

Chapter 9: Administrative Requests Associated with AFS Submission Process

The Financial Assessment Subsystem - Multifamily Housing (FASSUB) provides three types of administrative request options: *30-Day Extension Request*, *Resubmission Request*, and *Waiver Request* for audited and owner certified annual financial statements that are submitted electronically. These administrative request options are available to owner-authorized users (e.g., employees, project owners, CPAs, management agents, and other service providers). The system captures the receipt date, the reason for the request, and project data to assist the REAC Analyst.

An administrative request can be submitted for single, consolidated or combined submissions.

Administrative Request Procedures:

- Authorized user (owner's representative) accesses FASSUB.
- User selects appropriate administrative request link (e.g., waiver, extension, resubmission) from the **Select An Option** screen.
- User selects and verifies criteria, enters information and submits request.
- REAC analyst reviews and enters a decision into the system.
- User accesses FASSUB, and views the results of the decision via the **Administrative Request Status Box**.

30-Day Extension Request

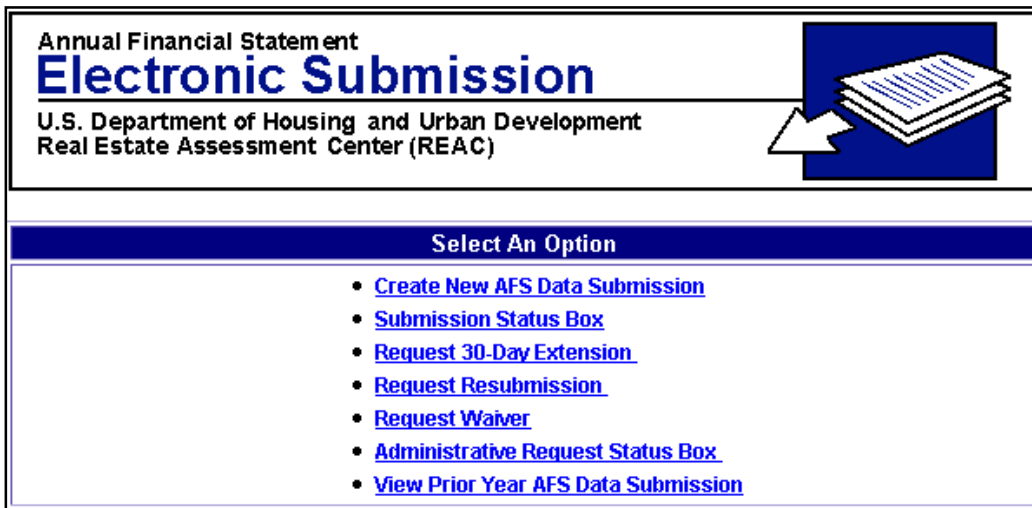

An extension of the annual financial statement due date requirement may be requested when there are extenuating circumstances that prevent a timely submission of the required data. However, a request must be accompanied by documentation supporting the extension request. Submitting a request does not automatically grant an extension of the due date, as the request must be approved by REAC before the extension is considered valid.

- Extension requests must be submitted electronically in FASSUB.
- No limit to the number of extension requests that can be submitted.
- Duplicate extension requests are not accepted. An extension request is considered duplicated if a previous extension request for the same reporting period is waiting for a response by REAC.
- Extension requests for audited statements must include the CPA engagement date, the name and phone number of the audit firm, and the email address of a contact person for the audit firm.
- Reason for the extension must be included for all requests.
- Once an extension request is approved, the due date for the annual financial statement is updated to reflect the extended due date.
- Extension requests are approved for 30 day periods.

Resubmission Request

A request to resubmit an annual financial statement may be submitted to correct information associated with a previously accepted annual financial statement data submission. The resubmission request should include a description of the circumstances creating the need for a revised annual financial statement data submission. A request does not automatically grant permission to resubmit; the request must be approved by REAC before a resubmission can be initiated.

Resubmissions should only be requested in instances where the original submission contained material misstatements or omissions of financial data. The following rules apply

- Resubmission requests must be submitted electronically in FASSUB.
- Prior to a resubmission request being submitted, a multifamily project's annual financial statement for a given fiscal year must have been received by REAC.
- Duplicate resubmission requests are not accepted. A resubmission request is considered a duplicate if a previous resubmission request for the same fiscal year is waiting for a decision by REAC, or if a resubmission request for the same fiscal year has already been approved and the resubmission has not yet been made.
- Reason for the resubmission request must be included.

If a request for resubmission is approved, the submitter can modify an existing annual financial statement submission.

Waiver Request

A waiver may be requested in order to relieve or defer annual financial submission requirements or audit requirements. A waiver request should include a description of the circumstances believed to warrant a waiver of the requirement. Submitting a request does not automatically grant the waiver; the request must be approved by REAC before the waiver is considered valid.

- Requests for waivers can be submitted electronically in FASSUB.
- Once a waiver request is approved, the system updates the project owner's AFS submission requirements.
- Duplicate waiver requests will not be accepted. A waiver request will be considered a duplicate, if a previous request is waiting for a decision by REAC.
- Waiver requests are only valid for one year.
- If a waiver request is disapproved, then the project owner or their agent must submit the appropriate annual financial statement.
- When submitting a Consolidated administrative request, you will be required to submit a Consolidated Financial Statement, which consists of data for each property as well as data for the owning entity. Review details of Consolidated statements in the Introduction prior to requesting a Consolidated administrative request.

NOTE: Sometime in the near future, this procedure will be amended to discontinue the protocol with REAC, in that, the Office of Asset Management does not have waiver authority. Changes to this section will be posted on the REAC website at the appropriate time under "What's Hot".
