyzed the Borrower's financial condition;~~
- ~~• evidence that the SFB Unemployment Agreement is supported by the financial analysis; and~~
- ~~• a copy of the SFB Unemployment Agreement.~~

~~(4) Cancellation or Suspension of Foreclosure~~

~~(a) Standard~~

~~If state law requires the Mortgagee to cancel a foreclosure action and then requires the Mortgagee to re-initiate the action at a later date, if needed, the Mortgagee must request an approval from the NSC via EVARS for an extension of time to the first legal action deadline prior to approving the Borrower for SFB Unemployment Agreement.~~

~~(b) Required Documentation~~

~~The Mortgagee must include in the Servicing File and the Claim Review File, if applicable, the NSC approval to cancel the action for an SFB Unemployment Option after foreclosure was initiated.~~

~~(5) Review of SFB Unemployment Agreements~~

~~(a) Standard~~

~~The Mortgagee must review the Borrower's continued eligibility for SFB Unemployment on a monthly basis and must adjust the terms of the Agreement if there is a change in financial circumstances.~~

~~(b) Required Documentation~~

~~The Mortgagee must clearly document in the Servicing File and the Claim Review File, if applicable, the Borrower's compliance with the terms of the Agreement and any adjustment of terms due to changes in financial circumstances.~~

~~(6) Re-evaluation of the SFB Unemployment Agreement~~

~~The Mortgagee must review the Borrower's continued eligibility for SFB Unemployment or eligibility for other Loss Mitigation Options if the Borrower presents evidence that their financial circumstances have changed. The Mortgagee must ensure that the re-evaluated SFB Unemployment Agreement will not allow for the Mortgage to become more than 12 months of Delinquent PITI.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(D) Payment Application~~

~~The Mortgagee may reduce, suspend, or both, the required monthly Mortgage Payment for the time period of the SFB Unemployment Agreement.~~

~~The Mortgagee must place payments submitted by the Borrower during the SFB Unemployment period in a suspense or memo fund account which is to be identified as belonging to the Borrower. When the suspense funds total a full monthly payment, the Mortgagee must apply the payment to the Borrower's account in accordance with HUD's Partial Payments for Mortgages in Default guidance and any other applicable requirements.~~

~~If the Borrower does not complete the SFB Unemployment Agreement, all funds held in suspense will be applied to the Borrower's account.~~

~~(E) Foreclosure Related Fees and Costs~~

~~The Mortgagee may address foreclosure related fees and costs due to a foreclosure cancellation/suspension through the qualification of a permanent Loss Mitigation Option or at the expiration of the SFB Unemployment Agreement.~~

~~(F) Expiration of Special Forbearance Unemployment Agreement~~

~~(1) Re-evaluation of Borrower~~

~~During the month in which the SFB Unemployment Agreement is to expire, the Mortgagee must evaluate the Borrower to determine if the Borrower qualifies for:~~

- ~~• an additional period of forbearance beyond the initial expiration, but not allowing for more than 12 months of Delinquent PITI, due to continued unemployment; or~~
- ~~• a permanent Loss Mitigation Option.~~

~~(2) Notification to Borrower~~

~~The Mortgagee must notify the Borrower, in writing, the results of the review, including the following information:~~

- ~~• whether or not they qualify for a Loss Mitigation Option;~~
- ~~• the reason for denial; and~~
- ~~• allowing the Borrower a minimum of seven Days to submit additional information that may impact the Mortgagee's evaluation.~~

~~(G) Option Failure~~

~~An SFB Unemployment Option is considered failed if the Borrower:~~

- ~~• abandons the Property;~~
- ~~• informs the Mortgagee that the terms of the SFB Unemployment Agreement will not be fulfilled; or~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- ~~fails to perform under the terms of the SFB Unemployment Agreement for 60 Days, without any advisement to the Mortgagee of any problems that prevented the Borrower from complying with the Agreement's terms.~~

~~If the SFB Unemployment Option fails, the Mortgagee must complete another Loss Mitigation Option or initiate foreclosure. HUD provides an automatic 90-Day extension during which the Mortgagee must take one of these actions.~~

(H) Special Forbearance Incentive

~~The Mortgagee may claim an incentive for an SFB Unemployment Agreement. HUD must receive a correct and complete claim submission within 60 Days from the date of the Mortgagee's approval of the SFB Unemployment Agreement or the incentive claim will not be processed. The Mortgagee may not file more than one SFB Unemployment incentive claim per Default due to the Borrower's unemployment.~~

(I) Reporting of Special Forbearance Unemployment Option

~~The Mortgagee must report the use of an SFB Unemployment Option in SFDMS.~~

~~v. FHA HAMP (Temporarily Suspended)~~

(A) Definitions

~~The FHA HAMP Option is a Loss Mitigation Option using one of the following to allow the Mortgage to be reinstated by establishing an affordable monthly payment:~~

- ~~FHA HAMP Standalone Loan Modification~~
- ~~FHA HAMP Standalone Partial Claim~~
- ~~FHA HAMP Combination Loan Modification and Partial Claim~~

~~A Loan Modification is a permanent change to one or more terms of a Borrower's Mortgage.~~

~~A Partial Claim is FHA's reimbursement of a Mortgagee advancement of funds on behalf of the Borrower in an amount necessary to assist in reinstating the Delinquent Mortgage.~~

(B) Eligibility

~~All FHA HAMP Options are temporarily suspended and must not be offered through April 30, 2025, except for Non-Borrowers Who Acquired Title through an Exempted Transfer. Mortgagees must evaluate all other Borrowers for the COVID-19 Recovery Home Retention Options.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(1) Mortgage Status~~

~~The Mortgage must be in Default or Imminent Default. The Mortgagee must ensure that the Mortgage meets the following eligibility criteria for an FHA-HAMP:~~

- ~~• Default is due to a verified loss of income or increase in living expenses;~~
- ~~• the Mortgage must not be in foreclosure at the time the permanent FHA-HAMP documents are executed; and~~
- ~~• three or more full monthly payments are due and unpaid (i.e., 61 Days or more past due) when the FHA-HAMP documents are executed.~~

~~A Streamline Refinance or change in FHA case numbers will not reset the 30 percent maximum Partial Claim statutory limit.~~

~~For those Borrowers facing Imminent Default under FHA-HAMP, the Mortgagee must also ensure that the following conditions are met:~~

- ~~• Imminent Default is due to a verified loss of income or other hardship as explained in the definition of Imminent Default; and~~
- ~~• the Mortgagee obtains documentation evidencing the cause of the Imminent Default.~~

~~(2) Borrower Qualifications~~

~~The Mortgagee must ensure that the Borrower meets the following eligibility criteria for the FHA-HAMP Option:~~

- ~~• The Borrower must be an Owner-Occupant Borrower who is occupying the Property as a Principal Residence.~~
- ~~• The Borrower has not executed an FHA-HAMP agreement in the past 24 months. Presidentially Declared Major Disaster Area (PDMDA) Disaster Loss Mitigation Options and COVID-19 Home Retention Options do not count against this requirement.~~
- ~~• The Borrower has recently experienced a verified loss of income or increase in living expenses.~~
- ~~• One or more Borrowers receive Continuous Income.~~
- ~~• The Mortgagee determines an affordable monthly payment can be achieved using the Appendix 4.0—FHA Home Affordable Modification Program (FHA-HAMP) Calculations.~~
- ~~• The Borrower has successfully completed a TPP based on the FHA-HAMP monthly Mortgage Payment amount.~~

~~FHA-HAMP may not be used to reinstate a Mortgage prior to sale or assumption.~~

~~(3) Property Condition~~

~~The Mortgagee must conduct any review it deems necessary, including a property inspection, when the Mortgagee has reason to believe that the physical conditions~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~of the Property adversely impact the Borrower's use or ability to support the debt as follows:~~

- ~~• financial information provided by the Borrower shows large expenses for property maintenance;~~
- ~~• the Mortgagee receives notice from local government or other third parties regarding property condition; or~~
- ~~• the Property may be affected by a disaster event in the area.~~

~~(4) Exemption for FHA-HAMP~~

~~Mortgagees that service Mortgages funded in connection with mortgage revenue bonds that are restricted by the IRC are exempt from the FHA-HAMP Standalone Modification or FHA-HAMP Combination Loan Modification and Partial Claim if they cannot extend the term of a Mortgage beyond the original 30 years or the interest rate cannot be modified.~~

~~(C) FHA-HAMP Options~~

~~The FHA-HAMP Option is used to alleviate the Borrower's burden of immediate repayment of arrears and to adjust monthly payments to a level sustainable by the Borrower's current income. The FHA-HAMP Option may or may not include an FHA-HAMP Partial Claim.~~

~~The Mortgagee must use Appendix 4.0—FHA Home Affordable Modification Program (FHA-HAMP) Calculations to determine which, if any, FHA-HAMP Option is most appropriate. See FHA-HAMP Loan Modification Provisions for interest rate and principal balance requirements for FHA-HAMP Loan Modifications, and FHA-HAMP Partial Claim Provisions.~~

~~(1) FHA-HAMP Standalone Loan Modification~~

~~The Mortgagee must offer an FHA-HAMP Standalone Loan Modification if the Mortgagee can achieve an affordable Mortgage Payment at or below the target monthly Mortgage Payment:~~

- ~~• by re-amortizing the total outstanding debt for 360 months at the Market Rate; and~~
- ~~• the Borrower meets all eligibility requirements of the FHA-HAMP Option.~~

~~The Mortgagee may capitalize in an FHA-HAMP Standalone Loan Modification an amount needed to cover:~~

- ~~• arrearages, which include Mortgagee advances for escrow items;~~
- ~~• projected escrow shortage amount; and~~
- ~~• related legal fees and foreclosure and bankruptcy costs for work actually performed for the current Default episode as of the date of the foreclosure~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~cancellation and not higher than the foreclosure-related fees and costs HUD has identified as customary and reasonable.~~

The following costs may not be capitalized in the FHA HAMP Standalone Loan Modification:

- ~~• late fees; and~~
- ~~• costs to complete needed repairs as part of the FHA HAMP agreement.~~

~~If the maximum cumulative value of all Partial Claims funds have been exhausted, the Mortgagee may offer an FHA HAMP Standalone Loan Modification up to a final Mortgage Payment not exceeding 40 percent of gross monthly income, provided that all other program requirements have been met.~~

(2) FHA HAMP Standalone Partial Claim

The Mortgagee must offer an FHA HAMP Standalone Partial Claim as an appropriate Loss Mitigation Option if all the following criteria are met:

- ~~• A Mortgage Payment at or below the target Mortgage Payment cannot be achieved by re-amortizing the Mortgage/outstanding debt for 360 months at the Market Rate.~~
- ~~• The FHA HAMP Partial Claim will not exceed the 30 percent maximum statutory limit for all Partial Claims combined.~~
- ~~• The Borrower's current interest rate is at or below the Market Rate.~~
- ~~• The Borrower's current Mortgage Payment with reanalyzed escrow is at or below the target Mortgage Payment.~~
- ~~• The Borrower meets all eligibility requirements of the FHA HAMP Option.~~

The FHA HAMP Standalone Partial Claim may only include amounts needed to bring the Borrower current including:

- ~~• arrearages;~~
- ~~• Mortgagee advances for escrow items;~~
- ~~• projected escrow shortage amount; and~~
- ~~• related legal fees and foreclosure and bankruptcy costs for work performed for the current Default episode as of the date of the foreclosure cancellation and not higher than the foreclosure-related fees and costs HUD has identified as customary and reasonable.~~

The following costs may not be included in an FHA HAMP Partial Claim:

- ~~• late fees; and~~
- ~~• costs to complete needed repairs as part of the FHA HAMP agreement.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(3) FHA-HAMP Combination Loan Modification and Partial Claim~~

~~The Mortgagee must offer an FHA-HAMP Combination Loan Modification and Partial Claim as an appropriate Loss Mitigation Option if all the following criteria are met:~~

- ~~• A Mortgage Payment at or below the target Mortgage Payment cannot be achieved by re-amortizing the total outstanding debt for 360 months at the Market Rate.~~
- ~~• The Borrower does not meet the requirements for an FHA-HAMP Standalone Partial Claim.~~
- ~~• The FHA-HAMP Partial Claim will not exceed the 30 percent maximum statutory limit for all Partial Claims combined.~~
- ~~• The Borrower meets all eligibility requirements of the FHA-HAMP Option.~~

~~The Mortgagee may utilize an FHA-HAMP Combination Loan Modification and Partial Claim when establishing an affordable monthly payment that requires a Partial Claim in an amount needed to cover:~~

- ~~• arrearages, which include Mortgagee advances for escrow items;~~
- ~~• projected escrow shortage amount;~~
- ~~• related legal fees and foreclosure and bankruptcy costs for work performed for the current Default episode as of the date of the foreclosure cancellation and not higher than the foreclosure-related fees and costs HUD has identified as customary and reasonable; or~~
- ~~• principal deferment, if required to meet the target payment.~~

~~No portion of the FHA-HAMP Partial Claim may be used to bring the modified monthly payment below the target payment.~~

~~The following costs may not be capitalized in the FHA-HAMP Loan Modification or included in the FHA-HAMP Partial Claim:~~

- ~~• late fees; and~~
- ~~• costs to complete needed repairs as part of the FHA-HAMP agreement.~~

~~If a target Mortgage Payment cannot be achieved because the amount of the FHA-HAMP Partial Claim required exceeds the 30 percent statutory limit, the Mortgagee may still utilize an FHA-HAMP Combination Loan Modification and Partial Claim by capitalizing the amount that exceeds the statutory maximum Partial Claim to fully reinstate the Mortgage, if the modified payment is 40 percent or less of the Borrower's gross monthly income.~~

~~(D) FHA-HAMP Loan Modification Provisions~~

~~(1) Standard~~

~~The Mortgagee must ensure that the FHA-HAMP Loan Modification fully reinstates the Mortgage and complies with the interest rate and modified principal balance provisions below. Mortgagees must perform a retroactive escrow analysis to ensure that the delinquent payments to be capitalized reflect the actual escrow funds required for those months and adequate funds to pay escrow bills when due to avoid a future escrow shortage without creating a surplus.~~

~~(2) Interest Rate~~

~~The Mortgagee must ensure that any modified loan, including ARM, GPM or GEM is a fixed-rate Mortgage.~~

~~At the Mortgagee's discretion, the Mortgagee may reduce Note interest rates below Market Rate; however, discount fees associated with rate reductions are not reimbursable. When increasing Note interest rates, the Mortgagee must calculate the maximum interest allowable as the Market Rate.~~

~~(a) Market Rate~~

~~Market Rate is a rate that is no more than 25 bps greater than the most recent Freddie Mac Weekly Primary Mortgage Market Survey (PMMS) Rate for 30-year fixed rate conforming Mortgages (U.S. average), rounded to the nearest one-eighth of 1 percentage point (0.125 percent), as of the date a TPP is offered to a Borrower or, when a TPP is not required, the date the Borrower is offered a permanent Loan Modification. The Mortgagee must first round the PMMS Rate to the nearest one-eighth of 1 percentage point (0.125 percent) before calculating the rate at 25 bps greater than the PMMS Rate.~~

~~(b) Market Rate Resources~~

~~The Weekly Primary Mortgage Market Survey results are published on the Freddie Mac website.~~

~~(3) Modified Loan Term~~

~~The Mortgagee must re-amortize the total unpaid amount due over 360 months from the due date of the first installment required under the modified FHA-insured Mortgage. The term may be less than 360 months if:~~

- ~~• requested by the Borrower; and~~
- ~~• a term that is less than 360 does not result in the modified PITI being greater than the target monthly payment.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~The Mortgagee must ensure that Hazard Insurance and Flood Insurance, where required, are updated for the modified mortgage amount.~~

~~(E) FHA Mortgage Insurance Coverage and Mortgage Insurance Premium~~

~~When the FHA HAMP Loan Modification has been processed in accordance with HUD requirements, HUD will extend FHA mortgage insurance coverage to the new principal balance and modified maturity date. FHA insurance will remain in force until the Mortgage has been paid in full, canceled or terminated. The amount of MIP will continue to be based on the scheduled unpaid principal balance of the original Mortgage, without taking into consideration delinquencies or prepayments.~~

~~(F) Partial Claim Provisions~~

~~The Mortgagee must ensure that a Standalone Partial Claim or Combination Loan Modification and Partial Claim fully reinstates the Mortgage. Mortgagees must perform an escrow analysis to ensure that the delinquent payments to be included in the Partial Claim reflect the actual escrow funds required for those months and adequate funds to pay escrow bills when due to avoid a future escrow shortage without creating a surplus.~~

~~(1) Statutory Maximum for Partial Claims~~

~~The maximum cumulative value of all Partial Claims paid with respect to a Mortgage must not exceed 30 percent of the Mortgage's unpaid principal balance. This maximum cumulative value must be established as of the date of Default at the time of payment of the initial Partial Claim on such Mortgage, and will remain constant for the life of the Mortgage.~~

~~(2) Interest on Partial Claims~~

~~No interest will accrue on the Partial Claim.~~

~~(3) Payment of Partial Claim~~

~~HUD will not require payment on the Partial Claim until the first of the following events occurs:~~

- ~~• the maturity of the Mortgage;~~
- ~~• the sale of the Property;~~
- ~~• the Payoff of the Mortgage; or~~
- ~~• if provided for under the Partial Claim note, the termination of FHA insurance, except that HUD will agree to subordinate the Partial Claim note to an FHA Streamline Refinance.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(G) FHA-HAMP Trial Payment Plans~~

~~The Mortgagee must ensure that the Borrower successfully completes a TPP prior to executing any FHA HAMP Option.~~

~~(1) Definition~~

~~A Trial Payment Plan (TPP) is a payment plan for a period of three months, during which the Borrower must make the agreed-upon consecutive monthly payments prior to final execution of the FHA HAMP documents.~~

~~(2) Standard~~

~~The Mortgagee must ensure that the Borrower successfully completes a TPP before executing permanent FHA HAMP documents, for a period of three months.~~

~~(3) Entering into the Trial Payment Plan Agreement~~

~~(a) Definition~~

~~A Trial Payment Plan (TPP) Agreement is a written document codifying the TPP terms, which must be provided to the Borrower prior to the first Trial Payment Due Date.~~

~~(b) Standard~~

~~(i) Trial Payment Plan Terms~~

~~The Mortgagee must ensure that the following apply to interest rates and monthly payments, and causes of TPP failure under the TPP Agreement:~~

- ~~• The interest rate for the TPP and the permanent FHA HAMP Loan Modification must not be greater than Market Rate.~~
- ~~• The permanent Market Rate is established when the TPP is offered to the Borrower.~~
- ~~• The established monthly permanent FHA HAMP Loan Modification Payment must be the same or less than the established monthly trial payment.~~
- ~~• Agreement document stipulates that, after successfully completing the TPP, the Borrower must continue making payments in accordance with the terms of the TPP Agreement until the permanent FHA HAMP Mortgage has been ratified by all parties.~~
- ~~• Agreement documents stipulate the causes of TPP failure. The Borrower has failed the TPP when one of the following occurs:~~
 - ~~○ the Borrower vacates or abandons the Property; or~~
 - ~~○ the Borrower does not make a scheduled TPP payment by the last Day of the month the payment was due.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(ii) Start of Trial Payments~~

~~The Mortgagee must send the TPP Agreement to the Borrower at least 15 Days before the date the first trial payment is due. The Borrower is not required to sign and return the TPP Agreement. All parties on the original Note and Mortgage and all parties that will be subject to the modified Mortgage and/or Partial Claim must be listed on the TPP Agreement and must be provided the TPP Agreement unless:~~

- ~~• a Borrower or co-Borrower is deceased;~~
- ~~• a Borrower and co-Borrower are divorced; or~~
- ~~• a Borrower or co-Borrower on the original Note and Mortgage has been released from liability in connection with an assumption performed in accordance with HUD's requirements.~~

~~(c) Required Documentation~~

~~The Mortgagee must retain a copy of the TPP Agreement in the Servicing File and the Claim Review File, if applicable.~~

~~(4) Waiver of Late Charges~~

~~The Mortgagee must waive Late Charges under the original Mortgage if the Borrower is paying as agreed on the TPP.~~

~~(5) Trial Payment Plan—Application of Payments~~

~~For FHA-HAMP Mortgages, the Mortgagee must treat a trial payment in an amount less than a full monthly payment under the existing Mortgage as a Partial Payment and place them in the Borrower's suspense account. These Partial Payments are to then be applied in accordance with HUD's Partial Payments for Mortgages in Default guidance and any applicable federal regulations.~~

~~(6) End of Trial Payment Plan Period~~

~~(a) Standard~~

~~The Mortgagee must offer the Borrower a permanent FHA-HAMP Option after the Borrower's successful completion of a TPP.~~

~~The Mortgagee must:~~

- ~~• prepare the permanent FHA-HAMP Modification Agreement early enough to allow sufficient processing time for the modification to be effective no later than the first Day of the second month following the final TPP month;~~
- ~~• provide the Borrower with the permanent FHA-HAMP documents to be executed by required parties at least 30 Days before the effective~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~date of the modification with notification of the date by which signed documents must be returned;~~

- ~~• sign the FHA HAMP Modification Agreement and provide a fully ratified copy to the Borrower no later than 15 Days following receipt of the Borrower signed documents; and~~
- ~~• update its servicing system and files to reflect the FHA HAMP transaction.~~

(b) Trial Payment Plan Failure

~~The Borrower has failed the TPP when one of the following occurs:~~

- ~~• the Borrower vacates or abandons the Property; or~~
- ~~• the Borrower does not make a scheduled TPP payment by the last Day of the month the payment was due.~~

(c) Review for Other Loss Mitigation Options after Trial Payment Plan Failure

(i) Standard

~~The Mortgagee must re-evaluate the Borrower's eligibility for other Loss Mitigation Options if a Borrower fails to successfully complete a TPP, as follows:~~

- ~~• if the Borrower provides documentation demonstrating their financial circumstances have changed since the Mortgagee's previous loss mitigation evaluation, the Mortgagee must verify the change in financial circumstances and re-evaluate the Borrower for Loss Mitigation Options; or~~
- ~~• if the Borrower does not provide documentation demonstrating their financial circumstances have changed since the Mortgagee's previous loss mitigation evaluation, the Mortgagee must evaluate the Borrower for Home Disposition Options prior to initiating foreclosure.~~

(ii) Required Documentation

~~The Mortgagee must include documentation supporting any changes in the Borrower's financial circumstances or employment status in the Mortgagee's Servicing File and the Claim Review File, if applicable.~~

(7) Funds Remaining at the End of Trial Payment Period

(a) Successful Completion of Trial Payment Plan

~~For unapplied funds remaining at the end of the trial payment period that do not total a full PITI payment, the Mortgagee must apply these funds to any~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~calculated escrow shortage or to reduce any amounts that would otherwise be capitalized onto the principal balance.~~

~~(b) Trial Payment Plan Failure~~

~~If the Borrower does not complete the TPP, the Mortgagee must apply all funds held in suspense to the Borrower's account in the established order of priority.~~

~~(8) Trial Payment Plans during Foreclosure~~

~~The Mortgagee must suspend and/or terminate foreclosure action, depending on state law requirement, during the TPP. In the event the Borrower fails to make a payment required under a TPP, the Mortgagee must review the Borrower for other appropriate Loss Mitigation Options before commencing or continuing a foreclosure.~~

~~HUD provides an automatic 90-Day extension for the Mortgagee to commence or recommence foreclosure or initiate another Loss Mitigation Option, should a TPP fail.~~

~~(9) Reporting of Trial Payment Plans~~

~~The Mortgagee must report the use of a TPP under an FHA HAMP Option in SFDMS.~~

~~(H) Loan Documents~~

~~The Mortgagee must ensure that the Mortgage is not in foreclosure at the time the Loan documents are executed. The Mortgagee must remove the Mortgage from foreclosure prior to executing the documents. See Loss Mitigation during the Foreclosure Process.~~

~~FHA does not provide a model for Loan Modification documents, but the Mortgagee must ensure the FHA-insured Mortgage remains in a first lien position and is legally enforceable.~~

~~(I) Partial Claim Promissory Note and Subordinate Mortgage~~

~~(a) Standard~~

~~The Mortgagee must prepare the Partial Claim promissory Note and subordinate Mortgage as follows:~~

- ~~• the promissory Note must be executed with the name of the Secretary;~~
- ~~• the subordinate Mortgage must be prepared and recorded; and~~
- ~~• the Partial Claim promissory Note and subordinate Mortgage/deed of trust must include:~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- ~~○ the full FHA Case Number;~~
- ~~○ the provisions of HUD's model Partial Claim Promissory Note and Partial Claim Subordinate Mortgage or a substantially similar document; and~~
- ~~○ any amendments as required by state or federal law or regulations.~~

~~The Mortgagee must provide the Borrower with a Partial Claim promissory Note and subordinate Mortgage to be signed by the Borrower and recorded by the Mortgagee.~~

~~(b) Required Documentation~~

~~The Mortgagee must retain the following in the Servicing File and the Claim Review File:~~

- ~~● a copy of the executed Partial Claim promissory Note and subordinate Mortgage;~~
- ~~● evidence that the Mortgage was timely submitted for recording; and~~
- ~~● the date the Mortgagee received the executed Partial Claim documents from the Borrower and the date the subordinate Mortgage was sent to be recorded.~~

~~(2) Recordation of Partial Claim Documents~~

~~The Mortgagee must submit executed Partial Claim security instruments for recordation within five business days from the date of receipt from the Borrower or, where HUD execution is required, receipt from HUD. The Mortgagee must submit the security instruments for recordation before filing the claim with HUD.~~

~~The Mortgagee must ensure that the recordation of the Partial Claim security instruments does not jeopardize the first lien status of the FHA-insured Mortgage; there is no lien priority requirement for the filing of a Partial Claim.~~

~~(3) Legal Fees and Foreclosure Costs for Partial Claims~~

~~The Mortgagee must not include in subsequent disposition claims foreclosure fees and costs that were included and paid in the Partial Claim.~~

~~(4) Execution of Partial Claim Documents after Trial Payment Plan~~

~~If a TPP is required, the Mortgagee must ensure that the Borrower has successfully completed the TPP before executing the Partial Claim promissory Note and subordinate Mortgage.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(5) Reconciliation of Partial Claim Proceeds to Promissory Note Amounts~~

~~If the Mortgagee miscalculates the Partial Claim amount, resulting in an overpayment to the Mortgagee, the Mortgagee must remit the overpaid amount immediately to HUD's Loan Servicing Contractor.~~

~~In the event the Mortgagee claimed less than the actual Partial Claim promissory Note amount, the Mortgagee must absorb the cost of the miscalculation.~~

~~The Mortgagee must include their review process for ensuring the accurate calculation of Partial Claims in their required QC Plan.~~

~~(6) Delivery of Partial Claim Documents~~

~~(a) Standard~~

~~The Mortgagee must deliver to HUD's Loan Servicing Contractor:~~

- ~~• no later than 60 Days from the execution date, the original Partial Claim promissory Note;~~
- ~~• no later than six months from the execution date, the recorded subordinate Mortgage; and~~
- ~~• with each delivery of Partial Claim documents, the Mortgagee must include a cover letter with the FHA case number for the documents that are being delivered.~~

~~(b) Partial Claim Discrepancies~~

~~When HUD has received Partial Claim documents that do not fully support the amount claimed by the Mortgagee, HUD will consider the documents incomplete. The Mortgagee must timely correct the deficiencies to satisfy the six-month deadline for the Mortgage to provide complete and accurate Partial Claim documents.~~

~~The Mortgagee may use the monthly Missing Documents Report to determine if any Partial Claim documents are missing and outside of the delivery times.~~

~~HUD's Loan Servicing Contractor may follow up with the Mortgagee if there are any discrepancies between the Mortgagee's cover letter and the documents received.~~

~~(7) Requests for Extensions of Time for Delivery of Partial Claim Documents~~

~~(a) Standard~~

~~Mortgagees must periodically check on the status of all unreturned recorded Partial Claim Mortgages by, for example, using the Missing Documents Report issued by HUD's Loan Servicing Contractor.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~The Mortgagee may request an extension by submitting the request to the NSC for HUD approval via EVARS when:~~

- ~~• Partial Claim document delivery has been delayed due to events beyond the Mortgagee's control; or~~
- ~~• circumstances have occurred preventing the Mortgagee from timely delivery.~~

~~HUD will not approve extensions pertaining to Partial Claim promissory Notes.~~

(b) Required Documentation

~~The Mortgagee must retain in the Servicing File and the Claim Review File documentation of any extensions received from HUD.~~

(8) Failure to Timely Provide Partial Claim Note and Subordinate Mortgage

~~When the Mortgagee fails to provide HUD with the Partial Claim promissory Note and subordinate Mortgage within the required time frames, HUD may require reimbursement of the full amount of the Partial Claim.~~

~~When directed by HUD, the Mortgagee must reimburse:~~

- ~~• the full claim amount (insurance benefits consisting of the arrearage, principal deferment, if necessary, and any HUD-allowed costs paid in the Mortgagee's claim for mortgage insurance benefits); and~~
- ~~• the incentive fee.~~

~~Upon reimbursement of the full amount of the Partial Claim, HUD will endorse and assign any Partial Claim documents in its possession over to the Mortgagee and return them to the Mortgagee. The Mortgagee must properly record such documents within 30 business days of receipt from HUD.~~

~~The Mortgagee must not reverse the application of the Partial Claim funds. The Mortgagee may only pursue repayment of the Partial Claim funds from the Borrower under the original terms of the Partial Claim promissory Note and subordinate Mortgage.~~

~~HUD will not accept any documentation regarding the Partial Claim and HUD will not refund any funds to the Mortgagee after the Mortgagee has repaid the Partial Claim in accordance with this section.~~

(9) Servicing of Partial Claims

~~The Mortgagee remains responsible for servicing the Partial Claim until the debt and security instruments are legally recorded in the appropriate jurisdiction and delivered to HUD. Mortgagees must notify HUD when the first Mortgage is being paid in full or refinanced so HUD may provide a payoff figure on a Partial Claim.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~HUD's Loan Servicing Contractor must be contacted to request a payoff quote on the outstanding Partial Claim.~~

~~(I) Lien Status~~

~~The Mortgagee must ensure first lien status of the modified Mortgage and must comply with any applicable state or federal laws and regulations in recording the subordinate FHA-HAMP documents.~~

~~(1) Subordination Request~~

~~If title to the Property is encumbered with an FHA Title I Mortgage and the Mortgagee servicing the Title II Mortgage has determined that a Subordination Agreement is necessary to ensure HUD's first lien status, the Mortgagee may forward a subordination request to:~~

~~U.S. Department of Housing and Urban Development
Home Improvement Branch
451 7th Street, SW, Room 9272
Washington, DC 20410~~

~~For Partial Claims or Secretary-held Mortgages, the Mortgagee must contact HUD's Loan Servicing Contractor.~~

~~(2) Subordination Notification~~

~~If title to the Property is encumbered with an FHA Title I Mortgage which has been assigned to the Secretary and the Mortgagee servicing the Title II Mortgage has determined that a Subordination Agreement is not required to ensure HUD's first lien status, the servicing Mortgagee of the Title II Mortgage may send a written notification to:~~

~~U.S. Department of Housing and Urban Development
Albany Financial Operations Center
52 Corporate Circle
Albany, NY 12203~~

~~(J) Option Failure~~

~~(1) Option Failure as New Default~~

~~If the Mortgage becomes Delinquent following use of the FHA-HAMP Option, the Mortgagee must treat this as a new Default and service the Defaulted Mortgage accordingly.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(2) Delivery of FHA-HAMP Documents to HUD~~

~~If the Mortgage is foreclosed following use of the FHA-HAMP Option, the Mortgagee must upload the FHA-HAMP Loan Modification into P260 when a conveyance claim is filed.~~

~~(K) No Charge to Borrower for FHA-HAMP Option~~

~~The Mortgagee may not charge the Borrower a fee for processing and recording an FHA-HAMP option that is in Default or Imminent Default.~~

~~(L) Reporting FHA-HAMP Loan Terms~~

~~The Mortgagee must report in SFDMS the use of an FHA-HAMP.~~

~~The Mortgagee must report the characteristics of FHA-HAMP Loan Modifications through FHAC or FHA Catalyst for all incentivized and non-incentivized FHA-HAMP Loan Modifications.~~

~~The Mortgagee must report all non-incentivized FHA-HAMP Loan Modifications through FHAC within 90 Days of the executed Loan Modification.~~

~~(M) FHA-HAMP Incentive~~

~~The Mortgagee may claim an incentive for completion of the FHA-HAMP Option if:~~

- ~~• three or more full monthly payments are Delinquent (i.e., 61 Days or more Delinquent) when the FHA-HAMP documents are executed by all required parties;~~
- ~~• the FHA-HAMP Option was performed in accordance with FHA-HAMP policy; and~~
- ~~• the correct and complete claim is submitted to HUD within 60 Days of the execution date of the FHA-HAMP.~~

~~vi. Non-incentivized Loan Modifications~~

~~(A) Definition~~

~~A non-incentivized Loan Modification refers to a Loan Modification that is ineligible for an incentive claim.~~

~~(B) Standard~~

~~Mortgagees are required to comply with FHA loan modification requirements and must report in FHAC the characteristics of the non-incentivized Loan Modification. All non-incentivized Loan Modifications must be reported through FHAC within 90 Days of the executed Loan Modification.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~HUD will not pay an incentive claim for a Loan Modification that is ineligible due to the following circumstances:~~

- ~~● For FHA HAMP Loan Modifications when:~~
 - ~~○ the Loan Modification was not performed in accordance with FHA HAMP policy; or~~
 - ~~○ the Mortgagee failed to submit the correct and complete claim within 60 Days of the date the FHA HAMP documents were signed by all required parties; or~~
- ~~● a PDMDA Disaster Loan Modification was executed.~~

~~(C) Reporting Non-incentivized Loan Modification Terms~~

~~The Mortgagee must report in SFDMS the use of a non-incentivized Loan Modification. If the Mortgage is in Default, the Mortgagee must report the characteristics of all modified Mortgages through FHAC. For non-incentivized modifications of performing Mortgages, the Mortgagee must report the characteristics of the Loan Modification in FHAC. All non-incentivized Loan Modifications must be reported through FHAC within 90 Days of the executed Loan Modification.~~

~~vii. Loss Mitigation Assumption~~

~~(A) Definition~~

~~Loss Mitigation Assumption refers to the assumption of personal liability for repayment of the Mortgage in accordance with agreed loss mitigation terms by an occupying non-borrower who will be added to the Mortgage or who has acquired a title interest in a Property securing an FHA-insured Mortgage.~~

~~(B) Standard~~

~~The Mortgagee must ensure that the assumpor meets the criteria for approval of a Loss Mitigation Home Retention Option.~~

~~The Mortgagee must obtain the signature of each non-borrower assumpor on:~~

- ~~● all associated written agreements for the approved Loss Mitigation Option; and~~
- ~~● an assumption agreement that conforms with applicable state law for assumption of personal liability for repayment of the Mortgage in accordance with agreed loss mitigation terms.~~

~~(C) Reporting a Loss Mitigation Assumption~~

~~The Mortgagee must report *Reinstated by Assumpor*, Code 21, in SFDMS.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~s.i.~~ Home Disposition Options ~~(12/30/2025)~~(04/10/2025)

~~i. Definition~~

~~Home Disposition Options are the Loss Mitigation Options of Pre-Foreclosure Sales (PFS) and Deed-in-Lieu (DIL).~~

i. Standard

The Mortgagee must review Borrowers for Home Disposition Options who are unable to sustain the Mortgage with the assistance of a Loss Mitigation Home Retention Option.

The Home Disposition Options include:

- Pre-Foreclosure Sale (PFS); and
- Deed-in-Lieu (DIL).

The Mortgagee must notify the Borrower that they may be able to avoid foreclosure by selling their home with a traditional sale or a PFS Option.

If the Borrower advises that their financial situation has improved during the PFS or DIL process and wants to retain the Property, the Mortgagee must review the Borrower for one additional Loss Mitigation Home Retention Option.

ii. Pre-Foreclosure Sales

(A) Definition

A Pre-Foreclosure Sale (PFS), also known as a Short Sale, refers to the sale of real estate that generates proceeds that are less than the amount owed on the Property and in which the lien holders agree to release their liens and forgive the deficiency balance on the real estate. There are ~~two~~ ~~three~~ PFS Options:

- Streamlined ~~Standard~~ PFS; and
- ~~Streamlined~~ PFS for Servicemembers ~~with Permanent Change of Station (PCS) Orders; and~~
- Standard PFS.

(B) Requirements for all PFS Options

(1) PFS Outreach Requirements

(a) Form HUD-90035, Information Sheet: Pre-foreclosure Sale Procedure

When the Mortgagee has identified a Borrower as a qualified candidate for a PFS or a Borrower has expressed an interest in participating, the Mortgagee must provide to the Borrower, electronically or by mail, form [HUD-90035](#), *Information Sheet: Pre-foreclosure Sale Procedure*, adding its toll-free or collect telephone number to the form.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(b) Disclosure Requirements for PFS Transactions

Prior to approving the Borrower for the PFS Option, the Mortgagee must notify the Borrower of the following in writing:

- The Mortgage must be ~~in Default~~ **three or more full monthly payment due and unpaid (61 Days or more past due)** on the date the **Mortgagee approves the Borrower's participation in a Standard PFS transaction** closes, pursuant to section 204(a)(1)(D) of the National Housing Act, 12 U.S.C. § 1710(a)(1)(D).
- **On the date the PFS for Servicemembers transaction closes, the Mortgage must be in Default status (minimum 31 Days Delinquent).**
- **Until the PFS transaction has closed, the Borrower must maintain the Property in "ready to show" condition, make basic property repairs, and perform all normal property maintenance activities (e.g., interior cleaning, lawn maintenance, etc.).**
 - **The Borrower must report all damage and/or repair expenses resulting from fire, flood, or other natural causes immediately to the insurance company and Mortgagee.**
- PFS transactions are reported to consumer reporting agencies and will likely affect the Borrower's ability to obtain another Mortgage and other types of credit.
- If the Borrower is a servicemember, it is recommended that the Borrower obtain guidance from their employer regarding the PFS's impact on their security clearance and employment.

Where the Property is encumbered with a PACE obligation, the property sales contract must indicate whether the obligation will remain with the Property or be satisfied by the seller at, or prior to closing. Where the obligation will remain, all terms and conditions of the PACE obligation must be fully disclosed to the buyer in accordance with applicable law (state and local) and made part of the sales contract.

~~(2) Defaulted Mortgage Status~~

~~The Mortgagee may consider the PFS Options for Borrowers who are in Default or who are current but facing Imminent Default due to a hardship affecting their ability to sustain their Mortgage. On the date the PFS closing occurs, the Mortgagee must ensure that the Mortgage is in Default status (minimum 31 Days Delinquent).~~

~~(3) Property Maintenance~~

~~Until the PFS transaction has closed, the Borrower must maintain the Property in "ready to show" condition, make basic property repairs, and perform all normal property maintenance activities (e.g., interior cleaning, lawn maintenance, etc.). The Borrower must report all damage and/or repair expenses resulting from fire,~~

III. SERVICING AND LOSS MITIGATION

2. Default Servicing

~~flood or other natural causes immediately to the insurance company and Mortgagee.~~

~~(4)~~(2) Required Documentation for PFS

The Mortgagee must maintain all required [Borrower Income and Assets](#) and hardship documentation in the Servicing File and the Claim ~~Review~~ File.

(C) PFS Options

(1) ~~Streamlined~~ [Standard](#) PFS

(a) Definition

A ~~Streamlined~~ [Standard](#) PFS ~~is a PFS Option~~ [is](#) available for Owner-Occupant and Non-Occupant Borrowers and does not require verification of hardship.

(b) ~~Streamlined~~ [Standard](#) PFS Standards

~~The Mortgagee must ensure that Non-Occupant Borrowers meet the following requirements:~~

- ~~• Borrower(s) are 90 Days or more Delinquent on their FHA-insured Mortgage as of the date of the Mortgagee's review; and~~
- ~~• each Borrower has a credit score of 620 or below.~~

The Mortgagee must ensure that the Owner-Occupant [or Non-Occupant](#) Borrower meet the following requirements:

- [the Borrower indicates a Financial Hardship affecting their ability to sustain the Mortgage;](#)
- the Borrower ~~is 90~~ [must be 61](#) Days or more Delinquent on the FHA-insured Mortgage as of the date of the Mortgagee's [approval](#) ~~review~~;
- each Borrower has a credit score of 620 or below; and
- the Borrower must have exhausted or been deemed ineligible for all permanent Loss Mitigation Home Retention Options; ~~or~~
~~• the Borrower has been deemed eligible for and offered a Loss Mitigation Home Retention Option. However, each Borrower must have a credit score below 580 and must provide written documentation stating that they choose not to accept the Loss Mitigation Home Retention Option.~~

~~(c) Eligible Properties~~

~~The Mortgagee may offer a Streamlined PFS for all Properties securing FHA-insured Mortgages, provided that all Borrowers meet program requirements. Such Properties may be vacant but cannot be condemned.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(c) Corporations or Partnerships Requesting PFS Option

The Mortgagee must submit a variance request for HUD approval via EVARS to use the PFS Option when the Property is owned by a corporation or partnership.

(2) Streamlined PFS for Servicemembers with PCS Orders

(a) Definition

A Streamlined PFS for Servicemembers with PCS Orders is a Streamlined PFS that may be offered to servicemembers with PCS Orders who must relocate to a new duty station at least 50 miles away from their existing residence, without the Mortgagee verifying hardship.

(b) Streamlined PFS for Servicemembers with PCS Orders Standards

The Mortgagee must ensure that servicemembers meet the following requirements for a Streamlined PFS for Servicemembers with PCS Orders:

- The servicemember has PCS Orders to relocate to a duty station at least 50 miles away from their existing residence and provides the Mortgagee with a copy of such orders.
- The servicemember submits an affidavit certifying that:
 - the Property securing the FHA-insured Mortgage is or was their Principal Residence when the PCS orders were issued; and
 - new permanent housing has been or will be obtained as a result of the orders.

On the date the PFS closing occurs, the Mortgagee must ensure that the Mortgage is in Default status (minimum 31 Days Delinquent).

(c) Eligible Properties

The Mortgagee may offer a Streamlined PFS for all Properties securing FHA-insured Mortgages, provided that all Borrowers meet program requirements. Such Properties may be vacant but cannot be condemned.

(3) Standard PFS

(a) Definition

A Standard PFS is available for Owner-Occupant Borrowers who are experiencing a hardship affecting their ability to sustain their Mortgage and who were determined to be ineligible for a Streamlined PFS.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(b) Standard PFS Standards~~

~~The Mortgagee must ensure that the Borrower:~~

- ~~• is an Owner-Occupant;~~
- ~~• is ineligible for all Home Retention Options; and~~
- ~~• is ineligible for a Streamlined PFS Option.~~

~~The Mortgage need not be in Default for Mortgagee approval of the Standard PFS option; however, on the date the Standard PFS closing occurs, the Mortgagee must ensure that the Mortgage is in Default status (minimum 31 Days Delinquent).~~

~~(c) Eligible Properties~~

~~The Mortgagee may offer the Standard PFS process for all owner-occupied Properties securing FHA-insured Mortgages, provided that all Borrowers meet program requirements. Such Properties may be vacant but cannot be condemned.~~

~~(d) Exceptions for Non-Occupant Borrowers in Standard PFS Transactions~~

~~HUD authorizes Mortgagees to grant exceptions to Non-Occupant Borrowers when the following can be demonstrated:~~

- ~~• need to vacate: the non-occupancy was related to the cause of Default; and~~
- ~~• not purchased/used as rental: the subject Property was not purchased as a rental or used as a rental for more than 18 months prior to the Borrower's acceptance into the PFS Program.~~

~~(4) Corporations or Partnerships Requesting PFS Option~~

~~The Mortgagee must submit a variance request to use the PFS Option to the NSC via EVARS when the Property is owned by a corporation or partnership.~~

(D) Property Valuation

(1) Appraisals

(a) Standard

The Mortgagee must obtain a standard electronically-formatted appraisal performed by an [FHA Roster Appraiser](#) pursuant to the following requirements:

- The appraisal must contain an “As-Is” Fair Market Value (FMV) for the subject Property and must be completed in accordance with the [Pre-Foreclosure Sale Program](#) requirements in the Appraiser and

2. Default Servicing

Property Requirements for Title II Forward and Reverse Mortgages section; and

- A copy of the appraisal must be provided to the homeowner, sales agent, or HUD, upon request.

(b) Required Analysis and Reporting of a Property Assessed Clean Energy Obligation

The Appraiser must review the sales contract, if applicable, and property tax records for the Property to determine the amount outstanding and the terms of the Property Assessed Clean Energy (PACE) obligation:

- if the Mortgagee notifies the Appraiser that the subject Property will remain subject to a PACE obligation;
- when the Appraiser observes that the property taxes for the subject Property are higher than average for the neighborhood and type of dwelling; or
- when the Appraiser observes energy-related building components or equipment or is aware of other PACE-allowed improvements during the inspection process.

The Appraiser must report the outstanding amount of the PACE obligation for the subject Property and provide a brief explanation of the terms.

Where energy and other PACE-allowed improvements have been made to the Property through a PACE program, and the PACE obligation will remain outstanding, the Appraiser must analyze and report the impact on value of the Property, whether positive or negative, of the PACE-related improvements and any additional obligation (i.e., the PACE special assessment).

(c) Appraisal Validity Period

The as-is appraisal used for a PFS transaction is valid for 180 Days from the effective date of the appraisal report.

If a Mortgagee determines that a subsequent as-is appraisal is required, the Mortgagee may obtain a new as-is appraisal, even if the Property was appraised by an FHA Roster Appraiser within the preceding 180 Days. If a third or any subsequent appraisal is required, the Mortgagee must **submit a variance request for HUD approval via** ~~request approval from the NSC through~~ EVARS.

(d) Required Documentation

The Mortgagee must retain a copy of the appraisal in the Servicing File and the Claim ~~Review~~ File.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(2) Validation of Appraised Value

(a) Standard

Prior to authorizing the marketing of the Property, the Mortgagee must review the appraisal to determine if further HUD approval is required to proceed with the as-is appraised value of the Property, as determined by the appraisal performed by an FHA Roster Appraiser.

The Mortgagee must obtain a Broker's Price Opinion (BPO) or Automated Valuation Model (AVM) if the as-is appraised value of the Property is:

- less than the unpaid principal balance by an amount of \$75,000 or greater; or
- less than 50 percent of the unpaid principal balance.

If a BPO or AVM is required, the Mortgagee must submit a ~~request for a~~ variance ~~request~~ for HUD approval ~~through~~ ~~via~~ EVARS, before proceeding with the PFS using the as-is appraised value.

If a BPO or AVM is not required, the Mortgagee is not required to submit a request for a variance through EVARS.

(b) Requirements for Variance Request for Property Valuation

When required to submit a ~~request for a~~ variance ~~request~~ to validate the as-is appraised value ~~through~~ ~~via~~ EVARS, the Mortgagee must:

- note on the variance request the specific reason for the request; and
- upload the following attachments:
 - the as-is appraisal;
 - the BPO or AVM; and
 - any additional supporting documents needed for HUD review, if applicable.

The Mortgagee must obtain approval before authorizing the marketing of the Property.

(c) Required Documentation

The Mortgagee must retain in the Claim ~~Review~~ File a copy of the BPO or AVM and the approved variance, if required.

(3) List Price

The Mortgagee must ensure that the Borrower lists the Property for sale at no less than the "As-Is" value as determined by an appraisal completed in accordance with the requirements in Pre-Foreclosure Sale Program Appraiser and Property Requirements for Title II Forward and Reverse Mortgages.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(E) Property Condition

A Property that is condemned or that the Mortgagee determined is abandoned is not eligible for PFS.

(1) Surchargeable Damage

(a) Definition

Surchargeable Damage is damage to a Property caused by fire, flood, earthquake, tornado, hurricane, boiler explosion (for condominiums only), or Mortgagee Neglect.

(b) Standard

The Mortgagee is responsible for the cost of Surchargeable Damage.

(c) PFS Request for Damaged Property

The Mortgagee must **submit a variance** request ~~NSC~~ **for HUD** approval via EVARS before approving the use of the PFS Option for a Property with Surchargeable Damage as follows:

- The Mortgagee must first obtain the Government's Estimate of the Cost to Repair the Surchargeable Damage by contacting HUD's [Mortgagee Compliance Manager \(MCM\)](#).
- Upon receipt of the Government's Estimate of the Cost to Repair, the Mortgagee must submit form [HUD-90041](#), *Request for Variance: Pre-foreclosure Sale Procedure*, via EVARS to obtain ~~NSC~~ **HUD** approval prior to entering into a PFS Agreement with the Borrower. The Mortgagee must note on the variance request the specific reason for the request and attach any supporting documents needed for ~~the~~ **NSC** **HUD**'s review.

(d) "As-Is" Subject to Surchargeable Damage

If the Property is being sold "As-Is" subject to the Surchargeable Damage, the Mortgagee must deduct the Government's Repair Cost Estimate of the damage from its PFS Claim.

(e) "As Repaired" Subject to Surchargeable Damage

If the Property is being sold "As Repaired" and funds for Surchargeable Damage repairs are escrowed or provided as a credit to the Borrower at closing, the Mortgagee must not include in its Net Sale Proceeds calculation the amount of the repair escrow or repair credit.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(2) Damage other than Surchargeable Damage

If the damage is not considered Surchargeable Damage, the Mortgagee is not required to obtain ~~NSC~~ HUD approval prior to approving the PFS Agreement.

(3) Hazard Insurance Claim

Where applicable, the Mortgagee must work with the Borrower to file a hazard insurance claim and either:

- use the proceeds to repair the Property; or
- adjust the PFS Claim by the amount of the insurance settlement (Non-Surchargeable Damage) or the Government's Repair Cost Estimate.

(4) Disclosure of Damage after PFS Approval

In the event the Mortgagee becomes aware that the Property has sustained significant damage after a Borrower has received the Approval to Participate (ATP) in the PFS Program, the Mortgagee must re-evaluate the Property to determine if it continues to qualify for the PFS Program or terminate participation if the extent of the damage changes the Property's FMV.

(F) Condition of Title

The Mortgagee must ensure that all FHA-insured mortgaged Properties sold under the PFS Program have marketable title.

Before approving a Borrower for participation in the PFS Program, the Mortgagee must obtain a title search or preliminary report and determine whether the title is impaired by:

- unresolvable title problems;
- liens that cannot be discharged as permitted by HUD; or
- a PACE obligation.

(G) Owner-Occupant Borrower Compensation

(1) Compensation Amount

HUD offers Owner-Occupant Borrowers who act in good faith and successfully sell their Properties using the PFS Option a compensation of up to \$3,000.

(2) Use of Compensation

The Owner-Occupant Borrower may:

- apply the entire amount of the \$3,000 compensation or a portion of it to resolve liens, including a PACE obligation;

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- offset the sales transaction costs not paid by HUD (including a home warranty plan fee, costs of optional repairs, and the buyer's closing expenses); and/or
- use the compensation for relocation or transition assistance.

The Mortgagee must instruct the Closing Agent to:

- pay the HUD relocation or transition assistance from Net Sale Proceeds; and
- itemize on the Closing Disclosure or similar legal document any relocation or transition assistance received by HUD or from other entities.

(3) Required Documentation

The Mortgagee must ensure that the Closing Disclosure or similar legal document accurately reflects the use of any Borrower compensation amount.

(H)PFS Program Participation Requirements

(1) Approval to Participate

(a) Definition

A Pre-Foreclosure Sale (PFS) Approval to Participate (ATP) is an agreement signed by the Borrower to confirm their willingness to comply with the PFS Program requirements.

(b) Standard

After determining that a Borrower and Property meet the PFS eligibility requirements, the Mortgagee must notify the Borrower by sending:

- an ATP ~~for~~ⁱⁿ the PFS Program (form [HUD-90045](#), *Approval to Participate: Pre-foreclosure Sale Procedure Property Sales Information Property Occupancy & Maintenance*), including the date by which the Borrower's Sales Contract must be executed under [Pre-Foreclosure Sale Marketing Period](#) guidance; and
- a Pre-Foreclosure Sale Addendum.

The Mortgagee must send these documents to the Borrower via methods providing confirmation or a timestamp of delivery.

The Mortgagee must receive the signed ATP within 10 Days of the date on the ATP.

(c) Reporting of Approval to Participate

The Mortgagee must report that the Borrower has been approved to participate in the PFS Program in SFDMS.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(2) Use of **Licensed** Real Estate Broker

(a) Borrower Retention of **Licensed** Real Estate Broker

The Borrower is responsible for retaining the services of a **licensed** real estate broker/agent within seven Days of the date of **delivery of** the ATP.

(b) Required Listing Disclosure

The Mortgagee must ensure that the established Listing Agreement between the seller and the agent/broker includes the following cancellation clause: “Seller may cancel this Agreement prior to the ending date of the listing period without advance notice to the **agent/b**roker, and without payment of a commission or any other consideration if the property is conveyed to the mortgage insurer or the mortgage holder. The sale completion is subject to approval by the mortgagee.”

(c) Real Estate Broker Duties

The real estate broker/agent must market the Property within the preestablished time frame stated in the ATP and list the Property in accordance with the [property valuation](#) requirements.

(d) Real Estate Broker Conflicts of Interest

The real estate broker/agent selected must have no conflict of interest with the Borrower, the Mortgagee, the Appraiser or the buyer associated with the PFS transaction. The broker/agent must not claim a sales commission on a PFS of a broker’s/agent’s own Property or that of a spouse, sibling, parent, or child.

Any conflict of interest, appearance of a conflict, or self-dealing by any of the parties to the transaction is strictly prohibited.

(3) Arm’s Length PFS Transaction

(a) Definition

An Arm’s Length PFS Transaction is between two unrelated parties that is characterized by a selling price and other conditions that would prevail in an open market environment and without hidden terms or special understandings existing between any of the parties involved in the transaction.

(b) Standard **[Text was deleted in this section.]**

The Mortgagee must ensure that the following arm’s length requirements apply to parties involved in PFS transactions:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- Any PFS proposed by the Borrower or their agent and approved by the Mortgagee must be an Arm's Length Transaction between the Borrower and prospective buyer, subject to the exceptions in the [Permitted Non-Arm's Length Transactions](#) section.
- Except for real estate agents and brokers representing a party to the PFS, no party that is a signatory on the sales contract, including addenda, can serve in more than one capacity.
- The broker hired to sell the Property must not share a business interest with the Mortgagee.
- If the Mortgagee knows that a shared interest exists between the Appraiser and sales agent, the Mortgagee must note this in the Servicing File and the Claim ~~Review~~ File.
- ~~All doubts will be resolved in a manner to avoid a conflict of interest, the appearance of conflict, or self-dealing by any of the parties.~~

(c) Permitted Non-Arm's Length Transactions

HUD permits non-Arm's Length PFS Transactions, to the extent necessary to comply with state law, where state law prohibits placement of an Arm's Length Transaction requirement on property sales.

If clauses (a) and (c) of the PFS Addendum are impermissible under state law, the Mortgagee may strike these clauses from the PFS Addendum prior to execution, provided that the transaction complies with all PFS Program requirements.

(d) Relocation Service Contribution

The Mortgagee may permit a relocation service affiliated with the Borrower's employer to contribute a fixed sum toward the proceeds of the PFS transaction without altering the arm's length nature of the sale, ~~asse~~ long as the result is an outright sale of the Property and cancellation of the FHA mortgage insurance.

(4) Mortgagee Monitoring of PFS

The Mortgagee must monitor the PFS to ensure the Borrower's compliance with the terms in the ATP and with all PFS Program requirements.

The Mortgagee must terminate a Borrower's participation in the PFS Program in the event of noncompliance.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(I) Pre-Foreclosure Sale Marketing Period

(1) Maximum Marketing Period

The Borrower has four months from the date of the Borrower's ATP to acquire a contract of sale.

(2) Minimum Marketing Period

The Mortgagee must ensure that PFS Properties are listed in the Multiple Listing Service (MLS) for a minimum of 15 Days before offers are evaluated. After this initial listing period, the broker/agent may evaluate offers as they are received.

This 15-Day minimum marketing period must follow the date of the Borrower's ATP.

(3) Extension to PFS Marketing Period

HUD provides an automatic two-month extension to the deadline to initiate foreclosure for completion of a PFS transaction **if under the following conditions:**

- ~~the Mortgagee has an "A" Tier 1 score under HUD's Tier Ranking System (TRS) II; or~~
- there is a signed contract of sale, but settlement has not occurred by the end of the fourth month following the date of the Borrower's ATP in the PFS Program.

(4) Monthly Review of Marketing Status

On a monthly basis, Mortgagees must review the Property's marketing status with the Borrower and/or real estate broker/agent.

(5) Property Inspection

The Mortgagee must inspect Properties during the PFS period if:

- the Property is [vacant](#);
- the Mortgagee has reason to suspect that the Property has become vacant; or
- the Borrower or Authorized Third Party has not maintained contact with the Mortgagee.

(6) Previously Initiated Foreclosures

The Mortgagee may not initiate a four-month PFS marketing period for a Property after the first legal action to initiate foreclosure has occurred.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

If the Mortgagee has received an acceptable contract of sale that meets the PFS requirements, the PFS marketing period ~~may~~ **must** only be issued for the time needed to close based on the close of escrow date on the contract of sale.

The Mortgagee may only cancel or temporarily suspend the foreclosure action where such suspension is permissible under state law.

(J) Evaluation of Offers

(1) Standard

The listing real estate broker/agent must provide the Mortgagee with an offer that:

- yields the highest net return to HUD; and
- meets HUD's requirements for ~~bids~~ **an acceptable contract of sale**.

The listing real estate broker/agent must ensure that:

- all offers submitted to the Mortgagee for approval are signed by both the seller and the buyer prior to submission; and
- the [PFS Addendum](#) is signed by all the applicable parties (except for the Closing Agent).

(2) Back-up Offers

Once an offer has been submitted to the Mortgagee for approval, the listing real estate broker/agent must retain any offer that the seller elects to hold for "back-up" until a determination has been made on the previously submitted offer.

(3) Required Documentation

The listing real estate broker/agent must retain all offers received, including offers not submitted for approval, in accordance with state law.

(K) Contract Approval by Mortgagee

(1) Standard

In reviewing the contract of sale, the Mortgagee must:

- ensure that the PFS sale is an outright sale of the Property and not a sale by assumption;
- review the sales documentation to determine that there are:
 - no hidden terms or special agreements existing between any of the parties involved in the PFS transaction; and
 - no contingencies that might delay or jeopardize a timely settlement; and
- determine that the Property was marketed pursuant to HUD requirements and that the minimum required Tiered Net Sale Proceeds have been met.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

The following anti-fraud measures apply to PFS transactions:

- A Mortgagee must not approve a Borrower for a PFS if the Mortgagee knows or has reason to know of a Borrower's fraud or misrepresentation of information.
- All parties involved in a PFS transaction must sign and date a PFS Addendum as a contingency for a PFS transaction to close.

(2) Sales Contract Review Period

After receiving an executed contract of sale for a Borrower approved to participate in the PFS Program, the Mortgagee must send to the Borrower form [HUD-90051](#), *Sales Contract Review: Pre-foreclosure Sale Procedure*, no later than five business days from the Mortgagee's receipt of an executed contract for sale.

(3) Net Sale Proceeds

(a) Definition

Net Sale Proceeds are the proceeds of a PFS sale, calculated by subtracting reasonable and customary closing settlement costs, and any outstanding balances on a Partial Claim ~~Note(s)~~ **or Payment Supplement(s)** from the property sales price.

(b) Standard

Regardless of the Property's sale price, a Mortgagee may only approve a PFS contract for sale if the Tiered Net Sale Proceeds are at or above HUD's minimum allowable thresholds. HUD's requirements for minimum Tiered Net Sale Proceeds ~~as are~~ based on the length of time ~~the~~ **the** Property has been competitively marketed for sale under an ATP ~~are~~ as follows:

- Days 1-30 of marketing: The Mortgagee may only approve offers that will result in minimum Net Sale Proceeds of 88 percent of the "As-Is" appraised FMV.
- Days 31-60 of marketing: The Mortgagee may only approve offers that will result in minimum Net Sale Proceeds of 86 percent of the "As-Is" appraised FMV.
- Days 61-120 of marketing: The Mortgagee may only approve offers that will result in minimum Net Sale Proceeds of 84 percent of the "As-Is" appraised FMV.

The Mortgagee has the discretion to deny or delay sales where an offer may meet or exceed the Net Sale Proceeds of 84 percent, if it is presumed that continued marketing would likely produce a higher sale amount.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

The Mortgagee is liable for any FHA Insurance Claim Overpayment on a PFS transaction that closes with less than the required Tiered Net Sale Proceeds, unless a variance has been granted by HUD.

(c) Settlement Costs

(i) Allowable Settlement Costs **[Text was deleted in this section.]**

The Mortgagee may include the following settlement costs in its Net Sale Proceeds calculation:

- sales commission consistent with the prevailing rate but, not to exceed 6 percent;
- real estate taxes pro-rated to the date of closing;
- local/state transfer tax stamps and other closing costs customarily paid by the seller, including the seller's costs for a title search and Owner's Title Insurance;
- compensation payable to the Owner-Occupant Borrower of \$3,000, or to be used to resolve junior liens;
- ~~upon extinguishing the Owner-Occupant Borrower's compensation of \$3,000, HUD will allow an additional \$1,500 of Net Sale Proceeds to be used to resolve junior liens, for a total of \$4,500;~~
- for Non-Occupant Borrowers, HUD will allow \$1,500 of Net Sale Proceeds to be used to resolve junior liens;
- the entire outstanding Partial Claim amount must be paid when calculating the Net Sale Proceeds. The seller, buyer, or other Interested Party may contribute the difference if the amount of Net Sale Proceeds falls below the allowable threshold; and
- up to 1 percent of the buyer's first mortgage amount if the sale includes FHA financing.

(ii) Unacceptable Settlement Costs

The Mortgagee must not include the following costs in the Net Sale Proceeds calculation:

- repair reimbursements or allowances;
- home warranty fees;
- Discount Points or mortgage fees for non FHA-financing;
- Mortgagee's Title Insurance fee; and
- ~~Third-Party Fees~~ Third-Party Fees incurred by the Mortgagee or Borrower to negotiate a PFS.

(d) Third-Party Fees

With the exception of reasonable and customary real estate commissions, the Mortgagee must ensure that third-party fees incurred by the Mortgagee or

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

Borrower to negotiate a PFS are not included on the Closing Disclosure or similar legal documents unless explicitly permitted by state law.

The Mortgagee, its agents, or any outsourcing firm it employs must not charge any fee to the Borrower for participation in the PFS Program.

(e) Partial Claim **and Payment Supplement Subordinate Mortgages**

The Mortgagee must ensure that all outstanding Partial Claims **and Payment Supplements** are paid in full.

The Mortgagee must deduct any outstanding balances **s** on ~~a~~ Partial Claim ~~Note~~ **and Payment Supplement Subordinate Mortgages** from the **Net Sale Proceeds**. The Mortgagee must ~~send~~ **ensure** sufficient proceeds from the PFS ~~to~~ satisfy **all the** Partial Claim **and Payment Supplement balances, and the funds are remitted** directly to HUD's Loan Servicing Contractor.

If, after satisfying the Partial Claim **or Payment Supplement**, the Net Sale Proceeds fail to meet the applicable Tiered Net Sale Proceeds requirement, the Mortgagee must request and obtain approval from HUD via EVARS before closing.

(4) Title I Liens

If the Mortgagee discovers that a Borrower has a HUD Title I Mortgage secured by the Property, the Mortgagee must contact the Title I subordinate lien holder to advise the Borrower's participation in a PFS. HUD may require the Mortgagee to negotiate the release of the lien in order to proceed with a PFS.

If the Title I Mortgage has been assigned to HUD, the Mortgagee must contact **HUD's Financial Operations Center** ~~for guidance:~~

~~U.S. Department of Housing and Urban Development
Financial Operations Center
52 Corporate Circle
Albany, New York 12203.
1-800-669-5152/ fax (518) 862-2806~~

(5) Discharge of Junior Liens **[Text was deleted in this section.]**

The Mortgagee must provide for the discharge of junior liens as follows:

- If the Borrower has the financial ability, the Borrower must be required to satisfy or obtain release of liens.
- If the Owner-Occupant Borrower receives compensation (\$3,000), this compensation may be applied toward discharging liens.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- If no other sources are available, ~~both the Owner-Occupant Borrower and~~ the Non-Occupant Borrower may obligate up to an additional \$1,500 from sale proceeds toward discharging liens or encumbrances.

(6) Section 235 Recapture

The Mortgagee must first determine if the Mortgage is subject to recapture as referenced in [Section 235 Mortgages](#). If a recapture amount is owed to HUD, the Mortgagee must contact HUD's [Loan Servicing Contractor](#) prior to approving the PFS.

(L) Closing and Post-closing Responsibilities

(1) Mortgagee Responsibilities Prior to Closing

The Mortgagee must provide the Closing Agent with:

- form [HUD-90052](#), *Closing Worksheet: Pre-foreclosure Sale Procedure*, which lists all amounts payable from Net Sale Proceeds; and
- the PFS Addendum that was signed by:
 - buyers;
 - buyers' agent;
 - sellers;
 - sellers' agent (listing agent); and
 - transaction facilitators/negotiators, if applicable.

The Mortgagee must receive from the Closing Agent:

- a copy of the Closing Disclosure or similar legal document which includes a calculation of the actual Net Sale Proceeds, and
- the executed form [HUD-90052](#), which must be included in the Servicing File and the Claim ~~Review~~ File.

The Mortgagee must review the Final Terms of the PFS Transaction to ensure that:

- the final terms of the PFS transaction are consistent with the sales contract;
- only allowable settlement costs have been deducted from the seller's proceeds; and
- the Net Sale Proceeds will be equal to or greater than the allowable thresholds.

(2) Closing Agent Responsibilities after Final Approval

Once the Mortgagee gives final approval for the PFS and the settlement occurs, the Closing Agent must:

- pay the expenses out of the Net Sale Proceeds and forward the Net Sale Proceeds to the Mortgagee;

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- forward a copy of the Closing Disclosure or similar legal document to the Mortgagee to be included in the Servicing File and the Claim ~~Review~~ File no later than three business days after the PFS transaction closes; and
- sign the PFS Addendum on or before the date the PFS transaction closes, unless explicitly prohibited by state statute.

(3) Satisfaction of Mortgage Debt

Upon receipt of the portion of the Net Sale Proceeds designated for ~~m~~Mortgage satisfaction, the Mortgagee must satisfy the Mortgage debt and may file a [claim for mortgage insurance benefits](#).

(M) Early Termination of PFS Program Participation

(1) Standard

(a) Borrower-Initiated Termination

The Mortgagee must permit a Borrower to voluntarily terminate participation in the PFS Program at any time.

(b) Mortgagee-Initiated Termination

The Mortgagee may terminate a Borrower's PFS Program participation at its discretion for any of the following reasons:

- discovery of unresolvable title problems;
- determination that the Borrower is not acting in good faith to market the Property;
- significant change in property condition or value; or
- ~~re-evaluation based on new financial information provided by the Borrower indicating the case does not qualify for the PFS Option.~~ the Mortgagee has approved the Borrower for a Permanent Home Retention Option after the Borrower advised the Mortgagee that their financial situation has improved, and they want to retain their home.

(c) Notification of PFS Program Participation Termination

The Mortgagee must ~~forward to~~ send the Borrower a ~~date-stamped, written explanation~~ written notice providing the reason for terminating their PFS program participation. ~~This letter is to include the "end-of-participation" and the termination date for the Borrower of the PFS.~~

(2) Required Documentation

The Mortgagee must retain a copy of the Notification of PFS Program Participation Termination in the Servicing File.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(N) Failure to Complete a PFS Transaction

At the expiration of the PFS marketing period, should the Borrower be unable to complete a PFS transaction, the Mortgagee must re-evaluate available Loss Mitigation Options as follows:

- If the Borrower's financial condition has improved to the point that reinstatement is a viable option, review the Borrower's eligibility for one of the Loss Mitigation Home Retention Options; and
- If reinstatement is not feasible, review the Borrower for a DIL of Foreclosure.

Within 90 Days after the expiration of the PFS marketing period, the Mortgagee must consider and approve the Borrower for an alternate Loss Mitigation Option or complete the first legal action to initiate foreclosure.

Should additional time be needed to complete a DIL or to initiate foreclosure, Mortgagees must submit a request for an extension of time ~~to the NSC~~ **for HUD approval** via EVARS.

(O) Extensions of Foreclosure Time Frame for PFS

(1) Standard

After PFS early termination or option failure, HUD provides an automatic 90-Day extension to the [deadline](#) to complete a Loss Mitigation Option or to perform the first legal action initiating foreclosure. The automatic 90-Day extension begins the Day after the PFS ATP is terminated or expires.

If the Mortgagee has not yet received the Net Sale Proceeds from the Closing Agent and the automatic 90-Day extension is nearing expiration, the Mortgagee must submit a request for extension ~~to the NSC~~ **for HUD approval** via EVARS no later than 10 Days before the 90-Day extension expires.

(2) Required Documentation

The Mortgagee must **retain in the Servicing File and the Claim File documentation of any extensions received from HUD** ~~note the use of any extensions, whether automatic or requested, on form HUD-27011, Single Family Application for Insurance Benefits.~~

(P) Deficiency Judgments

If a foreclosure occurs after the Borrower unsuccessfully participated in the PFS process in good faith, neither the Mortgagee nor HUD will pursue the Borrower for a deficiency Judgment.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(Q)PFS Incentive

The Mortgagee may claim an [incentive](#) for each completed PFS transaction that complies with all HUD PFS requirements.

(R) Mortgage Insurance Termination

The Mortgagee must not submit a mortgage insurance termination on PFS transactions. HUD ~~can~~ **will** only pay FHA mortgage insurance benefits when the status of the mortgage insurance is “active.”

~~(S) Reporting of PFS~~

~~The Mortgagee must report in SFDMS the appropriate Claim Termination of Insurance Code to indicate when the PFS has been held.~~

The Mortgagee must report the PFS Sale to consumer reporting agencies.

iii. Deed-in-Lieu of Foreclosure

(A) Definition **[Text was deleted in this section.]**

A Deed-in-Lieu (DIL) of Foreclosure is a Loss Mitigation Home Disposition Option in which a Borrower voluntarily offers the deed to HUD in exchange for a release from all obligations under the Mortgage. ~~There are three types of DIL transactions:~~

- ~~• Streamlined DIL;~~
- ~~• Streamlined DIL for Servicemembers with PCS Orders; and~~
- ~~• Standard DIL.~~

(B) Disclosure Requirements for DIL

Prior to approving a Borrower for a DIL, the Mortgagee must notify the Borrower in writing of the following:

- The Mortgage must be in Default on the date the DIL special warranty deed is executed, pursuant to Section 204 of the National Housing Act (12 U.S.C. § 1710).
- DIL transactions are generally reported to consumer reporting agencies, and will likely affect the Borrower’s ability to obtain another Mortgage and other types of credit.
- If the Borrower is a servicemember, it is recommended that the Borrower obtain guidance from their employer regarding the DIL’s impact on their security clearance and employment.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(C) Eligibility~~

~~(1) Defaulted Mortgage Status~~

The Mortgagee must ensure that the Mortgage meets the following eligibility requirements for the DIL Option:

- ~~• the Mortgage is in Default and the cause of Default must be incurable; or~~
- ~~• the Borrower is at risk of Imminent Default and the Borrower provides to the Mortgagee documentation that supports their Imminent Default.~~

~~(2) Borrower Eligibility~~

HUD requires Borrowers to first attempt to market the Property under the PFS Program prior to use of the DIL Option.

(C) DIL Options

There are two types of DIL options: Standard DIL and DIL for Servicemembers.

~~(a)(1) Streamlined Standard DIL~~

~~(i) Definition~~

A ~~Streamlined~~ Standard Deed-in-Lieu (DIL) is a DIL transaction for Owner-Occupant Borrowers and Non-Occupant Borrowers ~~and does not require verification of hardship.~~

~~(ii) Streamlined DIL Standards~~

The Mortgagee must ensure that:

- ~~• the Borrower has attempted to complete a PFS;~~
- ~~• all the~~ Borrowers and the Property meet the requirements for a ~~Streamlined PFS~~ Standard PFS; and
- ~~• Borrowers have attempted to complete a PFS~~ the Mortgage is 61 Days or more Delinquent as of the date of the Mortgagee's approval.

~~(b)(2) Streamlined DIL for Servicemembers with PCS Orders~~

~~(i) Definition~~

A ~~Streamlined~~ DIL for Servicemembers ~~with PCS Orders Option~~ is a ~~Streamlined~~ DIL ~~that may be offered to~~ for servicemembers with PCS orders who must relocate to a new duty station at least 50 miles away from their existing residence, without the Mortgagee verifying hardship.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(ii) Streamlined DIL for Servicemembers with PCS Orders Standards~~

The Mortgagee must ensure that:

- ~~Servicemembers and the Property meet the requirements for a Streamlined PFS for Servicemembers with PCS Orders;~~
- the Mortgage is 31 Days or more Delinquent on the date the DIL special warranty deed is executed; and
- Servicemembers have attempted to complete a PFS Option.

~~(e) Standard DIL~~

~~(i) Definition~~

~~A Standard DIL is a DIL available for Owner-Occupant Borrowers who experienced a verifiable hardship that has affected their ability to sustain their Mortgage but who do not meet the requirements of a Streamlined DIL Option.~~

~~(ii) Standard DIL Standard~~

~~The Mortgagee must ensure that:~~

- ~~• all Borrowers and the Property meet the requirements for a Standard PFS; and~~
- ~~• Borrowers have attempted to complete a PFS Option.~~

~~(d)~~**(3) DIL Exceptions for Borrowers with More than One FHA-Insured Mortgage**

The Mortgagee must obtain a certification from the Borrower that the Borrower does not own any other FHA-insured Property.

If the Borrower owns more than one FHA-insured Property, ~~t~~The Mortgagee must submit a request for ~~NSC~~ HUD approval via EVARS ~~for approval~~ to offer a DIL Option to a Borrower who owns more than one FHA-insured Property.

~~(e) Exceptions for Non-Occupant Borrowers in Standard DIL Transactions~~

~~HUD authorizes Mortgagees to offer Standard DIL to Non-Occupant Borrowers when the following can be demonstrated:~~

- ~~• Need to vacate: the non-occupancy was related to the cause of Default;~~
~~or~~
- ~~• Not purchased/used as rental: the subject Property was not purchased as a rental or used as a rental for more than 18 months prior to the offering of the DIL Option.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~The Mortgagee must submit a variance request to use the DIL Option to NSC via EVARS when the Property is owned by a corporation or partnership.~~

~~(3)~~(4) Condition of Title

The Borrower or Mortgagee must be able to convey a clear and marketable title to the Secretary. The Mortgagee must obtain a title search or preliminary report and determine whether the title is impaired by:

- unresolvable title problems;
- liens that cannot be discharged as permitted by HUD; or
- a PACE obligation.

~~(4)~~(5) Deficiency Judgment

HUD will not accept a DIL when it has elected to pursue a deficiency Judgment against the Borrower.

(D) DIL **Owner-Occupant Borrower** ~~Consideration~~ **Relocation Assistance**

(1) ~~Consideration~~ Amount **of Relocation Assistance**

HUD offers Owner-Occupant Borrowers a consideration of up to \$3,000 **in relocation assistance** upon vacating the Property and satisfaction of the requirements of the DIL Agreement. HUD will not pay this **relocation assistance** ~~consideration~~ if the Property is occupied at conveyance.

(2) Use of **Relocation Assistance** ~~Consideration~~ Amount

The Owner-Occupant Borrower may apply the entire amount of the **relocation assistance** ~~consideration~~ or a portion of it to resolve liens, including PACE obligation liens.

(E) DIL Agreement

(1) Standard

The Borrower and the Mortgagee must execute a DIL Agreement in writing. HUD does not require a specific format for documenting a DIL Agreement. The Mortgagee must ensure that the DIL documentation complies with all applicable laws and regulations.

(2) DIL Agreement Terms

The Mortgagee must ensure that the DIL Agreement contains the following:

- certification that the Borrower does not own other Property subject to a Mortgage insured by or held by HUD;
- the Transfer Date;

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- notification of possible income tax consequences;
- acknowledgment that Borrowers who comply with all requirements of the Agreement will not be pursued for deficiency Judgments;
- a statement describing the physical condition in which the Property will be conveyed;
- agreement with the Borrower to convey the Property vacant and free of Personal Property, unless HUD has approved an Occupied Conveyance;
- itemization of keys, built-in-fixtures, and equipment to be delivered by the Mortgagee on or before the Transfer Date;
- evidence that utilities, assessments, and HOA dues are paid in full by the Transfer Date, unless otherwise agreed to by all parties; and
- the amount of **relocation assistance**~~consideration~~ payable to and/or on behalf of the **Owner-Occupant** Borrower will not exceed \$3,000.

(3) Required Documentation

The Mortgagee must retain a copy of the executed DIL Agreement in **the** Servicing File and the Claim ~~Review~~ File.

(F) DIL Conveyance to HUD

(1) Mortgage in Default

The Mortgagee must ensure that the Mortgage is in Default when the DIL is recorded and the Property **is** conveyed to HUD.

(2) Discharge of Liens

The Mortgagee must provide for the discharge of liens as follows:

- The Mortgagee must complete a title search and ~~must~~ ensure the ~~secure~~ release of liens and/or endorsements to the title policy are obtained.
- HUD will not accept titles subject to most liens, including IRS and HOA liens. HUD will allow liens securing repayment of Section 235 assistance payments, Partial Claim advances, and Title I liens.
- HUD will allow a notice of lien recorded in the land records securing repayment of a PACE obligation that may only become subject to an enforceable claim (i.e., a lien) for delinquent regularly scheduled PACE special assessment payments and otherwise complies with the eligibility and acceptability criteria for Properties encumbered with a PACE obligation provided in [PACE Obligation Review](#).
- If the Owner-Occupant Borrower receives **relocation assistance**~~consideration~~, this **assistance**~~consideration~~ may be applied toward discharging liens.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(3) Special Warranty Deed

The Borrower and the Mortgagee must convey the Property through a special warranty deed and, when possible, the Borrower must convey title directly to HUD. The Mortgagee must cancel and surrender to the Borrower the original credit instrument, indicating that the Mortgage has been satisfied.

If it is necessary to convey title to the Mortgagee, and then to HUD, the Mortgagee must document the reason in the Servicing File and the Claim-~~Review~~ File.

(4) Conveyance Time Frame

The Mortgagee must record the special warranty deed and deliver the original, recorded deed to HUD's [MCM](#) within 45 Days of the date the clear and marketable title was conveyed to the Secretary.

(5) Occupied Properties

The Mortgagee must ensure that the Property is vacant at the time of conveyance.

HUD will not accept a DIL if the collateral Property is occupied at the time of conveyance to HUD, unless authorized for [Occupied Conveyance](#).

(6) Option Not to Convey

The Mortgagee may elect not to convey title to HUD and to terminate the contract of mortgage insurance. If this occurs, the Mortgagee must use form HUD-27050-A, *Insurance Termination*, and select Voluntary Termination (Term Type 21) in [FHAC](#) to notify HUD.

(G) DIL Incentive

The Mortgagee may submit a claim for an [incentive](#) for each completed DIL transaction that complies with all HUD DIL requirements.

(H) DIL Foreclosure Time Frames

The Mortgagee must complete the DIL or initiate foreclosure within six months of the date of Default, unless the Mortgagee [has](#) qualified for an automatic ~~90-Day~~ extension ~~by first attempting a Loss Mitigation Option~~ or has received an extension approved by [HUD](#) ~~the NSC~~ via EVARS. If the DIL follows a failed ~~SFB-Unemployment Agreement or~~ PFS, the DIL must be completed or foreclosure initiated within 90 Days of the failure.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(I) Reporting to Consumer Reporting Agencies and the IRS

The Mortgagee must not report DIL transactions to consumer reporting agencies as foreclosures.

~~(J) Reporting of DIL~~

~~The Mortgagee must report the appropriate Claim Termination of Insurance Code to indicate when the DIL was completed in SFDMS.~~

k. Loss Mitigation Incentives and Title Reimbursement (10/01/2025)(03/31/2022)

i. Loss Mitigation Incentives

The Mortgagee may claim an incentive for completion of a permanent Loss Mitigation Option if:

- three or more full monthly payments are Delinquent (i.e., 61 Days or more Delinquent) when the Permanent Home Retention Option or Home Disposition Option is approved, except the Mortgage must be 31 Days or more Delinquent:
 - o on the closing date for PFS for Servicemembers or
 - o on the for date the DIL special warranty deed is executed for DIL for Servicemembers;
- the Loss Mitigation Option was completed in accordance with FHA requirements; and
- the correct and complete claim is submitted to HUD within 60 Days of the execution date of the Permanent Home Retention Option or Home Disposition Option.

The Mortgagee may submit a [claim](#) for an incentive for the successful completion of the approved Loss Mitigation Options, including for Loss Mitigation Options associated with a PDMDA (also referred to as Disaster options), listed below.

Loss Mitigation Option	Mortgagee Incentive Compensation
Partial Claim ~~SFB-Unemployment~~	\$100 (\$200 for Mortgagees with an “A” Tier 1 score under HUD’s TRS II).
Low Modification (including OWL) ~~FHA-HAMP~~	\$750 for a Loan Modification ~~*Additionally, the Mortgagee is eligible to be reimbursed up to \$250 for fees associated with title search, title policy, and/or recordation.~~ ~~\$500 for an FHA-HAMP Partial Claim.~~ ~~\$750 for an FHA-HAMP Loan Modification, plus up to \$250 for reimbursement of title search, endorsement to the title policy, and/or recording fees actually incurred.~~
Payment Supplement	\$1,750
PFS	\$1,000

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

Loss Mitigation Option	Mortgagee Incentive Compensation
DIL	\$250

ii. Reimbursement for Loan Modification Title Search and Recordation

The Mortgagee may submit a claim to be reimbursed up to \$250 for fees associated with title search, title policy, and/or recordation associated for an executed Loan Modification where:

- three or more full monthly payments are Delinquent (i.e., 61 Days or more Delinquent) when the Standalone Loan Modification, Combination Loan Modification and Partial Claim, or OWL is approved;
- the Loss Mitigation Option was completed in accordance with FHA requirements; and
- the correct and complete claim for \$250 is submitted to HUD within 120 Days of the execution date of the Loan Modification, or Loan Modification as part of a Combination Loan Modification and Partial Claim.

The claim for reimbursement up to \$250 for fees associated with title search, title policy, and/or recordation may be included with the claim for a Mortgagee incentive. Mortgagees that do not qualify for an incentive may still submit a claim for this reimbursement.

~~1.~~ Presidentially-Declared Major Disaster Areas (10/01/2025)(05/01/2024)

i. Disaster Declarations

Under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, the President has authority to declare a major disaster for any area which has been affected by damage of sufficient severity and magnitude to warrant major disaster assistance. Disaster declarations and information regarding available federal assistance for each disaster incident are posted on the [Federal Emergency Management Agency's \(FEMA\) website](#).

Whenever the President declares a major disaster, the Mortgagee must implement the procedures set forth in this section for each designated area that is eligible for federal disaster assistance, designated for public assistance, individual assistance, or both, unless otherwise specified.

ii. Moratorium on Foreclosures

(A) Standard

Mortgagees must attempt to contact Borrowers whose Property is located in a PDMDA to notify the Borrower that disaster loss mitigation assistance is available. If the first legal action has been completed or the Borrower has been referred to

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

foreclosure, the Mortgagee must notify the Borrower that a foreclosure moratorium is in place for 90 Days beginning on the date of the disaster declaration for that area.

FHA-insured Mortgages secured by Properties located in a PDMDA will be subject to a moratorium on foreclosures following the disaster declaration. The foreclosure moratorium is:

- effective for a 90-Day period beginning on the date of the disaster declaration for that area (HUD may communicate further specific guidance for extension of moratorium periods for individual disasters);
- applicable to the initiation of foreclosures and foreclosures already in process; and
- considered an additional period of time approved by HUD for the Mortgagee to take loss mitigation action or commence foreclosure.

HUD provides the Mortgagee an automatic 90-Day extension from the date of the moratorium expiration date to ~~commence or recommence foreclosure action or~~ evaluate the Borrower under [HUD's Loss Mitigation for Borrowers in PDMDAs](#) **or commence or recommence foreclosure action**. The Mortgagee may also submit a request for an additional extension to HUD's foreclosure-related deadlines via HUD's EVARS when prohibited from performing a required ~~action~~**activity** due to the foreclosure moratorium.

(B) Required Documentation

The Mortgagee must retain in the Servicing File and the Claim ~~Review~~ File, if applicable, any approved extensions from HUD related to a foreclosure moratorium.

(C) Hazard or Flood Insurance Settlement

The Mortgagee must take no action to initiate or complete foreclosure proceedings, after expiration of a disaster-related foreclosure moratorium, if such action will jeopardize the full recovery of a hazard or flood insurance settlement.

iii. Monitoring of Repairs to Substantially Damaged Homes

(A) Definition

A building is considered to be "Substantially Damaged," as defined in the National Flood Insurance Program (NFIP) regulations, when "damage of any origin is sustained by a structure whereby the cost of restoring the structure to its before damaged condition would equal or exceed 50 percent of the market value of the structure before the damage occurred."

(B) Standard

The Mortgagee must take appropriate actions to ensure that repairs to Substantially Damaged Properties comply with the federal building elevation standards, including

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

those established by FEMA. The Mortgagee must ensure compliance with any higher applicable building elevation standard adopted by the state or local government.

iv. Loss Mitigation for Borrowers in PDMDAs

~~Should Presidentially Declared Major Disasters adversely impact a Borrower's ability to make on-time Mortgage Payments, the Mortgagee must provide the Borrower with forbearance and HUD-~~ **Mortgagees must attempt to contact Borrowers whose Property is located in a PDMDA to notify the Borrower that disaster loss mitigation assistance is available.**

If the Borrower is experiencing a Financial Hardship due to the disaster, the Mortgagee must offer loss mitigation assistance, where appropriate, ~~as provided in applicable FHA policy guidance.~~

~~(A) Borrowers Impacted by a PDMDA during COVID-19~~

~~For Borrowers impacted by a PDMDA through April 30, 2025:~~

- ~~• For Borrowers who are currently being evaluated for a COVID-19 Loss Mitigation Option, before the date of a new PDMDA disaster declaration, the Mortgagee must continue to follow the COVID-19 Loss Mitigation guidance.~~
- ~~• For all other Borrowers, the Mortgagee must evaluate the Borrower for Forbearance Options for Borrowers in PDMDAs and then evaluate the Borrower for the COVID-19 Recovery Home Retention Options, regardless of the reported reason for default.~~

~~For any buildings in a PDMDA that are substantially damaged, Mortgagees must follow the PDMDA guidance in Monitoring of Repairs to Substantially Damaged Homes. This requirement applies to all Properties covered by a non-COVID-19 PDMDA, including those already under a COVID-19 Loss Mitigation Option.~~

~~(B) PDMDA Loss Mitigation Owner-Occupant Requirement~~

~~The Mortgagees must not deny a Borrower any Loss Mitigation Option solely for failure to occupy a mortgaged Property if the following conditions are met:~~

- ~~• the mortgaged Property is located within a PDMDA;~~
- ~~• the dwelling was the Principal Residence of a Borrower immediately prior to the disaster event;~~
- ~~• a Borrower intends to re-occupy the mortgaged Property upon restoration of the home to habitable condition; and~~
- ~~• the total accumulated mortgage arrearages have not exceeded the equivalent of 12 months Principal, Interest, Taxes, and Insurance (PITI).~~

~~(C)(A)~~ **Disaster** ~~Forbearance Options~~ for Borrowers in PDMDAs

~~Before considering an affected Borrower for a permanent PDMDA loss mitigation solution, the Mortgagee must first evaluate the Borrower for a forbearance, which~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~allows for one or more periods of reduced or suspended payments without specific terms of repayment.~~ The Mortgagee may offer a Disaster Forbearance, which allows for one or more periods of reduced or suspended payments without specific terms of repayment, relief to a Borrower with a mortgaged Property or place of employment located within a PDMDA as follows.

The Mortgagee must ensure the Disaster Forbearance meets the requirements for Forbearances except:

- the requirement that first legal action to initiate foreclosure has not been completed does not apply to Disaster Forbearances; and
- the Disaster Forbearance Time Frames apply.

The Mortgagee must waive late fees when the Borrower is on a Disaster Forbearance.

(B) Disaster Forbearance Time Frames

Borrower Characteristics	Requirements	Initial Disaster Forbearance Period	Additional Disaster Forbearance Period	Maximum Disaster Forbearance Period (for each PDMDA)
Borrower has been in contact with Mortgagee	The Mortgage must offer the Borrower on a Disaster Forbearance if: • the Property or Borrower's place of employment is in a PDMDA; • the Mortgagee has made contact with the Borrower; • regardless of occupancy status; and • regardless of previous delinquency.	Up to 6 months	Up to 6 months	Up to 12 months
Mortgagee has not established contact with the Borrower	The Mortgagee may place a Borrower on an initial 3 month Disaster Forbearance if: • the Property is in a PDMDA; • the Mortgagee has been unable to contact the Borrower; • the Mortgage was current or no more than 2 months	Up to 3 months	Up to 9 months, only if Borrower contact has been established	Up to 12 months, only if Borrower contact has been established

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

Borrower Characteristics	Requirements	Initial Disaster Forbearance Period	Additional Disaster Forbearance Period	Maximum Disaster Forbearance Period (for each PDMDA)
	Delinquent prior to the disaster event; and the Mortgage goes into Default in the 90 Days after the month the PDMDA was declared.			
Borrower on a Forbearance prior to the PDMDA	The Mortgagee must terminate the Borrower's current Forbearance at the end of the month the PDMDA was declared and place the Borrower on an initial 6 month Disaster Forbearance starting the following month.	Up to 6 months	Up to 6 months	Up to 12 months
Borrower who requires additional time to complete substantial repairs to Property	The Mortgagee may provide extended additional Disaster Forbearances periods for Borrowers in PDMDAs while they are pursuing substantial home repairs related to the disaster, provided that: - the Property was Substantially Damaged by the disaster; - the fForbearance period does not exceed the estimated time needed to complete home repairs; and - the total Fforbearance period does not exceed 24 months.	Up to 6 months	Up to 18 months	Up to 24 months

(C) Disaster Repayment Plan

For Borrowers in or impacted by a PDMDA, the Mortgagee must review the Borrower for a Repayment Plan.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(D) Permanent Home Retention Options

For Borrowers in or impacted by a PDMDA, the Mortgagee must review the Permanent Home Retention Options to offer the Borrower a Permanent Home Retention Option, including a TPP where required, with the following exceptions:

- The limit on receiving no more than one Permanent Home Retention Option within 24 months does not apply.
- The requirement that a minimum of four Mortgage Payments have been paid by the Borrower for a Permanent Home Retention Option does not apply.
- If the Property was Substantially Damaged, the Property repairs must be completed to a habitable condition.
- The Mortgagee must waive late fees when the Borrower is on a Disaster Forbearance.

The Borrower can only receive one Permanent Home Retention Option for each PDMDA.

The Mortgagee must ensure the Permanent Home Retention Option is reported with the appropriate Disaster Delinquency/Default Status (DDS) Code.

(1) Informal Forbearance for Borrowers in PDMDAs

The Mortgagee may consider Borrowers in PDMDAs for an Informal Forbearance and may offer additional Informal Forbearance periods if the foreclosure moratorium is extended.

(2) Formal Forbearance for Borrowers in PDMDAs

The Mortgagee may consider Formal Forbearances for Borrowers in PDMDAs while they are pursuing home repairs and/or resolving verifiable financial difficulties related to the disaster, provided that:

- the forbearance period does not exceed the estimated time needed to complete home repairs; and
- the total accumulated mortgage arrearages during the forbearance period does not exceed the equivalent of 12 months PITI.

(D) Disaster Loan Modification

For Borrowers who receive Informal or Formal Forbearances based solely on location of their mortgaged Property or place of employment within a PDMDA, the Mortgagee must offer Rate and Term modifications at the end of the forbearance period based on the following criteria:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(1) Eligibility for Disaster Loan Modification~~

~~The Mortgagee must ensure that Borrowers and their FHA-insured Mortgages meet the following eligibility and term requirements for a Disaster Loan Modification:~~

- ~~• The Mortgage was current or less than 30 Days past due as of the date of the applicable disaster declaration.~~
- ~~• The Mortgagee confirms Borrower income is equal to or greater than it was prior to the Disaster using a recent pay stub for income; IRS Form W-2, *Wage and Tax Statement*; bank statement; or other documentation reflecting the amount of income.~~
- ~~• As an alternative to providing income documentation, the Borrower can complete a three-month Trial Payment Plan (TPP), which will confirm that their income has returned to pre-disaster levels. The TPP does not have to be signed by the Borrower.~~
- ~~• If the Property was Substantially Damaged, the Property repairs must be completed to a habitable condition.~~
- ~~• The Property is owner-occupied.~~

~~(2) Terms of the Disaster Loan Modification~~

~~The Mortgagee must modify the Mortgage as follows:~~

- ~~• The total P&I amount of a Borrower's monthly Mortgage Payment must not increase.~~
- ~~• The Mortgagee must capitalize into a modified mortgage balance:
 - ~~○ the accumulated arrearages for unpaid accrued interest; and~~
 - ~~○ eligible unreimbursed Mortgagee advances and related fees and costs chargeable to the Mortgage.~~~~
- ~~• The Mortgagee waives the Borrower's accumulated late fees.~~
- ~~• The Mortgagee sets the interest rate at no greater than the Market Rate as defined by HUD.~~
- ~~• The term for the modified loan is 360 months. The term may be less than 360 months if (i) requested by the Borrower and (ii) a term that is less than 360 does not result in the modified P&I being greater than current P&I.~~
- ~~• A Borrower can only receive one Permanent Loss Mitigation Home Retention Option for a PDMDA per disaster.~~

~~To allow adequate time to complete the Disaster Loan Modification, obtain all required signatures and provide adequate notice to the Borrower of the new payment, Mortgagees may include an additional month in the total outstanding debt to be resolved. The Mortgagee must not provide the Borrower with any cash from the Disaster Loan Modification.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(E) Disaster Standalone Partial Claim~~

~~The Mortgagee must evaluate Borrowers for a Disaster Standalone Partial Claim at the end of the Forbearance period if the Borrower does not qualify for a Disaster Loan Modification. Use of the Disaster Standalone Partial Claim requires that each criterion below be met:~~

- ~~• The Mortgage was current or less than 30 Days past due as of the date of the applicable disaster declaration.~~
- ~~• The Mortgagee confirms Borrower income is equal to or greater than it was prior to the Disaster using a recent pay stub for income, IRS Form W-2, bank statement, or other documentation reflecting the amount of income.~~
- ~~• As an alternative to providing income documentation, the Borrower can complete a three-month TPP, which will confirm that their income has returned to pre-disaster levels. The TPP does not have to be signed by the Borrower.~~
- ~~• The Property is owner-occupied.~~
- ~~• The total P&I amount of a Borrower's monthly Mortgage Payment must not increase.~~
- ~~• The Mortgagee waives the Borrower's accumulated late fees.~~
- ~~• The Disaster Standalone Partial Claim is subject to the maximum statutory value of all Partial Claims for an FHA-insured Mortgage.~~
- ~~• Borrower(s) can only receive one Permanent Loss Mitigation Home Retention Option for a PDMDA.~~

~~The statutory maximum value of all combined Partial Claims is 30 percent of the Unpaid Principal Balance of each FHA-insured Mortgage and any costs that are approved by the Secretary.~~

~~For purposes of calculating the maximum available Partial Claim value for each loss mitigation action, it is the lesser of:~~

- ~~• the Unpaid Principal Balance as of the date of Default at the time of payment of the initial Partial Claim, if applicable, multiplied by 30 percent, less any previous Partial Claim(s) paid on the FHA-insured Mortgage; or~~
- ~~• if there are no previous Partial Claim(s), the Unpaid Principal Balance as of the date of the current Default multiplied by 30 percent.~~

~~The Disaster Standalone Partial Claim amount may only include amounts needed to bring the Borrower current including:~~

- ~~• arrearages;~~
- ~~• Mortgagee advances for escrow items;~~
- ~~• projected escrow shortage amount; and~~
- ~~• related legal fees and foreclosure and bankruptcy costs not higher than the foreclosure-related fees and costs HUD has identified as customary and reasonable.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~To allow adequate time to complete the Disaster Standalone Partial Claim, obtain all required signatures, and provide adequate notice to the Borrower of the new payment, Mortgagees may include an additional month in the total outstanding debt to be resolved. The Mortgagee must not provide the Borrower with any cash from the Disaster Standalone Partial Claim.~~

~~(F)~~ **Required Financial Evaluation for other Loss Mitigation Home Retention Options**

~~Following evaluation for and completion of approved forbearances, the Mortgagee must evaluate those Borrowers who do not qualify for either the Disaster Loan Modification or Disaster Standalone Partial Claim Options for other Loss Mitigation Home Retention Options.~~

~~Borrowers who do not currently have an increase in living expenses but are Delinquent due to a forbearance received following a disaster declaration are deemed to satisfy the eligibility conditions for FHA Loss Mitigation Home Retention Options.~~

~~(G)~~(E) **Terms of the Mortgage are Unaffected**

Nothing in this section confers any right to a Borrower to any loss mitigation or any other action by HUD or the Mortgagee. Further, nothing in this section interferes with any right of the Mortgagee to enforce its private contractual rights under the terms of the Mortgage. All private contractual rights and obligation remain unaffected by anything in this section. Where a Mortgagee chooses to enforce its contractual rights after expiration of any automatic foreclosure moratorium, the standard time frames to initiate foreclosure and reasonable diligence in prosecuting foreclosure following expiration of a foreclosure moratorium will apply.

~~(H)~~(F) **Home Disposition Options**

Pre-Foreclosure Sale (PFS) or Deed-in-Lieu (DIL) of Foreclosure is~~are~~ also available to Borrowers with a mortgaged Property or place of employment located within a PDMDA, where the requirements for Home Disposition Options are met.~~that are in disaster areas, under the following conditions:~~

- ~~• Borrowers who do not qualify for a Disaster Standalone PC or Modification, or FHA HAMP are deemed to satisfy the borrower eligibility conditions for FHA Loss Mitigation Disposition Options.~~
- ~~• The Mortgage was current or less than 30 Days past due as of the date of the applicable disaster declaration.~~
- ~~• The Mortgagee obtains from the Borrower a recent pay stub for income, IRS Form W-2, bank statement, or other documentation reflecting the amount of income.~~
- ~~• The Property was owner-occupied.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(H)(G)~~ **Suspension of Reporting to Consumer Reporting Agencies**

The Mortgagee must suspend reporting of delinquencies to consumer reporting agencies for a Borrower who is granted disaster-related Mortgage Payment relief and is otherwise performing as agreed.

Mortgagees are required to comply with the credit reporting requirements of the Fair Credit Reporting Act (FCRA); however, FHA encourages Mortgagees to consider the impacts of a disaster on Borrowers' financial situations and any flexibilities a Mortgagee may have under the FCRA when taking any negative credit reporting actions.

~~(J)~~ **Reporting PDMDA Loan Modifications**

~~The Mortgagee must report in SFDMS the use of a PDMDA Loss Mitigation Option.~~

~~The Mortgagee must report the characteristics of all PDMDA Loan Modifications through FHAC or FHA Catalyst within 90 Days of the executed Loan Modification.~~

~~PDMDA Loss Mitigation Options are not incentivized for Mortgagees.~~

~~(K)~~ **Waiver of Late Charges**

~~The Mortgagee must waive Late Charges if the Borrower is on a Forbearance Plan or paying as agreed on a Loss Mitigation Option.~~

~~u.~~ **Presidentially Declared COVID-19 National Emergency (04/10/2025)**

~~Loss Mitigation for Borrowers Affected by the COVID-19 National Emergency~~

~~The following loss mitigation options are available to assist Borrowers:~~

- ~~• Informal or Formal Forbearance;~~
- ~~• Special Forbearance (SFB) Unemployment;~~
- ~~• COVID-19 Advance Loan Modification;~~
- ~~• COVID-19 Recovery Standalone Partial Claim;~~
- ~~• COVID-19 Recovery Modification;~~
- ~~• COVID-19 Pre-Foreclosure Sale; and~~
- ~~• COVID-19 Deed in Lieu of Foreclosure.~~

~~i.~~ **COVID-19 Advance Loan Modification (Pre-Waterfall Step)**

~~The Mortgagee must review eligible Borrowers for a COVID-19 Advance Loan Modification (COVID-19 ALM).~~

~~Non-Borrowers Who Acquired Title through an Exempted Transfer are not eligible for the COVID-19 ALM and must be evaluated for FHA's standard Loss Mitigation Options.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(A) Definition

~~A COVID-19 ALM is a permanent change in one or more terms of a Borrower's Mortgage that achieves a minimum 25 percent reduction to the Borrower's monthly Principal & Interest (P&I) payment that does not require Borrower contact.~~

(B) Eligibility

~~The Property may be owner-occupied or non-owner occupied.~~

~~The Borrower must be 90 or more Days Delinquent.~~

~~A 30-year Loan Modification at the most recent Freddie Mac Weekly Primary Mortgage Market Survey (PMMS) Rate rounded to the nearest one-eighth of 1 percentage point (0.125 percent) will achieve a minimum 25 percent reduction in the Borrower's monthly P&I.~~

(C) Standard

~~Mortgagees must review Borrowers who are 90 or more Days delinquent for a COVID-19 ALM through April 30, 2025.~~

~~If the Borrower is eligible, the Mortgagee must:~~

- ~~• prepare and send out the Loan Modification documents to the Borrower; and~~
- ~~• provide a cover letter that includes:~~
 - ~~○ an explanation of terms including the modified Mortgage Payment amount;~~
 - ~~○ the date the next payment is due;~~
 - ~~○ a statement that no lump sum payment is required;~~
 - ~~○ a statement that if the Borrower does not accept this offer, this does not prevent them from obtaining another loss mitigation option to bring their Mortgage current;~~
 - ~~○ a statement that the Borrower must sign and return the Loan Modification documents within 30 Days of receipt of the documents and no later than May 30, 2025; and~~
 - ~~○ information for the Borrower to contact the Mortgagee, if needed.~~

~~The Mortgagee does not have to contact the Borrower prior to reviewing the Borrower for the COVID-19 ALM or sending out the modification documents.~~

~~Borrowers who do not qualify for the COVID-19 ALM or who do not complete and return the signed COVID-19 ALM Loan Modification documents must be evaluated for the COVID-19 Recovery Options.~~

(D) Terms

~~The Mortgagee must ensure that:~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- ~~the COVID-19 ALM achieves a minimum 25 percent P&I monthly payment reduction;~~
- ~~the modified Mortgage is a fixed rate Mortgage;~~
- ~~the interest rate of the modified Mortgage is the PMMS Rate rounded to the nearest one-eighth of 1 percentage point (0.125 percent);~~
- ~~the term for the modified Mortgage is 360 months;~~
- ~~the COVID-19 ALM only capitalizes arrearages, which refers to any amounts needed to bring the Borrower current and includes:~~
 - ~~unpaid accrued interest;~~
 - ~~Mortgagee advances for escrow items;~~
 - ~~projected escrow shortage amount;~~
 - ~~related legal fees and foreclosure and bankruptcy costs not higher than the foreclosure-related fees and costs HUD has identified as customary and reasonable; and~~
 - ~~Mortgagees may include an additional month in the total outstanding debt to be resolved to allow time for the Borrower to return the executed Loan Modification documents before the modified Mortgage Payment begins;~~
- ~~the COVID-19 ALM fully reinstates the Mortgage; and~~
- ~~all Late Charges, fees, and penalties are waived except that Mortgagees are not required to waive Late Charges, fees, and penalties, if any, accumulated prior to March 1, 2020.~~

HUD does not provide a model for COVID-19 ALM documents, but the Mortgagee must ensure the FHA-insured Mortgage remains in first lien position and is legally enforceable.

(E) Required Documentation

(1) Servicing File

~~For those Borrowers that were sent an offer for a COVID-19 ALM, a copy of the cover letter and Loan Modification documents must be retained in the Servicing File.~~

~~Mortgagees are not required to note in each individual Borrower's file if the Borrower does not qualify for the COVID-19 ALM.~~

(2) Reporting to HUD

~~The Mortgagee must report the use of the COVID-19 ALM in SFDMS using Default Reason Code 055 and Default Status Code 3A—Advance Modification Started.~~

~~If the Borrower does not return the executed documents within 30 Days, the Mortgagee must report Default Status Code AQ—Option Failure.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~ii. COVID-19 Recovery Loss Mitigation Options~~

~~(A) Definition~~

~~The COVID-19 Recovery Loss Mitigation Options (COVID-19 Recovery Options) provide Borrowers with options to bring their Mortgage current and may reduce the P&I portion of their monthly Mortgage Payment to reduce the risk of re-default and assist in the broader COVID-19 recovery.~~

~~(B) Standard~~

~~The Mortgagee must review eligible Borrowers for the COVID-19 Recovery Options through April 30, 2025. Eligible Borrowers may receive more than one COVID-19 Recovery Option.~~

~~Non-Borrowers Who Acquired Title through an Exempted Transfer are not eligible for the COVID-19 Recovery Options and must be evaluated for FHA's standard Loss Mitigation Options.~~

~~For eligible Borrowers, the Mortgagee must review all Borrowers who are in Default or verified to be in Imminent Default, as defined in sections III.A.2.g(i-iii) only, regardless of the reason for Default.~~

~~The Mortgagee must adhere to the requirements under Early Default Intervention.~~

~~The Borrower must be at least three or more full monthly payments due and unpaid (61 Days Delinquent) at the time the permanent loss mitigation option is approved. The Mortgagee may consider a Borrower who has completed a Trial Payment Plan (TPP) and remains in Default as meeting this requirement.~~

~~For Borrowers in Imminent Default:~~

- ~~• the Mortgagee must ensure the Borrower meets the requirements for Imminent Default as defined in sections III.A.2.g(i-iii) only; or~~
- ~~• the Mortgagee may consider that a Borrower has met the requirements for Imminent Default if the Borrower:~~
 - ~~○ previously qualified for or used HAF funds to reinstate their Mortgage;~~
 - ~~and~~
 - ~~○ attests that they cannot resume their monthly Mortgage Payments.~~

~~The Mortgagee may offer Borrowers for the current Default episode an Informal or Formal Forbearance prior to reviewing the Borrower for a COVID-19 Recovery Home Retention Option.~~

~~For Informal or Formal Forbearance, the Mortgagee may verbally verify the hardship and financial information with the Borrower. An analysis of Borrower financial information is not required, and no additional documentation is required.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~If the Borrower's financial hardship is due to unemployment regardless of occupancy status, the Mortgagee must offer the SFB Unemployment to eligible Borrowers prior to reviewing the Borrower for a COVID-19 Recovery Home Retention Option. The Mortgagee must ensure all requirements for a Special Forbearance Unemployment are met except for:~~

- ~~• the Defaulted Mortgage Status;~~
- ~~• the occupancy requirement, the Mortgagee must consider eligible Non-Occupant Borrowers for the Special Forbearance (SFB) Unemployment; and~~
- ~~• the Mortgagee may verbally verify the unemployment status, and no additional documentation or analysis of financial information is required.~~

~~The Mortgagee must meet the following amended Default Mortgage Status conditions at the time the Mortgagee approves the SFB Unemployment Option:~~

- ~~• be no more than 12 months due and unpaid; and~~
- ~~• not be in foreclosure, or foreclosure action has been suspended or canceled.~~

~~The Mortgagee must complete a loss mitigation option for Borrowers no later than:~~

- ~~• 120 Days from the earlier of the date of completion or expiration of the Borrower's forbearance;~~
- ~~• 120 Days from the date of the Borrower's request for loss mitigation assistance; or~~
- ~~• 90 Days from the completion or failure of a TPP.~~

~~Completion of a loss mitigation option is the date the loss mitigation option agreement is executed by all required parties.~~

~~Mortgagees may review the Borrower for the COVID-19 Recovery Options prior to the completion or expiration of the Borrower's forbearance period. A Borrower does not need to exit their forbearance to be reviewed for the COVID-19 Recovery Options.~~

~~The Mortgagee must document the date of the request for loss mitigation assistance in the Servicing File.~~

(1) Borrowers in Foreclosure

~~If a Borrower in foreclosure requests review for the COVID-19 Recovery Options:~~

- ~~• when the scheduled foreclosure sale is more than 37 Days from the date of the Borrower's request, the Mortgagee must review the Borrower for a COVID-19 Recovery Option;~~
- ~~• when the Borrower's request is received 37 Days or fewer prior to the scheduled foreclosure sale date, the Mortgagee must use its best efforts to review the Borrower for a COVID-19 Recovery Option; or~~
- ~~• when the Mortgagee receives an executed loss mitigation agreement from the Borrower, the Mortgagee must terminate the foreclosure process.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(2) Homeowner Assistance Fund~~

~~The Mortgagee must inform the Borrower, utilizing any available method of communication, that they can apply for the Department of Treasury's Homeowner Assistance Fund (HAF), if HAF is available in their jurisdiction.~~

~~As permitted by the jurisdiction's HAF program, HAF funds may be used in connection with the Borrower's FHA-insured Mortgage or any Partial Claim Mortgage in a manner consistent with the respective mortgage documents and FHA requirements.~~

~~(3) Mortgagee Incentives for COVID-19 Recovery Options~~

~~The Mortgagee may submit a claim for an incentive for the successful completion of a COVID-19 Recovery Option. The Mortgagee may only file a claim for incentives if the correct and complete claim is submitted to HUD within 60 Days of the execution date of the COVID-19 Recovery Option.~~

~~Loss Mitigation Option~~	~~Compensation~~
~~COVID-19 Advance Loan Modification (ALM)~~	~~\$750, plus up to \$250 for reimbursement of title search, endorsement to the title policy, and/or recording fees actually incurred~~
~~COVID-19 Recovery Standalone Partial Claim~~	~~\$500~~
~~COVID-19 Recovery Modification~~	~~\$750, plus up to \$250 for reimbursement of title search, endorsement to the title policy, and/or recording fees actually incurred~~
~~Payment Supplement~~	~~\$1,750~~
~~COVID-19 PFS~~	~~\$1,000~~
~~COVID-19 DIL~~	~~\$250~~

~~(4) Required Information for an Evaluation for COVID-19 Recovery Options~~

~~For the COVID-19 Recovery Loss Mitigation Options, Borrowers who request loss mitigation:~~

- ~~• Borrowers in Default must:~~
 - ~~○ indicate the reason for hardship; and~~
 - ~~○ attest they cannot repay the amounts due on their Mortgage; or~~
- ~~• Borrowers in Imminent Default, must:~~
 - ~~○ indicate the reason for hardship and attest that the hardship will prevent them from making the next required Mortgage Payment; or~~
 - ~~○ they previously qualified for or used HAF funds to reinstate their Mortgage and are unable to resume their monthly Mortgage Payment.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~The Mortgagee may utilize any available method for communicating with a Borrower to meet these requirements, including but not limited to, emails, text messages, teleconferencing, websites, web portals, etc.~~

~~FHA does not require any additional information or documentation from the Borrower (including Borrowers who applied for HAF) to apply for COVID-19 Recovery Loss Mitigation Options.~~

~~(C) COVID-19 Recovery Home Retention Options~~

~~A Trial Payment Plan (TPP) is not required for a Borrower to be eligible for the COVID-19 Recovery Options, except for Borrowers in Imminent Default. Where a TPP is required, the Mortgagee must meet all requirements in FHA HAMP Trial Payment Plans, except:~~

- ~~• Trial Payment Plan Terms;~~
- ~~• Trial Payment Plan Failure, first bullet; and~~
- ~~• Reporting of Trial Payment Plans.~~

~~The Mortgagee must comply with the following amended TPP terms:~~

- ~~• The TPP interest rate must meet the requirements for a COVID-19 Recovery Modification.~~
- ~~• The permanent COVID-19 Recovery Modification interest rate is established when the TPP is offered to the Borrower.~~
- ~~• The established monthly payment under a COVID-19 Recovery Modification must be the same or less than the established monthly trial payment.~~
- ~~• The agreement document stipulates that, after successfully completing the TPP, the Borrower must continue making payments in accordance with the terms of the TPP Agreement until the permanent COVID-19 Recovery Option has been ratified by all parties.~~
- ~~• The agreement documents stipulate the causes of TPP failure. The Borrower has failed the TPP when the Borrower does not make a scheduled TPP payment by the last Day of the month the payment was due.~~

~~Mortgagees must report Status Code 08 for a TPP for a COVID-19 Recovery Option.~~

~~(4) COVID-19 Recovery Standalone Partial Claim~~

~~The COVID-19 Recovery Standalone Partial Claim reinstates the Mortgage through the use of a Partial Claim for Borrowers who are able to resume their Mortgage Payments.~~

~~The Mortgagee must evaluate Borrowers who are able to resume their Mortgage Payments for a COVID-19 Recovery Standalone Partial Claim.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(a) Terms~~

~~The Mortgagee must ensure that:~~

- ~~• the COVID-19 Recovery Standalone Partial Claim fully reinstates the Mortgage;~~
- ~~• the COVID-19 Recovery Standalone Partial Claim may only include amounts needed to bring the Borrower current, including:~~
 - ~~○ arrearages;~~
 - ~~○ Mortgagee advances for escrow items;~~
 - ~~○ projected escrow shortage amount; and~~
 - ~~○ related legal fees and foreclosure and bankruptcy costs not higher than the foreclosure-related fees and costs HUD has identified as customary and reasonable;~~
- ~~• the COVID-19 Recovery Standalone Partial Claim must not exceed 30 percent of the unpaid principal balance as of the date of Default at the time of payment of the initial Partial Claim less any previous Partial Claims paid.~~
 - ~~○ The Mortgagee must first calculate 30 percent of the unpaid principal balance as of the date of Default at the time of payment of the initial Partial Claim.~~
 - ~~○ The Mortgagee must then subtract any previous Partial Claims paid to determine the available Partial Claim amount that can be used for the COVID-19 Recovery Standalone Partial Claim; and~~
- ~~• the Borrower indicates they have the ability to resume making on-time Mortgage Payments.~~

~~Mortgagees must ensure that all Late Charges and penalties are waived. Mortgagees are not required to waive Late Charges and penalties, if any, accumulated prior to March 1, 2020.~~

~~Mortgagees may include an additional month in the total outstanding debt to be resolved to allow time for the Borrower to return the executed Partial Claim documents.~~

~~Eligible Borrowers may receive more than one COVID-19 Recovery Standalone Partial Claim if Partial Claim funds are available.~~

~~(b) Document Delivery Requirements~~

~~The Mortgagee must submit all required documentation for COVID-19 Recovery Standalone Partial Claims as listed under FHA HAMP Loan Documents, except that no TPP is required.~~

~~The Mortgagee is automatically granted a 90-Day extension to the six-month deadline for the recorded Mortgage.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~If a Mortgagee experiences additional delays out of their control, including past the automatic 90-Day extension for the recorded Mortgage, that impact delivery of the Partial Claim documents, Mortgagees may file requests for an additional extension in accordance with Requests for Extensions of Time for Delivery of Partial Claim Documents.~~

~~(c) Required Documentation~~

~~(i) Servicing/Claim Review File~~

~~The Mortgagee must retain the following in the Servicing File and the Claim Review File:~~

- ~~• a copy of the executed Partial Claim promissory Note and subordinate Mortgage;~~
- ~~• evidence that the Mortgage was timely submitted for recording; and~~
- ~~• the date the Mortgagee received the executed Partial Claim documents from the Borrower and the date the subordinate Mortgage was sent to be recorded.~~

~~(ii) Reporting to HUD~~

~~The Mortgagee must report the use of a COVID-19 Recovery Standalone Partial Claim in SFDMS.~~

~~(2) COVID-19 Recovery Modification (07/17/2022)~~

~~For Borrowers who do not meet the requirements for a COVID-19 Recovery Standalone Partial Claim, the Mortgagee must review the Borrower for the COVID-19 Recovery Modification.~~

~~(a) Definition~~

~~The COVID-19 Recovery Modification is a 360-month or 480-month Loan Modification, which must include a COVID-19 Recovery Partial Claim if Partial Claim funds are available. The COVID-19 Recovery Modification targets a reduction in the P&I portion of the Borrower's monthly Mortgage Payment.~~

~~The Target Payment of the COVID-19 Recovery Modification is a payment that achieves a minimum 25 percent reduction to the P&I portion of the Borrower's monthly Mortgage Payment.~~

~~(b) Exemption from COVID-19 Recovery Modification~~

~~Mortgagees that service Mortgages funded in connection with mortgage revenue bonds that are restricted by the Internal Revenue Code are exempt~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~from the COVID-19 Recovery Modification if they cannot extend the term of a Mortgage beyond the original 30 years or the interest rate cannot be modified.~~

~~(c) Standard~~

~~To arrive at the target payment, the Mortgagee must apply the following steps until the target payment is achieved. No income documentation is required to calculate the Borrower's modified monthly Mortgage Payment.~~

~~(i) Step 1—Calculate COVID-19 Recovery Partial Claim Availability~~

~~The Mortgagee must determine the maximum COVID-19 Recovery Partial Claim amount available for a COVID-19 Recovery Modification.~~

~~For a Partial Claim as part of a COVID-19 Recovery Modification, the COVID-19 Recovery Partial Claim must not exceed 30 percent of the unpaid principal balance as of the date of Default at the time of payment of the initial Partial Claim less any previous Partial Claims paid.~~

- ~~• The Mortgagee must first calculate 30 percent of the unpaid principal balance as of the date of Default at the time of payment of the initial Partial Claim.~~
- ~~• The Mortgagee must then subtract any previous Partial Claims paid to determine the available COVID-19 Recovery Partial Claim amount that can be used for the COVID-19 Recovery Modification.~~

~~(ii) Step 2—Arrearages~~

~~The Mortgagee must calculate the arrearages. Arrearages refer to any amounts needed to bring the Borrower current and includes:~~

- ~~• unpaid accrued interest;~~
- ~~• Mortgagee advances for escrow items;~~
- ~~• projected escrow shortage amount; and~~
- ~~• related legal fees and foreclosure and bankruptcy costs not higher than the foreclosure-related fees and costs HUD has identified as customary and reasonable.~~

~~The Mortgagee must ensure that all Late Charges and penalties are waived. Mortgagees are not required to waive Late Charges and penalties, if any, accumulated prior to March 1, 2020.~~

~~(iii) Step 3—Modify the Rate and Term of the 30-Year Mortgage~~

~~The modified Mortgage is a 360-month Loan Modification, which must include a COVID-19 Recovery Partial Claim, if Partial Claim funds are available.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~The Mortgagee must first apply available Partial Claim funds toward the arrearages. If the COVID-19 Recovery Partial Claim funds are insufficient to cure the arrearages, then the Mortgagee must capitalize the remaining arrearages into the modified Mortgage.~~

~~The Mortgagee must then extend the term to 360 months and calculate the modified Mortgage Payment. The interest rate of the modified Mortgage is no greater than the most recent PMMS Rate for 30-year fixed rate conforming Mortgages (U.S. average), rounded to the nearest one-eighth of 1 percentage point (0.125 percent) as of the date the Borrower is offered a COVID-19 Recovery Modification.~~

~~(iv) Step 4—Principal Deferment for 30-Year Modification~~

~~If the target payment is not achieved in Step 3, the Mortgagee must apply available COVID-19 Recovery Partial Claim funds as a principal deferment up to the amount needed to achieve the target payment with the modified 30-year Mortgage.~~

~~If the target payment is achieved, the Mortgagee must provide that option to the Borrower without proceeding to Step 5.~~

~~(v) Step 5—Modify the Rate and Term of the 40-Year Mortgage~~

~~If the Mortgagee cannot achieve the target payment at Step 4, the Mortgagee must modify the Mortgage to a 40-year (480-month) Loan Modification, which must include a COVID-19 Recovery Partial Claim if Partial Claim funds are available.~~

~~The Mortgagee must first apply available Partial Claim funds toward the arrearages. If the Partial Claim funds are insufficient to cure the arrearages, the Mortgagee must capitalize the remaining arrearages into the modified Mortgage.~~

~~The Mortgagee must extend the term to 480 months to achieve the target payment and calculate the modified Mortgage Payment.~~

~~The Mortgagee may extend the term to less than 480 months if:~~

- ~~• requested by the Borrower; and~~
- ~~• the modified Mortgage at the lesser term achieves the target payment.~~

~~The interest rate of the modified Mortgage must be no more than 50 bps greater than the most recent PMMS Rate for 30-year fixed rate conforming Mortgages (U.S. average), rounded to the nearest one-eighth of 1 percentage point (0.125 percent) as of the date the Borrower is offered a COVID-19 Recovery Modification. The Mortgagee must round the~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~modification interest rate to the nearest one-eighth of 1 percent (0.125 percent) before adding no more than 50 bps to the interest rate.~~

~~(vi) Step 6—Principal Deferment for 40-Year Modification~~

~~If the target payment is not achieved in Step 5, the Mortgagee must apply available Partial Claim funds as a principal deferment to achieve the target payment with the modified 40-year Mortgage.~~

~~(vii) Step 7—Target Payment Not Achieved~~

~~If the Mortgagee cannot achieve the target payment using the above steps, then:~~

- ~~• if the COVID-19 Recovery Modification can achieve a minimum of 15 percent P&I payment reduction, the Mortgagee must offer the Borrower the COVID-19 Recovery Modification; or~~
- ~~• if the COVID-19 Recovery Modification cannot achieve a minimum of 15 percent P&I payment reduction or the Borrower states they cannot make the monthly Mortgage Payment under the COVID-19 Recovery Modification, the Mortgagee must review the Borrower for the Payment Supplement.~~

~~If the Borrower affirms that they can make the offered payment, the Mortgagee must complete that option.~~

~~(d) Terms~~

~~The Mortgagee must ensure that:~~

- ~~• the modified Mortgage is a fixed rate Mortgage;~~
- ~~• the interest rate of the modified Mortgage does not exceed the applicable limit set forth in Steps 3 or 5;~~
- ~~• the COVID-19 Recovery Partial Claim, as part of a COVID-19 Recovery Modification, does not exceed 30 percent of the unpaid principal balance as of the date of Default at the time of payment of the initial Partial Claim less any previous Partial Claims paid;~~
- ~~• the COVID-19 Recovery Modification fully reinstates the Mortgage including all arrearages;~~
- ~~• the FHA-insured modified Mortgage remains in first lien position and is legally enforceable; and~~
- ~~• the Borrower indicates they have the ability to make the modified Monthly Payment.~~

~~Mortgagees may include an additional month in the total outstanding debt to be resolved to allow time for the Borrower to return the executed Loan Modification documents before the due date of the modified Mortgage Payment.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~HUD does not provide model documents for the COVID-19 Recovery Modification.~~

~~Eligible Borrowers may receive more than one COVID-19 Recovery Modification.~~

~~(e) Document Delivery Requirements~~

~~The Mortgagee must submit all required documentation for COVID-19 Recovery Partial Claims as listed under FHA HAMP Loan Documents, except no TPP is required.~~

~~The Mortgagee is automatically granted a 90-Day extension to the six-month deadline for the recorded Mortgage.~~

~~If a Mortgagee experiences additional delays out of their control, including past the automatic 90-Day extension for the recorded Mortgage, that impact delivery of the Partial Claim documents, Mortgagees may file requests for an additional extension in accordance with Requests for Extensions of Time for Delivery of Partial Claim Documents.~~

~~(f) Required Documentation~~

~~(i) Servicing/Claim Review File~~

~~The Mortgagee must retain the following in the Servicing File and the Claim Review File:~~

- ~~• a copy of the executed Partial Claim promissory Note, if applicable, and subordinate Mortgage;~~
- ~~• evidence that the Mortgage was timely submitted for recording; and~~
- ~~• the date the Mortgagee received the executed Partial Claim documents from the Borrower and the date the subordinate Mortgage was sent to be recorded.~~

~~(ii) Reporting to HUD~~

~~The Mortgagee must report the use of the COVID-19 Recovery Modification in SFDMS as follows:~~

- ~~• Default Status Code 61—Recovery Modification Started with a Partial Claim; or~~
- ~~• Default Status Code 38—Recovery Modification Started without a Partial Claim.~~

~~The Mortgagee must report the characteristics of all COVID-19 Recovery Modifications, including the rate and term, in FHAC within 90 Days of the executed COVID-19 Recovery Modification.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(3) Payment Supplement~~

~~(a) Definitions~~

~~The Payment Supplement is a loss mitigation option that utilizes Partial Claim funds to bring the Mortgage current coupled with the subsequent provision of a Monthly Principal Reduction (MoPR) applied toward the Borrower's principal due each month for a period of 36 months to provide payment relief without modification of the Mortgage. The Payment Supplement is evidenced by a non-interest bearing Note, Subordinate Mortgage, and Payment Supplement Agreement, which is a rider to and is incorporated by reference into the Payment Supplement promissory Note, given in favor of the Secretary, representing the total of all funds paid from the Mutual Mortgage Insurance Fund (MMIF) to bring the Mortgage current and then temporarily pay a portion of principal owed by the Borrower each month to reduce the Borrower's monthly Mortgage Payment.~~

~~The Monthly Principal Reduction (MoPR) is the amount of principal reduction that the Mortgagee will disburse monthly from the Payment Supplement Account and apply to the payment of principal due on the Borrower's FHA-insured first Mortgage during the Payment Supplement Period.~~

~~The Minimum Monthly Principal Reduction (Minimum MoPR) must be equal to or greater than 5 percent of the P&I portion of the Borrower's monthly Mortgage Payment as of the date the Payment Supplement Period begins. The Minimum MoPR must also be no less than \$20.00 per month as of the date the Payment Supplement Period begins.~~

~~Payment Supplement Documents refer to a non-interest bearing Note, Subordinate Mortgage, and a Payment Supplement Agreement, which is a rider to and is incorporated by reference into the Payment Supplement promissory Note, given in favor of the Secretary.~~

~~The Payment Supplement Period is a 36-month period during which the Mortgagee applies the MoPR to temporarily reduce the Borrower's monthly Mortgage Payment.~~

~~The Payment Supplement Account is a separate, non-interest bearing, insured custodial account that holds the balance of the funds paid by FHA for the purpose of implementing the Payment Supplement, clearly marked as holding funds for the Payment Supplement, and kept separate from funds associated with the FHA-insured Mortgage, including escrow funds.~~

~~(b) Eligibility~~

~~The Mortgagee must ensure that:~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- ~~• the Mortgage is a fixed rate Mortgage;~~
- ~~• sufficient Partial Claim funds are available to bring the Mortgage current and to fund the MoPR as determined in the Payment Supplement Calculations;~~
- ~~• the Borrower meets the requirements for Loss Mitigation during Bankruptcy Proceedings;~~
- ~~• the principal portion of the Borrower's first monthly Mortgage Payment after the Mortgage is brought current will be greater than or equal to the Minimum MoPR; and~~
- ~~• the Borrower indicates they have the ability to make the Borrower's portion of the monthly Mortgage Payment.~~

~~No income documentation is required to determine the Borrower's Payment Supplement.~~

~~The Borrower is not eligible for a new Payment Supplement until 36 months after the date the Borrower previously executed Payment Supplement Documents.~~

~~(c) Standard~~

~~The Mortgagee must first advance funds for all amounts needed to bring the Mortgage current.~~

~~The maximum MoPR is the lesser of a 25 percent P&I reduction for 36 months, or the principal portion of the monthly Mortgage Payment as of the date the Payment Supplement Period begins.~~

~~The Mortgagee may only submit one claim for the Payment Supplement. The Mortgagee must submit the claim for the Payment Supplement no later than 60 Days after the date of execution of the Payment Supplement Documents by the Borrower. The claim must include:~~

- ~~• all amounts needed to bring the Mortgage current before the start of the Payment Supplement Period; and~~
- ~~• the total amount required for all estimated MoPR payments for the full Payment Supplement Period.~~

~~The Mortgagee must retain the balance of the MoPR funds in the Payment Supplement Account for the benefit of the Borrower until disbursement of the funds:~~

- ~~• for application of the MoPR; or~~
- ~~• for remittance to HUD.~~

~~The Payment Supplement Period is 36 months.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~For each month of the Payment Supplement Period, the Mortgagee must only disburse funds from the Payment Supplement Account to apply the MoPR to the principal portion of the monthly Mortgage Payment after the Mortgagee has received and accepted, at a minimum, the Borrower's portion of the monthly Mortgage Payment. The Mortgagee must only apply the MoPR during the 36 months of the Payment Supplement Period.~~

~~Additional funds received from the Borrower that exceed the minimum portion of the Borrower's required payment do not impact the application of the MoPR. Any additional payment made by the Borrower must not be comingled with the MoPR or funds held in the Payment Supplement Account. The Mortgagee must not recalculate the MoPR during the Payment Supplement Period.~~

~~The Mortgagee must not charge the Borrower any additional fees or interest for the Payment Supplement.~~

~~(d) Payment Supplement Calculations~~

~~To calculate the amount of the Partial Claim the Mortgagee submits to HUD for the Payment Supplement, the Mortgagee must follow the steps below.~~

~~(i) Step 1—Calculate Partial Claim Availability~~

~~The Mortgagee must determine the maximum Partial Claim amount available for the Payment Supplement. The Payment Supplement, in addition to any other existing Partial Claim, must not exceed the Statutory Maximum for Partial Claims.~~

~~The Mortgagee must calculate the statutory maximum for Partial Claims, and then subtract any outstanding Partial Claim balances to determine the amount available for the Payment Supplement.~~

~~(ii) Step 2—Calculate Amount Required to Reinstate the Mortgage Using a Payment Supplement~~

~~The Mortgagee must calculate the amounts needed to bring the Mortgage current in accordance with COVID-19 Recovery Standalone Partial Claim, as described in the second bullet of Terms.~~

~~The Mortgagee must waive all Late Charges and penalties, except that Mortgagees are not required to waive Late Charges and penalties, if any, accumulated prior to March 1, 2020.~~

~~Mortgagees may include an additional monthly payment in calculating the amount needed to bring the Mortgage current, as the payment will be past~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~due before the Borrower returns the completed Payment Supplement Documents.~~

~~(iii) Step 3—Calculate Partial Claim Funds Available for MoPR~~

~~The Mortgagee must determine the amount of Partial Claim funds available for the MoPR.~~

~~The Mortgagee must subtract the amount needed to bring the Mortgage current (calculated in Step 2) from the Borrower's total Partial Claim funds available (calculated in Step 1).~~

~~If the amount needed to bring the Mortgage current (Step 2) is greater than the Borrower's total Partial Claim funds available (calculated in Step 1), the Borrower is not eligible for the Payment Supplement and the Mortgagee must offer the Borrower the lowest monthly P&I payment that can be achieved under the COVID-19 Recovery Modification.~~

~~(iv) Step 4—Calculate Maximum MoPR~~

~~Step 4.A~~

~~The Mortgagee must calculate the amount needed to reduce the P&I portion of the Borrower's monthly Mortgage Payment by 25 percent.~~

~~Step 4.B~~

~~The Mortgagee must determine the maximum MoPR.~~

~~The maximum MoPR is the lesser of the amount calculated in Step 4.A or the principal portion only of the Borrower's monthly Mortgage Payment as of the date the Payment Supplement Period begins after the Mortgage is brought current.~~

~~(v) Step 5—Calculate the MoPR~~

~~Step 5.A~~

~~The Mortgagee must determine if the amount of Partial Claim funds available for the MoPR (calculated in Step 3) is greater than or equal to the maximum MoPR (calculated in Step 4.B) for 36 months.~~

- ~~• If the Borrower has sufficient Partial Claim funds, the amount of the MoPR is the MoPR (calculated in Step 4.B) for the 36 months of the Payment Supplement Period. Proceed to Step 6.~~
- ~~• If the Borrower does not have sufficient Partial Claim funds for the maximum MoPR for 36 months, the Mortgagee must proceed to Step 5.B.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

Step 5.B

~~If the Borrower does not have sufficient Partial Claim funds available for the maximum MoPR for 36 months (calculated in Step 5.A), the Mortgagee must divide the amount of Partial Claim funds available for the MoPR (calculated in Step 3) by 36 months and proceed to Step 6.~~

~~(vi) Step 6—Payment Reduction Test~~

~~The Mortgagee must determine if the MoPR will result in no less than the Minimum MoPR for a Payment Supplement Period of 36 months where the MoPR is only applied to the principal.~~

- ~~• If the MoPR (calculated in Step 5) reduces the P&I portion of the Borrower's monthly Mortgage Payment by no less than the Minimum MoPR, the Mortgagee must proceed to Step 7.~~
- ~~• If the MoPR (calculated in Step 5) fails to reduce the P&I portion of the Borrower's monthly Mortgage Payment by the Minimum MoPR, the Borrower is ineligible for the Payment Supplement. The Mortgagee must offer the Borrower the lowest monthly P&I payment that can be achieved under:
 - ~~○ a COVID-19 Recovery Modification; or~~
 - ~~○ a COVID-19 Recovery Standalone Partial Claim.~~~~

~~If the Borrower affirms that they can make the offered payment, the Mortgagee must complete that option.~~

~~(vii) Step 7—Compare Savings with Available Permanent Home Retention Options~~

~~If the MoPR (calculated in Step 5) achieves the Minimum MoPR, the Mortgagee must compare the proposed Borrower's portion of the P&I monthly payment under the Payment Supplement with the Borrower's proposed P&I monthly payment under the COVID-19 Recovery Modification to determine the greater payment reduction.~~

~~If the Borrower is able to achieve a lower P&I monthly payment with the COVID-19 Recovery Modification, the Mortgagee must offer the Borrower the COVID-19 Recovery Modification.~~

~~If the Borrower is not able to achieve a lower P&I monthly payment utilizing the COVID-19 Recovery Modification, the Mortgagee must offer the Borrower the Payment Supplement.~~

~~The Mortgagee must document the Servicing File with the option offered to the Borrower.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(e) Mortgages with an Interest Rate Buydown and Mortgages Affected by the Servicemember Civil Relief Act~~

~~For Mortgages with an interest rate buydown and Mortgages affected by the Servicemembers Civil Relief Act (SCRA), the Mortgagee must:~~

- ~~• calculate the MoPR based on the P&I portion of the monthly Mortgage Payment as of the date the Payment Supplement Period begins:
 - ~~○ based on the Note rate of the Mortgage without the temporary interest rate buydown, if applicable; and~~
 - ~~○ based on the Note rate of the Mortgage without the SCRA protection, if applicable;~~~~
- ~~• ensure the MoPR does not exceed the principal portion of the monthly Mortgage Payment;~~
- ~~• ensure the MoPR does not change during the Payment Supplement Period; and~~
- ~~• ensure the Payment Supplement Period remains 36 months.~~

~~(f) Payment Supplement Documents~~

~~(i) Standard~~

~~The Mortgagee must prepare the Payment Supplement Documents using HUD's model Payment Supplement Documents or substantially similar documents. The Mortgagee must ensure that:~~

- ~~• the Payment Supplement promissory Note and Payment Supplement Agreement are executed in the name of the Secretary;~~
- ~~• all Payment Supplement Documents include the full FHA case number, are legally enforceable, and comply with all applicable laws;~~
- ~~• the Payment Supplement Documents comply with all requirements for Partial Claims as listed under FHA HAMP Loan Documents except (1)(a), (5), (6)(a), and (9); and~~
- ~~• the Payment Supplement subordinate Mortgage is recorded.~~

~~The Mortgagee must provide the Borrower with the Payment Supplement Documents to be signed.~~

~~The Borrower is required to sign and return the Payment Supplement Documents before the Mortgagee brings the Mortgage current and applies the first MoPR.~~

~~(ii) Document Delivery Requirements~~

~~The Mortgagee must deliver to HUD's Loan Servicing Contractor:~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- ~~no later than 60 Days from the execution date, the original Payment Supplement promissory Note and the Payment Supplement Agreement;~~
- ~~no later than six months from the execution date, the recorded Payment Supplement subordinate Mortgage; and~~
- ~~with each delivery of Payment Supplement Documents, the Mortgagee must include a cover letter or manifest with the FHA case number for the documents that are being delivered.~~

~~The Mortgagee is automatically granted a 90-Day extension to the six-month deadline for the recorded Mortgage.~~

~~Mortgagees may file requests for an additional extension in accordance with Requests for Extensions of Time for Delivery of Partial Claim Documents if a Mortgagee experiences additional delays out of their control, including past the automatic 90-Day extension for the recorded Mortgage.~~

~~(g) Payment Supplement Account~~

~~(i) Standard~~

~~The Mortgagee must segregate the funds paid by FHA for the MoPR in the Payment Supplement Account. The Payment Supplement Account must:~~

- ~~be deposited with a financial institution whose accounts are insured by the Federal Deposit Insurance Corporation (FDIC) or the National Credit Union Administration (NCUA);~~
- ~~not limit the Mortgagee's access to funds for the MoPR, require an advance notice of withdrawal, or require the payment of a withdrawal penalty;~~
- ~~clearly identify the funds being held in that account as being derived from and held as part of the Payment Supplement Documents executed by the Borrower as part of the Payment Supplement loss mitigation action being undertaken by the Mortgagee; and~~
- ~~ensure that the funds in the Payment Supplement Account are not comingled with any funds held in accounts restricted by agreements with Ginnie Mae.~~

~~Neither the Mortgagee nor the Borrower has any discretion in the use and application of the funds from the Payment Supplement.~~

~~Mortgagees utilizing a Trust Clearing Account must withdraw the portion that is to be deposited into the Payment Supplement Account within 48 hours of receiving the Payment Supplement funds from HUD.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~Mortgagees are not prohibited from holding MoPR funds for multiple Mortgages in a single account for implementing the Payment Supplement; however, the Mortgagee must not commingle funds in the Payment Supplement Account, even temporarily, with any funds held in accounts restricted by agreements with Ginnie Mae, escrow funds, or funds used for the Mortgagee's general operating purposes or any other purpose.~~

~~If the Borrower enters into bankruptcy during the Payment Supplement Period, the Mortgagee must continue to apply the MoPR unless otherwise required or permitted by law. If so required, the Mortgagee must seek court approval for the Payment Supplement and the Borrower's reaffirmation of the Partial Claim debt. Any additional loss mitigation offered during bankruptcy must be in accordance with Loss Mitigation during Bankruptcy Proceedings.~~

~~(ii) Interest on Payment Supplement Account~~

~~Neither the Mortgagee nor the Borrower may earn interest on a Payment Supplement Account.~~

~~(h) Required Documentation~~

~~The Mortgagee must retain the following in the Servicing File and the Claim Review File:~~

- ~~• documentation of the amount used to bring the Mortgage current at the start of the Payment Supplement Period;~~
- ~~• documentation of the amount of each MoPR disbursed from the Payment Supplement Account applied to the principal due on the Borrower's monthly Mortgage Payment;~~
- ~~• a copy of the executed Payment Supplement Documents;~~
- ~~• the date the Mortgagee received the executed Payment Supplement Documents from the Borrower and the date the subordinate Mortgage was sent to be recorded; and~~
- ~~• evidence that the subordinate Mortgage was submitted timely for recording.~~

~~(i) Disclosures to Borrower~~

~~The Mortgagee must send the Borrower written disclosures annually and between 60 and 90 Days before the expiration of the Payment Supplement Period.~~

~~Mortgagees may develop specific disclosure documents or may use or modify FHA's model Annual Payment Supplement Disclosure and Final Payment Supplement Disclosure documents. Mortgagees must ensure that any disclosures comply with all applicable laws.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(i) Annual Payment Supplement Disclosure~~

~~The Mortgagee must send the Borrower a written disclosure annually, at minimum, during the Payment Supplement Period, including:~~

- ~~• information about the Payment Supplement, including:~~
 - ~~○ the amount used to bring the Mortgage current at the start of the Payment Supplement;~~
 - ~~○ the accounting of the MoPR funds disbursed from the Payment Supplement Account and applied each month during the Payment Supplement Period; and~~
 - ~~○ the funds remaining in the Payment Supplement Account;~~
- ~~• the date of expiration of the Payment Supplement Period;~~
- ~~• the total Payment Supplement Note amount;~~
- ~~• the Borrower's current monthly Mortgage Payment without MoPR and an explanation that if escrow amounts change, future payments may increase; and~~
- ~~• a statement that the Borrower may voluntarily terminate the Payment Supplement and resume their full monthly Mortgage Payment without the MoPR and any remaining funds in the Payment Supplement Account will be returned to HUD to reduce the total outstanding Payment Supplement balance associated with the Borrower's Payment Supplement Documents.~~

~~The Mortgagee may include the disclosure as part of, or with, a monthly or annual billing statement. The disclosure may be sent electronically.~~

~~(ii) Final Disclosure Prior to Expiration of the Payment Supplement~~

~~The Mortgagee must send the Borrower a written disclosure between 60 and 90 Days before the expiration of the Payment Supplement Period, including information about:~~

- ~~• the expiration of the Payment Supplement Period; and~~
- ~~• the accounting of the Payment Supplement, including:~~
 - ~~○ the total Payment Supplement Note amount;~~
 - ~~○ the amount used to bring the Mortgage current at the start of the Payment Supplement;~~
 - ~~○ the accounting of the MoPR funds disbursed from the Payment Supplement Account and applied each month for the Payment Supplement Period;~~
 - ~~○ if applicable, any funds remaining in the Payment Supplement Account and a statement that FHA will use these funds to reduce the balance on the amount owed by the Borrower under the Payment Supplement Documents; and~~
 - ~~○ the Borrower's estimated first monthly Mortgage Payment following the expiration of the Payment Supplement.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(j) Subsequent Default during Payment Supplement Period~~

~~If a Borrower is 30 Days or more past due or in Imminent Default during the Payment Supplement Period, the Mortgagee must review the Borrower in accordance with the COVID-19 Recovery Loss Mitigation Options—Standard. The appropriate action will determine if:~~

- ~~• the MoPR will continue to be applied for the remainder of the Payment Supplement Period without changes to the Payment Supplement Agreement; or~~
- ~~• the Payment Supplement will be terminated.~~

~~(i) Mortgage Reinstatement without a Permanent Loss Mitigation Option—MoPR Continues~~

~~If the Borrower, without the use of a permanent loss mitigation option, makes their portion of the missed monthly Mortgage Payments, the MoPR must be disbursed from the Payment Supplement Account and then applied to the missed payments as they are made. For these missed payments, the MoPR must be applied only to the principal portion of the missed Mortgage Payment and for the exact amount that would have been applied for an on-time payment, including when the Mortgage is brought current through payments made on a repayment plan or a forbearance plan.~~

~~The MoPR must be applied for the remainder of the Payment Supplement Period as the Borrower makes each required payment.~~

~~(ii) Mortgage Reinstatement with COVID-19 Recovery Standalone Partial Claim—MoPR Continues~~

~~If the Borrower requires a new loss mitigation option to reinstate their Mortgage, the Mortgagee must first evaluate the Borrower for an additional COVID-19 Recovery Standalone Partial Claim to bring the Mortgage current.~~

~~A Borrower may receive no more than two COVID-19 Recovery Standalone Partial Claims to reinstate the Mortgage during the Payment Supplement Period.~~

~~The Mortgagee must determine the amount of funds needed for the COVID-19 Recovery Standalone Partial Claim by:~~

- ~~• calculating the amount needed to bring the Mortgage current, per the requirements for a COVID-19 Recovery Standalone Partial Claim; and~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- ~~reducing the amount needed to bring the Mortgage current by the MoPR for each month it was not applied due to missed payments by the Borrower.~~

~~If the Borrower has sufficient additional Partial Claim funds available, the Mortgagee must:~~

- ~~ensure the Borrower attests they can resume their portion of the monthly Mortgage Payment;~~
- ~~ensure all requirements in accordance with a COVID-19 Recovery Standalone Partial Claim are met; and~~
- ~~prepare and send the Borrower the documents for a COVID-19 Recovery Standalone Partial Claim to reinstate the Mortgage.~~

~~Upon receipt of the executed COVID-19 Recovery Standalone Partial Claim documents from the Borrower, the Mortgagee must:~~

- ~~disburse and then apply funds from the Payment Supplement Account to cover the MoPR for each month it was not applied due to missed payments by the Borrower; and~~
- ~~advance the funds from the COVID-19 Recovery Standalone Partial Claim necessary to reinstate the Mortgage.~~

~~For missed payments, the MoPR must be applied only to the principal portion of the missed payment and for the exact amount that would have been applied for an on-time payment. After the Mortgage is reinstated, the Mortgagee must resume applying the MoPR.~~

~~The Payment Supplement Period will not be extended beyond the original term set in the Payment Supplement Agreement.~~

~~(iii) Mortgage Reinstatement with Other Permanent Loss Mitigation Option—MoPR Terminates~~

~~If the Borrower cannot bring the Mortgage current through an additional COVID-19 Recovery Standalone Partial Claim, the Mortgagee must:~~

- ~~evaluate the Borrower for the available permanent loss mitigation options;~~
- ~~terminate the Payment Supplement and application of the MoPR upon receipt of the new executed loss mitigation documents;~~
- ~~send the Borrower documentation that the Payment Supplement has been terminated and a detailed account of how the Payment Supplement funds were applied;~~
- ~~no later than 30 Days after the date the Payment Supplement was terminated, remit any remaining funds from the Payment Supplement Account to HUD via Pay.gov—Single Family Notes Lender Entry Form; and~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- ~~report the termination of the Payment Supplement through SFDMS.~~

~~(iv) Mortgage Cannot Be Reinstated—MoPR Terminates~~

~~For Borrowers who have not completed the Payment Supplement Period and cannot reinstate their Mortgage, the Mortgagee must ensure the following requirements are met, as applicable.~~

~~(a) Pre-Foreclosure Sales~~

~~In addition to the requirements for a PFS, the Mortgagee must:~~

- ~~proceed with the PFS requirements under Pre-Foreclosure Sale;~~
- ~~prior to execution of the Approval to Participate (ATP) agreement (form HUD-90045, Approval to Participate Pre foreclosure Sale Procedure Property Sales Information Property Occupancy & Maintenance), provide the Borrower with a disclosure statement including:~~
 - ~~the Payment Supplement will be terminated upon receipt of the executed ATP and the Mortgagee will not advance funds to cover the MoPR during the PFS marketing period;~~
 - ~~the amount of the Partial Claim that was used to bring the Mortgage current at the start of the Payment Supplement Period;~~
 - ~~the total amount of funds that were disbursed from the Payment Supplement Account for MoPR payments; and~~
 - ~~the amount of individual MoPR payments and the months for which they were applied;~~
- ~~terminate the Payment Supplement upon receipt of the executed ATP;~~
- ~~ensure that no funds remaining in the Payment Supplement Account are returned to the Borrower;~~
- ~~ensure that the funds remaining in the Payment Supplement Account are not used as a credit to the first Mortgage;~~
- ~~no later than 30 Days after the date of execution of the ATP, remit all remaining funds in the Payment Supplement Account to HUD via Pay.gov—Single Family Notes Lender Entry Form;~~
- ~~instruct the Closing Agent to pay off the outstanding amount due under the Payment Supplement Note and other Partial Claims, if any, at closing to HUD; and~~
- ~~no later than 45 Days after the date of termination of the Payment Supplement, upload the final accounting of the Payment Supplement into the Single Family Mortgage Asset Recovery Technology (SMART) Integrated Portal (SIP).~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(b) Deed-in-Lieu of Foreclosure, Foreclosure Sales, and CWCOT~~

In addition to the requirements for DIL, Foreclosures, and CWCOT, the Mortgagee must:

- ~~• terminate the Payment Supplement when the sale is completed or the deed is transferred;~~
- ~~• ensure that no funds remaining in the Payment Supplement Account are returned to the Borrower;~~
- ~~• ensure that the funds remaining in the Payment Supplement Account are not used as a credit to the first Mortgage; and~~
- ~~• no later than 30 Days after the date the sale is completed or the deed is transferred, remit all remaining funds in the Payment Supplement Account to HUD via Pay.gov—Single Family Notes Lender Entry Form; and~~
- ~~• no later than 45 Days after the date the sale is completed or the deed is transferred, upload the final accounting of the Payment Supplement into SIP.~~

~~(k) Completion or Termination of the Payment Supplement~~

A Payment Supplement is completed or terminated upon the earlier of:

- ~~• the end date of the Payment Supplement Period;~~
- ~~• the application of 36 MoPRs; or~~
- ~~• early termination of the Payment Supplement.~~

No later than 30 Days after the date of the completion or termination of the Payment Supplement, the Mortgagee must remit any funds remaining in the Payment Supplement Account to HUD via Pay.gov—Single Family Notes Lender Entry Form.

