

HUD'S OFFICE OF NATIVE AMERICAN PROGRAMS

is pleased to announce our

National Webinar Series

featuring best practices from across the country

This webinar features

ONAP Best Practice Housing Authority of the Choctaw Nation of Oklahoma

Wednesday, September 25, 2019
1-3:30 pm Eastern Standard Time

Director of Service Coordination Carrie Blackmon will discuss their innovative service coordination model where service coordinators based throughout the vast 10 ½ county Choctaw Nation service area link rural tribal housing residents with a full range of services to support self sufficiency. Technology, extensive documentation, and structured follow up make this program stand out. Education and ROSS coordinators, and a new EnVision program, add additional layers of support.
