Instructions for Section 236 Application

This Application is designed for the following types of Section 236 transactions:

236 Mortgage Prepayments

Flexible Subsidy Deferral

HAP Assumptions

Unit Rent Increases

Nonprofit Retention of Sales Proceeds

IRP Decouplings and Re-decouplings

Tenant Protection Vouchers

LIHPRHA Use Agreement Modifications

Unit Conversions

Other types of approvals (for example, partial payments of claim and modifications to HUD-Held Section 236 loans) should be discussed with the multifamily field office with jurisdiction over the project.

Applications for new FHA-insured financing for Section 236 transactions will continue to be made through your FHA lender and the Multifamily Office of Asset Development.

HUD has designed this Application to facilitate the efficient assembly and submission of the appropriate information and related documentation to HUD. Applicants are strongly encouraged to use this tool to describe proposed preservation transactions, request HUD approvals, and upload support documents. While HUD does not require applicants to use this tool, this tool meets HUD's electronic submission requirement while also providing applicants with one central portal through which to submit all required documentation that is currently collected under established Paperwork Reduction Act (PRA) approval numbers. The information collection requirements contained in this document have been approved by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520) and assigned OMB control numbers 2502-0416, 2502-0572, and 2502-0577. In accordance with the Paperwork Reduction Act, HUD may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection displays a currently valid OMB control number.

Cells with light blue background and dark blue font contain information to be supplied by applicants. Some of these cells contain drop-down menus; if a small down-pointing arrow appears to the right of the cell when you hold the mouse over the cell, you can click on that arrow to bring up a menu of choices.

If you place your mouse over a '?' in column A you will see additional information that may be helpful.

User entry cells that stretch the width of the form are designed to contain brief narrative responses. If your response is longer than can be displayed, you can extend the row height. Move the mouse to the horizontal line underneath the row number, click, and drag the bottom of the row downward until the row is tall enough to display your complete response.

Simple Transactions Combining Prepayment and Conversion to Market Rents (No Ongoing Affordability)

If (1) you are proposing to prepay your 236 mortgage and (2) you have the right to prepay without requiring a discretionary approval from HUD and (3) you don't have any other components in your transaction that require HUD's approval with the exception of requesting tenant protection vouchers, then you will only be required to complete four Sections of the Application.

Other Transactions ("Preservation Transactions")

If you are proposing to prepay your 236 mortgage and seek HUD's approval on other components of your transaction, regardless of whether or not HUD's approval to prepay is required, you will be required to complete only those Sections of the Application that pertain to the approvals you are seeking.