~~(i) Early Termination of the Payment Supplement~~

~~(a) Voluntary Termination Request~~

The Mortgagee must terminate the Payment Supplement upon Borrower request if the Borrower signs a document affirming they can resume their full monthly Mortgage Payment without the MoPR and that they no longer wish to receive the MoPR.

The Mortgagee must send the Borrower documentation that the Payment Supplement has been terminated and a detailed account of how the Payment Supplement funds were applied.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(b) Loss Mitigation Home Retention Action Completed~~

~~The Mortgagee must terminate the Payment Supplement when any subsequent loss mitigation home retention option is executed by all required parties, except for a COVID-19 Recovery Standalone Partial Claim.~~

~~(c) PFS, DIL, Foreclosure, and CWCOT~~

~~The Mortgagee must terminate the Payment Supplement upon receipt of an executed ATP for PFS or when the foreclosure sale, CWCOT sale, or transfer of deed is completed.~~

~~(d) Transfers and Assumptions~~

~~The Payment Supplement is non-transferrable and not assignable to a new Borrower. Upon approval by the Mortgagee of the transfer or assumption, or when the Mortgagee receives actual or constructive knowledge of the transfer of ownership, the Mortgagee must terminate the Payment Supplement.~~

~~(e) Sale (non-PFS) or Refinance~~

~~If the Property is being sold or the Mortgage is being refinanced, the Mortgagee must:~~

- ~~• provide the Payment Supplement Payoff Statement upon request; and~~
- ~~• terminate the Payment Supplement upon completion of the sale or refinance.~~

~~(ii) Final Accounting of Payment Supplement~~

~~No later than 45 Days after the date of completion or termination of the Payment Supplement, the Mortgagee must:~~

- ~~• upload a final accounting of the Payment Supplement in the SMART Integrated Portal (SIP); and~~
- ~~• input the amount of any funds remitted to HUD.~~

~~The Mortgagee is not permitted to submit the final accounting until after remitting to HUD all remaining funds from the Payment Supplement Account, if any.~~

~~The final accounting of the Payment Supplement is a document uploaded in SIP that must include:~~

- ~~• the amount that was used to bring the Mortgage current at the start of the Payment Supplement Period;~~
- ~~• the total amount applied to MoPR payments; and~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- ~~the amount of individual MoPR payments and the months for which they were applied.~~

~~The Mortgagee must also input in SIP the amount of funds, if any, that have been remitted to HUD via Pay.gov—Single Family Notes Lender Entry Form in SIP.~~

~~(iii) Payment Supplement Payoff Statement~~

~~The Mortgagee must issue Payment Supplement payoff statements until the final accounting of the Payment Supplement has been submitted to HUD. The Mortgagee must issue Payment Supplement payoff statements upon request and when the Mortgagee receives a payoff request for the Borrower's first Mortgage.~~

~~The Mortgagee must include in a Payment Supplement payoff statement, at a minimum:~~

- ~~the total amount due for the Payment Supplement, including itemizing:
 - ~~the amount that was used to bring the Mortgage current at the start of the Payment Supplement Period; and~~
 - ~~the total amount applied to MoPR payments;~~~~
- ~~a statement that the Payment Supplement is a subordinate lien in the name of the Secretary of HUD;~~
- ~~instructions that the payoff of funds owed under the Payment Supplement must be remitted to HUD via Pay.gov;~~
- ~~a statement that the payoff amount will change if additional account activity occurs including:
 - ~~any payment made that triggers the application of a MoPR; and~~
 - ~~returned payments due to a stop payment or insufficient funds;~~~~
- and
- ~~anything required by applicable laws.~~

~~The Payment Supplement payoff statement must not include or reflect as a credit any remaining funds in the Payment Supplement Account.~~

~~The Payment Supplement payoff statement must not include the balance of any additional outstanding Partial Claims.~~

~~If HUD receives a request for a payoff statement of the Payment Supplement prior to receipt of the final accounting from the Mortgagee, HUD will provide the maximum amount available under the Payment Supplement and direct the requestor to contact the Mortgagee for the actual amount required to pay off the Payment Supplement.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~After completion or termination of the Payment Supplement and submission of the final accounting from the Mortgagee, the Mortgagee must not issue any payoff statements for the Payment Supplement.~~

~~(iv) Required Documentation~~

~~The Mortgagee must retain a copy of the final accounting and, if applicable, the Payment Supplement Payoff Statement in the Servicing File.~~

~~(f) Errors or Miscalculations of Funds Associated with Payment Supplement~~

~~If the Mortgagee makes an error or miscalculates the Payment Supplement that results in:~~

- ~~• a claim overpayment to the Mortgagee, the Mortgagee must remit the overpaid amount immediately to HUD via Pay.gov—Single Family Notes Lender Entry Form; or~~
- ~~• a claim underpayment to the Mortgagee, the Mortgagee must absorb the cost of the error or miscalculation.~~

~~If the Mortgagee makes an error or miscalculates the amount of funds remitted to HUD at the completion or termination of the Payment Supplement resulting in the Mortgagee remitting less than the total remaining funds in the Payment Supplement Account to HUD, the Mortgagee must remit any remaining outstanding funds in the Payment Supplement Account immediately to HUD via Pay.gov—Single Family Notes Lender Entry Form.~~

~~The Mortgagee must include its review process for ensuring the accurate calculation of Payment Supplement in its QC Plan.~~

~~(m) Reporting to HUD~~

~~The Mortgagee must report the use of a Payment Supplement in SFDMS, using Delinquency/Default Status (DDS) Code 51—Payment Supplement.~~

- ~~• While the Borrower remains in the Payment Supplement Period, the Mortgagee must continue to report DDS Code 51 with the applicable oldest unpaid installment date, including every month the Borrower makes their required payment under the Payment Supplement. If occupancy is not required to be determined, the Mortgagee must report Occupancy Status Code 7—Occupancy Determination Not Required.~~
- ~~• The Mortgagee must not report DDS Code 20 or 98 if the Payment Supplement is still in effect for the duration of the Payment Supplement Period.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~For Borrowers utilizing the Payment Supplement where another delinquent Status Code also applies, the Mortgagee must report DDS Code 51 first followed by any other applicable DDS Codes.~~

~~After the completion or termination of the Payment Supplement Period, the Mortgagee must report:~~

- ~~• DDS Code 98 if the Mortgage is current; or~~
- ~~• the applicable code if the Mortgage is not current.~~

~~(i) Borrower Resumes Payment After Payment Supplement Period~~

~~If the Borrower resumes their monthly Mortgage Payment following the Payment Supplement Period or the Borrower requests to terminate the Payment Supplement and affirms they can resume their full monthly Mortgage Payment, the Mortgagee must report DDS Code 98.~~

~~(ii) Subsequent Default~~

~~For every month the Borrower does not make their required payment under the Payment Supplement, the Mortgagee must report DDS Code 51 with the applicable oldest unpaid installment date indicating that the Mortgage is past due. The Mortgagee must report the applicable Occupancy Status Code and Occupancy Status Date based on the most recent occupancy determination.~~

~~If the Borrower does not make their required payment under the Payment Supplement and then reinstates their Mortgage without the use of a loss mitigation option, the Mortgagee must continue to report DDS Code 51 with the applicable oldest unpaid installment date. The Mortgagee must not report DDS Code 20 or 98 as long as the Payment Supplement is still in effect.~~

~~(a) Forbearance Plan during Payment Supplement Period~~

~~If the Borrower begins a forbearance plan during the Payment Supplement Period, the Mortgagee must:~~

- ~~• report the appropriate DDS Code for the loss mitigation option utilized; and~~
- ~~• continue to report DDS Code 51 with the applicable oldest unpaid installment date until new executed loss mitigation documents are received.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(b) COVID-19 Recovery Standalone Partial Claim after Subsequent Default~~

If the Borrower does not make their required payment under the Payment Supplement and then reinstates their Mortgage with the use of a COVID-19 Recovery Standalone Partial Claim, the Mortgagee must:

- ~~report the appropriate DDS Code for the standalone Partial Claim utilized;~~
- ~~continue to report DDS Code 51 with the applicable oldest unpaid installment date; and~~
- ~~not report DDS Code 20 or 98 as long as the Payment Supplement is still in effect.~~

~~(c) Other Loss Mitigation Options after Subsequent Default~~

If the Borrower does not make their required payment under the Payment Supplement and then reinstates their Mortgage with the use of other loss mitigation options, the Mortgagee must:

- ~~report the appropriate DDS Code for the loss mitigation option utilized;~~
- ~~continue to report DDS Code 51 with the applicable oldest unpaid installment date until new executed loss mitigation documents are received; and~~
- ~~report DDS Code 98 upon reinstatement and stop reporting DDS Code 51.~~

~~(d) Option Failure~~

If the Borrower does not sign and return the Payment Supplement Documents or does not make their required payment under the Payment Supplement and cannot reinstate their Mortgage with or without the use of loss mitigation, the Mortgagee must report DDS Code AQ—Option Failure with the applicable Occupancy Status Code and applicable Occupancy Status Date.

~~(iii) Sale, Refinance, or Other Mortgage Termination~~

If the Borrower sells the Property, refinances the Mortgage, or otherwise pays the Mortgage in full before the end of the Payment Supplement Period, the Mortgagee must report DDS Code 13.

~~(iv) Assumption~~

If the Mortgage is assumed before the end of the Payment Supplement Period, the Mortgagee must report DDS Code 21.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~(v) Bankruptcy~~

~~If the Borrower is in bankruptcy and continues to make their required payment under the Payment Supplement, the Mortgagee is not required to report bankruptcy.~~

~~(D) COVID-19 Home Disposition Options~~

~~Mortgagees must review Borrowers that do not qualify for the COVID-19 Recovery Home Retention Options for the COVID-19 Home Disposition Options. The COVID-19 Home Disposition Options are available to Owner Occupant and Non-Occupant Borrowers.~~

~~(1) COVID-19 Pre-Foreclosure Sale~~

~~(a) Definition~~

~~A COVID-19 Pre-Foreclosure Sale (COVID-19 PFS), also known as a Short Sale, refers to the sale of real estate that generates proceeds that are less than the amount owed on the Property and through which the lien holders agree to release their liens and forgive the deficiency balance on the real estate. A COVID-19 PFS is available to Borrowers who are experiencing a hardship affecting their ability to sustain the Mortgage.~~

~~(b) Eligibility~~

~~The Mortgagee must ensure that:~~

- ~~• the Borrower indicates a financial hardship affecting their ability to sustain the Mortgage;~~
- ~~• the Borrower does not qualify for any COVID-19 Recovery Home Retention Option; and~~
- ~~• the Property is not condemned.~~

~~(c) Standard~~

~~The Mortgagee must ensure the Borrower and FHA-insured Mortgage meet the following criteria:~~

~~The Mortgagee must ensure the COVID-19 PFS meets all PFS program requirements outlined in Pre-Foreclosure Sales, except for Required Documentation for PFS and PFS Options.~~

~~If the Borrower advises that their financial situation has improved during the COVID-19 PFS process and wants to retain their home, the Mortgagee must review the Borrower for the COVID-19 Recovery Home Retention Options.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~The Mortgagee may consider the COVID-19 PFS for Borrowers that are in Default or are current but facing Imminent Default due to a hardship affecting their ability to sustain their Mortgage. On the date the PFS closing occurs, the Mortgagee must ensure that the Mortgage is in Default status (minimum 31 Days Delinquent).~~

(d) Reporting to HUD

~~The Mortgagee must report the use of a COVID-19 PFS in SFDMS.~~

(2) COVID-19 Deed-in-Lieu of Foreclosure

(a) Definition

~~A COVID-19 Deed-in-Lieu (DIL) of Foreclosure (COVID-19 DIL) is a COVID-19 Home Disposition Option in which a Borrower voluntarily offers the deed to HUD in exchange for a release from all obligations under the Mortgage.~~

(b) Eligibility

~~The Mortgagee must ensure that the Borrower and the FHA-insured Mortgage:~~

- ~~• meet the requirements for COVID-19 PFS transactions;~~
- ~~• was unable to complete a COVID-19 PFS transaction by the expiration of the PFS marketing period; and~~
- ~~• meet all DIL eligibility requirements except:~~
 - ~~○ the Borrower Eligibility Streamlined DIL Standards, which are not required for the COVID-19 DIL; and~~
 - ~~○ Mortgagees are not required to submit a request for National Servicing Center (NSC) approval via EVARS for approval to offer a COVID-19 DIL Option to a Borrower who owns more than one FHA-insured Property as outlined in DIL Exceptions for Borrowers with More than One FHA-Insured Mortgage.~~

(c) Standard

~~The Mortgagee must ensure the COVID-19 DIL meets all DIL program requirements outlined in Deed-in-Lieu of Foreclosure, with the following exceptions:~~

- ~~• The Borrower must attest that they have experienced a hardship that has affected their ability to sustain their Mortgage and is not required to verify their hardship with documentation or other information.~~
- ~~• Extensions for DIL Foreclosure Time Frames: if the DIL follows a failed COVID-19 PFS, it must be completed or foreclosure must be~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~initiated within 90 Days of the termination or expiration of the PFS ATP Agreement (form HUD-90045).~~

(d) Reporting to HUD

~~The Mortgagee must report the use of a COVID-19 DIL in SFDMS.~~

iii. Single Family Default Reporting Requirements for Borrowers Affected by the COVID-19 National Emergency in Loss Mitigation

~~Mortgagees must report the Delinquency/Default Reason (DDR) and Delinquency/Default Status (DDS) Codes that apply to the Borrower at the end of each reporting cycle and must update the code as the Borrower's circumstances change.~~

(A) Default Reason Code Reporting

~~Mortgagees must use Default Reason Code 055—Related to National Emergency Declaration to report if the delinquency is a result of impacts of the COVID-19 pandemic. For all other reasons for Default, Mortgagees must report the appropriate Default Reason Code when utilizing a COVID-19 Recovery Option.~~

(B) Default Status Code Reporting

~~Mortgagees must report the Default Status Codes detailed below for all FHA-insured Mortgages utilizing the COVID-19 Recovery Options or the COVID-19 Home Disposition Options.~~

~~If the Mortgage is newly defaulted, Mortgagees must report Status Code 42—Delinquent prior to reporting any other Status Codes.~~

~~Mortgagees must utilize new Default Status Code 50 for all Mortgages that utilize a COVID-19 Recovery Partial Claim, regardless of the reason for Default. If the Default Reason Code is 055—Related to National Emergency, Mortgagees may continue to report DDS Code 10—Partial Claim Started until they can begin reporting Default Status Code 50, but they must utilize Default Status Code 50 no later than April 3, 2023.~~

(C) COVID-19 Reporting

~~Mortgagees should report the correct Status Code with the applicable Occupancy Status Code as follows:~~

- ~~● Status Code 08—Trial Payment Plan~~
- ~~● Status Code 06—Formal Forbearance Plan for the COVID-19 Forbearance~~
- ~~● Status Code 12—Repayment/Informal Forbearance Plan~~
- ~~● Status Code 3A—Advance Modification Started~~
- ~~● Status Code 50—COVID-19 Recovery Standalone Partial Claim Started~~
- ~~● Status Code 61—Recovery Modification Started with a Partial Claim~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- ~~Status Code 38—Recovery Modification Started without a Partial Claim~~
- ~~Status Code 78—Borrower Program Assistance Received if Homeowner Assistance Funds are used in connection with reinstating the Mortgage~~
- ~~Status Code 15—Pre-foreclosure Acceptance Plan Available for the COVID-19 PFS~~
- ~~Status Code 44—Deed in Lieu Started for the COVID-19 DIL~~
- ~~Status Code AH—Streamlined Financials Received and In Review must be reported prior to Status Codes 15 and 44 as appropriate to identify the use of the COVID-19 PFS or COVID-19 DIL~~

~~Mortgagees must no longer use the following Status Codes to report COVID-19 Recovery Options utilized:~~

- ~~Status Code 10—Partial Claim Started for the COVID-19 Standalone Partial Claim or the COVID-19 Recovery Standalone Partial Claim~~
- ~~Status Code 28—Modification Started with an Occupancy Status Code 1 (Occupied by Borrower) for the COVID-19 Owner-Occupant Loan Modification~~
- ~~Status Code 28—Modification Started with the applicable Occupancy Status Code that indicates the type of non-borrower occupancy for the COVID-19 Non-Occupant Loan Modification~~
- ~~Status Code 53—Combination Partial Claim/Modification Started (Non-FHA-HAMP) for the COVID-19 Combination Partial Claim and Loan Modification~~
- ~~Status Code 38—Recovery Modification Started without a Partial Claim or for the COVID-19 Recovery Non-Occupant Loan Modification~~

~~For Borrowers utilizing HAF funds in connection with reinstating the Mortgage, the Mortgagee must report both Status Code 78 and then Status Code 61 or Status Code 38 to indicate use of HAF funds in conjunction with a COVID-19 Recovery Modification.~~

~~Where no TPP is required, Mortgagees are not required to report Status Code 08—Trial Payment Plan prior to reporting Status Codes 3A, 61, 38, or 50.~~

~~iv. Extension of First Legal Deadline Date (02/07/2022)~~

~~Deadlines for the first legal action and Reasonable Diligence Time Frame are extended by 180 Days from the later date of either the end of the Borrower's COVID-19 Forbearance or the expiration of the foreclosure moratorium for FHA-insured Single Family Mortgages, except for FHA-insured Mortgages secured by vacant or abandoned Properties.~~

~~If the Mortgagee needs additional time to meet the first legal deadline date, the Mortgagee must submit a request for extension of time to the NSC for HUD approval via EVARS.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~v. Terms of the Mortgage are Unaffected~~

~~Nothing in this section confers any right to a Borrower to any loss mitigation or any other action by HUD or the Mortgagee. Further, nothing in this section interferes with any right of the Mortgagee to enforce its private contractual rights under the terms of the Mortgage. All private contractual rights and obligations remain unaffected by anything in this section. Where a Mortgagee chooses to enforce its contractual rights after expiration of the COVID-19 Forbearance, the standard time frames to initiate foreclosure and reasonable diligence in prosecuting foreclosure following expiration of a foreclosure moratorium will apply.~~

~~vi. Borrowers Impacted by a PDMDA~~

~~For Borrowers impacted by a PDMDA:~~

- ~~• For Borrowers who are already on a COVID-19 Loss Mitigation Option or a COVID-19 Recovery Option, including a COVID-19 Forbearance, before the date of a new PDMDA Disaster Declaration, the Mortgagee must continue to follow the COVID-19 Loss Mitigation Option or COVID-19 Recovery Option guidance.~~
- ~~• For all other Borrowers, the Mortgagee must evaluate the Borrower for and then evaluate the Borrower for the COVID-19 Recovery Home Retention Options, regardless of the reported reason for default.~~

~~For any buildings in a PDMDA that are Substantially Damaged, Mortgagees must follow the PDMDA guidance in Monitoring of Repairs to Substantially Damaged Homes. This requirement applies to all Properties covered by a non-COVID-19 PDMDA during the COVID-19 pandemic, including those already under a COVID-19 Loss Mitigation Option or COVID-19 Recovery Option, such as COVID-19 Forbearance.~~

~~v.m.~~ Non-Monetary Default (12/21/2022)

By executing the deed of trust and Note for an FHA-insured Mortgage, the Borrower agrees to submit the monthly Mortgage Payment by the first of each month and to adhere to the uniform covenants listed in the deed of trust and Note. The following provides guidance associated with the Borrower's failure to adhere to these covenants.

i. Definition

Non-Monetary Default is when the Borrower fails to perform obligations, other than making monthly payments, contained in the mortgage security instrument for a period of 30 Days.

ii. Mortgagee Cure

When the Non-Monetary Default may be cured or otherwise resolved by Mortgagee action without resorting to foreclosure action, the Mortgagee must advance and charge the Borrower all amounts due for servicing activities, as defined in the mortgage agreement, if:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- the Borrower fails to make required payments or charges;
- the Borrower fails to perform any other covenants and agreements contained in the security instrument; or
- there is a legal proceeding that may affect the Mortgagee's rights in the Property.

iii. Hazard and Flood Insurance

If the Borrower fails to maintain adequate Hazard and/or Flood Insurance coverage when it is stated as an obligation in the Mortgage, the Mortgagee may advance funds or force-place insurance as follows.

(A) Mortgagee Advances

The Mortgagee may advance the funds to pay the renewal premiums. The Mortgagee must renew the same type of policy and the same coverage carried previously by the Borrower.

(B) Force-Placed Insurance

If Borrowers fail to renew the Hazard and/or Flood Insurance coverage when required, the Mortgagee may force-place Hazard and/or Flood Insurance where consistent with federal regulations. While the Mortgagee may, at its discretion, obtain more coverage than is necessary to protect the Mortgagee's interest, HUD limits its reimbursement of these [premiums](#).

If the Mortgagee force-places a Private Flood Insurance (PFI) policy to satisfy the mandatory Flood Insurance purchase requirement, the PFI must meet the requirements for [Flood Insurance](#).

iv. Taxes, Assessments, and Government or Municipal Charges

The Mortgagee may advance funds and charge the Borrower when the Borrower fails to pay taxes, assessments, water rates, and other governmental or municipal charges, fines, or impositions not included in the Borrower's monthly Mortgage Payment.

v. Homeowners' Association Fees

If the Borrower fails to pay HOA/Condominium Fees, the Mortgagee must take any action necessary to protect the first lien position of the FHA-insured Mortgage against foreclosure actions brought by a HOA/condominium or any other junior lien holder.

vi. Code Violations

If the Borrower fails to address a code violation notice from the municipality where the Property is located, the Mortgagee must perform activities necessary to preserve and protect the Property, as authorized under the security instruments. See [Mortgagee Property Preservation and Protection Action](#).

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

vii. Demolition Orders

The Mortgagee must forward copies of all notices pertaining to demolition orders and hearings to HUD's [MCM](#) immediately upon discovery.

The MCM will advise the Mortgagee as to whether to proceed with the demolition or to postpone the demolition until after conveyance to HUD.

viii. Due-on-Sale Clause

The Mortgagee must review the Mortgage's legal documents to determine any covenant restrictions pertaining to assumption. See [Assumptions](#) for more information.

~~w.n.~~ **Distressed Asset Stabilization Program**

RESERVED FOR FUTURE USE

This section is reserved for future use, and until such time, FHA-approved Mortgagees and any other interested participants must continue to comply with all applicable law and existing Handbooks, Mortgagee Letters, Notices and outstanding guidance applicable to their participation in FHA programs.

~~x.o.~~ **Reinstatement (03/31/2022)**

i. Standard

The Mortgagee must allow reinstatement of the Mortgage if the Borrower offers, in a lump sum payment, all amounts to bring the account current, including costs incurred by the Mortgagee in instituting foreclosure, except under any of the following circumstances:

- within the two years immediately preceding the initiation of the current foreclosure action, the Mortgagee has accepted reinstatement in a previous foreclosure action;
- reinstatement will preclude foreclosure following a subsequent Default; or
- reinstatement will adversely affect the priority of the mortgage lien.

ii. Incurred Costs

(A) Property Inspections/Preservation

When a Mortgage in Default is reinstated, the Mortgagee may charge the Borrower the costs of property inspections and/or preservation, so long as the costs are:

- reasonable and customary for those services, as established in the [Mortgagee Property Preservation and Protection Action](#) section; and
- consistent with HUD requirements, state law, and security instruments.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(B) Inspection Cost Collected from Borrower

The Mortgagee may collect the cost of the inspections from the Borrower only when:

- the Mortgage was reinstated or paid in full;
- the Mortgagee has performed and properly documented the inspections pursuant to HUD requirements; and
- the cost of each inspection was reasonable and within the cost limitation established by HUD.

The Mortgagee must not collect inspection costs from the Borrower's escrow account or charge for an Occupancy Inspection performed after successful contact with the Borrower or occupant.

(C) Attorney's and Trustees' Fees

If the Mortgagee cancels a foreclosure action for a Loss Mitigation Option, a reinstatement, or a payment in full, the Mortgagee may charge the Borrower for attorney's fees as follows:

- The attorney's fees to be paid by the Borrower must be commensurate with the actual work performed to that point.
- The amount charged may not be in excess of the fee that HUD has established as reasonable and customary for claim purposes.

iii. Reinstatement during CWCOT

If the Mortgagee is using CWCOT procedures and the Borrower reinstates the Mortgage after foreclosure has been instituted, the Mortgagee must:

- cancel the appraisal if the appraisal has not yet been completed; or
- request that the Borrower reimburse the Mortgagee for the cost of the appraisal as part of foreclosure-related expenses, if the appraisal cost was validly incurred.

iv. Reporting Reinstatements

When a Delinquent Mortgage is reinstated, the Mortgagee must report the appropriate Account Reinstated Code in SFDMS to indicate whether:

- use of **R**epayment **P**lans or HUD's Loss Mitigation Options assisted in the reinstatement;
- reinstatement was due to a sale of the Property using a mortgage assumption; or
- the Borrower was able to reinstate the Mortgage on their own.

y.p. Foreclosure **(12/30/2025)**

When a Borrower with a Mortgage in Default cannot or will not resume and complete their Mortgage Payments, the Mortgagee must take steps to acquire the Property or see that it is acquired by a third party. Before starting foreclosure, the Mortgagee must review its servicing record to be certain that servicing has been performed in accordance with HUD

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

guidance. When foreclosure is appropriate, Mortgagees must initiate and complete foreclosure in a timely manner.

i. Mortgagee Action before Initiation of Foreclosure

The Mortgagee must exercise reasonable diligence in collecting past due Mortgage Payments by:

- utilizing Early Delinquency Servicing Workout tools;
- determining eligibility of HUD's Loss Mitigation Program when appropriate;
- performing the first legal action to initiate foreclosure, to acquire title and possession of the Property, when necessary;
- ensuring the Mortgage has been accurately reported to consumer reporting agencies in accordance with applicable federal law; and
- ensuring any former Borrower, co-Borrower and/or co-signer personally liable for payment of the mortgage debt has been notified, as appropriate.

(A) Assignments for Special Mortgages

The Mortgagee must not foreclose on Mortgages insured pursuant to Sections 203(q), 247, and 248 of the National Housing Act. The Mortgagee must comply with HUD's [collection communication requirements](#) and may assign the Mortgage to HUD as follows:

- Section 203(q) Mortgages: may assign the Mortgage to HUD, after the Mortgage has been in Default for 90 Days.
- Section 247 Mortgages: may assign the Mortgage to HUD, after the Mortgage has been in Default for 180 Days.
- Section 248 Mortgages: may assign the Mortgage to HUD, after the Mortgage has been in Default for 90 Days.

(B) Time Frame for Utilization of Loss Mitigation or Initiation of Foreclosure

The Mortgagee must utilize a Loss Mitigation Option or initiate foreclosure within six months of the date of Default. FHA considers the Mortgagee to have satisfied this requirement if, within the six-month time frame, the Mortgagee **initiates the first legal action to begin foreclosure or the Borrower** ~~takes one or a combination of the following actions:~~

- enters into **or is performing as agreed on a Repayment Plan or Forbearance** ~~an SFB Unemployment Agreement;~~
- completes a refinance of an insured cooperative housing Mortgage;
- ~~completes an assumption;~~
- ~~enters into a TPP Agreement for an FHA HAMP Option;~~
- **has been approved for a Permanent Home Retention Option;**
- executes a PFS ATP; **or**
- executes a DIL agreement; ~~or~~
- ~~initiates the first public legal action to begin foreclosure.~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(C) When to Initiate Foreclosure

After at least three consecutive full monthly Mortgage Payments are due but unpaid, a Mortgagee may initiate a foreclosure for monetary Default if one of the following conditions is met:

- the Mortgagee has completed its review of the Borrower's loss mitigation request, determined that the Borrower does not qualify for a Loss Mitigation Option, properly notified the Borrower of this decision, and rejected any available appeal by the Borrower;
- the Borrower has failed to perform under a Loss Mitigation Option Agreement, and the Mortgagee has determined that the Borrower is ineligible for other Loss Mitigation Options; or
- the Mortgagee has been unable to determine the Borrower's eligibility for any Loss Mitigation Option due to the Borrower not responding to the Mortgagee's efforts to contact the Borrower.

(D) Exceptions to Foreclosure Initiation Time Frame

(1) Standard

A Mortgagee may initiate foreclosure on a Delinquent Mortgage if one of the following conditions is met:

- the Mortgagee has determined that the mortgaged Property has been abandoned or has been vacant for more than 60 Days and the Mortgagee was unable to determine the Borrower's eligibility for any Loss Mitigation Option due to the Borrower not responding to the Mortgagee's efforts to contact the Borrower;
- the Borrower has notified the Mortgagee in writing that they have no intention of fulfilling their obligation under the Mortgage after being clearly advised of the Loss Mitigation Options available for relief, including PFS and DIL;
- the mortgaged Property is not the Borrower's Principal Residence and it is occupied by tenants who are paying rent, but the Rental Income is not being applied to the mortgage debt; or
- the Property is owned by a corporation or partnership.

(a) Vacant or Abandoned Properties

If the Mortgage is in Default, the Mortgagee must commence foreclosure:

- no later than six months after the date of Default; or
- no later than 120 Days after the latter of the date that:
 - the Property becomes vacant;
 - the Property is discovered or should have been discovered vacant or abandoned; or
 - for Properties that have two, three, or four units, all units are discovered or should have been discovered vacant or abandoned.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

If the Mortgagee fails to inspect the Property within the required time period, or fails to discover the vacancy, the vacancy date will be the last date on which the Mortgagee should have performed the inspection.

If the Property becomes vacant prior to an inspection and the Mortgagee has knowledge of such vacancy, then the date the Property became vacant is the vacancy date.

(b) Prohibition of Foreclosure due to State Legislation

In some states, the Mortgagee must delay, cancel, and/or reschedule a foreclosure action to comply with state law requirements. HUD provides an automatic 90-Day extension after the expiration of the time during which foreclosure is prohibited to commence, where:

- the foreclosure sale would have been conducted in the required time frame but was canceled to comply with state law; and
- the initial legal action to commence foreclosure was timely.

(c) Prohibition of Foreclosure due to Federal Law or Regulations

Where a federal regulation requires a delay in the initiation of foreclosure, the Mortgagee must initiate foreclosure no later than 90 Days after the expiration of the time during which foreclosure is prohibited. The status of the Defaulted Mortgage should be reported in SFDMS using the established [Delinquency/Default Reason \(DDR\) Code](#) for federally mandated delay.

(d) Prohibition of Foreclosure due to Bankruptcy

If federal bankruptcy does not permit commencement of foreclosure within the standard six-month time frame, or requires foreclosure to be discontinued, the Mortgagee must commence or, if applicable, recommence foreclosure within 90 Days after the applicable release of stay or bankruptcy discharge date.

(e) Prohibition of Foreclosure due to Servicemembers Civil Relief Act

Mortgagees are allowed an automatic 90-Day extension from the date the applicable SCRA foreclosure moratorium expires.

(f) Moratorium on Foreclosure due to Disaster

Mortgages secured by Properties in [Presidentially-Declared Major Disaster Areas](#) (PDMDA) are subject to a 90-Day moratorium on the initiation of foreclosures and foreclosures already in process following the disaster.

HUD provides the Mortgagee an automatic 90-Day extension from the date of the moratorium expiration date to commence or recommence foreclosure

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

action or evaluate the Borrower under HUD's Loss Mitigation for Borrowers in [PDMDAs](#).

(2) Automatic Extensions for Foreclosure Initiation Time Frame for Loss Mitigation Option

HUD provides automatic 90-Day extensions to the deadline to complete a Loss Mitigation Option or to perform the first legal action initiating foreclosure, provided the Mortgagee has:

- evaluated and approved the Borrower for a Loss Mitigation ~~Home Retention~~ Option prior to the expiration of the initial six-month period to initiate foreclosure, or issued an ATP in the PFS Program resulting in early termination or option failure;
- reported the Loss Mitigation Option via SFDMS; and
- initiated foreclosure action after reviewing the Borrower for other Loss Mitigation Options from the date the Borrower defaulted under a Loss Mitigation Option or a TPP Agreement failed.

Mortgagees may use these automatic extensions as outlined in [Automatic Extensions to HUD's Initiation of Foreclosure Timeline](#).

HUD does not provide automatic extensions for completion of a DIL; the Mortgagee must submit a request for extension of time for completion of a DIL to ~~the NSC for~~ HUD ~~for~~ approval via EVARS. HUD does not provide automatic extensions for attempting an ~~in repayment plan, Formal Forbearance Plan, Informal Forbearance Plan, Delinquent refinance, or~~ assumption.

(3) Loss Mitigation Denial

If the Permanent Home Retention Option or OWL is denied, the Mortgagee must evaluate the Borrower for a Home Disposition Option. If the Borrower is denied for a Home Disposition Option, the Mortgagee must commence, recommence, or resume foreclosure no later than 90 Days after denial of the Loss Mitigation Option.

HUD provides an automatic 90-Day extension to the initiation of foreclosure timeline in any case in which the Mortgagee needs additional time to comply with the appeals process required by the CFPB Loss Mitigation regulations under RESPA (Regulation X) at [12 CFR § 1024.41](#).

The 90-Day extension begins on the date the Mortgagee denies loss mitigation and sends the Borrower the notice required under CFPB regulations.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(4) Requests for Other or Additional Extensions to the Time Requirement to Utilize Loss Mitigation Option

For additional time extensions, and for extensions of time for any other reason not listed above, the Mortgagee must request the extension via EVARS prior to the expiration of the existing time frame and provide:

- the dates required notices were sent to the Borrower;
- the date the Mortgagee received the Complete Loss Mitigation Request;
- the date the Mortgagee approved or denied the Borrower for Loss Mitigation Options; and
- a clear explanation of the Mortgagee's need for an extension to this deadline.

(5) Required Documentation

The Mortgagee must retain documentation of form [HUD-50012](#), *Mortgagee's Request for Extensions of Time*, in the Servicing File and the Claim ~~Review~~ File and must ensure that all extensions of time to initiate foreclosure are reflected in its claim submission.

For all extensions of time requests, the Mortgagee must:

- note the reason for the extension and relevant dates that necessitated the extension and retain documentation supporting the reason and dates in the Servicing File and the Claim ~~Review~~ File;
- report the applicable status codes in [SFDMS](#); and
- report on form [HUD-27011](#), Part A:
 - the dates relating to the extension;
 - in block 19, the Expiration Date of the 90-Day extension being used;
 - in the "Mortgagee's Comments" section, the extension being used and the reason(s) for the extension; and
 - in the "Mortgagee's Comments" section, the statement, "I certify that the use of this extension is for the reason(s) stated above."

(E) Curtailment of Claims and Unreasonable Property Preservation and Protection Payments ~~[Updates in this section must be implemented where the deadline to meet the first legal action is on or after March 31, 2022]~~

Mortgagees are responsible for [curtailment of interest](#) and exclusion of unreasonable [Property P&P payments](#).

For each curtailment time frame, the time frame begins on the earlier of the date the action should have been taken in accordance with HUD requirements or the actual date the action was taken.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(F) Management Review

Prior to the initiation of foreclosure, the Mortgagee must:

- develop a form or checklist to document that they have reviewed the Mortgage for foreclosure. A supervisor higher than the person submitting the Mortgage for foreclosure must sign or electronically acknowledge that they have reviewed and approve the document evidencing the decision to foreclose;
- ensure the Mortgage Holder approves of the Mortgagee's decision to foreclose, or has the delegated authority to make such decisions; and
- continue to service the Mortgage throughout foreclosure proceedings and to work with the Borrower to avoid foreclosure pursuant to the [Loss Mitigation During the Foreclosure Process](#) section requirements and program requirements related to changes in the Borrower's financial circumstances.

(G) Manufactured Housing Review

Due to the title evidence requirements for Manufactured Housing, the Mortgagee must:

- review each Property at the time of foreclosure referral to determine if the collateral for the FHA-insured Mortgage is a Manufactured Home; and
- ensure that all the [Title Evidence for Manufactured Housing](#) requirements are met before conveying a Manufactured Home to HUD.

(H) Property Assessed Clean Energy Obligation Review

The Mortgagee must:

- review each Property at the time of foreclosure referral to determine if the Property is encumbered with a PACE obligation;
- confirm that any identified PACE obligation may only become subject to an enforceable claim (i.e., a lien) for delinquent, regularly scheduled PACE special assessment payments, and otherwise complies with the following eligibility and acceptability criteria for Properties with a PACE obligation:
 - FHA case number must have been assigned prior to January 7, 2018;
 - under the laws of the state where the Property is located, the PACE obligation is collected and secured by the creditor in the same manner as special assessment taxes against the Property;
 - the Property may only become subject to an enforceable claim (i.e., lien) that is superior to the FHA-insured Mortgage for delinquent, regularly scheduled PACE special assessment payments. The Property shall not be subject to an enforceable claim (i.e., lien) superior to the FHA-insured Mortgage for the full outstanding PACE obligation at any time (i.e., through acceleration of the full obligation). However, a notice of the lien for the full PACE obligation may be recorded in the land records;
 - there are no terms or conditions that limit the transfer of the Property to a new homeowner. Legal restrictions on conveyance arising from a PACE

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

obligation that could require consent of a third party before the owner can convey the Real Property are prohibited, unless such provisions may be terminated at the option of, and with no cost to, the homeowner;

- the existence of a PACE obligation on a Property is readily apparent to Mortgagees, Appraisers, Borrowers, and other parties to an FHA-insured Mortgage transaction in the public records and must show the obligation amount, the expiration date, and cause of the expiration of the assessment. In no case may Default accelerate the expiration date; and
- in the event of a sale, including a foreclosure sale, of the Property with outstanding PACE financing, the obligation continues with the Property, causing the new homeowner to be responsible for the payments on the outstanding PACE amount; and
- contact ~~the~~ HUD ~~NSC~~ for guidance if a noncompliant PACE obligation is identified.

ii. Conduct of Foreclosure Proceedings

When foreclosure is necessary, the Mortgagee must give timely notice to HUD via SFDMS and exercise reasonable diligence in processing and completing foreclosure proceedings to acquire good marketable title and possession of the Property. HUD expects Mortgagees to comply with all federal, state, and local laws when prosecuting a foreclosure and pursuing a possessory action.

(A) Initiating Foreclosure

(1) First Legal Action to Initiate Foreclosure

The Mortgagee must perform the first legal action to initiate foreclosure for each state as provided in [Appendix 6.0 – First Legal Actions to Initiate Foreclosure and Reasonable Diligence Time Frames](#).

(2) Notice to HUD of Foreclosure Initiation

The Mortgagee must give notice to HUD within 30 Days of initiating foreclosure by reporting the foreclosure status in the monthly SFDMS report.

The Mortgagee must report the foreclosure status for the current cycle or following cycle in which the first required public legal action is taken to initiate foreclosure.

(3) Notice to HOA or Condominium Associations

As part of the foreclosure proceedings, the Mortgagee must notify and serve all Interested Parties of the pending foreclosure, pursuant to state law. Unless otherwise specified by state law, Interested Parties include all condominium management companies and HOAs that are reflected in the Mortgage/origination documents, recorded covenants/declarations, initial foreclosure referral and/or

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

title search review, or made known to the Mortgagee during the foreclosure proceedings.

(4) Outstanding HOA or Condominium Association Fees

Unless prohibited by state law, the Mortgagee must ensure that outstanding HOA/Condominium Fees are included as part of the foreclosure proceeding.

(B) Servicemembers Civil Relief Act Protection during Foreclosure

The Mortgagee must obtain court permission before foreclosing on a Mortgage falling under provisions of the SCRA. A foreclosure sale or Manufactured Housing repossession during the period of military service and subsequent periods specified within the SCRA is invalid unless it is:

- made pursuant to a court order granted before such sale with a return made and approved by the court; or
- held pursuant to a written agreement, entered after the commencement of Active Duty, between the parties involved.

(C) Loss Mitigation during the Foreclosure Process

The Mortgagee may evaluate the Borrower for a Loss Mitigation Option during the foreclosure process where:

- the Borrower submits their initial Complete Loss Mitigation Request; or
- the Mortgagee has determined that the Borrower was ineligible for loss mitigation based on a Complete Loss Mitigation Request and a change in circumstances has occurred so that a Borrower may be eligible for a subsequent loss mitigation review.

(1) Requests Received during Foreclosure

The following describes Mortgagee action regarding foreclosure proceedings and loss mitigation requests, depending on when the request is received by the Mortgagee.

(a) 45 or More Days to Scheduled Foreclosure Sale Date

(i) Response

When the loss mitigation request is received 45 Days or more prior to the scheduled foreclosure sale date, the Mortgagee must notify the Borrower in writing within five business days of receiving the request that:

- the Borrower's request has been received; and
- the request is complete or incomplete.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(ii) Review

Within 30 Days of receiving a Complete Loss Mitigation Request, the Mortgagee must:

- review a Borrower's request for eligibility for all Loss Mitigation Options; and
- provide the Borrower with a notice in writing stating the Mortgagee's determination of which Loss Mitigation Option, if any, it will offer to the Borrower.

(iii) Foreclosure Action

A Mortgagee must not move forward with a scheduled foreclosure sale during its loss mitigation review.

(b) More than 37 Days but Less than 45 Days to Scheduled Foreclosure Sale Date

(i) Review

Within 30 Days of receiving a Complete Loss Mitigation Request, the Mortgagee must review a Borrower's request for eligibility for Loss Mitigation Options when received more than 37 Days but less than 45 Days to the scheduled foreclosure sale date.

If an incomplete request is received and is not completed despite the Mortgagee's repeated requests to the Borrower for information, the Mortgagee may, at its discretion, evaluate an incomplete loss mitigation request and offer a proprietary, non-incentivized Loss Mitigation Option.

(ii) Foreclosure Action

The Mortgagee must not move forward with a scheduled foreclosure sale during its loss mitigation review.

(c) 37 or Fewer Days Prior to the Scheduled Foreclosure Sale Date

(i) Review

A Mortgagee must use its best efforts to complete a thorough and accurate review when the Borrower's request is received 37 Days or fewer, prior to the scheduled foreclosure sale date.

(ii) Foreclosure Action

HUD does not require the Mortgagee to suspend the foreclosure sale. The Mortgagee may proceed with a foreclosure sale if the Mortgagee:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- determines after its review of available information that a Borrower is ineligible for loss mitigation; or
- using its best efforts, is still unable to complete a thorough and accurate review of a Borrower's request by the scheduled foreclosure sale date.

(2) Terminating Foreclosure Proceedings for Loss Mitigation

When a Borrower requests loss mitigation assistance after the Mortgagee has initiated foreclosure, the Mortgagee must suspend and/or terminate the foreclosure proceedings, depending on the state law requirement, after the Mortgagee has:

- verified that a Borrower's financial situation qualifies them for a Loss Mitigation Option;
- allowed the Borrower at least 14 Days to consider the Mortgagee's offer of loss mitigation assistance, if the request for loss mitigation was received more than 37 Days prior to the scheduled foreclosure sale date; and
- received an executed Loss Mitigation Option **A**greement, where applicable, or sales contract from the Borrower.

If state law requires the Mortgagee to cancel a foreclosure action and then requires the Mortgagee to re-initiate the action at a later date, if needed, the Mortgagee must request ~~an~~ **HUD** approval ~~from the NSC~~ via EVARS for an extension of time to the first legal action deadline prior to approving the Borrower for loss mitigation.

(3) Communication Between Departments

The Mortgagee must ensure that strong communication lines are established between the Loss Mitigation and Foreclosure departments to facilitate the coordination of loss mitigation efforts and the sharing of documentation and information relating to a Borrower's delinquency. Both departments must be aware of when a Borrower's file is under review for HUD's Loss Mitigation Program.

(D) Borrower Sale of the Property before Foreclosure Sale

HUD encourages the Mortgagee, when possible, to provide the Borrower with an opportunity to sell the Property and to provide a reasonable time to complete the sale. The Mortgagee should not initiate foreclosure if it appears that a sale is probable and should accept payments tendered while the Property is for sale and before foreclosure is started.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(E) Reasonable Diligence in Completing Foreclosure

(1) Definition

The Reasonable Diligence Time Frame is the time period beginning at the earlier of the date the first legal action should have been filed in accordance with HUD time frames or the date the actual first legal action required by the jurisdiction to commence foreclosure was taken, and ending with the later date of acquiring good marketable title to, and possession of, the Property.

(2) Standard

The Mortgagee must exercise reasonable diligence when processing foreclosures and acquiring title to and possession of Properties, in accordance with HUD's [Reasonable Diligence Time Frames](#).

When circumstances beyond the Mortgagee's control occur, the Mortgagee may treat delays in completing the foreclosure process as exceptions to the Reasonable Diligence Time Frames and may exclude such delays when calculating the time to complete a foreclosure if an extension has been granted by HUD.

(a) Delay due to Use of Loss Mitigation Home Retention Option

When determining compliance with the Reasonable Diligence Time Frame, the Mortgagee may exclude the time that the Borrower was performing under an ~~SFB-Unemployment Agreement~~ [Repayment Plan, Forbearance](#), or TPP.

(b) Delay due to Foreclosure Mediation

Where mediation is required after the initiation of foreclosure but before the foreclosure sale, the Mortgagee may exclude the time required to complete the mediation when determining compliance with the Reasonable Diligence Time Frame.

(c) Delay due to Active Duty Military Service

If a Borrower is on Active Duty military service and the Mortgage was obtained prior to entry into Active Duty military service, the Mortgagee may exclude the period during which the Borrower is on Active Duty military service when computing the Reasonable Diligence Time Frame.

(d) Delay due to Bankruptcy

When a Borrower files bankruptcy after foreclosure proceedings have been initiated, an automatic 90-Day extension for foreclosure and acquisition of the Property will be allowed if:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- the Mortgagee ensures that all necessary bankruptcy-related legal actions are handled in a timely and effective manner;
- the case is promptly referred to a bankruptcy attorney after the bankruptcy is filed; and
- the Mortgagee monitors the action to ensure that the case is timely resolved through dismissal, termination of the automatic stay, or trustee abandonment of all interest in the secured Property.

The time frame for completing the bankruptcy action will vary based on the chapter under which the bankruptcy is filed.

(i) Chapter 7 Bankruptcy

HUD allows the Mortgagee an additional 90 Days from the date of the release of stay of the Chapter 7 bankruptcy to commence or recommence the foreclosure.

(ii) Chapter 11, 12, or 13 Bankruptcy

When the Mortgagee cannot proceed with foreclosure action because of a Chapter 13 (or Chapter 11 or 12) bankruptcy, the Mortgagee must closely monitor the payments required by the bankruptcy court. If the Borrower becomes 60 Days delinquent in payments required under a Chapter 13 (or Chapter 11 or 12) plan, the Mortgagee must ensure that prompt legal action is taken to resolve the matter.

Any delay the Mortgagee encounters must be fully documented and must be beyond the Mortgagee's control.

(e) Delay in Acquiring Possession

When a separate legal action is necessary to gain possession following foreclosure, an automatic extension of the Reasonable Diligence Time Frame will be allowed to cover the actual time necessary to complete the possessory action.

HUD provides this automatic extension if the Mortgagee takes the first required public legal action to initiate the eviction or possessory action within 30 Days of the later of:

- the completion of foreclosure proceedings; or
- the expiration of federal or local restrictions on eviction.

The additional time needed under applicable federal, state, or local laws to obtain possession of a Property is taken into consideration when evaluating a Mortgagee's compliance with HUD's Reasonable Diligence Time Frame. Upon the expiration period associated with the applicable occupancy rights, Mortgagees are expected to proceed promptly with possessory actions.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(3) Required Documentation

The Mortgagee must document in the Servicing File and the Claim ~~Review~~ File any delay in completing foreclosure and all activities performed by the Mortgagee to mitigate and abide by these time frames. The Mortgagee must maintain a comprehensive audit trail and chronology to support any delay in compliance with the Reasonable Diligence Time Frames.

Where the Mortgagee has submitted a request for an extension of time to ~~the~~ **NSCHUD** via EVARS, the Mortgagee must maintain a copy of ~~the NSCHUD~~'s written response in the Servicing File and the Claim ~~Review~~ File. The request should be made as soon as possible, but before the time limit for that action expires.

For automatic extensions, the Mortgagee must reflect these extensions in form HUD-27011 and retain in the Servicing File and the Claim ~~Review~~ File documentation supporting those extensions.

(F) Allowable Foreclosure Attorney Fees and Fees Associated with Bankruptcy Clearance, Possessory Actions, and Completion of a DIL

(1) Definition

The [Fannie Mae Allowable Foreclosure Attorney Fees Exhibit](#) provides the maximum amount of foreclosure attorney fees that HUD will reimburse for work actually performed.

The [Fannie Mae Allowable Bankruptcy Attorney Fees Exhibit](#) provides the maximum amount of bankruptcy attorney fees that HUD will reimburse for work actually performed.

[Appendix 5.0 – HUD Schedule of Standard Possessory Action and Deed-In-Lieu of Foreclosure Attorney Fees \(Applies to Servicing Only\) \(03/31/2022\)](#) provides the maximum amount of fees that HUD will reimburse for work actually performed related to possessory actions and the completion of a DIL.

(2) Standard

HUD will reimburse Mortgagees for reasonable and customary fees for work actually performed related to the current Default episode that were paid to attorneys and trustees in connection with the foreclosure of a Mortgage, fees associated with bankruptcy clearance, possessory actions and/or completion of a DIL.

For additional expenses incurred due to required legal actions, the Mortgagee may claim reimbursement for these costs by:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- providing a documented cost breakdown and written justification with the claim submission and retaining a copy in the Claim ~~Review~~ File; and
- filing a supplemental claim for amounts above the maximum fee.

If a Mortgagee suspends or cancels a foreclosure action to perform ~~Loss~~ ~~m~~Mitigation, or if the Mortgage is reinstated or paid in full, the Mortgagee may only charge the Borrower for attorney fees incurred for the work performed up to the point of the cessation.

(a) Allowable Foreclosure Attorney Fees

Mortgagees may claim reimbursement from HUD for attorney fees related to routine foreclosure actions for the preferred method of foreclosure based on the [Fannie Mae Allowable Foreclosure Attorney Fees Exhibit](#) in the Fannie Mae Servicing Guide Exhibits & Resources. The amount claimed for attorney fees cannot exceed the actual fees charged for work performed.

Mortgagees may not request HUD approval to proceed with a method of foreclosure in states where an amount is not specified on the Fannie Mae Allowable Foreclosure Attorney Fees Exhibit. The footnotes included are not applicable to FHA-insured Mortgages.

Fannie Mae revises this Exhibit frequently, so Mortgagees must ensure the fees claimed for reimbursement are based on the Exhibit in effect as of the date foreclosure is initiated. HUD reserves the right to revise amounts which it considers reasonable and customary at any time.

Mortgagees may claim no more than 75 percent of the maximum attorney fee for fees incurred for a routine foreclosure that was not completed because any of the following occurred after the Mortgagee initiated foreclosure:

- the Borrower filed a bankruptcy petition;
- the Borrower successfully completed a Home Retention Option;
- the Borrower successfully completed a PFS; or
- the Borrower executed a DIL.

(b) Allowable Bankruptcy Attorney Fees

Mortgagees may claim reimbursement from HUD for routine bankruptcy clearance actions based on the [Fannie Mae Allowable Bankruptcy Attorney Fees Exhibit](#) in the Fannie Mae Servicing Guide Exhibits & Resources. The amount claimed cannot exceed the actual fees charged for work performed.

Fannie Mae revises this Exhibit frequently, so Mortgagees must ensure the fees claimed for reimbursement are based on the Exhibit in effect as of the date the Borrower's bankruptcy is filed. HUD reserves the right to revise amounts which it considers reasonable and customary at any time.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(c) Fees Associated with Possessory Actions or Completion of a DIL

Mortgagees may claim reimbursement from HUD for the fees associated with possessory action and completion of a DIL as listed in [Appendix 5 – HUD Schedule of Standard Possessory Action and Deed-In-Lieu of Foreclosure Attorney Fees](#). The amount claimed cannot exceed the actual fees charged for work performed.

(3) Required Documentation

Mortgagees are expected to maintain documentation in the Servicing File and the Claim ~~Review~~ File to support all allowable fees.

(G) Electronic Record Retention of Foreclosure-Related Documents

The Mortgagee must retain documents relating to loss mitigation review in electronic format, in addition to requirements for retaining hard copies or originals of foreclosure-related documents, for foreclosures occurring on or after October 1, 2014. These documents include, but are not limited to:

- evidence of the Mortgagee's foreclosure committee recommendation;
- the Mortgagee's Referral Notice to a foreclosure attorney, if applicable; and
- a copy of the document evidencing the first legal action necessary to initiate foreclosure and all supporting documentation.

~~(H) Foreclosure Reporting~~

~~The Mortgagee must report the Account in Foreclosure (AF) Codes that accurately reflect the current stage of foreclosure in SFDMS.~~

iii. Claims Without Conveyance of Title (07/12/2022)

(A) Definitions

A Claims Without Conveyance of Title (CWCOT) is a procedure under which the Mortgagee attempts to secure a third-party purchaser for the mortgaged Property so that conveyance to HUD is not required in exchange for mortgage insurance benefits.

A Competitive Sale is a CWCOT-related sale where a Mortgagee elects to use an independent third-party provider to conduct the foreclosure sale or in connection with any post-foreclosure sales efforts and where the Property is marketed for a minimum of 15 Days.

A Non-Competitive Sale is a CWCOT-related sale where a Mortgagee elects not to use an independent third-party provider to conduct the foreclosure sale or in connection with any post-foreclosure sales efforts and/or the Property is not marketed for a minimum of 15 Days.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(B) Qualification Criteria for Use of Commissioner's Adjusted Fair Market Value

(1) Definition

The Commissioner's Adjusted Fair Market Value (CAFMV) is the estimate of the FMV of the mortgaged Property, less adjustments, which may include without limitation, HUD's estimate of holding costs and resale costs that would be incurred if title to the mortgaged Property were conveyed to HUD.

(2) Standard

Mortgagees must use the CAFMV for all foreclosure sales and post-foreclosure sales efforts associated with defaulted FHA-insured Mortgages when eligible for CWCOT. A Mortgage is eligible for CWCOT when all the following criteria are met:

- the FHA-insured mortgage insurance is still active for the FHA case number;
- the Mortgagee has worked with the Borrower to exhaust all applicable Home Retention Options and has determined that the Borrower's case does not meet the criteria for a Home Disposition Option, or the Mortgagee has been unable to locate the Borrower and the Property is vacant or has been abandoned by the Borrower; and
- the Property has no Surchargeable Damage.

(3) Small Servicer Exemption

(a) Definition

Small Servicers are those Servicers defined in [12 CFR § 1026.41\(e\)\(4\)\(ii\)](#).

(b) Standard

HUD permits but does not require the use of CAFMV by small servicers.

(C) Property Valuation and Commissioner's Adjusted Fair Market Value

(1) Required Appraisal

Unless otherwise directed by HUD, Mortgagees must first obtain, and review for accuracy, an "As-Is" FHA appraisal, which includes both an interior and exterior evaluation of the Property.

The FHA appraisal must be completed in accordance with the [Claims Without Conveyance of Title Properties](#) requirements in the Appraiser and Property Requirements for Title II Forward and Reverse Mortgages section.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

If the Property is occupied and an interior appraisal cannot be obtained, an “exterior-only” appraisal may be used.

(a) Appraisal Validity Period

The appraisal must be valid on the date of the foreclosure sale. Appraisals are valid for 180 Days from the effective date of the appraisal report.

(b) Extension to Appraisal Validity Period

HUD provides an automatic 30-Day extension from the appraisal expiration date for delays due to bankruptcy, court delays, or delays outside of the Mortgagee’s control. The Mortgagee must request and obtain HUD approval via EVARS for extensions beyond the automatic 30-Day extension.

(c) Subsequent Appraisals for Post-Foreclosure Sales Efforts

If a Property that had an exterior-only appraisal becomes vacant, the Mortgagee must obtain a new appraisal that includes both an interior and exterior inspection if:

- before foreclosure, any delay due to obtaining a new appraisal will not cause the foreclosure sale to be canceled; or
- after foreclosure, the Mortgagee conducts post-foreclosure sales efforts.

Mortgagees must use an FHA Roster Appraiser to conduct the new appraisal.

HUD will reimburse the Mortgagee for the cost of one new appraisal following vacancy through the FHA insurance claim.

(d) Required Documentation

Mortgagees must upload the appraisal information and related FHA case number through HUD’s system of record (P260) within 30 Days of the date of the appraisal.

(2) Determining the CAFMV

After determining the Property’s appraised value using the most recent appraisal, the Mortgagee’s authorized employees must access the CAFMV link in [FHAC](#) to determine a Property’s CAFMV. The CAFMV remains valid and in effect for 120 Days from the date of the appraisal.

In jurisdictions where the Mortgagee is required to bid a specific amount at foreclosure, that amount will be deemed to be the CAFMV for purposes of the initial foreclosure; however, the Mortgagee’s authorized employees must access

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

the CAFMV link in [FHAC](#) to determine a Property's CAFMV for use in any post-foreclosure sales efforts.

To facilitate a CWCOT post-foreclosure sales effort, the Mortgagee may contribute an additional amount needed to raise a third party's bid to the CAFMV and allow the sale of the Property to such third party. HUD will not reimburse any contribution by the Mortgagee to facilitate the sale through the FHA insurance claim.

(3) Damage to the Property after Appraisal

The Mortgagee must request a variance from **HUD** ~~the NSC~~ via EVARS to proceed with the current appraised value if the Mortgagee becomes aware that the Property sustained significant damage, other than damage resulting from Borrower neglect, that may impact the value after the appraisal was completed. If ~~the NSC~~ **HUD** denies this request, additional instructions will be provided with the denial.

(4) Updated Appraisals due to Postponed Foreclosure Sales

If the foreclosure sale does not take place within 180 Days from the effective date of the appraisal, and within such additional time provided under [Extension to Appraisal Validity Period](#), the Mortgagee must request an updated appraisal and obtain an updated CAFMV.

(D) Independent Third-Party Providers

(1) Definition

An Independent Third-Party Provider is a party that conducts the foreclosure sale or post-foreclosure sales efforts, including marketing efforts in support of such sales under CWCOT procedures, and who is not one of the following:

- an Affiliate or subsidiary of the Mortgagee;
- any entity over which the Mortgagee has significant influence; or
- any entity with which the Mortgagee has a conflict of interest in fact or appearance.

(2) Standard

Where permitted by the jurisdiction, the Mortgagee may utilize an independent third-party provider to market the Property prior to any foreclosure or post-foreclosure sales efforts or to conduct such sales to ensure maximum competition for both the foreclosure sale and post-foreclosure sales.

The Mortgagee may only use an independent third-party provider that agrees, in writing, to share sales and auction reporting information with the Mortgagee and HUD.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

For successful third-party sales, HUD will reimburse expenses relating to the Mortgagee's use of an independent third-party provider to market or conduct the foreclosure sale or post-foreclosure sales efforts, provided the Property was marketed for a minimum of 15 Days before each scheduled sale. HUD will reimburse such independent third-party provider expenses incurred for successful third-party sales up to an amount that does not exceed:

- 3 percent of the Property's sales price where the independent third-party provider markets the Property, but does not conduct the sale; or
- 5 percent of the Property's sales price where the independent third-party provider markets the Property and conducts the sale.

Closing costs of the sale are to be paid by the third-party purchaser or the Mortgagee. Revenue sharing agreements of the reimbursed fee between the Mortgagee and the independent third-party provider are prohibited.

(E) CWCOT Bidding at the Foreclosure Sale

The CAFMV is multi-tiered:

- at the foreclosure sale, the Mortgagee must bid the CAFMV which is the FHA calculation or the state-mandated foreclosure price, if applicable; and
- at post-foreclosure sales opportunities, the CAFMV is the FHA calculation, which may be adjusted if the Property had an exterior-only appraisal and is vacant after the foreclosure sale.

(1) Mortgagee as Successful Bidder

(a) Amount Equal to the CAFMV

If the Mortgagee is the successful bidder for an amount equal to the CAFMV, the Mortgagee may elect to either:

- retain title to the Property and file a claim for insurance benefits under CWCOT; or
- convey the title to the Property to HUD and its claim for insurance benefits as a conveyance claim.

(b) Amount Greater than CAFMV

Where the Mortgagee's bid exceeds the CAFMV, resulting in the Mortgagee acquiring title to the Property at a foreclosure sale, unless the sheriff or other appropriate local authority has mandated the subject bid as the minimum bid that could be set for the Property, the Mortgagee is deemed to have elected to retain title of the Property and the Mortgagee's FHA claim for insurance benefits will be calculated in accordance with [24 CFR § 203.401\(b\)](#). The Mortgagee may not utilize post-foreclosure sales efforts and may not convey title to the Property to HUD.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(2) Third Party as Successful Bidder

(a) Amount Equal to or Greater than CAFMV

Where a third party is the successful bidder at the foreclosure sale for an amount equal to or greater than the CAFMV, the Mortgagee must submit its claim for insurance benefits under CWCOT.

(b) Amount Less than CAFMV

Where a third party is the successful bidder at the foreclosure sale for an amount less than the CAFMV, the Mortgagee may not file a claim for any insurance benefits.

(3) Borrower or Third Party Redemption

Notwithstanding the foreclosure sale, the Borrower or a third party may exercise a legal right and redeem the Property.

Where the Borrower or a third party redeems the Property and acquires title for an amount not less than the CAFMV, the Mortgagee must submit its claim for insurance benefits under CWCOT.

(F) CWCOT Post-Foreclosure Sales Efforts

If the Property does not sell to a third party at the foreclosure sale, the Mortgagee may pursue post-foreclosure sales efforts and may utilize independent third-party providers to conduct such sales prior to making a final decision to convey a Property to HUD.

The Mortgagee's third-party provider must indicate that the Property is being sold in an "as is" condition, and the condition is unknown and may include defects, possible health or safety hazards, or debris, or located in a Special Flood Hazard Area (SFHA).

Where the Property is occupied, based on the appraisal or property inspection, the Mortgagee's third-party provider must clearly indicate that the Property is occupied in the auction information.

(1) CWCOT Post-Foreclosure Sales Period

Mortgagees that utilize the post-foreclosure sales efforts must list the Property ~~ies~~ for sale to all third parties for a 60-Day period.

(2) Extensions of Time Frames to Engage in Post-Foreclosure Sales Efforts

HUD will provide the Mortgagee with an automatic extension of the conveyance time frames to attempt post-foreclosure sales efforts and commence possessory

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

action, where applicable, for 60 Days from the date the foreclosure deed is filed for recording or the expiration of the redemption period, if applicable, in circumstances where the Mortgagee complied with all foreclosure time frames.

(a) Conveyance Time Frame if Property Does Not Sell

If the Property does not sell through the post-foreclosure sales efforts, the Mortgagee must convey the Property to HUD within 30 Days of the end of the post-foreclosure sales period.

(b) Extension of Conveyance Time Frame to Allow for Closing

Where a sales contract has been ratified before the expiration of the 60-Day period, HUD will provide the Mortgagee with an additional, automatic 60-Day extension to the deadline for conveyance, from the date the sales contract has been ratified, to allow for closing of the sale.

(3) Preservation and Protection during Post-Foreclosure Sales Periods

The Mortgagee must preserve and protect the Property in accordance with HUD requirements during the post-foreclosure sales periods and throughout any approved extensions to deadlines for conveyance. HUD will reimburse the Mortgagee through the FHA insurance claim for all reasonable preservation, protection, and eviction expenses incurred prior to the expiration of any extension of the deadlines for conveyance, as listed in [Property Preservation Allowances](#).

~~(G) Single Family Default Reporting Requirements for CWCOT [Updates in this section must be implemented for Post-Foreclosure Sales scheduled to occur on or after August 3, 2022]~~

~~Mortgagees must report the Delinquency/Default Status (DDS) Codes that apply to the foreclosure sale, CWCOT, or CWCOT post-foreclosure sale outcomes at the end of each reporting cycle. For Properties marketed post-foreclosure sale, the applicable DDS Code indicating the marketing period must be reported. For all Properties sold, Mortgagees must report the buyer type.~~

~~Mortgagees must report the DDS Codes as follows:~~

- ~~• Status Code 1J—Post-Foreclosure Sales Period~~
- ~~• Status Code 2U—Owner-Occupant Buyer Successful Bidder~~
- ~~• Status Code 2N—Nonprofit Successful Bidder~~
- ~~• Status Code 2G—Governmental Entity Successful Bidder~~
- ~~• Status Code 2I—Investor/Other Successful Bidder~~
- ~~• Status Code 2R—Borrower Successful Bidder~~
- ~~• Status Code 2S—Servicer Successful Bidder~~

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~Mortgagees must report one of the existing termination DDS codes at the conclusion of the Default episode:~~

- ~~• Status Code 46—Property Conveyed to Insurer; expected to follow 2S, 1J, or 1E when a conveyance claim will be filed with HUD.~~
- ~~• Status Code 48—Claim without Conveyance of Title; expected to follow 2U, 2N, 2G, 2I, 2R, or 2S when a CWCOT claim will be filed with HUD.~~
- ~~• Status Code 29—Charge off; expected after a 2S when a Mortgagee cannot pursue HUD disposition options and will not file any termination claim with HUD.~~
- ~~• Status Code 30—Third Party Sale; expected to follow 2U, 2N, 2G, or 2I when no claim will be filed with HUD.~~
- ~~• Status Code 73—Property Redeemed; expected to follow 2S when a Borrower redeems the Property, and no claim will be filed with HUD.~~

~~(H) Reporting CWCOT~~

~~If a third party purchased the Property at foreclosure through CWCOT procedures, the Mortgagee must report in SFDMS the appropriate Claim Termination of Insurance Code.~~

~~z.q.~~ **Acquiring Possession (03/31/2022)**

On the date the deed is filed for recording, the Mortgagee must certify that the Property is vacant and free of Personal Property, unless HUD has agreed to accept title with the Property occupied. This, and the procedures described below, **applies** whether title is acquired by foreclosure or by DIL of Foreclosure.

i. Applicable Law Protecting Tenants

When determining compliance with the Reasonable Diligence Time Frame, the Mortgagee may exclude the time required to comply with federal, state, and local laws extending the time required to complete possessory actions.

ii. Identification of Property Occupants

Before completion of foreclosure the Mortgagee must:

- confirm the identity of all occupants;
- determine each occupant's possible rights for continued occupancy under HUD's Occupied Conveyance procedures; and
- follow HUD's Occupied Conveyance procedures by sending occupants the Notice to Occupant of Pending Acquisition (NOPA) 60 to 90 Days before the Mortgagee expects to acquire title.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

iii. Notice to Occupant of Pending Acquisition

(A) Definition

The Notice to Occupant of Pending Acquisition (NOPA) is a notice to the Borrower and heads of household that the Mortgagee will be acquiring title to the Property and then conveying the Property to HUD.

(B) Standard

At least 60 Days but not more than 90 Days before the Mortgagee reasonably expects to acquire title, the Mortgagee must notify the Borrower and each head of household occupying a unit of the Property of the possibility that the Mortgagee will convey the Property to HUD following foreclosure. The Mortgagee is not required to postpone the foreclosure sale to comply with the 60-Day requirement, if the foreclosure sale is scheduled for less than 60 Days following the completion of bankruptcy proceedings.

In the event the foreclosure sale is postponed, the NOPA is valid up to 120 Days from the date it was originally mailed.

The [NOPA](#) must:

- provide a summary of the conditions under which continued occupancy is permissible;
- advise the Borrower:
 - that potential acquisition of the Property by HUD is pending;
 - that HUD requires Properties be vacant at the time of conveyance to HUD, unless the Borrower or other occupant can meet the regulatory conditions for continued occupancy, the habitability criteria, and the eligibility criteria;
 - of the process for requesting to remain in the Property; and
 - the Property must otherwise be vacated before the scheduled time of acquisition; and
- be sent via certified mail or with a signature confirmation service to ensure receipt of the notice by all required occupants.

(C) Required Documentation

The Mortgagee must provide to HUD's [MCM](#) by uploading into [P260](#):

- an electronic copy of each NOPA; and
- all documentation and information obtained regarding existing leases and tenancies.

iv. Occupied Conveyance Requests to HUD

(A) Definition

An Occupied Conveyance is the conveyance to HUD of a Property that is not vacant.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(B) Standard

HUD notifies the Mortgagee if it has received an occupant's request to remain in the Property. If the Mortgagee has not received such notification from HUD within 45 Days after sending the notice, the Mortgagee must convey the Property as vacant, unless otherwise directed by the [MCM](#).

(C) Approved Occupied Conveyance Requests

If HUD grants Occupied Conveyance, the Mortgagee must convey the Property occupied under HUD's Occupied Conveyance regulations and procedures provided by the MCM per [24 CFR § 203.670](#).

(D) Denied Occupied Conveyance Requests

If HUD denies Occupied Conveyance, the Mortgagee must determine if there is occupancy protection under federal, state, or local law that would require the Mortgagee to delay possessory action. If the Mortgagee determines that such laws are applicable, the Mortgagee must:

- follow those requirements before evicting the occupant; and
- attempt to obtain documentation of existing leases and tenancies for the Servicing File and the Claim ~~Review~~ File as evidence of the applicability of the occupancy protection laws and the additional time needed to comply with them.

v. Rents under Bona Fide Leases

The Mortgagee must attempt to:

- collect rents payable under bona fide leases and tenancies providing post-foreclosure occupancy rights; and
- in the event of Default, take possessory action pursuant to the rental contract terms and applicable law.

The Mortgagee must reflect any rents it received during the term of the bona fide lease or tenancy on its [claim](#) for mortgage insurance benefits.

vi. Preservation and Protection Costs due to Extended Lease or Tenancy

The Mortgagee may request reimbursement of [additional routine P&P costs](#), including lawn maintenance and inspections that are incurred as a result of an extended lease or tenancy under applicable law.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

vii. Cash for Keys Consideration

(A) Definition

Cash for Keys is a monetary incentive offered to occupants for vacating the Property as an alternative to legal eviction after foreclosure.

(B) Standard

If property occupants fail to vacate the Property after receiving the first Notice to Quit, the Mortgagee may offer up to \$3,000 per dwelling in exchange for the occupants vacating the Property within 30 Days of the Cash for Keys offer. Before releasing the funds, the Mortgagee must inspect the Property to ensure that:

- the Property is in Broom-swept Condition; and
- all built-in appliances and fixtures remain in the Property.

(C) Required Documentation

The Mortgagee must document in the Servicing File and the Claim ~~Review~~ File the date and amount of the Cash for Keys offer, the date of the actual vacancy, and the date the occupant received the funds.

viii. Evictions and Eviction Personnel

(A) Standard

The Mortgagee must ensure that evictions are conducted in accordance with state and local law and send:

- no more than four people for a townhouse or condominium to complete the eviction; and
- no more than six people for a Single Family detached dwelling to complete the eviction.

(B) Required Documentation

The Mortgagee must include in the Servicing File and the Claim ~~Review~~ File:

- photographs showing that all Personal Property and debris have been removed from the Property as part of the eviction;
- the number of people required and present to complete the eviction;
- whether the eviction was canceled or re-scheduled; and
- documentation supporting eviction costs, including costs due to state or local law requirements for eviction time frame, removal, or storage.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~aa-r.~~ Conveyance of Acquired Properties (11/07/2023)

i. HUD Contact

(A) Mortgagee Compliance Manager

HUD's [MCM](#) is the single point of contact to administer Mortgagee compliance functions and Property P&P activities.

(B) P260

[P260](#) is HUD's web-based internet portal, which allows Mortgagees to submit requests, notifications, and documents and obtain approvals for pre- and post-conveyance activities.

ii. Conveyance Time Frame

The Mortgagee must acquire clear, marketable title and transfer the Property to HUD within 30 Days of the latter of:

- recordation of the foreclosure deed;
- recordation date of a DIL of Foreclosure;
- acquisition of the Property;
- expiration of the redemption period; or
- HUD-approved extensions of time.

In cases where the Mortgagee arranges for a direct conveyance of the Property to the Secretary, the Mortgagee must convey the Property to HUD within 30 Days of the end of the Reasonable Diligence Time Frame.

iii. Condition of Properties

(A) Acceptable Conveyance Condition

(1) Definitions

Acceptable Conveyance Condition refers to the required condition of a Property at the time of conveyance to HUD.

Broom-swept Condition refers to the condition of a Property that is, at a minimum, reasonably free of dust and dirt and free of hazardous materials or conditions, Personal Property, and interior and exterior debris.

(2) Standard

At the time of conveyance to HUD, the Mortgagee must ensure that the Property meets all Acceptable Conveyance Conditions as follows:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- The Property is undamaged by fire, flood, earthquake, hurricane, tornado, boiler explosion (if a condominium), or Mortgagee Neglect.
- The Property is secured and, if applicable, winterized.
- All [insured damages including theft and vandalism](#), if any, are repaired per the scope of work indicated on the insurance documents.
- Interior and exterior debris is removed, with the Property's interior maintained in Broom-swept Condition, the lawn is maintained, and all vehicles and any other Personal Property are removed in accordance with state and local requirements.
- The Mortgagee has good and marketable title.

(B) Mortgagee Property Preservation and Protection Action

(1) Definitions

Property Preservation and Protection (P&P) actions are maintenance, security, and repair work required by HUD in order to ensure that the Property meets HUD's conveyance condition standards.

Mortgagee Neglect refers to the Mortgagee's failure to take action to preserve and protect the Property from the time it is determined (or should have been determined) to be vacant or abandoned, until the time it is conveyed to HUD.

(2) Standard

The Mortgagee must preserve and protect Properties that are the security for FHA-insured Mortgages that are in Default or presently in foreclosure. The Mortgagee is responsible for the management, scheduling, and execution of all activities and actions taken to preserve, secure, maintain and protect the Property, regardless of the amount that HUD may reimburse.

Mortgagees may use any qualified individual or business to perform P&P services on Properties that were secured by FHA-insured Mortgages; however, the Mortgagee remains fully responsible to HUD for its actions and the actions of its agents, individuals, and firms that performed such services.

The Mortgagee remains responsible for property damage or destruction to a vacant or abandoned Property resulting from Mortgagee Neglect. Such neglect includes, but is not limited to:

- failure to adequately and accurately verify the occupancy status of a Property;
- failure to complete timely and accurate property inspections;
- failure to promptly and appropriately secure and continue to preserve and protect all vacant Properties according to HUD standards; and
- failure to promptly notify the [MCM](#) of receipt of code violations and demolition notices and/or take appropriate action.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

To ensure that the Mortgagee is not held liable for damage or delayed maintenance to the Property by the Borrower, their heirs, successors, or assigns, the Mortgagee must document and photograph any damage resulting from the Borrower that is identified during the [First-Time Vacant Property Inspection](#).

(3) Photograph Requirements

The Mortgagee must use digital photography to document:

- the condition of the Property at the FTV Property Inspection and any damage identified; and
- the before and after conditions of the Property when performing Property P&P actions.

The Mortgagee must ensure a date stamp is printed within each photograph and is labeled accordingly with a description of the contents of the photograph.

(4) Required Documentation

The Mortgagee must:

- take before and after photographs and upload them into [P260](#) for each claimed Property P&P expense;
- upload into P260 documentation and photographs showing any damage resulting from the Borrower that is identified using the FTV Property Inspection; and
- retain in the Servicing File and the Claim ~~Review~~ File:
 - all copies of paid invoices or receipts or other documentation supporting all Property P&P expenses claimed by the Mortgagee; and
 - a chronology of the Mortgagee's Property P&P actions.

If documentation is incomplete, inadequate, or not provided, HUD will not accept a Mortgagee's certification of property condition and may:

- reconvey the Property to the Mortgagee; or
- seek reimbursement from the Mortgagee for HUD's estimate of the cost of the repairs required to repair and restore the Property to conveyance condition.

HUD requires repayment of all or part of any claim reimbursement if it is determined that expenses claimed and paid were unnecessary or excessive, or that services claimed were not performed or were performed improperly or incompletely. The Mortgagee will not be reimbursed for the costs of protecting, operating, or preserving the Property, or removing debris from the Property after the time the Property should have been conveyed to HUD ([24 CFR § 203.402\(g\)](#)).

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(5) Property Preservation Allowances

(a) Definition

The Maximum Property Preservation Allowance is a pre-approved reimbursement for the aggregate of all property preservation expenses that do not exceed the line item allowances listed in HUD's [Property Preservation Allowances and Schedules](#).

(b) Standard

The Maximum Property Preservation Allowance is \$5,000 per Property.

The following expenses are subject to the line item allowances in HUD's [Property Preservation Allowances and Schedules](#) but are not included in the \$5,000 maximum cost limit per Property:

- debris removal;
- grass cutting;
- boarding;
- inspections;
- securing swimming pools;
- sump pumps;
- demolition;
- vacant property registration fees; and
- utilities.

(c) Requests for Exceeding Maximum Property Preservation Allowances

(i) Standard

The Mortgagee must request approval for expenses that exceed the Maximum Property Preservation Allowances from the [MCM](#) via [P260](#) when:

- the aggregate of all Property P&P expenses (excluding those not included in the \$5,000 maximum cost limit) exceeds the Maximum Property Preservation Allowance;
- a Property P&P cost will exceed the maximum line item allowance listed in the [Property Preservation Allowances and Schedules](#); or
- there is no specific line item allowance stated in the schedule for the expense.

When the Mortgagee submits an over-allowance request to exceed the Maximum Property Preservation Allowance, the Mortgagee must demonstrate their incurred P&P costs are at or near the Maximum Property Preservation Allowance.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(ii) Required Documentation

The Mortgagee must upload all supporting documentation into [P260](#), including a detailed description of what actions will be or were taken, an itemized list of the repairs and materials that will be or were used, relevant room dimensions, receipts, photographs, and a chronological listing of all Property P&P expenses incurred before submittal of the over-allowable expense request. Requests must be submitted at least five business days prior to the conveyance due date.

The following chart details requirements for over-allowable requests.

If Claimed Property Preservation Expenses are:	And the Cost of a Single Line Item Expense is:	Need Over-allowable Approval?
\$5,000* or less	Greater than Appendix 7.0.A	Yes
\$5,000* or less	Equal to or less than Appendix 7.0.A	No
Greater than \$5,000*	Greater than Appendix 7.0.A	Yes
Greater than \$5,000*	Equal to or less than Appendix 7.0.A	Yes*

*The \$5,000 maximum cost limit does not include the cost of the following expenses: debris removal, grass cutting, boarding, inspections, securing of swimming pools, sump pumps, demolition, vacant property registration fees, and utilities. These expenses do not require an over-allowable request when the cost is equal to or less than Appendix 7.0.A.

(d) Appeals of Over-Allowable Request Decisions

The Mortgagee may appeal an initial over-allowance decision via [P260](#), for review by the [MCM](#).

The Mortgagee may submit a second appeal via P260 to the MCM. The MCM reviews and approves or denies the appeal or determines if further review by HUD is needed. The decision on the second appeal is final and no further appeals are accepted.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(6) Property P&P Requirements of Authorities Having Jurisdiction

(a) Definition

An Authority Having Jurisdiction (AHJ) refers to a state or local government, HOA, or other organization responsible for enforcing the requirements of a property-related code or standard including state law and local ordinance.

(b) Standard

Mortgagees are not exempt by HUD policy from adhering to state and local laws relating to the P&P of Properties securing FHA-insured Mortgages.

The Mortgagee must review the AHJ requirements, including those relating to occupancy of the Structures, to determine applicability for repair or remediation prior to conveyance of the Property to HUD.

Where state or local law inhibits the Mortgagee performing HUD's required Property P&P actions, such as connecting or disconnecting utilities, the Mortgagee must submit in P260 to the [MCM](#) notice of the restriction on the Property P&P action and a proposal on how the Mortgagee will otherwise protect the Property from damage.

Where the AHJ requires additional or more extensive P&P actions than required by HUD for conveyance, the Mortgagee may submit an over-allowance request via P260. The Mortgagee must upload with its request all documentation supporting the proposed additional work requirements and expenses necessary for compliance.

(c) Required Documentation

Where state or local law inhibits the Mortgagee performing HUD's required Property P&P actions, the Mortgagee must note the restriction in the Servicing File and the Claim ~~Review~~ File and include a copy of the notice to the MCM, the MCM's approval or denial of the Mortgagee's proposal, and the applicable state, local, or AHJ requirement.

(7) Securing and Maintaining the Property

(a) Standard

The Mortgagee must secure the Property to prevent unauthorized entry and protect against weather-related damage, and must visibly display 24-hour emergency telephone contact information in a weather-tight location on a window or door or as otherwise required by an AHJ. Securing the Property should take place as soon as reasonably practicable, but no more than five Days following the determination that the Property is vacant and/or

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

abandoned post-foreclosure, or 15 business days following the determination that the Property is vacant and/or abandoned pre-foreclosure.

(i) Locksets

Where the Property has been conveyed to the Mortgagee after the foreclosure sale, the Mortgagee must:

- ensure that the lockset on the main entranceway remains secured; and
- rekey or replace all locksets on all secondary external entranceways and secure interior doorways, including attached garages and basements.

When rekeying, the Mortgagee must reset all locksets at the Property to a random identical key code and document the key code in the “Mortgagee’s comments” of Part A of form [HUD-27011](#). If locksets cannot be replaced or rekeyed or are antique or architectural locksets, the Mortgagee may utilize alternative methods to secure the door and prevent damage to the hardware or door.

(ii) Exterior Doors

The Mortgagee must secure all exterior doors. For exterior sliding glass doors, the Mortgagee must latch these doors and install or provide slider locks, anti-lift blocks, security bars, or another secondary security mechanism.

The Mortgagee must not brace, nail shut, or otherwise block or damage the door. If no other locking mechanism exists, the Mortgagee must board/secure access doors, pet doors, and other panels providing access to basements and crawl spaces, where permitted by state or local law.

(iii) Garage/Overhead Doors

The Mortgagee must secure the garage or overhead doors by:

- using existing locksets at garage/overhead doors if they can be rekeyed to the random identical key code for the Property;
- securing the garage/overhead doors with a padlock and hasp if no other locking mechanism exists;
- repairing or replacing inoperable garage doors; and
- disconnecting automatic garage door openers, if present, and leaving any remote keys or transmitters securely in the Property.

(iv) Outbuildings

The Mortgagee must secure sheds and outbuildings by:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- reusing and rekeying existing locksets at sheds and outbuildings to the dwelling key code, if possible;
- securing shed and outbuilding doors with a padlock and hasp if no other locking mechanism exists; and
- boarding/securing the outbuildings if no doors or other securing mechanism exists. The Mortgagee may convey with boarded/secured outbuildings and sheds without prior approval.

(v) Windows and Glazing

The Mortgagee must secure all windows by:

- employing or installing locking mechanisms on all windows;
- removing all broken glass debris from the interior and exterior of the Property; and
- replacing broken or cracked window glazing. Where the AHJ requires replacement of dual-pane, tempered, thermal-sealed or other specialized glazing in kind, the Mortgagee must obtain prior over-allowance approval from the [MCM](#).

The Mortgagee must not brace, nail shut, or otherwise block or damage the windows.

(vi) Boarding/Securing of Property Openings

Resecuring due to Vandalism or Unauthorized Property Access

The Mortgagee must resecure and reglaze windows, doors, and other access openings when the Property has been vandalized or accessed without authorization.

Boarding/Securing Required by the AHJ

The Mortgagee may secure windows, doors, and other access openings by boarding/securing, if required by an AHJ, and may convey with such boarding/securing in place.

Boarding/Securing where Unable to Secure by Other Methods

The Mortgagee may request approval from the MCM to board/secure openings that cannot be protected by any other method or where an imminent safety hazard exists, and to convey with boarding in place.

All boarding/securing materials that are leased or rented for the Mortgagee's convenience must be removed prior to conveyance of the Property to HUD.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(b) Roof Assembly Repair

The Mortgagee must ensure that all roof assemblies, including those securing attached garages, porches and patios, detached garages and any secondary structures associated with the origination collateral, and related weatherproofing are free of active leaks or other sources of water intrusion.

When a roof assembly leak is discovered, the Mortgagee must immediately repair the roofing system and mitigate further damage. The Mortgagee may provide such temporary repairs as tarping or patching until the permanent repair or replacement can be installed. The Mortgagee must ensure that permanent repairs or replacements, with materials matching or similar in color and material type, have been completed prior to conveyance to HUD. The Mortgagee is not required to obtain prior HUD approval for temporary repairs for which costs do not exceed the temporary roof repair line item allowance amount.

(c) Pools, Hot Tubs, and Spas

(i) In-Ground Pools, Hot Tubs, and Spas

Mortgagees must secure all in-ground swimming pools, hot tubs, and spas as required by local laws, codes, and ordinances. The Mortgagee must:

- secure the pool, hot tub, and/or spa with a removable safety cover anchored to the pool deck or, if a cover cannot be anchored to the pool deck, board or otherwise secure the pool, hot tub, and/or spa; and
- secure and repair any fences around the pool, hot tub, and/or spa to restrict access.

The Mortgagee must not drain operational in-ground pools. If the pool is empty, it is not necessary to refill the pool. The Mortgagee must drain hot tubs or spas located indoors or outdoors.

The Mortgagee must perform monthly maintenance and chemical treatments for operational pools. Where the Mortgagee must repair or drain the pool to mitigate damage or safety hazards, the Mortgagee must submit an over-allowance request.

(ii) Above-Ground Pools

Mortgagees must secure all above-ground swimming pools as required by local laws, codes, and ordinances. In addition to local requirements, the Mortgagee must:

- drain the pool;
- secure the pool with a removable cover; and

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- secure and repair any fences around the pool in order to restrict access.

Where the above-ground pool is in poor condition or cannot be secured, the Mortgagee must:

- remove the above-ground pool and any built-up decking; and
- remediate any resulting depression in the ground that may constitute a hazard.

(iii) Ponds or Gardens

The Mortgagee must drain, if feasible, or cover any small backyard ponds, water gardens, or other water features.

(d) Drainage Systems and Basements

The Mortgagee must reattach, replace, repair and clear debris from existing roof drainage and foundation drainage systems. If no drainage system exists at the time of the [FTV Property Inspection](#), the Mortgagee is not required to provide or install new systems.

The Mortgagee must ensure that downspouts provide positive drainage away from the Structure and that gutters are cleared and do not prevent drainage.

If the FTV Property Inspection reveals basement flooding, the Mortgagee must drain or pump the basement, identify the water sources, and make other such repairs to prevent equipment damage, mold and organic growth, and structural and material damage.

(e) Mold, Fungus, Discoloration, and Related Moisture Damage and Organic Growth

(i) Standard

When mold or related moisture damage is found in the Property during the FTV Property Inspection, the Mortgagee must mitigate the source of the moisture to prevent further damage. HUD will not reimburse costs related to mold or organic growth abatement if it determines that such mold or organic growth is due to Mortgagee Neglect. The Mortgagee must thoroughly document the condition and scope of the moisture damage at the FTV Property Inspection.

(ii) Over-Allowance Request

The Mortgagee must submit an over-allowance request to the MCM for approval in the following circumstances:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- initial efforts to eliminate the mold or organic growth and to remove moisture are ineffective and additional treatments are needed to remove moisture and prevent mold and moisture damage; or
- the mold or organic growth poses a potential health and safety hazard.

Where the mold or organic growth poses a potential health or safety hazard, the Mortgagee must provide with its request:

- a written report and/or any lab reports or other testing data supporting the health or safety hazard determination;
- photographs of the discoloration;
- dimensions of the affected areas;
- a description of the initial mitigation efforts, including the basis for the selection of the method used;
- the proposed scope of work for the abatement; and
- at least two bids from licensed or certified mold remediation or hazardous materials contractors.

(f) Debris Removal, Cleaning, and Minor Repair

The Mortgagee must ensure that all interior and exterior debris is removed from the Property, including attics, basements, barns, storage spaces, and outbuildings, and that the Property is in Broom-swept Condition. The Mortgagee may request reimbursement for the storage or disposition of any Personal Property removed from the Property when such storage and disposition is required by the AHJ.

(i) Equipment, Fixtures, and Appliances

The Mortgagee must ensure that all equipment, fixtures, and appliances present at the FTV Property Inspection and associated with origination collateral remain in the Property, unless approved by HUD for disposal.

The Mortgagee must empty and wipe clean the interior of all refrigerators and freezers. The Mortgagee must secure exterior clothes dryer vents and similar openings to prevent entry of pests. The Mortgagee must ensure that bathtubs, sinks, and toilets are cleaned and emptied.

(ii) Graffiti

The Mortgagee must remove or cover with similar or matching color all exterior and interior graffiti on all Structures and fencing.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(iii) Exterior Debris

The Mortgagee must ensure that the Property is free of external debris by removing all vehicles, boats, trailers, any unsafe or hazardous structures, and other Personal Property, as allowed and in accordance with state and local law requirements.

The Mortgagee may allow affixed Personal Property in sound and usable condition to remain in place that may add value to the Property, such as fountains, children's play structures, sheds, ramadas, pergolas, or gazebos.

(iv) Fences

The Mortgagee must ensure that fences and gates present at the [FTV Property Inspection](#) are maintained in secure and upright condition, with no missing panels or sections.

(v) Pests

The Mortgagee must ensure that the Property is free of animals, vermin, and insect infestation and that any dead animals, vermin, and insects are removed from the Property.

When the Mortgagee determines the Property is infested with pests and that the infestation and removal may constitute a health or safety hazard, the Mortgagee may obtain professional pest control services; otherwise, the Mortgagee may employ over-the-counter pest control products.

When evidence of live wood boring insects is discovered, the Mortgagee must request an over-allowance for an inspection by a professional pest control service, and provide the report and treatment recommendations for over-allowance consideration to abate.

(vi) Floors and Walkways

The Mortgagee must ensure that interior walking surfaces are safe or otherwise patched, replaced, or repaired to be free of hazards as follows:

- any floor finishes, including carpeting, sheet vinyl, wood, laminate, ceramic or vinyl tiles, and all tack strips and fittings that are damaged, loose, or otherwise hazardous, must be removed. The Mortgagee is not required to replace these finishes once removed; and
- holes or openings in interior walking surfaces must be patched, replaced, or repaired. Weak or spongy flooring must be inspected and, if needed, repaired to address hazardous conditions with an approved over-allowance.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

The Mortgagee must repair damaged or missing handrails or stair treads on elevated exterior porches, patios, decks, and balconies where the distance from the finished floor to the ground surface is greater than 18 inches. If repair is not feasible, the Mortgagee must provide temporary rails, fencing, or other means to prevent or mitigate falls.

(vii) Regulated Hazardous Materials

The Mortgagee must handle and dispose of hazardous materials regulated by federal, state, or local law in accordance with those laws.

Where removal of hazardous materials exceeds HUD's reimbursable amounts for debris removal, the Mortgagee must submit an over-allowance request prior to incurring those costs. The Mortgagee must include with the request:

- the relevant code or regulation describing the specific handling or disposal requirements;
- if testing is required to confirm the presence of hazardous materials, detailed reports or test results, with information on the location of the materials, the scope of the work, and recommended methods for removal, abatement or remediation of the materials; and
- at least two bids from licensed or certified hazardous materials contractors.

(8) Yard Maintenance and Snow Removal

(a) Definitions

Grass Cuts are the Property P&P actions of mowing, weeding, edge trimming, sweeping of all paved areas, and removing all lawn clippings, related cuttings, and debris.

(b) Standard

The Mortgagee is responsible for maintaining lawn and yard areas and trees, shrubs, and vines in compliance with AHJ requirements by performing Grass Cuts.

The Mortgagee must ensure that yards are maintained as follows:

- Grass must be cut to a maximum of two inches in height.
- Grass and weeds must be cut to the edge of the property line, and trimmed around foundations, bushes, trees, and planting beds.
- Grass, trees, tree limbs, shrubs, and other vegetation that are obstructing the public right of way must be trimmed or removed.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- Desert, xeriscape, or rock scape landscaping maintenance must be maintained through removal or spraying of weeds, grass trimming or cutting, and the removal of related cuttings and incidental debris.
- Dead trees or tree limbs that pose a safety hazard or may potentially damage the Property must be removed or trimmed.

(c) Grass Cuts

(i) Standard

The Mortgagee must complete initial and ongoing Grass Cuts and desert landscaping according to the timelines set in the [Grass Cut Schedule](#).

Should a Property require earlier or more frequent Grass Cuts or desert landscaping maintenance due to specific micro-climate conditions or other property requirements, the Mortgagee must perform such cuts or landscaping.

If additional or more frequent Grass Cuts are required as a result of code violations or neighbor complaints, the Mortgagee must submit to the [MCM](#) a request to exceed the allowable amount and documentation supporting the amended timeline.

(ii) Required Documentation

Should a Property require earlier or more frequent Grass Cuts or desert landscaping maintenance due to specific micro-climate conditions or other property requirements, or if additional or more frequent Grass Cuts are required as a result of code violations or neighbor complaints, the Mortgagee must include in the Servicing File and the Claim ~~Review~~ File documentation supporting the Mortgagee's amended timeline.

(d) Shrubs

The Mortgagee must trim shrubs and remove cuttings once in a growing season, between April 1 and October 31.

(e) Snow Removal

The Mortgagee must ensure that the Property is safe and accessible throughout the winter season by:

- removing snow from the entire entryway, public and other front yard walkways, porch, and driveway, following a minimum three-inch accumulation; and
- complying with local codes and ordinances governing the removal of snow and ice.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(f) HOA Yard Maintenance

If an HOA or Condominium Association provides for the yard maintenance and snow removal actions, the Mortgagee must not order duplicate yard maintenance and snow removal actions.

(9) Winterization Requirements

(a) Time Frame for Winterization

The Mortgagee must winterize the Property once, according to the [Winterization Schedule](#). All Properties located in the state of Alaska must remain winterized at all times.

Where earlier or extended winterization is required due to specific micro-climate conditions or other property requirements, the Mortgagee must perform such winterization and include in the Servicing File and the Claim ~~Review~~ File documentation supporting the Mortgagee's amended winterization timeline.

Where the initial winterization is no longer effective, the Mortgagee must re-winterize the Property and include in the Servicing File and the Claim ~~Review~~ File documentation demonstrating the need to re-winterize.

(b) Utilities

(i) Standard

The Mortgagee must turn all utilities off unless:

- prohibited by state or local law;
- required to remain on per HOA or Condominium Association requirements;
- the Property is an attached unit or a dwelling with shared systems such as a row house, townhouse or Condominium;
- required to remain on to protect the Property;
- required to operate equipment such as sump pumps, swimming pools, wells, dehumidifiers, or other equipment or systems required to remain in operation; or
- where the Mortgagee determines that utility disconnection fees and charges make it cost effective to maintain utility service rather than disconnect the service.

The Mortgagee must ensure that active piping and exposed electrical wiring is capped, valved, or otherwise terminated.

If utilities remain on, the Mortgagee must note in the Servicing File and the Claim ~~Review~~ File the reasons for maintaining utility service and, if

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

applicable, include a copy of the state or local requirement for maintaining utility service.

(ii) Sump Pumps

The Mortgagee must ensure that all installed or required sump pumps are in place and operational at all times, where state or local law permits electricity to remain on. The Mortgagee must repair or replace any non-functioning or missing equipment.

(iii) Utility Accounts

The Mortgagee must retain all utility accounts in its name until conveyance of the Property to HUD.

In states or jurisdictions where utilities should remain on, if there is any reason to believe that a Borrower may abandon a Property, the Mortgagee must contact the utility company to request notification of non-payment of utilities so that utilities can be transferred to the Mortgagee's name if the Borrower vacates the Property.

(iv) Propane and Oil Systems

In jurisdictions requiring heat to remain on, the Mortgagee must put a "KEEP FULL" contract on with a local supplier when the Property has a propane or oil heating system. Otherwise, the Mortgagee must ensure that active piping is capped, valved, or otherwise terminated and all fuel tanks are emptied.

(v) Domestic Water

The Mortgagee must not cut water lines or remove water meters, unless required by the AHJ.

(vi) Wells

If the water supply is a private well, the Mortgagee must:

- turn off the well at the breaker panel;
- secure the breaker;
- disconnect and cap, valve, or otherwise terminate the water supply line between the Property and pressure tank;
- install a hose bib on the pressure tank side of the breaker, tagging the hose bib "For Water Testing;"
- drain all pressure tanks;
- drain pump housing if the pump is surface-mounted;

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- disconnect the check valve and drain all pump, suction, and discharge pipes, if the pump is submersible; and
- winterize all fixtures.

(vii) Water, Plumbing, and Heating Systems

The Mortgagee must:

- shut off or disconnect the domestic water supply at the curb;
- drain all plumbing and heating systems; and
- ensure that all toilets are cleaned and emptied.

Where a toilet or other plumbing fixture has been compromised by an unauthorized entry or wastewater backflow, the Mortgagee must complete re-winterization and cleaning.

(c) Winterization of Swimming Pools

During the winterization period, the Mortgagee must drain all lines and filters and secure and maintain operational swimming pools to prevent damage.

(d) Additional Winterization Requirements for Properties Located in Alaska

In addition to the winterization requirements described above, the Mortgagee must ensure that for all Properties located in the state of Alaska:

- the heat remains on, with the thermostat set at 55 degrees Fahrenheit; and
- all utilities remain connected and in working order, where permitted by state or local law.

(e) Responsibility for Damage Due to Freezing

The Mortgagee is responsible for any damage to plumbing and heating systems, sump pumps, and wells caused by untimely, inadequate, or improper maintenance or winterization.

HUD considers any damage caused by freezing and not documented at the FTV Property Inspection to be the responsibility of the Mortgagee and not reimbursable by HUD.

(10) Demolition

If the Mortgagee proposes to demolish or remove a primary dwelling structure, a significant section of the Structure, or a secondary structure that is associated with the origination collateral, the Mortgagee must request approval from the MCM to demolish and convey as a vacant lot. The Mortgagee is not required to request HUD approval to demolish damaged or unusable sheds and outbuildings that were

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

not included in the Property Value at origination. For requests to demolish a primary dwelling structure, the Mortgagee must submit to the MCM:

- a BPO analysis estimating the value of the Property “As-Is” and as a vacant lot;
- proposed demolition costs; and
- a detailed chronology of the servicing and Property P&P actions related to the Property, including all efforts to address any damages or violations.

Where a local jurisdiction mandates demolition of a Property after foreclosure, the Mortgagee must provide the following to the MCM immediately upon discovery of the demolition order:

- copies of all notices pertaining to demolition orders and hearings; and
- [inspection reports and photographic documentation](#) establishing the condition of the Property when the Mortgagee first entered or took possession of the Property.

The MCM advises the Mortgagee as to whether to proceed with the demolition or to postpone the demolition until after conveyance to HUD.

(a) Requests Less than Five Business Days before Conveyance

The MCM rejects any requests received less than five business days before the end of the time frame to convey to HUD, unless the Mortgagee can demonstrate that it received the demolition notification with insufficient time to make a request by this deadline.

(b) Cost of Demolition

The cost of demolition is not included in the maximum cost limit per Property.

(c) Damage due to Mortgagee Neglect

If HUD determines that the damage to the Property is due to Mortgagee Neglect, the Mortgagee is responsible for the cost to demolish the Property. The MCM determines the acceptance of the vacant lot.

(C) Conveyance of Damaged Properties

(1) Conveyance without Prior HUD Approval

The Mortgagee may convey Properties without prior written approval when:

- the Property is in conveyance condition, with no Surchargeable Damage; and
- the aggregate of all allowable Property P&P expenses does not exceed the Maximum Property Preservation Allowance and claimed P&P costs do not exceed the [Property Preservation Allowances](#) line item.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(2) Conveyance Requiring HUD Approval

(a) Request to HUD

The Mortgagee must request and obtain approval from the MCM before conveyance under any of the following circumstances:

- conveyance of a Property damaged while under the control of the Mortgagee or as a result of Mortgagee Neglect;
- conveyance of a Property with unrepaired insurable damage and insurance repair proceeds;
- conveyance of a Property “As-Is” with unfinished renovations, violations, liens, or other outstanding state law and local code compliance issues; and
- demolition and/or conveyance of a vacant lot.

(b) Required Documentation for Request

In its request to convey the damaged Property, the Mortgagee must include the following documentation:

- the date of vacancy;
- evidence validating the property condition at vacancy;
- supporting documentation including inspection reports, photographs, repair bids, and receipts;
- a chronology of actions performed by the Mortgagee to preserve and protect the Property;
- for damaged Properties with approval to convey with insurance proceeds, all related damage reimbursement funding, including insurance deductibles, recoverables, and depreciation; and
- for Properties with unfinished renovations, violations, liens, or other outstanding state and local law compliance issues:
 - the BPO showing the value of the Property “As-Is” and the value with repairs completed;
 - copies of violations, liens, or relevant state or local law;
 - hazard insurance claim information, including hazard insurance denials;
 - a detailed description of the reason(s) that the Mortgagee cannot feasibly repair or secure the Property, proposed actions or actions taken, and a detailed repair estimate of the damages; and
 - a detailed estimate of cost to repair the Property.

If no documentation or inadequate documentation is received from the Mortgagee, HUD attributes all damage to the Mortgagee.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(3) Mortgagee Failure to Obtain Required HUD Approval

If the Mortgagee fails to obtain HUD approval when required, prior to conveying a damaged Property, HUD may:

- reconvey the Property;
- require a reduction to the claim for insurance benefits:
 - the hazard insurance recovery or HUD's estimate of the cost of repairing damage; or
 - the cost to repair and restore the Property to required conveyance condition; or
- take other such action as permitted by regulation.

(4) Appeal of Surchargeable Damage Decision

The Mortgagee may appeal a Surchargeable Damage request decision via P260. The Mortgagee may submit an additional appeal to HUD via P260. The second appeal decision is final and no further appeals are accepted.

(D) Hazard Insurance Recovery

The Mortgagee must take all appropriate action to recoup all available hazard insurance proceeds, including recoverable depreciation.

(1) Extension of Time to Convey Title to HUD

Where conveyance of title to HUD jeopardizes the Mortgagee's ability to receive hazard insurance proceeds, the Mortgagee must request an extension of time from the [MCM](#), providing a specific reason why the extension is warranted.

(2) Reimbursement for Recoverable Depreciation

The Mortgagee must seek reimbursement for any recoverable depreciation after repairs have been completed; all damages must be repaired prior to conveyance.

(3) Recovery for Vandalism or Theft

(a) Standard

If there is evidence of vandalism or theft resulting in damage or missing built-in appliances, equipment, or fixtures, the Mortgagee must file a claim to obtain all available insurance proceeds for damages to the Property.

Unless the Mortgagee obtains [HUD approval to convey](#) with unrepaired insurable damage and insurance repair proceeds, the Mortgagee must use these insurance proceeds or corporate funds to fully repair or replace the damaged structures, appliances, equipment, or fixtures.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(b) Required Documentation

The Mortgagee must document in the Servicing File and the Claim ~~Review~~ File all relevant claim correspondence with the insurance company.

(E) Requests for Pre-Conveyance Inspection

(1) Definition

A Pre-Conveyance Inspection is an inspection performed by HUD, at the Mortgagee's request, before conveyance to determine if a Property meets HUD's conveyance standards.

(2) Standard

The Mortgagee may request a Pre-Conveyance Inspection of a Property that has sustained damage due to Borrower neglect, Surchargeable Damage, or Mortgagee Neglect.

(3) Submission of Pre-Conveyance Inspection Request

The Mortgagee may submit a request for a Pre-Conveyance Inspection to the [MCM](#) before the deed to HUD is recorded or sent for recording, and before the submittal of a claim.

(4) HUD Review of Request

The MCM reviews the request to determine whether a Pre-Conveyance Inspection is needed and may consider the following criteria in its decision:

- the Property has completed over-allowance repairs exceeding \$10,000;
- the Property is affected by re-occurring vandalism and the Mortgagee is requesting approval to convey the Property "As-Is" to HUD;
- the Property has code violations and the Mortgagee is requesting approval to convey the Property "As-Is" to HUD;
- the Property is located in a PDMDA and has completed repairs exceeding \$10,000;
- the Property has an insurable claim with completed repairs exceeding \$5,000;
- the Property has unrepaired Borrower neglect damage affecting mechanical, electrical, plumbing, or structural system integrity; and
- the Property has uninsurable and unfinished renovations, and the Mortgagee is requesting approval to convey the Property "As-Is" to HUD.

(5) Pre-Conveyance Inspection

If the request for the Pre-Conveyance Inspection is approved, the MCM orders the Pre-Conveyance Inspection from HUD's Field Service Manager (FSM), who

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

contacts the Mortgagee to coordinate the inspection. Upon completion of the inspection, the FSM provides an inspection report indicating:

- whether the Property is in conveyance condition; or
- further actions the Mortgagee must take to place the Property into Acceptable Conveyance Condition.

The Mortgagee must ensure that all required actions identified on the Pre-Conveyance Inspection report are completed before conveyance to HUD.

iv. Condition of Title

The Mortgagee must convey good and marketable title to the Secretary.

HUD regulations list certain specific and common exceptions to title in [24 CFR §§ 203.385–203.391](#) to which HUD will not object. HUD may waive additional objections, based on local practice and the general marketability of title clouded by those objections, or if the Mortgagee is willing to accept a reduced claim for mortgage insurance benefits.

(A) Liens

HUD will not accept title subject to liens, other than the following:

- IRS liens;
- Section 235 liens; and
- a PACE obligation.

(1) IRS Liens

HUD will not object to title where there is a lien in favor of the IRS, regardless of its position, if the following conditions are met:

- the IRS has been notified of the foreclosure;
- the IRS lien was established after the date of the mortgage lien; and
- the Mortgagee bid at least the full amount of the indebtedness plus the cost of foreclosure.

(2) Section 235 Liens

HUD will accept title subject to a junior lien securing the repayment of Section 235 assistance payments.

(3) Property Assessed Clean Energy Obligation

HUD will allow a notice of lien recorded in the land records securing repayment of a PACE obligation that may only become subject to an enforceable claim (i.e., a lien) for delinquent regularly scheduled PACE special assessment payments and otherwise complies with the eligibility and acceptability criteria for Properties encumbered with a PACE obligation provided in [PACE Obligation Review](#).

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(B) Payment of Taxes

(1) Taxes at Conveyance

(a) Standard

Prior to the conveyance of a Property to HUD, the Mortgagee must satisfy all taxes and special assessments, including any PACE assessments:

- due and payable prior to or on the date of conveyance; or
- due and payable within 30 Days after the date of conveyance.

(b) Required Documentation

The Mortgagee must:

- certify that all available tax and assessment bills due at conveyance and within 30 Days of conveyance are paid as of the date of conveyance;
- document payment and identify the most recent period for which taxes were paid in Item 32, “Schedule of Tax Information,” of form [HUD-27011](#), Part A; and
- upload to [P260](#) documentation validating that on-time payment was made, such as a paid receipt, a copy of the Mortgagee’s tax payment history screen, or a report, or screenshot of a report, from a tax monitoring service.

The Mortgagee must also retain invoices, paid bill receipts, or other proof of payment in the Servicing File and the Claim ~~Review~~ File.

(2) Tax Penalties

When late fees and/or interest penalties are incurred as a result of the Mortgagee’s failure to pay taxes prior to conveyance, HUD will not reimburse the Mortgagee for late fees and/or interest penalties paid by the Mortgagee, and the Mortgagee must reimburse HUD for any late fees and/or interest penalties paid by HUD.

(3) Mortgagee Failure to Pay Taxes, Late Fees, and/or Interest Penalties

Where taxes, late fees and/or interest penalties are owed to the taxing authority when a Property is conveyed to HUD, HUD may elect to:

- Reconvey the Property back to the Mortgagee; or
- refuse to accept the conveyance.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(C) Payment of HOA/Condominium Fees

(1) Definitions

A Homeowners' Association (HOA)/Condominium Assessment is a periodic payment required of property owners by an HOA or Condominium Association.

HOA/Condominium Fees are HOA/Condominium Assessments plus interest, Late Charges, collection/attorney fees, and other penalties.

(2) Standard

Prior to the conveyance of a Property to HUD, the Mortgagee must pay HOA/Condominium Fees that are due and that become due within 30 Days of the date of conveyance. While the payment of HOA/Condominium Fees is the Borrower's responsibility, Mortgagees must ensure that Properties conveyed to HUD have clear title.

The Mortgagee must take the following actions:

- provide notice of foreclosure proceedings to HOA/condominium management companies;
- unless prohibited by state law, ensure that outstanding HOA/Condominium Fees are included as part of the foreclosure proceedings in the event the HOA/condominium management company does not pursue these amounts in foreclosure;
- negotiate the amount required to obtain a release of outstanding HOA/Condominium Fees;
- obtain a release of outstanding HOA/Condominium Fees;
- ensure that the HOA/condominium lien, if any, is removed from the title to the Property prior to conveying the Property to HUD; and
- pay the HOA/Condominium Assessment required under applicable law before conveyance to HUD, where HOA/Condominium Fees do not survive foreclosure or result in a lien on the Property.

(3) Required Documentation

The Mortgagee must document the payment of all final bills and pre- and post-foreclosure liens for HOA/Condominium Fees in the "Mortgagee's Comments" section of form [HUD-27011](#), Part A.

Within 15 Days of conveyance, the Mortgagee must upload to [P260](#) the paid HOA/condominium invoice and any other documentation necessary to verify that the Mortgagee made such payments prior to conveyance, and, if applicable, document any common area requirements associated with gaining access to the Property.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(4) Lack of Information on HOA or Condominium Association Assessments and Fees

(a) Standard

On a case-by-case-basis, at its sole discretion, HUD may accept conveyances where the Mortgagee has requested and has been unable to obtain sufficient information on HOA/Condominium Fees to resolve them prior to conveyance.

(b) Required Documentation

The Mortgagee must request a variance through HUD's MCM by submitting:

- a certification stating that the Mortgagee has exhausted all methods of obtaining and paying the outstanding HOA/Condominium Assessments; and
- evidence documenting its attempts to obtain and pay these assessments and fees as follows:
 - at least three phone calls;
 - certified mail notices to HOA/condominium contacts from the Mortgagee's attorneys; and
 - documentation validating the pursuit of available legal remedies and evidencing the resolution or final decisions resulting from arbitration or court proceedings.

(D) Payment of Water and Sewer Bills and Other Assessments

(1) Standard

The Mortgagee must retain utilities, including electricity, gas, home heating oil, water, and sewer, in its name until conveyance of the Property to HUD.

Prior to the conveyance of a Property to HUD, Mortgagees must research, obtain, and pay all available utility bills that may become a lien attached to a Property after foreclosure as follows:

- In states where utilities are not required to remain on to protect the Property, Mortgagees must obtain and pay a final bill up to the date of conveyance; and
- In states where utilities are required to remain on, Mortgagees must pay:
 - all available bills that are due prior to conveyance; and
 - within 60 Days after the date of conveyance, the final bill calculated to the Day on which utilities are transferred to HUD.

(2) Required Documentation

For Properties in states where utilities are not required to remain on to protect the Property, no later than 60 Days after conveyance, the Mortgagee must upload to

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

[P260](#) the paid invoice and any other documentation necessary to verify that the Mortgagee made such payments.

For Properties in states where utilities are required to remain on, the Mortgagee must upload to [P260](#) the paid invoices and any other documentation necessary to verify that the Mortgagee made the payment for the final bill.

(3) Failure to Pay Utility Bills

If the Mortgagee fails to pay utility bills, HUD, at its sole discretion, may:

- issue a Notice of Noncompliance and demand payment from the Mortgagee in an amount that sufficiently satisfies any liens or encumbrances, including penalties and interest, which prevent or delay a sale; or
- Reconvey the Property to the Mortgagee.

v. Notice of Property Transfer

The Mortgagee must notify the Commissioner on the date the deed to the Secretary is filed for recording by:

- filing form HUD-27011 in [FHAC](#); and
- submitting a copy to HUD's [MCM](#).

The Mortgagee must prepare conveyance deeds to the Secretary of HUD. Deeds must be recorded in the name of the "Secretary of Housing and Urban Development, their successors and assigns," hereinafter referred to as "Grantee," whose address is HUD's [MCM](#).

vi. Submission of Title Evidence for Conveyance to HUD

(A) Submission of Title Evidence to the Mortgagee Compliance Manager

(1) Standard

The Mortgagee must submit to HUD's [MCM](#) via [P260](#) the following documentation reflecting ownership vested in the name of the Secretary no more than 45 Days after the date the deed is filed for record:

- original title evidence;
- a copy of form [HUD-27011](#), Part A;
- a copy of the mortgage instrument, containing a complete legal description of the Property; and
- a copy of the recorded deed.

(2) Extension to the Deadline to Submit Title Evidence

To request an extension to the deadline to submit title evidence, the Mortgagee must:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

- submit a request for an extension via [P260](#) before the expiration of the 45-Day time frame; and
- provide documentation supporting the reason for the request.

(B) Title Evidence

The Mortgagee must provide one of the following types of title evidence of recorded title to the Secretary. The Mortgagee may also submit similar evidence of title that conforms to the standards of a supervising branch of the federal, state, or territory government.

(1) Fee or Owner's Title Policy

The Mortgagee may submit:

- a fee or owner's policy of title insurance in the name of the Secretary, insuring the benefit of the Secretary's successors in office;
- a guaranty or guarantee of title; or
- a certificate of title, issued by a title company, duly authorized by law and qualified by experience to issue such instruments.

When the Mortgagee submits a title policy as evidence of good and marketable title, the amount of title insurance coverage must be equal to the unpaid principal balance of the Mortgage.

The Mortgagee must upload to [P260](#) and include in its original title evidence package a copy of the appraisal used to determine the CAFMV when:

- the Mortgagee is the successful bidder for an amount equal to the CAFMV for sales conducted under CWCOT procedures; and
- the Mortgagee elects to convey the Property's title to HUD.

(2) Mortgagee Policy of Title Insurance

The Mortgagee may submit a Mortgagee's policy of title insurance supplemented by an abstract and an attorney's certificate of title covering the period after the Closing Date. The Mortgagee must ensure that, under the terms of the policy, the liability of the title company will continue in favor of the Secretary after title is conveyed to them.

(3) Abstract and Legal Opinion

The Mortgagee may submit:

- an abstract of title, prepared by an abstract company or individual engaged in the business of preparing abstracts of title; and
- a legal opinion as to the quality of the title. The Mortgagee must ensure that this legal opinion is prepared and signed by an attorney experienced in examination of titles.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

(4) A Torrens or Similar Title Certificate

The Mortgagee may submit a Torrens or similar title certificate.

(C) Title Evidence for Manufactured Housing

(1) Standard

For Manufactured Housing, the Mortgagee must include title evidence that:

- the Manufactured Home is attached to the land; and
- the Manufactured Home is classified and taxed as real estate.

The Mortgagee must ensure that all state or local requirements for proper purging of the title have been met.

(2) Required Documentation

The Mortgagee must:

- upload the title evidence into [P260](#) on or before the filing date of form [HUD-27011](#), Part A; and
- certify in the “Mortgagee’s Comments” section of form HUD-27011, Part A, that the required additional title work has been completed and uploaded.

(D) HUD Review of Title Evidence

The MCM will review the title evidence and notify the Mortgagee of its approval or denial or if additional information is needed.

(E) HUD Requests for Additional Title Information

If HUD requests additional title information, the Mortgagee must provide this information within 10 Days of the request to avoid rejection of the title evidence.

If title evidence is later approved after the submission of additional information, HUD will provide the Mortgagee with a title approval letter showing the “Date Title Received” as the date the Mortgagee resubmitted the complete title evidence.

vii. Responsibility for Property at Conveyance

The Mortgagee is responsible for the Property until all HUD regulatory requirements leading to conveyance have been complied with, including:

- filing to record the deed to the Secretary of HUD; and
- filing form HUD-27011 in [FHAC](#) for claim processing and payment.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

The Mortgagee remains responsible for the Property and any loss or damage thereto should the claim be suspended due to the need for review or correction of a hard edit error, notwithstanding the filing of the deed to the Secretary.

(A) Damage at Inspection at or after Conveyance

HUD will presume that any damage discovered during HUD's first inspection of the Property after conveyance occurred while the Mortgagee had possession, unless the Mortgagee is able to provide evidence to the contrary.

(B) Expenses Incurred at or after Conveyance

Without the express written approval of the MCM, the Mortgagee must not incur expenses for P&P of the Property or for eviction of the occupant on or after the date the deed is filed for record.

HUD will not reimburse P&P or property-related expenses incurred after the deed has been recorded in HUD's name, other than payment of certain utility bills or HOA payments.

(C) Cancellation of Hazard Insurance

The Mortgagee must request Hazard Insurance be canceled as of the date the deed is filed for record. The Mortgagee may calculate the amount of the return premium due on a short-rate basis.

viii. Extension of Time for Conveyance

(A) Standard

To request an extension to the deadline to convey the Property to HUD, the Mortgagee must:

- submit a request for an extension via [P260](#) before the expiration of the time frame; and
- provide documentation supporting the reason for the request.

(B) Required Documentation

The Mortgagee must maintain a copy of the written response from the HUD representative in the Mortgagee's Servicing File and the Claim ~~Review~~ File.

(C) Appeal of Extension Decision

The Mortgagee may appeal a decision on a request for an extension via P260 for review by the MCM. The Mortgagee may submit a second appeal via P260. The MCM will review and approve or deny the appeal or determine if further review by

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

HUD is needed. The decision on the second appeal is final and no further appeals will be accepted.

ix. HUD Acceptance of Conveyance

HUD considers a Property conveyed by the Mortgagee to HUD when:

- the Mortgagee has deeded the Property to HUD; and
- HUD accepts conveyance of the Property, as evidenced by the payment of Part A of the claim from HUD to the Mortgagee; or
- For [suspended claims](#), notwithstanding the filing of the deed to the Secretary for record, the Mortgagee remains responsible for the Property, and any loss or damage thereto, and such responsibility is retained by the Mortgagee until HUD regulations have been fully complied with.

x. Reconveyance

(A) Definition

A Reconveyance is a conveyance of a Property from HUD back to the Mortgagee due to the Mortgagee's failure to comply with HUD's conveyance requirements.

