## **HUD Releases 2016 Public Housing Management Fee Table**

The Financial Management Division (FMD) has released the Calendar Year 2016 80th percentile management fees for public housing. **Table 1** represents the 80th percentile of management fee paid in HUD's multifamily housing programs based on the most recently filed 2016 Annual Financial Statements (AFS). Nationally, the 80th percentile management fee is \$58.67 per unit month (PUM).

In accordance with PIH Notice 2007-9, PHAs may use the amounts from this table to establish the "reasonable" fee charged to each project. In some field offices, the fee decreased from 2015 schedule. These field offices are identified in Note 2 of Table 1. However, Table 1 has been adjusted to reflect the higher of the 2015-2016 fee schedules.

As a reminder, the amounts in the fee table have already been adjusted for occupancy. In other words, the amounts published represent fees paid for each occupied unit/allowable vacancy. Small PHAs that elect to implement asset management without a Central Office Cost Center (COCC) are governed by "reasonable" total administrative costs<sup>1</sup>. **Table 2** represents the 80<sup>th</sup> percentile of administrative costs paid in HUD's multifamily housing programs based on the 2014 AFS. In some field offices, the administrative costs dropped from 2015 actual schedule. These field offices are identified in Note 1 of Table 2. However, Table 2 has been adjusted to reflect the higher of the 2015 or 2016 cost schedules.

These fee tables are effective from January 1, 2016.
