- (1) PHAs will be funded based upon an estimate in January, February, March & April. Other than new projects (with tools submitted in accordance with the process for submitting new project tools), only projects in the inventory will receive funding based upon an estimate. The inventory is derived from PIC.
- (0) The following AOS MTW PHAs are required to submit their form HUD-52723 no later than February 18, 2020: PA001, PA002, DE004, MD002, IL002, WA001, OR002, CT004, MA003. HUD does not pre-populate data for AOS MTWs in the manner that it does for other PHAs. Therefore, these PHAs are able to calculate their eligibility almost entirely independent of the publication of the form HUD-52723. The AOS MTW PHAs should calculate their Op Fund grant eligibility before HUD publishes the form HUD-52723s, and then complete and submit their form HUD-52723, along with supporting documentation, promptly after HUD publishes the Excel tools. More specifically, PHAs should submit their calculations of Op Fund grant eligibility, along with any supporting documentation, no later than January 24, 2020. This will provide HUD more time to review these submissions, which is needed to ensure accurate funding because of the complexity of the AOS calculation.