(B) Standard

If a Mortgagee fails to fully comply with the terms of the insurance contract, including HUD's conveyance requirements, HUD may:

- Reconvey title to the Mortgagee; and
 - cancel the Mortgagee's [claim for insurance benefits](#); and
 - request reimbursement for expenses incurred for acquisition, holding and Reconveyance, less any income received from the Property, from the date the deed to HUD was filed for record to the date of Reconveyance; or
- enter into a Reconveyance Bypass Agreement with the Mortgagee.

The Mortgagee may re-apply for insurance benefits.

~~bb.s.~~ Non-conveyance Foreclosure (03/31/2022)

The Mortgagee may elect not to convey the Property to HUD after foreclosure and to terminate the contract of mortgage insurance. The Property may be acquired by the Mortgagee or by a third party at a foreclosure sale, or may be redeemed after foreclosure and no insurance claim will be made to HUD.

For non-conveyance foreclosures, the Mortgagee must use form HUD-27050-A and select Non-Conveyance Foreclosure (Term Type 13) in FHAC to notify HUD.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

2. Default Servicing

~~ee.t.~~ Deficiency Judgments (03/31/2022)

Where the mortgaged Property is sold at the foreclosure sale for less than the unpaid balance of the debt, HUD may seek a deficiency Judgment, unless prohibited by the terms of the Mortgage.

i. HUD-Required Deficiency Judgments

(A) Mortgages Insured on or after March 28, 1988

For Mortgages insured pursuant to *Firm Commitments* issued on or after March 28, 1988, or pursuant to direct endorsement processing when the Mortgagee's underwriter signed the credit worksheet on or after March 28, 1988, HUD may require the Mortgagee to pursue a deficiency Judgment. Where HUD requires the Mortgagee to pursue a deficiency Judgment, HUD will provide the Mortgagee with instructions and its estimate of the **Fair Market Value (FMV)** of the Property, less adjustments. Upon receipt of such notification, the Mortgagee must:

- tender a bid at the foreclosure sale in that amount; and
- attempt, in accordance with state law, to obtain a deficiency Judgment.

(B) Mortgages Insured before March 28, 1988

For Mortgages insured pursuant to *Firm Commitments* issued before March 28, 1988, or pursuant to direct endorsement processing when the Mortgagee's underwriter signed the credit worksheet before March 28, 1988, HUD may request the Mortgagee to pursue a deficiency Judgment.

ii. Procedures for Claims Without Conveyance of Title

Unless specifically requested by FHA, the Mortgagee is not required by FHA to pursue any deficiency Judgments in connection with [CWCOT procedures](#).

iii. Assignment of Judgments

(A) When Filing a Claim for Insurance Benefits

The Mortgagee must assign deficiency Judgments to HUD and transmit the Judgment to **HUD** ~~the NSC~~ no later than 30 Days after the Judgment was obtained if the Mortgagee filed a claim for mortgage insurance benefits.

(B) When Not Filing a Claim for Insurance Benefits

The Mortgagee may engage in Judgment collection activities if a claim for FHA insurance benefits is not filed.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Adjustable Rate Mortgages (06/30/2023)

3. Programs and Products

a. Adjustable Rate Mortgages (06/30/2023)

i. Definitions

The Change Date is the effective date of an adjustment to the interest rate, as shown in Paragraph 4(A) of the model [Adjustable Rate Note](#) form.

The Initial Index Figure is the most recent figure available before the Closing Date of the Mortgage.

The Current Index Figure is:

- the most recent index figure available 30 Days before the date of each interest rate adjustment, for Mortgages closed before January 10, 2015; and
- the most recent figure available 45 Days before the date of each interest rate adjustment, for Mortgages closed on or after January 10, 2015.

ii. Adjusting the Interest Rate on an ARM

To set the new interest rate on an ARM annually, the Mortgagee must review the mortgage documents containing interest rate provisions, and:

- determine the change between the Initial Index Figure and the Current Index Figure; or
- add a specified margin to the Current Index Figure.

Once the new adjusted interest rate is calculated, the Mortgagee must provide notice of the change to the Borrower.

(A) Interest Rate Transition from LIBOR Index to SOFR Index

For adjustable interest rate Mortgages indexed to the London Interbank Offered Rate (LIBOR), Mortgagees must transition the Mortgage from LIBOR to the applicable Refinitiv United States Dollar (USD) IBOR Consumer Cash Fallback (Refinitiv) Secretary-approved spread-adjusted Chicago Mercantile Exchange (CME) Term SOFR tenor replacement index as indicated in the table below to calculate the periodic adjustments to the mortgage interest rate:

Existing FHA-Insured LIBOR-indexed Forward ARM	Secretary-Approved Replacement Index
1-, 3-, 5-, 7-, 10-Year Forward ARMs	12-Month CME Term SOFR (Refinitiv Instrument Code USDCFCFCTSA1Y=)
The approved Refinitiv 12-month CME Term SOFR replacement index is found at: https://www.lseg.com/en/ftse-russell/benchmarks/usd-ibor-cash-fallbacks .	

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Adjustable Rate Mortgages (06/30/2023)

Existing FHA-Insured LIBOR-indexed Forward ARM	Secretary-Approved Replacement Index
Note: When downloading historical SOFR rates from Refinitiv, Mortgagees must use the “All-In” CME Term SOFR Rate and select the “Feature” (No Floor).	

The Mortgagee must include a notification to the Borrower of the transition from the LIBOR index to the 12-Month CME Term SOFR replacement index in the ARM Adjustment Notice in accordance with the [mortgage documents](#).

The Mortgagee must calculate the interest rate for each subsequent adjustment to the Mortgage using the 12-Month CME Term SOFR replacement index.

(B) Determining the Current Index Figure on an ARM

The table below describes the Current Index Figure to use based upon the day of the week on which the 30th Day falls.

When the 30 th Day falls on a ...	AND the 30 th Day prior to a Change Date...	Then use the index figure issued on...
Monday that is a business day	and the issue date of an H.15 release both occur on the same day (that is, they both occur on a Monday)	that Monday.
Monday that is a federal holiday	falls on a Monday that is a federal holiday	the prior week.
day of the week other than Monday	n/a	the Monday of that week (or issued on Tuesday, if Monday is a federal holiday).

(C) Determining the Calculated Interest Rate on an ARM

The calculated interest rate is the current index plus the margin (the number of Basis Points (bps) identified as “margin” in Paragraph 4(C) of the model [Adjustable Rate Note](#)), rounded to the nearest 1/8th of one percentage point (0.125 percent).

(D) Determining the New Adjusted Interest Rate on an ARM

To determine the new adjusted interest rate, the Mortgagee must compare the calculated interest rate to the existing interest rate in effect for the preceding 12 months.

(1) Calculated Rate is Equal to Existing Rate

If the calculated interest rate is equal to the existing interest rate, then the new adjusted rate is the same as the existing interest rate.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Adjustable Rate Mortgages (06/30/2023)

(2) Calculated Rate is Less than Existing Rate

If the calculated interest rate is less than the existing interest rate, then the new adjusted rate is:

- the calculated interest rate for 1-, 3-, and 5-year ARMs if the calculated interest rate is less than one percentage point higher or lower than the existing interest rate; or
- the calculated interest rate for 5-, 7-, and 10-year ARMs if the calculated interest rate is less than two percentage points higher or lower than the existing interest rate.

(3) Calculated Rate is More than Existing Rate

If the calculated interest rate is more than the existing interest rate, then the new adjusted rate will be:

- limited to one percentage point higher or lower than the existing interest rate for 1-, 3-, and 5-year ARMs, if the new calculated interest rate is more than one percentage point (100 bps) higher or lower than the existing interest rate. (Note: index changes in excess of one percentage point may not be carried over for inclusion in an adjustment in a subsequent year); or
- the calculated interest rate for 5-, 7- and 10-year ARMs, if the calculated interest rate is more than two percentage points (200 bps) higher or lower than the existing interest rate. (Note: index changes in excess of two percentage points may not be carried over for inclusion in an adjustment in a subsequent year).

(E) Interest Rate Adjustments over the Term of the ARM

The Mortgagee must not adjust the interest rate over the entire term of the Mortgage resulting in a change in either direction of more than:

- five percentage points (500 bps) from the initial contract interest rate for 1-, 3-, and 5-year ARMs; or
- six percentage points (600 bps) for 5-, 7-, and 10-year ARMs.

(F) Effective Date of the ARM Interest Rate Adjustment

The adjusted interest rate is effective on the Change Date and remains in effect until the next Change Date.

During the term of the Mortgage, the Change Date must fall on the same date of each succeeding year.

iii. Computing the Monthly Installment Payment after an ARM Adjustment

The Mortgagee must determine a new monthly payment each time there is an interest rate adjustment. The Mortgagee must calculate the portion of the monthly payment attributable to P&I by:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Adjustable Rate Mortgages (06/30/2023)

- determining the amount necessary to fully amortize the unpaid principal balance for the remaining term of the Mortgage;
- crediting all eligible prepayments; and
- not debiting any delinquency.

To calculate the monthly installment, the Mortgagee must use the scheduled principal balance that would be due on the Change Date but reduced by the amount of any prepayments made to the principal.

All ARM adjustments affect interest rates only; negative amortization is not permitted.

iv. ARM Adjustment Notices

(A) Standard

At least annually and before any adjustment to a Borrower's monthly payment may occur, the Mortgagee must provide written notification regarding the adjustment.

(1) Time Frame

(a) For Mortgages Closed before January 10, 2015

If the notice follows an adjustment in the monthly payment, the Mortgagee must provide the Borrower notice:

- at least 25 Days before any adjustment; or
- at least 30 Days before the adjustment if the mortgage agreement contains a provision stating that 30-Day requirement.

(b) For Mortgages Closed on or after January 10, 2015

The Mortgagee must provide notice in compliance with the time frames set out in TILA.

(2) Required ARM Notice Content

The content of the Adjustment Notice must advise the Borrower of:

- the new mortgage interest rate;
- the amount of the new monthly payment;
- the current index interest rate value; and
- how the payment adjustment was calculated.

(3) Sending the ARM Adjustment Notice

The Mortgagee must send the Adjustment Notice to the Borrower:

- by Certified Mail, return receipt requested; or
- by first-class mail to all property owners identified on its records.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Adjustable Rate Mortgages (06/30/2023)

(B) Required Documentation

The Mortgagee must retain the following in the Servicing File:

- evidence that timely notice was sent to the Borrower; and
- annual adjustment computations for the mortgage term.

(C) Failure to Provide the ARM Adjustment Notice

If the Mortgagee fails to provide notice to the Borrower for more than one year, then the Mortgagee must determine an adjusted interest rate for each omitted year, in order to determine the adjusted interest rates for subsequent years, and perform the following:

(1) Interest Rate Increase

If the Mortgagee's calculations result in an increase of the interest rate, the Mortgagee has forfeited their right to collect the increased amount and the Borrowers are relieved from the obligation to pay the increased payment amount.

(2) Interest Rate Decrease

If the Mortgagee's calculations result in a decrease of the interest rate, the Mortgagee must refund the excess, plus interest from the date of the excess payment to the date of repayment, at a rate equal to the sum of the margin and index in effect on the Change Date.

The Mortgagee must first apply any refund to any existing delinquency, and if excess funds remain, the Mortgagee must, at the Borrower's request:

- provide the Borrower with a cash refund; or
- apply the remaining excess to the unpaid principal balance of the Mortgage.

(D) Errors in the ARM Adjustment Notice

HUD requires that errors be corrected if:

- the Mortgagee miscalculates the interest rate and/or the monthly payment; and
- the errors are reflected in the notice.

v. Commencement of Monthly Payment after ARM Adjustment

After the Mortgagee gives the Borrower proper notice of the adjustment, the Borrower begins paying the new monthly payment 30 Days after the Change Date.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Adjustable Rate Mortgages (06/30/2023)

vi. Assumptions of ARMs

In addition to sending the applicable [Notice to Homeowner, Release of Personal Liability](#) in [Assumptions](#), the Mortgagee must attach a copy of the original ARM Disclosure Statement that established the index, margin, and the Change Date.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Assumptions (12/30/2025)(08/19/2024)

b. Assumptions (12/30/2025)(08/19/2024)

i. Assumability of FHA-Insured Mortgages

All FHA-insured Mortgages are assumable. The Mortgagee must not impose, agree to, or enforce legal restrictions on conveyances or assumptions after closing except when:

- specifically permitted by HUD regulations; or
- the restriction had been specified in a junior lien granted to the Mortgagee after settlement.

The Mortgagee must review the mortgage documents to determine what restrictions have been placed on the Mortgage.

Anyone assuming an FHA-insured Mortgage must have a valid SSN or EIN or meet the eligibility requirement exception regarding social security numbers.

ii. Notice to Homeowner

The Mortgagee must send the applicable [Notice to Homeowner: Release of Personal Liability](#) to:

- all applicants for FHA-insured Mortgages, before settlement; and
- sellers or buyers who request information on HUD's creditworthiness review criteria or procedures for assumptions or releases from personal liability.

iii. Fees for Assumptions

The Mortgagees may charge the assuming Borrower a processing fee that is reasonable and customary, as set in Processing Fees and Other Costs for Assumptions.

(A) Allowable Charges Separate from Assumption Processing Fees

The Mortgagee may charge the assuming Borrower reasonable and customary fees not to exceed the actual costs for third party expenses incurred in connection with assumption processing:

- non-refundable fees for credit reports and verifications of employment; and
- up to \$45.00 for fees for the preparation and execution of release of liability forms (form [HUD-92210.1](#), *Approval of Purchaser and Release of Seller*), where a Borrower requests an executed release of liability form as evidence that the Borrower was released during a previous creditworthiness review.

(B) Refund of Assumption Processing Fees

In the event a Mortgage is not assumed, Mortgagees must refund one-half of its processing fees if the assumptor's credit is approved, but assumption does not occur for reasons beyond the control of the assumptor.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Assumptions (12/30/2025)(08/19/2024)

(C) Change of Hazard Insurance

The Mortgagee may not assess a fee for processing the assumptor's request to change hazard insurance coverage when the existing policy has not yet expired.

(D) Section 143 of the Internal Revenue Code of 1986

The Mortgagee must not charge the Borrower any additional fees for ensuring that assumptions of mortgage revenue bond Mortgages comply with requirements of the Internal Revenue Code (IRC).

iv. Notification to HUD of Changes

The Mortgagee must notify HUD via [FHAC](#) of assumptions:

- within 15 Days of any change of Borrower; or
- within 15 Days of the date the Mortgagee receives actual or constructive knowledge of the transfer of ownership.

v. Payment of Partial Claim due to Assumption

When the Borrower no longer owns the Property, the Partial Claim becomes due and payable.

At the time of the assumption, the Mortgagee must acquire an official Partial Claim payoff letter from [HUD's Servicing Contractor](#).

vi. Exercise of Due-on-Sale Clause

When a prohibited sale or transfer of the Property occurs, the Mortgagee must enforce the due-on-sale clause by:

- submitting a variance request to ~~the National Servicing Center (NSC)~~ **HUD** via EVARS to accelerate the Mortgage, provided that acceleration is permitted by law; and
- accelerating the Mortgage if approval is granted.

vii. Acceleration of the Mortgage

(A) Requests for Acceleration

The Mortgagee may request approval from ~~the NSC~~ **HUD** to accelerate Mortgages for assumptions made:

- without credit approval; or
- where HUD assumption requirements are not met and the Borrower cannot or will not comply with HUD's requirements at the time the assumption is discovered.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Assumptions (12/30/2025)(08/19/2024)

(B) Acceleration Not Permitted

The Mortgagee may not accelerate for the assumptions when:

- acceleration for assumption without credit approval is prohibited by state law;
- the seller retains an ownership interest in the Property; or
- the transfer is by [devise or descent](#) (with or without a will).

viii. Communication with Borrowers Regarding Assumptions

Upon any inquiry by a seller regarding HUD's assumption requirements or upon learning that an assumption has occurred, the Mortgagee must:

- attempt to obtain the forwarding address of the selling Borrower;
- advise the selling Borrower to update the mailing address as needed; and
- advise the selling Borrower that any existing PACE obligation that remains with the Property must be fully disclosed to the buyer in accordance with applicable law (state and local) and made part of the sales contract.

ix. Reporting of Defaults on Assumed Mortgages to Consumer Reporting Agencies

If an assumed Mortgage goes into Default, the Mortgagee must not report these Defaults to consumer reporting agencies for former Borrowers, whether those Borrowers remain legally liable for the mortgage debt or have been released from liability. The Mortgagee must notify any Borrowers that remain liable for the mortgage debt that the assumed Mortgage is in Default.

3. Programs and Products - Hawaiian Home Lands Mortgages (Section 247 Mortgages) (10/01/2025)(07/01/2025)

c. Hawaiian Home Lands Mortgages (Section 247 Mortgages) (10/01/2025)(07/01/2025)

i. Reporting of Delinquent Mortgages

(A) Standard

The Mortgagee must report in Single Family Default Monitoring System (SFDMS) the [Delinquency/Default Status Codes](#) that accurately reflect the stage of delinquency or mortgagee action.

In addition, the Mortgagee must notify the State of Hawaii Department of Hawaiian Home Lands (DHHL) each month of:

- which Section 247 insured Mortgages on Leaseholds of Hawaiian Home Lands are 30 or more Days Delinquent on the last Day of the month; and
- the status of Mortgages that were reported as Delinquent the previous month.

(B) Contact Information for Submission of Reports

The Mortgagee must complete its Default reporting in SFDMS to meet its DHHL reporting requirements.

(C) HUD's Loss Mitigation Program

The Mortgagee may offer the following Loss Mitigation Options to eligible Borrowers with Section 247 Mortgages:

- ~~SFB Unemployment; and~~ **Repayment Plans;**
- ~~FHA-HAMP Loan Modifications; Forbearance;~~
- **Standalone Loan Modification; and**
- **Outside of the Waterfall Loan Modification (OWL).**

~~If the resultant front-end ratio of the modified Mortgage is greater than 40 percent, the Borrower is not eligible for loss mitigation.~~

Due to Hawaii state law prohibitions on the placement of junior liens on Properties secured by Section 247 Mortgages, the Mortgagee must not use Partial Claims with Section 247 Mortgages.

ii. Section 247 Assignments

(A) Standard

The Mortgagee may assign the Delinquent insured Mortgage and Note to HUD if all of the following conditions are met:

- the Mortgage has been in Default for 180 Days or more;
- when the Mortgage is 90 Days Delinquent, the Mortgagee has notified DHHL of the Default in writing;

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Hawaiian Home Lands Mortgages (Section 247 Mortgages) (10/01/2025)(07/01/2025)

- the Mortgagee has conducted or made a reasonable effort to arrange the [Interview](#) at least 30 Days before the application for assignment is submitted, unless exempt; and
- the Mortgagee has evaluated the Borrower for loss mitigation in accordance with HUD guidance.

The Mortgagee must not foreclose on or approve a Pre-Foreclosure Sale (PFS) or Deed-in-Lieu (DIL) transaction on Section 247 Mortgages; the only disposition option available to the Mortgagee is assignment.

(B) Endorsement on Original Note

To assign the Note to HUD, an authorized agent of the Mortgagee must sign the following endorsement on the original Note: “All right, title and interest of the undersigned to the within credit instrument is hereby assigned to the Secretary of Housing and Urban Development of Washington, D.C., their successors and assigns.”

(C) Lost Note Affidavit

If the original Note cannot be located, the Mortgagee must submit the [Lost Note Affidavit](#).

iii. Submission of Title Evidence Package and Servicing Records for Assignment

(A) Standard

Prior to filing [Hawaiian Home Lands Mortgages \(Section 247 Mortgages\) Claims](#) for insurance benefits, the Mortgagee must submit the title evidence package and servicing records to HUD for approval.

(1) Title Evidence Package

The Mortgagee must:

- mail the original Note endorsed to HUD in the format required by form [HUD-27011](#), *Single Family Application for Insurance Benefits*, Part A, to HUD's ~~National Servicing Center~~ at:

Attn: Section 247 Assignment
Oklahoma City Field Office, ~~NSC~~
U.S. Department of HUD
301 NW 6th Street, Suite 200
Oklahoma City, OK 73102; and

- upload the following into P260:
 - o digital copy of the Note showing the most current endorsement to HUD;

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Hawaiian Home Lands Mortgages (Section 247 Mortgages) (10/01/2025)(07/01/2025)

- o Transmittal Letter, indicating the name and telephone number of the person HUD is to contact for more information about the submission;
- o Mortgage with evidence of recordation by DHHL;
- o recorded Consent to Mortgage signed by DHHL;
- o recorded intervening assignments of Mortgage, if any;
- o recorded Assignment of Mortgage (AOM) to HUD with required warranty;
- o copy of Borrower's Homestead Lease and recorded Lease Assignments and Amendments, if any; and
- o recorded Mortgage Insurance Program Rider to the Homestead Lease.

(2) Servicing Records

The Mortgagee must upload the following into P260:

- copy of form [HUD-27011](#);
- copy of Title Submission Certification;
- proof of request to endorse fire policy;
- mortgage history commencing from date of first payment;
- copy of signed Management Review Checklist, plus all supporting servicing records;
- initial DHHL notification letter; and
- evidence of loss mitigation efforts.

(B) HUD Review

After receiving the original Note and reviewing the title documents and servicing records, HUD will either:

- issue an assignment acceptance letter to the submitting Mortgagee through P260; or
- reject the submission in P260 and:
 - o if the title documents contain deficiencies, HUD will provide the Mortgagee 30 Days to cure such deficiencies; or
 - o if the servicing records contain deficiencies, HUD will provide the Mortgagee with an explanation for rejection, as applicable.

The Mortgagee may appeal the rejection in P260.

iv. Reconveyance to Mortgagee

If the claim has been paid and HUD does not accept assignment of the Mortgage and Note, HUD will:

- reassign the Mortgage to the Mortgagee;
- reject the submission in P260; and
- request repayment of the claim amount.

3. Programs and Products - Insured Mortgages on Indian Land (Section 248 Mortgages) (01/01/2025)

d. Insured Mortgages on Indian Land (Section 248 Mortgages) (01/01/2025)

i. Face-to-Face Interviews

The Mortgagee must have a face-to-face interview with the Borrower or make a reasonable effort to arrange a face-to-face interview no later than the 61st Day of delinquency.

(A) Face-to-Face Meetings Not Required

The Mortgagee is not required to conduct a face-to-face interview if:

- the Borrower has clearly indicated that they will not cooperate with a face-to-face interview; or
- the Borrower's payment is current due to an agreed-upon **R**epayment **P**lan or Forbearance Plan; and
- a reasonable effort to arrange a meeting with the Borrower is unsuccessful.

(B) Arranging a Face-to-Face Interview

(1) Standard

To arrange the face-to-face interview, the Mortgagee must:

- make at least one telephone call to the Borrower;
- send one letter certified by the U.S. Postal Service as having been dispatched; and
- make one trip to visit the Borrower at the mortgaged Property.

The Mortgagee must provide the following in each attempt to arrange the face-to-face interview:

- the availability of face-to-face interviews; and
- how to schedule the interview.

(2) Required Documentation

The Mortgagee must document in its Servicing File all attempts in contacting the Borrower to arrange a face-to-face interview, information about the interview, and any decisions or follow-up needed as a result of the interview.

ii. Information Provided to the Borrower

(A) Standard

The Mortgagee must inform the Borrower of the following:

- that information regarding the status and payment history of the Borrower's Mortgage may be made available to credit bureaus and prospective creditors;
- other available mortgage assistance, if any; and

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Insured Mortgages on Indian Land (Section 248 Mortgages) (01/01/2025)

- contact information for the FHA Resource Center (1-800-CALLFHA (1-800-225-5342) and answers@hud.gov) and that the FHA Resource Center is prepared to accept calls from persons who are deaf or hard of hearing, as well as individuals with speech or communication disabilities.

(B) Required Documentation

The Mortgagee must note in its Servicing File when and how the Borrower was informed of the information above.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 222 Mortgages (03/31/2022)

e. Section 222 Mortgages (03/31/2022)

Authority for Mortgages insured under Section 222 of the National Housing Act was repealed on July 30, 2008. The following policies apply for existing Section 222 Mortgages, for which Mortgage Insurance Premiums (MIP) are paid by the servicemember-Borrower's branch of the military service until the servicemember's eligibility is terminated.

i. Requirements for Section 222 Mortgages

(A) Military Branch Responsibility

The military branch is responsible for payment of MIP on a Section 222 Mortgage when the Borrower is:

- a certified servicemember at the time of application; and
- the owner of the Property at the time of FHA endorsement.

(B) Establishing Eligibility

The servicemember-Borrower must submit the original and two copies of a written certification of a servicemember's eligibility, issued by the servicemember's commanding or personnel officer, with their application for mortgage insurance under Section 222. The respective service branch determines benefits eligibility.

ii. Sale of a Property Covered by a Section 222 Mortgage

When a servicemember-Borrower sells the mortgaged Property, the Mortgagee must complete a Mortgage Record Change in [FHAC](#).

(A) Sale of Mortgaged Property to Another Eligible Servicemember

If a mortgaged Property is sold to another eligible servicemember who assumes the Section 222 Mortgage, the Mortgagee must request from the assumptor written certification from their service branch of their eligibility for a Section 222 Mortgage.

If the Mortgagee fails to provide this certification to HUD when requesting insurance, HUD will hold the Mortgagee, and not the service branch, responsible for payment of MIP. The Mortgagee should continue to collect premiums from the servicemember-Borrower and pay the premiums to FHA.

(B) Collection of MIP from Servicemember Assumptor

When a mortgaged Property is sold to another eligible servicemember who will assume the Section 222 Mortgage, the Mortgagee must continue to collect premiums from the assumptor until advised by FHA that the service branch will be responsible for future premiums.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 222 Mortgages (03/31/2022)

If the Mortgagee has been paying the MIP as a result of prior termination of the service branch's responsibility for payment of premiums, the Mortgagee must continue to collect premiums from the servicemember-Borrower and pay the premiums to FHA.

iii. Mortgage Insurance Premium Payments upon Notice of Termination

Under Section 222, HUD does not require the Mortgagee to collect MIP from the Borrower or to remit premiums to FHA until advised by FHA that the service branch will no longer pay the premiums.

When FHA is notified that the mortgaged Property has been sold or that the servicemember has been discharged, retired, or has died, FHA will:

- request confirmation from the service branch of the termination of MIP; and
- notify the Mortgagee to begin collecting MIP from the servicemember-Borrower.

iv. Continued Payment of Mortgage Insurance Premium by Service Branch When Servicemember Dies on Active Duty

The service branch is responsible for determining continued eligibility of servicemember-Borrowers. If a servicemember-Borrower dies while on Active Duty and is survived by a spouse, the service branch will be responsible for the following:

- continuing to pay MIP on the Mortgage until two years after the servicemember's death or until the spouse disposes of the Property, whichever occurs first;
- notifying FHA when eligibility terminates; and
- paying MIP until confirmation of the termination is received by the FHA Comptroller. FHA will notify the Mortgagee of its responsibility for payment of the MIP.

v. Loss Mitigation for Section 222 Mortgages

The Mortgagee must evaluate all applicable Loss Mitigation Options for Section 222 Mortgages.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Good Neighbor Next Door (03/31/2022)

f. Good Neighbor Next Door (03/31/2022)

i. Owner-Occupancy Term

The Good Neighbor Next Door (GNND) participant must live in the Property as their sole residence for an owner-occupancy term of 36 months, beginning on one of the following dates:

- 30 Days after closing if the home requires no more than \$10,000 in repairs before occupancy;
- 90 Days after closing if the home requires more than \$10,000, but not more than \$20,000 in repairs; or
- 180 Days after closing if the home requires more than \$20,000 in repairs prior to occupancy.

(A) Annual Certification

(1) Standard

GNND participants must certify on form [HUD-9549-D](#), *Good Neighbor Next Door: Sales Program*, every year of the owner-occupancy term that they are living in the Property.

HUD's Loan Servicing Contractor will mail form HUD-9549-D to the GNND participant. The GNND must sign, date, and return the form according to the instructions in the letter.

(2) Failure to Return Certification

If the GNND participant fails to complete and return the annual certification, HUD will take action to determine whether the GNND participant still meets program requirements. These actions include, but are not limited to:

- referral to an investigator, who may perform an on-site visit to verify the occupancy of the Property; and
- referral to HUD's Office of Inspector General (OIG) for further investigation and possible prosecution.

(B) Term Interruption Requests

When the GNND participant requires an interruption to the owner-occupancy term, the Borrower may request approval for a term interruption from HUD.

The GNND participant must submit a written and signed request at least 30 Days before the anticipated interruption to HUD's [Servicing Contractor](#). The request must include the following information:

- the reason(s) why the interruption is necessary;
- the dates of the intended interruption; and
- a certification that:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Good Neighbor Next Door (03/31/2022)

- the GNND participant is not abandoning the home as their permanent residence; and
- the GNND participant will resume occupancy of the home upon the conclusion of the interruption and complete the remainder of the 36-month owner-occupancy term.

(C) Active Duty Military Service

Eligible GNND program participants who are also military service members protected by the SCRA are not required to submit their written request to HUD 30 Days in advance of an anticipated interruption, but must submit their written request as soon as practicable upon learning of a potential interruption.

HUD may grant exceptions to the occupancy requirement for participants who are called to Active Duty service. These participants must notify ~~the NSC~~ HUD when Active Duty military service would require temporary relocation outside of the commuting area of the Property purchased under the GNND program.

(D) Failure to Complete Owner-Occupancy Term

If the GNND participant sells their home or stops living in the home as their sole residence prior to the expiration of the owner-occupancy term, they will owe HUD the amount due on the second Mortgage as of the date the Property is either sold or vacated.

ii. Second Mortgage and Note Servicing

HUD's [Servicing Contractor](#) is responsible for the servicing of GNND second Mortgages.

GNND Participants must submit requests for subordinations, payoff amounts, mortgage releases, or other servicing information to HUD's Servicing Contractor.

(A) Subordinations

To request subordination of a GNND Mortgage, the GNND participant, or the Closing Agent responsible for closing the new Mortgage must:

- contact HUD's Loan Servicing Contractor to receive a Subordination Information Sheet; and
- submit the required documentation, as listed in the Subordination Information Sheet, to HUD's Loan Servicing Contractor.

(B) Payoffs

To pay off a GNND Mortgage before the expiration of the owner-occupancy term, the GNND participant must submit to HUD's Loan Servicing Contractor a request for a Payoff, including the following information:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Good Neighbor Next Door (03/31/2022)

- GNND participant's name;
- full property address;
- estimated date of Payoff;
- name, address, telephone number, and return fax number of the entity requesting the Payoff; and
- signed permission of the GNND participant to collect this information.

(C) Releases

At the end of the required owner-occupancy term, HUD will release the GNND second Mortgage as long as all of the following conditions are met:

- The GNND participant has completed and returned the required annual certifications.
- The GNND participant is not currently under investigation by OIG.
- The GNND participant is in compliance with all GNND regulations.

HUD's Loan Servicing Contractor will prepare this release and file the mortgage satisfaction with the GNND participant's local county recorder's office.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Homeownership and Opportunity for People Everywhere for Homeowners (09/26/2022)

g. Homeownership and Opportunity for People Everywhere for Homeowners (09/26/2022)

The Housing and Economic Recovery Act of 2008 amends the National Housing Act to authorize the temporary Homeownership and Opportunity for People Everywhere (HOPE) for Homeowners Program (also referred to as the H4H Program). Under the program, a Borrower facing difficulty paying their Mortgage was eligible to refinance into an affordable FHA-insured Mortgage. The H4H Program was effective for endorsements on or after October 1, 2008, through September 30, 2011.

i. HUD Contact

Mortgagees should contact HUD's [Servicing Contractor](#) for questions related to servicing or satisfaction of H4H Exit Premium Mortgages (EPM).

ii. Annual Premium

The Mortgagee must collect the annual premium at 0.75 percent of the Base Loan Amount. The Mortgagee must follow standard FHA guidelines for the cancellation of the annual premium.

iii. Voluntary Termination of Mortgage Insurance

The Borrower and Mortgagee may mutually request termination of mortgage insurance. The Borrower will not receive a refund of any Upfront Mortgage Insurance Premium (UFMIP) received by HUD and will remain obligated for the exit premium and appreciation Mortgages.

iv. Sale and Payoff

Upon sale or other disposition of the Property securing an H4H Mortgage, the Borrower must satisfy HUD's equity interest, if not already satisfied through refinance. HUD is entitled to its respective percentage of the initial equity amount as stated in the EPM, even if there are no net proceeds or if net proceeds are negative.

Upon receipt of a payoff request, HUD's [Servicing Contractor](#) will calculate the payoff amount for its equity interest and issue a payoff demand to the Closing Agent.

v. Refinancing

HUD will permit the refinancing of an H4H Mortgage subject to the requirements established in this section. In the event of any refinance of the H4H Mortgage, the Borrower must pay to HUD its full equity interest as stated in the EPM.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Homeownership and Opportunity for People Everywhere for Homeowners (09/26/2022)

HUD will permit the refinancing into another conventional loan product no earlier than 12 months from the date of closing on the H4H Mortgage. The Borrower may refinance if:

- the refinance results in a 30-year amortizing fixed rate Mortgage with a Principal and Interest (P&I) payment that is lower than the P&I payment due on the existing H4H Mortgage;
- the proceeds from the refinance are sufficient to pay off the percent of initial equity due to HUD; and
- the cash received by or on behalf of the Borrower is limited to the Borrower's applicable percentage of initial equity created by the H4H Mortgage, as stated in the EPM, any earned equity the Borrower has accrued, and any appreciation.

vi. Default and Loss Mitigation

The Mortgagee may utilize HUD's Loss Mitigation Program for H4H Mortgages, subject to the following special considerations.

(A) Loan Modifications

HUD will subordinate the EPM to the modification of an H4H Mortgage completed in accordance with HUD's Loss Mitigation Program.

(B) Partial Claim

For a Partial Claim Note, HUD does not require subordination of the EPM.

(C) Pre-Foreclosure Sale

The Mortgagee must include the total dollar amount of the EPM in the total debt calculation for the negative equity ratio calculations.

(D) Deed-in-Lieu

HUD will accept a [DIL](#) subject to the EPM lien.

vii. Exit Premium

(A) Definition

Initial equity is the lesser of:

- the appraised value at the time of the H4H loan origination less the original principal balance on the H4H Mortgage; or
- the outstanding amount due under all existing Mortgages less the original principal balance on the H4H Mortgage.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Homeownership and Opportunity for People Everywhere for Homeowners (09/26/2022)

(B) Standard

In the event of refinance, sale, or other disposition, HUD is entitled to receive the following percentage of initial equity:

Year	% of equity to be paid to FHA
During Year 1	100% of equity
During Year 2	90% of equity
During Year 3	80% of equity
During Year 4	70% of equity
During Year 5	60% of equity
After Year 5	50% of equity

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Nehemiah Housing Opportunity Grants Program (03/31/2022)

h. Nehemiah Housing Opportunity Grants Program (03/31/2022)

Title VI of the Housing and Community Development Act of 1987 established the Nehemiah Housing Opportunity Grants Program (NHOP), which authorized HUD to make grants to nonprofit organizations enabling them to provide Mortgages to families purchasing homes constructed or substantially rehabilitated in accordance with a HUD-approved program. The program was funded by Congress in 1989, 1990, and 1991. It is no longer an active program as grant funds were exhausted in April 1991. HUD's [Servicing Contractor](#) handles the satisfaction of liens still outstanding from this program.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Servicing FHA-Insured Mortgages for Servicemember-Borrowers (03/31/2022)

i. Servicing FHA-Insured Mortgages for Servicemember-Borrowers (03/31/2022)

i. Servicemembers Civil Relief Act

The [Servicemembers Civil Relief Act of 2003](#) (SCRA) as amended by [Public Law 108-189](#), effective December 19, 2003, provides legal protections and debt relief for persons in Active Duty military service. The following protections apply to the servicing of FHA-insured Mortgages:

- mortgage relief;
- termination of leases;
- protection from eviction;
- 6 percent cap on interest rates;
- stays of proceedings; and
- reopening Default Judgments.

(A) Relief Provisions for the Military

SCRA provides legal protections and debt relief for persons in Active Duty military service the criteria for which are established in [50 U.S.C. App. § 3911](#). Dependents of servicemembers are entitled to protection in limited situations. “Dependents” is also defined in [50 U.S.C. App. § 3911](#).

(B) Obligations and/or Liabilities Prior to Entering into Active Military Service

(1) Interest Rate Cap

(a) Standard

Obligations or liabilities incurred by a servicemember and/or servicemember’s spouse jointly before entering into active military service must not bear interest at a rate in excess of 6 percent per year during the period of military service and one year thereafter (unless superseded by updates to the SCRA Act), in the case of an obligation or liability consisting of a Mortgage, trust deed, or other security in the nature of a Mortgage.

(b) Required Documentation

The Mortgagee must apply the interest rate cap if it receives from the servicemember the documents listed below no later than 180 Days after the date of the servicemember’s termination or release from military service:

- a written notice;
- a copy of military orders calling the servicemember to military service; and
- orders further extending military service, if any.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Servicing FHA-Insured Mortgages for Servicemember-Borrowers (03/31/2022)

(c) Mortgagee Implementation

The Mortgagee must limit interest to 6 percent per year effective the date on which the servicemember is called to military service. Only a court may grant exceptions if the ability of the servicemember to pay interest upon the obligation or liability at a rate in excess of 6 percent per year is not materially affected by being in military service.

(2) Reduction of Monthly Payments

When interest must be reduced to 6 percent on an FHA-insured Mortgage due to SCRA, the Mortgagee may calculate interest due for the period of Active Duty on a per diem basis or permit the lower interest rate for the entire first and last months of service.

(a) Mortgagee is Notified of SCRA Applicability

Where the servicemember notifies the Mortgagee of their eligibility for SCRA protection, the Mortgagee must:

- advise the servicemember or representative of the adjusted amount due;
- provide adjusted coupons or billings; and
- ensure reduced payments are not returned as insufficient.

(b) Mortgagee is Not Notified of SCRA Applicability

Where the servicemember does not notify the Mortgagee of their eligibility for SCRA protection and submits a reduced payment, the Mortgagee must:

- attempt to contact the Borrower or representative to determine whether the Borrower is on Active Duty; and
- return insufficient payment if appropriate explanation is not provided and otherwise in compliance with HUD guidance.

(C) Verification of Military Service

The Mortgagee may request a statement of military service from the U.S. Department of Defense's [Servicemembers Civil Relief Act \(SCRA\) website](#).

ii. Postponement of Foreclosure

(A) Reasonable Diligence Time Frame Calculation

When calculating deadlines to commence foreclosure or acquire Property by other means, the Mortgagee may exclude the period of time when the Borrower is in Active Duty military service. HUD does not consider postponement or delay in initiating a foreclosure while the Borrower is Active Duty military service a failure to exercise reasonable diligence.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Servicing FHA-Insured Mortgages for Servicemember-Borrowers (03/31/2022)

The Mortgagee may voluntarily withhold foreclosure with or without applying Partial Payments that advance the date of Default.

(B) Required Documentation

The Mortgagee must document any delays associated with compliance with the SCRA in the Servicing File and the Claim ~~Review~~ File.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

j. Section 235 Mortgages (03/31/2022)

Effective May 4, 2015, HUD removed the regulations for its Section 235 Program, which authorized HUD to provide mortgage subsidy payments to Mortgagees to assist lower-income families who were unable to meet the credit requirements generally applicable to FHA mortgage insurance programs. Authority to insure new Mortgages under Section 235 expired October 1, 1989. To the extent that any Section 235 mortgages remain in existence, or second mortgages for the recapture of subsidy payment pursuant to HUD's regulations governing the Section 235 Program, the removal of these regulations does not affect the requirements for transactions entered into when Section 235 Program regulations were in effect. A Borrower with an existing Section 235 Mortgage may still refinance the Mortgage.

Section 235 Mortgages have additional servicing requirements due to the Assistance Payment Contract. The Mortgagee must continue servicing Section 235 Mortgages in accordance with published guidance, preserved here verbatim. Mortgagees should direct questions regarding Section 235 Mortgage servicing to the [NSC](#).

i. Section 235 Mortgages

Formerly HUD Handbook 4330.1, REV-5, Chapter 10

10-1 GENERAL (24 CFR 235). Under the Section 235 program, HUD assists mortgagors in making their monthly mortgage payments by paying directly to the mortgagee a portion of the mortgagor's monthly payment as long as the mortgagor remains eligible for subsidy under this program.

Servicing of Section 235 mortgages is generally the same as that described in the previous chapters of this handbook for mortgages insured under other HUD programs, except this program has added requirements due to the assistance payments contract (Subpart C of 24 CFR 235).

- A. Mortgages Subject To Recapture (24 CFR, Part 235, Subpart C). Pursuant to a firm commitment issued on or after May 27, 1981, all or part of the assistance payments is subject to recapture under certain circumstances. (Recaptures and mortgagees' responsibilities with respect to recaptures are discussed in detail in Chapter 11).
- B. Reactivation Of Section 235. The Appropriations Act of 1984 reactivated the Section 235 program in accordance with Section 226 of the Housing and Urban Rural Recovery Act (HURRA) of 1983. The provisions of the reactivated program (which is known as Section 235 Revised/Recapture/10), are discussed in Paragraph 10-36.

10-2 CONTRACT FOR MONTHLY ASSISTANCE PAYMENTS (24 CFR 235). The terms and conditions of the assistance payment contract are contained in Subpart C of Part 235 of the HUD regulations. The issuance of the Mortgage Insurance Certificate (MIC), Form HUD-59100, to the HUD-approved mortgagee incorporates these provisions by reference to the contract between HUD and the mortgagee.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

- A. What Constitutes Execution Of The Contract (24 CFR 235.310). Issuance of form HUD-59100 constitutes execution of the contract for assistance payments with respect to that particular mortgage. The date of endorsement of the MIC does not affect the term of the contract.
- B. Date Contract Term Begins. The term of the contract begins on either the date of disbursement of the mortgage proceeds or the date the mortgagor occupies the property, whichever occurs later.

NOTE: “Date of disbursement” in this instance means the date the funds escrowed to assure completion (in accordance with Form HUD-92300, Mortgagee’s Assurance of Completion), have been disbursed.

- C. Date Contract Term Ends (24 CFR 235.345). The term of the contract ends on the first day of the month following the occurrence of one of the events listed under Paragraph 10-19.
- D. Definitions (24 CFR 235.5). Listed below are definitions of some of the terms used in this chapter as they pertain to the Section 235 program.
 - 1. “Family” or “Household” (24 CFR 235.5). These terms mean:
 - a. a pregnant woman, or two or more persons related by blood, marriage, or operation of law, who occupy the same unit;
 - b. a handicapped person who has a physical or mental impairment which is expected to be of a continued duration and which impedes his/her ability to live independently unless suitable housing is available; or
 - c. a single person, 62 years of age or older.
 - 2. “Adjusted Annual Income” (24 CFR 235.5). This term means the annual family income remaining after making certain exclusions from gross annual income as shown in 24 CFR 235. 5(a)(1), (2) and (3).
 - 3. “Gross Annual Income” (24 CFR 235.5). This term means the total income (i.e., before any adjustments, tax deductions or any other deductions), received by all members of the mortgagor’s household for those items listed in Paragraph 10-9.
 - 4. “Minor” (24 CFR 235.3). This term means a person under the age of 21 but shall not include a mortgagor or the spouse of a mortgagor.
 - 5. “Cooperative Member” (24 CFR 235. 325). This term means a person who is a member of a cooperative association which operates a housing project financed with a mortgage insured under Sections 213 or 221 of the National Housing Act and meets the conditions set forth under 24 CFR 235.325 and 235 330.
 - 6. “Active Contract”. This term means a Section 235 assistance payment contract that is not currently suspended or terminated.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

7. “Recertification of Family Income and Composition”. This term means the process for determining whether a mortgagor’s household;
 - a. continues to qualify for the Section 235 assistance now being received; and/or
 - b. is eligible for more or less assistance than is currently being received.

10-3 CONTRACT FOR MONTHLY ASSISTANCE PAYMENTS UNDER THE HOUSING AND URBAN RURAL RECOVERY ACT OF 1983. The Section 235 Revised/Recapture/10 Program provides for the following:

- A. an assistance payments contract executed by the mortgagee and HUD which includes the “Notice To Buyer”, signed by the mortgagors; and
- B. the mortgagee must submit to the local HUD Field Office having jurisdiction over the mortgage the completed and executed contract along with the closing package at the time of insurance endorsement. (HUD will execute the contract and return it to the mortgagee with the Mortgage Insurance Certificate.)

10-4 CONTINUING ELIGIBILITY FOR ASSISTANCE. Once the assistance payments contract has been executed and the mortgage insured, many of the initial eligibility requirements (such as owning other property, family size, etc.,) no longer restrict the mortgagor’s continuing eligibility for assistance.

- A. Requirements To Continue Receiving Assistance. In order to continue receiving assistance payments, the mortgagor must meet all four of the following conditions:
 1. Owner-occupancy Continues. Must be a mortgagor (as described in 24 CFR 235.315) or a cooperative member (as described in 24 CFR 235.325) and live in the mortgaged property;
 - a. Co-mortgagors. Where there are co-mortgagors, this requirement will be satisfied as long as one co-mortgagor lives in the mortgaged property.
 - b. Absentee Occupant. If a mortgagor is away from the mortgaged property for a period up to one year this requirement will be satisfied if the absence is due to circumstances beyond his/her control and the mortgagor has taken no action which would indicate this property is no longer his/her primary residence. Each case must be decided on its own merit as to whether the circumstances meet the occupancy requirement. If additional guidance is needed, the HUD Field Office having jurisdiction over the mortgaged property should be contacted. Examples of an “absentee occupant” may include, but not necessarily be limited to, a member of the armed forces, and/or a hospitalized mortgagor.

NOTE: Assistance payments must be suspended where the mortgagor:

- (1) actually collects rent for the mortgaged property;

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

- (2) vacates the mortgaged property for any reason other than for a temporary absence;
- (3) offers the property for rent or sale;
- (4) fails to make the mortgage payments after vacating the property;
- (5) rents another property which the mortgagor is occupying for any reason other than for a temporary absence (as described in (1) - (4) above) from his mortgaged property;
- (6) purchases and occupies another property (mortgagor or co-mortgagor)

- c. Appointed Trustee/Guardian. In the event of the death of the mortgagor and a trustee/ guardian was appointed as the only survivors were minors, this requirement may be satisfied if the appointed trustee/guardian lives in the mortgaged property with the surviving minors.
- 2. Contract Remains Active. Must be under an assistance payments contract that has not been suspended or terminated;
 - 3. Meets Income Requirements. Mortgagor has insufficient income to make the full monthly mortgage payment with 20 or 28 percent of income depending on the firm commitment date of the mortgage; and

NOTE: The 20 percent calculation applies to mortgages insured pursuant to a firm commitment issued on or before October 26, 1984. The 28 percent calculation applies to mortgages insured pursuant to a firm commitment issued on or after October 27, 1984.

- 4. Recertifies As Required. Recertifies as to occupancy, employment, family composition, and income at least annually and at such other times as required by HUD regulations 24 CFR 235.350.
- B. Basis Of Assistance Calculation. If the four conditions cited in Paragraph A above are met, only the amount of assistance remains to be calculated. This calculation is based on periodic recertifications of income, family composition, occupancy and employment as discussed in Paragraph 10-5.
 - C. Disclosure And Verification Of Social Security Number (SSN). The disclosure and verification of the SSN is an explicit condition of continued eligibility for Section 235 assistance. All mortgagors (and members of their households six years of age and older) are required to disclose and verify complete and accurate SSNs in connection with any recertification.
 - D. Verification Of The SSN Is A One-time Requirement. If a mortgagor provides the mortgagee with documentation to verify the SSN at the time of an annual recertification (October 1990), it is not necessary to provide the documentation to verify the SSN for any subsequent recertifications. However, disclosure of the SSN must be provided at the time of each recertification. Mortgagees must advise mortgagors of the requirements in writing.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

E. Documentation Requirements.

1. Documentation is required for each SSN disclosed. To document the SSN, all individuals should furnish a copy of a valid Social Security Card (SSC) issued by the Social Security Administration of the Department of Health and Human Services. (The SSN has nine digits separated by hyphens as follows: 000-00-0000).
2. In those cases where the individual is unable to provide a copy of a valid SSC, mortgagees may accept copies of any two of the following documents which would contain the SSN and the individual's identity:
 - a. A driver's license.
 - b. An identification card issued by a Federal, state or local agency.
 - c. An identification card issued by an employer or trade union.
 - d. Earnings statements or payroll stubs.
 - e. Bank statements or personal checks.
 - f. Internal Revenue Service (IRS) Form 1099.
 - g. Unemployment benefit letter.
 - h. Retirement benefit letter.
 - i. Life insurance policies.
 - j. Court records: such as marriage and divorce judgments or bankruptcy records.
 - k. Other documents that the mortgagee determines adequate evidence of a valid SSN.

F. Individuals who have applied for legalization under the Immigration Reform and Control Act of 1986 (IRCA) are an exception to the documentation requirements stated above.

1. These individuals have a SSN to disclose but will not have the copy of the SSC as documentation. Acceptable documentation from those individuals is a letter from the Immigration and Naturalization Service (INS) assigning them the SSN.
2. IRCA applicants generally applied for a SSC at the time they applied for amnesty. The Social Security Administration assigned these individuals a SSN and issued a SSC. However, this card was forwarded to INS and was placed in the applicant's file. INS sends a letter to IRCA applicants informing them that a SSN has been assigned and they may use it until they are granted temporary lawful resident status.

G. Unacceptable Documentation. Mortgagees may not accept documents that:

1. Are produced or completed by individuals, such as business cards, self completed wallet identification cards, or other store purchased cards. (People often purchase a plastic or metal SSC from companies or mail order firms.)
2. Have little or no importance, such as club membership or library cards.
3. Mortgagees have the discretion to include similar documents in this category.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

H. Invalid Or False Documents. A mortgagee may reject documents that are invalid or false. To be considered invalid or false, the document must fall under one of the following categories:

1. Invalid Social Security Numbers - Some individuals use invalid numbers taken from sample cards put in new wallets or from similar advertising.
2. False Documents - False Identification documents can be either counterfeit, altered, or impostors:
 - a. Counterfeit - A forgery of a genuine document or a copy of a document which may appear authentic but is not legally issued.
 - b. Altered - A genuine document that has had some identification changed to match the bearer. Most often the name, photograph, address or age and physical description are changed on altered documents.
 - c. Imposter - A genuine document obtained under false pretenses, or a blank genuine document stolen from the issuing agency.

I. Procedures For Rejecting SSNs Or Documentation. When a mortgagee suspects that it has been given an invalid or false document to evidence the SSN, it should notify the homeowner and require an explanation or additional proof of the SSN. If the additional documentation is questionable, the mortgagee may require the SSC be provided, or a duplicate card obtained if the original is not available. If the additional documentation does not satisfy the mortgagee that it is valid or genuine, the following actions must be taken:

1. The assistance payments contract must be suspended effective the 1st day of the first month after receipt of the additional documentation.
2. The assistance payments contract cannot be reinstated until the validity of the SSN can be verified. The mortgagee must advise the homeowner in writing of the action.
3. If the validity of the SSN is verified, the assistance payments contract is to be reinstated effective the 1st day of the month following receipt of the documentation.

J. Certifications.

1. If individuals disclose their SSN, but are unable to meet the verification requirement, a written certification must be executed by the individual to this effect. The certification should state the individual's name, SSN, and that he/she is unable to submit the documentation. The certification must be signed, and dated by each individual who does not have the documentation. If the individual is under 18 years of age, the certification must be executed by his/her parent or guardian.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

2. The individual then has 60 days from the date of certification to obtain necessary documentation to verify the SSN disclosed. If an individual is at least 62 years of age, the mortgagee may at its discretion, extend the period up to an additional 60 days (or 120) days after certification).
3. The mortgagee may refer the homeowner to the local Social Security Office so that he/she may complete and submit Form SS-5, "Application for Social Security Card," to request a duplicate Social Security Card.
4. If any individual has not been assigned a SSN, a certification executed by that individual is required. The certification should state the individual's name, and that he/she has not been assigned a SSN. The individual should then date and sign the certification. If the individual is under 18 years of age, the certification must be executed by/his parent or guardian. This certification is required annually. No further action is needed. A mortgagee cannot require an individual to apply for a SSN.

K. Criminal Violations.

1. Since the SSN was considered an administrative tool for many years, it was not considered necessary to have a penalty provision covering the fraudulent application for or use of a SSN. However, as time passed and the SSN came into broader use, the need to protect it became more apparent. Penalty provisions were added to the Social Security Act and are contained in 42 U. S. C. 408(f), (g) or (h). Violations of these statutes include
 - a. Providing false information to obtain a SSN.
 - b. Using a SSN based on false information to get a federally financed benefit.
 - c. Using someone else's SSN.
 - d. Misusing a SSN for any reason.
 - e. Making, possessing, buying, or selling counterfeit Social Security cards.
2. If documentation obtained indicates that the homeowner knowingly intended to deceive the mortgagee, referral of the information should be forwarded to the Office of Inspector General for the Department of Health and Human Services (DHHS) may be contacted by toll-free hotline: 1-800-368-5779 or by contacting a Regional Inspector General for investigation.

10-5 RECERTIFICATION OF INCOME, FAMILY COMPOSITION, OCCUPANCY AND EMPLOYMENT.

- A. Recertification Requirements. In an effort to fully apprise mortgagors of their responsibility and the importance of reporting all required information timely, mortgagees must notify mortgagors of the requirement not only at the time of the annual recertification but also at an additionally specified time within 30 days after the end of each calendar year. It is suggested that this be accomplished at the same time the mortgagor is provided a statement of the interest paid and the taxes disbursed from the escrow account during the preceding year.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

1. Requirement For All Mortgages (24 CFR 235. 350 and 235. 355). Mortgagees must secure recertifications of gross income, family composition, occupancy, and employment at least annually and as otherwise required by HUD regulations to ensure that the amount of assistance paid on behalf of the mortgagor is that which is authorized by statute.
2. Disclosure and Verification of Social Security Numbers (24 CFR 235.350(d)). Mortgagor must meet the disclosure and verification requirements for Social Security Numbers in connection with any recertification.
3. Requirement For Mortgages Insured On Or After January 5, 1976. The annual recertification must contain a statement of the total gross income (i.e., before adjustments and/or deductions) reported for all adult family members living in the household as shown on their last federal income tax returns.

NOTE: If the “total” gross income reported on their last federal income tax returns is “individually or collectively” more than 25 percent above the income reported on the recertification, the mortgagee must require a written explanation of the difference in income from the mortgagor.

- B. Recertification Form To Be Used. The only acceptable form on which mortgagors and their families may recertify is the Form HUD-93101, Recertification of Family Income and Composition, Section 235(b). The recertification must include the following:

1. the signature of at least one mortgagor;
2. the date of the signatures;
3. current income, total income for last 12 months and expected income for next 12 months of all family members;
4. names and addresses of sources of income for verification purposes; and
5. Social Security Numbers of all family members 6 years of age and older.

10-6 WHEN RECERTIFICATIONS ARE REQUIRED (24 CFR 235.350).

A. Annual Recertifications.

1. Date Recertification Must Be Performed. Except where the mortgagor has been recertified within 90 days prior to the anniversary (or arbitrary anniversary) date, the mortgagee must recertify the mortgagor at least annually on either:
 - a. the anniversary date of the first mortgage payment due under the mortgage; or
 - b. an arbitrary anniversary date established by the mortgagee for its entire portfolio of Section 235 mortgages.
2. Events Which Permit Recertification Anniversary Dates To Be Changed. Once established, annual and arbitrary anniversary dates are to remain constant except when:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

- a. the mortgage is recast;
- b. the mortgage is transferred to a new mortgagee or servicer; and/or
- c. prior written approval has been obtained from the local HUD Field Office where the mortgagee is located with a copy of such approval must be maintained in each individual case file. A copy must also be provided as an attachment to the Form HUD-93102 assistance payment request form notifying HUD Headquarters Office of Finance and Accounting's Subsidy Accounting Branch.

NOTE: When any of the above events occur, the mortgagee or servicer automatically has the option of:

- (1) using the anniversary date of the first mortgage payment due under the mortgage;
- (2) using the same arbitrary anniversary date (assuming an arbitrary date was being used) as the transferring mortgagee or servicer; or
- (3) selecting a different arbitrary anniversary date.

B. Intermittent Recertifications.

1. For Mortgages Insured Before January 5, 1976. Recertifications must be done within 30 days of the effective date of any "addition to" the adult family's "source of income". An "additional" source of income" may be due to, but not necessarily limited to, the following:
 - a. a family member (other than a mortgagor) may have reached the age of 21. If this family member was a wage earner, this would require that his/her wages now be taken into consideration when computing assistance payments;
 - b. an adult who did not work previously may have obtained employment;
 - c. an adult who had a job may have elected to get an additional part-time job; and/or
 - d. a family wage earner may have gotten married.
 - e. an adult wage earner joins the family through marriage.

NOTE: Unless the increase was due to a change in source, the mortgagor needs only to recertify at the next anniversary—at which time the increase must be reported to the mortgagee.

2. For Mortgages Insured On Or After January 5, 1976. Recertification is required within 30 days of the date when the total gross income increases by \$50 or more per month, regardless of whether the source changes.

It is the mortgagor's responsibility for providing this information to the mortgagee.

Mortgagors must be made aware that their failure to advise the mortgagee of an increase in income within the 30-day time frame could result in that mortgagor being required to repay a significant amount of overpaid assistance (24 CFR 235. 350(c)).

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

- C. Recertifications. At The Direction Of The Secretary Of HUD. The Secretary of HUD, and/or his designee, may require recertification any time there is reason to believe recertification is warranted (24 CFR 235.350(a)(3)).
- D. Optional Recertifications. At The Request Of The Mortgagor (24 CFR 235.355). The mortgagor has the option of requesting that the mortgagee accept a recertification any time there is a reduction (of any amount) in the adult family income.

Should the change not be made within the 30-day time frame due to the mortgagor's failure to notify the mortgagee, any increase in assistance resulting from income decrease will be made effective the first day of the month following the date the recertification is received by the mortgagee and not retroactively. (24 CFR 235.360).

1. Acceptable Reasons For Performing Optional Recertifications. The mortgagor may request an optional recertification due to, but not necessarily limited to, any of the following reasons:
 - a. an adult wage earner's death;
 - b. an adult wage earner moving out of the property;
 - c. an adult wage earner becoming unemployed; and/or
 - d. an adult wage earner's loss and/or reduction of overtime or salary.

NOTE: If the mortgagor is already receiving the maximum assistance allowed based on income (i.e., maximum allowed under Formula Two), the recertification requesting that assistance be increased need not be processed. However, the mortgagor must be advised, in writing, of the reason for the mortgagee's inability to increase the assistance payment.

2. Time Frame For Making The Request.
 - a. In the case of self-employed adult family members, the reduction must have continued for at least 90 days prior to the mortgagor's request for recertification. The best information available must be used to ensure that the reduced income has been in effect for 90 days. Assistance must not be based on the unsupported word of the mortgagor.
 - b. For mortgagors NOT self-employed, the reduction or loss of income must reduce the family income to less than the income that was used in computing the most recent assistance.
3. Time Frame for Mortgagee To Process Optional Recertification. The mortgagee must request on HUD Form 93101-A to make any assistance increase effective the first day of the month following the month the mortgagor's recertification is received.

10-7 ANNUAL RECERTIFICATION OF MORTGAGORS.

- A. Time Frame For Requesting Recertifications. Unless the assistance payments contract has been suspended or terminated, annual recertifications must be secured by the mortgagee:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

1. no earlier than 60 days before and no later than 30 days after the mortgage (or arbitrary) anniversary date; and
2. the HUD-93101-A must be received by HUD Headquarters Office of Finance and Accounting's (OFA's) Subsidy Accounting Branch no later than 45 days after the mortgage anniversary (or arbitrary anniversary) date.

NOTE: The Subsidy Accounting Branch (SAB) will identify as suspended the subsidy payments on cases when required annual recertifications are not received by the 45th day after the anniversary date. SAB will notify mortgagees by letter that an account has been identified as suspended.

When subsidy is identified as suspended by SAB due to untimely recertification, it will not be paid retroactively unless the HUD-93114 request for reinstatement and the HUD-93101-A are accompanied by a statement from the mortgagee. The statement must include the reason for mortgagee's failure to adhere to recertification requirements.

Assistance payments identified as suspended by SAB shall not be retroactively reinstated because a mortgagor failed to properly respond to a timely request from the mortgagee for recertification.

For examples of the effective dates of payment changes resultant from recertifications, see Paragraph 10-15C.

- B. "Reasonable Effort" Action Required Of Mortgagee. A reasonable effort must be made by the mortgagee to comply with the time frames shown in Paragraph 10-7A. In order for the mortgagee's actions to meet the "reasonable effort" requirement, the mortgagee's actions must include, but not necessarily be limited to, the following:

1. sending a written notice to the mortgagor, early enough to result in obtaining recertification no earlier than 60 days before and no later than 30 days after the mortgage anniversary (or arbitrary anniversary) date, which:
 - a. advises the mortgagor of the annual recertification requirement;
 - b. transmits a Form HUD-93101 that must be filled out and returned to the mortgagee;
 - c. advises the mortgagor that failure to return the completed HUD-93101 within the required time frame will result in suspension of subsidy payments;
 - d. advises the mortgagor that assistance payments will not be made retroactively and that the mortgagor will be responsible for making the full mortgage payment during the period of suspension;
 - e. advises the mortgagor that the reinstatement of suspended subsidy payments will not be effective until the first payment month which occurs after 30 days from the date of the mortgagee's receipt of HUD-93101 from the mortgagor; and
 - f. provides a telephone number and contact name to be used by the mortgagor to obtain responses to recertification questions.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

2. providing special help (whether requested or not) to mortgagors who are unable to recertify due to lack of education, language barrier, physical or emotional impairments.

NOTE: Mortgagees are expected to assist mortgagors in completing forms and/or advising relatives or community assistance agencies when mortgagors need assistance in filling out forms.

10-8 MORTGAGOR FAILS TO RECERTIFY WITHIN TIME FRAME (24 CFR

235.375(b)(4)). If the mortgagor fails to respond to the mortgagee's request for recertification within the required time frame, the mortgagee is required to request via Form HUD-93114 that the HUD Headquarters OFA's Subsidy Accounting Branch suspend assistance payments effective the first month after the date that the recertification was required.

NOTE: The Subsidy Accounting Branch will identify the case as suspended and will not pay assistance payments when a recertification is due and neither a HUD-93101-A nor a HUD-93114 is received from the mortgagee by the 45th day after the anniversary date.

- A. **Mortgagor Recertifies After Suspension.** If the recertification is received by the mortgagee after assistance payments have been suspended, the mortgagee must submit Form HUD-93114, together with HUD-93101-A, requesting that the assistance payments be reinstated as an adjustment transaction Code 2 on the next regular month's billing Forms HUD-93102 and HUD-300.

NOTE: The billing forms and all adjustment transaction documents (i.e., Forms HUD-93114, HUD-93101-A, HUD-93102 and HUD-300) should be submitted as one package to the Subsidy Accounting Branch for processing. The reason for the adjustment in Column 3 on Form HUD-300 should be noted as "Late mortgagor recertification".

The reinstatement will be effective on the first payment month which occurs after the date of the mortgagee's receipt of Form HUD-93101 from the mortgagor.

NOTE: No assistance will be paid for the period during which a recertification should have been received (i.e., 30 days after it was requested) and the date it was actually received.

- B. **Contract Suspended Due To Mortgagee's Failure To Meet "Reasonable Effort" Requirement.** In situations where HUD determines that the action taken by the mortgagee when contacting the mortgagor with regard to the recertification fails to meet the "reasonable effort" requirement (as stated in Paragraph 10-7B) and the assistance was subsequently suspended, the mortgagee must go back to that mortgagor and allow that mortgagor to recertify as long as he/she recertifies within 30 days of this second written request. The mortgagee must:

1. secure recertification and complete verification;

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

NOTE: If more than one recertification was missed, for each missed recertification the mortgagee must reconstruct family income as accurately as possible for each anniversary date.

2. make any resulting change in assistance effective retroactive to the period for each recertification in question; and
3. if the recertification results in overpaid assistance, careful consideration must be given in order to choose a method which will allow for the recovery of overpaid assistance that may have accumulated without creating an undue hardship on the mortgagor.

However, the mortgagee must immediately refund the total overpaid assistance amount to HUD. The overpaid amount should be included as an adjustment transaction on the next regular month's billing which should be accompanied by applicable Forms HUD-93114 (requesting reinstatement) and HUD-93101-A (recertifying income). The periods of overpayment (i.e., month and year) must be included in Column 3 of Form HUD-300. The reason for adjustment should be noted as "Late Recertification Request".

NOTE: When assistance has been suspended and a request for reinstatement is retroactive, the current monthly billing amount should be treated as a Code 1 transaction on Form HUD-300. The retroactive billing amount should be treated as a Code 2 adjustment transaction on Form HUD-300.

Both the reason for adjustment (i.e., late mortgagor recertification, recertification request; suspended in error, etc.) and the beginning and ending effective period (month and year) must be included in Column 3 of Form HUD-300. Failure to provide this information or failure to attach the required Forms HUD 93101-A and HUD-93114, as appropriate, will result in non-payment of the adjustment amount.

Disallowed adjustment amounts due to lack of documentation must be included on the next regular month's billing. The HUD Headquarters OFA's Subsidy Accounting Branch will process only one Form HUD-93102 for each billing period.

10-9 DETERMINING INCOME.

- A. Gross Annual Income (24 CFR 235.5(d)). Assistance is based on gross income which is made up of the total income (prior to any adjustments, taxes or other deductions) received by all members of the mortgagor's household.

NOTE: Members of the mortgagor's "family or household" are considered to be all persons living in the mortgaged property who are related to the mortgagor by blood, marriage or operation of law.

1. Income Sources Included. For the purposes of annual or other required recertifications which project income, the following sources must be included:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

- a. wages, child support, alimony, and rental income;
 - b. Social Security or welfare benefits;
 - c. retirement benefits, military and veterans' usability benefits;
 - d. unemployment benefits;
 - e. interest and dividend payments;
 - f. lottery winnings paid over extended periods; and
 - g. insurance benefits paid on a fixed schedule.
2. Income Sources Excluded. Income from the following sources must NOT be included:
- a. lump sum insurance benefits;
 - b. lump sum winnings from a lottery;
 - c. hospital or other medical insurance benefits;
 - d. bonuses and/or overtime (if they DO NOT represent a pattern of annual payments over a period of time);
 - e. food stamps;
 - f. scholarships; or
 - g. any unusual income such as payments made to Vietnam Veterans from the Agent Orange Settlement Fund.

NOTE: The Agent Orange Compensation Exclusion Act (Public Law 101-201) requires that none of the payments made to Vietnam Veterans from the Agent Orange Settlement Fund be considered income for the purpose of determining eligibility for or the amount of benefits under any Federal or federally assisted program. This requirement must be adhered to when processing Section 235 Annual or other required Recertifications of Family Income and Composition.

- h. any temporary income such as income of a wage earner from temporary employment that has been discontinued at the time recertification is taking place.
- B. Income Requiring Special Consideration. The mortgagee is to use the mortgagor's verified current income or the mortgagor's stated "expected income", WHICHEVER IS HIGHER.

"Expected income" is different from income received over the past 12 months (or year-to-date income) in that if there has been a recent increase in the mortgagor's (and/or family member's) hourly wage or salary, that new hourly rate or salary would serve as the basis for projecting the "expected income" for the next 12-month period.

1. Overtime Pay. Overtime pay must be included in the total income if the employer verifies that overtime is currently being paid on a regular basis regardless of whether the employee states (or fails to state) at the time of verification that the overtime is expected to continue in the future. If there is a continuing record of overtime work, the only time the overtime income is to be excluded is when the employer verifies that overtime will be discontinued.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

2. Self-Employment. Include in gross income all income listed on Internal Revenue Service's (IRS) Form 1040. When calculating the income of self-employed mortgagors, the deductions set out in Schedule C, Profit (or Loss) from Business or Profession, must be recalculated for HUD purposes. Salary or wage distributions for the mortgagor or co-mortgagor, depletion or depreciation) are not deducted from the gross business income for HUD purposes.

NOTE: For example, Schedule C is not the only form where self-employment income is claimed, farmers may have a Schedule F instead of a Schedule C. All sources of self-employment income must be included.

- a. Recalculate Business Income On IRS Form 1040. Mortgagees must recalculate the business income (Item 12 on IRS' Form 1040). If the recalculated income shows a loss, that loss cannot be used to offset other forms of income reported on Items 7 through 22 on IRS Form 1040.
 - b. Item 12 on the mortgagor's IRS Form 1040 may reflect a negative amount in some cases. However, when the mortgagee recalculates the Schedule C as prescribed in Paragraph 2a above, it could result in a positive amount to be included in income. Elimination of the deductions for depletion and depreciation may, from HUD's perspective, result in a business profit.
3. Special-Purpose Payments. These are payments made to the mortgagor's household that would be discontinued if not spent for a specific purpose. Payments which are intended to defray specific expenses of an unusual nature and which are expended solely for those expenses should not be considered as income. Examples include, but are not necessarily limited to, the following:
 - a. Medical Expenses. Funds provided by a charitable organization to defray medical expenses, to the extent to which they are actually spent to meet those expenses.
 - b. Foster Children. Payments for the care of foster children who are not otherwise related to the mortgagor's household by blood, marriage, or operation of law.

NOTE: Foster children are not considered members of the family. Therefore, no \$300 adjustments to income are to be made because of their presence.

- c. VA Educational Benefits and/or Scholarships. VA educational benefits and/or the proceeds of scholarships are not considered income to the extent the benefits or proceeds are actually used for educational expenses (i.e., tuition, books, lab fees, etc.). Any excess income after deducting actual educational expenses must be included as income.

NOTE: Costs of transportation to and from school or for cost of housing for living away from home to attend school are not considered educational expenses.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

- d. Payments In Kind. Items such as food stamps, meals, clothing, or transportation provided by the employer is not considered as income if used for that expressed purpose. However, cash reimbursement for any of these items is considered as income to the extent it continues when not spent to defray a specific expense.
- e. Insurance Benefits.
 - (1) Health/Accident/Disability Insurance.
 - (a) Premiums Paid By Mortgagor. Benefits received from policies where the mortgagor is both the insured and the beneficiary are not to be considered income if the mortgagor paid the premiums.
 - (b) Premiums Not Paid By Mortgagor. If these premiums were paid by someone outside the mortgagor's household (such as an employer), the benefits would be considered as income.
 - (2) Other Types of Insurance. The benefits of other type insurance policies would be considered as income if the benefits are paid in two or more installments unless they meet the test of special purpose payments as described in Paragraph 10-9B3 above.

Regardless of the type or reason for payment, insurance benefits paid in a lump sum are not to be considered income. However, if the mortgagor chose to invest any or all of the money from this lump sum payment, all interest (or other gain) from this investment would be considered as income.
- f. Earnings of Minors. Income of all family members within the mortgagor's household must be included in the family's total gross income which is used as a base for computing the assistance.

All income of all members of the family is included in gross family income. In arriving at the family's adjusted income, five percent of this total is subtracted before subtracting the earnings of minors. Note that only the earnings of minors are subtracted. Income of minors from sources other than earnings is not subtracted.

For example, income to a minor from a trust or an insurance policy is not earnings and is not subtracted. It is thus immaterial whether income other than earnings is paid to a minor or to an adult family member for the benefit of the minor. In neither case would it be deducted in arriving at adjusted income.
- g. Military Pay and Allowances. All cash payments to a member of the armed forces are considered as income, regardless of the reason for the payment, unless the payment is made only once and for a special purpose, such as a lump sum re-enlistment bonus.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

Many military personnel may exercise a degree of choice in some areas of compensation. For example, they may choose between eating in a government cafeteria without charge or receiving an allowance for rations in cash and paying for any meals consumed in the cafeteria. If the allowance is received in cash, it is income. Otherwise, it is not.

- h. Reimbursement for Expenses. If the family member's employment requires spending considerable time away from home on a regular basis and the employer provides reimbursement for the unusual living expenses incurred as a result, the reimbursement is not normally considered to be income.

Exceptions to this rule:

- (1) If the reimbursement is paid for periods other than when the employee is actually away from home, the entire reimbursement is considered as income regardless of whether the employee accounts to the employer for actual expenses and the reimbursement is fixed on a daily basis (or some other standard) and is inadequate to cover all normal living expenses; and
- (2) if the employee accounts to the employer for expenses, and the expenses equal or exceed the reimbursement, the reimbursement is not considered income. However, if the reimbursement exceeds the expenses, the excess reimbursement is considered income.

NOTE: Where expenses exceed the reimbursement, the amount not covered by the reimbursement cannot be deducted from the family's gross annual income.

10-10 VERIFYING INCOME. To calculate assistance payments, the mortgagor's verified current income, or the reported expected income, **WHICHEVER IS HIGHER**, must be used. The mortgagor's option to recertify is his/her only protection when there is a loss of income. When mortgagees fail to use the highest income reported, overpaid assistance results.

- A. Third-party Verification Required. Third-party verification of the mortgagor's statements, similar to that required when a mortgage is originated, is required at the time of each recertification.

EXCEPTION: Third-party verifications are not required for self-employed persons.

- B. Verification Not Available. Where third-party verification cannot be obtained and/or the mortgagor's statements cannot be reconciled with the verification, the local HUD Field Office having jurisdiction over the mortgaged property should be contacted for assistance in establishing the income.
- C. Unacceptable Forms Of Verification. Examples of unacceptable forms of verification include, but are not necessarily limited to, the following:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

1. Federal income tax returns or Forms W-2's (withholding tax forms), except for self-employed persons and where HUD has reviewed the case and has established that this would be the best information available;
2. where verifications have passed through the hands of the mortgagor and/or the person whose income is being verified; and/or
3. checks and/or pay stubs which show only the net amount of the check.

D. Acceptable Forms Of Verification. The most difficult part of income verification is determining that all sources of earned income have been reported by all members of the mortgagor's household.

1. Listed below, ranked in the order of preference, are acceptable forms of verification for earned income.
 - a. Pay Stubs and Checks. If these show gross income as well as net, these documents are considered to be the most reliable source of accurate information concerning recent income.
 - (1) Documentation for Preceding Six months Is To Be Requested. The most recent information available is to be used for recertifications. Salary information requested should include at least any pay stubs and/or copies of check(s) received by any household member just prior to the mortgagee's request as well as any checks or income received within at least the last six-month period.
 - (2) Each Source of Income Must be Documented. Care should be taken to assure that the mortgagor provides information with respect to each source of income. If a source is missing, one of the other forms of verification should be used with respect to that source.
 - b. HUD Form 92004-G Request for Verification of Employment. This form of verification is acceptable (or similar forms designed by the mortgagee to elicit the same information) only if it is delivered directly to and from the employer without passing through the hands of the mortgagor and/or the employee whose salary is being verified.

NOTE: If the HUD form is used, it should be modified to add, in the remarks section, a request for information about anticipated wage increases.

- c. Telephone Verification. While some employers may be reluctant to provide income information by telephone, they will usually verify that the mortgagor is or is not employed with that company. In using the telephone:
 - (1) Contact Designated Personnel. It should be established by the mortgagee that the person spoken to is either:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

- (a) the mortgagor's supervisor; or
 - (b) an employee of that company who has been authorized by that company to give out employment verifications.
- (2) Maintain Mortgagor's Privacy. The detailed reason for the call (i.e., to determine if the employee remains eligible for Sections 235 subsidy) should not be disclosed to any parties other than those described in the preceding paragraph.
- (3) Document Telephone Call. Each telephone call should be fully documented as follows:
 - (a) the date;
 - (b) the time;
 - (c) the parties of the conversation; and
 - (d) the information provided by the employer.
- d. Use of Standard Benefit Scales. Some localities have established that a family with a given composition receiving public assistance or unemployment compensation as its sole source of income must receive assistance in a set amount.

NOTE: Where this is the case, the income taken from the current schedule of benefits established by that source may be accepted as the family's income without individual verification of the benefits.

- e. Use of Public Housing Authority's Standard Minimum Income Scales. Some Public Housing Authorities have established schedules of minimum incomes for various occupations in their areas, especially those with fluctuating, seasonal, and irregular patterns. These schedules are based on experience indicating that workers in each of the covered occupations can be expected to earn at least a minimum each year under normal working conditions.
 - (1) Income Reported At Or Above Minimum Scale. If the mortgagor has stated an income at or above the minimum found in these tables, the mortgagor's statement may be accepted without further verification.
 - (2) Income Reported At Less Than Minimum Scale. Where the mortgagor can provide convincing evidence that a lower income is accurate, the lower figure may be used.
- 2. Income from Self-Employment. As noted in Paragraph 10-9 with respect to self-employment, the income of self-employed persons must often be adjusted to avoid reducing it for non-cash expenditures such as depletion and depreciation. Supporting documentation (such as statements showing deposits consistent with claimed income) should be obtained from self-employed mortgagors.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

- a. Audited Profit and Loss Statements. A copy of the latest audited Profit and Loss Statement may be requested from the mortgagor.

NOTE: Due to the expense involved, mortgagors are not to be required to obtain an audited Profit and Loss Statement for the sole purpose of the mortgagee using it for income verification to determine Section 235 subsidy. However, should a recent audited Profit and Loss Statement exist for other purposes, the mortgagee may require that a copy be provided for income verification.

- b. Unaudited Profit and Loss Statements. These are acceptable only if prepared by someone other than the mortgagor. Even then, they are of questionable validity as they are based solely on information provided to the preparer by the mortgagor. Any apparent discrepancy should be followed up thoroughly.
- c. Financial Statements. A financial statement is a picture of the financial condition of the business at a specific time. It must be noted that a financial statement does not provide information about the income of the mortgagor, but only serves as a basis for determining that the business can afford to pay the mortgagor what is claimed as earned income.

NOTE: When the self-employed mortgagor is a principal owner of a corporation, that person's income is generally a combination of salary and dividends on investment in the corporation.

In these situations, the corporation's undistributed earnings should also be considered as income of the mortgagor to the extent of that person's ownership.

3. Unearned Income. Income from sources other than employment or self-employment must also be verified, and there are probably as many ways to do this as there are different sources of income. It is left to mortgagees to determine the best source of information in each case.

E. Verification Not Required. Certain types of income need not be verified.

1. Minors. Incomes of minors (persons living in the household who are under the age of 21) need not be verified. Only the income of "adult" members of the family need be verified. "Adult" for this purpose is any mortgagor and spouse of any mortgagor (regardless of age) and any other person related to any mortgagor by blood, marriage, or operation of law who occupies the mortgaged property and is 21 years old or older.
2. Latest Verification Performed Within Last Six Months. On mortgages insured prior to January 5, 1976, income which has been verified within the six months preceding the mortgagee's receipt of the signed Form HUD-93101 need not be verified if:
 - a. the family members report no change in employers; and
 - b. the income reported is either the same as that verified earlier or reflects a change which was expected and/or verified as a part of the previous verification.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

3. Disqualifying Income. If either the current or expected income as reported by the mortgagor is adequate to enable the mortgagor to make the full monthly payment with 20 or 28 percent of income (depending on when the mortgage was insured), no further verification is necessary before suspending the assistance payments contract.

10-11 FAMILY COMPOSITION. Family composition need not be verified, but, all changes in the status of adult and family members must be questioned.

- A. Separations. Where a mortgagor has left the property due to a separation, the remaining mortgagor may certify as to the composition of the remaining portion of the household.
- B. Death. Normally, if there is no owner-mortgagor occupying the property, assistance cannot be paid. In the event of the death of one or more mortgagors, there could be a question as to both the title to the property and the mortgage obligation. The status may be even more uncertain if the only survivors are minor children.
 1. Obtaining Clear Title/Disposing of Property. Where the only survivors are minor children, it may be necessary to initiate court proceedings in order to have a guardian appointed for the purpose of clearing and/or disposing of the title of the property.
 2. Commencement of Assistance Payments. In the event of a death or separation leaving no owner-mortgagor, the mortgagee may begin billing for assistance immediately as though there had been an assumption at the time of the death or separation, provided the mortgagee can identify an individual who meets all of the following conditions:
 - a. is a member of the surviving family (even though he/or she may not have qualified as a “family” member for assistance purposes earlier);
 - b. will probably become the holder of title (either in his/her own name or in trust for one or more of the survivors);
 - c. will assume the mortgage obligation in the same capacity;
 - d. will occupy the mortgaged property with the survivors; and
 - e. will qualify for assistance within the limits prescribed for initial eligibility (see Paragraph 10-22).
 3. Establishing Eligibility. It must be recognized that to determine who will most likely inherit or be appointed as a guardian or trustee on behalf of the survivors before the estate is settled can only be based on assumptions. Once the mortgagee can reasonably determine who that individual will be and whether the conditions in Paragraph 10-11B2 have been met, eligibility must be established.

NOTE: Establishing eligibility need not be delayed until the disposition of title has been completed and the mortgage obligation is formally assumed by the new mortgagor.

Should it become evident that those assumptions are incorrect, the assistance payments contract must be suspended effective with the date of death or separation and any assistance paid in the interim must be refunded to HUD.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

10-12 COMPUTING ASSISTANCE (24 CFR 235.335). The maximum monthly assistance that can be paid by HUD is the lesser amount computed under two formulas, commonly referred to as “Formula One” and “Formula Two”. Instructions for these computations are given on Form HUD-93101-A under Section A and B.

- A. Formula One. The “Formula One” assistance payment is the difference between the full monthly mortgage payment (i.e., principal, interest, and all escrowed items) due under the mortgage and either 20 or 28 percent of the mortgagor’s adjusted monthly income. (See Section A and B of the Form 93101-A to determine how the assistance payment is computed.)

NOTE: The 20 percent calculation applies to mortgages pursuant to a firm commitment issued on or before October 26, 1984. The 28 percent calculation applies to mortgages insured pursuant to a firm commitment issued on or after October 27, 1984.

The “Formula One” payment must be recomputed whenever there is a change in the total payment or when there is a change in the income or family composition reflected in a recertification.

- B. Formula Two. The “Formula Two” assistance payment is the difference between the actual monthly payment to principal, interest, and the mortgage insurance premium (MIP) under the mortgage and the monthly payment to principal and interest (without the MIP) that the mortgagor would have to pay if the mortgage bore interest at some lower rate. Those lower rates vary, depending on when the mortgage was insured, as indicated below:

Date of Closing Note Rate	Note Rate	Interest Rate to Compute Second Element of Formula Two	P&I Factor per \$1,000 Term
8/9/68-1/4/76	No difference	1.00%	\$3.22
1/5/76-3/6/78	No difference	5.00%	\$5.37
3/7/78-3/8/81	No difference	4.00%	\$4.78
3/9/81 and later	13.50% or lower	4.00%	\$4.78
	13.75-14.00%	4.75%	\$5.22
	14.25-14.50%	5.50%	\$5.68
	15.00%	6.00%	\$6.00
	15.50%	6.75%	\$6.49
	16.00%	7.25%	\$6.83
	16.50%	8.0%	\$7.34
	17.50%	8.00%	\$7.34

10-13 INTERIM ASSISTANCE PAYMENTS. When it is impossible to complete the verification of all or part of the family’s income at the time of the effective date of a change in the assistance payment, the assistance payment should be temporarily adjusted, if appropriate,

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

based upon information provided by the mortgagor on Form HUD-93101 until all income can be verified or until the local HUD Field Office makes a decision as to the amount of assistance to be paid based on available documentation.

- A. Basis For Computing Interim Assistance Payments. Interim changes in assistance payments should be based on the highest family income figure which can be developed from any source (or sources) until the mortgagor's family income can be verified or a decision is made by the local HUD Field Office.
- B. Affect On Payments. Interim changes in assistance payments should:
 - 1. not result in overpayment of subsidy unless the mortgagor understates income;
 - 2. result in the Formula One assistance (after verification) being equal to or greater than the interim adjustment; and
 - 3. not affect Formula Two calculations as the Formula Two are not income related.
- C. HUD Assistance Requested. Whenever acceptable verifications cannot be obtained, the local HUD Field Office should be asked to make a decision as to the total family income to be used to determine the amount of assistance to be paid on behalf of the mortgagor.
- D. Documentation Needed. Requests to local HUD Field Offices for assistance in determining correct assistance should include:
 - 1. Form HUD-93101, Recertification of Family Income and Composition, Section 235(b);
 - 2. all income verifications received to date that pertain to this recertification, including summaries of any received verbally;
 - 3. copies of any correspondence related to the recertification or verification of income.
 - 4. a summary of any attempted verifications or reconciliation of differences may not have been made clear by the basic documentation; explain the problem encountered; and
 - 5. the names, addresses and telephone numbers of any income source identified by or for any family member.

10-14 FIRST MONTHLY ASSISTANCE PAYMENT. Where mortgage closings do not take place on the first day of a month, the first assistance payment on a new mortgage will normally be smaller or larger than subsequent assistance payments (depending on how interest for the first partial month is collected from the mortgagor).

If the interest is collected at closing or as a separate payment of interest only on the first of the month following closing, the initial assistance payment will be smaller. If the interest is collected as a part of the first full monthly installment, both that payment and the assistance payment will be larger.

In calculating this first assistance payment, the mortgagee's basic calculations are the same. Both "Formula One" and "Formula Two" assistance payments are to be calculated, but the mortgagor's income and the full monthly payment used in "Formula One" and the monthly

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

payments to principal, interest and MIP on the actual mortgage and to principal and interest on a mortgage at the appropriate interest rate used in “Formula Two” must be adjusted to reflect the number of days for which interest was actually collected.

10-15 ASSISTANCE PAYMENTS ADJUSTMENTS (24 CFR 235.360). Most adjustments take place as a result of changes in income or family composition reflected in a recertification or due to an increase in the full monthly payment required by the mortgage.

A. Adjustments. Assistance payment adjustments will be made either retroactively or prospectively as described below.

1. Retroactively. Assistance payments may be adjusted retroactively (i.e., adjusted back to the date the change should have taken effect). Payments may be adjusted retroactively under the following circumstances:
 - a. to correct errors or to include previously unreported income (i.e., \$50.00 increases);
 - b. to reinstate a suspended assistance payments contract when:
 - (1) there is an assumption and the assumptor is found eligible for assistance; or
 - (2) a foreclosure action is withdrawn;
 - c. when an “interim” assistance payment was put into effect in accordance with Paragraph 10-13; and
 - d. when directed to do so by HUD.
2. Prospectively. Most assistance payments will be adjusted prospectively (i.e., adjustments made effective within 30 days after the processing of recent or anticipated changes when reported by the mortgagor as required). These changes may be due to, but not necessarily limited to, the following:
 - a. changes in income or family composition reflected in a recertification; or
 - b. an increase in the full monthly payment required under the mortgage.

B. Computation Changes. “Formula Two” assistance payments change every twelve months (on the anniversary of the beginning of amortization) at the time MIP changes for the coming year.

NOTE: This adjustment must be made even when the mortgagee has established an arbitrary anniversary date for the purpose of processing recertifications.

C. Effective Dates Of Changes (24 CFR 235. 360). The effective date of payment change recorded in Block 19 on Form HUD-93101-A must be in accordance with the following schedule:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

Action Requiring Change	Effective Date
Annual recertification if mortgagor's share of payment increases	First day of first or second month after receipt of Form HUD 93101 at the mortgagee's discretion
Annual recertification if mortgagor's share of payment decreases	THE first day of the first month after receipt of Form HUD-93101
Reported increase in income	THE first day of the first month after the effective date of income increase
Reported decrease in income	The first day of the first month after receipt of Form HUD-93101
Change in total monthly payment required under the mortgage	The date of the monthly payment amount change
Change in "Formula Two" assistance due to an MIP change	The anniversary date of the beginning of amortization

10-16 ADVISING MORTGAGORS OF CHANGES. The mortgagee must notify the mortgagor of changes in assistance payments no less than 10 days before the due date of the first payment affected by the change.

- A. Required Advance Notice Not Given. Any time there is an increase in the mortgagor's share of the payment and the required 10-day advance notice cannot be given to the mortgagor, the mortgagee must arrange a schedule that is acceptable to both parties (must be one that is realistic and does not put an undue hardship on the mortgagor) for collecting any additional amounts that may become due before the 10-day advance notice period can be given.

NOTE: Payment schedule arrangements made between the mortgagor and the mortgagee should not result in overpaid assistance. The amount of assistance requested from HUD on Form HUD-93102 should be reduced effective on the effective date of payment change in accordance with the schedule provided in Paragraph 10-15C, regardless of when the mortgagee collects the higher mortgagor's share of the monthly payment amount.

- B. Written Notice To Mortgagor. The notice to the mortgagor should include, but not necessarily be limited to, the following information:
1. the total monthly mortgage payment, excluding items not required by the mortgage (such as premiums for life and/or disability insurance);
 2. HUD's share of the mortgage payment and whether it was computed under "Formula One" or "Formula Two";
 3. the mortgagor's share of that payment;
 4. any additional amounts that must be paid by the mortgagor in connection with the mortgage payment which was excluded in Item 1 above (such as premiums for life and/or disability insurance);

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

5. the monthly gross income used to calculate the assistance payment for the purpose of providing a bench mark to help the mortgagor know when to report increases of \$50 or more per month;
6. the due date of the first payment due from the mortgagor which reflects the increase.

10-17 RETENTION OF DOCUMENTATION (24 CFR 235.365). Form HUD-93114 and all other pertinent records must be in the mortgagor's case file for the life of the insured mortgage plus three years. In the event the mortgage is transferred to another mortgagee or servicer, and/or assigned to HUD, this documentation must remain a part of the mortgagor's case file and must be conveyed to the new mortgagee, servicer, and/or HUD which shall retain the entire case file for the life of the mortgage plus [seven] years. In addition, a mortgagee must transfer documentation noting the Borrower's preferred method of communicating or language preference in the event the mortgage is transferred to another mortgagee or servicer.

10-18 SUSPENSION OF ASSISTANCE PAYMENTS (24 CFR 235. 375).

- A. Events Which Require Suspension. Events listed below (and are also given under Item 15 of Form HUD-93114 require the suspension of assistance payments. Effective dates are also given as to when each is to be suspended.

1. When the mortgagor or cooperative member ceases to meet the occupancy criteria for continued assistance;

Effective Date: the first day of the month following the date the mortgagor or cooperative member ceased to meet the criteria;

2. The mortgagee determines that the mortgagor or cooperative member ceases to qualify for assistance payments because of income increases enabling the mortgagor or cooperative member to pay the full monthly payments using 20 or 28 percent (whichever applies) of the family income.

Effective Date: the date that the mortgagor received the increase in family income which enabled payment of the full monthly mortgage payment with 20 or 28 percent of the adjusted gross family income;

3. The required recertification of occupancy, employment, income and family composition cannot be obtained from the mortgagor.

Effective Date: For annual recertifications, the assistance payment contract must be suspended if the recertification Form HUD-93101 has not been received 30 days after the anniversary date, or the disclosure and verification of the Social Security numbers are not provided. For other required recertifications, the contract is suspended as of the first day of the month following expiration of the 30-day period given the mortgagor for recertification.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

NOTE: Assistance payments are not to be suspended when a mortgagor requests recertification due to a reduction in income (i.e., optional recertification), and then fails to recertify.

4. Mortgage obligation or cooperative membership is assumed by a party before eligibility has been established.

Effective Date: The first day of the month following the date on which the seller fails to meet the occupancy criteria as set out in paragraph, or the assumptor assumes the mortgage or cooperative membership, whichever is earlier.

5. Foreclosure is initiated.

Effective date: The first day of the month following the date the first legal action required by state law is taken by the mortgagee's attorney to foreclose on the mortgage.

- B. Suspension Notification Required. A notice shall be sent to the mortgagor advising of the suspension when:

1. the suspension of assistance payments is the result of a mortgagor being able to make the full monthly payment using the appropriate 20 or 28 percent of family income;
2. the mortgagor fails to submit a required recertification; or
3. the mortgagor fails to meet the disclosure and verification requirements for Social Security numbers in connection with a recertification.

- C. Content Of Suspension Notice. The notice to the mortgagor must include the following:

1. the date of the suspension;
2. the reason for suspension (as stated in Paragraph 10-18A);
3. the mortgagor's total required monthly mortgage payment;
4. a statement advising that for a period of 3 years immediately following the suspension, assistance payments may be reinstated at any time within that 3-year period if:
 - a. circumstances occur which would eliminate the reason for the suspension; and
 - b. provided that another event (listed in Paragraph 10-18A) has not taken place which would in itself require that the assistance payment contract continue to be suspended.

- D. Reinstatement Effective Dates. A suspended assistance payment contract shall be reinstatement as follows:

1. Suspension Due To Mortgagor's Non-occupancy Status. Assistance payments may be reinstated effective with the first monthly billing after the mortgagee receives Form HUD-93101 notification that the mortgagor meets the occupancy requirement.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

2. Suspension Due to Over-Income Mortgagor. Assistance payments may be reinstated effective the first day of the month after the mortgagee receives Form HUD-93101 notification that the mortgagor is no longer “over income” and meets all other continued eligibility criteria.

NOTE: Reinstatement may be as a result of a reduction in the mortgagor’s family income and/or due to an increase in the total monthly mortgage payment (such as an increase in amount being escrowed).

3. Suspension Due To Mortgagor’s Failure to Recertify. Assistance payments may be reinstated effective the first day of the month after the mortgagee receives the required Form HUD-93101.
4. Suspension Due To Mortgagor’s Failure to Disclose and Verify Social Security Numbers (24 CFR 235.375(b)(4)). Assistance payments may be reinstated effective the first day of the month after the mortgagee receives the social security number information.
5. Suspension Due To Initiation of Foreclosure. Upon the withdrawal of foreclosure action, assistance payments may be reinstated retroactively to the date of suspension provided that, during the period the assistance payments were suspended, the mortgagor continued to meet all other criteria for receiving assistance payments.
 - a. Negotiation of Reinstatement Terms. The terms of reinstatement of the mortgage (i.e., whether the delinquency is to be paid in a lump sum, or additional sums are to be paid each month until the mortgage is current etc. ,) may be negotiated between the mortgagee and the mortgagor. However, the terms agreed upon must be realistic and may not affect the monthly mortgage payment on which the Formula One assistance payment is based.
 - b. Reimbursement of Foreclosure Costs. Mortgagee retains the right to be reimbursed by the mortgagor for any costs incurred with respect to the withdrawn foreclosure action. However, these costs must be kept separate and apart from any Section 235 assistance. These costs may not be added to the monthly mortgage payment used to calculate the assistance payments and may not be billed to HUD as a separate item.

10-19 TERMINATION OF ASSISTANCE PAYMENT CONTRACT (24 CFR 235.375).

- A. Events Which Require Termination. Events are listed below (and also given under Item 16 of HUD-93114) which require the termination of the assistance payment contract:

1. when the contract of mortgage insurance is terminated;

EXCEPTION: The assistance payment contract is not terminated because HUD accepts an assignment of the mortgage.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

2. the mortgage is assumed by a mortgagor or cooperative member who is not eligible for assistance; or
3. the assistance payment contract has been properly suspended for three consecutive years without the subsidy being reinstated within that three-year period of suspension; or
4. when the assistance payment contract for Section 246 10-year mortgages terminate unless extended by the Secretary.

B. Termination Effective Dates. Assistance payment contracts terminated for the events cited in the preceding paragraph shall be made effective the first day of the month following the date of the event which requires the termination of the contract.

C. Contracts Terminated In Error. Where the assistance payment contract is terminated in error, the mortgagee shall reinstate the contract immediately upon discovering the error. Form HUD-93114 must be submitted with the box checked under Item 17(1). (Item 17(1) denotes “Terminated in Error” as the reason for the reinstatement.) Documentation of the error is to be retained in the mortgagor’s case file for the life of the mortgage.

NOTE: Once a Section 235 assistance payment contract has been properly terminated it may not be reinstated.

10-20 ESCROW ACCOUNTS. Basically escrow accounts for Section 235 mortgages are serviced the same as escrow accounts for other insured mortgages (i.e., in accordance with procedures discussed in Chapter 2). However, certain differences will be encountered. Mortgagees must determine which escrow items and/or what portion of the premium for an acceptable escrow item may be included in the total monthly mortgage payment prior to computing the amount of subsidy the mortgagor is entitled to under the Section 235 program. Guidance for making this determination is as follows:

A. Escrow Items Which May Be Included In Assistance Computations. Only certain items required under the mortgage may be included in the assistance computations. The escrow items that are acceptable, and the guidelines for determining the acceptable portion of the premium for that escrow item (if the entire amount cannot be included) are listed below:

1. Hazard Insurance. Only the cost of either the standard fire and extended coverage or basic homeowner’s policy may be included in the assistance calculations. If a basic homeowner’s policy is used, the mortgagee must be sure that any premiums for other items, such as cars, boats or other properties are not included in the assistance calculations. If the cost of the basic homeowner’s policy appears excessive, the mortgagee must contact the agent and establish the cost of a standard fire and extended coverage policy and use the lesser of the two.

NOTE: Do not include disability or life insurance premiums.

2. Flood Insurance. The entire premium may be included in the computation if the insurance is required by HUD or the mortgagee.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

3. Taxes. The entire amount for taxes and special assessments which are levied by a government body may be included in the assistance calculations. Caution, specified assessments may be payable over several tax years. Only the prorated portion due for a specific tax year may be included.

NOTE: Do not include ground rents, assessments by mortgagors' associations, and special assessments levied by persons or private organizations.

- B. Additional Disclosures Required Prior To Closing. Prior to closing, mortgagees must make mortgagors aware of the following:

1. the availability of any tax exemption (i.e., available to the mortgagor at the time of closing) for which the mortgagor may qualify;
2. that the responsibility for applying for the exemption is that of the mortgagor;
3. that their assistance payments will be computed based on the assumption that the mortgagor will be receiving the tax exemption for which they qualify;

- C. Adjustment Of "Excessive" Surpluses And Shortages. Where an escrow analysis reveals an "excessive" surplus or an "excessive" shortage, a retroactive analysis must be performed.

NOTE: Definition of "Excessive" Surpluses and Shortages. An "excessive" surplus or shortage is defined as any amount that is greater or less than requirements by more than 15 percent of the actual disbursements from the account during the most recent full year. Before applying the 15 percent rule, the mortgagee may add one-sixth to the actual disbursements if it has chosen to maintain the surplus permitted in Chapter 2 of this Handbook.

- D. When Retroactive Adjustments Are Required. Retroactive adjustments must be made at the following times:

1. When The First Analysis Is Performed After Settlement. If a shortage or surplus is discovered at this time, the shortage or surplus was probably caused by an incorrect amount being collected at settlement to establish the escrow account.

NOTE: If the cause is due to an improper amount being collected at settlement, HUD would not be billed for any portion of the shortage or refunded any portion of the surplus.

2. When The Escrow Analysis Reveals an "excessive" surplus or shortage Allowed (as stated in the "NOTE" under Paragraph 10-20C).
3. When The Mortgage Is Being Assumed Or Paid In Full. Any necessary adjustment revealed by the required escrow analysis must be made prior to completion of either of these transactions. However, if this is not possible and/or the mortgagee later discovers an adjustment should have been made for underpaid assistance, make the appropriate refund to the mortgagor and bill HUD for the underpayment amount

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

using an adjustment transaction Code 2 on the next regular month's billing Forms HUD-93102 and HUD-300. The specific reason for adjustment must be provided in Column 3.

For example, underestimated tax escrow. The beginning and ending effective periods of the adjustment (month and year) must be included in the reason for adjustment in Column 3 on Form HUD-300. A copy of the escrow analysis clearly depicting the cause of escrow shortage and the period must accompany Forms HUD-93102 and HUD-300.

4. When The First Escrow Analysis Of A Suspended Or Terminated Contract Is Performed.
 5. When A Prospective Adjustment Would Reduce Assistance To Zero. (A retroactive adjustment is required to confirm the proper suspension of the assistance payments contract.)
- E. Prospective Adjustments. Except as cited above, the mortgagee may exercise its option to make prospective adjustments.
- F. Adjustment Procedure. Regardless of whether the adjustment is to be prospective or retroactive, the procedure is the same:
1. Adjust the "Formula One" Assistance Payment.
 - a. Determine the exact amount needed in order to make proper disbursements as they become due;
 - b. Determine if there were any reported changes (i.e., valid recertifications submitted to the mortgagee) in the mortgagor's household income during the period for which escrow is being collected;
 - c. Recalculate the "Formula One" assistance payment for any period where the income differed;
 2. Verify Accuracy of the "Formula Two" Assistance Payment. If there was an anniversary of amortization during the period, the "Formula Two" payment should have been adjusted at that time because of the change in MIP. If no adjustment was made, the "Formula Two" payment must be recomputed for the period after that anniversary.

NOTE: A common error to look for when verifying Formula Two computations is the use of the wrong column in the Section 235 Factor Table Amortization Year - Formula Two when determining the anniversary factor. The first column on each page of this Factor Table is the factor for the first year (the origination factor) -- not the factor for the first recertification.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

For example, to compute the Formula Two assistance for the first annual recertification of a mortgage, the factor shown in the 2nd column would be the correct factor to use.

3. Compare the Two Results. For each period where the mortgagor's household income differed, the smaller of the recomputed "Formula One" assistance payment and the correct "Formula Two" assistance payment is the amount that HUD should have been billed. Total the correct payments for the entire disbursement period for which money was being collected and compare these payment amounts with the amounts actually billed. The difference is the overpayment or underpayment of assistance.

10-21 BILLING FOR ASSISTANCE/HANDLING CHARGES. In order to receive Section 235 Original, Revised, Revised with Recapture or Revised, Recapture/10 Program assistance payments and handling charges, mortgagees must submit billings to HUD on a monthly basis using an original and one copy of Form HUD-93102, Mortgagee's Certification and Application for Assistance or Interest Reduction Payments. Both the original and the copy of the Form-HUD-93102 must contain original signatures of an authorized mortgagee official.

NOTE: Only one Form HUD-93102 per mortgage will be accepted for processing each month regardless of the mortgagee's servicing organization or billing procedures. Form HUD-93102 will be returned unprocessed if it is not accompanied by Form HUD-300 detailing as required all billing amounts included in Blocks 1, 2, 3 or 5 on Form HUD-93102.

- A. Time Frame For Submitting Form HUD-93102. The Form HUD-93102 must be submitted to HUD (at the exact address shown on the back of the Form) no earlier than the 5th and no later than the 20th of each month in accordance with the instructions printed on the back of this Form.

NOTE: Adjustment amounts determined necessary subsequent to submission of a Form HUD-93102 for a given month must be included on the next regular month's billing on the Form HUD-93102 line(s) provided for billing adjustment amounts. Duplicate Forms HUD-93102 submitted in the same month will be returned to the mortgagee unprocessed.

- B. Submission/Completion Of HUD-93102.

1. A Single Form HUD-93102 For The Total of All Section 235 Program Assistance Payment Requests. One billing must be submitted on Form HUD-93102 which includes billing amounts for all Section 235 assistance payments due for either the Original program in Block 1, the Revised program in Block 2, the Revised with Recapture program in Block 3, or the Revised Recapture/10 program in Block 5. The billing must be submitted with an original and one copy of Form HUD-93102. Both the original and the copy must contain original signatures of an authorized mortgagee official. Failure to submit the original and a copy will cause payment processing delays.

NOTE: Mortgagees are no longer required to submit two separate Forms HUD-93102 for Section 235 assistance payments.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

The current Form HUD-93102, dated March 1988 must be used. Expired Forms HUD-93102 will be returned unprocessed.

If a billing is resubmitted for any reason, it must be clearly marked “Resubmission” on its face.

Payments will be made to the servicer identified in HUD’s records regardless of any directions to the contrary that may be inserted on the billing form. HUD will only send payments to the servicer of record. Form HUD-92080, Mortgage Record Change must be submitted in accordance with Chapter 6 to report a change of servicers.

2. Adjustments To The Regular Monthly Billing Amounts. The adjustment Line 2 in each Block 1, 2, 3 or 5 on Form HUD-93102 must be used to request retroactive payment of assistance for prior months.

Line 1 in Blocks 1, 2, 3 or 5 should include the total amount of assistance for the current billing period only.

Any billing amounts included on an adjustment Line 2 on Form HUD-93102 must be reflected as adjustment transactions using transaction Code 2 listed on Form HUD-300 should balance with the sum of the adjustment amounts on Lines 2 in Blocks 1, 2, 3 or 5 on Forms HUD-93102. Failure to verify that the adjustment amounts and the regular billing amounts on Form HUD-93102 balance with transaction code 1, regular billing and transaction Code 2, adjustment billing amounts on Form HUD-300 will cause payment processing delays.

3. Prior month billing amounts, adjustment transaction Codes 2. Prior month billing amounts must reflect the beginning and ending effective period (month and year) and an explanation of adjustment code in Column 3 as defined below. Any adjustment must also be supported by documentation requirements as defined below.

Reason for Adjustment	Adjustment Code	Documentation Required
Reinstatement of after suspension or termination in error	1	HUD-93114
Reinstatement after Borrower’s failure to recertify timely	2*	HUD-93114, HUD-93101-A
Handling charges returned due to mortgagee' failure to meet contractual obligations	3	None
Suspension	4	HUD-93114
Termination	5	HUD-93114
Escrow Shortage	6	Escrow Analysis
Escrow Surplus	7	Escrow Analysis
Income Increase	8	HUD-93101-A, HUD-93101

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

Reason for Adjustment	Adjustment Code	Documentation Required
Increase Decrease	9	HUD 93101-A, HUD-93101

NOTE: If more than one explanation of adjustment code applies to a single transaction, all applicable codes should be recorded in Column 3 on Form HUD-300 and all applicable documentation should be submitted.

Failure to identify the period of billing, the explanation of adjustment code or the documentation required, as defined above will cause non-payment of assistance for the affected cases. The mortgagee will have to re-bill non-paid cases on the next monthly billing. Payment may not be requested on a second bill for the same month.

Adjustment Code 2 must not be used in connection with the 7% interest penalty assessed due to fraud, misrepresentation and/or failure to meet contractual obligations. The 7% penalty must be submitted to HUD in accordance with Paragraph 10-29A.

- C. Submission/Completion Of Form HUD-300. A Form HUD-300, Monthly Summary of Assistance Payments Due Under Sections 235(b), 235(j), or 235(i), or of Interest Reduction Payments Due Under Section 236, must accompany the completed Form HUD-93102.

1. Mortgagees using facsimile versions of Form HUD-300 must include on the modified version, all data required on the actual Form HUD-300.
2. Any transaction Code 1, current month's regular billing amount which is more or less than the amount billed in the prior month must be supported by appropriate documentation as follows:

Reason for Change	Documentation Required
Case reinstated	Form HUD-93114 and unless suspended in error, Forms HUD-93101-A and HUD-93101
Income increase or decrease	Form HUD-93101-A
Monthly mortgage payment amount changed due to escrow shortage or surplus	A copy of the escrow analysis clearly depicting what caused the required decrease or increase in escrow (e.g., taxes underestimated by \$20 per month)

- D. Review For Billing Accuracy. HUD will review billings for propriety, legality and correctness. When a billing is received that is not signed by an authorized mortgagee official, not accompanied by a Form HUD-300, and/or requests amounts which cannot be reconciled to FHA/HUD case detail provided on Form HUD-300, it will be returned to

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

the mortgagee unpaid. No payment will be made until the mortgagee has submitted a corrected billing for that month.

When the amount billed for a case is more or less than the amount billed in the prior month, no payment will be made for the case unless the billing is accompanied by the required Form HUD-93101-A, escrow analysis, or HUD mortgage recapture approval letter, whichever is applicable.

When a mortgagee determines that an income increase is not retroactive, as reflected by the “effective date of payment change” entered in Block C (7) on Form HUD-93101-A (i.e., the mortgagor’s income increase was not received prior to the date that the mortgagee received the mortgagor’s recertification), a copy of HUD-93101 must be attached to the Form HUD-93101-A for accounting office verification of the overpaid subsidy determination.

When the effective date of payment change reflects that an income decrease is retroactive, Form HUD-93101 must be attached to Form HUD-93101-A for verification of the underpayment determination (also see Paragraph 10-31).

No payment will be made on cases when non-retroactive subsidy decrease, or retroactive subsidy increase amounts as described above are not documented for verification by attachment of both Forms HUD-93101-A and HUD-93101 to the billing Form HUD-93102.

Subsidy increases due to escrow shortage will not be paid for any case unless:

1. the billing is accompanied by an escrow analysis; and
2. for each escrow item disbursed which was included in the subsidy amount calculation, copies of the canceled checks and invoices for accounting office verification of the shortage computation are attached.

- E. Mortgagee Liability (24 CFR 235. 361(b)). Mortgagees are responsible for the accuracy of the billings and shall be held liable for fraud or false certification made on these billings (see Paragraph 10-28B). All billings must be signed by an authorized mortgagee official. Improper billings may result in the imposition of substantial financial penalties as the Program Fraud Civil Remedies Act applies to assistance payments.

NOTE: Mortgagee signing officials should give special attention to the meaning of the certification signed by authorized mortgagee officials on Form HUD-93102. The signing official is certifying, subject to the Program Fraud Civil Remedies Act, that:

1. the assistance payment amount requested for each case included in the bill has been correctly calculated both for the amounts and the periods claimed due in accordance with the provisions of this Handbook;
2. the bill does not include any amounts on behalf of mortgagors who have not complied with recertification requirements within the time limits specified in this Handbook, or in the manner set forth in 24 CFR 235. 350;

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

3. the bill does not include amounts on behalf of mortgagors not eligible for assistance in accordance with provisions set forth in 24 CFR 235 and as set forth in this Handbook;
4. no amount in the billing has been previously claimed in an outstanding bill, determined by HUD as not payable in a previous bill (i.e., determined not payable after a HUD review of required billing support documents) or paid in a previous bill;
5. supporting details, records and worksheets, together with a copy of the applicable billing are being held in the mortgagee's file; and
6. all aforementioned documents will be furnished or made available upon request of an authorized official of HUD or of the Comptroller General of the United States. A determination made upon review that certification to the above was false may result in the imposition of substantial financial penalties.

F. Receipt Of HUD's Payment. When a billing is submitted to HUD in accordance with outstanding instructions and within the time frame shown in Paragraph 10-21, payment should reach the mortgagee on or about the first day of the following month.

G. Monthly Billing. HUD will process payment for only one monthly billing form. Duplicate requests will be returned to the mortgagee unprocessed.

1. Monthly billings must be submitted on the current Form HUD-93102, dated March 1988 which may be obtained from the Government Printing Office. Obsolete Forms HUD-93102 will be returned unprocessed.
2. Recertifications of income which accompany the billing must be submitted on the current Form 93101-A, dated March 1990
3. Monthly billings should include:
 - a. the assistance amount due for the current billing period on Line 1 of the appropriate Block 1, 2, 3 or 5; plus
 - b. the assistance amount for any prior months the mortgagor was entitled to assistance but for which the assistance amount was not paid on a previously submitted Form HUD-93102 or included on an outstanding Form HUD-93102 on Line 2 of the appropriate Block 1, 2, 3 or 5; minus
 - c. adjustments for overpaid amounts due HUD which is also on Line 2 of the appropriate Block 1, 2, 3 or 5;
 - d. the net total of Line 1 and Line 2 on Line 3 of the appropriate Blocks 1, 2, 3 or 5; and
 - e. the summary total from Line 3 of Blocks 1, 2 and 3 in Block 4.

NOTE: Overpaid subsidy identified in response to HUD conducted mortgagee reviews requiring retroactive assistance payments reviews to be performed by mortgagees should not be included on the regular monthly billing. The required review must be completed within the time frame specified by HUD's (or its agent's) mortgagee review report. Overpayment must be submitted on a separate

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

billing clearly denoted in large print at the top of the billing as a “Retroactive Review Billing”.

This billing must be accompanied by:

- (1) a check made payable to HUD for the total overpayment amount; and
- (2) a mortgagee review findings report which lists in columns, the following information:
 - (a) the name of each overpaid mortgagor;
 - (b) the FHA case number;
 - (c) the month and year of the beginning and ending period of overpaid subsidy (i.e., 3/86-5/88);
 - (d) the overpayment amount;
 - (e) an explanation of:
 - i. the cause of overpayment (using explanations of adjustment codes from Paragraph 10-21);
 - ii. the date of the event which resulted in the overpayment; and
 - iii. the effective period of the adjustment.
 - (f) the mortgagee’s calculation of the overpayment amount; and
 - (g) attachments Forms HUD-93101-A, HUD-93101, HUD-93114 (one HUD-93114 to suspend the assistance payments and one to reinstate the assistance payments for retroactive suspensions resulting in overpayments) and/or escrow analyses as applicable to the explanation given for overpayment.

Copies of the check and Forms HUD-93102 and HUD-300 must also be sent to the appropriate HUD local Office that conducted the review.

H. **Rounding Off Billing Amounts.** At the option of the mortgagee, assistance may be billed in either of the following ways:

1. using the exact amount to which the mortgagor is entitled; or
2. using the amount arrived at after rounding off the exact amount to the nearest dollar (i.e., \$. 01-\$. 49 round down to zero; \$0. 50-\$. 99 round up to \$1. 00).

Regardless of which method is used when billing HUD, mortgagees must be consistent and must use the same method (i.e., rounding off or using the exact amount) must be used for all amounts billed and used when crediting the individual mortgagor’s account.

I. **Billing Of Handling Charges.** The mortgagee is entitled to a \$3. 00 handling fee per month, per active Section 235 mortgage account.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

10-22 ASSUMPTIONS. Assistance may be continued on behalf of an assumptor if that assumptor meets all qualifying requirements as of the day the mortgage assumption actually takes place (i.e., the day the mortgage is executed by the assumptor at closing).

- A. Assistance Eligibility. The information on Form HUD-93100-4 must reflect that, on the day of closing, the assumptor's status qualified him/her for assistance based on the eligibility criteria for new mortgagors.

NOTE: The assumptor's household is not required (as the original mortgagor was) to have five or more members if the property has four or more bedrooms.

- B. Additional Underwriting Requirements For Section 235 Assumptions. Assumptions of Section 235 mortgages are treated the same as those insured under any other section of the Act except for the following additional underwriting requirements:

1. where subsidy eligibility must be determined, the assistance application (Form HUD 93100-4) is to be reviewed before the credit application and, if assistance is to be authorized, the amount of assistance is to be used as income in the credit evaluation; and
2. if the firm commitment to insure the original mortgage or direct endorsement underwriter's credit approval was issued on or after May 27, 1981, the assumptor must sign, at closing, a note agreeing to pay any recapture of assistance that may be due HUD in order to satisfy this lien on the property (24 CFR 235.12). (See Chapter 11).

- C. Mortgagee Responsibility. In addition to enforcing the [HUD's creditworthiness requirements], when the mortgagee becomes aware there has been or will be an assumption, the following action must be taken:

1. make the assumptor aware that he/she may be eligible for assistance;
2. prepare the necessary documents to determine eligibility for assistance (if assumptor wishes to be considered for assistance);
3. where the assumptor appears to be eligible for assistance, processing must be delayed until the local HUD Office has determined whether assistance can be approved in order that any assistance may be considered in the credit analysis;
4. make the assumptor aware of his/her recapture responsibilities (as listed below) if the firm commitment (or direct endorsement credit approval) was issued on or after May 27, 1981:
 - a. there is an existing lien against the property in favor of HUD which shall remain there until satisfied;
 - b. the recapture will become due immediately due if he/she does not:
 - (1) qualify for assistance;
 - (2) agree to accept the assistance for which he/she qualifies;
 - (3) agree to execute a new note at closing;

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

- c. the recapture becomes due once the assumptor acquires title to the property. He/she will be held liable for the full amount required to satisfy HUD's lien on the property;
 5. where appropriate, take the necessary action to obtain and prepare the required documentation and collect the amount due HUD to satisfy the recapture lien in accordance with Chapter 11; and
 6. suspend the assistance payments contract if the mortgage is assumed before HUD approves the assumptor for assistance.
- D. HUD Responsibility. In addition to enforcing [HUD's creditworthiness requirements], when HUD becomes aware that there has been or will be an assumption, it will:
 1. determine the assumptor's eligibility for assistance;
 2. if eligible, determine the initial amount of assistance for which the assumptor qualifies;
 3. where appropriate, determine whether the assumptor's credit qualifies (if the case is not being processed by a direct endorsement mortgagee);
 4. where appropriate, take the necessary action to:
 - a. obtain and prepare the required documentation to determine the recapture amount due in order to satisfy the Section 235 lien;
 - b. collect and deposit the amount due HUD;
 - c. prepare the satisfaction of the recapture lien in accordance with instructions provided in Chapter 11;
 - d. obtain the signatures of an authorized HUD official and get the satisfaction notarized; and
 - e. forward the executed and notarized satisfaction to the mortgagee in accordance with instructions outlined in Chapter 11.
- E. Cut-off/Start-up Dates For Assistance. Assistance should be cut off and started as follows:
 1. When assumptors are approved before acquiring title:
 - a. subsidy will cease on behalf of the seller effective the first day of the month after he/she moves out of the property;
 - b. subsidy will begin on behalf of the approved assumptor effective the first day of the following month (i.e., the month after the seller moved out) PROVIDED the assumptor has moved into the property and has acquired title to the property by the effective date.

NOTE: For this purpose, the acquisition date may be considered as the date the deed was recorded unless the mortgagor can demonstrate an earlier date.

 - c. if the assumptor does not acquire title and occupy the property within 90 calendar days after the seller moves out, the assistance payments must be suspended.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

NOTE: Suspension will continue until the first day of the month after the assumptor has moved into the property and has acquired title to the property.

2. When assumptors are approved after acquisition of title:
 - a. subsidy will cease on behalf of the seller effective with the first day of the month after occupancy ends;
 - b. subsidy will begin on behalf of the assumptor effective (depending on the length of delay between the assumption and application for assistance) as follows:
 - (1) Delay of 90 Days or Less. If no more than 90 days elapse between title acquisition and application for assistance, payments shall be made retroactive to the first day of the month following title acquisition or occupancy of the property, whichever is later.
 - (2) Delays of More Than 90 Days. If more than 90 days elapse between title acquisition and application for assistance, payments shall be made effective from the first day of the month following application, PROVIDED the assumptor has title and occupies the property when the application is submitted and through the time that the application for assistance is approved.

10-23 DELINQUENCIES AND DEFAULTS. Mortgagees are expected to treat Section 235 mortgages in the same manner as other insured mortgages when they become delinquent. The mortgagor remains eligible for assistance until the mortgagee takes the first legal action required to initiate foreclosure or until some other event requires suspension or termination of the assistance payments contract.

- A. Partial Payments. Assistance payments for periods when the mortgagor fails to make his/her share of the mortgage payment are not to be considered partial payments of the mortgagor's share of the full monthly mortgage amount. HUD assistance payments must be accepted regardless of the amount or the length of the delinquency. Before foreclosure may be started, all partial payments of the mortgagor's share must be applied toward the unpaid monthly installments, beginning with the earliest unpaid installment.
 1. All assistance payments earned up to the time of the action to foreclose the mortgage must be billed for and applied to complete the monthly installments in the order in which they become due, e.g., to MIP, escrow, interest, and principal, beginning with the earliest unpaid installment. All unearned assistance payments should be applied as a reduction towards the amount billed HUD monthly on Form HUD-93102.
 2. Reinstatement of the account by the mortgagor may not be delayed pending receipt of earned but unpaid assistance payments, and those payments must be billed for promptly when the mortgagee decides to accept reinstatement from the mortgagor.

NOTE: The rules governing return of partial payments in Paragraph 7-9 apply only to the mortgagor's share of the payment, not to the portion that is paid by HUD.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

- B. Forbearance. Assistance payments are not affected by forbearance agreements. They are treated as partial payments as described in the preceding paragraph. During these periods, however, the mortgagor must maintain eligibility for assistance (i.e., by continuing to occupy the property, providing required recertifications, etc.) and the mortgagee must continue to make adjustments to the amount of assistance for which the mortgagor is entitled as though the mortgagor were making his/her portion of the monthly payments as required.
- C. Special Forbearance. Assistance payments are not affected by special forbearance agreements. The special forbearance agreement:
1. shall be prepared in accordance with instructions outlined in Paragraph 8-4; and
 2. shall include an additional provision recognizing that the assistance payments will continue to be adjusted as required under the Section 235 program;
- D. Recasting. When a Section 235 mortgage is recast, the monthly payment due under the mortgage as recast becomes the base for calculating both “Formula One” and “Formula Two” assistance payments. The new principal amount after recasting is considered the original mortgage amount for amortization purposes and the new maturity date governs.

NOTE: MIP is not affected by recasting. Regardless of the new unpaid principal balance, the MIP continues to be calculated on the original scheduled unpaid balances.

10-24 ASSIGNMENT TO HUD. Assistance payments are not affected by an assignment of the mortgage to HUD. The assistance payment contract shall remain in effect up to the date the assignment is filed for record.

NOTE: The last assistance payments for which the mortgage should bill HUD are those for the month immediately preceding the month in which the mortgage is assigned.

10-25 PREPAYMENTS. Section 235 prepayments shall be as follows:

- A. Partial. If partial prepayments have been applied to reduce future monthly payments (see Paragraph 5-3A2), both “Formula One” and “Formula Two” must be recalculated based on the revised payments.
- B. In Full. The last assistance payment payable will be for the month the mortgage was paid in full presuming the mortgagor was in occupancy and was the legal owner on the first day of the month.

10-26 TRANSFER OF SERVICING. A transfer of servicing has the following affect on a Section 235 mortgage:

- A. Assistance Eligibility. A mortgagor’s eligibility for assistance will not be affected;
- B. Recertifications. Annual recertification may be affected if:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

1. the mortgagees involved in the transfer use different anniversary dates for recertification; and
2. the transfer would result in a lapse of more than 15 months between recertifications.

C. **Additional Recertification Required.** Where the situation described in Paragraph 10-26B occurs, the new mortgagee or servicer must require recertification twice in the first year after acquisition—one on the anniversary date used previously by the former mortgagee or servicer and the second one on the anniversary date that is being used by the new mortgagee or servicer.

D. **Additional Notice To Mortgagor.** Within 10 days of the transfer, the new mortgagee or servicer must:

1. advise the mortgagor of the transfer of the mortgage; and
2. provide the mortgagor with the new recertification schedule.

NOTE: The above disclosures may be included with the notice of servicing transfer required by Paragraph 6-11B or sent as a separate notice. However, if the above disclosure is sent as a part of the normal notice required by Paragraph 6-11B when a mortgage is transferred, the notice must be received by the mortgagor at least 10 days before the due date of the first payment to the new mortgagee or servicer.

E. **Seller's/Purchaser's Servicing Responsibility.** When an insured mortgage is sold, the purchasing mortgagee succeeds to all rights and becomes bound by all of the obligations of the selling mortgagee under the contract of mortgage insurance. Purchasing mortgagees should be aware that they will be held fully responsible to HUD financially for errors or omissions on the part of the selling mortgagee (or its agents), discovered after the transfer is reported, even though those errors or omissions may have taken place before it was reported to HUD.

10-27 POSSIBLE VIOLATIONS OF LAW OR REGULATIONS. Mortgagees are not expected to seek out evidence of wrongdoing on the part of mortgagors. Neither are they expected to extensively investigate allegations of wrongdoing brought to their attention. However, if a matter can be reasonably explained and/or resolved without extensive investigation, those facts should be used in computing assistance.

A. **Mortgagee Responsibility.**

1. **General.** The mortgagee's actions taken independently of instructions from HUD must always be exercised with due care, using the best information available including recent information reflected in the mortgagor's recertification, with its supporting verifying data.
2. **Report Clues/Evidence of Mortgagor's Possible Wrongdoing.** Possible clues and/or evidence of possible wrongdoing on the part of the mortgagor are to be forwarded to the local HUD Office for whatever action it deems appropriate. Until notified by the local HUD Office as to the action that will be taken (if any), the mortgagee should

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

make the appropriate adjustments in assistance payments as instructed in Paragraph 10-27A1. Such clues and/or evidence may include, but are not limited to, the following:

- a. a verification of income showing a date of employment or an increase in income much earlier than the date(s) certified to by the mortgagor which cannot be reconciled;
 - b. an application for another type of loan which shows a new spouse with income and/or other additional sources of income not shown in the recertification;
 - c. a disclosure, during negotiation of a repayment plan to cure a default, that the mortgagor or other family members have income not reported in the recertification;
 - d. a name change of the person or a different person signs the recertification for which no reason is known;
 - e. the receipt of allegations from either identified or anonymous sources containing enough specific information that would lead a person to believe that the recertification might contain false information; and
3. Information Not to be Reported. The mortgagee is charged with acting on its own initiative, basing its actions on the best information available (as outlined in Paragraph 10-27A1), and for documenting its files as to why a particular action was taken.

The following are the examples of cases where the mortgagee shall take appropriate action including completion of all required retroactive recertifications and therefore, need not refer the case to HUD include, but not limited to, the following:

- a. where the mortgage was insured before January 5, 1976, and the mortgagor did not report an increase in income caused by a change in the source of income of any adult family member until the first normal recertification following the increase; and

NOTE: Reason for Not Reporting to HUD—A \$50 increase (or more) per month on these mortgages does not require an additional recertification. The assistance payments are adjusted at the time of the annual recertification effective as of the date the income increase occurred.

- b. where the mortgage was insured on or after January 5, 1976, and the mortgagor failed to notify the mortgagee of changes in total family income as noted in (a) above or the mortgagor did not report a \$50 increase (or more) per month in adult family income until the annual recertification and overpaid assistance resulted.

NOTE: Reason for Not Reporting to HUD—While the mortgagor is obligated to report a \$50 increase (or more) per month in adult family income when they are received, it was reported at the time of the annual recertification. Once the mortgagee learns that such an increase did go into effect and went unreported by the mortgagor, the mortgagee is to take the necessary steps to determine when the

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

\$50 (or more) income increased per month. Assistance must then be recomputed and the overpaid assistance refunded to HUD.

- B. HUD Field Office Responsibility. The HUD Field Office Manager will review any information sent in with respect to possible wrongdoing on the part of a mortgagor and will determine whether further investigation is warranted.
1. Where An Investigation Is Warranted. Where it is warranted, the Field Office Manager will take the necessary steps to refer a case to the appropriate HUD office for investigation.
 2. Where An Investigation Is Not Warranted. Where administrative action is appropriate and former investigation is not warranted, the Field Office Manager will notify the mortgagee, in writing, of its decision. Written instructions will also be provided to the mortgagee as to how it should proceed with the adjustment of the assistance payments.
- C. Office Of The HUD Inspector General. The actual conduct of investigations into possible fraud or referral of information to other agencies for further investigation and decisions relating to prosecution is the responsibility of the Inspector General. Mortgagees will not normally be advised of the progress of investigations and should make no assumptions as to their possible outcome and its impact on assistance payments.

10-28 CAUSES OF OVERPAID ASSISTANCE. Overpaid assistance exists anytime assistance is billed and paid for any amounts greater than those for which a mortgagee/mortgagor is entitled. Listed below are the most common situations which result in overpaid assistance:

- A. Mortgagee's Failure To Meet Contractual Obligations. This occurs when the mortgagee fails to meet its obligations under the assistance payments contract as follows:
1. requesting a handling charge on cases when recertifications have not been requested timely;
 2. failing to act in a timely manner when:
 - a. requesting a required recertification at the proper time;
 - b. recalculating assistance payments;
 - c. submitting Form HUD-93101-A and HUD-93114, as applicable;
 - d. adjusting subsidy payments when a recertification Form HUD-93101 is received containing information which requires suspension or adjustment of assistance payments billed;
 - e. retroactively calculating adjustments in assistance payments from the date of income increases and crediting overpaid assistance amounts to HUD when annual or interim recertifications reflect income increases;
 - f. timely requesting HUD to suspend assistance payments when mortgagors fail to respond to recertification requests within the specified time frame;

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

- g. requesting reinstatements to be non-retroactive when suspensions were due to mortgagors failure to timely respond to certification requests; and/or
 - h. verifying recertified income in the manner set forth in Paragraph 10-10.
- B. Mortgagee Fraud Or Misrepresentation. This occurs when:
 - 1. mortgagees falsify certifications on monthly billing Form HUD-93102 submitted to HUD for assistance payments (see Paragraph 10-21E); or
 - 2. any other fraud and/or misrepresentation in the Section 235 program.
- C. Mortgagor Errors Or Omissions. The most common mortgagor errors are failures (for whatever reason) to:
 - 1. report increases of adult family income of \$50 or more per month when the mortgage was insured on or after January 5, 1976;
 - 2. advise the mortgagee when the property is sold;
 - 3. advise the mortgagee when he/she no longer meet occupancy or some other basic eligibility requirement; and/or
 - 4. include an income source on a required recertification.
- D. Mortgagor Fraud Or Misrepresentation. When a mortgagor fails to include income amounts or sources, and/or misrepresents occupancy or other eligibility data, on a recertification in an attempt to receive assistance for which he/she is not eligible.

10-29 REPAYMENT OF OVERPAID ASSISTANCE (24 CFR 235.361).

- A. Overpayments Caused By The Mortgagee. The mortgagee must refund to HUD all overpaid assistance and all handling charges for each month during which there was an overpayment, plus interest computed at the rate of seven percent per annum on the entire amount from the date of the first overpayment when an overpayment results from the following circumstances:
 - 1. fraud or misrepresentation on the part of the mortgagee; and/or
 - 2. the mortgagee's failure to meet a contractual obligation, as described in Paragraph 10-28.

The total overpayment amount must be credited on the next month's billing on Form HUD-93102 and should include return of handling charges paid for each period of overpayment for each case. Form HUD-300, Column 3, must reflect an explanation of the overpayment cause and the affected beginning and ending period (month and year).

The 7% interest amount must be sent in a separate check made payable to HUD with an itemized listing of the 7% calculation and total interest due for each overpaid case. The check with the itemized listing should accompany the Form HUD-93102 billing.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

B. Overpayment Caused By Error. When an overpayment is caused by an error on the part of the mortgagee or the mortgagor only the overpaid assistance need be refunded. The mortgagee shall refund the overpaid assistance by:

1. reimbursing HUD the total overpaid amount on the next month's billing (on Form HUD-93102); and
2. collecting the overpaid assistance from the mortgagor in a lump sum or in installments while exercising due caution not to cause a default by the manner of collection selected (24 CFR 235.361(c)).
3. Only as a last resort should the mortgagee apply a mortgage payment or payments to the recovery of the overpaid amount.

NOTE: If the error which created the overpaid assistance was caused by the mortgagee then the mortgagee must repay HUD, however, HUD does not require the mortgagee to collect repayment from the mortgagor.

C. Mortgagor No Longer Obligated Under The Mortgage.

1. On cases where the mortgagor is no longer obligated under the mortgage, the mortgagee must send the mortgagor's last known address to the HUD Office having jurisdiction over the mortgage.
2. The Claims Collection Officer in the HUD Field Office is responsible for the collection activities.

10-30 CAUSES OF UNDERPAYMENTS. Listed below are circumstances which may result in underpayments and are the only causes for which a mortgagee may bill for underpaid assistance:

- A. math errors;
- B. using a wrong factor in calculating the "Formula Two" assistance payment;
- C. underestimating escrow requirements; and/or
- D. the mortgagee's failure to initiate an optional recertification after notification from a mortgagor of a reduction of income.

NOTE: Failure of a mortgagor to request an optional recertification at the time of a reduction in the income of an adult family member is not a justification to bill for an underpayment at a later date.

10-31 COLLECTING UNDERPAID ASSISTANCE. The total underpayment amount may be added to the next month's billing (on Form HUD-93102). Retroactive billings for underpaid subsidy must be accompanied by Forms HUD-93101-A and 93101, Form HUD-93114 requesting reinstatement of a suspension in error, or an escrow analysis with support documents as defined in Paragraph 10-21D.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

NOTE: Underpayment requests will not be paid when the required documentation does not accompany Form HUD-93102, or the explanation of adjustment is not provided on Form HUD-300 with documentation required as defined in Paragraph 10-21B3.

