Other fees paid to the DPA.

1) The DPA cannot be paid twice for the same services. For example the DPA also underwrites a construction loan in a mixed-finance transaction. Any underwriting fees charged the Owner must be reduced by 50 percent.

2) In the case of a mixed-finance transaction with additional non-assisted units, the DPA may charge reasonable additional fees based on increased workload of the additional non-assisted units. The amount of these fees is to be negotiated between the Owner and the DPA.

**Note:** These fees are not to be paid using HUD funds.

a. The DPA is responsible for any reprocessing of the firm commitment before initial closing at no additional charge to HUD.

b. To assure compliance with this requirement HUD will withhold 10 percent of the DPA’s Base Fee. The holdback will be released:

   - For the issuance of a firm commitment for the release of capital advance proceeds during construction, when the project reaches initial closing.
   - For the issuance of a firm commitment for the release of capital advance upon project completion, when the project starts construction.

c. Failure to comply with this requirement will result in forfeiture of the holdback.