10-32 RECORDS MAINTENANCE (24 CFR 235.365 and 235.830). HUD Field Offices will periodically review mortgagee records to establish that assistance is being billed properly. These reviews will normally cover recertifications, verifications, billings, suspensions, terminations, documentation, and escrow analysis. In addition to the records maintenance required on other types of mortgages, mortgagees must have complete records to support the amounts billed each month on each mortgage from the time of origination through termination of assistance payments (also see Paragraph 10-17), including recapture of assistance where applicable (see Chapter 11). These records must be adequate to support every dollar of assistance billed. Where records do not exist to substantiate the amount of assistance billed, assistance will be considered overpaid and must be refunded unless the mortgagee can reconstruct adequate records to support the payments. For each case, the records must include:

- A. all initial applications (Forms HUD-93100-4) and required recertifications (Form HUD-93101 and 93101-A), with supporting verifications and other related documentation;
- B. all optional recertifications that resulted in changes in assistance, with supporting verifications and other related documentation;
- C. for each suspension, reinstatement, or termination:
 - 1. a Form HUD-93114;
 - 2. all individual escrow analyses related to overpaid or underpaid assistance; and
 - 3. individual ledgers (or other records) showing application of assistance to the account;
- D. all monthly billings (Forms HUD-93102) for assistance payments with supporting documentation for all adjustments for overpaid or underpaid assistance;
- E. for each monthly billing (Form HUD-93102), a case-by-case summary showing, for each case included in the billing, the following data elements:
 - 1. the date of endorsement for insurance;
 - 2. the original mortgage amount;
 - 3. the certified adjusted annual income used that month;
 - 4. the total mortgage payment that month;
 - 5. the “Formula One” calculation;
 - 6. the “Formula Two” calculation;
 - 7. the amount of assistance due;
 - 8. the explanation of adjustment code as provided in Chapter 10-21B3;
 - 9. the beginning and ending effective dates (month and year) of adjustment transactions Code 2;
 - 10. the handling charge; and
 - 11. the total bill.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

10-33 RESPONSIBILITY FOR TRANSFERRING RECORDS. Mortgagees acquiring mortgages from other mortgagees and/or changing servicers are fully responsible for records that should have been maintained by the selling/transferring mortgagee or servicer.

NOTE: If it is determined after a change of servicers that assistance has been overpaid, the servicer at the time of the discovery will be responsible for refunding the overpayment.

10-34 REPORTING TO HUD. For monitoring purposes, the following Section 235 reports are to be submitted to HUD Headquarters.

NOTE: These reports should not be submitted to Field Offices unless specifically requested.

- A. Reports On Recertifications. A Form HUD-93101-A must be submitted on each case recertified. The appropriate address is printed on the form.
- B. Ad Hoc Reporting. As needed, HUD will request information on the cumulative assistance paid on an account to date (i.e., from origination through termination of the assistance contract) to determine the amount of recapture due HUD in order to satisfy the recapture lien. Records must be maintained in such a manner as to enable the mortgagee to provide this information. Such information must be made available to HUD upon request.

10-35 INFORMATION TO MORTGAGORS (24 CFR 203.508(c) and 235.1001). Within 30 days after the end of each calendar year, the mortgagee must provide the mortgagor with a statement advising the following:

- A. the total amount of assistance applied to the mortgagor's account during the preceding year;
- B. the taxes and interest paid on the mortgagor's behalf during the year; and
- C. a notice as to the probable deductibility of interest payments using substantially the language shown below:

"If you itemize deductions on your income tax returns, please read this notice. Under Section 1.163-1(d) of Federal Income Tax Regulations, you, as the mortgagor, may deduct for Federal income tax purposes, only that part, if any, of mortgage interest payments made during the year which exceeded the amount of assistance payments made by HUD during the year. You are urged to contact your tax advisor or State and local tax offices for guidance regarding the deductibility of payments on your State or local income tax returns."

10-36 REVISED/RECAPTURE/10 PROGRAM (24 CFR 235.12). The Appropriations Act of 1984 reactivated the Section 235 Program as revised by the Housing and Urban Rural Recovery Act of 1983. Mortgages insured under Section 235 beginning in early 1985 are identified with case number suffixes (the last three numbers) 246, 346, and 546. The assistance payments contract on these mortgages is limited by the Housing and Urban Rural Recovery Act of 1983 to 10 years after mortgage origination. When the 10 year period ends, the mortgagee must terminate

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

the assistance payment contract, if there is not a request by the Department to continue such assistance. The assistance paid during the contract period is subject to recapture by HUD under certain circumstances. Procedures and requirements of these mortgages are the same as for other Section 235 mortgage except as indicated below:

- A. Documentation At Origination. Assistance payments on these mortgages are disbursed and monitored using an automated system. In order to set up a new case in the automated system, the HUD Field Office must have:
 - 1. the completed Mortgage Insurance Certificate indicating the FHA/HUD case number;
 - 2. the separate assistance payments contract which has been executed by both HUD and the mortgagee and the “Acknowledgement of Mortgagors”, signed by the mortgagors;
 - 3. the mortgage interest rate;
 - 4. the due date of the first principal and interest payment;
 - 5. the mortgagee and/or servicer’s complete name, address and mortgagee number assigned by HUD;
- B. “Formula One” Assistance. Under this program, the “Formula One” assistance payment is the difference between the full monthly mortgage payment and 28 percent of the mortgagor’s adjusted monthly family income (as opposed to 20 percent under earlier versions of the program). The actual assistance paid is still the lesser of the “Formula One” and “Formula Two” payments.
- C. Recapture Of Assistance (24 CFR 235.12). In addition to the limited term of assistance, these mortgages are distinguished by a provision for recapture of assistance when the property is sold. (See Chapter 11 for detailed recapture procedures.)
- D. Mortgage Assumptions. Mortgages insured under this program are assumable under the same conditions as are any other insured mortgages. However, mortgagors will not be eligible for assistance after the tenth anniversary of the first payment due under the original mortgage. Assumptors and potential assumptors should be advised of these limitations and how these limitations shall affect them.

NOTE: Allowable fees for assumptions of Section 235 mortgages are found in Chapter 4, Paragraph 4-4A3.

10-37 ALIEN MORTGAGORS. To be eligible for assistance, a mortgagor must be a citizen of the United States or an alien admitted for permanent residence.

- A. Citizenship/Permanent Alien Status Proof Required. Evidence of this eligibility must be submitted to the mortgagee whenever:
 - 1. there is a new application for assistance;
 - 2. an existing cooperative membership is purchased;
 - 3. an assisted mortgage is assumed;
 - 4. an assisted mortgage is assigned to HUD; or
 - 5. an assisted mortgage that has been in default is reinstated under 24 CFR 203.608.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

- B. Forms Of Acceptable Proof. When any of the events in the preceding paragraph occur, the mortgagee must ask the mortgagor to provide proof of eligibility based on citizenship. Acceptable proof may include:
1. a Birth Certificate;
 2. a United States Passport
 3. an Alien Registration Card (i.e., “Green Card”); or
 4. a Naturalization Certificate.
- C. Mortgagee Certification. The mortgagee must then certify that acceptable proof as stated in the preceding paragraph has been submitted by all persons from whom it is required. NOTE: If the mortgagee cannot make this certification, the assistance payments contract must be suspended and the mortgagor notified of the consequences.
- D. Fraudulent Or Invalid Documentation (24 CFR 235.361(b)). If the documentation should prove to be fraudulent, invalid or inadequate, the mortgagor will be required to repay all assistance payments to HUD. In addition, the mortgagee may be required to refund overpaid assistance payments, plus handling charges and interest.
- E. When Assistance May Be Reinstated. Assistance payments may be resumed at HUD’s discretion if all aliens not able to establish eligibility have moved from the property or have established eligibility.

ii. Recapture of Section 235 Assistance Payments

Formerly HUD Handbook 4330.1, REV-5, Chapter 11

11-1 GENERAL. The Housing and Community Development Acts of 1980 and 1981 changed Section 235 of the National Housing Act to allow the Secretary of the Department of Housing and Urban Development (HUD) to require recapture of all, or a portion of, the assistance payments made on behalf of mortgagors under Section 235(i) who obtain FHA-insured mortgages.

11-2 MORTGAGES AFFECTED BY RECAPTURE PROVISION (24 CFR 235.12(a)).

Section 235 mortgages are subject to a recapture where a firm commitment (or, under the Direct Endorsement Program, where the underwriter’s approval of the Mortgage Credit Analysis Worksheet) was dated on or after May 27, 1981.

- A. If the Firm Commitment date is on or before May 26, 1981, the first mortgage is not under the Section 235 Recapture Program, even though the settlement date occurred after May 26, 1981. The suffix of the FHA case number of mortgages insured under the first and second Section 235 Assistance Program allocations ends in the number five (5).
- B. If the Firm Commitment date is on or after May 27, 1981, the first mortgage is under the Section 235 Recapture Program, even though the suffix of the FHA case number may end in the number five (5). The suffix for mortgages insured under the Section 235 Recapture Program ends in the numbers fifty-six (56) and sixty-six (66).

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

- C. If the Firm Commitment date is on or after October 22, 1984, the first mortgage is under the Section 235 Revised/Recapture/10 Program. The suffix of the FHA case number for mortgages insured under the Section 235 Revised/Recapture/10 Program ends in the number forty-six (46). (Refer to paragraph 10-36).

11-3 METHOD OF SECURING REPAYMENT (24 CFR 235.12(d)). The mortgagor is required to execute, at the time of closing of the first mortgage, a second note and mortgage or deed of trust (referred to as the security instrument or the HUD lien), with addendum, in favor of the Secretary to secure repayment of the assistance. The property is pledged as security for the second mortgage (i.e., the recapture lien).

11-4 MORTGAGEE'S RESPONSIBILITY PRIOR TO INSURANCE ENDORSEMENT.

Upon making application with the mortgagee for assistance under the Section 235 program, the mortgagee shall make the mortgagor aware of the recapture provision by providing a copy of the "Notice To Buyer"

A. Contents Of "Notice To Buyer". This notice describes:

1. the provisions of the law which requires the repayment of all, or a portion of, the assistance payments which are paid on the mortgagor's behalf (and any subsequent assumptor of the mortgage) prior to the release of the second mortgage on the property;
2. the events which will "trigger" the recapture;
3. the formula used by HUD to determine the amount of recapture due to satisfy the second mortgage;
4. the importance of retaining all paid receipts and/or
5. bills relating to improvements made to a property; and
6. the financial responsibility that is acquired by an assumptor if the mortgage is assumed.

B. Mortgagor's Written Acknowledgement Required. At closing, the mortgagor must acknowledge that he/she has been made aware of the recapture provision by signing and dating an original and two copies of the "Notice To Buyer".

C. Position Of Lien. It is the mortgagee's responsibility to assure that the recapture lien, drawn in favor of the Secretary, is properly recorded in the appropriate position. The recapture lien may not be junior to any lien other than an FHA-insured first lien, unless:

1. there is a second lien held by a state or local government agency required by law to hold a second lien (such as a lien to secure repayment of funds advanced under a housing assistance program to make the initial cash investment or to assist in making mortgage payments); or
2. HUD has determined that it would be in the Secretary's best interest to accept a junior lien position.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

- D. Preparation Of Closing Documents. Upon approval of Form HUD-93100-4 on Section 235 cases subject to the recapture provision, the HUD Field Office will add the following paragraph as a condition to its firm commitment:

“Second mortgage with addendum, and note in the format prescribed by HUD to be executed and recorded for the maximum amount of assistance as established by Formula II which could be paid over the term of the mortgage. \$_____ (Amount to be entered on second note and mortgage (or deed of trust))”.

1. Security Instruments. Upon issuance of a firm commitment, the HUD Field Office having jurisdiction over the mortgage will instruct the mortgagee to modify the HUD-approved mortgage or deed of trust document for insured mortgages in that particular State to include the information for the Section 235 recapture mortgage or deed of trust, as follows:

- a. under the document caption, insert the words “with Addendum, for Repayment of Section 235 Assistance”;
- b. enter the words “the Secretary of Housing and Urban Development” as the mortgagee and delete any reference to a corporation;
- c. delete any reference to monthly installments;
- d. enter a statement that the principal sum of the mortgage will not exceed the amount computed under the note. The following language is acceptable:

“... but not to exceed an amount computed under the terms of a note executed by the mortgagor on _____; with interest, if any, according to the terms of the note.”;

- e. delete the two paragraphs relating to the payment of escrow items; and
- f. an addendum should also be added to provide for the special repayment provisions required by Section 235.

NOTE: The Note must be reproduced locally. HUD Field Office Counsel shall review model security instruments to be used to determine that they comply with local law and meet HUD requirements.

2. Information to be Inserted. The mortgagee completes these documents by inserting the following information:
- a. appropriate dates;
 - b. names;
 - c. property description;
 - d. interest rate (which will be the same as the rate on the first mortgage); and
 - e. the maximum amount of assistance that may be paid over the full term of the mortgage.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

NOTE: The maximum amount will be the “Formula II” assistance payment shown on the Application for Assistance, Form HUD-93100-4, Line G-7.

- E. Title Insurance. The title insurance does not need to recognize the junior recapture lien.
- F. Hazard Insurance. The Secretary does not need to be named as a payee in the hazard insurance policy.

11-5 REQUIREMENTS AT CLOSING. The originating mortgagee is responsible for the following at the time of closing:

- A. Execution Of Lien Documents (24 CFR 235.12(d)). The documents creating the lien in favor of the Secretary shall be executed at the same time as those creating the first lien.
- B. Identifying Costs. Costs associated with the transaction may be paid by either the buyer or the seller, subject to the usual underwriting restrictions on such costs. Costs associated with both mortgages may be shown on the same HUD-1, Settlement Statement, as long as the HUD-1 clearly reflects what the costs were for and which costs were paid by the seller and which were paid by the purchaser.

11-6 RECORDING THE LIENS. The documents creating the second lien should be delivered for recording at the same time as those creating the first lien. It is the mortgagee’s responsibility to assure that the liens are recorded in the proper order.

NOTE: Should the recapture lien be inadvertently recorded in first-lien position, HUD will agree to subordinate its lien to correct this error as the mortgagee’s lien will not be insurable if it is not in first-lien position.

11-7 INSURANCE ENDORSEMENT. The mortgagee’s lien is submitted for mortgage insurance endorsement in the normal manner, accompanied by the following documents: the executed, original “Notice to Buyer”; a copy of the Note in favor of the Secretary; and copies of the executed security instruments with evidence that the originals have been delivered for recording (unless the original, recorded documents have been returned before the case is submitted for insurance endorsement).

NOTE: The application for FHA insurance will not be processed unless it is accompanied by the Notice to Buyer.

- A. Where it is not customary for recorders to provide receipts for documents accepted for recording, the mortgagee’s certification will be accepted as adequate evidence that the original documents have been delivered for recording.
- B. When the original documents have been recorded and returned, they are to be forwarded immediately to the appropriate HUD Field Office with the original note in favor of the Secretary. They will be retained by that HUD Field Office until the lien is satisfied.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

11-8 GENERAL SERVICING. Servicing of the mortgage is governed by the procedures outlined in Chapter 10 until one of the events described in Paragraph 11-9 occurs which will “trigger” the recapture provision.

NOTE: Should the mortgagee find at any time that a case is not under the Recapture Program, but that a second mortgage (or deed of trust) with addendum and a note was executed by the mortgagor and recorded by the mortgagee, the mortgagee must contact the HUD Field Office, single Family Loan Management Branch. The insurance binder must be reviewed by HUD and a justification prepared for satisfying the HUD lien without calculating a recapture amount.

11-9 EVENTS TRIGGERING RECAPTURE PROVISION (24 CFR 235.12(a)). The recapture provision is “triggered” when any one of the following events occurs:

- A. a property is sold to a party not eligible for assistance;
- B. the mortgage is assumed by a party eligible for assistance but does not agree to accept assistance and/or assume liability for repayment of assistance paid on behalf of the seller (and previous mortgagors);
- C. a property is rented (or, in the case of properties with more than one unit, the owner’s unit is rented) for more than one year; or
- D. the mortgagor (or the mortgagor’s agent) requests that the Secretary’s lien be released.

11-10 FORMULA FOR CALCULATING RECAPTURE (24 CFR 235.12(b) and (c)). When the recapture provision is “triggered”, the amount of recapture shall be determined by HUD to be THE LESSER OF:

- A. the total amount of assistance paid on behalf of the mortgagor (and any previous mortgagors); or
- B. 50 percent of the net appreciation (as determined by HUD) of a property.

NOTE: Net appreciation is any increase in the value of a property over the original purchase price, minus reasonable costs of sale, costs of refinancing the first mortgage or cost of the appraisal when paying off the HUD lien, and minus the reasonable costs of improvements made to a property.

11-11 MORTGAGEE’S ROLE IN RECAPTURE PROCESS. Whenever one of the events described in Paragraph 11-9 occurs, the mortgagee is charged with the responsibility for the following:

- A. Advising both the HUD Field Office having jurisdiction over the mortgage and the HUD Headquarters Office of Finance and Accounting, Subsidy Accounting Branch that an event has occurred which “triggers” the recapture provision. This notification shall include as much information as the mortgagee has available (i.e., FHA case number, the date of a prepayment associated with a sale; the name and address of the assumptor, if the

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

assumptor is not living at the property address; the date the mortgage was assumed and the fact that the assumptor elected not to receive or did not qualify for assistance, etc.).

- B. Providing both the local HUD Field Office and the HUD Headquarters Office of Finance and Accounting, Subsidy Accounting Branch, a statement in writing, signed by an officer of the company, of the total amount of assistance paid on behalf of the original mortgagor and all assumptors, if any, less handling charges and the total of any assistance payments which may have been inadvertently applied to the mortgagor's account.
- C. Providing copies of original documents (i.e., signed settlement statements, sales contracts, etc., which are contained in the mortgagee's case file) that the mortgagor cannot provide, but are needed by HUD to determine the amount of recapture due to satisfy the HUD lien.
- D. Serving as the "go-between" where necessary and advising the mortgagor of the documentation required to calculate the recapture amount due HUD.

NOTE: THE MORTGAGEE MUST NOT CALCULATE THE RECAPTURE AMOUNT.

NOTE: If the mortgagee receives the recapture amount due either directly from the mortgagor or as a disbursement from closing, the mortgagee shall promptly forward these funds directly to the local HUD Office.

THE MORTGAGEE MUST NOT ASSUME ANY DUTIES CONCERNING THE CALCULATION OF THE RECAPTURE AMOUNT.

- E. Verifying and certifying that all appropriate recertifications (from the time of inception through the time of termination of the assistance payments contract) have been correctly processed and billed.

At the request of a Field Office, the mortgagee shall submit recertifications for review by that Field Office before the recapture process begins.

- F. Repaying any overpaid assistance (that may have been discovered as a result of Paragraph 11-11E) as described in Chapter 10.

NOTE: Any amounts of overpaid assistance paid to HUD because of this requirement are to be so indicated and subtracted from the amount reported in compliance with Paragraph 11-11B.

Any overpaid assistance should be handled as a separate transaction from the recapture amount when processing a recapture case for satisfaction of HUD's lien.

NOTE: If a check for an overpaid assistance amount is received or if the overpaid assistance is included in the same check as the recapture amount, the check must be forwarded to HUD Headquarters, Office of Finance and Accounting and a copy should be

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

sent to the HUD Field Office having jurisdiction over the mortgage immediately along with the back-up documentation for the overpaid assistance amount.

- G. Terminating the assistance payment contract in accordance with Chapter 10, Paragraph 10-19.

NOTE: If the mortgagor is refinancing the first mortgage, the mortgagee is charged with the responsibility for items B, D, E, F, and G.

11-12 HUD'S ROLE IN THE RECAPTURE PROCESS. When the local HUD Field Office is advised by a mortgagee, an attorney, a title company or other settlement party, of a pending or accomplished event which triggers recapture (as listed in Paragraph 11-9), the HUD Field Office may request the following items in order to compute the recapture amount due to satisfy the HUD lien:

- A. a copy of the recorded second mortgage (or deed of trust) with addendum and executed note (should the HUD Field Office not have the original documents in its files);
- B. a copy of the executed sales contract and HUD-1 settlement statement (signed by the settlement attorney) where the original mortgagor purchased the property;
- C. a copy of the executed sales contract and HUD-1 settlement statement (signed by the settlement attorney) of any assumptor who purchased the property prior to the last mortgagor;
- D. a copy of the executed sales contract and HUD-1 settlement statement (signed by the settlement attorney) when the last mortgagor (i.e., the last one receiving assistance) sold the property;
- E. copies of paid receipts and/or bills marked "paid in full" for any improvements made to a property (by the original mortgagor and/or any assumptor);
- F. a letter from the mortgagee, signed by an officer of the company, stating the total amount of assistance paid on behalf of the original mortgagor and all assumptors (if any).
- G. an appraisal report on the property and a statement of the cost of the appraisal, if needed; and
- H. a statement of the costs of refinancing the first mortgage, when needed.

11-13 DETERMINING THE RECAPTURE AMOUNT. To determine the recapture amount for a Section 235 recapture case, the documentation requested in Paragraph 11-12 must be reviewed. A formula is used to calculate the recapture amount. The cost of sale (or the cost of refinancing the first mortgage) and the cost of improvements to a property are subtracted from the appreciation of the property to arrive at net appreciation. See Paragraph 11-10.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

11-14 REASONABLE COSTS OF SALE. Since the title of the property changes when the property is sold, the costs of sale must clearly indicate which costs were paid by the seller and which were paid by the purchaser and are subject to the usual underwriting restrictions on such costs. Costs of sale shall also conform to what is considered by the local HUD Field Office to be reasonable and customary for that area of the country. Otherwise, the excess will be disallowed. Costs of sale must be clearly identified on a HUD-1, Settlement Statement, signed by the appropriate person. If there is no HUD-1, the costs of sale must be itemized and supported by receipts.

A. Costs Allowed. Costs of sale items which HUD will allow to be claimed against the net appreciation of a property if the costs are paid by the original mortgagor and/or subsequent assumptors of the mortgage are:

1. broker's commission;
2. discount points (not origination fee);
3. property survey;
4. appraisal fee;
5. State and local taxes (charged in connection with the transaction, such as transfer taxes (not property taxes or amounts escrowed for the future payment of taxes);
6. attorney fees;
7. fees for the preparation and recording of documents;
8. notary fees;
9. costs of advertising the property for sale (but not if these costs are paid by the broker and included in the commission);
10. title search, but not if included in attorney's fee;
11. title insurance;
12. pest control inspection;
13. pumping out septic tank as a condition of sale (where required by State law);
14. buyer's protection plans providing the buyer with a warranty as to the condition of the property and covering repair or replacement of certain elements of the property for a limited time; and/or
15. any other costs resulting from a State and/or local requirement.

B. Costs Not Allowed.

1. buydown fee (If there are no discount points allowed (see A.2. above), the buydown fee can be claimed against the appreciation of the property);
2. tax funding service fee; and
3. VA funding fee.

11-15 REASONABLE COST OF REFINANCING THE FIRST MORTGAGE. Since the title to a property does not change when the first mortgage is refinanced, the costs of refinancing do not include all of the costs allowed for costs of sale when a property is sold. Refinancing costs must be clearly identified on a HUD-1, Settlement Statement, signed by the appropriate person. If there isn't a HUD-1, the cost of refinancing should be itemized and supported by receipts.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

A. Costs Allowed. If there are any prior assumptors of a mortgage that is being refinanced, the costs of assuming the mortgage (for each transaction) can be claimed against the appreciation of a property if the charges are documented. Costs of refinancing the first mortgage which HUD will allow to be claimed against the appreciation of a property (if the costs are paid by the last eligible mortgagor) are:

1. appraisal fee;
2. one discount point (not origination fee);
3. property survey;
4. pest control inspection;
5. title search;
6. lender's title insurance; and
7. fees for the preparation and recording of documents.

B. Costs Not Allowed.

1. Buydown fee (if there are no discount points, one point of the buydown fee can be claimed against the appreciation of the property);
2. tax funding service fee;
3. VA funding fee; and
4. mortgagor's title insurance (title of property).

11-16 REASONABLE COSTS OF IMPROVEMENTS.

A. To qualify As An Improvement. Improvements must be over and above deferred or routine maintenance to be allowed as claims against the appreciation of a property. They must be:

1. acceptable to HUD;
2. improvements that were not present or a part of a property at the time the mortgage was originated, unless it is an upgrade (see Paragraph 11-16B9 below);
3. considered to be permanent improvements in that they will remain with a property when it is sold as they cannot be removed from the property without causing damage to existing structures and/or the property; and
4. improvements for which the mortgagor can substantiate the cost with documented proof that such improvements were done to the mortgaged property site and for which the mortgagor has receipts marked "paid-in-full" as required in Paragraph 11-12E.

B. Allowable Improvements. Acceptable types of improvements which HUD will allow to be claimed against the appreciation of a property when computing the recapture amount include, but are not necessarily limited to, the following:

1. room additions and other permanent additions, such as, but not necessarily limited to, porches, patios, decks, garages and carports;

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

2. permanent landscaping and/or other site improvements that tend to increase the value of a property, such as fences, trees, shrubbery, lawns (if no lawn was provided initially) retaining walls, etc.;
3. built-in bookshelves, cabinets, etc.,
4. appliance additions (stoves, refrigerators, built-in dishwashers, built-in microwave ovens, clothes washers and dryers, and attic and ceiling fans) which are conveyed to buyer by seller;

NOTE: If items in #4 above are replacement items, they are not allowed against the appreciation of a property.

If the mortgagor bought original appliances after purchase of a new property, original costs of appliances can be claimed against the appreciation of a property. (In some sections of the country, appliances are not furnished by the builder, unless requested by the mortgagor.)

Portable appliances are not allowed against the appreciation of a property.

The Field Office Evaluation staff shall be notified on a case-by-case basis to determine whether washers and dryers or other such permanent fixtures that are considered to be regional appreciation value assets can be claimed against the appreciation of a property.

5. finishing or refinishing of basements or other rooms when the area was unfinished at the time of origination or the refinishing substantially alters the nature of the area and enhances the value of a property;
6. the addition of storm windows and/or doors or replacing regular windows with replacement windows (for the purpose of saving energy);
7. installation of permanent heating or cooling systems where none existed, the addition of a solar heating system or replacing a conventional heating system with a solar heating system;
8. carpeting areas where floors were previously without finished coverings (such as, a room addition, or a basement area);
9. upgrading: appliances, cabinets, carpeting, electrical and plumbing fixtures, etc.

NOTE: If the mortgagor upgraded an item that the builder was to install at the time the structure was erected, the cost of the improvement is the difference in price for upgrading. If such items are replaced, the replacements cannot be claimed against the appreciation of a property.

10. television dish. (If the dish is listed in the sales contract and/or appraisal report and cannot be removed from the property without damaging the landscape, it can be claimed against the appreciation of the property.)
11. sheds and outbuildings. (If structures enhance a property and cannot be removed without damaging the landscape, they can be claimed against the appreciation of a property.)
12. building permits and inspection fees for property additions;

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

13. swimming pools are allowed as improvements on a case-by-case basis if:
- a. the swimming pool is below ground and enhances the value of a property (per appraisal) and/or is taxed by the municipality, its cost can be claimed against the appreciation of a property;
 - b. the swimming pool is above ground, it may or may not be allowed against the appreciation of a property depending on the area of the country it is located. If the pool is not taxed by the municipality or is not given a value in the appraisal of the property, its cost cannot be claimed against the appreciation of a property;
 - c. a swimming pool or other such fixture, i.e., outdoor hot tub, is affixed to a property and cannot be moved without damaging the fixture or the landscape, is taxed by the local municipality and/or enhances the value of the property (per appraisal), its cost can be claimed against the appreciation of a property;
14. special assessments, such as water and sewer lines connecting a property to the water and sewer lines of a municipality, the paving of streets, sidewalks and alleys, wiring for electricity and telephones and piping for gas must be handled on a case-by-case basis; and
15. land issues (those considered to be improvements must be handled on a case-by-case basis).

NOTE: The HUD Field Office must be contacted for guidance in handling special assessments and land issues as improvements and their costs as claims against the appreciation of a property.

- C. Miscellaneous Improvements Of Less Than \$100 Per Project. Miscellaneous improvements which are less than \$100 per project are to be considered incidentals and are not to be allowed as a claim against the appreciation of a property. Included in this category are such items as molding, weatherstripping, sod, grass seed, fertilizer, etc.
- D. Group Improvements As Projects. When a major improvement which involve the purchase/rental of numerous items of equipment and/or materials is claimed, it must be grouped together as one project. However, each item purchased for that project must reflect its own separate cost.
- E. "Sweat Equity". Where the work is performed by the mortgagor (i.e., "sweat equity"), no monetary value will be given for the "sweat equity" with respect to being used as a claim against the appreciation of a property. However, the cost of building permits, inspections, renting items of equipment and purchasing the supplies and materials necessary to accomplish the work can be allowed.
- F. Rental Equipment. Costs of renting equipment for the specific use in completing an acceptable improvement (as described in Paragraph 11-16B) may be used as claims against the appreciation of a property.
- 1. Rental equipment which may qualify as claims against the appreciation of a property includes, but is not necessarily limited to, backhoes, bulldozers, cement mixers,

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

jackhammers, electric or air-driven nail/brad/staple guns, posthole augers, fencewire stretchers, etc., which were rented for the sole use in completing a specific home improvement listed in Paragraph 11-16B.

2. Equipment which does not qualify as a claim against the appreciation of the property includes miscellaneous tools and equipment purchased for use in completing an improvement as described in Paragraph 11-16D and will also be used for performing other tasks and/or home improvements. Such items may include, but are not necessarily limited to, shovels, picks, ladders, carpenter levels, saws, drills, hammers, utility knives, screwdrivers, wire cutters, wrenches, caulking guns, cement trowels, etc.

G. Where The Cost Of An Improvement Is Paid Using A Monthly Installment Payment Plan. Where an improvement is paid for on a monthly installment plan (whether paid to the company providing the service, a bank, a credit card company, etc.) only the initial cost of the improvement (excluding any interest, finance charges or late charges) may be used as a claim against the appreciation of a property.

H. Receipts/Documentation Of Improvements. In order to support the cost of an improvement, the mortgagor must present receipts or invoices on company letterhead marked "paid-in-full" for each allowable home improvement. Receipts which are written on paper without a business letterhead, or without specific (or legible) entries as to what service was provided, who provided the service, the date the service was provided, and/or what type of material was purchased, and where appropriate, at what property address the service was performed, etc., may be subject to further scrutiny and/or rejection by the HUD Field Office.

I. Replacements. Items such as roof replacements, heating system replacements (except solar heating systems), and exterior and interior painting are home maintenance. They must not be claimed against the appreciation of a property as improvements.

J. Items Not Allowed As Improvements.

1. Draperies, curtain rods, window shades and blinds are never allowed as improvements unless they are approved by Headquarters.
2. Plumbing fixtures (such as faucets and water purifiers) and light fixtures cannot be claimed against the appreciation of a property unless they are installed as part of a major improvement or they are approved by Headquarters.
3. Intercommunications systems must not be claimed against the appreciation of a property.

11-17 FRAUD AND ABUSE. Careful scrutiny is to be given where substantial improvements have been made over a short period of time, shortly after purchase of a property, and/or over an extended period, which exceed \$10,000 while assistance was still being paid.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

NOTE: Occurrences such as these, will lead to the HUD Field Office questioning the mortgagor's need for assistance and/or the possibility of fraud in the original application process.

11-18 CALCULATING THE RECAPTURE AMOUNT.

- A. Calculating The Recapture Amount. The HUD Field Office shall calculate the amount of recapture due in order to satisfy the lien using the formula shown in Paragraph 11-10 and on the Recapture of Assistance Payments Worksheet. Only the HUD Field Office shall calculate the amount of assistance to be recaptured.
- B. Selling Price. If the HUD Field Office feels that the reported selling price is substantially below the property value or discovers that the property is being sold for less than the amount for which it was purchased, the HUD Field Office has the option of requesting that the mortgagee obtain an appraisal of the property.

NOTE: If the appraised value is five (5) percent or more above the sales contract price, the recapture will be based on the appraised value rather than the selling price shown on the sales contract.

11-19 DISPOSITION OF THE RECAPTURE CHECK. The HUD Field Office has the responsibility of collecting the recapture amount from the mortgagor or the mortgagor's representative. Should the recapture amount be collected by the mortgagee, the check must be forwarded to the appropriate HUD Field Office and the Office shall forward it to a lockbox in Atlanta, Georgia.

11-20 RELEASING THE RECAPTURE LIEN. Upon receiving the full recapture amount required to satisfy the second mortgage, or second deed of trust, the HUD Field Office will prepare, execute, record and forward the recorded Satisfaction of Lien to the mortgagee or the agent representing the mortgagor. The mortgagee or mortgagor's agent will then be responsible for forwarding the document to the mortgagor.

11-21 SATISFYING THE LIEN BEFORE OBTAINING RECAPTURE AMOUNT. If the settlement on a property is imminent, the second mortgage or second deed of trust has not been satisfied, and there is a request to satisfy the lien before closing, the mortgagor must be informed that since there is not enough time to do the recapture formula to determine the recapture amount, the full amount of assistance paid on the mortgagor's behalf must be submitted to HUD so that the HUD lien can be satisfied before settlement of the mortgage. When the recapture calculation has been completed, if there is an overpayment, the overpayment shall be refunded to the mortgagor.

11-22 ASSIGNMENT TO HUD. In those cases where the HUD Field Office has decided to accept an assignment of the first mortgage, the recapture lien shall remain in place. The mortgagee must advise both the HUD Field Office and the HUD Headquarters Office of Finance and Accounting, GPA - Subsidized Housing Programs Division, Attention: Accounts Payable Section (the mailing address on Form HUD-93102) in writing, signed by an officer of the company, of the total amount of assistance paid through the date of assignment.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

11-23 FORECLOSURES - HUD-ACQUIRED PROPERTIES. For those properties conveyed to HUD as a result of foreclosure, the mortgagee must advise the HUD Field Office, in writing, signed by an officer of the company, of the total amount of assistance paid over the term of the mortgage. It will not be necessary for HUD to prepare a satisfaction of lien for the HUD lien. A foreclosure that is properly processed by the mortgagee's foreclosing attorney will wipe out all existing liens on the property, including HUD's lien. However, if the HUD lien exists after foreclosure of the first mortgage, the HUD Field Office must satisfy the lien at the request of the foreclosing attorney.

11-24 DEED-IN-LIEU OF FORECLOSURE. For the mortgage that is conveyed to HUD as a result of a deed-in-lieu of foreclosure, the recapture lien shall remain in place. The mortgagee must advise the HUD Field Office, in writing, signed by an officer of the company, of the total amount of assistance paid over the term of the mortgage.

NOTE: Once the property is in HUD's Property Disposition inventory, the HUD Field Office will prepare and record a satisfaction of the recapture lien in order to provide a clear title when the property is sold by HUD.

11-25 RELOCATION OF MORTGAGOR BY EMPLOYER.

- A. Termination Of Assistance. If an employer requires a Section 235 mortgagor to relocate, and the employer assumes the responsibility of selling the mortgagor's property, the mortgagee must terminate the assistance at the appropriate time. (Chapter 10, Paragraph 10-19.) The mortgagee must furnish the HUD Field Office with a statement of the total amount of assistance paid on behalf of the original mortgagor and any assumptors of the mortgage.
- B. Value Of Property. The mortgagee must provide the HUD Field Office with an appraisal to determine the fair market value of a property or the HUD Field Office must request an appraisal of the property.

11-26 DISLOCATION OF MORTGAGOR (EMINENT DOMAIN).

- A. Relocate To Another Property. If a State or local government dislocates a Section 235 mortgagor because it needs the property for public use, the mortgagor may relocate to another property under the same mortgage. The FHA case number must remain the same for the purpose of paying assistance on the mortgagor's behalf.
 - 1. The State or local government must NOT pay the first mortgage in full.
 - 2. The mortgagee must agree to transfer the first and second mortgages or first and second deeds of trust to a new property.
 - 3. The mortgagee must amend the first and second mortgages or deeds of trust security instruments to read the legal description of the new property.
 - 4. The new property must be equal in value to the old property.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

5. The mortgagee must transfer the Section 235 assistance with the first mortgage or deed of trust to the new property.
6. The amended mortgages or deeds of trust must be executed, dated, and recorded to reflect the transfer of these documents to the new property.
7. The mortgagee must send the recorded, amended second mortgage or deed of trust to the HUD Field Office where it will be filed with the original security instruments.

B. **Unable To Transfer Mortgages.** If the mortgagor is unable to get the first and second mortgages or first and second deeds of trust on a property transferred to another property of equal value, the State or local government must purchase the property from the mortgagor. The mortgagee must contact the HUD Field Office of the ending sale of the property. The HUD Field Office must take the appropriate steps to satisfy the HUD lien on the property.

11-27 SUBORDINATION OF THE HUD LIEN. If subordination of the HUD lien on a property is in the best interest of the Secretary, the HUD Field Office may approve subordination of a recapture lien in the case of refinancing a first mortgage or securing a Title I loan for improving the property. The mortgagee must contact the HUD Field Office for details on subordinating the HUD lien.

11-28 SUMMARY. The appropriate HUD Field Office should be notified if any one of the following events occurs:

- A. The first mortgage on a property has been paid in full through sale of the property.
- B. The first mortgage has been assumed by a mortgagor not eligible for assistance or the new mortgagor does not want to participate in the Section 235 Assistance Program.
- C. The first mortgage has been refinanced.
- D. The first mortgage has been assigned to HUD.
- E. The property has been rented for more than a year. (If more than one unit, the owner's unit is rented.)
- F. The assistance has been terminated after a 36-month suspension.
- G. The mortgagor has been relocated or dislocated from a property under circumstances beyond his/her control.
- H. The mortgagor has requested that the HUD lien be subordinated to a lessor position when the first mortgage is refinanced

Explanations of A through H above.

In A., above, the mortgagor must be notified that the Recapture Provision becomes effective.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

In B., above, the mortgagor must be notified that the Recapture Provision becomes effective.

In C. above, the mortgagee refinancing the first mortgage should notify the HUD Field Office if it (the mortgagee) wants the HUD lien satisfied due to the fact that the HUD lien moves into first-lien position when the original first mortgage is paid-in-full.

In D. above, if the first mortgage is assigned to HUD, the mortgagee must submit a statement of the full amount of assistance paid by HUD on behalf of the original mortgagor and all assumptors of the mortgage to the HUD Field Office. In E. above, the HUD Field Office must calculate the recapture amount and maintain a file on the case. In F. above, the HUD Field Office must request a decision from the mortgagor as to whether he/she wants the HUD lien satisfied after termination of the assistance.

In G., above, there are specific procedures to follow for processing the relocation case. For the dislocation case, there are special conditions that must be considered to retain the original first mortgage and Section 235 assistance by transferring both to another property of equal value. In H., above, there are special conditions under which a Section 235 Recapture mortgage can be subordinated.

iii. Maintenance of Escrow Accounts - Analysis

Formerly HUD Handbook 4330.1, REV -5, Section 2-7E

2-7 MAINTENANCE OF ESCROW ACCOUNTS - ANALYSIS (24 CFR 203.550(b)).

- E. Mortgages Insured Under Section 235. [HUD's escrow requirements apply] equally to mortgages insured under Section 235. With these mortgages, the logical time for escrow analysis is on or just after the anniversary date of the first payment due under the mortgage since it is then that the MIP changes and annual recertification is required. Both of these events may affect the amount of assistance to which the mortgagor is entitled and delays in analysis could result in a need for significant retroactive adjustments.

Both Formulas I and II must be recomputed as of the anniversary date regardless of changes in escrow requirements. Mortgagees may, however, elect to analyze Section 235 escrow accounts at any time, provided assistance is recomputed at the time of annual recertification to reflect any changes in the mortgagor's income or family composition, as well as the annual change in MIP. (See Chapter 10 for detailed instructions.)

iv. Statement for Income Tax Purposes

Formerly HUD Handbook 4330.1, REV-5, Section 2-10B

2-10 PROVIDING LOAN INFORMATION (24 CFR 203.508)

- B. Statement For Income Tax Purposes (24 CFR 203.508(c)). By January 30 of each year, the mortgagee must furnish the mortgagor with a statement of taxes and interest paid

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

during the preceding calendar year (24 CFR 203.508(c)). HUD takes no position on the income tax impact of these amounts.

If the mortgage is insured under Section 235, the statement must also include an accounting of the total amount of assistance paid by HUD and applied to the account during the preceding year (24 CFR 235.1001). This Section 235 Statement may be a part of the escrow accounting or may be in a separate statement accompanying the Income Tax Statement (See Paragraph 10-35B). The mortgagee may either:

1. report the excess of interest payments over assistance payments during the year, or
2. report both the total interest and assistance payments during the year.

NOTE: This Income Tax Statement must include or be accompanied by a statement which includes substantially the following language:

“If you itemize deductions on your income tax returns, please read this notice. Under Section 1.163-1(d) of Federal Income Tax Regulations, you, as the mortgagor, may deduct for Federal income tax purposes only that part, if any, of mortgage interest payments made during the year that exceeded the amount of assistance payments made by HUD during the year. You are urged to contact your tax advisor or State and local tax offices for guidance regarding the deductibility of payments on your State or local income tax returns.”

v. Late Charges

Formerly HUD Handbook 4330.1, REV-5, Section 4-2D

4-2 LATE CHARGES (24 CFR 203.25).

D. Computing Late Charges.

NOTE: When the mortgage is insured under Section 235, OR the mortgage is subject to a buy-down, only the mortgagor's portion of the monthly payment is used when computing a late charge.

vi. Assumptions

Formerly HUD Handbook 4330.1, REV-5, Section 4-4

4-4 ASSUMPTIONS.

- A. Maximum Allowable Fees. Fees for processing assumptions must be based on the mortgagee's actual costs and cannot exceed the maximum amount authorized in this Handbook. (See Chapter 6 for requirements concerning assumptions.) The maximum amounts allowed by HUD for processing various types of assumption are as follows:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

1. Section 235 Assumptions.

- a. Assumption Without A Release of Liability and Where Assistance Is Requested But Disapproved. Where no credit checks are required and the mortgagor applies for assistance but is not considered eligible for Section 235 subsidy the maximum fee that may be charged is \$140.00.
- b. Assumption Without A Release of Liability and Where Assistance Is Requested and Approved. Where a credit check is not required and the Section 235 subsidy will be terminated, the maximum fee that may be charged is \$185.00.
- c. Assumption With A Release of Liability and Where Assistance Is Not Requested or Approved. Where a credit check is required and the Section 235 subsidy will be terminated, the maximum fee that may be charged is \$500.00.
- d. Assumption With A Release of Liability and Assistance Is To Continue. Where a credit check is required and the Section 235 subsidy will continue on behalf of the assumptor, the maximum fee that may be charged is \$500.00.

vii. Escrow Balance Returned to Mortgagor

Formerly HUD Handbook 4330.1, REV-5, Section 5-2

5-2 PREPAYMENT IN FULL (24 CFR 203.558).

- G. Escrow Balance Returned to Mortgagor. When the mortgage insurance is terminated without payment of a claim for insurance benefits (i.e., payment in full) the remaining funds held in escrow for the payment of taxes and hazard insurance shall be * released to the mortgagor promptly (i.e., no later than 30 calendar days after the payoff). *

EXCEPTION: An analysis must be performed in accordance with Paragraph 10-20D3 on all Section 235 prepayments in full prior to refunding any escrow money to the mortgagors.

- H. Section 235 Mortgages. In addition to the other requirements cited under Paragraph 5-2, for all Section 235 mortgages that are prepaid in full, the following requirements apply:
1. mortgagees must perform an analysis in accordance with Paragraph 10-20D3 prior to refunding any escrow money to the mortgagor as stated in the “Exception” cited in the preceding paragraph; and
 2. mortgagees must determine in accordance with the instructions outlined in Chapter 11 if the mortgage is insured pursuant to a firm commitment issued after May 27, 1981 as to whether;

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

3. Programs and Products - Section 235 Mortgages (03/31/2022)

- a. the prepayment has triggered the recapture provision in connection with HUD's Section 235 mortgage on the property; and
- b. the appropriate action has been taken as required by Chapter 11.

viii. Partial Payments

Formerly HUD Handbook 4330.1, REV-5, Section 7-9

7-9 PARTIAL PAYMENTS (24 CFR 203.556). ...When the mortgage is insured under Section 235, the “full amount due under the mortgage” is considered to be the full amount due from the mortgagor only.

ix. SCRA Interest Rate Cap

Formerly Mortgagee Letter 2006-28 Mortgage and Foreclosure Rights of Servicemembers under the Servicemembers Civil Relief Act (SCRA)

A few Section 235 mortgages still have assistance payments from HUD applied to them on behalf of lower-income mortgagors. Assistance for these mortgages may be affected by the six percent interest rate limitation. On all accounts receiving assistance when the note rate of interest exceeds six percent, the amount of assistance must be reanalyzed, and the subsidy amount must be recalculated using the full mortgage payment at a six percent rate when determining the amount of assistance. For some accounts, the interest rate deduction will cause the suspension of assistance for the period of active duty. Whenever an interest rate reduction is made with retroactive effect and the Section 235 assistance is reduced, any over-billed subsidy must be returned to HUD as a refund or adjustment to the subsequent Section 235 monthly billing. When active duty terminates and the note rate resumes, the assistance must be recalculated and restored in accordance with the usual procedures. Any income recertification requests received from mortgagors in accordance with 24 CFR § 235.355 must be processed expeditiously. Please also reference ML 91-20, *Effect of the Soldiers' and Sailors' Civil Relief Act of 1940 on FHA Insured Mortgages* for additional guidance in calculating Formula 2 subsidy.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

4. Single Family Default Monitoring System Default Reporting and Non-Incentivized Loan Modification Report

4. Single Family Default Monitoring System Default Reporting and Non-Incentivized Loan Modification Report

a. Single Family Default Monitoring System Default Reporting (10/01/2025)

i. Definition

The Single Family Default Monitoring System (SFDMS) is HUD's system for tracking Mortgagee data on Defaulted Mortgages until a Default is resolved through reinstatement or termination.

ii. Standard

The Mortgagee must **accurately** report **in SFDMS** the **required data to indicate the severity of Default and the Mortgagee actions taken.**

(A) Types of Mortgages to Report

Each month, the Mortgagee must report **all reportable** Default servicing activities for all Mortgages that are 30, 60, and 90 Days or more in Default and all Mortgages in a Payment Supplement Period, as of the last Day of the month.

The Mortgagee must report the status of four classes of Mortgages each month:

- **New Defaults:** The Mortgagee must report Defaulted accounts when one full installment is due and unpaid (30 Days Delinquent - Status Code 42) and must continue reporting the applicable Status Code until the Default is resolved.
- **Open Defaults:** The Mortgagee must continue to report a Status Code 42 until a servicing action has been initiated/approved and/or completed, which would warrant a Status Code change.
- **Defaults Resolved During the Cycle Month:** The Mortgagee must report the appropriate Status Code to reflect that the **Default** has been addressed.
- **Mortgages Receiving a Payment Supplement:** The Mortgagee must report Status Code 51 with the applicable oldest unpaid installment date and additional Status Codes as applicable.

(B) Time Frame for Reporting

For every case for which reporting is required, the Mortgagee must submit **Default** data documenting the status as of the end of the month by the fifth business day of the following month. **In addition**, Mortgagees may also submit **Default** data throughout the month.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

4. Single Family Default Monitoring System Default Reporting and Non-Incentivized Loan Modification Report

(C) Reporting Accuracy

The Mortgagee must submit a complete and accurate SFDMS report. If the Mortgagee submits incomplete or inaccurate data, SFDMS may automatically reject the report for that Mortgage or the Mortgagee's entire monthly report.

(D) Quality Control

A Mortgagee's Quality Control Plan must ensure that:

- the reporting staff is properly trained;
- servicing and foreclosure staff are aware of reporting requirements and of cases reported; and
- report format and content are checked for errors by trained staff, whether it is prepared manually or by an automated system.

(E) Error Reports and Correction

The Mortgagee may receive Error Reports from two systems:

- Electronic Data Interchange (EDI), which provides the All Transaction Sets 824 (TS 824) Report (see the Electronic Data Interchange Implementation Guide for additional information); or
- SFDMS.

The Mortgagee is responsible for retrieving Error Reports from these systems and submitting necessary corrections by the fifth business day. HUD will not provide additional time to enter corrections.

(F) Calculation of Curtailment of Interest for Failure to Notify HUD of Foreclosure Initiation

The Mortgagee must give Notice to HUD of Foreclosure Initiation within 30 Days of initiating foreclosure by reporting the foreclosure status in the monthly SFDMS report. This is accomplished by reporting DDS Code 68 for the current cycle or following cycle in which the first legal action is taken to initiate foreclosure.

Interest is calculated based on the date the first legal action to initiate foreclosure was taken and the reporting cycle in which the action was properly reported.

For each reporting cycle that the notification of foreclosure is delayed, the Mortgagee's claim must be reduced by an amount equivalent to 30 Days of interest. Where non-compliance with this requirement is established, the minimum interest reduction will be equal to 30 Days of interest.

The Mortgagee must report a DDS Code 68 to resolve this noncompliance.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

4. Single Family Default Monitoring System Default Reporting and Non-Incentivized Loan Modification Report

Mortgagees are responsible for self-curtailling where the reporting requirement was not met.

(G)Reporting Delinquencies to HUD

(1) Delinquency/Default Status Codes

The Mortgagee must report the correct DDS Code reflecting the status of the Mortgage.

The Mortgagee must include applicable status dates when reporting DDS Codes. The Default status date must reflect the date on which the Mortgage entered the DDS Code reported.

(a) Reporting a New Default Episode

Each new Default episode must be started by reporting DDS Code 42. If there is no open Default episode and the Mortgagee tries to report any other DDS Code, this will not be accepted in SFDMS.

DDS Codes may be repeated each month until another DDS Code applies.

(b) Correction of a Previously Reported Status Code

If a Mortgagee reports a Borrower in Default in error (Status Code 42) for the first time in a Default episode, the Mortgagee must contact HUD at answers@hud.gov for assistance.

When a Mortgagee discovers that the previous Status Code was reported in error, for any other reason, the Mortgagee must:

- report a Status Code 25, Cancel, to advise HUD that the last Status Code reported was in error and should be preserved as a historical record without affecting the Default sequence; and
- report the correct Status Code.

(c) Delinquency Workouts

Delinquency workout DDS Codes represent loss mitigation tools that must be reported upon approval. The Mortgagee must not wait until receipt of funds or executed documents to report applicable DDS Codes.

Loss mitigation DDS Codes must be reported as the last DDS Code for the reporting month if multiple DDS Codes for which additional reporting is required are applicable during the month.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

4. Single Family Default Monitoring System Default Reporting and Non-Incentivized Loan Modification Report

(i) Option Failure

DDS Code AQ must be reported when the Borrower fails to perform or to fulfill obligations made for a Loss Mitigation Option. The Mortgagee must continue to report AQ until another DDS Code applies.

(ii) Trial Payment Plans

The Mortgagee must report the appropriate DDS Code indicating the Loss Mitigation Option for which the Borrower has been approved for a Trial Payment Plan.

(d) Bankruptcy

The Mortgagee must report the appropriate DDS Code indicating the type of bankruptcy filed, if the bankruptcy plan is confirmed, and the type of bankruptcy resolution.

(2) Delinquency/Default Reason Codes

The Mortgagee must report the most applicable reason for the Delinquency/Default using the Delinquency/Default Reason (DDR) Codes. Changes in the reason for Default may occur during the Default episode and must be reported accordingly.

The Mortgagee must ensure that SFDMS reflects the appropriate Default Reason Code for the Default by the 90th Day of delinquency.

(a) Unable to Contact Borrower

The Mortgagee must report DDR Code 31, Unable to Contact Borrower, when the reason for delinquency cannot be ascertained because the Borrower cannot be located or has not responded to the Mortgagee's communication attempts.

If the Mortgagee reports DDR Code 31 in SFDMS, the Mortgagee must document its efforts to contact the Borrower in the Servicing File and must continue to try to determine the reason for Default.

A Mortgagee that establishes contact with the Borrower must report the appropriate reason for Default. If the Mortgagee later loses contact with the Borrower during the Default episode, the Mortgagee must not report DDR Code 31, Unable to Contact Borrower. Mortgagees must instead report the accurate DDR Code, and then may later report DDS Code AP to reflect that no further loss mitigation action can be reported due to loss of contact.

If the Mortgagee reports DDR Code 31 in error, the Mortgage must:

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

4. Single Family Default Monitoring System Default Reporting and Non-Incentivized Loan Modification Report

- report a Status Code 25, Cancel, to advise HUD that the last Status Code reported was in error and should be preserved as a historical record without affecting the Default sequence; and
- report the correct Status Code.

(b) Other

The DDR Code for Other must only be used in cases in which there is no other DDR Code to adequately reflect the reason for the Default.

(c) Disasters

The Mortgagee must report the most appropriate reason for the Default when the Borrower has been impacted by a Presidentially-Declared Major Disaster Area (PMDMA). Mortgagees may update to DDR Code A46 as needed. If the Borrower's Property is damaged and the Borrower is experiencing income loss due to the disaster, Mortgagees must report DDR Code A43. Mortgagees must not report DDR Code 019 Casualty Loss for PDMDA damaged properties even if an insurance claim has been filed and is pending.

- Reason Code A43 – Disaster Damaged Property
- Reason Code A45 – Income Loss Due to Disaster
- Reason Code A46 – Unable to Contact Borrower Disaster

(3) Property Occupancy Reporting

The Mortgagee must report to HUD the occupancy status of the mortgaged Property by reporting in SFDMS:

- the Occupancy Status Code as determined either through contact with the Borrower or through Occupancy Inspections; and
- if vacant, the date when the Mortgagee determined that the mortgaged Property became vacant.
 - o If the mortgaged Property becomes reoccupied, remove the date.
 - o If the mortgaged Property becomes re-vacated, input new date.

The occupancy status code for Unable to Determine Occupancy must be used only in cases in which there is no contact with the Borrower and access to the Property is restricted or prohibitive.

(4) Re-Default After Permanent Home Retention Option Is New Default

If the Mortgage becomes in Default after the Mortgage has been reinstated through the use of a Permanent Home Retention Option, the Mortgagee must report this as a new Default episode.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

4. Single Family Default Monitoring System Default Reporting and Non-Incentivized Loan Modification Report

(5) Reporting Payment Supplement

The Mortgagee must report the use of a Payment Supplement in SFDMS, using DDS Code 51 – Payment Supplement.

- While the Borrower remains in the Payment Supplement Period, the Mortgagee must continue to report DDS Code 51 with the applicable oldest unpaid installment date, including every month the Borrower makes their required payment under the Payment Supplement. If occupancy is not required to be determined, the Mortgagee must report Occupancy Status Code 7 – Occupancy Determination Not Required. The Mortgagee must continue to report the reason for Default determined during the Default episode.
- The Mortgagee must not report DDS Code 20 or 98 if the Payment Supplement is still in effect for the duration of the Payment Supplement Period.

For Borrowers utilizing the Payment Supplement where another delinquent Status Code also applies, the Mortgagee must report DDS Code 51 first followed by any other applicable DDS Codes.

After the completion or termination of the Payment Supplement Period, the Mortgagee must report:

- DDS Code 98 if the Mortgage is current; or
- the applicable code if the Mortgage is not current.

(a) Borrower Resumes Payment After Payment Supplement Period

If the Borrower resumes their monthly Mortgage Payment following the Payment Supplement Period or the Borrower requests to terminate the Payment Supplement and affirms they can resume their full monthly Mortgage Payment, the Mortgagee must report DDS Code 98.

(b) Subsequent Default

For every month the Borrower does not make their required payment under the Payment Supplement, the Mortgagee must report DDS Code 51 with the applicable oldest unpaid installment date indicating that the Mortgage is past due. The Mortgagee must report the applicable Occupancy Status Code and Occupancy Status Date based on the most recent occupancy determination.

If the Borrower does not make their required payment under the Payment Supplement and then reinstates their Mortgage without the use of a Loss Mitigation Option, the Mortgagee must continue to report DDS Code 51 with the applicable oldest unpaid installment date. The Mortgagee must not report DDS Code 20 or 98 as long as the Payment Supplement is still in effect.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

4. Single Family Default Monitoring System Default Reporting and Non-Incentivized Loan Modification Report

(i) Forbearance during Payment Supplement Period

If the Borrower begins a Forbearance during the Payment Supplement Period, the Mortgagee must:

- report the appropriate DDS Code for the Loss Mitigation Option utilized; and
- continue to report DDS Code 51 with the applicable oldest unpaid installment date until new executed loss mitigation documents are received.

(ii) Standalone Partial Claim after Subsequent Default

If the Borrower does not make their required payment under the Payment Supplement and then reinstates their Mortgage with the use of a Standalone Partial Claim, the Mortgagee must:

- report the appropriate DDS Code for the Standalone Partial Claim utilized;
- continue to report DDS Code 51 with the applicable oldest unpaid installment date; and
- not report DDS Code 20 or 98 as long as the Payment Supplement is still in effect.

(iii) Other Loss Mitigation Options after Subsequent Default

If the Borrower does not make their required payment under the Payment Supplement and then reinstates their Mortgage with the use of other Loss Mitigation Options, the Mortgagee must:

- report the appropriate DDS Code for the Loss Mitigation Option utilized;
- continue to report DDS Code 51 with the applicable oldest unpaid installment date until new executed loss mitigation documents are received; and
- report DDS Code 98 upon reinstatement and stop reporting DDS Code 51.

(iv) Option Failure

If the Borrower does not sign and return the Payment Supplement Documents or does not make their required payment under the Payment Supplement and cannot reinstate their Mortgage with or without the use of loss mitigation, the Mortgagee must report DDS Code AQ – Option Failure with the applicable Occupancy Status Code and applicable Occupancy Status Date.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

4. Single Family Default Monitoring System Default Reporting and Non-Incentivized Loan Modification Report

(c) Sale, Refinance, or Other Mortgage Termination

If the Borrower sells the Property, refinances the Mortgage, or otherwise pays the Mortgage in full before the end of the Payment Supplement Period, the Mortgagee must report DDS Code 13.

(d) Assumption

If the Mortgage is assumed before the end of the Payment Supplement Period, the Mortgagee must report DDS Code 21.

(e) Bankruptcy

If the Borrower is in bankruptcy and continues to make their required payment under the Payment Supplement, the Mortgagee is not required to report bankruptcy.

(6) Reporting Foreclosure/CWCOT Outcomes

The Mortgagee must report the DDS Codes that apply to the foreclosure sale, CWCOT, or CWCOT post-foreclosure sale outcomes at the end of each reporting cycle. For Properties marketed post-foreclosure sale, the applicable DDS Code indicating the marketing period must be reported. For all Properties sold, the Mortgagee must report the buyer type.

Mortgagees must report the DDS Codes as follows:

- Status Code 1J – Post-Foreclosure Sales Period
- Status Code 2U – Owner-Occupant Buyer Successful Bidder
- Status Code 2N – Nonprofit Successful Bidder
- Status Code 2G – Governmental Entity Successful Bidder
- Status Code 2I – Investor/Other Successful Bidder
- Status Code 2R – Borrower Successful Bidder
- Status Code 2S – Servicer Successful Bidder

Mortgagees must report one of the existing termination DDS Codes at the conclusion of the Default episode:

- Status Code 46 – Property Conveyed to Insurer; expected to follow 2S, 1J, or 1E when a conveyance claim will be filed with HUD.
- Status Code 48 – Claim without Conveyance of Title; expected to follow 2U, 2N, 2G, 2I, 2R, or 2S when a CWCOT claim will be filed with HUD.
- Status Code 29 – Charge-off; expected after a 2S when a Mortgagee cannot pursue HUD disposition options and will not file any termination claim with HUD.
- Status Code 30 – Third-Party Sale; expected to follow 2U, 2N, 2G, or 2I when no claim will be filed with HUD.

III. SERVICING AND LOSS MITIGATION

A. Title II Insured Housing Programs Forward Mortgages

4. Single Family Default Monitoring System Default Reporting and Non-Incentivized Loan Modification Report

- Status Code 73 – Property Redeemed; expected to follow 2S when a Borrower redeems the Property, and no claim will be filed with HUD.

b. Non-Incentivized Loan Modification Reporting (10/01/2025)

The Mortgagee must report the characteristics of all Loan Modifications for which no claim is filed in FHA Connection (FHAC) within 90 Days of the executed Loan Modification.

These characteristics are the following:

- Mortgage Amount – The amount of the modified Mortgage.
- Interest Rate – The new interest rate for the modified Mortgage.
- Agreement Date – This must be before the new first payment date and at least 90 Days from the last agreement date. It is recommended that the execution date is entered in this field. For instances in which this is not possible, the approval date may be used.
- First Payment Date – The new first payment due date after the Mortgage was modified.
- Maturity Date – The new maturity date for the modified Mortgage.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

B. TITLE II INSURED HOUSING PROGRAMS REVERSE MORTGAGES

This section provides the standards and procedures applicable to the servicing of Home Equity Conversion Mortgages (HECM) insured under Section 255 of the National Housing Act. The Mortgagee must fully comply with all of the following standards and procedures when servicing a HECM insured by the Federal Housing Administration (FHA).

1. Servicing of FHA-Insured HECMs

Only FHA-approved Mortgagees may service FHA-insured HECMs. Mortgagees may service HECMs they hold or that are held by other FHA-approved Mortgagees.

a. Servicing in Compliance with Law (04/29/2024)

i. Definitions

The Mortgage Holder (Holder) is the entity who holds title to the FHA-insured HECM and has the right to enforce the mortgage agreement.

The Mortgage Servicer (Servicer) refers to the entity responsible for performing servicing actions on FHA-insured HECMs on its own behalf or on behalf of or at the direction of another FHA-approved Mortgagee.

ii. Standard

Holders must ensure all FHA-insured HECMs are serviced by a Servicer in accordance with FHA requirements and all applicable laws.

Servicers must service all FHA-insured HECMs in accordance with FHA requirements and all applicable laws.

(A) Laws Applicable to Mortgage Servicing

Mortgagees must comply with all laws, rules, and requirements applicable to mortgage servicing, including requirements under the purview of the Consumer Financial Protection Bureau (CFPB), the Real Estate Settlement Procedures Act (RESPA) and the Truth in Lending Act (TILA), as may be made applicable to HECMs.

FHA requirements that are more stringent or restrictive than those provided for in applicable law are set forth in this Handbook 4000.1 and the Mortgagee must comply with these requirements.

(B) Contract Terms

The Mortgagee must comply with the HECM contract terms unless doing so would result in violation of a more stringent or restrictive statute.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

(C) Nondiscrimination Policy

Mortgagees must comply with all antidiscrimination laws, rules, and requirements applicable to servicing FHA-insured HECMs, including full compliance with the applicable requirements of:

- the Fair Housing Act, 42 U.S.C. §§ 3601–3619;
- the Fair Credit Reporting Act, 15 U.S.C. § 1681–1681x; and
- the Equal Credit Opportunity Act (ECOA), 15 U.S.C. §§ 1691–1691f.

The Mortgagee must make a financial assessment in a uniform matter that shall not discriminate due to race, color, religion, sex, national origin, familial status, disability, marital status, source of income of the Borrower, or location of the Property, or because the applicant has in good faith exercised any right under the Consumer Credit Protection Act (15 U.S.C. § 1601 et. seq).

b. Responsibility for Servicing Actions (04/29/2024)

Holders are responsible for all servicing actions, including the acts of its Servicers.

Servicers are responsible for their actions in servicing FHA-insured HECMs, including actions taken on behalf, or at the direction, of the Holder.

The costs associated with servicing must not be imposed on the Borrower or passed along to HUD in a claim for mortgage insurance benefits, except for a servicing fee if agreed upon by the Borrower at origination.

i. Responsibility during Transfers of Servicing Rights

(A) Definitions

The Transferor Servicing Mortgagee refers to the Mortgagee that transfers servicing responsibilities.

The Transferee Servicing Mortgagee refers to the Mortgagee to which the servicing responsibilities have been transferred.

The Transfer Date refers to the effective date the servicing of any HECM is transferred from one servicing Mortgagee to another.

(B) Standard

The Transferor Servicing Mortgagee remains responsible for the servicing of an FHA-insured HECM until the Transfer Date. The Transferor Servicing Mortgagee must verify that the change of legal rights to service has been accurately reported to HUD.

On the Transfer Date, the Transferee Servicing Mortgagee assumes responsibility for:

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

- all servicing actions, including ensuring resolution of any servicing errors that were, and remain, the responsibility of the Transferor Servicing Mortgagee;
- obtaining the complete HECM file, including origination and servicing records; and
- ensuring that the original Note and Mortgage are preserved.

(C) Required Documentation

The Transferor Servicing Mortgagee must report the Transfer Date and update the mortgage record in Home Equity Reverse Mortgage Information Technology (HERMIT) within 15 Days of the Transfer Date.

ii. Responsibility for Servicing when the Mortgage is Sold

(A) Definitions

A Mortgage Sale refers to a transaction in which a Holder sells the Mortgage to another FHA-approved Mortgagee.

The Purchasing Mortgage Holder or Purchasing Mortgagee is the Mortgagee that purchases the Mortgage and thereby succeeds to all rights and obligations of the Selling Mortgage Holder under the contract for mortgage insurance.

The Selling Mortgage Holder or Selling Mortgagee is the Mortgagee that sells the Mortgage and thereby relinquishes all rights and obligations under the contract for mortgage insurance.

(B) Standard

The Selling Mortgagee remains responsible for Mortgage Insurance Premiums (MIP) until notice of the sale is received by HUD via HERMIT.

As of the effective date of the sale, the Purchasing Mortgagee becomes responsible for outstanding MIP obligations, regardless of the date of accrual, and must confirm that the details of the mortgage sale have been reported accurately.

(C) Required Documentation

The Selling Mortgagee must report the date of the sale of the Mortgage as the “Transfer Date” and update the mortgage record in HERMIT within 15 Days of the date of the sale.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

iii. Registration with Mortgage Electronic Registration System, Inc.

(A) Definition

The Mortgage Electronic Registration System (MERS) is an electronic tracking system identified as the nominee for a Holder of a Mortgage.

(B) Standard

Mortgagees may voluntarily register FHA-insured HECMs with MERS.

c. Providing Information to HUD (04/29/2024)

The Mortgagee must respond to verbal or written requests for individual account information, including all servicing information and related data and the entire mortgage origination file, from HUD staff or from a HUD-approved counseling agency acting with the consent of the Borrower.

When HUD staff request information, the Mortgagee must make available legible documents, in the format (electronic or hard copy) requested within 24 hours of the request, or as otherwise permitted by HUD.

d. Communication with Borrowers and Authorized Third Parties (04/29/2024)

i. Definition

Authorized Third Parties refer to parties who are not Borrowers on the Mortgage but who are authorized to communicate with the Mortgagee regarding a Mortgage.

ii. Standard

The Mortgagee must provide mortgage information and arrange for individual consultation, upon request by the Borrowers.

The Mortgagee must comply with all laws, rules, and requirements applicable to third-party access to mortgage information.

iii. Required Documentation

If communicating with an Authorized Third Party, the Mortgagee must include documentation of the authorization in the servicing binder:

- a copy of a signed authorization from the Borrower;
- a copy of a Power of Attorney (POA), order of guardianship, or other legal documentation authorizing that third party to act on behalf of the Borrower; or
- other legal documentation showing authorization to access the Borrower's records.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

e. Borrower Disbursements (04/29/2024)

i. Definition

Borrower Disbursements are all disbursements made to a Borrower from available HECM funds.

ii. Standard

Mortgagees must make all payments to the Borrower according to the current payment plan so long as the HECM is not Due and Payable subject to the Initial Disbursement Limit.

iii. Payment Plans

(A) Tenure Payment Option

The tenure payment option is available for adjustable rate HECMs. The Borrower receives fixed monthly payments so long as the HECM is not prepaid in full or becomes Due and Payable, or the payments do not exceed any maximum mortgage amount stated in the security instrument or would otherwise exceed the amount secured, even if the payments exceed the Borrower's available Principal Limit.

(B) Term Payment Option

The term payment option is available for adjustable rate HECMs. The Borrower receives equal monthly payments for a term of months so long as the HECM is not prepaid in full or becomes Due and Payable, or the payments do not exceed any maximum mortgage amount stated in the security instrument or would otherwise exceed the amount secured by the first HECM lien, even if the payments exceed the Borrower's available Principal Limit.

(C) Line of Credit Payment Option

The line of credit payment option is available for adjustable rate HECMs. The Borrower receives unscheduled payments at times and in amounts of the Borrower's choosing.

(D) Modified Tenure Payment Option

The modified tenure payment option is available for adjustable rate HECMs. The Borrower must set aside a portion of the Principal Limit as a line of credit from which to draw at times and in amounts of their choosing, and receives the rest in equal monthly payments so long as the HECM is not prepaid in full or becomes Due and Payable, or the payments do not exceed any maximum mortgage amount stated in the security instrument or would otherwise exceed the amount secured by the first HECM lien.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

(E) Modified Term Payment Option

The modified term payment option is available for adjustable rate HECMs. The Borrower must set aside a portion of the Principal Limit as a line of credit from which to draw at times and in amounts of their choosing and receives the rest in equal monthly payments for a term of months selected by the Borrower.

(F) Single Lump Sum Payment Option

The single lump sum payment option is only available for fixed rate HECMs. The Borrower receives a single Disbursement at closing. After closing, the Mortgagee must not disburse HECM proceeds to the Borrower, except from a Set-Aside established at closing.

iv. Payment Plan Changes

(A) Voluntary Payment Plan Changes

The Borrower can request to change the payment plan at any time during the life of the HECM, unless the Borrower chose a lump sum payment plan at closing. The Mortgagee may charge a fee, not to exceed \$20.00, for changing the Borrower's payment plan.

(1) Standard

The Mortgagee must send the Borrower a written explanation of the terms, including the option for the Borrower to sign and return the new payment plan, within five business days of receipt of the Borrower's request for a new payment plan. The Mortgagee must complete the payment plan change within five business days of receipt of the new signed payment plan from the Borrower.

(2) Required Documentation

The Mortgagee must retain copies of the written explanation sent to the Borrower and the signed payment plan received from the Borrower in the Servicing File for the HECM.

(B) Required Payment Plan Changes

The Mortgagee must change a Borrower's payment plan when:

- a Borrower with a term or tenure payment plan has funds remaining in a Repair Set-Aside after all repairs are completed and paid in full;
- payments that have been suspended for more than six months resume; or
- the Borrower has failed to make a required property charge payment before the due date and the Borrower does not have sufficient available funds in an existing line of credit to pay the expense, but does have funds available if monthly payments are converted to a line of credit.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

(1) Definition

Property Charges refer to obligations of the Borrower that include:

- property taxes;
- Hazard Insurance premiums;
- applicable Flood Insurance premiums;
- Ground Rents;
- Homeowners' Association (HOA)/Condominium Fees;
- Planned Unit Development (PUD) fees; and
- other special assessments that may be levied by municipalities or state law.

(2) Standard

When a payment plan change is required, the Mortgagee must modify the Borrower's payment plan and provide written notice to the Borrower of the new payment plan and the reason for the payment plan change within five business days of the payment plan change.

(3) Required Documentation

Mortgagees must keep documentation of the reason for the payment plan change and the notice provided to the Borrower in the Servicing File.

v. Late Charges

(A) Standard

The Mortgagee must pay a Late Charge and interest to the Borrower for any scheduled disbursement made after the first business day of the month or any line of credit payment made more than five business days after the receipt of request for disbursement as follows:

For HECMs with case numbers assigned before September 19, 2017:

- 10 percent of the amount of the payment due to the Borrower; and
- interest at the daily HECM Note interest rate on the late payment for each Day the payment is late, the total of which shall not exceed \$500.

For HECMs with case numbers assigned on or after September 19, 2017:

- 10 percent of the amount of the payment due to the Borrower, not to exceed \$500 on a single late payment; and
- interest at the daily HECM Note interest rate on the late payment for each Day the payment is late.

If the HECM has an adjustable interest rate, the rate in effect when the Late Charge first begins to accrue must be used.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

For each additional day that the Borrower does not receive payment, the Mortgagee shall pay interest at the mortgage interest rate on the late payment. The Mortgagee must pay any Late Charges and interest from Mortgagee funds and must not add them to the outstanding HECM balance.

(B) Required Documentation

The Mortgagee must include documentation of the Late Charges and interest paid to the Borrower in the Servicing File. This must include the amount of the Late Charge and interest paid, the date that the payment was made, and evidence of the method by which the payment to the Borrower was made.

vi. Initial Disbursement Limit

Monitoring and Tracking Disbursements

During the First 12-Month Disbursement Period, the Mortgagee must monitor and track all Disbursements to ensure that the total of all Disbursements does not exceed the Initial Disbursement Limit.

vii. Required Documentation

The Mortgagee must:

- maintain a transaction history that includes the amount and date of each Disbursement;
- upload all transactions to [HERMIT](#) by the last Day of the month; and
- retain copies of all written requests for funds in the Servicing File including the date the request was received.

viii. Mortgagee Unable or Unwilling to make Required Borrower Payments

When the Commissioner determines the Mortgagee is unable or unwilling to make payments to a Borrower owed under the HECM, the Mortgagee must ensure the following information is provided and accurate in the Home Equity Reverse Mortgage Information Technology (HERMIT) system:

- FHA case number;
- payment plan type;
- disbursement type (scheduled or unscheduled);
- payment amount;
- payment method – check or Automated Clearing House (ACH) transfer; and
- bank routing number and account number for ACH transfers.

A Mortgagee must provide the above referenced information to the HERMIT system via the HERMIT Secure File Transfer Protocol (SFTP) Server no later than one business day following the date the Borrower payment should have been made. This information must be provided in an Excel spreadsheet or Comma Separated Values (.csv) file. The Mortgagee

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

must also send an email to servicingsupport@hermitsp.com and answers@hud.gov notifying all parties that a file has been uploaded. Mortgagees must not send the file directly through email. In the event this process needs to be initiated and a Mortgagee does not know how to access the HERMIT SFTP site, please contact servicingsupport@hermitsp.com for instructions.

f. Payment Administration (04/29/2024)

i. Receipt of Payments

(A) Definition

Payments are any funds remitted to the Mortgagee to reduce the balance owed under the HECM.

(B) Standard

The Mortgagee must either use a Trust Clearing Account or special custodial account to hold all payments on the insured Mortgage.

The Mortgagee's Trust Clearing Account may be used for collections received on all types of Mortgages. If a Trust Clearing Account is not used, the Mortgagee must immediately transfer payments into a special custodial account.

ii. Application of Payments

Mortgagees must apply Borrower payments in the following order:

- to MIPs due, if any;
- to servicing fees, if any;
- to interest on the Mortgage; and
- to the principal of the Mortgage.

iii. Trustee's Fees for Satisfactions

If specifically provided for in the security instrument, the Mortgagee may charge the Borrower the amount of the trustee's fee, plus any reasonable and customary fees for payment, or for the execution of a satisfaction, release, or trustee's deed when the debt is paid in full.

iv. Recording Fees for Satisfactions

The Mortgagee may charge the Borrower a reasonable and customary fee for recording satisfactions in states where recordation is not the responsibility of the Mortgagee.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

g. Servicing Fees and Charges (04/29/2024)

i. Definitions

Allowable Fees and Charges are those costs associated with the servicing of the Mortgage that are permitted to be charged to the Borrower.

Prohibited Fees and Charges are those costs associated with the servicing of the Mortgage that may not be charged to the Borrower.

ii. Standard

(A) Allowable Fees and Charges

The Mortgagee may collect certain reasonable and customary fees and charges from the Borrower after the Mortgage is insured and as authorized by HUD below. All fees must be:

- reasonable and customary for the local jurisdiction;
- based on actual cost of the work performed or actual out-of-pocket expenses and not a percentage of either the face amount or the unpaid principal balance of the Mortgage; and
- within the [maximum amount allowed by HUD](#).

(B) Request for Approval for Other Fees or Charges

The Mortgagee may request approval from ~~the National Servicing Center (NSC)~~ HUD through HERMIT for any fee, charge, or unusual service not specifically mentioned in this Handbook 4000.1.

(C) Prohibited Fees and Charges

The Mortgagee must not charge the Borrower for the following services:

- costs of telephone calls, personal visits with the Borrower, certified mail, or other activities that are normally considered a part of a prudent Mortgagee's servicing activity;
- Mortgagee's use of an independent contractor such as a tax service to furnish tax data and information necessary to pay property taxes or make the payments on behalf of the Mortgagee;
- preparing and providing evidence of Payoff, Reconveyance, or termination of the Mortgage, except for a trustee's fee if the deed of trust provides for payment of such a fee for execution of a satisfactory, release, or trustee's deed when the deed of trust is paid in full;
- providing information essential to the Payoff;
- recording the Payoff of the Mortgage in states where recordation is the responsibility of the Mortgagee; or

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

- fees for services performed by attorneys or trustees who are salaried members of the Mortgagee's staff.

iii. Required Documentation

The Mortgagee must include in the Servicing File:

- documentation of the amount of any fees and charges paid or payable by the Borrower; and
- documentation supporting the actual costs of any work performed or out-of-pocket expenses.

h. Interest Rate Changes for Adjustable Rate HECMs (04/29/2024)

i. Definition

Adjustable Rate HECMs refer to HECMs for which the interest rate will be adjusted periodically (monthly or annually) based on the Borrower's election at closing.

ii. Determining Periodic Adjustments to the Note Interest Rate

When determining the Note interest rate and subsequent rate adjustments, the Mortgagee must use an index type approved by the Secretary. The margin is the same margin used to determine the initial Note interest rate and the periodic adjustments to the Note interest rate.

When adjusting the rate for the Constant Maturity Treasury (CMT) Index, the Mortgagee must:

- use the one-month or one-year CMT rate in effect 30 Days before the change date; and
- provide the Borrower with a Notice of Interest Rate Change at least 25 Days before an adjustment to the interest rate.

When adjusting the rate for the Standard Overnight Financing Rate (SOFR) Index, the Mortgagee must:

- use the 30-day average SOFR rate in effect 30 Days before the change date; and
- provide the Borrower with a Notice of Interest Rate Change at least 25 Days before an adjustment to the interest rate.

iii. Notice of Rate Change

The [Notice of Interest Rate Change](#) must advise the Borrower of the following:

- the new HECM interest rate;
- the current index value; and
- the publication date of the index.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

iv. Required Documentation

The Mortgagee must retain in the Servicing File:

- supporting documentation of the interest rate used in the adjustment; and
- a copy of the Notice of Interest Rate Change sent to the Borrower.

i. Set-Asides (04/29/2024)

i. Definition

A Set-Aside refers to an amount of funds withheld by the Mortgagee from the Borrower's HECM funds for payment of certain fees and expenses. Set-Aside types include:

- Repair Set-Asides
- Property Charge Set-Asides
- Servicing Fee Set-Asides

ii. Standard

Set-Aside funds remain part of the Borrower's HECM proceeds, are non-interest bearing, and must not be held in an escrow account. When the funds are disbursed, the Mortgagee must add the actual payments to the HECM balance. The Mortgagee must manage Set-Aside funds in accordance with requirements for each specific Set-Aside type.

iii. Repair Set-Aside

(A) Definitions

Repair Set-Aside refers to an amount withheld from the HECM proceeds to fund repairs required to bring the mortgaged Property into compliance with MPS.

(B) Standard

When [required repairs](#) are completed and such completion is confirmed by the Mortgagee through an inspection, the Mortgagee shall release funds from the [Repair Set-Aside](#) and ensure that all mechanic's and materialmen's liens are released of record.

The Mortgagee must only disburse funds from a Repair Set-Aside during a Deferral Period if the repairs are completed satisfactorily during the time period established in the Repair Rider, or within any additional time approved by HUD.

(C) Required Documentation

The Mortgagee shall retain copies of all inspections performed to ensure completion of the required repairs and copies of all invoices paid from the Repair Set-Aside in the Servicing File.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

iv. Property Charge Set-Aside

(A) Definitions

Property Charge Set-Aside refers to a portion of a Borrower's Principal Limit that is designated for payment of Property Charges. A Property Charge Set-Aside can result from a Borrower being required to establish a Life Expectancy Set-Aside (LESA) or when a Borrower elects to have the Mortgagee pay Property Charges on their behalf.

Fully Funded Life Expectancy Set-Aside (LESA) refers to a portion of the Borrower's Principal Limit that is designated for payment of property taxes, including special assessments levied by municipalities or state law, Hazard Insurance, and, if applicable, Flood Insurance for the estimated remainder of the Borrower's life expectancy. With a Fully Funded LESA, the Mortgagee makes payments directly to the billing agency. A Borrower can voluntarily elect to have a Property Charge Set-Aside created at closing. If the Borrower chooses this option, the Property Charge Set-Aside will function as though it were a Fully Funded LESA.

Partially Funded Life Expectancy Set-Aside (LESA) refers to a portion of the Borrower's Principal Limit that is designated for partial payment of property taxes, Hazard Insurance, and, if applicable, Flood Insurance for the estimated remainder of the Borrower's life expectancy. With a Partially Funded LESA, the Mortgagee makes payments to the Borrower who is responsible for the remaining amounts owed and delivering the full payment to the billing agency.

(B) Standard

(1) Fully Funded Life Expectancy Set-Aside and Voluntary Election Property Charge Payment

When servicing HECMs for which Property Charges are paid through a Fully Funded LESA, the Mortgagee must ensure that:

- payments are disbursed before bills become delinquent. If the payments are disbursed after the bills become delinquent, the Mortgagee must pay any late fees, interest, and other charges from its own funds;
- early payments are made to take advantage of a discount, whenever it is to the Borrower's benefit;
- LESA funds are not held in an escrow account; and
- payments for LESA charges are added to the HECM balance when the Mortgagee disburses funds to the taxing authority, insurance carrier, or another entity that the property charge is owed to.

The Mortgagee must provide the Borrower notification in writing that:

- funds will be used to pay the taxing authority or insurance carrier directly;
- the Mortgagee is responsible for making timely payments to the taxing authority or insurance carrier when funds are sufficient;

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

- the projected amount of funds required to cover the allowed LESA charges over the estimated life expectancy of the youngest Borrower may be insufficient to cover LESA charges for the full length of that specified amount of time;
- no funds will be available during any applicable Deferral Period for an Eligible Non-Borrowing Spouse (NBS); and
- the Borrower is responsible for the payment of all Property Charges, including LESA charges, over the life of the HECM when funds are insufficient or the balance of the LESA is zero.

(2) Partially Funded Life Expectancy Set-Aside

When servicing HECMs for which funds are distributed to the Borrower from a Partially Funded LESA, the Mortgagee must ensure that:

- funds are not held in an escrow account;
- funds are disbursed to the Borrower semiannually;
- the taxing authority and/or insurance carrier received the Borrower's payment; and
- the semiannual Disbursements to the Borrower are added to the HECM balance when disbursed.

If the remaining Set-Aside funds are insufficient to make the next semiannual payment, or the Set-Aside balance is zero, the Mortgagee must, within 30 Days of receipt of a property charge bill:

- notify the Borrower in writing that they are responsible for making all future payments with non-HECM funds; and
- recommend to the Borrower that they contact a HUD-approved Housing Counselor to receive counseling services including viable alternatives to comply with the terms of the HECM.

The Mortgagee must provide the Borrower notification in writing that:

- the Borrower will receive semiannual payments from the Set-Aside, which must be used to pay the taxing authority and insurance carrier;
- the Borrower is responsible for making timely payments to the taxing authority and insurance carrier over the life of the HECM;
- the projected amount of funds required to cover defined Property Charges over the estimated life expectancy of the youngest Borrower and the income assumptions used to project semiannual distributions to the Borrower may be insufficient to cover LESA charges for the full length of that specified amount of time;
- no funds will be available during any applicable Deferral Period for an Eligible NBS; and
- the Borrower will no longer receive semiannual payments and will continue to be responsible for the payment of the Property Charges,

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

including LESA charges, over the life of the HECM when funds are insufficient or the balance of the Set-Aside is zero.

(3) Insufficient Property Charge Set-Aside Funds to Make Payment

If the Property Charge Set-Aside funds are insufficient, the Mortgagee must use the remaining funds available in the Set-Aside and:

- if the Borrower has a line of credit, deduct the remaining amount for the payment from the line of credit; or
- if the Borrower does not have a line of credit, adjust the Borrower's payment plan to accommodate the Disbursement.

If funds are still insufficient, the Mortgagee must advance corporate funds and the HECM may be eligible to be called [Due and Payable](#).

(C) Required Documentation

The Mortgagee must document in its Servicing File its efforts to obtain the billing information from the Borrower, billing agency, or the taxing authority.

The Mortgagee must also:

- maintain a transaction history that includes the amount and date of each Disbursement;
- upload all transactions to [HERMIT](#) by the last Day of the month in which the Disbursement is made; and
- retain date-stamped copies of all bills paid in the Servicing File.

v. Servicing Fee Set-Asides

(A) Definition

Servicing Fee Set-Aside refers to an amount withheld from the HECM proceeds for the payment of the monthly servicing fee.

(B) Standard

Mortgagees must disburse funds each month from the Servicing Fee Set-Aside for any HECM that has a monthly servicing fee and add the amount disbursed to the HECM loan balance.

(C) Required Documentation

The Mortgagee shall maintain an accurate transaction history reflecting the monthly servicing fee disbursement and must upload the transaction to [HERMIT](#) monthly.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

j. Allowable Fees and Charges (04/29/2024)

i. Definition

Allowable Fees and Charges refer to those costs associated with the servicing of the Mortgage that are permitted to be charged to the Borrower.

(A) Monthly Servicing Fee

(1) Definition

A Monthly Servicing Fee is a fixed monthly charge for servicing activities of the Mortgagee starting in the month of loan closing and continuing through the life of the loan, including any applicable Deferral Period.

The maximum allowable monthly servicing fee for a HECM with a monthly adjustable interest rate is \$35.

The maximum allowable monthly servicing fee for a HECM with a fixed or annually adjustable interest rate is \$30.

(2) Standard

If the Mortgagee chose to assess a monthly servicing fee at closing, the Mortgagee must withdraw the monthly servicing fee from the existing Servicing Fee Set-Aside and add the amount of the monthly servicing fee to the HECM balance.

(B) Additional Permissible Reasonable and Customary Fees and Charges

The Mortgagee may collect reasonable and customary fees and charges that are not already paid with funds from the monthly servicing fee after the HECM is insured and as authorized by HUD below. All fees must be:

- reasonable and customary for the local jurisdiction;
- based on actual cost of the work performed or actual out-of-pocket expenses and not a percentage of either the face amount or the unpaid principal balance of the HECM; and
- within the [maximum amount allowed by HUD](#).

No attorney fees may be charged for the services of the Mortgagee's attorney.

The Mortgagee may assess and add the following fees and charges to the outstanding principal balance:

- a maximum of \$20 for changing a Borrower's payment plan;
- charges and fees related to additional documents described in 24 CFR § 206.27(b)(10) and related title search costs;
- substitution of Hazard Insurance policy other than at the renewal of the policy;

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

- attorney or trustee fees associated with a foreclosure;
- property inspections and preservation expenses; and
- attorney fees and expenses when the Mortgagee is made a party to litigation by reason of the HECM.

(C) Requests for Approval for Other Fees or Charges

The Mortgagee may request approval from ~~the NSCHUD~~ for any fee, charge, or unusual service not specifically mentioned in this Handbook 4000.1.

ii. Required Documentation

The Mortgagee must include in the Servicing File:

- documentation of the amount of any fees and charges paid or payable by the Borrower;
- approval from ~~the NSCHUD~~ for any fees and charges requiring such approval; and
- documentation supporting the actual cost of any work performed or out-of-pocket expenses.

k. Prepayment (04/29/2024)

i. Definition

A Prepayment in Full, or Payoff, refers to the payment in whole of the principal amount of the HECM in advance of expiration of the term of the HECM.

ii. Standard

The Mortgagee must accept a prepayment of a HECM in whole or in part without penalty to the Borrower.

iii. Prepayment Procedures

If the Borrower prepays the HECM in full, the HECM is terminated.

iv. Trustee Fees for Satisfaction

The Mortgagee must operate in accordance with the security instrument when preparing the satisfaction. If the security instrument allows, the Mortgagee may charge the Borrower:

- the amount of the trustee's fee including any reasonable and customary fees; or
- for the execution of a satisfaction, the release of trustee's deed when the debt is paid in full.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

v. Recordation Fees for Satisfaction

The Mortgagee may charge the Borrower for recordation fees incurred where the cost of recordation is not the responsibility of the Mortgagee in accordance with state, local, and tribal law.

vi. Application of Prepayments

The Mortgagee must apply Borrower payments in accordance with the HECM Note and in the following order:

- MIPs;
- servicing fees;
- interest; and
- principal.

vii. Application of Partial Prepayments

(A) Definition

A Partial Prepayment refers to a payment of part of the principal amount before the date on which the principal is due.

(B) Standard

The Mortgagee must allow the Borrower to make a Partial Prepayment at any time. The Mortgagee must apply Partial Prepayments in accordance with the mortgage Note and in the following order:

- MIPs;
- servicing fees;
- interest; and
- principal.

The Mortgagee must not provide a Borrower with a fixed rate HECM with any additional funds, regardless of a Partial Prepayment.

For Borrowers with an adjustable interest rate and for whom a Partial Prepayment results in additional Principal Limit to become available to the Borrower, the Mortgagee must allow the Borrower to determine how the additional Principal Limit is used. The Borrower may choose to:

- increase monthly payments by reducing the outstanding balance and increasing the Net Principal Limit (NPL) available;
- set up or increase a line of credit without altering existing monthly payments by reducing the outstanding balance and increasing the NPL; or
- continue payments that have ceased or are nearing cessation.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

If the Borrower does not designate an account, the Mortgagee must apply any funds going toward the principal to:

- an existing line of credit; or
- create a new line of credit in accordance with the HECM loan agreement.

Any change in subsequent payments to the Borrower must be made only at the Borrower's request or to accommodate payment of expenses on the Borrower's behalf.

I. Completion of Required Repairs (04/29/2024)

i. Definition

Completion of Repairs refers to an agreement the Borrower may have entered into at closing to complete required repairs after closing. The provisions of this agreement are contained in the Repair Rider to the Loan Agreement that the Borrower signed at closing.

ii. Standard

The Mortgagee must adhere to the provisions of the Repair Rider and ensure that the repairs are completed and inspected before funds for repairs are disbursed. When the required repairs are completed, the Mortgagee must:

- complete and sign form [HUD-92051](#), *Compliance Inspection Report*;
- during the First 12-Month Disbursement Period, change the payment plan, if available under the Initial Disbursement Limit, and disburse from an existing line of credit. If sufficient funds are not available in the line of credit to cover the cost of repairs, recalculate future payments and provide an unscheduled payment;
- after the First 12-Month Disbursement Period, change the payment plan and disburse from an existing line of credit. If sufficient funds are not available in the line of credit to cover the cost of repairs, recalculate future payments and provide an unscheduled payment;
- disburse jointly to the Borrower and the contractor(s) funds equal to the cost of the repairs;
- add the amount of the disbursements to the outstanding HECM balance when the payment is made;
- after disbursing funds to pay for all required repairs, if there are excess funds in the Repair Set-Aside, send the Borrower with an adjustable rate HECM a notice which states the remaining funds are available in the line of credit, which the Borrower is encouraged to maintain to meet unexpected expenses;
- reimburse Borrowers for the actual cost of repair materials from the Repair Set-Aside, but must not reimburse for any labor the Borrower performed;
- not make additional funds available to the Borrower with a fixed rate HECM, regardless of any funds remaining after the funds are disbursed for repairs, except that a Borrower may be reimbursed for the cost of repair materials (not including labor); and

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

- where the required repairs are not completed by the date specified on the Repair Rider, or any additional time as approved by HUD (not to exceed 12 months from closing), suspend all payments until the repairs are satisfactorily completed.

iii. Required Documentation

The Mortgagee must retain in the Servicing File, copies of the following:

- inspections after the required repairs are completed;
- the completed and signed form HUD-92051;
- a signed mechanic's or materialman's lien release, if applicable;
- invoices or sales receipts for any materials that the Borrower ordered and paid and for which the Borrower is reimbursed; and
- checks payable to the Borrower and contractors.

m. Insurance Coverage Administration (04/29/2024)

i. Hazard Insurance

(A) Standard

The Borrower is required to have, and maintain for the life of the HECM, Hazard Insurance, but may at any time instruct the Mortgagee to purchase and make payments for this insurance from available Principal Limit, when such funds are available. HUD and the Mortgagee may determine hazards which must be insured against.

The Mortgagee must purchase and make payments for Hazard Insurance where the Borrower has required the Mortgagee to do so.

The Mortgagee must:

- maintain the amount for the period of time that is necessary to protect the Mortgagee's investment;
- be named as a "Loss Payee" on the Hazard Insurance policy; and
- set aside sufficient funds for the payment of the renewal premium.

If the Borrower chooses to be responsible for obtaining Hazard Insurance, the Mortgagee must obtain from the Borrower a copy of the insurance policy and evidence that the policy is renewed upon expiration. If the Borrower does not provide evidence that the policy has been renewed, the Mortgagee must proceed with the steps outlined in [Lender-Placed Insurance](#).

(B) Required Documentation

The Mortgagee must retain in the Servicing File an annually issued certificate of insurance that is sufficiently detailed or a complete copy of the insurance policy to establish that the insurance meets the standard.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

ii. Insurance on Units in a Condominium Unit

(A) Hazard

(1) Standard

The Mortgagee must verify that the Property is insured in the amount required under the [Hazard Insurance](#) section if the Condominium Association does not maintain Hazard Insurance in accordance with such requirements.

(2) Required Documentation

The Mortgagee must retain in the Servicing File a certificate of insurance that is sufficiently detailed or a complete copy of the insurance policy to establish that the insurance meets the standard.

(B) Walls-In (HO-6)

(1) Standard

The Mortgagee must verify that the Borrower has obtained a Walls-In coverage policy (HO-6) if the master or blanket policy does not include interior unit coverage, including replacement of interior improvements and betterment coverage, to insure improvements that the Borrower may have made to the unit. The total coverage of both policies must equal 100 percent of the required [Hazard Insurance](#) amount.

(2) Required Documentation

The Mortgagee must retain in the Servicing File an annually issued certificate of insurance that is sufficiently detailed or a complete copy of the insurance policy to establish that the insurance meets the standard.

iii. Payment of Renewal Premium

(A) Standard

When the Borrower has required the Mortgagee to purchase Hazard Insurance, the Mortgagee must pay the renewal premium when it is due.

If the Borrower is required to pay the premium and fails to do so, the Mortgagee must:

- advance funds from the line of credit; or
- change the payment plan, if needed, and advance the funds.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

(B) Required Documentation

Where the Borrower has required the Mortgagee to purchase Hazard Insurance or the Mortgagee advanced the funds because the Borrower failed to pay the renewal premium, the loan history must reflect each transaction as it is disbursed. In addition, the Mortgagee must retain in its Servicing File copies of:

- the premium renewal notice;
- the check payable to the insurance company; and
- any required payment plan change.

Where the Borrower pays the renewal premium, the Mortgagee must obtain a copy of the declaration page of the policy with evidence of the new expiration date, or other documentation from the hazard insurance provider that contains:

- name of the insured;
- address of insured Property;
- type of coverage;
- insurance policy number;
- insurance policy limits;
- effective date of the insurance policy;
- expiration date of the insurance policy;
- name and contact information for the insurer; and
- annual insurance premium.

iv. Fee for Change in Hazard Insurance Policy

The Mortgagee may assess a reasonable and customary fee, up to the amount listed in [Appendix 3.0](#), for processing the Borrower's request to change hazard insurance coverage when the existing policy has not yet expired.

v. Flood Insurance

(A) Standard

For Properties located within a Special Flood Hazard Area (SFHA), the Mortgagee must ensure that Flood Insurance is maintained for the life of the HECM. Flood Insurance must be an amount at least equal to the lesser of:

- 100 percent of the replacement cost of the insurable value of property improvements, which consists of the development or project cost less the estimated land cost at the time of closing;
- the maximum amount of the National Flood Insurance Program (NFIP) insurance available with respect to the particular type of property; or
- the outstanding principal balance of the HECM. Where the outstanding principal balance of the HECM is used to determine the amount of Flood Insurance coverage, the Flood Insurance must be adjusted each renewal cycle to cover an amount at least equal to the outstanding principal balance at the end of the insurance coverage period.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

If remapping causes a Property securing a HECM to become located in an SFHA, the Mortgagee must enforce HUD's flood insurance requirements on coverage amounts and maintenance.

(B) Required Documentation

The Mortgagee must retain in the Servicing File an annually issued certificate of insurance that is sufficiently detailed or a complete copy of the insurance policy to establish that the insurance meets the standard.

vi. Lender-Placed Insurance

(A) Definition

Lender-Placed Insurance refers to Hazard and/or Flood Insurance purchased by the Mortgagee when the Borrower fails to renew the applicable required policy.

Reasonable Rate refers to a rate that does not exceed the rate or advisory rate set by the principal state-licensed rating organization for essential property insurance in the voluntary market or, if coverage is available under a Fair Access to Insurance Requirements (FAIR) Plan, the FAIR Plan rate. For states without a principal state-licensed rating organization or FAIR Plan, the Mortgagee must provide to ~~the Home Ownership Center (HOC) having jurisdiction~~ **FHA**, information concerning the lowest rates available from an insurer for the types of coverage involved, with a request for a determination of whether the rate is reasonable. FHA will determine a rate is reasonable if it is the lowest rate available from an insurer for the types of coverage involved that approximates the rate assessed for comparable insurance coverage applicable to similarly situated properties in a state that offers a FAIR Plan or maintains a state-licensed rating organization.

(B) Standard

If the Borrower fails to renew or provide evidence of acceptable property insurance coverage when required, the Mortgagee must purchase a lender-placed Hazard and/or Flood Insurance where Flood Insurance is required. The Mortgagee may, at its discretion, obtain more coverage than is necessary to protect the Mortgagee's interest.

All insurance policies must be obtained at a reasonable rate.

vii. Hazard or Flood Insurance Proceeds

(A) Insurance Claims

The Mortgagee must take necessary steps to ensure that hazard or flood insurance claims are filed and settled as expeditiously as possible.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

(B) Loss Settlement Amounts for Borrower Expenses and Personal Property

The Mortgagee must promptly release to the Borrower all insurance settlement proceeds received for coverage of a Borrower's Personal Property, temporary housing, and other transition expenses. The Mortgagee may not withhold Disbursement of such proceeds to cover an existing arrearage, such as a property charge advance, without the written consent of the Borrower.

(C) Insurance Proceeds for Home Damage

(1) Definition

A Viable Repair Plan refers to a plan for repairs of a mortgaged Property within the amounts available through insurance proceeds and borrower funds.

(2) Standard

The Mortgagee must expedite the release of insurance proceeds for needed home repairs after ensuring sufficient funds are available and approving a Viable Repair Plan.

(D) Application of Insurance Proceeds to Unpaid Principal Balance

The Mortgagee must not apply insurance proceeds payable for home damages to arrearages and/or reduction of the unpaid principal balance unless:

- the amount of the proceeds exceeds the costs to repair the damages to the home; or
- the insurance proceeds are insufficient to repair the home damages based on a certified repair estimate, and the Borrower is unable to demonstrate that they have additional funds from other sources to complete the repairs.

If the Mortgagee receives repayment from insurance or condemnation proceeds after restoration or repair of the damaged Property, then the available Principal Limit and HECM balance must be reduced by the amount of such proceeds.

n. Mortgage Insurance Premium Remittance (04/29/2024)

i. Definition

Annual or Periodic MIPs refer to those MIPs that are remitted to HUD each month.

ii. Standard

The Mortgagee must remit one-twelfth of the annual MIP due to HUD each month by authorizing [HERMIT](#) to collect the full premium from the Mortgagee's bank account.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

When payment is remitted, the Mortgagee must add the payment to the Borrower's outstanding balance.

If the HECM is transferred or sold to another Mortgagee, the transfer must be completed in [HERMIT](#) before the end of the month in order to ensure the MIP is remitted by the correct Mortgagee.

iii. Mortgage Insurance Premium Reports

(A) Use of HERMIT

The Mortgagee can access the Premiums Batch status in [HERMIT](#) to determine monthly collections of MIP after endorsement.

(B) Reports of a Transfer or Sale

The Mortgagee may confirm a transfer or sale of the HECM has been completed in HERMIT by reviewing the Status of Servicer Transfer Import File in HERMIT to ensure the MIP will be remitted by the correct Mortgagee.

o. Post-Endorsement HECM Amendments (04/29/2024)

i. Definition

A Post-Endorsement HECM Amendment refers to a change to the HECM instruments, the nature of the obligation, or the security after the HECM has been insured.

ii. Standard

The Mortgagee must obtain HUD's approval by submitting the required documents through the HERMIT System for all post-endorsement HECM amendments prior to completion of the proposed change.

iii. Required Documentation

The Mortgagee must retain a copy of all supporting documents submitted to HUD and HUD's approval or rejection of the amendment in the Servicing File.

iv. Types of Amendments

(A) Partial Release of Security

(1) Definition

Partial Release of Security refers to a request to release a portion of the land that secures the HECM. Reasons for a partial release of security may include:

- condemnation;
- eminent domain (order of taking);

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

- lot line dispute or adjustment; or
- sale of a portion of the land.

(2) Request Process

The Mortgagee must obtain HUD approval for any partial release of security. The Mortgagee must submit the following in [HERMIT](#) using the partial release of security request timeline:

- a cover letter that includes:
 - o Borrower's name;
 - o property address;
 - o FHA case number of Borrower;
 - o Maximum Claim Amount (MCA);
 - o unpaid principal balance;
 - o detailed reason for request, including how the land to be released will be used; and
 - o Mortgagee's reason for the recommendation to accept the Borrower's request;
- whether or not the HECM is in good standing;
- the amount of the outstanding principal balance;
- a complete legal description of the Property to be released;
- a complete legal description of the Property to be retained;
- the sales contract, if any, indicating monetary consideration to be received by the Borrower;
- the amount of a prepayment, if any, to the HECM principal;
- any restrictions to be imposed on the land to be released;
- a survey or sketch of the Property showing:
 - o the dimensions of the portion to be released and the portion to be retained;
 - o the location of existing and proposed improvements; and
 - o the relation of the Property to surrounding Properties;
- plans and specifications, including Cost Estimates of any alterations proposed for the remaining Property after the release;
- a valid [FHA appraisal](#) that reflects:
 - o the value before the partial release of security; and
 - o the value of the remaining Property after the partial release of security;
- any applicable notice of taking through eminent domain;
- copies of the first and any applicable second HECM;
- copies of the prepared partial releases for the first and any applicable second HECM; and
- any other supporting documentation the Mortgagee may deem appropriate.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

(3) HUD Review

HUD will process the request for the partial release of security and notify the Mortgagee of the approval or rejection in [HERMIT](#). If the request is approved, HUD will execute the partial release of security document, upload a copy into HERMIT, and mail the original to the Mortgagee for recording.

(B) Substitution of Collateral

(1) Definition

A Substitution of Collateral refers to the substitution of security for the purpose of removing the dwelling to a new lot or replacing the dwelling with a similar or like kind on the existing lot under the following conditions:

- the Mortgagee obtains a good and valid first lien on the Property to which the dwelling is removed or the existing lot upon which the dwelling is rebuilt;
- all damages to the structure are repaired or all rebuilding of the structure is completed without cost to FHA; and
- the Property to which the dwelling is removed or rebuilt is in an area known to be reasonably free from natural hazards or, if in a flood zone, the Borrower will insure or reinsure under the National Flood Insurance Program (NFIP).

(2) Request Process

The Mortgagee, working with the Borrower and the insurance adjuster's report, must determine the extent of the damage. When it has been determined that substitution of a new dwelling is required, the Mortgagee must obtain HUD's approval prior to completion of construction. The Mortgagee must ensure the new dwelling:

- is comparable in value to the original dwelling;
- will support the original mortgage amounts; and
- will meet FHA's MPS.

The Mortgagee must submit a substitution of collateral request to HUD for review and approval via [HERMIT](#) with a cover letter that includes:

- Borrower's name;
- property address;
- FHA case number of Borrower;
- MCA;
- unpaid principal balance;
- detailed reason for request; and
- Mortgagee's reason for the recommendation to accept the Borrower's request.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

The Mortgagee must also submit the following documentation, which may vary based on the nature and degree of the damage:

- the origination appraisal;
- an appraisal of the site with proposed improvements subject to completion per plans and specifications;
- verification the Borrower has sufficient construction funds to complete the project;
- the Hazard Insurance Claim Report and insurance payment information;
- a scheduled completion date for the entire project;
- an elevation survey, if required by local regulations; and
- evidence of compliance with any state or local building requirements.

The Mortgagee may, without the prior consent of the Commissioner, accept an addition to, or substitution of, the security for the purpose of removing the dwelling to a new lot under the following conditions:

- the dwelling has survived an earthquake or other disaster with little damage, but continued location on the Property might be hazardous;
- the Mortgagee obtains a good first lien on the Property to which the dwelling is removed or the existing lot upon which the dwelling is rebuilt;
- all damages to the structure are repaired or all rebuilding of the structure is completed without cost to FHA;
- the Property to which the dwelling is removed or rebuilt is in an area known to be reasonably free from natural hazards or, if in a flood zone, the Borrower will insure or reinsure under the NFIP; and
- immediately following the emergency removal, the Mortgagee notifies FHA through the HERMIT System of the reasons for removal.

The Mortgagee must monitor the progress of the project and ensure it is completed by the scheduled date.

(3) HUD Review

HUD will process the request for substitution of collateral and notify the Mortgagee of the approval or rejection by email. In addition, HUD will upload all related documentation received in [HERMIT](#). HUD's appraisal review may have recommendations that must be met prior to the approval of the substitution of collateral. These recommendations, which will be stated in HUD's response to the request, may include:

- that the old structure is demolished and/or removed from the site; and
- a final inspection of the completed project be provided.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

(C) Consent of Lienholder

(1) Definition

Consent of Lienholder refers to the approval of all lienholders to allow for an Easement on the Property that does not diminish the appraised value of the land secured by the HECM. If land is taken, the owner should be compensated and a partial release should be done. Easements may be for:

- aviation or avigation;
- oil and gas leases;
- driveways;
- subdivision consent;
- consent to change in covenants and restrictions; or
- municipalities to allow for drainage or access where no actual land is taken.

(2) Request Process

The Mortgagee must submit a request in [HERMIT](#) using the consent of lienholder timeline, providing the following documentation:

- a cover letter that includes:
 - o Borrower's name;
 - o property address;
 - o FHA case number of Borrower;
 - o MCA;
 - o unpaid principal balance; and
 - o detailed reason for request;
- a copy of the origination appraisal;
- a copy of the oil and gas lease contract, proposed easement, or other written agreement;
- copies of the recorded first and any applicable second HECM security instrument which includes the legal description;
- survey or plot plan showing proposed Easement, if applicable; and
- documents for which approval and signature is requested for first and any applicable second HECMs.

(3) HUD Review

HUD will process the request for the consent of lienholder and notify the Mortgagee of the approval or rejection in [HERMIT](#). If the request is approved, HUD will execute the consent of lienholder document, upload a copy into [HERMIT](#), and mail the original to the Mortgagee for recording.

(D) Subordination Agreement

(1) Definition

Subordination Agreement refers to an action necessary to correct the recordation order when the second HECM has been inadvertently recorded before the first. Recording a Subordination Agreement for the second HECM must result in the Mortgagee's HECM lien being a first mortgage lien.

(2) Request Process

The Mortgagee must submit a request for a Subordination Agreement in [HERMIT](#) using the Subordination timeline, providing the following documentation:

- copies of the recorded first and second HECM; and
- a prepared Subordination Agreement for HUD's execution.

(3) HUD Review

HUD will process the subordination request and notify the Mortgagee of the approval or rejection in [HERMIT](#). If the request is approved, HUD will execute the Subordination Agreement, upload a copy into HERMIT, and mail the original to the Mortgagee for recording.

p. Occupancy Certification (11/30/2023)

i. Standard

(A) Annual Occupancy Certification

The Mortgagee must obtain an annual certification from the Borrower and any Eligible NBS that the HECM Property remains the Borrower's and any Eligible NBS's Principal Residence. The Mortgagee may obtain the certification either by hard copy, electronically, or verbally.

The certification must include the following warning above the signature line when obtained in writing:

I/We, the undersigned, certify under penalty of perjury that the information provided above is true and correct. WARNING: Anyone who knowingly submits a false claim or makes a false statement is subject to criminal and/or civil penalties, including confinement for up to five years, fines, and civil and administrative penalties. (18 U.S.C. §§ 287, 1001, 1010, 1012, 1014; 31 U.S.C. §§ 3729, 3802).

When the certification is obtained verbally, the Mortgagee must first read the warning provided below before obtaining confirmation of the following from the Borrower and any Eligible NBS:

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

We are required to tell you that anyone who knowingly submits a false claim or makes a false statement is subject to criminal and/or civil penalties under federal statutes, including the False Claims Act and Fraud Enforcement and Recovery Act. Such criminal and/or civil penalties include confinement for up to five years, fines, and civil and administrative penalties.

Do you certify under penalty of perjury that the information you provided is true and accurate? If so, say 'yes'.

If the Mortgagee receives the Borrower's or Eligible NBS's occupancy certification verbally, the Mortgagee's employee must sign and date the verification and note the name and the phone number of each Borrower or Eligible NBS with whom occupancy was verified. Mortgagees must retain an audio recording of the verification in the Mortgagee's servicing systems and provide the recording to FHA upon request.

Temporary Absences

The Mortgagee must advise the Borrower to notify the Mortgagee of absences from the Property in excess of two months to avoid determinations that the Borrower's Principal Residence has changed.

The Mortgagee must proceed in accordance with [Due and Payable](#) guidance in the event the Borrower fails to comply with the HECM provisions.

(B) Identifying Non-Borrowing Spouses

For HECMs with FHA case numbers assigned before August 4, 2014, Mortgagees must request information from Borrowers to attempt to identify NBSs. This request must be sent to Borrowers with the annual occupancy certification and include the following:

- Is the Borrower currently married?
- Is the Borrower's spouse a Borrower on the HECM loan?
- If the Borrower is currently married and the spouse is not a Borrower on the HECM loan, please provide the following:
 - o NBS's name;
 - o NBS's Social Security Number (SSN) or Taxpayer Identification Number (TIN);
 - o NBS's date of birth; and
 - o date of the couple's marriage.

(C) Eligible Non-Borrowing Spouse Annual Certification

Borrowers that identified themselves as being married with an Eligible NBS at origination must submit an additional certification on an annual basis certifying that the NBS continues to meet the Qualifying Attributes. This certification may be

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

completed verbally consistent with the requirements for the Borrower's or Eligible NBS's [Annual Occupancy Certification](#). Upon the death of the last surviving Borrower, the Mortgagee must comply with the requirements for a [Deferral Period](#).

In the event of a divorce between a HECM Borrower and the NBS, Mortgagees are required to obtain a copy of the final divorce decree. Such NBS is no longer eligible for a Deferral Period and the Mortgagee is no longer required to have such Borrower or the former spouse satisfy the NBS certification requirements.

ii. Required Documentation

The Mortgagee must retain in the Servicing File copies of all:

- annual certifications; and
- documentation of Borrowers' absences from the Property.

q. Property Maintenance (04/29/2024)

i. Standard

Upon becoming aware of a deterioration in the Property's condition, the Mortgagee must notify the Borrower of the deficiency and provide the Borrower 60 Days to begin to correct the condition of the Property. The Mortgagee must continue to monitor the Property's condition until repairs are completed.

If the Borrower fails to begin to correct the condition of the Property within 60 Days or if the Borrower fails to make satisfactory progress toward repairing the Property, the Mortgagee must proceed in accordance with [Due and Payable](#) guidance.

ii. Required Documentation

The Mortgagee must retain in the Servicing File copies of all:

- notices of deterioration of property condition;
- notices to the Borrower to correct property condition deficiencies; and
- property inspections and photos conducted in addressing the deteriorated Property.

r. Optional Assignment (11/30/2023)

i. Definitions

Assignment refers to a Mortgagee's right to assign the HECM to HUD when the outstanding balance is equal to or greater than 98 percent of the MCA, or when the Borrower has requested a payment that will cause the outstanding balance to equal or exceed 100 percent of the MCA.

Mortgagee-Funded Cure refers to the use of the Mortgagee's corporate funds to repay or forgive the outstanding corporate advances for Property Charge payments made by the

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

Mortgagee on the Borrower's behalf with no further repayment to the Mortgagee required.

Mortgagee Optional Election (MOE) Assignment refers to an assignment option available to Mortgagees for cases where an FHA case number was assigned prior to August 4, 2014, and is associated with an Eligible Surviving NBS.

ii. Standard

In preparing to assign the HECM, the Mortgagee must:

- provide a written notice to the Borrower of intent to assign the HECM to HUD;
- notify HUD of intent to assign by submitting an assignment request through [HERMIT](#); and
- disburse to the Borrower any remaining funds withheld for Hazard Insurance.

Technical assistance for initiating and submitting a Claim Type 22 assignment request is available in the [HERMIT User Guide](#).

If the HECM is assigned to the Secretary, or [if payments are made through a second HECM](#) under the demand assignment process, the Secretary is not required to assume responsibility for property charge payments, but will continue to administer payment of taxes for Borrowers from any funds available in an applicable Fully Funded LESA.

(A) Notice to the Borrower

The written notice must state:

- the anticipated date of assignment;
- instructions to the Borrower for making requests for unscheduled or line-of-credit payments to HUD after the assignment date;
- that, if applicable, taxes will continue to be paid from a Property Charge Set-Aside or available LESA funds after assignment;
- that after assignment the Borrower is responsible for payment of taxes where there is no Property Charge Set-Aside or available LESA funds; and
- that after assignment the Borrower is responsible for maintaining and paying for Hazard Insurance, regardless of any funds remaining in a Property Charge Set-Aside or Fully Funded LESA.

(B) Eligibility Criteria

Prior to assigning a HECM, the Mortgagee must:

- be current in its payment of the MIP, including Late Charges and interest on the MIP, as applicable;
- have a good right to assign;
- ensure any repairs related to a hazard and/or flood insurance loss have been completed and any insurance proceeds have been disbursed appropriately; and

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

- ensure the Mortgagee has not signed an indemnification agreement for the HECM with HUD.

The Mortgagee must also ensure the HECM:

- has no outstanding Property Charge-related corporate advances;
- is not subject to a Repayment Plan;
- is a valid, legally enforceable first lien;
- is secured by the Property with good and marketable title;
- has no offsets or counterclaims;
- is reflected in [HERMIT](#) with a case status of “Endorsed” and a sub-status of “Loan Active”;
- is reflected in HERMIT with the correct Lender, Investor, and Loan Number; and
- if subject to a tax deferral program in which the Borrower participated, the program does not and will not:
 - o adversely affect the lien priority of the HECM; or
 - o result in a requirement that HUD pay the Borrower’s deferred taxes upon the Borrower’s death or any other maturity event.

(C) Additional Criteria

In addition to all basic eligibility criteria, the Mortgagee must ensure that additional eligibility criteria are met on a case-by-case basis.

(1) Cases Not Involving an Eligible Non-Borrowing Spouse

For cases not involving an Eligible NBS, the Mortgagee must be current in making the required payments under the HECM to the Borrower. Additionally, the Mortgagee must ensure:

- the Borrower’s obligations under the HECM are current;
- HUD has not been informed of a Due and Payable event, or HUD has been so informed but has denied due and payable approval for the HECM; and
- the outstanding HECM balance is greater than or equal to 97 percent of the MCA unless HUD has approved a line-of-credit advance request that would cause the outstanding balance to exceed 100 percent of the MCA.

No assignment claim will be paid until the outstanding HECM balance is greater than or equal to 98 percent of the MCA.

(2) Cases Involving an Eligible Non-Borrowing Spouse and Assigned an FHA Case Number on or after August 4, 2014

For cases that involve an Eligible NBS with an FHA case number assigned on or after August 4, 2014, where the HECM is not within a Deferral Period, the

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

Mortgagee must be current in making the required payments under the HECM to the Borrower. Additionally, the Mortgagee must ensure:

- the Borrower's obligations under the HECM are current;
- HUD has not been informed of a Due and Payable event, other than in the case of the death of the last surviving Borrower or non-occupancy of a Borrower because the Borrower has resided in a health care facility for more than 12 consecutive months, or HUD has been so informed but has denied due and payable approval for the HECM;
- all required certifications have been obtained; and
- the outstanding HECM balance is greater than or equal to 97 percent of the MCA.

No assignment claim will be paid until the outstanding HECM balance is greater than or equal to 98 percent of the MCA.

(3) Cases Involving an Eligible Non-Borrowing Spouse and Assigned an FHA Case Number Before August 4, 2014

For cases involving an Eligible Surviving NBS with an FHA case number assigned prior to August 4, 2014, if a Mortgagee does not elect to utilize the MOE Assignment upon the death of the last surviving Borrower or determines that a HECM is ineligible for MOE Assignment, the Mortgagee must notify HUD through [HERMIT](#) that the HECM has become Due and Payable. The Mortgagee must commence foreclosure within the established [foreclosure time frames](#).

Where the HECM will be assigned to HUD using the [MOE Assignment](#), the Mortgagee must ensure:

- the Secretary has not been informed of a Due and Payable event, other than in the case of the death of the last surviving Borrower or non-occupancy of a Borrower because the Borrower has resided in a health care facility for more than 12 consecutive months, or the Secretary has been so informed but has denied due and payable approval for the HECM;
- the HECM remains a valid and legally enforceable first lien under state law and no statute of limitations or other barrier exists to the exercising of rights to gain good, marketable title under the HECM, which may include a modification to the HECM, if needed; and
- there are no allegations or claims that would invalidate the HECM or any such allegations or claims have been judicially resolved in favor of the Mortgagee.

iii. Required Documentation

The Mortgagee must submit each of the following documentation packages in support of their Claim Type 22 assignment request:

- compliance package;

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

- collateral package; and
- servicing package.

For a HECM being assigned in accordance with MOE, the Mortgagee must also submit a MOE Assignment package.

The Mortgagee must submit the documentation packages using [HERMIT](#) under the appropriate Claim Type 22 “timeline step.” Technical assistance for initiating and submitting a Claim Type 22 assignment request is available in the [HERMIT User Guide](#).

HUD will only review complete Claim Type 22 assignment requests. Incomplete requests, including those with missing documentation or those for which the documentation has not been stacked in the order identified below, will be denied. In such cases, the Mortgagee will receive a denial letter in HERMIT that advises the Mortgagee of the reason for denial and identifies the required documentation that was missing or filed improperly. The Mortgagee must re-file a complete Claim Type 22 assignment request if it chooses to proceed with its request.

(A) Compliance Package

The compliance package includes the items listed below which must be stacked in the following order:

1. Borrower’s payment plan and method if the Borrower has available Principal Limit or receives scheduled payments. If the Borrower is paid via Automated Clearing House (ACH), this must include the ACH information and indicate if the ACH account is a checking account or savings account;
2. copy of the Notice of Assignment letter sent to the Borrower;
3. payment history from the Mortgagee’s system through the current month and including the current NPL;
4. current hazard insurance declaration page, or a document from the hazard insurance provider on its letterhead or from its website that contains the following information:
 - a. name of the insured
 - b. address of insured property
 - c. type of coverage
 - d. insurance policy number
 - e. insurance policy limits
 - f. effective date of the insurance policy
 - g. expiration date of the insurance policy
 - h. name and contact information for the insurer
 - i. annual insurance premium;
5. current flood insurance declaration page, if applicable;
6. evidence that any repairs related to a hazard or flood insurance loss have been completed and the insurance proceeds disbursed appropriately, if applicable;
7. all certifications related to an NBS required specifically for HECMs originated on or after August 4, 2014, or those specifically required for

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

[HECMs originated prior to August 4, 2014](#) and being assigned under a MOE Assignment;

8. certification that the Mortgage is not subject to an indemnification agreement entered into by the Mortgagee assigning the HECM.

(B) Collateral Package

The collateral package must include the items listed below in the following order:

1. original Note;
2. recorded first Mortgage and addendums, if applicable;
3. Subordination Agreement, if applicable;
4. evidence that the mobile home title has been retired, if applicable;
5. all recorded intervening assignments;
6. proposed assignment to HUD, which does not need to be signed and notarized; and
7. title policy which must include the language “its successors and/or assigns” after the Mortgagee’s name. Title commitments are not acceptable.

(C) Servicing Package

The servicing package must include the items listed below in the following order:

1. second Note, if applicable;
2. recorded second Mortgage and addendums, if applicable;
3. complete loan agreement, including all exhibits;

(D) MOE Assignment Package

Where applicable, the MOE Assignment package must include the items listed below in the following order:

1. Borrower’s death certificate, if applicable;
2. evidence of Borrower’s residence in health care facility for more than 12 consecutive months, if applicable;
3. copy of Borrower and Eligible Surviving NBS’s marriage certificate, legal opinion certifying the validity of the marriage, or other evidence sufficient to establish the legal validity of the marriage;
4. affirmation that no allegations which would invalidate the HECM exists or, if there were allegations, evidence of the judicial resolution documenting a finding in favor of the Mortgagee;
5. a signed Mortgagee certification that the HECM lien is a valid, legally enforceable first lien; and
6. a signed Eligible Surviving NBS certification as provided in the [MOE Assignment](#) section.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

iv. Preliminary Review by HUD

HUD will review the Mortgagee's Claim Type 22 assignment request and if approved, the Mortgagee will receive notification of the decision in HERMIT with instructions on how to proceed.

v. Completing the Assignment Process

Within 90 calendar days from claim payment, the Mortgagee must send the items listed below to HUD's Loan Servicing Contractor and complete the Claim Type 22 Assignment Claim timeline steps in [HERMIT](#):

- the endorsed, original first Note;
- the original first Mortgage/deed of trust;
- a check made payable to HUD for any funds remaining from a local, state, or other government property charge assistance program, if applicable; and
- a manifest identifying the FHA case number(s) and all documents enclosed in the shipping package.

After HUD's Loan Servicing Contractor acknowledges receipt of the above referenced documents in HERMIT, the Mortgagee must submit the assignment for recordation. Only after submitting the assignment for recordation may the Mortgagee complete its claim in HERMIT. Successfully filing the Claim Type 22 will complete the transfer of servicing to HUD.

The Mortgagee must forward the recorded assignment to HUD's Loan Servicing Contractor as soon as it is received by the Mortgagee, but in no case more than 12 months after recordation. After HUD's Loan Servicing Contractor acknowledges receipt of the recorded assignment in HERMIT, the Mortgagee will receive a final title approval letter confirming receipt in HERMIT.

If the recorded assignment is not received within 12 months of claim payment, the Mortgagee will be responsible for repurchasing the HECM from HUD and may be referred to the appropriate office(s) for sanctioning.

vi. Servicing Responsibilities for a Pending Assignment

A HECM assignment is not complete until the Mortgagee:

- receives approval from HUD to assign the HECM;
- sends the assignment for recording; and
- successfully files the Claim Type 22 for insurance benefits, which completes the transfer of servicing to HUD.

Until a HECM assignment is complete, the Mortgagee must continue to service the HECM, make all scheduled payments, and make all unscheduled payments that will not result in the HECM balance exceeding 100 percent of the MCA.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

When an unscheduled payment to a Borrower would cause the HECM balance to exceed 100 percent of the MCA, the Mortgagee may request that HUD make the unscheduled payment. Such requests must be submitted to HUD within three business days of the Mortgagee's receipt of the Borrower's request. The Mortgagee must pay any penalties and interest due to the Borrower if the Mortgagee does not submit the request to HUD within three business days of receipt of the Borrower's request.

(A) HUD Advances

In cases where HUD advances funds to the Borrower on the Mortgagee's behalf, the Mortgagee must initiate a Claim Type 22 assignment request within 30 Days of the HUD advance.

(B) Failure to Initiate Assignment

If the Mortgagee fails to initiate such a request within the allotted time frame, a "Repayment" task will be generated in [HERMIT](#) and the Mortgagee must reimburse HUD for the amount of the advance plus any accruals added to the HECM balance through the date the Mortgagee authorizes repayment in HERMIT. Such reimbursement must be completed in HERMIT within 30 Days of the "Repayment" task being generated. The Mortgagee should refer to the [HERMIT User Guide](#) for technical instructions on completing such actions.

(C) Denied Assignment Requests

If the Mortgagee's Claim Type 22 assignment request is denied, the Mortgagee must reimburse HUD for the amount of the advance plus any accruals added to the HECM balance through the date the Mortgagee authorizes repayment in HERMIT. Such reimbursement must be completed in [HERMIT](#) within 30 Days of the date of the denial. Technical instructions on completing actions in HERMIT are found in the [HERMIT User Guide](#).

(D) Failure to Reimburse HUD

Mortgagees who fail to reimburse HUD within the allotted time frames may be referred to HUD's Office of Program Enforcement and/or the Mortgagee Review Board (MRB).

s. Demand Assignment (04/29/2024)

i. Definition

Demand Assignment refers to an assignment option where the Mortgagee chooses to assign a HECM, or a portfolio of HECMs, because the Mortgagee is unable or unwilling to reimburse HUD for payments to the Borrower made by HUD.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

ii. Standard

For cases involving a Mortgagee that fails to make payments to the Borrower, HUD may demand assignment. If the Borrower or Mortgagee notifies HUD that a payment was not received and HUD determines that the Mortgagee cannot or will not make the required payment, HUD will make the payment and proceed with communicating to the Mortgagee that a demand assignment could occur.

After HUD makes the necessary payment, HUD may issue a written Demand Letter to the Mortgagee, requiring the Mortgagee to:

- resume making payments under the HECM; and
- reimburse HUD for the amount of the total payment, with interest from the date of the payment to the date reimbursement is received by HUD.

HUD will specify an amount, date of payment, and a per diem interest rate, set in conformance with the [Treasury Financial Manual](#).

If the Mortgagee is unable or unwilling to reimburse HUD or resume making payments under the HECM, the Mortgagee may:

- submit an assignment request, in accordance with the [Optional Assignment](#) requirements, to HUD within 30 Days;
- limit the Borrower's liability to payments actually made to or on behalf of the Borrower and the MIP remitted on the HECM; and
- exclude any interest accrued on the HECM from the Borrower's liability.

If the Mortgagee fails to reimburse HUD or assign the HECM within 30 Days of the Demand Letter, the contract of HECM insurance will be terminated.

If the contract of insurance is terminated, all payments made by HUD will be secured by the second HECM lien.

iii. Required Documentation

The Mortgagee must follow the documentation instructions for [Optional Assignments](#).

t. Repurchase of Previously Assigned HECM (04/29/2024)

i. Definition

Repurchase refers to HUD's requirement that the HECM be returned to the Mortgagee who assigned it due to the discovery of the Mortgagee's noncompliance with the regulations, which allowed a condition to exist that would have made the HECM unassignable.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

ii. Standard

The Mortgagee must repurchase a HECM upon notification from HUD if any of the following conditions of noncompliance occurred at or prior to the time of assignment:

- a title defect discovered in relation to preparations for a foreclosure or Deed-In-Lieu (DIL) after assignment or after HUD acquired the Property through foreclosure; or
- an occurrence of a Due and Payable event of which HUD was not made aware.

(A) Initiating the Repurchase Process

HUD initiates a repurchase using the repurchase timeline in [HERMIT](#). HUD will provide a repurchase notification to the Mortgagee.

(1) Curable Defects

HUD will provide the Mortgagee with a pre-repurchase letter, detailing the defect and allowing up to 30 Days to cure.

The Mortgagee must take the appropriate action to correct a defect if curable and provide HUD with supporting documentation of such correction. The Mortgagee may request a maximum of three 30-Day extensions. The Mortgagee must submit any request for extension in HERMIT.

HUD will cancel the repurchase timeline if the Mortgagee cures the defect within the 30-Day period or any extension period approved by HUD.

(2) Incurable Defects

The Mortgagee must proceed with the repurchase within 30 Days of receipt of HUD's repurchase notification where:

- a title defect exists that cannot be corrected; or
- the repurchase involves a HECM that was eligible to be Due and Payable when it was assigned.

(B) Completing the Repurchase Process

If the repurchase defect is incurable or the Mortgagee fails to cure the defect before the pre-repurchase period has expired, the Mortgagee must authorize HUD to draft the applicable funds from the Mortgagee's specified account. The Mortgagee must complete this action in [HERMIT](#) within 30 Days of the date HUD created the repurchase timeline or the expiration of the pre-repurchase period, if applicable.

The Mortgagee must prepare one of the following documents for HUD's execution:

- an assignment transferring the HECM from HUD to the Mortgagee; or
- a deed reconveying the Property for which HUD holds title to the Mortgagee.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

Upon receipt of the executed document from HUD, the Mortgagee must have the document recorded and coordinate with HUD's HECM servicing contractor to transfer servicing back to the Mortgagee.

The Mortgagee must reimburse HUD for all expenses incurred in connection with the acquisition and reassignment or reconveyance. The reimbursement must include:

- interest on the amount of the insurance benefits refunded by the Mortgagee from the date the claim was paid to the date of the refund at an interest rate set in accordance with the [Treasury Financial Manual](#); and
- HUD's cost of holding the Property and servicing the HECM, accruing on a daily basis, from the date of assignment to the date of reassignment.

iii. Required Documentation

The Mortgagee must send the Borrower and upload in [HERMIT](#) a notification that the HECM has been transferred back to the Mortgagee.

iv. Subsequent Application for Insurance Benefits

The Mortgagee may re-apply for insurance benefits at a subsequent date. The Mortgagee will not be reimbursed for any expenses incurred in connection with the Property after it has been reconveyed or the HECM reassigned, or paid any debenture interest accrued after the date of initial conveyance. Any reduction in HUD's estimate of the value of the Property occurring from the time of reconveyance to the time of reapplication will be deducted from the insurance benefits.

u. Mortgage Insurance Termination (04/29/2024)

i. Definition

A Mortgage Insurance Termination refers to the ending of FHA mortgage insurance, at which time all rights of the Mortgagee shall terminate, including the right to file a claim for insurance benefits, and all obligations of HUD cease immediately.

ii. Standard

(A) Termination of Mortgage Insurance

The Mortgagee may terminate the FHA insurance contract when the HERMIT case status is Endorsed and one of the following events has occurred:

- Prepayment in Full, including sale of the Property by the Borrower or other authorized party, or a HECM-to-HECM Refinance;
- acquisition of title through DIL by the Mortgagee or other party at a foreclosure sale, and no insurance claim will be submitted to HUD; or
- acquisition of title by the Mortgagee through a DIL or foreclosure, or the Property is sold by the Borrower or other authorized party for less than the full Payoff, and a claim for insurance will not be submitted.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

The Mortgagee must report termination of a HECM to HUD by initiating a Termination transaction via [HERMIT](#) within 15 Days of a Payoff. Where the termination will result in submission of a claim, the claim serves as notice of termination. Claims must be submitted based on the date the FHA case number was assigned, as follows:

- before September 19, 2017, within 15 Days of the Property being sold; or
- on or after September 19, 2017, within 30 Days of the Property being sold.

(B) Voluntary Termination of Mortgage Insurance

(1) Definition

A Voluntary Termination of Mortgage Insurance refers to a mutual agreement between the Borrower and the Mortgagee to terminate FHA mortgage insurance.

(2) Standard

The Borrower and the Mortgagee may agree to voluntarily terminate FHA mortgage insurance at any time.

(a) Borrower's Consent to Voluntary Termination

The Mortgagee must obtain a signed Borrower's Consent to Voluntary Termination of FHA Mortgage Insurance from each Borrower. The form must be on the Mortgagee's letterhead and must follow the format found in the [model document](#).

(b) Reporting a Voluntary Termination

To report a voluntary termination, the Mortgagee must initiate a Termination transaction via [HERMIT](#) within 15 Days of receiving the executed Borrower's consent form.

(C) Effective Date of Termination

(1) Standard

The effective date of termination of the contract of insurance is the date on which one of the following occurs:

- the Mortgagee has received notice from HUD that it approves the voluntary Termination transaction;
- the Mortgagee has notified HUD that the HECM was prepaid;
- the Property was acquired by another party and the Mortgagee notifies the Commissioner that a claim will not be filed; or
- the Mortgagee fails to make the payments to the Borrower.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

Where the Mortgagee acquires the Property through a foreclosure sale or DIL, the effective date of termination of the contract of insurance is the date on which a claim for insurance benefits is settled.

(2) Required Documentation

The Mortgagee must note in the Servicing File and initiate the termination transaction in [HERMIT](#) on the date on which the:

- voluntary termination request is received;
- HECM was prepaid; or
- Property was acquired by another party at a foreclosure sale and the Mortgagee determines that a claim will not be filed.

If the Mortgagee wishes to submit a claim for insurance benefits, such claim must be submitted via HERMIT after selling a Property acquired through foreclosure sale or DIL. See the [Due and Payable Servicing](#) section for further information.

(D) Termination of MIP Payments

The Mortgagee must pay MIP due through the effective date of termination for HECMs paid in full or where the Mortgagee or other party acquires the Property through sale, DIL, or foreclosure sale and no claim for insurance benefits will be submitted.

Where the termination will result in submission of a claim, the Mortgagee must pay the MIP due based on the date the FHA case number was assigned, as follows:

- before September 19, 2017, until the claim for insurance benefits is paid; or
- on or after September 19, 2017, until the date of the foreclosure sale, the date the DIL is recorded, or the date a sale by the Borrower or authorized party is completed.

v. Record Retention – Servicing File (04/29/2024)

i. Definition

The Servicing File refers to the Mortgagee's record of all servicing activity on an FHA-insured HECM.

ii. Standard

The Mortgagee must retain all Servicing Files for a minimum of three years after the transfer or sale of the HECM or termination of mortgage insurance. The Mortgagee must maintain accurate records for each HECM serviced. In addition to the specific documentation requirements stated in this Handbook 4000.1, these records must include the following information:

- HECM origination and endorsement documentation, including copies of the following documents, if applicable:

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

1. Servicing of FHA-Insured HECMs

- o Conditional Commitment Direct Endorsement Statement of Appraised Value;
- o form [HUD-92900.4](#), *Firm Commitment*, if applicable;
- o HECM loan agreement and exhibits;
- o [Fannie Mae Form 1009](#), *Residential Loan Application for Reverse Mortgages (RLARM)*, and [Fannie Mae Form 1003/Freddie Mac Form 65](#), *Uniform Residential Loan Application (URLA)*;
- o Financial Assessment Worksheet; and
- o Mortgage Insurance Certificate (MIC);
- MIP payments made;
- documentation related to any recovery of hazard insurance proceeds; and
- the FHA-insured HECMs in the Mortgagee's portfolio and information on which HECMs have been acquired, sold, paid in full, and voluntarily terminated.

The Mortgagee must also retain, in electronic and hard copy, the Mortgage, mortgage Note, deed of trust, or a lost note affidavit acceptable under state law, with the electronic copy marked "copy."

Where a claim is filed, the Mortgagee must retain documentation in compliance with the Claim ~~Review~~ File section for at least seven years after the final claim or latest supplemental claim settlement date.

iii. Record Reconciliations

HUD may require the Mortgagee to provide information evidencing reconciliation of Mortgagee records with HUD. This information may include identification, by HECM, of the following:

- amount of MIP due and paid to HUD by time period for each insured HECM;
- date insurance was terminated or servicing transferred, if applicable; and
- date servicing was acquired, for HECMs acquired.

The Mortgagee must ensure that HUD's records accurately reflect the status of the HECM and both the correct Holder and Servicer of record.

iv. Electronic Storage

Where retention of a hard copy or original document is not required, the Mortgagee may use electronic storage methods for all servicing-related documents required in accordance with HUD regulations, handbooks, Mortgagee Letters, and notices.

Regardless, the Mortgagee must be able to make available to HUD in the format (electronic or hard copy) requested legible documents within 24 hours of a request or as otherwise prescribed by HUD.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

2. Default Servicing

a. Use of Counseling Agencies (04/29/2024)

The Mortgagee must refer the Borrower to a HUD-approved housing counseling agency in the area where the Property is located when obligations under the HECM are not being met by the Borrower. The Mortgagee should refer the Borrower to a counseling agency before submitting a due and payable request.

b. Due and Payable Servicing (03/25/2024)

i. Standard

(A) Due and Payable with HUD's Approval

A HECM is eligible for Due and Payable status with HUD's approval if one of the following conditions applies:

- no surviving Borrower maintains the Property as their Principal Residence;
- a Borrower fails to occupy the Property for a period of more than 12 consecutive months because of physical or mental illness and the Property is not the Principal Residence of at least one other Borrower; or
- an obligation of the Borrower under the HECM is not fulfilled.

In such cases, the Mortgagee must submit a Due and Payable request to HUD through [HERMIT](#) within 30 Days of a HECM becoming eligible for Due and Payable status.

Required Documentation

Mortgagees must upload into [HERMIT](#) sufficient documentation to support the stated reason for request for HUD approval to call the loan Due and Payable. This documentation must be specific to the stated due and payable reason and must be an original source of information, such as documentation from a taxing authority that property taxes are delinquent or a policy termination letter from an insurance carrier.

(B) Automatic Due and Payable Events

A HECM becomes automatically Due and Payable, if one of the following conditions applies:

- for case numbers assigned before August 4, 2014:
 - o a Borrower died and the Property is no longer the Principal Residence of at least one surviving Borrower;
 - o a Borrower conveyed all of their title in the mortgaged Property and no other Borrower retains title to the Property; or
 - o where the Mortgagee elects to pursue a MOE Assignment, the Mortgagee determines the NBS or HECM is ineligible for such assignment, thus ending the Deferral Period; or
- for case numbers assigned on or after August 4, 2014:

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

- o a Borrower died, the Property is no longer the Principal Residence of at least one surviving Borrower, and there is no applicable Deferral Period;
- o a Borrower conveys all of their title in the mortgaged Property and no other Borrower retains title to the Property; or
- o the Deferral Period for an Eligible NBS ends.

ii. Deferral Periods for an Eligible Non-Borrowing Spouse

In the event the last surviving Borrower predeceases an NBS, a Deferral Period may be provided for the Due and Payable status where the NBS meets all the [Qualifying Attributes](#) and all other HUD requirements herein.

(A) Deferral Period Requirements

(1) Case Numbers Assigned before August 4, 2014

Where the Mortgagee elects to pursue a MOE Assignment, the HECM will enter a Deferral Period while the Mortgagee completes the required [MOE Assessment](#). If the Mortgagee determines the HECM and the NBS meet all of the requirements for a MOE Assignment, the HECM may be assigned to HUD and HUD will administer the Deferral Period. If the Mortgagee determines the HECM or the NBS do not meet all of the requirements for a MOE Assignment, the Deferral Period ends and the Mortgagee must proceed with calling the HECM Due and Payable without HUD's approval.

(2) Case Numbers Assigned on or after August 4, 2014

Where an Eligible NBS was identified at origination, and remained an Eligible NBS throughout the Borrower's lifetime, the HECM will automatically enter a Deferral Period when the Mortgagee enters the date of the last surviving HECM Borrower's death in [HERMIT](#).

To continue this Deferral Period, the Mortgagee must ensure the NBS satisfies, and continues to satisfy, the following Qualifying Attributes:

- ensure all other obligations of the Borrower continue to be satisfied; and
- ensure that the HECM does not become eligible to be called Due and Payable for any reason other than:
 - o the death of the last surviving Borrower; or
 - o the Borrower's residence in a health care facility for longer than 12 consecutive months.

If at any time, the NBS fails to meet any of the Qualifying Attributes or any of the requirements for deferral cease to be met, the Deferral Period ends and the Mortgagee must proceed with calling the HECM Due and Payable without HUD's approval.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

(B) Required Documentation

During a Deferral Period, the Mortgagee must upload copies of the following documents into [HERMIT](#):

- all applicable [Due and Payable notifications](#); and
- all required annual [NBS certifications](#).

(C) Required Due and Payable Notification to HUD

The Mortgagee must notify HUD within 30 Days of determining a HECM is ineligible for a MOE Assignment.

For all other cases, the Mortgagee must notify HUD within 60 Days of a HECM becoming Due and Payable without HUD's approval.

The Mortgagee must provide notice by:

- entering the Borrower's date of death in [HERMIT](#) for cases where the HECM is Due and Payable due to the Borrower's death;
- initiating a Due and Payable without a HUD Approval timeline in HERMIT for cases where the HECM is Due and Payable due to conveyance; or
- completing the Due and Payable timeline in HERMIT for cases where the HECM is Due and Payable due to a Deferral Period ending.

The Mortgagee must take whatever steps are necessary to ensure they are able to provide the required notice. Where state privacy laws impair the Mortgagee's ability to acquire relevant information about the death of a Borrower or an Eligible NBS, the Mortgagee must:

- notify HUD, through HERMIT, of the Due and Payable status within 30 Days of the end of the state's privacy law restriction on the Mortgagee's access to the information; and
- provide the relevant state law and a detailed explanation supporting the delay.

Notification During Deferral Periods

In the event of a Deferral Period, the Mortgagee must not complete the Due and Payable timeline until the Deferral Period ends.

The Mortgagee must complete the appropriate Due and Payable timeline within 60 Days from the end of the Deferral Period, which provides HUD the required notification and changes the HECM status in [HERMIT](#) to Due and Payable.

(D) Verbal Notification of Death to Mortgagee

When a HECM is Due and Payable as a result of a Borrower's death or a Deferral Period ends as a result of an Eligible NBS's death, the Mortgagee may accept verbal notification of the death from the heirs or estate for Due and Payable purposes.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

iii. Required Notifications

(A) Standard

(1) Due and Payable Notice to Borrower for Reasons Other than Death

The Mortgagee must provide notice to the Borrower within 30 Days of receiving HUD's approval to call a HECM Due and Payable. The notice must:

- state that an obligation of the Borrower has not been met;
- state specifically what obligation of the Borrower has not been met;
- state that failure of the Borrower to comply with the terms of the HECM has resulted in the HECM becoming Due and Payable;
- provide notice of the availability of housing counseling;
- provide notice of any available Loss Mitigation Options the Mortgagee may offer; and
- provide the Borrower 30 Days to notify the Mortgagee of their intention to either:
 - o satisfy the HECM in full;
 - o sell the Property for at least 95 percent of the current appraised value;
 - o provide the Mortgagee with a DIL of Foreclosure; or
 - o correct the matter which resulted in the HECM becoming Due and Payable.

(2) Due and Payable Notice to Borrower's Estate or Heirs due to Death or End of Deferral Period

The Mortgagee must provide notice to the Borrower's estate, heir, or other party with legal title to the Property securing the HECM within 30 Days notifying the Commissioner that the Mortgage is Due and Payable. The notice must provide the following options for the Borrower's estate, heir, or other party with legal title to the Property to resolve the HECM:

- pay the outstanding loan balance including any accrued interest, MIP, and mortgage advances in full;
- provide information to the Mortgagee regarding a spouse of the Borrower who was not also a borrower on the HECM to determine if the spouse may be eligible for a Deferral Period;
- sell the Property for at least the lesser of the outstanding principal balance or 95 percent of the current appraised value;
- provide the Mortgagee with a DIL of Foreclosure;
- correct the condition which resulted in the Mortgage becoming Due and Payable for reasons other than the death of the last surviving Borrower; or
- for an Eligible NBS, correct the condition which resulted in an end to the Deferral Period.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

(3) Notice to Non-Borrowing Spouse at the Start of a Deferral Period

Within 30 Days of receiving notice of the last surviving Borrower's death, the Mortgagee must provide to an Eligible NBS a notice including information on:

- the eligibility requirements for a Deferral Period;
- the conditions and requirements for the continuation of a Deferral Period;
- the ability to cure the default (due to failure to maintain the Property or failure to pay Property Charges) in order to be in compliance with the requirements for the continuation of a Deferral Period; and
- the ability to reinstate the Deferral Period, which may be limited under certain circumstances.

(4) Due and Payable Notice to Non-Borrowing Spouse at the End of a Deferral Period – Non-Borrowing Spouse Ineligibility

When a Deferral Period ends because an Eligible NBS has become an Ineligible NBS, the Mortgagee must notify the NBS within 30 Days after the end of the Deferral Period that:

- the Deferral Period has ended;
- the HECM is Due and Payable; and
- the Borrower's estate, heir, or other party with authority to dispose of the Property may either:
 - o satisfy the HECM for the lesser of the full debt or 95 percent of the current appraised value;
 - o sell the Property for at least the lesser of the outstanding principal balance or 95 percent of the current appraised value; or
 - o provide the Mortgagee with a DIL of Foreclosure.

(5) Due and Payable Notice to Non-Borrowing Spouse at the End of a Deferral Period – HECM Ineligibility

When a HECM is in a Deferral Period, if any other applicable requirements for deferral cease to be met, the Mortgagee must notify the Eligible NBS within 30 Days that:

- a requirement of the Deferral Period has not been met;
- the Eligible NBS has 30 Days to cure the condition of noncompliance; and
- failure to cure within such time will result in the Deferral Period ending and the HECM becoming Due and Payable with an explanation of Due and Payable status.

(B) Required Documentation

The Mortgagee must retain copies of all required notifications in the Servicing File.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

iv. Selling the Property Secured by a HECM

Under the terms of the HECM, the Borrower may sell the Property secured by a HECM at any time for the lesser of the full HECM debt or the current appraised value. If the HECM is Due and Payable, the Property may be sold for the lesser of the full HECM debt, including any and all expenses incurred in connection with the HECM, or 95 percent of the current appraised value. Upon receipt of a request from the Borrower or other party with the legal right to dispose of the Property, the Mortgagee must have the Property appraised in accordance with the [Required Appraisals](#) section. The Mortgagee must provide the requestor a copy of the appraisal and retain copies in their Servicing File. For the purposes of this section, sell includes any post-death transfer of title by operation of law.

Where the Property is sold for less than full Payoff, the Mortgagee may file a [Short Sale Claims \(Claim Type 23\)](#) following the instructions in this section.

v. Required Inspections

(A) Standard

When a HECM is in Due and Payable status, the Mortgagee must perform a monthly visual inspection of the Property securing the HECM to determine whether the Property is vacant.

The Mortgagee must take reasonable action to [protect and preserve](#) the Property securing the HECM when it is determined or should have been determined that the Property is vacant or abandoned, if such action does not constitute illegal trespass. “Reasonable action” includes the commencement of foreclosure within the time required in this section.

(B) Required Documentation

The Mortgagee must retain copies of all inspection reports from the initial inspection through the sale of the Property in their Servicing File.

vi. Required Appraisals

(A) Standard

(1) Appraisal Requested

The Mortgagee must have the Property appraised by an FHA Roster Appraiser no later than 30 Days after the Borrower, Borrower’s estate, heir, or other party with authority to [dispose of the Property](#) requests an appraisal in connection with a pending sale of the Property.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

- If the HECM is not Due and Payable, the appraisal is at the Borrower's expense.
- If the HECM is Due and Payable, the appraisal is at the Mortgagee's expense, but the Mortgagee may be reimbursed from the proceeds of any sale or through the claim process.

(2) Appraisal for Foreclosure Sale

The Mortgagee must have the Property appraised before a foreclosure sale. The appraisal must have an effective date that is no more than 30 Days before the sale. If a foreclosure sale is rescheduled, the Mortgagee may continue to use the appraisal obtained for the initial foreclosure sale date provided it remains valid and unexpired as of the date of the foreclosure sale.

(3) Appraisal for Appraisal-Based Claim

If the Mortgagee is submitting an appraisal-based claim, the Mortgagee must use a valid, unexpired appraisal as of the date of claim submission.

(B) Required Documentation

The Mortgagee must retain copies of all appraisals received in the Servicing File.

c. Defaults for Unpaid Property Charges (11/30/2023)

i. Definition

HECM Loss Mitigation refers to strategies intended to minimize economic impact to the Mutual Mortgage Insurance Fund (MMIF) and to avoid foreclosure, if possible.

Repayment Plan refers to a written agreement by the Borrower to make monthly payments to the Mortgagee to reimburse the Mortgagee for corporate advances made on the Borrower's behalf for taxes and/or insurance.

ii. Standard

(A) HECMs in Default due to Unpaid Property Charges

The Mortgagee may make property charge payments on behalf of the Borrower using funds available under the NPL.

(1) When Insufficient Funds Remain

If insufficient funds remain to satisfy these unpaid Property Charges, the Mortgagee must promptly [notify the Borrower](#) that failure to make the payment within 30 Days of the payment due date will result in the HECM becoming Due and Payable.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

If the Borrower does not make the required payment and provide the Mortgagee documentation of such, the Mortgagee must:

- advance its corporate funds to pay the outstanding Property Charges;
- take whatever steps necessary to protect its and HUD's security interests; and
- submit [a Due and Payable](#) request.

(2) When There is a Deferral Period

During a Deferral Period, the Mortgagee must not make property charge payments using HECM proceeds as no further Disbursements are available under the HECM.

If a property charge payment is missed during a Deferral Period, the Mortgagee must notify any Eligible NBS that an obligation of the HECM was not satisfied and that the Deferral Period has ended unless the default is cured within 30 Days.

If the default is not cured within such time, the Mortgagee must proceed in accordance with [applicable time frames](#) to initiate foreclosure and reasonable diligence in prosecuting foreclosure.

If a default is cured at any time prior to a foreclosure sale, the Mortgagee must reinstate the Deferral Period provided the [Deferral Period reinstatement provisions](#) for an Eligible NBS are met.

(3) HECMs with Set-Aside Accounts

For HECMs with Set-Aside accounts for paying Property Charges, the HECM will be considered in default and eligible for [Due and Payable](#) status if:

- the Set-Aside account has been exhausted of available funds to make property charge payments;
- the Borrower fails to remit the property charge payment in full within 30 Days as required, [after being notified](#) by the Mortgagee of their outstanding property charge obligation; and
- the Principal Limit has been exhausted, requiring the Mortgagee to make the property charge payment using corporate funds.

(B) Notification to the Borrower of a Missed Property Charge Payment

The Mortgagee must provide the Borrower a Property Charge Delinquency letter within 30 Days of the Mortgagee receiving notification that a property charge payment is outstanding when the Borrower has failed to make the required payment and provide the Mortgagee documentation of such payment. The Mortgagee may vary the actual structure of the letter, but must include the following:

- state that an obligation of the Borrower to pay Property Charges has not been met;

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

- state that the Borrower's failure to pay Property Charges within 30 Days of the notice will result in the HECM becoming Due and Payable;
- where applicable, include the amount of corporate funds advanced by the Mortgagee on the Borrower's behalf to satisfy the unpaid Property Charge and state that the Borrower's failure to reimburse the Mortgagee within 30 Days of the notice will result in the HECM becoming Due and Payable;
- provide notice of availability of housing counseling; and
- provide information regarding Loss Mitigation Options that may be available to a Borrower in default, including:
 - o refinancing the defaulted HECM into a new HECM if possible under all applicable origination requirements;
 - o state, local, or other government assistance programs available for Borrowers; and
 - o disposition options including sale of Property or DIL.

(C) Requesting Due and Payable

If a property charge default has not been cured within 30 Days of notifying the Borrower of unpaid Property Charges, the Mortgagee must submit to HUD a Due and Payable request, in accordance with the [Due and Payable policies](#).

Where the Mortgagee is willing to offer the Borrower an available Loss Mitigation Option, the Mortgagee may request a property charge loss mitigation extension to the foreclosure time frame in [HERMIT](#) following the guidance in the [Mortgagee Extension for Property Charge Loss Mitigation](#) section.

(D) Permissible Loss Mitigation Options Available for HECMs in Due and Payable Status

If the Loss Mitigation Options identified in the [Property Charge Delinquency letter](#) are unavailable, have been declined by the Borrower, or have been otherwise exhausted, the Mortgagee may review the Borrower for the following:

- Option 1: Repayment Plan to satisfy outstanding corporate advances made for property charge defaults; or
- Option 2: an extension of the foreclosure time frames due to an At-Risk HECM Borrower.

The Mortgagee will not be reimbursed for any amount greater than the MCA, even if the HECM balance exceeds 100 percent of the MCA due to the Mortgagee providing a Repayment Plan. In addition, a HECM with an active Repayment Plan is not eligible for assignment to HUD.

(1) Option 1: HECM Loss Mitigation Repayment Plan

The Mortgagee must determine the Borrower's ability to support, and likelihood of success under, a Repayment Plan before offering this Loss Mitigation Option.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

If the Borrower will not be able to repay the corporate advance within the permissible time, this Loss Mitigation Option is not available. Additionally, any permissible Repayment Plan must provide that in the event the last surviving Borrower dies before the Repayment Plan is paid in full, any outstanding amounts owed become immediately due and must be satisfied within 30 Days.

The Mortgagee must follow the steps below when evaluating a Borrower for a Repayment Plan.

(a) Assessing the Borrower for a Repayment Plan

When assessing a Borrower for a Repayment Plan, the Mortgagee must evaluate the Borrower's ability to repay the Mortgagee's corporate advances through a Repayment Plan by using the financial information provided by the Borrower and the calculation instructions below.

The Mortgagee must determine the shortest time period necessary, not to exceed five years, for the Repayment Plan to ensure repayment at the earliest possible date.

(b) Repayment Plan Calculation

(i) Calculate Total Arrearage

The total arrearage is determined by adding the outstanding corporate advances for taxes and/or insurance made for the account to any Property Charges due for the next 90 Days. HOA and Condominium Association dues may be included in the total arrearage at the Mortgagee's discretion.

(ii) Calculate Monthly Surplus Income

The Borrower's monthly surplus income is the total amount of income as stated by the Borrower, less:

- the Borrower's necessary living expenses; and
- one-twelfth of the Property Charges due over the next 12 months.

(iii) Calculate Repayment Plan Terms

The Mortgagee must determine if the Repayment Plan can be achieved using 25 percent of the Borrower's monthly surplus income. If the total arrearage amount divided by 25 percent of the Borrower's monthly surplus income, rounded up to the nearest whole month, is:

- 60 months or less, the result is the required length of the Repayment Plan; or
- more than 60 months, the Mortgagee must determine the percentage of the Borrower's monthly surplus income needed to repay in 60 months:

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

- o if the resulting percentage would represent a reasonable expectation of the Borrower's performance, the required length of the Repayment Plan is 60 months; or
- o if the resulting percentage would represent an unreasonable expectation of the Borrower's performance, the Borrower's surplus income is insufficient to support a Repayment Plan and this option is no longer available.

(iv) Insufficient Surplus Income for a Repayment Plan

Where the Mortgagee determines that the Borrower's surplus income is insufficient to support a reasonable Repayment Plan, the Mortgagee may assess the Borrower for an [At-Risk extension](#).

(c) Additional Unpaid Property Charges or Hardship Experienced after Establishing a Repayment Plan

(i) Additional Unpaid Property Charges

In cases where there is an active Repayment Plan, the Mortgagee may re-evaluate the Borrower for a new Repayment Plan if the Borrower again fails to pay the required Property Charges. The Mortgagee must solicit new financial information from the Borrower to conduct this assessment.

To revise the Repayment Plan the Mortgagee must use a recalculated total arrearage, including all outstanding corporate advances made.

The Mortgagee must determine the maximum permitted length of a new Repayment Plan by subtracting the number of months of previous Repayment Plan participation from 60 months, which is the maximum available time frame. The Mortgagee must then determine if the new Repayment Plan can be achieved using 25 percent of the Borrower's monthly surplus income. If the revised total amount divided by 25 percent of the Borrower's monthly surplus income, rounded up to the nearest whole month, is:

- no more than the maximum permitted length as calculated above, the result is the required length of the new Repayment Plan; or
- more than the maximum permitted length, the Mortgagee must determine the percentage of the Borrower's monthly surplus income needed to repay within the permitted time period:
 - o if the resulting percentage would represent a reasonable expectation of the Borrower's performance, the required length of the new Repayment Plan is the maximum permitted time; or
 - o if the resulting percentage would represent an unreasonable expectation of the Borrower's performance, the Borrower's

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

surplus income is insufficient to support a new Repayment Plan and this option is no longer available.

The required minimum monthly payment for a new Repayment Plan equals the revised total arrearage divided by the length of the new Repayment Plan.

(ii) Experienced Hardships

If the Borrower experiences a decrease in their surplus income due to a verified hardship (e.g., illness, death of a household member who was identified as a contributor of income in a previous Repayment Plan calculation, emergency home repair, loss of employment income, etc.) and requests a Repayment Plan adjustment, the Mortgagee must solicit new financial information from the Borrower to conduct a new Repayment Plan assessment.

To revise the Repayment Plan the Mortgagee must use a recalculated Borrower's surplus income amount.

The Mortgagee must determine the maximum permitted length of a new Repayment Plan by subtracting the number of months of previous Repayment Plan participation from 60 months, which is the maximum available time frame. The Mortgagee must then determine if the new Repayment Plan can be achieved using 25 percent of the Borrower's new monthly surplus income. If the total amount divided by 25 percent of the Borrower's new monthly surplus income, rounded up to the nearest whole month, is:

- no more than the maximum permitted length as calculated above, the result is the required length of the new Repayment Plan; or
- more than the maximum permitted length, the Mortgagee must determine the percentage of the Borrower's new monthly surplus income needed to repay within the permitted time:
 - o if the resulting percentage would represent a reasonable expectation of the Borrower's performance, the required length of the new Repayment Plan is the maximum permitted time; or
 - o if the resulting percentage would represent an unreasonable expectation of the Borrower's performance, the Borrower's surplus income is insufficient to support a new Repayment Plan and this option is no longer available.

The required minimum monthly payment for a new Repayment Plan equals the total arrearage divided by the length of the new Repayment Plan.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

(iii) Insufficient Surplus Income for a New Repayment Plan

Where the Mortgagee determines that the Borrower's surplus income is insufficient to support a reasonable new Repayment Plan, the Mortgagee may assess the Borrower for an [At-Risk extension](#).

(d) Unsuccessful Repayment Plan Performance

A Borrower's Repayment Plan performance is unsuccessful when a full monthly payment is not made within 60 Days of the monthly payment due date.

Where a Borrower fails to perform successfully under an existing Repayment Plan, the Mortgagee may consider one of the following options:

- if the Mortgagee determines that a recalculated Repayment Plan results in reasonable payments, provide the Borrower with such; or
- if the Mortgagee determines that a recalculated Repayment Plan results in unreasonable payments, assess the Borrower for an [At-Risk extension](#).

If a Repayment Plan is unsuccessful and either the Mortgagee chooses not to offer one of the above options or, after considering the options, determines neither is available, any extension to the foreclosure time frames cease immediately and the Mortgagee must proceed in accordance with HUD's regulations. However, the Mortgagee may receive an automatic 90-Day extension after a failed Repayment Plan to resume or restart foreclosure.

(e) Repayment Plans Satisfied Immediately Upon Death

Any approved property charge loss mitigation extension immediately ceases when the last surviving Borrower dies. Any outstanding corporate advances owed become immediately due. If any amount owed is not satisfied within 30 Days, the Mortgagee must proceed with calling the HECM Due and Payable.

If any outstanding amounts due are satisfied, the Mortgagee must request that the Due and Payable status on the HECM related to the repayment of any approved Property Charges be rescinded.

(2) Option 2: Allowable Foreclosure Extensions for At-Risk HECM Borrowers

(a) Definition

An At-Risk HECM Borrower refers to a Borrower who is in default for unpaid Property Charges, has insufficient surplus income to support a Repayment Plan, or was unsuccessful in their Repayment Plan and meets the following criteria:

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

- the youngest living Borrower is at least 80 years of age; and
- the Mortgagee has determined that the Borrower or Family Member receiving care in the residence has critical circumstances such as a supported terminal illness or substantiated long-term physical disability.

(b) Standard

To request a property charge loss mitigation extension for an At-Risk HECM Borrower, the Mortgagee must use the appropriate timeline in [HERMIT](#) and identify their request as At-Risk.

Upon request of the Mortgagee, HUD will determine whether an extension will be granted and reserves the right to require the Mortgagee to timely proceed to foreclosure.

If the last surviving Borrower dies or one of the required criteria cease to be met, any approved extension ceases immediately and the Mortgagee must proceed in accordance with HUD's regulations.

(c) Required Documentation

The Mortgagee must include supporting documentation with the extension request validating that the Borrower meets the definition of an At-Risk Borrower.

(E) Optional Delay to Submit a Due and Payable Request for Low Balance Arrearages

The Mortgagee may delay submitting a due and payable request to HUD for HECMs with a total Property Charge arrearage amount that is \$5,000.00 or less by uploading documentation into [HERMIT](#) establishing that either:

- the Mortgagee is unable to contact the Borrower, and:
 - o the Mortgagee has received the Borrower's current annual Occupancy Certification; and
 - o the Mortgagee has no indication that the Borrower has vacated the Property; or
- the Mortgagee has contacted the Borrower, and:
 - o the Borrower has expressed a willingness to repay; and
 - o the Borrower is currently making payments or partial payments.

The Mortgagee must submit a due and payable request to HUD immediately upon the occurrence of any of the following events, whichever occurs first:

- the Borrower fails to timely complete the annual Occupancy Certification;
- the Borrower no longer occupies the Property securing the HECM as their Principal Residence;

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

- 12 months have elapsed from the first missed property tax and/or Hazard Insurance payment, and the Mortgagee is still unable to contact the Borrower;
- the Borrower has expressed an unwillingness to repay; or
- the total arrearage exceeds \$5,000.00.

(F) Rescission of Due and Payable for a Mortgagee-Funded Cure

A Mortgagee may request HUD rescind a previous due and payable approval where the Mortgagee has completed a Mortgagee-Funded Cure and there are no other outstanding reasons for default.

(G)Curing the Default Following a Due and Payable Request

At any time prior to a foreclosure, the HECM default may be cured if the Borrower or Eligible NBS:

- becomes current on all Property Charges;
- repays all applicable corporate advances made by the Mortgagee; and
- fully cures any outstanding reasons for default.

Where the last surviving Borrower has died and there is an Eligible NBS, the [Deferral Period Requirements](#) will apply after the property charge default is cured.

HECMs with Repayment Plans or an [At-Risk extension](#) are not eligible for assignment until the default is cured, at which time the Mortgagee may assign the HECM in accordance with guidance for [submitting assignment requests](#).

(H)Assignment Following a Mortgagee-Funded Cure

A Mortgagee may choose to assign a HECM that meets all other eligibility criteria for assignment following completion of a Mortgagee-Funded Cure. A Mortgagee-Funded Cure is complete only after the Borrower has made at least one year of Property Charge payments during which the Mortgagee has not advanced any additional funds on the Borrower's behalf. The Mortgagee must identify the Mortgagee-Funded Cure in [HERMIT](#) under the "Alerts" tab as follows:

- New – select "Insurance Default" or "Tax Default;"
- Alert Date – enter the date of the Mortgagee-Funded Cure;
- Expiration Date – enter the Alert Date plus three years;
- Alert Amount – enter the amount funded by the Mortgagee;
- Status – enter "Active;" and
- Alert Note – enter "Mortgagee-Funded Cure."

The Mortgagee will not be reimbursed for any amount greater than the HECM's MCA in any claim for FHA insurance benefits.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

iii. Required Documentation

(A) Due and Payable Notice

Where the Borrower has failed to cure the default and the HECM has been called Due and Payable, the Mortgagee must provide the Borrower a [Due and Payable notice](#) in accordance with HUD's [Due and Payable policies](#).

(B) Property Charge Loss Mitigation Extension for Repayment Plans

When an extension to the foreclosure time frames is taken due to the use of a Repayment Plan, the Mortgagee must upload in [HERMIT](#) a fully executed Repayment Plan agreement that provides the following information:

- date of agreement;
- total outstanding arrearage;
- monthly surplus income amount;
- Repayment Plan term;
- monthly Repayment Plan amount; and
- due date of next monthly Repayment Plan amount.

(C) Ongoing Reporting Requirements for Repayment Plans

When a HECM becomes eligible to be called Due and Payable as a result of the Borrower's failure to pay property taxes and/or Hazard Insurance, the Mortgagee must report the default event using [HERMIT](#).

While a HECM is on a Repayment Plan, the Mortgagee must update HERMIT monthly with the following information:

- total outstanding arrearage;
- monthly surplus income;
- term of Repayment Plan;
- amount of monthly Repayment Plan payment;
- due date of next monthly payment;
- when a Borrower experiences a hardship; and
- reason for hardship.

When the default is subsequently cured, the Mortgagee must upload supporting documentation into HERMIT, reflecting the resolution of the default.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

d. Initiation of Foreclosure and Reasonable Diligence Time Frames (03/25/2024)

i. Initiation of Foreclosure

(A) Case Numbers Assigned before September 19, 2017

If a HECM has not been satisfied or the default cured in response to a Due and Payable notification to the Borrower, the Mortgagee must commence foreclosure by taking the first legal action identified in [Appendix 6.0](#) as required by the state in which the Property is located. The first legal action to initiate foreclosure must occur:

- no later than six months after the earliest of either:
 - o the death of the last surviving Borrower, unless there is an applicable Deferral Period;
 - o the end of any applicable Deferral Period; or
 - o the Mortgagee's notice to the Borrower that the HECM is Due and Payable when the HECM is Due and Payable for reasons other than death; or
- within an extended time frame as approved by HUD.

If federal bankruptcy law or the laws of the state, city, or municipality in which the HECM Property is located do not permit the commencement of foreclosure within the above referenced time frame, the Mortgagee must commence foreclosure within six months after the period during which foreclosure is prohibited by such laws.

Where state privacy laws impair the Mortgagee's ability to acquire relevant information about the death of a Borrower or an Eligible NBS, the Mortgagee must initiate foreclosure within three months from the date of the expiration of such period of impairment.

(B) Case Numbers Assigned on or after September 19, 2017

If a HECM has not been satisfied or the default cured in response to a Due and Payable notification, the Mortgagee must commence foreclosure by taking the first legal action identified in [Appendix 6.0](#) as required by the state in which the Property is located. The first legal action to initiate foreclosure must occur:

- no later than six months after the earliest of either:
 - o the date the Mortgagee notifies, or should have notified, HUD of the death of the last surviving Borrower unless there is an applicable Deferral Period;
 - o the end of any applicable Deferral Period;
 - o HUD's Due and Payable approval when the HECM is Due and Payable for reasons other than death; or
 - o the date the Mortgagee notifies, or should have notified, HUD of the conveyance of all title and no Borrower remains on title to the Property; or
- within the extended time frame as approved by the Secretary.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

If federal bankruptcy law or the laws of the state, city, or municipality in which the HECM Property is located do not permit the commencement of foreclosure within the above referenced time frame, the Mortgagee must commence foreclosure within six months after the time during which foreclosure is prohibited by such laws.

Where state privacy laws impair the Mortgagee's ability to acquire relevant information about the death of a Borrower or an Eligible NBS, the Mortgagee must initiate foreclosure within three months from the date of the expiration of such period of impairment.

(C) Required Documentation

The Mortgagee must provide notice to HUD via [HERMIT](#) within 30 Days of initiating foreclosure using the appropriate timeline.

ii. Reasonable Diligence in Prosecuting Foreclosure

The Mortgagee must exercise reasonable diligence in prosecuting foreclosure proceedings from first legal action to completion, as indicated by acquiring title to and possession of the Property. [Appendix 6.0](#) provides the Reasonable Diligence Time Frame established by HUD for each state.

iii. Available Extensions

(A) Borrower-Initiated Requests for Extensions to Sell the Property or Otherwise Satisfy the HECM

The Borrower or other party holding legal title to the Property may request additional time to:

- market and sell a Property securing a HECM if evidence can be provided demonstrating:
 - o the Property is being actively marketed; or
 - o closing or payoff delays associated with an executed sales contract; or
- satisfy a HECM if evidence can be provided demonstrating attempts to satisfy the HECM balance.

If the Mortgagee receives such a documented request, the Mortgagee must submit a 90-Day extension request with documentation to HUD through the appropriate [HERMIT](#) timeline. The Mortgagee may submit no more than two 90-Day Borrower-initiated extension requests under this section.

(B) Mortgagee Extension after Borrower's Failure to Sell or Satisfy the HECM

The Mortgagee may utilize one 90-Day extension to commence foreclosure following a fully documented, failed attempt by the Borrower, or the Borrower's estate or heir, or other party with legal authority to sell the Property or otherwise satisfy the HECM. The Mortgagee must include in the Servicing File evidence of the active marketing of

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

the Property or attempts to satisfy the HECM balance, and document the use of the extension when [submitting the claim](#).

This extension is provided only for the Mortgagee's operational purposes of meeting the deadline for taking first legal action to foreclose.

(C) Mortgagee Extension for Property Charge Loss Mitigation

Where the Mortgagee is willing to offer the Borrower an available Loss Mitigation Option, the Mortgagee may request a property charge loss mitigation extension to the foreclosure time frame in [HERMIT](#) using the appropriate timeline, provided all requirements established in this section are met.

Any approved extension of the foreclosure time frames ceases immediately if, at any point, the Mortgagee determines:

- that no Loss Mitigation Options are viable;
- the Borrower is unwilling to reimburse the property charge payments advanced on their behalf evidenced either by self-certification or non-communication with a Mortgagee for 60 Days;
- the Borrower is unable to cure the default; or
- the last surviving Borrower dies.

Any request for an extension to a foreclosure time frame due to the Mortgagee's election to offer a permissible Loss Mitigation Option under this section must include documentation that the eligibility requirements have been met.

(D) Mortgagee Extension for Borrower Participation in Local, State, or Other Government Property Charge Assistance Programs

(1) Definition

Local, State, or Other Government Property Charge Assistance Programs, for purposes of HECM, refers to funds available from state agency programs to assist Borrowers with resolving property charge defaults. The funds from these programs are a lump sum provided to the Mortgagee to be used to cure the Borrower's default.

(2) Standard

When a Borrower is receiving funds through a local, state, or other government property charge assistance program, the Mortgagee may request a 60-Day extension to the time frames for commencing foreclosure or reasonable diligence in completing foreclosure, provided that:

- the Mortgagee receives notification from the local, state, or other government property charge assistance program, that the Borrower has applied for funds;

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

- the Mortgagee obtains a copy of the Borrower's approval from the state Housing Finance Agency (HFA) or other entity administering a state's program; or
- the program requires a foreclosure action to be suspended.

If the Mortgagee elects to pursue this extension, the Mortgagee must submit the request with documentation to HUD using the appropriate [HERMIT](#) timeline. The program funds must be received and applied within the 60-Day extension period. After a property charge default is cured, the Mortgagee must request rescission of the HECM's Due and Payable approval through the appropriate timeline in HERMIT.

If the program funds are not received, are not disbursed on behalf of the Borrower, or do not adequately cure the default within the 60-Day extension period, the Mortgagee must proceed in accordance with the applicable foreclosure time frames. The Mortgagee must retain documentation regarding any local, state, or other government property charge assistance program-related delay in initiating or completing foreclosure in its Servicing File in order to avoid curtailment.

iv. Curing the Default

(A) To Reinstate the HECM

At any time prior to a foreclosure sale, the Mortgagee must permit the Borrower to cure the default and reinstate the HECM, unless:

- the Mortgagee has accepted reinstatement of the HECM within the past two years immediately preceding the current notification to the Borrower that the HECM is Due and Payable;
- reinstatement will preclude foreclosure if the HECM becomes Due and Payable at a later date; or
- reinstatement will adversely affect the priority of the HECM lien.

The Mortgagee may require the Borrower to pay any foreclosure costs and reasonable attorney fees incurred in connection with a canceled foreclosure by adding the expenses to the outstanding HECM balance.

(B) To Reinstate a Deferral Period

At any time prior to a foreclosure sale, the Mortgagee must permit an Eligible NBS to cure the condition that resulted in the Deferral Period ceasing, and reinstate the Deferral Period, unless:

- the Mortgagee has reinstated the Deferral Period within the past two years immediately preceding the latest notification to the Eligible NBS that the HECM is Due and Payable;
- reinstatement of the Deferral Period will preclude foreclosure if the HECM becomes Due and Payable at a later date; or

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

- reinstatement of the Deferral Period will adversely affect the priority of the first and second HECM liens.

To reinstate the Deferral Period, the Mortgagee may require the Eligible NBS to pay any costs the Mortgagee incurred in connection with a canceled foreclosure. The Mortgagee must not add these costs to the outstanding HECM balance.

v. Bidding at Foreclosure Sale

At the foreclosure sale, the Mortgagee must bid the lesser of:

- the full debt, consisting of the outstanding HECM balance and any and all other incurred expenses; or
- the current appraised value of the Property.

vi. Deed-in-Lieu of Foreclosure

(A) Definitions

A Deed-in-Lieu (DIL) of Foreclosure is an option for a property owner to deed a mortgaged Property to the Mortgagee in lieu of the Mortgagee taking title through a foreclosure action.

Due and Payable Date refers to the date when the Mortgagee notifies or should have notified the Commissioner that the Mortgage is Due and Payable under the conditions stated in the Mortgage or the date that a Deferral Period ends, or the date the Commissioner approved a Due and Payable request submitted by the Mortgagee.

(B) Standard

The Mortgagee must accept a DIL of Foreclosure from the Borrower or other party with legal right to dispose of the Property provided:

- the Mortgagee is able to obtain good and marketable title; and
- for HECMs with FHA case numbers assigned on or after September 19, 2017, the Mortgagee files the DIL of Foreclosure for recording within nine months of the due date.

Within 30 Days of receipt of the executed and delivered DIL, the Mortgagee must:

- deliver to the Borrower the canceled Note;
- record the satisfaction of the HECM lien; and
- where applicable, request that HUD release the second HECM lien.

vii. Cash for Keys Consideration

(A) Definition

Cash for Keys refers to a monetary consideration offered as an incentive to expedite a DIL, a Short Sale, or as an alternative to legal eviction

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

(B) Standard

The Mortgagee may offer the Cash for Keys where:

- the Borrower or other party with a legal right to do so vacates the Property and provides a DIL to the Mortgagee;
- the Borrower or other party with a legal right to do so sells the Property as a Short Sale consistent with FHA requirements; or
- all occupants vacate the Property prior to an eviction completed by the Mortgagee.

The Mortgagee must send a Cash for Keys offer letter using a delivery method that provides the date of delivery. The date of the Cash for Keys offer letter for determining the amount of the Cash for Keys incentive is the date the offer is received by the Borrower or occupants of the Property.

The total claim calculated before the addition of any incentive or Cash for Keys must not exceed the MCA. The total claim, including any claimable incentive or Cash for Keys, must not exceed the FHA Statutory MCA for the HECM. The Statutory MCA means the mortgage limit for a one-family residence secured by a HECM as of the date of loan closing. The amount of Cash for Keys may not exceed the amounts described in the table below:

Cash For Keys Incentives		
Incentive Type	Time Frame	Incentive
DIL	Completed within 365 Days from Due and Payable Date	\$7,500.00 + probate costs not to exceed \$5,000.00 (Any probate costs claimed over \$500.00 require supporting documentation.)
	Completed 366 Days to 547 Days from Due and Payable Date	\$5,000.00 + probate costs not to exceed \$5,000.00 (Any probate costs claimed over \$500.00 require supporting documentation.)
Short Sale	Completed within 365 Days from Due and Payable Date	\$7,500.00 + probate costs not to exceed \$5,000.00 (Any probate costs claimed over \$500.00 require supporting documentation.)

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

Cash For Keys Incentives		
	Completed 366 Days to 547 Days from Due and Payable Date	\$5,000.00 + probate costs not to exceed \$5,000.00 (Any probate costs claimed over \$500.00 require supporting documentation.)
Post-Foreclosure Eviction Avoidance	If the Property is vacated within 60 Days of the Cash for Keys offer	\$7,500.00
	If the Property is vacated within 90 Days of the Cash for Keys offer	\$5,000.00

Before releasing the funds for a DIL or a post-foreclosure eviction avoidance incentive, the Mortgagee must inspect the Property to ensure that:

- the Property is in Broom-swept Condition; and
- all built-in appliances and fixtures remain in the Property.

Allowable probate costs are court costs, attorney's fees, notary fees, fees for required notices, and mailing/copy fees.

(C) Required Documentation

Where Cash for Keys is offered in relation to a DIL, the Mortgagee must provide documentation with the claim in [HERMIT](#) showing the date and amount of consideration offered, along with the date:

- the DIL was executed and returned to the Mortgagee;
- the DIL was filed for recording;
- the occupant vacated the Property; and
- the occupant received the funds.

Where Cash for Keys is offered as part of a Short Sale, the Mortgagee must provide documentation with the claim in HERMIT showing:

- the date of the sale closing;
- the date and amount of the offer; and
- the date the occupant received the funds.

Where Cash for Keys is offered to an occupant as an alternative to eviction post-foreclosure, the Mortgagee must provide documentation with the claim in HERMIT showing:

- the date of the foreclosure sale;
- evidence the Mortgagee was the successful bidder;
- the date and amount of the relocation offer;

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

- the date of the actual vacancy; and
- the date the occupant received the funds.

Mortgagees must provide supporting documentation for any probate costs over \$500.00 as part of their claim by uploading the documentation into the HERMIT system.

e. Sale of Property Acquired through Foreclosure or DIL (04/29/2024)

Where the Mortgagee intends to submit an [Acquired Property Claim \(Claim Type 21\)](#), the Mortgagee must:

- take possession of the Property;
- preserve and protect the Property in accordance with [Appendix 7.0](#); and
- make a diligent effort to sell the Property within six months from the date the Mortgagee acquired the Property, or within such additional time as provided by HUD.

The Mortgagee must sell the Property for an amount no less than the current appraised value unless the Mortgagee obtains written permission from HUD authorizing a sale at a lower price.

i. Repairs

The Mortgagee must repair the Property only to the extent the repairs do not exceed those required:

- by local law; or
- by HUD or the Department of Veterans Affairs (VA), if the sale of the Property is being financed using an FHA-insured or VA-guaranteed mortgage.

The Mortgagee must not make any other repairs without specific advance approval from HUD. The Mortgagee must submit an over-allowable request using the appropriate timeline in [HERMIT](#).

ii. Closing Costs

For case numbers assigned on or after September 19, 2017, the Mortgagee may be reimbursed for allowable closing costs associated with the sale of the Property in an amount not to exceed 11 percent of the sales price.

Allowable closing costs may include:

- a sales commission at a rate customarily paid in the community; and
- other reasonable and customary expenses incurred in connection with the sale of the Property.

iii. Prohibited Conflicts of Interest

The Mortgagee must not enter into a contract for the preservation, repair, or sale of the Property with any:

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

- officer, employee, or owner of 10 percent or more interest in the Mortgagee;
- other person or organization having an Identity of Interest with the Mortgagee; or
- Family Member of such officer, employee, owner, or person.

f. Claims (09/28/2024)

i. Claim Guidance

(A) Claim Not Permitted after Satisfaction of a HECM by Payoff

A Mortgagee must not file a claim for insurance benefits when the HECM is satisfied in full.

A bid by any party other than the Mortgagee at a foreclosure sale for the full debt, consisting of the outstanding HECM balance and any and all other incurred expenses, will result in a full Payoff of the HECM. In such cases, the Mortgagee must not file a claim for insurance benefits.

(B) Contract of Insurance Not Terminated

The Mortgagee may only file a claim for insurance benefits where the contract of insurance has not terminated.

(C) Time Frames for Filing Claims

(1) Case Numbers Assigned before September 19, 2017

The Mortgagee must file a claim within 15 Days of:

- the Mortgagee selling the Property acquired through foreclosure or DIL;
- a sale by the Borrower or other party with legal right to dispose of the Property;
- satisfaction of the HECM by the Borrower's estate or heir; or
- assignment of the HECM to the Secretary.

(2) Case Numbers Assigned on or after September 19, 2017

The Mortgagee must file a claim within 30 Days of:

- the Mortgagee selling the Property acquired through foreclosure or DIL;
- a sale by the Borrower or other party with legal right to dispose of the Property; or
- satisfaction of the HECM by the Borrower's estate or heir.

The Mortgagee must file a claim within 15 Days of assignment of the HECM to the Secretary.

If the Property will not be sold within six months from the foreclosure sale date where the Mortgagee was the successful bidder, the Mortgagee must file a claim

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

no later than 30 Days after the end of the six-month period. The Mortgagee must use a valid appraisal, substituting the appraised value for the sales price of the Property.

(D) Claims Filed in HERMIT

All HECM claims must be filed with supporting documentation in [HERMIT](#) using the appropriate timeline. The unpaid principal balance of the HECM is capped as of the due date. The Mortgagee must itemize all allowable expenses incurred after the [Due and Payable Date](#).

(E) Claims Limited by Maximum Claim Amount

(1) Case Numbers Assigned before September 19, 2017

In no case may the claim paid exceed the MCA. The interest allowance provided in 24 CFR § 206.129(d)(3)(x), (e)(2), and (f)(2)(i) will not be included in determining the limit on the claim amount.

(2) Case Numbers Assigned on or after September 19, 2017

In no case may the claim paid exceed the MCA. The interest allowance provided in 24 CFR § 206.129(d)(3)(x), (e)(2), and (f)(2)(ii) will be made in cash in the amount determined under the regulations and will be included in determining the limit on the claim amount.

(F) Debenture Interest Rate

(1) Definitions

For purposes of payment of debenture interest, the Date of Default is the Due and Payable Date.

The Semi-Annual Rate is the rate in effect for debentures listed at <https://www.hud.gov/hud-partners/housing-debenture-interest-rates>.

The 10-Year CMT Rate is the rate in effect on United States Treasury Securities adjusted to a constant maturity of 10 years listed at <https://www.hud.gov/hud-partners/housing-debenture-interest-rates>.

(2) Standard

(a) Mortgages Endorsed before January 23, 2004, Regardless of when a Claim is Filed and Mortgages Endorsed on or after January 23, 2004, with a Due and Payable Date prior to September 19, 2017

The debenture interest rate is the higher of:

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

- the Semi-Annual Rate as of the date the commitment was issued, if applicable; or
- the Semi-Annual Rate as of the date the Mortgage was endorsed.

(b) Mortgages Endorsed after January 23, 2004, with a Due and Payable Date on or after September 28, 2024

The debenture interest rate is the 10-year CMT rate for the month the Mortgage became Due and Payable.

(3) Debenture Interest Rate Adjustment

(a) Definition

A Debenture Interest Rate Adjustment (DIRA) is a request from the Holder legally entitled to receive claim proceeds or their authorized representative for an adjustment to the debenture interest rate used to calculate payments for claims filed on HECMs that became Due and Payable on or after September 19, 2017, and filed prior to September 28, 2024.

(b) Standard

Mortgagees may request a DIRA from January 2, 2025, through July 1, 2025. To request a DIRA, Mortgagees must email a request to the FHA Resource Center at answers@hud.gov with the subject: DIRA Request. The request must include:

- the Holder's FHA Mortgagee Identification (ID);
- a designated DIRA contact;
- the designated DIRA contact's phone number and email address; and
- a certified statement that the Holder is entitled to receive claim payment for the indicated HECMs.

The certified statement must also include the following language:

I am an authorized representative of the Mortgage Holder for the following FHA Mortgagee ID number: _____. I certify that I have the authority to both submit this request and authorize a DIRA for [include one of the following]:

- *all eligible claims filed for the listed Holder ID for the time period between September 19, 2017, and September 28, 2024; or*
- *the HECMs included in the attached Excel spreadsheet (Attachment 1) for the listed Holder ID for eligible claims filed for the time period between September 19, 2017, and prior to September 28, 2024.*

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

I, the undersigned, certify under penalty of perjury that the information provided above is true and correct. WARNING: Anyone who knowingly submits a false claim or makes a false statement is subject to criminal and/or civil penalties, including confinement for up to 5 years, fines, and civil and administrative penalties. (18 U.S.C. §§ 287, 1001, 1010, 1012, 1014; 31 U.S.C. §§ 3729, 3802).

Only one DIRA and one corrective DIRA per Holder FHA Mortgagee ID is permitted. A corrective DIRA must be submitted no later than 30 Days after the initial DIRA request.

Following the time frame allowed for submitting a corrective DIRA, HUD will conduct a review to identify any difference in the debenture interest paid. HUD will provide the designated DIRA contact identified in the DIRA request with the results of the DIRA.

If the Mortgagee disagrees with the findings of the DIRA, the review decision can be appealed by emailing the FHA Resource Center at answers@hud.gov with subject line: DIRA Appeal. An appeal must be submitted within 60 Days of the date HUD sent the decision to the designated Mortgagee contact. The Mortgagee must include documentation in the appeal documenting:

- the debenture interest rates the Mortgagee believes should have been used to calculate each claim payment;
- the amount of debenture interest the Mortgagee believes should have been paid in each claim payment;
- the calculations used to determine the amount of debenture interest the Mortgagee believes should have been paid; and
- the data source(s) the Mortgagee used to make this determination.

Following the later of the expiration of the appeal period or final determination by HUD on the appeal, HUD will remit the amount to the Holder identified in the DIRA request through HERMIT.

(G) Curtailment of Interest for Noncompliance with HUD HECM Program Requirements

Causes for curtailment of interest include, but are not limited to, the Mortgagee's failure to:

- timely request due and payable approval from HUD within 30 Days of the occurrence of a Due and Payable event for which HUD approval is needed;
- timely provide notice to HUD of the death of the last surviving Borrower or conveyance of title within 60 Days of the occurrence of the Due and Payable event;
- timely provide notice to HUD within 60 days after the end of the Deferral Period;

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

- timely provide the required due and payable notice to the Eligible NBS within 30 Days after the end of the Deferral Period;
- timely provide the required due and payable notice to the Borrower, their estate, heir, or other party with legal title to the Property that the HECM is Due and Payable within 30 Days of providing notice to HUD of the Due and Payable event or receiving HUD approval when needed;
- comply with the required appraisal time frames;
- timely commence foreclosure, when applicable;
- timely provide notice to HUD after commencing foreclosure, meeting reasonable diligence requirements, or meeting reporting requirements, pursuant to [Appendix 6.0](#); and
- timely file claims for payment of insurance benefits.

The Mortgagee must self-curtail claims for failure to meet any of FHA's requirements or reasonable diligence time frames of 24 CFR §§ 206.125 and 206.127 except to the extent those time frames are extended by HUD, as authorized by law. In that event, the Mortgagee must self-curtail claims when they fail to comply within the extended time. The Mortgagee must state the reason for curtailment in the "Mortgagee Comments" section of the claim in [HERMIT](#).

If the Mortgagee does not self-curtail when reasonable diligence time frames are not met, the Mortgagee must fully document in HERMIT the reasons for delays that were outside of the Mortgagee's control.

(H) Reporting Use of Mortgagee Extension

If applicable, the Mortgagee must enter the expiration date of the 90-Day extension period in the block identified for extensions in the claim in [HERMIT](#) and note the use of the extension in the "Mortgagee's Comments" section.

(I) Mortgage Incentives

FHA will pay an incentive fee to Mortgagees for completion of a Short Sale or a DIL in the amount of \$1,500.00. The Mortgagee must enter the incentive amount in block 305 of form [HUD-27011](#), *Single-Family Application for Insurance Benefits*.

(J) Probate Costs

Where permitted to be paid as a Cash for Keys incentive, probate costs may not exceed \$5,000.00. Any probate costs claimed over \$500.00 require supporting documentation. The probate costs must be reasonable and customary for the area. The Mortgagee must enter the probate costs in block 305 of form HUD-27011.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

ii. Acquired Property Claims (Claim Type 21)

Date of Marketable Title for HECM Claims

The Mortgagee must use the latter of the following in determining the “Date of Possession and Acquisition of Marketable Title” on the claim:

- the date of possession, including when eviction is required;
- the date of the foreclosure sale;
- the date title is obtained by a third-party bidder; or
- the date the redemption period, if applicable, has ended.

iii. Assignment Claims (Claim Type 22)

The Mortgagee may file a HECM Assignment Claim (Claim Type 22) upon successful [assignment](#) of a HECM to HUD.

iv. Short Sale Claims (Claim Type 23)

The Mortgagee may file a HECM Short Sale Claim (Claim Type 23) in cases where:

- the Borrower sold the Property, but the sales proceeds were insufficient to satisfy the HECM, provided:
 - o the Property was sold for at least the current appraised value if the HECM was not Due and Payable; or
 - o the Property was sold for at least 95 percent of the current appraised value if the HECM was Due and Payable; or
- the HECM was extinguished by sale or transfer after death or, if applicable, the end of a Deferral Period, provided the Mortgagee received, in exchange for the extinguishment of the HECM, at least the lesser of:
 - o the HECM balance; or
 - o 95 percent of the current appraised value of the Property.

(A) Claim Calculation – Case Number Assigned before September 19, 2017

The claim amount will include:

- the total of the following:
 - o the HECM balance, including any accrued interest, MIP, and servicing fees that have been added to the HECM balance;
 - o any accrued note rate interest, MIP, or servicing fees that have not been added to the HECM balance on the date the deed is recorded; and
 - o the amount of allowances for items set forth in 24 CFR § 206.129(d)(3)(i)–(vii) and (d)(3)(xii) as applicable;
- less the proceeds received from the Borrower, the Borrower’s estate, or heir;
- plus, if the short sale occurred after the initiation of foreclosure, the total of the items set forth in 24 CFR § 206.129(d)(3)(vi) and (ix), as applicable.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

The claim will also include debenture interest from the date the deed is recorded to the date when the claim is paid, providing the Mortgagee has complied with all applicable time frames required. Where the Mortgagee has failed to meet any of the applicable requirements within the specified time, or additional time approved by HUD, the interest allowance will be computed only to the date on which the particular action should have been taken or to which it was extended.

(B) Claim Calculation – Case Number Assigned on or after September 19, 2017

(1) HECM Not Due and Payable

When the HECM is not in Due and Payable status, the claim will include:

- the total of the following:
 - o the HECM balance, including any accrued interest, MIP, and servicing fees that have been added to the HECM balance;
 - o any accrued note rate interest, MIP, and servicing fees that have not been added to the HECM balance on the date the deed is recorded; and
 - o allowable closing costs incurred in connection with the sale of the Property in an amount not to exceed the greater of 11 percent;
- less the proceeds received from the Borrower, the Borrower's estate, or heir.

The claim will also include debenture interest from the date the deed is recorded to the date when the claim is paid, provided the Mortgagee has complied with all applicable time frames required. Where the Mortgagee has failed to meet any of the applicable requirements within the specified time, or additional time approved by HUD, the interest allowance will be computed only to the date on which the particular action should have been taken or to which it was extended.

(2) HECM Due and Payable

When the HECM is in Due and Payable status, the claim will include:

- the total of the following:
 - o the HECM balance, including any accrued interest, MIP, and servicing fees that have been added to the HECM balance;
 - o any accrued interest, MIP, and servicing fees that have not been added to the outstanding HECM balance as of the due date;
 - o allowable closing costs incurred in connection with the sale of the Property in an amount not to exceed the greater of 11 percent or any fixed dollar amount as approved by HUD through the Federal Register notice as set forth in 24 CFR § 206.129(d)(3)(xiii)(C); and
 - o the remaining items set forth in 24 CFR § 206.129(d)(3);
- less the proceeds received from the Borrower, the Borrower's estate, or heir.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

2. Default Servicing

The claim will also include debenture interest from the due date to the date the claim is paid, providing the Mortgagee has complied with all applicable time frames required. Where the Mortgagee has failed to meet any of the applicable requirements of 24 CFR §§ 206.125 and 206.127 within the specified time determined by the due date, or additional time approved by HUD, the interest allowance will be computed only to the date on which the particular action should have been taken or to which it was extended.

v. Supplemental Claims (Claim Type 24)

The Mortgagee may file one supplemental claim (Claim Type 24) to correct a previous claim or to claim an item omitted in a previous claim. Where the Mortgagee wishes to file a supplemental claim, the Mortgagee must submit such claim within six months of the date the initial claim was paid.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

3. Programs and Products - Presidentially-Declared Major Disaster Areas (04/29/2024)

3. Programs and Products

a. Presidentially-Declared Major Disaster Areas (04/29/2024)

i. Disaster Declarations

Under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, the President has authority to declare a major disaster for any area which has been affected by damage of sufficient severity and magnitude to warrant major disaster assistance. Disaster declarations and information regarding available federal assistance for each disaster incident are posted on the [Federal Emergency Management Agency's \(FEMA\) website](#).

Whenever the President declares a major disaster, the Mortgagee must implement the procedures set forth in this section for each designated area that is eligible for federal disaster assistance.

ii. Moratorium on Foreclosures

(A) Standard

The Mortgagee must observe a moratorium on foreclosures of FHA-insured HECMs secured by Properties located in Presidentially-Declared Major Disaster Areas (PDMDA) following the disaster declaration. The foreclosure moratorium is:

- applicable only if the HECM is Due and Payable for reasons other than the death of the last remaining Borrower and is not subject to a Deferral Period;
- effective for a 90-Day period beginning on the date of the disaster declaration for that area (HUD may communicate further specific guidance for extension of moratorium periods for individual disasters); and
- applicable to the initiation of foreclosures and foreclosures already in process.

During the foreclosure moratorium, Mortgagees are granted an automatic 90-Day extension for all servicing deadlines, including the deadlines for requesting to call a HECM Due and Payable and providing notice to HUD of loans which have automatically become Due and Payable.

HUD provides the Mortgagee an automatic 90-Day extension from the date of the moratorium expiration date to commence or recommence foreclosure action or evaluate the Borrower for loss mitigation. Where foreclosure has not been initiated, the Mortgagee may submit a request for an extension to HUD's foreclosure-related deadlines through Home Equity Reverse Mortgage Information Technology ([HERMIT](#)) when prohibited from performing a required activity due to the foreclosure moratorium.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

3. Programs and Products - Mortgagee Optional Election Assignment (04/29/2024)

(B) Required Documentation

The Mortgagee must retain in its Claim ~~Review~~ File any approved extensions from HUD related to a foreclosure moratorium. Where foreclosure was initiated prior to the effective date of the moratorium, the Mortgagee must retain in its Claim ~~Review~~ File documentation of any delay to the Reasonable Diligence Time Frame related to a foreclosure moratorium.

(C) Hazard or Flood Insurance Settlement

The Mortgagee must take no action to initiate or complete foreclosure proceedings after expiration of a disaster-related foreclosure moratorium, if such action will jeopardize the full recovery of a hazard or flood insurance settlement.

iii. Monitoring of Repairs to Substantially Damaged Homes

(A) Definition

A building is considered to be “Substantially Damaged,” as defined in the National Flood Insurance Program (NFIP) regulations, when “damage of any origin is sustained by a structure whereby the cost of restoring the structure to its before damaged condition would equal or exceed 50 percent of the market value of the structure before the damage occurred.”

(B) Standard

The Mortgagee must take appropriate actions to ensure that repairs to Substantially Damaged Properties comply with the federal building elevation standards, including those established by FEMA. The Mortgagee must ensure compliance with any higher applicable building elevation standard adopted by the state or local government.

b. Mortgagee Optional Election Assignment (04/29/2024)

The Mortgagee Optional Election (MOE) provides the Mortgagee an option to assign the HECM or foreclose in accordance with the terms of the HECM. The option is available for cases with an FHA case number assigned prior to August 4, 2014 and associated with an Eligible Surviving Non-Borrowing Spouse (NBS).

A MOE Assignment claim is the only alternative path to claim payment outside of existing regulations for HECMs with FHA case numbers assigned prior to August 4, 2014; no other alternative path to claim payment exists.

The Mortgagee may elect to proceed in accordance with the amendment provided by this section, which provides for a MOE Assignment of an eligible HECM immediately after the death of the last surviving Borrower or upon a Borrower’s residence in a health care facility for more than 12 consecutive months, provided all of the conditions and requirements

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

3. Programs and Products - Mortgagee Optional Election Assignment (04/29/2024)

established in this section are satisfied. If the Mortgagee elects the MOE Assignment option, the Mortgagee must adhere to the guidance herein.

Alternatively, the Mortgagee may elect to enforce its private contractual rights in accordance with the terms of the Note, security instrument, or HECM loan agreement. If the Mortgagee elects to foreclose in accordance with the terms of the HECM, the Mortgagee must adhere to HUD's [Due and Payable](#) policies.

i. Definitions

HECM Borrower refers to the original Borrower under a Note and Mortgage. The term does not include successors or assigns of a Borrower.

MOE Assignment Deferral Period refers to the period of time following the death of the last surviving Borrower for an eligible HECM with an FHA case number assigned prior to August 4, 2014, and associated with an Eligible Surviving NBS, during which time the Due and Payable status of a HECM is deferred based on the continued satisfaction of the requirements for an Eligible Surviving NBS under this section and all other FHA requirements.

Non-Borrowing Spouse (NBS) refers to the spouse of a HECM Borrower who is not also a Borrower.

Eligible Surviving Non-Borrowing Spouse (NBS), for the purpose of MOE Assignment, refers to an NBS of a HECM Borrower where the HECM was assigned an FHA case number prior to August 4, 2014 and meets the [eligibility requirements](#) identified by HUD.

Principal Residence refers to the dwelling where the Borrower and, if applicable, an NBS maintain their permanent place of abode, and typically spend the majority of the calendar year. A person may have only one Principal Residence at any one time and the Property is considered to be the Principal Residence:

- of any Borrower who is temporarily in a health care institution provided the Borrower's confinement to a health care institution does not exceed 12 consecutive months;
- of any NBS who is temporarily in a health care institution, as long as the Property is the Principal Residence of their Borrower spouse, who physically resides in the Property;
- of any NBS who occupies the property as their Principal Residence, when the Borrower resides in a health care institution for a length of time; and
- during a Deferral Period of the NBS, who is temporarily in a health care institution, provided the Eligible NBS physically occupied the Property immediately prior to entering the health care institution and such confinement does not exceed 12 consecutive months.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

3. Programs and Products - Mortgagee Optional Election Assignment (04/29/2024)

Due and Payable Date, for purposes of MOE claim payment, refers to the date when a Mortgagee notifies HUD that it has determined not to utilize the MOE Assignment or has determined that the HECM is not eligible for assignment.

Ability to Purchase or Sell

After the death of the last Borrower, an NBS may elect to satisfy the HECM and retain the Property securing the HECM for the lesser of the unpaid principal balance or 95 percent of the Property's appraised value.

Regardless of the presence of any NBS, the Property securing the HECM may be sold by the Borrower's estate for the lesser of the unpaid principal balance or 95 percent of the Property's appraised value.

Nothing in this section may be construed as interrupting or interfering with the ability of the Borrower's estate to dispose of the Property if they are otherwise legally entitled to do so.

Regardless of a Mortgagee's election under this section, the Mortgagee may provide any Eligible Surviving NBS or the Borrower's estate with an opportunity to purchase or to market and sell the Property in accordance with HUD's [Due and Payable](#) policies.

ii. Standard

(A) Required Notifications

(1) Notification to Borrower of Assignment

When a HECM with an FHA case number assigned before August 4, 2014 reaches 98 percent of the Maximum Claim Amount (MCA) prior to the death of the last surviving Borrower and the Mortgagee exercises its option to assign the HECM to the Secretary, the Mortgagee must notify the Borrower:

- that the HECM is being assigned to the Secretary;
- that if the Borrower is married to an NBS, the NBS may be eligible for a Deferral Period provided the qualifications of an Eligible Surviving NBS are met and all of the conditions and requirements for a Deferral Period are, and continue to be, met; and
- of the requirements for an Eligible Surviving NBS as well as the conditions and requirements for an applicable Deferral Period.

(2) Notice of Election to Eligible Surviving Non-Borrowing Spouse and/or Borrower's Estate

Within 30 Days after the Mortgagee's election to either pursue a MOE Assignment or foreclose, the Mortgagee must provide notice based on the election made under this section.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

3. Programs and Products - Mortgagee Optional Election Assignment (04/29/2024)

If the Mortgagee elects to pursue a MOE Assignment, the Mortgagee must provide the eligibility requirements to the Eligible Surviving NBS and Borrower's estate.

If the Mortgagee elects to pursue foreclosure, the Mortgagee must inform the Eligible Surviving NBS and the Borrower's estate that the Mortgagee will provide a period not to exceed six months during which the Eligible Surviving NBS or the Borrower's estate may satisfy the HECM or market and sell the Property in accordance with this section.

(3) Notification to HUD of Borrower's Death

Within 60 Days of the Borrower's death, the Mortgagee must notify HUD, via [HERMIT](#), that the HECM is eligible to be called Due and Payable under the original terms of the HECM entered into between the Mortgagee and the Borrower.

(4) Mortgagee Optional Election to Assign for HECMs with Case Numbers Assigned before August 4, 2014

For cases where the last surviving Borrower is survived by an NBS, the Mortgagee must enter the Borrower's date of death in [HERMIT](#) and then follow the requirements and conditions for the [Mortgagee Optional Election](#) to assign.

Where the Mortgagee elects to pursue a MOE Assignment, the Mortgagee must **not** complete the Due and Payable timeline in HERMIT until such time as the Deferral Period ends.

Where the Mortgagee elects to foreclose in accordance with the terms of the HECM, the Mortgagee must complete the appropriate Due and Payable timeline in order to provide HUD the required notification.

(B) Mortgagee Election of MOE Assignment

To notify HUD of its election to pursue a MOE Assignment, the Mortgagee must upload into [HERMIT](#) a statement of such election on company letterhead, at which time the HECM will begin a [Deferral Period](#).

(C) MOE Assessment

The Mortgagee must perform an assessment to determine whether the NBS and the HECM meet the [eligibility requirements](#) for a MOE Assignment.

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

3. Programs and Products - Mortgagee Optional Election Assignment (04/29/2024)

iii. Eligibility Requirements for MOE Assignment

(A) Non-Borrowing Spouse Eligibility Requirements

Where the Mortgagee has made the MOE Assignment election, an NBS of a Borrower is an Eligible Surviving NBS when the NBS:

- was either:
 - o legally married, as determined by the law of the state in which the spouse and Borrower reside(d) or the state of celebration, to the Borrower at the time of HECM closing and remained married to the Borrower until the Borrower's death; or
 - o engaged in a committed relationship with the Borrower akin to marriage but was prohibited, at the time of HECM origination, from legally marrying the Borrower based on the sex of both the Borrower and the NBS, but was legally married prior to the death of the Borrower, as determined by the law of the state in which the spouse and the Borrower reside(d) or the state of celebration, to the Borrower and:
 - remained married until the Borrower's death; or
 - remains married to the Borrower, in situations in which the Borrower has resided in a health care institution for more than 12 consecutive months; and
- currently resides and resided in the Property secured by the HECM as their Principal Residence at origination of the HECM and throughout the duration of the Borrower's life.

(B) HECM Eligibility Requirements for MOE Assignment to HUD

Where the Mortgagee has made the MOE Assignment election, only a HECM that satisfies the following requirements can be assigned:

- the HECM was assigned an FHA case number prior to August 4, 2014;
- there is an Eligible Surviving NBS;
- the Eligible Surviving NBS agrees to certify annually that all eligibility requirements continue to be satisfied;
- the HECM is not in default or eligible to be called Due and Payable for any reason other than the death of the last surviving Borrower;
- there are no allegations or claims that would invalidate the HECM or any such allegations or claims have been judicially resolved in favor of the Mortgagee;
- the Mortgagee has taken all steps necessary to ensure the HECM remains a valid and legally enforceable first lien under state law and no statute of limitations or other barrier exists to the exercising of rights to gain good, marketable title under the HECM;
- the Mortgagee agrees to indemnify the Secretary for any loss incurred as a result of any impediment to the Secretary obtaining good and marketable title, unless such loss is solely due to acts of the Secretary after assignment; and

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

3. Programs and Products - Mortgagee Optional Election Assignment (04/29/2024)

- the Mortgagee has obtained all required information, certifications, and agreements from any Eligible Surviving NBS and any other necessary party as set forth herein.

A HECM that is subject to a pre-existing loss mitigation Repayment Plan for unpaid Property Charges must be brought current on all Property Charges in order for the HECM to be eligible for a MOE assignment.

iv. MOE Assignment Process and Documentation Requirements

A Mortgagee may not assign a HECM to HUD where the MOE Assignment Deferral Period has ceased, but may assign a HECM after the MOE Assignment Deferral Period has been reinstated in accordance with [Termination and Reinstatement of the MOE Assignment Deferral Period](#). The Mortgagee must initiate the [MOE Assignment process](#) through [HERMIT](#).

(A) Modification of Contract Prior to MOE Assignment

The Mortgagee must ensure that appropriate protections are put in place to ensure a valid, legally enforceable first lien will be assigned to HUD, which may include a modification of the HECM documents to provide the following provisions:

- a deferral of the Due and Payable status that ordinarily results from the death of the last surviving Borrower;
- the deferral must immediately cease upon the earliest occurrence of:
 - o the death of any such Eligible Surviving NBS;
 - o an Eligible Surviving NBS ceases to satisfy the definition requirements; or
 - o the occurrence of an event besides death that would make the HECM eligible to be called Due and Payable;
- an obligation of any Eligible Surviving NBS to continue to meet all contractual obligations of the Borrower;
- an obligation of any Eligible Surviving NBS to meet the certification and other requirements; and
- an express waiver of any right to any Disbursement under the HECM Note, security agreement, and loan agreement.

The Mortgagee must take whatever action necessary, including modification if the Mortgagee deems it necessary, to preserve its ability to foreclose on the HECM should any of the following occur before the assignment to the Secretary has been completed:

- the NBS dies;
- the MOE Assignment Deferral Period ends; or
- any event of default, other than the death of the Borrower, occurs.

III. SERVICING AND LOSS MITIGATION

3. Programs and Products - Mortgagee Optional Election Assignment (04/29/2024)

(B) Required Certifications

(1) MOE Assignment Required Mortgagee Certification

The Mortgagee must certify at assignment to the following:

“I, _____, as authorized representative of _____, the Mortgagee, certify that I have personally reviewed the HECM documents as well as the information provided by _____, the Eligible Surviving Non-Borrowing Spouse, and certify that the following are true and correct:

1. The HECM is not eligible to be called Due and Payable for any reason other than in the case of the death of the last surviving Borrower or non-occupancy because the Borrower has resided in a health care facility for more than 12 consecutive months and all other obligations of the HECM Borrower have been and continue to be met;
2. There are no allegations or claims that would invalidate the HECM or any such allegations or claims have been judicially resolved in favor of the Mortgagee;
3. There is a valid, legally enforceable first lien with no impediments to securing good, marketable title;
4. [Insert as applicable based on Mortgagee’s election: The HECM note, security agreement, and loan agreement have been modified establishing the conditions and requirements for the deferral of Due and Payable status as well as obligating any Eligible Surviving Non-Borrowing Spouse to continue to meet all contractual obligations and expressly waiving any right to any disbursements under the HECM note, security agreement, and the loan agreement]; and
5. I have determined that there [is/are] [#] Eligible Surviving Non-Borrowing Spouse(s), identified as [insert names], and have obtained all required information, acknowledgements, agreements, and certifications from such Eligible Surviving Non-Borrowing Spouse(s). I certify that the information provided in connection with this assignment is true and correct. I hereby agree on behalf of the Mortgagee that it will indemnify the Secretary for any amounts paid pursuant to this election should any of the information provided prove false. Further, I hereby agree on behalf of the Mortgagee that it will indemnify the Secretary any amounts paid pursuant to this election in the event the Secretary is subsequently impeded from obtaining good and marketable title as a result of the Mortgagee’s failure to assign a valid, legally enforceable first lien.”

I, the undersigned, certify under penalty of perjury that the information provided above is true and correct. WARNING: Anyone who knowingly submits a false claim or makes a false statement is subject to criminal and/or civil penalties, including confinement for up to 5 years, fines, and civil and

administrative penalties. (18 U.S.C. §§287, 1001, 1010, 1012, 1014; 31 U.S.C. §3729, 3802).

(2) Optional Revision to Mortgagee Certification

Where a Mortgagee is unable, due to state law requirements, to truthfully certify to item number three in the Mortgagee Certification, the optional language that may be used is as follows:

“At assignment, there is a valid, legally enforceable first lien with no impediments to securing good, marketable title, and upon assignment, the Secretary will have a valid, legally enforceable first lien with no impediments to securing good and marketable title.”

Additionally, where a Mortgagee is unable, due to state law, to certify using the aforementioned language as is written, the Mortgagee may use the language below in lieu of the last sentence in the Mortgagee Certification:

“Further, I hereby agree on behalf of the Mortgagee that it will indemnify the Secretary for any amounts paid pursuant to this election in the event the Secretary is subsequently impeded from obtaining good and marketable title as a result of the Secretary’s inability to enforce a valid, legally enforceable first lien.”

(3) MOE Assignment Required Eligible Surviving Non-Borrowing Spouse Certification at MOE Assignment Election

The Mortgagee must obtain a signed agreement, acknowledgement, and certification at assignment from any Eligible Surviving NBS verifying the established conditions and requirements are met.

The agreement, acknowledgement, and certification must state:

“I hereby agree, acknowledge, and certify that I was married to and remained married to _____, a HECM Borrower, at the time the HECM was originated and throughout the remainder of their life. I certify that the information provided in this agreement, acknowledgement, and certification is true and correct. I acknowledge that my spouse’s HECM is currently eligible to be called Due and Payable under the original terms of the HECM contract as a result of [his/her] death and that the Mortgagee is electing to assign my spouse’s HECM to FHA. I further acknowledge and agree that if assignment is accepted, the HECM will not be called Due and Payable until my death or such time as I cease to be eligible for a deferral. As a result, I acknowledge that I will be permitted to remain in the property until my death provided I continue to comply with the terms of this agreement and certification. I further understand and agree that in order to qualify for a deferral of Due and Payable status, I must:

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

3. Programs and Products - Mortgagee Optional Election Assignment (04/29/2024)

1. disclose and provide consent to the verification of my Social Security Number;
2. continue to occupy the property securing my spouse's HECM as my principal residence;
3. acknowledge and agree that I will receive no disbursements from my spouse's HECM;
4. ensure that all obligations of the HECM Borrower continue to be satisfied without reliance on any disbursement from the HECM, including the obligation to pay property charges and insurance even if the HECM would have allowed for the payment of these charges from the available proceeds;
5. ensure the HECM is not and will not become eligible to be Due and Payable for any reason other than the death of the last surviving Borrower or non-occupancy because the Borrower has resided in a health care facility for more than 12 consecutive months;
6. annually certify that all conditions necessary for assignment are and continue to be met; and
7. provide any documentation required by the Mortgagee to evidence my compliance with the requirements of the assignment and deferral of Due and Payable status.

I agree and acknowledge that should any of these obligations cease to be met the Deferral Period shall cease, my spouse's HECM will immediately become Due and Payable, and, as a result, I must satisfy the HECM in accordance with existing HUD policy in order to remain in the property further."

I, the undersigned, certify under penalty of perjury that the information provided above is true and correct. WARNING: Anyone who knowingly submits a false claim or makes a false statement is subject to criminal and/or civil penalties, including confinement for up to 5 years, fines, and civil and administrative penalties. (18 U.S.C. §§ 287, 1001, 1010, 1012, 1014; 31 U.S.C. §§ 3729, 3802).

(C) Required Documentation

The Mortgagee must secure the following information, certifications, and enforceable agreements and provide documentation of such with the assignment:

- any Eligible Surviving NBS's Social Security Number (SSN);
- that the Property is and has been, since the origination of the HECM, the Principal Residence of any Eligible Surviving NBS, and obtain a written agreement from such Eligible Surviving NBS that they will continue to occupy the Property securing the HECM as their Principal Residence;
- that all obligations of the Borrower(s) contained in the HECM documents have been and continue to be satisfied, and obtain a written agreement from any Eligible Surviving NBS to continue to satisfy the obligations of the Borrower(s);

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

3. Programs and Products - Mortgagee Optional Election Assignment (04/29/2024)

- written acknowledgement and agreement from the Eligible Surviving NBS that no further Disbursements under the HECM are required to be or will be made;
- written acknowledgement and agreement from the Eligible Surviving NBS that the HECM may immediately be called Due and Payable if any event of default other than the death of the last surviving Borrower or non-occupancy because the Borrower has resided in a health care facility for more than 12 consecutive months occurs at any time; and
- written acknowledgement and agreement from any Eligible Surviving NBS that the HECM will become immediately Due and Payable should the Eligible Surviving NBS cease to meet any of the eligibility requirements, conditions for acceptance, or ongoing obligations under the HECM.

v. Termination and Reinstatement of the MOE Assignment Deferral Period

If an NBS fails to meet, or ceases to meet at any time, the definition of an Eligible Surviving NBS, the MOE Assignment Deferral Period terminates immediately and there is no opportunity to cure the failure to meet this required definition.

When the MOE Assignment Deferral Period ceases or is determined to be unavailable solely because the HECM is eligible to be called Due and Payable for a reason other than the death of the Borrower, the Mortgagee must provide an Eligible Surviving NBS 30 Days to cure the default and reinstate the MOE Assignment Deferral Period as follows:

- all defaults must be cured in fact within the time period permitted; a default is not cured by entering into a Repayment Plan;
- if the default is cured within such time, the MOE Assignment Deferral Period must be reinstated, unless:
 - o reinstatement of the MOE Assignment Deferral Period has occurred within the past two years immediately preceding the current notification to the Eligible Surviving NBS that the HECM is Due and Payable;
 - o reinstatement of the MOE Assignment Deferral Period will preclude foreclosure if the HECM becomes Due and Payable at a later date; or
 - o reinstatement of the MOE Assignment Deferral Period will adversely affect the priority of the HECM lien;
- if the default is not cured within such time, the Mortgagee must proceed in accordance with the established time frames to initiate foreclosure and reasonable diligence in prosecuting foreclosure as required by 24 CFR § 206.125 and all other regulations and requirements if it wishes to perfect its claim for insurance benefits; and
- even after a foreclosure proceeding begins, an Eligible Surviving NBS may cure the condition which resulted in the MOE Assignment Deferral Period ceasing, thus reinstating the HECM and MOE Assignment Deferral Period and allowing the mortgage insurance to remain in effect. The Mortgagee may require the Eligible Surviving NBS to pay any costs that the Mortgagee incurred to reinstate the HECM, including foreclosure costs and reasonable attorney's fees. Such costs

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

3. Programs and Products - COVID-19 HECM Property Charge Repayment Plan (04/29/2024)

may not be added to the HECM balance and must be paid from some other source of funds. Such reinstatement is solely at the election of the Mortgagee.

The Mortgagee may refuse to reinstate the HECM and the MOE Assignment Deferral Period if:

- the Mortgagee has accepted a reinstatement of either the MOE Assignment Deferral Period or HECM within the past two years immediately preceding the current notification to the Eligible Surviving NBS that the HECM is Due and Payable;
- reinstatement of either the MOE Assignment Deferral Period or HECM will preclude foreclosure if the HECM becomes Due and Payable at a later date; or
- reinstatement of either the MOE Assignment Deferral Period or HECM will adversely affect the priority of the HECM lien.

vi. MOE Assignment Claim Payment

A MOE Assignment claim will be calculated and paid in the same manner as a standard assignment claim.

c. COVID-19 HECM Property Charge Repayment Plan (04/29/2024)

i. Eligibility

Mortgagees may provide a Borrower a COVID-19 HECM Property Charge Repayment Plan if the Borrower is delinquent on payment of Property Charges and has been impacted by COVID-19. Borrower attestation, written or verbal, that they have been impacted by COVID-19 is sufficient for documenting that a Borrower has been impacted by COVID-19. The Mortgagee must document the Borrower's attestation in their Servicing File.

ii. Length of Repayment Plan

The maximum length of a COVID-19 HECM Property Charge Repayment Plan is 60 months. This 60-month time period is not reduced by any time that the Borrower utilized a standard HECM **Repayment Plan**.

iii. Calculating the Repayment Plan

The COVID-19 HECM Property Charge Repayment Plan is calculated using the requirements for a standard **HECM Repayment Plan**. The Borrower is eligible for a COVID-19 HECM Property Charge Repayment Plan even if they have been unsuccessful on a prior **Repayment Plan**, the total outstanding arrearage is greater than \$5,000, or both. All other requirements with respect to HECM Property Charge Repayment Plans apply to a COVID-19 HECM Property Charge Repayment Plan

III. SERVICING AND LOSS MITIGATION

B. Title II Insured Housing Programs Reverse Mortgages

3. Programs and Products - COVID-19 HECM Property Charge Repayment Plan (04/29/2024)

iv. COVID-19 HECM Property Charge Repayment Plans and the Homeowner Assistance Fund

If the Borrower will not be able to repay the corporate advances for Property Charge defaults within the permissible time, the Mortgagee may offer a COVID-19 HECM Property Charge Repayment Plan if:

- the Borrower has submitted an application for Homeowner Assistance Funds (HAF) as evidenced by an “A” or “I” code; and
- the actual HAF assistance awarded, or if no HAF assistance is awarded then up to the maximum amount available under the jurisdiction’s HAF program (provided HECM is part of the HAF program in that jurisdiction), combined with the Borrower’s ability to repay will result in full repayment of the outstanding corporate advances for Property Charge defaults.

v. Reporting

Mortgagees must submit a Property Charge Loss Mitigation Extension Request in HERMIT and designate the request “COVID-19 Repayment Plan.”

vi. Expiration of COVID-19 HECM Property Charge Repayment Plan

Mortgagees may initiate COVID-19 HECM Property Charge Repayment Plans no later than April 10, 2024, one year after the end of the COVID-19 National Emergency. The Property Charge default need not have occurred during the COVID-19 National Emergency.

III. SERVICING AND LOSS MITIGATION
C. Title I Insured Programs
1. Title I Property Improvement Loan Program

C. TITLE I INSURED PROGRAMS

This section provides the standards and procedures applicable to the servicing of Loans under the Property Improvement and Manufactured Home Loan programs insured under Title I of the National Housing Act. The Lender must fully comply with all of the following standards and procedures when servicing a Loan insured by the Federal Housing Administration (FHA).

Financial Operations Center

The Financial Operations Center (FOC) provides support for the FHA Title I Property Improvement and Manufactured Home Loan programs. The contact information for the FOC is:

U.S. Department of Housing and Urban Development
Financial Operations Center
52 Corporate Circle
Albany, New York 12203
1-800-669-5152, extension 2832
Title_One_Help@hud.gov

1. Title I Property Improvement Loan Program

Title I FHA-approved Lenders may:

- service the Loans they hold;
- service Title I Loans on behalf of or at the direction of another FHA-approved Lender; or
- utilize services of a servicing agent.

It is not necessary for an agent of the Lender to be approved by FHA to service Title I Loans. However, all Title I Loans must be serviced in accordance with HUD requirements. A Title I Lender holding Title I Loans will remain responsible to HUD for proper collection efforts, even though an agent of the Lender may perform actual loan servicing and collection.

a. Servicing in Compliance with Law (11/07/2023)

i. Definition

The Loan Holder is the Title I Lender who holds title to the FHA insured Loan, has the right to enforce the agreement, is responsible for servicing actions on Loans, including servicing actions performed by its agent.

ii. Standard

Lenders must ensure all Title I FHA-insured Loans are serviced in accordance with FHA requirements and all applicable laws.

Lenders must service all FHA-insured Loans in accordance with FHA requirements and all applicable laws.

III. SERVICING AND LOSS MITIGATION

C. Title I Insured Programs

1. Title I Property Improvement Loan Program

Lenders must comply with all laws, rules, and requirements applicable to loan servicing, including full compliance with the applicable requirements under the purview of the CFPB, including RESPA and TILA.

Lenders must comply with all antidiscrimination laws, rules, and nondiscrimination and equal opportunity statutes, regulations, contract provisions, and other requirements applicable to servicing performing FHA-insured Loans and FHA-insured Loans in Default, including full compliance with the applicable requirements of:

- Fair Housing Act, 42 U.S.C. §§ 3601–3619;
- the FCRA, 15 U.S.C. §§ 1681a–1681x; and
- the ECOA, 15 U.S.C. §§ 1691a–1691f.

The Lender must make all determinations with respect to the adequacy of the Borrower's income in a uniform manner without regard to race, color, religion, sex, age, national origin, familial status, disability, marital status, receipt of public assistance, because the applicant has in good faith exercised any right under the Consumer Credit Protection Act, or location of the Property.

iii. Record Retention – Servicing File

(A) Definition

The Servicing File is the Lender's record of all servicing activity on an FHA-insured Loan.

(B) Standard

Lenders must retain all Servicing Files for a minimum of two years after the transfer or sale of the Loan or termination of Title I Loan insurance. The Lender must maintain accurate records for each Loan serviced. In addition to the specific documentation requirements stated in this Handbook 4000.1, these records must include the following information:

- loan origination and endorsement documentation,
- Title I Insurance payments made; and
- documentation related to any recovery of hazard insurance proceeds.

The Lender must also retain, in electronic and hard copy, the security instrument when applicable, Note, or a lost note affidavit acceptable under state law, with the electronic copy marked "copy."

For cases for which a claim is filed, the Lender must retain documentation in compliance with the [Claim Review File](#) section for at least seven years after the final claim or latest supplemental claim settlement date.

III. SERVICING AND LOSS MITIGATION
C. Title I Insured Programs
1. Title I Property Improvement Loan Program

(C) Record Reconciliations

HUD may require Lenders to provide information evidencing reconciliation of Lender records with HUD. This information may include identification, by Loan, of the following:

- amount of insurance premium due and paid to HUD by time period for each insured Loan;
- date insurance was terminated or servicing transferred, if applicable; and
- date servicing was acquired, for Loan acquired after September 1, 1982.

All Lenders must ensure that HUD's records accurately reflect the status of the Loan and both the correct holder and servicer of record.

(D) Electronic Storage

Where retention of a hard copy or original document is not required, Lenders may use electronic storage methods for all servicing-related documents required in accordance with HUD regulations, handbooks, and Title I Letters.

Regardless, the Lender must be able to make available to HUD in the format (electronic or hard copy) requested legible documents within 24 hours of a request or as otherwise prescribed by HUD.

b. General Loan Servicing Requirements (05/09/2022)

The Lender must have adequate facilities for contacting the Borrower in the event of Default and must otherwise exercise diligence in collecting the amount due.

The Lender must have an organized means of identifying, on a monthly basis, the payment status of Delinquent Loans to enable collection personnel to initiate and follow-up on collection activities, and must document its records to reflect its collection activities on Delinquent Loans.

Title I Loan holders are responsible for all servicing actions, including the acts of its agents who perform servicing and collection activities.

i. Title I Loan Sale

(A) Definition

A Loan Sale is a transaction in which a Title I Loan holder sells the Loan to another Title I FHA-approved Lender.

III. SERVICING AND LOSS MITIGATION
C. Title I Insured Programs
1. Title I Property Improvement Loan Program

(B) Standard

A Lender may sell, assign, or transfer its Title I Loans, but only to a Lender that has been approved by HUD to participate in the Title I program and has an active Title I contract number.

The selling Lender relinquishes all rights and obligations under the contract for loan insurance on the effective date of the sale. The selling Lender remains responsible for the Loan's annual insurance premiums until notice of the sale is received by HUD.

The purchasing Lender is the Lender that purchases the Loan and thereby succeeds to all rights and obligations of the selling Lender under the contract for loan insurance. As of the effective date of the sale, the purchasing Lender becomes responsible for outstanding annual insurance premiums, regardless of the date of accrual, and must confirm that the details of the loan sale have been reported accurately.

A transfer of Title I Loans between Lenders must be reported to HUD within 31 Days of the effective date of the transfer.

Exception for Sale with Recourse

Reporting is not required if an insured Loan is transferred with a recourse, guarantee, or repurchase agreement.

(C) Required Documentation

The selling or purchasing Title I Lender must report a transfer of Loans by submitting form [HUD-27030](#), *Title I Transfer of Note Report*, to the [FOC](#), Attention: Premiums (Title I Insurance Processing Branch).

HUD will accept the completed form HUD-27030 from either the selling Lender or the purchasing Lender as long as the form contains the signatures of authorized officials from both institutions.

Transfers of Loans for Title I Property Improvement Loans must be submitted separately from Manufactured Home Loans. The two insurance types cannot be submitted on the same form HUD-27030. The Lender must complete a separate form HUD-27030 for each insurance type being reported.

If a large number of Loans are being transferred, a completed form HUD-27030 may be submitted with an attached report or electronic file attachment (such as Excel spreadsheet) that provides the loan level data required by the form.

HUD will hold the selling Lender responsible for all related premium charges and will disburse claim payments only to the selling Lender until an appropriately prepared form HUD-27030 is received and processed.

III. SERVICING AND LOSS MITIGATION

C. Title I Insured Programs

1. Title I Property Improvement Loan Program

ii. Earmarking Reserves

HUD may transfer a Loan or group of Loans with earmarking which keeps the insurance coverage separate from other loans owned by the purchasing Lender. In other words, the insurance coverage reserves associated with the Loans being transferred remain in a separate account from any loans already held by the purchaser. Once a Loan is earmarked it remains earmarked even if it is subsequently transferred to another Lender.

iii. Providing Information to HUD

The Lender must respond to verbal or written requests for individual account information, including all servicing information and related data and the entire loan origination file, from HUD staff or from a HUD-approved counseling agency acting with the consent of the Borrower.

When HUD staff request information, the Lender must make available legible documents in the format (electronic or hard copy) requested within 24 hours of the request or as otherwise permitted by HUD.

iv. Communication with Authorized Third Parties

(A) Definition

Authorized Third Parties are parties who are not Borrowers on the Loan but who are authorized to communicate with Lenders regarding a Loan.

(B) Standard

The Lender must comply with all laws, rules, and requirements applicable to third-party access to loan information, including any requirement to provide loan information and arrange for individual consultation to parties authorized by the Borrowers.

(C) Required Documentation

If communicating with an Authorized Third Party, the Lender must include documentation of the authorization in the servicing binder.

v. Prepayment

(A) Definitions

A Partial Prepayment is a payment of part of the principal amount before the date on which the principal is due.

A Prepayment in Full or Payoff is the payment in whole of the principal amount of the loan Note in advance of expiration of the term of the loan Note.

III. SERVICING AND LOSS MITIGATION

C. Title I Insured Programs

1. Title I Property Improvement Loan Program

The Installment Due Date is the first Day of the month, as provided for in the security instrument.

(B) Standard

The Lender must accept a prepayment of a Loan in whole or in part on any Installment Due Date without penalty to the Borrower.

(C) Trustee's Fee for Satisfactions

If specifically provided for in the security instrument, the Lender may charge the Borrower the amount of the trustee's fee, plus any reasonable and customary fee for payment, or for the execution of a satisfaction, release or trustee's deed when the debt is paid in full.

(D) Recording Fees for Satisfactions

The Lender may charge the Borrower a reasonable and customary fee for recording satisfactions in states where recordation is not the responsibility of the Lender.

vi. Insurance Coverage Administration

(A) Hazard Insurance

Lenders may require the Borrower to have hazard insurance. If the Lender requires the Borrower to purchase hazard insurance, the Lender must:

- be named as a "Loss Payee" on the hazard insurance policy; and
- escrow sufficient funds for payment of the renewal premium.

(B) Flood Insurance

(1) Standard

Flood insurance is required for a secured Loan when the Property is located in an SFHA.

Flood insurance must be obtained at any time during the term of the Loan when the Lender determines the secured Property is located in an SFHA.

The Lender must ensure that insurance is in force for the life of the Loan or so long as such coverage remains available, unless the area in which the Property is located is no longer designated as an SFHA. If, due to rezoning, a Property securing an FHA-insured Loan becomes located in an SFHA, the Lender must enforce HUD's flood insurance requirements on coverage amounts and maintenance.

III. SERVICING AND LOSS MITIGATION

C. Title I Insured Programs

1. Title I Property Improvement Loan Program

If the Borrower does not maintain flood insurance as required, the Lender must force place the insurance and may pass on the expense to the Borrower. However, the cost of such insurance may not be included in the calculation of HUD's claim payment.

When a Lender obtains title to a home through repossession, the Lender may obtain and maintain flood insurance if the Property is or will be located in an SFHA identified by FEMA until the sale or disposition of the home.

The amount of flood insurance must be no less than the unpaid balance due on the Title I Loan. The Title I Lender must be named as a loss payee.

(2) Required Documentation

The Lender must include in the case binder a copy of the insurance policy showing the amount of coverage and name of the loss payee.

(C) Hazard or Flood Insurance Proceeds

Insurance Claims

The Lender must take necessary steps to ensure that hazard or flood insurance claims are filed and settled as expeditiously as possible.

vii. Annual Insurance Premium and Billing and Remittance

(A) Definition

Annual Insurance Premiums are charges that are remitted to HUD each year of the loan term.

Loan Term, for the purposes of Title I insurance, refers to the term of the insurance coverage, which extends from the Loan's Disbursement to maturity.

(B) Standard

The Lender must pay an insurance premium equal to 1 percent of the loan amount, multiplied by the number of years of the loan term. The 1 percent premium is calculated on the original loan amount rather than the declining loan amount.

All insurance charges are considered earned when paid.

(C) Billing Insurance Premium

HUD will issue a billing statement each month to the Lender through FHAC. The billing statement will show the total amount due to HUD for that period.

III. SERVICING AND LOSS MITIGATION
C. Title I Insured Programs
1. Title I Property Improvement Loan Program

(1) Billing Schedule

HUD bills a Lender for the initial installment of the insurance charge on the next monthly billing statement after a Lender reports the Loan for insurance.

If the loan term is 25 months or less, the Lender will receive one billing statement that reflects the entire insurance charge. For all other loan terms, the initial billing statement will reflect the annual premium for the year, plus any applicable penalty or interest for late premium payments.

HUD bills a Lender for the remaining premium installments annually. This billing occurs during the month of the loan disbursement anniversary.

The final annual installment may be adjusted to reconcile with the total insurance charge due.

A premium is not required and HUD will not bill for a period of 14 Days or less after acknowledgment of the loan report in FHAC. A charge for a full month is assessed for a period of more than 14 Days.

If the loan term includes a partial year (e.g., 12 years and 6 months), the annual premium charge for the final partial year is pro-rated based on the number of months remaining (e.g., 0.5 percent for six months). HUD will include the pro-rated annual premium charge for the final partial year with the premium charge billed for the final full year, if the partial year is less than 7 months.

(2) Late Reporting

A Loan that is submitted for insurance after the first anniversary of the Disbursement Date will not be insured until all past due annual premium charges are paid.

(D) Premium Adjustment on Notes Transferred

When Loans are transferred between Lenders and the premium charges on the Loans transferred are already paid, any adjustments related to these charges are to be made between the Lenders, with no involvement by HUD. HUD will bill the purchasing Lender for any unpaid insurance charges after being properly notified of the transfer through the submission of form [HUD-27030](#).

(E) Remittance of Annual Insurance Premium

Lenders must remit the annual insurance premium electronically through [Pay.gov](#). Instructions for accessing Pay.gov can be found in the Title I User Guide, which can be accessed from [FHAC](#) under Property Improvement/Manufactured Home.

III. SERVICING AND LOSS MITIGATION

C. Title I Insured Programs

1. Title I Property Improvement Loan Program

The first annual premium payment due will be reflected on the billing statement issued the month after the Lender reports the Loan for insurance in FHAC.

(F) Loan Terms Less than or Equal to 25 Months

If a loan term is 25 months or less, the Lender will receive only one billing statement that reflects the entire insurance charge. Lenders must pay the entire insurance charge reflected on the billing statement no later than the 25th Day after the date of the billing statement.

(G) Loan Terms Greater than 25 Months

For loan terms greater than 25 months, the following must occur:

- The first billing statement must reflect the initial annual installment due.
- The insurance premium must be paid in annual installments.
- Payments must be paid by the due date reflected on the billing statement.
- Annual installments are due on the 25th Day after the date of billing by HUD.
- Second and successive installments are due annually.

Lenders must remit the loan insurance premium electronically through [Pay.gov](https://www.pay.gov).

(H) Penalty Charge and Interest on Late Premium Payments

Insurance premiums not received from the Lender by the due date will be assessed a penalty charge of 4 percent of the amount of the payment.

Insurance premiums received from the Lender more than 30 Days after the due date will also be assessed daily interest at the [Treasury Current Value of Funds Rate](#). However, no penalty charge or daily interest will be assessed if HUD fails to acknowledge receipt of the loan report or fails to bill the Lender for the insurance charges.

(I) Refund or Abatement of Insurance Charges

HUD does not grant any request for an insurance premium refund or abatement for the following reasons:

- The Lender has exhausted its insurance reserve account or is no longer participating in the Title I program.
- The loan reporting occurs after the Loan is paid in full by the Borrower.
- HUD determines that there was fraud or misrepresentation by a Lender in the loan transaction.

Exceptions

A refund or abatement of insurance charges is permitted only when the following events occur:

III. SERVICING AND LOSS MITIGATION

C. Title I Insured Programs

1. Title I Property Improvement Loan Program

- If the loan obligation is refinanced into another Title I Loan, HUD will prorate any paid annual installments between the old Loan and the new Loan. HUD will use the date of the refinance to determine the amount pro-rated.
- If the loan obligation is prepaid in full, charged off in accordance with IRS regulations, or Defaulted with an insurance claim, HUD does not bill for annual installments after a Lender informs HUD of these events. There will be no partial refund of insurance charges already paid for that portion of the year occurring after the reporting of such events.
- If a Loan or portion thereof is ineligible for insurance from its inception due to statutory violations, HUD refunds any insurance charges that have been paid on the ineligible portion. HUD refunds the insurance charges only if HUD denies an insurance claim based upon this ineligibility, or if a Lender reports the ineligibility promptly upon discovery and HUD confirms the ineligibility.

If an insurance claim is denied due to ineligibility and a Lender subsequently resubmits the claim with information showing that it was in fact eligible, any refunded amount of the insurance premium plus any accrued insurance charges must be paid by the Lender.

(J) Lender Review of Premium Charges

The Lender is responsible for reviewing each Title I billing statement to be sure that the amount billed is correct. Since each billing statement reflects the current status of Loans as indicated in HUD's records, a billing statement could include annual premium charges for Loans where the charge is no longer due. Examples include Loans that were prepaid in full during the preceding year and Loans where the Lender has submitted an insurance claim to HUD, but the claim is not yet noted in HUD's records.

(1) Reconciling the Billing Statement

The Lender is responsible for reconciling the billing statement with the Lender's records to ensure that the billed amount and the loan activity reflected on the statement are accurate. The Lender should check each billing entry to confirm the Loan's status. If a Loan is no longer active, the Lender may withhold payment (take an "exception") for the premium charge billed for that Loan. The Lender must provide HUD with data on premium charges withheld when processing payment to HUD.

(2) Exception Reporting

The billing statement provided in FHAC allows Lenders to take "exceptions" on Loans where they believe they no longer owe premiums (prepaid, claim submitted, other, etc.).

(3) Exception Reviews

HUD reviews reported exceptions and may request the Lender to supply supporting documentation if deemed necessary to verify the validity of an exception. HUD will update its records as appropriate, including termination of insurance coverage where warranted. HUD will re-bill the Lender for the premium charge if the exception is determined to be invalid.

c. Assumptions (05/09/2022)

i. Conditions for an Assumption

At the option of the Lender, an existing Title I Loan may be assumed, subject to the following conditions:

- a determination by the Lender that the assumptor is eligible;
- a determination by the Lender that the assumptor is an acceptable credit risk based on HUD's underwriting requirements;
- the execution of an assumption agreement that is satisfactory to the Lender and is signed by the assumptor and the original Borrower(s) or previous assumptor(s) at the time of assumption. This agreement must obligate the assumptor for repayment of the Loan so that the original Note is valid and legally enforceable against the assumptor; and
- prior to execution of the assumption agreement, the Lender must provide the assumptor with a [Notice to Borrower of HUD's Role](#) and obtain the assumptor's acknowledgment.

The Loan to be assumed may be Delinquent. The security may be transferred to a new [eligible](#) Borrower.

ii. Release of Liability

If the conditions above are met, the Lender at its option may release the original Borrower(s) and any intervening assumptor(s) from liability for repayment of the Title I Loan. Approval from HUD is not required. The Lender must retain documentation of the release in the case binder.

iii. No Release of Liability

If a Lender opts not to release the original Borrower(s) and intervening assumptor(s), the Lender must comply with all the servicing requirements as they pertain to the previous Borrowers/assumptors as well as with the current Borrower/assumptor. In particular, the Lender must mail the Notice of Default and Acceleration to previous Borrowers/assumptors. If a Lender does not formally release the original Borrowers/assumptors at the time of the assumption then the Lender must use caution not to inadvertently release them during the servicing and liquidation of the Loan. The requirement that the Lender maintains and assigns to HUD a legally enforceable Note pertains to any Borrower who was not officially released from liability.

III. SERVICING AND LOSS MITIGATION
C. Title I Insured Programs
1. Title I Property Improvement Loan Program

iv. Assumption Fee

The Lender may charge up to 1 percent of the unpaid principal balance as a fee for approving the assumptor and preparing the assumption agreement.

v. Reporting an Assumption to HUD

Lenders must report the assumption to the [FOC](#) in order to have the current Borrower's name reflected on future insurance charge billing statements. When reporting an assumption, the Lender must supply the FHA case number, the name of the original Borrower and the name(s) and Social Security Number(s) (SSN) of the assumptor(s).

d. Modification of a Current Loan (05/09/2022)

A Lender may enter into a modification agreement with a Borrower without prior permission from HUD on a Loan that is current. A modification agreement:

- requires a written agreement signed by the Borrower;
- need not be recorded;
- may only decrease the interest rate;
- must not advance new funds; and
- does not require any further insurance reporting to HUD, but all documentation of the modification must be submitted if an insurance claim is filed.

e. Loan Default and Loss Mitigation (05/09/2022)

As part of prudent and diligent loan servicing, HUD encourages Lenders to make a reasonable effort to assist delinquent Borrowers in bringing the Loan current prior to accelerating the Loan. For any loss mitigation strategy implemented, the Lender must determine that the Borrower is reasonably able to repay past arrearages and qualify based on the [Approvable Qualifying Ratio](#).

i. Contact with the Borrower

Before taking action to accelerate the maturity of the Loan, the Lender or its agent must contact the Borrower and any co-maker or Co-signer, either in a face-to-face meeting or by telephone, to discuss the reasons for the Default and to seek its cure. If the Borrower and the co-makers or Co-signers cannot be located, will not discuss the Default, or will not agree to its cure, the Lender may proceed to take action. The Lender must document the results of its efforts to contact the Borrower and any co-maker or Co-signer.

ii. Loss Mitigation Tools

HUD encourages loss mitigation to help a delinquent Borrower return the Loan to good standing. The purpose of loss mitigation is to reduce HUD and Lender losses, and preserve insurance reserves. Listed below are the tools available to Lenders and Borrowers that can assist in bringing the Loan current.

III. SERVICING AND LOSS MITIGATION

C. Title I Insured Programs

1. Title I Property Improvement Loan Program

(A) Refinance

A Loan that is in Default may be [refinanced](#). There can be no “cash out” to the Borrower. The principal amount of the new Loan may not exceed the lesser of: 1) the cost to the Borrower of prepaying the existing Loan or 2) the original principal balance of the original Loan being refinanced.

(B) Modification Agreement

The Borrower may be considered for a Loan Modification if the Borrower has recently experienced an involuntary reduction in income or an unexpected increase in living expenses, and the Lender determines the Borrower has a reasonable ability to pay under the terms of the loan modification plan to eliminate the arrearage. A Lender may enter into a modification agreement with a Borrower without prior permission from HUD. A modification agreement:

- requires a written agreement signed by the Borrower;
- need not be recorded;
- may increase or decrease the monthly payment amount;
- cannot increase the interest rate or loan term;
- cannot include new funds; and
- does not require any further insurance reporting to HUD, but all documentation of the modification must be submitted if an insurance claim is filed.

(C) Repayment Plan

A repayment plan does not require a Borrower’s signed agreement. A Borrower may be eligible for a repayment plan if the Borrower has recently experienced an involuntary reduction in income or an unexpected increase in living expenses, and the Lender determines the Borrower has a reasonable ability to pay under the terms of the repayment plan. A Lender may enter into a repayment plan without HUD’s permission.

A repayment plan:

- must be evidenced by a copy of the Lender’s letter to the Borrower outlining the terms of the agreement;
- cannot extend beyond six months; and
- does not require any further insurance reporting to HUD.

(D) Partial Payments

(1) Definition

A Partial Payment refers to a payment of any amount less than the full amount due on the Loan at the time the payment is tendered, including Late Charges and

III. SERVICING AND LOSS MITIGATION

C. Title I Insured Programs

1. Title I Property Improvement Loan Program

amounts advanced by the Lender on behalf of the Borrower (such as for the payment of taxes).

(2) Standard

The Lender may agree to accept a Partial Payment, thereby assisting a Borrower who is having a temporary problem making their Loan Payment. This practice will usually be advantageous for the Lender and HUD.

Except as outlined below, a Lender must accept any Partial Payment and apply it to the Borrower's account or hold it in a trust account pending disposition. When Partial Payments held for disposition aggregate a full monthly installment, they must be applied to the Borrower's account, thus advancing the date of the oldest unpaid installment.

If the Lender did not agree to accept Partial Payments, it must return a Partial Payment to the Borrower with a letter of explanation if any of the following apply:

- The Loan is not in Default.
- The payment represents less than half of the full amount then due.
- The payment is less than the amount agreed to in a modification agreement or repayment plan.
- The Lender has issued a Notice of Default and Acceleration.
- The Loan has been Delinquent for six months.
- The Loan has been chronically Delinquent (i.e. two or more instances where the account was Delinquent, brought current, and then reverted back to a Delinquent status).

(E) Assumption

If a Borrower cannot afford to continue to make Loan Payments and elects to sell the Property, the Lender may approve an [assumption](#) of the Loan.

iii. Notice of Default and Acceleration

The Lender must provide each Borrower with written notice that the Loan is in Default and that the loan maturity is to be accelerated. This notice must be sent when the Loan is at least 30 Days Delinquent but after the Lender has attempted to [contact the Borrower](#).

Exceptions to sending the notice include when the Borrower cures the Default, agrees to a modification agreement or repayment plan, or is in bankruptcy. The notice must be in a font size no smaller than the equivalent of Times New Roman Size 12 for the entire notice.

In addition to complying with applicable state or local notice requirements, the notice must be sent by certified mail and must contain:

III. SERVICING AND LOSS MITIGATION

C. Title I Insured Programs

1. Title I Property Improvement Loan Program

- a description of the obligation or security interest held by the Lender;
- a statement of the nature of the Default and of the amount due to the Lender as unpaid principal and earned interest on the Note as of the date 30 Days from the date of the notice;
- a demand upon the Borrower either to cure the Default (by bringing the Loan current or by refinancing the Loan) or to agree to a modification agreement or a repayment plan, no later than the date 30 Days from the date of the notice;
- a statement that if the Borrower fails either to cure the Default or to agree to a modification agreement or a repayment plan by the date accruing 30 Days from the date of the notice, then, as of the date 30 Days from the date of the notice, the maturity of the Loan is accelerated and full payment of all amounts due under the Loan is required; and
- a statement that if the Default persists the Lender will report the Default to an appropriate credit reporting agency:

This Loan is insured against nonpayment by the federal government. If you do not repay the Loan as agreed, we may assign the debt to the U.S. Department of Housing and Urban Development (HUD) for collection. If your Loan is assigned to HUD, your failure to pay the debt in accordance with the terms set by HUD may result in any or all of the following actions:

- *seizing your federal income tax refunds, Social Security benefit payments, federal employee wages or retirement, or other federal payments;*
- *administrative garnishment of your wages if you are not a federal employee (which does not require a judgment and court order to implement);*
- *referring the debt to the U.S. Department of Justice, U.S. Department of the Treasury, or to private collection agencies; and*
- *making you liable for penalties and administrative costs that HUD may impose as authorized by Section 3717 to Title 31 of the United States Code (including collection fees charged by the Department of Justice, Department of Treasury or private collection agencies).*

iv. Notice to Credit Reporting Agency

If the loan maturity is accelerated and the Loan is not reinstated, the Lender must report the Default to an appropriate credit reporting agency.

v. Reinstatement of the Loan

The Lender may rescind the acceleration of maturity after full payment is due and reinstate the Loan only if the Borrower brings the Loan current, executes a modification agreement, or agrees to an acceptable repayment plan.

III. SERVICING AND LOSS MITIGATION

C. Title I Insured Programs

1. Title I Property Improvement Loan Program

vi. Bankrupt or Deceased Borrower

When a Lender becomes aware that a Borrower has filed bankruptcy or has died, the Lender must take prompt, effective action to protect the Lender's interest as holder of the Loan.

(A) Bankruptcy

The Lender must file a proof of claim with the bankruptcy court, unless the court notifies the Lender that the Borrower has no assets. A proof of claim must be filed even if the Borrower is current on the Title I Loan. The Lender must verify that the proof of claim is filed, on time and without objection, and takes any other steps necessary to protect the Lender's interest as holder of the Note.

If the bankruptcy is closed, the Lender must have evidence of the bankruptcy discharge or dismissal.

Documentation of these steps can be in the form of notices from the bankruptcy court, or other official records such as the Public Access to Court Electronic Records (PACER).

(B) Deceased Borrower

The Lender must confirm the death of a Borrower via a death certificate or other reasonable evidence. The Lender must determine if a probate proceeding exists and document its findings. If there is a probate proceeding, the Lender must file a timely proof of claim.

f. Release or Substitution of Security (05/09/2022)

i. Prior Approval Required

(A) Standard

The Lender must obtain prior approval from HUD to release or substitute any lien securing a Title I insured Loan. Requests for prior approval must be submitted in writing to the FOC.

(B) Required Documentation

The Lender's request for approval of release or substitution must include:

- information regarding what modification to the lien is proposed;
- why the Borrower is seeking to modify the lien;
- how the modification of the lien could benefit the Borrower or help them to avoid hardship;
- the Lender's recommendation; and
- documentation that supports why HUD should approve the request.

III. SERVICING AND LOSS MITIGATION

C. Title I Insured Programs

1. Title I Property Improvement Loan Program

(1) Release of Lien for Short Sale

In the case of a Short Sale where the Property is to be sold but the sale proceeds are insufficient to pay all liens in full, the documentation must include:

- copies of the contract of sale;
- an appraisal showing the value of the Property;
- the Title Report for the Property; and
- the proposed Settlement Statement or similar legal document showing how the proceeds will be distributed.

The lien securing the Title I Loan should be treated equitably and the sale must provide for a payment that will result in a significant principal reduction to the Title I Loan. The Title I Loan may be in Default, but the delinquency must not exceed four payments and the payment from the Short Sale must be sufficient to bring the Loan current as well as make a principal reduction.

Unless HUD also approves a [release of liability](#) or a Borrower is discharged in bankruptcy, the Note must remain valid and enforceable against all Borrowers. To avoid any confusion or misunderstanding, the Lender must obtain an affidavit from the Borrower(s) that reaffirms their obligation to repay the remaining portion of the Title I Loan. The Lender must be careful to prevent an unintentional release of liability while processing the release of lien. “Paid in Full,” “Satisfied in Full,” or similar text must not be indicated on the release document, on the promissory note, or in other correspondence from the Lender regarding the release of lien.

(2) Partial Release of Security

In the case of a partial release of security, the documentation must include:

- a legal description of the Property to be released;
- an appraisal showing the value of the Property to be released and of the Property that will continue to secure the lien; and
- information on the consideration received and how the funds will be distributed.

The Lender must apply 100 percent of the consideration to reduce the Title I Loan and/or liens that are senior to the lien securing the Title I Loan.

ii. Substitution of Security

(A) Standard

To be eligible for substitution of the security, the security must not be impaired or reduced in value. The security value provided by the proposed substitution Property must equal or exceed the value of the existing security.

III. SERVICING AND LOSS MITIGATION
C. Title I Insured Programs
1. Title I Property Improvement Loan Program

(B) Required Documentation

The submission to the FOC must include:

- current appraisals for both Properties;
- information on the outstanding balances of all liens against both Properties; and
- information regarding ownership.

iii. Subordination of Security

(A) Prior Approval Requirement

Except as provided below, the Lender must request approval from HUD to subordinate the Title I security. The Lender must submit approval requests to the FOC.

Exceptions

The Lender may approve and execute a subordination of security without prior approval from HUD in compliance with the following: the Lender may subordinate the Title I security to Easements that the Borrower may grant to a utility company or in connection with aviation or noise abatement programs; or to correct obvious errors in the recording of the Title I lien or other liens.

Prior approval from HUD is also not required when the following conditions are met:

- In all cases there must not be indications of misuse of the loan proceeds or other noncompliance with HUD's requirements, or other irregularities.
- The scheduled improvements must be completed and a Completion Certificate executed.
- If an inspection was required, the inspection report should confirm that all improvements were completed.
- The Title I Loan must be current.

The Lender may approve a Delinquent Title I Loan if the delinquency is six months or less, and the Loan will be brought current from the proceeds of a refinance of the Borrower's first Mortgage.

(B) Refinancing of a Senior Lien

(1) Standard

(a) Second Lien Position

The Lender may subordinate the Title I security in the case of a refinance of the senior mortgage(s), when the subordination of an existing Title I lien maintains no less than second lien position.

III. SERVICING AND LOSS MITIGATION
C. Title I Insured Programs
1. Title I Property Improvement Loan Program

(b) Borrower Benefit

Unless the Loan meets the exception requirements in [Cash-Out When Refinancing a Senior Loan](#), the Borrower must receive a benefit from a refinance of the first mortgage. The Lender may consider the refinance as benefiting the Borrower when any of the following are reduced:

- the remaining amortization period of the existing mortgage;
- the interest rate of the new senior mortgage; or
- the Principal and Interest (P&I) payment, resulting from any reason, including an extension of the loan term or payment to the principal balance.

(c) New First Trust Mortgage Amount

Unless the Loan meets the exception requirements in [Cash-Out When Refinancing a Senior Loan](#), the amount of the new first mortgage must not exceed the outstanding balance of the existing first mortgage balance, plus reasonable closing costs.

(d) Cash-Out When Refinancing a Senior Loan

If the new refinanced mortgage results in cash-out that will be:

- applied to the principal balance of a delinquent Title I Loan that is not more than six months delinquent; or
- used to pay off another lien, which would raise the Title I Loan to a second position;

then, the standards for [Borrower Benefit](#) and [New First Trust Mortgage Amount](#) are not required.

The Lender must not subordinate the Title I security for a refinance that includes cash-out for payment of other obligations, including, but not limited to:

- unsecured debt;
- loans secured by collateral other than the subject Property;
- loans in junior lien position to the Title I Loan; or
- for any other purpose without prior approval from HUD.

(2) Required Documentation

The Lender must verify and document the following:

- financing type of existing loan and proposed loan;
- next payment due date of the existing loan and determination that the loan is not in default;
- the principal amounts of the original senior loan, its current unpaid balance, and proposed new refinanced loan;

III. SERVICING AND LOSS MITIGATION

C. Title I Insured Programs

2. Title I Manufactured Home Loan Program

- existing and proposed interest rate;
- existing and proposed monthly P&I payment amount;
- existing monthly escrow payments;
- existing monthly payments with principal, interest, and escrows;
- the term of the existing senior lien and proposed refinanced loan;
- estimated closing costs for the new refinanced mortgage; and
- Title I Loan information, including:
 - date of origination;
 - original loan amount and current principal balance; and
 - next payment due date and any delinquency status.

2. Title I Manufactured Home Loan Program

Title I FHA-approved Lenders may:

- service the Loans they hold;
- service Title I Loans on behalf of or at the direction of another FHA-approved Lender; or
- utilize services of a servicing agent.

It is not necessary for an agent of the Lender to be approved by FHA to service Title I Loans. However, all Title I Loans must be serviced in accordance with HUD requirements. A Title I Lender holding Title I Loans will remain responsible to HUD for proper collection efforts, even though an agent of the Lender may perform actual loan servicing and collection.

a. Servicing in Compliance with Law (11/07/2023)

i. Definition

The Loan Holder is the entity who holds title to the FHA-insured Loan and has the right to enforce the loan agreement.

The Loan Servicer is the entity responsible for performing servicing actions on FHA-insured Loans on its behalf or on behalf of or at the direction of another FHA-approved Lender.

ii. Standard

Lenders must ensure all Title I FHA-insured Loans are serviced in accordance with FHA requirements and all applicable laws.

Lenders must service all FHA-insured Loans in accordance with FHA requirements and all applicable laws.

Lenders must comply with all laws, rules, and requirements applicable to loan servicing, including full compliance with the applicable requirements under the purview of the Consumer Financial Protection Bureau (CFPB), including the Real Estate Settlement Procedures Act (RESPA) and the Truth in Lending Act (TILA).

III. SERVICING AND LOSS MITIGATION

C. Title I Insured Programs

2. Title I Manufactured Home Loan Program

Lenders must comply with all antidiscrimination laws, rules, and nondiscrimination and equal opportunity statutes, regulations, contract provisions, and other requirements applicable to servicing performing FHA-insured Loans and FHA-insured Loans in Default, including full compliance with the applicable requirements of:

- Fair Housing Act, 42 U.S.C. §§ 3601–3619;
- the Fair Credit Reporting Act (FCRA), 15 U.S.C. §§ 1681–1681x; and
- the Equal Credit Opportunity Act (ECOA), 15 U.S.C. §§ 1691–1691f.

The Lender must make all determinations with respect to the adequacy of the Borrower's income in a uniform manner without regard to race, color, religion, sex, age, national origin, familial status, disability, marital status, receipt of public assistance, because the applicant has in good faith exercised any right under the Consumer Credit Protection Act, or location of the Property.

b. Loan Servicing Requirements (05/09/2022)

The Lender must have adequate facilities for contacting the Borrower in the event of Default and must otherwise exercise diligence in collecting the amount due.

The Lender must have an organized means of identifying, on a monthly basis, the payment status of Delinquent Loans to enable collection personnel to initiate and follow-up on collection activities, and must document its records to reflect its collection activities on Delinquent Loans.

Title I Loan holders are responsible for all servicing actions, including the acts of its agents that perform servicing and collection activities.

i. Title I Loan Sale

(A) Definition

A Loan Sale is a transaction in which a Title I Loan holder sells the Loan to another Title I FHA-approved Lender.

(B) Standard

A Lender may sell, assign, or transfer its Title I Loans, but only to a Lender that has been approved by HUD to participate in the Title I program and has an active Title I contract number.

The selling Lender relinquishes all rights and obligations under the contract for loan insurance on the effective date of the sale. The selling Lender remains responsible for the Loan's annual insurance premiums until notice of the sale is received by HUD.

The purchasing Lender is the Lender that purchases the Loan and thereby succeeds to all rights and obligations of the selling Lender under the contract for loan insurance. As of the effective date of the sale, the purchasing Lender becomes responsible for

III. SERVICING AND LOSS MITIGATION

C. Title I Insured Programs

2. Title I Manufactured Home Loan Program

outstanding annual insurance premiums, regardless of the date of accrual, and must confirm that the details of the loan sale have been reported accurately.

A transfer of Title I Loans between Lenders must be reported to HUD within 31 Days of the effective date of the transfer.

Exception for Sale with Recourse

Reporting is not required if an insured Loan is transferred with a recourse, guarantee, or repurchase agreement.

(C) Required Documentation

The selling or purchasing Title I Lender must report a transfer of Loans by submitting form [HUD-27030](#), *Title I Transfer of Note Report*, to the [FOC](#), Attention: Premiums (Title I Insurance Processing) Branch.

HUD will accept the completed form HUD-27030 from either the selling Lender or the purchasing Lender as long as the form contains the signatures of authorized officials from both institutions.

Transfers of Loans for Title I Property Improvement Loans must be submitted separately from Manufactured Home Loans. The two insurance types cannot be submitted on the same form HUD-27030. The Lender must complete a separate form HUD-27030 for each insurance type being reported.

If a large number of Loans are being transferred, a completed form HUD-27030 may be submitted with an attached report or electronic file attachment (such as Excel spreadsheet) that provides the loan level data required by the form.

HUD will hold the selling Lender responsible for all related premium charges and will disburse claim payments only to the selling Lender until an appropriately prepared form HUD-27030 is received and processed.

(D) Earmarking Reserves

HUD may transfer a Loan or group of Loans with earmarking which keeps the insurance coverage separate from other loans owned by the purchasing Lender. In other words, the insurance coverage reserves associated with the Loans being transferred remain in a separate account from any loans already held by the purchaser. Once a Loan is earmarked it remains earmarked even if it is subsequently transferred to another Lender.

ii. Providing Information to HUD

The Lender must respond to verbal or written requests for individual account information, including all servicing information and related data and the entire loan

III. SERVICING AND LOSS MITIGATION

C. Title I Insured Programs

2. Title I Manufactured Home Loan Program

origination file, from HUD staff or from a HUD-approved counseling agency acting with the consent of the Borrower.

When HUD staff request information, the Lender must make available legible documents and in the format (electronic or hard copy) requested within 24 hours of the request or as otherwise permitted by HUD.

iii. Communication with Authorized Third Parties

(A) Definition

Authorized Third Parties are parties who are not Borrowers on the Loan but who are authorized to communicate with Lenders regarding a Loan.

(B) Standard

The Lender must comply with all laws, rules, and requirements applicable to third-party access to loan information, including any requirement to provide loan information and arrange for individual consultation to parties authorized by the Borrowers.

(C) Required Documentation

When communicating with an Authorized Third Party, the Lender must include documentation of the authorization in the servicing binder.

iv. Prepayment

(A) Definitions

A Partial Prepayment is a payment of part of the principal amount before the date on which the principal is due.

A Prepayment in Full or Payoff is the payment in whole of the principal amount of the loan Note in advance of expiration of the term of the loan Note.

The Installment Due Date is the first Day of the month, as provided for in the security instrument.

(B) Standard

The Lender must accept a prepayment of a Loan in whole or in part on any Installment Due Date without penalty to the Borrower.

(C) Trustee's Fee for Satisfactions

If specifically provided for in the security instrument, the Lender may charge the Borrower the amount of the trustee's fee, plus any reasonable and customary fees for

III. SERVICING AND LOSS MITIGATION

C. Title I Insured Programs

2. Title I Manufactured Home Loan Program

payment, or for the execution of a satisfaction, release, or trustee's deed when the debt is paid in full.

(D) Recording Fees for Satisfaction

The Lender may charge the Borrower a reasonable and customary fee for recording satisfactions in states where recordation is not the responsibility of the Lender.

v. Insurance Coverage Administration

(A) Hazard Insurance

Hazard insurance is required for all Manufactured Home Loans. The amount of insurance must be no less than the unpaid balance due on the Title I Loan, or no less than the actual value of the home where state law precludes a higher amount. The Lender must be named as the loss payee.

If a Borrower does not maintain the required hazard insurance, the Lender must obtain the insurance and may pass on the expense to the Borrower. However, the cost of such insurance may not be included in the [calculation of HUD's claim payment](#).

When a Lender obtains title to the home through repossession, the Lender must purchase and maintain sufficient hazard insurance until the sale or final disposition of the home. The cost of such insurance may be included in the calculation of HUD's claim payment.

The Lender assumes the risk for loss of insurance benefits for noncompliance with hazard requirements.

(B) Flood Insurance

(1) Standard

Flood insurance is required if the home site is located in a Special Flood Hazard Area (SFHA) identified by the Federal Emergency Management Agency (FEMA).

Flood insurance must be obtained at any time during the term of the Loan when the Lender determines the secured Property is located in an SFHA.

The Lender must ensure that insurance is in force for the life of the Loan or so long as such coverage remains available, unless the area in which the Property is located is no longer designated as an SFHA. If, due to rezoning, a Property securing an FHA-insured Loan becomes located in an SFHA, the Lender must enforce HUD's flood insurance requirements on coverage amounts and maintenance.

III. SERVICING AND LOSS MITIGATION

C. Title I Insured Programs

2. Title I Manufactured Home Loan Program

If the Borrower does not maintain flood insurance as required, the Lender must force place the insurance and may pass on the expense to the Borrower. However, the cost of such insurance may not be included in the calculation of HUD's claim payment.

When a Lender obtains title to a home through repossession, the Lender may obtain and maintain flood insurance if the Property is or will be located in an SFHA identified by FEMA until the sale or disposition of the home.

The amount of flood insurance must be no less than the unpaid balance due on the Title I Loan. The Title I Lender must be named as a loss payee.

If the Lender fails to obtain the required flood insurance and an uninsured home is damaged, HUD will adjust its claim payment.

When a Manufactured Home is without flood insurance and has sustained, at any time prior to the sale or disposition of the home, damage that would normally be covered by such insurance, the appraised value for claim calculation purposes will be based on the retail value of comparable homes in undamaged condition without any deduction for such damage.

The cost of such insurance may be included in the calculation of [HUD's claim payment](#).

(2) Required Documentation

The Lender must include in the case binder a copy of the insurance policy showing the amount of coverage and name of the loss payee.

(C) Hazard or Flood Insurance Claims

The Lender must take necessary steps to ensure that hazard or flood insurance claims are filed and settled as expeditiously as possible.

vi. Annual Insurance Premium and Billing and Remittance

(A) Definition

Annual Insurance Premiums are charges that are remitted to HUD each year of the loan term.

Loan Term, for the purposes of Title I insurance, refers to the term of the insurance coverage, which extends from the Loan's Disbursement to maturity.

(B) Standard

The Lender must pay an insurance premium equal to 1 percent of the remaining principal balance, based upon the Loan's scheduled amortization. The annual

III. SERVICING AND LOSS MITIGATION

C. Title I Insured Programs

2. Title I Manufactured Home Loan Program

premium charge must be paid for the full term of the Loan unless the Loan is prepaid in full or a claim is submitted to HUD.

All insurance charges are considered earned when paid.

(C) Billing Annual Insurance Premium

HUD will issue a billing statement each month to the Lender through FHAC. The billing statement will show the total amount due to HUD for that period.

The billing statement will differentiate Loans originated under the FHA Manufactured Housing Loan Modernization Act of 2008 from Property Improvement and/or Manufactured Home Loans originated under the portfolio loan insurance program and are still covered by the Lender's insurance reserve account.

(1) Billing Schedule

HUD bills the Lender for the initial installment of the insurance charge on the monthly statement at the beginning of the second year of the Loan. The charge will appear on the billing statement for the monthly billing cycle that corresponds to the anniversary of the Loan's Disbursement Date.

HUD bills a Lender for the remaining premium installments annually. This billing occurs during the month of the loan disbursement anniversary.

If the loan term includes a partial year (e.g., 12 years and 6 months), the annual premium charge for the final partial year is pro-rated based on the number of months remaining (e.g., 0.5 percent for six months). HUD will include the pro-rated annual premium charge for the final partial year with the premium charge billed for the final full year, if the partial year is less than 7 months.

This may vary from the number of Borrower payments required to repay the Loan. The loan term varies based on the time between the Disbursement Date and the date of the first payment. When calculating the loan term, HUD does not count partial months of 14 Days or less. HUD counts as a full month any partial month that is more than 14 Days.

(2) Late Endorsement Reporting

A Loan that is reported for endorsement after the first anniversary of the Disbursement Date will not be endorsed until the upfront premium and all past due annual premium charges are paid. The Lender must contact the FOC to confirm the amount due and to make arrangements for payment.

III. SERVICING AND LOSS MITIGATION

C. Title I Insured Programs

2. Title I Manufactured Home Loan Program

(D) Premium Adjustment on Notes Transferred

When Loans are transferred between Lenders and the premium charges on the Loans transferred are already paid, any adjustments related to these charges are to be made between the Lenders, with no involvement by HUD. HUD will bill the purchasing Lender for any unpaid insurance charges, after being notified of the transfer in compliance with requirements for a [Title I Loan Sale](#).

The Lender or subsequent owner of the Loan is responsible for the payment of all premium charges. If the Lender uses a servicing agent to handle this function, HUD can establish billing for the agent on behalf of the Lender.

(E) Remittance of Annual Insurance Premium

Lenders must remit the annual insurance premium electronically through [Pay.gov](#). Instructions for accessing Pay.gov can be found in the Title I User Guide, which can be accessed from [FHAC](#) under Property Improvement/Manufactured Home.

The Lender must remit its annual premium payment within 25 Days from the date of each billing statement. The billing statement will specify the payment due date.

(F) Penalty Charge and Interest on Late Premium Payment

Lenders must pay the insurance premium reflected on their bill on or before the listed Payment Due Date.

The Lender is assessed a penalty charge of 4 percent of the amount of any premium payment not received by HUD by the due date.

Premium payments received from a Lender more than 30 Days after the due date are also assessed daily interest at the [Treasury Current Value of Funds Rate](#). However, a Lender is not required to pay a penalty charge or daily interest if HUD fails to issue a billing statement for annual premium charges in a timely manner.

HUD may accept a late report on a Loan where the Lender certifies that the obligation is not in Default.

(G) Refund or Abatement of Insurance Charges

HUD does not grant any request for an insurance premium refund or abatement for the following reasons:

- The Lender has exhausted its insurance reserve account or is no longer participating in the Title I program.
- The loan reporting occurs after the Loan is paid in full by the Borrower.
- HUD determines that there was fraud or misrepresentation by a Lender in the loan transaction.

Exception

A refund or abatement of insurance charges is permitted only when the following events occur:

- If the loan obligation is refinanced into another Title I Loan, HUD will prorate any paid annual installments between the old Loan and the new Loan. HUD will use the date of the refinance to determine the amount pro-rated.
- If the loan obligation is prepaid in full, charged off in accordance with IRS regulations, or Defaulted with an insurance claim, HUD does not bill for annual installments after a Lender informs HUD of these events. There will be no partial refund of insurance charges already paid for that portion of the year occurring after the reporting of such events.
- If a Loan, or portion thereof, is ineligible for insurance from its inception due to statutory violations, HUD refunds any insurance charges that have been paid on the ineligible portion. HUD refunds the insurance charges only if HUD denies an insurance claim based upon this ineligibility, or if a Lender reports the ineligibility promptly upon discovery and HUD confirms the ineligibility.

If an insurance claim is denied due to ineligibility and a Lender subsequently resubmits the claim with information showing that it was in fact eligible, any refunded amount of the insurance premium plus any accrued insurance charges must be paid by the Lender.

(H) Lender Review of Premium Charges

The Lender is responsible for reviewing each Title I billing statement to be sure that the amount billed is correct. Since each billing statement reflects the current status of Loans as indicated in HUD's records, a billing statement could include annual premium charges for Loans where the premium is no longer due. No premium is due for Loans that were prepaid in full during the preceding year and Loans where the Lender has submitted an insurance claim to HUD, but the claim is not yet noted in HUD's records.

(1) Reconciling the Billing Statement

The Lender is responsible for reconciling the billing statement with the Lender's records to ensure that the billed amount and the loan activity reflected on the statement are accurate. The Lender should check each billing entry to confirm the Loan's status.

(2) Exception Reporting

The billing statement provided in FHAC allows Lenders to take "exceptions" on Loans where they believe they no longer owe premiums (prepaid, claim submitted, other, etc.).

III. SERVICING AND LOSS MITIGATION

C. Title I Insured Programs

2. Title I Manufactured Home Loan Program

If a Loan is no longer active, the Lender may withhold payment (take an “exception”) for the premium charge billed for that Loan. The Lender must report the applicable exception reason for withholding the payment in FHAC.

(3) Exception Reviews

HUD reviews reported exceptions and may request the Lender to supply supporting documentation if deemed necessary to verify the validity of an exception. HUD will update its records as appropriate, including termination of insurance coverage where warranted. HUD will re-bill the Lender for the premium charge if the exception is determined to be invalid.

vii. Reporting Non-compliant Activities

If the Lender discovers fraud, misrepresentation, or substantial noncompliance with program requirements, the Lender must promptly submit a report to HUD.

Examples of non-compliant activities that must be reported include:

- misstatement of fact(s) on the credit application;
- falsified documentation;
- false certifications from Borrowers, Dealers or inspection companies;
- Dealer’s failure to submit an executed form [HUD-56002-MH](#), *Placement Certificate for Manufactured Home*;
- Dealer’s failure to comply with contractual obligations to the Borrower;
- dealer referral fee or any like charges paid;
- inaccurate or deceptive advertising and/or marketing material; and
- manufacturer’s refusal to honor its warranty.

The Lender must prepare a report of noncompliance on the Lender’s letterhead. The report must detail the non-compliant activity and must contain the following information to assist in any investigation: borrower name, borrower address, borrower telephone number, loan amount, loan date, inspection date, lender loan number, Title I loan number, loan officer name, dealer name, dealer address, dealer telephone number, and dealer Taxpayer Identification Number (TIN).

The report must be sent to:

Housing Office of Lender Activities and Program Compliance
Attn: Director, Quality Assurance Division
Department of Housing and Urban Development
451 7th Street, S.W.
Washington, DC 20410

If the Loan has been endorsed for insurance by HUD, the insurance on the Loan will stay in effect. If the non-compliant activity was caused or sanctioned by an employee of a

III. SERVICING AND LOSS MITIGATION

C. Title I Insured Programs

2. Title I Manufactured Home Loan Program

Lender, HUD may request that the Lender indemnify HUD for any loss sustained, or may impose other sanctions against the Lender.

c. Assumptions (05/09/2022)

i. Conditions

At the option of the Lender, an existing Title I Loan may be assumed, subject to the following conditions:

- a determination by the Lender that the assumptor is [eligible](#);
- a determination by the Lender that the assumptor is an acceptable credit risk based on HUD's underwriting requirements;
- the execution of an assumption agreement that is satisfactory to the Lender and is signed by the assumptor and the original Borrower(s) or previous assumptor(s) at the time of assumption. This agreement must obligate the assumptor for repayment of the Loan so that the original Note is valid and legally enforceable against the assumptor; and
- prior to execution of the assumption agreement, the Lender must provide the assumptor with a [Notice to Borrower of HUD's Role](#) and obtain the assumptor's acknowledgment.

ii. Release of Liability

If the conditions above are met, the Lender, at its option, may release the original Borrower(s) and any intervening assumptor(s) from liability for repayment of the Title I Loan. Approval from HUD is not required. The Lender must retain documentation of the release in the case binder.

A Lender must not release the Borrower or any co-maker or Co-signer from liability under the Note without prior approval from HUD. An exception may be possible if there is an assumption.

iii. No Release of Liability

If a Lender opts not to release the original Borrower(s) and intervening assumptor(s), the Lender must comply with the servicing requirements outlined in this section as they pertain to the previous Borrowers/assumptors as well as with the current Borrower/assumptor. In particular, the Lender must mail the Notice of Default and Acceleration to previous Borrowers/assumptors and repossess/foreclose against the security in such a way as to preserve the legal liability of the previous Borrowers/assumptors.

If the Lender does not formally release the original Borrowers/assumptors at the time of the assumption, then the Lender must use caution not to inadvertently release them during the servicing and liquidation of the Loan. The requirement that the Lender maintains and assigns to HUD a legally enforceable Note pertains to any Borrower who was not officially released from liability.

III. SERVICING AND LOSS MITIGATION

C. Title I Insured Programs

2. Title I Manufactured Home Loan Program

iv. Assumption Fee

The Lender may charge up to 1 percent of the unpaid principal balance as a fee for approving the assumptor and preparing the assumption agreement.

v. Reporting Assumptions

The Lender must report assumptions to HUD in order to have the current Borrower's name reflected on future insurance charge billing statements. An assumption may be reported via mail, fax, or email to the [FOC](#). When reporting an assumption, the Lender must supply the Title I case number, the name of the original Borrower and the name(s) and Social Security Number(s) (SSN) of the assumptor(s).

d. Modification of a Current Loan (05/09/2022)

A Lender may enter into a modification agreement with a Borrower without prior permission from HUD on a Loan that is current. A modification agreement:

- requires a written agreement signed by the Borrower;
- need not be recorded;
- may only decrease the interest rate;
- must not advance new funds; and
- does not require any further insurance reporting to HUD, but all documentation of the modification must be submitted if an insurance claim is filed.

e. Loan Default and Loss Mitigation (05/09/2022)

As part of prudent and diligent loan servicing, HUD encourages Lenders to make a reasonable effort to assist delinquent Borrowers in bringing the Loan current prior to accelerating the Loan and repossessing the Manufactured Home.

i. Contact with the Borrower

Within 17 Days of the missed payment, but before taking action to accelerate the maturity of the Loan, the Lender or its agent must contact the Borrower and any co-maker or Co-signer, either in a face-to-face meeting or by telephone, to discuss the reasons for the Default and to seek its cure. If the Borrower and the co-makers or Co-signers cannot be located, will not discuss the Default, or will not agree to its cure, the Lender may proceed to take action. The Lender must document the results of its efforts to contact the Borrower and any co-maker or Co-signer.

ii. Loss Mitigation Tools

HUD encourages loss mitigation to help a delinquent Borrower return the Loan to good standing. The purpose of loss mitigation is to assist the Borrower to retain the home, to reduce HUD and Lender losses, and to preserve the insurance fund. Listed below are the tools available to Lenders and Borrowers that can assist in bringing the Loan current.

III. SERVICING AND LOSS MITIGATION

C. Title I Insured Programs

2. Title I Manufactured Home Loan Program

(A) Refinance

A [Streamline Refinance](#) may be used for a Loan that is in Default provided that it is not refinanced for an amount greater than the lesser of:

- the original principal balance of the Loan; or
- the current principal balance plus reasonable closing costs and Upfront Mortgage Insurance Premium (UFMIP).

(B) Modification Agreement

A Borrower may be considered for a Loan Modification if the Lender determines the Borrower has the reasonable ability to pay under the terms of the loan modification plan to eliminate the arrearage. A Lender may enter into a modification agreement with a Borrower without prior permission from HUD. A modification agreement:

- requires a written agreement signed by the Borrower;
- need not be recorded;
- may increase or decrease the monthly payment amount;
- cannot increase the interest rate or loan term;
- cannot include new funds; and
- does not require any further insurance reporting to HUD; however, all documentation concerning the modification must be submitted if an insurance claim is filed.

(C) Repayment Plan

Unlike a modification, a repayment plan does not require a Borrower's signed agreement. As with a modification, a Borrower may be considered for a short repayment plan if the Borrower has recently experienced an involuntary reduction in income or an unexpected increase in living expenses and the Lender determines the Borrower has a reasonable ability to pay under the terms of the repayment plan. A Lender may enter into a repayment plan without HUD's permission.

A repayment plan:

- must be evidenced by a copy of the Lender's letter to the Borrower outlining the terms of the agreement;
- may not extend beyond six months; and
- does not require any further insurance reporting to HUD.

When establishing and monitoring a repayment plan, the Lender must ensure that the status of the Loan will not preclude submission of a claim for loss to HUD due to exceeding the deadline for claim submission.

(D) Partial Payments

(1) Definition

A Partial Payment refers to a payment of any amount less than the full amount due on the Loan at the time the payment is tendered, including Late Charges and amounts advanced by the Lender on behalf of the Borrower (such as for the payment of taxes).

(2) Standard

The Lender may agree to accept a Partial Payment, thereby assisting a Borrower who is having a temporary problem making their Loan Payment. This practice will usually be advantageous for the Lender and HUD.

Except as outlined below, a Lender must accept any Partial Payment and apply it to the Borrower's account or hold it in a trust account pending disposition. When Partial Payments held for disposition aggregate a full monthly installment, they must be applied to the Borrower's account, thus advancing the date of the oldest unpaid installment.

If the Lender did not agree to accept Partial Payments, it must return a Partial Payment to the Borrower with a letter of explanation if any of the following apply:

- The Loan is not in Default.
- The payment represents less than half of the full amount then due.
- The payment is less than the amount agreed to in a modification agreement or repayment plan.
- The Lender has issued a Notice of Default and Acceleration.
- The Loan has been Delinquent for six months.
- The Loan has been chronically Delinquent (i.e., two or more instances where the account was Delinquent, brought current, and then reverted back to a Delinquent status).

(E) Assumption

If the Borrower cannot afford to continue to make Loan Payments and elects to sell the home, the Lender may approve an [assumption](#) of the Loan.

(F) Short Sale

The Lender may agree to release its lien on the home to facilitate the Borrower's sale of the home to a third party for less than the amount due the Lender. The Lender may still file a claim with HUD regarding the resultant deficiency, provided that the actual sales price is not less than the value of the home as determined by a current [HUD-approved appraisal](#), and provided that the Borrower remains legally liable for the

III. SERVICING AND LOSS MITIGATION
C. Title I Insured Programs
2. Title I Manufactured Home Loan Program

remaining amount owed on the Loan. A short sale release of lien, with release of liability of the Borrower, requires prior approval from HUD.

iii. Notice of Default and Acceleration

The Lender must provide each Borrower with written notice that the Loan is in Default and that the loan maturity is to be accelerated. This notice must be sent when the Loan is at least 30 Days Delinquent but after the Lender has attempted to [contact the Borrower](#).

Exceptions to sending the notice include when the Borrower agrees to a modification agreement or repayment plan, is in bankruptcy, or has voluntarily surrendered the Manufactured Home.

In addition to complying with applicable state or local notice requirements, the notice must be no smaller than size 12 font Times New Roman, sent by certified mail, and contain:

- a description of the obligation or security interest held by the Lender;
- a statement of the nature of the Default and of the amount due to the Lender as unpaid principal and earned interest on the Note as of the date of the notice;
- a demand upon the Borrower either to cure the Default or to agree to a modification agreement or a repayment plan, no later than 30 Days from the date of the notice;
- a statement that upon the Borrower's failure to comply with the demand, the maturity of the Loan is accelerated and full payment of all amounts due is then required;
- a statement that if the Default persists the Lender will report the Default to an appropriate credit reporting agency; and
- the following statement:

This loan is insured against nonpayment by the federal government. If you do not repay the loan as agreed, we may assign the debt to the U.S. Department of Housing and Urban Development (HUD) for collection. If your loan is assigned to HUD, your failure to pay the debt in accordance with the terms set by HUD may result in any or all of the following actions:

- *Seizing your federal income tax refunds, Social Security benefit payments, federal employee wages or retirement, or other federal payments,*
- *Administrative garnishment of your wages if you are not a federal employee (which does not require a judgment and court order to implement),*
- *Referring the debt to the U.S. Department of Justice, U.S. Department of the Treasury, or to private collection agencies,*
- *Your liability for penalties and administrative costs that HUD may impose as authorized by Section 3717 to Title 31 of the United States Code (including collection fees charged by Justice, Treasury or private collection agencies.)*

III. SERVICING AND LOSS MITIGATION

C. Title I Insured Programs

2. Title I Manufactured Home Loan Program

iv. Notice to Credit Reporting Agency

If the loan maturity is accelerated and the Loan is not reinstated, the Lender must report the Default to one or more of the national credit reporting agencies.

v. Reinstatement of the Loan

The Lender may rescind the acceleration of maturity and reinstate the Loan only if the Borrower brings the Loan current, executes a modification agreement, or agrees to an acceptable repayment plan.

vi. Bankrupt or Deceased Borrower

When a Lender becomes aware that a Borrower has filed bankruptcy or has died, the Lender must take prompt, effective action to protect the Lender's interest as holder of the Loan.

(A) Bankruptcy

(1) Standard

The Lender must file a timely proof of claim with the bankruptcy court, unless the court notifies the Lender that the Borrower has no assets. A proof of claim must be filed even if the Borrower is current on the Title I Loan. Since the Lender must repossess and sell the Manufactured Home prior to submitting a claim for loss with HUD, the Lender must take all steps necessary to preserve the lien against the home.

If the bankruptcy is closed, the Lender must have evidence of the bankruptcy discharge or dismissal.

In a case where relief from the stay has been granted for the purpose of repossessing the home, the Lender must file a deficiency claim for the unsecured balance no later than 180 Days following filing of the petition to ensure their deficiency claim is not barred.

(2) Required Documentation

The case binder must contain evidence of bankruptcy discharge or dismissal.

(B) Deceased Borrower

The Lender must confirm the death of a Borrower via a death certificate or other reasonable evidence. The Lender must determine if a probate proceeding exists and document its findings. If there is a probate proceeding, the Lender must file a timely proof of claim.

III. SERVICING AND LOSS MITIGATION

C. Title I Insured Programs

2. Title I Manufactured Home Loan Program

f. Servicing of Manufactured Home Lot Loans and Combination Loans (05/09/2022)

Servicing of Manufactured Home Lot Loans and Combination Loans are subject to the [requirements for servicing Manufactured Home Loans](#) with the following exceptions.

Upon acceleration of the maturity on a Defaulted Manufactured Home Lot Loan or Combination Loan, the Lender must proceed against the loan security by foreclosure for Property classified as real estate (i.e., the lot, and if applicable, the Manufactured Home), and repossess any Manufactured Home classified as Personal Property.

Once the Lender obtains the Property through foreclosure and/or repossession if applicable, the Manufactured Home and lot securing a Combination Loan may be sold in a single transaction or separately, without prior approval from HUD.

Claim Submission and Payment

Claim submission and payment for Manufactured Home Lot Loans and Combination Loans are subject to the requirements stated in [Title I Claims for Manufactured Homes](#) and [Property Disposition of Manufactured Homes](#). The Lender must submit the claim that includes the sum of the following amounts:

- state or local real estate taxes, pro-rated to the date of disposition;
- lot rents, pro-rated to the date of disposition of the Property;
- municipal water and sewer fees, pro-rated to the date of disposition of the Property;
- liens, pro-rated to the date of disposition of the Property;
- special assessments that are noted on the loan application or become liens after the insurance is issued, pro-rated to the date of disposition of the Property;
- premiums for hazard insurance on the Manufactured Home, pro-rated to the date of disposition of the Property; and
- transfer taxes required by any state or local government.

HUD may reimburse up to 90 percent of the claim submitted for Manufactured Home Lot Loans and Combination Loans.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

1. Claim Submission Process

IV. CLAIMS AND DISPOSITION

A. TITLE II CLAIMS

This section provides the standards and procedures applicable to the submission of claims for all Single Family (one- to four-units) Mortgages insured under Title II of the National Housing Act, except for Home Equity Conversion Mortgages (HECM). The Mortgagee must fully comply with all of the following standards and procedures when submitting a claim for Federal Housing Administration (FHA) mortgage insurance benefits.

1. Claim Submission Process

a. Preparation and Submission of Claims (03/01/2023)

i. Who Can Submit Claims

The holding Mortgagee or the servicing Mortgagee must submit the claim. While authorized parties may prepare or submit the claim on behalf of the Mortgagee, HUD will only pay the claim as stated in [Disbursement of Claim](#).

ii. Liability for Claims Filed

Mortgagees are liable for the contents of any claims filed. By submitting a claim, the Mortgagee certifies that the statements and information contained in the claim are true and correct.

HUD will prosecute false claims and statements and Mortgagees may be subject to [criminal and/or civil penalties or other action](#).

iii. FHA Case Number

The Mortgagee must ensure that the FHA case number is on all Parts of form [HUD-27011](#), *Single Family Application for Insurance Benefits*, and on the cover page of any claims correspondence and documents sent to the Mortgagee Compliance Manager (MCM) and HUD.

iv. Insured Mortgages

The Mortgagee may only submit a claim for a Mortgage that is insured by FHA.

v. Form HUD-27011, *Single Family Application for Insurance Benefits*

The Mortgagee must use form [HUD-27011](#) to submit a claim for insurance benefits. Form HUD-27011 consists of the following five parts. See the [Claim Filing Technical Guide](#) for detailed information on completing this form.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

1. Claim Submission Process

(A) Part A – Initial Application

The Mortgagee must submit initial case data through Part A for each claim. Part A includes information relating to the Mortgage, Property, property condition, Mortgagee, payment history, and the foreclosure or, if appropriate, the conveyance, assignment, Claims without Conveyance of Title (CWCOT), or Pre-Foreclosure Sale (PFS).

(B) Part B – Fiscal Data

The Mortgagee must submit fiscal data related to allowable expenses and accrued interest through Part B for each claim. Part B provides all summary information relating to receipts and disbursements incurred by the Mortgagee that affect the amount of insurance claim.

For all claims other than conveyance claims, the Mortgagee must submit Part B simultaneously with Part A.

(C) Part C – Support Document

Part C contains itemized information relating to disbursements for the Property Preservation and Protection (P&P). The Mortgagee must list disbursements for P&P expenses in chronological order in the Date Work Completed column and include an accurate description of the work performed on the Property in the Description of Service Performed column. Where applicable, the Mortgagee must prepare this document prior to completion of Part B.

(D) Part D – Support Document (Continuation 1)

Part D contains itemized information relating to such items as taxes, hazard insurance premiums, Mortgage Insurance Premiums (MIP), foreclosure costs, acquisition fees and costs, bankruptcy fees and costs, and other miscellaneous costs. Where applicable, the Mortgagee must prepare this document prior to completion of Part B.

(E) Part E – Support Document (Continuation 2)

Part E contains itemized information relating to closing costs found on the Closing Disclosure and amounts due from and to the buyer at closing. The Mortgagee must prepare Part E in order to claim allowable associated appraisal, administrative, and other closing costs for all claim types.

Where applicable, the Mortgagee must prepare this document prior to completion of Part B.

vi. Methods of Submission of Claims

Mortgagees must use one of the following methods to file claims.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

1. Claim Submission Process

(A) Electronic Data Interchange

(1) Definition

The Electronic Data Interchange (EDI) is the electronic exchange of information between one or more business partners in a structured, machine-processable format that is transmitted directly from computer to computer.

(2) Standard

The Mortgagee may submit claims via EDI for all claims other than Loss Mitigation Home Retention incentive claims and supplemental claims.

(3) Electronic Data Interchange Technical Guidance

The Mortgagee may find information on using EDI in HUD's [EDI Implementation Guide](#).

(4) Application Advice and Error Correction

The Mortgagee may identify errors in their submissions by reviewing Transaction Set (TS) 824. The Mortgagee must take necessary corrective action, including correction or submission of documentation, within 60 Days of the generation of TS 824 to avoid deletion of its EDI claim.

(B) FHA Connection

(1) Definition

FHA Connection (FHAC) is an online system for Mortgagees to access and communicate to HUD origination, servicing, and mortgagee approval and recertification information.

(2) Standard

The Mortgagee may submit claims via FHAC for conveyances, Loss Mitigation Home Retention Option incentives, CWCOT, and PFS claims.

The Mortgagee may not use FHAC for filing Single Family Loan Sale (SFLS) claims, Property located on Indian Land claims, Hawaiian Home Lands claims, and supplemental claims.

The Mortgagee must enter and submit claims individually; the submitted claims will be batched and loaded nightly into the HUD Claims system for processing the next business day.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

1. Claim Submission Process

(3) FHA Connection Technical Guidance

The Mortgagee may find information on using FHAC in HUD's [FHA Connection Guide](#).

(4) Transmission Confirmation

The Mortgagee must include a copy of the Single Family Insurance System (SFIS) Claims Input Result screen in the Claim ~~Review~~ File. This screen appears when the claim has been successfully transmitted and will show the claim detail and receipt date.

(5) Error Correction

The Mortgagee must review its claim status via FHAC to determine whether a claim has been suspended and in need of correction or documentation. The Mortgagee must take necessary corrective action, including correction or submission of documentation, within 60 Days of the suspension to avoid deletion of its claim submission.

(6) Mortgagee Contact Information

The Mortgagee must include a staff member contact name and phone number in all claims submitted via FHAC. Alternatively, the Mortgagee may enter the name of a department or functional area that can be contacted regarding FHAC submissions.

(C) FHA Catalyst: Claims Module

(1) Definition

FHA Catalyst is an online system for Mortgagees to electronically submit claims.

(2) Standard

HUD provides notice of claim types that Mortgagees may file through FHA Catalyst. The Mortgagee may submit conveyance claims (including DIL), SFLS claims, CWCOT claims, PFS claims, Loss Mitigation Home Retention claims, supplemental claims, Insured Mortgages on Indian Land claims, and Hawaiian Home Lands Mortgages claims, which include information found on form HUD-27011 and any relevant supporting documentation, via FHA Catalyst: Claims Module.

(3) FHA Catalyst Technical Guidance

The Mortgagee may find information on using FHA Catalyst in HUD's guide for the [FHA Catalyst: Claims Module](#).

IV. CLAIMS AND DISPOSITION

A. Title II Claims

1. Claim Submission Process

(4) Application Advice and Error Correction

The Mortgagee may check the status of its claim submission entered in FHA Catalyst: Claims Module through FHAC to determine if it has been denied or requires corrective action.

b. Claim Status (02/16/2021)

Beginning at least two business days after transmission to HUD's Claims system, the Mortgagee may view claim status in FHAC as follows:

- for paid claims, an Advice of Payment letter or Payment Advice will be available;
- for suspended claims, a list of suspended edit codes, with explanations will be available; and
- for deleted claims, a message noting that the claim has been deleted.

All documentation for suspended claims must be submitted via the Suspended Claim Dashboard in P260. At a minimum, the documentation uploaded must include a PDF of the entire form HUD-27011, and support to satisfy the edit based on the edit code description shown in FHAC. Documentation must annotate or highlight claimed expenses that relate to the edit code. Pictures are not required. Once a claim is reviewed, the Mortgagee will be notified of the documentation's approval or rejection via P260 and should monitor P260 accordingly.

Additionally, for claims submitted via EDI, the Mortgagee may review the following Transaction Sets (TS) to determine claim status:

- TS 820 to identify paid claims, and
- TS 824 to identify suspended claims.

c. Claim ~~Review~~ File (08/19/2024)

i. Standard

For each claim filed, the Mortgagee must maintain evidence of compliance with HUD's servicing requirements. In addition to retaining the documentation required in the [Servicing File](#), the Mortgagee must include the following documentation in its Claim ~~Review~~ File:

- Default servicing documentation, including:
 - communication with Borrowers and with HUD;
 - required notices;
 - evidence of evaluation under HUD's Loss Mitigation Program, including 90-Day Reviews;
 - documentation evidencing the Mortgagee's compliance with HUD's reasonable diligence requirements;
 - documentation justifying any delays in meeting HUD time frames; and
 - if applicable, documentation relating to compliance with federal or state prohibitions or delays;

IV. CLAIMS AND DISPOSITION

A. Title II Claims

1. Claim Submission Process

- claims and/or conveyance documentation, including:
 - a copy of the first public legal action to initiate foreclosure with the date the action was taken;
 - a copy of the foreclosure deed recorded by the local recording authority with the date of recordation;
 - a copy of the first public legal action to initiate eviction, if applicable;
 - all documentation pertaining to bankruptcy, if applicable;
 - a copy of the deed or assignment with the date of recordation, along with a copy of the transmittal letter, if the deed or assignment was sent to a recording authority;
 - a copy of the Mortgage Insurance Certificate (MIC);
 - a copy of the mortgage Note and modification, if applicable;
 - the title approval letter, if applicable;
 - the title submission certification, for assignments only;
 - evidence showing that the certificate of title to the Manufactured Home is properly retired;
 - invoices and receipts or other documentation of payment made supporting all disbursements for which reimbursement is claimed. Where the Mortgagee made such disbursements in bulk, the documentation must reflect the specific disbursements made for each mortgage;
 - all loan servicing and transaction records (e.g., escrow history, payment history, transaction codes, collection notes, etc.) dated on or after the last complete installment date, as reported in Item 8 of Part A, form [HUD-27011](#);
 - all property inspection reports (e.g., initial, occupied, and vacant);
 - any photographs needed to support P&P expenses and evictions;
 - written responses from HUD's MCM regarding approval of extensions or expenses;
 - documentation to support any extensions in Items 19, 20, and 21 of Part A, form HUD-27011, if applicable;
 - a copy of the buydown and rental agreements;
 - Advice of Payment letters or claims billing statements, if applicable;
 - evidence of hazard insurance coverage and flood insurance coverage, if applicable;
 - the evidence must include the name and address of the insured, the coverage type, coverage limits and deductibles, the covered period, the premium amount, and, if applicable, state-mandated surcharges;
 - documentation supporting the refund or estimated refund of hazard insurance premiums, if applicable;
 - a copy of any appraisals;
 - a copy of the calculation of the Commissioner's Adjusted Fair Market Value (CAFMV);
 - a copy of the wire or canceled check for CWCOT and PFS claims;
 - a copy of the Closing Disclosure, if applicable;
 - for claims involving Reconveyance and reacquisition, evidence that the title or property issue requiring Reconveyance has been corrected; and

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

- all parts of the claim form, schedules, attachments, and any other supporting documents.

ii. Record Retention Period

The Mortgagee must retain this documentation for at least seven years after the final claim or latest supplemental claim settlement date:

- The final settlement date is the date of the last acknowledgment or payment received by the Mortgagee in response to the submission of a claim. In certain cases, the acknowledgment may be in the form of a bill.
- The supplemental settlement date is the date of the final payment or acknowledgment of such supplemental claim. In certain cases, the acknowledgment may be in the form of a bill.

iii. Electronic Storage

The Mortgagee may use electronic storage methods for all required servicing and claim-related documents where retention of a hard copy or original document is not required.

iv. HUD Requests for Information

The Mortgagee must make available to HUD electronic copies of identified claim files within 24 hours of a request, or as otherwise requested by HUD. HUD may charge a fee for the review of a Claim ~~Review~~ File that is not provided to HUD when requested.

v. Missing Claim Files

If the Mortgagee is unable to produce the Claim ~~Review~~ File at HUD's request during the record retention period, HUD may consider all amounts for expenses and interest to have been paid in error.

2. Claim Types

Mortgagees may submit the following claim types for Single Family forward Mortgages.

- a. **Claim Type 01 – Conveyances (04/10/2025) [Updates in this section must be implemented where the deadline to meet the first legal action is on or after March 31, 2022]**

The Mortgagee may submit a claim after conveyance of a Property to HUD through foreclosure or by Deed-in-Lieu (DIL) of Foreclosure under Claim Type 01.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

i. Computation of Interest

(A) Calculating Debenture Interest

(1) Debenture Interest Rates

(a) Mortgages Endorsed for FHA Insurance after January 23, 2004

For Mortgages that were endorsed after January 23, 2004, and are not Direct Endorsements, the Mortgagee must calculate debenture interest as the monthly average yield for the month in which the Default on the Mortgage occurred, on [United States Treasury Securities](#) adjusted to a constant maturity of 10 years.

(b) Mortgages Endorsed for FHA Insurance on or before January 23, 2004

For Mortgages that were insured on or before January 23, 2004, and were not Direct Endorsements, the Mortgagee must calculate the debenture interest rate as the higher of the rates in effect on:

- the date the Mortgage was endorsed for insurance; or
- the date of *Firm Commitment*.

(c) Direct Endorsements and Coinsurance Programs

(i) Mortgages Endorsed for FHA Insurance after January 23, 2004

For applications involving Mortgages originated under the Single Family Direct Endorsement Program and endorsed for FHA insurance after January 23, 2004, the Mortgagee must calculate the debenture interest rate as the monthly average yield for the month in which the Default on the Mortgage occurred, on [United States Treasury Securities](#) adjusted to a constant maturity of 10 years.

(ii) Mortgages Insured on or before January 23, 2004

For Direct Endorsement Mortgages insured on or prior to January 23, 2004, the Mortgagee must calculate debenture interest as the rate in effect on the date the Mortgage was endorsed for insurance.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

(2) Time Frames for Debenture Interest

(a) Interest up to Date of Claim Settlement

(i) Definition

The Date of Initial Claim Settlement is the date that HUD approves the settlement of Part A of form [HUD-27011](#) for payment.

The Date of Final Claim Settlement is the date that HUD approves the settlement of Part B of form HUD-27011 for payment.

(ii) Standard

Part A

Provided that the Mortgagee has met all time requirements, HUD will pay debenture interest on the unpaid principal balance from the date of Default to the date of initial claim settlement.

Part B

HUD will compute interest on expenditures from the date of the submission of Part B to the date of the final claim settlement.

(b) Interest up to Disbursement Date

(i) Definition

The Disbursement Date, as applicable to claims, is the date the Mortgagee paid for an expense.

(ii) Standard

For each Disbursement itemized on Parts C, D and E, the Mortgagee must compute the debenture interest from the latter of the Disbursement Date or date of Default, to the earliest of the following dates:

- Part A's [date of interest curtailment](#);
- the date Part B is prepared; or
- Part B's date of interest curtailment.

(iii) Required Documentation

The Mortgagee must enter in Item 204 (Part C) and Item 304 (Part D) the date to which interest is calculated for expenditures claimed on form HUD-27011, Part B. This will be the same date as entered in Item 104, Part B, provided no time requirement or approved extension has been missed.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

(B) Calculating Interest for an Expenditure Using Daily Interest Rate Factors

(1) Definition

The Daily Interest Rate Factor is the annual interest rate expressed as a decimal, divided by 365 (or 366 in leap years), and rounded to the fourth place to the right of the decimal, for the purpose of calculating interest on claimed expenditures.

(2) Standard

The Mortgagee must calculate the amount of interest to be claimed for an expenditure as follows:

- identify the [effective debenture interest rate](#) based on the endorsement date of the mortgage for mortgages endorsed before January 23, 2004, or the date of Default for mortgages endorsed on or after January 23, 2004;
- find the Daily Interest Rate Factor (see Appendix 8.c Daily Interest Rate Factor in the [Claim Filing Technical Guide](#)) corresponding to the effective debenture interest rate;
- multiply the Daily Interest Rate Factor by the amount paid; then
- multiply this result by the number of Days (see Appendix 8.b Julian Calendar in the [Claim Filing Technical Guide](#)) from the date paid (or Default date, if later) for each line Item to the earlier of:
 - the date in Item 104 (submission date for Part B); or
 - the date of the earliest time requirement missed (Items 204 and 304).

(3) Interest for Expenditures before the Date of Default

(a) Standard

If the Mortgagee makes an expenditure or advance before the date of Default, the Mortgagee may only calculate debenture interest from the date of Default.

HUD will not pay debenture interest on expenses prior to the date of Default.

(b) Required Documentation

When filing the claim, the Mortgagee must:

- enter the date of Default in the “Date Paid” column of Parts C, D, and E; and
- place the actual date paid in parentheses, following the description of the expenditure or advance.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

(C) Calculating Interest for Default after Special Forbearance-Unemployment or Special Forbearance

(1) Standard

(a) Time Frame for Mortgage Note Interest

When the Mortgagee files a claim for insurance benefits after a Default under a Special Forbearance (SFB) - Unemployment Agreement or Special Forbearance agreement, HUD will pay mortgage note interest for the period beginning on the due date of the last completely paid installment, up to the earliest of the following dates:

- date of initiation of foreclosure proceedings;
- date of acquisition of title and possession by DIL of Foreclosure;
- date the Property was acquired by the Commissioner under a direct conveyance from the Borrower; or
- 90 Days after the date of the Default of the SFB-Unemployment Agreement or Special Forbearance Agreement; or such other date as HUD may approve in writing prior to expiration of this 90-Day period.

(b) Calculating Mortgage Note Interest Using Daily Interest Rate Factors

To obtain the amount of accrued mortgage interest due, the Mortgagee must:

- multiply the Daily Interest Rate Factor (see Appendix 8.c Daily Interest Rate Factor in the [Claim Filing Technical Guide](#)) by the amount of the unpaid principal balance; and
- multiply the result by the number of days from the due date of the last completely paid installment to the date selected above as the “ending date.”

(c) Time Frame for Debenture Interest

When the Mortgagee files a claim for insurance benefits after a Default under an SFB-Unemployment Agreement or SFB Agreement, HUD will pay debenture interest for the period beginning on the earliest of the following dates:

- the date of initiation of foreclosure proceedings;
- the date of acquisition of title and possession by DIL of Foreclosure;
- the date the Property was acquired by the Commissioner under a direct conveyance from the Borrowers; or
- 90 Days after the date of the Default of the SFB-Unemployment Agreement or SFB Agreement, or other such date as HUD may approve in writing prior to expiration of this 90-Day period.

This debenture interest period ends on the date of the initial claim payment or the date of interest curtailment.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

(d) Calculating Debenture Interest

HUD will compute the debenture interest at the time of payment of Part B, using the rate in effect at the time of the mortgage Default. Where “Mortgage Note Interest” is claimed on Part B because of an SFB-Unemployment Agreement or SFB Agreement, HUD will subtract from the claim any debenture interest already paid for the same period.

(2) Interest on Claim Form

The Mortgagee must reflect the use of an SFB-Unemployment Agreement or SFB Agreement by entering the following in Item 121:

- From: Enter the date of the last completely paid installment after all funds received under the Agreement are applied according to the terms of the Mortgage (Item 8, part A). If no Mortgage Payments were made, enter a date 30 Days before the due date of the first scheduled payment (Item 7, Part A).
- To: Enter the earliest of the following dates:
 - the date of initiation of foreclosure proceedings;
 - the date of acquisition of title and possession by DIL of Foreclosure;
 - the date the Property was acquired by the Commissioner under a direct conveyance from the Borrower; or
 - 90 Days, or such other time as approved by the MCM, following the date of the Borrower’s SFB-Unemployment Agreement or SFB Agreement failure.
- Rate: Enter the mortgage interest rate as it appears on the mortgage Note.
- Column C: Enter the amount of mortgage interest due.

(3) Required Documentation

The Mortgagee must send to HUD with Part B of form HUD-27011 a copy of the:

- executed SFB-Unemployment Agreement or SFB Agreement; and
- the payment history.

The Mortgagee must retain copies of these documents in the Claim ~~Review~~ File.

(D) Curtailment of Interest

(1) Definition

Curtailment of Interest is the cutoff of the accrued interest calculation as of the date on which the Mortgagee fails to take a required action.

The Date of Interest Curtailment is the date that the Mortgagee first failed to take a required action.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

(2) Standard

The Mortgagee must self-curtail interest on Single Family claims when it fails to meet HUD's foreclosure, reasonable diligence, or reporting time frame requirements as of the date on which the required action should have been taken.

If more than one time requirement is missed and there are no applicable extensions, the Mortgagee must calculate the interest to the earliest missed time requirement.

(a) Failure to Timely Initiate Foreclosure

The Mortgagee must curtail interest if it fails to meet the [time requirement](#), including applicable extensions, to initiate foreclosure, regardless of whether later payments advanced the date of Default.

(b) Failure to Give HUD Notice of Foreclosure

The Mortgagee must curtail interest if it fails to meet the [time requirement](#) to give notice to HUD of the foreclosure via SFDMS. Until the Mortgagee properly reports the foreclosure initiation, the Mortgagee must reduce its claim by an amount equivalent to 30 Days of interest for each SFDMS reporting cycle missed.

(c) Failure to Meet Reasonable Diligence Time Frames

The Mortgagee must curtail interest if it fails to meet HUD's [Reasonable Diligence Time Frames](#), including applicable extensions, in:

- completing foreclosure;
- acquiring good marketable title to and possession of the Property; and
- if applicable, starting eviction or possessory action.

(d) Failure to Meet Time Frame to Convey to HUD

The Mortgagee must curtail interest if it fails to meet HUD's [time frame in conveying the Property to HUD](#).

(3) Required Documentation

The Mortgagee must indicate the interest curtailment date on form [HUD-27011](#), as follows:

- In Part A, the Mortgagee must enter the curtailment date in Item 31, ensuring that this date is before the date in Item 9. The Mortgagee must indicate in the "Mortgagee's comments" section the reason for the curtailment.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

- When a curtailment date is entered in Item 204 Part C and 304 Part D, the Mortgagee must indicate in the “Mortgagee’s comments” section of Part B the reason for the curtailment.

The Mortgagee must retain copies of any approved extensions received from HUD in the Claim ~~Review~~ File.

(4) Remittance of Claim Payments for Failure to Self-Curtail

If a Mortgagee determines during its Quality Control (QC) review that it failed to self-curtail when submitting the claim, the Mortgagee must remit claim-related payments to HUD through the Claim Remittance feature in FHAC. For more information on remitting payments, see the [Quick Start: Single Family Servicing Claims Processing](#) guide.

ii. Computation of Claim Amount

The Mortgagee may claim up to 100 percent of the unpaid principal balance, plus allowable costs and debenture interest.

(A) Damage to Conveyed Properties

(1) Definition

Surchargeable Damage is damage to a Property caused by fire, flood, earthquake, hurricane, tornado, boiler explosion (for condominiums only), or Mortgagee Neglect.

Mortgagee Neglect is the Mortgagee’s failure to take action to preserve and protect the Property from the time it is determined (or should have been determined) to be vacant or abandoned, until the time it is conveyed to HUD.

Non-Surchargeable Damage is damage to a Property that is not Surchargeable Damage.

(2) Standard

(a) HUD-Required Repairs of Damage to the Property

In cases of Surchargeable Damage, HUD may require the Mortgagee to repair a Property before conveyance, and the Mortgagee may not request reimbursement for such repairs.

In cases of Non-Surchargeable Damage that occurred during the time of the Mortgagee’s possession, HUD may require the Mortgagee to repair such damage before conveyance, and HUD will reimburse the Mortgagee for

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

reasonable payments not in excess of the Secretary's estimate of the cost of repair, less any insurance recovery.

(b) Conveyance of Property with Surchargeable Damage

Where HUD has authorized the Mortgagee to convey a damaged Property unrepaired, HUD will deduct from the mortgage insurance benefits the greater of:

- any insurance recovery received by the Mortgagee; or
- HUD's estimate of the cost to repair the Property.

(c) Estimating the Recovery Amount

If the Mortgagee has not received the hazard insurance proceeds by the time of the Part A claim submission, the Mortgagee may estimate the recovery.

(d) Adjustment of Recovery Amount

If the actual recovery amount is less than the amount estimated, the Mortgagee may request reimbursement of the difference between the amount of proceeds expected and the proceeds received if both are greater than HUD's estimate of damage.

The Mortgagee is not entitled to a reimbursement if it would reduce the deduction in insurance benefits to less than HUD's estimate of damage.

(e) Mortgagee Certification for Properties Damaged by Fire

(i) Definition

The Mortgagee Certification for Properties Damaged by Fire is a certification prepared by the Mortgagee in order to convey to HUD certain eligible Properties damaged by fire.

(ii) Standard

When the Mortgagee meets all regulatory requirements for conveying a Property damaged by fire that was not covered by fire insurance at the time of the damage, or the amount of insurance coverage was inadequate to fully repair the damage, the Mortgagee must include a Mortgagee Certification at the time that a claim is filed to limit the deduction from insurance benefits to the amount of insurance recovery received by the Mortgagee, if any.

The Mortgagee Certification must include the following statements:

- at the time the Mortgage was insured, the Property was covered by fire insurance in an amount at least equal to the lesser of 100

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

percent of the insurable value of the improvements, or the principal balance of the Mortgage;

- the insurer later canceled this coverage or refused to renew it for reasons other than nonpayment of premium;
- the Mortgagee made diligent efforts within 30 Days of any cancellation or non-renewal of Hazard Insurance, and at least annually thereafter, to secure other coverage or coverage under a Fair Access to Insurance Requirements (FAIR) Plan, in an amount at least equal to the lesser of 100 percent of the insurable value of the improvements, or the principal balance of the Mortgage, or if coverage to such an extent was unavailable at a reasonable rate (as defined in [24 CFR § 230.379\(a\)\(4\)\(i\)](#)), the greatest extent of coverage that was available at a reasonable rate;
- the extent of coverage obtained by the Mortgagee was the greatest available at a reasonable rate, or if the Mortgagee was unable to obtain insurance, none was available at a reasonable rate; and
- the Mortgagee performed all required Property P&P actions.

***(iii)*Required Documentation**

The Mortgagee must upload into P260 a copy of the Mortgagee Certification and must retain a copy in the Claim ~~Review~~ File.

(f) Conveyance without Approval of Property with Unrepaired Surchargeable Damage

If a Mortgagee conveys a damaged Property to HUD without prior notice or approval, the MCM will notify the Mortgagee in writing of its Finding. Depending on the extent of the damage and the MCM's Finding, HUD may [reconvey](#) the Property and require reimbursement for all expenses incurred in connection with such acquisition and Reconveyance, or deduct from the mortgage insurance benefits the greater of HUD's estimate of the cost of repair or any insurance recovery.

(3) Required Documentation

The Mortgagee must document all Surchargeable Damage and Non-Surchargeable Damage to the Property on the claim form as follows:

- for Surchargeable Damage, mark "Yes" in Item 24, complete Items 26 and 27, and identify the damage in the "Mortgagee's comments" section;
- for Non-Surchargeable Damage, mark "No" in Item 24, identifying the damage in the "Mortgagee's comments" section; and
- include amounts of hazard insurance recovery received in Line 118 or, if adjusting the amount based on a Part A estimate, in Line 119.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

(4) Failure to Indicate Damage on the Claim Form

If the Property is conveyed damaged but is not identified as damaged on form HUD-27011, HUD will make no further reimbursement until the MCM has evaluated the Mortgagee's responsibility for the damage.

(B) Funds Held by the Mortgagee

(1) Standard

HUD deducts from the mortgage insurance benefits those funds that are retained by the Mortgagee.

(2) Required Documentation

The Mortgagee must report these held funds as follows:

- Unapplied Section 235 Assistance Payments - Item 123, Part B, Column A.
- Funds Held Pursuant to a Buydown Agreement - Item 109, Part B, Column A.
- Rental Income - Item 115, Part B, Column A.
- Hazard Insurance Recovery - Item 118, Part B, Column A, if not reported on Part A.
- Hazard Insurance Recovery - Item 27, Part A, and Item 119, Part B, column A if the entry in Part A is an estimate.
- All other funds - Identify the nature and the amount of the funds and enter in Item 109, Part B, Column A.

(C) Escrow Funds

(1) Funds Remaining in Escrow Account

(a) Standard

The Mortgagee must report on the claim form those funds remaining in the escrow account on the date the deed is filed for record.

(b) Required Documentation

The Mortgagee must enter amounts for funds remaining in the escrow account in Item 109, Part B as follows:

- The Mortgagee must include in Item 109 any funds received on the Mortgage that have not been applied to reduce the indebtedness, such as Partial Payments, hazard insurance refunds, estimated hazard insurance refunds, buydown funds, and funds held in escrow for on-site repairs.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

- For payment of expenses for which funds are escrowed, the Mortgagee must charge those payments to the escrow account until the escrow account balance equals zero.
- The Mortgagee must not enter a negative balance in Item 109 and must not enter amounts for escrow advances in Items 305 or 311.

The Mortgagee must include in the “Mortgagee’s comments” section an explanation of the funds included in Item 109.

(2) Mortgagee Advances for Escrow Expenditures

(a) Standard

The Mortgagee may claim reimbursement advances for escrow expenditures. There must be no remaining funds in the escrow account.

The Mortgagee must calculate interest on advances from the Disbursement Date to the earliest of the following dates:

- the earliest missed time frame; or
- the date the claim is prepared.

(b) Required Documentation

The Mortgagee must enter any advances for escrow expenditures in Items 305 or 311, as appropriate. The Mortgagee must not charge these advances to Item 109.

When the first occurrence of an expense results in a negative balance to escrow, the Mortgagee must enter this amount in Item 305 or 311, whichever is appropriate.

(D) Property Preservation and Protection Costs

(1) Definitions

P&P Actions are maintenance, security, and repair work required by HUD to ensure the Property meets HUD’s conveyance condition standards.

P&P Costs do not include real estate taxes and hazard insurance premiums.

The P&P Period begins on the date of commencement of the Reasonable Diligence Time Frame and continues until the end of the date established based on the aggregate calculation of the total number of days in the [Reasonable Diligence Time Frame](#) and the [Conveyance Time Frame](#) or [CWCOT time frame](#).

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

(2) Standard

HUD will reimburse Mortgagees up to the Maximum Property Preservation Allowance in [Appendix 7.0](#), or as permitted by HUD as approved over-allowables, for Property P&P actions so long as:

- the actions are performed prior to or during the P&P period, even if the Mortgagee renders payment after conveyance; and
- the actions are performed in accordance with HUD guidance.

The Mortgagee may not request reimbursement for any costs related to obtaining bids for P&P actions.

(a) Photographs

The Mortgagee may request a [flat fee reimbursement](#) for photographs, regardless of the number of pictures required.

(b) Inspections

The Mortgagee may request reimbursement for costs for:

- up to 13 inspections per calendar year per Property, with one inspection performed for each 25-35-Day cycle in accordance with HUD guidance and with additional protective measures supported by [documentation](#);
- Pre-Conveyance Inspections that do not coincide with the regular inspection schedule; and
- additional inspections as otherwise required by HUD.

(c) Debris Removal

(i) Standard

HUD will reimburse the Mortgagee for debris removal amounts up to the maximum amount in the [P&P Cost schedule](#) and up to amounts authorized by the MCM.

(ii) Required Documentation

The Mortgagee must retain in the Claim ~~Review~~ File:

- before and after photographs reflecting the debris removal and including the date and property address; and
- salvage and dumping fee receipts or other documentation stating the date, property address, number of cubic yards dumped, and number and type of appliances disposed of.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

(3) Reasonable Payments for Property Preservation and Protection Costs

(a) Standard

Mortgagee payments for P&P costs are considered reasonable if they are incurred prior to or during the P&P period, are otherwise reimbursable, and meet the allowances and schedules in [Appendix 7.0](#). The Mortgagee may only include reasonable payments for P&P costs in its claim.

The Mortgagee must calculate the P&P period by adding the number of Days in the [Reasonable Diligence Time Frame](#) and the [Conveyance Time Frame](#) or [CWCOT time frame](#).

The Reasonable Diligence Time Frame starts on the earlier of:

- the date the [first legal action](#) should have been filed; or
- the actual date the first legal action was taken.

(b) Calculation of Preservation and Protection Period

Reasonable Diligence Time Frame	Conveyance or CWCOT Time Frame Days	Total Days in P&P Period
See Appendix 6.0 (plus approved extension period, if applicable)	30 Days (plus approved extension period, if applicable)	Reasonable Diligence Time Frame plus conveyance or CWCOT time frame Days

Mortgagees must not claim P&P costs incurred after the P&P period for reimbursement.

(4) Required Documentation

The Mortgagee must retain in the Claim ~~Review~~ File documentation supporting all property preservation expenses claimed by the Mortgagee.

Where the Mortgagee was instructed by HUD to perform a specific service after the date of conveyance, the Mortgagee must include in the “Mortgagee’s comments” section of form HUD-27011 notation of the request and a list of expenses associated with completing the request.

Mortgagees must only include reasonable P&P payments on form [HUD-27011](#), Part C, for reimbursement.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

The Mortgagee must retain copies of any approved extensions received from HUD in the Claim ~~Review~~ File.

(5) Review of Preservation and Protection Expenses

(a) HUD Review

HUD's MCM will evaluate all claimed costs for P&P. HUD will require the Mortgagee to repay these costs if HUD determines that:

- amounts paid for reimbursement were unnecessary, excessive, or unsupported; or
- services claimed were not performed or were not performed in accordance with [HUD guidance](#).

(b) Mortgagee Determination

If the Mortgagee determines any P&P costs have been incorrectly filed for reimbursement, the Mortgagee must reimburse HUD as a Claim Remittance in FHAC.

(E) Homeowners' Association/Condominium Assessments and Fees

(1) Standard

The Mortgagee may claim reimbursement for:

- [Homeowners' Association \(HOA\)/Condominium Fees](#) due within 30 Days after the date of conveyance to HUD and paid by the Mortgagee before conveyance;
- penalties, interest, and/or late fees incurred by the former Borrower and paid by the Mortgagee; and
- the fees and assessments amounts listed below.

(a) Where HOA/Condominium Fees Survived Foreclosure

(i) Fees Not Included in Foreclosure

Where HOA/Condominium Fees were not included in the foreclosure proceedings and these fees survive foreclosure, the Mortgagee may claim reimbursement for the negotiated amount required to obtain a release of outstanding HOA/Condominium Fees.

HUD will only reimburse the Mortgagee for payment of assessments that were incurred from the foreclosure sale date to the date of conveyance.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

(ii) Fees Were Included in Foreclosure and Property Is in State Where HOA/Condominium Liens Can Take Priority

When the Property is located in a state in which HOA/condominium liens can take priority over HUD's first lien and these fees were included in the foreclosure and survived foreclosure, the Mortgagee may claim reimbursement for the negotiated amount required to obtain a release of outstanding HOA/Condominium Fees.

HUD will only reimburse Mortgagees for HOA Fees up to the total value of the periodic HOA/Condominium Assessments due and paid from the date the Borrower defaulted on their HOA/Condominium Assessment to the date of conveyance.

(b) Where There Is an HOA/Condominium Lien That Survives Foreclosure

When the Property is not located in a state in which HOA/Condominium Fees can take priority over HUD's first lien, the fees were included in the foreclosure, and there is a lien on the Property that survives foreclosure, the Mortgagee may claim reimbursement for the negotiated amount required to obtain a release of outstanding HOA/Condominium Fees.

HUD will only reimburse Mortgagees for HOA Fees up to the state law mandated amount.

(c) Where HOA/Condominium Fees Do Not Survive Foreclosure or Create a Lien

Where HOA/Condominium Fees will not survive foreclosure or create a lien surviving foreclosure, the Mortgagee may claim reimbursement for the HOA/Condominium Assessment amounts required under applicable law.

(2) Required Documentation

After resolving HOA/Condominium Fee amounts, the Mortgagee must perform the following in P260:

- no later than 15 Days after conveyance, upload into P260 the paid HOA/condominium invoice and any documentation necessary to verify that the Mortgagee made such payments prior to conveyance; and
- document in P260 any common area requirements associated with gaining access to the Property.

The Mortgagee must also reflect the amounts on form HUD-27011 as follows:

- enter HOA/condominium amounts in Item 111 of Part B and Item 305 on Part D; and

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

- document the payment of all final bills and liens for HOA/Condominium Fees in the “Mortgagee’s comments” section of Part C.

(F) Hazard and Flood Insurance Premiums

HUD will reimburse the Mortgagee for hazard insurance premiums and flood insurance premiums paid to protect the Mortgagee’s interest up until the date the deed to the Secretary is filed for record, so long as the hazard insurance and flood insurance premiums were paid in accordance with HUD guidance.

If the Mortgagee force-places a Private Flood Insurance (PFI) policy to satisfy the mandatory Flood Insurance purchase requirement, the PFI must meet the requirements for [Flood Insurance](#).

(1) Calculating the Hazard and Flood Insurance Premium Refund

If the amount of the actual premium refund is not known at the time Part B of form HUD-27011 is prepared, the Mortgagee must calculate an estimate on a “short rate” basis as follows:

- determine the number of Days the policy was in effect, from the effective date of the policy to the earlier of the cancellation date or the date the deed to the Secretary was filed for record (see Appendix 8.b Julian Date Calendar of the [Claim Filing Technical Guide](#));
- use the Short Rate Method Table in Appendix 8.a of the [Claim Filing Technical Guide](#) to determine the percentage of the premium utilized, and subtract this figure from 100 to determine the percentage of premium remaining; and
- multiply the percentage of premium remaining by the total premium to determine the estimated amount of the premium refund.

(a) Actual Hazard and Flood Insurance Premium Refund More than Estimated Refund

If the actual premium return is \$10 or more than the Mortgagee’s estimated amount, the Mortgagee must file a supplemental remittance.

(b) Actual Hazard and Flood Insurance Premium Less than Estimated Refund

If the actual premium return is less than the Mortgagee’s estimated refund, the Mortgagee may request a refund by:

- filing a supplemental claim form; and
- providing a copy of the insurance carrier’s statement of the return premium.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

(2) Required Documentation

The Mortgagee must include the refund amount or estimated refund amount in Item 109, Part B of form HUD-27011, and include in the “Mortgagee’s comments” section the amount and whether this amount is actual or estimated.

(3) Claims without Estimated Hazard Insurance and Flood Insurance Premium Refunds or Where No Refund Was Received

The Mortgagee may submit a Part B claim without an estimated hazard or flood insurance premium refund, provided the Mortgagee includes documentation to HUD demonstrating:

- that the insurer remitted the refund to the Borrower; or
- that the insurer has a policy of not remitting funds to the Mortgagee in that jurisdiction.

If the Mortgagee submits a Part B claim with an estimated hazard or flood insurance premium refund, but the refund was not received, the Mortgagee may submit a supplemental claim for reimbursement of the estimated hazard or flood insurance premium refund entered on line 109 of the Part B claim, provided the Mortgagee includes documentation to HUD demonstrating:

- that the insurer remitted the refund to the Borrower; or
- that the insurer has a policy of not remitting funds to the Mortgagee in that jurisdiction.

(G)Utility Bills

The Mortgagee may request reimbursement for [final utility bills](#) by itemizing them in Item 305 of Part D of form HUD-27011.

(H)Eviction and Other Possessory Action Costs

(1) Definition

Eviction and Other Possessory Action Costs are those costs associated with gaining possession of an occupied Property.

(2) Standard

The Mortgagee may request full reimbursement of eviction and other possessory action costs that are:

- required by state and local law in jurisdictions where the Mortgagee is required to bring a separate possessory action in addition to foreclosure; and
- reasonable and customary for that jurisdiction and actually necessary to accomplish the eviction or other possessory action.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

Where debris removal is required by state and local law as part of the eviction or possessory action, the Mortgagee may claim these costs as eviction costs.

HUD will not reimburse the Mortgagee for the following fees and costs:

- fees and costs in excess of reasonable and customary fees and costs and lacking documentation supporting the amount claimed;
- fees and costs unnecessary for the protection, acquisition, or conveyance of the Property, such as courier services, document retrieval, express mail, or property inspection by attorneys;
- Mortgagee's overhead items such as postage, telephone, duplication, or collection services; or
- compensation paid to an attorney or trustee who is a salaried employee of the Mortgagee.

(3) Required Documentation

The Mortgagee may include costs for evictions and possessory actions in Line 111 of form HUD-27011.

The Mortgagee must include in the Claim ~~Review~~-File documentation supporting any claimed costs associated with compliance with state and local law.

(I) Tax Bills

(1) Standard

The Mortgagee may request reimbursement for all tax bills paid.

The Mortgagee may not request reimbursement for late fees and/or interest penalties charged by the taxing jurisdiction for late payment of taxes.

(2) Required Documentation

The Mortgagee must:

- upload into P260 any documentation (such as a paid receipt, a copy of the Mortgagee's tax payment history screen, a report, or screenshot of a report, from a tax monitoring service indicating that property taxes are not delinquent, or other documentation showing the amount paid, the purpose of the payment, and the date the payment was made by the Mortgagee) that is necessary to validate that such payment was made;
- certify in the claim form that [all tax bills](#) due within 30 Days of conveyance are paid as of the date of conveyance;
- document payment of tax bills in Item 32, "Schedule of Tax Information," of Part A of form HUD-27011; and
- retain invoices, paid bill receipts, a report from a tax monitoring service indicating that property taxes are not delinquent, and other documentation

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

necessary to validate that such payment was made in the Claim ~~Review~~ File.

(J) Deed-in-Lieu Borrower Consideration

To claim the [DIL Borrower Consideration](#) after successful use of [DIL](#) in accordance with HUD policies, the Mortgagee must enter it in Item 305 as an Acquisition Cost.

(K) Attorney's Fees

(1) Standard

(a) Up to Maximum Fee in HUD Schedule

The Mortgagee may claim reimbursement for up to the amounts shown on the [HUD Schedule of Standard Possessory Action and Deed-In-Lieu of Foreclosure Attorney Fees](#) for fees reasonably relating to the amount of work performed for the current Default.

The Mortgagee may claim no more than 75 percent of the maximum attorney fee for incurred fees associated with a routine foreclosure that was not completed because any of the following occurred after the Mortgagee initiated foreclosure:

- the Borrower filed for a bankruptcy petition;
- the Borrower executed a DIL of Foreclosure; or
- the Borrower successfully completed a PFS.

HUD will reimburse allowable attorney fees in accordance with HUD guidance pertaining to the [reimbursement of foreclosure costs](#).

(b) For Amounts Exceeding the Maximum Fee and Not Provided for in HUD Schedule

For additional expenses incurred due to required legal actions such as mediation or probate proceedings, the Mortgagee may claim reimbursement for these costs by:

- providing a documented cost breakdown and written justification with the claim submission, and retaining a copy in the Claim ~~Review~~ File; and
- filing a supplemental claim for amounts above the maximum fee.

(c) Fees Relating to Bankruptcy

The Mortgagee may claim reimbursement for attorney's fees as follows:

- up to the fee set in the HUD Schedule for costs actually incurred for each bankruptcy; or

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

- reasonable and customary attorney's fees incurred when the bankruptcy was not routine.

Mortgagees may not claim additional attorney's fees for defending against court-ordered involuntary principal reductions (or "cramdowns") as part of a bankruptcy, nor may Mortgagees claim fees that have already been included in a Loss Mitigation Option.

(2) Required Documentation

The Mortgagee may claim reimbursement for attorney's fees by entering into Part D of the initial filing of form HUD-27011 the following information:

- Item 305, "Disbursements for HIP, taxes, ground rents and water rates (which were liens prior to mortgage), eviction costs and other disbursements not shown elsewhere,": Enter up to the maximum fee set forth in the [Appendix 5.0 – HUD Schedule of Standard Possessory Action and Deed-In-Lieu of Foreclosure Attorney Fees \(Applies to Servicing Only\)](#) ~~(03/31/2022)~~ for possessory actions.
- Item 306, "Attorney/Trustee Fees": Enter the amount of attorney or trustee fees actually incurred. The Mortgagee must itemize the elements of the fee if the fees exceed the amount that is [HUD-approved for the area](#).
- Item 307, "Foreclosure and/or acquisition, conveyance and other costs": Itemize any other legal costs paid by the Mortgagee, not including disbursements shown in Item 306. Mortgagees must not enter attorney's fees in Item 307.
- Item 310, "Bankruptcy": Enter an amount up to the maximum fee set forth in the HUD Schedule for costs actually incurred for each bankruptcy and reasonable and customary attorney's fees incurred when the bankruptcy was not routine.

(L) Foreclosure and Acquisition Costs

(1) Definition

Foreclosure and Acquisition Costs are those costs associated with the Mortgagee's foreclosure of the Property and acquisition of good marketable title to the Property.

(2) Standard

The Mortgagee may request reimbursement for fees and costs that are:

- necessarily incurred in foreclosure proceedings; and
- reasonable and customary in the area.

For all Mortgages endorsed prior to February 1, 1998, HUD will reimburse the Mortgagee's foreclosure costs at two-thirds of the foreclosure costs.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

For all Mortgages endorsed on or after February 1, 1998, HUD will reimburse the Mortgagee's foreclosure costs based on the [Tier Ranking System \(TRS\) ranking](#) of the Mortgagee as of the date the Part B claim is received by HUD as follows:

- for non-Tier 1 Mortgagees, 67 percent of foreclosure costs; and
- for Tier 1 Mortgagees, 75 percent of foreclosure costs.

HUD will not reimburse the Mortgagee for the following fees and costs:

- fees and costs in excess of reasonable and customary fees and costs, which lack documentation supporting the amount claimed;
- fees and costs unnecessary for the protection, acquisition, or conveyance of the Property, such as courier services, document retrieval, express mail, or property inspection by attorneys;
- Mortgagee's overhead items such as postage, telephone, duplication, or collection services;
- compensation paid to an attorney or trustee who is a salaried employee of the Mortgagee; or
- extra costs incurred in foreclosures that result from defects in the mortgage transaction or foreclosure or defects in the title existing at or before the time the Mortgage was filed for record. HUD may reimburse these costs if the Mortgage was sold by the Secretary or was executed in connection with the sale of a Property by the Secretary after August 1, 1969.

(3) Required Documentation

The Mortgagee must reflect total foreclosure costs in Items 306, 307, and 310 of form HUD-27011. HUD will then calculate either the two-thirds or 75 percent allowance, as appropriate, for both expenses and interest.

(M) Bankruptcy

HUD will reimburse fees related to bankruptcy as based on the Mortgagee's tier ranking. HUD will reimburse allowable bankruptcy fees in accordance with HUD guidance pertaining to the [reimbursement of foreclosure costs](#).

If there are multiple bankruptcies for a Mortgage in Default, the Mortgagee may request reimbursement for the fees and costs related to each filing.

(1) Extension for Initiation of Foreclosure

(a) Standard

If the Mortgagee is unable to initiate foreclosure due to the Borrower's filing of bankruptcy and the time limit to initiate foreclosure had not expired prior to the bankruptcy petition being filed, the Mortgagee may reflect the use of the 90-Day extension to initiate foreclosure by entering in form HUD-27011:

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

- the date of the filing of the bankruptcy petition in Item 40;
- the release date of the bankruptcy stay in Item 21;
- a date 90 Days after the release of the bankruptcy stay, including any applicable extensions, in Item 19; and
- the date the foreclosure action was initiated or reinitiated, if canceled due to the bankruptcy, in Item 11.

(b) Required Documentation

The Mortgagee must retain in the Claim ~~Review~~ File:

- dated copies of the court's release from the bankruptcy stay;
- copies of any demand letters or notices required by applicable state law; and
- any approvals for extensions received by HUD.

(2) Extensions for Foreclosure Completion

If the Mortgagee is unable to timely complete the foreclosure due to the filing of a bankruptcy petition, the Mortgagee must:

- note the cause of the delay in the "Mortgagee's comments" section of Part A; and
- retain supporting documentation in the Claim ~~Review~~ File.

(N) Rental of the Property

(1) Standard

HUD will not reimburse the Mortgagee for costs incurred solely in renting the Property prior to conveyance. If rental produces a net profit, HUD will reduce the amount of the claim by that profit.

(2) Required Documentation

If the Mortgagee rents the Property, the Mortgagee must include on form HUD-27011:

- any Rental Income on Item 115, Part B; and
- rental expenses, as an offset to Rental Income, on Item 116, Part B.

(O) Section 235 Assistance Payments

(1) Unapplied Payments

The Mortgagee must return unearned Section 235 assistance to HUD via the Section 235 billing process. The Mortgagee must apply earned payments to the Borrower's account in full installments to advance the date of account and report Partial Payments in Item 123 of Part B.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

(2) Overpaid Assistance

For funds that were advanced to repay overpaid Section 235 assistance to HUD and were not recovered from the Borrower, the Mortgagee must enter the unrecovered advance in Item 123, Column B, Part B.

(P) Deficiency Judgments

(1) Standard

When HUD required the deficiency judgment action or when HUD has approved the Mortgagee's request to pursue the Judgment, the Mortgagee may request full reimbursement of the following fees:

- cost of reasonable and customary attorney fees which relate only to obtaining the deficiency Judgment;
- additional filing or recording fees directly related to the deficiency Judgment; and
- if local law required a judicial foreclosure in order to obtain a deficiency Judgment, those costs directly related to the judicial foreclosure.

(2) Required Documentation

The Mortgagee must note costs related to deficiency Judgments in Item 410 of form HUD-27011.

(Q) Late Fees and Interest Penalties

Unless otherwise stated specifically in this Handbook 4000.1 or otherwise authorized by HUD, the Mortgagee may not request reimbursement for late fees and/or interest penalties on escrowed items.

iii. FHA Refinance of Borrowers in Negative Equity Positions

Submission of Claim to HUD

For claims for Mortgages under the FHA Refinance of Borrowers in Negative Equity Positions, or FHA Short Refinance program, the Mortgagee may file a conveyance claim and request reimbursement for all allowable Part B expenses.

iv. Submission of Claim Form Parts to HUD for Conveyance Claims

(A) Submission of Part A

(1) To HUD

The Mortgagee must submit Part A to HUD headquarters via EDI, FHAC, or FHA Catalyst.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

The Mortgagee must submit Part A no later than two business days after the date the deed to HUD is filed for record or mailed to the recording authority.

(2) To P260

The Mortgagee must upload into P260:

- a copy of Part A;
- a copy of the deed to the [Secretary of HUD, their successors and assigns](#) filed for record;
- documentation of the [last tax bills paid](#) to each taxing authority;
- a copy of HUD's letter approving damaged conveyance of the Property under [24 CFR § 203.379\(a\)](#), if applicable;
- the Mortgagee's certificate that the conditions of 24 CFR § 203.379(b), relating to fire damage, have been met, if applicable; and
- a copy of documentation that will verify that appropriate action was taken to [protect and preserve the Property](#).

The Mortgagee must upload these documents no later than two business days after the date the deed to HUD is filed for record or mailed to the recording authority.

(B) Submission of Parts B, C, D, and E

(1) To HUD

The Mortgagee must submit Part B to HUD headquarters via EDI, FHAC, or FHA Catalyst. When submitting via FHA Catalyst the Mortgagee must also submit Parts C, D, and E.

The Mortgagee must submit Part B within the later of:

- 45 Days after the deed was filed for record or mailed or submitted to the recording authority; or
- 15 Days after the Title Approval Date in FHAC.

The Mortgagee must retain Parts C, D, and E in the Claim ~~Review~~-File.

(2) To P260

The Mortgagee must upload into P260:

- Parts B, C, D, and E; and
- required supporting documentation of amounts claimed.

The Mortgagee must upload into P260 Parts B, C, D, and E within the later of:

- 45 Days after the deed was filed for record or mailed or submitted to the recording authority; or
- 15 Days after the Title Approval Date in FHAC.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

b. Claim Type 02 - Assignment or Single Family Loan Sale Program (07/01/2025)

A Mortgagee participating in HUD's SFLS Program or assigning a Mortgage to HUD under the Indian Land or Hawaiian Home Lands programs may submit a claim under Claim Type 02.

i. Hawaiian Home Lands Mortgages (Section 247 Mortgages) Claims

The Mortgagee may assign to HUD Mortgages in Default that are insured under Section 247 of the National Housing Act and file claims for mortgage insurance benefits.

(A) Computation of Interest

HUD will pay mortgage note interest accrued and unpaid at the time of assignment. HUD will pay debenture interest on the net claim amount, excluding mortgage note interest, from the date of assignment to the date of claim payment.

If the Mortgagee fails to meet HUD's time requirement to submit the claim, HUD will notify the Mortgagee of the date of curtailment to be entered in form [HUD-27011](#).

(B) Computation of Claims

The Mortgagee may claim up to 100 percent of the unpaid principal balance, plus allowable costs and debenture interest.

HUD will reimburse the Mortgagee for reasonable and customary costs associated with the assignment as follows.

(1) Allowable Costs

The Mortgagee may claim reimbursement for:

- fees paid to recorders of deeds or public trustees;
- costs required by law;
- property and preservation costs performed in accordance with [HUD guidance](#) before the date of assignment; and
- other fees and costs necessarily incurred and are customary in the area.

(2) Disallowable Costs

The Mortgagee may not claim reimbursement for the following fees and costs:

- fees and costs in excess of reasonable and customary fees and costs and lacking documentation supporting the amount claimed;
- fees and costs unnecessary for the protection, acquisition, or conveyance of the Property, such as courier services, document retrieval, express mail, or property inspection by attorneys;

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

- Mortgagee's overhead items such as postage, telephone, duplication, or collection services; and
- costs for title policies.

(C) Submission of Claim Form Parts to HUD for Hawaiian Home Lands Mortgages

The Mortgagee may only file a claim after:

- the Mortgagee has notified the Department of Hawaiian Home Lands (DHHL) of the Borrower's Default by letter by the 90th Day of Delinquency;
- the Borrower's Default has remained uncured for 180 Days;
- the Mortgagee has met all regulatory program requirements, including the [Interview](#) and required loss mitigation evaluation; and
- HUD has issued the assignment acceptance letter to the Mortgagee via P260.

The Mortgagee must submit form [HUD-27011](#) to HUD via EDI or FHA Catalyst. For EDI submissions, the Mortgagee must submit Parts A and B simultaneously. For FHA Catalyst submissions, the Mortgagee must submit Parts A, B, C, D, and E. The Mortgagee must retain copies of all Parts of form HUD-27011 in the Claim **Review** File.

ii. Insured Mortgages on Indian Land (Section 248 Mortgages) Claims

With HUD approval, the Mortgagee may assign to HUD Mortgages that are in Default and are insured under Section 248 of the National Housing Act and file claims for mortgage insurance benefits.

(A) Computation of Interest

HUD will pay mortgage note interest accrued and unpaid at the time of assignment. HUD will pay debenture interest on the net claim amount, excluding mortgage note interest, from the date of assignment to the date of claim payment, unless interest is curtailed.

(B) Computation of Claim

The Mortgagee may claim up to 100 percent of the unpaid principal balance, plus allowable costs and debenture interest.

HUD will reimburse the Mortgagee for reasonable and customary costs associated with the assignment as follows.

(1) Allowable Costs

The Mortgagee may claim reimbursement for:

- fees paid to recorders of deeds or public trustees;
- costs required by law;

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

- property and preservation costs performed in accordance with [HUD guidance](#) before the date of assignment; and
- other fees and costs necessarily incurred and are customary in the area.

(2) Disallowable Costs

The Mortgagee may not claim reimbursement for the following:

- fees and costs in excess of reasonable and customary fees and costs and lacking documentation supporting the amount claimed;
- fees and costs unnecessary for the protection, acquisition, or conveyance of the Property, such as courier services, document retrieval, express mail, or property inspection by attorneys;
- Mortgagee's overhead items such as postage, telephone, duplication, or collection services; and
- costs for title policies.

(C) Submission of Claim Form Parts for Section 248 Mortgages

(1) Submission of Claim Form Parts to HUD

The Mortgagee must submit form HUD-27011 to HUD via EDI or FHA Catalyst. For EDI submissions, the Mortgagee must submit Parts A and B simultaneously. For FHA Catalyst submissions, the Mortgagee must submit Parts A, B, C, D, and E. The Mortgagee must retain copies of all Parts of the form HUD-27011 in the Claim ~~Review~~ File.

(2) Submission of Claim Form Parts as Part of Request for Title Approval

At the time the Mortgagee files its claim, the Mortgagee must send to HUD's Loan Servicing Contractor:

- copies of Parts A and B;
- a copy of the original Mortgage;
- a copy of the original Note with endorsement;
- a copy of assignment to HUD;
- copies of all intervening assignments;
- the Mortgagee's original title policy evidencing the Mortgage's first lien position;
- a copy of Part D;
- a copy of the Title Submission Certificate;
- the original of all hazard insurance policies and a copy of the notice to the insurance carrier requesting that HUD be named beneficiary in the Mortgagee clause;
- documentation of the last tax bill paid;
- all payment records and, if capitalization method is used, a worksheet showing allocation of payments per mortgage terms;

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

- a copy of the buydown agreement, if any, and all documents which relate to the payment amount or application of the payments;
- a copy of HUD's letter approving assignment of a damaged Property under [24 CFR § 203.379\(a\)](#), if applicable;
- the Mortgagee's certificate that the conditions of 24 CFR § 203.379(a)(2), relating to fire damage, have been met, if applicable;
- documentation showing that the requirements of 24 CFR § 203.604 have been met;
- a statement relating to title defects if 24 CFR § 203.390 applies; and
- for Section 235 Mortgages, the following documentation, if not otherwise provided to HUD:
 - the last two recertifications of family income and composition;
 - employment verifications;
 - a Notice of Suspension, Termination and Reinstatement of Assistance Payments Contract, if applicable; and
 - if the case is subject to Section 235 recapture of assistance payments, the total dollar amount of assistance applied to the account through the date of assignment.

iii. Single Family Loan Sales Claims

The SFLS Program is a program through which participating Mortgagees may file assignment claims for insurance benefits.

SFLS claims are only authorized in connection with the execution of a Participating Servicer Agreement (PSA) between HUD and the Mortgagee for an identified Distressed Asset Stabilization Program (DASP) sale, which is the sale through which HUD will dispose of the asset after payment of the claim. The SFLS claim is governed by the specific terms of the PSA for the specific DASP sale identified in the PSA.

(A) Claim Submission Process

The Mortgagee must follow the initial claim submission and claim submission report procedures set forth in the PSA. Upon the Mortgagee's compliance with these procedures, HUD will enter an SFLS Claim Identification Date in the claims processing system.

On the business day after the award of the pools of Mortgages, HUD will enter a list of awarded Mortgages (Award Report) in the claims processing system.

For Mortgages with an SFLS Claim Identification Date and that are included in the Award Report, the Mortgagee may submit assignment claims until the Claims Cut-off Date noted on Schedule I of the PSA. The Mortgagee may only submit assignment claims for eligible mortgages as defined in the PSA.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

For Mortgages that are not awarded in the sale, the Mortgagee may submit insurance claims under [CWCOT](#) procedures and as further described in the PSA.

(B) Submission of Claim Form Parts to HUD for SFLS

(1) To HUD

The Mortgagee must submit Part A and Part B to HUD headquarters via EDI or FHA Catalyst. When submitting via FHA Catalyst, the Mortgagee must also submit Parts C, D, and E.

(2) To P260

The Mortgagee must upload into P260:

- a copy of Parts A, B, C, D, and E;
- documentation of the last tax bills paid to each taxing authority; and
- any supporting documentation required by the PSA.

c. Claim Type 05 - Supplemental Claims/Remittances (03/01/2023)

The Mortgagee may submit a supplemental claim under Claim Type 05.

i. Definition

A Supplemental Claim is a claim readjusting the initial claim payment due to delayed disbursements or claim calculation or payment errors.

ii. Standard

The Mortgagee may submit one supplemental claim within six months of final settlement for conveyance claims or full settlement for all other claim types in the following circumstances:

- when a vendor delays submitting an invoice to the Mortgagee for an allowable expense;
- for amounts paid after the date the original claim was filed if the obligations were incurred before the deed or assignment to HUD was filed for record or was paid on HUD's written instruction;
- requests for reconsideration of disallowed costs; or
- additional attorney fees not paid on the original claim.

The Mortgagee may submit subsequent supplemental claims in the following circumstances:

- overpayments due to HUD;
- hazard insurance refund adjustments;
- deficiency Judgments;
- additional unpaid principal balance, with debenture interest, not paid on the original claim; or

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

- where the Mortgagee has received approval from the Single Family Claims Branch to file a subsequent supplemental.

The Mortgagee may not submit supplemental claims prior to receipt of the original Part B payment except when Part A was overpaid.

iii. Overpayments and Funds Due HUD

(A) Definition

An Overpayment is HUD's payment of a claim in an inaccurate amount that results in money owed by the Mortgagee to HUD.

(B) Claim Involves Overpayment

If the claim involves an overpayment, the Mortgagee must:

- remit amounts due; and
- retain in the Claim ~~Review~~ File a supplemental claim Part A explaining how the overpayment occurred in the "Mortgagee's comments" section.

(C) Claim Involves a Computation of Interest

If the amount overpaid or received involved a computation of interest, the Mortgagee must:

- remit amounts due to HUD, including in the reimbursement:
 - interest calculated by the Mortgagee and included in Part B; and
 - interest calculated by HUD for the period from the date of claim to the date of payment; and
- retain in the Claim ~~Review~~ File a supplemental claim Part A explaining how the overpayment occurred in the "Mortgagee's comments" section.

(D) Remittance of Amounts Due

The Mortgagee must remit amounts due via pay.gov using the Claim Remittance functions in [FHAC](#).

iv. Hazard Insurance Refund Adjustment

(A) Standard

The Mortgagee may submit a supplemental claim for a hazard insurance refund adjustment when it has met all of the following conditions:

- hazard insurance costs were included in the initial submission of form [HUD-27011](#), Part B; and
- the Mortgagee has documented in its Claim ~~Review~~ File its efforts in diligently following up with the hazard insurance carrier to confirm any necessary adjustment.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

Refer to [Time Frame for Submission of Hazard Insurance Refund Adjustment](#) for guidance regarding the period during which such a supplemental claim may be submitted.

(B) Claim Form Preparation

When completing and submitting the supplemental claim, the Mortgagee must:

- include a copy of the carrier's notification with its submission; and
- clearly indicate in the "Mortgagee's comments" section that the supplemental claim is being filed to recover an adjustment to the hazard insurance premium refund.

v. Deficiency Judgments

The Mortgagee may submit one supplemental claim for the additional costs related to the pursuit of the deficiency Judgment when all such known costs were included in the initial submission of Part B of form HUD-27011, or, to the extent possible, are claimed within six months from the date of final settlement of the initial Part B.

vi. Attorney Fees

The Mortgagee may submit a supplemental claim for attorney fees if it believes that it is entitled to an amount more than was actually reimbursed in the initial claim payment.

The supplemental claim must include:

- a supplemental claim form HUD-27011, with an explanation of the need for the increased fee in "Mortgagee's comments;"
- a copy of all Parts submitted in the original claim filing;
- a copy of the final Advice of Payment letter; and
- copies of the attorney chronology and any documentation necessary to support the additional claimed amount.

The Mortgagee must retain in the Claim ~~Review~~ File adequate documentation supporting all attorney fees. Should HUD determine in a post-claim review that the claim for attorney fees is greater than allowed amounts or is unsupported by documentation, HUD will bill the Mortgagee for overpayment as:

- an amount statistically calculated for all claims within the review period; or
- the actual amount of the overpayment, if the review was not based on a statistical sample.

vii. Claims for Additional Funds

The Mortgagee may submit one supplemental claim for additional funds within six months of the date of final settlement for conveyance claims or full settlement for all other claim types.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

(A) Supplemental Claims for Correction of Dates in Part A

When the claim for additional funds is based on a corrected date on the Part A claim, the Mortgagee must include:

- the form HUD-27011 reflecting the corrected date(s);
- the reason for the supplemental claim in the “Mortgagee’s comments” section;
- the certification on the accuracy and validity of all other dates in the “Mortgagee’s comments” section; and
- all supporting documentation.

(1) Certification

When the claim for additional funds is based on a corrected date on the Part A claim, the Mortgagee must provide with this supplemental claim a certification as to the accuracy and validity of all other dates on the Part A claim which affect time requirements and the payment of interest on the claim. This certification must include:

- a statement that all such dates have been rechecked against the claim filing instructions in this Handbook 4000.1; and
- a statement describing the document referenced by the Mortgagee for each of these dates.

(2) Required Supporting Documentation

The Mortgagee must provide the following supporting documentation for corrected claims:

- Item 8, “Due date last complete installment paid”: Include Mortgage Payment history record.
- Item 9, “Date of possession and acquisition of marketable title”: Include legal documentation such as sheriff’s deed, redemption documentation, receipt of sale funds, recorded DIL, proof of eviction date, inspection report, and a chronology of events from the date in Item 11 to the date in Item 9.
- Item 10, “Date deed or assignment filed for record or date of closing or appraisal”: Include recorded deed or assignment, transmittal letter to recording authority, or Closing Disclosure or similar legal document.
- Item 11, “Date foreclosure proceedings (a) Instituted or (b) Date of deed in lieu”: Include documentation of first legal action taken to institute foreclosure, such as the recorded complaint, or publication of notice of sale, or the recorded DIL.
- Item 17, “Unpaid loan balance as of date in block 8”: Include copies of the mortgage Note, Loan Modification (if applicable), and payment history record.
- Item 19, “Expiration date of extension to foreclose/assign”: Include the printout from Extensions and Variances Automated Requests System (EVARS) of HUD’s approval (form HUD-50012, *Mortgagee’s Request*

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

for Extensions of Time) of the extension and/or supporting documentation for all automatic extensions.

- Item 20, “Date of notice/extension to convey”: Include the printout of the MCM’s approval (form HUD-50012) from P260 or support for the SFLS Claim Identification Date.
- Item 21, “Date of release of bankruptcy, if applicable”: Include a copy of the bankruptcy initiation document and release notice, release of stay, or discharge notice.
- Item 31, “Mortgagee reported curtailment date”: Include form HUD-27011 Part D filed with the original claim submission, with applicable documentation to support curtailment correction.
- “Disbursements for Protection and Preservation”: Include the form HUD-27011 Part C filed with the original claim submission, with supporting documentation for all P&P expenses.
- Disbursements (taxes, HIP, possessory action costs), foreclosure costs, attorney fees, bankruptcy costs, all other disbursements: Include documentation showing payment made, including paid receipts or invoices and supporting documentation. If cost incurred after the date the deed or assignment was filed for recording, include a printout of the MCM’s approval from P260 to pay costs.
- Taxes paid after date of deed to HUD: If taxes were paid after the date the deed or assignment was filed for recording, include a printout of the MCM’s approval for payment before filing a supplemental claim.

(B) Claims for Additional Funds When Subject to Administrative Offsets Not Permitted

The Mortgagee must not claim additional funds when HUD is [offsetting](#) amounts.

(C) Claims for Funds Related to Partial Claims Not Permitted

If the Mortgagee claimed less than the actual Partial Claim note amount, the Mortgagee must absorb the cost of the miscalculation and must not:

- claim the additional funds from HUD; or
- add the deficient note amount to the Borrower’s mortgage balance.

HUD will not accept corrected Partial Claims.

viii. Submission of Supplemental Claim Form Parts to HUD

The Mortgagee must submit supplemental claims in accordance with HUD guidance pertaining to Claim Type 05 submissions. Mortgagees must submit supplemental claims electronically through the FHA Catalyst Claims Module, (A) or (B).

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

(A) FHA Catalyst: Claims Module

The Mortgagee must upload to the Claims Module:

- copies of the original Parts A and B of the supplemental claim;
- copies of Parts C, D, and E of the supplemental claim, if applicable;
- supporting documents; and
- copies of all Parts of the original claim.

(B) Time Frame for Submission of Supplemental Claims

For supplemental claims involving overpayments identified by the Mortgagee, including its own QC reviews, the Mortgagee may submit a remittance of overpayments and funds received by the Mortgagee at any time.

For supplemental claims involving recouping additional unpaid principal balance not reimbursed on the original Part A claim, the Mortgagee may submit a claim at any time.

For all other supplemental claims, the Mortgagee must submit supplemental claims no later than six months after the date of final payment, except where noted below.

(1) Time Frame for Submission of Hazard Insurance Refund Adjustment

The Mortgagee may submit a supplemental claim for a hazard insurance refund adjustment under any of the following conditions:

- within six months from the date of final settlement of the original Part B claim; or
- if the Mortgagee received the insurance carrier's notification more than six months from the date of final payment, the Mortgagee must submit the supplemental claim within 24 Days from the date of the insurance carrier's notification and must document in its Claim ~~Review~~ File its efforts in diligently following up with the hazard insurance carrier to confirm any necessary adjustment. HUD will not accept the supplemental claim for a hazard insurance refund adjustment more than one year from the date of final settlement.

(2) Time Frame for Submission of Deficiency Judgments Costs

When HUD has required the Mortgagee to pursue a deficiency Judgment, the Mortgagee must submit one supplemental claim for the additional costs related to the deficiency Judgment within the latter of:

- one year from the date of final settlement of the initial Part B; or
- three months after the deficiency Judgment.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

(3) Extension to Time Frame for Submission

If more than one year is needed to request reimbursement for related Housing Insurance Premium (HIP) adjustments or deficiency Judgments, the Mortgagee must request an extension from the MCM. When using an extension based on deficiency Judgments or HIP adjustments, the Mortgagee may not include in its supplemental claim other types of costs they may have failed to include in the earlier claim.

The Mortgagee must include with its supplemental claim an electronic copy of the MCM's approval (form HUD-50012).

(4) HUD Requests for Additional Information

Supplemental claims previously submitted and returned to the Mortgagee for further information must be received by HUD as soon as possible but no later than 45 Days from the date of HUD's letter and/or request.

ix. Variance Requests for Additional Supplemental Claim Submissions

The Mortgagee generally may only submit one supplemental claim. When circumstances outside of the Mortgagee's control require the submission of additional supplemental claims, the Mortgagee must submit a request to the Single Family Claims Branch before filing a supplemental claim.

x. Appeals of Supplemental Claim Disposition

The Mortgagee may submit an appeal of a denied supplemental claim within 60 Days from the date the supplemental claim was denied through the FHA Catalyst System or via an encrypted email to FHASupplementalClaims@hud.gov with the subject: Supplemental Claim Appeal XXX-XXXXXX.

d. Claim Type 06 - Claims Without Conveyance of Title (04/28/2025) [Updates in this section must be implemented for Post-Foreclosure Sales scheduled to occur on or after August 3, 2022]

i. Computation of Interest

(A) Debenture Interest

Provided that the Mortgagee has met all time requirements, HUD will pay debenture interest on the unpaid principal balance from the date of Default to either:

- the date the Mortgagee or third-party bidder obtains title; or
- the date the Borrower redeems the Property.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

HUD will then pay debenture interest on the difference between the unpaid principal balance and the greater of either the CAFMV, redemption amount, or the third-party bid, to the date of final payment of the claim.

(B) Calculating Interest for an Expenditure Using Daily Interest Rate Factors

HUD will pay debenture interest on expenses from the date of expenditure to the date of final payment of the claim, as calculated using the method in [Calculating Interest for an Expenditure using Daily Interest Rate Factors](#).

(C) Calculating Interest for Default after Special Forbearance-Unemployment or Special Forbearance

When the Mortgagee files a claim for insurance benefits after a Default under an SFB-Unemployment Agreement or SFB, HUD will pay mortgage note interest as calculated under the procedures in [Calculating Interest for Default after Special Forbearance-Unemployment or Special Forbearance](#).

(D) Curtailment of Interest

The Mortgagee must self-curtail interest on Single Family claims for the following failures to meet HUD requirements as of the date on which the required action should have been taken:

- [failure to timely initiate foreclosure](#);
- [failure to give HUD notice of foreclosure](#);
- [failure to meet Reasonable Diligence Time Frames](#); and
- failure to file the claim within 30 Days of:
 - the date the Mortgagee acquired good marketable title;
 - the date a third party acquired good marketable title;
 - the date the Borrower or other party redeemed the Property;
 - the date the redemption period expires; or
 - such other date as required by the FHA Commissioner.

If more than one time requirement is missed and there are no applicable extensions, the Mortgagee must calculate the interest for the claim payment to the earliest missed time requirement.

ii. Computation of Claim Amount

(A) Standard

The Mortgagee may claim 100 percent of the unpaid principal balance, plus allowable costs and debenture interest. HUD will deduct from the claim amount the sale bid or redemption price.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

(B) Eviction and P&P Costs When Property Is Sold to a Third Party

When filing a CWCOT claim where a third party is the successful bidder at the foreclosure sale, the Mortgagee may not claim eviction costs as part of the CWCOT claim. Mortgagees may only be reimbursed for Cash for Keys on CWCOT claims resulting from post-foreclosure sales efforts.

When a third party is the successful bidder at the foreclosure sale or the Mortgagee elects to retain the Property and file a CWCOT claim, the Mortgagee may claim reimbursement for [Property P&P](#) costs incurred before the foreclosure sale. If the Property is sold as part of a post-foreclosure sales effort, the Mortgagee may claim reimbursement for Property P&P costs incurred before the Closing Date.

(C) Hazard Insurance Premiums

HUD will not reimburse the Mortgagee for any hazard insurance premiums allocated to the period after acquisition of title by the Mortgagee or a third party.

(D) Deficiency Judgments

When HUD requests that the Mortgagee pursue a deficiency Judgment pursuant to 24 CFR § 203.369, the Mortgagee may request full reimbursement of [certain fees](#).

(E) Third-Party Auction Service Fees

For successful third-party sales only, HUD will reimburse Mortgagees for independent third-party auction service fees they incur for an amount that does not exceed 5 percent of a Property's sales price.

iii. Submission of Claim Form Parts to HUD for CWCOT

The Mortgagee must submit Parts A and B simultaneously no later than 30 Days after:

- the date the Mortgagee acquired good marketable title;
- the date a third party acquired good marketable title;
- the date the Borrower or other party redeemed the Property;
- the date the redemption period expires; or
- such other date as required by the FHA Commissioner.

When filing via EDI, FHA Catalyst, or FHAC, the Mortgagee must submit Parts A and B no later than two Days after the date the form was prepared. When submitting via FHA Catalyst, the Mortgagee must also submit Parts C, D, and E.

In all cases, the Mortgagee must also upload into P260:

- all Parts of form HUD-27011;
- the Closing Disclosure or similar legal document for post-foreclosure sales;
- the appraisal;
- appraisal invoices;

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

- a worksheet reflecting the Mortgagee's application of the CAFMV. The worksheet must include the CAFMV adjustment percentage provided in the instructions on FHAC, and where applicable, the state-mandated foreclosure price; and
- a third-party service fee invoice for auction services, if applicable.

e. Claim Type 07 - Pre-Foreclosure Sales (09/26/2022)

The Mortgagee may file a claim for a [PFS](#) incentive and insurance benefits under Claim Type 07.

i. Computation of Interest

(A) Standard

HUD will pay debenture interest as follows:

- on the unpaid principal balance from the date of Default to the date of the closing of the PFS;
- on the difference between the unpaid principal balance, plus allowable costs and advances, and the net PFS proceeds from the date of the closing of the PFS to the date of claim settlement;
- on allowable costs and advances from the date of expenditure to the date of the closing of the PFS; and
- when a Default under an [SFB-Unemployment Agreement](#) or SFB Agreement is involved, from the last date of the mortgage interest calculation to the date of the closing of the PFS.

(B) Calculating Interest for an Expenditure

The Mortgagee must calculate the amount of interest to be claimed for an expenditure as follows:

- multiply the Daily Interest Rate Factor (see Appendix 8.c Daily Interest Rate Factor in the [Claim Filing Technical Guide](#)) by the amount paid; then
- multiply this result by the number of Days from the date paid (or Default date, if later) for each Item to the date of closing of the PFS, as listed in Item 10.

ii. Computation of Claim Amount

(A) Allowable Costs

HUD will reimburse the Mortgagee for reasonable and customary costs as follows.

(1) Mortgagee Advances for Escrow Funds

The Mortgagee may claim reimbursement for advances of escrow funds as provided for in [Escrow Funds](#).

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

(2) Property Preservation and Protection Costs

The Mortgagee may claim reimbursement for the cost of inspections and P&P actions performed in accordance with [HUD guidance](#) for the current Default, for costs incurred before the Closing Date of the PFS.

(3) Taxes, Assessments, Hazard Insurance, and Other Allowable Items

The Mortgagee may claim reimbursement for disbursements for taxes, assessments, Hazard Insurance and other allowable items payable which were not satisfied at closing. HUD will only reimburse property-related costs which were incurred before the PFS Closing Date.

(4) Attorney's Fees for Postponed Foreclosure

For a foreclosure that was postponed pending the successful completion of the PFS, the Mortgagee may claim reimbursement for attorney fees commensurate with the work actually performed up to the point of the cessation of the legal action, not exceeding [75 percent](#) of the amount established as reasonable and customary in [Appendix 5.0 — HUD Schedule of Standard Possessory Action and Deed-In-Lieu of Foreclosure Attorney Fees \(applies to Servicing only\)](#).

(5) Satisfaction of Junior Liens

The Mortgagee may claim reimbursement for the amounts paid to satisfy or release junior liens Paid Outside Closing (POC), as long as these amounts are not included in the Closing Disclosure or similar legal document.

(6) Appraisal and Title Search

The Mortgagee may claim reimbursement for reasonable and customary costs of the appraisal, Broker's Price Option (BPO) or Automated Valuation Model (AVM), and title search, if not included in the Closing Disclosure or similar legal document.

(7) Borrower Consideration

The Mortgagee may not claim reimbursement for the amount of the [PFS Borrower Consideration](#), which is to be included on the Closing Disclosure.

(8) PFS Incentive Payment

HUD will pay the Mortgagee a financial incentive for the use of the [PFS Option](#) in compliance with all regulatory requirements and procedures relating to the submission of incentive claims in FHAC.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

(B) Disallowable Costs

HUD will not reimburse the Mortgagee for the following costs.

(1) Items Already Included on Closing Disclosure

The Mortgagee may not claim reimbursement for costs that have already been included on the Closing Disclosure or similar legal document.

(2) Eviction Costs

The Mortgagee may not claim reimbursement for any costs incurred to evict residents from the mortgaged Property.

(3) Property Preservation and Protection Costs Incurred after Closing

The Mortgagee may not claim reimbursement for Property P&P costs incurred after the date of closing of the PFS.

(4) Hazard Insurance Premiums Paid after Closing

The Mortgagee may not claim reimbursement for hazard insurance premiums for the period after the PFS closing.

(C) Deductions from Claim Amount

HUD will deduct the following items from the total claim amount.

(1) Money Received after Closing

HUD will deduct all amounts received by the Mortgagee on the Mortgage after closing of the PFS.

(2) Rent or Other Income

HUD will deduct from the claim any amount by which Rental Income exceeds rental expenses.

(3) Money Retained by Mortgagee

HUD will deduct from the claim any [amounts retained](#) by the Mortgagee for the Borrower's account which have not been applied to reduction of principal.

(4) Sales Proceeds

HUD will deduct from the claim amount all amounts received by the Mortgagee relating to the sale of the Property.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

iii. Extensions to the Time Requirement to Initiate Foreclosure

To reflect the use of HUD's automatic extension to the [time requirement to initiate foreclosure](#) in order to utilize a PFS, the Mortgagee must enter into form HUD-27011:

- the ending date of the terminated or failed PFS transaction in Item 20 of Part A; and
- in Item 19, a date that is no more than 90 Days after the date listed in Item 20.

iv. Submission of Claim Form Parts to HUD for PFS

The Mortgagee must submit Parts A and B simultaneously to HUD no later than 30 Days after the PFS Closing Date and retain the original Parts in the Claim ~~Review~~-File. If submitting the claim via FHA Catalyst, the Mortgagee must submit Parts A through E.

f. Claim Type 31 – Special Forbearance (06/15/2020)

The Mortgagee may file a claim for an SFB-Unemployment incentive under Claim Type 31. HUD will pay the Mortgagee a financial incentive for the use of an SFB-Unemployment Option in compliance with all regulatory requirements and procedures relating to the submission of incentive claims.

HUD must receive a correct and complete claim submission of Parts A and B via FHAC or FHA Catalyst within 60 Days of the execution date of the SFB-Unemployment Agreement or the incentive claim will not be processed.

g. Claim Type 32 ** – FHA-HAMP Loan Modification (06/15/2020)

The Mortgagee may file a claim for an FHA-HAMP Loan Modification incentive, including up to \$250 in title-related expenses, under Claim Type 32 **. HUD will pay the Mortgagee a financial incentive for the use of an FHA-HAMP Loan Modification in compliance with all regulatory requirements and procedures relating to the submission of incentive claims.

The Mortgagee may only file for an incentive fee for the Loss Mitigation Option used to cure the Default. When the FHA-HAMP Partial Claim and FHA-HAMP Loan Modification are used together, the Mortgagee must submit two separate claims for the incentives for these two options.

HUD must receive a correct and complete claim submission of Parts A and B via FHAC or FHA Catalyst within 60 Days of the execution date of the FHA-HAMP Loan Modification or the incentive claim will not be processed.

h. Claim Type 32 ** – Loan Modification (10/01/2025)

The Mortgagee may file a claim for an incentive, including up to \$250 in title-related expenses, under Claim Type 32 **. HUD will pay the Mortgagee a financial incentive for the use of a Loan Modification in compliance with all regulatory requirements and procedures relating to the submission of incentive claims.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

The Mortgagee may only file for an incentive fee when the Loss Mitigation Option is used to cure the Default. When the Partial Claim and Loan Modification are used together, the Mortgagee must submit two separate claims.

HUD must receive a correct and complete claim submission of Parts A and B via FHAC or FHA Catalyst within 60 Days of the execution date of the Loan Modification or the incentive claim will not be processed.

i. Claim Type 32 – Disaster Loan Modification (10/01/2025)

The Mortgagee may file a claim for a Disaster Loan Modification incentive, including up to \$250 in title-related expenses, under Claim Type 32. HUD will pay the Mortgagee a financial incentive for the use of a Disaster Loan Modification in compliance with all regulatory requirements and procedures relating to the submission of incentive claims.

The Mortgagee may only file for an incentive fee when the Loss Mitigation Option is used to cure the Default. When the Disaster Partial Claim and Disaster Loan Modification are used together, the Mortgagee must submit two separate claims.

HUD must receive a correct and complete claim submission of Parts A and B via FHAC or FHA Catalyst within 60 Days of the execution date of the Loan Modification or the incentive claim will not be processed.

~~h.i.~~ Claim Type 33 ** – FHA-HAMP Partial Claim (06/15/2020)

The Mortgagee may file a claim for an FHA-HAMP Partial Claim incentive and insurance benefits under Claim Type 33 **. ~~The Mortgagee may include in its claim Legal Fees and Foreclosure Costs for Partial Claims as outlined in the Servicing and Loss Mitigation section of the Handbook 4000.1.~~ HUD will pay the Mortgagee a financial incentive for the use of an FHA-HAMP Partial Claim in compliance with all regulatory requirements and procedures relating to the submission of incentive claims.

The Mortgagee may only file for an incentive fee for the Loss Mitigation Option used to cure the Default. When the FHA-HAMP Partial Claim and FHA-HAMP Loan Modification are used together, the Mortgagee must submit two separate claims for the incentives for these two options.

HUD must receive a correct and complete claim submission of Parts A and B via FHAC or FHA Catalyst within 60 Days of the execution date of the promissory Note and Mortgage or the incentive will be disallowed.

k. Claim Type 33 ** – Partial Claim (10/01/2025)

The Mortgagee may file a claim for a Partial Claim incentive and insurance benefits under Claim Type 33 **. HUD will pay the Mortgagee a financial incentive for the use of a Partial Claim.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

The Mortgagee may only file for an incentive fee when the Loss Mitigation Option is used to cure the Default. When the Partial Claim and Loan Modification are used together, the Mortgagee must submit two separate claims.

The Mortgagee may include an incentive fee if the claim is submitted no later than 60 Days from the execution date of the Partial Claim.

i.l. Claim Type 33 – Disaster ~~Standalone~~ Partial Claim (10/01/2025)(09/26/2022)

The Mortgagee may file a claim for a Disaster Standalone Partial Claim insurance benefit under Claim Type 33, using the Default Reason Code 43. The Mortgagee may include in its claim the accumulated ~~A~~arrearages, eligible unreimbursed Mortgagee advances, and ~~allowable~~related fees and costs ~~chargeable to the Mortgage as outlined in the Servicing and Loss Mitigation section of the Handbook 4000.1.~~

The Mortgagee may only file for an incentive fee when the Loss Mitigation Option is used to cure the Default. When the Partial Claim and Loan Modification are used together, the Mortgagee must submit two separate claims.

The Mortgagee may include an incentive fee if the claim is submitted no later than 60 Days from the execution date of the Partial Claim.

~~HUD must receive a correct and complete claim submission of Parts A and B via FHAC or FHA Catalyst.~~

m. Claim Type 33 – Standalone Partial Claim during Payment Supplement Period (10/01/2025)

The Mortgagee may file a claim for a Standalone Partial Claim incentive and insurance benefits under Claim Type 33. The Mortgagee may include in its claim the accumulated Arrearages, eligible unreimbursed Mortgagee advances, and related fees and costs as outlined in Payment Supplement.

The Mortgagee may file for an incentive fee only when the Standalone Partial Claim is used to cure the Default during the Payment Supplement Period.

The Mortgagee may include an incentive fee if the claim is submitted no later than 60 Days from the execution date of the Partial Claim.

j.n. Claim Type 33 – National Emergency Standalone Partial Claim (01/30/2023)

The Mortgagee may file a claim for a National Emergency Partial Claim incentive and insurance benefits for a COVID-19 National Emergency Partial Claim or COVID-19 Recovery Partial Claim under Claim Type 33. The Mortgagee may include in its claim the accumulated arrearages, eligible unreimbursed Mortgagee advances, and related fees and costs ~~as outlined in Presidentially Declared COVID-19 National Emergency.~~

IV. CLAIMS AND DISPOSITION

A. Title II Claims

2. Claim Types

HUD will pay the Mortgagee a financial incentive for the use of a COVID-19 Recovery Partial Claim in compliance with all regulatory requirements and procedures relating to the submission of incentive claims.

The Mortgagee may file for an incentive fee only for the Loss Mitigation Option used to cure the Default. When the COVID-19 Recovery Partial Claim and COVID-19 Recovery Modification are used together, the Mortgagee must submit two separate claims for the incentives for these two options.

HUD must receive a correct and complete claim submission of Parts A and B via FHAC or FHA Catalyst within 60 Days of the execution date of the promissory Note and Mortgage or the incentive will be disallowed.

~~k.o.~~ Claim Type 32 – COVID-19 Recovery Modification or COVID-19 Advance Loan Modification (01/30/2023)

The Mortgagee may file a claim for a COVID-19 Recovery Modification incentive or a COVID-19 Advance Loan Modification (COVID-19 ALM) incentive, including up to \$250 in title-related expenses, under Claim Type 32. HUD will pay the Mortgagee a financial incentive for the use of a COVID-19 Recovery Modification or a COVID-19 ALM in compliance with all regulatory requirements and procedures relating to the submission of incentive claims.

The Mortgagee may only file for an incentive fee for the Loss Mitigation Option used to cure the Default. When the COVID-19 Recovery Partial Claim and COVID-19 Recovery Modification are used together, the Mortgagee must submit two separate claims for the incentives for these two options.

HUD must receive a correct and complete claim submission of Parts A and B via FHAC or FHA Catalyst within 60 Days of the execution date of the COVID-19 Recovery Modification or the COVID-19 ALM or the incentive claim will not be processed.

~~l.p.~~ Claim Type 33 – Payment Supplement (10/01/2025)(01/01/2025)

The Mortgagee may file a claim for a Payment Supplement incentive and insurance benefits under Claim Type 33 – Payment Supplement after the Mortgage is brought current. The Mortgagee may include in its claim the amounts needed to bring the Mortgage current in the same manner as a ~~COVID-19 Recovery~~ Standalone Partial Claim, ~~as described in the second bullet of Terms~~, in addition to the funds needed for the Monthly Principal Reduction (MoPR) payments required for the Payment Supplement Period.

HUD will pay the Mortgagee a one-time financial incentive of \$1,750 for the use of a Payment Supplement in compliance with ~~Mortgagee Incentives for COVID-19 Recovery Options and all regulatory~~ requirements ~~and procedures~~ relating to the submission of incentive claims.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

3. Payment of Claims

HUD must receive a correct and complete claim submission of Parts A and B via FHAC or FHA Catalyst no later than 60 Days after the execution date of the Payment Supplement Documents or the claim will be denied.

g. Claim Type 33 – Disaster Payment Supplement (10/01/2025)

The Mortgagee may file a claim for a Disaster Payment Supplement incentive and insurance benefits under Claim Type 33 – Disaster Payment Supplement after the Mortgage is brought current. The Mortgagee may include in its claim the amounts needed to bring the Mortgage current in the same manner as a Disaster Standalone Partial Claim, in addition to the funds needed for the MoPR payments required for the Payment Supplement Period.

HUD will pay the Mortgagee a one-time financial incentive for the use of a Payment Supplement in compliance with requirements relating to the submission of incentive claims.

HUD must receive a correct and complete claim submission of Parts A and B via FHAC or FHA Catalyst no later than 60 Days after the execution date of the Payment Supplement Documents or the claim will be denied.

3. Payment of Claims

a. Processing of Claim Forms (01/02/2020)

HUD will generate payment to the Mortgagee if:

- the Mortgagee's submission of Parts A and B pass all system edits and control checks; and
- the Mortgagee provides all required documentation or makes all necessary updates to the suspended claim.

HUD may reduce the claim payment if the claim lists unusually high disbursements that are not supported by documentation. HUD may require reimbursement of any amounts that are found to be excessive or not supported by appropriate documentation.

When a Mortgagee files a claim, other than a supplemental claim or Loss Mitigation Incentive claim, after the expiration of a designated time period, HUD will accept these claims, which will be subject to interest curtailment.

i. Initial Payment

(A) Definition

The Initial Claim Payment, which is referred to as the Partial Payment on the Advice of Payment, is the disbursement to the Mortgagee of funds relating to Part A of form [HUD-27011](#).

IV. CLAIMS AND DISPOSITION

A. Title II Claims

3. Payment of Claims

(B) Standard

HUD will pay the unpaid principal balance plus debenture interest upon receipt and processing of Part A and required attachments.

Before debenture interest is calculated, HUD will reduce the unpaid principal balance by the greater of any damage or insurance recovery reported in Item 27. HUD's Claims system will determine the amount of debenture interest.

ii. Final and Full Payments

(A) Definition

The Final Claim Payment is the disbursement to the Mortgagee of funds relating to Part B of form HUD-27011 for conveyance claims.

The Full Claim Payment is the disbursement to the Mortgagee of funds relating to Part A and Part B of form HUD-27011 for claims other than conveyance claims.

(B) Standard

As Final Claim Payment for conveyance claims, HUD will pay the Mortgagee's expenses, allowances, and debenture interest upon receipt and processing of Part B and required attachments.

As Full Claim Payment for claims other than conveyance claims, HUD will pay unpaid principal balance, the Mortgagee's expenses, allowances, and debenture interest upon receipt and processing of Part A and Part B claims and required attachments.

b. Method of Payment (09/30/2016)

HUD makes all claim disbursements through the U.S. Treasury Electronic Funds Transfer (EFT) wire transfer application.

c. Disbursement of Claim (09/30/2016)

For Claim Type 31 only, HUD will disburse the incentive payment to the Servicer. For all other Claim Types, HUD will not honor requests for claim payments to be disbursed to any entity other than the holder of the Mortgage.

d. Negative Claim Amount (02/16/2021)

If the Net Claim Amount in Part B (Item 137) of the original conveyance claim is a negative amount, HUD will calculate the claim, making the necessary adjustments for the costs of foreclosure, and will bill the Mortgagee for the amount due.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

4. Withdrawal or Cancellation of Conveyance Claims

e. Advice of Payment and Title Approval (02/16/2021)

When a claim is processed in the HUD Claims system, HUD will provide the Advice of Payment and Title Approval (where applicable) via FHAC. Mortgagees may locate both the Advice of Payment and Title Approval under the Single Family Insurance Claims Processing menu in the Single Family FHA/Single Family Servicing section of FHAC. Advice of Payment is available by accessing the “Claim Status” function, while Title Approval is available by accessing the “Title Approval Status” function.

When a claim is being processed outside of the HUD Claims system, HUD will provide copies of the Advice of Payment and Title Approval (where applicable) letters to the Mortgagee.

If claims have been grouped together into one EFT payment, HUD will provide the Mortgagee with a spreadsheet detailing the FHA case numbers, mortgagee reference numbers, and claim payment amounts.

4. Withdrawal or Cancellation of Conveyance Claims

a. Withdrawal of Application for Insurance Benefits (09/30/2016)

If the claim has not yet been paid, the Mortgagee may apply in writing to HUD’s [MCM](#) for consent to withdraw an application of insurance benefits. The Mortgagee must agree to:

- accept Reconveyance of the Property;
- promptly file a Reconveyance for record;
- accept the title evidence it furnished to HUD; and
- reimburse HUD for expenses incurred in holding the Property.

b. Refund of Claim Payment (02/16/2021)

HUD will review and process refunds of duplicate claim payment resubmissions, payment submissions in error, or overpayments. Refunds will be remitted to the holder of record only. If the Servicer submits a refund request, then the email must include the holder. All requests should be submitted to HUD via an encrypted email at fha_sfclaims@hud.gov with the subject: Claim Payment Refund Request.

c. Cancellation of Insurance Benefits due to Reconveyance (03/01/2023)

i. Reconveyance

(A) Definition

A Reconveyance is a conveyance of a Property from HUD back to the Mortgagee due to the Mortgagee’s failure to comply with HUD’s conveyance requirements or at the Mortgagee’s request.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

4. Withdrawal or Cancellation of Conveyance Claims

(B) Standard

When HUD reconveys a Property, the Mortgagee must return all insurance funds received from the claim associated with that Property. For Mortgages insured on or after November 19, 1992, the Mortgagee must also reimburse HUD for its holding costs and expenses incurred in the acquisition and Reconveyance of the Property.

(C) Reduction of Insurance Benefits due to Changes in Value

For Mortgages insured on or after November 19, 1992, if there is a reduction in the estimate of value from the time of Reconveyance to the time of reapplication for insurance benefits, HUD will deduct from the claim amount the difference in value.

(D) FHA Short Refinance

For Mortgages under the FHA Short Refinance program, the Mortgagee will be required to repay all claim funds to FHA, including the claim funds paid under the Emergency Economic Stabilization Act (EESA), in the event the Property is reconveyed to the Mortgagee.

(E) Costs Relating to Title Defects

(1) Insured on or after November 19, 1992

For Mortgages insured under a *Firm Commitment* issued on or after November 19, 1992, or under Direct Endorsement processing where the credit worksheet was signed by the Mortgagee's approved underwriter on or after November 19, 1992, HUD may require the Mortgagee to correct title defects within 60 Days after the Mortgagee receives notice from the Secretary or within such further time as the Secretary may approve in writing.

The Mortgagee may retain the insurance benefits already paid, but HUD will not reimburse the Mortgagee for any costs involved in correcting the title.

(2) Insured before November 19, 1992

For Mortgages insured under a *Firm Commitment* issued before November 19, 1992, or under Direct Endorsement processing where the credit worksheet was signed by the Mortgagee's approved underwriter before November 19, 1992, HUD may require the Mortgagee to correct title defects within such time as the Secretary may approve in writing.

Where HUD allows the Mortgagee time to correct title defects, the Mortgagee may retain the insurance benefits already paid, but HUD will not reimburse the Mortgagee for any costs involved in correcting the title.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

4. Withdrawal or Cancellation of Conveyance Claims

(3) Reimbursement to HUD for Holding Costs and Interest

If a title defect is not corrected within HUD's time frame, the Mortgagee must reimburse HUD for holding costs and interest on the paid insurance benefits from the date of the notice to the date the defect is corrected or to the date the Secretary reconveys the Property, within the time frame stated by HUD in its Demand Letter.

(4) Costs Associated with Correcting Title

The Mortgagee is responsible for the costs in correcting title defects and for property expenses pending correction, except where HUD has sold the Property or Mortgage with an adverse interest senior to the Mortgage and causing the title defect.

(5) Improper Deed to HUD

If the Property was improperly deeded to HUD and the Property has been sold, HUD will remit to the Mortgagee the sales price less expenses of the sale and expenses incurred while the Property was in HUD's inventory.

(F) Property Preservation Costs

(1) Standard

The Mortgagee is responsible for any damages the Property has sustained while in the Mortgagee's possession, if the Property was conveyed without prior notice and approval by HUD.

If a Property is reconveyed because of damage, the Mortgagee must withdraw its claim for insurance benefits and reimburse HUD for property expenditures.

(2) Holding Costs

(a) Definition

Holding Costs are those costs paid by HUD related to taxes, maintenance and operating expenses of the Property, and administrative expenses.

(b) Standard

If HUD finds that the Mortgagee did not comply with its conveyance standards, the Mortgagee must reimburse HUD for holding costs and interest on the paid insurance benefits from the date of the notice to the date the defect is corrected or to the date the Secretary reconveys the Property, as determined by HUD.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

4. Withdrawal or Cancellation of Conveyance Claims

(G) Appeals of Reconveyances due to Property Condition

HUD has established a two-stage appeal procedure for disputes between Mortgagees and HUD regarding Reconveyance requests due to property condition.

(1) Appealing to the Mortgagee Compliance Manager

If the Mortgagee disagrees with HUD's decision to reconvey, the Mortgagee may appeal the Reconveyance via email in P260 to the MCM within 10 Days from the date the response was due or received from HUD.

(2) Appealing to HUD

If the Mortgagee believes that the MCM's decision is not supported by regulation or circumstances and has exhausted all appeal methods available through the MCM, the Mortgagee may appeal the decision to reconvey the Property to HUD's Contracting Officer's Representative (COR).

The Mortgagee must submit the written appeal to the COR within 10 Days from the date the response was due or received from the MCM.

HUD's decision is final and HUD will not accept further appeals.

ii. Reacquisition by HUD and Resubmission of Claim

(A) Reacquisition

(1) Definition

Reacquisition is the process by which a Mortgagee conveys to HUD a Property that has been previously reconveyed to the Mortgagee.

(2) Standard

After the Mortgagee has corrected the problem causing Reconveyance, the Mortgagee may request reacquisition by HUD of a reconveyed Property and resubmit the claim.

Where a Mortgagee used the CWCOT procedure and the Property was reconveyed, the Mortgagee may choose to retain that Property, instead of requesting reacquisition by HUD.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

4. Withdrawal or Cancellation of Conveyance Claims

(B) Reacquisition Package

(1) Standard

The Mortgagee must prepare and submit a reacquisition package to the MCM via email through P260 requesting permission to convey the Property to HUD. The Mortgagee must ensure that this package demonstrates:

- that any title issues have been resolved, if applicable;
- that any required repairs have been completed, if applicable; and
- that the Property is ready to be conveyed to HUD.

The Mortgagee must attach a copy of the Preliminary Notice of Intent to Reconvey in its email to the MCM.

(2) Required Documentation

For Properties reconveyed due to title issues, the Mortgagee must include in its reacquisition package:

- documentation demonstrating that all title issues are fully remediated; and
- for Manufactured Housing, evidence that the Manufactured Home is affixed to the land, is classified and taxed as real estate, and the title to the Manufactured Home has been surrendered or purged in accordance with the jurisdictional requirements.

For Properties reconveyed due to damage, the Mortgagee must include in its reacquisition package:

- current dated color photographs that support repairs; and
- current inspection reports or other documentation evidencing that repairs have been completed and that the Property is in conveyance condition.

(C) Resubmission of Claim (09/28/2020)

Once the MCM accepts the Property for reacquisition, the Mortgagee may re-apply for insurance benefits. The Mortgagee must resubmit form HUD-27011, Parts A and B, as applicable, via FHA Catalyst.

(D) Expenses and Interest after Reconveyance

The Mortgagee must not include on its reacquisition claim any property expenses or debenture interest not included in the initial claim filing. HUD will not reimburse these additional expenses as part of the reacquisition claim.

If necessary, the Mortgagee may submit a reconveyance [supplemental claim](#) for additional property expenses or debenture interest incurred before initial conveyance to HUD. The Mortgagee must submit the reconveyance supplemental claim within six months of the final settlement date of the reacquisition claim.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

5. Post-claim Reviews

5. Post-claim Reviews

a. Definition (08/19/2024)

A Post-Claim Review is a review of one or more claim files by HUD or its agent to determine the Mortgagee's compliance with HUD's claim guidance and to verify the accuracy and appropriateness of amounts claimed.

b. Standard (04/18/2023)

HUD or its agent may conduct a post-claim review at any time within three years after the claim is paid. This time frame does not apply to or limit enforcement reviews. If the Mortgagee is notified within the three-year period that its claims will be reviewed by HUD or its agent, all claim files must be maintained until completion and final settlement of the review.

The Mortgagee must be able to show support for all information entered on the application for insurance benefits. When filing a claim, the Mortgagee is responsible for the completeness and accuracy of the claim submission and for any overpayments identified on claims by HUD.

If a question arises regarding the support of an amount reimbursed on an insurance claim, the burden of proof is on the Mortgagee to show that the amount is valid and reasonable.

c. Selection of Claims for Review (08/19/2024)

HUD uses risk based sampling to select claims for review. In addition, HUD may use statistical sampling to select claims for review and, based upon the results of the statistical sampling, may extrapolate the amount of any overpayment over all claims paid during the subject review period to determine the amount due HUD for overpayments.

d. Frequency of Reviews (09/30/2016)

HUD may review any paid claim file at any time within three years after the claim is paid.

Where state Housing Finance Agencies (HFA) have settled 50 or fewer FHA mortgage insurance claims in a 12-month period, the HFA may elect to defer the review to a biennial (occurring every two years) schedule.

e. Notification to Mortgagee of Claim Review (08/19/2024)

HUD will notify Mortgagees before beginning its claims review. The Mortgagee must make available to HUD copies of identified claim files, in the format requested, within 24 hours of a request or such other time as permitted by HUD. Refer to [HUD Requests for Information](#) and [Missing Claim Files](#) for additional guidance.

Denial of access to a file may be grounds for [enforcement](#) action.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

5. Post-claim Reviews

f. HUD's Initial Report (08/19/2024)

HUD will review the result of the claims review prior to the issuance of a report.

After completion of the reviews, HUD will issue the initial report identifying:

- any discrepancies resulting from inaccuracies, omissions, missed time requirements, or unsupported claim information;
- the Mortgagee's potential liability (potential amount owed); and
- whether or not the Mortgagee is in compliance with HUD's claim filing guidelines.

The Mortgagee's potential liability is the greater of:

- the actual monetary errors found; or
- the lower limit of the statistical projection of monetary errors owed to HUD based on a confidence interval of 95%.

g. Mortgagee Response Procedures to HUD's Initial Report (09/30/2016)

The Mortgagee may provide any additional documentation that could affect the review results within 45 Days from the date of the initial report. If no additional documentation is provided within 45 Days, HUD will consider the report final and the potential liability identified will become the amount owed.

h. Findings Based on Mortgagee Response (09/30/2016)

HUD will review additional information provided by the Mortgagee within the response timeline and, if applicable, will make adjustments to the potential amount owed. HUD will issue a follow-up report stating the revised Finding, if any, and any new Findings.

i. Mortgagee Response Procedures to HUD's Follow-Up Report (09/30/2016)

Within 21 Days from the date of the follow-up report, the Mortgagee may provide additional documentation that could affect the review results. If no additional documentation is provided within 21 Days, HUD will consider the report final and the potential liability identified will become the amount owed.

If further documentation is submitted to refute the Findings in the follow-up report, HUD will review the documentation and issue a final report stating:

- the revised Findings (if any);
- any new Findings; and
- that the review is being referred to the Albany Financial Operations Center (FOC) for enforced debt collection, if applicable.

j. Referral for Collections (09/30/2016)

HUD will send the post-claim review to the Albany FOC for collection of the outstanding amount. HUD will pursue any outstanding amounts via Treasury Offset if the amount remains outstanding.

IV. CLAIMS AND DISPOSITION

A. Title II Claims

6. Debt Collection and Administrative Offset

k. Referral for Enforcement Review (09/30/2016)

HUD may, at its discretion, refer cases to the appropriate office(s) for enforcement review based on the post-claim review.

6. Debt Collection and Administrative Offset

HUD may use the debt collection and administrative offset process to collect money owed by the Mortgagee due to an improper claim amount.

a. Demand Letter (01/02/2020)

To establish the debt, HUD will send a Demand Letter to the Mortgagee. Within 30 Days of the date of the Demand Letter, the Mortgagee must:

- remit overpaid amounts; or
- take other such action, including submitting a rebuttal, as provided in the Demand Letter.

b. Notice of Intent to Collect Administrative Offset (09/30/2016)

i. Issuance of Notice of Intent to Collect by Administrative Offset

HUD will issue a Notice of Intent to Collect by Administrative Offset to the Mortgagee, should the Mortgagee fail to respond to the Demand Letter, or should HUD determine that the Mortgagee's rebuttal fails to demonstrate that the Mortgagee is not responsible for the debt.

ii. Required Mortgagee Action

The Mortgagee must remit funds within 30 Days from the date of the Notice of Intent to Collect by Administrative Offset.

iii. Request for HUD Review

After receiving a Notice of Intent to Collect by Administrative Offset, the Mortgagee may request a review of the case in accordance with [24 CFR Part 17](#) and/or as otherwise instructed in the Notice.

iv. Departmental Review

Appeals will be reviewed in accordance with 24 CFR Part 17.

c. Initiation of Offset Action (09/30/2016)

HUD will initiate the offset action if HUD does not receive the funds from the Mortgagee within 30 Days from the date of the Notice of Intent to Collect by Administrative Offset and the Mortgagee has not submitted a request for a HUD review of the determination of indebtedness.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

1. Management and Marketing Program

B. TITLE II DISPOSITION

This section provides the standards and procedures applicable to the disposition of Real Estate Owned (REO) Single Family Properties acquired by HUD as a result of foreclosure of FHA-insured Mortgages or special acquisitions. All parties participating in HUD disposition programs must fully comply with all of the following standards and procedures. Terms and acronyms used in this Handbook 4000.1 have their meanings defined in the [Glossary and Acronyms](#) and in the specific section of Handbook 4000.1 in which the definitions are located.

1. Management and Marketing Program

HUD's Management and Marketing (M&M) program is HUD's contracting network used to manage and market Single Family Properties owned by or in the custody of HUD.

a. HUD Contractors (09/30/2016)

i. Mortgagee Compliance Manager

Mortgagee Compliance Managers (MCM) are HUD's M&M contractors responsible for ensuring compliance with HUD's conveyance standards related to title, occupancy, and property condition.

ii. Field Service Manager

Field Service Managers (FSM) are HUD's M&M contractors responsible for providing property maintenance and preservation services for Properties owned by or in the custody of HUD.

iii. Asset Manager

Asset Managers (AM) are HUD's M&M contractors responsible for the marketing and sale of Properties owned by or in the custody of HUD.

b. Nondiscrimination Policy (11/07/2023)

All parties engaged in contracting, occupancy, rental, and sales activities relating to HUD-owned Properties must conduct these activities without regard to race, color, religion, sex, age, national origin, familial status, disability, marital status, receipt of public assistance, because the applicant has in good faith exercised any right under the Consumer Credit Protection Act, or location of Property.

c. P260 Portal (09/30/2016)

i. Definition

[P260](#) is HUD's web-based portal for submitting requests and documentation relating to Property Preservation and Protection (P&P), conveyance, and disposition activities.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

ii. Standard

HUD-approved Mortgagees and M&M contractors must use P260 or its successor system to report and upload documentation for activities related to the Property.

HUD expects FHA Roster Appraisers, HUD-Registered Real Estate Brokers, and Closing Agents to use P260 to fulfill their documentation submission requirements.

2. REO Property Disposition

a. Property and Sales Condition (09/30/2016)

i. As-Is Condition

(A) Definition

As-Is Condition refers to the condition of a Property without repairs, representations, or warranties.

(B) Standard

HUD markets Properties under the following categories, based on the as-is condition of the Property at the time of listing as determined by one or more evaluation tools, such as an appraisal, Broker's Price Opinion (BPO), or Automated Valuation Model (AVM):

- insurable;
- insurable with repair escrow; or
- uninsurable.

ii. Vacant Lots

(A) Definition

A Vacant Lot is a Property without improvements or Structures.

(B) Standard

HUD may raze Structures or offer the vacant lot for sale where Properties are so damaged that repair by HUD or the buyer is not feasible and where one of the following conditions exist:

- the Property has already been unsuccessfully offered for sale in its as-is condition;
- a local ordinance or agreement prohibits as-is sales of such Properties; or
- the Structure must immediately be razed by HUD to remove a serious public hazard.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

Where there is no immediate need to raze the Property or where it would be otherwise inappropriate to sell the Property as-is, HUD may sell the Property with the requirement that the buyer raze the Structure after sales closing.

iii. Held Off Market

(A) Definition

Held Off Market is the status of a HUD REO Property that is unavailable for sale.

(B) Standard

HUD may designate a Property as held off market when a property, title, occupancy, or other condition delays or prohibits HUD's ability to market or sell the Property.

Should the adverse condition be resolved, HUD may then list the Property for sale.

b. List Price (09/30/2016)

i. Definition

List Price is the "asking price" of a Property based on Market Value.

ii. Standard

HUD will offer a Property for sale at the list price based on Market Value, reflecting the highest and best use in the current market, competitive with Properties being offered by other sellers.

The AM will monitor assigned transactions to ensure that Properties are valued and sold in a manner in accordance with market conditions.

For vacant lots, HUD will offer the lots at the estimated Market Value of the lot based on comparable vacant lot prices, considering highest and best use.

c. Marketing Tools (09/30/2016)

i. Standard

In marketing HUD REO Properties, listing brokers are expected to use those contemporary industry marketing tools used in marketing non-REO Properties in that area, which may include, but are not limited to:

- utilizing yard signage and [online advertising](#);
- encouraging pre-qualification or pre-approval of potential buyers;
- holding open houses or holding webinars, seminars, or workshops on HUD property sales; and
- requesting limited repair of Properties, with approval by HUD.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

Listing brokers must ensure that all written advertising includes the Equal Housing Opportunity logo, statement, or slogan.

HUD, at its discretion, may offer bonuses or other sales incentives to real estate brokers.

ii. HUD Home Store

(A) Definition

[HUD Home Store](#) is the listing site for HUD REO Single Family Properties.

(B) Standard

HUD will post its inventory of HUD REO Properties for sale on [HUD Home Store](#).

iii. Local Real Estate Agent Associations and Listing Sites

HUD expects listing brokers to work with their local National Association of Realtors (NAR) boards and similar organizations and use a local Multiple Listing Service (MLS) and other industry standard listing sites to market HUD REO Properties.

iv. Online Marketing Tools

Listing brokers are expected to use such contemporary online marketing tools as the following:

- full application of internet tools to present houses in multimedia formats with MLS, with extensive photographs, video, and documentation;
- search engine optimization;
- Quick Response (QR) codes or other technology to assist buyers in accessing property information; and
- marketing blogs or other tailored social media.

v. Hard-to-Sell Properties

(A) Definition

A Hard-to-Sell Property is a HUD REO Property located in a specific market area characterized by such sales conditions as large numbers of non-HUD vacant Properties, declining neighborhoods, or severely depressed local economy.

(B) Standard

The AM is responsible for designating hard-to-sell Properties under HUD guidance.

HUD offers a [minimum sales commission](#) for Properties designated as hard-to-sell on HUD Home Store and, at its discretion, may offer bonuses or other sales incentives to real estate brokers.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

HUD will prescribe the time frame and conditions under which bonuses or other sales incentives will be offered.

vi. Revitalization Areas

(A) Definition

Revitalization Areas are designated geographic areas in which HUD identifies Properties eligible for disposition through discount sales programs.

(B) Standard

HUD will designate [Revitalization Areas](#) based on the following criteria:

- very low income areas;
- high concentration of HUD REO Properties; and
- low homeownership rate.

State, local, or tribal governments or HUD-approved Nonprofits may request that HUD designate a geographic area as a Revitalization Area by sending a written request to the Director of the Jurisdictional Homeownership Center (HOC) for the area.

d. Prospective Buyers (01/02/2020)

i. Owner-Occupant Buyers

(A) Definition

An Owner-Occupant Buyer is a buyer who intends to use the Property as their Principal Residence.

(B) Standard

A buyer may purchase HUD REO Properties as an Owner-Occupant Buyer if:

- they certify that they will occupy the Property as their Principal Residence for at least 12 months; and
- they have not purchased a HUD-owned Property within the past 24 months as an owner occupant.

The selling broker must not knowingly submit the offer on behalf of a person or entity that is not an Owner-Occupant Buyer and must discuss the penalties for false certification with the buyer.

The buyer and selling broker must sign a Purchase Addendum for Individual Owner-Occupant Buyers certifying to the above conditions.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

Buyers using FHA-insured financing must begin their owner-occupancy terms as stated in [FHA Requirement for Owner Occupancy](#). Buyers purchasing under the Good Neighbor Next Door (GNND) Sales Program must begin their owner-occupancy terms as stated in [Owner-Occupancy Term](#).

(C) Required Documentation

The Owner-Occupant Buyer and selling broker must complete and submit with their offer a Purchase Addendum for Individual Owner-Occupant Buyers.

ii. Investor Buyers

An Investor Buyer is a buyer who will not occupy the HUD REO Property as their Principal Residence.

iii. Good Neighbor Next Door Participants

(A) Definitions

Good Neighbor Next Door (GNND) Participants are law enforcement officers, teachers, firefighters, or emergency medical technicians who are eligible to purchase HUD REO Properties under the [GNND Sales Program](#).

Locality is the community, neighborhood, or jurisdiction of the unit of general local government or Indian tribal government.

A Unit of General Local Government is a county or parish, city, town, township, or other political subdivision of a state.

(B) Standard

GNND participants may purchase designated single-unit HUD REO Properties in Revitalization Areas at a discount of 50 percent off the list price.

The GNND participant must bid the full list price; the AM will reflect any applicable discounts in the sales price.

(C) Eligible Participants

Buyers must meet all of the following requirements in order to purchase through the GNND Sales Program. The AM will ensure that Buyers are eligible to participate in the program.

(1) Full-Time Employment as a Law Enforcement Officer, Teacher, or Firefighter or Emergency Medical Technician

At the time the bid is submitted and at the time of closing, the buyer must be employed full-time as one of the following:

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

- a law enforcement officer:
 - who is employed full-time by a law enforcement agency of the federal government, a state, a unit of general local government, or an Indian tribal government;
 - whose full-time employment, in the normal course of business, directly serves the locality in which the home is located; and
 - who, in carrying out such full-time employment, is sworn to uphold, and make arrests for violations of, federal, state, tribal, county, township, or municipal laws;
- a teacher:
 - who is employed as a full-time teacher by a state-accredited public school or private school that provides direct services to students in grades pre-kindergarten through 12; and
 - whose full-time employment, in the normal course of business, serves students from the locality where the home is located; or
- a firefighter or Emergency Medical Technician (EMT):
 - who is employed full-time as a firefighter or EMT by a fire department or emergency medical services responder unit of the federal government, a state, unit of general local government, or an Indian tribal government serving the locality where the home is located.

The buyer must certify to their good faith intention to continue employment as a law enforcement officer, teacher or firefighter/EMT for at least one year after the date of closing.

(2) Purchasing as Owner-Occupant Buyer

The buyer must agree to own, and live in as their sole residence, the purchased Property for the owner-occupancy term of 36 months and certify that occupancy annually.

(3) Execution of Second Mortgage and Note

The buyer must agree to execute a second Mortgage and Note on the house for the difference between the list price and the discounted selling price.

(4) Restrictions Related to Previous GNND Sales Program Purchases

The buyer nor their spouse must not:

- have owned any residential Real Property during the year before they submitted a bid on the Property to be purchased through the GNND Sales Program; and
- have purchased another house under the GNND Sales Program.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

(D) Eligible Properties

GNND participants may purchase designated single-unit HUD REO Properties under the GNND Sales Program that are located:

- in a HUD-designated Revitalization Area; and
- in the community where the GNND participant works (applicable to teacher and firefighter/EMT buyers only).

iv. Governmental Entities and HUD-Approved Nonprofits

(A) Definitions

A Governmental Entity refers to any federal, state, or local government agency or instrumentality. To be considered an Instrumentality of Government (IOG), the entity must be established by a governmental body or with governmental approval or under special law to serve a particular public purpose or designated by law (statute or court opinion). HUD deems Section 115 entities to be IOGs for the purpose of providing secondary financing.

HUD-approved Nonprofit organizations [approved to participate](#) in FHA nonprofit programs are eligible to purchase HUD REO Properties.

(B) Purchasing as Owner-Occupant Buyers

(1) Standard

Governmental Entities and HUD-approved Nonprofits are included in the definition of Owner-Occupant Buyers and may purchase Properties during the same periods in which Owner-Occupant Buyers may purchase. HUD-approved Nonprofits are responsible for compliance with their [Affordable Housing Program Plan \(AHPP\)](#).

(a) Purchases during Direct Sale Periods

When purchasing HUD-owned Properties at a 10 percent or greater discount as part of a direct sale, Governmental Entities and HUD-approved Nonprofits must complete and submit with their offer a [Land Use Restriction Addendum \(LURA\)](#).

(b) Purchases during Competitive Sales Periods

(i) Exclusive Listing Period

Governmental Entities and HUD-approved Nonprofits may purchase Properties during the exclusive listing period as long as they:

- certify that they will own the Property for at least 12 months;

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

- have not purchased a HUD-owned Property during the exclusive listing period within the past 24 months; and
- complete and submit an Exclusive Listing Period Purchase Addendum for Governmental Entities and HUD-Approved Nonprofits with their offer.

(ii) Extended Listing Period

Governmental Entities and HUD-approved Nonprofits may purchase Properties during the extended listing period and are not required to complete an Exclusive Listing Period Purchase Addendum for purchases made without discount.

(2) Required Documentation

Where applicable, the Governmental Entity or HUD-approved Nonprofit must complete and submit with their offer a LURA or Exclusive Listing Period Purchase Addendum for Governmental Entities and HUD-Approved Nonprofits.

(C) Use of Selling Brokers

HUD will not pay selling broker commission for Properties purchased by Governmental Entities and HUD-approved Nonprofits.

Where guidance in this section directs the selling broker to perform a specific action, a designated agent of the Governmental Entity or HUD-approved Nonprofit may perform this action.

(D) Discounts on Direct Sales

For direct sales, Governmental Entities and HUD-approved Nonprofits may purchase HUD REO Properties at the following discounts on the list price:

- 30 percent off the list price for uninsured Properties located within a Revitalization Area;
- 10 percent off the list price for insured or uninsured Properties located outside of a Revitalization Area;
- 10 percent off the list price for insured Properties located within a Revitalization Area; and
- 15 percent off the list price for insured or uninsured Properties located outside of a Revitalization Area and insured Properties located in a Revitalization Area when:
 - the AM has accepted five or more bids from the Governmental Entity or HUD-approved Nonprofit within a 15 business day period; and
 - the sales are closed in a single transaction.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

(E) Restrictions on Resale

Governmental Entities and HUD-approved Nonprofits must comply with the restrictions on resale as stated in an executed LURA or Exclusive Listing Period Purchase Addendum.

To request exceptions to the restrictions on resale, the Governmental Entity or HUD-approved Nonprofit may submit a request in writing to **HUD** ~~the Director of the Jurisdictional HOC for the area in which the Property is located.~~

v. HUD Employees

(A) Standard

HUD employees and members of HUD employees' households are eligible to purchase HUD REO Properties as Owner-Occupant Buyers if:

- they do not currently own a house and can demonstrate and certify that they will occupy the Property as their Principal Residence for at least two years;
- they have not purchased a HUD-owned Property within the past 24 months as an owner occupant; and
- they are not [prohibited buyers](#).

Eligible HUD employees and members of their households must obtain supervisor and Office of Single Family Asset Management (OSFAM) approval before bidding on a HUD-owned Single Family house.

(1) Form HUD-50001, *HUD Employee/Relative: Home Purchase Certification*

The HUD employee must complete form [HUD-50001](#), *HUD Employee/Relative: Home Purchase Certification*, by:

- describing their job and/or relationship to the proposed buyer;
- certifying that they have no involvement with the management and oversight of the M&M contractors' activities; and
- obtaining their immediate supervisor's signature.

(2) Approval by the Office of Single Family Asset Management

The HUD employee must email the signed form HUD-50001 to the Director of OSFAM for approval. OSFAM will notify the employee if they are approved to purchase HUD REO Properties.

(3) Period of Eligibility to Bid

The approved HUD employee or member of the HUD employee's household is eligible to bid on HUD REO Properties for up to 12 months from the date of the approval.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

(4) Recertification

The approved HUD employee or member of the HUD employee's household must re-certify by completing form HUD-50001 and obtaining the required approvals in the event of any job change.

(B) Required Documentation

The HUD employee must complete and submit with their offer a Purchase Addendum for Individual Owner-Occupant Buyers. The HUD employee must include on the Addendum their Social Security Number (SSN) and date of birth.

vi. Prohibited Buyers

The following are prohibited from purchasing HUD REO Properties.

(A) HUD REO Staff

The following HUD employees and their household members are prohibited from purchasing HUD REO Properties:

- all HUD management personnel who are part of the management chain that has authority over the Single Family REO disposition process;
- all headquarters OSFAM employees;
- all HUD employees that have direct or indirect responsibilities for policy development, procurement, and disposition of Single Family REO Properties; and
- all HOCs, field and regional offices' employees that have direct or indirect oversight responsibilities of M&M contractors.

(B) Participants in HUD REO Marketing and Management

Certain participants involved in the management, listing, and/or marketing of HUD REO Properties, and their immediate Family Members, are prohibited by contract from engaging in activities that would involve a real or apparent conflict of interest, to include the purchasing of HUD REO Properties. Such parties should contact the Contracting Officer's Representative (COR) for information on eligibility to purchase HUD REO Properties.

(C) Members of Congress

Members or delegates of the United States Congress are prohibited from purchasing or benefiting from a purchase of a HUD REO Property.

(D) Former Borrowers who Defaulted on FHA-Insured Mortgages

Former Non-Occupant Borrowers of FHA-insured Mortgages, whose Default resulted in HUD's payment of a mortgage insurance benefits claim to a Mortgagee, are

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

prohibited from repurchasing the same Property that secured the FHA-insured Mortgage.

e. Lead-Based Paint (08/19/2024)

REO Property disposition activities are conducted in accordance with [24 CFR 35 subpart F](#), HUD-Owned Single Family Property.

i. Availability of Inspection Information

For all HUD REO Properties built before 1978 or for which the year of construction is unknown, buyers will have access to available lead-based paint information in the Property Condition Report (PCR), including all available copies of:

- lead-based paint inspection reports;
- risk assessment reports; and
- other records and reports pertaining to lead-based paint and/or lead-based paint hazards.

The buyer may request either paper or electronic copies of this information from the local AM.

ii. Providing Lead-Based Paint Information

The selling broker is responsible for ensuring that the following are provided to the buyer for review:

- form [HUD-9545-Y](#), *Lead-Based Paint Disclosure Addendum to Sales Contract – Seller has pertinent records*, or form [HUD-9545-Z](#), *Lead-Based Paint Disclosure Addendum to Sales Contract – Seller has NO pertinent records*, as applicable;
- all available lead-based paint records and reports; and
- the U.S. Environmental Protection Agency (EPA)-approved pamphlet entitled “Protect Your Family from Lead in Your Home.”

iii. Other Lead-Based Paint Information Obtained after Receipt of a Sale Offer

If HUD obtains additional lead-based paint records, reports and/or information after receiving a sale offer, HUD will deliver to the selling broker:

- the additional lead-based paint records, reports and/or information on the subject Property that became available and were not posted on HUD’s website for retrieval prior to bid submission; and
- a supplemental form HUD-9545-Y acknowledging receipt of any additional lead-based paint or lead-based paint hazard-related documents.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

f. Sales Timeline (04/28/2025)

i. Tenant Right of First Refusal

(A) Definition

The Tenant Right of First Refusal is a tenant's ability to purchase a HUD REO Property on a non-competitive basis before it is listed for sale.

(B) Standard

HUD's AM will contact eligible tenants regarding their opportunity to purchase occupied Properties at list price under the tenant right of first refusal.

ii. Asset Control Area Program

(A) Definition

The Asset Control Area (ACA) Program is a direct sale program in which eligible local, county, or state governments or HUD-approved Nonprofit organizations may enter into a contract with HUD to purchase vacant HUD REO Properties in designated areas.

(B) Standard

HUD will sell to entities participating in the ACA Program all or a specified number of vacant HUD REO Properties acquired in designated areas as specified in the ACA agreement.

iii. National First Look Program

(A) Definition

The National First Look Program is a direct sale program in which participating [Neighborhood Stabilization Program](#) (NSP) grantees have the exclusive opportunity to purchase HUD REO Properties located in NSP areas.

(B) Standard

HUD will make available to participating NSP grantees information on HUD REO Properties for sale within NSP-designated areas. Eligible NSP buyers may purchase these HUD REO Properties at a discount of 10 percent for insurable Properties or 15 percent for uninsurable Properties off the list price, less the cost of any applicable listing and sales commission.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

(1) Eligible Neighborhood Stabilization Program Grantees

The following NSP grantees are eligible to purchase HUD REO Properties at a discount:

- direct recipients of NSP funds; or
- sub-recipients (or sub-awardees) of direct NSP grantees; and
- consortium members under NSP2.

(2) First Look Purchase Period

The NSP grantee must submit an offer for a HUD REO Property within two business days after the date of the property appraisal.

Each First Look Property will remain available for purchase under the First Look Sales Method until an eligible NSP grantee buyer submits an offer to purchase the Property, or through the expiration of the two-day purchase period, whichever comes first.

(3) Confirmation of Location of Property

The NSP grantee buyer is responsible for confirming that the Property is within the boundaries of the NSP designated area. Where the boundaries of any two or more NSP areas overlap and where multiple eligible NSP grantee buyers submit offers to purchase a HUD REO Property in that overlapping area, the right to purchase the Property is granted to the eligible NSP grantee buyer that first submits an offer to purchase that Property.

(4) Use of Neighborhood Stabilization Program Funds

The NSP grantee buyer must use NSP funds, at least in part, in order to purchase a HUD REO Property under the NSP grantee buyer time frame and discount.

iv. Lottery Period

(A) Definition

The Lottery Period is a direct sale period in which Governmental Entities, HUD-approved Nonprofits, and GNND participants may submit bids for designated HUD REO Properties.

(B) Standard

Governmental Entities, HUD-approved Nonprofits, and GNND participants may submit bids equal to the list price during the seven-Day lottery period.

At the end of the lottery period, HUD will select a winning bidder at random. The AM will reflect applicable discounts in the sales contract.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

(1) Good Neighbor Next Door

During the lottery period, GNND participants may submit bids for [designated HUD REO Properties](#).

When separate bids are submitted by spouses who are both GNND participants, HUD may approve a bid from only one spouse.

(2) Lottery for Governmental Entities and HUD-Approved Nonprofits

During the lottery period, Governmental Entities and HUD-approved Nonprofits may submit bids at list price for uninsured Properties located within their approved purchase areas.

v. Exclusive Listing Period

(A) Definition

The Exclusive Listing Period is a competitive listing period in which only eligible Governmental Entities, HUD-approved Nonprofits, and Owner-Occupant Buyers may submit bids on HUD REO Properties.

(B) Standard

Governmental Entities, HUD-approved Nonprofits, and Owner-Occupant Buyers may submit bids during the exclusive listing period. HUD will choose the winning bid, which produces the greatest net return to HUD and meets HUD's terms of offering of the Property.

(1) Length of Exclusive Listing Period

For Properties marketed as "insured" or "insured with escrow," the exclusive listing period is 15 Days.

For Properties marketed as "uninsured," the exclusive listing period is five Days.

(2) Review of Bids during Exclusive Listing Period

(a) Bid Opening for "Insured" and "Insured with Escrow" HUD REO Properties

(i) Bids Received from Days 1 through 10

For Properties marketed as "insured" or "insured with escrow," the AM will open all bids received from the 1st through the 10th Day of the exclusive listing period on the next business day after the 10th Day of the exclusive listing period. The AM opening the bids will treat all bids as having been received simultaneously.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

(ii) Bids Received from Days 11 through 15

If none of the bids received by the 10th Day are accepted, the AM will open and review bids received during the 11th Day up to the 15th Day daily on the next business day. If a bid is not accepted during the 15-Day exclusive listing period, the AM will extend the listing to all buyers by listing the Property in the extended listing period.

(b) Bid Opening for “Uninsured” HUD REO Properties

For Properties that are marketed as “uninsured,” AMs will open and review all bids received from the 1st through the 5th Day on the next business day after the 5th Day of the exclusive listing period. The AM will treat all bids as having been received simultaneously.

If a bid is not accepted in the five-Day exclusive listing period for Properties listed as “uninsured,” the AM will extend the listing to all buyers by listing the Property in the extended listing period.

(c) Bid Opening on Weekends and Federal Holidays

HUD considers bids received on Fridays, Saturdays, and Sundays in the same bid period as being received simultaneously during that period. The AM will open those bids on:

- the following Monday; or
- the next business day if Monday is a federal holiday.

HUD considers bids received on a federal holiday in the same bid period as being received on the previous Day. The AM will open those bids on the next business day.

vi. Extended Listing Period

(A) Definition

The Extended Listing Period is a competitive listing period during which all buyers may submit bids on HUD REO Properties.

(B) Standard

If a Property remains unsold for 15 Days, HUD will extend the listing to all buyers by listing the Property in the extended listing period.

All buyers, including Investors, may submit bids on HUD REO Properties during the extended listing period.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

(C) Review of Bids during Extended Listing Period

The AM will open bids at the end of each business day, subject to the policies in [Bid Opening on Weekends and Federal Holidays](#).

vii. Bulk Sales

(A) Definition

A Bulk Sale is a direct sale of five or more HUD REO Properties to eligible buyers.

(B) Standard

HUD may seek to dispose of Properties through bulk sales. HUD will advertise and sell these Properties on an all-cash, as-is basis, without warranty and without FHA-insured mortgage financing.

To be eligible for bulk sale discounts, the Governmental Entity or HUD-approved Nonprofit purchasing in bulk must close on all property sale transactions no later than 60 Days from the date the contract is ratified.

Bulk Sale to Eligible Governmental Entities and HUD-Approved Nonprofits

If a Property is marketed and remains unsold for 60 Days, HUD may elect to sell the Property to eligible Governmental Entities and HUD-approved Nonprofits as part of a bulk sale as follows:

- Properties with an appraised value greater than \$100,000 will be priced at a 10 percent discount from the appraised value;
- Properties with an appraised value less than or equal to \$100,000 will be priced at a 50 percent discount;
- Properties with an appraised value less than \$20,000, and considered “demolition properties” will be priced at \$100;
- participants purchasing 50 or more Properties will receive an additional 5 percent discount; and
- under certain conditions, local governments may purchase Properties that have been listed for 180 Days or more for \$1, plus closing costs.

viii. Dollar Homes – Government Sales

(A) Definition

The Dollar Homes – Government Sales Program is a direct sales program through which eligible Governmental Entities may purchase certain HUD REO Properties for \$1 each, plus closing costs.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

(B) Standard

If a Property remains unsold after 180 Days, HUD will remove the Property from the market and offer it exclusively to local governments for 10 Days before returning it to the extended listing period, if no \$1 bids are accepted.

Local governments may purchase for \$1 each, plus closing costs, certain Properties meeting the following criteria:

- the Property is not under a contract for sale;
- the Property has been offered to the public and marketed for sale for at least 180 Days;
- the Property is within the jurisdiction of the local government;
- the Property is uninsured; and
- the current as-is Market Value of the Property is \$25,000 or less.

(C) Commissions and Costs

(1) Commissions

Listing brokers will not receive a commission for a Property sold under the Dollar Homes – Government Sales Program.

HUD will not pay a selling agent commission for Properties sold under the Dollar Homes – Government Sales Program; buyers may submit a bid directly without the service of a selling broker.

(2) Local Government Liens

In those instances where a local government has placed liens against the Properties and fines have been assessed, the local government must remove these liens at no cost to HUD in an effort to facilitate the sale.

(D) Dollar Homes Closing Costs

Buyers will be required to pay closing costs involved with each Dollar Homes - Government Sales Program property sale transaction.

(E) Partnering with HUD-Approved Nonprofits

(1) Standard

Local Governmental Entities may partner with local nonprofits to purchase Properties under the Dollar Homes – Government Sales Program for local housing and community development initiatives.

Governmental Entities may only purchase eligible HUD Properties within their jurisdiction and must:

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

- identify the intended disposition strategy or strategies and clear public purpose goals and objectives consistent with supporting local housing or community development initiatives, including rehabilitation and resale to first time homebuyers or Low- to Moderate-Income buyers, that it will pursue with Properties purchased through this program;
- affirm that all profits from resale of these Dollar Homes will go to support local housing or community development initiatives; and
- identify what specific local housing or community development programs or uses these profits will support.

(2) Annual Reporting ~~to HOC~~

Governmental Entities must provide information pertaining to the purchase and subsequent resale of Properties purchased under the Dollar Homes – Government Sales Program in its annual report to ~~HUD's HOC Program Support Division Director via~~ HUD's [Nonprofit Data Management System \(NPDMS\)](#).

The report must include information on:

- the ultimate Owner-Occupant Buyer;
- the amount of profit realized on the final sale; and
- the specific local housing/community development programs or uses these profits were used to support.

(3) Compliance with Program Requirements

Failure of a Governmental Entity to comply with any of the Dollar Homes – Government Sales Program requirements will result in disqualification from participation in the program.

(4) No Direct Purchase by Nonprofits

Nonprofit organizations are not permitted to directly purchase Properties under this sales program on their own behalf. HUD will accept a sales contract from nonprofits only if a Governmental Entity identifies in its intended disposition strategy that the nonprofit will act as its agent to purchase these Properties.

(5) Demolition Consideration

(a) Request to HUD

A local government may recommend to the AM the demolition of any Property that is currently available for purchase by that entity meeting the Dollar Homes – Government Sales standard. HUD will consider the following criteria in its decision:

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

- whether HUD's last listed price, plus the cost of rehabilitating the Property to meet HUD's Minimum Property Standards (MPS) is more than 130 percent of the after-rehabilitation value;
- whether the cost of demolition exceeds the cost of rehabilitating the Property to meet MPS; and
- whether the Property is listed on or eligible for the National Register of Historic Places or located in a historic district. If it is, a Section 106 consultation with the State Historic Preservation Officer and other interested parties is required before HUD approves the Property for demolition.

(b) Cost of Demolition

If HUD approves the Property for demolition, HUD will pay for the demolition and clearing of the debris.

(c) Sale after Demolition

Following demolition, HUD will list the land for sale to the general public for 10 Days at its Fair Market Value (FMV).

If no acceptable offers are received from the general public, HUD will offer the land to local governments for \$1 for 10 Days.

If the land is not purchased by local governments, HUD will relist the Property to all classes of bidders until the Property is sold.

ix. HUD Rescission of Listing

HUD, at its discretion, may remove a listing or cancel a sales contract and may return all or a portion of a buyer's earnest money deposit if:

- HUD has not acquired the Property;
- HUD is unable or unwilling to remove valid objections to the title prior to closing; or
- HUD determines that the buyer is not an acceptable Borrower.

g. Bid Submission (09/30/2016)

i. Use of HUD Home Store

Selling brokers, HUD-approved Nonprofits, and Governmental Entities must submit bids for HUD REO Properties electronically through [HUD Home Store](#).

In order to submit bids through HUD Home Store, selling brokers, HUD-approved Nonprofits, and Governmental Entities must:

- have applied for and been issued a Name and Address Identification (NAID); and
- be registered on HUD Home Store or successor site.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

ii. Good Neighbor Next Door Bid and Eligibility Documentation

The GNND participant must submit with its bid:

- form [HUD-9549](#), *Good Neighbor Next Door Sales Program Personal Information Questionnaire*;
- form [HUD-9549-E](#), *Employer Verification of Participant Employment*; and
- one of the following pre-qualification questionnaires:
 - form [HUD-9549-A](#), *Good Neighbor Next Door Sales Program - Law Enforcement Officer*;
 - form [HUD-9549-B](#), *Good Neighbor Next Door Sales Program - Teacher*; or
 - form [HUD-9549-C](#), *Good Neighbor Next Door Sales Program - Firefighter/Emergency Medical Technician*.

iii. Back-up Bids

(A) Definition

A Back-up Bid is an acceptable bid for a HUD REO Property, held by HUD, should the winning bid fail to close.

(B) Standard

At the time of bidding, the selling broker may elect to have their bid held as a back-up bid. Should the winning bidder's sale fail to close, HUD may offer the Property to back-up bidders before relisting the Property.

HUD will allow at least one back-up bidder and, in the case of GNND, two back-up bidders.

h. Bid Acceptance During Competitive Sales Periods (09/30/2016)

i. Standard

For Properties sold in competitive sales, HUD will accept the bid that produces the greatest net return to HUD and meets all the terms and conditions pertaining to HUD's offering, with priority given to Owner-Occupant Buyers for Properties being offered with insured Mortgages.

For Properties marketed as uninsurable, HUD will give priority to Governmental Entities and HUD-approved Nonprofits before Owner-Occupant Buyers.

The net return is calculated by subtracting from the bid price the dollar amounts for financing and [closing costs](#), as stated on Line 5 of form [HUD-9548](#), *Sales Contract Property Disposition Program*, and real estate sales commissions to be paid by HUD.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

(A) Multiple Bids

Selling brokers may submit an unlimited number of bids on a Property, provided that each bid is from a different buyer. If a buyer submits multiple bids on the same Property, HUD will only consider the bid producing the highest net return to HUD.

If a prospective Owner-Occupant Buyer submits a bid on more than one Property, the bid that produces the greatest net return to HUD will be accepted and all other bids from that buyer will be eliminated from consideration. However, if the prospective Owner-Occupant Buyer has submitted the only acceptable bid on another Property, then that bid must be accepted and all other bids from that buyer on any other Properties will be eliminated from consideration.

(B) Identical Net Offer

Where two or more bids result in identical net offers, HUD will give preference to the Owner-Occupant Buyer.

If the identical bids were submitted by two or more Owner-Occupant Buyers, or by two or more Investor Buyers, HUD will choose the winning bid by lottery.

ii. Counteroffers

If all bids received are unacceptable, HUD may, at its discretion, offer counteroffers to one or more bidders via P260, and those bidders may resubmit bids during a specified period of time.

If HUD elects to counteroffer, HUD will accept the highest acceptable net bid received within the specified time period.

i. Selection of Winning Bid (01/02/2020)

i. Notification by HUD of Winning Bid

HUD will alert the buyer or selling broker if they are the winning bidder.

ii. Submission of Sales Documents

Once HUD has notified the buyer or selling broker that they are the winning bidder, the buyer or selling broker must send the following to the AM within two business days:

- a fully completed form HUD-9548, signed by the buyer and selling broker;
- a pre-qualification letter, certification of cash funds, or other proof of funds; and
- all required addenda, if applicable, including:
 - a Purchase Addendum for Individual Owner-Occupant Buyers or an Exclusive Listing Period Purchase Addendum for Governmental Entities and HUD-Approved Nonprofits;
 - a forfeiture of earnest money deposit addendum;

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

- a Buyer Select Closing Agent Addendum;
- closing instructions and certification;
- form HUD-9548-B, *Discount Sales Addendum*;
- all copies of form HUD-9545-Y and/or form HUD-9545-Z providing the original Addendum and any Supplemental Addenda;
- form HUD-92564-CN, *For Your Protection: Get a Home Inspection*;
- Good Neighbor Next Door addenda;
- a flood zone property addendum; and
- any disclosures required by state or local law.

The selling broker must complete Line 3 of form HUD-9548 to identify the Closing Agent as the party who will be holding the earnest money deposit, unless otherwise instructed by the AM.

iii. Earnest Money Deposit

(A) Definition

The Earnest Money Deposit is a buyer's deposit toward the purchase of real estate to demonstrate that they are serious about wanting to complete the purchase.

(B) Standard

The buyer and selling broker must sign the [earnest money forfeiture agreement](#). The selling broker must submit the earnest money deposit with the completed form HUD-9548, for all sales other than ACA sales, to the AM within two business days of being notified that their buyer is the winning bidder, unless otherwise instructed by the AM, and the AM will forward the deposit to the Closing Agent.

(C) Form of Earnest Money Deposit

The earnest money deposit must be in the form of a cashier's check, certified check, or money order with no termination date or cancellation provision, payable to the Closing Agent or to another entity as designated by HUD.

Earnest Money Deposit Amounts

The earnest money deposit amount is as follows:

- for Properties with a sales price of \$50,000 or less, the earnest money deposit is \$500;
- for Properties with a sales price greater than \$50,000, the earnest money deposit is between \$500 and \$2,000, as determined by HUD;
- for vacant lots, the earnest money deposit is 50 percent of the list price; and
- for Properties to be purchased under the GNND Sales Program, the earnest money deposit is 1 percent of the list price, but no less than \$500 and no more than \$2,000.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

The buyer or selling broker may contact the AM for the earnest money deposit amount for a specific Property.

(D) Disposition of Earnest Money Deposits When the Transaction Fails to Close

Should the sales transaction fail to close as scheduled, HUD may consider the earnest money deposit forfeited or may return all or a portion of the earnest money deposit.

(1) Investor Buyer

Forfeiture of Entire Earnest Money Deposit

Subject to state law, the Investor Buyer forfeits 100 percent of the earnest money deposit, unless HUD cancels the sales contract due to HUD's inability to close the transaction for any reason.

(2) Owner-Occupant Buyers

(a) Return of Entire Earnest Money Deposit

Subject to state law, HUD will return 100 percent of an Owner-Occupant Buyer's earnest money deposit in the following circumstances:

- there has been a death in the immediate family (contract holder, spouse, or children living in the same household);
- there has been a recent serious illness in the immediate family that has resulted in significant medical expenses or substantial loss of income, thus adversely affecting the buyer's financial ability to close the sale;
- there has been a loss of job by one of the primary wage earners, or substantial loss of income through no fault of the buyer;
- on an insured sale, HUD determines that the buyer is not an acceptable Borrower;
- on an uninsured sale, the buyer was pre-approved for FHA-insured mortgage financing in an appropriate amount by a recognized Mortgagee but, despite good faith efforts, was ultimately unable to secure mortgage financing;
- within 30 Days of the contract ratification date, the buyer has provided to the AM written documentation from a lender supporting the buyer's inability to secure financing;
- HUD cancels the contract due to the documented presence and/or condition of lead-based paint and/or lead-based paint hazards;
- pursuant to the terms of the VA Amendatory Clause for purchasers using VA financing; or
- other circumstances evidencing equally good cause, as determined by HUD.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

In order to receive any part of the earnest money deposit, the Owner-Occupant Buyer must submit documentation to the AM within allowed time limits evidencing the circumstances related to the transaction's failure to close.

(b) Forfeiture of Entire Earnest Money Deposit

Subject to state law, the buyer forfeits 100 percent of the earnest money deposit in the following circumstances:

- the buyer does not submit documentation supporting their reason for the return of any part of the earnest money deposit within 30 Days, or such other time allowed by the AM in writing, following contract cancellation; or
- the buyer's submitted documentation fails to support an acceptable cause for the buyer's failure to close.

(3) Vacant Lots

Subject to state law, buyers of vacant lots will be considered [Investor Buyers](#) for the purpose of earnest money deposit disposition.

(E) Failure to Abide by HUD's Earnest Money Policy

Listing brokers who fail to comply with HUD's instructions for the collection and forwarding of the earnest money deposit to the AM (or other party as instructed by the AM) may be subject to such action including:

- Limited Denial of Participation (LDP);
- notification of the state real estate commission or regulatory body;
- referral to the appropriate office(s) for enforcement review; and/or
- suspension or termination of the Broker's NAID.

iv. Failure to Submit Sales Documents

Should the winning bidder fail to submit a ratified sales contract and accompanying documentation and deposits within allowed time limits, the AM may offer the Property to back-up bidders before relisting the Property.

v. Electronic Signatures

The use of electronic signatures is voluntary. HUD will permit the use of electronic signatures conducted in accordance with the [Policy on Use of Electronic Signatures](#) on the HUD REO form HUD-9548 and related addenda requiring signatures, unless otherwise prohibited by law.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

j. Inspection Contingency (09/30/2016)

i. Standard

After HUD ratifies the sales contract, the buyer has 15 Days to:

- access the Property to conduct any inspections, tests, or risk assessments at their expense; and
- for Properties constructed before 1978, review all available records and reports relating to lead-based paint or lead-based paint hazards in the Property.

If the HUD REO appraisal was completed without the utilities being activated and the buyer is using FHA-insured financing, the Mortgagee or buyer must complete the systems check while the utilities are activated. The Mortgagee or buyer may contact the Field Service Manager (FSM) to request activation of utilities; HUD may charge a fee for this service.

ii. Repairs Necessary to Comply with Mortgage Lender or State, Tribal, or Local Law Requirements

HUD sells REO Properties as-is. When necessary to comply with mortgage lender requirements or state, tribal, or local law, a buyer may submit a request to the AM for repairs. The buyer must include with its request:

- documentation reflecting that such repairs are necessary to comply with lender or state or local requirements; and
- a copy of a home inspection report identifying the property condition at issue.

HUD will review requests on a case-by-case basis and, at its sole discretion, may make the requested repairs. HUD may impose some or all of the cost of repairs on the buyer.

iii. Withdrawal from Sales Contract

Before the expiration of the inspection contingency period, the buyer may terminate their obligation to purchase the house and request a refund of the earnest money deposit by providing to the AM:

- written notice of its withdrawal from the sales contract; and
- a copy of a home inspection report identifying serious problems or conditions with the Property that were not previously disclosed or corrected, or documentation of the presence and/or condition of lead-based paint or lead-based paint hazards.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

k. Closing (11/07/2023)

i. Closing Agents

(A) Definition

A Closing Agent is the entity responsible for conducting the closing of a HUD REO property sales transaction, including submitting closing packages, and wiring sales proceeds to the U.S. Treasury.

(B) Standard

The buyer must select a Closing Agent who meets HUD's [Closing Agent Requirements](#).

(1) Antidiscrimination Laws

Closing Agents and their employees, or persons or entities otherwise authorized to act for the Closing Agent, must:

- comply with the Fair Housing Act, 42 U.S.C. §§ 3601-3619, and the Equal Credit Opportunity Act (ECOA), 15 U.S.C. §§ 1691-1691f;
- not discriminate on the basis of race, color, religion, sex, age, national origin, familial status, disability, marital status, receipt of public assistance, because the applicant has in good faith exercised any right under the Consumer Credit Protection Act, or location of Property; and
- instruct their staffs in the policies of nondiscrimination and all applicable local, state, and federal fair housing and nondiscrimination laws.

(2) No Conflicts of Interest

A Closing Agent must not participate in a closing where the Closing Agent's spouse, children, or business associates have a financial interest in the Property. Financial interest includes having an equity, creditor, mortgage lender, or debtor interest in any corporation, trust, or partnership with a financial interest in the Property.

(C) Required Documentation

The buyer and selling broker must identify the selected Closing Agent as follows:

- identify the Closing Agent on Line 9 of form [HUD-9548](#); and
- submit the Closing Agent designation form with the sales contract package. The form, at a minimum, must include the following:
 - the name of the Closing Agent;
 - the full address of the Closing Agent; and
 - the telephone number, email address, and contact person.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

The Closing Agent must sign and certify in the Closing Instructions and Certification that they meet HUD's requirements and will adhere to HUD's Closing Instructions.

(D) Closing Agent Fee

The buyer is primarily responsible for any and all Closing Agent and closing fees, up to the maximum allowed per state law and regulatory requirements.

The buyer may apply amounts listed on Line 5 of form HUD-9548 for payment of closing fees.

ii. Time Frame for Closing

The time frame for closing is specified in Line 9 of form HUD-9548. The Closing Agent must schedule a firm Closing Date within the time frame set by the AM. The AM will identify the time frame for closing in Line 9 of form HUD-9548 as follows:

- for cash sales, within 30 Days of contract ratification;
- for sales involving mortgage financing, within 45 Days of contract ratification; and
- for sales involving a 203(k) product, within 60 Days of contract ratification.

(A) Requests for Extensions

If scheduled Closing Dates cannot be met, the selling broker or buyer may request extensions of the closing time from the AM before the expiration of the sales contract by:

- submitting the request for an extension in writing; and
- if applicable, including an extension fee for the full amount of the requested 15-Day extension, in the form of certified funds payable to HUD.

The AM will grant extensions in 15-Day increments on a case-by-case basis when extenuating circumstances preclude the buyer from closing as scheduled.

(1) Fees for Extensions

The AM may assess a daily fee for initial or repeat sales contract extensions as follows:

- for a sales price of \$25,000 or less, the extension fee is \$10 per Day;
- for a sales price of \$25,001 to \$50,000, the extension fee is a minimum of \$10 per Day and a maximum of \$15 per Day; and
- for a sales price over \$50,000, the extension fee is a minimum of \$10 per Day with a maximum of \$25 per Day.

(2) No Cost Extensions

The AM will grant extensions at no cost to the buyer if the delay is due to HUD, HUD's contractors, or a title defect.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

The AM will also grant an initial extension to Owner-Occupant Buyers who demonstrate that:

- the buyer made a proper and timely loan application;
- the buyer is not responsible for the delay in closing; and
- mortgage approval is imminent.

If approved, the AM will grant a 30-Day extension for Section 203(k) transactions or a 15-Day extension for all other transactions.

(3) Application of Extension Fee

If the sale closes before the expiration of the extension, the extension fee will be applied to the amount due from the buyer and the buyer will be credited with any unused portion of the fee, computed on a daily basis.

(B) Notification from HUD on Extension

The AM will notify the selling broker of the approval or denial of the extension request. The selling broker must place a copy of the approval or denial in the property file.

(C) Closing Time Frame Lapsed

When closing does not occur as scheduled and the buyer has not requested and received an extension of time to close, the AM will [cancel](#) the sales contract.

iii. Commissions

(A) Standard

For sales to buyers other than Governmental Entities or HUD-approved Nonprofits, HUD will pay commission to listing brokers and selling brokers as follows, based on averages for the area and depending on the level of service provided to HUD and on value and market conditions. The selling broker may contact the listing broker for transaction-specific commission amounts.

(1) Commission Amounts

(a) Minimum Commission

HUD will pay commissions not less than:

- \$200 each for the listing broker and selling broker for sales of vacant lots; and
- \$500 each for the listing broker and selling broker for all other sales.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

(b) Maximum Commission

For sales of vacant lots, HUD will pay commissions totaling not more than 10 percent of the bid price.

For all other sales, HUD will pay commissions totaling not more than 6 percent of the bid price.

(c) Hard-to-Sell Properties

For sales of Properties designated as hard-to-sell, HUD will pay up to a total sales commission of \$2,000, to be split between the listing broker and selling broker.

(2) Split of Sales Commission

Listing brokers and selling brokers will split sales commissions. The selling broker's acceptance of a lower commission does not affect the amount the listing broker will receive.

(3) Calculating Commission on Discounted Sales

For discounted sales to buyers other than Governmental Entities or HUD-approved Nonprofits, the listing broker and selling broker may calculate commission based on the bid price before any discounts are deducted.

(B) Required Documentation

The listing broker and selling broker must enter on form HUD-9548 the actual commissions to be paid.

iv. Closing Costs

(A) Costs Automatically Paid by HUD

HUD will pay the following closing costs:

- proration of property taxes and any special assessments such as Homeowners' Association (HOA) fees and utility bills;
- condominium or HOA transfer fee, if applicable;
- the cost to provide condominium documents to the buyer;
- the repair escrow inspection fee of \$200, if applicable;
- recording fees and charges for the deed;
- the overnight mailing fee for the final Closing Disclosure or similar legal document, signed by the buyers and the Closing Agent, and sent to the AM contractor; and
- state and local transfer taxes that are reasonable and customary in the jurisdiction where the Property is located.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

For closing costs claimed on discount sales to Governmental Entities and HUD-approved Nonprofits, HUD will deduct any closing costs paid from the total discount amount.

(B) Other Financing and Closing Costs for Properties in Competitive Sales

(1) Standard

For Properties sold in competitive sales and not in GNND transactions, HUD will pay the buyer's actual financing and closing costs as requested on Line 5 of form HUD-9548 in an amount up to 3 percent of the Property's gross purchase price, provided that the costs are reasonable and customary in the jurisdiction where the Property is located. The gross purchase price is the bid price before any subtractions requested by the buyer for financing and closing costs, and the broker's sales commission.

No assistance for financing and loan closing costs or for broker's sales commission will be provided to Investor Buyers.

HUD will retain any Line 5 funds not used at closing.

(2) Required Documentation

The buyer must identify on Line 5 of form HUD-9548 their requested financing and closing costs.

v. Closing Process

(A) Closing Agent Assignments

The AM will provide the Closing Agent with the following items:

- fully ratified sales contract and addenda;
- title evidence (when available);
- wire instructions;
- pre-closing and post-closing instructions;
- HOA documents, if applicable;
- all outstanding property bills; and
- any other documentation deemed necessary by the COR.

The AM will provide these documents within two business days of the AM's ratification of the sales contract, the issuance of the HUD-issued Title Identification (ID) Number, or, for ACA sales, receipt of the fully executed Notice of Acquisition from the ACA participant.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

(B) Pre-closing Package

(1) Definition

The Pre-Closing package is the documentation, including the Settlement, deeds, and supporting documentation, of a HUD REO Property Sale that is submitted before closing to the AM for review.

(2) Standard

The Closing Agent must upload into P260 and send to the AM a pre-closing package no later than five business days before closing.

(a) Closing Disclosure

The Closing Agent must accurately prepare the preliminary Closing Disclosure or similar legal document and provide it to the AM for their review and approval.

(b) Deed

The Closing Agent must prepare a special warranty or grant deed, where applicable, and provide the deed to the AM for their review and execution.

(3) Required Documentation

The pre-closing package must include the following documents:

- the Closing Disclosure or similar legal document and signature affidavits:
 - If the buyer has obtained new FHA financing, the Closing Agent must ensure that the FHA case number is listed on Line 8; or
 - If the buyer has not obtained new FHA financing, the Closing Agent must ensure that the previous FHA case number associated with that Property is listed in the “Seller Name” block of the Closing Disclosure or similar legal document;
- the deed prepared by Closing Agent;
- supporting documentation of any charges to HUD on the Closing Disclosure or similar legal document, such as past due bills for utilities or HOAs;
- recent tax documentation from the county;
- mortgagee documents itemizing all costs to be paid by HUD;
- copies of the extension fee payment, if applicable;
- the seller’s affidavit, if applicable;
- Closing Agent contact information; and
- a signed copy of the Closing Instructions.

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

(C) HUD Review of Pre-closing Package

The Closing Agent must ensure that sales documents are prepared accurately and promptly remitted to HUD's AM contractor for review.

The AM will review the pre-closing package prepared by the Closing Agent. If approved, the AM will return the Closing Disclosure or similar legal document and overnight the original, signed deed to the Closing Agent before closing.

(D) Notification to HUD of Closing

The Closing Agent must notify the AM on the same Day as the closing of the transaction.

(E) Deposit of Sales Proceeds

No later than one business day after closing, the Closing Agent must deposit the sales proceeds and initiate the request for wire transfer of the full amount of sales proceeds due HUD. The Closing Agent must include the FHA case number on the wire transfer request.

(F) Delivery of Deed for Recording

No later than one business day after closing, the Closing Agent must deliver the deed for recording and must notify the taxing authority and HOA, if applicable, that title has changed to a new owner.

(G) Final Closing Package

(1) Definition

The Final Closing Package is the documentation, including the final Closing Disclosure or similar legal document and other supporting documentation, which is provided to the AM after a HUD REO Property sale closing.

(2) Standard

Within two business days of closing, the Closing Agent must upload into P260 and mail to the AM a Final Closing Package including all of the following:

- all pages of the Closing Instructions and certifications;
- the final Closing Disclosure or similar legal document and all signed certifications;
- evidence the deed was delivered for recordation or a recorded copy;
- a copy of the wire confirmation proceeds transfer to the U.S. Treasury;
- a copy of form SAMS-1103, *Request to Wire Transfer Funds*;
- a copy of all applicable invoices or receipts of Disbursements; and

IV. CLAIMS AND DISPOSITION

B. Title II Disposition

2. REO Property Disposition

- a copy of the disbursement log accounting for all incoming and outgoing funds related to the transaction.

(3) Good Neighbor Next Door Additions to Final Closing Package

No later than five business days after closing, the Closing Agent must also send to the AM the following:

- the original Note;
- a copy of the Mortgage with evidence that it was delivered for recording; and
- a copy of the recorded Mortgage, when available.

(H)Canceled Closings

To cancel the sales contract after ratification by HUD, the buyer or selling broker must contact the AM and complete any required cancellation documentation provided by the AM.

The Closing Agent must send to the AM the signed deed and any extension fees in their possession.

The AM will ensure the return of the signed deed and forfeited extension fees, if any, to HUD.

The AM may offer the Property to back-up bidders before relisting the Property.

IV. CLAIMS AND DISPOSITION

C. Title I Claims

1. Title I Claims for Property Improvement

C. TITLE I CLAIMS

1. Title I Claims for Property Improvement

In order to receive insurance benefits, Lenders must comply with the claim procedures outlined below.

a. Claim Filing Deadline (05/09/2022)

A property improvement claim must be filed no later than nine months after the date of Default. The date of Default for filing a claim is 30 Days after the oldest unpaid Loan Payment.

Exceptions to the claim filing deadline include:

- a bankruptcy filing or any other litigation related to the Loan, if initiated prior to the end of the claim filing deadline. The claim must be filed within three months of the end of the litigation;
- management control of the Lender is assumed by a federal or state agency;
- the Borrower experiences a financial hardship directly attributable to a major disaster declared by the President;
- the Lender can show clear evidence the delay in claim filing was in the interest of HUD; and
- a Borrower is in “military service” as defined in the most recent available SCRA, as adopted by HUD. Any period of military service after the date of Default is excluded in computing the maximum time period for filing an insurance claim.

b. Claim Documentation (04/10/2025)

The Lender must submit the claim package for insurance benefits using form [HUD-637](#), *Title I Claim for Loss*. The form must be signed by an authorized officer of the Lender under applicable criminal and civil penalties for fraud and misrepresentation.

The claim package must include all applicable documents listed on form HUD-637.

Claims must be submitted to HUD’s [FOC](#).

i. Standard

The claim submission must contain the original signed documents for:

- Loan Servicing Agreement, if applicable;
- the Note;
- the security instrument;
- assignments;
- assumption agreements;
- releases of liability for repayment of the Loan; and
- any related documents and forms.

IV. CLAIMS AND DISPOSITION

C. Title I Claims

1. Title I Claims for Property Improvement

Additional documents must be provided to enable HUD to (1) evaluate the Lender's origination, underwriting, and servicing of the Loan; (2) calculate the claim amount; or (3) continue effectively servicing the Loan.

Electronic signatures are permitted provided they are in compliance with all requirements of the [Electronic Signatures in Global and National Commerce \(ESIGN\) Act, 15 U.S.C. § 7001 et seq.](#) and in accordance with HUD's policy on electronic signatures.

ii. Missing Document Statement

For missing required documents, the Lender must include in the claim file a Missing Document Statement. The statement must be signed by an authorized official of the Lender and include an explanation as to why the original document is not available. In addition, the statement must also attest to the following:

- The copy is true and correct, if applicable.
- The obligation is valid and enforceable.
- The obligation has not been satisfied, paid or canceled.
- The documentation provided is sufficient to enforce the obligation in the jurisdiction.
- The Loan will be repurchased, at any time, if HUD is unable to enforce the obligation.

iii. Bankruptcy and Probate

If a Borrower has declared [bankruptcy](#) or is [deceased](#), the claim file must contain all official notices, copies of any proof of claim or other documents filed by the Lender to protect its rights, and any other relevant documentation.

iv. Assignment of Lenders' Rights to the United States

Upon filing the insurance claim, the Lender must assign its entire interest in the loan Note (or in a Judgment in lieu of the Note), in any security held, and in any claim filed in probate, bankruptcy or insolvency proceedings, to the United States. If the security interest has been assigned to the United States, the assignment must be recorded prior to filing the insurance claim, unless HUD determines that recordation by the Lender is impractical.

(A) Form of Assignment

The assignment of the loan Note must be completed in the following form:

IV. CLAIMS AND DISPOSITION

C. Title I Claims

1. Title I Claims for Property Improvement

All rights, title, and interest of the undersigned is hereby assigned (without warranty, except that the loan qualifies for insurance) to the United States of America (HUD).

(Financial Institution) _____

By: _____

Title: _____

Date: _____

The assignment of other documents must be in a form that meets the requirements of the local jurisdiction or recording authority.

(B) Valid and Enforceable When Assigned

The loan obligation must be valid and enforceable against the Borrower when assigned to the United States. If HUD has reason to believe that an obligation is not valid or enforceable, the claim may be denied (or HUD may demand repurchase if a claim is already paid). The Lender may resubmit the claim after obtaining a valid and enforceable Judgment for the unpaid balance of the Loan.

(C) Assignment Delay at a Recorder's Office

The Lender must wait until the recorded assignment is returned from the recorder's office before sending the claim package to HUD. If there is a delay in receiving the original recorded lien assignment back from the recorder's office, the Lender must not delay its claim submission to HUD past the [Claim Filing Deadline](#). In this situation, the Lender must send the claim package to HUD with the following documentation in lieu of the original, recorded assignment:

- a copy of the executed, unrecorded assignment;
- reasonable evidence that the assignment was sent for recording before the expiration of the claim filing deadline. Examples of evidence include a check to pay the local recorder, a dated receipt from the recorder, or proof of mailing (i.e., stamped certified mail receipt); and
- a statement signed by an authorized officer of the Lender stating:
 - The copy of the executed assignment is a true and exact copy of what was sent to the recorder.
 - The recorded copy of the lien assignment could not be obtained before the end of the claim filing period due to delays in the recorder's office.
 - The Lender will promptly forward the lien assignment to HUD upon receipt of the recorded original.
 - The Lender will repurchase the Loan at any time if this delay results in harm to HUD or if the Lender fails to send the recorded lien assignment to HUD in a timely fashion.

IV. CLAIMS AND DISPOSITION

C. Title I Claims

1. Title I Claims for Property Improvement

When the original lien assignment is received from the recorder's office, it should be identified by the FHA case number (and by the claim number if available) and sent to the [FOC](#).

c. Calculation of Insurance Claim Payment (12/21/2022)

i. Reserve Account

Reserve Account refers to 10 percent of the amount disbursed, advanced, or expended by the Lender in originating or purchasing eligible Loans registered for insurance under Title I, less the amount of all insurance claims approved for payment in connection with losses on such Loans.

The claim payment is calculated as 90 percent of the valid claim amount, not to exceed the amount remaining in a Lender's insurance reserve account.

A valid claim includes:

- the unpaid loan obligation;
- interest on the unpaid loan obligation;
- uncollected court costs;
- attorney's fees;
- expenses for recording assignments; and
- the cost of force-placed Flood Insurance where required.

ii. Unpaid Amount of the Loan Obligation

(A) Definition

The Unpaid Amount of the Loan Obligation refers to the net unpaid principal and the uncollected interest earned to the date of Default, calculated according to the Actuarial Method.

Actuarial Method refers to the method of allocating payments made on a Loan between the outstanding balance of the principal amount borrowed and the interest due on a loan obligation, under which a payment is applied first to the accrued interest, and any remainder is subtracted from, or any deficiency is added to, the unpaid balance of the obligation.

(B) Standard

If the Lender obtained HUD's prior approval to [proceed against the loan security](#) and later files a claim for any remaining loss, the unpaid amount of the Title I loan obligation must be reduced by the proceeds received from the Property's sales or disposition, after deducting the following:

- the balances due on any obligations senior to the Title I obligation;
- customary and reasonable expenses for foreclosure and disposition, as determined by HUD;

IV. CLAIMS AND DISPOSITION

C. Title I Claims

1. Title I Claims for Property Improvement

- the interest on the unpaid amount of the loan obligation from the date of Default to the date of the claim's initial submission for payment plus 15 Days, calculated at the rate of 7 percent per annum. Interest will not be paid for any period greater than nine months from the date of Default;
- uncollected court costs, including fees paid for issuing, serving, and filing a summons;
- attorney's fees on an hourly or other basis for time actually expended and billed, not to exceed \$500; and
- expenses for recording an assignment of security to the United States, if applicable.

d. Claim Filing Supplies (05/09/2022)

i. Claim Folders

Lenders must obtain supplies of form HUD-3432, *Title I Claim Folder*, from the HUD Direct Distribution Center. Lenders may order the folders from the Direct Distribution Center by phone at (800) 767-7468, or email OnDemand.Mail@hud.gov.

ii. Packaging and Mailing the Claim

Form [HUD-637](#) has a checklist of the most common documents to accompany the claim. Each claim must be submitted in a green Title I Claim Folder (form HUD-3432) to HUD's FOC. HUD's FOC can provide these folders as well as labeled yellow file tab inserts to help sort the documentation.

iii. Premiums Branch (Title I Insurance Processing)

The Lender must submit the following Title I claim-related requests to the Title I Insurance Processing Branch:

- initial Title I claim submissions;
- resubmittals of claims;
- appeals of claim denials; and
- waiver requests.

For assistance or questions regarding claims, Lenders may contact the Title I Insurance Processing Branch in the following ways:

- call the Title I Insurance Processing Help Line at (800) 669-5152 extension 2832;
- send a fax to (202) 485-9035;
- send an email to title_one_help@hud.gov; or
- in writing to:

U.S. Department of Housing and Urban Development
Financial Operations Center
Attention: Title I Insurance Processing Branch
52 Corporate Circle
Albany, New York 12203

IV. CLAIMS AND DISPOSITION

C. Title I Claims

1. Title I Claims for Property Improvement

e. Method and Notification of Payment (05/09/2022)

The [Debt Collection Improvement Act of 1996](#) directs federal agencies to disburse funds via Electronic Funds Transfer (EFT).

i. Electronic Funds Transfer

In order to receive claim payments, the Lender must have completed the [SF 3881](#) form, *ACH Vendor/Miscellaneous Payment Enrollment*.

To wire payments to a Lender's bank account, HUD must receive a completed SF 3881 form. Processing this form takes several weeks as does testing through the Federal Reserve System. It is advisable for a Lender to have the form on file with HUD before filing a claim. The form can be obtained from the [FOC](#). After completing the SF 3881 form, Lenders must mail it to the address on the form.

ii. Notification and Identification of Claim Payment

Upon claim payment, a record will be attached to each EFT payment that includes the FHA case number and the Lender's loan number reported to HUD when the Loan was first reported for insurance. Details of the claim status and claim payment of a Loan can be found online using FHAC.

iii. Lender Responsibilities after Insurance Claim Payment

The Lender must not attempt to collect money from the Borrower, including the coinsurance loss, after a claim is paid. Since the loan Note is assigned to the United States, the Lender has no basis from which to make demand upon a Borrower.

After claim payment, the Lender must refer any legal notices, inquiries, correspondence, or payment to HUD's FOC.

f. Supplemental Claim (05/09/2022)

i. Definition

A Supplemental Insurance Claim refers to a claim request for additional reimbursement. A supplemental claim may be filed for reimbursable costs where the receipts were unavailable or not included with the initial claim.

ii. Standard

A supplemental claim must be filed within six months after the date of the payment on the initial claim.

IV. CLAIMS AND DISPOSITION

C. Title I Claims

1. Title I Claims for Property Improvement

iii. Required Documentation

The Lender must submit a supplemental claim on form [HUD-637](#). Lenders must provide an explanation for additional reimbursement, along with supporting documentation and receipts.

A fee of \$100 payable to HUD must accompany each supplemental claim. The \$100 will be returned to the Lender if the supplemental claim was due to HUD error.

g. Terminating Title I Premium Billing (05/09/2022)

Title I Lenders are obligated to pay the loan insurance premium on any insured Loan until it matures, or until the Loan is prepaid in full or an insurance claim is filed. This obligation continues even if:

- the Lender has exhausted its insurance coverage reserve account, provided that the Loan is current; and/or
- the Lender decides to terminate its Title I Contract of Insurance.

Terminated Title I Lenders may not originate new Title I Loans but remain obligated to pay FHA insurance premiums and to perform obligations under the Contract of Insurance for the existing Title I Loans it holds.

h. Abbreviated Claim (05/09/2022)

i. Standard

The abbreviated filing process allows insurance termination on Defaulted Loans when there is no expectation of claim payment. The Lender may submit an abbreviated claim to terminate premium billing when:

- the Loan is in Default and no Reserves are left; or
- the claim would not be payable for other reasons.

ii. Required Documentation

The Lender must submit:

- form [HUD-637](#), Part II with items 1–10 and 15–18 completed. The Lender, or an agent of the Lender with proper Power of Attorney (POA), must sign form HUD-637, with their full name and title included in box 16;
- a certification stating that the claim is being filed to stop premium charges, no claim payment is expected and no claim resubmission will occur. The Lender, or an agent of the Lender with proper POA, must sign the certification. Please also indicate that there are no Reserves, or why no claim payment is expected;
- copies of the Notices of Default and Acceleration. In the event that the Lender could not issue the notice due to bankruptcy, include documentation of the bankruptcy filing;

IV. CLAIMS AND DISPOSITION

C. Title I Claims

1. Title I Claims for Property Improvement

- documentation verifying that the Lender has updated credit bureau reporting to show Default has occurred; and
- a copy of the Note and security instrument (where applicable). No assignment to HUD is required. If the Lender does not have a copy of the Note, the Lender may send HUD a Missing Document Statement for the Note along with the copy of the security instrument, if the security instrument details the terms of the Loan.

Lenders must mail the abbreviated claim package to the FOC. To expedite processing, the Lender must use an attention line of “Abbreviated Claim Filing.”

iii. HUD Review of Abbreviated Claim

HUD will review the documentation to ensure that the Loan is a Title I Loan previously reported for insurance and that a Default has occurred. Once confirmed, HUD will accept the abbreviated claim filing and deny the claim benefits since it is not payable.

This claim denial will stop subsequent insurance charges from being billed. Lenders can confirm termination of billing by reviewing their next monthly Title I billing statement. These Loans will appear in the “RENEWAL CANCELLATION” section of the bill.

i. Denial of Insurance Claims (05/09/2022)

HUD may deny a claim for insurance in whole or in part based upon a violation of the regulations.

i. Invalid Debt

If the enforceability of the lien can be challenged, the Lender can obtain a Judgment against the Borrower and assign the Judgment to HUD. For example, improper wording of or method of mailing a legal notice may call into question whether a deficiency debt is valid. Acquiring a Judgment will prove the validity of the debt.

ii. Missing or Incomplete Work Description

HUD may deny the claim if the supporting documentation regarding the property improvements does not include sufficient detail to confirm that the loan proceeds were used solely for property improvements (and eligible fees/charges), that the costs were reasonable, and that all improvements were eligible. HUD will review the Completion Certificate, the inspection report, and any lender noncompliance reports in addition to the contract, Work Write-Up, or other written description of the proposed improvements. HUD may pay a claim despite a poor work description if the inspection confirms that 100 percent of the proceeds went to eligible improvements (and eligible fees/charges), but will deny a claim with a poor work description and other documentation that indicates misuse of loan proceeds.

IV. CLAIMS AND DISPOSITION

C. Title I Claims

1. Title I Claims for Property Improvement

iii. Claim Filing Past the Deadline

If a claim is filed after the [Claim Filing Deadline](#), the Lender must request a waiver to document that the late filing was unavoidable. Note that a servicing error by the Lender is not considered a valid basis for a waiver.

iv. Unresolved Borrower Complaints

HUD may deny a claim if there are unresolved valid borrower complaints against the Dealer or the Lender because a Loan with an unresolved complaint may not be valid and enforceable against the Borrower. The Lender may resubmit the claim with additional documentation regarding the resolution of the complaint or if the Lender obtains a Judgment against the Borrower. Obtaining a Judgment against the Borrower will prove the validity of the debt.

v. Note and/or Assignment Not an Original

The Lender must file a [Missing Document Statement](#) if the Lender cannot locate the original Note and/or Assignment of Note.

vi. Evidence of Borrower's Ownership Interest in the Property

The case binder must contain evidence of the Borrower's ownership interest in the Property.

vii. Notice of Default and Acceleration Noncompliance

HUD may deny the claim when the [Notice of Default and Acceleration](#) does not comply with requirements.

viii. Missing or Incorrect Information on Form HUD-637, *Title I Claim for Loss*

The Lender will be notified by the FOC if a revised form [HUD-637](#) is required due to missing or incorrect information. The revised form must be signed by an authorized official of the Lender prior to resubmitting the form to HUD.

j. Resubmitted Claims (05/09/2022)

i. Standard

The Lender must resubmit the claim to HUD within six months of the date of HUD's denial letter.

ii. Required Documentation

A resubmitted insurance claim package must contain the following:

- an updated form HUD-637;
- documentation and explanation to address reasons for denial; or

IV. CLAIMS AND DISPOSITION

C. Title I Claims

1. Title I Claims for Property Improvement

- explanation on why HUD's requests for additional documentation or explanations do not apply to this particular Loan.

k. Appeals (05/09/2022)

The Lender may appeal a denial of insurance benefits. The appeal must be sent to the FOC for processing with the claim package. Should the FOC uphold the denial, the FOC will forward the appeal to the Office of Single Family Program Development, Home Mortgage Insurance Division for review. The Home Mortgage Insurance Division will communicate the final decision to the FOC, who will respond to the Lender. An appeal request must include the following:

- the regulation in dispute;
- the Lender's interpretation of the regulation;
- why HUD's current interpretation is incorrect;
- any other documentation supporting the Lender's interpretation of the regulation;
- actions the Lender took to meet the Lender's interpretation of the regulations; and
- evidence in the claim binder demonstrating these actions.

l. Rescinding or Repurchasing a Claim (05/09/2022)

i. Voluntary Recall of a Claim

(A) Rescinding a Claim

The Lender may recall a claim at any point prior to claim payment. The rescission request must be sent in writing to the FOC and must clearly identify which claim is being recalled. The request must be in writing and signed by an authorized officer of the Lender.

(B) Repurchasing a Claim

A Lender may repurchase a claim for any reason if the claim payment amount is returned within 31 Days of the claim payment date. After 31 Days, HUD retains the right to determine whether it is in the best interest of HUD to return the claim. The repurchase request must be sent to the FOC and must clearly identify which claim is being recalled. The request must be in writing and signed by an authorized officer of the Lender. If repurchase is approved, the Lender must send a separate payment equal to the amount of the claim to the lockbox address for Title I payments.

ii. Involuntary Repurchase

FHA may demand that the Lender repurchase a Loan when the Note is invalid or unenforceable, or for violation of FHA's regulations. FHA's demand for repurchase may occur up to two years after the date that the claim is paid.

IV. CLAIMS AND DISPOSITION

C. Title I Claims

1. Title I Claims for Property Improvement

FHA may demand repurchase at any time with no time limit upon finding fraud or misrepresentation on the part of the claimant in the Loan's origination. When a Loan is repurchased, FHA will return the claim file to the Lender.

Failure to return a claim payment after demand could result in interest, administrative costs and penalties being assessed against the Lender. Continued failure to pay may result in referral to HUD's Mortgagee Review Board (MRB), the Department of the Treasury, or the Department of Justice (DOJ) for further action to enforce collection of the debt.

m. Lender Responsibilities Pending Insurance Claim Payment (05/09/2022)

If an insurance claim is pending payment, the Lender must not pursue active collections against the Borrower, but must take all steps necessary to protect the interests of HUD and the Lender.

The Lender is responsible for keeping information current for a claim that has already been submitted, but not yet paid.

i. Legal Notices

The Lender is responsible for answering [bankruptcy](#), [foreclosure](#) and other legal notices and forwarding the information to HUD.

ii. Borrower Payments

If a Borrower sends a payment while an insurance claim is pending, the Lender must accept it. The Lender then may either retain the payment and submit an amended form HUD-637, or hold the payment and forward it to the FOC after HUD pays the claim.

If a Lender opts not to submit an amended form HUD-637, the Lender may contact the FOC to advise that a payment is being held and request that processing of the claim be expedited so that the payment can be forwarded to the [FOC](#).

iii. Release of Liability

The Lender must not release the Borrower or any co-maker or Co-signer from liability under the Note unless in connection with an [assumption](#), or unless approved in advance by HUD. The Lender may seek approval from HUD by sending a written request to the [FOC](#). The Lender's submission to the FOC must include:

- information regarding the proposed release of liability;
- explanation as to why the Borrower is seeking release from liability;
- the Lender's recommendation; and
- documentation that supports why HUD should approve the request.

IV. CLAIMS AND DISPOSITION

C. Title I Claims

2. Title I Claims for Manufactured Homes

2. Title I Claims for Manufactured Homes

Since HUD does not take the Property upon Default, the claim paid by HUD is based on the deficiency balance. HUD requires the Lender to sell the Property prior to submitting a claim and requires the claim payment to be based on the [Best Price Obtainable](#).

If the repossessed Property is not covered by hazard or flood insurance and is subsequently damaged, the Lender bears responsibility for the loss. The appraised value, for claim purposes, will be based on the retail value of comparable homes in undamaged condition, without any deduction for such damage.

a. Pre-claim Requirements (05/09/2022)

The Lender may not file a claim until all default servicing remedies stated in [Loan Default and Loss Mitigation](#) have been applied. This servicing includes sending the Notice of Default and Acceleration, repossessing the Manufactured Home, appraising the home, sending the Notice of Sale, and selling the home.

b. Maximum Claim Filing Deadline (05/09/2022)

i. Definition

The Date of Default is 30 Days after the due date of the first unpaid installment.

Funds received by the Lender that equal a full installment, when applied to the overdue installments in the order in which they became due, advance the date of the oldest unpaid installment.

ii. Standard

The Lender must file a claim not later than three months after the date of sale of the Property securing the Loan, but not to exceed 18 months after the date of Default.

iii. Exception to Claim Filing Deadline

Exceptions to the maximum claim filing period are allowed when the Lender can document that the length of delay was reasonable based on the following:

- litigation related to the Loan, including bankruptcy, if initiated prior to the end of the claim filing deadline. The claim must be filed within three months of the end of the litigation;
- management control of the Lender is assumed by a federal or state agency (e.g., the Federal Deposit Insurance Corporation (FDIC));
- the Borrower experiences a financial hardship directly attributable to a major disaster declared by the President of the United States, provided the claim is filed no later than 12 months after the date of Default;
- the Lender can show clear evidence as to why the delay in claim filing was in the interest of HUD; or

IV. CLAIMS AND DISPOSITION

C. Title I Claims

2. Title I Claims for Manufactured Homes

- military service by the Borrower as defined in the most recent available SCRA, as adopted by HUD. Any period of military service after the date of Default is excluded in computing the maximum time period for filing an insurance claim.

c. Form HUD-637, *Title I Claim for Loss* (04/10/2025)

A claim for insurance benefits must be made on form [HUD-637, Title I Claim for Loss](#). All applicable documents indicated on the form must be included with the claim package, as well as any other documents necessary to meet the criteria shown below. The form must be signed and dated by an authorized official of the Lender under applicable criminal and civil penalties for fraud and misrepresentation.

Claims must be submitted to HUD's [FOC](#).

d. Claim Documentation (04/10/2025)

The Lender must fully document the insurance claim file and include originals of all signed documents in the submission package. These documents include, but are not limited to the:

- Servicing Agreement, if applicable;
- loan application;
- Note;
- [Notice to Borrower of HUD's Role](#);
- security instrument;
- Note assignment;
- assumption agreement; and
- form [HUD-56002-MH](#), *Placement Certificate for Manufactured Home*.

i. Missing Document Statement

For missing required documents, the Lender must include in the claim file a Missing Document Statement. The statement must be signed by an authorized official of the Lender and include an explanation as to why the original document is not available. In addition, the statement must also attest to the following:

- The copy is true and correct, if applicable.
- The obligation is valid.
- The obligation has not been satisfied, paid, or canceled.
- The documentation provided is sufficient to enforce the obligation.
- The Loan will be repurchased, at any time, if HUD is unable to enforce the obligation.

ii. Repossession Legal Notices

The claim file must contain copies of all necessary legal notices sent regarding the repossession and sale of the Manufactured Home. Any proof related to the delivery of such notices should also be included.

IV. CLAIMS AND DISPOSITION

C. Title I Claims

2. Title I Claims for Manufactured Homes

iii. Bankruptcy and Probate

In the case of [Bankruptcy](#) or [death of a Borrower](#), the claim file must contain all related official notices and documents. Required documentation includes a copy of any proof of claim or other documents filed by the Lender to protect its rights.

iv. Recourse Agreement

The Lender must exercise any right they have under a recourse agreement to have a Dealer repurchase the loan Note prior to filing a claim. If the Lender is unable to enforce the recourse agreement, the claim file must adequately document that enforcement was not possible.

Any recourse must first be used to reimburse the Lender for any of its losses on its 10 percent not covered by federal insurance. Any amounts remaining would offset any claim amount the Lender would make to FHA. FHA would not receive any of the recourse funds.

v. Assignment of Lenders' Rights to the United States

(A) Note Assignment

The claim package must include an assignment of the Lender's entire interest in the loan Note to the United States. The assignment of the loan Note must be completed in the following format:

All rights, title, and interest of the undersigned are hereby assigned (without warranty, except that the loan qualifies for insurance) to the United States of America (HUD).

(Financial Institution) _____

By: _____

Title: _____

Date: _____

(B) Assignment of Security Instrument

In most cases, Lenders will not assign the security instrument to HUD. Instead, Lenders must repossess and attempt to resell the Manufactured Home before submitting a claim to HUD.

If the Lender obtained a Judgment against the Borrower(s), or obtained additional security for the Loan beyond the minimum security required by HUD, then the Judgment, or other security held by the Lender, must be assigned to the United States. The document for such assignment(s) must be in a format that meets the requirements

IV. CLAIMS AND DISPOSITION

C. Title I Claims

2. Title I Claims for Manufactured Homes

of the local jurisdiction or recording authority. The assignment must identify HUD as the assignee and the FHA Title I case number.

The security assignment must be recorded prior to filing the insurance claim and the original recorded assignment document must be included in the claim package. If the Lender submitted the security assignment for recording in a timely fashion, but cannot provide the recorded document with the claim package due to delay at the recorder's office, or other circumstances beyond the Lender's control, the Lender must still file its claim prior to the claim filing deadline. Instead of the recorded assignment, the claim package must include the following documents:

- a copy of the executed, unrecorded assignment;
- reasonable evidence that the assignment was sent for recording before the expiration of the claim filing period. Reasonable evidence includes a copy of the dated check used to pay the local recorder, a dated receipt from the local recorder for the recording fees, or proof of mailing (e.g., certified slip, green card) of assignment to local recorder; and
- a statement signed by an authorized official of the Lender stating:
 - the copy of the executed assignment is a true and exact copy of what was sent to the recorder's office;
 - the recorded copy of the lien assignment could not be obtained before the end of the claim filing period due to delays in the recorder's office; and
 - the Lender will promptly forward the lien assignment to HUD upon receipt of the recorded copy.

(C) Valid and Enforceable When Assigned

The loan obligation must be valid and enforceable against the Borrower when assigned to the United States. If HUD has reason to believe that an obligation is not valid or enforceable, the claim may be denied (or HUD may demand repurchase if a claim is already paid). The Lender may resubmit the claim after obtaining a valid and enforceable Judgment for the unpaid balance of the Loan.

e. Calculation of Insurance Claim Payment (05/09/2022)

HUD calculates the claim payment as follows:

Start With	Loan Balance as of the Date of Default
Add:	Interim Interest Repossession and Preservation Costs Sales Commission
Subtract:	Best Price Obtainable Credit Due to the Borrower
Equals	Lender Loss
Subtract:	Coinsurance (10%)
Equals	Claim Payment (90% of Lender Loss)

IV. CLAIMS AND DISPOSITION

C. Title I Claims

2. Title I Claims for Manufactured Homes

f. Loan Balance as of Default Date (04/10/2025)

The date of Default is 30 Days after the due date of the first unpaid installment. Any amount received from a Partial Payment to a full monthly installment must be applied to the Loan and advance the next payment due date and the associated date of Default.

The loan balance as of the date of Default is the balance as of the last credited payment plus accrued interest up to 30 Days past the due date of the first unpaid installment.

g. Interim Interest (05/09/2022)

Interim Interest refers to the interest the Lender earns from the date of Default to the claim submission date on form [HUD-637](#), plus 15 Days.

HUD pays interim interest on the loan balance, up to a maximum of nine months of interest.

The interim interest rate is the [Treasury Current Value of Funds Rate](#), as determined and posted by the Department of the Treasury.

h. Repossession and Preservation Cost (05/09/2022)

Costs necessary to repossess the home and maintain the home while awaiting sale include but are not limited to:

- the fee for the condition report;
- the fee for the appraisal;
- the lot rent;
- unpaid/delinquent property taxes, provided that:
 - documentation is contained in the case binder from the local authority showing the tax amount that is past due;
 - the taxes are legally required to be paid in order for the Lender to repossess and/or foreclose on the collateral;
 - current year property taxes are due on the unit; and
 - the taxes are for the Property identified as secured on the security instrument;
- moving the home to a sales lot (not to exceed \$1,000 per module - i.e., \$1,000 for a single-wide, \$2,000 for a double-wide);
- the attorney's fees (not to exceed \$1,000);
- court costs (e.g., filing fee, fee for serving a summons);
- changing locks;
- winterizing; and
- hazard or flood insurance if obtained by the Lender after repossession.

i. Sales Commission (05/09/2022)

Sales commission may be reimbursed when paid to a third party to sell the repossessed home. The commission for selling the home must not exceed:

IV. CLAIMS AND DISPOSITION

C. Title I Claims

2. Title I Claims for Manufactured Homes

- 10 percent of the sales price if the home is sold on the original site; or
- 7 percent of the sales price if the home is moved and sold at another location.

j. Best Price Obtainable (05/09/2022)

The [Best Price Obtainable](#) must be subtracted in the claim calculation.

k. Credit due to Borrower (05/09/2022)

Credit Due to Borrower refers to money paid by the Borrower that has not been posted to the loan balance. Credit due to Borrower must be disclosed on form HUD-637. Credited funds include:

- positive escrow balance;
- money in suspense; and
- Partial Payments.

l. Claims Submission (05/09/2022)

i. Packaging the Claim

Form [HUD-637](#) has a checklist of the most common documents to accompany the claim.

Each claim must be submitted in a green Title I Claim Folder (form HUD-3432) to HUD's [FOC](#). HUD's FOC can provide these folders as well as labeled yellow file tab inserts to help sort the documentation.

ii. Mailing and Tracking the Claim

The claim must be mailed to the attention of the Endorsement and Claims Processing Branch at the FOC. Lenders must access FHAC to verify HUD's receipt of the claim package and issuance of claim payment.

Title I Insurance Processing Branch

The Lender must submit the following Title I claim-related requests to the Title I Insurance Processing Branch:

- initial Title I claim submissions;
- resubmittals of claims;
- appeals of claim denials; and
- waiver requests.

For assistance or questions regarding claims, Lenders may contact the Title I Insurance Processing Branch in the following ways:

- call the Title I Insurance Processing Help Line at (800) 669-5152 extension 2832;
- send a fax to (202) 485-9035;
- send an email to title_one_help@hud.gov; or
- in writing to:

IV. CLAIMS AND DISPOSITION

C. Title I Claims

2. Title I Claims for Manufactured Homes

U.S. Department of Housing and Urban Development
Financial Operations Center
Attention: Title I Insurance Processing Branch
52 Corporate Circle
Albany, New York 12203

m. Updating the Insurance Claim (05/09/2022)

A Lender is responsible for keeping information current for a claim that has already been submitted, but not yet paid.

n. Method and Notification of Payment (05/09/2022)

The [Debt Collection Improvement Act of 1996](#) directs federal agencies to disburse funds via Electronic Funds Transfer (EFT).

i. Electronic Funds Transfer

In order to receive claim payments, the Lender must have completed the [SF 3881](#) form, *ACH Vendor/Miscellaneous Payment Enrollment*.

To wire payments to a Lender's bank account, HUD must receive a completed SF 3881 form. Processing this form takes several weeks as does testing through the Federal Reserve System. It is advisable for a Lender to have the form on file with HUD before filing a claim. The form can be obtained from the [FOC](#). Lenders must mail the completed SF 3881 form to the address on the form.

ii. Notification and Identification of Payment

Upon claim payment, a record will be attached to each EFT payment that includes the FHA case number and the Lender's loan number reported to HUD when the Loan was first reported for insurance. Details of the claim status and claim payment of a Loan can be found online using FHAC.

iii. Lender Responsibilities after Insurance Claim Payment

The Lender must not attempt to collect money from the Borrower, including the coinsurance loss, after a claim is paid. Since the loan Note is assigned to the United States, the Lender has no basis from which to make demand upon a Borrower.

The Lender must promptly refer any inquiries or communications from the Borrower or others regarding the Loan to HUD's FOC. Lenders must also submit all legal notices, correspondence, or payment to HUD's FOC.

IV. CLAIMS AND DISPOSITION

C. Title I Claims

2. Title I Claims for Manufactured Homes

o. Supplemental Claim (05/09/2022)

i. Definition

A Supplemental Insurance Claim refers to a claim request for additional reimbursement. A supplemental claim may be filed for reimbursable costs where the receipts were unavailable or not included with the initial claim.

ii. Standard

A supplemental claim must be filed within six months after the date of the payment on the initial claim.

iii. Required Documentation

The Lender must submit a supplemental claim on form [HUD-637](#). Lenders must provide an explanation for additional reimbursement, along with supporting documentation and receipts.

A fee of \$100 payable to HUD must accompany each supplemental claim. The \$100 will be returned to the Lender if the supplemental claim was due to HUD error.

p. Terminating Title I Premium Billing (05/09/2022)

Title I Lenders are obligated to pay the loan insurance premium on any insured Loan until it matures, or until the Loan is prepaid in full or an insurance claim is filed. This obligation continues even if:

- the Lender has exhausted its insurance coverage reserve account, provided that the Loan is current; and/or
- the Lender decides to terminate its Title I Contract of Insurance.

The Title I insurance may be terminated under the following circumstances:

- the Lender files a claim on a Defaulted Loan; or
- the Title I Loan is paid in full. (Enter “paid-in-full” as the exception reason on the Annual Exception Payment screen, under Title I Servicing in FHAC.)

q. Abbreviated Claim (05/09/2022)

The abbreviated filing process allows insurance termination on Defaulted Loans when there is no expectation of claim payment. The Lender may submit an abbreviated claim to terminate premium billing when:

- the Loan is in Default and no Reserves are left; and/or
- the Lender knows a Defaulted Loan is ineligible for claim payment.

i. Required Documentation

The Lender must submit:

IV. CLAIMS AND DISPOSITION

C. Title I Claims

2. Title I Claims for Manufactured Homes

- form [HUD-637](#), Part II with items 1-9, 15 and 16 completed. The Lender, or an agent of the Lender with proper Power of Attorney (POA), must sign form HUD-637, with their full name and title included in box 16;
- a certification, stating that the claim is being filed to stop premium charges, no claim payment is expected and no claim resubmission will occur. The Lender, or an agent of the Lender with proper POA, must sign the certification. Please also indicate that there are no Reserves, or why no claim payment is expected;
- copies of the Notices of Default and Acceleration. In the event that the Lender could not issue the notice due to bankruptcy, include documentation of the bankruptcy filing;
- documentation verifying that the Lender has updated credit bureau reporting to show Default has occurred; and
- a copy of the Note and security instrument (where applicable). No assignment to HUD is required. If the Lender does not have a copy of the Note, the Lender may send HUD a Missing Document Statement for the Note along with the copy of the security instrument, if the security instrument details the terms of the Loan.

Lenders must mail the abbreviated claim package to the FOC. To expedite processing, the Lender must use an attention line of “Abbreviated Claim Filing.”

ii. HUD Review of Abbreviated Claims

HUD will review the documentation to ensure that the Loan is a Title I Loan previously reported for insurance and that a Default has occurred. Once confirmed, HUD will accept the abbreviated claim filing and deny the claim benefits since it is not payable.

This claim denial will stop subsequent insurance charges from being billed. Lenders can confirm termination of billing by reviewing its next monthly Title I billing statement. These Loans will appear in the “RENEWAL CANCELLATION” section of the bill.

r. Denial of Insurance Claims (05/09/2022)

Effective for loan applications dated on or after June 1, 2009, when FHA endorses a Loan for insurance, the Loan is covered under the Lender’s Contract of Insurance. The insurance coverage for the Loan is incontestable from the date of issuance of the certificate of insurance except for fraud or misrepresentation on the part of the claimant in the origination.

Regardless of the loan application date, FHA may deny a claim in whole or in part, or within two years after paying a claim, and recover the claim payment based upon a violation of FHA’s requirements for claim submission. If the Note representing the Borrower’s obligation that is assigned to FHA is invalid or unenforceable, or if the Lender making the claim does not follow the FHA claim requirements under the insurance contract, FHA may deny payment of the claim.

IV. CLAIMS AND DISPOSITION

C. Title I Claims

2. Title I Claims for Manufactured Homes

i. Debt Not Valid or Enforceable

If the enforceability of the lien can be challenged, the Lender can obtain a Judgment against the Borrower and assign the Judgment to HUD. A lien may be challenged by improper wording of or method of mailing a legal notice, or other events that can challenge the validity of the deficiency debt. Acquiring a Judgment will prove the debt is valid.

ii. Missing or Incomplete Claim File Documentation

The claim package must include all applicable documents listed on form HUD-637. If claim documentation is missing or incomplete, the FOC may request the documents from the Lender.

iii. Claim Filing Past the Deadline

If a claim is filed after the [claim filing deadline](#), the Lender must request a waiver to document that the late filing was unavoidable. Note that a servicing error by the Lender is not considered a valid basis for a waiver.

iv. Unresolved Borrower Complaint

A Borrower complaint that casts doubt on the enforceability of the loan Note must be resolved prior to filing a claim. The Lender may resubmit the claim with additional documentation regarding the resolution of the complaint or if the Lender obtains a Judgment against the Borrower. Obtaining a Judgment against the Borrower will prove the debt is valid and enforceable.

v. Note and/or Assignment Not an Original

The Lender may file a [Missing Document Statement](#) if it cannot locate the original Note and/or Assignment of Note.

vi. Error on the Appraisal Obtained in Connection with the Repossession of the Manufactured Home

The Lender must address and resolve appraisal errors directly with the Appraiser. A claim may still be paid if errors are not resolved; however, HUD will adjust the claim payment amount.

Errors on the appraisal include, but are not limited to, a property description (including model) that does not match the invoice/sales contract, math error in value calculation, and/or a value of model options was incorrectly used or omitted.

IV. CLAIMS AND DISPOSITION

C. Title I Claims

2. Title I Claims for Manufactured Homes

vii. Missing or Incorrect Information on Form HUD-637, *Title I Claim for Loss*

The FOC will notify the Lender if a revised form HUD-637 is required due to missing or incorrect information. The revised form must be signed by an authorized official of the Lender prior to its resubmission to HUD.

viii. Missing or Incomplete Receipts for Repossession and Resale Expenses

HUD will adjust/lower claim amounts if a receipt used to substantiate a claimed amount is missing or unclear, unless the Lender can locate the receipt or clarify any information in question.

s. Resubmitted Claims (05/09/2022)

When a claim file is denied, the Lender has the option to resubmit with information to resolve the denial.

i. Standard

The Lender must resubmit the claim to HUD within six months of the date of HUD's denial letter.

ii. Required Documentation

A resubmitted insurance claim package must contain the following:

- an updated form HUD-637; and
- documentation and explanation to address reasons for denial; or
- explanation on why HUD's requests for additional documentation or explanation do not apply to this particular Loan.

t. Appeals (05/09/2022)

The Lender may appeal a denial of insurance benefits. The appeal must be sent to the FOC for processing with the claim package. Should the FOC uphold the denial, it will forward the appeal to the Office of Single Family Program Development, Home Mortgage Insurance Division for review. The Home Mortgage Insurance Division will communicate the final decision to the FOC, who will respond to the Lender. An appeal request must include the following:

- the regulation in dispute;
- the Lender's interpretation of the regulation;
- why HUD's current interpretation is incorrect;
- any other documentation supporting the Lender's interpretation of the regulation;
- actions the Lender took to meet the Lender's interpretation of the regulations; and
- evidence in the claim binder demonstrating these actions.

IV. CLAIMS AND DISPOSITION

C. Title I Claims

2. Title I Claims for Manufactured Homes

u. Rescinding or Repurchasing a Claim (05/09/2022)

i. Voluntary Recall of a Claim

(A) Rescinding a Claim (Pre-claim Payment)

The Lender may recall a claim at any point prior to claim payment. The rescission request must be sent in writing to the FOC and must clearly identify which claim is being recalled. The request must be in writing and signed by an authorized officer of the Lender.

(B) Repurchasing a Claim (Post-claim Payment)

The Lender may repurchase a claim for any reason if the claim payment amount is returned within 31 Days of the claim payment date. After 31 Days, HUD retains the right to determine whether it is in the best interest of HUD to return the claim. The repurchase request must be sent to the FOC and must clearly identify which claim is being recalled. The request must be in writing and signed by an authorized officer of the Lender. If repurchase is approved, the Lender must send a separate payment equal to the claim amount of the claim to the lockbox address for Title I payments.

ii. Involuntary Repurchase (HUD's Demand for Repurchase of a Claim)

FHA may demand that the Lender repurchase a Loan when the Note is invalid or unenforceable, or for violating FHA's claim submission requirements. FHA's demand for repurchase may occur up to two years after the date that the claim is paid.

FHA may demand repurchase at any time with no time limit upon finding fraud or misrepresentation on the part of the claimant in the Loan's origination. Consistent with existing practice, when a Loan is repurchased, FHA will return the claim file to the Lender.

Failure to return a claim payment after demand could result in interest, administrative costs and penalties being assessed against the Lender. Continued failure to pay may result in referral to HUD's Mortgagee Review Board (MRB), the Department of the Treasury, or the Department of Justice (DOJ) for further action to enforce collection of the debt.

IV. CLAIMS AND DISPOSITION

D. Title I Disposition

1. Property Disposition for Property Improvement Loans

D. TITLE I DISPOSITION

1. Property Disposition for Property Improvement Loans

a. Lender Option to Proceed Against the Security (05/09/2022)

After [acceleration of the maturity](#) on a Defaulted Loan, the Lender may file a claim under its Contract of Insurance. If the Loan is secured, the Lender may opt instead to collect the Loan by proceeding against the loan security rather than via claim submission to HUD. The Lender might opt to collect via the security (rather than via its Title I insurance) if the Lender determines that it will likely recover more than the 90 percent insurance payment it will receive from HUD and/or if the Lender wishes to avoid a reduction in its Title I insurance coverage reserve account.

i. Prior Approval Required

If the Lender wants to proceed against the loan security and later file a Title I insurance claim for any remaining loss, the Lender must obtain prior approval from HUD.

The Lender must submit a written request for prior approval to the Home Mortgage Insurance Division. The request should include:

- the status of the Title I Loan, and an appraisal of the Property;
- the amount and position of all unpaid liens against the Property;
- estimated costs of foreclosure and disposition; and
- the anticipated time to acquire and dispose of the Property.

ii. Deficiency Judgment Required

In proceeding against the security, the Lender must comply with all applicable state and local laws, and must take all actions necessary to preserve its rights to obtain a valid and enforceable deficiency Judgment against the Borrower.

b. Foreclosure by Other Lien Holder (05/09/2022)

If another lien holder starts a foreclosure action against the Property that secures a Title I Loan, the Title I Lender must monitor the proceedings and participate as necessary to preserve its rights. HUD does not require that the Title I Lender bid at a foreclosure sale or acquire title to the Property. The Lender may submit a claim if the Title I Loan is in Default and otherwise eligible before, or after, the foreclosure action is completed.

If the Title I Lender elects to bid at a foreclosure sale to acquire title to the Property, then the Lender is “proceeding against the loan security” and the requirements outlined above will apply.

If the foreclosure action is completed prior to the Title I Lender submitting a claim to HUD, the Lender must determine if excess funds exist after foreclosure, and document that determination in the case binder. If excess funds are available, the Lender must take

IV. CLAIMS AND DISPOSITION

D. Title I Disposition

2. Property Disposition of Manufactured Homes

appropriate action to obtain them. The case binder must contain copies of all notices sent to the Title I Lender and document the Lender's actions.

c. Enforceable Note (05/09/2022)

The Lender must service the Loan in a manner that will preserve the right to collect the Loan. If necessary, a Lender may obtain a Judgment against the Borrower to establish enforceability.

2. Property Disposition of Manufactured Homes

a. Proceeding against the Loan Security (05/09/2022)

After acceleration of the maturity on a Defaulted Loan, the Lender must proceed against the loan security by repossession or foreclosure of the collateral. Any action must be in compliance with all applicable state and local laws, and the Lender must acquire proper marketable title to the Manufactured Home securing the Loan. The Lender must also take all actions necessary under federal, state, and local law to preserve its rights to obtain an enforceable deficiency against the Borrower.

b. Abandonment (05/09/2022)

If the Lender determines that the Manufactured Home has been abandoned, the Lender may proceed against the security without waiting for the expiration of the 30-Day period provided in the [Notice of Default and Acceleration](#). The Lender must document how it determined that the home was abandoned.

c. Condition Report (05/09/2022)

Prior to repossession, the Lender or its agent must make a visual inspection of the Manufactured Home and prepare a report regarding the condition of the home. The report must also detail the condition of any components or accessories that were financed with the Manufactured Home (e.g., refrigerator, air conditioner, etc.), and list any that are missing. The report must be retained in the case binder.

d. Appraisal (05/09/2022)

The Lender must obtain an appraisal of the secured Property in compliance with [Appraiser and Property Requirements for Title I Loans](#). The Lender must obtain the appraisal as soon as possible after repossession, or earlier with the permission of the Borrower. The appraisal must be performed on the home site unless the site owner requires that the home be removed before the appraisal can be performed. The appraisal must reflect the current value of comparable Manufactured Homes in similar condition and in the same geographic area where the repossession occurred. The appraised value is part of the calculation of the insurance claim payment.

IV. CLAIMS AND DISPOSITION

D. Title I Disposition

2. Property Disposition of Manufactured Homes

e. Appraiser Qualifications (05/09/2022)

Appraisers of Title I Manufactured Home Properties must be in compliance with requirements for [Title I Appraisers](#).

f. Damage to Manufactured Home While in Possession of the Lender (05/09/2022)

If the Manufactured Home is damaged while in the possession of the Lender, the Lender must document the nature of the damage and seek repair through their hazard insurance coverage. If the Manufactured Home is without hazard insurance, the appraisal should reflect value as if there were no damage.

g. Salvage (05/09/2022)

If the repossessed Manufactured Home is in such poor condition that it cannot be made usable again, the Appraiser must demonstrate that fact. The appraisal should reflect the Manufactured Home's salvage value and the method used to determine the value.

h. Repossession and Preservation Expenses (05/09/2022)

All repossession and preservation expenses paid to a third party must be documented in the case binder. Such expenses include legal fees, the cost to move the home, the cost of the appraisal, hazard insurance premiums, personal property taxes, and site rental. All receipts must be legible and detailed to identify the unit, Borrower, date, amount, purpose, and parties involved in the transaction. Note that there are limits to HUD's [reimbursement for legal fees and moving costs](#) in its calculation of the Lender's claim payment.

i. Acquisition by Voluntary Conveyance or Surrender (05/09/2022)

Instead of repossession, a Lender may accept a voluntary conveyance of title or ownership of the Property securing a Manufactured Home Loan which is in Default, provided that:

- the Lender accepts the conveyance in full satisfaction of the Borrower's obligation and no Title I claim is submitted to HUD; or
- the Lender may accept voluntary surrender of the Property without satisfaction of the Borrower's obligation and submit a Title I claim to HUD. The Lender must dispose of the Property in compliance with state and local laws so as to ensure that it can assign to HUD a valid and legally enforceable obligation against the Borrower for any deficiency.

If a Lender accepts a voluntary conveyance of title or a voluntary surrender of the Property, the Notice of Default and Acceleration is not required.

IV. CLAIMS AND DISPOSITION

D. Title I Disposition

2. Property Disposition of Manufactured Homes

j. Cash for Keys (05/09/2022)

i. Definition

Cash for Keys is a monetary consideration offered as an alternative to legal eviction to property occupants after foreclosure.

ii. Standard

The amount paid under this policy must be customary and reasonable for the jurisdiction, up to \$1,000 per dwelling, on the condition that the occupant peacefully vacates a Property for a Title I Loan in Default.

Cash for Keys must not be utilized in conjunction with Properties acquired by voluntary conveyance or surrender.

In jurisdictions with rent control ordinances, Lenders must adhere to all applicable laws and regulations.

The Cash for Keys offer must be made available only to occupants who fail to vacate a Property after the first notice to quit is delivered and further legal action to evict is imminent.

In order to receive the funds, all occupants must vacate the Property within 30 Days of the Cash for Keys offer. Occupants are required to leave the Property in Broom-swept Condition. All components (e.g., appliances, fixtures, inside or outside heating unit, inside or outside air conditioning unit, carport) must be left with the Property.

Servicers must inspect the vacant Properties within 15 Days after the occupants vacate the Property and prior to releasing the funds to ensure that the occupants have complied with their agreement on the condition of the Property.

The amount paid under the Cash for Keys policy may be included in a claim amount, and is subject to standard coverage of 90 percent, limited by the amount in the Lender's reserve account.

iii. Required Documentation

Servicers must maintain documentation in the file showing all of the following:

- a comparison analysis of the amount offered to the home occupants with jurisdictional cost for legal eviction and/or possession of the Property;
- the date and amount of the offer;
- the occupant's receipt of the funds and agreed upon date of vacancy;
- communication records related to the Cash for Keys offer; and
- a condition inspection.

IV. CLAIMS AND DISPOSITION

D. Title I Disposition

2. Property Disposition of Manufactured Homes

k. Sale of the Repossessed Home (05/09/2022)

The Manufactured Home must be sold to a third party and the sale must be evidenced by a sales contract. The Manufactured Home must be sold in a commercially acceptable manner, including all legally required notifications to the Borrower(s).

i. Best Price Obtainable

When the Lender obtains title to the Property securing a Manufactured Home Loan through repossession or foreclosure, the Property must be sold for the best price obtainable before submitting an insurance claim.

(A) Definition

The Best Price Obtainable refers to the greater of:

- the actual sales price of the Property, after deducting the cost of
 - repairs to make the home habitable,
 - cleaning and reconditioning,
 - upgrades to the home requested by a buyer,
 - making home furnishings, and equipment needed to make the Property marketable, and
 - transportation, set-up, and anchoring if the Manufactured Home is moved to a new home site; or
- the appraised value of the Property before repairs (as determined by a HUD-approved appraisal obtained in accordance with [Appraiser and Property Requirements for Title I Loans](#)).

(B) Standard

A Lender's objective in selling the Manufactured Home is to obtain the maximum net return in order to minimize the loss to HUD and to the Lender, and to minimize the deficiency amount that will be owed by the Borrower. The Lender should attempt to sell the home for a net sales price of no less than the retail appraised value of the home. A Lender may sell a home for less than the retail appraised value, but HUD's calculation of the insurance claim payment will be based on the best price obtainable.

ii. Cost to Make the Manufactured Home Marketable

Any expense paid to a third party to facilitate a sale by making the home marketable must be documented in the case binder. A receipt must be legible and detailed to identify the unit, Borrower, date, amount, purpose, and parties involved in the transaction. Items may include the cost of repairs, furnishings, transportation, and set-up. Any expense dated after the resale date will not be eligible for eventual insurance claim reimbursement.

IV. CLAIMS AND DISPOSITION

D. Title I Disposition

2. Property Disposition of Manufactured Homes

iii. Extra Items Sold with the Repossessed Manufactured Home

If a Lender sells an extra item in addition to the repossessed Manufactured Home to induce the sale, the extra item must be itemized on the sales contract and a value provided. This will allow the deduction of the item (i.e., a new washer and dryer, when none existed before) from the sales price to arrive at the sale value of the repossessed Manufactured Home for the purpose of claim calculation.

iv. Sales Commission

The amount of a sales commission paid to a third party must be documented in the case binder. Determination of whether the Manufactured Home was sold on- or off-site must be part of the documentation. Note that HUD limits the amount of [Sales Commission](#) that can be included in its calculation of the Lender's claim payment.

v. Enforceable Note

The Lender must service the Loan in a manner that will preserve a post-repossession resale deficiency, where state law allows. If necessary, a Lender may obtain a Judgment against the Borrower to establish enforceability.

vi. Lender Responsibility While Insurance Claim is Pending

If an insurance claim is pending payment, a Lender must not pursue active collections against the Borrower, but should take all steps necessary to protect the interests of HUD and the Lender.

vii. Legal Notices

The Lender is responsible for answering legal notices (e.g., bankruptcy) and forwarding the information to the FOC.

viii. Borrower Payment before Claim Payment

If a Borrower sends a payment while an insurance claim is pending, the Lender may either amend its form HUD-637, *Title I Claim for Loss*, or request that claim payment be expedited so that the payment can be forwarded to HUD.

ix. Prohibition against Coinsurance Recovery

The Lender must not attempt to collect money from the Borrower, including the coinsurance loss, after a claim is paid. Since the loan Note is assigned to the United States, the Lender has no basis from which to make demand upon a Borrower.

x. Borrower Payment after Claim Payment

All payments received by a Lender after claim payment must be promptly transmitted to the FOC.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

A. Quality Control of Lenders and Mortgagees

1. Quality Control Program Overview

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

The Quality Control, Oversight, and Compliance section in this *FHA Single Family Housing Policy Handbook* (Handbook 4000.1) covers quality control requirements, Federal Housing Administration (FHA) monitoring of Mortgagees, and enforcement actions FHA may take if its requirements are violated. This section covers Title I Lenders, Title II Mortgagees, and other FHA program participants. The term “Mortgagee” is used throughout for all types of FHA approval (both Title II Mortgagees and Title I Lenders) and the term “Mortgage” is used for all products (both Title II Mortgages and Title I Loans), unless otherwise specified.

A Mortgagee must fully comply with all of the following requirements in order to participate in the origination, underwriting, closing, endorsement, servicing, purchasing, holding, or selling of FHA-insured Title I or Title II Mortgages.

If there are any exceptions or program-specific requirements that differ from those set forth below, the exceptions or alternative program requirements are explicitly stated or hyperlinked to the appropriate guidance. Terms and acronyms used in this Handbook 4000.1 have their meanings defined in the [Glossary and Acronyms](#) and in the specific section of Handbook 4000.1 in which the definitions are located.

A. QUALITY CONTROL OF LENDERS AND MORTGAGEES

1. Quality Control Program Overview

a. Purpose of Quality Control Program (09/14/2015)

Quality Control (QC) Programs must be designed to:

- ensure compliance with FHA and Mortgagee policy and guidelines related to FHA Loan Administration;
- protect FHA and the Mortgagee from unacceptable risk;
- guard against errors, omissions, negligence, and fraud from those involved in the Mortgagee’s Loan Administration;
- determine the root cause of any deficiencies and identify potential internal and external control weaknesses;
- alert Mortgagee management to patterns of deficiencies with respect to mortgage process and personnel;
- ensure timely and appropriate corrective action;
- ensure the existence of required documentation (e.g., credit, loan, and appraisal information) that is the basis of underwriting and servicing decisions;
- ensure Mortgages are secured by properties with values sufficient to support the Mortgage; and
- ensure compliance with fair lending laws, including the Fair Housing Act and the Equal Credit Opportunity Act (ECOA).

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

A. Quality Control of Lenders and Mortgagees

1. Quality Control Program Overview

b. Definitions (10/15/2019)

i. Quality Control Program

A Quality Control (QC) Program is the process and written procedures through which the Mortgagee seeks to ensure that FHA operations and Loan Administration are in compliance with all applicable requirements.

ii. Quality Control Plan

A Quality Control (QC) Plan is a written plan that sets forth a Mortgagee's procedures for ensuring quality control. A QC Plan is the written element of a Mortgagee's QC Program.

iii. Loan Administration

Loan Administration refers to all aspects of the FHA mortgage lifecycle, including origination, underwriting, closing, endorsement, and servicing of FHA-insured Mortgages that are governed by FHA policies and procedures. Loan Administration includes the approval of a Condominium Project.

c. Standard (09/30/2016)

The Mortgagee must adopt and implement a QC Program that fully complies with the requirements of this Handbook 4000.1, and, where applicable, the additional Multifamily QC requirements outlined in the [*Multifamily Accelerated Processing \(MAP\) Guide, 4430.G*](#). The Mortgagee must maintain and update its QC Program as needed to ensure it is fully compliant with all applicable FHA requirements at all times.

The QC Program must cover the lifecycle of an FHA-insured Mortgage, including origination, underwriting, closing, endorsement, and servicing functions that are conducted by the Mortgagee.

The QC Program must cover all policies and procedures, whether performed by the Mortgagee or outsourced to a contractor, to ensure full compliance with FHA requirements for Loan Administration.

The QC Program must provide the Mortgagee's management with information sufficient to adequately monitor and oversee the Mortgagee's compliance, and measure performance as it relates to the Mortgagee's FHA mortgage activity.

i. Exception for Multifamily Mortgagees

The following QC Program requirements do not apply to Mortgagees with Originate Multifamily, Service Multifamily, or Service/Originate Multifamily only authority. For Mortgagees with Originate Single Family/Multifamily, Service Single

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

A. Quality Control of Lenders and Mortgagees

d. Required Documentation (09/20/2021)

The Mortgagee must document the existence of its QC Program and evidence of its implementation, including written procedures, QC reports, and corrective action plans. All applicable documents must be dated to demonstrate compliance with the retention and reporting time frames in [Quality Control of Lenders and Mortgagees](#).

i. Time Frame for Retention

The Mortgagee must retain all QC review results, including all selection criteria, review documentation, Findings, and actions taken to mitigate Findings, for a period of two years from the initial QC review, or from the last action taken to mitigate Findings, whichever is later.

ii. Production of Documents

The Mortgagee must make all documentation relating to its QC Program available to FHA at any time upon request.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

A. Quality Control of Lenders and Mortgagees

2. Institutional Quality Control Program Requirements

2. Institutional Quality Control Program Requirements

a. Who May Perform Quality Control (03/14/2016)

The Mortgagee may use employees or contractors to perform QC functions in accordance with the following requirements.

i. Employees

The Mortgagee must ensure that employees who perform QC Program functions are, at all times, independent of all Loan Administration processes and do not directly participate in any of the Loan Administration processes represented in the QC Plan. The Mortgagee must ensure QC employees are not within any chain of reporting or management that is directly connected to Loan Administration staff.

ii. Contractors

The Mortgagee may contract with outside vendors to perform QC functions if:

- the Mortgagee assumes full responsibility for the contractor's conduct of QC reviews in compliance with FHA requirements;
- the Mortgagee and the contractor have a valid contractual agreement in place that specifies the roles and responsibilities of each party; and
- the Mortgagee acknowledges that the existence of such contract for the provision of QC services does not satisfy the Mortgagee's obligation to have a written QC Plan that fully complies with FHA requirements.

The Mortgagee must ensure that contractor employees who perform QC Program functions on behalf of the Mortgagee do not participate in any of the Loan Administration processes represented in the QC Plan.

b. Operational Compliance (12/02/2024)

The Mortgagee must ensure that its QC Plan provides for the following required reviews.

i. Personnel

(A) Training

(1) Loan Administration and Quality Control Processes

(a) Standard

The Mortgagee must train all staff involved in FHA Loan Administration and QC processes to ensure that staff know all current FHA requirements for the FHA Loan Administration practices for which the Mortgagee is responsible.

A. Quality Control of Lenders and Mortgagees

2. Institutional Quality Control Program Requirements

(b) Required Documentation

The Mortgagee must maintain a list of all training provided to staff. For each training, the Mortgagee must include a summary of the content covered.

(2) Access to FHA Guidance

(a) Standard

The Mortgagee must provide all Loan Administration and QC staff with access to current FHA guidance including Handbooks, Mortgagee Letters (ML), Title I Letters (TI), Frequently Asked Questions (FAQ), and other guidance issued by FHA.

(b) Required Documentation

The Mortgagee must confirm that all Loan Administration and QC staff have access to the internet or to hard copies of current FHA guidance.

(B) Restricted Participation

(1) Standard

The Mortgagee must confirm it verified, through each of the following systems, that the designated employees and/or Affiliates listed below were permitted to participate in FHA programs. If any of the designated employees and/or Affiliates are found to be ineligible, they are restricted from participating in FHA programs.

Checks to verify employee eligibility must be conducted at least semiannually.

(a) Excluded Parties List

The Mortgagee must verify employee eligibility for all officers, partners, directors, principals, managers, supervisors, loan processors, loan underwriters, loan originators, and all other employees and Affiliates participating in U.S. Department of Housing and Urban Development (HUD) programs for or on behalf of the Mortgagee, using the [System for Award Management \(SAM\)](#) Excluded Parties List.

(b) Limited Denial of Participation

The Mortgagee must verify employee eligibility for all officers, partners, directors, principals, managers, supervisors, loan processors, loan underwriters, loan originators, and all other employees and Affiliates participating in HUD programs for or on behalf of the Mortgagee, using the [Limited Denial of Participation \(LDP\) List](#).

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

A. Quality Control of Lenders and Mortgagees

2. Institutional Quality Control Program Requirements

(c) National Mortgage Licensing System and Registry

The Mortgagee must verify that all employees and Affiliates participating in HUD programs for or on behalf of the Mortgagee are registered with the [National Mortgage Licensing System and Registry \(NMLS\)](#), unless excluded from NMLS requirements by law or regulation.

(2) Required Documentation

Mortgagees must maintain documentation that supports each employee's eligibility.

ii. Affiliate Quality Control Reviews

(A) Standard

The Mortgagee must perform QC reviews of its Affiliates in the same manner and under the same conditions as required for the Mortgagee's own operations. At a minimum, Affiliate monitoring must include a periodic (semiannual at a minimum) reverification of the Affiliate's compliance with all applicable laws related to licensing, qualification, eligibility, or approval to originate or subservice Mortgages.

(B) Required Documentation

The Mortgagee must document the methodology used to review Affiliates, the results of each review, and any corrective actions taken as a result of review Findings. The procedures used to review and monitor a Mortgagee's Affiliates must be included in the Mortgagee's QC Plan.

iii. Fair Housing and Fair Lending

The Mortgagee must verify that its operations comply with applicable state and federal fair lending laws, including the following:

- Fair Housing Act ([42 U.S.C. § 3601 et seq.](#))
- ECOA ([15 U.S.C § 1691 et seq.](#))
- Federal Truth in Lending Act ([15 U.S.C. § 1601 et seq.](#))

(A) Denied Mortgage Applications

(1) Standard

The Mortgagee must review a random statistical sample of denied applications within 90 Days from the end of the month in which the decision was made.

Reviews must be conducted on a monthly basis and ensure that:

- the reasons given for denial were valid;
- each denial has the concurrence of an officer, senior staff person, or underwriter with sufficient approval authority, or a committee chaired by

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

A. Quality Control of Lenders and Mortgagees

2. Institutional Quality Control Program Requirements

an officer, senior staff person, or underwriter with sufficient approval authority;

- the requirements of the ECOA are met and documented in each file; and
- no civil rights violations were committed in the denial of the application.

Where possible discrimination is noted, the Mortgagee must take immediate corrective action to ensure its operations comply with applicable state and federal fair lending laws.

(2) Required Documentation

The Mortgagee must document the methodology used to review denied applications, the results of each review, and any corrective actions taken as a result of review Findings. The procedures used to review denied applications must be included in the Mortgagee's QC Plan.

(B) Fair Housing Poster and Equal Housing Opportunity Logo

(1) Standard

The Mortgagee must verify that a [fair housing poster](#) is prominently displayed in the Mortgagee's home office and any branch offices that deal with Borrowers and the general public. The Mortgagee must verify that the [equal housing opportunity logo](#) is prominently displayed on all documents, including both hard copy and electronic documents, distributed by the Mortgagee to the public.

(2) Required Documentation

The Mortgagee must confirm that a fair housing poster is prominently displayed in the Mortgagee's offices. The Mortgagee must be able to demonstrate that all documents distributed by the Mortgagee to the public contain the equal housing opportunity logo.

(C) Fair Housing or Discrimination Violations

(1) Standard

Potential fair housing violations or instances of discrimination must be reported to HUD's Office of Fair Housing and Equal Opportunity (FHEO) immediately.

(2) Required Documentation

Fair housing violations and complaints may be reported online using the [HUD Form 903 Online Complaint](#), contacting HUD's local [FHEO Regional Office](#) or by calling the Fair Housing Complaint Hotline at 1-800-669-9777.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

A. Quality Control of Lenders and Mortgagees

2. Institutional Quality Control Program Requirements

iv. Escrow Funds

(A) Standard

The Mortgagee must verify that escrow funds received from Borrowers were used only for the purpose for which they were received, and are in compliance with all Consumer Financial Protection Bureau (CFPB) escrow requirements.

(B) Required Documentation

The Mortgagee must retain the results of each review and any corrective actions taken as a result of review Findings.

v. Mortgage Insurance Premiums

(A) Standard

The Mortgagee must verify that FHA Mortgage Insurance Premiums (MIP) were remitted to FHA within the required time period or, if not, that the remittance included Late Charges and interest penalties. Mortgagees must address any pattern of late submissions and promptly take corrective measures.

(B) Required Documentation

The Mortgagee must retain the results of each review and any corrective actions taken as a result of review Findings.

vi. Timely and Accurate Submission for Insurance

(A) Standard

The Mortgagee must verify that Mortgages are being submitted to FHA for insurance within the required time frames. See [Case Binder Submission – Direct Endorsement Non-lender Insurance](#), [Post-closing and Insurance for Property Improvement Loan Program](#) and [Post-closing and Endorsement for Manufactured Home Loan Program](#).

(B) Required Documentation

The Mortgagee must retain the results of each review and any corrective actions taken as a result of review Findings.

vii. Advertising

(A) Standard

The Mortgagee must review all advertisements generated by the Mortgagee or on its behalf to verify compliance with HUD/FHA advertising requirements. See

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

A. Quality Control of Lenders and Mortgagees

2. Institutional Quality Control Program Requirements

Advertising. The Mortgagee must take prompt corrective action upon discovering any violation of advertising requirements described in this Handbook 4000.1.

(B) Required Documentation

The Mortgagee must retain copies of any Advertising Device the Mortgagee produces, or that is produced on the Mortgagee's behalf, that is related to FHA programs. The Mortgagee must retain samples of the advertising reviewed, the results of each review, and any corrective actions taken as a result of review Findings.

viii. Reportable Cyber Incident

(A) Definition

A Cyber Incident is an occurrence that results in actual harm to the confidentiality, integrity, or availability of an information system or the information that the system processes, stores, or transmits.

A Reportable Cyber Incident is a Cyber Incident that has materially disrupted or degraded, or is reasonably likely to materially disrupt or degrade, the FHA-approved Mortgagee's ability to meet its operational obligations for originating or servicing FHA-insured Mortgages.

(B) Standard

An FHA-approved Mortgagee that has experienced a Reportable Cyber Incident must report the Cyber Incident to HUD's FHA Resource Center at answers@hud.gov and HUD's Security Operations Center at cirt@hud.gov **as soon as possible** and no later than 36 hours after the Mortgagee has determined that a Reportable Cyber Incident has occurred.

(C) Required Documentation

Cyber Incidents reported to HUD's FHA Resource center at answers@hud.gov and HUD's Security Operations Center at cirt@hud.gov must include the following information:

- (1) Mortgagee Name
- (2) Mortgagee ID
- (3) name, email address, and phone number of the Mortgagee's point of contact for coordinating follow-up activities
- (4) description of the Cyber Incident, including the following, if known:
 - date of Cyber Incident
 - cause of Cyber Incident
 - impact to Personally Identifiable Information
 - impact to login credentials
 - impact to Information Technology (IT) system architecture
 - list of any impacted subsidiary or parent companies

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

A. Quality Control of Lenders and Mortgagees

2. Institutional Quality Control Program Requirements

- (5) description of the current status of the Mortgagee's Cyber Incident response, including whether law enforcement has been notified.

c. Identifying Patterns (05/09/2022)

i. Standard

The Mortgagee must review its loan performance data to identify any patterns of noncompliance.

ii. Required Documentation

The Mortgagee must document the methodology used to review patterns of noncompliance, the results of each review, and any corrective actions taken as a result of review Findings. The procedures used to review patterns of noncompliance must be included in the Mortgagee's QC Plan.

Title II Mortgagees may use HUD's [Neighborhood Watch Early Warning System](#) (Neighborhood Watch) to assist with identifying patterns.

d. Fraud, Misrepresentation, and Other Findings (04/10/2025)

i. Definitions

(A) Finding

A Finding is a ~~final~~ determination of defect by the Mortgagee.

(B) Material Finding

In the context of mortgage origination and underwriting, a Finding is Material if disclosure of the Finding would have altered the Mortgagee's decision to approve the Mortgage or to endorse or seek endorsement from FHA for insurance of the Mortgage.

In the context of mortgage servicing, a Finding is Material if it has an adverse impact on the Property and/or FHA.

(C) Mitigated Finding

In the context of mortgage origination and underwriting, a Finding has been Mitigated if the Mortgagee has adequately addressed the deficiencies underlying the Finding, and such deficiencies have been remedied so that the Mortgagee's decision to approve the Mortgage or to endorse or seek endorsement from FHA for insurance of the Mortgage is acceptable to FHA.

In the context of mortgage servicing, a Finding has been Mitigated if the Mortgagee has adequately addressed the deficiencies underlying the Finding, and such

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

A. Quality Control of Lenders and Mortgagees

2. Institutional Quality Control Program Requirements

deficiencies have been remedied through mortgage servicing actions taken by the Mortgagee so there is no longer an adverse impact on the Property and/or FHA.

ii. Standard

The Mortgagee must monitor all FHA-insured Mortgages it originates, underwrites, services, or purchases, including those Mortgages originated by sponsored Third-Party Originators (TPO), for potential fraud, material misrepresentations, or other Material Findings.

Suspected instances of fraud, material misrepresentations, and other Material Findings must be investigated and documented by the Mortgagee's QC team, who must determine whether or not fraud or material misrepresentation actually occurred, or whether Material Findings exist.

iii. Internal Reporting to Senior Management

The Mortgagee's written QC Plan must contain a process for QC staff to report Findings identified through the QC process to senior management that complies with the following requirements.

(A) Time Frame for Reporting

For all Mortgages selected, Mortgagees must complete the initial Findings report within 60 Days of the date of selection.

Initial review Findings must be reported to the Mortgagee's senior management within 30 Days of completion of the initial Findings report.

The Mortgagee's final Findings report must be issued within 60 Days of the date the initial review Findings were reported to senior management.

(B) Corrective Action Plan

Mortgagee senior management must review and respond to each instance of fraud, material misrepresentation, or other Material Finding. The Mortgagee's final report must identify the corrective and curative actions being taken, the timetable for completion, and any planned follow-up activities.

(C) Follow Up

The Mortgagee must discuss all Findings with the responsible party(ies) in order to ensure corrective action and to prevent similar Findings from occurring in the future.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

A. Quality Control of Lenders and Mortgagees

2. Institutional Quality Control Program Requirements

iv. External Reporting to FHA

(A) Fraud and Material Misrepresentation

The Mortgagee must report to FHA all Findings of fraud and material misrepresentation.

(B) Material Findings

The Mortgagee must report to FHA all Material Findings concerning the origination, underwriting, or servicing of a Mortgage that the Mortgagee is unable to mitigate.

(C) Mitigated Findings

Findings that do not involve fraud or material misrepresentation and were already Mitigated by the Mortgagee do not have to be reported to FHA.

(D) Time Frame for Reporting

The Mortgagee must report all Findings of fraud or material misrepresentation to FHA immediately.

The Mortgagee must report all other Material Findings that the Mortgagee is unable to mitigate to FHA no later than 90 Days after the completion of the [initial Findings report](#).

(E) Corrective Action Plan

For all Findings that must be reported, the Mortgagee must identify what actions have been taken to attempt to mitigate each Finding, and report any planned or pending follow-up activities.

(F) Method of Reporting

(1) Title II Mortgages

The Title II Mortgagee must use the Self-Report feature in the [Loan Review System \(LRS\)](#) to report Title II Mortgage Findings to FHA. FHA may request supporting documentation, including the endorsement case binder, the QC report, and any other documentation necessary for FHA to fully evaluate the Finding.

(2) Title I Loans

The Title I Lender must make a Report of Non-compliant Activities to report Title I Loan Findings to FHA. The Report must be on the Title I Lender's letterhead and detail the Finding(s) and Corrective Action Plan. The report must contain the following information, if applicable, to assist in any FHA review:

- Title I Loan number

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

A. Quality Control of Lenders and Mortgagees

3. Loan Level Quality Control Program Requirements

- Borrower name, address and telephone number
- Property address
- Loan amount
- Loan date
- Property inspection date
- Title I Lender loan number
- Loan officer
- Dealer name, address, telephone number, and Taxpayer Identification Number (TIN)
- Manufactured Home Loan retailer name, address, and telephone number

The report must be sent to:

Housing Office of Lender Activities and Program Compliance
Attn: Director, Quality Assurance Division
Department of Housing and Urban Development
451 7th Street, S.W.
Washington, DC 20410

If the Title I Loan has been insured by HUD, the insurance on the Title I Loan will stay in effect. If the Non-Compliant activity was caused or sanctioned by an employee of a Title I Lender, HUD may request that the Title I Lender indemnify HUD for any loss sustained, or may impose other sanctions against the Title I Lender.

(G) Suspected HUD Involvement

If the Mortgagee suspects HUD employees or contractors were involved in fraud or material misrepresentation, the Mortgagee must refer the matter directly to HUD's Office of Inspector General (OIG)). All referrals to the OIG should be made to the OIG Hotline's call center at 1-800-347-3735 or via the OIG Hotline's website at www.hudoig.gov/hotline.

v. Required Documentation

The Mortgagee must retain all QC review results, including all selection criteria, review documentation, Findings, and actions taken to mitigate Findings.

3. Loan Level Quality Control Program Requirements

Mortgagees must perform QC reviews of FHA-insured Mortgages the Mortgagee and its Affiliates originate, underwrite, or service.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

A. Quality Control of Lenders and Mortgagees

3. Loan Level Quality Control Program Requirements

a. Loan File Selection (05/09/2022)

i. Time Frame for Selection and Review

(A) Pre-closing Reviews

Mortgagees must select Mortgages for pre-closing reviews during each month. Mortgages selected for pre-closing review must be reviewed after the Mortgage is approved by an FHA Direct Endorsement (DE) underwriter, and prior to closing.

(B) Post-closing Reviews

Mortgagees must select Mortgages for post-closing reviews on a monthly basis. The selection must be comprised of loans closed in the prior one-month period. Mortgages selected must be reviewed within 60 Days from the end of the prior one-month period.

(C) Early Payment Default Reviews

Mortgagees must select Early Payment Defaults (EPD) for review on a monthly basis. EPDs selected must be reviewed within 60 Days from the end of the month in which the loan was selected.

(D) Servicing Reviews

Mortgagees must select Mortgages for servicing reviews on a monthly basis. Mortgages selected for servicing reviews must be reviewed within 60 Days from the end of the month in which the loan was selected.

ii. Scope

The Mortgagee's QC Plan must provide for the thorough evaluation of all Loan Administration functions for which the Mortgagee is responsible. The Mortgagee must expand the scope of the QC review as appropriate when fraud or patterns of deficiencies are uncovered.

iii. Sample Size Standard

The Mortgagee's QC Plan must provide for a combination of both pre-closing and post-closing reviews. The Mortgagee's QC Plan must provide for review of an appropriately sized, statistically valid sample that complies with the following.

The Mortgagee must calculate its FHA QC sample size separately for FHA-insured Mortgages it originates/underwrites versus services.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

A. Quality Control of Lenders and Mortgagees

3. Loan Level Quality Control Program Requirements

(A) 3,500 or Fewer FHA-Insured Mortgages per Year

Mortgagees that originate/underwrite or service 3,500 or fewer FHA-insured Mortgages per year must review a minimum of 10 percent of the FHA-insured Mortgages the Mortgagee originates/underwrites or services.

(B) More Than 3,500 FHA-Insured Mortgages per Year

Mortgagees that originate/underwrite or service more than 3,500 FHA Mortgages per year must review either 10 percent of the FHA-insured Mortgages the Mortgagee originates/underwrites or services, or a stratified random sample that is of sufficient size to ensure a 95 percent confidence level with a confidence interval not to exceed 2 percent on an annual basis, based on the defect rates for FHA-insured Mortgages recently reviewed by the Mortgagee.

For origination and underwriting reviews, the stratification should be based on mortgage product type and the source of origination. For servicing reviews, the stratification should be based on servicing functions in the following categories: general servicing; default management and loss mitigation; escrow administration; foreclosure administration; and claims.

(C) Percent of Pre- and Post-closing Reviews

The Mortgagee's required FHA QC sample size must comply with the following balance of pre- and post-closing reviews:

Type of Review	% of FHA QC Sample Size
Pre-closing Review	10% or less
Post-closing Review	90% or more

(D) Exception

Mortgagees that close nine or fewer loans during the prior one-month period must select a minimum of one loan each month for pre-closing review.

iv. Sample Composition Standard

The Mortgagee's QC Plan must contain provisions to select FHA-insured Mortgages for review via random, EPDs, and discretionary sample selection methods that meet the following conditions. Only random and discretionary samples may be included in the [sample size standard](#).

(A) Random

The Mortgagee must select FHA-insured Mortgages through the use of statistical sampling such that each of the Mortgagee's FHA-insured Mortgages has an equal

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

A. Quality Control of Lenders and Mortgagees

3. Loan Level Quality Control Program Requirements

chance of being selected. The random sample must be drawn from all of the Mortgagee's FHA-insured Mortgages, regardless of origination source or program type.

(B) Early Payment Defaults

(1) Definition

Early Payment Defaults (EPD) are all Mortgages that become 60 Days delinquent within the first six payments.

(2) Standard

The Mortgagee must review *all* EPDs underwritten by the Mortgagee, regardless of which Mortgagee services the Mortgage.

Title II Mortgagees may use [Neighborhood Watch](#) to assist with identifying EPDs.

(C) Discretionary

The Mortgagee must focus discretionary samples on programs, participants, or sources that represent a high level of risk, which may include disproportionate loan volume, default rates, new relationships, or concentration in soft market areas.

v. Required Documentation

The Mortgagee must document how the sample size and selections were determined.

b. Loan Sample Risk Assessment (09/14/2015)

i. Definition

A Loan Sample Risk Assessment is a method of evaluating loans selected for QC on the basis of the severity of the violations found during QC reviews.

ii. Standard

Mortgagees must establish a Loan Sample Risk Assessment methodology. At a minimum, the methodology must include the categories of risk described below.

The Mortgagee must compare one month's QC sample to previous QC samples in order to conduct trend analysis.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

A. Quality Control of Lenders and Mortgagees

3. Loan Level Quality Control Program Requirements

iii. Risk Categories

(A) Low Risk

No issues or minor variances were identified with the origination, underwriting, or servicing of the Mortgage.

(B) Moderate Risk

The records contained unresolved questions or missing documentation. Issues were identified pertaining to processing, documentation, or decisions made during Loan Administration, but none were material. Failure to resolve these issues created a moderate risk to the Mortgagee and to FHA.

(C) Material Risk

The issues identified during the review contained [Material Findings](#) which represent an unacceptable level of risk.

iv. Required Documentation

The Mortgagee must document the methodology used to establish the loan sample risk assessment system and conduct trend analysis.

c. Origination and Underwriting Case Binder Compliance Review (05/09/2022)

i. Minimum Requirements

At a minimum, Mortgagees must include the following areas in their QC review to ensure they meet the requirements outlined in the [Title II Insured Housing Programs Forward Mortgages](#) section or the [Title I Insured Programs - Property Improvement Loan Program](#) or [Manufactured Home Loan Program](#) section(s):

Requirement	TII Pre-closing Review	TII Post-closing Review	Title I Review
Appraisal	✓	✓	✓
Mortgage application, eligibility, and underwriting documents	✓	✓	✓
Disclosures and legal compliance	✓	✓	✓
Mortgage origination documents	✓	✓	✓
Handling of mortgage documents	✓	✓	✓
Borrower occupancy		✓	✓*
Credit reports	✓	✓	✓
Outstanding debt obligations	✓	✓	✓

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

A. Quality Control of Lenders and Mortgagees

3. Loan Level Quality Control Program Requirements

Requirement	TII Pre- closing Review	TII Post- closing Review	Title I Review
Verifications of employment and deposit	✓	✓	✓
Self-employed Borrowers	✓	✓	✓
Borrower's source of funds	✓	✓	✓
Underwriting accuracy and completeness, including compensating factors	✓	✓	✓
Property improvement loan completion certificates and inspections of completed improvements			✓
Form HUD-56002-MH, <i>Placement Certificate for Manufactured Home</i> , and site-of-placement inspection			✓**
Property improvement loan proceeds use eligibility			✓
Post-Disbursement inspections on property improvements or manufactured home installation			✓
Property Flipping restrictions	✓	✓	
Prohibited restrictive covenants	✓	✓	
Qualified Mortgage (QM)	✓	✓

* Applies when the Property is a Manufactured Home (including Manufactured Homes with a Property Improvement Loan)

** Applies only to Manufactured Home Loans

ii. Document Review and Reverification

A Mortgagee's QC Plan for origination and underwriting must provide for the review and reverification of the following information on all FHA-insured Mortgages selected for pre-closing and post-closing review, unless otherwise specified below.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

A. Quality Control of Lenders and Mortgagees

3. Loan Level Quality Control Program Requirements

(A) Credit Report

(1) Standard

For all post-closing reviews, the Mortgagee must obtain a new credit report in the same form as the original credit report used to approve the Mortgage, including a Residential Mortgage Credit Report (RMCR), a Tri-Merged Credit Report (TRMCR), or, when appropriate, a business credit report for each Borrower whose FHA-insured Mortgage is selected for review. The new credit report must comply with the credit report standards described in the [Credit Report\(s\)](#) section. The Mortgagee must compare the new credit report obtained with the original credit report used to approve the Mortgage, and determine whether any discrepancies exist between the reports that may adversely affect the Borrower's eligibility to qualify for an FHA-insured Mortgage.

If discrepancies exist between the credit reports that may adversely affect the Borrower's eligibility to qualify for an FHA-insured Mortgage, then the Mortgagee must obtain a second, full RMCR.

(2) Exceptions

A new credit report does not have to be obtained for pre-closing reviews, or for non-credit qualifying Streamline Refinances.

(3) Required Documentation

The Mortgagee must retain a copy of the new credit report(s).

(B) Income, Employment, Asset, and Housing Expense Information

(1) Reverification

(a) Standard

For all post-closing reviews, the Mortgagee must analyze the validity and sufficiency of all documents contained in the loan file. The Mortgagee must reverify, in writing or electronically if available, the following:

- employment;
- income;
- assets;
- gift funds;
- source of funds; and
- Mortgage Payments or rental payments.

If a written or electronic reverification request is not returned to the Mortgagee, the Mortgagee must attempt a telephone reverification. Reverification is not required for pre-closing reviews.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

A. Quality Control of Lenders and Mortgagees

3. Loan Level Quality Control Program Requirements

(b) Required Documentation

The Mortgagee must retain evidence of the written, electronic, or telephone verification, and document the due diligence.

(2) Discrepancies

(a) Standard

The Mortgagee must evaluate all discrepancies to ensure that the original documents (except blanket verification releases) were completed before being signed, were as represented, were not handled by Interested Parties, and that all corrections were proper and initialed. All conflicting information in the original documentation must be resolved with the underwriter. Discrepancies in documentation discovered during pre-closing reviews must be resolved prior to closing.

(i) Exception for Mortgagees and Third-Party Originators

The Mortgagee and TPO are permitted to handle reverifications, provided the Mortgagee or TPO is not the seller, real estate agent, builder, or developer.

(b) Required Documentation

The Mortgagee must document any discrepancies and retain copies of information used to resolve such discrepancies.

(C) Property and Appraisals

(1) Standard

(a) Property and Appraisal Reviews

For all FHA-insured Mortgages selected by the Mortgagee for origination and underwriting QC review, the Mortgagee must evaluate all Property documentation and the appraisal report used to support the Property Value and eligibility for FHA insurance.

At a minimum, the Mortgagee must review all Property documentation and the appraisal report for completeness, technical accuracy, and overall quality in compliance with [Property Acceptability Criteria](#) and [Appraiser and Property Requirements for Title II Forward and Reverse Mortgages](#).

(b) Field Reviews

The Mortgagee must obtain appraisal field reviews on at least 10 percent of FHA-insured Mortgages selected for origination and underwriting QC review.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

A. Quality Control of Lenders and Mortgagees

3. Loan Level Quality Control Program Requirements

The Mortgagee's appraisal field review sample must include the following, even if inclusion of these Mortgages results in a field review sample that exceeds 10 percent of FHA-insured Mortgages selected for origination and underwriting QC review:

- at least 10 percent of [EPDs](#) underwritten by the Mortgagee, which must be randomly selected from the overall EPD population;
- all Mortgages selected by the Mortgagee for QC review based on a Property or appraisal-related [discretionary sample](#);
- all Mortgages for which the Mortgagee has received a Property complaint from the Borrower(s); and
- all Mortgages with unaddressed red flags, discrepancies, inconsistencies, or valuation issues found by the Mortgagee through its QC review of the Property documentation and appraisal report.

The Mortgagee may include [random sample](#) selections in its appraisal field review sample if necessary to meet the overall 10 percent requirement.

Field reviews must be performed by Appraisers listed on the [FHA Appraiser Roster](#) and must be reported on the applicable Residential Appraisal Field Review Report form.

(2) Exceptions

Mortgagees are not required to perform the [property and appraisal QC review](#), including any appraisal [field review](#), for Streamline Refinances where the Mortgagee was not required to order a new appraisal for a Property financed with an FHA-insured Mortgage.

Appraisal field reviews are not required for pre-closing property and appraisal QC reviews.

(3) Required Documentation

The Mortgagee must retain all results from the property and appraisal QC reviews required by this section, including appraisal field reviews. Results include all selection criteria, review documentation, Findings, and actions taken to mitigate Findings.

(D) Title I Loan Disbursement

(1) Standard

For all QC post-closing and Early Payment Default (EPD) reviews of [Title I Insured Programs- Manufactured Home Loan Program](#) and [Property Improvement Loan Program](#), the Title I Lender must determine that the Disbursement of loan proceeds was adequately documented in the case binder and the Disbursement was completed in accordance with FHA requirements. The Title Lender must also

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

A. Quality Control of Lenders and Mortgagees

3. Loan Level Quality Control Program Requirements

determine that Disbursements to a Borrower or Dealer were made in accordance with FHA requirements.

(2) Required Documentation

The Title Lender must document any discrepancies and retain copies of information used to resolve such discrepancies.

d. Quality Control Reviews of Specialized Mortgage Programs (10/15/2019)

i. Standard

QC reviews of specialized mortgage programs (e.g., 203(k), Home Equity Conversion Mortgages (HECM), Energy Efficient Mortgages (EEM), Condominiums, Condominium Project Approvals, etc.) must monitor compliance with FHA requirements specific to those programs.

ii. Required Documentation

The Mortgagee must retain all QC review results, including all selection criteria, review documentation, Findings, and actions taken to mitigate Findings.

e. Servicing Loan File Compliance Review (05/09/2022)

i. Minimum Requirements

Mortgagees must review all aspects of their servicing operations, including a review of subserviced Mortgages and activities as they relate to FHA-insured Mortgages, to guarantee that all FHA servicing and loss mitigation requirements are being met. At a minimum, Mortgagees must include the following elements in their QC review to ensure they meet the requirements outlined in the [Servicing and Loss Mitigation](#) and [Claims and Disposition](#):

Requirement	Title II Review	Title I Review
Servicing Records	✓	✓
Document Retention and Legibility	✓	✓
Nondiscrimination Policies	✓	✓
Borrower Requests, Compliance and Escalated Cases	✓	✓
Fees	✓	✓

Section 203(k) Mortgages	✓	
Servicing of HECM	✓	

f. Ineligible Participants (05/09/2022)**i. Origination and Underwriting Reviews****(A) Standard**

The Mortgagee must verify that none of the participants in the mortgage transactions reviewed were debarred, suspended, under an LDP for the FHA program and jurisdiction, or otherwise ineligible to participate in an FHA transaction. This includes participants in an assumption transaction.

Participants in a mortgage transaction may include, but are not limited to, the:

- seller (excluding the seller of a Principal Residence)
- listing and selling real estate agent
- loan originator

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

A. Quality Control of Lenders and Mortgagees

3. Loan Level Quality Control Program Requirements

- Dealer
- retailer involved in a Manufactured Home Loan
- loan processor
- underwriter
- Appraiser
- 203(k) Consultant
- Closing Agent
- title company

The Mortgagee must verify participant eligibility using the [SAM](#) Excluded Parties List, the [LDP List](#), and [NMLS](#), as applicable.

(B) Required Documentation

The Mortgagee must maintain documentation that supports each participant's eligibility.

ii. Servicing Reviews

(A) Standard

The Mortgagee must verify that none of the participants in the servicing transactions reviewed were debarred, suspended, under an LDP for the FHA program and jurisdiction, or otherwise ineligible to participate in an FHA transaction. This includes participants in a loss mitigation transaction.

Participants in a servicing transaction may include, but are not limited to:

- Borrowers applying for an ~~FHA-HAMP~~ Loss Mitigation Option
- underwriters
- real estate brokers
- Closing Agent
- title company
- employees of the Mortgagee, or Affiliates participating in HUD programs for or on behalf of the Mortgagee, who have influence or control over the evaluation, approval, or outcome of the servicing loss mitigation, or claims transaction.

The Mortgagee must verify participant eligibility using the [SAM](#) Excluded Parties List and the [LDP List](#), as applicable.

(B) Required Documentation

The Mortgagee must maintain copies of each participant's eligibility verification printouts.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

A. Quality Control of Lenders and Mortgagees

4. Data Integrity

4. Data Integrity

a. Standard (09/14/2015)

The Mortgagee's QC program must include a review of the completeness and accuracy of the information obtained for each Mortgage for all aspects of the Loan Administration process for which a QC sample is selected. The Mortgagee must [report all Findings internally to senior management, and to FHA](#) where appropriate.

i. Origination and Underwriting Information

For origination and underwriting, the review must validate all data elements submitted through the Automated Underwriting System (AUS), Technology Open To Approved Lenders (TOTAL) Mortgage Scorecard, and [FHA Connection \(FHAC\)](#), and validate that documentation exists in the loan file to support all data used to underwrite the Mortgage.

ii. Endorsement and Insurance Information

For endorsement, the review must validate all data elements submitted through [FHAC](#), and validate that documentation exists in the loan file to support all data used to endorse and insure the Mortgage.

iii. Servicing Information

For servicing, the review must validate mortgage information submitted through [FHAC](#), SFDMS, or Home Equity Reverse Mortgage Information Technology (HERMIT), as applicable.

b. Required Documentation (09/14/2015)

The Mortgagee must retain the results of each review and any corrective actions taken as a result of review Findings.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

B. Quality Control of Other Participants

1. Direct Endorsement Underwriter (03/14/2016)

B. QUALITY CONTROL OF OTHER PARTICIPANTS

1. Direct Endorsement Underwriter (03/14/2016)

The Direct Endorsement (DE) underwriter is not required to perform any individual Quality Control (QC) reviews. The DE underwriter must review any finding made in the Mortgagee's QC reviews performed in accordance with the [Loan Level Quality Control Program Requirements](#) concerning loans underwritten by the DE underwriter.

2. Nonprofits and Governmental Entities

a. Quality Control Plan Overview (03/14/2016)

i. Definition

A Quality Control (QC) Plan outlines the processes and procedures used by the nonprofit to monitor its compliance with FHA nonprofit program guidelines.

A Finding refers to a ~~final~~ determination of defect by the nonprofit agency.

ii. Standard

The nonprofit must develop and implement a QC Plan that explains its internal and external audit and monitoring procedures and must fully comply with the [requirements](#) in the Doing Business with FHA – Nonprofits section. The QC Plan must include the nonprofit's reports, any reports of fraud, corrective action plans, and review procedures.

The nonprofit must maintain and update its QC Plan as needed to ensure it remains fully compliant with all applicable FHA requirements.

iii. Required Documentation

The nonprofit must retain all QC review results, including all selection criteria, review documentation, Findings, and corrective actions taken to mitigate or resolve Findings. This documentation must be maintained for a minimum of three years. The nonprofit must make all documentation relating to its QC Plan available to FHA at any time upon request.

b. Quality Control Plan Findings and Corrective Action (03/14/2016)

i. Records of Quality Control Findings

The nonprofit must maintain records of QC Findings and actions taken, periodic reports, and review procedures. Reports must identify areas of deficiency, including the agency's policies and procedures, errors and omissions, and unacceptable patterns or trends. All violations of law or regulation, any known false statement, or fraud or program abuse must be reported to FHA, the Office of Inspector General (OIG), and the appropriate federal, state or local law enforcement agency.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

B. Quality Control of Other Participants

3. Real Estate Brokers (09/30/2016)

ii. Corrective Action

The nonprofit must maintain a copy of the corrective actions taken when Findings are discovered. Findings that result in changes to managerial staff or expose any deviance to previously approved processes must be brought to the attention of FHA upon discovery.

c. Fraud, Misrepresentation, and Other Findings (03/14/2016)

i. Standard

The nonprofit must take prompt, effective, and corrective measures to investigate and document suspected instances of fraud, misrepresentation, and other related Findings.

ii. Internal Reporting to Senior Management

The nonprofit's QC Plan must contain a process for its QC staff to promptly report and document Findings delivered to senior management. Nonprofit staff must report Findings to senior management no more than 15 business days from the date of discovery.

iii. External Reporting to FHA

The nonprofit's senior management must contact the ~~Program Support Division at the Jurisdictional Homeownership Center (HOC)~~ **FHA Resource Center at answers@hud.gov** to submit QC Findings. **HUD/FHA** will review the Findings and determine the appropriate course of action.

3. Real Estate Brokers (09/30/2016)

HUD's Asset Manager (AM) and ~~Homeownership Center (HOC)~~ **FHA** staff are responsible for quality control and monitoring procedures for HUD-Registered Real Estate Brokers.

4. Closing Agents (09/30/2016)

HUD's AM and ~~HOC~~ **FHA** staff are responsible for quality control and monitoring procedures for Closing Agents.

5. Title I Dealers – Property Improvement Loans (05/09/2022)

For Quality Control requirements for Title I Dealers for Property Improvement Loans, see [Monitoring the Dealer](#).

6. Title I Dealers – Manufactured Home Loans (05/09/2022)

For Quality Control requirements for Title I Dealers for Manufactured Home Loans, see [Monitoring the Dealer](#).

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

C. Mortgagee Monitoring

1. Cooperation with HUD Investigations and Reviews (09/14/2015)

C. MORTGAGEE MONITORING

1. Cooperation with HUD Investigations and Reviews (09/14/2015)

Mortgagees must fully cooperate with any investigation(s) or review(s) undertaken by HUD. Mortgagees must make all Corporate Officers and employees available for interviews and provide information and documents requested by HUD in the format and time frame requested.

2. Institutional Mortgagee Monitoring

a. Title I Lender Monitoring Reviews (05/09/2022)

i. Notice

Title I Lenders are given notice prior to FHA monitoring reviews.

i. Production of Case Binders and Records

Title I Lenders must have the files requested by FHA available for review. The Title I Lender must provide all records related to the Loans selected for review, including any and all files, whether hard copy or stored, in the Title I Lender's systems that include data or information on the specific Loans identified.

ii. Scope

FHA will, in its sole discretion, determine the scope of any monitoring review. FHA may conduct limited reviews of a Title I Lender's origination, underwriting, and servicing of FHA-insured Loans, or more comprehensive reviews that include not just the Title I Lender's files, records, and practices, but also the Title I Lender's overall operations and policies with respect to Lender relationships, QC and risk management, escrow administration, wholesale Loans, and certain FHA product lines.

iii. Findings

At the conclusion of a monitoring review, FHA will discuss Findings with the Title I Lender. FHA will provide the Title I Lender with notification of identified Findings, if any, and specify the remedies and responses that are required.

b. Title II Mortgagee Monitoring Reviews (04/10/2025)

i. Notice

FHA provides Mortgagees with notice prior to FHA monitoring reviews. Such notice may be transmitted via email to the Mortgagee's [administrative contact](#), which is described in the Doing Business with FHA section. The Mortgagee may access the [Loan Review System \(LRS\)](#) for detailed information about such monitoring reviews.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

C. Mortgagee Monitoring

2. Institutional Mortgagee Monitoring

ii. Production of Loan Files and Records

Mortgagees must have the files requested by FHA available for review. The Mortgagee must provide all records related to the loans selected for review, including any and all files, whether hard copy or stored, in the Mortgagee's systems that include data or information on the specific loans identified.

iii. Scope

FHA will, in its sole discretion, determine the scope of any monitoring review. FHA may conduct limited reviews of a Mortgagee's origination, underwriting, and servicing of FHA-insured Single Family Mortgages, or more comprehensive reviews that include not just the Mortgagee's files, records, and practices, but also the Mortgagee's overall operations and policies with respect to Mortgagee relationships, quality control and risk management, escrow administration, wholesale Mortgages, and certain FHA product lines.

iv. Findings

At the conclusion of a monitoring review, FHA will document any identified Findings in the [LRS](#) and will specify the remedies and response that are required from the Mortgagee. For reviews of mortgages conducted as part of a monitoring review, results will be documented in accordance with the Title II Loan Reviews [Findings](#) section.

Notwithstanding the standard process described above, FHA may refer any Finding for administrative or other enforcement action as described in [Referrals for Noncompliance](#), with or without documenting Findings in the LRS.

c. Servicer Tier Ranking System II (02/16/2021)

i. Definition

The Tier Ranking System (TRS) II is a methodology for quantifying a Mortgagee's performance in complying with HUD's Loss Mitigation and Delinquent servicing policies.

ii. Standard

TRS II evaluates Mortgagees' overall performance in Delinquent mortgage servicing, based on the following elements:

- foreclosure prevention: evaluates a Mortgagee's foreclosure initiation actions, time frames, and intervention practices;
- Re-Defaults: evaluates and scores the performance of cases after a mortgage modification or Partial Claim incentive claim is filed with and processed by HUD, or after a non-incentivized modification is reported to HUD;
- SFDMS reporting: evaluates if a Mortgagee is reporting on all open Defaults and evaluates the number of fatal errors committed by the Mortgagee; and

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

C. Mortgage Monitoring

2. Institutional Mortgage Monitoring

- loss mitigation engagement: measures the Mortgagee's formal and informal loss mitigation engagement and indirectly measures early engagement in loss mitigation.

See [TRS II – Scorecard Calculation Methodology – Servicer Narrative](#) for complete instructions.

iii. Who Will Be Scored

(A) Eligibility

HUD scores and classifies all Mortgagees as a Public Scorer, Public Provisional Scorer or Private Scorer.

A Mortgagee must have a continual 12 months of performance or is automatically opted out for that fiscal year's scores. In addition, a Mortgagee must meet the criteria of either Public Scorer or Public Provisional Scorer to be eligible for increased incentives.

A Mortgagee who is contemplating and/or anticipating an institution level acquisition or merger may contact ~~the NSC~~ HUD at answers@hud.gov to discuss scoring impacts and ramifications. For more information about transferor and transferee responsibilities during an acquisition or merger, see [Responsibility for Servicing Actions](#).

(1) Public Scorer

A Mortgagee will be classified as a Public Scorer when the Mortgagee:

- is approved to service Single Family Mortgages;
- has an active approval status; and
- is the Servicer of record for a seriously delinquent portfolio of more than 25 Mortgages.

A Mortgagee classified as a Public Scorer has no option to opt out. The Mortgagee's final fiscal year end score will be made available to the public and is eligible for increased incentives associated with achieving a Tier 1.

(2) Public Provisional Scorer

A Mortgagee will be classified as a Public Provisional Scorer when the Mortgagee:

- is approved to service Single Family Mortgages;
- has an active approval status; and
- is the Servicer of record for a seriously delinquent portfolio of between 5 and 25 Mortgages.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

C. Mortgage Monitoring

2. Institutional Mortgage Monitoring

A Mortgagee classified as a Public Provisional Scorer has the option to opt out. The Mortgagee's final fiscal year end score will be made available to the public if the opt-out option is not exercised and is eligible for increased incentives associated with achieving a Tier 1.

(3) Private Scorer

A Mortgagee will be classified as a Private Scorer when the Mortgagee is the Servicer of record for a seriously delinquent portfolio of less than five Mortgages.

A Mortgagee classified as a Private Scorer is automatically opted out. The Mortgagee's final fiscal year end score will not be made available to the public and is not eligible for increased incentives associated with achieving a Tier 1.

(B) Who Receives the Score

Mortgagees are scored on specific case performance on four TRS II elements as the Servicer of record per HUD's insurance system when any of the following is triggered:

- SFDMS reporting: the Mortgagee that is the Servicer of record and is performing loss mitigation for the current default episode;
- loss mitigation engagement: the Mortgagee that executes the Loss Mitigation Option, or files the claim;
- foreclosure prevention: the Mortgagee that initiates the foreclosure; or
- Re-Defaults: the Mortgagee that executed the initial Loss Mitigation Option prior to the Re-Default.

Additional information related to this can also be found in the [TRS II – Scorecard Calculation Methodology – Servicer Narrative](#).

(C) Process to Opt Out

The Mortgagee must determine if it qualifies to opt out. To request to opt out of scoring, the Mortgagee must submit a request to ~~NSC~~ HUD via email to answers@hud.gov, no later than October 31 of each calendar year for which the Mortgagee requests to opt out of scoring. The Mortgagee must include in the request:

- “TRS II Opt Out” in the subject line of their email; and
- their Mortgagee five-digit ID number.

Once ~~NSC~~ HUD verifies the Mortgagee's status, the Mortgagee will receive a confirmation email that the Mortgagee has opted out of scoring for the fiscal year.

(D) Use of Scores

HUD will continue to score all Mortgagees. Scores for Public Provisional Mortgagees who have exercised the opt-out option and for Private Scorers will be used for informational purposes and HUD audits.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

C. Mortgage Monitoring

2. Institutional Mortgage Monitoring

HUD will not make publicly available the scores of Mortgagees who have opted out of scoring.

iv. Tier Ranking System II Element Calculations

Mortgagees may calculate their own TRS II scores by following the instructions provided in the [TRS II – Scorecard Calculation Methodology – Servicer Narrative](#).

v. Extra Credit

The Mortgagee may receive extra credit added to their final fiscal year end score by attending, participating in, and/or completing delinquent servicing training pursuant to the attendance and completion requirements in the [TRS II – Scorecard Calculation Methodology – Servicer Narrative](#).

vi. Scores, Grades, and Tiers

HUD evaluates each scoring element separately, based on activity for each month in the quarter, and then averages the elements for a quarterly score.

HUD will provide Mortgagees with a TRS II Scorecard each quarter, along with a corresponding letter grade and tier ranking. HUD will average quarterly scores to produce a final annual fiscal year score and grade.

Final Fiscal Score	Assigned Grade	Corresponding Tier
90.00% - 100.00+%	A	1
80.00% - 89.99%	B	2
70.00% - 79.99%	C	3
60.00% - 69.99%	D	3
59.99% or Less	F	4

vii. Notification of Tier Ranking System II Scores

Mortgagees will receive notice that quarterly TRS II scores are available via email after the conclusion of each fiscal year quarter. See the [TRS II – Scorecard Calculation Methodology – Servicer Narrative](#) for information on how to receive these quarterly notices.

viii. Appeals

(A) Basis for Appeals

The only basis for an appeal by the Mortgagee receiving an “F”/Tier 4 is disagreement with the data used by HUD to calculate the Mortgagee’s grade. If HUD determines that the Mortgagee’s “F”/Tier 4 grade rating was based on incorrect or incomplete data, HUD will recalculate the Mortgagee’s performance and will provide a corrected score.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

C. Mortgagee Monitoring

2. Institutional Mortgagee Monitoring

(B) Time Frame

Mortgagees receiving a grade of “F”/Tier 4 may appeal their final score no later than 30 Days after the issue date of the final fiscal year grade.

(C) Process

The Mortgagee must submit the appeal to HUD’s Deputy Assistant Secretary for Single Family Housing or their designee and request an informal HUD conference.

ix. Public Availability of Scores and Grades

All scored Mortgagees, except those which have chosen to opt out, will have their names and scores published on HUD’s [Tier Ranking System](#) website at the close of each calendar year, after all [Appeals](#) have been evaluated and after Mortgagees that have submitted appeals have been notified of the decision.

x. Increased Incentives

A Mortgagee earning a final annual fiscal year grade of “A” and Tier 1 score may qualify for increased incentives for the following calendar year.

d. DELRAP Mortgagee Monitoring Reviews (10/15/2019)

i. Types of DELRAP Mortgagee Monitoring Reviews

(A) Periodic Review

A Periodic Review refers to the monitoring of the work performed by the DELRAP Mortgagee and its DELRAP staff reviewer to ensure compliance with FHA requirements.

(B) Post-Action Review

A Post-Action Review refers to evaluations of submitted Unconditional DELRAP Authority packages.

ii. Production of Files and Records

A DELRAP Mortgagee must provide all information and files requested by FHA to assist in a Periodic Review or Post-Action Review.

iii. Scope

Condominium Project approvals, denials or recertifications may be selected for review.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

C. Mortgagee Monitoring

3. Loan Level Monitoring

iv. Findings

At the conclusion of a Periodic Review or Post-Action Review, FHA will discuss the results with the DELRAP Mortgagee. FHA will provide the DELRAP Mortgagee with notification of the completion of the review and, if applicable, specify the remedies and response that is required from the DELRAP Mortgagee.

3. Loan Level Monitoring

a. Title I Loan Reviews (05/09/2022)

i. Notice

FHA will notify Title I Lenders of its intent to review the Title I Loan.

ii. Production of Case Binders

The Title I Lender must provide the requested case binder within 10 business days of FHA's transmittal of a request.

iii. Scope

Title I Loan reviews consist of, but are not limited to, the Title I Lender's compliance with FHA guidelines and an assessment of whether the Loan represents an unacceptable level of risk to FHA.

iv. Findings

At the conclusion of the review, FHA will provide the Title I Lender with notification of the identified Findings, if any, and specify the remedies and responses that are required.

b. Title II Loan Reviews (04/10/2025)

i. Notice

FHA will notify Mortgagees with Lender Insurance (LI) authority daily via email of its intent to review the Mortgagee's LI case binders. Mortgagees that do not have LI Authority can view loans selected for review in the [Loan Review System \(LRS\)](#) on the Insurance Application screen in [FHAC](#).

ii. Production of Case Binders

If approved to submit electronic Case Binders (eCBs) to FHA, the Mortgagee must submit the case binder using eCB delivery.

Mortgagees not approved to submit eCBs to FHA must provide the requested case binder(s) using the [FHA Catalyst: Case Binder Module](#) to FHA.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

C. Mortgagee Monitoring

3. Loan Level Monitoring

All case binders must be submitted to FHA within 10 business days of FHA's transmittal of a request.

Failure of a Mortgagee with LI Authority to submit requested case binders may result in [suspension of the Mortgagee's LI Authority](#).

iii. Scope

Title II loan reviews consist of, but are not limited to, the Mortgagee's compliance with FHA guidelines and an assessment of whether the Mortgage represents an unacceptable level of risk to FHA.

iv. Findings

FHA will document the results of each loan review in the [LRS](#). Any Findings of noncompliance with Title II Insured Housing Program requirements will be identified in accordance with [Appendix 8.0 – FHA Defect Taxonomy](#). For each unacceptable Finding, FHA will request a response and specify allowable remedies from the Mortgagee. The Mortgagee must resolve each unacceptable Finding by submitting a response and remedy requested through the [LRS](#).

Notwithstanding the standard process described above, FHA may refer any Finding for administrative or other enforcement action as described in [Referrals for Noncompliance](#), with or without documenting Findings in the LRS.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

D. Monitoring of Other Participants

1. Appraisers (03/27/2019)

D. MONITORING OF OTHER PARTICIPANTS

1. Appraisers (03/27/2019)

FHA may perform periodic reviews of the work performed by FHA Roster Appraisers to ensure compliance with FHA requirements. FHA Roster Appraisers must provide any additional information requested by FHA to assist in properly evaluating the work performed.

2. 203(k) Consultants (03/14/2016)

FHA may perform periodic reviews of the work performed by 203(k) Consultants to ensure compliance with FHA requirements. 203(k) Consultants must provide any additional information requested by monitors to assist them in properly evaluating the work performed.

3. Nonprofits and Governmental Entities

a. Monitoring of Governmental Entities and HUD-Approved Nonprofits (03/14/2016)

FHA monitors Governmental Entities and HUD-approved Nonprofits that participate in FHA's nonprofit programs as part of its ongoing QC activities to ensure compliance with FHA requirements. ~~The HOC~~ **FHA** conducts remote and on-site reviews for monitoring purposes.

i. Notice

FHA will notify Governmental Entities and HUD-approved Nonprofits of its intent to conduct a review of their Affordable Housing Program (AHP) 30 Days prior to any review.

ii. Scope

FHA will, at its sole discretion, determine the scope of any monitoring review. These reviews may include, without limitation, a review of projects under development, the agency's internal control procedures, and adherence to the goals of the approved program.

iii. Production of Files and Records

Nonprofits must have the files requested by FHA available for review. ~~The HOC~~ **FHA** may request documentation regarding the nonprofit's progress in implementing its AHP(s).

~~The HOC~~ **FHA** will make review requests in writing, providing the nonprofit with 30 Days to respond and accommodate such requests.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

D. Monitoring of Other Participants

3. Nonprofits and Governmental Entities

iv. Findings

Following the monitoring review, FHA will discuss Findings with the Governmental Entity or HUD-approved Nonprofit. FHA will provide notification of identified Findings, if any, and specify the remedies and response that is required.

b. Monitoring of HUD Homes Participants (03/14/2016)

FHA's review and monitoring activity will include a review of the AHPP and verification that HUD Homes purchased at a discount of 10 percent or greater are sold to persons at or below the applicable median income. FHA will review and monitor the program participant's [Individual Property File](#) and [Net Development Costs \(NDC\)](#). The NDCs are used to review program compliance and profit margins.

FHA will also monitor to ensure that savings under the HUD Homes program are passed on to Low- to Moderate-Income Borrowers.

~~The HOC~~ **FHA** may request access to properties under development or otherwise a part of the nonprofit agency's AHP.

Additional Documentation Required for Review

The Governmental Entity or HUD-approved Nonprofit must have the [Individual Property File](#) and the following additional documentation available for FHA staff completing a review:

- bank statements and monthly reconciliations for the last two years;
- proof of payment documentation for the last two years;
- a current financial statement and evidence of funding sources;
- rental payment history and evidence of funding sources;
- general ledger entries for the last two years;
- contractor licenses and qualifications records;
- a Marketing Plan and evidence of marketing efforts;
- an AHPP; and
- a QC Plan and monitoring reports.

c. Monitoring FHA Mortgagor Participants (03/14/2016)

FHA reviews the nonprofit's mortgage performance under the program. FHA will monitor foreclosure rates, Default and evidence of fraud.

d. Monitoring of Secondary Financing Program Participants (03/14/2016)

FHA will review second lien performance. HUD-approved Nonprofit Mortgagees must identify second liens and their performance.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

D. Monitoring of Other Participants

4. Real Estate Brokers (09/30/2016)

Additional Documentation Required for Review

Upon request, the Governmental Entity or nonprofit must provide copies of fully executed Closing Disclosures or similar legal documents, and recorded secondary financing documents.

4. Real Estate Brokers (09/30/2016)

HUD-Registered Real Estate Brokers will be monitored by the AM, who will report any deficiency or noncompliance issues to HUD for further investigation and/or action that may result in deactivation of the HUD-Registered Real Estate Broker's Name and Address Identification (NAID).

5. Closing Agents (09/30/2016)

Closing Agents will be monitored by the AM, who will report any deficiency or noncompliance issues to HUD for further investigation and/or action that may result in deactivation of the Closing Agent's Title ID number.

6. Additional Other Participants

RESERVED FOR FUTURE USE

This section is reserved for future use, and until such time, FHA-approved Mortgagees and Other Participants must continue to comply with all applicable law and existing Handbooks, Mortgagee Letters, Notices and outstanding guidance applicable to their participation in FHA programs.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

1. Referrals for Noncompliance (03/27/2019)

E. ENFORCEMENT

The following provides general information about the processes and procedures normally employed by FHA in its enforcement activities. The following is provided for informational purposes only and does not represent a waiver of any authority of FHA, HUD, or the federal government to carry out enforcement activities to the full extent of its authorities in connection with FHA's Single Family programs.

1. Referrals for Noncompliance (03/27/2019)

FHA may refer any finding for administrative or other enforcement action in its discretion. Referrals may be made to any appropriate body, including:

- HUD's Mortgage Review Board (MRB);
- HUD's Office of Fair Housing and Equal Opportunity (FHEO) (fair lending issues);
- HUD's Departmental Enforcement Center (DEC) (suspension or debarment actions);
- HUD's OIG (suspected fraud or illegal activities);
- the Consumer Financial Protection Bureau (CFPB);
- the Department of Justice (DOJ); and/or
- state licensing agencies (e.g., Secretary of State, Real Estate Commissioner, Appraisal Review Board, Department of Banking, Bar Association, etc.).

2. Employee Improprieties Attributed to the Mortgagee (09/14/2015)

Criminal, fraudulent, or other seriously improper conduct by an officer, director, shareholder, partner, employee, or other individual associated with a Mortgagee may be attributed to the Mortgagee with which the individual is connected when the improper conduct occurred in connection to the individual's performance of duties for or on behalf of the Mortgagee, or with the Mortgagee's knowledge, approval, or acquiescence. Such impropriety may result in appropriate administrative sanctions against the Mortgagee.

3. Program Office Actions and Sanctions

FHA's Office of Single Family Housing is authorized to take the following enforcement actions against Mortgagees that do not comply with FHA requirements.

a. Actions and Sanctions Against Mortgagees (05/09/2022)

i. Probation of Title II Direct Endorsement Authority

FHA may place a Mortgagee on Direct Endorsement probation for a specified period of time for the purpose of evaluating the Mortgagee's compliance with the requirements of the Direct Endorsement Program. The scope of the probation depends upon the seriousness of the problems and deficiencies exhibited by the Mortgagee. For additional information on this authority, see [24 CFR § 203.3\(d\)\(1\)](#). This action is separate and apart from probation imposed by the MRB.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

3. Program Office Actions and Sanctions

(A) Scope

(1) Training

The Mortgagee's underwriter, or other technical staff, may be required to attend training sessions, as appropriate.

(2) Title II Loan Reviews

FHA may increase the percentage of the Mortgagee's cases subject to [Title II Loan Reviews](#).

(3) Mortgagee Audit and Monitoring Review

FHA may require the Mortgagee to perform a review or audit of its underwriting processes, or to hire an independent third party to assess the Mortgagee's operational controls and systems, and report the results to FHA. FHA may also conduct an on-site monitoring review of the Mortgagee.

(4) Quality Control Plan

FHA may require the Mortgagee to make changes to its [QC Plan](#).

(5) Test Case Phase Review Status

FHA may place a Mortgagee back in Test Case Phase review status and subject the Mortgagee's cases to technical underwriting reviews and *Firm Commitment* processing prior to endorsement. See [Supplemental Mortgage Authorities](#).

(a) Time Frame

Test Case Phase review status continues until the Mortgagee corrects its underwriting deficiencies or until the Mortgagee's Direct Endorsement approval is withdrawn.

(b) Cause

A return to Test Case Phase review status may result from, but is not limited to, the following circumstances:

- final Title II loan review results that demonstrate a Mortgagee's failure to follow FHA requirements;
- a pattern of fraud identified by FHA, of which the Mortgagee was aware, or should have been aware; or
- the results of on-site or other reviews of the Mortgagee.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

3. Program Office Actions and Sanctions

(6) Additional Elements

FHA may impose additional elements of probation reasonably related to the Mortgagee's underlying violations that allow FHA to monitor the Mortgagee and assist FHA with bringing the Mortgagee into compliance with FHA regulations.

(B) Notice

FHA will send a written notice of probation to the Mortgagee. The probation notice will list the violations that precipitated the probation and explain the elements being applied to the Mortgagee's probation.

(C) Effective Date

Probation is effective immediately upon the receipt of the notice of probation by the Mortgagee.

ii. Withdrawal of Title II Direct Endorsement Authority

FHA may withdraw the Direct Endorsement authority of any Mortgagee that demonstrates a pattern or practice of failing to comply with FHA underwriting guidelines or program requirements. This action is separate and apart from the termination action described in the [credit watch termination](#) section.

(A) Scope

FHA may terminate a Mortgagee's approval to participate in the Direct Endorsement Program in a particular jurisdiction or on a nationwide basis.

(B) Notice and Appeal

FHA will provide the Mortgagee with written notice of the proposed withdrawal that identifies the grounds for the action and advises the Mortgagee of its right to an informal conference.

(1) Informal Conference

FHA will expeditiously arrange for a conference where the Mortgagee may present information and argument in opposition to the proposed withdrawal. The Mortgagee may be represented by counsel.

(2) Determination

After consideration of the material presented, FHA will issue a decision in writing stating whether the proposed termination is rescinded, modified, or affirmed.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

3. Program Office Actions and Sanctions

(3) Appeal and Final Agency Action

The Mortgagee may appeal the decision to the Deputy Assistant Secretary (DAS) for Single Family Housing or their designee. A decision by the DAS for Single Family Housing or their designee constitutes final agency action.

iii. Credit Watch Termination of Title II Mortgagees

HUD may terminate a Mortgagee's authority to originate or underwrite FHA-insured Single Family Mortgages in any geographic area where the Mortgagee has an excessive rate of early defaults and claims in accordance with the Credit Watch Termination regulations at [24 CFR § 202.3\(c\)\(2\)](#). Credit Watch Termination is separate and apart from any action that may be taken by the MRB.

(A) Frequency and Scope

FHA reviews the default and claim rate of FHA-insured Single Family Mortgages on a quarterly basis. FHA compares the rate of each participating Mortgagee with the rates of other Mortgagees in the same geographic area. The review is limited to Mortgages with an amortization date within the preceding 24 months.

(B) Cause

FHA may terminate the origination or underwriting authority of any Mortgagee whose default and claim rate exceeds both the national default and claim rate and 200 percent of the default and claim rate within the geographic area served by a HUD field office.

(C) Notice and Appeal

FHA will issue a Proposed Credit Watch Termination Notice to the Mortgagee prior to terminating the Mortgagee's approval. The Mortgagee may appeal the proposed termination by submitting a written request for an informal conference with the DAS for Single Family Housing or its designee within 30 Days of receipt of the Notice.

(1) Informal Conference

The Mortgagee or its representative may make an oral and/or written presentation to oppose the proposed termination. FHA will only consider presentations that specifically address relevant mitigating factors and present facts and circumstances to explain the Mortgagee's poor performance.

(2) Mitigating Factors

FHA will consider relevant mitigating factors in deciding whether to terminate a Mortgagee's origination and/or underwriting authority.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

3. Program Office Actions and Sanctions

(3) Determination

After the informal conference, FHA will make a determination whether to sustain or withdraw the termination. FHA will notify the Mortgagee of its decision in writing via a Final Notice of Determination. If sustained, the termination will not take effect until the Mortgagee receives the Final Notice.

(4) Waiver of Appeal

If a Mortgagee does not request an informal conference within 30 Days of receiving the Proposed Credit Watch Termination Notice, the Mortgagee has waived its appeal and its authority will be terminated 60 Days from the date of the Proposed Credit Watch Termination Notice without further notice from HUD.

(D) Effect of Termination

A Mortgagee whose authority has been terminated under Credit Watch is prohibited from originating or underwriting FHA-insured Single Family Mortgages within the area of the HUD field office(s) listed in the Notice. The Mortgagee's general FHA approval and supplemental authorities remain unaffected. See [Supplemental Mortgagee Authorities](#).

(1) Case Status

(a) Definition

An Approved Mortgage is a Mortgage underwritten and approved by a DE underwriter, or covered by a *Firm Commitment* issued by HUD.

(b) Standard

During the period of credit watch termination, FHA will not endorse any Mortgage originated and/or underwritten by the Mortgagee, unless prior to the date of termination a *Firm Commitment* has been issued by HUD relating to any such Mortgage or a Direct Endorsement (DE) underwriter approved the Mortgage.

Mortgages that closed or were approved before the termination became effective may be endorsed. Cases at earlier stages of processing cannot be submitted for insurance by the terminated Mortgagee. However, the cases may be transferred for completion of processing and underwriting to another Mortgagee authorized to underwrite FHA-insured Mortgages in that area.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

3. Program Office Actions and Sanctions

(2) Public Notice

HUD will publish a list of Mortgagees who have had their authority terminated in the Federal Register and on HUD's website with a general explanation of the cause and effect of the termination.

(E) Reinstatement

(1) Waiting Period

A terminated Mortgagee may request to have its authority reinstated no earlier than six months after the effective date of the termination.

(2) Independent Review

The Mortgagee must obtain an independent review of the terminated area's operation and mortgage origination or underwriting, specifically including the FHA-insured Mortgages cited in the termination notice. The analysis must identify the underlying cause for the Mortgagee's high default and claim rate. The review must be conducted and issued by an independent Certified Public Accountant (CPA) qualified to perform audits under Government Auditing Standards as set forth by the General Accounting Office.

(3) Corrective Action Plan

The Mortgagee must submit a corrective action plan to address each of the issues identified in the CPA's report, along with evidence that the plan has been implemented. FHA reserves the right to impose additional requirements for reinstatement.

(4) Application for Reinstatement

The application for reinstatement must be submitted through the [Lender Electronic Assessment Portal \(LEAP\)](#). The application must be accompanied by the CPA's report and the corrective action plan.

iv. Suspension or Termination of Title II Lender Insurance Authority

(A) Definition

The Lender Insurance (LI) Compare Ratio is the percentage of Mortgages underwritten by the Mortgagee that are in claim or default status compared with the percentage of Mortgages in claim or default status for all Mortgagees operating in the same state(s) over the preceding two-year period.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

3. Program Office Actions and Sanctions

(B) Scope

FHA monitors Mortgagees participating in the LI program whose LI Compare Ratios exceed 150 percent.

(C) Cause

FHA may immediately terminate or temporarily suspend a Mortgagee's LI Authority for any cause set forth in [24 CFR § 203.4\(d\)](#).

(D) Notice and Appeal

FHA will provide written notice to any Mortgagee whose LI Authority has been suspended or terminated. Mortgagees may appeal the suspension or termination by requesting an informal conference with the DAS for Single Family Housing or its designee.

(1) Informal Conference

The suspension or termination letter will provide the address to where the request for an informal conference may be sent, and the time frame for the informal conference. The informal conference must be requested in writing within 30 Days of the notice of suspension or termination.

(2) Determination

The DAS or the designee will issue a decision in writing after the informal conference to either affirm the suspension or termination, or reinstate the Mortgagee's LI Authority. This decision represents a final agency action pursuant to section 256(d) of the National Housing Act ([12 U.S.C. § 1715z-21\(d\)](#)) and is not subject to further appeal or judicial review.

(3) Waiver of Appeal

If a Mortgagee does not request an informal conference within 30 Days of receiving the suspension or termination letter, the Mortgagee has waived its right to appeal.

(E) Effective Date

The suspension or termination of the Mortgagee's LI Authority is effective immediately upon the receipt of the notice by the Mortgagee.

(F) Effect of Suspension or Termination

A Mortgagee must submit every case binder to HUD for a pre-endorsement review and endorsement consideration.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

3. Program Office Actions and Sanctions

A Mortgagee's Direct Endorsement authority is not affected by the suspension or termination of its LI Authority. Mortgagees who have had their LI Authority suspended or terminated may continue to underwrite and close FHA Mortgages without prior review by HUD.

(G) Reinstatement

(1) Waiting Period

A Mortgagee whose LI Authority has been terminated is prohibited from applying for reinstatement of its LI Authority for six months from the date of termination.

(2) Claim and Default Rate

At the time of the application for reinstatement, the Mortgagee must have unconditional Direct Endorsement authority and a two-year claim and default rate that does not exceed 150 percent of the aggregate claim and default rate for the states in which it underwrote Mortgages.

(3) Application for Reinstatement

Applications for reinstatement of LI Authority must be submitted to FHA through [LEAP](#). The application must include:

- a copy of the *Acknowledgment of Terms and Conditions for LI* page from [FHAC](#) signed by an authorized official registered with HUD;
- a corrective action plan identifying the changes in internal policies and procedures that address the issues that resulted in the termination of LI Authority; and
- documentation evidencing that the Mortgagee has implemented the corrective action plan.

v. Return to Conditional or Withdrawal of Unconditional DELRAP Authority

(A) Adverse Action

(1) Loss of Direct Endorsement Authority

[Withdrawal of Title II Direct Endorsement Authority](#) will result in automatic termination of DELRAP authority.

(2) Noncompliance with Condominium Project Approval Requirements

Failure to comply with Condominium Project Approval requirements may result in one of the following actions:

- The Mortgagee is returned to Conditional DELRAP Authority status.
- The Mortgagee's Unconditional DELRAP Authority is withdrawn.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

3. Program Office Actions and Sanctions

(B) Notice

FHA will send written notice listing the violations that precipitated the action(s) to the Mortgagee.

(C) Appeal

The Mortgagee may submit an appeal of the decision to **FHA** the Jurisdictional HOC within 30 Days of the date of the decision.

(D) Informal Conference

If the decision is sustained, the applicant may submit a second appeal to the Office of Single Family Program Development. The Director or designee will conduct an informal conference with the Mortgagee and its counsel, if any, no later than 60 Days from the date of the decision.

(E) Determination

FHA will issue a determination following the informal conference stating whether Unconditional DELRAP Authority is approved or denied. If Unconditional DELRAP Authority is denied, the determination will state the reasons for the denial.

(F) Reinstatement

(1) Waiting Period

A Mortgagee may request reinstatement of the Mortgagee's DELRAP authority no earlier than six months after the date of the termination notice.

(2) Application for Reinstatement

The application for reinstatement is submitted to the appropriate HOC using the DELRAP authority [Application and Approval](#) process. The Mortgagee must:

- meet the [Eligibility Requirements](#) for DELRAP authority;
- submit a corrective action plan; and
- provide evidence that the Mortgagee has implemented the corrective action plan and that the underlying causes for termination have been satisfactorily remedied.

vi. Withdrawal of Title I Manufactured Housing Direct Endorsement Authority

FHA may withdraw the Manufactured Housing DE authority of any Title I Lender that demonstrates a pattern or practice of failing to comply with FHA underwriting guidelines or program requirements.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

3. Program Office Actions and Sanctions

(A) Scope

FHA may terminate a Title Lender's approval to participate in the Manufactured Housing DE Program in a particular jurisdiction or on a nationwide basis.

(B) Notice and Appeal

FHA will provide the Title I Lender with written notice of the proposed withdrawal that identifies the grounds for the action and advises the Title I Lender of its right to an informal conference.

(1) Informal Conference

FHA will expeditiously arrange for a conference where the Title I Lender may present information and argument in opposition to the proposed withdrawal. The Title I Lender may be represented by counsel.

(2) Determination

After consideration of the material presented, FHA will issue a decision in writing stating whether the proposed termination is rescinded, modified, or affirmed.

(3) Appeal and Final Agency Action

The Lender may appeal the decision to the Deputy Assistant Secretary (DAS) for Single Family Housing or his or her designee. A decision by the DAS for Single Family Housing or his or her designee constitutes final agency action.

(C) Effect of Termination

A Title I Lender whose authority has been terminated is prohibited from originating or underwriting FHA-insured Title I Loans within the area of the HUD field office(s) listed in the Notice. The Title I Lender's general FHA approval and supplemental authority remain unaffected.

(1) Case Status

(a) Definition

A Title I Loan is a Loan underwritten and approved by a DE underwriter.

(b) Standard

After a Title I Lender's withdrawal of Title I Manufactured Housing DE authority, FHA will not endorse any Title I Loan originated by the Title I Lender.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

3. Program Office Actions and Sanctions

Title I Loans that closed or were approved before the termination became effective may be endorsed, except in the case of fraud or misrepresentation. Cases at earlier stages of processing cannot be submitted for insurance by the terminated Title I Lender. However, the cases may be transferred for completion of processing and underwriting to another Title I Lender authorized to underwrite FHA-insured Title I Loans in that area.

(2) Public Notice

HUD will publish a list of Title I Lenders who have had their authority terminated in the Federal Register and on HUD's website with a general explanation of the cause and effect of the termination.

(D) Reinstatement

(1) Waiting Period

A terminated Title I Lender may request to have its authority reinstated no earlier than six months after the effective date of the termination.

(2) Independent Review

The Title I Lender must obtain an independent review of the terminated area's operation and mortgage origination or underwriting, specifically including the Title I FHA-insured Loans cited in the termination notice. The analysis must identify the underlying cause for the Title I Lender's high default and claim rate. The review must be conducted and issued by an independent Certified Public Accountant (CPA) qualified to perform audits under Government Auditing Standards as set forth by the General Accounting Office.

(3) Corrective Action Plan

The Title I Lender must submit a corrective action plan to address each of the issues identified in the CPA's report, along with evidence that the plan has been implemented. FHA reserves the right to impose additional requirements for reinstatement.

(4) Application for Reinstatement

The application for reinstatement must be submitted through the Financial Operations Center. The application must be accompanied by the CPA's report and the corrective action plan.

The contact information for the FOC is:

vii. Termination of Title I Lender Contract of Insurance

HUD may terminate a Title I Lender's authority to originate or underwrite Title I Loans for any Title I Lender that demonstrates a pattern or practice of failing to comply with Title I originating, underwriting or program guidelines.

(A) Notice and Appeal

FHA will provide the Title I Lender with written notice of the proposed termination of the Title I Lender's Contract of Insurance within five business days that identifies the grounds for the action and advises the Title I Lender of its right to an informal conference.

(1) Informal Conference

FHA will expeditiously arrange for a conference where the Title I Lender may present information and arguments in opposition to the proposed termination prior to the expiration of the five business day notice period. The Title I Lender may be represented by counsel.

(2) Determination

After consideration of the material presented, FHA will issue a decision in writing stating whether the proposed termination is rescinded, modified, or affirmed.

(B) Effect of Termination

The Title I Lender remains responsible for servicing or selling the Title I Loans that it holds and is authorized to file insurance claims on these Title I Loans, but it cannot otherwise exercise the rights of an FHA-approved Title I Lender.

(1) Newly Originated Loans

A Title I Lender cannot obtain insurance coverage for new Title I Loans originated under the terminated Contract of Insurance as of the effective date of termination.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

4. Mortgage Review Board Actions and Sanctions

(2) Previously Insured Loans

The insurance reserve on Title I Loans previously accepted for insurance is not adversely affected except for Title I Loans involving fraud or misrepresentation.

(3) Premiums and Obligations

The Title I Lender is not relieved of the liability to pay future insurance premiums or other obligations owed to HUD.

(4) Reserves

Insurance Reserves earned by the Title I Lender as of the date of termination, under the terminated contract, remain to its credit unless exhausted by filing of claims.

(C) Reinstatement of Contract of Insurance

(1) Waiting Period

A Title I Lender may apply to obtain a new Contract of Insurance no earlier than six months after the effective date of the termination.

(2) Corrective Action Plan

The Title I Lender must submit a corrective action plan to address each of the issues identified that resulted in termination, along with evidence that the plan has been implemented. FHA reserves the right to impose additional requirements for reinstatement.

(3) Application for Reinstatement

The application for reinstatement must be submitted through the [FOC](#). The application must be accompanied by the corrective action plan.

b. Loan Level Actions and Sanctions (09/14/2015)

FHA has the authority to pursue loan level actions and sanctions reasonably related to a Mortgagee's underlying violations.

4. Mortgage Review Board Actions and Sanctions

The MRB is authorized to impose civil money penalties and take administrative action against any FHA-approved Mortgagee that does not comply with HUD and FHA statutory, regulatory, and any Handbook requirements, the Real Estate Settlement Procedures Act (RESPA), or the nondiscrimination requirements of the ECOA, the Fair Housing Act, or Executive Order 11063 on Equal Opportunity in Housing.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

4. Mortgage Review Board Actions and Sanctions

a. Actions and Sanctions (09/14/2015)

The following actions and sanctions may be imposed by the MRB:

- a letter of reprimand;
- probation;
- suspension;
- withdrawal of FHA approval; and
- civil money penalties.

The MRB may also enter into settlement agreements with noncomplying Mortgagees.

The following are general descriptions of the types of actions and sanctions that may be taken by the MRB and are for informational purposes only. The specific requirements for and procedures applicable to these actions are set forth in sections 202(c) and 536 of the National Housing Act ([12 U.S.C. §§ 1708\(c\) and 1735f-14](#)), and Parts 25 and 30 of Title 24 of the Code of Federal Regulations ([24 CFR Parts 25 and 30](#)).

i. Letter of Reprimand

The MRB may issue a letter of reprimand to inform a Mortgagee of its violation of FHA requirements. A letter of reprimand is effective upon receipt of the letter by the Mortgagee.

(A) Case Status

A letter of reprimand has no impact on the Mortgagee's authority to originate, underwrite, or service FHA-insured Mortgages.

(B) Duration

There is no time duration associated with a letter of reprimand.

(C) Appeal

The Mortgagee has no right to appeal a letter of reprimand within HUD.

ii. Probation

The MRB may place a Mortgagee on probation for violation of FHA requirements. The MRB will specify the scope, terms, and conditions of the probation, which are designed to allow FHA to monitor the Mortgagee and assist FHA with bringing the Mortgagee into compliance with FHA regulations.

(A) Case Status

Unless specified in the terms of the probation, a Mortgagee on probation retains its origination, underwriting, and servicing authorities, as applicable.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

4. Mortgage Review Board Actions and Sanctions

(B) Duration

The MRB may place a Mortgagee on probation for a period of up to six months.

(C) Appeal

The Mortgagee has the right to appeal a probation action in accordance with the provisions of [24 CFR Parts 25–26](#).

iii. Suspension

Suspension is a temporary measure that is applied to a Mortgagee when there is adequate evidence that the interests of HUD or the public would not be served by continuing to allow the Mortgagee to participate in FHA programs, pending the completion of any investigation, other review, or legal or administrative proceedings the Mortgagee is involved in.

(A) Effective Date

If the MRB determines there is adequate evidence that immediate action is required to protect the financial interests of HUD or the public, the MRB is authorized to suspend a Mortgagee's FHA approval immediately upon issuance of the notice of suspension and without prior issuance of a [Notice of Violation \(NOV\)](#) as set forth in [24 CFR § 25.7\(d\)](#).

Any other suspension is effective upon the Mortgagee's receipt of the notice of suspension as set forth in [24 CFR § 25.5\(d\)](#).

(B) Case Status

During the period of suspension, HUD will not endorse any Mortgage originated by the suspended Mortgagee unless it was an Approved Mortgage prior to the date of suspension.

The Mortgagee must transfer all other applications in process to another FHA-approved Mortgagee for completion of processing, submission, and endorsement.

(C) Duration

Suspension is generally imposed for a period of six months to one year, but may be extended for an additional six months in accordance with the provisions of [24 CFR Part 25](#).

(D) Appeal

The Mortgagee has the right to appeal a suspension in accordance with the provisions of [24 CFR Parts 25–26](#).

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

4. Mortgage Review Board Actions and Sanctions

iv. Withdrawal of FHA Approval

Only the MRB may withdraw a Mortgagee's FHA approval. Withdrawal of FHA approval applies to all offices of the Mortgagee.

(A) Effective Date

If the MRB determines there is adequate evidence that immediate action is required to protect the financial interests of HUD or the public, the MRB is authorized to withdraw a Mortgagee's FHA approval immediately; in this case, the withdrawal is effective upon the Mortgagee's receipt of the notice of withdrawal.

Any other withdrawal is effective upon either:

- the expiration of the 30-Day appeal period, if the Mortgagee does not request a hearing; or
- the receipt of the Administrative Law Judge's final decision, if the Mortgagee does request a hearing within the 30-Day appeal period.

(B) Case Status

HUD will not endorse any Mortgage originated by the withdrawn Mortgagee unless it was an Approved Mortgage prior to the date of withdrawal.

The withdrawn Mortgagee must transfer its servicing portfolio to another FHA-approved Mortgagee. See [transfers of servicing](#) and [sales of Mortgages](#).

Withdrawn FHA approval means that the Mortgagee may not originate, underwrite, service, or purchase any FHA-insured Mortgages.

(C) Duration

The MRB's withdrawal of a Mortgagee's FHA approval will be for a reasonable, specified period of time, but not less than one year. The MRB may permanently withdraw a Mortgagee's FHA approval if it finds the Mortgagee's violations to be egregious or willful.

A withdrawn Mortgagee's approval is not reinstated at the end of the period of withdrawal. The Mortgagee may re-apply for FHA approval after the period of withdrawal has expired.

(D) Appeal

The Mortgagee has the right to appeal a withdrawal of its FHA approval by the MRB in accordance with the provisions of [24 CFR Parts 25–26](#).

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

4. Mortgage Review Board Actions and Sanctions

v. Civil Money Penalties

The MRB may impose civil money penalties against any FHA-approved Mortgagee who knowingly and materially violates FHA requirements as set forth in [24 CFR § 30.35](#).

(A) Complaint

If the MRB elects to seek civil money penalties against a Mortgagee, HUD will file a complaint to initiate legal action. A civil money penalty may be imposed against a Mortgagee in addition to any other administrative action taken by the MRB.

(B) Maximum Civil Money Penalties

The MRB is authorized to impose a civil money penalty, in accordance with the provisions of [24 CFR Part 30](#), against a party that knowingly and materially violates FHA program regulations or requirements. A civil money penalty may be imposed with respect to each insured Mortgage or other separate occurrence of a violation up to the maximum permitted under Part 30.

(C) Mitigating and Aggravating Factors

In determining the amount of a civil money penalty, the MRB will consider the following factors:

- the gravity of the offense;
- the Mortgagee's history of prior offenses;
- the Mortgagee's ability to pay the penalty;
- the injury to the public;
- the benefits received by the violator;
- the extent of potential benefit to other persons;
- deterrence of future violations; and
- the degree of the violator's culpability.

vi. Settlement Agreements

The MRB is authorized to enter into settlement agreements with noncomplying Mortgagees at any time in order to resolve grounds for an administrative sanction or civil money penalty, as set forth in [12 U.S.C. § 1708\(c\)\(3\)\(E\)](#) and [24 CFR § 25.5\(a\)](#). Failure by the Mortgagee to comply with the terms of a settlement agreement may result in a suspension or withdrawal of the Mortgagee's FHA approval.

b. Procedures (11/18/2020)

The following is a brief summary of the procedures of the MRB under [24 CFR Parts 25, 26, and 30](#).

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

4. Mortgagee Review Board Actions and Sanctions

i. Notice of Violation

The MRB will send the Mortgagee an NOV detailing the Mortgagee's alleged violations.

(A) Mortgagee Response

The Mortgagee may provide the MRB with a written response within 30 Days of receiving the NOV. The MRB will consider the Mortgagee's response, as well as other relevant material, when deciding which administrative action to take, if any, and whether to seek civil money penalties against the Mortgagee.

If the Mortgagee fails to respond to the NOV within 30 Days, the MRB will make a final determination based upon the information available to it.

(B) Preservation of Documents

Upon receipt of the NOV, the Mortgagee is required to preserve and maintain all documents and data, including electronically stored data, within the Mortgagee's possession or control that may relate to the violations alleged in the NOV.

ii. Notice of Administrative Action

If the MRB decides to take administrative action against the Mortgagee, the MRB will issue a Notice of Administrative Action to the Mortgagee describing the nature and duration of the action and setting forth the basis for the action being taken.

iii. Appeal

(A) Request for Hearing

Mortgagees may appeal a probation, suspension or withdrawal action by the MRB by submitting a written request for a hearing within 30 Days of receipt of the Notice of Administrative Action. The Mortgagee's request for a hearing must specifically respond to the violations set forth in the Notice of Administrative Action.

(B) Hearing Process and Procedures

Hearings are conducted before an impartial Administrative Law Judge in accordance with the procedures set forth in [24 CFR Part 26, Subpart B](#).

(C) Waiver of Appeal

If a Mortgagee fails to request a hearing within the 30-Day period, the MRB action becomes final.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

5. Actions and Sanctions Against Individuals and Other Program Participants

iv. Public Notice

(A) Federal Register

Pursuant to the National Housing Act ([12 U.S.C. § 1708\(c\)\(5\)](#)), HUD publishes a description of and the cause for each administrative action against an FHA-approved Mortgagee in the [Federal Register](#). The Federal Register notices include details on all MRB actions, including letters of reprimand, probations, suspensions, withdrawals of FHA approval, settlement agreements, and civil money penalties.

(B) Agency Notifications

If the MRB suspends or withdraws the approval of a Mortgagee, FHA is required to notify certain state, federal, and other interested agencies that interact with the Mortgagee, including:

- Conference of State Bank Supervisors/NMLS
- CFPB
- Fannie Mae
- Federal Deposit Insurance Corporation (FDIC)
- Federal Reserve
- Freddie Mac
- Ginnie Mae
- National Credit Union Administration (NCUA)
- Office of the Comptroller of the Currency
- U.S. Department of Agriculture Rural Development Housing Authority
- U.S. Department of Veterans Affairs

5. Actions and Sanctions Against Individuals and Other Program Participants

HUD may also impose civil money penalties and take administrative action against individuals and other program participants for violations of FHA mortgage insurance program requirements.

a. Limited Denial of Participation (09/14/2015)

i. Definition

A Limited Denial of Participation (LDP) is an action that excludes a party from further participation in a specified HUD program area based on the participant's failure to comply with HUD program standards. LDPs are issued under the authority of [2 CFR § 2424.1100](#).

ii. Cause

An LDP may be issued against an individual or other program participant based upon adequate evidence of any of the causes listed in [2 CFR § 2424.1110](#).

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

5. Actions and Sanctions Against Individuals and Other Program Participants

iii. Effective Date

An LDP is effective immediately upon issuance of the notice by the authorizing official.

iv. Duration

The LDP sanction may be imposed for a period not to exceed 12 months.

v. Processing and Appeals

An individual or other program participant may appeal the LDP by requesting an informal conference with the authorizing official or a hearing before the Departmental Hearing Officer within 30 Days of receipt of the notice of LDP.

LDP processing and appeal procedures are set forth in [2 CFR §§ 2424.1100–2424.1165](#).

vi. Public Notice

A list of individuals and other program participants who have received LDPs is available publicly on the [HUD website](#), as well as through [FHAC](#).

b. Suspension (09/14/2015)

Violations of statutes or serious or repeated violations of FHA requirements may lead to the suspension of an individual or other FHA program participant.

i. Definition

Suspension is a government-wide action that temporarily renders an individual ineligible to participate in most federal government programs pending the completion of an investigation or legal proceedings.

ii. Cause

FHA may suspend an individual for the reasons listed in [2 CFR § 180.700](#), including:

- the existence of an indictment for, or other adequate evidence to suspect, an offense listed under [2 CFR § 180.800\(a\)](#); or
- the existence of adequate evidence to suspect any other cause for debarment listed under [2 CFR § 180.800\(b\)–\(d\)](#); and
- a determination made by the suspending official that immediate action is necessary to protect the public interest.

iii. Effective Date

A suspension is effective when the suspending official signs the decision to suspend.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

5. Actions and Sanctions Against Individuals and Other Program Participants

iv. Duration

If legal or debarment proceedings are initiated at the time of, or during a suspension, the suspension may continue until the conclusion of those proceedings. If proceedings are not initiated, a suspension may not exceed 12 months. The suspending official may extend the 12-month limit for an additional six months under limited circumstances described in [2 CFR § 180.760](#). In no event may a suspension exceed 18 months without initiating legal or debarment proceedings.

v. Processing and Appeals

An individual may appeal a proposed suspension by providing the suspending official with information in opposition to the suspension within 30 Days of receipt of the notice of suspension. Information may be provided orally or in writing; important information provided orally must also be submitted in writing for the official record.

Suspension processing and appeal procedures are set forth in [2 CFR §§ 180.700–180.760](#).

c. Debarment (09/14/2015)

Violations of statutes or serious or repeated violations of FHA requirements may lead to the debarment of an individual or other FHA program participant.

i. Definition

Debarment is a final determination by an authorizing official that the individual has engaged in prohibited conduct and is not presently responsible. Debarment excludes an individual from participating in most federal government programs for a specified period of time.

ii. Cause

FHA may debar an individual for the reasons listed in [2 CFR § 180.800](#), including, but not limited to:

- criminal conviction or civil judgment for commission of fraud in connection with obtaining, attempting to obtain, or performing a public or private agreement or transaction;
- criminal conviction or civil judgment for commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, receiving stolen property, making false claims, or obstruction of justice;
- criminal conviction or civil judgment for violation of federal or state antitrust statutes;
- criminal conviction or civil judgment for the commission of any other offense indicating a lack of business integrity or business honesty that seriously and directly affects the individual's present responsibilities;

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

5. Actions and Sanctions Against Individuals and Other Program Participants

- violation of the terms of a public agreement or transaction so serious as to affect the integrity of an agency program;
- knowingly doing business with an ineligible person;
- failure to pay a single substantial debt, or a number of outstanding debts, owed to any federal agency or instrumentality, provided the debt is uncontested, or, if contested, provided all legal and administrative remedies have been exhausted; or
- any other serious or compelling cause that affects the present responsibility of the individual.

iii. Effective Date

A debarment is not effective until the individual has received a notice of proposed debarment and has had an opportunity to contest the proposed debarment. After the debarring official issues a decision, the debarment is effective immediately.

iv. Duration

The period of debarment is based on the seriousness of the cause(s) upon which the debarment is based. Generally, the period of debarment should not exceed three years. However, if circumstances warrant, the debarring official may impose a longer period of debarment.

v. Processing and Appeals

An individual may appeal a proposed debarment by providing the debarring official with information in opposition to the debarment within 30 Days of receipt of the notice of debarment. Information may be provided orally or in writing; important information provided orally must also be submitted in writing for the official record.

Debarment processing and appeal procedures are set forth in [2 CFR §§ 180.800–180.885](#).

d. Civil Money Penalties (09/14/2015)

The Assistant Secretary for Housing - Federal Housing Commissioner or its designee is authorized to pursue civil money penalties against any principal, officer, or employee of a Mortgagee, or other participants in a Mortgage insured by FHA, including, but not limited to:

- sellers
- Borrowers
- Closing Agents
- title companies
- real estate agents
- mortgage brokers
- Appraisers
- sponsored TPOs
- dealers
- consultants

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

5. Actions and Sanctions Against Individuals and Other Program Participants

- contractors
- subcontractors
- inspectors

The Assistant Secretary for Housing - Federal Housing Commissioner or its designee is authorized to pursue civil money penalties against program participants who knowingly and materially violate FHA requirements as set forth in [24 CFR § 30.36](#).

e. Specific Program Participants (09/30/2016)

The following are actions and sanctions available for use in connection with the specific program participant listed.

i. Appraisers

(A) Notice of Deficiency

(1) Standard

A Notice of Deficiency (NOD) refers to a formal notification from FHA to an Appraiser when a review identifies an error or lack of compliance. An NOD is not a sanction and is not considered severe enough to require remedial education or removal.

An NOD is noted on the Appraiser's record and multiple NODs may result in further action by FHA.

(2) Cause

An Appraiser may receive an NOD if an FHA review has determined gaps in due diligence and professionalism or errors or noncompliance.

(3) Notice

FHA will provide the Appraiser with written notice outlining deficiencies found in a specific appraisal.

(4) Appeal

An NOD is not a sanction and no appeal is available.

(B) Remedial Education

(1) Standard

FHA may require an Appraiser to take remedial education on appraisal-related topics for failure to comply with the requirements outlined in this Handbook 4000.1.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

5. Actions and Sanctions Against Individuals and Other Program Participants

The Appraiser must complete remedial education within 60 Days of the date of notification and provide proof of successful completion. Failure to comply with a remedial education action may result in escalation of the action to an administrative sanction, including removal from the [FHA Appraiser Roster](#).

(2) Cause

Cause for remedial education includes, but is not limited to, identification of more serious deficiencies in the appraisal report that indicate lack of competence, including incomplete data collection or support for analysis and conclusions.

(3) Notice

FHA will provide the Appraiser with written notice of the required remedial education that identifies the ground for the requirement.

(4) Appeal

Remedial education is not a sanction and no appeal is available.

(C) Removal

(1) Standard

FHA may remove an Appraiser from the [FHA Appraiser Roster](#) for failure to comply with the requirements outlined in this Handbook 4000.1. The Appraiser may be required to take remedial education in addition to the removal.

FHA will notify the state licensing or certification agency in writing when an Appraiser has received a final notice of removal from the FHA Appraiser Roster. HUD is required by law to refer Appraisers to these boards if HUD considers the actions to be of such magnitude or frequency as to warrant such referral.

(2) Causes

Causes for removal include, but are not limited to, any of the following:

- significant deficiencies in appraisals, including noncompliance with Civil Rights requirements regarding appraisals;
- losing standing as a state-certified Appraiser due to disciplinary action in any state in which the Appraiser is certified;
- prosecution for committing, attempting to commit, or conspiring to commit fraud, misrepresentation, or any other offense that may reflect on the Appraiser's character or integrity;
- failure to perform appraisal functions in accordance with instructions and standards issued by HUD;
- failure to comply with any agreement made between the Appraiser and HUD or with any certification made by the Appraiser;

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

5. Actions and Sanctions Against Individuals and Other Program Participants

- issuance of a final debarment, suspension, or limited denial of participation;
- failure to maintain eligibility requirements for placement on the Appraiser Roster as set forth under this subpart or any other instructions or standards issued by HUD; or
- failure to comply with HUD-imposed education requirements.

(3) Notice

An Appraiser that is debarred, suspended, subject to a limited denial of participation or has lost standing as a state-certified Appraiser due to disciplinary action or expiration of a state certification, will be automatically removed from the FHA Appraiser Roster and notified of the removal.

In all other cases, the Appraiser will be given written notice of the proposed removal, and the notice will include the reasons for the proposed removal and the duration of the proposed removal.

(4) Appeal

The Appraiser will have 20 Days from the date of the notice of removal to submit a written response appealing the proposed removal and to request a conference. A request for a conference must be in writing and must be submitted along with a written response.

Within 30 Days of FHA's receipt of the Appraiser's written response, or if the Appraiser has requested a conference, within 30 Days after the completion of the conference, an FHA official, designated by the Secretary, will review the appeal and will send a final decision either affirming, modifying, or canceling the removal from the Appraiser Roster. FHA may extend this time upon giving notice. The FHA official designated by the Secretary to review the appeal will not be someone involved in FHA's initial removal decision nor will it be someone who reports to a person involved in that initial decision.

If the Appraiser does not submit a written response, the removal will be effective 20 Days after the date of FHA's initial removal notice. If the Appraiser submits a written response, and the removal decision is affirmed or modified, the removal or modification will be effective on the date of FHA's notice affirming or modifying the initial removal decision.

(5) Duration

Removal from the [FHA Appraiser Roster](#) may be for a period of up to 12 months.

If removal is the result of expiration or a disciplinary action by the licensing state, removal from the [FHA Appraiser Roster](#) will remain in effect until the appraisal credentials are reinstated by the issuing state.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

5. Actions and Sanctions Against Individuals and Other Program Participants

ii. 203(k) Consultants

Removal

(A) Standard

FHA may remove a Consultant from the Roster for any cause that HUD determines to be detrimental to HUD or its programs.

(B) Cause

Cause for removal includes:

- poor performance on a HUD QC review;
- failure to comply with applicable regulations or other written instructions or standards issued by HUD;
- failure to comply with applicable civil rights requirements;
- misrepresentation or fraudulent statements;
- failure to retain standing as a state-licensed architect or state-licensed engineer (unless the Consultant can demonstrate the required three years of experience as a home inspector or remodeling contractor);
- failure to retain standing as a state-licensed home inspector, if the Consultant is located in a state that requires such licensing; or
- failure to respond within a reasonable time to HUD inquiries or requests for documentation.

A 203(k) Consultant who is debarred or suspended, subject to a Limited Denial of Participation (LDP), or otherwise ineligible to participate in an FHA transaction will be removed from the Roster.

(C) Notice

HUD will give the Consultant written notice of the proposed removal with reasons for the proposed removal and instructions for appeal or reinstatement.

iii. Nonprofits and Governmental Entities

(A) HUD Homes – Excess Profits

FHA limits the costs that are eligible to be included in the [NDC](#) calculation and prohibits the nonprofit organization or Governmental Entity from reselling the repaired or improved properties at prices in excess of 110 percent of the allowed NDCs.

If the Governmental Entity's or HUD-approved Nonprofit's resale price of the HUD Home exceeds 110 percent of the NDCs, or if non-allowable items that are included in the NDCs result in an excessive sales price, the HUD-approved Governmental

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

5. Actions and Sanctions Against Individuals and Other Program Participants

Entity or Nonprofit must use the excess profit to pay down the existing Mortgage associated with that particular resale.

(B) Removal from Roster

(1) Standard

FHA may remove a nonprofit from the list of [HUD-approved nonprofit agencies](#) for any cause that HUD determines to be detrimental to FHA or any of its programs.

Nonprofit agencies removed from the approved list must re-apply to HUD in accordance with instructions contained in Nonprofit and Governmental Entities [Application and Approval Process](#).

(2) Cause

Cause for removal includes, but is not limited to, any of the following:

- failure to comply with applicable Single Family regulations in this Handbook 4000.1 or other written instructions or standards issued by HUD;
- failure to comply with applicable civil rights requirements;
- holding a significant number of FHA-insured Mortgages that are in Default, foreclosure, or claim status (in determining the number considered “significant,” HUD may compare the number of insured Mortgages held by the nonprofit organization against the similar holdings of other nonprofit organizations);
- debarment, suspension, being subject to a Limited Denial of Participation (LDP) or otherwise sanctioned by HUD;
- failure to further all objectives described in the Affordable Housing Program Plan (AHPP);
- misrepresentation or fraudulent statements; or
- failure to respond to FHA inquiries, including recertification requests or other requests for further documentation, within 30 Days.

(3) Notice and Appeal

A nonprofit organization that is debarred or suspended, or subject to an LDP, will be automatically removed from the [HUD Nonprofit Roster](#).

In all other cases, the following procedures for removal apply:

- HUD will give the nonprofit organization written notice of the proposed removal. The notice will include the reasons for the proposed removal and the duration of the proposed removal.
- The nonprofit organization will have 20 Days from the date of the notice (or longer, if provided in the notice) to submit a written response

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

5. Actions and Sanctions Against Individuals and Other Program Participants

appealing the proposed removal and request a conference. A request for a conference must be in writing and must be submitted along with the written response.

- A HUD official will review the appeal and provide an informal conference if requested. The HUD official will send a response affirming, modifying, or canceling the removal. The HUD official will not have been involved in HUD's initial removal decision. HUD will respond with a decision within 30 Days of receiving the response, or, if the nonprofit organization has requested a conference, within 30 Days after the completion of the conference. HUD may extend the 30-Day period by providing written notice to the nonprofit organization.
- If the nonprofit organization does not submit a timely written response, the removal will be effective 20 Days after the date of HUD's initial removal notice (or after a longer period provided in the notice). If a written response is submitted, and the initial removal decision is affirmed or modified, the removal will be effective on the date of HUD's notice affirming or modifying the initial removal decision.

iv. Real Estate Brokers

(A) Removal for Good Cause

HUD may rescind real estate brokers' HUD registration and prohibit those brokers from participating in the sale of HUD REO Properties for good cause. Good cause includes, but is not limited to:

- conviction under 18 U.S.C. 371 or 1010 of a broker or by an agent supervised by that broker and acting within the scope of their duties; and
- any of the following actions by a broker or an agent supervised by that broker and acting within the scope of their duties:
 - falsifying mortgage documents or aiding or abetting others in the use of false or misleading information including, but not limited to, forged or fraudulent gift letters and owner-occupant certifications;
 - acting in concert with an Appraiser to arrive at an artificial appraised value;
 - engaging in fraudulent activities that have led to Default and payment of an insurance claim;
 - failing to comply with earnest money collection, management, and disbursement procedures;
 - failing to maintain a current state license;
 - violating the Real Estate Settlement Procedures Act (RESPA);
 - failing to comply with civil rights requirements, including the Fair Housing Act and ECOA, in any real estate related transaction;
 - involvement in, or knowledge of, any fraudulent activity by any person involved in the HUD REO sales transaction; and

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

5. Actions and Sanctions Against Individuals and Other Program Participants

- any other actions or omissions that evidence a lack of business integrity or noncompliance with the laws, regulations, and rules applicable to housing, lending, or real estate sales.

Good cause, as identified above, includes apparent criminal activity. If and when apparent criminal activity is identified, it must be immediately reported to HUD's Office of Inspector General (OIG).

(B) Notice to Real Estate Broker

Once HUD makes an initial Finding that there is good cause to remove a real estate broker, HUD will provide the real estate broker with written notice of the proposed suspension or termination of the NAID and deactivation of the broker's access to HUD's systems used for HUD REO sales. The notice will:

- state the reasons that HUD is taking the action;
- identify the violations or deficiencies involved;
- provide a citation to the relevant regulation, statute, or policy; and
- state the effective date and duration of the suspension or termination.

(C) Effective Date of Removal

The real estate broker's suspension, termination, and/or deactivation is effective 30 Days from the date of HUD's written notice, unless the broker submits a written response or requests a conference.

(D) Real Estate Broker Response and Conference

Within 20 Days after the date of the notice or within such time provided in the notice, the real estate broker may submit a written response to HUD opposing the proposed removal and may request a conference.

The real estate broker must submit a request for a conference in writing and must submit this request with the written response.

HUD will delay suspension, termination, and/or deactivation until it makes a final determination on the real estate broker's response and conference. HUD will notify the real estate broker in writing of its decision; the written decision by HUD shall constitute final agency action.

(E) Effect of Removal Proceedings on Bids

HUD will honor all bids submitted and commissions earned by the real estate broker before removal, unless HUD determines that the bids or commissions were made under fraudulent circumstances.

V. QUALITY CONTROL, OVERSIGHT, AND COMPLIANCE

E. Enforcement

5. Actions and Sanctions Against Individuals and Other Program Participants

v. Closing Agents

HUD reserves the right to sanction or remove any Closing Agent that does not abide by HUD's closing instructions and requirements.

vi. Additional Other Participants

RESERVED FOR FUTURE USE

This section is reserved for future use, and until such time, FHA-approved Mortgagees and Other Program Participants must continue to comply with all applicable law and existing Handbooks, Mortgagee Letters, Notices and outstanding guidance applicable to their participation in FHA programs.

APPENDIX 1.0 - MORTGAGE INSURANCE PREMIUMS (03/20/2023)

Upfront Mortgage Insurance Premium (UFMIP)	
All Mortgages: 175 Basis Points (bps) (1.75%) of the Base Loan Amount.	
Exceptions: • Streamline Refinance and Simple Refinance Mortgages used to refinance a previous FHA-endorsed Mortgage on or before May 31, 2009 • Hawaiian Home Lands (Section 247) • Indian Lands (Section 248)	
Indian Lands (Section 248) do not require a UFMIP.	

Annual Mortgage Insurance Premium (MIP)			
Applies to all Mortgages except: • Streamline Refinance and Simple Refinance Mortgages used to refinance a previous FHA endorsed Mortgage on or before May 31, 2009 • Hawaiian Home Lands (Section 247)			
Hawaiian Home Lands (Section 247) do not require Annual MIP.			
Mortgage Term of More Than 15 Years			
Base Loan Amount	LTV	MIP (bps)	Duration
Less than or equal to \$726,200	≤ 90.00%	50	11 years
	> 90.00% but ≤ 95.00%	50	Mortgage term
	> 95.00%	55	Mortgage term
Greater than \$726,200	≤ 90.00%	70	11 years
	> 90.00% but ≤ 95.00%	70	Mortgage term
	> 95.00%	75	Mortgage term
Mortgage Term of Less than or Equal to 15 Years			
Base Loan Amount	LTV	MIP (bps)	Duration
Less than or equal to \$726,200	≤ 90.00%	15	11 years
	> 90.00%	40	Mortgage term
Greater than \$726,200	≤ 78.00%	15	11 years
	> 78.00% but ≤ 90.00%	40	11 years
	> 90.00%	65	Mortgage term

Streamline Refinance, Simple Refinance:

For refinance of previous Mortgage endorsed on or before May 31, 2009			
UFMIP: 1 (bps) (.01%) All Mortgages			
All Mortgage Terms			
Base Loan Amount	LTV	Annual MIP (bps)	Duration
All	≤ 90.00%	55	11 years
	> 90.00%	55	Mortgage term
For Mortgages where FHA does not require an appraisal, the value from the previous Mortgage is used to calculate the LTV.			

Hawaiian Home Lands Section 247

Hawaiian Home Lands Upfront MIP (UFMIP)				
	Loan Term in Years			
	≤18	>18 and ≤22	>22 and ≤25	>25
MIP Financed	2.400%	3.000%	3.600%	3.800%
MIP not Financed	2.344%	2.913%	3.475%	3.661%
Annual MIP is not assessed on Section 247 Mortgages.				

APPENDIX 2.0 - ANALYZING IRS FORMS (04/10/2025)

IRS Form 1040 Heading	Description
Wages, Salaries and Tips	An amount shown under this heading may indicate that the individual: • is a salaried employee of a corporation; or • has other sources of income. This section may also indicate that the spouse is employed, in which case the spouse's income must be subtracted from the Borrower's gross income.
Business Income and Loss (from Schedule C)	Sole proprietorship income calculated on Schedule C is business income. Depreciation, depletion, business use of home, amortization, and casualty losses may be added back to the gross income.
Business Use of Home	Mortgage interest, Mortgage Insurance Premiums (MIP), real estate taxes, and property insurance deducted for business use of a house may be added back to the gross income.
Rents, Royalties, Partnerships (from Schedule E)	Any net income from rental properties or royalties may be used as Effective Income, after adding back any depreciation, mortgage interest, taxes, insurance, and any HOA dues shown on Schedule E. Any net loss must be subtracted from Effective Income.
Capital Gain and Losses (from Schedule D)	Capital gains or losses generally occur only one time, and should not be considered when determining Effective Income. However, if the individual has a constant turnover of assets resulting in gains or losses, the capital gain or loss must be considered when determining the income. Three years' Tax Returns are required to evaluate an earnings trend. If the trend: • results in a gain, it may be added as Effective Income; or • consistently shows a loss, it must be deducted from the total income.
Interest and Dividend Income (from Schedule B)	This taxable/tax-exempt income may be added back to the adjusted gross income only if it: • has been received for the past two years; and • is expected to continue.

IRS Form 1040 Heading	Description
	If the interest-bearing asset will be liquidated as a source of the cash investment, the Mortgagee must appropriately adjust the amount.
Farm Income or Loss (from Schedule F)	Any depreciation shown on Schedule F may be added back to the gross income.
IRA Distributions, Pensions, Annuities, and Social Security Benefits	The nontaxable portion of these items may be added back to the adjusted gross income, if the income is expected to continue for the first three years of the Mortgage.
Adjustments to Income	Adjustments to income may be added back to the adjusted gross income if they are: • IRA and Keogh retirement deductions; or • penalties on early withdrawal of savings health insurance deductions, and Alimony payments.

Analyzing IRS Form 1120, *U.S. Corporation Income Tax Return*

A Corporation refers to a state-chartered business owned by its stockholders.

To determine the Borrower's income, the adjusted business income must be multiplied by the Borrower's percentage of ownership in the business.

Corporate compensation to the officers, in proportion to the percentage of ownership, is shown on the corporate Tax Return (IRS Form 1120), and individual Tax Returns. If the Borrower's percentage of ownership does not appear on the Tax Returns, the Mortgagee must obtain the information from the corporations' accountant, along with evidence that the Borrower has the right to any compensation.

The table below describes the items found on IRS Form 1120 for which an adjustment must be made in order to determine adjusted business income.

Adjustment Item	Description of Adjustment
Depreciation, Depletion, Amortization, and Casualty Losses	Add the corporation's depreciation, depletion, amortization, and non-recurring casualty losses back to the after-tax income.
Fiscal Year vs. Calendar Year	If the corporation operates on a fiscal year that is different from the calendar year, an adjustment must be made to relate corporate income to the individual Tax Return.
Cash Withdrawals	The Borrower's withdrawal of cash from the corporation may have a severe negative impact on the corporation's ability to continue operating.

Analyzing IRS Form 1120-S, *U.S. Income Tax Return for an S Corporation*

An "S" Corporation refers to a small start-up business, with gains and losses passed to stockholders in proportion to each stockholder's percentage of business ownership.

Income for owners of “S” corporations comes from IRS Form W-2 wages, and is taxed at the individual rate. The IRS Form 1120-S Compensation of officers line item is transferred to the Borrower’s individual IRS Form 1040, *U.S. Individual Income Tax Return*.

Depreciation, depletion, amortization, and non-recurring casualty losses may be added back to income in proportion to the Borrower’s percentage of ownership in the corporation.

The Borrower’s income must be reduced proportionately by the total obligations payable by the corporation in less than one year.

Analyzing Schedule K-1 (IRS Form 1065), *U.S. Return of Partnership Income*

A Partnership refers to when two or more individuals form a business, and share in profits, losses, and responsibility for running the company. Each partner pays taxes on their proportionate share of the partnership’s net income.

Both general and limited partnerships report income on IRS Form 1065, and the partners’ share of income is carried over to Schedule E of IRS Form 1040.

Depreciation, depletion, amortization, and non-recurring casualty losses may be added back to the income in proportion to the Borrower’s share of the income.

The Borrower’s income must be reduced proportionately by the total obligation payable by the partnership in less than one year.

APPENDIX 4.0 - ~~FHA-HOME AFFORDABLE MODIFICATION PROGRAM (FHA-HAMP) CALCULATIONS (APPLIES TO SERVICING ONLY) (09/26/2022)~~FHA HOME RETENTION OPTIONS CALCULATIONS (APPLIES TO SERVICING ONLY) (12/30/2025)

~~The Mortgagee must evaluate Borrowers in the order of each step below. Borrowers must meet all eligibility requirements associated with the FHA-HAMP Option in accordance with HUD guidance.~~

Step 1: Review for FHA-HAMP Standalone Loan Modification

- ~~1. Calculate the target Mortgage Payment:
 - ~~A. Calculate 31% of gross income;~~
 - ~~B. Calculate 80% of current Mortgage Payment;~~
 - ~~C. Calculate 25% of gross income;~~
 - ~~D. Take the greater of B or C; and~~
 - ~~E. The lesser of A or D determines the target Mortgage Payment.~~~~
- ~~2. Amortize the total outstanding debt to be resolved at the Market Rate for a 360-month term to determine the modified Mortgage Payment required to bring the loan current.
 - ~~A. The Mortgagee may capitalize in an FHA-HAMP Standalone Loan Modification an amount needed to cover:
 - ~~1. arrearages, which include Mortgagee advances for escrow items;~~
 - ~~2. the projected escrow shortage amount; and~~
 - ~~3. related legal fees and foreclosure and bankruptcy costs for work actually performed for the current Default episode as of the date of the foreclosure cancellation and not higher than the foreclosure-related fees and costs HUD has identified as reasonable and customary.~~~~~~

~~If the result of the modified Mortgage Payment (Step 1.2) is at or below the target Mortgage Payment (Step 1.1.E), the Borrower is eligible for an FHA-HAMP Standalone Loan Modification; if not, go to Step 2.~~

Step 2: Review for FHA-HAMP Standalone Partial Claim

Step 2.1: Establish the Maximum Partial Claim Amount Available

~~The maximum FHA-HAMP Partial Claim amount available is the lesser of:~~

- ~~1. the unpaid principal balance on the date of Default at the time of payment of the initial Partial Claim, multiplied by 30%, less any previous Partial Claim(s) amount paid on this Mortgage; or~~
- ~~2. if no previous Partial Claim(s) were filed during the life of the loan, the unpaid principal balance as of the date of Default for the current Default episode multiplied by 30%.~~

~~If the Borrower has exhausted the maximum Partial Claim amount available, go to Step 3. If not, continue to Step 2.2.~~

Step 2.2: Determine if the Borrower's Current Mortgage Payment Meets the Following Criteria

- ~~1. the Borrower's current interest rate is at or below Market Rate; and~~
- ~~2. the Borrower's current Mortgage Payment with reanalyzed escrow will be at or below the target Mortgage Payment (Step 1.1.E).~~

~~If the Borrower's current Mortgage Payment does not meet the above criteria, go to Step 3. If the Borrower meets the above criteria, continue to Step 2.3.~~

Step 2.3: Calculate the FHA-HAMP Standalone Partial Claim Amount Needed to Bring the Loan Current

~~The Mortgagee may utilize an FHA-HAMP Standalone Partial Claim in an amount needed to bring the Borrower current including:~~

- ~~• arrearages;~~
- ~~• Mortgagee advances for escrow items;~~
- ~~• projected escrow shortage amount; and~~
- ~~• related legal fees and foreclosure and bankruptcy costs for work performed for the current Default episode as of the date of the foreclosure cancellation and not higher than the foreclosure-related fees and costs HUD has identified as reasonable and customary.~~

~~If the Borrower can resolve the debt without exceeding the maximum Partial Claim amount, the current interest rate is at or below the Market Rate, and the current Mortgage Payment with reanalyzed escrow does not exceed the target Mortgage Payment (Step 1.1.E), the Borrower is eligible for an FHA-HAMP Standalone Partial Claim; if not, go to Step 3.~~

Step 3: Review for FHA-HAMP Combination Loan Modification and Partial Claim

~~The Mortgagee may utilize an FHA-HAMP Combination Loan Modification and Partial Claim when establishing an affordable monthly payment that requires a Partial Claim in an amount needed to cover:~~

- ~~• arrearages, which include Mortgagee advances for escrow items;~~
- ~~• projected escrow shortage amount;~~
- ~~• related legal fees and foreclosure and bankruptcy costs for work performed for the current Default episode as of the date of the foreclosure cancellation and not higher than the foreclosure-related fees and costs HUD has identified as reasonable and customary; and~~
- ~~• principal deferment, if required to meet the target payment.~~

~~No portion of the FHA-HAMP Partial Claim may be used to bring the modified monthly payment below the target payment.~~

Calculate the FHA-HAMP Partial Claim amount required:

- ~~1. Calculate the required loan amount needed to reach the target Mortgage Payment from Step 1.1.E.~~

Appendix 4.0 – FHA-Home Affordable Modification Program (FHA-HAMP) Calculations (Applies to Servicing Only) (09/26/2022)
FHA Home Retention Options Calculations (Applies to Servicing Only) (12/30/2025)

2. ~~Subtract the required loan amount from the total outstanding debt to determine the FHA-HAMP Partial Claim amount required to bring the loan current and any required principal deferment.~~
 - ~~If the amount of the FHA-HAMP Partial Claim required does not exceed the maximum Partial Claim amount (Step 2), the Borrower is eligible for an FHA-HAMP Combination Loan Modification at the required loan amount and Partial Claim amount needed to bring the loan current.~~
 - ~~If the amount of the FHA-HAMP Partial Claim required exceeds the maximum Partial Claim amount (Step 2), calculate the maximum modified loan amount.~~

Calculate the maximum modified loan amount:

1. ~~Subtract the maximum Partial Claim amount (Step 2) from the total outstanding debt to be resolved (Step 1.2) to determine the maximum modified loan amount.~~
2. ~~Re-amortize the maximum modified loan amount at the Market Rate for a 360-month term to determine the modified Mortgage Payment.~~
 - ~~If the modified Mortgage Payment is at or less than 40% of the current gross income, the Borrower is eligible for an FHA-HAMP Combination Loan Modification, at the maximum modified loan amount, and an FHA-HAMP Partial Claim.~~
 - ~~If the modified Mortgage Payment is greater than 40% of the current gross income, and one or more Borrowers are unemployed, the Mortgagee must review the Borrower for a Special Forbearance Unemployment.~~
 - ~~If the Borrower has been determined ineligible for all Home Retention Options, but has income or other assets to repay the indebtedness within six months, the Borrower is eligible for a Formal Forbearance.~~
 - ~~If the Borrower has been determined ineligible for all Home Retention options the Mortgagee must review the Borrower for Home Disposition Options.~~

UPB refers to the unpaid principal balance on the Mortgage.

SIP refers to HUD's Single Family Mortgage Asset Recovery Technology (SMART) Integrated Portal.

Part A: Arrearages

Step 1 – Calculate the Items to Include in Arrearages	Result
a. Only applicable for Repayment Plans, Partial Claims, and Payment Supplements, calculate the principal amounts that are past due.	\$
b. Calculate accrued interest amounts that are past due.	\$
c. Calculate past due escrow amounts and/or Mortgagee advances for escrow items.	\$
d. Calculate projected escrow shortage amount after completion of an escrow analysis, except for Repayment Plans.	\$

Appendix 4.0 – FHA-Home Affordable Modification Program (FHA-HAMP) Calculations (Applies to Servicing Only) (09/26/2022)
FHA Home Retention Options Calculations (Applies to Servicing Only) (12/30/2025)

e. Calculate allowable legal fees and foreclosure and bankruptcy costs for work performed for the current Default episode as of the date of the foreclosure cancellation and not higher than the fees and costs HUD has identified as customary and reasonable.	\$
Step 2 – Calculate Total Arrearages for Repayment Plans, Partial Claims, and Payment Supplements	Result
Add amounts in Steps 1.a-e.	\$
Step 3 – Calculate Total Arrearages for Loan Modifications or Combination Loan Modifications and Partial Claims	Result
Add amounts in Steps 1.b-e.	\$

Part B: Partial Claim Availability

For the purposes of calculating available Partial Claim funds, any Payment Supplement is treated the same as a Partial Claim, and initial or previous Partial Claims include Payment Supplements.

Step 1 –	Result
Verify if the Borrower has previously received a Partial Claim in SIP. Enter the UPB at the time of the initial Partial Claim or, if the Borrower did not receive any previous Partial Claim(s), enter the UPB as of the date of Default for this episode.	\$
Step 2 –	Result
Multiply the result in Step 1 by 30%.	\$
Step 3 –	Result
Did the Borrower previously receive a Partial Claim as reported in SIP?	If yes, proceed to Step 4. If no, the result in Step 2 is the maximum Partial Claim amount available for the current Default episode.
Step 4 –	Result
Subtract the total amount of all Partial Claim(s) paid on the Mortgage, as reported in SIP, from the 30% statutory maximum funds available established in Step 2.	\$ This is the maximum Partial Claim amount available for the current Default episode.

Part C: Borrower Attests They Can Resume Mortgage Payments

Step 1 – Determine the Arrearages, Partial Claim Availability, and Monthly Principal and Interest (P&I) Payment for a Standalone Partial Claim	Result
a. Enter the Arrearages (Part A, Step 2).	\$ Proceed to Step 1.b.
b. Enter the Partial Claim Availability (Part B).	\$ Proceed to Step 1.c.
c. Enter the monthly P&I payment under a Standalone Partial Claim.	\$ Proceed to Step 2.
Step 2 – Calculate Monthly P&I Payment under Standalone Loan Modification	Result
a. Add Arrearages (calculated in Part A, Step 3) to the UPB to determine the total amount to be resolved.	\$ Proceed to Step 2.b.
b. Re-amortize the total amount to be resolved (Step 2.a) for a 30-year term at the Market Rate to determine the modified monthly P&I payment.	\$ Proceed to Step 3.
Step 3 – Compare Monthly P&I for Standalone Partial Claim and Standalone Loan Modification	Result
Is the monthly P&I payment for a Standalone Loan Modification at least \$1.00 less than the P&I payment for a Standalone Partial Claim?	If yes, offer the Borrower a Standalone Loan Modification (calculated in Step 2). If no, proceed to Step 4.
Step 4 – Determine if the Borrower has Sufficient Partial Claim Funds for a Standalone Partial Claim	Result
Are the Arrearages (Step 1.a) less than or equal to the Partial Claim Availability (calculated in Part B)?	If yes, offer the Borrower a Standalone Partial Claim. If no, evaluate the Borrower for a Permanent Home Retention Option with payment reduction starting with the Standalone Loan Modification in Part D.

Part D: Calculate Standalone Loan Modification

Step 1 – Calculate 25% P&I Reduction	Result
Multiply the current P&I by 0.75 to determine the target payment with a 25% P&I reduction.	\$ Proceed to Step 2.

Appendix 4.0 – FHA-Home Affordable Modification Program (FHA-HAMP) Calculations (Applies to Servicing Only) (09/26/2022)
FHA Home Retention Options Calculations (Applies to Servicing Only) (12/30/2025)

Step 2 – Determine Total Amount to be Resolved	Result
Add Arrearages (calculated in Part A, Step 3) to the UPB to determine the total amount to be resolved.	\$ Proceed to Step 3.
Step 3 – Determine if a 30-Year Modification can Achieve a 25% P&I Reduction	Result
a. Re-amortize the total amount to be resolved (Step 2) for a 30-year term at the Market Rate to determine the modified monthly P&I payment.	\$ Proceed to Step 3.b.
b. Determine if the result in Step 3.a is equal to or less than the target payment calculated in Step 1.	If yes, offer the Borrower a Standalone Loan Modification for a term of 30 years. If no, proceed to Step 4.
Step 4 – Determine if a 40-Year Modification can Achieve a 25% P&I Reduction	Result
a. Re-amortize the total amount to be resolved (Step 2) for a 40-year term at the Market Rate to determine the modified monthly P&I payment.	\$ Proceed to Step 4.b.
b. Determine if the result in Step 4.a is equal to or less than the target payment calculated in Step 1.	If yes, offer the Borrower a Standalone Loan Modification for a term of 40 years. If no, proceed to Step 5.
Step 5 – Consider if the Borrower is Eligible for Other Permanent Home Retention Options	Result
Does the Borrower have a minimum of \$1,000 in Partial Claim Availability (calculated in Part B)?	If yes, review the Borrower for a Combination Loan Modification and Partial Claim. If no, offer the Borrower a Standalone Loan Modification that is modified to a term of 40 years, even if the payment increases.

Part E: Combination Loan Modification and Partial Claim Calculations

Step 1 – Calculate 25% P&I Reduction	Result
Enter the target payment with a 25% P&I reduction (calculated in Part D, Step 1).	\$ Proceed to Step 2.

Appendix 4.0 – FHA-Home Affordable Modification Program (FHA-HAMP) Calculations (Applies to Servicing Only) (09/26/2022)
FHA Home Retention Options Calculations (Applies to Servicing Only) (12/30/2025)

Step 2 – Determine Total Amount to be Resolved	Result
Add Arrearages (calculated in Part A, Step 3) to the UPB to determine the total amount to be resolved.	\$ Proceed to Step 3.
Step 3 - Determine if a 30-Year Combination Loan Modification and Partial Claim can Achieve a 25% P&I Reduction	Result
a. Calculate the loan amount needed to achieve the target payment (Step 1) on a 30-year term at the Market Rate.	\$
b. Subtract the target loan amount (Step 3.a) from the total amount to be resolved (Step 2) to determine the amount of Partial Claim funds required.	\$
c. Is the Partial Claim Availability (calculated in Part B) greater than or equal to the amount of Partial Claim funds required (Step 3.b)?	If yes, offer the Borrower a 30-Year Combination Loan Modification and Partial Claim. If no, proceed to Step 4.
Step 4 - Determine if a 40-Year Combination Modification and Partial Claim can Achieve a 25% P&I Reduction	Result
a. Calculate the loan amount needed to achieve the target payment (Step 1) on a 40-year term at the Market Rate.	\$
b. Subtract the target loan amount (Step 4.a) from the total amount to be resolved (Step 2) to determine the amount of Partial Claim funds required.	\$
c. Is the Partial Claim Availability (calculated in Part B) greater than or equal to the amount of Partial Claim funds required (Step 4.b)?	If yes, offer the Borrower a 40-Year Combination Loan Modification and Partial Claim. If no, proceed to Step 5.
Step 5 - Determine if a 40-Year Combination Loan Modification and Partial Claim can Achieve a Minimum 15% P&I Reduction	Result
a. Multiply the current P&I by 0.85 to determine the target payment with a 15% P&I reduction.	\$
b. Subtract the Partial Claim Availability (calculated in Part B) from the total amount to be resolved (calculated in Step 2) to determine the maximum modified amount.	\$
c. Calculate the P&I for a modified Mortgage amount (calculated in Step 5.b) with a 40-year term at the Market Rate.	\$
d. Is the P&I of the modified Mortgage (calculated in Step 5.c) less than or equal to the amount calculated in Step 5.a?	If yes, offer the Borrower a 40-Year Combination Loan

Appendix 4.0 – FHA-Home Affordable Modification Program (FHA-HAMP) Calculations (Applies to Servicing Only) (09/26/2022)
FHA Home Retention Options Calculations (Applies to Servicing Only) (12/30/2025)

	Modification and Partial Claim. If no, proceed to Payment Supplement.
Step 6 - Re-Review Borrowers Not Eligible for Payment Supplement	Result
a. Is the Borrower ineligible for a Payment Supplement or does not have sufficient Partial Claim Availability to receive a Payment Supplement for the Minimum Monthly Principal Reduction (Minimum MoPR), and the Combination Loan Modification and Partial Claim for 40 years will provide a payment reduction to the P&I?	If yes, offer the Borrower a Combination Loan Modification and Partial Claim for 40 years. If no, proceed to Step 6.b.
b. Does the Borrower have sufficient Partial Claim Availability to receive a Standalone Partial Claim (calculated in Part C)?	If yes, proceed to Standalone Partial Claim. If no, offer the Borrower a Combination Loan Modification and Partial Claim for 40 years, even if the payment increases.

Part F: Payment Supplement Calculations

Step 1 – Determine Partial Claim Availability	Result
Enter the Partial Claim Availability (calculated in Part B).	\$ If the result is greater than 0, proceed to Step 2. If no Partial Claim funds are available, the Borrower is not eligible for the Payment Supplement.
Step 2 – Calculate Amount Required to Reinstate the Mortgage Using a Payment Supplement	Result
Enter Arrearages (calculated in Part A, Step 2) to bring Mortgage current.	\$ Proceed to Step 3.
Step 3 – Calculate Partial Claim Funds Available for MoPR	Result
a. Subtract the amount in Step 2 from the amount in Step 1 to determine the amount of Partial Claim funds available for the MoPR.	\$
b. Is the amount in Step 3.a greater than 0?	If yes, proceed to Step 4.

Appendix 4.0 – FHA-Home Affordable Modification Program (FHA-HAMP) Calculations (Applies to Servicing Only) (09/26/2022)
FHA Home Retention Options Calculations (Applies to Servicing Only) (12/30/2025)

	If no, the Borrower is not eligible for the Payment Supplement.
Step 4 – Calculate Maximum MoPR	Result
Step 4.a – Calculate 25% P&I Reduction:	
1. Enter the P&I portion of the Borrower's monthly Mortgage Payment as of the date the Payment Supplement Period begins.	\$
2. Multiply Step 4.a.1 by 25%.	\$
3. Enter the principal portion only of the monthly Mortgage Payment as of the date the Payment Supplement Period begins.	\$
Step 4.b – Determine Maximum MoPR	
Enter the lesser of Step 4.a.2 or Step 4.a.3 to determine the maximum MoPR.	\$ Proceed to Step 5.
Step 5 – Calculate the MoPR	Result
Step 5.a – Determine if the Borrower has Sufficient Partial Claim Funds Available to Achieve the Maximum MoPR for 36 Months	
1. Multiply the result of Step 4.b by 36 months to determine the amount needed to provide 36 months of the maximum MoPR.	\$
2. Is the amount of Partial Claim funds available for the MoPR in Step 3.a greater than or equal to the maximum MoPR for 36 months?	If yes, the maximum MoPR calculated in Step 4.b is the MoPR for the Payment Supplement Period. Proceed to Step 6. If no, proceed to Step 5.
Step 5.b – If the Borrower does not have Sufficient Partial Claim Funds Available for a Maximum MoPR for 36 Months (as Calculated in Step 5.A.), Calculate the MoPR	
Divide the amount of Partial Claim funds available for the MoPR in Step 3.a by 36.	\$ This is the MoPR for the Payment Supplement Period. Proceed to Step 6.
Step 6 – Payment Reduction Test: Determine if a MoPR of no less than 5% and no less than \$20.00 can be Achieved for 36 Months	Result
a. Divide the MoPR as determined in Step 5 by the current P&I payment in Step 4.a.1.	%
b. Is the result in Step 6.a greater than or equal to 5%?	Yes/No
c. Is the amount of the MoPR as determined in Step 5 equal to or greater than \$20.00?	Yes/No
d. Are the results in both Step 6.b and Step 6.c "Yes"?	Yes/No If yes, the Borrower is eligible for the MoPR calculated in Step 5 for the 36

Appendix 4.0 – FHA-Home Affordable Modification Program (FHA-HAMP) Calculations (Applies to Servicing Only) (09/26/2022)
FHA Home Retention Options Calculations (Applies to Servicing Only) (12/30/2025)

	months of the Payment Supplement Period. Proceed to Step 7. If no, the Borrower is not eligible for the Payment Supplement. The Mortgagee must offer the Borrower the lowest monthly P&I payment achieved under either a 40-Year Combination Loan Modification and Partial Claim or a Standalone Partial Claim, if sufficient funds are available.
Step 7 – Compare Savings with Available Permanent Home Retention Options	
Compare the Borrower’s proposed P&I monthly payment under the Payment Supplement with the Borrower’s proposed P&I monthly payment under a 40-Year Combination Loan Modification and Partial Claim to determine the greater payment reduction. • If the Borrower is able to achieve a lower monthly P&I payment with the 40-Year Combination Loan Modification and Partial Claim, the Mortgagee must offer the Borrower the 40-Year Combination Loan Modification and Partial Claim. • If the Borrower is not able to achieve a lower monthly P&I payment utilizing the 40-Year Combination Loan Modification and Partial Claim, the Mortgagee must offer the Borrower the Payment Supplement.	

APPENDIX 5.0 - HUD SCHEDULE OF STANDARD POSSESSORY ACTION AND DEED-IN-LIEU OF FORECLOSURE ATTORNEY FEES (APPLIES TO SERVICING ONLY) (03/31/2022)

HUD will reimburse Mortgagees for reasonable and customary fees for work actually performed related to the current Default episode that were paid to attorneys and trustees in connection with possessory actions and/or completion of a DIL.

58	Wisconsin	Mortgage	Judicial	Complaint	12
59	Wyoming	Mortgage	Nonjudicial	Publication	7

Footnotes:

1. Loans secured by a Deed of Trust are normally foreclosed using nonjudicial procedures provided in D.C. Code § 42-815. Mortgagees may elect to foreclose using judicial procedures established pursuant D.C. Code § 42-816 instead when it is determined to be warranted for a particular Mortgage.
2. The Mortgagee must first obtain a Judgment from the Land Court verifying that the Borrowers are not entitled to relief under the Servicemembers Civil Relief Act (SCRA).

APPENDIX 7.0 - PROPERTY PRESERVATION ALLOWANCES AND SCHEDULES (APPLIES TO SERVICING ONLY) (11/14/2023)

A. MAXIMUM PROPERTY PRESERVATION ALLOWANCES

CLAIM SUBMISSION AND DOCUMENTATION COSTS	
Maximum Property Preservation Allowance	\$5,000 ¹
Photographs	Maximum \$30 per property
Local Requirements (Vacant Property Registration (VPR))	Actual cost to register and comply with all VPR ordinance requirements (provide supporting documentation)
INSPECTIONS	
Initial Occupancy Inspection	\$30/\$20 per each additional unit
Occupancy Follow-Up Inspections	\$30/\$20 per each additional unit
Vacant Inspections (Ongoing) - First-Time Vacant Property Inspection (One time) - Follow-Up Vacant Property Inspections	\$45/\$30 per each additional unit \$45/\$30 per each additional unit
SECURING THE PROPERTY	
Emergency Contact Information Posting	
Emergency Contact Posting including Address Posting	\$10 one time reimbursement
Lockbox, including duplicate HUD coded keys	\$40 one time reimbursement
Locksets	
Lockset replacement – Front or Main Entranceway	\$60 per door/door set
Lockset replacement – other than above	\$20 each
Rekeying	\$10 per keyhole
Padlock/Hasp Installation	\$40 each
Doors	
Replace Exterior Door – Prehung Steel	\$800 each
Replace Overhead Door	\$800 single bay door \$1,000 double bay door
Repair Overhead Door	\$100 maximum per property
Glazing/Windows	
Reglazing	\$1.50 per United Inch (U.I.)

¹ The \$5,000 maximum cost limit does not include the cost of the following expenses: debris removal, grass cutting, boarding, inspections, securing of swimming pools, sump pumps, demolition, vacant property registration fees, and utilities. These expenses do not require an over-allowable request when the cost is equal to or less than Appendix 7.0.

	(Length (in.) of one side + Width (in.) of one side = Total U.I.)
Window Lock Replacement	\$5 each; maximum \$50 per property
Door slider lock, anti-lift blocks, security bars	\$25 each
Boarding/Securing of doors and windows	
Boarding/Securing Materials	\$.90 per U.I.
Swimming Pools, Spas, and Hot Tubs	
Swimming Pool Securing – In-ground	Maximum \$1,250 for all work, including cover installation
Swimming Pool Securing – Above ground	Maximum \$500 for all work, including cover installation
Spa and Hot Tub Securing	Maximum \$50 for all work, including cover installation
Swimming Pool Draining	Maximum \$300 per property
Above Ground Swimming Pool Removal	Maximum \$500 per property
Swimming Pool Maintenance	Maximum \$100 monthly
Winterization	
Dry Winterization	Maximum \$100 each unit
Wet/Steam Winterization	Maximum \$150
Wet/Steam Winterization – additional unit	Maximum \$90
Radiant Winterization	Maximum \$250
Radiant Winterization – additional unit	Maximum \$125
Reduced Pressure Zone (RPZ) Valves	Maximum \$150, where required by state or local law
Swimming Pools and Spas	Maximum \$200 per property per 12-month period
Re-winterization	\$50 each occurrence
Utilities, Power Supply, Water Supply, Gas Supply	
Electricity, Gas, Oil, Propane, Water and Sewer	Actual cost – one time shut off/transfer fee as assessed by local utility entities
Water well closing and disconnection	\$80 for all work required – one time shut-off per property
Initial water line pressure testing	\$20
Wire Capping	\$1 each; maximum \$25 per property
Water, Sewer, or Gas Capping	\$15 each; maximum \$90 per property
Smoke Detectors – when required by AHJ	\$15 each
CO2 Monitor – when required by AHJ	\$25 each
Roof Assembly Repair	
Temporary Roof Repair/Tarping	Maximum \$600 per property
Permanent Roof Repair/Patching	Maximum \$1,000 per property
Chimney Capping	Maximum \$100 each
Foundation Drainage Systems and Basements	
Basement Water Pumping	Maximum \$500 per property

Gutter Cleaning and Repair	\$1 per linear foot (LF); Maximum \$100 per property
Gutter Replacement (missing sections only)	\$4.70 per LF; Maximum \$400 per property
Molds, Fungus, Discoloration and Related Moisture Damage and Organic Growth	
Dehumidifier Purchase and Installation	Maximum \$250 each
Absorbent Moisture Desiccants	\$20 each; maximum \$100 per 12 month period
Mold Treatment including Medium Removal, mold inhibitor chemicals, mold inhibiting paints	\$300 Maximum per property
Sump Pumps	
Sump Pump Replacement/Installation	Maximum \$300 per property
Sump Pump Repair	Maximum \$50
Debris Removal, Cleaning, and Minor Repair	
Debris Removal, Interior and Exterior	Maximum \$1,250
Debris Removal, Interior and Exterior – additional waste	\$50 per cubic yard (CY)
Broom Swept Cleaning	\$50
Refrigerator and Freezer Cleaning	\$50
Toilet Cleaning	\$50
Clothes Dryer Vent Cover Installation	\$ 20 each
Pest Extermination (professional services with documented need)	Maximum \$300 (provide payment evidence)
Pest Extermination (Over-the-counter products)	\$30 each; maximum \$90 per 12 month period
Dead Animal Removal	\$50 per occurrence
Vehicle/Boat Removal	Maximum \$210 per vehicle
Fencing Repair	\$300 for all work required
Handrails	\$10 per linear foot (LF) Maximum \$200 per property
Carpet Removal including removal of tack strips	\$.20 per square foot (SF) Maximum \$400 per property
Demolition of Dilapidated/Unsafe Outbuildings and Sheds	\$1.00 per square foot; Maximum \$400 per property
Professional reports (Hazardous material identification and testing) - Reimbursement for positive results only	Maximum \$1,100 per property
Police and Fire Reports	\$20 each
Personal Property Storage	
Storage and disposition	Maximum \$300 per property
MAINTENANCE	
Yard Maintenance	
Initial Desert Landscaping Maintenance	Maximum \$300
Recut Desert Landscaping Maintenance	Maximum \$200 per 12 month period
Grass Cuts	Refer Attachment B

Tree Trimming	Maximum \$250 per 12 month period
Shrub Trimming	Maximum \$200 per 12 month period
Snow Removal	
Snow/Ice Removal	Maximum \$75 per occurrence
Utilities	
Utility Costs	Actual costs as invoiced by power and utility entities

B. WINTERIZATION SCHEDULE

Required Winterization Period	State or Territory
All Year	Alaska
September 1 through April 30	Colorado; Connecticut; Idaho; Illinois; Indiana Iowa; Maine; Massachusetts; Michigan; Minnesota; Montana; Nebraska; New Hampshire; New Jersey; New York; North Dakota; Ohio; Oregon; Pennsylvania; Rhode Island; South Dakota; Vermont; Washington; Wisconsin; Wyoming
October 1 through March 31	Alabama; Arizona; Arkansas; California; Delaware; Florida; Georgia; Kansas; Kentucky; Louisiana; Maryland; Mississippi; Missouri; Nevada; New Mexico; North Carolina; Oklahoma; South Carolina; Tennessee; Texas; Utah; Virginia; West Virginia; Washington, DC
Winterization not required	Hawaii; Guam; Northern Mariana Islands; American Samoa; Puerto Rico; U.S. Virgin Islands

C. GRASS CUT SCHEDULE

State or Territory	Initial Cut (1 - 10,000 sf)	Initial Cut (10,001 sf - 20,000 sf)	Recuts (1 - 10,000 sf)	Recuts (10,001 sf - 20,000 sf)
NOTE: Add \$25 for each additional 10,000 sf for properties greater than 20,000 sf				
ALL YEAR: ONCE PER MONTH				
Arizona	\$75	\$95	\$70	\$90
Nevada	\$90	\$110	\$85	\$105

APPENDIX 8.0 - FHA DEFECT TAXONOMY (01/15/2025)(08/19/2024)

Effective for Loan Reviews as of 01/01/20

I. PURPOSE

The Defect Taxonomy is FHA's quality assurance framework for Title II Loan Reviews ~~method of identifying defects at the loan level.~~

A) The Defect Taxonomy provides:

- a consistent method of identifying defects at the loan level;
- useful data and feedback through structured categorization of defects and their sources, causes, and severities; and
- balance between FHA's risk management and quality assurance business processes.

B) The Defect Taxonomy **does not**:

- ~~e~~ Establish a universal statement on all monitoring or enforcement efforts by FHA;
- ~~a~~ Address FHA's response to patterns of loan-level defects, regardless of severity;
- ~~l~~ Limit FHA's actions with regard to fraud or misrepresentation;
- ~~e~~ Establish standards for administrative or civil enforcement action, which are currently set forth in law;
- ~~p~~ Preclude FHA from referring ~~any violation~~ Findings of any severity to HUD's Mortgagee Review Board, Departmental Enforcement Center, Office of Fair Housing and Equal Opportunity, or other HUD offices for ~~findings that, in FHA's judgment, warrant such referral~~ violations of HUD requirements; or-
- ~~a~~ Affect or override FHA's normal process for referral of fraud, waste, or abuse to the Office of the Inspector General.

FHA uses the Defect Taxonomy for loan reviews conducted by the Office of Single Family Housing's Quality Assurance and Processing and Underwriting Divisions located in Headquarters and the Homeownership Centers. Mortgagees may use the Defect Taxonomy as a reference for their own loan-level Quality Control reviews.

The Defect Taxonomy is not used for any type of audit or review separately conducted by HUD's National Servicing Center, Office of Finance and Budget, or Ginnie Mae.

II. CORE CONCEPTS

A defect is any deviation from HUD policy requirements, regardless of severity.

In the context of Title II Loan Reviews, a Finding refers to a determination by FHA of a defect.

An individual Finding is classified in the Loan Review System (LRS) by its specific defect area, source, and cause.

A. Defect Areas

Defect areas represent the fundamental loan characteristics for each review type based on corresponding HUD policy requirements. Applicable policies are listed in each defect area for reference only. They may not be all-inclusive.

- Underwriting Loan Reviews are categorized into nine defect areas covering loan origination, underwriting, closing, and endorsement for FHA insurance.
- Servicing Loan Reviews are categorized into six defect areas covering servicing and loss mitigation activities throughout the potential lifecycle of an FHA-insured loan.

~~Underwriting loan reviews are categorized into nine defect areas that represent fundamental characteristics of a loan's eligibility for FHA insurance. Defect areas are organized following a consistent pattern of sources, causes, severity tier descriptions and potential remedies.~~

- ~~• Applicable HUD policies are provided for reference; they are subject to change and may not be all-inclusive.~~

B. Sources and Causes

Sources and causes **are used to** describe Findings in greater detail based on **the underlying HUD policy violation** ~~HUD policy requirements. An individual Finding is identified in the Loan Review System (LRS) by its specific defect area, source, and cause.~~

C. Severity Tiers

There are four potential severity tiers, one of which is assigned to each Finding **in LRS** based on the size and nature of the deviation from FHA requirements. Severity tiers indicate whether a Mortgagee response is required in LRS.

- **Tier 1 and 2** Findings are unacceptable, **requiring and require** a Mortgagee response. **Potential remedies are listed in each defect area.** **Severity tiers 1 and 2 align with the definition of Material Finding for Mortgagee Quality Control.**

- ~~• Mortgagees may rebut any unacceptable Finding by responding in LRS with supporting documentation.~~

Tier 1 is used for Findings of fraudulent or materially misrepresented information about which the Mortgagee knew or should have known. See Fraud or Material Misrepresentation for more details.

Tier 2 is used for:

- underwriting Findings that would have altered the loan's approval and/or eligibility for FHA insurance;
- servicing Findings that require mitigating documentation, corrective servicing action, and/or financial remediation; and
- instances when required documents are missing or contain insufficient information to determine compliance.

- ~~• Tier 3 and 4 Findings are deficient and do not impact a loan's eligibility for FHA insurance. These Findings do not require a Mortgagee response, but optional responses can be submitted in LRS.~~

Tier 3 is used for:

- underwriting Findings that do not adversely impact the loan's approval and/or eligibility for FHA insurance;
- servicing Findings that do not adversely impact FHA or that are based on loan-level reporting errors that cannot be corrected;
- Findings of noncompliance remedied by the Mortgagee prior to review by FHA; and
- Findings that represent deviations from HUD policy, but which are the consequence of an obligation to comply with other binding federal or state law.

Tier 4 is primarily used for Findings of fraudulent or materially misrepresented information about which the Mortgagee did not know and could not have known. Tier 4 is also used for underwriting Findings when minor data integrity issues exist that are inconsequential to the loan's approval and eligibility.

Mortgagees may rebut any Finding or severity determination by responding in LRS with supporting information. Rebuttals are based on information available to FHA prior to the initial Finding.

III. REMEDIES

In addition to referring a Mortgagee to the Mortgagee Review Board, FHA has the authority to pursue loan-level actions and remedies reasonably related to a Mortgagee's underlying violations. Pursuit of such loan-level actions and remedies does not limit FHA's ability to refer a Mortgagee to the MRB or prevent the MRB from initiating its own action where appropriate.

The purpose of remedies is to mitigate risk to FHA and, if applicable, put Borrowers and/or other affected parties in the position they would have been in absent the violation. In some cases, multiple remedies may be used to address the full impact of an individual Finding.

Remedies are described below for unacceptable Findings in LRS. In each defect area, possible remedies for common policy violations are listed in order based on the degree of impact.

Potential remedies described below are applicable for Findings identified in the LRS.

- Life of Loan Indemnification is the only remedy available for tier 1 Findings.
- Alternatives to Indemnification may be available for tier 2 Findings; they are shown in each defect area as a waterfall based on degree of impact.

A. Mitigation Documentation

Findings in any defect area may be mitigated in LRS with the Mortgagee's submission of one of the following as requested by FHA:

- additional documentation which adequately addresses the source and cause of the Finding, and/or information that was not included in the original loan file reviewed by FHA, which demonstrates the Mortgagee's compliance with HUD policy requirements; or
- evidence of corrective actions completed by the Mortgagee which, in FHA's determination, adequately addresses the source and cause of the Finding so that the loan no longer presents an unacceptable risk to FHA.

B. Financial Remediation

Consistent with FHA rules and requirements, Mortgagees may financially remediate certain loan-level Findings by submitting. Certain Findings may be remedied by a financial adjustment in the amount of the violation and the Mortgagee's submission of documentation showing completion of the corrective requested action in the amount specified by FHA. Financial remediation may include:

- A refund to reimburse unallowable, prohibited or erroneous fees, penalties, or other charges to the Borrower; must be made to the party affected by the violation.
- A principal reduction must be applied to the existing unpaid principal loan balance of the loan; or for Delinquent or Defaulted loans, funds may be applied to the Mortgagee's Borrower's suspense account;
 - When FHA insurance is terminated, and FHA has paid a termination claim, the required amount of financial remediation must be made to FHA via Claims Remittance.
 - When financial remediation cannot be completed due to foreclosure status, or when an FHA claim has not yet been filed, the Finding may be mitigated with the Mortgagee's acknowledgement and agreement to make financial adjustments before or upon submission of an FHA claim.
- account adjustments to the Borrower's loan, escrow, or suspense account in the amount necessary for the Servicer to bring the account in compliance with HUD policy and/or demonstrate corrective action; and
- remittance of improperly paid servicing claims and/or loss mitigation incentives to HUD.

C. Indemnification

~~In the absence of any alternative remedy~~ When other remedies are not applicable, or when ~~such~~ alternatives have been exhausted, Mortgagees must ~~may~~ resolve unacceptable ~~loan-level~~ Findings in LRS by indemnifying HUD against the risk of financial losses ~~by signing a 5 Year or Life-of-Loan Indemnification agreement as specified.~~

- Indemnification agreements must be signed electronically in the LRS by Mortgagee users with the “Indemnification Submission” role in FHA Connection.

As specified in each indemnification agreement, the Mortgagee agrees to abstain from submitting an insurance claim to FHA in connection with the loan, or to reimburse FHA for any loss due to claims paid by FHA.

The term of an underwriting indemnification agreement is either 5-Year (from the loan endorsement date shown in FHA Connection) or Life-of-Loan. The term of a servicing indemnification is either 1-Year or 5-Year (from the date the agreement is signed by both the Servicer and FHA) or Life-of-Loan. Expiration of a 1-Year or 5-Year indemnification is subject to conditions detailed in the agreement.

Some general factors used by FHA to determine the term of an indemnification include:

Term	General Factors
1-Year	Servicing Only loan is current at the time of FHA’s review and the Servicer provides documentation of a good faith effort to mitigate the Finding but is unsuccessful due to circumstances beyond the Servicer’s control.
5-Year	Underwriting - violations related to the Borrower’s credit or income, which impact the Borrower’s creditworthiness or capacity to repay the loan; or - noncompliance with FHA requirements for verifying and documenting sufficient funds from an acceptable source to facilitate closing, or for determining the assets used to qualify. Servicing - loan is not current at the time of FHA’s review and the Servicer provides documentation of a good faith effort to mitigate the Finding, but is unsuccessful due to circumstances beyond the Servicer’s control; or - improperly completed mortgage assumption for a Borrower who was not credit qualified.
Life-of-Loan	All Tier 1 Findings of fraud or materially misrepresented information. Underwriting - violations related to property eligibility or valuation; - certain violations of FHA requirements for basic Borrower eligibility; or - HECM policy violations. Servicing - loan is in conveyance or claim status and FHA determines that foreclosure or other Home Disposition Options should not have been completed; or

	• certain violations of FHA's eligibility standards and requirements described in specific defect areas, regardless of the current status of the loan.

IV. FRAUD OR **MATERIAL** MISREPRESENTATION

All Findings of fraud or materially misrepresented information are referred to the Office of the Inspector General (OIG), regardless of LRS severity tier or remedy provided by the Mortgagee.

- A. Findings of fraud or materially misrepresented information can fall into one of two severity tiers:
 - **Tier 1:** the Mortgagee knew or should have known.
 - **Tier 4:** the Mortgagee did not know and could not have known.
- B. FHA determines if the Mortgagee knew or should have known based on whether:
 - an employee of the Mortgagee, ~~or~~ sponsored Third-Party Originator, **or servicer** was involved; **and/or**
 - red flags in the loan file should have been questioned by the ~~underwriting~~ Mortgagee.
- C. FHA's loan review determinations regarding Findings of fraud or misrepresentation do not affect or override any separate determinations of the Office of the Inspector General through any audit or investigative process.

V. UNDERWRITING LOAN REVIEW

Delinquent Federal Debt 8. Collections, Charge-Offs, Judgments, and/or Disputed Derogatory Accounts 9. Maximum Debt Ratios and Compensating Factors 10. Other Credit or Liability Issue Causes A. Required documentation missing, illegible, insufficient, and/or contains unresolved inaccuracies or issues B. FHA standards not met – credit approval not supported/ borrower ineligible C. Amount of qualifying debt not supported, omitted, undisclosed, or not calculated according to policy D. Other Policy Violation F. Evidence of Fraud or Misrepresentation	

Defect Area 2 (continued)

Borrower Credit (BC)

Severity Tiers		Remedies
Unacceptable		
1	Evidence of fraudulent or materially misrepresented information about which the Mortgagee knew or should have known .	Indemnification Life-of-Loan
2	FHA is unable to determine acceptability, eligibility, underwriting compliance, or cannot calculate monthly debts or obligations based on loan documentation. FHA is able to conclude that the borrower was ineligible and/or aspects of credit were unacceptable to the degree that approval cannot be supported. Amount of qualifying debt not supported, omitted, or miscalculated and when corrected: Loan underwritten with TOTAL Scorecard results in a “Refer” risk assessment and approval cannot be substantiated based on the requirements for manually underwritten loans. Loan underwritten manually (referred or downgraded) approval is not substantiated with increase due to insufficient compensating factors or ratio in excess of maximum established by FHA. HECM Financial Assessment or credit/property charge payment history does not adhere to FHA standards, extenuating circumstances were not documented, and/or Minimum Life Expectancy Set-Aside was not applied as required or HECM approval is not supported based on documentation.	Mitigating Documentation OR Indemnification <i>Forward</i> 5 Year <i>HECM</i> - Life-of-Loan
Deficient		
3	Required credit documentation is out of compliance in some way, but documentation/information sufficient to substantiate loan approval. Amount of qualifying debt not supported, omitted, or miscalculated and when corrected: Loan underwritten with TOTAL Scorecard results in a “Refer” risk assessment, but approval is substantiated based on the requirements for manually underwritten loans. Loan underwritten manually (referred or downgraded) approval is substantiated by sufficient compensating factors and ratio(s) do not exceed maximum qualifying ratio(s) established by FHA. HECM Financial Assessment errors or issues with credit and property charge data or extenuating circumstances, but Minimum Life Expectancy Set-Aside was applied and HECM approval is supported based on documentation.	
4	Minor data errors or inconsistencies between TOTAL Scorecard, loan documentation and/or FHA systems that are inconsequential to the borrower’s credit/ability to repay, and when corrected, TOTAL risk assessment remains an “Accept”. Evidence of fraudulent or materially misrepresented information about which the Mortgagee did not know and could not have known.	

Defect Area 3

Loan to Value and Maximum Mortgage Amount (LM)

Allowable Mortgage Parameters for Purchase and Refinance transactions, including program and product-specific requirements that impact the maximum insurable loan amount.

HUD Policy References – Handbook 4000.1	
Forward	HECM
Maximum Mortgage Amounts Loan-to-Value Limits Required Investment Interested Party Contributions (TOTAL) Inducements to Purchase (TOTAL) Interested Party Contributions (Manual) Inducements to Purchase (Manual) Excessive Mortgage Amounts Programs and Products	Maximum Mortgage Amounts Maximum Claim Amount Principal Limit Disbursement Limits Life Expectancy Property Charges Principal Limit Calculation at Closing HECM For Purchase HECM Refinance
Sources 1. Purchase 2. Rate/Term or Simple Refinance 3. Streamline Refinance 4. Cash-Out Refinance 5. HECM 6. 203(k) 7. New Construction – Proposed, Under Construction, or Existing <1 Year 8. Build-on-Own Land or Construction to Permanent 9. HUD REO 10. Other Causes A. Required documentation missing, illegible, or insufficient B. Violation of maximum mortgage amount or LTV/CLTV limitation C. Minimum Required Investment (MRI) not met D. Principal Limit or Maximum Claim Amount, or Life Expectancy Set-Aside violation F. Evidence of Fraud or Misrepresentation	

Defect Area 3 (continued)

Loan to Value and Maximum Mortgage Amount (LM)

Severity Tiers		Remedies
Unacceptable		
1	Evidence of fraudulent or materially misrepresented information about which the Mortgagee knew or should have known.	Indemnification Life-of-Loan
2	FHA is able to conclude that the maximum mortgage amount and/or LTV exceeds allowable limits and/or was not calculated according to applicable FHA policies resulting in over-insurance. The borrower did not make the full Minimum Required Investment (MRI) at closing in compliance with statutory requirements. HECM FHA is unable to determine compliance with applicable policies for HECM Principal Limit or Maximum Claim Amount based on available information and loan file documentation. Principal Limit, Maximum Claim Amount, Disbursement Limit exceeds allowable limits and/or - Life Expectancy Set-Aside amount is insufficient and/or - HECM loan is over-insured as a result of violation.	Mitigating Documentation OR Principal Reduction Allowed for all Tier 2 Findings EXCEPT - Statutory National Loan Limit violations - HECM violations - Minimum Required Investment (MRI) not met on a purchase and shortage exceeds 10% of MRI OR Indemnification - Life-of-Loan
Deficient		
3	Violations exist, but the mortgage amount and/or LTV do not exceed allowable limits and loan is not over-insured. Error in the maximum mortgage amount or LTV identified by Mortgagee post-endorsement and an appropriate principal reduction was made prior to loan review. HECM Error or miscalculation related to Principal Limit, Maximum Claim Amount, Disbursement Limit, but allowable limits not exceeded and - Life Expectancy Set-Aside amount is sufficient; and - HECM loan is not over-insured as a result of violation.	
4	Evidence of fraudulent or materially misrepresented information about which the Mortgagee did not know and could not have known.	

Defect Area 4

Borrower Assets (BA)

Guidelines and source requirements for the borrower’s Minimum Required Investment (MRI) and verification of other funds at underwriting.

HUD Policy References – Handbook 4000.1	
Forward	HECM
Underwriting with an Automated Underwriting System Asset Requirements (TOTAL) Final Underwriting Decision (TOTAL) Asset Requirements (Manual) Final Underwriting Decision (Manual)	Asset Requirements Required Documentation Final HECM Decision Performing the Financial Assessment
Sources 1. Checking/Savings Accounts 2. Gifts 3. Secondary Financing 4. Earnest Money or Other Deposits on Purchase 5. Large Deposits 6. Collateralized Loans or Unsecured Borrowed Funds 7. Retirement Accounts 8. Sale of Personal Property 9. Sale of Real Estate 10. Other Asset Type Causes A. Asset not sourced, input improperly, or required documentation missing, illegible, or insufficient B. Minimum Required Investment (MRI) not verified by underwriter or unacceptable source of funds C. HECM monetary investment not verified or from unacceptable source D. Other funds required to close and/or assets used to support approval not verified or supported F. Evidence of Fraud or Misrepresentation	

Defect Area 4 (continued)

Borrower Assets (BA)

Severity Tiers		Remedies
Unacceptable		
1	Evidence of fraudulent or materially misrepresented information about which the Mortgagee knew or should have known.	Indemnification • Life-of-Loan
2	The amount of the borrower’s full MRI, Cash to Close (non-MRI), or HECM monetary investment, not fully verified by the underwriter; and/or Funds to pay off debts, reserves required for 3-4 unit properties and Manually Underwritten loans, funds supporting the amount entered to TOTAL, or other assets required on a HECM were not verified by the underwriter; and Based on loan documentation, FHA determines that the borrower was unlikely to have accumulated sufficient funds by the closing date, there is a strong indication the funds were from an unacceptable source, and/or the borrower would not have otherwise qualified.	Mitigating Documentation OR Indemnification <i>Forward</i> 5 Year <i>HECM</i> Life-of-Loan
Deficient		
3	Part of the borrower’s full MRI, Cash to Close (non-MRI), or HECM monetary investment, not fully verified by the underwriter; and/or Funds to pay off debts, reserves required for 3-4 unit properties and Manually Underwritten loans, funds supporting the amount entered to TOTAL, or other assets required on a HECM, were not verified by the underwriter; but Based on loan documentation, FHA determines that the borrower was likely to have accumulated sufficient funds from an acceptable source by the closing date and would have otherwise qualified.	
4	Minor data errors or inconsistencies between TOTAL Scorecard, loan documentation and/or FHA systems related to borrower assets, and when corrected, TOTAL risk assessment remains an “Accept” and borrower eligibility is otherwise supported. Evidence of fraudulent or materially misrepresented information about which the Mortgagee did not know and could not have known.	

Defect Area 5

Property Eligibility (PE)

Minimum property acceptability and eligibility standards for FHA insurance, including program and product-specific variations.

HUD Policy References – Handbook 4000.1	
Forward	HECM
Property Eligibility and Acceptability Criteria Legal Restrictions on Conveyance (Free Assumability) Property Acceptability Criteria Mortgagee Closing Requirements Inspection and Repair Escrow Requirements for Mortgages Pending Closing or Endorsement in Presidentially-Declared Major Disaster Areas Programs and Products Application of Minimum Property Requirements and Minimum Property Standards by Construction Status Minimum Property Requirements and Minimum Property Standards	Property Acceptability Criteria Inspection and Repair Requirements for HECMs Pending Endorsement in Presidentially-Declared Major Disaster Areas HECM For Purchase Condominiums Application of Minimum Property Requirements and Minimum Property Standards by Construction Status Minimum Property Requirements and Minimum Property Standards

Property Occupancy Status or Condition</u> <u>12. HECM Default</u> <u>13. HECM Deferral Period</u> <u>14. Other Delinquent and Default Servicing Requirement</u>	<u>Causes</u> <u>A. Incomplete or insufficient servicing records and/or audit trail</u> <u>B. Servicing activity not completed as required</u> <u>C. FHA delinquency and default reporting inaccurate, incomplete, or contrary to policy</u> <u>D. Requirements related to property inspections, repairs, or preservation not met</u> <u>E. Violation of program or product-specific requirement</u> <u>F. Evidence of fraud or misrepresentation</u>

Defect Area 3 (continued)

Delinquent and Default Servicing (DS)

<u>Severity Tiers</u>	
<u>Unacceptable</u>	
<u>1</u>	Evidence of fraudulent or materially misrepresented information about which the Servicer knew or should have known.
<u>2</u>	<u>Forward</u> • Failure to notify each Borrower, co-signer, and any other party requiring notice by state law that the Mortgage is in Default. • Failure to satisfy other HUD requirements to communicate with Borrowers in Default. • Failure to ensure the accuracy of all information reported to consumer reporting agencies. • Partial Payments were returned to the Borrower without meeting the criteria for returning payments and/or suspense funds equal to at least one full monthly installment were not applied according to HUD policy. • Unallowable Late Charges, attorney's fees, inspection fees, or other fees or penalties were assessed and/or charged to the Borrower's suspense account. • Escrow funds were not disbursed on a timely basis and fees or penalties were charged to the Borrower's suspense account as a result. • Failure to obtain required property inspections to adequately determine occupancy and/or property condition. • Failure to perform required Property Preservation and Protection actions. <u>HECM</u> • Noncompliance with HECM-specific requirements including Due and Payable policies, Deferral Period, and cure policies.
<u>Deficient</u>	
<u>3</u>	• Required documentation is missing, but FHA is able to determine delinquent and default servicing compliance based on other information contained in the Servicing File. • Delinquent and default servicing was not conducted in accordance with specific FHA requirements, but defects are inconsequential and do not require loan-level corrective action. • Partial Payments were returned to the Borrower without a letter of explanation, but the Servicing File demonstrates the criteria were met for returning the payments. • Inaccurate/erroneous data is revealed in the Servicing File or reported to FHA, but errors are inconsequential. • Apparent defects are present with respect to HUD policy, but the actions were required to comply with other federal or state law.
<u>4</u>	Evidence of fraudulent or materially misrepresented information about which the Servicer did not know and could not have known.

Defect Area 3 (continued)

Delinquent and Default Servicing (DS)

<u>Severity Tiers</u>	
<u>Remedies</u>	
<u>1</u>	<u>Life-of-Loan Indemnification</u>
<u>2</u>	<u>Forward</u> • <u>Correct accounting issues and provide documentation showing the Borrower was notified of errors or account adjustments in writing.</u> • <u>Refund the Borrower’s account any late fees, penalties, or other charges paid or accrued from the month in which the violation initially occurred.</u> • <u>For Property Preservation and Protection violations resulting from servicing failures, complete all required repairs and designate related costs as non-recoverable to prevent inclusion in any future HUD claims.</u> - o <u>Life-of-Loan indemnification is the only available remedy in LRS if the Servicer is unable to provide mitigating documentation and/or complete corrective action.</u> <u>HECM</u> • <u>For HECM violations, Life-of-Loan indemnification is the only available remedy in LRS if the Servicer is unable to provide mitigating documentation and/or complete corrective action.</u>

Defect Area 4

Loss Mitigation Processing (LP)

Standards and procedures applicable for loss mitigation processing, review activities, required reporting, communications, and financial evaluation for all available loss mitigation alternatives to foreclosure.

<u>HUD Policy References – Handbook 4000.1</u>	
<u>Forward</u>	<u>HECM</u>
<u>Loss Mitigation Program</u> <u>Loss Mitigation Home Retention Options</u> <u>Loss Mitigation Incentives and Title Reimbursement</u> <u>Presidentially-Declared Major Disaster Areas</u> <u>Presidentially-Declared COVID-19 National Emergency Programs and Products</u>	<u>Defaults for Unpaid Property Charges</u> <u>COVID-19 HECM Property Charge Repayment Plan</u>
<u>Sources</u> <u>1. Review Processing</u> <u>2. Borrower Eligibility</u> <u>3. Financial Evaluation</u> <u>4. Escrow Analysis, Shortages, or Advances</u> <u>5. Trial Payment Plan (TPP)</u> <u>6. Calculation errors or unallowable/prohibited fees/penalties/charges</u> <u>D. Loss mitigation reporting inaccurate, incomplete, or contrary to policy</u> <u>E. Violation of program or product-specific requirement</u> <u>F. Evidence of fraud or misrepresentation</u>

Defect Area 4 (continued)

Loss Mitigation Processing (LP)

<u>Severity Tiers</u>	
<u>Unacceptable</u>	
<u>1</u>	Evidence of fraudulent or materially misrepresented information about which the Servicer knew or should have known.
<u>2</u>	<u>Forward</u> • <u>Loss mitigation activities were not conducted within HUD-specified time frames.</u> • <u>Failure to follow the Loss Mitigation Option Priority Waterfall.</u> • <u>Failure to fully document all required information obtained through communication with the Borrower and the loan was not reviewed for loss mitigation as a result.</u> • <u>Borrower's request for loss mitigation was improperly processed and was not reviewed as required.</u> • <u>Financial evaluation is not supported by documentation in the Servicing File, or Servicer calculation errors result in improper review for Loss Mitigation Options.</u> <u>HECM</u> • <u>HECM loss mitigation Repayment Plan review activities were not completed in accordance with HUD program requirements.</u>
<u>Deficient</u>	
<u>3</u>	• <u>Loss mitigation was not processed in accordance with specific FHA requirements and/or loss mitigation notifications did not include all required elements, but defects are inconsequential and do not require loan-level corrective action.</u> • <u>Required financial documents are missing, but FHA is able to determine loss mitigation compliance based on other information contained in the Servicing File.</u> • <u>Inaccurate/erroneous data is revealed in the Servicing File or reported to FHA, but errors are inconsequential.</u> • <u>Apparent defects are present with respect to HUD policy, but the actions were required to comply with other federal or state law.</u>
<u>4</u>	Evidence of fraudulent or materially misrepresented information about which the Servicer did not know and could not have known.

Defect Area 4 (continued)

Loss Mitigation Processing (LP)

<u>Severity Tiers</u>	
<u>Remedies</u>	
<u>1</u>	<u>Life-of-Loan Indemnification</u>
	<u>Forward</u> • <u>Notify the Borrower of the servicing error.</u> • <u>Complete the Loss Mitigation Option that puts the Borrower in the position they would have been in absent the violation.</u> - o <u>If the appropriate Loss Mitigation Option is unavailable or insufficient, complete a comparable alternative.</u> • <u>FHA will accept indemnification (1-Year or 5-Year) only when the Servicer provides documentation of a good faith effort to complete the remedies above but is unsuccessful due to circumstances beyond the Servicer's control.</u> <u>2 AND</u> • <u>Remit the amount of any loss mitigation incentives to HUD.</u> • <u>Refund the Borrower's account any late fees paid or accrued from the month in which the loss mitigation failure initially occurred.</u> • <u>Correct any credit reporting negatively impacted by the failure.</u> <u>HECM</u> • <u>For HECM violations, Life-of-Loan indemnification is the only available remedy in LRS if the Servicer is unable to provide mitigating documentation and/or complete corrective action.</u>

Defect Area 5

Home Retention (HR)

Compliance with standards and requirements for various Home Retention Options from processing through completion of related servicing activities. Minimum property acceptability and eligibility standards for FHA insurance, including program and product-specific variations.

<u>HUD Policy References – Handbook 4000.1</u>	
<u>Forward</u>	<u>HECM</u>
<u>Loss Mitigation Home Retention Options</u> <u>Presidentially-Declared Major Disaster Areas</u> <u>Presidentially-Declared COVID-19 National Emergency</u> <u>Programs and Products</u>	<u>Defaults for Unpaid Property Charges</u> <u>COVID-19 HECM Property Charge Repayment Plan</u>

Defect Area 6 (continued)
Home Disposition (HD)

<u>Severity Tiers</u>	
<u>Unacceptable</u>	
<u>1</u>	<u>Evidence of fraudulent or materially misrepresented information about which the Servicer knew or should have known.</u>
<u>2</u>	<u>Forward</u> • <u>Unable to determine compliance with Home Disposition Option requirements due to missing/incomplete documentation.</u> • <u>HUD-approved extension or variance was not obtained as required and servicing records do not indicate a permissible reason or supporting documentation for exceeding HUD-specified time frames.</u> • <u>Foreclosure alternatives were not exhausted before foreclosure was initiated and/or completed.</u> • <u>Foreclosure was not initiated within HUD’s specified time frame and claim was submitted without required curtailment.</u> • <u>Claim was overpaid due to unsupported, unallowable or prohibited fees/penalties/charges, or other miscalculations.</u> • <u>Property is in unacceptable conveyance condition due to Servicer neglect or ineligible for CWCOT due to Surchargeable Damage.</u> • <u>Failure to ensure PFS Arm’s Length Transaction requirements were met.</u> • <u>Failure to follow property valuation requirements.</u> <u>HECM</u> • <u>Noncompliance with HECM disposition requirements including Property sale, assignment, foreclosure, claims, or other cure policies.</u> • <u>Unacceptable property condition due to disrepair, Servicer neglected Property Preservation and Protection, and/or required inspections.</u>
<u>Deficient</u>	
<u>3</u>	• <u>Foreclosure was not initiated within HUD’s specified time frame and curtailment will be required at claim submission.</u> • <u>HUD-approved extension or variance was not obtained as required, but the Servicing File contains evidence to support approval if extension or variance had been requested.</u> • <u>Home Disposition Option was not processed in accordance with specific FHA requirements, but defects are inconsequential and do not require loan-level corrective action.</u> • <u>Inaccurate/erroneous data is revealed in the Servicing File or reported to FHA, but errors are inconsequential.</u> • <u>Apparent defects are present with respect to HUD policy, but the actions were required to comply with other federal or state law.</u>
<u>4</u>	<u>Evidence of fraudulent or materially misrepresented information about which the Servicer did not know and could not have known.</u>

Defect Area 6 (continued)
Home Disposition (HD)

<u>Severity Tiers</u>	
<u>Remedies</u>	
<u>1</u>	<u>Life-of-Loan Indemnification</u>
	<u>Forward</u> <u>Loan Status – Pre-Foreclosure/Foreclosure</u> • <u>Notify the Borrower of the servicing error.</u> • <u>Complete the Loss Mitigation Option that puts the Borrower in the position they would have been in absent the violation.</u> ○ <u>If the appropriate Loss Mitigation Option is unavailable or insufficient, complete a comparable alternative.</u> ○ <u>Foreclosure must be suspended during the loss mitigation process and canceled upon completion of a Loss Mitigation Option.</u> • <u>FHA will accept a 5-Year indemnification only when the Servicer provides documentation of a good faith effort to complete the remedies above but is unsuccessful due to circumstances beyond the Servicer’s control.</u> <u>AND</u> <u>2</u> • <u>Remit the amount of any incentives to HUD.</u> • <u>Refund the Borrower any improperly assessed fees/penalties/charges.</u> • <u>Correct any credit reporting negatively impacted by the failure.</u> <u>Loan Status – Conveyance/Claim</u> • <u>For improperly paid claims, remit any overpaid amount and incentive fee to HUD.</u> • <u>For improperly paid conveyance claims due to incomplete repairs less than \$5,000, remit the cost of the repairs to HUD.</u> • <u>Life-of-Loan indemnification is the only available remedy in LRS when documentation in the Servicing File demonstrates the foreclosure should not have been completed, or the Property was ineligible for the Home Disposition Option or claim type received.</u> <u>HECM</u> • <u>For HECM violations, Life-of-Loan indemnification is the only available remedy in LRS if the Servicer is unable to provide mitigating documentation and/or complete corrective action.</u>

APPENDIX 9.0 – ASSUMED LOAN PERIODS FOR COMPUTATIONS OF TOTAL ANNUAL LOAN COST RATES (04/29/2024)

- a) Required tables. In calculating the total annual loan cost rates, creditors shall assume three loan periods, as determined by the following table.
- b) Loan periods.
- 1) Loan Period 1 is a two-year loan period.
 - 2) Loan Period 2 is the life expectancy in years of the youngest Borrower to become obligated on the reverse mortgage loan, as shown in the U.S. Decennial Life Tables for 1979–1981 for females, rounded to the nearest whole year.
 - 3) Loan Period 3 is the life expectancy figure in Loan Period 2, multiplied by 1.4 and rounded to the nearest full year (life expectancy figures at 0.5 have been rounded up to 1).
 - 4) At the creditor's option, an additional period may be included, which is the life expectancy figure in Loan Period 2, multiplied by 0.5 and rounded to the nearest full year (life expectancy figures at 0.5 have been rounded up to 1).

Age of Youngest Borrower	Loan Period 1 (in years)	[Optional Loan Period (in years)]	Loan Period 2 (life expectancy) (in years)	Loan Period 3 (in years)
